

Name: _____

Due Date: _____

Learning Styles Assessment & Schedule Planning

Complete the Learning Styles Assessment at:

<http://www.engr.ncsu.edu/learningstyles/ilsweb.html>

and print your results page. Then read the description/explanation page following. **You will turn in your results page to me stapled to this page.** This survey should take you about 5 minutes to complete, and reading the follow-up explanation pages may take you 10-15 more. My hope is that the information will help me help you and hopefully help you to help yourself in both my and your other courses.

Then, on the bottom of this page, fill out your known schedule. Black out any times during which you are in class or an inflexible event (work, practice, etc.). You don't have to label what you're doing during each time if you don't wish to. The goal of this question is to (1) to let you see where you need to block out available time to study for this and your other classes and (2) to make it easier for us to schedule times to meet during the day, if necessary, during the semester.
