

WHAT TO DO

In case of severe weather, do the following:

1. Remain calm and seek shelter.
2. Move to a hallway or basement, if possible. Stay away from windows and glass doors.
3. Watch for downed power lines and other dangerous conditions after the storm has subsided.
4. Move to high ground or evacuate the building when major flooding occurs. Follow the directions of College Safety and/or the responding emergency service provider, the Glendale Fire and Police Department.
5. Immediately notify College Safety at 53535 concerning unsafe conditions.
