

# Information Concerning Fires

The closest Fire Department unit is located at 9658 N. 59th Avenue in Glendale, Arizona. When there is a need for medical assistance or fire equipment, the unit responds within two to three minutes of being notified.

Campus community members may deal with small, extinguishable fires as long as personal safety is not compromised and persons are trained in the use of fire extinguishers. The fire extinguishers located in the hallways and laboratories may be used for this purpose. However, always remember that personal safety should be your first concern. Never place yourself in a position where the fire is between you and the exit.

No matter how small the fire, always notify College Safety. The notification will result in the dispatch of an officer to the scene to address the situation.

## FIRE EXTINGUISHER INSTRUCTIONS

- ¥ Pull safety pin from handle.
- ¥ Aim at the base of the fire.
- ¥ Squeeze the trigger handle.
- ¥ Sweep from side to side at base of fire.

## EMERGENCY TELEPHONES

College Safety: 53535 or 623.845.3535
