

My Six Basic Rules of Classroom Etiquette

Most of my students want to succeed and I believe my primary role in the classroom is to facilitate this.

- 1. Class time is for doing physics/physical science.**
- 2. Treat fellow students/instructor with respect.**
- 3. Class will begin on time. The back row of seats is reserved for latecomers/early leavers.**
- 4. Cell phones must be switched off.**
- 5. Keep sidebar conversations to a minimum.**
- 6. Raise your hand if you have a question or comment.**
