

# General Catalog 2020-2021

**GLENDALE  
COMMUNITY COLLEGE**

A MARICOPA COMMUNITY COLLEGE

# 2020 - 2021 ACADEMIC CALENDAR

## Calendar Applies to GCC, GCC North, and GCC at Other Valley Locations

Colleges/Centers may modify start dates in order to meet special needs. Dates listed below which are directly related to instruction refer to the traditional academic year. Some courses may be offered over time periods for which these dates are not applicable.

### Summer Semester - 2020 (Subject to 2020-2021 Catalog)

Summer 2020 Priority Registration Begins for Currently Enrolled Students .....	March 2
Summer 2020 Open Registration Begins .....	March 16
Summer Semester Begins .....	May 26
Observance of Independence Day .....	July 2
Summer Semester Ends .....	July 30

### Fall Semester - 2020

Fall 2020 Priority Registration Begins for Currently Enrolled Students.....	March 2
Fall 2020 Open Registration Begins .....	March 16
Classes Begin .....	August 22
Observance of Labor Day .....	September 7
+ Last Day for Withdrawal without Instructor's Signature (traditional date 10/10)	
Application for December 2020 Graduation.....	November 1
Observance of Veterans Day .....	November 11
Thanksgiving Holiday .....	November 26-29
++ Last Day Student Initiated Withdrawal Accepted (traditional date TBD)	
Last Day of Regular Classes .....	December 13
*Final Exams .....	December 14-17
Mid-Year Recess Begins for Students .....	December 18
Fall Semester Ends [Last day of Faculty Accountability] .....	December 18
Mid-Year Recess (Campus Closed).....	December 25 through January 3

### Spring Semester - 2021

Spring 2021 Priority Registration Begins for Currently Enrolled Students .....	October 5
Spring 2021 Open Registration Begins.....	October 12
Classes Begin .....	January 16
Observance of Dr. Martin Luther King, Jr. Holiday .....	January 18
Observance of Presidents' Day.....	February 15
+ Last Day for Withdrawal without Instructor's Signature (traditional date 3/6)	
Fall 2021 Priority Registration Begins for Currently Enrolled Students.....	March 1
Application for May 2020 Graduation.....	April 1
Fall 2021 Open Registration Begins .....	March 15
Spring Break .....	March 15-21
++ Last Day Student Initiated Withdrawal Accepted (traditional date TBD)	
Last Day of Regular Classes .....	May 9
*Final Exams .....	May 10-13
Commencement.....	May 14
Spring Semester Ends .....	May 14
Observance of Memorial Day .....	May 31

### Summer Semester - 2021 (Subject to 2021-2022 Catalog)

Summer Semester Begins .....	June 1
Observance of Independence Day .....	July 5
Summer Semester Ends .....	August 5

\* Students may register online seven days a week. Go to my [my.maricopa.edu](http://my.maricopa.edu) for more information.

+ See your student schedule in [my.maricopa.edu](http://my.maricopa.edu) for the Last Day to Withdraw without an Instructor Signature for each class in which you are enrolled.

++ Refer to the Important Deadlines for Students to determine the Last Day Student Initiated Withdrawal will be accepted.

## Welcome from Dr. Leyba Ruiz

First a college student, then a teacher and now the president of Glendale Community College, I have a passion for watching students develop and succeed. I am a proud, first-generation college student and thankful to my parents for instilling in me a commitment to a college education. I was raised and educated in South Phoenix and struggled with all the typical distractions, which could have derailed my education.

I know first-hand the trials and challenges our students face today. With that in mind, I believe the purpose of a community college is to offer a path to empowerment through education, a chance to reach for dreams and goals that you never thought within your grasp.

At GCC, we do this by providing an excellent learning environment in classes taught by dedicated faculty who are experts in their field. We offer support services, led by passionate professionals dedicated to ensuring a smooth start, and staff dedicated to helping reach your goal each semester – specifically to minimize or eliminate those “distractions” you may face.

Our goal, at GCC, is to focus on student completion – whatever your goals may be. I want you to be empowered to create your own definition of success. And we are here to help.

Glendale Community College has more than 50 years' history of academic excellence and a reputation for student success. We offer traditional classroom settings, online and hybrid classes in almost all disciplines. From English 101 to automotive technology, we cover the full spectrum of educational offerings.

We don't stop there. GCC has strong community partnerships and collaborative, customized workforce development programs. We are deeply embedded in our community, and value the trust placed in us by the taxpayers. I believe everything we do is in our students' best interests.

Your success matters. Period.

Please take advantage of GCC's services. Need help understanding and navigating your exact path? Visit our Academic Advising Office or Counseling and Career Center for guidance. Or, get free tutoring services and a mentor to encourage you along the way. Whatever your needs or interests, we're here to guide you on your journey.

I encourage you to get involved with college life, create a community for yourself to lean on, learn with and expand your experiences. GCC hosts a vibrant arts environment where you can participate or attend theater productions, art events, music concerts, and other cultural happenings throughout the year. Sign up for one of our 70+ student clubs and organizations. Make the most of your college career!

We have been helping students just like you for more than 50 years. Thank you for letting us be a part of your success!

Teresa Leyba Ruiz, Ed.D.

President

## GLENDALE COMMUNITY COLLEGE ESTABLISHED 1965

Education has the power to inspire growth and change lives. Glendale Community College (GCC) keeps pace with the constant growth of the West Valley, offering increased breadth and depth of educational opportunity. Since 1965 Glendale Community College has welcomed over 500,000 students as they worked towards graduating with two-year degrees, transferring to a university, completing new career training, or finishing an occupational certificate.

Glendale Community College upholds the guiding principles and foundations of the Maricopa Community College District (MCCCD) and works to serve the diverse and evolving needs of students and the community. Students enroll in courses or pursue degree and certificate programs at one of two GCC campuses, making the College's enrollment the third largest in the MCCCD.

Created in 1962 with one college, the MCCCD currently consists of ten separately accredited colleges. MCCCD is one of the largest community college districts in the United States. On April 12, 1965, GCC was established by the Governing Board as the second MCCCD college, and charged with serving the higher educational needs of the West Valley. In August 1967, the North Central Association of Colleges and Secondary Schools first accredited GCC as an individual college. Accreditation continues today through The Higher Learning Commission/North Central Association and includes the GCC Main and GCC North campuses.

Higher Learning Commission  
230 South La Salle St., Suite 7-500  
Chicago, IL, 60604  
312.263.0456  
[www.hlcommission.org](http://www.hlcommission.org)

### GCC Main Campus

Located at 59th and Olive Avenues, the GCC Main campus spans 147 acres and serves as a focal point for diverse community activities. The College offers a friendly, welcoming environment for learning. During GCC's inaugural fall semester, 2,000 students enrolled in classes held at two temporary locations. September 16, 1966, was the first day of classes on this beautiful, palm tree-lined campus.

The GCC Main campus accommodates the changing needs and interests of students and community members. Recent improvements and renovations include the Dr. Phillip D. Randolph Automotive Technology Center, the Exercise Science and Nutrition Building, and the Veteran Services Center. GCC also is a designated Hispanic Serving Institution (HSI) by the U.S. Department of Education. This designation is given to colleges with a full-time student equivalent (FTSE) that is at least 25 percent Hispanic. By qualifying as an HSI institution, GCC was able to apply for and was awarded Title V grant funding to expand and enhance academic programs and services for the benefit of all students, particularly high-need students in STEM areas.

### GCC North Campus

GCC continually reaches out to where students live. A good example is GCC North, a campus extension at 57th Avenue and Happy Valley Road. GCC North opened in fall 2000 with 797 students and has grown in excess of 2,500 students in 2017. Thanks to the voter-approved 2004 capital development bond, facilities were expanded in 2008 elevating GCC North to a full-service campus under GCC Main. Most recently, GCC North opened an astronomy observatory pad, a semi-circular telescope pad located on the west end of campus that hosts public viewing events throughout the year.

## **GCC Vision**

GCC fosters student success by providing innovative, quality learning experiences for all members of the community.

## **GCC Mission**

Glendale Community College prepares students for further higher education, employment and advancement, and successful participation in a global society.

## **How Well Is GCC Helping You Achieve Your Goals?**

At GCC we want to have no doubts that we are doing our best to help you, our students, achieve your goals. As our mission indicates, "...GCC prepares students..." At GCC, that's not just a lofty statement. In order to determine how thoroughly we are accomplishing our mission, we measure and track key pieces of information; this is formally known as Institutional Effectiveness.

What does GCC measure and track in order to determine how effective we are as a community college? How about how well GCC graduates can write, read critically, and reason critically.

Also, how well can our students give a speech, locate and evaluate information, and use technology like computers and email?

Additionally, we care about how extensively GCC prepares you for work or to transfer to a university. Also, we want to know if we are helping you start and successfully complete each semester, or complete a degree or certificate - if that is what you want to accomplish. We also care about how successfully GCC is preparing you to make decisions every day in life, for the rest of your life!

And finally, we really care about serving you, our students, along every step of your journey at GCC. In the classroom and out, we want to have no doubts that we are doing the best we can to help you achieve your goals.

## **Assessment of Student Learning at GCC**

GCC is committed to hearing the voices of our students and wants to ensure that these voices represent the learning and engagement of students on campus. By contributing to assessments, students benefit from improved instruction and programs. On occasion, students may be asked to complete nationally recognized assessment instruments and should take their participation in these activities seriously. There is no cost to students to participate in any nationally recognized assessment. Any information obtained from these instruments will be used solely in determining the effectiveness of programs and student learning in ways that do not reflect personally on individual students.

Are students learning what we want them to learn in our courses, programs, campus activities, and throughout their education at GCC? Our process of assessment addresses that question. Through a comprehensive assessment program of student learning, our goal is to increase student retention, persistence, and completion at GCC. We seek to accomplish these goals by using an integrated, iterative, and effective process of assessment of student learning to Apply Sustainable Solutions to Empower Student Success (ASSESS).

Assessment of student learning occurs at multiple levels at GCC - course, program, co-curricular, student affairs, and institutional - typically on a three-year cycle. At the course level, student learning is assessed by individual and/or collaborating groups of faculty within an academic department with the goal of improving student learning in a particular course. In addition to participation in program review and institutional assessment as described below, student affairs managers and co-curricular advisors have begun conducting assessment targeting the specific learning outcomes of their student activities.

Academic and Degree Programs, Career and Technical Education (CTE), and Student Affairs and Administrative Services engage in a process of program review and assessment. Students can find the program goals/competencies for all certificate and degree programs here: <https://www.maricopa.edu/academics/degrees-certificates>.

The assessment of institutional learning outcomes with common rubrics is a recent change to our prior methods of assessment. Faculty and co-curricular advisors assess student learning in their courses and activities using these common rubrics. The data are analyzed to identify student strengths and areas of improvement with regard to our institutional learning outcomes.

GCC updated our institutional learning outcomes in the fall of 2017 and began an authentic process of assessment of these outcomes. We recognize that the knowledge represented in our institutional learning outcomes develops through intentional, guided, and iterative experiences across disciplines and programs throughout students' time in college, from the first semester to the last. We also recognize that technological literacy, rather than being separate from these outcomes, is embedded within each one and as such, will be assessed as it relates to each of the seven institutional outcomes. Our institutional learning outcomes are as follows:

By the end of their college experience, students at GCC will have demonstrated

- effective communication skills (oral, written, visual).
- critical and creative thinking skills.
- quantitative reasoning and analysis.
- personal and civic responsibility.
- awareness and appreciation of diversity.
- information literacy.
- clarification of career goals and the knowledge and skills needed for success in the workplace.

Full descriptions of the GCC institutional learning outcomes, currently approved rubrics, and assessment cycles can be found at <https://sites.google.com/apps.maricopa.edu/gaUCHO>.

As GCC continues our assessment journey, we will use the knowledge gained about student learning to make changes to improve student success. Findings from our assessment activities will be posted on our assessment website.

# GRADUATION REQUIREMENTS

**General Graduation Requirements/General Education Policies ..... 6**

**Catalog Under Which A Student Graduates ..... 7**

**General Academic Policies for Associate Degrees Designed for University Transfer ..... 8**

**University Transfer and Pathways Chart ..... 10**

**Arizona General Education Curriculum (AGEC) AGEC -A, B, S ..... 11**

**Associate in Arts (AA) ..... 15**

**Associate in Arts, Elementary Education (AAEE)..... 17**

**Associate in Arts, Fine Arts (AAFA) - Art, Dance, Music, Theatre ..... 19**

**Associate in Science (AS)..... 21**

**Associate in Business - General Requirements (ABUS-GR)..... 23**

**Associate in Business - Special Requirements (ABUS-SR) ..... 25**

**Associate in General Studies (AGS) ..... 27**

**Associate in Applied Science (AAS)..... 30**

**Academic Certificate (AC) ..... 32**

## GENERAL GRADUATION REQUIREMENTS/GENERAL EDUCATION POLICIES

All students are required to complete the degree and/or certificate requirements as approved by the MCCCDC Governing Board. The college reserves the right to make necessary course and program changes in order to meet current educational standards. In addition, students must:

1. Be credited in the Admissions and Records Office/Office of Student Enrollment with no fewer than:

60 semester credit units in courses numbered 100 or above for the Associate in Arts, Associate in Science, Associate in Arts, Elementary Education, and Associate in General Studies degrees, and 62 semester credits for the Associate in Business-General Requirements and Associate in Business-Special Requirements degrees. Minimum semester credits for completion of Associate in Arts, Associate in Science, and Associate in Arts, Fine Arts degrees with emphasis areas vary by emphasis, with none requiring fewer than 60 credits. Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for credit minimums by emphasis. Minimum semester credits for completion of Associate in Applied Science degrees vary by specific career program, with none requiring fewer than 60 credits. For specific certificate programs, be credited with no fewer than the minimum total of credit units required for the certificate program.

Students not continuously enrolled, as outlined in the Catalog under Which a Student Graduates Policy, must satisfy current graduation requirements

2. Have earned a minimum of 12 semester credit units toward the degree or certificate at the district college granting the degree or certificate. The 12 hours in the AAS degree curricula must be in the Required Courses area and/or Restricted Electives courses. Courses from the General Education Core and Distribution area are excluded. In cases where the certificate requires fewer than 12 credit units, a minimum of six credit units must be completed at the college awarding the certificate. The minimum of six credit hours in the certificate or degree curricula must be in the Required Courses area and/or the Restricted Electives. Courses from the General Education Core and Distribution areas are excluded.

Shared Programs are programs offered at multiple colleges but not available at all colleges. The requirements are identical at all the colleges offering the program.

A shared program requires a minimum of six credit hours from the total program requirements to be completed with a grade of "C" or better at the college awarding the certificate or degree. The minimum of six credit hours in the certificate or degree curricula may be in the Required Courses area and/or the Restricted Electives. (The exception is the Nursing program; Nursing students must apply for graduation from the college where they have successfully completed Block 4 of the Associate in Applied Science in Nursing.) Courses from the General Education Core and Distribution areas are excluded. For those shared programs with less than six credit

hours, the total hours for the program must be completed at the college awarding the certificate.

3. Have filed an application for the degree or certificate with the Admissions and Records Office/Office of Student Enrollment Services on the date determined by the college/center.
4. Have a minimum cumulative grade point average of 2.000 at the college granting the degree.
5. Have a minimum cumulative grade point average of 2.000 in all courses used to fulfill degree requirements. Some specific programs have higher grade requirements. It is the student's responsibility to be aware of these program requirements.
6. Have removed, 30 days after the anticipated graduation date, all deficiencies on the record to use those courses toward program completion
7. Have removed any indebtedness to any MCCCDC college/center.
8. Have paid graduation ceremony fee, if participating in ceremony. See fee schedule for charges. See Graduation with Honors for information on honors designation.

## CERTIFICATES/DEGREES

The Maricopa Community Colleges offer Certificates of Completion as well as Associate Degrees, which are conferred on students who have completed a program of study. These certificates and degrees are as follows:

1. Certificate of Completion (Career Program Specified);
2. Academic Certificate;
3. General Education Certificate;
4. Associate in Arts;
5. Associate in Arts, Elementary Education;
6. Associate in Arts, Fine Arts;
7. Associate in Business-General Requirements;
8. Associate in Business-Special Requirements;
9. Associate in Science;
10. Associate in Applied Science (Career Program Specified);
11. Associate in General Studies.

All candidates for a degree and/or certificate must complete the General Graduation Requirements as approved by the MCCCDC Governing Board.

All students are urged to meet with a faculty advisor, program advisor or counselor as soon as possible to determine which program meets their needs and to plan their course of study.

## LICENSURE DISCLAIMER

Maricopa Community Colleges courses and programs prepare students for entry into a variety of professions. Many of these professions require that a person hold an occupational license or certificate in order to work in a particular field. Typically, a person must meet certain legal requirements before obtaining such a license or certificate. These requirements are established

by county, state or federal agencies, and often are based on a person's character, or whether the person has been convicted of a criminal offense. It is possible for a student who has obtained a degree or certificate from a community college to be denied the right to work in a particular profession after completing the degree or certificate because of concerns over the student's character or criminal background. Any student preparing to enter a field for which a professional license or certificate is required is strongly advised to consult with the appropriate government agency that issues such credentials. That agency can provide the student complete information about any requirements the law imposes for working in a particular occupation.

## MCCCD GENERAL EDUCATION STATEMENT

The general education core of the program of study for an associate degree or a certificate helps students develop a greater understanding of themselves, of their relationship with others, and of the richly diverse world in which they live. The general education experience provides students with opportunities to explore broad areas of commonly held knowledge and prepares them to contribute to society through personal, social, and professional interactions with others. General education fosters students' personal development by opening them to new directions, perspectives, and processes.

Through its general education requirements, the Maricopa County Community College District is committed to helping students develop qualities and skills that will serve them throughout their lives. General education opportunities encourage students to:

- Build self-awareness, self-respect, and self-confidence
- Recognize and respect the beliefs, traditions, abilities, and customs of all people and all cultures
- Consider the local, global, and environmental impacts of personal, professional, and social decisions and actions
- Access, evaluate, analyze, synthesize, and use information wisely
- Communicate effectively personally, socially, and professionally
- Think critically, make informed decisions, solve problems, and implement decisions
- Consider the ethical implications of their choices
- Value the learning process throughout their lives
- Integrate and connect ideas and events in a historical perspective, and see relationships among the past, the present, and the future
- Develop a personal sense of aesthetics
- Use technological resources appropriately and productively
- Work cooperatively and respectfully with others to serve their communities

The general education experience at MCCCD is composed of specific elements across the curriculum designed to provide the learner with essential knowledge and skills:

- Communication
- Arts and Humanities
- Numeracy
- Scientific Inquiry in the Natural and Social Sciences
- Information Literacy
- Problem-Solving and Critical Thinking
- Cultural Diversity

## GENERAL EDUCATION DESIGNATIONS

(example: [FYC], [SB], [HU], etc.)

Effective Fall 2000 the course evaluation and/or general education designation, as listed in the Arizona Course Equivalency Guide (CEG) within AZ Transfer, is valid for the term in which the student is awarded credit on the transcript. A course evaluation and/or general education designation may be subject to change. Given that curriculum is dynamic at both MCCCD and the institutions to which MCCCD students transfer, students have the option to petition for general education evaluations and/or general education designations.

The college reserves the right to make necessary course and program changes in order to meet current educational standards.

## CATALOG UNDER WHICH A STUDENT GRADUATES

Students maintaining continuous enrollment at any public Arizona community college or university may graduate according to the requirements of the catalog in effect at the time of initial enrollment or according to the requirements of any single catalog in effect during subsequent terms of continuous enrollment. Students may maintain continuous enrollment whether attending a single public community college or university in Arizona or transferring among public institutions in Arizona while pursuing their degrees.

1. A semester in which a student earns course credit will be counted toward continuous enrollment. Non-credit courses, audited courses, failed courses, or courses from which the student withdraws do not count toward the determination of continuous enrollment for catalog purposes.

### EXAMPLE A:

Admitted and Earned Course Credit at a Public Community College or University	F18 (Active)
Continued at a Public Community College	S19, F19 (Active)
Transferred to a University	S20 (2018 or Any Subsequent Catalog)

### EXAMPLE B:

Admitted and Earned Course Credit at a Public Community College or University	F18 (Active)
Enrolled But Earned All Ws, Zs, or Fs	S19 (Inactive)
Enrolled in Audit Courses Only	F19 (Inactive)
Nonattendance	S20 (Inactive)
Transferred to a University	F20 (2020 or Any Subsequent Catalog)

2. Students who do not meet the minimum enrollment standard stipulated in No. 1 during three consecutive semesters (fall/spring/fall or spring/fall/spring) and the intervening summer term\* at any public Arizona community college or university are no longer considered continuously enrolled, and must meet requirements of the public Arizona community college or university catalog in effect at the time they are readmitted or of any single catalog in effect during subsequent terms of continuous enrollment after readmission.

### EXAMPLE A:

Admitted and Earned Course Credit at a Public Community College or University	F19 (Active)
Nonattendance	S19, F19, S20 (Inactive)

Readmitted and Earned Course Credit at a Public Community College	F20 (Active)
Transferred to a University	F21 (2020 or Any Subsequent Catalog)

**EXAMPLE B:**

Admitted and Earned Course Credit at a Public Community College or University	F18(Active)
Nonattendance	S19 (Inactive)
Readmitted and Earned Course Credit at a Public Community College	Su19 (Active)
Nonattendance	F19, S20 (Inactive)
Transferred to a University	F20 (2018 or Any Subsequent Catalog)

\*Students are not obligated to enroll and earn course credit during summer terms, but summer enrollment may be used to maintain continuous enrollment status.

- Students admitted or readmitted to a public Arizona community college or university during a summer term must follow the requirements of the catalog in effect the following fall semester or of any single catalog in effect during subsequent terms of continuous enrollment.

**EXAMPLE:**

Admitted and Earned Course Credit at a Public Community College or University	Su18 (Active)
Continued at a Public Community College	F18, S19 (Active)
Nonattendance	F19 (Inactive)
Readmitted and Earned Course Credit at a Public Community College	S20 (Active)
Transferred to a University	Su20 (2018 or Any Subsequent Catalog)

- Students transferring among Arizona public higher education institutions must meet the admission requirements, residency requirements, and all curricular and academic requirements of the degree-granting institution.

**NOTE: Time Limit for Transfer Coursework**

Students should be aware that the receiving institution may have age and credit limits on certain coursework to be used in transfer. Students should be knowledgeable about the policies on time limits for transfer coursework for the institution to which they plan to transfer.

**GENERAL ACADEMIC POLICIES FOR ASSOCIATE DEGREES DESIGNED FOR UNIVERSITY TRANSFER**

The following academic policies govern the associate degrees designed for university transfer: Associate in Arts (AA); Associate in Arts, Elementary Education (AAEE); Associate in Arts, Fine Arts (AAFA); Associate in Business-General Requirements (ABUS-GR); Associate in Business-Special Requirements (ABUS-SR); and Associate in Science (AS). Note that academic policies that govern the Associate in General Studies (AGS) and Associate in Applied Science (AAS) degrees are listed separately, with the requirements for each of those degrees.

- The graduation policies within the general catalog must be satisfied (administrative regulation 2.3.9).
- Minimum semester credits for completion vary slightly by degree and specific emphasis (when applicable). Refer to

the Program (Degree) Search at <https://curriculum.maricopa.edu/> for credit minimums for individual degree programs.

- Credits completed toward these minimums must be in courses numbered 100 or above with a grade of "C" or better. These credits must include a minimum of 35\* in satisfaction of the requirements of the Arizona General Education Curriculum (AGEC) along with a maximum of 6 credits towards MCCC'D's Additional Requirements.
- Detailed degree requirements are maintained by the Center for Curriculum and Transfer Articulation (CCTA); refer to the program search at <https://curriculum.maricopa.edu/>.

**GENERAL EDUCATION REQUIREMENTS**

- The AGEC requirements include a designated number of courses approved for each of the following areas:
  - Core
    - First Year Composition [FYC],
    - Mathematical Applications [MA], Computer/Statistics/Quantitative Applications [CS] (CS not required for Associate in Science),
    - Literacy and Critical Inquiry [L],
    - Humanities, Arts and Design [HU],
    - Social-Behavioral Sciences [SB], and
    - Natural Sciences (Science Quantitative [SQ], Science General [SG]).
  - Awareness Areas
    - Cultural Diversity in the U.S. [C]
    - Global [G] or Historical [H] Awareness
- Note that there are three different AGECs each aligning with a different subset of associate Degrees--AGEC-A for the AA, AAEE, and AAFA degrees, AGEC-B for the ABUS-GR and ABUS-SR degrees, and AGEC-S for the AS degree. For some types of AGECs/Associate degrees, students are allowed to choose from a broad list of courses; for others the courses are more restricted or even specified.
- A single course can simultaneously count toward a Core Area, one or more Awareness Areas, MCCC'D Additional Requirements and, for some degree types, other lower division courses used to meet the degree requirements. For example, CRE101 may be used to satisfy both the MCCC'D Reading Requirement and the Literacy and Critical Inquiry area [L] of the AGEC core. While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree.
- Except for the Associate in Science (AS) degree, a single course cannot be used to satisfy more than one AGEC Core Area.
- The AGEC-A and AGEC-B require a minimum of 35 credits\* and the AGEC-S requires a minimum of 36 credits\*, however, the AGEC credit count within the total credits for a degree may be under these minimums if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Awareness Areas and MCCC'D's Additional Requirements may also be shared with AGEC Core Areas. Optimizing credits in this way is often recommended because some programs and universities limit transferable credits at 64.

## COURSEWORK BEYOND GENERAL EDUCATION

- For some degree types, the additional coursework required to complete the degree is specified while others offer the student more latitude. See degree checksheets for more complete description. Consultation with an academic advisor about course selection is always recommended.
- Oral Communication and Critical Reading are MCCCDC Additional Requirements required for Associate in Arts and Associate in Science degrees. Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for acceptable options to meet these requirements for individual degree programs.
- Within the Restricted Electives, course recommendations are made for specific transfer institutions. Students should select a transfer plan (group of courses) based on their intended transfer institution. However, not all transfer institutions are reflected in these recommendations. Therefore, students may instead meet the minimum number of Restricted Elective credits using a combination of courses from the transfer plans listed. Restricted Electives should be selected in consultation with an academic, faculty, or program advisor.
- General Electives may need to be selected to meet the minimum total credits required for the degree. All courses numbered 100-or-higher may be applied as General Electives. Students are encouraged to select courses that align with their goals.
- Note that some majors require up to a 4th semester proficiency (202-course level) in a non-English language. Students should consult with an academic advisor to discuss options to complete these requirements.
- Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives, (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: <https://aztransfer.com/>, <https://curriculum.maricopa.edu/>, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.
- Any course cross-referenced under another prefix(es) (for example ENH291/EDU291-Children's Literature) covers identical content and its credits can only be counted once toward requirements.

## TRANSFER CREDIT FROM INSTITUTIONS OUTSIDE OF MCCCDC

- Credits transferred from outside of MCCCDC must be at a grade of "C" (2.0 on a 4.0 scale) or better.
- External courses evaluated either as equivalent to an MCCCDC course or as elective credit may be applied toward the minimum credits for degree completion.

- Transfer credit graded pass/fail or pass/no credit may be used to satisfy AGEC requirements if documentation collected by the community college indicates that this was the only grading option available and that the Pass grade ("P") is equivalent to a "C" or better.
- The AGEC (Arizona General Education Curriculum) designations of courses completed at other Arizona public colleges or universities will be applied as listed on AZTransfer's Course Equivalency Guide (CEG) for the semester(s) in which the course(s) were completed. If a transcript evaluation determines there is no MCCCDC direct equivalency to a course from another Arizona public college or university, applicability to AGEC and/or associate degree requirements will be based on the source institution's AGEC designation for the semester in which the course was completed.
- Courses from private, out-of-state, and/or online institutions (i.e., outside of the Arizona Transfer System comprised of Arizona's public community colleges, tribal colleges and universities) will be applied toward AGEC and/or associate degree requirements based on the courses' evaluated MCCCDC equivalence. If courses are not directly equivalent, the credit may be articulated as a departmental elective, and if deemed appropriate, may have a general education designation applied to the course.
- Credit awarded at a Maricopa Community College for prior learning is transferable to the other colleges in the district but is not necessarily transferable to other colleges and universities. No more than 20 such assessed semester credit hours may be applied toward AGEC, and no more than 30 credits (including up to 20 toward AGEC) may be applied toward a degree.

## COMPLETION AND TRANSFER

- Completion of the AGEC with a minimum Grade Point Average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. It does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment.
- While MCCCDC's associate degrees are designed to facilitate a seamless transfer to other Arizona institutions, courses may be transferable and/or meet associate degree requirements, but may not necessarily meet the specific requirements of a particular degree, major, or area of emphasis at another institution.

Students planning to transfer to another college or university are urged to refer to university requirements and academic advisors from both institutions to be certain that all their selected coursework is applicable to the requirements of their intended transfer degree and within their allowed transferable credit limit. For some majors, the statewide Common Course matrix and AZTransfer Major Guides at <https://aztransfer.com/> and/or university transfer guides can also provide some guidance. For appropriate course selection, students should consult with an academic advisor.

\*Credit minimums may be lower if students have transfer credit from ASU, NAU or UAZ for a single course that meets First Year Composition in full. See notes on individual degree policies.

## University Transfer and Pathways

Most public university majors are matched with one of the following Maricopa Community Colleges Associate Degree Pathways. Students should consult with an advisor to determine the specific degree requirements for the selected major, or visit the following website: <https://aztransfer.com/>.

<b>Associate in Arts (AA)</b> 60-64 credits	<ul style="list-style-type: none"> <li>• <b>AGEC-A</b></li> <li>• <b>Arizona General Education Curriculum</b></li> <li>• <b>MCCCD Additional Requirements</b></li> <li>• <b>General Electives*</b></li> </ul>	up to 44 Credits 0-6 Credits 0-25 Credits
<b>Associate in Arts, Elementary Education (AAEE)</b> 60-68 credits	<ul style="list-style-type: none"> <li>• <b>AGEC A</b></li> <li>• <b>Required Courses</b></li> <li>• <b>Restricted Electives</b></li> <li>• <b>Arizona General Education Curriculum for Arts</b></li> <li>• <b>MCCCD Additional Requirements</b></li> </ul>	17 Credits 8 Credits 35-44 Credits 0-9 Credits
<b>Associate in Arts, Fine Arts (AAFA) - Art, Dance, Music, Musical Theatre, or Theatre</b> 60-65 credits	<ul style="list-style-type: none"> <li>• <b>AGEC-A</b></li> <li>• <b>Program Prerequisites</b></li> <li>• <b>Required Courses</b></li> <li>• <b>Restricted Electives</b></li> <li>• <b>Arizona General Education Curriculum for Arts</b></li> <li>• <b>MCCCD Additional Requirements</b></li> <li>• <b>General Electives*</b></li> </ul>	number varies number varies number varies up to 44 Credits 0-6 Credits 0-25 Credits

<b>Associate in Business, Special Requirements (ABUS-SR) - CIS Majors</b> 62-71 credits	<ul style="list-style-type: none"> <li>• <b>AGEC-B</b></li> <li>• <b>Required Courses</b></li> <li>• <b>Arizona General Education Curriculum for Business</b></li> <li>• <b>General Electives*</b></li> </ul>	27-31 Credits 29-37 Credits 0-6 Credits
<b>Associate in Science (AS)</b> 60-64 credits	<ul style="list-style-type: none"> <li>• <b>AGEC-S</b></li> <li>• <b>Requirements</b></li> <li>• <b>Required Courses</b></li> <li>• <b>Restricted Electives</b></li> <li>• <b>Arizona General Education Curriculum for Science</b></li> <li>• <b>MCCCD Additional Requirements</b></li> <li>• <b>General Electives*</b></li> </ul>	number varies number varies number varies up to 56 Credits 0-6 Credits 0-25 Credits

## Additional Programs for University Transfer

<b>Associate in General Studies (AGS)</b> 60-64 credits	<ul style="list-style-type: none"> <li>• <b>MCCCD General Education Core Areas</b></li> <li>• <b>MCCCD General Education Distribution Areas</b></li> <li>• <b>General Electives*</b></li> </ul>	34-47 Credits 22-29 Credits 13-26 Credits
<b>Associate in Applied Science (AAS)</b> 60 credits	<ul style="list-style-type: none"> <li>• <b>General Education Core Areas</b></li> <li>• <b>General Education Distribution</b></li> <li>• <b>General Electives*</b></li> </ul>	12-15 Credits 9-10 Credits 35-39 Credits

\*(Select courses 100 level or higher if needed to complete a minimum of 60 credits but no more than a total of 64 semester credits.)

## Arizona General Education Curriculum (AGEC)- A, B, S

### Description

The Maricopa County Community College District Arizona General Education Curriculum (MCCCD AGEC) is a general education certificate that fulfills lower-division general education requirements for students planning to transfer to any Arizona public community college or university. Generally, the MCCCD AGEC transfers as a block without loss of credit. The AGEC-A and AGEC-B require a minimum of 35\* credit hours, and the AGEC-S requires a minimum of 36\* credit hours.

In most cases, all courses used to satisfy the MCCCD AGEC will apply to graduation requirements of the university major for which the AGEC was designed.

There are three types of AGECS in MCCCD: AGEC-A, AGEC-B, and AGEC-S. As described below, these AGECS are also a component of most MCCCD associate degrees and comparable degrees at other Arizona public community colleges. The AGEC-A defines the general education requirements in the Associate in Arts (AA), Associate in Arts, Elementary Education (AAEE), and the Associate in Arts, Fine Arts (AAFA) degrees. The AGEC-B defines the general education requirements in the Associate in Business-General Requirements (ABUS-GR) and Associate in Business-Special Requirements (ABUS-SR) degrees. The AGEC-S defines the general education requirements in the Associate in Science (AS) degree.

As described in more detail below, all AGECS require designated Core courses in First Year Composition [FYC], Literacy and Critical Inquiry [L], Mathematical Studies [MA/CS] (Exception: The AGEC-S does not require CS.), Social-Behavioral Sciences [SB], Humanities, Design and Fine Arts [HU], and Natural Science [SQ/SG]. Students must satisfy two Awareness areas: Cultural Diversity in U.S. and either Global Awareness or Historical Awareness.

### Purpose of the AGECS

AGECS were designed to articulate with different academic majors, and their particular requirements vary accordingly. In some major-specific pathways, students are allowed to choose from a broad list of courses to satisfy the AGEC requirements; for others the courses are more restricted or even specified. Additional information on academic majors at the Arizona public universities can be accessed via the following website: <https://www.aztransfer.com/>

5. The AGEC-A is designed to satisfy requirements in many liberal arts majors as well as other majors that articulate with an Associate in Arts degree (e.g., social sciences, fine arts, humanities, elementary education). AGEC-A requires a minimum of college mathematics or college algebra to satisfy the Mathematics [MA] requirement.
6. The AGEC-B is designed to satisfy requirements in business majors that articulate with the Associate in Business. AGEC-B requires a minimum of brief calculus to satisfy the Mathematics [MA] requirement.
7. The AGEC-S is designed to satisfy requirements in majors with more prescriptive mathematics and mathematics-based science requirements such as many in the sciences,

technology, engineering and mathematics. AGEC-S requires a minimum of the first course in a calculus sequence to satisfy the Mathematics [MA] requirement, and a minimum of eight credits of either university chemistry, university physics or general biology for majors to satisfy the Natural Sciences [SQ/SG] requirement. In addition, students must select six to ten additional credits of math and/or science appropriate to their major.

### Academic Policies that Govern the AGEC- A, -B, -S

- Requires completion of at least 35 credit hours\* (AGEC-A, AGEC-B) and 36 credit hours\* (AGEC-S) in courses numbered 100 and above and that a minimum of 12 of those credits be taken at one or any combination of the MCCCD colleges. See First Year Composition [FYC] notes in the following AGEC descriptions and footer for credit minimum exceptions.\*
- All courses applied to the AGEC must be completed with a grade of "C" or better.
- A single course can simultaneously count toward a Core Area and one or more Awareness Areas. For example, a course in world geography can be used to satisfy [SB] and [G] requirements. While multiple requirements can be met with a single course, the credits for that course are only counted one time toward the required minimum total for the AGEC. Except as detailed below for the AGEC-S, a single course cannot be used to satisfy more than one AGEC Core Area.
- The AGEC-A and AGEC-B require a minimum of 35\* credits and the AGEC-S requires a minimum of 36\* credits, however, the AGEC credit count within the total credits for a degree may be lower than these minimums if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Awareness Areas and MCCCD's Additional Requirements may also be shared with AGEC Core Areas. Optimizing credits in this way is often recommended because some programs and universities limit transferable credits at 64.

### Transfer Credits from Institutions Outside of MCCCD

- Credits transferred from outside of MCCCD must be a grade of "C" (2.0 on a 4.0 scale) or better.
- External courses evaluated either as equivalent to an MCCCD course or as elective credit may be applied toward the minimum credits for degree completion.
- Transfer credit graded pass/fail or pass/no credit may be used to satisfy AGEC requirements if documentation collected by the community college indicates that this was the only grading option available and that the Pass grade ("P") is equivalent to a "C" or better.
- The AGEC (Arizona General Education Curriculum) designations of courses completed at other Arizona public colleges or universities will be applied as listed on AZTransfer's Course Equivalency Guide (CEG) for the semester(s) in which the course(s) were completed. If a transcript evaluation determines there is no MCCCD direct equivalency to a course from another Arizona public college or university, applicability to AGEC and/or associate degree requirements will be based on the source institution's AGEC designation for the semester in which the course was completed.

- Courses from private, out-of-state, and/or online institutions (i.e., outside of the Arizona Transfer System comprised of Arizona's public community colleges, tribal colleges and universities) will be applied toward AGECE and/or associate degree requirements based on the courses' evaluated MCCCED equivalence. If courses are not directly equivalent, the credit may be articulated as a departmental elective, and if deemed appropriate, may have a general education designation applied to the course.
- Credit awarded at a Maricopa Community College for prior learning in non-traditional setting is transferable to the other colleges in the MCCC district but is not necessarily transferable to other colleges and universities. No more than 20 such assessed semester credit hours may be applied toward AGECE.

**Completion and Transfer**

- Completion of the AGECE with a minimum grade point average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. It does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment.
- Students planning to transfer to another college or university are urged to refer to university requirements and academic advisors from both institutions to be certain that all their selected coursework is applicable to the requirements of their intended transfer degree. For some majors, the statewide Common Course matrix, AZTransfer Pathway Guides and/or University Transfer Guides posted on the AZTransfer website can also provide some guidance. For appropriate course selection, students should consult with an academic advisor.

**AGECE Requirements**

Descriptions and definitions of the requirements for each of the three AGECEs follow. The following website identifies the courses that apply to the different General Education Core and Awareness Areas within each AGECE: AGECE matrix. Courses available for both Areas during a current or upcoming semester can also be found using the "Find a Class" tool on maricopa.edu and on each MCCCED college's website.

Note that for students pursuing an associate degree with a specific emphasis (for example: Associate in Arts, Emphasis in History, Associate in Arts, Fine Arts, Emphasis in Theatre, Associate in Science, Emphasis in Physics), the AGECE course requirements are usually more prescriptive. Students pursuing a major-specific pathway should consult the Program (Degree) Search at <https://curriculum.maricopa.edu/> for specific degree and AGECE requirements. Consultation with an academic advisor about course selection is always recommended.

	<b>Credits</b>
<b>Arizona General Education Curriculum for Arts (AGECE-A)</b> .....	<b>35 min</b>

The AGECE-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)\*, however, the AGECE credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the

total for the degree. Therefore, the AGECE-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)\* within an associate degree provided that all requirements listed below are completed.

**A. Core Areas:**

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGECE designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGECE matrix for each course's value(s) in the semester it is taken.

1. First-Year Composition [FYC].....6\*  
ENG101 OR ENG107..... (3)\*  
AND  
ENG102 OR ENG108..... (3)\*

\*FYC may be met with fewer than six credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

2. Literacy and Critical Inquiry [L] ..... 3
3. Mathematical Applications [MA].....3-6  
Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre calculus (MAT187) or higher [MA]-approved general education course.
4. Computer/Statistics/Quantitative Applications [CS]..... 3
5. Humanities, Arts and Design [HU]..... 6  
Students are encouraged to choose course work from more than one discipline.
6. Social-Behavioral Sciences [SB] ..... 6  
Students are encouraged to choose course work from more than one discipline.
7. Natural Sciences [SQ/SG] ..... 8  
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

**B. Awareness Areas** 0-6

Some courses may be used to satisfy both a Core Area and one or more Awareness Area(s). (See AGECE matrix for current course values.)

1. Cultural Diversity in the United States [C] ..... (0-3)
2. Global Awareness [G] OR Historical Awareness [H]... (0-3)

**Arizona General Education Curriculum for Business (AGEC-B)..... 35 min**

The AGEC-B requires a minimum of 35 credits (32 if FYC is met by single transfer course)\*, however, the AGEC credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the total for the degree. Therefore, the AGEC-B may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)\* within an associate degree provided that all requirements listed below are completed.

**A. Core Areas:**

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

1. First-Year Composition [FYC].....6\*  
 ENG101 OR ENG107..... (3)\*  
 AND  
 ENG102 OR ENG108..... (3)\*

\*FYC may be met with fewer than six credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

2. Literacy and Critical Inquiry [L] ..... 3
3. Mathematical Applications [MA].....3-5  
 MAT212 Brief Calculus OR.....(3)  
 MAT213 Brief Calculus OR.....(3)  
 Higher [MA] designated course ..... (3-5)
4. Computer/Statistics/Quantitative Applications [CS].....3  
 CIS105 Survey of Computer Information Systems
5. Humanities, Arts and Design [HU].....6  
 Students are encouraged to choose course work from more than one discipline.
6. Social-Behavioral Sciences [SB] .....6  
 ECN211 Macroeconomics  
 AND  
 ECN212 Microeconomics.
7. Natural Sciences [SQ/SG]..... 8

The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

**B. Awareness Areas 0-6**

Some courses may be used to satisfy both a Core Area and one or more Awareness Area(s).

(See AGEC matrix for current course values.)

1. Cultural Diversity in the United States [C] ..... (0-3)
2. Global Awareness [G] OR Historical Awareness [H]... (0-3)

**Credits**

**Arizona General Education Curriculum for Science (AGEC-S)..... 36 min**

The AGEC-S requires a minimum of 36 credits (33 if FYC is met by single transfer course)\*, however, the AGEC credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the total for the degree. Therefore, the AGEC-S may be met with fewer than 36 credits (fewer than 33 if FYC is met by single transfer course)\* within an associate degree provided that all requirements listed below are completed.

**A. Core Areas:**

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

1. First-Year Composition [FYC].....6\*  
 ENG101 OR ENG107..... (3)\*  
 AND  
 ENG102 OR ENG108..... (3)\*

\*FYC may be met with fewer than six credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

2. Literacy and Critical Inquiry [L] .....0-3  
 ..... (0 only if shared  
 ..... with HU or SB)

Students are strongly encouraged to choose an [L] course that also has [HU] or [SB] designation or to use CRE101 or COM225 from the Maricopa Additional Requirements Area to satisfy the [L] requirement. It may also have been approved to satisfy one or more Awareness Areas ([C], [G], [H]). (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

3. Mathematical Applications [MA].....4-5  
 Requires the first semester of calculus courses designed for scientists and engineers (MAT220 or MAT221) or any other [MA] designated course for which Calculus I is a pre-requisite.

4. Humanities, Arts and Design [HU] .....6  
 For the AGEC-S, a single course with both [HU] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core

Area(s). (AGEC designations are subject to change. See AGECEC matrix for each course's value(s) in the semester it is taken.)

5. Social-Behavioral Sciences [SB] ..... 6

For the AGECEC-S, a single course with both [SB] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGECEC designations are subject to change. See AGECEC matrix for each course's value(s) in the semester it is taken.)

6. Natural Sciences [SQ/SG] ..... 8

Students must complete eight credits of General Chemistry, University Physics or General Biology for Majors. Consult specific requirements of university transfer major for guidance. [(CHM150 OR CHM151)

AND

CHM151LL] OR

CHM150AA OR CHM151AA General Chemistry I

AND

[CHM152

AND

CHM152LL] OR

CHM152AA General Chemistry II OR

PHY115 OR PHY121 University Physics I

AND

PHY116 OR PHY131 University Physics II OR

BIO181 OR BIO181XT General Biology (Majors) I

AND

BIO182 OR BIO182XT General Biology (Majors) II

7. Subject Options - Math/Science ..... 6-10

Refer to transfer resources, including academic advisement and transfer guides, to select six (6)-ten (10) additional math and/or science credits that meet requirements for selected major.

Select Mathematics course(s) [MAT] above Calculus I and/or Computer Science course(s) [CSC] and/or Science courses from the following disciplines: Astronomy, Biology, Botany, Chemistry, Engineering, Environmental Science, Geology, Physical Geography, Physics, Zoology (MCCCD prefixes AST, BIO (except BIO174), CHM, ECE, EEE, ENV, GLG, GPH, and/or PHY)

B. Awareness Areas 0-6

Some courses may be used to satisfy both a Core Area and one or more Awareness Area(s). (See AGECEC matrix for current course values.)

1. Cultural Diversity in the United States [C] ..... (0-3)

2. Global Awareness [G] OR Historical Awareness [H]... (0-3)

**AGECEC Area Requirements Descriptions/Definitions  
Core Areas**

**First-Year Composition (FYC)**

First-Year Composition courses emphasize skills necessary for college-level expository writing, including correct grammar and

punctuation, logical organization of ideas, and identification of supporting documentation.

**Literacy and Critical Inquiry [L]**

In the [L] course students, typically at the sophomore level, gather, interpret, and evaluate evidence and express their findings in writing or speech. This course includes a series of graded written or spoken formal assignments.

Literacy is defined broadly as communicative competence in written and oral discourse; critical inquiry is defined as the gathering, interpreting, and evaluating of evidence. Building on the proficiency attained in traditional First-Year Composition courses, the Literacy and Critical Inquiry [L] requirement sustains and extends students' ability to thoughtfully use and critically analyze written and/or spoken language.

**Mathematical Applications [MA]**

The Mathematical Studies requirement is intended to ensure that students have requisite skill in mathematics appropriate for their discipline and can apply mathematical analysis in their chosen fields.

**Computer/Statistics/Quantitative Applications [CS]**

AGECEC-A and AGECEC-B require a course that emphasizes the use of statistics, other mathematical methods, computer programming languages and/or software in the interpretation of data and in describing and analyzing quantitative relationships.

**Humanities, Arts and Design [HU]**

The study of the humanities and the disciplines of art and design deepen awareness of the complexities of the human condition and its diverse histories and cultures. Courses in the humanities are devoted to the production of human thought and imagination, particularly in philosophical, historical, religious and artistic traditions. Courses with an emphasis in fine arts and design are devoted to the study of aesthetic experiences and the processes of artistic creation. They may also feature a design emphasis in which material culture is studied as a product of human thought and imagination.

**Social-Behavioral Sciences [SB]**

The Social-Behavioral Sciences Core area provides scientific methods of inquiry and empirical knowledge about human behavior, both within society and within individuals. This area of emphasis in general education curriculum may include study of such disciplines as anthropology, economics, history, political science, psychology, or sociology. The courses in this area address the challenge of understanding the diverse natures of individuals and cultural groups who live together in a complex and evolving world.

**Natural Sciences [SQ/SG]**

In addition to an understanding of basic scientific principles and concepts, courses in the Natural Sciences Core area are designed to help students appreciate, from firsthand laboratory and/or field research experience, the nature of science as a process that embraces curiosity, inquiry, testing, and communication to better understand natural phenomena. At least one of the two natural science courses must include an introduction to the fundamental behavior of matter and energy in physical or biological systems.

**AWARENESS AREAS**

Students must satisfy two Awareness areas: Cultural Diversity in U.S. and either Global Awareness or Historical Awareness.

Courses can satisfy a Core area and one or two Awareness areas simultaneously. Therefore, no additional semester credits are required to satisfy the two Awareness areas.

### Cultural Diversity in the United States [C]

The contemporary “culture” of the United States involves the complex interplay of many different cultures that exist side by side in various states of harmony and conflict. U.S. history involves the experiences not only of different groups of European immigrants and their descendants, but also of diverse groups of American Indians, Hispanic Americans, African Americans and Asian Americans--all of whom played significant roles in the development of contemporary culture and together shape the future of the United States. At the same time, the recognition that gender, class, and religious differences cut across all distinctions of race and ethnicity offers an even richer variety of perspectives from which to view one. Awareness of cultural diversity and its multiple sources can illuminate the collective past, present, and future and can help to foster greater mutual understanding and respect.

The objective of the Cultural Diversity area requirement is to promote awareness of and appreciation for cultural diversity within the contemporary United States. This is accomplished through the study of the cultural, social, or scientific contributions of women and minority groups, examination of their experiences in the United States, or exploration of successful or unsuccessful interactions between and among cultural groups.

### Global Awareness [G]

Human organizations and relationships have evolved from being family and village centered to the modern global interdependence that is apparent in many disciplines--for example, contemporary art, business, engineering, music, and the natural and social sciences. Many serious local and national problems are world issues that require solutions which exhibit mutuality and reciprocity. These problems occur in a wide variety of activities, such as food supply, ecology, health care delivery, language planning, information exchange, economic and social developments, law, technology transfer, and even philosophy and the arts. The Global Awareness Area recognizes the need for an understanding of the values, elements, and social processes of cultures other than the culture of the United States. The Global Awareness Area includes courses that recognize the nature of other contemporary cultures and the relationship of the American cultural system to generic human goals and welfare.

Courses that satisfy the global awareness option in the requirements are of one or more of the following types:

- I. Area studies that are concerned with an examination of culture-specific elements of a region of the world;
- II. The study of a non-English language;
- III. Studies of international relationships, particularly those in which cultural change is facilitated by such factors as social and economic development, education, and the transfer of technology; and
- IV. Studies of cultural interrelationships of global scope such as the global interdependence produced by problems of world ecology.

### Historical Awareness [H]

The Historical Awareness Area option in the requirements aims to develop a knowledge of the past that can be useful in shaping the present and future. Because historical forces and traditions

have created modern life and lie just beneath its surface, historical awareness is an aid in the analysis of present-day problems. Also, because the historical past is a source of social and national identity, historical study can produce intercultural understanding by tracing cultural differences to their origins. Even the remote past may have instructive analogies for the present.

The Historical Awareness Area consists of courses that are historical in method and content. In this area, the term “history” designates a sequence of past events or a narrative whose intent or effect is to represent such a sequence.

The requirement presumes that these are human events and that history includes all that has been felt, thought, imagined, said, and done by human beings. History is present in the languages, art, music, literature, philosophy, religion, and the natural sciences, as well as in the social science traditionally called history.

\*FYC may be met with fewer than six credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

## Associate in Arts (AA)

### Description

The Maricopa County Community College District Associate in Arts (AA) degree requires a minimum of 60 semester credits for the program of study; minimum total credits vary by specific emphasis (for example, Associate in Arts, Emphasis in Psychology). Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. The AA degree is governed by the MCCCDC General Academic Policies for Associate Degrees Designed for University Transfer.

The Associate in Arts degree includes the following components:

- I. Program Prerequisites (if applicable, for versions with an emphasis only)
- II. Required Courses (for versions with an emphasis only)
- III. Restricted Electives (for versions with an emphasis only)
- IV. Arizona General Education Curriculum for Arts (AGEC-A)
- V. MCCCDC Additional Requirements (Oral Communication and Critical Reading)
- VI. General Electives (if needed to reach minimum credits for degree)

### Purpose of the Degree

The Associate in Arts (AA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Liberal Arts or programs of study other than business or science. Generally, the degree will transfer as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

In most cases, courses used to satisfy the MCCCDC Associate in Arts (AA) will apply to general university graduation requirements of the majors that align with the AA degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AA with majors at the Arizona public universities can be accessed via the following website: <https://www.aztransfer.com/>.

**Degree Requirements**

The requirements for the Associate in Arts (AA) follow. No versions of the Associate in Arts require fewer than a minimum of 60 credits; however, minimum credits for the AA vary by specific emphasis. Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for credit minimums by emphasis. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGECE-A and the AGECE matrix. Courses available for both Areas during a current or upcoming semester can also be found using the "Find a Class" tool on maricopa.edu and on each MCCCDC college's website.

RequirementsCredits  
Number**I. Program Prerequisites.....varies**

Program prerequisites for the Associate in Arts degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for specific courses and credit minimums by emphasis.

**Number****II. Required Courses .....varies**

Required (major-specific) courses for the Associate in Arts degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for specific courses and credit minimums by emphasis.

**Number****III. Restricted Electives .....varies**

Restricted electives for the Associate in Arts degree vary by specific emphasis, and are not required for version of the degree without a specific emphasis. Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for specific courses and credit minimums by emphasis.

**IV. Arizona General Education Curriculum--Arts (AGECE-A).....Up to 44**

The AGECE-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)\*, however, prerequisite/required/restricted elective courses may also meet AGECE-A requirements and credits count once toward the total for the degree. Therefore, the AGECE-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)\* as long as all requirements listed in this section (IV) are completed.

**A. Core Areas:**

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGECE designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree.

See AGECE matrix for each course's value(s) in the semester it is taken.

1. First-Year Composition [FYC] .....6  
ENG101 OR ENG107 (3)  
AND .....  
ENG102 OR ENG108 (3)

\*FYC may be met with fewer than six credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

2. Literacy and Critical Inquiry [L].....3
3. Mathematical Applications [MA].....3-6  
Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre calculus (MAT187) or higher [MA]-approved general education course.
4. Computer/Statistics/Quantitative Applications [CS] .. 3
5. Humanities, Arts and Design [HU] .....6  
Students are encouraged to choose course work from more than one discipline.
6. Social-Behavioral Sciences [SB].....6  
Students are encouraged to choose course work from more than one discipline.
7. Natural Sciences [SQ/SG] .....8  
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

- H. Awareness Areas .....0-6  
Some courses may be used to satisfy both a Core Area and one or more Awareness Area(s). (See AGECE matrix for current course values.)
  1. Cultural Diversity in the United States [C] (0-3)
  2. Global Awareness [G] OR Historical Awareness [H] (0-3)

**V. MCCCDC Additional Requirements .....0-6**

As noted below, courses in this area may also be applied toward AGECE-A Core Area requirements.

- A. Oral Communication (0-3)  
COM100 [SB] Introduction to Human Communication OR  
COM110 [SB] Interpersonal Communication OR  
+COM225 [L] Public Speaking OR  
COM230 [SB] Small Group Communication (3 credits) OR  
COM100AA & COM100AB & COM100AC [SB] (3 credits) OR  
COM110AA & COM110AB & COM110AC [SB] (3 credits)
- B. Critical Reading (0-3)  
Students may demonstrate proficiency through assessment.  
+CRE101 [L] Critical Reading OR  
Equivalent as indicated by assessment

**VI. General Electives .....0-25**

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: <https://aztransfer.com/>, [maricopa.edu/transfer/partners](http://maricopa.edu/transfer/partners), as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

**ASSOCIATE IN ARTS TOTAL CREDITS: 60-64\***

\*64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

## Associate in Arts - Elementary Education (AAEE)

### Description

The Maricopa County Community College District Associate in Arts, Elementary Education (AAEE) degree requires a minimum of 60 semester credits for the program of study. A minimum grade point average of 2.0 and grades of "C" or higher are required to earn the degree. The AAEE degree is governed by the MCCCDC General Academic Policies for Transfer Degrees.

The Associate in Arts, Elementary Education degree includes the following components:

- I. Required Courses
- II. Restricted Electives
- III. Arizona General Education Curriculum for Arts (AGEC-A)
- IV. MCCCDC Additional Requirements (Oral Communication and Critical Reading)

### Purpose of the Degree

The Associate in Arts, Elementary Education (AAEE) degree is designed for the student who plans to transfer to an Elementary Education, Early Childhood, Multicultural/Multilingual, or Special Education program at an Arizona public higher education institution and/or who plans to become a classroom instructional aide.

Generally, the degree transfers as a block without loss of credit to Arizona's public universities, and in most cases, its required courses apply to graduation requirements for these Education majors.

### Degree Requirements

The requirements for the Associate in Arts in Elementary Education follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGECE-A and the AGECE matrix. Courses available for both Areas during a current or upcoming semester can also be found using the "Find a Class" tool on [maricopa.edu](http://maricopa.edu) and on each MCCCDC college's website.

Requirements Credits

**I. Required Courses ..... 17**

EDU221	Introduction to Education (3)
EDU222	Introduction to the Exceptional Learner (3)
EDU230	Cultural Diversity in Education (3)
MAT256	Investigating Quantity: Number, Operations, and Numeration Systems (4)
MAT257	Investigating Geometry, Probability, and Statistics (4)

**II. Restricted Electives ..... 8**

A total of eight semester credits is required to satisfy the Electives for Arizona Professional Teacher Standards: three credits in an additional Education course and five credits in Content Area Electives, as outlined below.

Courses must transfer to all public Arizona universities as elective credit, departmental elective, or equivalent to a university course as indicated in the Arizona Course Equivalency Guide in effect when the course is taken. Courses identified as non-transferable in the Arizona Course Equivalency Guide cannot be used to satisfy this requirement.

Select one additional EDU course (other than EDU221, EDU222, EDU230 or EDU250) (3)

Recommended:

EDU110	Education in Film
EDU220	Introduction to Serving English Language Learners (ELL)
EDU236	Classroom Relationships
EDU/HUM/STO292	The Art of Storytelling

Choose any combination from the following list of courses and prefixes to total five credits of additional coursework. Course(s) selected must be different from those used to fulfill a requirement of the AGECE-A or to fulfill an Education Foundations requirement.

Content Area Electives: Select five credits from the following (5)

AAA/CPD115	Creating College Success
ARH+++	Any ARH Art Humanities course(s)
ART+++	Any ART Art course(s)
CFS/ECH176	Child Development
CFS205	Human Development
CIS+++	Any CIS Computer Information Systems course(s)
ECN+++	Any ECN Economics course(s)
BPC+++	Any BPC Business-Personal Computers course(s)
EED215	Early Learning: Health, Safety, Nutrition and Fitness

EDU+++	Any EDU Education course(s) (except EDU221, EDU222, EDU230, and EDU250)
ENG+++	Any ENG English course(s)
ENH+++	Any ENH English Humanities course(s)
GCU+++	Any GCU Cultural Geography course(s)
GPH+++	Any GPH Physical Geography course(s)
HIS+++	Any HIS History course(s)
MAT+++	Any MAT Mathematics course(s) 140 or higher (except MAT256 and MAT257)
MHL+++	Any MHL Music: History/Literature course(s)
MTC+++	Any MTC Music: Theory/Composition course(s)
POS+++	Any POS Political Science course(s)
THE+++	Any THE Theatre course(s)
THF+++	Any THF Theatre and Film course(s)
THP+++	Any THP Theatre Performance/Production course(s)
	Any Foreign Language course(s)
	Any Natural Science course(s)

### III. Arizona General Education Curriculum--Arts (AGEC-A) ..... 35-44\*

The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)\*, however, prerequisite/required/restricted elective courses may also meet AGEC-A requirements and credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)\* as long as all requirements listed in this section (III) are completed.

#### A. Core Areas:

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

1. First-Year Composition [FYC] .....6\*  
ENG101 OR ENG107 (3)\*  
AND  
ENG102 OR ENG108 (3)\*

\*FYC may be met with fewer than six credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

2. Literacy and Critical Inquiry [L]..... 3
3. Mathematical Applications [MA].....3-6  
Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre calculus (MAT187) or any other [MA] designated course for which college algebra is a pre-requisite.  
(Note that MAT256, MAT257, MAT182, and MAT206 are excluded)

4. Computer/Statistics/Quantitative Applications [CS] .. 3  
BPC110 Computer Usage and Applications OR  
CIS105 Survey of Computer Information Systems
5. Humanities, Arts and Design [HU] ..... 6  
Note that some of these courses also have Awareness Areas designations (see section 2 below) and can be used to satisfy [G] and/or [H] requirement as well as [HU]. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)
  1. Select one of the following ARH, DAH, MHL or THE courses: (3)  
ARH100 Introduction to Art OR  
ARH101 Prehistoric through Gothic Art OR  
ARH102 Renaissance Through Contemporary Art OR  
DAH100 Introduction to Dance OR  
DAH201 World Dance Studies OR  
DAH250 Dance in Popular Culture OR  
MHL140 Survey of Music History OR  
MHL145 American Jazz and Popular Music OR  
MHL146 Survey of Broadway Musicals OR  
MHL153 Rock Music and Culture OR  
THE111 Introduction to Theatre OR  
THE220 Modern Drama

AND

2. Select one of the following EDU, ENH or HUM courses: (3)  
EDU/ENH291 Children's Literature (Recommended) OR  
ENH110 Introduction to Literature OR  
ENH241 American Literature Before 1860 OR  
ENH242 American Literature After 1860 OR  
HUM250 Ideas and Values in the Humanities OR  
HUM251 Ideas and Values in the Humanities
  6. Social-Behavioral Sciences [SB].....6  
Note that some of these courses also have Awareness Areas designations (see section 2 below) and can be used to satisfy [G] and/or [H] requirement as well as [SB]. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)
    1. Select one of the following US History/Government courses\*:(3)  
These courses satisfy the United States Constitution requirement for state teacher certification  
HIS103 United States History to 1865 OR  
POS110 American National Government OR  
GCU/POS113 United States and Arizona Social Studies
- AND
2. Select one of the following CFS, ECH, GCU, ECN, HIS or PSY courses:(3)  
CFS205 Human Development OR  
ECH/CFS176 Child Development OR  
GCU121 World Geography I: Eastern Hemisphere OR

- GCU122 World Geography II: Western Hemisphere OR
- ECN211 Macroeconomic Principles OR
- ECN212 Microeconomic Principles OR
- HIS104 United States History 1865 to Present OR
- PSY101 Introduction to Psychology

7. Natural Sciences [SQ/SG] .....8

The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory course for a total of four credits each. At least four credits must be designated as SQ. Eight credits of SG will not satisfy this requirement

1. Life Sciences: Select four credits of SQ or SG in Biology (BIO)

AND

2. Physical Sciences or Earth/Space Sciences: Select four credits of SQ or SG from one of the following prefixes: AGS, ASM, AST, CHM, GPH, GLG, PHS, or PHY (4)

Note: Students are advised to check with the university they plan to attend as specific requirements for lab sciences may vary.

B. Awareness Areas .....0-3

1. Cultural Diversity in the United States [C] (0)  
Met by EDU230 in Required Courses
2. Global Awareness [G] OR  
Historical Awareness [H] (0-3)

May be met by [HU] and/or [SB] course depending on specific courses selected. (AGEC designations are subject to change. See AGECEC matrix for each course's value(s) in the semester it is taken.)

IV. MCCCDC Additional Requirements .....0-9

As noted below, courses in this area may also be applied toward AGECEC-A Core Area requirements.

- A. Oral Communication (0)  
Met by +COM225 in Required Courses
- B. Critical Reading (0-3)  
Students may demonstrate proficiency through assessment.  
+CRE101 [L] Critical Reading OR equivalent  
as indicated by assessment ..... 3

**ASSOCIATE IN ARTS ELEMENTARY EDUCATION  
TOTAL CREDITS: 60-68\*\***

\*NOTE: State certification requirements include courses on the constitutions of US and Arizona. Taking GCU/POS113 for [SB] fulfills this requirement completely. Students who instead take HIS103 or POS110 for [SB] should consider taking POS221 as a Content Area Elective so they have completed study of both constitutions. POS220 meets state certification requirements for both constitutions but does not meet [SB].

\*\*64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

## Associate in Arts, Fine Arts (AAFA) - Art, Dance, Music, Musical Theatre, Theatre

### Description

The Maricopa County Community College District Associate in Arts, Fine Arts (AAFA) degree requires a minimum of 60 semester credits for the program of study; however, minimum total credits for the AAFA vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 and grades of "C" or higher are required to earn the degree. The AAFA degree is governed by the MCCCDC General Academic Policies for Transfer Degrees.

The Associate in Arts, Fine Arts degree includes the following components:

- I. Program Prerequisites (if applicable)
- II. Required Courses
- III. Restricted Electives
- IV. Arizona General Education Curriculum for Arts (AGECEC-A)
- V. MCCCDC Additional Requirements (Oral Communication and Critical Reading)
- VI. General Electives (if needed to reach minimum credits for degree)

### Purpose of the Degree

The Associate in Arts, Fine Arts (AAFA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Fine Arts. The degree is designed to prepare students to meet selective admission criteria for programs such as the Bachelor of Fine Arts, which may require a portfolio or performance requirement.

In most cases, courses used to satisfy the MCCCDC Associate in Arts, Fine Arts (AAFA) will apply to general university graduation requirements of the majors that align with AAFA degree; however, students need to pay attention to any specific requirements of their intended focus at the university to be sure they select courses that will meet them. Information regarding the articulation of the AAFA degree with majors at the Arizona public universities can be accessed via the following website: <https://www.aztransfer.com/>.

### Degree Requirements

The requirements for the Associate in Arts, Fine Arts (AAFA) follow. No versions of the AAFA require fewer than a minimum of 60 credits; however, minimum total credits for the AAFA vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for credit minimums by emphasis. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGECEC-A and the AGECEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the "Find a Class" tool on [maricopa.edu](http://maricopa.edu) and on each MCCCDC college's website.

### Requirements

Credits  
Number

- I. Program Prerequisites.....varies  
Program prerequisites for the Associate in Arts, Fine Arts degree vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to

the Program (Degree) Search at <https://curriculum.maricopa.edu/> for specific courses and credit minimums by emphasis.

**II. Required Courses .....varies**

Required (major-specific) courses for the Associate in Arts, Fine Arts degree vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for specific courses and credit minimums by emphasis.

**Number**

**III. Restricted Electives .....varies**

Restricted electives for the Associate in Arts, Fine Arts degree vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for specific courses and credit minimums by emphasis.

**IV. Arizona General Education Curriculum--Arts (AGEC-A) ..... up to 44**

The AGECA requires a minimum of 35 credits (32 if FYC is met by single transfer course)\*, however, prerequisite/required/restricted elective courses may also meet AGECA requirements and credits count once toward the total for the degree. Therefore, the AGECA may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)\* as long as all requirements listed in this section (IV) are completed.

**A. Core Areas:**

Courses required to meet Core Areas vary by emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for specific course requirements.

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Area designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGECA designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGECA matrix for each course's value(s) in the semester it is taken.

1. First-Year Composition [FYC] .....6\*  
ENG101 OR ENG107 (3)\*  
AND  
ENG102 OR ENG108 (3)\*

\*FYC may be met with fewer than six credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

2. Literacy and Critical Inquiry [L]..... 3
3. Mathematical Applications [MA].....3-6  
RRequires a course in college mathematics (MAT140, MAT141, MAT142,

MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre calculus (MAT187) or higher [MA]-approved general education course.

4. Computer/Statistics/Quantitative Applications [CS] .. 3
5. Humanities, Arts and Design [HU] ..... 6
6. Social-Behavioral Sciences [SB]..... 6  
Students are encouraged to choose course work from more than one discipline.
7. Natural Sciences [SQ/SG] ..... 8

The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement

**B. Awareness Areas ..... 0-6**

Some courses may be used to satisfy both a Core Area and one or more Awareness Area(s). (See AGECA matrix for current course values.)

1. Cultural Diversity in the United States [C] (0-3)
2. Global Awareness [G] OR Historical Awareness [H] (0-3)

**V. MCCC Additional Requirements .....0-6**

As noted below, courses in this area may also be applied toward AGECA Core Area requirements.

**A. Oral Communication (0-3)**

COM100 [SB] Introduction to Human Communication OR  
COM110 [SB] Interpersonal Communication OR  
+COM225 [L] Public Speaking OR  
COM230 [SB] Small Group Communication (3 credits) OR  
COM100AA & COM100AB & COM100AC [SB] (3 credits) OR  
COM110AA & COM110AB & COM110AC [SB] (3 credits)

**B. Critical Reading (0-3)**

Students may demonstrate proficiency through assessment.  
+CRE101 [L] Critical Reading OR  
Equivalent as indicated by assessment

**VI. General Electives .....0-25**

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general

electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: <https://aztransfer.com/>, [maricopa.edu/transfer/partners](https://maricopa.edu/transfer/partners), as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

**ASSOCIATE IN ARTS, FINE ARTS (AFA) MINIMUM TOTAL CREDITS REQUIRED\*:**

<b>EMPAHSIS IN ART TOTAL CREDITS:</b>	<b>60</b>
<b>EMPAHSIS IN DANCE TOTAL CREDITS:</b>	<b>62</b>
<b>EMPAHSIS IN MUSIC TOTAL CREDITS:</b>	<b>64</b>
<b>EMPAHSIS IN MUSICAL THEATRE TOTAL CREDITS:</b>	<b>65</b>
<b>EMPAHSIS IN THEATRE TOTAL CREDITS:</b>	<b>60</b>

\*64 semester credits is the maximum accepted toward most degree programs at Arizona’s public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

## Associate in Science (AS)

**Description**

The Maricopa County Community College District Associate in Science (AS) degree requires a minimum of 60 semester credits for the program of study; minimum total credits for vary by specific emphasis (for example, Associate in Science, Emphasis in Physics). Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 is required to earn the degree. The AS degree is governed by the MCCCDC General Academic Policies for Transfer Degrees.

The Associate in Science degree includes the following components:

- I. Program Prerequisites (if applicable, for versions with an emphasis only)
- II. Required Courses (for versions with an emphasis only)
- III. Restricted Electives (for versions with an emphasis only)
- IV. Arizona General Education Curriculum for Science (AGEC-S)
- V. MCCCDC Additional Requirements (Oral Communication and Critical Reading)
- VI. General Electives (if needed to reach minimum credits for degree)

**Purpose of the Degree**

The Associate in Science (AS) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors with more stringent mathematics and mathematics-based science requirements. Generally, the degree will transfer as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

In most cases, courses used to satisfy the MCCCDC Associate in Science (AS) will apply to general university graduation requirements of the majors that align with the tAS degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AS with majors at the Arizona public universities can be accessed via the following website: <https://aztransfer.com/>

It is recommended that students select courses that meet more than one general education and/or awareness area requirement. Doing so will maximize the number of math and science electives the student can take as part of his/her Associate in Science degree.

**Special Academic Policies that Govern the Associate in Science Degree**

- The AGECS does not require a course with [CS] Computer/Statistics designation.
- Unlike the AGECA and AGECS, the same course is allowed to satisfy the ([L] and [HU]) or ([L] and [SB]) areas of the AGECS’s Core Area. The credits for such a “shared” course are only counted one time toward the required minimum for the degree.

**Degree Requirements**

The requirements for the Associate in Science follow. All versions of the Associate in Science require at least 60 credits; for major-specific pathways within the degree, prescribed courses and minimum credits for categories within the degree, as well as the total, vary. Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for credit minimums for major-specific pathways within the degree. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGECS and the AGECS Matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on each MCCCDC college’s website.

Requirements

*Credits Number*

- |  |               |
|--|---------------|
| <b>I. Program Prerequisites</b> .....  | <b>varies</b> |
| Program prerequisites for the Associate in Science degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at <a href="https://curriculum.maricopa.edu/">https://curriculum.maricopa.edu/</a> for specific courses and credit minimums by emphasis.             |               |
| <b>II. Required Courses</b> .....  | <b>varies</b> |
| Required (major-specific) courses for the Associate in Science degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at <a href="https://curriculum.maricopa.edu/">https://curriculum.maricopa.edu/</a> for specific courses and credit minimums by emphasis. |               |
| <b>III. Restricted Electives</b> .....   | <b>varies</b> |
| Restricted electives for the Associate in Science degree vary by specific emphasis, and are not required for version of the degree without a specific emphasis. Refer to the Program (Degree) Search   |               |

at <https://curriculum.maricopa.edu/> for specific courses and credit minimums by emphasis.

#### IV. Arizona General Education

##### Curriculum--Science (AGEC-S).....Up to 56

The AGECS requires a minimum of 36 credits (33 if FYC is met by single transfer course)\*, however, prerequisite/required/restricted elective courses may also meet AGECS requirements and credits count once toward the total for the degree. Therefore, the AGECS may be met with fewer than 36 credits (33 if FYC is met by single transfer course)\* as long as all requirements listed in this section (IV) are completed.

##### A. Core Areas:

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGECS designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGECS matrix for each course's value(s) in the semester it is taken.

1. First-Year Composition [FYC] .....6\*  
ENG101 OR ENG107 (3)\*  
AND  
ENG102 OR ENG108 (3)\*

\*FYC may be met with fewer than six credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

2. Literacy and Critical Inquiry [L].....0-3  
(0 only if shared with HU or SB)

Students are strongly encouraged to choose an [L] course that also has [HU] or [SB] designation or to use CRE101 or COM225 from the Maricopa Additional Requirements Area to satisfy the [L] requirement. It may also have been approved to satisfy one or more Awareness Areas ([C], [G], [H]). (AGECS designations are subject to change. See AGECS matrix for each course's value(s) in the semester it is taken.)

3. Mathematical Applications [MA].....4-5  
Requires the first semester of calculus courses designed for scientists and engineers (MAT220 or MAT221) or any other [MA] designated course for which Calculus I is a pre-requisite.
4. Humanities, Arts and Design [HU] .....6  
For the AGECS, a single course with both [HU] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy

[C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGECS designations are subject to change. See AGECS matrix for each course's value(s) in the semester it is taken.)

5. Social-Behavioral Sciences [SB].....6  
For the AGECS, a single course with both [SB] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGECS designations are subject to change. See AGECS matrix for each course's value(s) in the semester it is taken.)
6. Natural Sciences [SQ/SG] .....8  
Students must complete eight credits of General Chemistry, University Physics or General Biology for Majors. Consult specific requirements of university transfer major for guidance.  
[(CHM150 or CHM151) & CHM151LL] or CHM150AA or CHM151AA General Chemistry I  
AND  
[CHM152 & CHM152LL] or CHM152AA General Chemistry II OR  
PHY115 or PHY121 University Physics I  
AND  
PHY116 or PHY131 University Physics II  
OR  
BIO181 or BIO181XT General Biology (Majors) I  
AND  
BIO182 or BIO182XT General Biology (Majors) II
7. Subject Options - Math/Science.....6-10  
Refer to transfer resources, including academic advisement and transfer guides, to select six to ten additional math and/or science credits that meet requirements for selected major.  
Select Mathematics course(s) [MAT] above Calculus I and/or  
Computer Science course(s) [CSC] and/or  
Science courses from the following disciplines: Astronomy, Biology, Botany, Chemistry, Engineering, Environmental Science, Geology, Physical Geography, Physics, Zoology (MCCCD prefixes AST, BIO (except BIO174), CHM, ECE, EEE, ENV, GLG, GPH, and/or PHY)
- B. Awareness Areas .....0-6  
Some courses may be used to satisfy both a Core Area and one or more Awareness Area(s). (See AGECS matrix for current course values.)

1. Cultural Diversity in the United States [C] (0-3)
2. Global Awareness [G] OR  
Historical Awareness [H] (0-3)

**V. MCCCDC Additional Requirements .....0-6**

As noted below, courses in this area may be used to satisfy both an MCCCDC requirement and an AGEC-S Core Area requirement.

- A. Oral Communication (0-3)  
 COM100 [SB] Introduction to Human Communication OR  
 COM110 [SB] Interpersonal Communication OR  
 +COM225 [L] Public Speaking OR  
 COM230 [SB] Small Group Communication (3 credits) OR  
 COM100AA & COM100AB & COM100AC [SB] (3 credits) OR  
 COM110AA & COM110AB & COM110AC [SB] (3 credits)
- B. Critical Reading.....(0-3)  
 Students may demonstrate proficiency through assessment.  
 +CRE101 [L] Critical Reading OR  
 Equivalent as indicated by assessment..... 3

**VI. General Electives .....0-28**

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: <https://aztransfer.com/>, [maricopa.edu/transfer/partners](http://maricopa.edu/transfer/partners), as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

**ASSOCIATE IN SCIENCE TOTAL CREDITS: 60-64\***

\*64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

## Associate in Business (ABUS-GR)

### Description

The Maricopa County Community College District Associate in Business General Requirements (ABUS-GR) degree requires a minimum of 62 semester credits for the program of study. A minimum grade point average of 2.0 and grades of "C" or higher are required to earn the degree. The Associate in Business-General Requirements degree is governed by the MCCCDC General Academic Policies for Transfer Degrees.

This degree provides the first two years of a four-year curriculum for students who wish to specialize in business. For a comprehensive list of bachelor's degrees at Arizona's public universities, refer to the AZTransfer Business Matrix. With a bachelor's degree, students may pursue a number of careers, including but not limited to accountancy, business administration, business data analytics, economics, entrepreneurship, finance, marketing, management, retail management, and supply chain management.

The Associate in Business-General Requirements degree includes the following components:

- I. Required Courses
- II. Restricted Electives
- III. Arizona General Education Curriculum for Business (AGEC-B)
- IV. General Electives (if needed to reach minimum credits for degree)

### Purpose of the Degree

The Associate in Business General Requirements (ABUS-GR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for the various business majors (except Computer Information Systems) at Arizona's public universities. Computer Information Systems majors should follow the Associate in Business Special Requirements (ABUS-SR) pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements:

### Special Academic Policies that Govern the ABUS-GR Degree

- The ABUS-GR does not include any MCCCDC Special Requirements for Oral Communication and/or Critical Reading like the other Associate degrees. (However, some university programs have a speech requirement; consult your academic advisor or transfer guide to verify the specifics for your program.)
- A single course can be used to satisfy multiple areas within the degree simultaneously simultaneously (AGEC-B Core Area and/or Awareness Area(s), Required Courses (Common Lower Division Requirements), and/or Restricted Electives (Business Electives)). Credits are counted once toward the total for the degree.

### Degree Requirements

The 62-72 semester credits required for the Associate in Business General Requirements follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-B and the AGEC Matrix. Courses available for both Areas during a current or upcoming semester can also be found using the "Find A Class" tool on each MCCCDC college's website.

RequirementsCredits**I. Required Courses .....21-25**

Accounting (6-9)

ACC111 Accounting Principles

AND

ACC230 Uses of Accounting Information I

AND

ACC240 Uses of Accounting Information II OR

ACC211 Financial Accounting

AND

ACC212 Managerial Accounting OR

ACC111 Accounting Principles I

AND

+ACC112 Accounting Principles II

AND

ACC212 Managerial Accounting

Some of the following courses can be used to satisfy both this requirement and an AGEC-B Core Area. AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.

ECN211 [SB] Macroeconomic Principles (3)

ECN212 [SB] Microeconomic Principles (3)

GBS205 Legal, Ethical, and Regulatory Issues in Business (3)

GBS221 Business Statistics (3)

Quantitative Methods (3-4)

GBS220 Quantitative Methods in Business OR

+MAT217 or +MAT218 Mathematical Analysis for Business

*Note: Students planning to attend ASU W. P. Carey School of Business will be required to take +MAT217 or +MAT218.*

**II. Restricted Electives .....0-6**

Select two courses (6 credits) from the following options:

Some courses may be used to satisfy both Restricted Elective and Arizona General Education Curriculum (AGEC) requirements, as indicated in [brackets] below, but two courses must be completed. AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.

GBS151 Introduction to Business (Recommended) (3)

CIS114DE Excel Spreadsheet (3)

CIS162AD C#: Level I (3)

GBS110 Human Relations in Business and Industry OR

MGT251 Human Relations in Business (3)

GBS233 [L] Business Communication (3)

GBS220 Quantitative Methods in Business (If course used to satisfy Required Courses, it cannot be used to satisfy Restricted Electives.) (3)

IBS101 [G] Introduction to International Business (3)

MGT253 Owning and Operating a Small Business (3)

REA179 Real Estate Principles I (3)

+REA180 Real Estate Principles II (3)

MKT271 Principles of Marketing (3)

PAD100 21st Century Public Policy and Service (3)

SBU200 [SB,G] Society and Business (3)

**III. Arizona General Education Curriculum for Business (AGEC-B).....29-37\*\***

The AGEC-B requires a minimum of 35 credits (32 if FYC is met by single transfer course)\*, however, Required and Restricted elective courses may also meet AGEC-B requirements and credits count once toward the total for the degree. Therefore, the AGEC-B may be met with fewer than 35 (fewer than 32 if FYC is met by single transfer course)\* credits as long as all requirements listed in this section (III) are completed.

**A. Core Areas:**

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

1. First-Year Composition [FYC] .....6\*  
ENG101 OR ENG107 (3)\*  
AND  
ENG102 OR ENG108 (3)\*

\*FYC may be met with fewer than six credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

2. Literacy and Critical Inquiry [L].....0-3

(Note: Students planning to attend ASU W.P. Carey will be required to take +COM225.)

3. Mathematical Applications [MA].....3-5

MAT212 Brief Calculus OR (3)

MAT213 Brief Calculus OR (4)

Higher [MA] designated course (3-5)

4. Computer/Statistics/Quantitative Applications [CS] .. 3

CIS105 Survey of Computer Information Systems

5. Humanities, Arts and Design [HU] ..... 6

Students are encouraged to choose course work from more than one discipline.

6. Social-Behavioral Sciences [SB]..... 0

Met by Required Courses ECN211

AND

ECN212.

7. Natural Sciences [SQ/SG] ..... 8

The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

**B. Awareness Areas ..... 0-6**

Some courses may be used to satisfy both a Core Area and one or more Awareness Area(s). (See AGECEC matrix for current course values.)

1. Cultural Diversity in the United States [C] (0-3)
2. Global Awareness [G] OR Historical Awareness [H] (0-3)

*Note: Students transferring to ASU in Accountancy should take two of the following courses: Sociology with [SB] value, Psychology with [SB] value, and COM230 or COM225. If students do not take these prior to transfer, they may need to take additional hours to meet ASU requirements.*

**IV. General Electives ..... 0-12**

Select courses 100-level or higher if needed to complete a minimum of 62 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied

in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: <https://aztransfer.com/>, <https://curriculum.maricopa.edu/>, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

**ASSOCIATE IN BUSINESS GENERAL REQUIREMENTS  
TOTAL CREDITS: 62-72\***

\*64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

## Associate in Business (ABUS-SR)

### Description

The Maricopa County Community College District Associate in Business, Special Requirements (ABUS-SR) degree requires a minimum of 62 semester credits for the program of study. A minimum grade point average of 2.0 and grades of "C" or higher are required to earn the degree. This degree provides the first two years of a four-year curriculum for students who wish to pursue Computer Information Systems majors at Arizona's public universities. With a bachelor's degree, students may pursue a number of careers, including but not limited to accountancy, business administration, business data analytics, computer information systems, economics, entrepreneurship, finance, marketing, management, retail management, and supply chain management. The Associate in Business-Special Requirements degree is governed by the MCCCDC General Academic Policies for Transfer Degrees.

The Associate in Business-Special Requirements degree includes the following components:

- I. Required Courses
- II. Arizona General Education Curriculum for Business (AGECEC-B)
- III. General Electives (if needed to reach minimum credits for degree)

### Purpose of the Degree

The Associate in Business Special Requirements (ABUS-SR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for Business' Computer Information Systems majors at Arizona's public universities. Other Business majors should follow the Associate in Business General Requirements (ABUS-GR) pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements:

### Special Academic Policies that Govern the ABUS-SR Degree

- The ABUS-SR does not include any MCCCDC Special Requirements for Oral Communication and/or Critical Reading like the other associate degrees. (However, some university programs have a speech requirement; consult your academic advisor or transfer guide to verify the specifics for your program.)
- A single course can be used to satisfy multiple areas within the degree simultaneously (AGECEC-B Core Area and/or Awareness Area(s), Required Courses (Common Lower Division Requirements), and/or Restricted Electives (Business Electives)). Credits are counted once toward the total for the degree.

### Degree Requirements

The 62-71 semester credits required for the Associate in Business Special Requirements follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas:

AGECEC-B and the AGECEC Matrix. Courses available for both Areas during a current or upcoming semester can also be found using the "Find A Class" tool on each MCCCDC college's website.

RequirementsCredits**I. Required Courses .....27-31**

Higher [MA] designated course (3-5)
4. Computer/Statistics/Quantitative Applications [CS] .. 3  
CIS105 Survey of Computer Information Systems
5. Humanities, Arts and Design [HU] ..... 6  
Students are encouraged to choose course work from more than one discipline.
6. Social-Behavioral Sciences [SB]..... 0  
Met by Required Courses ECN211  
AND  
ECN212.
7. Natural Sciences [SQ/SG] ..... 8  
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

- B. Awareness Areas ..... 0-6  
Some courses may be used to satisfy both a Core Area and one or more Awareness Area(s). (See AGECE matrix for current course values.)
  1. Cultural Diversity in the United States [C] (0-3)
  2. Global Awareness [G] OR  
Historical Awareness [H] (0-3)

Note: Students transferring to ASU in Accountancy should take two of the following courses: Sociology with [SB] value, Psychology with [SB] value, and COM230 or COM225. If students do not take these prior to transfer, they may need to take additional hours to meet ASU requirements.

**III. General Electives .....0-6**

Select courses 100-level or higher if needed to complete a minimum of 62 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: <https://aztransfer.com/>, <https://curriculum.maricopa.edu/>, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

**ASSOCIATE IN BUSINESS SPECIAL REQUIREMENTS TOTAL CREDITS: 62-71\***

\*64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

**Associate in General Studies (AGS)**

**Description**

The Maricopa County Community College District Associate in General Studies degree requires 60-64 semester credits in courses numbered 100 and above. The degree includes the following components:

- I. General Education (minimum of 38 credits)  
Core curriculum (requires a grade of C or better) Distribution courses (require a grade of D or better).
- II. General Electives (enough additional courses numbered 100 or above, passed with a grade of D or better, to bring total credits to at least 60).

**Purpose of the Degree**

The Associate in General Studies (AGS) degree is recommended for students whose educational goals require flexibility. The AGS allows students to apply any course numbered 100 or above, including some that are not transferable to a state university, toward the credits required for the degree. Therefore, for students who intend to transfer to another college or university in the future to pursue a bachelor's degree, this degree may be less appropriate than other Associate degrees offered (Associate in Arts, Associate in Business, Associate in Science, and all major-specific pathway map versions of these degrees) by the Maricopa Community Colleges.:

**Academic Policies that Govern the Associate in General Studies Degree**

- The graduation policies within the general catalog must be satisfied.
- A single course can simultaneously count towards a Core Area and a Distribution requirement. Courses that meet

this criterion are bold print and underscored in the Core areas and Distribution areas (on the course list at the conclusion of this document). For example, CRE101 may be used to satisfy both the Literacy and Critical Inquiry requirement [L] of Distribution area and the Core Curriculum's Critical Reading area. While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree. A course cannot satisfy more than one Core area, even if it is approved for more than one Core area. A course cannot satisfy more than one Distribution area, even if it is approved for more than one Distribution area.

- Credits transferred from outside of MCCCDC must be at a grade of C (2.0 on a 4.0 scale) or better. Transfer credit graded pass/fail or pass/no credit may be transferred if documentation collected by the community college indicates that this was the only grading option available to the student and that the Pass grade ("P") is equivalent to a C or better.
- Completion of the AGS with a minimum Grade Point Average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. However, meeting all AGS minimums does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment. Furthermore, because the AGS is not designed to align with the requirements for bachelors degrees, not all credits may be transferable and students may have deficiencies in lower division (100- and 200-level) courses for a particular major.

**Summary of Degree Requirements:**

Details on how to identify courses approved for each of the different categories is described following the outline.

	<b>Credits</b>
<b>I. MCCCDC General Education .....</b>	<b>34-47*</b>
<b>Core Areas .....</b>	<b>12-18</b>
1. First-Year Composition [FYC] .....	6*
ENG101 OR ENG107 (3)*	
AND	
ENG102 OR ENG108 (3)*	
2. Mathematics .....	3-6
3. Computer Usage .....	1
4. Oral Communication.....	3
<b>COM100</b> Introduction to Human Communication OR	
<b>COM110</b> Interpersonal Communication OR	
<b>+COM225</b> Public Speaking OR	
<b>COM230</b> Small Group Communication (3 credits) OR	
<b>COM100AA &amp; COM100AB &amp; COM100AC</b> (3 credits) OR	
<b>COM110AA &amp; COM110AB &amp; COM110AC</b> (3 credits)	
5. Critical Reading .....	0-3
Students may demonstrate proficiency through assessment.	
+CRE101 Critical Reading OR	
Equivalent as indicated by assessment.	

\*FYC may be met with fewer than six credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**Distribution Areas .....22-29**

1. Humanities, Arts and Design .....9  
Students are encouraged to choose course work from more than one discipline.
2. Social-Behavioral Sciences .....6-9  
Students are encouraged to choose course work from more than one discipline. Social-Behavioral Sciences requirements may be met with 6 credits only if COM100, COM110, or COM230 is shared between Core and Distribution (see Academic Policies section on prior page). The credits are only counted once, but may be applied to meet Oral Communication and Social-Behavioral Science requirements.
3. Natural Sciences .....7-8  
Two lecture courses and one corresponding laboratory course are to be selected. Credits for lecture and lab components may be combined or each may carry separate credit. For appropriate course selection students should consult with an academic advisor.
4. Literacy and Critical Inquiry .....0-3  
Literacy requirement may be met with 0 credits only if CRE101 or COM225 is shared between Core and Distribution (see Academic Policies section on prior page). The credits are only counted once, but may be applied to meet [Oral Communication and Literacy] or [Critical Reading and Literacy and Critical Inquiry] requirements.

**II. General Electives .....13-26**

Select additional courses 100-level or higher to complete a minimum of 60 semester credits but no more than a total of 64 semester credits.

**ASSOCIATE IN GENERAL STUDIES TOTAL CREDITS: 60-64**

All courses listed meet AGS requirements as specified. Courses in Purple Italic Underline also meet Arizona General Education Curriculum AGEC requirements.

Courses in **bold print and underscored** simultaneously count towards a Core Area and a Distribution requirement.

**Degree Requirements****GENERAL EDUCATION CORE**

(16 Credits - grade of C or better)\*

**Elective Courses (15-22 credits)**

May select courses from prefixes already chosen for General Education Distribution requirements in order to develop depth in one or more subject areas.

**AGS DEGREE TOTAL CREDITS:****60-64****Associate in Applied Science (AAS)****Description**

The Associate in Applied Science (AAS) degree requires at least 60 credits in its program of study. The exact number of credits for a specific degree is identified as part of the presentation of its requirements on the web or in the college catalog.

**Purpose of the Degree**

The Maricopa County Community College District Associate in Applied Science (AAS) degree is recommended for students who wish to gain a depth of technical expertise in a particular workforce-related area of study. The AAS degree options vary at the different MCCCDC colleges and can be searched alphabetically or by field of interest. Requirements for each degree can be found on the linked webpages and in the corresponding college(s)'s catalog.

**Academic Policies that Govern the AAS degree:**

- Requires 60 or more credits numbered 100 or above and includes credits or the equivalent in the
- General Education Core areas and credits in the Distribution areas. AAS degree requirements follow with the use of a diagonal character (/) between course numbers to signify options. An asterisk (\*) following the course number defines requirements with an effective begin term of spring;
- All courses must be completed with a grade of C or higher; any additional requirements such as grades of B or higher or minimum grade point average requirements are listed on individual degrees and certificates;
- Follows the graduation policies within the general catalog;
- Includes both courses and their modular equivalents, either the course or the modular equivalents will satisfy the Associate in Applied Science requirements.
- Requires at least 12 semester credit hours earned at the college awarding the AAS degree. The 12 hours in the AAS degree curricula may be in the Required Courses area and/or Restricted Electives courses. Courses from the General Education Core and Distribution area are excluded.

- Shared Programs are programs offered at multiple colleges but not available at all colleges. The requirements are identical at all the colleges offering the program.
- A shared program requires a minimum of six credit hours from the total program requirements to be completed with a grade of “C” or better at the college awarding the certificate or degree (The exception is the Nursing program. Students must apply for graduation from the college where they have successfully completed Block 4 of the Associate in Applied Science in Nursing).
- The minimum of six credit hours in the degree curricula may be in the Required Courses area and/or the Restricted Electives. Courses from the General Education Core and Distribution areas are excluded;
- Requires completion of General Education courses as indicated in the General Education Requirements for the Associate in Applied Science degree from the Maricopa County Community College District, or completion of a curriculum as stated in the catalog;
- Accepts one of the courses that is cross-referenced with other courses;

### General Education Core (12-15 credits)\*

Demonstrate college-level skills in the following areas:

#### First-Year Composition (6 credits)\*

ENG English [101/107] & [102/108/111]

\*FYC may be met with fewer than six credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

#### Oral Communication (3 credits)

COM Communication 100/100AA&100AB&100AC/110/110AA&110AB&110AC/225/230

#### Critical Reading (3 credits)

CRE Critical Reading 101 OR Equivalent as indicated by assessment.

#### Mathematics (3 credits)

MAT Mathematics 112/114/115/120/121/122/126/140/141/142/145/146/150/MAT150&182/151/MAT151&182/152/152&182/155/155&182/156/156&182/172/187/206/212/213/217/218/220/221/225/227/230/231/240/241/256/257/261/262/276/277/equivalent course/  
Satisfactory completion of a higher level mathematics course

### Academic Certificate (AC)

#### Purpose of the Academic Certificate

The Maricopa County Community College District Academic Certificate (AC) is a defined and coherent program of study that is recommended for students who wish to gain additional expertise in a specific area of emphasis in an academic discipline. While this program of study can result in proficiency in specified skills and competencies, as well as mastery of a body of knowledge, it is not designed to prepare someone for employment in a specific occupation. The coursework for an Academic Certificate may be from a variety of disciplines or it can be discipline specific. There is no required general studies component to an Academic Certificate; however, the program may include some courses that have specific general studies designations such as Humanities, Arts and Design [HU], Social-Behavioral Sciences [SB], Literacy and Critical Inquiry [L], or Cultural Awareness [C]. (See AGEC matrix for current course values.)

#### Academic Policies that Govern the Academic Certificate:

- Although, the program of study for an Academic Certificate (AC) does not have a mandated minimum number of credit hours, most ACs require approximately 12-39 credit hours in courses numbered 100 and above;
- Requires a cumulative GPA of 2.0 or better in required courses for completion;
- Follows the graduation policies listed in the college's general catalog for the appropriate catalog year;
- Any course cross-referenced under another prefix(es) (for example ENH291/EDU291-Children's Literature) covers identical content and its credits can only be counted once toward certificate requirements;
- Although ACs may include a subset of coursework required in particular transfer degrees, the intent of an AC is not to align with any specific university major. There is no presumption of block transfer to another college or university;
- May have admission criteria established by the college if and when appropriate;
- Generally offered at a limited number of colleges. For a listing of all ACs available in the district and their affiliated college(s) see the CCTA web site.

# GCC DEGREES AND CERTIFICATES

## Art and Humanities

Animation CCL .....	43
Animation and Time-Based Media CCL .....	44
Commercial Photography CCL.....	67
Digital Media Arts AAS .....	79
Documentary Film Production CCL.....	80
Film and Media Production AAS .....	90
Photography AAS.....	134
Video Game Production AAS .....	151
Video Game Production: Audio and Sound CCL.....	152
Video Game Production: Coding and Scripting CCL.....	152
Video Game Production: Game Art CCL.....	153
Video Game Production: Game Narrative CCL.....	153
Video Game Production: Game Art CCL.....	154

## Automotive Technology

## Fields of Interest

Whether you're just getting started on the path to a career or you're looking to move up in your current profession, Glendale Community College is here for you. The Fields of Interest listed below were organized to help you clarify which career path you are interested in pursuing. Simply select a Field of Interest to explore the degree and certificate options available in your chosen field. Every Field of Interest represents a community of students, faculty, and staff who will give you the information, assistance, and encouragement you need to find success. So dive into your passion and begin building a career you'll love. The possibilities are limitless at Glendale Community College!

### APPLIED TECHNOLOGY

#### Applied Technology

Learn how to design, develop, or repair high-tech equipment and processes while getting hands-on, on-the-job experience.

### BEHAVIORAL SCIENCE AND HUMAN SERVICES

#### Behavioral Science and Human Services

Help people, serve your community, and improve the lives of those in need with a rewarding career in healthcare, counseling, and more.

### BUSINESS, ENTREPRENEURIALISM, AND MANAGEMENT

#### Business, Entrepreneurialism, and Management

We've designed our Business, Entrepreneurialism, and Management pathway to give you the skills you need to be an economic and social leader.

### COMPUTER AND INFORMATION TECHNOLOGY

#### Computer and Information Technology

Get the knowledge and real-world experience you need to excel in gaming, programming, tech support, web design, and more.

### CULTURE AND SOCIETY

#### Culture and Society

Tackle complex global issues in a wide range of fulfilling career fields, from communication and sociology to history, economics, and beyond.

### EDUCATION

#### Education

If you love learning and want to help students reach their potential, start your career as a teacher, instructional designer, administrator, and more.

### HEALTH SCIENCES

#### Health Sciences

Help people live better, safer, healthier lives when you pursue a career as a nurse, EMT, physical therapist, personal trainer, and more.

### STEM

#### Science, Technology, Engineering and Mathematics

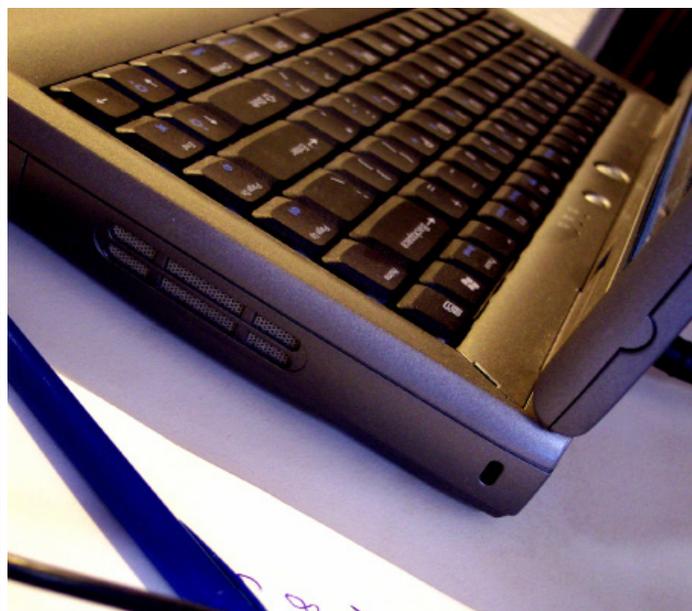

Creatively solve problems and explore new frontiers with a challenging STEM career.

### VISUAL AND PERFORMING ARTS

#### Visual and Performing Arts

Unleash your creativity while honing your craft as you pursue a career in visual art, design, dance, music, fashion, film, or theatre.

## Accounting

### General Information

**For Information:** Scott Stroher  
**Phone:** 623.845.3453  
<https://www.gccaz.edu/business>

#### Student Goals: Transfer/Career Related

Accountants function in different ways. They offer their services to the public on a fee basis (public accounting), or are employed by individual profit or nonprofit organizations (private accounting), or work for governmental units (governmental accounting). Accountants provide financial information about an organization to its owners, managers, and creditors, as well as to appropriate governmental authorities. They also design, install, manage, and maintain information systems which produce this important information.

There is considerable demand for accountants and demand should increase. Pay is relatively high, and the accounting field offers many opportunities for professional growth and advancement.

Students take Accounting courses to:

- Prepare for Employment: An Associate in Applied Science (AAS) degree program is available to prepare students for immediate employment as a paraprofessional accountant or bookkeeper. There are also two Certificate of Completions (CCL) available. One is for Accounting, which is designed as a stepping stone for the AAS degree. The other is an Enrolled Agent CCL designed to prepare students for a career as a tax professional.
- Prepare for a major in accounting at a four-year institution. Students may complete most or all of their lower division requirements at Glendale. Students should follow the ABus-GR and consult with a business department advisor to plan for transfer.
- Prepare for virtually all other business majors and careers: accounting course work is required in most business majors' curriculum because knowledge of accounting is fundamental for success in business.

Students should consult with a department advisor in planning their academic schedule in order to complete degree requirements in an expedient manner.

## Accounting<sup>1</sup>

**Associate in Applied Science - AAS 3149**  
**61-70 credits**

**For Information:** Scott Stroher  
**Phone:** 623.845.3453  
<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Accounting program is designed to provide fundamental skills for individuals planning to enter the field of accounting. Possible entry-level jobs for this program include accounting clerk, accounts payable/receivable clerk, claims clerk, payroll clerk, credit clerk, bookkeeper, accounting intern, tax preparation or comparable positions. This program may prepare students for certification in Certified Bookkeeper (CB), Enrolled Agent (EA), and Certified Payroll Professional (CPP). Certificates of Completion (CCL) in Accounting and Enrolled Agent are available.

**Program Notes:** Students must earn a grade of C or better in all courses in the program.

Consultation with an Academic Advisor is recommended for course selection.

This program replaces:

- AAS/3131 Accounting Paraprofessional

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

## Administration of Justice

### Certificate of Completion - CCL 5007N

This program is not eligible for Title IV Federal Financial Aid  
15 credits

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Administration of Justice program is designed to be interdisciplinary by nature and provides students with foundational knowledge of the criminal justice system and operational processes for addressing crime within society. This program also examines diverse populations and communities, and their effects on relationships with the criminal justice system. In addition, this program allows students to familiarize themselves with and evaluate various career opportunities in the criminal justice field and is one pathway to the Associate in Applied Science (AAS) in Administration of Justice.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

**Program Prerequisites:** None.

#### Required Courses (15 credits)

		Credits
AJS101	Introduction to Criminal Justice	3
AJS109	Substantive Criminal Law (3) OR	
AJS260	Procedural Criminal Law (3)	3
AJS123	Ethics and the Administration of Justice	3
AJS230	The Police Function	3
AJS240	The Correction Function	3

## Administration of Justice Studies

### General Information

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Student Goals:** Career-related, Personal

AJS courses provide information for personal interest and related careers, but are designed primarily for those interested in careers in law enforcement and related fields. Students take these courses to:

- Prepare for Employment. An Associate in Applied Science (AAS) degree and certificate programs are available.
- Police officers and detectives are responsible for protecting life and property, enforcing laws, preventing and investigating crimes, and apprehending criminals. Officers working in small communities have many duties, while officers employed by large police departments are usually assigned to specific types of duty such as traffic, narcotics, robbery, or homicide. Those assigned to patrol a regularly-assigned area work

alone or in pairs. Related law enforcement careers are in security, probation, corrections, etc.

- Enhance Employment. The AJS290 seminar series provides specialized training for those in law enforcement desiring to enhance their skills. These seminars are available on a limited basis.
- To Prepare for Related Fields. Students in other fields may well find courses such as AJS101, or 225 of interest.
- For Personal Interest. Those seeking training in the safe and ethical use of firearms may enroll in AJS151, 153, and/or 154.

## Administration of Justice Studies

### Associate in Applied Science - AAS 3181

60-69 credits

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Administration of Justice Studies is an interdisciplinary program designed to prepare students for various careers within the criminal justice system and/or transfer to a four year institution. The program also provides criminal justice practitioners with the opportunity to complete the Certificate of Completion (CCL) in Administration of Justice as well as one of four Certificates of Completion in Corrections, Law Enforcement, Legal Studies, and Victimology, and/or a transfer option.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

This program replaces:

- AAS/3397 Administration of Justice

**Program Prerequisites:** None.

#### Required Courses: (27 credits)

		Credits
AJS101	Introduction to Criminal Justice	3
AJS109	Substantive Criminal Law	3
AJS123	Ethics and the Administration of Justice	3
AJS200	Current Issues in Criminal Justice (3) OR	
AJS/EMT/FSC/SWU258	Victimology and Crisis Management (3)	3
AJS212	Juvenile Justice Procedures	3
AJS225	Criminology	3
AJS230	The Police Function	3
AJS240	The Corrections Function	3
AJS260	Procedural Criminal Law	3

#### Restricted Electives: (12-13 credits)

		Credits
AJS113	Criminal Justice Crime Control Policies and Practices (Fulfills ASU transfer requirement)	3
AJS119	Computer Applications in Justice Studies (Fulfills NAU transfer requirement)	3
AJS162	Domestic Violence (Fulfills Victimology certificate requirement)	3

AJS201	Rules of Evidence (Fulfills Legal Studies certificate requirement)	3
AJS205	Criminal Justice Report Writing (Fulfills Corrections, Law Enforcement and Legal Studies certificate requirement)	3
AJS210	Constitutional Law (Fulfills Legal Studies certificate requirement and NAU transfer requirement)	3
AJS255	Crime, Law, and Mental Health (Fulfills Corrections and Victimology certificate requirement)	3
AJS270	Community Relations (Fulfills GCU transfer requirement)	3
AJS275	Criminal Investigation I (Fulfills Corrections and Law Enforcement certificate requirement and GCU transfer requirement)	3
AJS290BN	Courtroom Testimony Seminar	1
AJS++++	Any AJS Administration of Justice Studies course not listed under Required Courses area (3) OR	
BPC110	Computer Usage and Applications (3) OR	
CIS105	Survey of Computer Information Systems (3) (BPC110 or CIS105 fulfills transfer requirement)	3
CIS114DE	Excel Spreadsheet (Fulfills NAU transfer requirement)	3
PSY101	Introduction to Psychology (3) OR	
SOC101	Introduction to Sociology (3) (Fulfills ASU transfer requirement)	3
REC120	Leisure and the Quality of Life (Fulfills ASU transfer requirement)	3
SWU171	Introduction to Social Welfare (Fulfills ASU transfer requirement)	3

**Free Electives: (7-9 credits) Credits**

Recommend the following for transfer:  
 FOR105 Forensic Science: Physical Evidence (4) OR  
 FOR106 Forensic Science: Biological Evidence (4) OR  
 Any course with the [SQ] general education designation (4)  
 Recommend the following for transfer: Any course with an [HU] and [G] general education designation OR an [HU] and [H] general education designation.

**General Education Requirements: (12-22 credits) Credits**

**General Education Core: (12-18 credits) Credits**

**First-Year Composition:.....6**

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3)
- AND
- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3)

**Oral Communication:.....3**

- COM100 Introduction to Human Communication (3) OR
  - COM110 Interpersonal Communication (3) OR
  - + COM225 Public Speaking (3) OR
  - COM230 Small Group Communication (3)
- Recommend +COM225 for students intending to transfer.

**Critical Reading: .....0-3**

- + CRE101 College Critical Reading and Critical Thinking (3) OR
- Equivalent as indicated by assessment.

**Mathematics:.....3-5**

- + MAT140 College Mathematics (5) OR
- + MAT141 College Mathematics (4) OR
- + MAT142 College Mathematics (3) OR
- MAT146 College Mathematics with Review (6) OR
- Any higher approved general education course in the Mathematics area, see listing of courses for AGS, page 27. (3-6)

**General Education Distribution: (0-4 credits) Credits**

**Humanities, Arts and Design: ..... 0**

Met by AJS123 in the Required Courses area.

**Social-Behavioral Sciences: ..... 0**

- Met by AJS200 OR
- AJS/EMT/FSC/SWU258 OR
- AJS200 in Required Courses area.

**Natural Sciences: .....0-4**

- Any approved general education course from the Natural Sciences area, see listing of courses for AGS, page 27.
- May be met by FOR105 or FOR106 in Electives area.

**Administrative Professional<sup>1</sup>**

**Associate in Applied Science - AAS 3680  
61-67 credits**

**For Information:** Beth Berry

**Phone:** 623.845.3391

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in the Administrative Professional degree is designed to provide training for various office positions. The curriculum incorporates people and technological skills essential for job success. Includes instruction in business communications, office procedures, public relations, accounting, records management, and report preparation. A Certificate of Completion (CCL) in Administrative Professional is also available.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (24 credits) Credits**

BPC110	Computer Usage and Applications (3) OR	
CIS105	Survey of Computer Information Systems (3)	3
+ ACC115	Computerized Accounting	3
CIS113DE	Microsoft Word: Word Processing	3
CIS114DE	Excel Spreadsheet	3
GBS120	Workplace Communication Skills	3
GBS131	Business Calculations	3
GBS151	Introduction to Business	3

Select three of the following courses:

BPC101AA	Introduction to Computers I	1
BPC/OAS111AA	Computer Keyboarding I	1
CIS121AE	Windows Operating System: Level I	1

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

CIS121AI	Mac Operating System	1
+ CIS122AE	Windows Operating System: Level II	1
CIS133AA	Internet/Web Development Level I-A	1

**Restricted Electives: (15 credits) Credits**

Students should select 15 credits from the following courses, except courses used to satisfy the Required Courses area, in consultation with a program advisor:

ACC+++	Any ACC Accounting prefixed course (except ACC115)	3
MGT251	Human Relations in Business	3
MGT126	Customer Service Skills and Strategies	3
CIS133DA	Internet/Web Development: Level I	3
+ CIS214DE	Advanced Excel Spreadsheet: Level II	3

Any approved general education course from the Natural Sciences area, see listing of courses for AGS, page 27.

**Administrative Professional<sup>1</sup>**  
**Certificate of Completion - CCL 5677**  
**This program currently is not eligible for Title IV Federal Financial Aid**  
**18 credits**

**For Information:** Beth Berry  
**Phone:** 623.845.3391  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in the Administrative Professional program is designed to provide students with basic office skills. This program is recommended for students with little or no office-related work experience or college experience. Includes instruction in business communications, office procedures, and report preparation. An Associate in Applied Science (AAS) in Administrative Professional is available.

This program also is offered by Chandler-Gilbert, Estrella Mountain, Paradise Valley, and South Mountain Community Colleges.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program replaces:  
 • CCL/5238 Business Office Assistant

**Program Prerequisites:** None.

**Required Courses: (18 credits) Credits**

BPC110	Computer Usage and Applications (3) OR	3
CIS105	Survey of Computer Information Systems (3)	3
CIS113DE	Microsoft Word: Word Processing	3
GBS120	Workplace Communication Skills	3
GBS131	Business Calculations	3
GBS151	Introduction to Business	3

Select three of the following courses:

BPC101AA	Introduction to Computers I	1
BPC/OAS111AA	Computer Keyboarding I	1
CIS121AE	Windows Operating System: Level I	1
CIS121AI	Mac Operating System	1
+ CIS122AE	Windows Operating System: Level II	1
CIS133AA	Internet/Web Development Level I-A	1

**Adobe Foundations: Animation and Graphics Production<sup>1</sup>**  
**Certificate of Completion - CCL 5167N**  
**This program is not eligible for Title IV Federal Financial Aid**  
**9 credits**

**For Information:** Bill Stewart  
**Phone:** 623.845.3250  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Adobe Foundations: Animation and Graphics Production program helps prepare students to create, edit, and enhance digital images, graphics, and animation for use in web, print, and video. A

Certificate of Completion in Adobe Foundations: Video and Audio Production and an Associate in Applied Science (AAS) in Web Design and Development are also available.

This program also is offered by Chandler-Gilbert, Mesa, Paradise Valley, and South Mountain Community Colleges.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program replaces:

- CCL/5807N Adobe Foundations.

**Program Prerequisites:** None.

<b>Required Courses: (9 credits)</b>		<b>Credits</b>
CIS120DB	Introduction to Adobe Illustrator	3
CIS120DC	Introduction to Adobe Animate	3
CIS120DF	Introduction to Adobe Photoshop	3

## Advanced Behavioral Health Sciences

**Certificate of Completion - CCL 5521**

**38-41 credits**

**For Information:** Dr. Thomas Rojo Aubrey, Jr.

**Phone:** 623.845.3212

<https://www.gccaz.edu/counseling>

**Program Description:** The Certificate of Completion (CCL) in Advanced Behavioral Health Sciences is designed to provide students with a comprehensive study of human behavior and prepare them to assist, as part of a clinical team, in the care of individuals and families dealing with mental illness, addictions and substance use, trauma, developmental disabilities, co-morbid medical conditions, and challenging behaviors. The program includes courses designed to provide students with the skills necessary to deliver specialized and comprehensive behavioral health and social services. This program also provides university transfer options in addition to preparation for industry certifications and supervised field experience.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students should select courses in one of the following areas of emphasis:

- Trauma and Crisis Stabilization
- Infant and Early Childhood Mental Health
- Addiction and Substance Use Disorders
- Developmental Disabilities
- Criminal Justice and Forensic Science
- Mental Health

This program also is offered by South Mountain Community College.

**Program Prerequisites:** None.

<b>Required Courses: (32 credits)</b>		<b>Credits</b>
Certificate of Completion (CCL) in Basic Behavioral Health Sciences (5522)		16
AND		
BHS175	Introduction to Trauma-Informed Care and Trauma-Focused Caregiving	3

BHS185	Cultural Competence in Behavioral Health	3
+ BHS190	Professional Portfolio: Supervised Practice In Behavioral Health and Social Services	1
BHS205	Therapeutic Models and Interventions in Individual Therapy	3
BHS210	Addictions, Substance Use Disorders, and Relapse Prevention	3
BHS215	Therapeutic Models and Intervention in Group Therapy	3

### **Restricted Electives: (6 credits) Credits**

Student must choose six credits from one of the following areas of Emphasis:

<b>Emphasis in Trauma and Crisis Stabilization</b>		
BHS230	Crisis and Trauma Stabilization	3
BHS235	Emergency Mental Health Crisis Response and Recovery	3

<b>Emphasis in Infant and Early Childhood Mental Health</b>		
BHS275	Infant and Early Childhood Mental Health	3
BHS272	Child and Adolescent Mental Health and Interventions	3
CFS177	Parent-Child Interaction	3
CFS235	Developing Child: Theory into Practice, Prenatal to Age Eight	3
+ EED210	Creative and Cognitive Play	3

(If EED210 is selected, CFS235 will need to be selected unless another requisite option has been met.)

<b>Emphasis in Addiction and Substance Use Disorders</b>		
ASD110	Pharmacology of Substances of Abuse and Dependency	3
ASD245	Co-Occurring Disorders (2)	
AND		
ASD120	Professional Ethics in Addictions and Substance Use Disorders (1) OR	
ASD145	AIDS and Addiction (1)	3
BHS251	Harm Reduction in Addiction, Substance Use, and Social Services	3

<b>Emphasis in Developmental Disabilities</b>		
BHS271	Developmental Disabilities Assistance Training	3
+ PSY241	Understanding and Changing Behavior	3
+ PSY243	The Psychology of Developmental Disabilities	3

<b>Emphasis in Criminal Justice and Forensic Science</b>		
+ PSY267	Introduction to Forensic Psychology	3

AJS101	Introduction to Criminal Justice (3) OR	
AJS200	Effective Communication and Report Writing in Criminal Justice (3) OR	
AJS225	Criminology (3)	3

<b>Emphasis in Mental Health</b>		
BHS235	Emergency Mental Health Crisis Response and Recovery	3
BHS251	Harm Reduction in Addiction, Substance Abuse and Social Services	3
BHS255	Health and Wellness Coaching in Professional Resiliency	3
BHS262	Behavioral Health Service Techniques for the Elderly	3
BHS266	Violence and Abuse Services	3
BHS269	Grief Support Techniques	3
BHS271	Developmental Disabilities Assistance Training	3
BHS272	Child and Adolescent Mental Health and Interventions	3
BHS275	Infant and Early Childhood Mental Health	3

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

+ PSY266 Abnormal Psychology 3

### Free Electives: (0-3 credits)

Students choosing Developmental Disabilities, Criminal Justice and Forensic Science, or Mental Health may also need to complete PSY101 as it is a requisite to courses in these emphases. PSY101 can be counted towards General Education requirement in most Associate degrees.

PSY101 Introduction to Psychology 3

### Credits

## Aerospace Studies

### General Information

**For Information:** ASU Main Air Force ROTC

**Phone:** 480.965.3181

<https://afrotc.asu.edu/>

The Aerospace Studies (AES) curriculum consists of the General Military Course for freshmen and sophomores and the Professional Officer Course for juniors and seniors. Through an arrangement with Arizona State University at Tempe, students at Glendale Community College can take the General Military Course (GMC) at Arizona State University. Upon receiving a four-year bachelor's degree and completion of the Professional Officer Course (POC) at any university offering Air Force ROTC, the student will receive a commission as a Second Lieutenant in the Air Force.

A formal application is not required for students entering the GMC. Students register for Air Force ROTC at the same time and in the same manner as other courses. During the first two years, students enroll in the GMC normally taking one Aerospace Studies course each semester. Air Force ROTC students not on Air Force ROTC scholarship incur no military obligation.

Students must apply for the POC and be accepted before enrolling in POC classes. Those students accepted will attend a four-week field training encampment at an air force base between their sophomore and junior years. They must complete their Air Force ROTC requirements at a university offering the POC program.

Air Force ROTC offers scholarships to outstanding young men and women on a nationwide competitive basis. Scholarships cover full college tuition as well as books, fees, and a monthly tax-free allowance ranging from \$350-\$500.

Air Force ROTC graduates can go on to become pilots, navigators, space and missile officers, or serve in one of literally hundreds of technical and non-technical career fields. For more information contact Air Force ROTC at 480-965-3181.

## Amazon Web Services Practitioner<sup>1</sup>

**Certificate of Completion - CCL 5141N**

**This program is not eligible for Title IV Federal Financial Aid 2 credits**

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Amazon Web Services Practitioner builds the practical knowledge and skills of cloud computing. Cloud computing provides reliable,

scalable, secure, and flexible technology solutions for personal and business use. This CCL will introduce students new to or interested in cloud computing to the fundamental concepts of cloud services as well as hands-on opportunities to apply these concepts to real-world applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the AWS Cloud Practitioner certification, which is the first level of the AWS certifications.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience such as database, Linux, information security, networking, programming, and DevOps who are interested in expanding their knowledge in the area of cloud computing to enhance their employment opportunities. Speak to a program director for additional information.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Gateway, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (2 credits)**

CLD110	Amazon Web Services Academy Cloud Foundations	2
--------	---	---

## Animation<sup>1</sup>

**Certificate of Completion - CCL 5169**

**This program currently is not eligible for Title IV Federal Financial Aid 40 credits**

**For Information:** Michelle Blomberg

**Phone:** 623.845.3667

<https://www.gccaz.edu/art-humanities>

**Program Description:** The Certificate of Completion (CCL) in Animation develops knowledge and skills in the area of digital animation, including but not limited to the production of still and time-based media, animation techniques, narrative development, character design, compositing, motion graphics, and interactive design. The curriculum is designed to provide the student with an understanding of animation techniques, use of production equipment, animation terminology, media and interactivity applications, and industry practices. This certificate prepares students for employment and upgrades the skills of persons employed in occupations such as digital animators, media producers, storyboard artists, media artist/designers, and interaction designers. Certificates of Completion (CCL) in Video Game Production, and Associate in Applied Science (AAS) degrees in Animation and Time-Based Media and Video Game Production, are also available.

This program also is offered at Mesa and Phoenix Community Colleges

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This CCL is designed for individuals who already have a degree or relevant experience in the field or who are currently employed in the field.

This program replaces:

- CCL/5408 Media Arts: Digital Animation.

**Program Prerequisites:** None.

**Required Courses (40 credits)**

## Animation and Time-Based Media<sup>1</sup>

**Associate in Applied Science - AAS 3199**

**68-74 credits**

**For Information:** Michelle Blomberg

**Phone:** 623.845.3667

<https://www.gccaz.edu/art-humanities>

**Program Description:** The Associate in Applied Science (AAS) in Animation and Time-Based Media is designed for the student who wishes to develop marketable skills in the area of digital animation and time-based media development. The program provides the student with an understanding of the equipment, operations, and knowledge of the terminology related to still image, video, and animation production. It allows for the exploration of personal interest in this area, prepares students for employment, and upgrades skills of those already employed in this field. Employment opportunities are included in video and multimedia fields, such as digital animator, media production, marketing, publishing, motion graphics, photography, storyboard artist, freelance artist designer, web and interactivity design, and multimedia artist/designer. A Certificate of Completion (CCL) in Animation and in Time-Based Media are also available.

This program also is offered at Mesa and Phoenix Community Colleges.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

**Program Prerequisites:** None.

**Natural Sciences: 4**

Any approved general education course from the Natural Sciences area, see listing of courses for AGS, page 27.

**Anthropology****General Information**

**For Information:** Dean Wheeler

**Phone:** 623.845.3903

<https://www.gccaz.edu/social-sciences>

**Student Goals:** General Education, Career-related, Personal

Anthropology courses examine the origins, cultures, biology, and social behaviors of human beings in both the past and the present. Students take these courses:

- For Personal Interest. ASB102 emphasizes different cultures around the world, while ASM104 focuses on human origins and variation. ASB202 looks at the relationships of different groups in the U.S., past and present. ASB214 discusses religions from around the world. ASB222, ASB223 and ASB230 introduce students to the methods and discoveries of archaeology. ASB235 covers past Native American culture in the Southwest. All courses transfer to Arizona universities.

- To meet General Education Requirements: Anthropology courses may also be used to meet the following requirements for any associate's degree and will also transfer:

Humanities: ASB211, ASB220, ASB222, ASB223

Social-Behavioral Sciences: ASB102, ASB211, ASB214, ASB222, ASB223, ASB230, ASB235, ASM104

Natural Sciences: ASB231, ASM104

Global Awareness: ASB102, ASB211, ASB214, ASB222, ASB223

Historical Awareness: ASB202, ASB222, ASB223, ASB235, ASM104

Cultural Diversity: ASB202, ASB235

- To Prepare for a Major at ASU-Main: Those intending to transfer as anthropology majors should complete ASM104, ASB102, and either ASB222 or ASB223. Consult with Dr. Dean Wheeler, Social Science department, in selecting additional anthropology courses for transfer to ASU-Main.

**Architectural and Civil CAD Technology<sup>1</sup>****Associate in Applied Science - AAS 3503****63-70 credits****For Information:** Glenda Chagolla**Phone:** 623.845.3699<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Architectural and Civil CAD Technology degree is designed to prepare students for careers in Computer Aided Design (CAD) and Building Information Modeling (BIM) including, but not limited to, Structural, Mechanical, Electrical, or Civil Engineering offices; Landscape Architects or related fields. The goal of this program is to broaden design exposure and CAD technology skills. Students develop two-dimensional (2D) and three-dimensional (3D) drawings and models utilizing industry standard CAD and BIM software, and learn presentation methods and construction documentation conventions.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites:** None.

**Required Courses: (35-39 credits)**

	<b>Credits</b>
BLT263++ Any Building Codes course	3
CAD100 Fundamentals of 2D AutoCAD	3
+ CAD101 Elements of CAD Graphics (AutoCAD)	3
+ CAD145 Design Principles of Industry	3
+ CAD201 Three-Dimensional (3D) Modeling and Advanced CAD Techniques	3
+ CET211 Strength of Materials	3
DFT126 Building Trades Blueprint Reading	3
Students must complete one of the following math requirements:	
+ DFT106 Algebra and Graphs for Design Technology (3)	
AND	
+ DFT107 Trigonometry and Analytic Geometry for Design Technology (3) OR	
+ MAT150 College Algebra/Functions (5) OR	
+ MAT151 College Algebra/Functions (4) OR

+ MAT155 College Algebra/Functions with Review (5) OR	
+ MAT156 College Algebra/Functions with Review (6)	
AND	
+ MAT182 Plane Trigonometry (3) OR	
+ MAT187 Precalculus (5)	5-9

Students must also complete the courses in one of the following application specialty tracks:

**Track I: Architecture Credits: 9**

+ CAD105 Fundamentals of Revit Architecture	3
+ CAD167 Architectural Drawings I (Revit): Residential CAD	3
+ CAD267 Architectural Drawings II (Revit): Commercial CAD	3

**Track II: Civil Credits: 9**

+ CAD106 Fundamentals of Civil 3D	3
+ CAD186 Site Development I	3
+ CAD286 Site Development II	3

**Restricted Electives: (9 credits)**

Students must select an additional nine credit hours from the following course options. Selected courses will not apply to both Required Courses and Restricted Electives areas.

	<b>Credits</b>
+ CAD105 Fundamentals of Revit Architecture	3
+ CAD106 Fundamentals of Civil 3D	3
+ CAD167 Architectural Drawings I (Revit): Residential CAD	3
+ CAD186 Site Development I	3
+ CAD235 Modeling, Rendering and Animation for Technical Presentations	3
+ CAD267 Architectural Drawings II (Revit): Commercial CAD	3
+ CAD286 Site Development II	3
+ CAD287 Advanced Revit Techniques	3
+ CAD292 Current Developments in CAD Technology (1) (May repeat up to three times on different topics)	1-3

Courses selected from the following Restricted Electives options require prior approval by Department Advisor or Program Director:

CAD+++++	Any CAD Computer-Aided Drafting course(s) (1-3) OR	
CIS+++++	Any CIS Computer Information Systems course(s) (1-3) OR	
ECE+++++	Any ECE Engineering Science course(s) (1-3)	1-3

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

**Art****General Information**

**For Information:** Brendan Regan  
**Phone:** 623.845.3449  
<https://www.gccaz.edu/art-humanities>

**Student Goals:** Career-related

**Transfer Pathways:**

- Associate in Arts, Fine Arts (AAFA) - Art, Dance, Music, Musical Theatre, Theatre
- Associate in General Studies (AGS)

Fine Arts occupations reflect creating artwork whose primary purpose is to be viewed through the context of a conceptual theme. While there has been an ongoing trend of commercial art overlap, the main difference is avenue of exhibition along with thematic and process based execution. Career tracks are based on education, a proficiency in skill set, a firm conceptual direction, and the personal tenacity to market the artwork. This program prepares students to be emerging artists in various media as well as providing a path to higher educational goals.

**Program Description:** This program is designed for students who wish to specialize in Fine Art. If the student intends to transfer to a four-year institution, he or she should consult the institution's catalog for appropriate lower division courses that can then be taken at GCC.

Students should consult with an advisor prior to every semester to keep on track with their educational goals. Courses are offered in sequence with the understanding that every course is not offered every semester.

**Recommended Courses:**

The following courses would be acceptable at most four-year schools for lower division credit. If the student is seeking the AAFA degree please consult with an advisor to determine which track best suits your individual needs.

+ ART177	Computer-Photographic Imaging	3
+ ART181	Graphic Design I	3
+ ART182	Graphic Design II	3
+ ART184	Computer Animation	3
+ ART284	Digital Animation II	3

**General Education Requirements:**

See approved list for AA or AGS degrees beginning on page 15 and page 27, respectively.

**Audio Production Technologies**

**Associate in Applied Science - AAS 3024**  
**61-68 credits**

**For Information:** Dave Schmidt

**Phone:** 623.845.3725

<https://www.gccaz.edu/performing-arts>

**Program Description:** The Associate in Applied Science (AAS) in Audio Production Technologies program offers students hands-on study of audio engineering and related media fields. Students learn and apply the concepts and theories associated with music recording, live sound reinforcement, and sound design. The program is designed to give students foundational knowledge and experience essential in the field of audio production. An embedded Certificate of Completion (CCL) in Audio Production Technologies is also available.

This program also is offered at Mesa, Paradise Valley, Phoenix, and Scottsdale Community Colleges.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

**Program Prerequisites:** None.

**Required Courses: (30-31 credits)**

In addition to the required course work, students must consult with a program advisor to select one of the specializations within the Restricted Electives area.

		Credits
MTC101	Introduction to Music Theory	3
MTC191	Electronic Music I	3
+ MTC192	Electronic Music II	3
MUC109	Music Business: Content Creation and Copyright	3
MUC110	Music Business: Marketing and Monetization (3) OR	
MUC145	Recording Studio Business Operations (2)	2-3
+ MUC111	Digital Audio Workstation I (DAW I)	3
+ MUC194	Introduction to Audio Mixing Techniques	3
MUC195	Studio Music Recording I (3) OR	
MUC195AA	Studio Music Recording I (3)	3
+ MUC196	Studio Music Recording II	3
MUC197	Live Sound Reinforcement I	3
+ MUC297AA	Audio Production Internship (1) OR	
+ MUC296WA	Cooperative Education (1) OR	
MUC298AA	Special Projects (1)	1

**Restricted Electives: (9 credits)**

Students must select one of two Specializations:

**Specialization I: Audio Engineering - Credits: 9**

- + MUC112 Digital Audio Workstation II (DAW II)
- + MUC198 Live Sound Reinforcement II
  
- + MUC289 Live Sound III (3) OR
- + MUC295 Studio Music Recording III (3)

**Specialization II: Sound Design - Credits: 9**

- MUC122 Sound Design I
- MUC222 Sound Design II
- + MUC292 Sound Design III

**General Education Requirements: (22-28 credits)****General Education Core: (12-18 credits)****First-Year Composition:**

- + ENG101 First-Year Composition (3) OR
  - + ENG107 First-Year Composition for ESL (3)
- AND
- + ENG102 First-Year Composition (3) OR
  - + ENG108 First-Year Composition for ESL (3) OR
  - + ENG111 Technical and Professional Writing (3) 6

**Oral Communication:**

- COM100 Introduction to Human Communication (3) OR
- COM110 Interpersonal Communication (3) OR
- + COM225 Public Speaking (3) OR
- COM230 Small Group Communication

COM110 is recommended.

**Critical Reading:**

- + CRE101 College Critical Reading and Critical Thinking (3) OR
- Equivalent as indicated by assessment.

**Mathematics:**

Any approved general education course from the Mathematics area, see listing of courses for AGS, page 27.

Students who intend to transfer must take

- + MAT140 College Mathematics (5) OR
- + MAT141 College Mathematics (4) OR
- + MAT142 College Mathematics (3) OR
- MAT145 College Mathematics with Review (5) OR
- MAT146 College Mathematics with Review (6)

**General Education Distribution: (10 credits)****Humanities, Arts and Design:**

Any approved general education courses from the Humanities, Arts and Design area, see listing of courses for AGS, page 27  
MHL140 or MHL145 or MHL153 recommended.

**Social-Behavioral Sciences:**

Any approved general education course from the Social-Behavioral Sciences area, see listing of courses for AGS, page 27.

PSY101 recommended.

**Natural Sciences:**

Any approved general education course from the Natural Sciences area, see listing of courses for AGS, page 27.

## Automotive Automatic Transmission and Transaxle

**Certificate of Completion - CCL 5930N**

**This program is not eligible for Title IV Federal Financial Aid 4 credits**

**For Information:** Veronica Moreno  
**Phone:** 623.845.3183  
<https://www.gccaz.edu/automotive>

**Program Description:** The Certificate of Completion (CCL) in Automotive Automatic Transmission and Transaxle provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of automatic transmission and transaxle. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A2 Test.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service is also available.

This program also is offered at GateWay and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None.

Required Courses: (4 credits)	Credits
ASE121 Automatic Transmission and Transaxle (4) OR	4
ASE121AU Automatic Transmission and Transaxle (4)	

## Automotive Brake Systems

**Certificate of Completion - CCL 5936N**

**This program is not eligible for Title IV Federal Financial Aid 4 credits**

**For Information:** Veronica Moreno  
**Phone:** 623.845.3183  
<https://www.gccaz.edu/automotive>

**Program Description:** The Certificate of Completion (CCL) in Automotive Brake Systems provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of brake systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A5 Test.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service also is available.

This program also is offered at GateWay and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None.

Required Courses: (4 credits)	Credits
ASE151 Introduction to Brake Systems (2) OR	2
ASE151AU Introduction to Brake Systems (2)	
+ ASE251 Advanced Brake Systems (2) OR	2
+ ASE251AU Advanced Brake Systems (2)	

## Automotive Chassis

**Certificate of Completion - CCL 5952**

**16 credits**

**For Information:** Veronica Moreno  
**Phone:** 623.845.3183  
<https://www.gccaz.edu/automotive>

**Program Description:** The Certificate of Completion (CCL) in Automotive Chassis provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of suspension, steering, brakes and electrical systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A4, A5 and A6 Tests.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service also is available.

This program also is offered at GateWay and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each listed in the Required Courses area.

**Program Prerequisites:** None.

Required Courses: (16 credits)	Credits
ASE141 Steering, Suspension and Pre-Alignment (2) OR	2
ASE141AU Steering, Suspension and Pre-Alignment (2)	
ASE151 Introduction to Brake Systems (2) OR	2
ASE151AU Introduction to Brake Systems (2)	
ASE161 Basic Automotive Electrical/Electronics (2) OR	2
ASE161AU Basic Automotive Electrical/Electronics (2)	
+ ASE162 Automotive Battery, Starting and Charging Systems (2) OR	2
+ ASE162AU Automotive Battery, Starting and Charging Systems (2)	
+ ASE241 Advanced Steering, Suspension and Alignment (2) OR	2
+ ASE241AU Advanced Steering, Suspension and Alignment (2)	
+ ASE251 Advanced Brake Systems (2) OR	2
+ ASE251AU Advanced Brake Systems (2)	
+ ASE261 Automotive Electrical Diagnostics and Repair (2) OR	2
+ ASE261AU Automotive Electrical Diagnostics and Repair (2)	
+ ASE262 Automotive Electronic Control Systems (2) OR	2
+ ASE262AU Automotive Electronic Control Systems (2)	

**Automotive Drive Train****Certificate of Completion - CCL 5950****16 credits****For Information:** Veronica Moreno**Phone:** 623.845.3183<https://www.gccaz.edu/automotive>

**Program Description:** The Certificate of Completion (CCL) in Automotive Drive Train provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of automatic and manual transmissions and drive-trains and electrical systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A2, A3 and A6 Tests.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service also is available.

This program also is offered at GateWay and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None.

<b>Required Courses: (16 credits)</b>	<b>Credits</b>
ASE121 Automatic Transmission and Transaxle (4) OR ASE121AU Automatic Transmission and Transaxle (4)	4

### Automotive Engine Performance

**Certificate of Completion - CCL 5942N**

**This program is not eligible for Title IV Federal Financial Aid 8 credits**

**For Information:** Veronica Moreno

**Phone:** 623.845.3183

<https://www.gccaz.edu/automotive>

**Program Description:** The Certificate of Completion (CCL) in Automotive Engine Performance provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of engine performance. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A8 Test.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service also is available.

This program also is offered at Gateway and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None.

<b>Required Courses: (8 credits)</b>		<b>Credits</b>
ASE181	Introduction to Engine Performance (2) OR	2
ASE181AU	Introduction to Engine Performance (2)	
+ ASE182	Theory and Fundamentals of Automotive Fuel/Air and Ignition Systems (2) OR	2
+ ASE182AU	Theory and Fundamentals of Automotive Fuel/Air and Ignition Systems (2)	
+ ASE281	Computerized Automotive Engine Control Systems (2) OR	2
+ ASE281AU	Computerized Automotive Engine Control Systems (2)	
+ ASE282	Advanced Engine Performance Diagnosis (2) OR	2
+ ASE282AU	Advanced Engine Performance Diagnosis (2)	

### Automotive Engine Repair

**Certificate of Completion - CCL 5928N**

**This program is not eligible for Title IV Federal Financial Aid 4 credits**

**For Information:** Veronica Moreno

**Phone:** 623.845.3183

<https://www.gccaz.edu/automotive>

**Program Description:** The Certificate of Completion (CCL) in Automotive Engine Repair provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of engine repair. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A1 Test.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service also is available.

This program also is offered at Gateway and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None.

<b>Required Courses: (4 credits)</b>		<b>Credits</b>
Students are required to take (ASE102++, AND ASE111++) OR ASE113++ for a total of four credits.		

ASE102	Automotive Express Service (2) OR	4
ASE102AU	Automotive Express Service (2)	
AND		
ASE111	Engine Diagnosis and Inspection (2) OR	4
ASE111AU	Engine Diagnosis and Inspection (2)	
OR		
ASE113	Engine Repair (4) OR	4
ASE113AU	Engine Repair (4)	

### Automotive Engine Repair and Performance

**Certificate of Completion - CCL 5954 20 credits**

**For Information:** Veronica Moreno

**Phone:** 623.845.3183

<https://www.gccaz.edu/automotive>

**Program Description:** The Certificate of Completion (CCL) in Automotive Engine Repair and Performance provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of engine repair and performance and electrical systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A1, A6 and A8 Tests.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service also is available.

This program also is offered at Gateway and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None.

**Required Courses: (20 credits)**

Students are required to take (ASE102++, AND ASE111++) OR ASE113++ for a total of four credits.

		<b>Credits</b>
ASE102	Automotive Express Service (2) OR	
ASE102AU	Automotive Express Service (2)	
AND		
ASE111	Engine Diagnosis and Inspection (2) OR	
ASE111AU	Engine Diagnosis and Inspection (2)	4
OR		
ASE113	Engine Repair (4) OR	
ASE113AU	Engine Repair (4)	4
ASE161	Basic Automotive Electrical/Electronics (2) OR	
ASE161AU	Basic Automotive Electrical/Electronics (2)	2
+ ASE162 Automotive Battery, Starting and Charging Systems (2) OR		
+ ASE162AU	Automotive Battery, Starting and Charging Systems (2)	2
+ ASE261 Automotive Electrical Diagnostics and Repair (2) OR		
+ ASE261AU	Automotive Electrical Diagnostics and Repair (2)	2
+ ASE262 Automotive Electronic Control Systems (2) OR		
+ ASE262AU	Automotive Electronic Control Systems (2)	2
ASE181	Introduction to Engine Performance (2) OR	
ASE181AU	Introduction to Engine Performance (2)	2
+ ASE182 Fundamentals of Automotive Fuel/Air and Ignition Systems (2) OR		
+ ASE182AU	Fundamentals of Automotive Fuel/Air and Ignition Systems (2)	2
+ ASE281 Computerized Automotive Engine Control Systems (2) OR		
+ ASE281AU	Computerized Automotive Engine Control Systems (2)	2
+ ASE282 Advanced Engine Performance Diagnosis (2) OR		
+ ASE282AU	Advanced Engine Performance Diagnosis (2) OR	
+ ASE263	Hybrid Vehicle Overview (2)	2

## Automotive Heating, Ventilation and Air Conditioning Systems

**Certificate of Completion - CCL 5940N**

**This program is not eligible for Title IV Federal Financial Aid 3 credits**

**For Information:** Veronica Moreno

**Phone:** 623.845.3183

<https://www.gccaz.edu/automotive>

**Program Description:** The Certificate of Completion (CCL) in Automotive Heating, Ventilation and Air Conditioning (HVAC) Systems provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of HVAC systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A7 Test.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service also is available.

This program also is offered at GateWay and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None.

**Required Courses: (3 credits)**

		<b>Credits</b>
ASE171	Automotive Heating, Ventilation and Air Conditioning Systems (3) OR	
ASE171AU	Automotive Heating, Ventilation and Air Conditioning Systems (3)	3

## Automotive Maintenance and Light Repair

**Certificate of Completion - CCL 5946**

**16 credits**

**For Information:** Veronica Moreno

**Phone:** 623.845.3183

<https://www.gccaz.edu/automotive>

**Program Description:** The Certificate of Completion (CCL) in Automotive Maintenance and Light Repair provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of basic electrical and mechanical maintenance and repair. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification Tests.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service also is available.

This program also is offered at GateWay and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None.

**Required Courses: (16 credits)**

		<b>Credits</b>
ASE101	Introduction to Automotive	2
ASE141 ASE141AU	Steering, Suspension and Pre-Alignment (2) OR Steering, Suspension and Pre-Alignment (2)	2
ASE151 ASE151AU	Introduction to Brake Systems (2) OR Introduction to Brake Systems (2)	2
ASE161 ASE161AU	Basic Automotive Electrical/Electronics (2) OR Basic Automotive Electrical/Electronics (2)	2
+ ASE162	Automotive Battery, Starting and Charging Systems (2) OR	
+ ASE162AU	Automotive Battery, Starting and Charging Systems (2)	2
ASE171 ASE171AU	Automotive Heating, Ventilation and Air Conditioning Systems (3) OR Automotive Heating, Ventilation and Air Conditioning Systems (3)	3
ASE181 ASE181AU	Introduction to Engine Performance (2) OR Introduction to Engine Performance (2)	2
ASE290AA ASE298AA	Automotive Service Internship (1) OR Special Projects (1)	1

**Automotive Manual Drive Train and Axles**  
**Certificate of Completion - CCL 5932N**  
**This program is not eligible for Title IV Federal Financial Aid**  
**4 credits**

**For Information:** Veronica Moreno  
**Phone:** 623.845.3183  
<https://www.gccaz.edu/automotive>

**Program Description:** The Certificate of Completion (CCL) in Automotive Manual Drive Train and Axles provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of manual drive train and axles. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A3 Test.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service also is available.

This program also is offered at GateWay and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None.

**Required Courses: (4 credits)**

		<b>Credits</b>
ASE131 ASE131AU	Manual Drive Trains and Axles (4) OR Manual Drive Trains and Axles (4)	4

**Automotive Service**

**Associate in Applied Science - AAS 3180**  
**62-67 credits**

**Phone:** 623.845.3972

**For ASEP Program Information:** Lyle Clark  
**Phone:** 623.845.3659

The Automotive Technology Department at GCC offers four automotive programs:

- General
- ASE (Ford)
- ASEP (General Motors)
- MCAP (Fiat Chrysler)

The General Program is a non-factory sponsored program. This program is designed for students who may wish to work in an independent repair facility as well as those who simply want to broaden their automotive repair skills.

This program allows students to take courses at their own pace. Students may choose to follow a recommended schedule for completing the program or may choose classes at his/her convenience.

The Factory Sponsored Programs at Glendale are designed with the intention of placing the student in a dealership. The goal of these programs is to enable the student to achieve entry level as a technician. The programs are intensive and require full time status of each student. The student will require four semesters to complete this course of study. During those four semesters the student will also be employed by his or her dealership whenever classes are not in session. This allows the student to experience working conditions and grow into a professional technician. To register in one of the factory sponsored programs, students must be sponsored by a dealership as a technician apprentice (we will help potential students with the interview process and steer them to dealerships that have already agreed to sponsor apprentices).

The Automotive Service Educational Program (ASEP) combines GCC's Automotive Service AAS degree program with General Motors dealership experience.

The Automotive Student Service Educational Training Program (ASSET) combines GCC's Automotive Service AAS degree program with Ford dealership experience.

The Fiat Chrysler Mopar Career Automotive Program (MCAP) combines GCC's Automotive Service AAS degree program with a Chrysler, Dodge Fiat or Jeep dealership service department experience.

Students sponsored through ASEP/ASSET/MCAP programs may be required to take additional classes.

**Transferability:** Coursework has been generally transferable to ASU's and NAU's Department of Industrial Education, but the transfer student may need 75-80 more hours to receive the BS degree. When a transfer is planned, the student should consult as early as possible with the school and program to which he or she plans to transfer.

**Certification:** Certified by the National Institute for Automotive Service Excellence (ASE) and evaluated by National Automotive Technicians Education Foundation (NATEF).

Due to limited course availability, students should consult with a department advisor and/or Automotive department instructor in planning their academic schedule in order to complete degree requirements in an expedient manner.

**Special Skill Levels Needed:** Students wishing to pursue an AAS degree are advised to follow the recommendations of the Basic Studies Advisors for English and Reading placements.

**Program Description:** The Associate in Applied Science (AAS) in Automotive Service prepares individuals to apply technical knowledge and skills to repair, service, and maintain automobiles. Instruction is in both the theoretical and practical aspects of automotive repair, service and maintenance, and includes brake systems, electrical systems, engine performance, engine repair, suspension and steering, automatic and manual transmissions and drivetrains, and heating and air conditioning systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile Certification Tests (A1 - A8).

See program advisor for additional certificate offerings.

This program also is offered at GateWay and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None.

**Required Courses: (41 credits)**

		<b>Credits</b>
ASE101	Introduction to Automotive	2
Students are required to take (ASE102++, AND ASE111++) OR ASE113++ for a total of four credits.

## Automotive Service

**Certificate of Completion - CCL 5956**  
**44 credits**

**For Information:** Veronica Moreno

**Phone:** 623.845.3183

<https://www.gccaz.edu/automotive>

**Program Description:** The Certificate of Completion (CCL) in Automotive Service prepares individuals to apply technical knowledge and skills to repair, service, and maintain automobiles. Instruction is in both the theoretical and practical aspects of automotive repair, service and maintenance, and includes brake systems, electrical systems, engine performance, engine repair, suspension and steering, automatic and manual transmissions and drivetrains, and heating and air conditioning systems. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile Certification Tests (A1 - A8).

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service also is available.

This program also is offered at GateWay and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None.

**Required Courses: (41 credits) Credits**

ASE101	Introduction to Automotive	2
--------	----------------------------	---

Students are required to take (ASE102++, AND ASE111++) OR ASE113++ for a total of four credits.

**Automotive Technology****General Information**

**For Information:** Veronica Moreno  
**Phone:** 623.845.3183  
<https://www.gccaz.edu/automotive>

Constant increases in the number of vehicles on the road as well as their increasing complexity promises a steady stream of new career openings within the automotive service industry both locally and nationally.

Mobility within the automotive service industry is almost limitless. The experienced technician who demonstrates quality workmanship, willingness to learn, organizational skills, reliability and good communication skills will find opportunities to move into other jobs within the industry such as management, sales, field service, business ownership or teaching.

Automobile technicians diagnose, repair and perform maintenance operations on cars, trucks, buses and other motor vehicles. The most critical attributes of an automotive technician are the ability to accurately diagnose the causes of malfunctions and to demonstrate quality workmanship in making repairs. Thorough knowledge and understanding of the vehicle and component being serviced, combined with good testing and service skills, insures fast and efficient work.

**Basic Behavioral Health Sciences****Certificate of Completion - CCL 5522**

**16 credits**

**For Information:** Dr. Thomas Rojo Aubrey  
**Phone:** 623.845.3212  
<https://www.gccaz.edu/counseling>

**Program Description:** The Certificate of Completion (CCL) in Basic Behavioral Health Sciences is designed to provide students with a foundational study of human behavior and prepare them to assist, as part of a clinical team, in the care of individuals and families dealing with mental illness, comorbid medical conditions, and challenging behaviors. The program includes courses designed to provide students with the skills necessary to deliver essential behavioral health and social services. The core focus of the program is practical training and service learning experiences.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at South Mountain Community College.

**Prerequisites:** None.

<b>Required Courses: (16 credits)</b>	<b>Credits</b>
BHS150	Introduction to Behavioral Health and Social Services
BHS155	Professional Resiliency Against Traumatic Stress, Burnout and Compassion Fatigue Prevention

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

BHS160	Ethical, Legal and Professional Issues in Behavioral Health and Social Services	3
BHS165	Applied Therapeutic Communication Skills	3
BHS170	Case Management and Clinical Documentation	3
BHS180	Child, Family, and Adult Advocacy	3

- Birth to five Mental Health Specialist
- Child Development Specialist
- Care Manager/Case manager
- Case Aid
- Child Care Worker/Child Welfare
- Crisis Specialist
- Crisis Transition Navigator
- Crisis Hotline
- Direct Care Staff
- Family Advocate
- Family Support Partner
- High Needs Case Management
- Human Services Worker
- Independent Living Specialist
- Mental Health Intake Specialist
- Mental Health Provider
- Parent Aid
- Parent Support Partner
- Peer Support Specialist
- Psychiatric Aide/Attendant/Technician
- Psychological Stress Evaluator
- Psychosocial Rehabilitation Specialist

- Rehabilitation Specialist
- Respite Care Worker
- Social Service Aid
- Social Work
- Substance Abuse Counselor
- Youth Advocate
- Youth Mentor
- Victims' Advocate

## Behavioral Health Sciences

### General Information

**For Information:** Dr. Thomas Rojo Aubrey

**Phone:** 623.845.3212

<https://www.gccaz.edu/counseling>

Behavioral Sciences is designed to provide students with a comprehensive study of human behavior and prepare them to assist, as part of a clinical team, in the care of individuals and families dealing with mental illness, addictions and substance use, trauma, developmental disabilities, comorbid medical conditions, and challenging behaviors. The Behavioral Health Sciences curriculum provides a strong foundation for students who plan to pursue advanced degrees in mental health, social services or a related field.

A Behavioral Health Sciences degree and certificate provides students with the knowledge and skills to work in the field while they continue higher-level education. Our transfer partnerships with state and private universities allows BHS students to transfer 67-90 credits towards a bachelor's degree in applied human behavior, behavioral health sciences, counseling, human services, psychology, sociology, social work, substance abuse counseling, or technical education.

The BHS program offers the following certifications and degree:

- CCL in Basic Behavioral Health Sciences
- CCL in Advanced Behavioral Health Sciences
- AAS in Behavioral Sciences

Industry certifications offered in the BHS program include:

- BHS150 = Mental Health First Aid (National Council for Behavioral Health)
- BHS175 = Certified Trauma Support Specialist (Trauma Institute International)
- BHS190 = Nonviolent Crisis Intervention (Crisis Prevention Institute)
- BHS205 = Registered Behavior Technician (Behavior Analyst Certification Board) - in process
- BHS230 = Applied Suicide Intervention Skills Training (LivingWorks)
- BHS230 = safeTALK (Living Works)
- BHS235 = Psychological First Aid (The National Child Traumatic Stress Network)

Upon completion of an associate's or bachelor's degree, students may pursue a career as a(n):

- Mental Health and Related Specialists
- ABA Therapist
- ACT Specialist
- Behavior Coach
- Behavior Analyst
- Behavioral Health Technician
- Behavior Management Specialist

### Employers

- Hospitals and other healthcare settings
- Local, state, and federal agencies
- Mental Health Clinicals
- Behavioral Health Provider Agencies
- Nursing homes
- Psychiatric Hospitals
- Psychiatric Providers
- Public Health Agencies
- Regional Behavioral Health Providers
- Residential Care Facilities
- Schools
- Social Services Agencies

## Behavioral Sciences

**Associate in Applied Science - AAS 3067**  
**60-66 credits**

**For Information:** Dr. Thomas Rojo Aubrey

**Phone:** 623.845.3212

<https://www.gccaz.edu/counseling>

**Program Description:** The Associate in Applied Science (AAS) in Behavioral Sciences is designed to provide students with a comprehensive study of human behavior and prepare them to assist, as part of a clinical team, in the care of individuals and families dealing with mental illness, addictions and substance

use, trauma, developmental disabilities, comorbid medical conditions, and challenging behaviors. The program includes courses designed to provide students with the skills necessary to deliver specialized and comprehensive behavioral health and social services. This program is university-transferable and provides preparation for industry certifications and supervised field experience.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students should select restricted electives in one of the following areas of emphasis:

- Trauma and Crisis Stabilization
- Infant and Early Childhood Mental Health
- Addiction and Substance Use Disorders
- Developmental Disabilities
- Criminal Justice and Forensic Science
- Mental Health

This program also is offered at South Mountain Community College.

**Program Prerequisites:** None.

**Required Courses: (32 credits) Credits**

BHS150	Introduction to Behavioral Health and Social Services	3
BHS155	Professional Resiliency Against Traumatic Stress, Burnout and Compassion Fatigue Prevention	1
BHS160	Ethical, Legal and Professional Issues in Behavioral Health and Social Services	3
BHS165	Applied Therapeutic Communication Skills	3
BHS170	Case Management and Clinical Documentation	3
BHS180	Child, Family, and Adult Advocacy	3
BHS175	Introduction to Trauma-Informed Care and Trauma-Focused Caregiving	3
BHS185	Cultural Competency in Behavioral Health Services	3
+ BHS190	Professional Portfolio: Supervised Practice In Behavioral Health and Social Services	1
BHS205	Therapeutic Models and Interventions in Individual Therapy	3
BHS210	Addictions, Substance Use Disorders, and Relapse Prevention	3
BHS215	Therapeutic Models and Intervention in Group Therapy	3

**Restricted Electives: (6 credits) Credits**

Students must choose six credits from one of the following areas of Emphasis:

**Emphasis in Trauma and Crisis Stabilization**

BHS230	Crisis and Trauma Stabilization	3
BHS235	Emergency Mental Health Crisis Response and Recovery	3

**Emphasis in Infant and Early Childhood Mental Health**

BHS275	Infant and Early Childhood Mental Health	3
BHS272	Child and Adolescent Mental Health and Interventions	3
CFS177	Parent-Child Interaction	3
CFS235	Developing Child: Theory into Practice, Prenatal to Age Eight	3
+ EED210	Creative and Cognitive Play	3

(If EED210 is selected, CFS235 will need to be selected unless another requisite option has been met.)

**Emphasis in Addiction and Substance Use Disorders**

ASD110	Pharmacology of Substances of Abuse and Dependency	3
--------	--	---

ASD245	Co-Occurring Disorders (2)	
AND		
ASD120	Professional Ethics in Addictions and Substance Use Disorder (1) OR	
ASD145	AIDS and Addiction (1)	3
BHS251	Harm Reduction in Addiction, Substance Use, and Social Services	3

**Emphasis in Developmental Disabilities**

BHS271	Developmental Disabilities Assistance Training	3
+ PSY241	Understanding and Changing Behavior	3
+ PSY243	The Psychology of Developmental Disabilities	3

**Emphasis in Criminal Justice and Forensic Science**

+ PSY267	Introduction to Forensic Psychology	3
AJS101	Introduction to Criminal Justice (3) OR	
AJS200	Effective Communication and Report Writing in Criminal Justice (3) OR	
AJS225	Criminology (3)	3

**Emphasis in Mental Health**

BHS235	Emergency Mental Health Crisis Response and Recovery	3
BHS251	Harm Reduction in Addiction, Substance Abuse and Social Services	3
BHS255	Health and Wellness Coaching in Professional Resiliency	3
BHS262	Behavioral Health Service Techniques for the Elderly	3
BHS266	Violence and Abuse Services	3
BHS269	Grief Support Techniques	3
BHS271	Developmental Disabilities Assistance Training	3
BHS272	Child and Adolescent Mental Health and Interventions	3
BHS275	Infant and Early Childhood Mental Health	3
+ PSY266	Abnormal Psychology	3

**General Education: (22-28 Credits)**

**General Education Core: (12-18 credits) Credits**

**First Year Composition: ..... 6**

+ ENG101	First-Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3)	
AND		
+ ENG102	First-Year Composition (3) OR	
+ ENG108	First-Year Composition for ESL (3) OR	
+ ENG111	Technical and Professional Writing (3)	

ENG102 or ENG108 recommended for students considering pursuing a bachelor's degree at an Arizona university.

**Oral Communication: ..... 3**

COM100	Introduction to Human Communication (3) OR	
COM110	Interpersonal Communication (3) OR	
+ COM225	Public Speaking (3) OR

+ HCR210 Clinical Health Care Ethics recommended.

**Social-Behavioral Sciences:..... 3**

PSY101 Introduction to Psychology

**Natural Sciences: ..... 4**

Any approved general education course from the Natural Sciences area, see listing of courses for AGS, page 27.

Recommended:

- + PSY275 Biopsychology (suggested) (4) OR
- + BIO156 Introductory Biology for Allied Health (4) OR
- BIO160 Introduction to Human Anatomy and Physiology (4) OR
- FON241 Principles of Human Nutrition (3) AND
- + FON241LL Principles of Human Nutrition Laboratory (1)

**Biology****General Information**

**For Information:** Karen Conzelman

**Phone:** 623.845.3612

<https://www.gccaz.edu/biology>

**Student Goals:** Career-related, General Education, Transfer

The primary focus of biology is the study of life. This field includes all living organisms from the smallest bacterium to the largest and most complex plants and animals. The critical role that scientists play in helping us to better understand natural phenomena like climate change and disease means that it is as important as ever for everyone to have a basic knowledge of biology and the process of scientific inquiry. It is only with this foundation that we can evaluate the credibility of information, understand new technology and its impact on all aspects of our society and make personal choices that best serve us now and in the future:

Students typically take biology courses to:

- Provide the needed foundation for careers in fields such as nursing, medicine, health, human services, nutrition, physical education, agriculture, and forestry. Pre-Nursing students must complete several prerequisite biology courses before applying for admission to the nursing program. Similarly, as described in the Pre-Health section of this catalog, biology is one of many science courses required for admission to other professional programs in the health fields (Pre-Med, Pre-Dental, Pre-Pharmacy).
- Meet requirements for a major in biology (or related field) at a four-year institution. Students can complete the first half of their bachelor's degree in Biology at Glendale Community College (GCC). Careful planning can enable students to transfer seamlessly to the university. The guided pathway leading to an Associate in Science, Emphasis in Biological Sciences provides an academic planning framework for students intending to transfer to an Arizona university. This program of study also aligns with the admission requirements of professional programs in many health-related fields like Medicine, Dentistry, and Pharmacy. (For additional information, see the Pre-Health information provided elsewhere in this catalog).

- Prepare for careers in the biotechnology industry. GCC offers an Associate in Applied Sciences (AAS) degree in Biotechnology and Molecular Biosciences that is aligned with university transfer opportunities.

- Meet the General Education requirement in Natural Sciences for their associate's and or bachelor's degree in other non-STEM majors like business, computer information systems, education and the arts. BIO101, 102, 105, 145, and 160 all have Arizona General Education Curriculum (AGEC) designations and are intended primarily for such non-major students.

**Biomedical Equipment Technology<sup>2</sup>**

**Certificate of Completion - CCL 5985**

**This program currently is not eligible for Title IV Federal Financial Aid**

**26-36 credits**

**For Information:** Karen Conzelman

**Phone:** 623.845.3612

<https://www.gccaz.edu/biology>

**Program Description:** The Certificate of Completion (CCL) in Biomedical Equipment Technology program introduces students to the technical knowledge and skills needed for entry level positions troubleshooting, repairing, and maintaining biomedical equipment used by hospitals, clinics, home healthcare providers, and medical device manufacturers and repair companies. Coursework includes the study of electronics, networking, information security, human anatomy and physiology, regulatory, and healthcare delivery systems.

**Program Notes:** Students must earn a grade of C or better in each course in the program.

This program also is offered at Mesa Community College.

**Program Prerequisites:** None.

<b>Required Courses: (26-36 credits)</b>		<b>Credits</b>

**Biotechnology and Molecular Biosciences****Associate in Applied Science - AAS 3034****62-69 credits****For Information:** James Tuohy**Phone:** 623.845.3845<https://www.gccaz.edu/biology>

**Program Description:** The Associate in Applied Science (AAS) in Biotechnology and Molecular Biosciences program is designed to give entry-level laboratory technicians skills for application in academic, industrial and commercial research institutions. The exposure to an academic environment that simulates the contemporary biotechnological workplace, inclusive of analytical, critical thinking and problem-solving skills, provides the opportunity to form a strong technical foundation typically sought by employers. The successful completion of the program may also provide the educational background for those wishing to pursue a career in the pharmaceutical industry, clinical laboratory medicine, forensics or environmental testing laboratories and/or a foundation for a student wishing to continue their education at a university.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses and Restricted Electives area.

## Business and Information Technology

### General Information

**For Information:** Rachelle Hall  
**Phone:** 623.845.3231  
<https://www.gccaz.edu/business>

### University Transfer Program

#### Associate in Business, General Requirements (ABUS-GR):

##### Purpose of the Degree

The Associate in Business General Requirements (ABUS-GR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for the various business majors (except Computer Information Systems) at Arizona's public universities. Computer Information Systems majors should follow the Associate in Business Special Requirements (ABUS-SR) pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements.

Generally, the degree transfers as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements. In most cases, courses used to satisfy the MCCCDC Associate in Business-General Requirements will apply to university graduation requirements of the university major for which the ABUS-GR was designed.

#### Associate in Business, Special Requirements (ABUS-SR):

##### Purpose of the Degree

The Associate in Business Special Requirements (ABUS-SR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree

meet requirements for Business' Computer Information Systems majors at Arizona's public universities. Other Business majors should follow the Associate in Business General Requirements (ABUS-GR) pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements.

Generally, the degree transfers as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements. In most cases, courses used to satisfy the MCCCDC Associate in Business-Special Requirements may apply to university graduation requirements of the university major for which the ABUS-SR was designed.

## Business and Personal Computers

### General Information

**For Information:** Beth Berry

**Phone:** 623.845.3391

<https://www.gccaz.edu/business>

**Student Goals:** Personal, Career-related

These eCourses and traditional structured courses develop skills in using IBM and/or Macintosh microcomputers and their related software. Students take these courses:

- For personal development of microcomputer skills. Beginning courses are available, such as BPC101 (introductory), 110 (computer applications), and 111 (keyboarding). Students may wish to continue in more advanced courses.
- To Prepare for or Enhance Employment. Both an Associate in Applied Science (AAS) degree program and a Certificate of Completion (CCL) program are available. With proper choices, a student who completes the Certificate may apply all those courses toward the Associate's Degree program. For either program, students should consult with a department advisor to plan their academic schedules.

Required courses may not be available every semester, students, degree seeking or transfer, should consult with a department advisor in planning their academic schedule in order to complete degree requirements in an expedient manner.

For more information and course availability on the Business and Personal Computers program, visit us on the web at: <https://www.gccaz.edu/business-information-technology>.

## CAD Application

### Certificate of Completion - CCL 5410N

**This program is not eligible for Title IV Federal Financial Aid 12-37 credits**

**For Information:** Glenda Chagolla

**Phone:** 623.845.3699

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in CAD Application program is designed to broaden students' design exposure and Computer-Aided Design (CAD) technology skills.

Students will utilize industry standard CAD and building information modeling (BIM) software to produce three-dimensional (3D) drawings and parametric models. This will include presentation methods and construction documentation conventions for either the architecture or civil design fields. Students may apply these courses toward the Associate in Applied Science (AAS) degree in Architectural and Civil CAD Technology.

**Program Notes:** Students must earn a grade of C or better for each course listed in the program.

**Program Prerequisites:** None.

**Required Courses: (6-31 credits) Credits**

CAD100	Fundamentals of 2D AutoCAD (3) AND	
+ CAD101	Elements of CAD Graphics (AutoCAD) (3) AND	
+ CAD145	Design Principles for Industry (3) AND	
+ CAD201	Three-Dimensional (3D) Modeling and Advanced CAD Techniques (3) AND	
+ CAD105	Fundamentals of Revit Architecture (3) OR	
+ CAD106	Fundamentals of Civil 3D (3) AND	
+ CAD292	Current Developments in CAD Technology 1 OR	
	Permission of Program Director based on equivalent industry experience. (0)	0-16

Students must complete one of the following math requirements:

+ DFT106	Algebra and Graphs for Design Technology (3) AND	
+ DFT107	Trigonometry and Analytic Geometry for Design Technology (3) OR	
+ MAT150	College Algebra/Functions (5) OR	
+ MAT151	College Algebra/Functions (4) OR	
+ MAT152	College Algebra/Functions (3) OR	
+ MAT155	College Algebra/Functions with Review (5) OR	
+ MAT156	College Algebra/Functions with Review (6) AND	
+ MAT182	Plane Trigonometry (3) OR	
+ MAT187	Precalculus (5) OR	
	Permission of Program Director based on equivalent industry experience. (0)	0-9

+ CAD167	Architectural Drawings I (Revit): Residential CAD (3) OR	
+ CAD186	Site Development I (3)	3
+ CAD267	Architectural Drawings II (Revit): Commercial CAD (3) OR	
+ CAD286	Site Development II (3)	3

**Restricted Electives: (6 credits) Credits**

BLT263++	Any Building Codes course	3
+ CAD167	Architectural Drawings I (Revit): Residential CAD	3
+ CAD186	Site Development I	3
+ CAD235	Modeling, Rendering and Animation for Technical Presentations	3
+ CAD267	Architectural Drawings II (Revit): Commercial CAD	3
+ CAD286	Site Development II	3
+ CAD287	Advanced Revit Techniques	3
+ CAD292	Current Developments in CAD Technology (1)	1-3
	(CAD292 may be repeated up to three times on different topics.)	
CAD+++++	Any other CAD Computer-Aided Drafting course(s)	1-3
CET211	Strength of Materials	3
DFT126	Building Trades Blueprint Reading	3

## CAD Fundamentals

**Certificate of Completion - CCL 5409**

**16 credits**

**For Information:** Glenda Chagolla

**Phone:** 623.845.3699

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in CAD Fundamentals program is designed to provide students with the Computer-Aided design (CAD) skills and competence in two-dimensional (2D) and three-dimensional (3D) documentation and modeling typical of entry level CAD operators. Students may apply these courses toward the Associate in Applied Science (AAS) degree in Architectural and Civil CAD Technology.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites:** None.

**Required Courses: (16 credits) Credits**

CAD100	Fundamentals of 2D AutoCAD	3
+ CAD101	Elements of CAD Graphics (AutoCAD)	3
+ CAD145	Survey of CAD 3	
+ CAD201	Three-Dimensional (3D) Modeling and Advanced CAD Techniques	3
+ CAD105	Fundamentals of Revit Architecture (3) OR	
+ CAD106	Fundamentals of Civil 3D (3)	3
+ CAD292	Current Developments in CAD Technology	1

## Chemistry

### General Information

**For Information:** Debbie Leedy

**Phone:** 623.845.4770

<https://www.gccaz.edu/chemistry>

**Student Goals:** General Education, Career-related, Transfer

Chemists study the behavior of substances, and create new or improved materials for special purposes: faster semiconductor circuits, new drugs, and new personal care products to name a few. They use their knowledge to study the complex chemistry of living systems vital to research efforts in the field of medicine. They also analyze samples for trace elements in fields such as forensic science, medical labs and environmental chemistry. And sometimes, they engage in pure research that just might lead to an unexpected discovery!

Students studying chemistry often find employment in a variety of related fields: medicine, pharmacy, industrial safety, engineering, geology, environmental science and biology, as well as in education or the traditional chemistry lab. There is a continuing demand for BS, MS, and PhD chemists in business, government and industry. Although the Phoenix area has some positions in medical labs, government labs, and the semiconductor industry, opportunities for local employment are somewhat limited. The national picture is more encouraging.

**Transfer Program:** Students intending to major in chemistry should regard this program as a guide for preparing to transfer to a baccalaureate degree granting institution. The program is designed to generally parallel the first two years of course work required by most four-year institutions. For individual requirements at specific institutions, the student should refer to the Chemistry department website or consult with a Chemistry Department advisor.

**Transferability:** All 100-level and above courses transfer.

Students should consult with a department advisor in planning their academic schedule in order to complete degree requirements in an expedient manner. Required courses may not be available every semester. Due to limited course offerings, degree seeking students may find it necessary to attend both day and evening classes.

**Special Skill Levels Needed:** College level reading and writing skills. MAT120, Intermediate Algebra, or MAT122, Intermediate Algebra, or the equivalent of four years high school math.

**Departmental Recommendations for Chemistry Majors: Credits**

+ CHM150	General Chemistry I	4
+ CHM151	General Chemistry I	3
+ CHM151LL	General Chemistry I Laboratory	1
+ CHM152	General Chemistry II	3
+ CHM152LL	General Chemistry II Laboratory	1
+ CHM235	General Organic Chemistry I	3
+ CHM235LL	General Organic Chemistry I Laboratory	1
+ CHM236	General Organic Chemistry II	3
+ CHM236LL	General Organic Chemistry II Laboratory	1

**Other Recommendations:**

		Credits
+ MAT220	Calculus with Analytic Geometry I	5
+ MAT230	Calculus with Analytic Geometry II	5
+ MAT241	Calculus with Analytic Geometry III	4
+ MAT262	Differential Equations	3
+ PHY115*	University Physics I	5
+ PHY116*	University Physics II	5

\*Student should take PHY111 and PHY112, General Physics, if transferring to the University of Arizona.

**General Education Recommendations:**

Individual universities may require foreign language. Others accept computer literacy to fulfill the language requirement. In any case, computer courses are strongly recommended.

## Chicana and Chicano Studies

### Academic Certificate - AC 6230N

**This program is not eligible for Title IV Federal Financial Aid  
12-13 credits**

**For information:** Guiomar Borrás

**Phone:** 623.845.3636

<https://www.gccaz.edu/communication>

**Program Description:** The Academic Certificate (AC) in Chicana and Chicano Studies explores the unique experiences of the Chicana and Chicano people living in the Southwest. The Certificate provides a study of Mexican-American life in the society of the United States, including Mexican background, social and cultural differences, and experiences of assimilation.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites: Credits: 3-6**

		Credits
+ ENG101	First-Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3)	3
+ CRE101	College Critical Reading and Critical Thinking (3) OR Equivalent as indicated by assessment.	0-3

**Required Courses: Credits: 9**

		Credits
+ CCS101	Chicana and Chicano Studies	3
HIS109	Mexican-American History and Culture	3
SPH245	Hispanic Heritage in the Southwest	3

**Restricted Electives: Credits: 3-4**

		Credits
ENH112	Chicano Literature	3
HIS145	History of Mexico	3
HUM213	Hispanic Film	3
SPA101	Elementary Spanish I	4
+ SPA102	Elementary Spanish II	4
+ SPA103	Elementary Spanish for Spanish Speakers I	4
+ SPA104	Elementary Spanish for Spanish Speakers II	4
+ SPA201	Intermediate Spanish I	4
+ SPA202	Intermediate Spanish II	4
+ SPA203	Spanish for Spanish-Speaking Students I	4
+ SPA204	Spanish for Spanish-Speaking Students II	4

## Child and Family Organizations Management and Administration

### Certificate of Completion - CCL 5401

**16 credits**

**For Information:** Gina Weatherly

**Phone:** 623.845.3194

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Child and Family Organizations Management and Administration is designed to prepare individuals to enter the family life education, human development, early childhood settings, or child and family organizations field at the paraprofessional level. Students at a paraprofessional level may seek employment opportunities within management and administration of programs such as: early childhood settings, adoption and foster care, adult day care centers, crisis intervention programs, group and halfway houses, hospice care, senior citizen centers, social service agencies (both private and State/local government), facilities for the disabled and developmentally challenged individuals, community mental health clinics, psychiatric facilities, shelters and other child and family, community-based organizations.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

For some occupations within this field, students may be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current TB vaccination. Please consult with your faculty mentor to discuss these and other occupational requirements.

This program also is offered at Rio Salado Community College.

**Program Prerequisites:** None.

<b>Required Courses: (16 credits)</b>		<b>Credits</b>
CFS206	Child and Family Organizations: Management and Administration	3
CFS207	Organization and Community Leadership in Child and Family Organizations	3
CFS208	Child and Family Organizations: Fiscal Management and Grant Writing	3
CFS209	Child and Family Organizations: Project Management	3
+ FCS250	Portfolio Development and Professional Writing	3
+ FCS260 F	Family and Consumer Science Internship	1

## Cisco Certified Network Professional: Enterprise<sup>1</sup>

**Certificate of Completion - CCL 5190**

**This program currently is not eligible for Title IV Federal Financial Aid**

**16 credits**

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Cisco Certified Network Professional: Enterprise builds the advanced knowledge and skills needed for professional-level networking technologies and architecture. This CCL includes fundamental concepts of virtualization, network assurance, security, automation, and the implementation and troubleshooting of advanced routing technologies, as well as hands-on opportunities to apply these concepts to real-world applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the Cisco Enterprise Network Core Technologies (ENCOR) certification and Implementing Cisco Enterprise Network Advanced Routing and Services (ENARSI) exams aligned with the CCNP Enterprise, CCIE Enterprise Infrastructure, CCIE Enterprise Wireless, and Cisco Certified Specialist - Enterprise core, CCNP Enterprise, Cisco Certified Specialist - Advanced Infrastructure Implementation certifications.

Additional Certificates of Completion (CCLs) in Cisco Certified Network Security (CCNA Security), Cisco Certified Network Professional: Enterprise Core, Cisco Certified Network Professional: Enterprise Advanced Routing and Services, Cisco Network Administration: CCNP, as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This Certificate of Completion (CCL) is intended for industry professionals with the requisite skills aligned with the Cisco Certified Network Associate (CCNA) industry certification who are interested in expanding their knowledge in the area in professional-level networking or to enhance their employment opportunities. Speak to a program director for additional information.

All courses within the Required Courses area are not applicable if taken more than five years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Gateway, Mesa, Paradise Valley, Scottsdale, and South Mountain Community Colleges.

**Admission Criteria:** This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience. To pursue this CCL, students must complete the following prerequisites to the courses within the Required Course area as follows with a C or better OR have a Cisco Certified Network Associate (CCNA) industry certification OR receive permission of the Program Director:

CNT140AB	Introduction to Networks	4
+ CNT150AB	Switching, Routing, and Wireless Essentials	4
+ CNT160AB	Enterprise Networking, Security, and Automation	4

Students also have the option to complete the full CCL in this program, Cisco Network Administration: CCNP (major code 5037), that includes the prerequisites and required course:

**Program Prerequisites:** None.

<b>Required Courses: (16 credits)</b>		<b>Credits</b>
+ CNT240	Cisco Certified Network Professional: Enterprise Core (8) OR	
+ CNT240AA	Cisco Certified Network Professional: Enterprise Core I (4)	
AND		
+ CNT240AB	Cisco Certified Network Professional: Enterprise Core II (4)	8
+ CNT250	Cisco Certified Network Professional: Enterprise Advanced Routing and Services (8) OR	
+ CNT250AA	Cisco Certified Network Professional: Enterprise Advanced Routing and Services I (4)	
AND		
+ CNT250AB	Cisco Certified Network Professional: Enterprise Advanced Routing and Services II (4)	8

## Cisco Certified Network Professional: Enterprise Advanced Routing and Services<sup>1</sup>

**Certificate of Completion - CCL 5187N**

**This program is not eligible for Title IV Federal Financial Aid**  
**8 credits**

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Cisco Certified Network Professional: Enterprise Advanced Routing and Services builds the advanced knowledge and skills needed for professional-level networking technologies and architecture. This CCL includes concepts of implementation and troubleshooting of advanced routing technologies and services including Layer 3 VPN services, infrastructure security, and infrastructure services, as well as hands-on opportunities to apply these concepts to real-world applications. Students with the requisite experience in the field

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the Implementing Cisco Enterprise Network Advanced Routing and Services (ENARSI) certification exam aligned with the CCNP Enterprise, Cisco Certified Specialist - Advanced Infrastructure Implementation certifications. Additional Certificates of Completion (CCLs) in Cisco Certified Network Security (CCNA Security), Cisco Certified Network Professional: Enterprise Core, Cisco Certified Network Professional: Enterprise, Cisco Network Administration: CCNP, as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

### Cisco Network Administration and Security

**Certificate of Completion - CCL 5036**

**This program currently is not eligible for Title IV Federal Financial Aid  
16-19 credits**

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Cisco Network Administration and Security provides training for those interested in working with Cisco network and Internet hardware with a particular emphasis on securing networks from threats and vulnerabilities. Knowledge and skills are developed to install, configure, and maintain Cisco routers and switches; configure routing protocols, and Local Area Networks (LANs); troubleshoot problems with various hardware and software configurations; perform administrative tasks in a network. Specific skills in maintaining integrity, accountability, and confidentiality of data are also developed. Taught by Cisco Certified professionals using the Cisco Network Academy program curriculum, courses are designed to help prepare students for the Cisco Certified Network Associate (CCNA) and Security examinations. Students who complete this program may seek employment in a variety of environments. An additional Certificate of Completion (CCL) in Cisco Certified Network Professional (CCNP), as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

All courses within the Required and Restricted elective areas are not applicable if taken more than five years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Gateway, Mesa, Paradise Valley, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (16-19 credits)</b>		<b>Credits</b>
CIS105	Survey of Computer Information Systems (3) OR Permission of the Program Director (0)	0-3
CNT140AB	Introduction to Networks	4
+ CNT150AB	Switching, Routing, and Wireless Essentials	4
+ CNT160AB	Enterprise Networking, Security, and Automation	4
+ CNT202	Cisco Secure Firewall Appliance Configuration (4) OR	
+ CNT205	Cisco Certified Network Associate Security (4)	4

### Cisco Network Administration: CCNA

**Certificate of Completion - CCL 5969N**

**This program is not eligible for Title IV Federal Financial Aid  
12-15 credits**

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Cisco Network Administration: CCNA provides training for those interested in working with network and Internet hardware. Knowledge and skills are developed to install, configure, and maintain Cisco routers and switches; configure advanced routing protocols, and Local Area Networks (LANs); troubleshoot hardware and software configurations; perform administrative tasks in a network. Taught by Cisco Certified professionals using the Cisco Networking Academy program curriculum, courses are designed to help prepare students for the Cisco Certified Network Associate (CCNA) examination. Students who complete this program may seek employment in a variety of environments. Additional Certificates of Completion (CCLs) in Cisco Network Administration and Security and Cisco Network Administration: CCNP, as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

All courses within the Required Courses area are not applicable if taken more than five (5) years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Gateway, Mesa, Paradise Valley, Scottsdale, and South Mountain Community Colleges.

This program replaces:

- CCL/5967 Networking Technology: Cisco

**Program Prerequisites:** None.

<b>Required Courses: (12-15 credits)</b>		<b>Credits</b>
CIS105	Survey of Computer Information Systems (3) OR Permission of Program Director (0)	0-3
CNT140AB	Introduction to Networks	4
+ CNT150AB	Switching, Routing, and Wireless Essentials	4
+ CNT160AB	Enterprise Networking, Security, and Automation	4

### **Cisco Network Administration: CCNP**

**Certificate of Completion - CCL 5037**

**This program currently is not eligible for Title IV Federal Financial Aid**  
**20-23 credits**

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Network Administration: Cisco Network Professional (CCNP) provides students with advanced knowledge and skills to install, configure, and maintain Cisco routers and switches; configure advanced routing protocols, Local Area Networks (LANs), and Wide Area Networks (WANs); troubleshoot complex hardware and software configurations; and perform administrative tasks in a network at the professional level. Taught by Cisco Certified professionals using the Cisco Network Academy program curriculum, courses are designed to help prepare students for the Cisco Certified Network Associate (CCNA) and Cisco Certified Network Professional Certifications (CCNP) examinations. Students who complete this program may seek employment in a variety of environments. An additional Certificate of Completion (CCL) in Cisco Network Administration and Security, as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

All courses within the Required and Restricted elective areas are not applicable if taken more than five years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Gateway, Mesa, Paradise Valley, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (20-23 credits)</b>		<b>Credits</b>
CIS105	Survey of Computer Information Systems (3) OR Permission of program director (0)	0-3
CNT140AB	Introduction to Networks	4
+ CNT150AB	Switching, Routing, and Wireless Essentials	4

+ CNT160AB	Enterprise Networking, Security, and Automation	4
+ CNT200	CCNP ROUTE: Implementing Cisco IP Routing	4
+ CNT220	CCNP SWITCH: Implementing Cisco IP Switching	4

### **Commercial Photography<sup>1</sup>**

**Certificate of Completion - CCL 5784**  
**35 Credits**

**For Information:** Dean Terasaki

**Phone:** 623.845.3759

<https://www.gccaz.edu/art-humanities>

**Program Description:** The Certificate of Completion (CCL) in Commercial Photography program includes the study of both the digital and film aspects of photography. The program is structured to help students develop an understanding of exposure principles, camera operations and functions, digital photographic materials, film-based strategies, studio lighting, and the basics of running a freelance photography business. This certificate is designed to provide knowledge and experience important to those hoping to work as freelance photographers, wedding photographers, commercial photographers, photography editors, photography assistants, or photo lab technicians. An Associate in Applied Science (AAS) in Photography is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

There will be costs for supplies and equipment in this program.

This program also is offered at Phoenix Community College.

**Program Prerequisites:** None.

<b>Required Courses: (29 credits)</b>		<b>Credits</b>
ART100	Introduction to Computer Graphic Art	1
ART112	Two-Dimensional Design	3
ART131	Photography I	3
+ ART132	Photography II	3
+ ART138	Commercial Photography I	3
+ ART140	Portrait Photography (3) OR	
+ ART237	Fashion Photography (3)	3
ART142	Introduction to Digital Photography	3
+ ART143	Intermediate Digital Photography	3
+ ENG101	First-Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3)	3
SBS200	Small Business Operations	2
SBS204	Small Business Marketing and Advertising	2

### **Restricted Electives: (6 credits)**

**Credits**  
In consultation with Departmental Advisor, choose two courses from the following list to best fulfill goals:

ARH115	History of Photography	3
ART116	Life Drawing I	3
ART137	Alternative Photographic Processes	3
+ ART181	Graphic Design I	3
ART255	Art Marketing	3
TCM/VPT108	Video Production	3

## Communication

### General Information

**For Information:** Dr. Pam Joraanstad

**Phone:** 623.845.3773

<https://www.gccaz.edu/communication>

**Student Goals:** General Education, Career-related, BS in Speech Communication with an Emphasis in Organizational Communication

The objectives of the Communication and World Languages Department are: to provide individual courses as electives in other programs; to satisfy requirements prescribed by programs in other areas; and to provide low division requirements for the NAU@GCC Bachelor of Science in Communication Studies; to provide lower-division courses for students who will transfer to other Arizona university Communication programs; and to provide second language learners opportunity to achieve oral communication fluency. Our courses are organized to meet practical needs of students, especially those individuals planning careers in the Human Service area. We encourage our students to participate in a very active speech and debate program as well as various other student activities. GCC's Communication and World Languages Department is affiliated with the National Communication Association (NCA), Western States Communication Association, and is headquarters for the Southwest Communication Association (SWCA).

### BS IN COMMUNICATION STUDIES WITH AN EMPHASIS IN ORGANIZATIONAL COMMUNICATION (NAU@GCC)

That's correct, students may now receive their bachelor's degree without ever leaving GCC's campus. The BS Degree in Communication Studies is a joint offering between Glendale Community College and Northern Arizona University. Upon completion of the program, students receive their BS degree from Northern Arizona University. The BS Degree in Communication Studies with an Emphasis in Organization Communication provides a better understanding of how organizations work and helps students develop effective leadership skills by optimizing their communication. The program explores how communication takes place in relationships, within national and international organizations, in public forums, and between cultures. It is grounded in both rhetorical and experimental approaches to the study of human communication. This innovative program gives students the opportunity to study a common core of communication courses, to design part of their program to achieve individual goals, and to take part in a communication apprenticeship experience. Faculty and students work together to integrate the classroom, research, and service with the goal of improving communicative interactions. A recent national survey of college graduates with the majors or minors in Communication revealed that graduates hold positions in education, law, the ministry, sales and marketing, information services, public relations, advertisement, government, social services, industrial and labor relations, human resources, and fund raising. Other careers in mass communications include radio, TV, and film.

<b>Communication Core: (6 credits)</b>		<b>Credits</b>
COM100	Introduction to Human Communication	3
COM110	Interpersonal Communication	3

### Speech Communication: (18 credits)

#### GCC Courses: (9 credits)

+ COM207	Introduction to Communication Inquiry	3
+ COM225	Introduction to Public Speaking	3
COM230	Small Group Communication	3

#### Upper Division NAU Courses taken at GCC: (9 credits)

CST 300W	Rhetorical Criticism	3
CST 311	Advanced Presentation Techniques	3
CST 498C	Senior Seminar in Speech Communication	3

### Organizational Communication Emphasis: (24 credits)

#### Upper Division NAU Courses taken at GCC:(9 credits)

CST 312	Methods of Interviewing	3
CST 472	Organizational Communication	3
CST 477	Mediation and Conflict Management	3

### Communication Electives taken at GCC: (15 credits)

COM222	Argumentation and Debate (GCC Course)	3
COM259	Communication in Business and the Professions (GCC Course)	3
COM263	Intercultural Communication (GCC Course)	3
CST 321	Nonverbal Communication (NAU Course)	3
CST 351	Interpersonal Communication (NAU Course)	3
CST 361	Persuasion (NAU Course)	3
CST 365	Communication in Contemporary Affairs (NAU Course)	3
CST 408	Fieldwork Experience (NAU Course)	1-12
CST 424	Gender and Communication (NAU Course)	3
CST 460	Rhetorical Theory (NAU Course)	3
CST 465	American Political Communication (NAU Course)	3
CST 475	Health Communication (NAU Course)	3

### Extended Major: (12 credits)

Students are required to take 12 hours of GCC courses in a concentrated area of study. Students should work in conjunction with the NAU advisor to determine these courses.

### B.A./B.S COMMUNICATION STUDIES TRANSFER GUIDE

If you plan to complete your Communication degree at another Arizona institution, our department can help you. The Communication and World Languages Department's selection of Maricopa Community College course work meets the Arizona General Education Curriculum (AGEC-A) as modified by MCCC and lower-division program requirements for a bachelor's degree in Communication, Speech Communication, and Communication Studies at any of Arizona's universities. Depending on the university to which you plan to transfer, the following courses may be recommended:

COM100	Introduction to Human Communication
COM110	Interpersonal Communication
+ COM207	Introduction to Communication Inquiry
+ COM222	Argumentation
+ COM225	Public Speaking
COM230	Small Group Communication
+ COM241	Oral Interpretation of Literature
COM250	Introduction to Organizational Communication
+ COM259	Communication in Business and Professions*
COM263	Intercultural Communication

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

\*For non-communication majors. Meets the business requirement for accounting majors, media arts, music business, dance, and other disciplines.

Consult your community college advisor to ensure compliance. Students are responsible for checking all requirements and regulations at their transferring institution.

### ENGLISH LANGUAGE LEARNER COURSE CONCENTRATION

The Communication and World Languages Department offers a series of courses for speakers of other languages. Through these offerings and an informal laboratory, international students can further their oral communication skills and achieve oral fluency. The aim of the program is that of achieving communication competence. Please consult the Communication and World Languages Department for more information concerning testing, course offerings, and available certificates.

## Communication Competence in the Workplace

### Academic Certificate - AC 6219N

This program is not eligible for Title IV Federal Financial Aid 30-33 credits

**For Information:** Jim Reed

**Phone:** 623.845.3631

<https://www.gccaz.edu/communication>

**Program Description:** The Academic Certificate (AC) in Communication Competence in the Workplace is an interdisciplinary program of study that provides intensive study of written and oral communication skills in different contexts including interpersonal communication, small group interaction, team-building, problem solving, public speaking and presentation skills, conflict resolution, assertiveness, and leadership. Students develop skills to enhance their professional, social, and personal interactions, and become more competitive and effective in the workforce.

**Program Notes:** Students must earn a grade of C or better for all courses within the Required Courses area.

This program also is offered at Mesa Community College.

**Program Prerequisites:** None.

Required Courses: (18-21 credits)	Credits
COM110 Interpersonal Communication	3
+ COM225 Public Speaking	3
COM230 Small Group Communication	3
+ COM282AC Service-Learning Experience in Communication	3
+ CRE101 College Critical Reading and Critical Thinking (3) OR Equivalent as indicated by assessment.	0-3
+ ENG101 First-Year Composition (3) OR	
+ ENG107 First-Year Composition for ESL (3)	3
+ ENG102 First-Year Composition (3) OR	
+ ENG108 First Year Composition for ESL (3)	3

Restricted Electives: (9 credits)	Credits
If choosing BPC110 or CIS105 only one can be applied.	
BPC110 Computer Usage and Applications	3
CIS105 Survey of Computer Information Systems	3
+ COM207 Introduction to Communication Inquiry	3
+ COM222 Argumentation	3
+ COM/THP241 Oral Interpretation of Literature	3
COM250 Introduction to Organizational Communication	3
+ COM259 Communication in Business and Professions	3
COM263 Elements of Intercultural Communication	3
+ ENG111 Technical and Professional Writing	3
+ GBS233 Business Communication	3
IBS109 Cultural Dimension for International Trade	3
SWU295 Effective Helping in a Diverse World	3

Free Electives: (3 credits)	Credits
Any approved General Education course in the Cultural Awareness [C] value (3), see listing of courses for AGS, page 27 OR	
COM++++ Any COM Communication course (3) except courses used to satisfy Required Courses or Restricted Electives areas.	3

## Communication Skills for Non-Native English Speakers

### Academic Certificate - AC 6222N

This program is not eligible for Title IV Federal Financial Aid 30 credits

**For Information:** Jim Reed

**Phone:** 623.845.3631

<https://www.gccaz.edu/communication>

**Program Description:** The Academic Certificate (AC) in Communication Skills for Non-Native English Speakers is an interdisciplinary program of study designed to extend traditional ESL coursework. It provides Non-Native English Speakers with oral and written communication skills including interpersonal communication, small group interaction, team-building, problem solving, public speaking and presentation skills, conflict resolution, assertiveness, and leadership. Students develop skills to enhance their professional, social, and personal interactions, and become more competitive and effective in the workforce.

**Program Notes:** Students must earn a grade of C or better for all courses within the Required Courses area.

This program also is offered at Mesa Community College.

**Program Prerequisites:** None.

Required Courses: (21 credits)	Credits
COM120 Pronunciation of American Speech	3
+ COM221 Oral Fluency in American Speech	3
+ COM282AC Service-Learning Experience in Communication	3
COM100 Introduction to Human Communication (3) OR	
COM110 Interpersonal Communication (3)	3
+ CRE101 College Critical Reading and Critical Thinking (3) OR Equivalent as indicated by assessment.	3

+ ENG101	First Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3)	3
+ ENG102	First Year Composition (3) OR	
+ ENG108	First Year Composition for ESL (3)	3

**Restricted Electives: (9 credits)****Credits**

If choosing BPC110 or CIS105 only one can be applied.

BPC110	Computer Usage and Applications	3
CIS105	Survey of Computer Information Systems	3
COM230	Small Group Communication	3
+ COM259	Communication in Business and Professions	3
+ ENG111	Technical Writing	3
+ GBS233	Business Communication	3
IBS109	Cultural Dimension for International Trade	3
SWU295	Effective Helping in a Diverse World	3
Any approved General Education course in the Cultural Awareness [C] value (3), see listing of courses for AGS, page 27. OR		
COM+++++	Any COM Communication course (3)	3

**Community Health Paramedicine<sup>1</sup>****Certificate of Completion - CCL 5017N**

**This program is not eligible for Title IV Federal Financial Aid**  
**8 credits**

**For Information:** Todd Polansky

**Phone:** 623.845.3908

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Community Health Paramedicine is designed to provide the knowledge, skills and ability to synthesize standard of care and expanded scope of practice with comprehensive assessment, diagnostic technology, patient advocacy, ethical and professional behaviors, to practice patient-centered evidence-based paramedicine in the community setting. This certificate prepares students for a community health paramedic credential.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

**Admission Criteria:** Current state Paramedic certification.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (8 credits)****Credits**

PME291	Community Health Paramedicine	8
--------	-------------------------------	---

**Computer Science****General Information**

**For Information:** Dr. Chris Miller

**Phone:** 623.845.3841

<https://www.gccaz.edu/math>

**Student Goals:** Career-related, General Education, Transfer

Computer Science courses develop skills in designing, writing, and modifying computer programs to accomplish a wide variety of tasks in all areas of business and industry. Students take these courses:

- To Prepare for a Major at a four-year institution. A typical Bachelor of Science (BS) graduate in Computer Science (CS) has the programming skills to develop Operating Systems and programming languages, as well as write programs for almost all areas of industry. CS majors also understand the Software Engineering process and may use this knowledge to eventually manage large projects. The college offers coursework which parallels the first two years of a BS degree in Computer Science or Computer Systems Engineering at ASU. Coursework should include:

+ CSC100AB	Introduction to Computer Science (C++)
+ CSC110AB	Introduction to Computer Science (Java)
+ CSC120	Digital Design Logic
+ CSC205	Object Oriented Programming and Data Structures
+ CSC220	Programming for Computer Engineering
+ CSC230	Computer Organization and Assembly Language
+ CSC240	Introduction to Different Programming Languages
+ MAT227	Discrete Mathematical Structures

- As Background for other Careers. CSC100AB Introduction to Computer Science (C++) is recommended for those who are going into an Engineering discipline. CSC180 Computing for Scientists, Engineers and Medical/Health Specialists transfers to ASU as CSE180 and is recommended as an introductory computer class for scientific, engineering, and education majors. CSC283 Bioinformatics and Scientific Computing is designed for Biotech majors and those considering a career in Bioinformatics. Both CSC180 and CSC283 fulfill the general education CS requirement at ASU.
- To update and improve professional programming skills. The CSC150, 181, 182, 185, 260, 261, 270, 281, 284, and 285 are courses in current or emerging technologies and are designed for industry professionals (and students) who wish to update and expand their professional skills in this fast-changing profession.

Please check the course listings on the GCC website, [www.gccaz.edu](http://www.gccaz.edu), for an up-to-date description of course offerings.

## Computer System Configuration and Support<sup>1</sup>

Certificate of Completion - CCL 5038N

This program is not eligible for Title IV Federal Financial Aid  
6-9 credits

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Computer System Configuration and Support program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs. The classes focus on the development of knowledge and skills in computer technologies including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis is placed on hardware installation, maintenance, mobile devices, hardware troubleshooting, proper use of tools, safety procedures, and professionalism. This program helps prepare students for the CompTIA A+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCL) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

All courses within the Required areas are not applicable if taken more than five (5) years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses (6-9 credits)		Credits
CIS105	Survey of Computer Information Systems (3) OR Permission of program director (0)	0-3
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	3
+ BPC270	A+ Exam Prep: Operating System Configuration and Support	3

## Computer System Configuration and Support, Linux<sup>1</sup>

Certificate of Completion - CCL 5039N

This program is not eligible for Title IV Federal Financial Aid  
9-12 credits

**For Information:** Bill Stewart

**Phone:** 623.845.3250

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Computer System Configuration and Support, Linux program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs with an emphasis on Linux. The classes focus on the development of knowledge and skills in computer and network technologies including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis is placed on the Linux Operating system including knowledge and skills required to install, configure and troubleshoot a Linux-based workstation. This program helps prepare students for the CompTIA A+ and Linux+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

All courses within the Required areas are not applicable if taken more than five (5) years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses (9-12 credits)		Credits
CIS105	Survey of Computer Information Systems (3) OR Permission of program director (0)	0-3
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	3
+ BPC270	A+ Exam Prep: Operating System Configuration and Support	3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3)	3

## Computer System Configuration and Support, Network<sup>1</sup>

Certificate of Completion - CCL 5044N

This program is not eligible for Title IV Federal Financial Aid  
9-13 credits

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Computer System Configuration and Support, Network program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs with an emphasis on networking. The courses focus on the development of knowledge and skills in computer and network technologies including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis is placed on elements of a data network, network components, and use of a network. This program helps prepare students for the CompTIA A+ and Network+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

All courses within the Required Courses and Restricted Electives areas are not applicable if taken more than five years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses (9-13 credits)		Credits
CIS105	Survey of Computer Information Systems (3) OR Permission of program director (0) 0-3	
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	3
+ BPC270	A+ Exam Prep: Operating System Configuration and Support	3
+ CIS190	Introduction to Local Area Networks (3) OR	
CNT140AB	Introduction to Networks (4)	3-4

## Computer System Configuration and Support, Security<sup>1</sup>

Certificate of Completion - CCL 5040N

This program is not eligible for Title IV Federal Financial Aid  
9-19 credits

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Computer System Configuration and Support, Security program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs with an emphasis on security. The courses focus on the development of knowledge and skills in computer and security technologies including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis is placed on preventing, identifying, and mitigating threats to the security of information systems and utilizing the basic tools for information security. This program helps prepare participants for the CompTIA A+, Security+, and certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

All courses within the Required Courses area are not applicable if taken more than five years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses (9-19 credits)		Credits
CIS105	Survey of Computer Information Systems (3) OR Permission of program director (0)	0-3
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	3
+ BPC270	A+ Exam Prep: Operating System Configuration and Support	3

Select from one of the following areas of specialization.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

**Specialization 1: Credits 3-6**

+ CIS270	Essentials of Network and Information Security (3) OR	
+ ITS110	Information Security Fundamentals (3) AND	
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3)	3-6

**Specialization 2: Credits 9-10**

CNT140AB	Introduction to Networks (4) OR	
CIS190	Introduction to Networks (3)	3-4
CIS250	Management of Information Systems	3
+ CIS271DB	Information Security Essentials	3

**Corrections****Certificate of Completion - CCL 5776N**

**This program is not eligible for Title IV Federal Financial Aid 15 credits**

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Corrections program is designed for students intending to pursue careers in various correctional components of the justice system, including parole, probation, jail, and prisons. Focus is broader learning about the correction function in the context of overall administration of justice system.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses (15 credits)**

		<b>Credits</b>
AJS101	Introduction to Criminal Justice	3
AJS123	Ethics and the Administration of Justice (3) OR	
AJS255	Crime, Law, and Mental Health (3)	3
AJS212	Juvenile Justice Procedures	3
AJS240	The Correction Function	3
AJS205	Effective Communication and Report Writing in Criminal Justice (3) OR	
AJS275	Criminal Investigation (3)	3

**Counseling****General Information**

**For Information:** Paul Romo

**Phone:** 623.845.3051

<https://www.gccaz.edu/counseling>

The college's counseling courses focus on personal, educational, and career interests of students. These courses are NOT designed as pre-major courses for professional counselors. Most CPD courses transfer as elective credit to ASU and NAU.

Students who are new or returning to college are strongly encouraged to register for the following classes to increase their academic skills or explore career options:

CPD096	Personal Success in College
CPD102AB	Career Exploration
CPD104	Career and Personal Development
CPD150	Strategies for College Success
+CPD160	Introduction to Multiculturalism (transfers to ASU as Cultural Diversity [C] and Literacy [L])

Courses designed for personal development include:

CPD102AD	Eliminating Self-Defeating Behavior
CPD102AH	Stress Management

**Creative Writing****Academic Certificate - AC 6224N**

**This program is not eligible for Title IV Federal Financial Aid 24 credits**

**For Information:** Jeff Baker

**Phone:** 623.845.3248

<https://www.gccaz.edu/english>

**Program Description:** The Academic Certificate (AC) in Creative Writing program is designed to provide students and professional writers with access to a community of writers and creative writing activities, instruction and guidance from established authors, and ongoing support in improving their writing skills and marketing their work. As students take courses in the program, they will build a portfolio of original work that may be submitted for publication. The program offers classes, workshops, and other activities such as readings and contests, which are accessible to writers of all levels regardless of academic or professional standing. The program aims to serve a diverse community who may be underrepresented in traditional creative writing programs. Completion of the certificate does not lead to a particular degree program, but may aid students in their pursuit of a career in the writing professions and in their continued enjoyment of writing for personal growth.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

**Admission Criteria:** Students who wish to enroll in the Creative Writing program must complete a formal application; contact Program Director.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and Scottsdale Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (21 credits)**

		Credits
ENG210	Creative Writing (3) may be substituted for CRW150 with permission of Program Director.	
CRW150	Introduction to Creative Writing	3
	CRW200 must be repeated for a total of two credits.	
+ CRW200	Readings for Writers (1)	2
+ CRW201	Portfolio	1

Students must complete six credits from Series I and nine credits from Series II in consultation with a Program Director.

**Series I: Credits: 6**

Students must complete two of the following courses for a total of six credits.

CRW120	Introduction to Writing Children`s Literature	3
CRW160	Introduction to Writing Poetry	3
CRW170	Introduction to Writing Fiction	3
CRW172	Introduction to Comic Book Writing	3
CRW180	Introduction to Writing Nonfiction	3
CRW190	Introduction to Screenwriting	3
THE118	Playwriting	3

**Series II: Credits: 9**

Students must complete three of the following courses for a total of nine credits.

+ CRW202	The Writer as Witness	3
+ CRW203	Dialogue	3
+ CRW204	Journaling	3
+ CRW220	Intermediate Writing Children`s Literature	3
CRW251	Topics in Creative Writing	3
+ CRW260	Intermediate Poetry Writing	3
+ CRW261	Topics in Writing: Poetry	3
+ CRW270	Intermediate Fiction Writing	3
+ CRW271	Topics in Writing: Fiction	3
+ CRW272	Planning and Structuring the Novel	3
+ CRW273	Writing the Novel	3
+ CRW274	Revising the Novel	3
+ CRW281	Topics in Writing: Non-Fiction	3
+ CRW290	Intermediate Screenwriting	3
+ CRW291	Topics in Writing: Plays	3

**Restricted Electives: Credits: 3**

		Credits
CRW+++++	Any CRW Creative Writing prefixed course not listed under Required Courses area.	1-3
ENG235	Magazine Article Writing	3
ENG/THE 260	Film Analysis	3
ENH+++++	Any ENH English Humanities prefixed course	3
HUM/THF210	Contemporary Cinema	3

## Crime Scene Investigation

**Certificate of Completion - CCL 5964**  
**16-18 credits**

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Crime Scene Investigation is designed to develop knowledge and skills required to investigate and reconstruct crime scenes using scientific evidence and logical analysis. The program provides instruction in criminal investigation procedures, collection and preservation of physical and biological evidence, death investigation techniques, crime scene reconstruction methodology and presentation of testimony in court.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Chandler-Gilbert, Mesa, Phoenix, and Scottsdale Community Colleges.

**Admission Criteria:** None.

**Program Prerequisites:** None.

**Required Courses (16-18 credits)**

		Credits
AJS213	Evidence Technology/Fingerprints (3) OR	
AJS243	Crime Scene Reconstruction (3)	3
AJS215	Criminalistics: Physical Evidence (3) OR	
AJS219	Crime Scene Technology: Physical Evidence (3) OR	
FOR105	Forensic Science: Physical Evidence (4)	3-4
AJS216	Criminalistics: Biological Evidence (3) OR	
FOR106	Forensic Science: Biological Evidence (4)	3-4
AJS214	Evidence Technology Photography	3
AJS275	Criminal Investigation I	3
AJS290BN	Courtroom Testimony Seminar	1

## Critical Care Paramedicine<sup>1</sup>

**Certificate of Completion - CCL 5003N**

**This program is not eligible for Title IV Federal Financial Aid**  
**8 credits**

**For Information:** Todd Polansky

**Phone:** 623.845.3908

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Critical Care Paramedicine is designed to provide the knowledge, skills and ability to synthesize standard of care and expanded scope of practice with comprehensive assessment, diagnostic technology, patient advocacy, ethical and professional behaviors, to practice patient-centered evidence based paramedicine in the clinical, out-of-hospital, and inter-facility transport settings. This certificate prepares students for a critical care paramedic credential.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Admission Criteria:** Current state Paramedic certification.

**Program Prerequisites:** None.

**Required Courses: (8 credits)**

PME292 Critical Care Paramedicine

**Credits**

8

## Cyber Engineering<sup>1</sup>

**Certificate of Completion - CCL 5149**

**This program currently is not eligible for Title IV Federal Financial Aid**  
**42-46 credits**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Cyber Engineering program is designed to focus on the necessary skills required to secure, protect and identify vulnerabilities in a network, including various operating systems and network devices. Emphasis is placed on developing the theoretical, legal, ethical and practical skills needed to maintain security on mission-critical networking and server systems. The program is designed to meet the training needs of government and industry employees. The program covers a variety of information security technologies and structured languages. The Cyber Engineering program also focuses on the skills needed for internationally recognized IT certifications and high demands in business, industry, and government. An Associate in Applied Science (AAS) in Cybersecurity is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Only required courses taken within eight years of completion of the program may be applied towards this certificate. Consult with your faculty mentor or academic advisor.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (42-46 credits)**

**Credits**

The following courses are required and included in the CCL in Cybersecurity Fundamentals:

+ BPC270	A+ Exam Prep: Operating System Configuration and Support (3) OR	
MST150++	Any Microsoft Windows course (3)	3
CIS105	Survey of Computer Information Systems	3
CIS111	Ethics in Information Technology (3) OR	
+ ITS120	Legal, Ethical and Regulatory Issues (3)	3

CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3)	3
+ CIS156	Python Programming: Level I	3
+ CIS190	Introduction to Networking (3) OR	
CNT140AA	Introduction to Networks (4)	3-4
+ CIS270	Essentials of Network and Information Security (3) OR	
+ CIS271DB	Information Security Essentials (3)	
AND		
+ CIS272DB	Information Security Principles (3) OR	
+ ITS110	Information Security Fundamentals (3)	3-6
+ ITS240	Ethical Hacking and Network Defense	3
The following courses are required in the CCL in Cyber Engineering:		
+ CIS119DO	Introduction to Oracle: SQL (3) OR	
+ CIS276++	Any SQL Database course (3)	3
+ CIS162++	Any C Programming: Level I course	3
CIS227	Assembler Language	3
+ CIS238DL	Linux System Administration (3) OR	
+ CIS238RH	Red Hat System Administration II (3)	3
+ CIS250	Management of Information Systems	3
+ CIS262++	Any C Programming: Level II course	3

## Cyber Operations<sup>1</sup>

**Certificate of Completion - CCL 5165**

**This program currently is not eligible for Title IV Federal Financial Aid**  
**41-42 credits**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Cyber Operations program is designed to focus on the necessary skills required to secure, protect and identify vulnerabilities in a network, including various operating systems and network devices. Emphasis is placed on developing the theoretical, legal, ethical and practical skills needed to maintain security on mission-critical networking and server systems. The program is designed to meet the training needs of government and industry employees. The program covers a variety of information security technologies and structured languages. The Cyber Operations program also focuses on the skills needed for internationally recognized IT certifications and high demands in business, industry, and government. An Associate in Applied Science (AAS) in Cybersecurity is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Only required courses taken within eight years of completion of the program may be applied towards this certificate. Consult with your faculty mentor or academic advisor.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (41-42 credits)**

The following courses are required and included in CCL Cybersecurity Fundamentals:

		<b>Credits</b>
+ BPC270	A+ Exam Prep: Operating System Configuration and Support (3) OR	
MST150++	Any Microsoft Windows course (3)	3
CIS105	Survey of Computer Information Systems	3
CIS111	Ethics in Information Technology (3) OR	
+ ITS120	Legal, Ethical and Regulatory Issues (3)	3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3)	3
+ CIS156	Python Programming: Level I	3
+ CIS190	Introduction to Networking (3) OR	
CNT140AB	Introduction to Networks (4)	3-4
+ ITS110	Information Security Fundamentals	3
+ ITS240	Ethical Hacking and Network Defense	3

The following courses are required in Cyber Operations:

BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	3
+ CIS238DL	Linux System Administration (3) OR	
+ CIS238RH	Red Hat System Administration II (3)	3
+ CIS290AC	Computer Information Systems Internship (3) OR	
+ CIS298AC	Special Projects (3)	3
+ ITS291	Computer Forensics Foundations	4
+ ITS292	Advanced Computer Forensics	4

## Cybersecurity<sup>1</sup>

**Associate in Applied Science - AAS 3197**  
**61-77 Credits**

**For Information:** Martin Bencic  
**Phone:** 623.845.3237  
<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Cybersecurity is designed to focus on the necessary skills required to secure, protect and identify vulnerabilities in a network, including various operating systems and network devices. Emphasis is placed on developing the theoretical, legal, ethical and practical skills needed to maintain security on mission-critical networking and server systems. The program is designed to meet the training needs of government and industry employees. The program covers a variety of information security technologies and structured languages. The Cybersecurity program also focuses on the skills needed for interna-

tionally recognized IT certifications and high demands in business, industry, and government. Certificates of Completion (CCLs) are also available in the following areas: Cybersecurity Fundamentals, Cyber Operations, Linux System Administration, Microsoft, Cisco Networking CCNA Security, Power Systems, and Cyber Engineering.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Only required courses and restricted electives taken within eight years of completion of the program may be applied towards this degree. Consult with your faculty mentor or academic advisor.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (24-31 credits)**

		<b>Credits</b>
+ BPC270	A+ Exam Prep: Operating System Configuration and Support (3) OR	
MST150++	Any Microsoft Windows course (3) (MST150++ required for Microsoft emphasis.)	3
CIS105	Survey of Computer Information Systems	3
CIS111	Ethics in Information Technology (3) OR	
+ ITS120	Legal, Ethical and Regulatory Issues (3)	3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3)	3
+ CIS156	Python Programming: Level I	3
+ CIS190	Introduction to Networking (3) OR	
CNT140AB	Introduction to Networks (4) (CNT140AB required for Networking Specialization and Power Systems Specialization.)	3-4
+ CIS250	Management of Information Systems (3)	
AND		
+ CIS271DB	Information Security Essentials (3)	
AND		
+ CIS272DB	Information Security Principles (3) OR	
+ CIS270	Essentials of Network and Information Security (3) OR	
+ ITS110	Information Security Fundamentals (3) (ITS110 required for Cyber Operations Specialization; CIS250 and CIS271DB and CIS272DB required for Power Systems Specialization.)	3-9
+ ITS240	Ethical Hacking and Network Defense	3

**Restricted Electives: (15-18 credits)**

**Credits**  
Students must complete 15 to 18 credits from the following list of courses. Courses that are required for an emphasis in Cyber Operations, Cyber Engineering, Linux System Administration, Microsoft System Administration, Cisco Networking CCNA Security, and/or Power Systems are noted. Courses cannot be repeated for credit.

**Specialization I: Cyber Operations - Credits: 17**

BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	3

## Dance

### General Information

**For Information:** Performing Arts Department

**Phone:** 623.845.3796

<https://www.gccaz.edu/performing-arts>

The GCC Dance Program is designed to offer the first two years of a traditional dance major and allow the student to transfer with ease into a university program. Emphasis is on technique, performance and choreography in a pre-professional atmosphere. Courses may be repeated each semester, depending upon the student's skill level.

The GCC resident dance company, Verve Dance Co., is intended for those students who wish an intense program of study and plan to major in dance. Auditions are held the Monday following the Fall and Spring dance concerts. Students are expected to perform at an intermediate or advanced level of skill. See AAFA-Dance for specific course requirements.

## Desktop Support<sup>1</sup>

**Certificate of Completion - CCL 5043**

**This program currently is not eligible for Title IV Federal Financial Aid  
19-22 credits**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Desktop Support program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs. The classes focus on the development of knowledge and skills in computer, network, and security technologies, as well as the interpersonal skills in customer service/technical support needed to be successful within the industry. Depending on course selection, this program helps prepare students for the CompTIA A+, CompTIA Network+, and/or CompTIA Linux+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

All courses within the Required Courses and Restricted Electives areas are not applicable if taken more than five years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Gateway, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community College.

This program replaces:

- CCL/5473 Microsoft Desktop Support Technology

**Program Prerequisites:** None.

Required Courses: (18-19 credits)		Credits
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	3
+ BPC270	A+ Exam Prep: Operating System Configuration and Support	3
CIS102DA	Customer User Support	3
CIS105	Survey of Computer Information Systems	3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3)	3
+ CIS190	Introduction to Local Area Networks (3) OR	
CNT140AB	Introduction to Networks(4)	3-4
(Note: CNT140AB is recommended for students interested in pursuing their Cisco Network Administration Certification.)		

**Restricted Electives: (1-3 credits)** **Credits**

Students must select one to three credits from the following:

BPC171	Recycling Used Computer Technology	1
+ CIS290AA	Computer Information Systems Internship	1
+ CIS290AB	Computer Information Systems Internship	2

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

+ CIS290AC	Computer Information Systems Internship	3	HES154	First Aid/Cardiopulmonary Resuscitation	3
+ CIS296WB	Cooperative Education	2	+ PSY240	Developmental Psychology	3
+ CIS296WC	Cooperative Education	3	+ PSY266	Abnormal Psychology	3
+ CIS298AA	Special Projects	1	SLG101	American Sign Language I	4
+ CIS298AB	Special Projects	2	SPA115	Beginning Spanish Conversation I	3
+ CIS298AC	Special Projects	3	+ SWU171	Introduction to Social Welfare	3

## Developmental Disabilities Specialist

Certificate of Completion - CCL 5034

16 credits

**For Information:** Shana Hornstein

**Phone:** 623.845.4761

<https://www.gccaz.edu/psychology>

**Program Description:** The Certificate of Completion (CCL) in Developmental Disabilities Specialist program is designed for students interested in working in various settings serving children or adults with developmental disabilities. The coursework combines theory and application. Academic preparation focuses on the physical and emotional correlates of developmental disability. The students also complete an internship, gaining experience working in a school or agency supporting persons with developmental disability.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites:** None.

### Required Courses: (13 credits)

Credits

Students must earn a grade of C or better for all Required Courses.

PSY101	Introduction to Psychology	3
+ PSY241	Understanding and Changing Behavior	3
+ PSY243	The Psychology of Developmental Disabilities	3
+ PSY244	Internship in Psychology	1

+ PSY240	Developmental Psychology (3) OR	
+ PSY242	Understanding and Changing Behavior Lab (3) OR	
+ PSY266	Abnormal Psychology (3)	3
(PSY242 is recommended for those students interested in Registered Behavioral Technician certification.)		

### Restricted Electives: (3 credits)

Credits

Student may select any combination of courses from the list below that total at least three credits. Restricted electives must be different from those courses counted in the Required Area.

BHS170	Case Management and Clinical Documentation	3
BHS175	Introduction to Trauma-Informed Care and Trauma-Focused Caregiving	3
BHS180	Child, Family, and Adult Advocacy	3
BHS275	Infant and Early Childhood Mental Health	3
CFS/ECH176	Child Development	3
CFS112	Personal Growth and Family Relations	3
CFS205	Human Development	3
CFS235	Developing Child: Theory into Practice, Prenatal to Age Eight	3
CPD102AS	Conflict Resolution	2
COM110	Interpersonal Communication	3
EDU222	Introduction to the Exceptional Learner	3
FON100	Introductory Nutrition	3

## Digital Media Arts

Associate in Applied Science - AAS 3567

65-71 Credits

**For Information:** Michelle Blomberg

**Phone:** 623.845.3667

<https://www.gccaz.edu/art-humanities>

**Program Description:** The Associate in Applied Science (AAS) in Digital Media Arts is designed for the student who wishes to develop skills in the area of graphic design, imaging, photography, animation, time-based, interactivity, and media production. The program emphasizes critical thinking, written communication, and teamwork by challenging students to develop their own design method, production workflow, and conceptual aesthetic. The program provides students with a broad understanding of media design and its place in society as a means to communicate. It allows for the development of an individual's personal interest in this area, prepares students for employment, and upgrades skills of those already employed in this field. Upon completion of the program, students will have compiled a professional portfolio. Employment opportunities include, but are not limited to, graphic design, animation, web design, and video production. Based on course selections, students may also pursue transfer opportunities.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Phoenix Community College.

**Program Prerequisites:** None.

### Required Courses: (31 credits)

Credits

+ ADA/ART169	2D Media Design	3
+ ADA/ART177	Digital Photographic Imaging I	3
ART100	Introduction to Digital Arts	1

ART111	Drawing I (3) OR	
ART116	Life Drawing I (3)	3

ART142	Digital Photography	3
+ ART181	Graphic Design I	3
+ ADA/ART/MMT184	Digital Animation I	3
+ ART200	Animation and Interactivity	3
ADA/ART248	Design Self Promotion	3
+ ART280AC	Digital Media Arts and Design Capstone (3) OR	
+ ART297++	Computer Graphic Design Internship (3)	3

+ JRN203	Writing for Online Media 3	
----------	----------------------------	--

### Restricted Electives: (12 credits)

Credits

Complete 12 credits from the following courses:		
+ ART182	Graphic Design II	3
+ ART/MMT185	3D Modeling for Animation I	3

+ ART210	Design Tools for Imagery, Production, and Publishing	3
+ ART240	Cinematography and Directing for 2D/3D Animation	3
CIS133DA	Internet/Web Development	3
FMP108	Video Production	3
+ FMP215	Digital Video Effects	3
MTC191	Electronic Music I	3
MUC122	Sound Design I	3

**General Education Requirements: (22-28 credits)****General Education Core: (12-18 credits)****Credits****First-Year Composition:.....6**

+ ENG101	First-Year Composition (3) OR
+ ENG107	First-Year Composition for ESL (3)

AND

+ ENG102	First-Year Composition (3) OR
+ ENG108	First-Year Composition for ESL (3)

**Oral Communication: .....3**

COM100	Introduction to Human Communication (3) OR
COM110	Interpersonal Communication (3) OR
+ COM225	Public Speaking (3) OR
COM230	Small Group Communication (3)

+ CRE101	College Critical Reading and Critical Thinking (3) OR Equivalent as indicated by assessment.
----------	---

**Mathematics:.....3-6**

Any approved general education course from the Mathematics area, see listing of courses for AGS, page 27.

Recommended for students planning to transfer to a four-year university:

+ MAT140	College Mathematics (5) OR
+ MAT141	College Mathematics (4) OR
+ MAT142	College Mathematics (3) OR
MAT145	College Mathematics with Review (5) OR
MAT146	College Mathematics with Review (6)

**General Education Distribution: (10 credits)****Credits****Humanities, Arts and Design: .....3**

Students who intend to transfer should choose either ARH102 or HUM/THF205 to fulfill the [HU] requirement for transfer.

ARH102	Renaissance Through Contemporary Art (3) OR
ARH110	History of Graphic Design (3) OR
HUM/THF205	Introduction to Cinema (3)

**Social-Behavioral Sciences: .....3**

Any approved general education course from the Social-Behavioral Sciences area, see listing of courses for AGS, page 27.

**Natural Sciences: .....4**

Any approved general education course from the Natural Sciences area, see listing of courses for AGS, page 27.

**Documentary Film Production<sup>1</sup>****Certificate of Completion - CCL 5059**

**This program currently is not eligible for Title IV Federal Financial Aid  
31 credits**

**For Information:** Stephanie Lucas

**Phone:** 623.845.3755

<https://www.gccaz.edu/art-humanities>

**Program Description:** The Certificate of Completion (CCL) in Documentary Film Production introduces the fundamentals of nonfiction filmmaking in a small, supportive setting with industry professionals as mentors. Includes technical aspects of documentary filmmaking (producing, camera, and audio) and exposure to the history and theory behind the art. Students will develop, shoot, and edit an original short documentary film, as well as collaborate on various non-fiction productions, which can include work for clients, non-profits, and new media. An Associate in Applied Science (AAS) in Film and Media Production is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Program Prerequisites:** None.

**Required Courses: (31 credits)****Credits**

ART142	Digital Photography	3
ART/COM/STO150	Digital Storytelling	3
FMP108	Video Production	3
FMP111AA	Scripting for the Media	3
+ FMP114	Audio Production	3
FMP115	Introduction to Editing for Media	3
+ FMP204	Advanced Video Production	3
+ FMP/FMT270	Documentaries for Social Change	4
HUM212	Documentary Film	3

In consultation with Advisor or Program Director, choose one course from the following:

+ FMP/FMT117	Introduction to Cinematography	3
FMP208	Production Company Management	3
FMP260	Film and Media Producing and Financing	3
+ FMP/FMT294AC	Special Topics in Motion Picture, Television, Documentary, and New Media Production	3

**Driver Operator****Certificate of Completion - CCL 5418N**

**This program is not eligible for Title IV Federal Financial Aid  
8 credits**

**For Information:** Raul Muniz

**Phone:** 623.845.4776

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Driver Operator program is designed for students who need (1) advanced training as professional firefighters, (2) preparation courses for career advancement opportunities in fire services, and/or (3) more comprehensive information about the role and function of an emergency vehicle driver/operator.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

**Admission Criteria:** Acceptance into the program and permission of Program Director is required.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (8 credits)**

	Credits
FSC111 Emergency Vehicle Driver Operator	2
FSC117 Fire Apparatus	3
FSC118 Fire Hydraulics	3

## Early Childhood Education<sup>1</sup>

**Associate in Applied Science - AAS 3186**  
**60-71 credits**

**For Information:** Judy Basham

**Phone:** 623.845.4479

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Early Childhood Education (ECE) program is designed to prepare individuals for employment as early childhood professionals in a variety of educational settings. The AAS program includes courses based on current ECE theory and practice as well as general education classes to broaden a student's base of knowledge. Certificates of Completion are also available.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

For some employment and field experiences (including internship courses), students will be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current TB vaccination.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and South Mountain Community Colleges.

This program replaces:

- AAS/3007 Early Childhood Education
- AAS/3109 Early Childhood Administration and Management

**Program Prerequisites:** None.

**Required Courses: (29-34 credits)**

	Credits
CFS/ECH176 Child Development (3) OR	
CFS235 Developing Child: Theory into Practice, Prenatal - Age Eight (3) OR

**Restricted Electives: (9-12 credits)**

**Credits**  
Students must select 9 to 12 credits from the following and must complete a minimum of 60 credits for the degree. Students are encouraged to consult with a faculty advisor or student services analyst to identify the requirements for their desired academic and professional goals:

CFS+++	Any CFS Child/Family Studies course(s)
ECH+++	Any ECH Early Childhood Education course(s)
EDU+++	Any EDU Education course(s)
EED+++	Any EED Early Education course(s)
FCS+++	Any FCS Family and Consumer Science course(s)
ITD+++	Any ITD Infant/Toddler Development course(s)

**General Education Requirements: (19-25 credits)****General Education Core: (12-18 credits) Credits****First-Year Composition: .....6**

+ ENG101 First-Year Composition (3) OR

+ ENG107 First-Year Composition for ESL (3)

AND

+ ENG102 First-Year Composition (3) OR

+ ENG108 First-Year Composition for ESL (3)

**Oral Communication: .....3**

Any approved general education course from the Oral Communication area, see listing of courses for AGS, page 27.

Note: +COM225 is recommended for students who wish to transfer to the BAE at ASU.

**Critical Reading: .....0-3**

+ CRE101 College Critical Reading and Critical Thinking (3) OR Equivalent as indicated by assessment.

**Mathematics: .....3-6**

Any approved general education course in the Mathematical Applications [MA] area, see listing of courses for AGS, page 27. (3-6)

**General Education Distribution: (7 credits) Credits****Humanities, Arts and Design: .....3**

Any approved general education course from the Humanities, Arts and Design area, see listing of courses for AGS, page 27.

Recommend: EDU/ENH291 Children's Literature OR EDU292 The Art of Storytelling.

**Social-Behavioral Sciences: .....0**

Fulfilled by EDU222 or EED222 in Required Courses area.

**Natural Sciences: .....4**

Any approved general education course from the Natural Sciences area, see listing of courses for AGS, page 27.

**Early Childhood Education<sup>1</sup>****Certificate of Completion - CCL 5056****This program currently is not eligible for Title IV Federal Financial Aid****36 credits****For Information:** Judy Basham**Phone:** 623.845.4479<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Early Childhood Education program is designed to prepare students for employment as early childhood teachers in a variety of educational programs. Students learn effective teaching skills as they apply developmentally appropriate early childhood educational theory in the classroom setting. Courses have been selected with a focus on developing an educational career ladder. An Associate in Applied Science (AAS) in Early Childhood Education is also available and includes additional early childhood electives and general education classes to broaden the student's base of knowledge.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

For some employment and field experiences (including internship courses), students will be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current TB vaccination.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and South Mountain Community Colleges.

This program replaces:

- CCL/5374 Early Childhood Education

**Program Prerequisites:** None.

**Required Courses: (29-34 credits) Credits**

## Economics

### General Information

**For Information:** Sasha Radisich  
**Phone:** 623.845.4765  
<https://www.gccaz.edu/social-sciences>

**Student Goals:** General Education, Career-related

Economics courses provide an understanding of economic institutions, consumer economic issues, and world economic systems. Students take these courses to:

- Meet general education Social-Behavioral Sciences Requirements. ECN211 or 212 are especially recommended.
- Provide Needed Background for other careers especially in Business and Engineering, Social Work and Journalism. ECN211 or 212 are typically recommended or required.
- Prepare for transfer as an Economics Major at a four-year institution. Degrees in economics may be offered in the Liberal Arts College, the Business College, or both, depending on the institution. Students should consult the catalog of the relevant transfer institution.

Economists research conditions affecting the production, distribution, and consumption of goods and services. They evaluate and forecast business trends, guide monetary policy, and evaluate results of financial, governmental, and business policies. Areas of specialization include labor, fiscal management, agriculture, industry, and social welfare. Related careers are in labor relations, public administration, consulting, foreign diplomacy, and investment counseling.

With the increased reliance on scientific methods of analyzing business trends, forecasting sales, and planning purchases

and production operations, employment of economists can be expected to increase. In order to work in the field, a graduate degree is likely to be required.

Recommended courses for potential majors are:  
ECN211 and 212, GBS221, MAT212 or MAT220, MAT225

A broad background in social sciences, history, and philosophy is strongly recommended.

## Education

### General Information

**For Information:** Heather Merrill  
**Phone:** 623.845.3768  
<https://www.gccaz.edu/social-sciences>

**Student Goals:** Explore teaching as possible career and/or transfer to a Professional Teacher Preparation Program.

**Career Outlook:** Arizona is experiencing a shortage of qualified teachers. Due to increasing population, teacher retirements, and demands for reduction in class size, job opportunities for certified teachers are excellent.

Transfer recommendations: Students are advised to consult with the institution to which they plan to transfer. Universities differ in their admission and course requirements.

### Department Recommendations for Elementary and

Special Education Majors:	Credits
EDU221 Introduction to Education	3

**Electronic Music****Academic Certificate - AC 6231N**

**This program is not eligible for Title IV Federal Financial Aid  
40 credits**

**For Information:** Doug Nottingham  
**Phone:** 623.845.3915  
<https://www.gccaz.edu/performing-arts>

**Program Description:** The Academic Certificate (AC) in Electronic Music is intended for the student who would like to obtain acknowledgment for completion of electronic music courses, and is not designed to prepare students for employment. While the completion of the certificate does not lead to a particular degree, it does provide and enhance the development of musicianship for enjoyment and personal growth. This program provides the student with fundamental musical skills covering a variety of topics, including theory, performance, composition, and history. In addition, students receive a high level of technical training in creating electronic music. As students complete courses in the program, they will build a portfolio of original compositions that may be used to seek admittance to a bachelor's-level music program.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program also is offered at Mesa, Phoenix, and Scottsdale Community Colleges.

**Program Prerequisites: (0-3 credits)**

MTC100	Fundamentals of Music (2) OR	
MTC101	Introduction to Music Theory (3) OR	
	Permission of instructor	0-3

**Required Courses: (40 credits)**

Students are required to complete a total of six credits of MTC240.		
+ MTC105	Music Theory I	3
+ MTC106	Aural Perception I	1
+ MTC155	Music Theory II	3
+ MTC156	Aural Perception II	1
+ MTC205	Music Theory III	3
+ MTC206	Aural Perception III	1
+ MTC255	Music Theory IV	3
+ MTC256	Aural Perception IV	1
MTC191	Electronic Music I	3
+ MTC192	Electronic Music II	3
+ MTC193	Computer-Based Sound Synthesis	3
+ MTC240	Composition (3)	6
+ MTC291	Electronic Music III	3
MUC195	Studio Music Recording I	3
+ MUC196	Studio Music Recording II (3) OR	
MUC197	Live Sound Reinforcement I (3)	3

**Emergency Management<sup>1</sup>****Certificate of Completion - CCL 5304**

**This program currently is not eligible for Title IV Federal  
Financial Aid  
18 credits**

**For Administration of Justice Studies Information:** Paul Brown  
**Phone:** 623.845.3913  
<https://www.gccaz.edu/public-safety-sciences>

**For Fire Science Information:** Raul Muniz  
**Phone:** 623.845.4776  
<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certification of Completion (CCL) in Emergency Management provides the student with knowledge and skills required to conduct a comprehensive emergency management program. The program prepares students to manage emergency operations, hazardous materials incidents, tactics, strategy, and safety of firefighting activities, and customer service in the public sector. The student will be prepared for positions such as Emergency Manager, Emergency Management Planner, Emergency Operations Coordinator, Environmental Compliance Planner, and Emergency Management Specialist, working in state, local, federal, and international governments, business and industry, military installations, and health care facilities.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Mesa, and Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (18 credits)**

		Credits
AJS/FSC139	Emergency Response to Terrorism	3
AJS/FSC146	Disaster Recovery Operations	3
AJS/FSC147	Emergency Preparedness	3
AJS/FSC148	Fundamentals of Emergency Management	3
AJS/FSC149	Hazard Mitigation	3
FSC224	Incident Command Systems	3

**Emergency Medical Technology (EMT)****General Information**

**For Information:** Chris Coughlin  
**Phone:** 623.845.3205  
<https://www.gccaz.edu/public-safety-sciences>

Prior to entry into the Paramedicine program, a student must have been actively practicing as a State Certified Basic Emergency Medical Technician for one calendar year and be selected by a written examination and oral interview.

Students planning to enter the EMT program must be advised and counseled by Chris Coughlin or Paula Davis of the Emergency Medical Technology Department prior to considering entering the program. Paramedic classes are scheduled to meet the needs of community agencies.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

Students should consult with a department advisor in planning their academic schedule in order to complete degree requirements in an expedient manner. Required courses may not be available every semester or year. Due to limited course offerings, degree seeking students may find it necessary to extend completion time lines and attend both day and evening classes.

See Maricopa Community Colleges Allied Health or Nursing Program for more information regarding background checks.

Paramedic Continuing Education Classes: Paramedic and Intermediate continuing education classes are available for credit and non-credit. Continuing education classes are available and meet or exceed the National Registry/State of Arizona refresher training requirements for Paramedic's and IEMT's. For information on classes, contact the Public Safety Sciences Department.

### **Emergency Medical Technology (EMT)**

**Certificate of Completion - CCL 5643N**

**This program is not eligible for Title IV Federal Financial Aid 13 credits**

**For Information:** Rainier Perez

**Phone:** 623.845.3172

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Emergency Medical Technology curriculum provides the student with the necessary knowledge and skills in accordance with the National EMS Scope of Practice published by National Highway Traffic Safety Administration (NHTSA) and the Arizona Department of Health Services. Successful completion of the curriculum and upon licensure, the candidate can seek employment with ambulance service companies, first responder agencies, fire departments, and hospitals as an Emergency Medical Technician (EMT). Emphasis is on the fundamental principles and skills required to provide emergency medical care for the ill or injured. The primary focus of an EMT is to respond to, assess and triage emergent, urgent, and non-urgent requests for medical care, apply basic knowledge and skills necessary to provide patient care and medical transportation to/from an emergency or health care facility.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

EMT104 requires students to complete additional hours in a competency-based clinical, vehicular, and/or scenario based experience. Depending on the college, this may be completed through EMT/FSC104AB or program director-approved rotation.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (13 credits)**

**Credits**

Students who have current validation in Basic Life Support (BLS) are required to receive credit by evaluation.

### **Emergency Medical Technology Comprehensive<sup>1</sup>**

**Certificate of Completion - CCL 5058**

**This program currently is not eligible for Title IV Federal Financial Aid 16-17 credits**

**For Information:** Rainier Perez

**Phone:** 623.845.3172

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Emergency Medical Technology Comprehensive curriculum provides the student with the necessary knowledge and skills in accordance with the National EMS Scope of Practice published by National Highway Traffic Safety Administration (NHTSA) and the Arizona Department of Health Services. This certificate provides students with the expanded knowledge and skills for pre-hospital settings. Successful completion of the curriculum and upon licensure, the candidate can seek employment with ambulance service companies, first responder agencies, fire departments, and hospitals as an Emergency Medical Technician (EMT). Emphasis is on the fundamental principles and skills required to provide emergency medical care for the ill or injured. The primary focus of an EMT is to respond to, assess and triage emergent, urgent, and non-urgent requests for medical care, apply basic knowledge and skills necessary to provide patient care and medical transportation to/from an emergency or health care facility, fire departments, and hospitals as an Emergency Medical Technician (EMT). ## Engineering

### General Information

**For Information:** Didem Yamak Congress  
**Phone:** 623.845.3974  
<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Engineering program provides the first two years toward a baccalaureate degree in Engineering. This includes, but is not limited to, transfer to the following Engineering degree programs: Computer Systems, Electrical, Mechanical, Aerospace, Civil, Industrial, Chemical, Biomedical, Environmental, and Materials Science. Articulation (transfer) agreements exist with all three state universities in Arizona.

#### Acquired Skills

- Gain introductory engineering design experience. Complete projects to build robots, rockets, catapults, and mousetrap powered vehicles.
- Gain team skills required in an engineering work environment. Establish team goals; set ground rules; decide how to resolve team conflicts.
- Gain computer application skills. Use MatLab to solve Optimization and Area problems from Calculus. Use Excel to calculate odds and solve problems using iteration methods. Use AutoCAD to build models of engineering designs.
- Gain science and mathematics skills. Calculate the height of your rocket and the path of catapult projectiles; use levers and/or torsion to power catapults and vehicles. Design a vending machine or a miniature microprocessor.
- Gain effective verbal and written communications skills. Learn how to give effective PowerPoint presentations. Document project work in a design notebook.

#### Departmental Recommendations:

		Credits
+ ECE102	Engineering Analysis Tools and Techniques	2
+ ECE103	Engineering Problem Solving and Design	2
+ EEE202	Circuits and Devices	5
+ ECE 211	Engineering Mechanics: Statics	3

#### General Education Requirements:

See listing of courses on page 15 for Associate in Arts (AA) in the Graduation Requirements section.

## Engineering Technology<sup>1</sup>

**Associate in Applied Science - AAS 3187**  
**60-68 credits**

**For Information:** Tim Frank  
**Phone:** 623.845.3207  
<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Engineering Technology program prepares students as entry-level engineering technicians. They will apply basic engineering principles and technical skills to support engineers engaged in a wide variety of projects. Includes instruction in various engineering support functions, including preparation in the areas of research, production, and operations. This degree will prepare highly skilled and needed workers for area manufacturers and the tech industry.

**Program Notes:** Students must earn a grade of C or better in each course in the program.

This program also is offered at Estrella Mountain, Paradise Valley, and South Mountain Community Colleges.

**Program Prerequisites:** None.

#### Required Courses: (26-33 credits)

		Credits
+ CHM130	Fundamental Chemistry (3)	
AND		
+ CHM130LL	Fundamental Chemistry Laboratory (1) OR

Any approved general education course in the Humanities, Arts  
and Design area, see listing of courses for AGS, page 27.

**Social-Behavioral Sciences:** .....3

Any approved general education course in the Social-Behavioral  
Sciences area, see listing of courses for AGS, page 27.  
Recommend ECN211 or ECN212.

**Natural Sciences:** .....0

Met by CHM or PHY in Required Courses.

## Enrolled Agent<sup>1</sup>

**Certificate of Completion - CCL 5958**

**This program currently is not eligible for Title IV Federal  
Financial Aid  
17-18 credits**

For Information: Scott Stroher  
Phone: 623.845.3453  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Enrolled Agent program helps to prepare students for the Enrolled Agent Examination. The Internal Revenue Service (IRS) Enrolled Agent credential allows tax practitioners to represent taxpayers before the IRS when it comes to collections, audits, and appeals. Enrolled Agents' expertise in the continually changing field of taxation enables them to effectively represent taxpayers at all administrative levels within the IRS. Students who successfully complete this CCL may also seek employment as tax preparers.

**Program Notes:** Students must earn a grade of C or better in all courses in the program.

Consultation with an Academic Advisor is recommended for course selection.

The Volunteer Income Tax Assistance (VITA) program internship is only available in the spring semester- Contact a program adviser for more information.

This program also is offered at Chandler-Gilbert, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (15 credits) Credits**

ACC111	Accounting Principles I (3) OR	
ACC211	Financial Accounting (3)	3
ACC121	Income Tax Preparation	3
+ ACC221	Tax Accounting	3

+ ACC224	Tax Practice Administration and Business Entity Analysis	3
CIS105	Survey of Computer Information Systems	3

**Restricted Electives: (2-3 credits) Credits**

Students should select two to three credits from the list below:

ACC105	Payroll, Sales and Property Taxes	3
+ ACC112	Accounting Principles II	3
+ ACC115	Computerized Accounting	3
+ ACC222	Payroll Accounting	3
+ ACC230	Uses of Accounting Information I	3
+ ACC270AB	Accounting Internship	2
+ ACC270AC	Accounting Internship	3

## English

### General Information

**For Information:** David Miller

**Phone:** 623.845.3707

<https://www.gccaz.edu/english>

**Student Goals:** General Education, Transfer, Personal Interest

Courses in English are in the areas of composition, literature, and linguistics. Composition courses concentrate on the communication skills of writing, reading, and speaking. Courses in literature encourage students to comprehend and appreciate essays, prose fiction, poetry, and drama. Courses in linguistics examine the history, development, and structure of language.

Communication skills taught in the English Department are essential in any employment area. English majors are well prepared for careers in teaching, law, politics, journalism, writing, editing, public relations, advertising, marketing, and management.

English courses fulfill general education requirements in communications and humanities and provide background for advanced study programs. They develop communication skills for personal, employment, and academic use. English Humanities courses encourage personal enrichment through the study of literature. Courses in English as a second language assist speakers of other languages to learn to speak, write, and read English.

Students should consult with a department advisor in planning their academic schedule in order to complete degree requirements in an expedient manner. Required courses may not be available every semester or year. Due to limited course offerings, degree-seeking students may find it necessary to extend completion time lines and attend both day and evening classes.

**Special Skill Levels Needed:** The department recommends that students have keyboarding skills. Papers must be typed.

**Departmental Recommendations: Credits**

The following courses are generally required for a baccalaureate degree in English:

+ ENG101	First-Year Composition	3
+ ENG102	First-Year Composition	3
+ ENG200	Reading and Writing about Literature	3
+ ENG216	Persuasive Writing on Public Issues (3) OR

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

+ ENH222	Survey of English Literature After 1800	3
+ ENH241	American Literature Before 1860	3
ENH242	American Literature After 1860	3
Foreign Language		8-16

ENG107 AND ENG108, First-Year Composition for ESL, may be substituted for ENG101 AND ENG102.

## Entrepreneurial Studies Level I

**Certificate of Completion - CCL 5819N**

**This program is not eligible for Title IV Federal Financial Aid  
10-11 credits**

For Information: Kendra Swensen  
Phone: 623.845.3749  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Entrepreneurial Studies Level I program is designed to provide students with an introduction to the entrepreneurial process. Courses include a history of entrepreneurship, current research into its impacts on society, types of business start-up opportunities, and creating a preliminary business plan, as well as securing a healthy financial future. A Certificate of Completion (CCL) in Entrepreneurial Studies Level II is also available.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses: (10-11 credits)		Credits
EPS150	Introduction to Entrepreneurship	3
EPS160	New Venture Creation	2
EPS162	Introduction to Social Entrepreneurship (3) OR	2-3
EPS195	Business Start-Up and Planning (2)	
GBS/HEC132	Personal and Family Financial Security	3

## Entrepreneurial Studies Level II

**Certificate of Completion - CCL 5820**

**18-19 credits**

For Information: Kendra Swensen  
Phone: 623.845.3749  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Entrepreneurial Studies Level II program is designed to prepare students to acquire additional skills, tools and knowledge necessary for successful venture opportunities. A Certificate of Completion (CCL) in Entrepreneurial Studies Level I is also available and fully embedded in this program.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at GateWay, Mesa, Paradise Valley, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses: (18-19 credits)		Credits
EPS150	Introduction to Entrepreneurship	3
EPS160	New Venture Creation	2
EPS162	Introduction to Social Entrepreneurship (3) OR	2-3
EPS195	Business Start-Up and Planning (2)	
GBS/HEC132	Personal and Family Financial Security	3
EPS161	New Venture Law and Finance (3) OR	3
EPS180	Technology Business Planning (3)	
EPS165	New Venture Feasibility Analysis	2
MGT253	Owning and Operating a Small Business	3

## Exercise Science: Health, Fitness and Sports Performance

**Associate in Applied Science - AAS 3059**

**63-72.5 credits**

**For Information:** Louise So

**Phone:** 623.845.3883

<https://www.gccaz.edu/fitness-wellness>

**Program Description:** The Associate in Applied Science (AAS) in Exercise Science: Health, Fitness and Sports Performance program prepares students for the American College of Sports Medicine (ACSM), National Strength and Conditioning Association (NSCA), National Academy of Sports Medicine (NASM) and the American Council on Exercise (ACE) personal trainer certifications. The curriculum is designed to prepare students for employment in entry-level positions such as personal training within health and fitness clubs, wellness centers, and public and private recreation facilities. This curriculum also provides good preparation for transfer to a four-year bachelor's program.

**Program Notes:** Students must earn a grade of C or better required for all courses within the program.

Students can achieve the AGEC-A by completing the following:

An additional course with the Humanities, Arts and Design general studies designation	3
An additional course with the Natural Science general studies designation	4
Recommend BIO202 Human Anatomy and Physiology II	4
An additional course with the Computer/Statistics/Quantitative Applications general studies designation	3
Recommend MAT206 Elements of Statistics 3 OR PSY230 Introduction to Statistics	3

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Scottsdale, and South Mountain Community Colleges.

**Prerequisites:** None.

<b>Required Courses: (44-48.5 credits)</b>		<b>Credits</b>			
			PED101TX	Suspension Training (1)	1
EXS101	Introduction to Exercise Science	3			
+ EXS125	Introduction to Exercise Physiology	3	<b>Free Electives: (4 credits)</b>

Students receive comprehensive training in the craft, process, and theory behind visual storytelling. The program uses the latest technologies and provides opportunities for students to develop their skills and professionalism with real world projects, both in the laboratory and on location. This program is focused on independent filmmaking with the spirit of entrepreneurship in the field. A Certificate of Completion (CCL) in Documentary Film Production is also available.		

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Program Prerequisites:** None.

**Required Courses: (9 credits)**

	<b>Credits</b>
FMP108 Video Production	3
+ FMP114 Audio Production	3
FMP115 Introduction to Editing for Media	3

**Restricted Electives: (25-31 credits)**

In addition to completing the Required Courses, students must select one of the following specializations:

**Specialization 1: Film and Media Production - Credits: 30-31**

**Film and Media Production Core Credits: 18**

MUC122 Sound Design I	3
FMP105 Studio Production	3

FMP111 Introduction to Screenwriting (3) OR	
FMP111AA Scripting for the Media (3)	3

+ FMP/FMT117 Introduction to Cinematography	3
+ FMT134 <sup>1</sup> Pre-Production for Motion Picture and Television	3
+ FMP134 <sup>2</sup> Pre-Production for Motion Picture and Television	3

FMP208 Production Company Management (3) OR	
FMP260 Film and Media Producing and Financing (3)	3

**Film and Media Production Related Area Credits: 12-13**

Complete two Production courses for a total of six credits from the following:

ART142 Digital Photography	3
+ FMP/FMT151 TV and New Media Production	3
+ FMP204 Advanced Video Production (Required choice if selecting +FMT217 as Capstone/Internship)	3
+ FMP215 Digital Video Effects	3

Complete one Humanities Film course for a total of three credits from the following:

HUM/THF206 Introduction to Television Arts	3
HUM/THF210 Contemporary Cinema	3
HUM211AA Foreign Films: Classics	3
HUM212 Documentary Film	3
HUM213 Hispanic Film	3

Complete one Capstone/Internship course for a total of three to four credits based on career goals:

+ ART280AC Digital Media Arts and Design Capstone	3
+ FMP211 Screenwriting II	3
+ FMP214AC Video Production Internship	3
+ FMP/FMT270 Documentaries for Social Change	4
+ FMP275 Advanced Portfolio Production	4
+ FMT217 Advanced Cinematography	3

**Specialization 2: Documentary Film Production - Credits: 25**

**Documentary Film Production Core Credits: 19**

ART142 Digital Photography	3
ART/COM/STO150 Digital Storytelling	3
FMP111AA Scripting for the Media	3
+ FMP204 Advanced Video Production	3
+ FMP/FMT270 Documentaries for Social Change	4
HUM212 Documentary Film	3

**Documentary Film Production Related Area Credits: 6**

In consultation with Advisor or Program Director, choose two courses for a total of six credits:

+ FMP/FMT117 Introduction to Cinematography	3
FMP208 Production Company Management	3
FMP260 Film and Media Producing and Financing	3
+ FMP/FMT294AC Special Topics in Motion Picture, Television, Documentary, and New Media Production	3

**Free Electives: (0-4 credits)**

Students must complete additional courses to meet the 60 minimum credits required for the degree.

**General Education Requirements: (22-28 credits)**

**General Education Core: (12-18 credits) Credits**

**First-Year Composition:..... 6**

+ ENG101 First-Year Composition (3) OR	
+ ENG107 First-Year Composition for ESL (3)	
AND	
+ ENG102 First-Year Composition (3) OR	
+ ENG108 First-Year Composition for ESL (3) OR	

**Oral Communication:..... 3**

COM100 Introduction to Human Communication (3) OR	
COM110 Interpersonal Communication (3) OR	
+ COM225 Public Speaking (3) OR	
COM230 Small Group Communication (3)	

**Critical Reading:.....0-3**

+ CRE101 College Critical Reading and Critical Thinking (3) OR	
Equivalent as indicated by assessment.	

**Mathematics:.....3-6**

Any approved general education course from the Mathematics area, see listing of courses for AGS, page 27.

Students who want to transfer to university recommend the following:

+ MAT140 College Mathematics (5) OR	
+ MAT141 College Mathematics (4) OR	
+ MAT142 College Mathematics (3) OR	
MAT145 College Mathematics with Review (5) OR	
MAT146 College Mathematics with Review (6)	

**General Education Distribution: (10 credits) Credits**

**Humanities, Arts and Design: ..... 3**

HUM/THF205 Introduction to Cinema	
-----------------------------------	--

**Social-Behavioral Sciences: ..... 3**

Any approved general education course from the Social-Behavioral Sciences area, see listing of courses for AGS, page 27.

PSY101 is recommended.

**Natural Sciences: ..... 4**

Any approved general education course from the Natural Sciences area, see listing of courses for AGS, page 27.

## Fingerprint Identification and Photography

### Certificate of Completion - CCL 5010N

This program is not eligible for Title IV Federal Financial Aid 10 credits

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Fingerprint Identification and Photography is designed to prepare students for entry level positions in the field of fingerprint classification and identification. It is one pathway to the Associate in Applied Science (AAS) in Forensic Science.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

### Required Courses (10 credits)

Course	Description	Credits
AJS101	Introduction to Criminal Justice	3
AJS213	Evidence Technology/Fingerprints	3
AJS214	Evidence Technology/Photography	3
AJS290BN	Courtroom Testimony Seminar	1

## Fire Science

### General Information

**For Information:** Raul Muniz

**Phone:** 623.845.4776

<https://www.gccaz.edu/public-safety-sciences>

**Student Goals:** Career-related

The Fire Science program at Glendale prepares the student primarily for a career in the fire service, although the program would enhance one's performance in safety education, arson investigation, and related careers.

Greater Phoenix is one of the fastest growing cities in the "Sun Belt," and the need for firefighters will increase in direct proportion to the total population. Although competition is heavy for available positions, the applicant with a Fire Science background has a significant advantage over those without training. A degree in Fire Science does not, however, guarantee employment. Persons already employed as firefighters can expect the attainment of the degree to be an asset when seeking promotion within a fire department or district.

FSC110 - Wildland Firefighter training classes which meet the National Wildland Coordinating Group S-130, S-190 and I-100 learning objectives, are offered weekends during the Spring and Fall semesters. Registration information is available by contacting the FSC Department.

**Special Qualifications:** To be considered for employment in local fire departments, a candidate must meet the following minimum standards:

1. United States citizenship.
2. A high school diploma or GED equivalency certificate.
3. No felony conviction in any state or federal jurisdiction.
4. A medical examination by a licensed physician attesting that no physical conditions exist which would adversely affect the performance of duties as a firefighter.
5. Successful completion of the agility and written (general knowledge) tests and oral interview as specified by the employing fire department.
6. Proportional height and weight.
7. Minimum age as required by law. Students should consult with a department advisor in planning their academic schedule in order to complete degree requirements in an expedient manner. Due to limited course offerings, degree seeking students may find it necessary to extend completion time lines and attend both day, evening, and weekend classes.

See Fire Science AAS, next.

## Fire Science<sup>1</sup>

### Certificate of Completion - AAS 3205

60-88 credits

**For Information:** Raul Muniz

**Phone:** 623.845.4776

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Fire Science provides the opportunity for individuals seeking careers in the fire service to acquire standard firefighting skills and prepare for state and/or national certifications, including the Firefighter I and II Certification. Students will gain broad knowledge and skills necessary to work effectively in the fire service as firefighters. A Certificate of Completion (CCL) in Firefighter Operations is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Consult with your faculty mentor or academic advisor to determine educational requirements, including possible university transfer options, for your chosen career field.

This program replaces: AAS/3112 Emergency Response and Operations.

**Admission Criteria:** Admission to program is required. See Program Director for details.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

This program replaces:

- AAS/3112 Emergency Response and Operations

**Program Prerequisites:** None.

## Fitness and Wellness

### General Information

**For Information:** Lisa Lewis

**Phone:** 623.845.3784

<https://www.gccaz.edu/fitness-wellness>

**Student Goals:** Transfer, Career-related, Personal Interest

The Fitness and Wellness program seeks to help students apply their knowledge of fitness, health and nutrition in a practical and professional manner. Instructors guide students toward the institutional learning outcomes of personal wellness responsibility and career goals. In collaboration with the Food and Nutrition program, we offer courses and degree programs which prepare students for immediate entry into the workforce, for transfer to university, or for personal interest.

Our fitness and nutrition labs and facilities have state-of-the-art equipment that enhance students testing skills in VO2 max, body composition, muscular strength, power and flexibility. Notable facilities include the Sports Performance Lab, Fitness Centers, Adapted Fitness Center, Powerhouse, Olympic-sized swimming pool, tennis courts, and racquetball courts.

**Wellness Education (WED):** Students can learn about alternative medicine, medication and aromatherapy to enhance overall personal health for a lifetime.

**Physical Education (PED):** Physical activity courses benefit the overall health and fitness of students, and include courses that enhance cardiovascular fitness, muscular strength and endurance, flexibility, balance and sport skills.

**Health (HES):** Health courses include Healthful Living and First Aid which provide a general knowledge of personal health concepts and practices, first aid techniques and safety. Prevention and Treatment of Athletic Injuries is offered for the prospective school teacher, coach, athletic trainer, or other persons desiring more advanced knowledge than is provided in the basic courses.

**Recreation (REC):** GCC and ASU's West Campus have agreed to provide a transfer guide to students who are pursuing a Bachelor of Science (BS) in Recreation. Those students may complete their first and second years of study at GCC leading to an Associate in Arts (AA) degree and continue their third and fourth years of study at ASU's West Campus and receive a BS degree from ASU's West Campus. It is recommended that Recreation majors seek departmental advice at registration time. Under the above agreement, the following course may be taken at GCC and transferred directly to ASU's West Campus: REC120 Leisure and the Quality of Life.

**Exercise Science (EXS) Degree Pathways:** GCC's Fitness and Wellness program offers various pathways to obtaining certificates and degrees in the fields of Exercise Science and Personal Training. Each certificate is its own destination or can be used

as a stepping stone to a higher level of knowledge, leading to an AA degree or AAS degree (and eventually a four-year institution) in Exercise and Wellness, Physical Education, Kinesiology, Wellness, or Health Promotion. Students should see a department advisor each semester to plan for easy transition to the university.

Students continuing on to a four-year institution will be well on their way to a career in Personal Training, Strength and Conditioning, Youth and Senior Fitness, Group Fitness, Weight Management, Health and Wellness Coaching, Sports Coaching, Athletic Training, Physical Therapy, Corporate Wellness, and other health related fields. Students should see a program advisor each semester to plan for easy transition to the university.

Fitness professionals assess and design fitness programs and supervise workouts for clients who want to improve their fitness level in a safe, motivating, and effective manner. Many fitness professionals also consult, advise, or offer online fitness services for clients. As businesses, government, and insurance organizations continue to recognize the benefits of health and fitness programs for their employees, incentives to join gyms or other types of health clubs are expected to increase the need for fitness trainers and instructors. Other employment growth will come from the continuing emphasis on exercise to combat obesity and encourage healthier lifestyles for people of all ages.

Job prospects and earning potential improve for workers with professional certifications and formal education in the field. Employment of fitness trainers and instructors is projected to grow 13% from 2018 to 2028 which is much faster than the average for all occupations.

Nationally certified fitness professionals have a greater earning potential and are more credible to employers and clients. Students who complete our degree and certificate programs will be prepared to become nationally certified by:

- American College of Sports Medicine (ACSM)
- American Council on Exercise (ACE)
- National Academy of Sports Medicine (NASM)
- National Strength and Conditioning Association (NSCA)
- Other national fitness organizations accredited by the National Commission for Certifying Agencies (NCCA)

### Certificates of Completion (CCL) and Associate in Applied Science (AAS) Degrees:

- **Personal Trainer (CCL)** program is designed to help prepare students for employment in the fitness industry as a personal trainer. The program provides students with a fundamental knowledge of human anatomy and physiology, nutrition, weight management, CPR and AED training, and skills to assess, design, and implement safe and effective exercise programs.
- **Personal Trainer: Advanced (CCL)** is based on the foundation of the Personal Trainer CCL, and offers more advanced and diversified courses. Students who complete both programs will be prepared for the AAS in Exercise Science: Health, Fitness and Sports Performance.
- **Exercise Science: Health, Fitness and Sports Performance (AAS)** is designed to prepare students for employment in entry-level positions such as personal training within health and fitness clubs, wellness centers, and public and private recreation facilities. This curriculum also provides good preparation for transfer to a four-year bachelor's program.

The program prepares students for personal trainer certification exams from the American College of Sports Medicine (ACSM), National Strength and Conditioning Association (NSCA), National Academy of Sports Medicine (NASM) and the American Council on Exercise (ACE).

- **Exercise Science: Pre-Physical Therapy (AA)** This program provides the first two years of a four-year curriculum for students who wish to specialize in Exercise Science/ Kinesiology and are preparing for graduate programs in physical therapy or other health fields. With a bachelor's degree, students may pursue a career as a fitness director or an exercise physiologist. With a graduate degree, careers may include physical therapy, occupational therapy, athletic training, exercise physiology, sports medicine and physician assistant.
- **AA degree** with emphasis area.

## Forensic Science

**Associate in Applied Science - AAS 3183**  
60-65 credits

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Forensic Science provides the student with a specialization in forensic investigation as it relates to crime. The curriculum presents a specialized scope of knowledge about photography, collection and preservation of evidence, and investigative strategies. The program provides students with an important knowledge base for investigative specialization in a wide range of disciplines and careers. This degree pathway also provides students with the opportunity to complete two Certificates of Completion (CCL) in Crime Scene Investigation, and Fingerprint Identification and Photography.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses: (31-41 credits)		Credits
AJS101	Introduction to Criminal Justice	3
AJS123	Ethics and the Administration of Justice	3
AJS275	Criminal Investigation I	3
AJS290BN	Courtroom Testimony Seminar	1
AJS215	Criminalistics: Physical Evidence (3) OR	
AJS219	Crime Scene Technology: Physical Evidence (3) OR	
FOR105	Forensic Science: Physical Evidence (4)	3-4
AJS216	Criminalistics: Biological Evidence (3) OR	
FOR106	Forensic Science: Biological Evidence (4)	3-4

Students should select courses from one of the following emphases based on career goals.

### Crime Scene (15 credits)

AJS109	Substantive Criminal Law	3
AJS210	Constitutional Law	3
AJS213	Evidence Technology/Fingerprints	3
AJS214	Evidence Technology/Photography	3
AJS260	Procedural Criminal Law	3

### Lab Science (23 credits)

ASM/FOR275	Forensic Anthropology	4
+ CHM151	General Chemistry I	3
+ CHM151LL	General Chemistry I Laboratory	1
+ CHM152	General Chemistry II	3
+ CHM152LL	General Chemistry II Laboratory	1
+ PHY111	General Physics I	4
+ PHY112	General Physics II	4

Any course with the HU, C and G general education designations (3) OR

Any course with the HU, C and H general education designations (3) 3

### Restricted Electives: (3 credits)

Credits

Students must complete three credits of restricted electives.

Students interested in the **Crime Scene Emphasis**

CIS105	Survey of Computer Information Systems (3) OR	
BPC110	Computer Usage and Applications (3) OR	
AJS++++	Any AJS Administration of Justice Studies course not listed in the required courses area. (3)	3

Students interested in the **Lab Science Emphasis**

CIS105	Survey of Computer Information Systems (3) OR	
BPC110	Computer Usage and Applications (3)	3

### Free Electives: (0-10 credits)

Credits

Students must choose 0 to 10 additional credits of general elective courses. Total number of general electives required will largely depend upon emphasis selected.

### General Education Requirements: (12-24 credits)

#### General Education Core: (12-20 credits)

Credits

#### First-Year Composition:

6

+ ENG101	First-Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3)	
AND		
+ ENG102	First-Year Composition (3) OR	
+ ENG108	First-Year Composition for ESL (3)	

#### Oral Communication:

3

+ COM225	Public Speaking	
----------	-----------------	--

#### Critical Reading:

0-3

+ CRE101	College Critical Reading and Critical Thinking (3) OR	
	Equivalent as indicated by assessment.	

#### Mathematics:

3-8

#### For Crime Scene Emphasis (3-5)

+ MAT140	College Mathematics (5) OR	
+ MAT141	College Mathematics (4) OR	
+ MAT142	College Mathematics (3) OR	
	Higher course with an [MA] general education designation (3-5)	

#### For Lab Science Emphasis (3-8)

+ MAT150	College Algebra/Functions (5) OR	
+ MAT151	College Algebra/Functions (4) OR	
+ MAT152	College Algebra/Functions (3) AND	

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

- + MAT182 Plane Trigonometry (3) OR  
 + MAT187 Precalculus (5) OR  
 Higher course with an [MA] general education designation (3-8)

**General Education Distribution: (0-4 credits) Credits****Humanities, Arts and Design: 0**

Met by AJS123 in Required Courses area.

**Social-Behavioral Sciences: 0**

Met by AJS101 in Required Courses area.

**Natural Sciences: 0-4**Recommended Course for **Crime Scene Emphasis:**

- + CHM130 Fundamental Chemistry (3)  
 AND  
 + CHM130LL Fundamental Chemistry Laboratory (1) OR  
 + CHM151 General Chemistry I (3)  
 AND  
 + CHM151LL General Chemistry I Laboratory (1) OR  
 FOR105 Forensic Science: Physical Evidence (4) OR  
 FOR106 Forensic Science: Biological Evidence (4)

**Lab Science Emphasis** met by CHM151 and CHM151LL.

## Foundations of Early Childhood Education<sup>1</sup>

**Certificate of Completion - CCL 5054**

**This program currently is not eligible for Title IV Federal Financial Aid**  
**18-19 credits**

**For Information:** Judy Basham**Phone:** 623.845.4479<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Foundations of Early Childhood Education is designed to prepare students with foundational knowledge regarding the growth and development of the young child. Topics include cognitive and physical development of the young child, language acquisition, curriculum development, health and safety guidelines, business procedures, and family/community relationship building. The program requirements meet the 18 hours of coursework required for the Child Development Associate (CDA). This CCL is embedded (can be used to fulfill part of the requirements) in a second available CCL, Early Childhood Education. Both CCLs are embedded (can be used to fulfill requirements) in the Associate in Applied Science (AAS) in Early Childhood Education.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

For some employment and field experiences (including internship courses), students will be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current TB vaccination.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Paradise Valley, Phoenix, Rio Salado, and South Mountain Community Colleges.

This program replaces:

- CCL/5374 Early Childhood Education

**Program Prerequisites:** None.**Required Courses: (18-19 credits) Credits**

CFS/ECH176	Child Development (3) OR	
CFS235	Developing Child: Theory into Practice, Prenatal - Age Eight (3) OR	
EED205	The Developing Child: Prenatal to Age Eight (3)	3
EED200	Foundations of Early Childhood Education	3
CFS/ECH271	Arranging the Environment (1)	
AND		
CFS282	Mainstreaming The Young Child with A Disability (1)	
AND		
ECH282	Discipline/Guidance of Child Groups (1) OR	
EED212	Guidance, Management and the Environment (3)	3
CFS123	Health and Nutrition in Early Childhood (1)	
AND		
CFS125	Safety in Early Childhood Settings (1)	
AND		
ECH280	Food Experiences With Young Children (1) OR	
EED215	Early Learning: Health, Safety, Nutrition and Fitness (3)	3
CFS101AH	Art Activities for the Young Child (1)	
AND		
ECH281	Movement/Music for the Young Child (1) OR	
ECH128	Early Learning: Play and the Arts (3) OR	
+ EED210	Creative and Cognitive Play (3)	2-3
EDU222	Introduction to the Exceptional Learner (3)	
EED222	Introduction to the Exceptional Young Child: Birth to Age Eight (3) OR	3
+ EED260	Early Childhood Infant/Toddler Internship (1)	
AND		
+ EED261	Early Childhood Preschool Internship (1)	2-3

## General Business

**Associate in Applied Science - AAS 3148**  
**61-66 credits****For Information:** Scott Stroher**Phone:** 623.845.3453<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in General Business program is designed to meet the needs of students who wish a broad overview of business and desire not to enroll in a specialized curriculum in business. The program is designed to acquaint students with major subject areas of business, to improve the student's business vocabulary, and to provide students with an understanding of influencing factors in business decision making and activities. In addition, this program may aid a student in recognizing a specific business field to be pursued in future studies. A Certificate of Completion (CCL) in General Business is available.

**Program Notes:** Students must earn a grade of C or better in all courses in the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (21 credits)</b>		<b>Credits</b>
ACC111	Accounting Principles I	3
CIS105	Survey of Computer Information Systems	3
GBS120	Workplace Communication Skills (3) OR	
+ GBS233	Business Communication (3)	3
GBS151	Introduction to Business	3
GBS205	Legal, Ethical and Regulatory Issues in Business	3
MGT175	Business Organization and Management (3) OR	
MGT251	Human Relations in Business (3)	3
MKT271	Principles of Marketing	3

**Restricted Electives: (18 credits)** **Credits**

Students should select 18 credits from the following courses.

Any 100/200 level prefixed courses may be selected, except courses used to satisfy the Required Courses area.

ACC+++	Any ACC Accounting course(s)	
CIS114DE	Excel Spreadsheet	3
CIS117DM	Microsoft Access: Database Management	3
CIS133DA	Internet/Web Development Level I	3
EPS+++	Any EPS Entrepreneurial Studies course(s)	
GBS+++	Any GBS General Business course(s)	
IBS+++	Any IBS International Business course(s)	
MGT+++	Any MGT Management course(s)	
MKT+++	Any MKT Marketing course(s)	
REA+++	Any REA Real Estate course(s)	
SBS+++	Any SBS Small Business Management course(s)	

**General Education Requirements: (22-27 credits)**

**General Education Core: (12-17 credits)** **Credits**

**First-Year Composition:.....6**

- + ENG101 First-Year Composition (3) OR  
+ ENG107 First-Year Composition for ESL (3)

AND

- + ENG102 First-Year Composition (3) OR  
+ ENG108 First-Year Composition for ESL (3)

## General Business

### Certificate of Completion - CCL 5683

21 credits

**For Information:** Scott Stroher

**Phone:** 623.845.3453

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in General Business is designed to provide business training for various entry-level positions in business. The courses include an introduction to business concepts, accounting and computer principles, and legal issues related to business. An Associate in Applied Science (AAS) is also available.

**Program Notes:** Students must earn a grade of C or better in all courses in the program.

This program also is offered at Chandler-Gilbert, GateWay, Mesa, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (12 credits)** **Credits**

ACC111	Accounting Principles I	3
CIS105	Survey of Computer Information Systems	3
GBS151	Introduction to Business	3
GBS205	Legal, Ethical and Regulatory Issues in Business	3

**Restricted Electives: (9 credits)** **Credits**

Students should select nine credits from the following courses.

Any 100/200 level prefixed courses may be selected, except courses used to satisfy the Required Courses area.

ACC+++	Any ACC Accounting course(s)	
CIS114DE	Excel Spreadsheet	3
CIS117DM	Microsoft Access: Database Management	3
CIS133DA	Internet/Web Development Level I	3
EPS+++	Any EPS Entrepreneurial Studies course(s)	1-3
GBS+++	Any GBS General Business course(s)	
MGT+++	Any MGT Management course(s)	
MKT+++	Any MKT Marketing course(s)	
IBS+++	Any IBS International Business course(s)	
REA+++	Any REA Real Estate course(s)	
SBS+++	Any SBS Small Business Management course(s)	

## Geology and Earth Science

### General Information

**For Information:** Gary Calderone

**Phone:** 623.845.3654

<https://www.gccaz.edu/physical-sciences>

**Student Goals:** Transfer, General Education

Geology is the scientific study of the Earth - its composition, structure, history, processes, and its interaction with biological systems and life forms, including humans. Geologists provide the fundamental information required by society to solve problems in resource development, land-use planning, water resource management, geologic hazards, and environmental policy. Furthermore, geologists perform the basic research necessary to understand such processes as global climate change, biological extinctions, earthquakes, and volcanic hazards. Finally, geologists are called upon to find new sources of useful earth materials to balance society's growing demand for energy and materials and the need to conserve resources for future generations.

Employment opportunities for geologists include the areas of water resource management, environmental consulting for civil engineering and private development enterprises, oil and mineral exploration and production, geologic hazard assessment, federal/state research, management, and environmental agencies, and teaching.

The recommendations below are designed as the first two years for students intending to pursue the BS degree in geology, earth science, geophysics-geochemistry, or hydrology. Students should consult a department advisor for specific requirements of senior institutions.

### Geology Major Recommendations: Credits

The following courses are required by each of the State's Universities.

GLG101	Introduction to Geology I - Physical Lecture	3
GLG103	Introduction to Geology I - Physical Lab	1
GLG102	Introduction to Geology II - Historical Lecture	3
GLG104	Intro to Geology II - Historical Lab	1

### Other Recommendations for Geology Majors: Credits

+ CHM151	General Chemistry I	3
+ CHM151LL	General Chemistry I Laboratory	1
+ CHM152	General Chemistry II	3
+ CHM152LL	General Chemistry II Laboratory	1
+ MAT220	Calculus with Analytic Geometry I (5) OR	
+ MAT221	Calculus with Analytic Geometry I (4)	4-5
+ MAT230	Calculus with Analytic Geometry II (5) OR	
+ MAT231	Calculus with Analytic Geometry II (4)	4-5
+ PHY115	University Physics I	5
+ PHY116	University Physics II	5

### Other Recommendations for non-majors: Credits

Geology can also be used to satisfy both the Science and Global and Historical Awareness requirements of the AGEC-A and AGEC-B and the Optional Sciences requirement of AGEC-S. When taken in combination of

lecture and lab together, Physical Geology (GLG101 and GLG103) satisfies the [SQ] lab science requirement. Likewise, when taken in combination of lecture and lab together, Historical Geology (GLG102 and GLG104) and Geologic Disasters and the Environment (GLG110 and GLG111) will satisfy [SG] lab science requirements. Either GLG101 or GLG110 will also satisfy the Global Awareness [G] credit. GLG102 qualifies for Historical Awareness [H] credit.

GLG101	Introduction to Geology I - Physical Lecture	3
GLG103	Introduction to Geology I - Physical Lab	1
GLG102	Introduction to Geology II - Historical Lecture	3
GLG104	Introduction to Geology II - Historical Lab	1
GLG110	Geologic Disasters and the Environment	3
GLG111	Geological Disasters and the Environment Lab	

## Healthcare Technology Systems

### Associate in Applied Science - AAS 3161 62-77 credits

**For Information:** John Gibson

**Phone:** 623.845.3419

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Healthcare Technology Systems degree is designed to develop the knowledge, technical skills and problem solving strategies needed by IT departments of healthcare organizations. Potential employers include hospitals, insurance companies, billing companies, medical practices, pharmacies, health solutions companies, and public agencies. Coursework and career development experiences include training in web development, programming, database management, Data Analytics, system development, project management, as well as Artificial Intelligence (AI), Machine Learning, and other emerging technologies to solve healthcare IT challenges in jobs such as an analyst, software developer, project manager, and informatics specialist. A standalone Certificate of Completion (CCL) is also available for students who already have a bachelor's degree or equivalent work experience as determined by the Program Director. Students can also pursue a bachelor's degree in technology or related fields.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

BPC110 or CIS105 are not applicable if taken more than five years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

Students are encouraged to speak with an Academic Advisor or Program Director before starting the program.

Students interested in pursuing the Business and Administration Interdisciplinary Studies - Technology Management 90-30, bachelor's program should consult with a Northern Arizona University transfer specialist at their campus.

This program also is offered at Paradise Valley Community College.

**Program Prerequisites:** None.

**Required Courses: (40-49 credits) Credits**

BPC110	Computer Usage and Applications (3) OR	
CIS105	Survey of Computer Information Systems (3) OR	
	Permission of Program Director	0-3
CIS116	Computer Graphics: Introduction to Microsoft Visio	1
CIS117DM	Microsoft Access: Database Management	3
CIS133DA	Internet/Web Development Level I	3
+ CIS150AB	Object-Oriented Programming Fundamentals	3
CIS224	Project Management Microsoft Project for Windows	3
+ CIS276DA	MySQL Database (3) OR	
+ CIS276DB	SQL Server Database (3)	3
HCC130	Fundamentals of Health Care Delivery (3) OR	
	Permission of Program Director	0-3
HCC145	Medical Terminology for Health Care Professionals (3) OR	
HCC145AA	Medical Terminology for Health Care Professionals I (1) OR	
HCC146	Common Medical Terminology for Health Care Professionals (2) OR	
	Permission of Program Director	0-3
+ HTM150	Introduction to Healthcare IT Systems	3
+ HTM200	Healthcare IT Software Infrastructure: Interoperability, Security and mHealth	3
+ HTM230	Healthcare Data Analytics, Artificial Intelligence and Machine Learning	3
+ HTM250	Healthcare IT Systems Development Life Cycle (SDLC)	3
+ HTM270	Healthcare IT Systems Capstone	3

+ CIS159	Visual Basic Programming I (3) OR	
+ CIS162AC	Visual C++: Level I (3) OR	
+ CIS162AD	C#: Level I (3) OR	
+ CIS163AA	Java Programming: Level I (3)	3
CIS165++	Any Mobile Application Development course (3) OR	
CIS166++	Any Web Scripting course(s) (3)	3

**General Education Requirements: (22-28 credits)****General Education Core: (12-18 credits) Credits****First-Year Composition:.....6**

- + ENG101 First-Year Composition (3) OR
- + ENG107 First-Year Composition for ESL (3)

AND

- + ENG102 First-Year Composition (3) OR
- + ENG108 First-Year Composition for ESL (3)

**Oral Communication: .....3**

Any approved general education course from the Oral Communication (COM) area, see listing of courses for AGS, page 27.

+COM225 Public Speaking is recommended for students transferring to Northern Arizona University (NAU).

**Critical Reading: .....0-3**

- + CRE101 College Critical Reading and Critical Thinking (3) OR
- Equivalent as indicated by assessment.

**Mathematics:.....3-6**

- + Any approved general education course from the Mathematics area, see listing of courses for AGS, page 27.

Recommend MAT14+ or MAT15+ for students seeking university transfer.

**General Education Distribution: (10 credits) Credits****Humanities, Arts and Design: ..... 3**

Any approved general education course from the Humanities, Arts and Design [HU] area, see listing of courses for AGS, page 27.

**Social-Behavioral Sciences:..... 3**

Any approved general education course from the Social- Behavioral Sciences [SB] area, see listing of courses for AGS, page 27.

**Natural Sciences: ..... 4**

Any approved general education course from the Natural Sciences (Quantitative) [SQ] area of the Natural Sciences (General) [SG] area, see listing of courses for AGS, page 27.

**Healthcare Technology Systems****Certificate of Completion - CCL 5836****37-46 credits****For Information:** John Gibson**Phone:** 623.845.3419<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Healthcare Technology Systems degree is designed to develop the knowledge, technical skills and problem solving strategies needed by IT departments of healthcare organizations. Potential employers include hospitals, insurance companies, billing companies, medical practices, pharmacies, health solutions companies, and public agencies. Coursework and career development experiences include training in web development, programming, database management, Data Analytics, system development, project management, as well as Artificial Intelligence (AI), Machine Learning, and other emerging technologies to solve healthcare IT challenges in jobs such as an analyst, software developer, project manager, and informatics specialist. An Associate in Applied Science (AAS) in Healthcare Technology Systems is also available for students who do not have a bachelor's degree or equivalent work experience as determined by the Program Director.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

BPC110 or CIS105 are not applicable if taken more than five years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

Students who already possess a bachelor's degree, or higher from an accredited institution, are allowed to pursue the Certificate of Completion (CCL) in Healthcare Technology Systems rather than the Associate in Applied Science (AAS) in Healthcare Technology Systems option. Students who do not yet have a bachelor's degree but who have the relevant work or other educational experience may speak with the Program Director to see if an exception is possible.

Students are encouraged to speak with an academic advisor or Program Director before starting the program.

This program also is offered at Paradise Valley Community College.

**Program Prerequisites:** None.

**Required Courses: (37-46 credits)**

## History

### General Information

**For Information:** Donna Allen

**Phone:** 623.845.4760

<https://www.gccaz.edu/social-sciences>

**Student Goals:** General Education, Career-related, Personal Interest

History concerns the political, economic, social, and cultural events and achievements of humanity. Historians analyze and evaluate this material in an attempt to understand the past and interpret the present.

History courses at Glendale Community College serve students who intend to major in history at a four-year institution, students who need these courses in preparation for other courses and to fulfill general education requirements at most universities, and students choosing them for personal interest. Students intending to pursue a baccalaureate degree in history should consult with a departmental advisor to plan their program.

Those with a baccalaureate in history will find the teaching field crowded. Careers with museums, historical societies, special libraries, archives, government agencies, and communication media (consulting and research) should be explored. Because of its breadth as a part of the liberal arts curriculum, a baccalaureate in history provides excellent preparation for any occupation emphasizing communications skills and personal relations, e.g., journalism, civil service, law, foreign service, publishing and public relations.

## Homeland Security

### Certificate of Completion - CCL 5322N

**This program is not eligible for Title IV Federal Financial Aid 15 credits**

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Homeland Security program is designed to provide students with the knowledge and skills needed to conduct a homeland security evaluation and to assess, investigate and respond to terrorism incidents. It also provides criminal justice practitioners with an opportunity for academic growth and the development of specialized skills in homeland security.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program also is offered at Chandler-Gilbert, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, and South Mountain Community Colleges.

**Program Prerequisites:** None.

### Required Courses: (15 credits)

Required Courses	Credits
AJS/DPR/FSC139 Emergency Response to Terrorism	3
AJS/DPR/FSC147 Emergency Preparedness	3
AJS/DPR/FSC148 Fundamentals of Emergency Management	3
AJS/DPR/FSC149 Hazard Mitigation	3
AJS195 International and Domestic Terrorism	3

## Honors Program

### General Information

**For Information:** Honors Office

**Phone:** 623.845.3650

<https://www.gccaz.edu/honors>

The Honors Program at Glendale Community College offers talented and motivated students opportunities for extended academic and personal growth through many special courses that emphasize critical thinking, verbal expression, and creative problem solving.

Small classes, usually limited to 17 students, make it possible for excellent teachers to give more individual attention to students.

Honors courses are offered in many disciplines and satisfy the general education requirements for graduation from Glendale.

Most courses will transfer to four-year colleges and universities. Honors courses are indicated as such on transcripts.

Students who complete a minimum of 15 Honors credits (Pass/Fail credits excluded) distributed among 3 different course prefixes and whose cumulative grade-point average is 3.500 or higher will be designated as Honors Program Graduates.

Honors Program Graduates are awarded special recognition at commencement and on their transcripts and diploma. They are encouraged to apply for honors programs and scholarships at state universities and other institutions.

#### Benefits of the Honors Program:

- Provisional membership in Phi Theta Kappa, a national honors fraternity.
- Personal academic advisement.
- Financial benefits.
- Special recognition for honors achievements.
- Cultural, social, and service activities.
- Honors Forums.
- Honors Awards Banquet.
- Assistance with transfer to our state universities.
- Eligibility to participate in regional, national, and international programs and conferences.

#### There are three ways to enter the Honors Program:

1. Students who have completed at least 12 college-level graded credits (courses numbered 100 or above, Pass/Fail excluded) with a cumulative MCCCDC GPA of 3.25 or higher may apply to the Honors Program to participate in the program without specific scholarship benefits.
2. Recent graduates of a secondary education program in Maricopa County (including NCA-accredited, charter, private, religious high schools, homeschool) with a final, unweighted GPA of 3.25 or higher.

Qualified students must enroll during the academic year following high school graduation without having enrolled in any institution other than a Maricopa Community College.

Presidents' Scholars must meet the following requirements in order to retain their scholarships:

- Enroll in and complete a minimum of 12 credits each semester.
- Enroll in and complete a minimum of 24 credits in courses numbered 100 or higher each academic year.
- Enroll in and complete with a grade of C or higher at least three credits of honors course work each semester.
- Maintain a cumulative MCCCDC GPA of 3.25 or higher.
- Maintain continuous enrollment—summer sessions excluded.
- Complete two co-curricular activities each semester.

Students who do not meet the requirements for retention face the loss of their scholarships, which cannot be reinstated, and they may be billed for tuition and fees for the semester in which they are enrolled.

3. Continuing and transfer students who have accumulated a minimum of 12 credits in courses numbered 100 and above (Pass/Fail credits excluded) and who have a cumulative MCCCDC GPA of 3.25 or higher may apply for the Honors Achievement Award. Students who are accepted will receive an award based on the number of credits for which they complete in a given semester.

Number of Credits	Amount of Fee Waiver
12 or more	\$500.00
9 - 11	325.00
6 - 8	244.00

Students accepting the Honors Achievement Award must meet the following requirements each semester:

- Enroll in and complete the number of credits for which they will be awarded (Pass/Fail credits excluded).
- Enroll in and complete with a grade of C or higher at least three credits of honors coursework.
- Maintain a cumulative MCCCDC GPA of 3.25 or higher.
- Complete one co-curricular activity each semester.

Students will receive the Honors Achievement Award at the end of the semester and the amount of the award is determined by the number of credits completed.

**Please Note:** State law now requires that a person who is not a citizen or legal resident of the United States or who is without lawful immigration status is not entitled to classification as an in-state student pursuant to A.R.S. Section 15-1802 or entitled to classification as a county resident pursuant to A.R.S. Section 15-18021.

According to state law, a person who is not a citizen of the United States, who is without lawful immigration status, and who is enrolled at any community college under the jurisdiction of an Arizona community college district is not entitled to tuition waivers, fee waivers, grants, scholarship assistance, financial aid, tuition assistance or any other type of financial assistance that is subsidized or paid in whole or in part with state monies.

Only those with a lawful presence in the United States may qualify for MCCCDC scholarships or federal financial aid. Any information you provide about your legal status when you apply for financial aid or scholarships may be subject to mandatory reporting to federal immigration authorities under Arizona law.

For applications and further information please visit our web site, [gccaz.edu/honors-program](http://gccaz.edu/honors-program), or contact the Honors Office at 623.845.3650.

Honors Program students should not withdraw from courses or alter class schedules without approval of the Honors Office.

**Human Resources Management<sup>1</sup>****Certificate of Completion - CCL 5580****24 credits****For Information:** Scott Stroher**Phone:** 623.845.3453<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Human Resources Management program is designed to provide skills necessary for careers in human resources management. The program is designed to provide students a series of courses with an emphasis in management and is designed to prepare students for an entry-level position in human resources. Graduates may be employed in employment (recruiting, interviewing, and hiring), benefits administration, compensation, and employee relations.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program also is offered at Phoenix and Scottsdale Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (24 credits)</b>		<b>Credits</b>
BPC110	Computer Usage and Applications (3) OR	
CIS105	Survey of Computer Information Systems (3)	3
GBS205	Legal, Ethical, and Regulatory Issues in Business	3
GBS131	Business Calculations (3) 3 OR	
+ MAT112	Mathematical Concepts and Applications (3) OR Satisfactory completion of higher level Mathematics course.	
GBS120	Workplace Communication Skills	3
MGT229	Management and Leadership I	3
MGT251	Human Relations in Business	3
MGT276	Personnel/Human Resources Management	3
+ MGT286	Human Resource Employment Management	3

**Information Security****Associate in Applied Science - AAS 3039****62-71 credits****For Information:** Martin Bencic**Phone:** 623.845.3237<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Information Security degree is designed to provide students with the knowledge and tools to understand how networks, operating systems and programs function. Emphasis is placed on developing the theoretical and practical skills needed to maintain security on mission-critical data and systems. The program is designed to meet the training needs of government and industry employees. The program covers a variety of information security disciplines which include both vendor-neutral and vendor-specific information technology (IT) security training. The Information Security program prepares students for internationally recognized IT certifications and high demands in business, industry and government.

**Program Notes:** Students must earn a grade of a C or better for all courses required within the program.

**Program Prerequisites:** None.

**Required Courses: (28 credits)** **Credits**  
Certificate of Completion (CCL) in Information Security Technology (5347) 28

**Restricted Electives: (12-16 credits)** **Credits**

Students should select at least four courses from the list below. A minimum of six credits must be ITS prefixed course.

+ CIS1++++	Any CIS programming Level I course	3
+ CIS271DL	Linux Security	3
+ CNT150AA	Cisco - Routing and Switching Essentials	4
+ CNT160AA	Scaling Networks	4
+ CNT170AA	Cisco - Connecting Networks	4
+ CNT205	Cisco Certified Network Associate Security	4

ITS+++++ Any ITS Information Technology Security course except courses used to satisfy Required Courses area. 6-16

**General Education Requirements: (22-27 credits)****General Education Core: (12-17 credits)** **Credits****First-Year Composition:** **6**

+ ENG101 First Year Composition (3) OR

+ ENG107 First-Year Composition for ESL (3)

AND

+ ENG102 First Year Composition (3) OR

+ ENG108 First-Year Composition for ESL (3)

**Oral Communication:** **3**

Any approved general education course in the Oral Communications area, see listing of courses for AGS, page 27

**Critical Reading:** **0-3**

+ CRE101 College Critical Reading and Critical Thinking (3) OR

Equivalent as indicated by assessment.

**Mathematics:** **3-5**

+ MAT150 College Algebra/Functions (5) OR

Higher level mathematics course.

**General Education Distribution: (10 credits)** **Credits****Humanities, Arts and Design:** **3**

Any approved general education course from the Humanities, Arts and Design area, see listing of courses for AGS, page 27.

**Social-Behavioral Sciences:** **3**

Any approved general education course from the Social-Behavioral Sciences area, see listing of courses for AGS, page 27.

**Natural Sciences:** **4**

Any approved general education course from the Natural Sciences area, see listing of courses for AGS, page 27.

**Information Security Technology****Certificate of Completion - CCL 5347****28 credits****For Information:** Martin Bencic**Phone:** 623.845.3237<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Information Security Technology program is designed to provide students with the knowledge and tools to understand how networks, operating systems and programs function, as well as, how to protect them. Emphasis is placed on developing the knowledge and skills to maintain security on mission-critical data and computer systems. The program is designed to meet the training needs of employees in both public and private sectors. The program covers a variety of information security disciplines that include both vendor-neutral and vendor-specific security training. The Information Security Technology program is designed to help prepare students for internationally recognized industry certifications.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Program Prerequisites:** None.

Required Courses: (28 credits)	Credits
BPC170 A+ Exam Prep: Computer Hardware Configuration and Support	3
CIS105 Survey of Computer Information Systems	3
CIS126DL Linux Operating System	3
CIS238++ Any UNIX/Linux Administration course (3) OR	
+ CIS239DL Linux Shell Scripting (3)	3
CNT140AA Introduction to Networks	4
+ ITS110 Information Security Fundamentals	3
+ ITS120 Legal, Ethical and Regulatory Issues	3
+ ITS130 Operating System Security	3
MST150++ Any Microsoft Windows Operating System course	3

**Information Technology<sup>1</sup>****Associate in Applied Science - AAS 3196****60-65 credits****For Information:** Bill Stewart**Phone:** 623.845.3250<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Information Technology (IT) program is designed to provide students with skills to meet information technology needs across industries. This program includes instruction in the principles of computer hardware components and business software, programming, databases, networking, customer service, web development, and information systems and project management. Coursework helps prepare students for a variety of industry-recognized examinations and certifications. Students will earn one or more of the following Certificates of Completion (CCLs):

CCL/5154 Cybersecurity Fundamentals  
 CCL/5083 Database Development  
 CCL/5043 Desktop Support  
 CCL/5793 Foundations of Mobile App Development  
 CCL/5132 Microsoft Office Professional  
 CCL/5031 Microsoft System Administration  
 CCL/5048 Programming and Systems Analysis Level I  
 CCL/5183N Oracle Database Operations  
 CCL/5050N Red Hat Linux Engineer  
 CCL/5984 Web Foundations

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program replaces:

- AAS/3152 Computer Information Systems
- AAS/3546 Business Office Computer Applications

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (33-38 credits)**

**Specialization 1: Cybersecurity Fundamentals - Credits: 33-38**

**Information Technology Core Credits: 24-25**

Required Courses	Credits

## iOS App Development

Certificate of Completion - CCL 5914N

This program is not eligible for Title IV Federal Financial Aid  
9-12 credits

For Information: Bill Stewart  
Phone: 623.845.3250  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in iOS App Development prepares students for positions in app development for the Apple iPad, iPhone, and Apple Watch series. The program emphasizes knowledge and skills required to design, develop, test, and document structured and object-oriented programs utilizing Swift and Xcode. Courses in this certificate can apply toward the Associate in Applied Science (AAS) in Mobile App Development and Certificates of Completion (CCLs) in Native App Development and Mobile App Development.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses: (9-12 credits)	Credits
CIS105 Survey of Computer Information Systems (3) OR Permission of Program Director, Department or Division Chair (0)	0-3
+ CIS150AB Object-Oriented Programming Fundamentals	3
+ CIS165 Introduction to IOS Application Development	3
+ CIS265 Advanced iOS Application Development	3

## Journalism, Mass Communications and New Media Studies

General Information

For Information: Jenna Duncan  
Phone: 623.845.3914  
<https://www.gccaz.edu/english>

**Student Goals:** Career-related, Transfer

Journalism training is based on a broad liberal arts program because the journalist must be well-rounded. In addition, the ability to put that knowledge into words is essential. Despite the tremendous technological growth now affecting news dissemination, no electronic shortcuts will replace the journalist of tomorrow. Reporters and editors will always be needed to witness events, gather facts, make news judgments, and deliver the news. Recent employment studies show that journalism and communication graduates found jobs in daily newspapers, weekly newspapers, public relations, advertising, wire services, magazines, and news broadcasting. A sizable number of graduates found non-media jobs including sales, management, and clerical positions.

It is important for students planning a journalism career to consult with a journalism advisor as soon as possible so that a sequence

of journalism experiences can be planned for the maximum benefit of the student.

**Transferability:** Journalism and Mass Communications courses vary as to acceptance at four-year institutions. Students should consult with a departmental advisor at both GCC and the four-year school to which they plan to transfer. Due to limited course offerings, degree-seeking students may find it necessary to extend completion time lines and attend both day and evening classes.

**Program Description:** The following recommendations will satisfy the general education requirements of most four-year colleges and universities. Students should indicate to their advisor the college to which they intend to transfer, since specific requirements in science, foreign language, etc., differ with each institution. Most schools, however, desire a broad background in English and the social sciences.

Departmental Recommendations:	Credits
JRN133 Development of Small Publications	3
+ JRN201 News Writing	3
+ JRN215 News Production	3
+ MCO120 Media and Society	3
+ MCO220 Cultural Diversity and the Media	3

Other Recommendations:	Credits
ART131 Photography I	3

Electives:	Credits
According to individual interests, students are encouraged to choose from the following. It is strongly recommended that students consult with the journalism advisor when making choices. There is no limit on electives with the MCO or JRN prefixes.	
+ ART181 Graphic Design I	3
+ ENG111 Technical Writing	3
+ JRN234 Feature Writing	3
+ JRN235 Practicum: Public Relations	3
+ JRN240++ Journalism Internship (Modules AA, AB, AC)	1-3
+ JRN298++ Special Projects (Modules AA, AB, AC)	1-3
+ MCO120 Media and Society	3

General Education Requirements:	Credits
See listing of courses for Associate in Arts (AA), page 15. The following courses are recommended within the General Education Requirements:	

Humanities, Arts and Design: (8-9 credits)	Credits
Any approved course. Students are encouraged to choose ENH (English Humanities) and PHI (Philosophy).	

Social-Behavioral Sciences: (6 credits)	Credits
ECN211 Macroeconomic Principles (3) OR ECN212 Microeconomic Principles (3)	3
HIS+++ Any (History) course	3
POS110 American National Government	3
PSY101 Introduction to Psychology	3

**ASU Requirements for a B.A. in Journalism:**

Students intending to transfer into ASU's Department of Journalism and Telecommunications may wish to take courses listed below to fulfill requirements for a BA degree in Journalism.

+ COM225	Public Speaking (3) OR		+ JRN205	Copyediting	3
+ COM/THP241	Oral Interpretation of Literature (3)	3	+ JRN212	Broadcast Writing	3
			JRN225	Photojournalism	3

+ ENG218	Writing About Literature (3)	3			
+ MAT142	College Mathematics (3) OR				
+ MAT150	College Algebra / Functions (5) OR				
+ MAT151	College Algebra / Functions (4) OR				
+ MAT152	College Algebra / Functions (3) OR higher				

Any Foreign Language course 16

**Computer Science Requirement: (3 credits) Credits**

CIS105 S Survey of Computer Information Systems (Recommended) 3

## Journalism and New Media Studies

**Associate in Applied Science - AAS 3120**  
**62-68 credits**

**For Information:** Jenna Duncan

**Phone:** 623.845.3914

<https://www.gccaz.edu/english>

**Program Description:** The Associate in Applied Science (AAS) in Journalism and New Media Studies program is designed to provide students with general, practical and marketable skills that will enable them to seek entry-level employment in various media outlets, including: newspapers, magazines, community journals, online websites, radio and television. The program includes development of a portfolio that will exhibit students' abilities to write both news and feature stories. News judgment is also integrated as a critical component of the program. An awareness of global and cultural differences also forms a key element of this degree for the successful graduate. The curriculum combines coursework in journalism with a General Education component.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

There are additional university transfer options within this pathway. Students should speak with the program director or an academic advisor to identify the best option to meet their academic and career goals.

This program also is available at Mesa Community College.

**Prerequisites:** None.

**Required Courses: (40 credits): Credits**

BPC110	Computer Usage and Applications (3) OR	
CIS105	Survey of Computer Information Systems (3)	3
ENG235	Magazine Article Writing (3) OR	
+ JRN234	Feature Writing (3)	3
JRN125	Photo Editing	3

## Journalism and New Media Studies

Certificate of Completion - CCL 5466

21-25 credits

**For Information:** Jenna Duncan

**Phone:** 623.845.3914

<https://www.gccaz.edu/english>

**Program Description:** The Certificate of Completion (CCL) in Journalism and New Media Studies program is designed both for students that are just starting their career path in journalism as well as those that have a bachelor's degree in another discipline and are shifting professional goals or areas of emphasis. The CCL includes courses that are often required in journalism program at universities throughout the state and country. An internship in journalism as well as submission of a portfolio of published articles are also required to complete the certificate.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites:** None.

### Required Courses: (21 credits)

		Credits
+ ENG101	First-Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3)	3
ENG235	Magazine Article Writing (3) OR	
+ JRN234	Feature Writing (3)	3
+ JRN201	News Writing	3
+ JRN203	Writing for Online Media	3
+ JRN215	News Production	3
+ JRN240AB	Journalism Internship	2
JRN290	Publications Portfolio	1
+ MCO120	Media and Society	3

### Restricted Electives: (0-4 credits)

Students have the option of taking up to four credits selected from the following list to develop an additional area of concentration.

Restricted Elective credits are not required for the program.

		Credits
+ JRN101	Professional Writing Fundamentals	1
JRN125	Photo Editing	3
JRN133	Development of Small Publications	3
+ JRN212	Broadcast Writing	3
+ JRN298AA	Special Projects	1

## Language Studies

Academic Certificate - AC 6237N

This program is not eligible for Title IV Federal Financial Aid

12-18 credits

**For Information:** Guiomar Borrás

**Phone:** 623.845.3636

<https://www.gccaz.edu/communication>

**Program Description:** The Academic Certificate (AC) in Language Studies is designed to provide students with a foundation in the study of culture, language, and linguistic structures. Students will have the opportunity to develop oral and written communication skills in a language other than English.

**Program Notes:** Students must earn a grade of C or better in each course in the program.

Students may qualify to enter higher level Spanish courses by placement or may qualify to exempt out of taking any Spanish courses by assessment. Students wishing to earn credit for any course of which they are exempt by assessment should take the CLEP examination or apply credits earned through the Advanced Placement (AP) or International Baccalaureate (IB) exams.

This program also is offered at Mesa and Rio Salado Community Colleges.

### Program Prerequisites: (0-4 credits)

	Credits
201-level proficiency in a language other than English as indicated by assessment or coursework.	0-4

### Required Courses: (6-8 credits)

	Credits
SLC201 Introduction to Linguistics	3
AND	
Students must choose three to five credits in 202 or higher-level coursework in the language used to satisfy the program prerequisites.	3-5

### Restricted Electives: (6-10 credits)

	Credits
Students must choose two courses from the list below. Prerequisites may not be used to satisfy the Restricted Electives:	
AFR/ASB/CCS202 Ethnic Relations in the United States (3) OR	
SOC241 Race and Ethnic Relations (3)	3
COM163 Intercultural Communication in Everyday Life	3
COM263 Elements of Intercultural Communication	3

**Law Enforcement****Certificate of Completion - CCL 5987N**

**This program is not eligible for Title IV Federal Financial Aid  
15 credits**

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Law Enforcement is designed for students who are interested in pursuing a course of study specifically focused on law enforcement. The certificate program specializes in training and education related to the duties of law enforcement. The program is designed for the student with no Arizona police academy experience and is one pathway to the Associate in Applied Science (AAS) in Administration of Justice.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (15 credits)</b>		<b>Credits</b>
AJS101	Introduction to Criminal Justice	3
AJS123	Ethics and the Administration of Justice	3
AJS205	Effective Communication and Report Writing in Criminal Justice	3
AJS230	The Police Function	3
AJS275	Criminal Investigation I	3

**Law Enforcement Investigator****Certificate of Completion - CCL 5899N**

**This program is not eligible for Title IV Federal Financial Aid  
6 credits**

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Law Enforcement Investigator is designed to prepare the law enforcement officer to become a specialist in the investigation of criminal activity and to successfully assist in prosecution. Courses address case management, legal aspects of interviewing, search and seizure, and courtroom presentations. Students will demonstrate skills related to these areas in a crime scene scenario.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at Rio Salado Community College.

**Admission Criteria:** Student must be Law Enforcement personnel or permission of instructor.

<b>Required Courses: (6 credits)</b>		<b>Credits</b>
+ LET225	Criminal Investigations Certification (6) OR	
+ LET225AA	Criminal Investigations Certification I (1)

**Natural Sciences:**

Any approved general education course in the Natural Sciences area, see listing of courses for AGS, page 27.

**3-6**

Arizona statutes allow academies to appoint cadets to complete peace officer training. Upon successful completion of the academy, these cadets will have 12 months to seek employment with a law enforcement agency. If appointed to a position with an agency, they will be eligible for AZPOST peace officer certification.

Those interested in attending the academy while being affiliated with an agency will need to contact the human resource or personnel departments at a law enforcement agency and inquire about their application process.

College appointed cadets will be responsible for all costs pertaining to the qualification process and their training. For further information regarding the open enrollment program, refer to GCCLETA.com.

**Program Description:** The Certificate of Completion (CCL) in Law Enforcement Training Academy is designed for students wishing to pursue a career as a law enforcement officer. The student will develop skills in eight functional areas: Introduction to Law Enforcement, Law and Legal Matters, Patrol Procedures, Traffic Control, Crime Scene Management, Community and Police Relations, Report Writing, and Police Proficiency Skills. At the conclusion of this program the student will have completed all requirements of the Arizona Peace Officer Standards and Training (AzPOST) Board standards established to certify police officers in the State of Arizona.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This Certificate of Completion (CCL) is offered as an educational partnership at Mesa Community College and Rio Salado College. Students at these colleges are advised to meet with the program director, chair and/or faculty advisor. Given these are educational partnerships, they are not eligible for Title IV Federal Financial Aid.

This program also is offered at Chandler-Gilbert, Mesa, and Rio Salado Community College.

This program replaces:

- CCL/5485 Law Enforcement Training Academy

**Admission Criteria:** Must meet AzPOST minimum requirements for a law enforcement officer and meet any physical requirements by the Academy Director.

**Program Prerequisites:** None.

**Required Courses: (40 credits)**

- + AJS/LET280 Peace Officer Certification (40) OR
- + AJS/LET280AA Peace Officer Certification I (20) AND
- + AJS/LET280AB Peace Officer Certification II (20)

**Credits**

40

**Law Enforcement Training Academy<sup>1</sup>****Certificate of Completion - CCL 5991N**

**This program is not eligible for Title IV Federal Financial Aid 40 credits**

**For Information:** Genea Stephens

**Phone:** 623.845.3951

<https://www.gccaz.edu/public-safety-sciences>

The Glendale Community College Law Enforcement Training Academy is fully certified by the Arizona Peace Officer Standards Training Board (AZPOST), which is the peace officer certification agency in the state. The academy spans two semesters with the first certifying the successful participants as Limited Authority Officers with full peace officer powers when in the presence of a fully certified officer. The second semester completes their basic training and they become fully certified. Because the training is conducted over two semesters, most participants are appointed to a reserve officer position with their agency.

Persons interested in attending the academy may be sent by a law enforcement agency or apply for college appointment. For agency sponsorship, they contact an agency they are interested in becoming a reserve officer with and participate in their testing process.

If they are successful, the agency authorizes the academy to accept them. The testing normally consists of a written exam, an oral board evaluation, a polygraph test, a psychological evaluation, a background investigation, a medical exam, and a fitness test. For college appointment details, please refer to GCCLETA.com.

The program is a challenging and very demanding curriculum, requiring physical and intellectual stamina. However, the certification attained allows successful participants to enter an exciting and rewarding career.

**Leadership in Public Safety Organizations<sup>1</sup>****Certificate of Completion - CCL 5211N****This program is not eligible for Title IV Federal Financial Aid  
6 credits****For Administration of Justice Studies Information:** Paul Brown**Phone:** 623.845.3913[www.gccaz.edu/public-safety-science](http://www.gccaz.edu/public-safety-science)**For Fire Science Information:** Raul Muniz**Phone:** 623.845.4776<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Leadership in Public Safety Organizations program builds the industry knowledge and skills for individuals to transition to leadership positions in the field of public safety. This CCL will introduce students to the fundamental concepts and skills of professionalism, organizational culture and management, characteristics of effective teams, conflict resolution, motivation, systems-thinking, problem-solving, and leadership as applicable to public safety organizations. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of front-line leadership positions within the fields of public safety including law enforcement, fire service, and public safety support operations such as communication operators and property and records management.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at Chandler-Gilbert, Mesa, and Phoenix Community Colleges.

**Admission Criteria:** This is a closed program for Public Safety professionals. Please see the Program Advisor for admission requirements.

**Program Prerequisites:** None.

<b>Required Courses: (6 credits)</b>		<b>Credits</b>
LET173	Introduction to Leadership in Public Safety	2
+ LET174	Organizational Culture and Leadership	3
+ LET175	Public Safety Leadership Capstone	1

**Legal Studies****Certificate of Completion - CCL 5966N****This program is not eligible for Title IV Federal Financial Aid  
15 credits****For Information:** Paul Brown**Phone:** 623.845.3913<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Legal Studies is designed for students who are interested in pursuing a course of study specifically focused on legal studies. It is one pathway to the Associate in Applied Science (AAS) in Administration of Justice.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Phoenix, Paradise Valley, Rio Salado, and South Mountain Community Colleges.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites:** None.

<b>Required Courses: (15 credits)</b>		<b>Credits</b>
AJS109	Substantive Criminal Law	3
AJS201	Rules of Evidence	3
AJS123	Ethics and the Administration of Justice (3) OR	
AJS205	Effective Communication and Report Writing in Criminal Justice (3)	3
AJS210	Constitutional Law	3
AJS260	Procedural Criminal Law	3

**Linux Associate<sup>1</sup>****Certificate of Completion - CCL 5046N****This program is not eligible for Title IV Federal Financial Aid  
6-9 credits****For Information:** Martin Bencic**Phone:** 623.845.3237<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Linux Associate program is designed to help prepare students for employment or to improve current professional skills. The program includes Linux operating system basics and management including sophisticated manipulation of file structures, backup systems, printing processes, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, kernel customization, and system resource control. This program helps prepare students for the Linux Professional Institute Certification (LPIC-1) and CompTIA Linux + certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

All courses within the Required areas are not applicable if taken more than five years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (6-9 credits)</b>		<b>Credits</b>
CIS105	Survey of Computer Information Systems (3) OR Permission of program director (0)	0-3
CIS126DL	Linux Operating System	3
+ CIS238DL	Linux System Administration	3

## **Linux System Administration<sup>1</sup>**

**Certificate of Completion - CCL 5052N**

**This program is not eligible for Title IV Federal Financial Aid 15-18 credits**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Linux System Administration program is designed to help prepare students for a variety of industry-recognized Linux certification exams as well as provide practical hands-on skills for the workplace. The program includes a core of Linux classes including Linux operating system basics, system administration, network administration and network security. The courses in the program will help develop a student's knowledge and skill level in preparation for employment or to improve current professional skills. Students who complete this program may seek employment in a variety of environments. The program helps prepare students for the Red Hat Certified System Administrator (RHCSA), Red Hat Certified Engineer (RHCE), and CompTIA Linux+ certification exams. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

All courses within the Required Courses and Restricted Electives areas are not applicable if taken more than five years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

This program replaces:

- CCL/5225 Linux Networking Administration

**Program Prerequisites:** None.

### **Required Courses: (15-18 credits)**

CIS105	Survey of Computer Information Systems (3) OR Permission of program director (0) 0-3	<b>Credits</b>
--------	---	----------------

Students should select from one of the following two tracks (Linux or Red Hat Enterprise Linux):

#### **Linux Track**

CIS126DL	Linux Operating System	3
+ CIS238DL	Linux System Administration	3
+ CIS239DL	Linux Shell Scripting	3
+ CIS240DL	Linux Network Administration	3
+ CIS275DL	Linux Capstone	3

#### **Red Hat Enterprise Linux Track**

CIS126RH	Red Hat System Administration I	3
+ CIS238RH	Red Hat System Administration II	3
+ CIS239DL	Linux Shell Scripting	3
+ CIS240RH	Red Hat System Administration III	3
+ CIS275DL	Linux Capstone	3

## **Management<sup>1</sup>**

**Associate in Applied Science - AAS 3070**

**61-66 credits**

**For Information:** Kendra Swensen

**Phone:** 623.845.3749

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Management program is designed to provide skills for management careers. Students completing this program are better equipped to apply competencies needed for successful performance in management occupations such as manufacturing, wholesaling, retailing, and service industries. The Certificate of Completion (CCL) in Management is fully embedded in this AAS. The following Certificates of Completion (CCL) are also available based on chosen restricted electives: Human Resources Management, Project Management, Business Administration, Supervision and Management, and Organizational Leadership.

**Program Notes:** Students must earn a grade of C or better for all courses required in the program.

This program also is offered at Chandler-Gilbert, Gateway, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

### **Required Courses: (21 credits)**

<b>Required Courses: (21 credits)</b>		<b>Credits</b>

## Mathematics

**For Information:** Dr. Chris Miller  
**Phone:** 623.845.3841  
<https://www.gccaz.edu/math>

**Student Goals:** Career-related, General Education, Transfer.

Mathematics courses serve students who intend to major in mathematics at a four-year institution, students who need these courses in preparation for other careers, and students choosing them for personal interest. Students intending to pursue a baccalaureate degree in mathematics should consult with a departmental advisor to plan their program.

Mathematicians engage in a wide variety of activities ranging from the creating and relating of new theories to solving of simple or complex numerical problems. Some graduates engage in mathematics for money, some for humanitarian purposes, and some simply because they find it beautiful.

At a time when most job markets are tight, mathematicians can limit their career opportunities by failing to explore available options. Teaching and research are but two of a long list of possibilities. Related careers are applied mathematics, computer research and programming, biomedical engineering, accounting, pure mathematics, systems analysis, economics, physical and life science, statistics and actuarial professions.

Students should consult with a STEM advisor in planning their academic schedule in order to complete degree requirements in an expedient manner. Due to limited course offerings, degree seeking students may find it necessary to extend completion timelines and attend both day and evening classes.

**Microsoft Certification Preparation****General Information**

**For Information:** Martin Bencic  
**Phone:** 623.845.3237  
<https://www.gccaz.edu/business>

Glendale Community College, Microsoft Authorized Academic Training Program provider, prepares students for industry-recognized certification.

**Microsoft Desktop Associate<sup>1</sup>****Certificate of Completion - CCL 5030N**

**This program is not eligible for Title IV Federal Financial Aid  
 3 credits**

**For Information:** Martin Bencic  
**Phone:** 623.845.3237  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Microsoft Desktop Associate program is designed to provide students with background knowledge and skills required for learning the specific tasks and industry recognized standards associated with how to effectively install and configure Windows operating systems. The course includes basic features of the Windows operating system, virtualization improvements, network connectivity, access to resources, monitor and maintain Windows clients and backup and recovery. It is designed to prepare students for the Microsoft 365 Certified: Modern Desktop Administrator Associate certification exam. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCL) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification exams. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Students are encouraged, but not required, to complete CIS105, or CIS190, or CNT140AB prior to beginning this CCL.

All courses within the Required areas are not applicable if taken more than five years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Gateway, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (3 credits)</b>		<b>Credits</b>
MST150WT	Installing and Configuring Microsoft Windows 10	3

**Microsoft Office Professional<sup>1</sup>****Certificate of Completion - CCL 5132**

**This program currently is not eligible for Title IV Federal  
 Financial Aid  
 16-22 credits**

**For Information:** Martin Bencic  
**Phone:** 623.845.3237  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Microsoft Office Professional emphasizes training on word processing, spreadsheet, database, and presentation software for business purposes. This certificate provides students with the knowledge and skills requisite of various business settings. This certificate helps with initial preparation for the Microsoft examinations for certification as a Microsoft Office Specialist (MOS). This certificate embeds into the Associate in Applied Science (AAS) degree in Information Technology and Certificate of Complete (CCL) in Microsoft Office Specialist.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Only required courses and restricted electives taken within eight years of completion of the program may be applied towards this certificate. Consult with your faculty mentor or academic advisor.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Gateway, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

This program replaces:

- CCL/5212 Business Office Computer Applications

**Program Prerequisites:** None.

## Military Science

### General Information

**For Information:** ASU Main ROTC Program

**Phone:** 480.965.3318

<https://militaryscience.asu.edu/>

Reserve Officer Training Corps (ROTC) offers, degree seeking individuals, a unique opportunity to develop leadership and management skills by providing motivation, generating confidence, establishing guidelines, and practical application in those things that “make a leader.” At GCC, these basic courses are unique for ROTC in that they:

1. Do not have any military obligation.
2. Teach valuable skills regardless of the student’s future plans.
3. Can normally be used toward general education requirements at ASU.
4. Have no uniform or haircut requirements. Equivalence for some or all of these courses may be granted to veterans, Junior Reserve Officer Training Corps (JROTC) graduates, national guard or reserve members, or students who attend ROTC summer programs.

### RESERVE OFFICER TRAINING CORPS

Arizona State University, Northern Arizona University, and the University of Arizona offer a two-year and four-year program leading to a commission in both the U.S. Air Force and the U.S. Army. The Departments of Military Science and Aerospace Studies will accept, with junior standing, a transfer student from the Maricopa County Community College District who has completed the 8 semester hour curriculum of either the Department of Military Science or Aerospace Studies for the four-year program. In addition, the Department of Aerospace Studies will accept applicants for the Professional Officer Course (two year program) providing students attend a six-week Field Training Course at an air force base, take the air force qualifying test, and are medically qualified.

## Music

### General Information

**For Information:** Donald Smith

**Phone:** 623.845.3070

<https://www.gccaz.edu/performing-arts>

Musicians pursue careers as performers, teachers, composers, arrangers, music theorists, music historians, music therapists, producers, audio engineers, sound designers and in music-related business and professional work.

**Program Description:** This program provides the first two years of music required for a bachelor’s degree in Music Education, Theory, Composition, Jazz, Music Therapy, and Performance. An AAFA with an Emphasis in Music is available. Associates degrees (AAS) and Certificates of Completion (CCL) are available in Audio Production Technologies with tracks in Audio Production and Sound Design.

Every music major pursuing the AAFA-Music degree is required to participate in a music major performance group ensemble each semester. The performance offerings Major performance ensembles include concert choir, chamber singers, band, orchestra, jazz band, opera workshop, and guitar ensemble. and percussion ensembles. There are many other performance opportunities available, including jazz ensembles, percussion ensembles, chamber singers, jazz choir, and many various chamber ensembles.

Most courses in the music department are open to all students. There are some courses which have prerequisites, and those may be found in the course descriptions. Students who have not had sufficient training in the fundamentals of music are advised to take MTC101 and MTC103 before taking MTC105—Music Theory I and MTC106—Aural Perception I.

The Performing Arts Department offers class instruction in piano, voice, and guitar. In addition, the department provides private instruction in the areas of piano, voice and various most instruments. There is a course fee for private instruction that is partially waived for music majors taking a minimum amount of credits. If a student is not ready for “first year level” in applied music on the major instrument, the private instruction sequence will be repeated as many times as necessary. That student will receive a grade of “P” (credit) or “Z” (no credit). Upon reaching freshman level, the student will receive traditional grades.

Students who major in music at GCC should follow the curricula as outlined. Various universities and colleges, however, demand specific subjects for degree requirements. Students planning to transfer or continue their work at other institutions should consult their catalog and select courses accordingly.

**Availability:** Complete day programs. Partial evening programs. Due to limited course offerings, students should consult with a department advisor in planning their academic schedule in order to complete degree requirements in an expedient manner. See AAFA-Music, AAS/CCL in Audio Production, AAS/CCL in Music Business for specific course requirements.

## Music Business I<sup>1</sup>

**Certificate of Completion - CCL 5106**

**This program currently is not eligible for Title IV Federal Financial Aid  
16 credits**

**For Information:** Dave Schmidt

**Phone:** 623.845.3725

<https://www.gccaz.edu/performing-arts>

**Program Description:** The Certificate of Completion (CCL) in Music Business I is designed to provide aspiring music industry professionals with a broad background in music management, production, and entrepreneurship activities. The program combines foundational and applied learning experiences to help students gain a strategic understanding of commercial music as both an art and profession. There is a Certificate of Completion (CCL) in Music Business II available as well as an Associate in Applied Science (AAS) in Music Industries: Music Business.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses: (16 credits)		Credits
MGT253	Owning and Operating a Small Business	3
MKT110	Marketing and Social Networking (3) OR	3
MKT271	Principles of Marketing (3)	
MUC109	Music Business: Content Creation and Copyright	3
MUC110	Music Business: Marketing and Monetization	3
MUC293	Self Promotion for Music	1
+ MTC180	Computer Literacy for Musicians (3) OR	3
MUC180	Computer Literacy for the Music Business (3)	

Note: Students who have not completed MTC180 already, must take MUC180

## Music Business II<sup>1</sup>

**Certificate of Completion - CCL 5258**  
35-37 credits

**For Information:** Dave Schmidt

**Phone:** 623.845.3725

<https://www.gccaz.edu/performing-arts>

**Program Description:** The Certificate of Completion (CCL) in Music Business II is designed to provide aspiring music industry professionals with a broad background in music management, production, and entrepreneurship activities. The program combines theoretical and applied learning experiences to help students gain a strategic understanding of commercial music as both an art and profession. An Associate in Applied Science (AAS) in Music Industries: Music Business is available.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses: (25-26 credits)		Credits
MGT253	Owning and Operating a Small Business	3
MKT110	Marketing and Social Networking	3
MKT271	Principles of Marketing	3
MUC109	Music Business: Content Creation and Copyright	3
MUC110	Music Business: Marketing and Monetization	3
+ MTC180	Computer Literacy for Musicians (3) OR	3
MUC180	Computer Literacy for the Music Business (3)	

Note: Students who have not completed MTC180 already, must take MUC180.

+ MUC209	Music Industry Entrepreneurship	3
MUC293	Self Promotion for Music	1

## Music Industry Capstone Experience

+ MUC290AA	Music Business Internship (1) OR	1
+ MUC296WA	Cooperative Education (1) OR	
MUC298AA	Special Projects (1)	

## Overview of Music Genres

MUC242	Music Genres and Styles (2) OR	2-3
MHL155	Survey of American Music (3)	

## Restricted Electives: (10-11 credits)

Students should work with their program advisor to select 10 to 11 credits from courses that align with the academic/career goals and further their development in the areas of Music Business and Marketing, Music Production, and Commercial Performance. Courses from required courses area may not be used.

## Music Business and Marketing

GBS+++	Any GBS General Business course
MKT+++	Any MKT Marketing course
MUC+++	Any MUC Music: Commercial/Business course

## Music Production

MTC+++	Any MTC Music: Theory/Composition course
MUC+++	Any MUC Music: Commercial/Business course

## Commercial Performance

**60-71 credits**

**For Cisco Network Information: Andrea Schauer****Phone: 623.845.3502**<https://www.gccaz.edu/consumer-sciences>**For Linux Administration Information: Martin Bencic****Phone: 623.845.3237**<https://www.gccaz.edu/business>**For Microsoft Information: Martin Bencic****Phone: 623.845.3237**<https://www.gccaz.edu/business>**For Red Hat Linux Information: Martin Bencic****Phone: 623.845.3237**<https://www.gccaz.edu/business>**For VMware Information: Martin Bencic****Phone: 623.845.3237**<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Network and Systems Administration program provides students with a solid, hands-on skill set of computer, networking, and inter-networking systems technology principles and desktop support. Students gain an understanding of the interaction between micro-computer software and hardware, network and internetworking operating systems software and hardware, local area network administration and management, the use of troubleshooting techniques, troubleshooting hardware and software tools, as well as interpersonal/customer service skills. Students have the opportunity to specialize in specific information technology areas based on their interests and professional goals and leading to industry recognized certifications through an embedded Certificate of Completion (CCL)

including, but not limited to, Desktop (Desktop Support, Computer System Configuration and Support, Computer System Configuration and Support, Network, Computer System Configuration and Support, Security, Computer System Configuration and Support, Linux), Cisco (Cisco Network CCNA, Cisco Network CCNP, Cisco Network CCNA Security), Linux (Red Hat Linux Engineer, Linux Associate, Red Hat Linux Administrator, Linux System Administration), Microsoft (Microsoft System Administration, Microsoft Desktop Associate), and VMware (VMware Network Administrator, VMware Foundations, VMware System Administrator). Graduates may pursue employment in a variety of information technology environments and/or transfer to a university.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

For students considering university transfer consult with an Academic, Program, or Faculty Advisor at the college and/or university transfer partner.

All courses within the Required Courses and Restricted Electives areas are not applicable if taken more than five years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

Students may receive credit for courses within the program based on current industry certifications. Consult with an Academic Advisor or Program Director.

This degree also is offered at Chandler-Gilbert, Estrella Mountain, Gateway, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

This program replaces:

- AAS/3013 Linux Networking Administration
- AAS/3312 Computer and Networking Technology
- AAS/3778 Microsoft Networking Technology

**Program Prerequisites:** None.

**Required Courses: (30-43 credits) Credits**

BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	3
+ BPC270	A+ Exam Prep: Operating System Configuration and Support	3
CIS102DA	Customer User Support	3
CIS105	Survey of Computer Information Systems	3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3)	3
+ CIS190	Introduction to Local Area Networks (3) OR	
CNT140AB	Introduction to Networks (4)	3-4
	(CNT140AB is required for students on the Cisco emphasis.)	

Students must also select from one of the following areas of emphasis based on their career goals.

**Emphasis 1: Cisco System Administration (CCNA) and Security - Credits: 12**

+ CNT150AB	Switching, Routing, and Wireless Essentials	4
+ CNT160AB	Enterprise Networking, Security, and Automation	4
+ CNT202	Cisco Secure Firewall Appliance Configuration (4) OR	
+ CNT205	Cisco Certified Network Associate Security (4)	4

**Emphasis 2: Cisco System Administration (CCNP) - Credits: 24**

+ CNT150AB	Switching, Routing, and Wireless Essentials	4
+ CNT160AB	Enterprise Networking, Security, and Automation	4
+ CNT240	Cisco Certified Network Professional: Enterprise Core (8) OR	
+ CNT240AA	Cisco Certified Network Professional: Enterprise Core I (4)	
AND		
+ CNT240AB	Cisco Certified Network Professional: Enterprise Core II (4)	8
+ CNT250	Cisco Certified Network Professional: Enterprise Advanced Routing and Services (8) OR	
+ CNT250AA	Cisco Certified Network Professional: Enterprise Advanced Routing and Services I (4)	
AND		
+ CNT250AB	Cisco Certified Network Professional: Enterprise Advanced Routing and Services II (4)	8

**Emphasis 3: Linux System Administration - Credits: 12**

+ CIS238DL	Linux System Administration	3
+ CIS239DL	Linux Shell Scripting	3
+ CIS240DL	Linux Network Administration	3
+ CIS275DL	Linux Capstone	3

**Emphasis 4: Red Hat Enterprise Linux Administration - Credits: 12**

+ CIS238RH	Red Hat System Administration II	3
+ CIS239DL	Linux Shell Scripting	3
+ CIS240RH	Red Hat System Administration III	3
+ CIS275DL	Linux Capstone	3

**Emphasis 5: Microsoft System Administration - Credits: 18**

CIS121AH	Microsoft PowerShell/Command Line Operations	3
MST150++	Any Microsoft Windows Operating System course	3
+ MST155DC	Installation, Storage, & Compute With Windows Server	4
+ MST157DC	Networking With Windows Server	4
+ MST158DC	Installing and Configuring Windows Server	4

**Emphasis 6: VMware Network Administrator - Credits: 12**

CIS189	Virtualization and IT Solutions for Digital Businesses	3
+ CIS197	VMware ESXi Server Enterprise	3
+ CIS198	VMware vSphere: Optimize and Scale	3
+ CIS200	VMware NSX: Install, Configure, Manage	3

**Restricted Electives: (0-8 credits) Credits**

Students are to select enough Restricted Elective credits to meet a minimum of 60 credits not used to satisfy Required Courses or selected area of emphasis within the Required Courses. Consult with an Academic, Program, or Faculty Advisor to pick courses that align with your career goals.

**Cisco Electives**

CNT140AB	Introduction to Networks	4
+ CNT150AB	Switching, Routing, and Wireless Essentials	4
+ CNT160AB	Enterprise Networking, Security, and Automation	4
+ CNT171	CCNA Exam Prep	1
+ CNT200	CCNP ROUTE: Implementing Cisco IP Routing	4
+ CNT202	Cisco Secure Firewall Appliance Configuration (4) OR	
+ CNT205	Cisco Certified Network Associate Security (4)	4
+ CNT206	Cisco Certified Network Associate Wireless	4
+ CNT220	CCNP SWITCH: Implementing Cisco IP Switching	4

**Linux Electives**

+ CIS238DL	Linux System Administration (3) OR	
+ CIS238RH	Red Hat System Administration II (3)	3
+ CIS239DL	Linux Shell Scripting	3

**Natural Sciences: .....4**

Any approved general education course from the Natural Sciences [SG] or [SQ] area, see listing of courses for AGS, page 27.

**Networking: Cisco Systems****General Information**

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

Cisco Systems is recognized as a worldwide leader, manufacturer and innovator of networking Internet hardware, software and high-tech services. GCC is a Cisco Networking Academy and prepares students for industry-recognized certifications and rewarding careers in Information Technology. The knowledge and skills taught in Cisco courses is the foundation for several IT careers including network administration, network engineering, network and computer systems administration, network technician, network security, Cybersecurity, network virtualization, cloud computing, telecommunications and more.

The Cisco program is taught by certified Cisco Academy instructors, provides training for those interested in working in the IT industry and helps to prepare students for industry recognized certification; Cisco Certified Network Associate (CCNA), CCNA Security, CCNA CyberOps, Cisco Certified Network Professional (CCNP). Students will get hands-on experience and develop skills to install, configure, and maintain routers and switches; configure routing protocols, and Local Area Networks (LAN); troubleshoot hardware and software configurations; and perform administrative tasks in a network.

**Degrees & Certificates**

3189 AAS Network and Systems Administration - 60-65 credits

5969N CCL Cisco Network Administration: CCNA - 12-15 credits

5036 CCL Cisco Network Administration and Security - 16-19 credits

5037 CCL Cisco Network Administration: CCNP - 20-23 credits

5044N CCL Computer System Configuration and Support, Network - 9-13 credits

5038N CCL Computer System Configuration and Support - 6-9 credits

**Courses**

CNT140AB	Introduction to Networks (4)
+ CNT150AB	Switching, Routing, and Wireless Essentials (4)
+ CNT160AB	Enterprise Networking, Security, and Automation (4)
+ CNT171	CCNA Exam Prep (1)
CNT203	CCNA Cybersecurity Operations (4)
+ CNT205	Cisco Certified Network Associate Security (4)
CNT240	Cisco Certified Network Professional: Enterprise Core (8)
CNT250	Cisco Certified Network Professional: Enterprise Advanced Routing and Services (8)
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support (3)
+ BPC270	A+ Exam Prep: Operating System Configuration and Support (3)

**Non-Sworn Fire Service Professional<sup>1</sup>****Certificate of Completion - CCL 5486****18 credits****For Information:** Raul Muniz**Phone:** 623.845.4776<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Non-Sworn Fire Service Professional program is designed for students who need basic preparation courses to pursue a non-sworn career as a fire service professional and/or more comprehensive information about life safety, fire hazards, and prevention. A unique feature of the program is that the instructors are professional fire service personnel including firefighters.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (18 credits)</b>		<b>Credits</b>
FSC105	Hazardous Materials Awareness and Operations	3
FSC106	Introduction to Fire Protection	3
FSC108	Fundamentals of Fire Prevention	3
FSC113	Introduction to Fire Suppression	3
+ FSC208	Firefighter Safety and Building Construction	3
FSC215	Customer Service in the Public Sector	3

**Nursing****General Information****For Information:** Nursing Department**Phone:** 623.845.3200<https://www.gccaz.edu/nursing>**MARICOPA COMMUNITY COLLEGES  
ALLIED HEALTH OR NURSING PROGRAM**

In collaboration and partnership with the health care community and its response to the dynamic changes occurring in the health care arena and health care professions' practice, the Maricopa Community Colleges integrated the curriculum of all allied health and nursing programs. All allied health or nursing program pathways and educational offerings emphasize the achievement of relevant competencies and provide value to the individual, the employer, and the community. As a result, graduates of the various allied health or nursing program pathways will meet the community's demand for a flexible, multi-skilled health care workforce that meets employer and consumer needs. Refer to individual college catalogs for specific health care program pathways. For further information, <https://www.maricopa.edu/academics/healthcare> is a comprehensive information source.

**Allied Health or Nursing Assumption of Risk/Release of Liability**

Most of the allied health or nursing program pathways include a program of study in a clinical training environment that may contain exposures to risks inherent in patient-oriented educational experiences (such as but not limited to bodily injury or communicable and infectious diseases). Students enrolling in clinical educational courses will be asked to sign a statement assuming all risks inherent in their coursework.

**Use of Confidential Information**

Students enrolled in allied health or nursing program pathways will have learning experiences in a health care setting where they will have access to confidential information. Prior to beginning any clinical studies, the students will be asked to sign an agreement to adhere to the requirements of those clinical sites and applicable law, including the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

**MCCCD Required Background Checks**

Students enrolled in an MCCCD allied health or nursing program are required to complete and pass clinical learning experiences, working with children, elderly persons, and other vulnerable populations. MCCCD's major clinical agency partners now mandate that any college students assigned to them for clinical experiences submit to a comprehensive background clearance prior to entering such learning experiences. Because the clinical experience portion of the programs is critical to completing a program of study, MCCCD has instituted two specific background check requirements in order for a student to enroll in a program. First, the student must obtain, at his or her own cost, a Level I Fingerprint Clearance Card from the Arizona Department of Public Safety. Precluding offenses for a Level I card can be found in Arizona Revised Statute § 41-1758.07 (<https://www.azleg.gov/viewdocument/?docName=https://www.azleg.gov/ars/41/01758-07.htm>). Additionally, students must also obtain a "pass" status on a MCCCD supplemental background check from MCCCD's authorized background check contractor. The student

must also pay for this background check. The supplemental check will be based on the most stringent standards of MCCCDC's clinical experience partners.

The sole program for which the background check requirements are different is the Emergency Medical Technician program. For that program, students must have obtained a Level 1 Fingerprint Clearance Card from the Arizona Department of Public Safety. They are also required, at the time of their clinical assignments, to submit to, pay for and pass any additional background check requirements of the clinical agencies to which their EMT program places students.

Certain licensing boards may require a separate background check or clearance card upon application for licensure or certification.

The MCCCDC supplemental background check review may include searches of the following databases and information but MCCCDC reserves the right to change the search criteria and the program background check requirements at any time without notice:

1. National Federal Health Care and Abuse Databases
2. Social Security Verification
3. Residency History
4. Arizona Statewide Criminal Records
5. Nationwide Criminal Databases
6. Nationwide Sexual Offender Registry
7. Homeland Security Search

Examples of background information that will result in a "fail" status on the supplemental background check include:

1. Social Security number does not belong to the applicant.
2. Any inclusion on any registered sex offender database.
3. Any inclusion on any of the Federal exclusion lists or Homeland Security watch lists.
4. Any conviction of a felony no matter what age of the convictions.
5. Any warrant any state.
6. Any misdemeanor conviction for the following no matter how long ago:
  - A. Violent crimes
  - B. Sex crime of any kind including non consensual sexual crimes and sexual assault
  - C. Murder, attempted murder
  - D. Abduction
  - E. Assault
  - F. Robbery
  - G. Arson
  - H. Extortion
  - I. Burglary
  - J. Pandering
  - K. Any crime against minors, children, vulnerable adults including abuse, neglect, exploitation
  - L. Any abuse or neglect
  - M. Any fraud
  - N. Illegal drugs
  - O. Aggravated DUI

7. Any misdemeanor controlled substance conviction in last seven years.

8. Any other misdemeanor conviction within last three years [EXCEPTIONS: Any misdemeanor traffic (DUI is NOT considered traffic)].

The information that MCCCDC uses for the "pass/fail" background check is subject to change at any time without notice.

MCCCDC recommends that students carry proof of the background clearance at all times during any clinical agency learning experience.

#### **Duty to Report Changes; Removal**

Students have an obligation to immediately report to the director of their program any change in the information that they supplied on forms submitted to initiate background checks relating to the allied health or nursing program. That includes information provided to the Arizona Department of Public Safety and MCCCDC's supplemental background check vendor, as well as that related to the background check required by a clinical agency. Failure to do so will result in removal from the program. Additionally, any change in background check status that would affect the student's clearance under either MCCCDC's or a clinical agency's standards will result in removal from a program.

#### **Additional Clinical Agency Background Check**

Some clinical agencies require that students assigned to their sites submit to a criminal background check covering other offenses, as well as to a drug screening. Students are required to pay for the additional agency clinical background check. A clinical agency that requires this additional background check may refuse to place a student due to information the clinical agency obtains in its background check even though that student possess a valid Level I Fingerprint Clearance Card and has obtained a "pass" status on the MCCCDC supplemental background check.

Some conditions that have resulted in students being denied placement at clinical agencies include pending criminal charges, outstanding warrants, unfinished terms of a sentence (such as unpaid fines), pattern of repeated types of arrests/convictions, and failure to disclose all past arrests/convictions when asked to do so on any background check application.

#### **Inability to Place**

MCCCDC has no obligation to make repeated attempts to place a student when the reason for MCCCDC's inability to place the student is due to background check issues. Since clinical agency assignments are mandatory requirements for completion of a program, a student's inability to complete required clinical experience due to his or her background check issues will result in removal from the program.

#### **Changes to Admission or Background Check Requirements**

MCCCDC may change its program admission requirements or background check requirements without notice at any time.

#### **No Guarantee of Receipt of Licensure/Certificate**

Many of the nursing and allied health programs prepare graduates for application for State or National certificates or licenses. In some professions, such licensure and certification is required prior to employment or practice in the profession. Graduation from a nursing and allied health program does not guarantee the receipt of a license or certificate to practice in the field of study.

**CONCURRENT ENROLLMENT PROGRAM (CEP)/ASSOCIATE/BACCALAUREATE DEGREE REGISTERED NURSE**

MaricopaNursing at GCC offers concurrent enrollment program (CEP) associate/baccalaureate pathway options with partner universities, including Northern Arizona University (NAU), Arizona State University (ASU), Upper Iowa University (UIU), Grand Canyon University (GCU), and Ottawa University (OU).

These CEP programs are designed for qualified associate's degree nursing students interested in earning a Bachelor of Science in Nursing (BSN) or Master of Science in Nursing (MSN) degree while pursuing the Associate in Applied Science (AAS) in nursing degree. Students enrolled in the CEP follow a sequence of coursework that enables completion of the BSN degree concurrent with AAS graduation or within one semester following AAS graduation.

Students enrolled in the CEP follow the traditional course of study for all students pursuing the AAS degree in nursing, but at the same time they will be enrolled in partner university courses, which are almost exclusively online or offered as hybrid courses held in the Phoenix area. Upon completion of the MaricopaNursing AAS degree, graduates are eligible to take the National Council Licensure Examination (NCLEX-RN®).

For students who have a bachelor's degree in another field, GCC offers the AAS-MSN Nursing Concurrent Program option with Grand Canyon University. This program enables eligible students to take six nursing core courses from the BSN program at GCU at a significantly reduced tuition concurrent with MaricopaNursing AAS courses. After completion of AAS and BSN courses and passing the NCLEX-RN, students move into the MSN portion of the AAS-MSN Nursing Concurrent Program. For more information about CEP options, visit the MaricopaNursing website at [www.nursing.maricopa.edu](http://www.nursing.maricopa.edu).

CEP admission requirements, prerequisites, costs, and program options vary considerably and students are encouraged to review all available information to determine the best fit for their needs.

**Nurse Assisting****Certificate of Completion - CCL 5963N**

**This program is not eligible for Title IV Federal Financial Aid 2-6 credits**

**For Information:** Dr. Susan Mayer

**Phone:** 623.845.3849

<https://www.gccaz.edu/nursing>

**Program Description:** The Certificate of Completion (CCL) in Nurse Assisting prepares students for employment as a nurse assistant. The program combines classroom instruction with clinical laboratory practice and long-term care and/or acute care experiences. Students who complete the program are eligible to take a written and practical certification examination if desired to meet employment requirements to be a nurse assistant. Certification/licensing requirements are the exclusive responsibility of the Arizona State Board of Nursing.

The MCCC Nurse Assisting program is approved by the Arizona State Board of Nursing.

**Waiver of Licensure/Certification Guarantee:**

Admission or completion from the MCCC Nurse Assisting program does not guarantee obtaining a license or certificate to practice as a nurse assistant. Licensure and certification requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation.

Pursuant to A.R.S. § 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

All nurse assistant applicants for certification will be fingerprinted to permit the Department of Public Safety to obtain state and federal criminal history information. All applicants with a positive history are investigated. If there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602-899-5150).

**Health Declaration:**

It is essential that students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients' lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application.

Health and Safety Requirements for MCCC Nurse Assisting Program:

1. Students must meet and maintain health and safety requirements throughout the program.
2. Admission to a Maricopa County Community College District health program requires that students be in compliance with the MCCC Supplemental Background Check Policy. Evidence of a current Arizona Department of Public Safety Level One Fingerprint Clearance Card is required for program application.
3. Negative urine drug screen.

**Grade Requirements:**

Student must obtain a C grade or better in all courses.

**University Transfer Students:**

For students planning a university program:

Students who are planning to earn the Bachelor of Science in Nursing may obtain their prerequisite courses at Maricopa Community Colleges. For information on courses that meet requirements for admission into a baccalaureate program, please contact a program advisor.

**THE NURSE ASSISTING PATHWAY**

The nurse assisting pathway is designed to prepare students to complete the Nurse Assistant certification/licensure through the Arizona State Board of Nursing to practice in a health care agency

as a nurse assistant. Completion of the Nurse Assistant program of study provides job ready skills as a nurse assistant.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Estrella Mountain, Gateway, Mesa, and Paradise Valley Community Colleges.

**Admission Criteria:** Application and acceptance into the program, high school graduate or GED, and meet current health and safety course requirements.

**Program Prerequisites:** None.

Required Courses: (2-6 credits)	Credits
+ NUR158 Nurse Assisting (6) OR Advanced Placement course:	
+ NCE150 Advanced Placement: Nursing Assistant (2)	2-6

## Nursing

### Associate in Applied Science - AAS 3812 62-75 credits

**For Information:** Dr. Susan Mayer

**Phone:** 623.845.3849

<https://www.gccaz.edu/nursing>

**Program Description:** The Associate in Applied Science (AAS) in Nursing Program is available at eight of the Maricopa Community Colleges. Clinical experiences are provided in a variety of healthcare settings. Nursing Program graduates are eligible to apply for the national exam for the registered nurse license. Licensing requirements are the exclusive responsibility of the State Board of Nursing.

The Associate in Applied Science (AAS) Nursing Program is approved by the Arizona State Board of Nursing and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326; (404.975.5000); email: [info@acennursing.org](mailto:info@acennursing.org).

Program offerings:

This program is offered at the following sites:

Chandler-Gilbert Community College

Estrella Mountain Community College

GateWay Community College

Glendale Community College

Mesa Community College

Paradise Valley Community College

Phoenix College

Scottsdale Community College

#### Waiver of Licensure/Certification Guarantee:

Admission or graduation from the Nursing Program does not guarantee obtaining a license to practice nursing. Licensure requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation.

Pursuant to A.R.S. 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

Level One Fingerprint Clearance is required for admission into the program. Applicants must present a Level One Fingerprint Clearance Card to be copied by the advisor or designee. For a Department of Public Safety Fingerprint Clearance Card application, contact MCCCDC Healthcare/Nursing Advisor. If there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602.771.7800).

#### Health Declaration:

It is essential that nursing students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. Students who have a chronic illness or condition must be maintained on current treatment and be able to implement direct patient care. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients' lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application. All must provide documentation of compliance with all health and safety requirements required to protect patient safety. Only students in compliance are permitted to enroll in nursing courses. Students will meet these requirements by providing the required documentation for the Health/Safety Requirements Documentation Checklist and the signed Health Declaration Form.

#### Health and Safety Requirements for the Maricopa Nursing Program:

1. Students must submit a Health and Safety Documentation Checklist verifying completion of all requirements and maintain current status throughout the program.
2. Students must submit the Health Declaration Form signed by a licensed health care provider.
3. Students must test negative on a timed urine drug screen.
4. Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Supplemental Background Check policy. Program applications will not be accepted without a copy of an Arizona Department of Public Safety Level One Fingerprint Clearance Card. Upon conditional program admission, the student must comply with all requirements of the current MCCCDC background check policy.

#### University Transfer Students:

Students who are planning to earn the Bachelor of Science in Nursing may obtain their prerequisite courses at the Maricopa Community Colleges. For information on courses that meet requirements for admission into a baccalaureate program, please contact a program advisor.

**REGISTERED NURSE PATHWAY**

Associate in Applied Science Degree in Nursing Program  
The Associate in Applied Science (AAS) degree in Nursing graduate is eligible to apply for licensure as a Registered Nurse (RN). The RN is educated as a generalist who delivers health care to clients and family groups and has competencies related to the art and science of nursing. The RN may be employed in a variety of acute, long term, and community-based healthcare settings. The AAS degree in Nursing provides the graduate with an educational foundation for articulation into the university setting.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

**Course Fee Information:** Please see class schedule for information regarding course fees.

MaricopaNursing is aligned with Nurse of the Future Competencies: Patient-Centered Care, Professionalism, Leadership, Systems-Based Practice, Informatics and Technology, Communication, Teamwork and Collaboration, Safety, Quality Improvement, and Evidence-Based Practice. These competencies focus on key stakeholders of healthcare clients, colleagues and communities. Demonstration of the competencies will signify preparation for successful transition into nursing practice and further professional development.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Gateway, Mesa, Paradise Valley, Phoenix, and Scottsdale Community Colleges.

**Admission Criteria:** High School diploma or GED is required for the Associate in Applied Science degree in Nursing. Applicants must signify that they meet this requirement by providing high school diploma/transcripts or GED completion OR by signing the nursing application page containing the 'Declaration of High School Graduation or GED completion'. In some instances, high school diploma/transcripts or proof of GED completion may be required.

Formal application and admission to the program is required; all program prerequisites must be completed prior to submission of application.

A passing score on a nursing program admission test is required to complete an application.

Applicants for Advanced Placement must receive a passing score on a practical nursing content exam for placement into Block 3.

The final decision rests with the Nursing Program Chair at the College to which the student is accepted.

The Nursing Program Chair reserves the right to deny acceptance of an admission application if the applicant was previously dismissed for issues relating to academic integrity, unsafe patient care, and/or two (2) or more failures from any nursing program.

All applicants holding or receiving a certificate as a Nursing Assisting and/or license as a Practical Nurse must remain in good standing with the Regulatory Board. Once enrolled, students receiving any disciplinary actions against their certificate or license must notify the Nursing Program Chair within five (5) school days. The Nursing Program Chair reserves the right to restrict the student's participation in clinical experiences and involvement in patient care until the certificate and/or license is valid and unrestricted.

**Program Prerequisites: (10-20 credits)**

The credit-hour range is subject to change depending on the student's educational experience.

## Oral Communication Fluency for Non-Native English Speakers

### Academic Certificate - AC 6223N

This program is not eligible for Title IV Federal Financial Aid  
15 credits

**For Information:** Jim Reed

**Phone:** 623.845.3631

<https://www.gccaz.edu/communication>

**Program Description:** The Academic Certificate (AC) in Oral Communication Fluency for Non-Native English Speakers is a concentrated program of study in communication and oral fluency designed to extend traditional ESL coursework. It provides Non-Native English Speakers with intense practice in pronunciation and fluency of American speech as well as experience in all communication contexts including interpersonal communication, small group interaction, problem solving, and public speaking. Students develop skills to enhance their professional, academic, and social interactions to become more competitive and effective in the academic environment and in the workplace.

**Program Notes:** Students must earn a grade of C or better for all courses within the Required Courses area.

This program also is offered at Mesa Community College.

**Program Prerequisites:** None.

Required Courses: (12 credits)	Credits
COM110 Interpersonal Communication	3
COM120 Pronunciation of American Speech	3
+ COM221 Oral Fluency in American Speech	3
+ COM282AC Service-Learning Experience in Communication	3

Restricted Electives: (3 credits)	Credits
Any approved General Education course in the cultural awareness [C] value,	

## Organizational Leadership

### Certificate of Completion - CCL 5731

18 credits

**For Information:** Kendra Swensen

**Phone:** 623.845.3749

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Organizational Leadership is designed to prepare students with knowledge and skills needed in today's changing workplace. The program provides leadership and communication skills and techniques for planning, organizing, leading and controlling business situations. This program also emphasizes procedures for effective resource allocation. The CCL in Organizational Leadership is fully embedded in an Associate in Applied Science (AAS) in Organizational Management.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, and Scottsdale Community Colleges.

**Program Prerequisites:** None.

Required Courses (18 credits)	Credits
BPC110 Computer Usage and Applications (3) OR CIS105 Survey of Computer Information Systems (3)	3
GBS110 Human Relations in Business and Industry (3) OR MGT251 Human Relations in Business (3)	3
GBS120 Workplace Communication Skills GBS151 Introduction to Business	3
MGT175 Business Organization and Management (3) OR TQM240 Project Management in Quality Organizations (3)	3
MGT101 Techniques of Supervision (3) OR MGT229 Management and Leadership I (3)	3

## Organizational Management

### Associate in Applied Science - AAS 3727

60-65 credits

**For Information:** Kendra Swensen

**Phone:** 623.845.3749

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Organizational Management program is designed with a customized curriculum specific to the student's individual needs in addition to the knowledge and skills needed in today's changing workplace. The program provides leadership and communication skills and techniques for planning, organizing, leading and controlling business situations. This program also emphasizes procedures for effective resource allocation. A Certificate of Completion (CCL) in Organizational Leadership is fully embedded in this AAS.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses (18 credits)	Credits
Certificate of Completion in Organizational Leadership (5731) - Requirements listed below:	18
BPC110 Computer Usage and Applications (3) OR CIS105 Survey of Computer Information Systems (3)	3
GBS110 Human Relations in Business and Industry (3) OR MGT251 Human Relations in Business (3)	3

## Paramedicine<sup>1</sup>

**Associate in Applied Science - AAS 3889**  
**63-75 credits**

**For Information:** Todd Polansky  
**Phone:** 623.845.3908  
<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Associate in Applied Sciences (AAS) in Paramedicine is a nationally accredited program designed to prepare students to become Paramedics. This program is a formal education in such paramedicine topics as anatomy and physiology, pathophysiology, cardiology, pulmonary, pharmacology, pediatrics, geriatrics hematology, toxicology. Paramedicine builds upon EMT education and includes paramedic scope of practice. Paramedicine is integrated with fire service, law enforcement, ground transport services, flight transport services, search and

rescue, hospitals, clinical setting, community paramedicine, and EMS education. There is a Certificate of Completion (CCL) in Paramedicine available.

**Program Notes:** Students must earn a grade of B or better in all PME courses required within the program.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

This program replaces:  
• AAS/3112 Emergency Response and Operations

**Admission Criteria:** Students must be current and in good standing with the Arizona Department of Health Services Bureau of Emergency Medical Services-Certified as an Emergency Medical Technician. EMT certification preparatory courses are available at Maricopa County Community Colleges. Contact an academic advisor for details.

Students must complete an application and selection process.

**Program Prerequisites:** None.

**Required Courses: (45-51 credits) Credits**

**Philosophy****General Information**

**For Information:** Peter Lupu  
**Phone:** 623.845.3747  
<https://www.gccaz.edu/philosophy>

**Student Goals:** Personal, General Education, Career-related

Philosophy courses critically examine the nature of human beings and of the world, ways in which people seek to understand their world, and ethical and moral issues which arise. Students take these courses:

- For personal interest: PHI101 (Introduction to Philosophy) and PHI105 (Introduction to Ethics) examine fundamental philosophic issues and major attempts to resolve them. PHI103 (Introduction to Logic) helps the student develop effective reasoning skills.
- To meet the general education Humanities requirement: All PHI courses described below meet this requirement. PHI101 is recommended. All PHI courses transfer.
- To prepare for a major in philosophy at a four-year institution: PHI101 and 103 will generally transfer as major credit toward the baccalaureate degree in philosophy. PHI105 may also meet major requirements. Students should consult with a member of the Philosophy Department to plan for transfer to a four-year institution.
- As background for other careers: Philosophy is strongly recommended as an undergraduate major or minor for those planning to enter law, computer science, journalism, government, public relations, and other areas requiring training and skill in critical thinking.

**Photography<sup>1</sup>****Associate in Applied Science - AAS 3195**  
**60-64 credits**

**For Information:** Dean Terasaki  
**Phone:** 623.845.3759  
<https://www.gccaz.edu/art-humanities>

**Program Description:** The Associate in Applied Science (AAS) in Photography program is designed for the student who wishes to pursue a career in photography, either commercial or fine arts. Students will study digital and traditional film-based (darkroom) media, content and image selection, and the theory and practice of visual communication.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

There will be costs for supplies and equipment in this program.

This program also is offered at Chandler-Gilbert, Mesa, and Phoenix Community Colleges.

**Program Prerequisites:** None.

Required Courses: (26-28 credits)		Credits
ARH101	Prehistoric Through Gothic Art (3) OR	3
ARH102	Renaissance Through Contemporary Art (3)	

ARH115	History of Photography	3
ART100	Introduction to Computer Graphic Art	1
ART112	Two-Dimensional Design	3
ART113	Color	3
ART131	Photography I	3
+ ART132	Photography II	3
ART142	Introduction to Digital Photography	3
+ ART143	Intermediate Digital Photography	3
ART255	Art Marketing (3) OR	1-3
ART255AB	The Portfolio (1)	

**Retricted Electives: (8-19 credits)****Credits**

Complete all courses in the subplan option below that best aligns with your academic and professional goals.

**Subplan 1: Commercial (Fashion, Studio, Portrait, and Editorial)****Photography****Credits: 13-19**

+ ART138	Commercial Photography I	3
+ ART139	Commercial Photography II	3
+ ART140	Portrait Photography (3) OR	3
+ ART237	Fashion Photography (3)	
SBS200	Small Business Operations	2
SBS204	Small Business Marketing and Advertising	2

Select 0 to 6 credits from the following:

+ ADA/ART169	Two-Dimensional Computer Design	3
+ ADA/ART177	Computer-Photographic Imaging	3
ART111	Drawing I	3
ART116	Life Drawing I	3
ART137	Alternative Photographic Processes	3
+ ART181	Graphic Design I	3
+ ART202	Digital Arts Survey	3
+ ART234	Color Photography I	3
+ ART270	Intermediate Computer Photographic Imaging	3
+ ART290AC	Studio Art	3
+ ART290EC	Studio Art: Photography	3
+ ART290MC	Studio Art: Digital Photography	3
+ ART295DA	Art Workshop/Seminar: Photography	1
+ ART295DB	Art Workshop/Seminar: Photography	2
+ ART295DC	Art Workshop/Seminar: Photography	3
+ ART297AA	Commercial Art Internship	1
TCM/VPT108	Video Production	3

**Subplan 2: Fine Art Photography****Credits: 8-19**

+ ART133	Photography III	3
ART137	Alternative Photographic Processes	3

Select 2 to 13 credits from the following:

+ ADA/ART169	Two-Dimensional Computer Design	3
+ ADA/ART177	Computer-Photographic Imaging	3
ART111	Drawing I	3
ART116	Life Drawing I	3
+ ART134	Photography IV	3
+ ART202	Digital Arts Survey	3
+ ART234	Color Photography I	3
+ ART250	Introduction to Printmaking	3

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

+ ART270	Intermediate Computer Photographic Imaging	3
+ ART274	Advanced Computer Photographic Imaging	3
+ ART290AC	Studio Art	3
+ ART290EC	Studio Art: Photography	3
+ ART290MC	Studio Art: Digital Photography	3
+ ART295DA	Art Workshop/Seminar: Photography	1
+ ART295DB	Art Workshop/Seminar: Photography	2
+ ART295DC	Art Workshop/Seminar: Photography	3
+ ART297AA	Commercial Art Internship	1
SBS200	Small Business Operations	2
SBS204	Small Business Marketing and Advertising	2

**Free Electives: (0-7 credits)****Credits**

Select courses 100-level or higher to complete a minimum of 60 semester credits but no more than a total of 64 semester credits. Consult with the Program Director or an Academic Advisor.

Recommend that students interested in transferring to a four-year institution to earn a bachelor's degree take courses that fulfill any unmet Arizona General Education Curriculum (AGEC) requirements.

**General Education Requirements: (19-25 credits)****General Education Core: (12-18 credits)****Credits****First-Year Composition** ..... 6

+ ENG101	First-Year Composition (3) OR
+ ENG107	First-Year Composition for ESL (3)
AND	
+ ENG102	First-Year Composition (3) OR
+ ENG108	First-Year Composition for ESL (3)

**Oral Communication** ..... 3

COM100	Introduction to Human Communication (3) OR
COM110	Interpersonal Communication (3) OR
+ COM225	Public Speaking (3) OR
COM230	Small Group Communication (3)

**Critical Reading** ..... 0-3

+ CRE101	College Critical Reading and Critical Thinking (3) OR Equivalent as indicated by assessment.
----------	---

**Mathematics** ..... 3-6

+ MAT140	College Mathematics (5) OR
+ MAT141	College Mathematics (4) OR
+ MAT142	College Mathematics (3) OR
MAT145	College Mathematics with Review (5) OR
MAT146	College Mathematics with Review (6) OR

Any approved general education course in the Mathematical Applications [MA] area (3-6), see listing of courses for AGS, page 27.

**General Education Distribution: (7 credits)****Credits****Humanities, Arts and Design** ..... 0

Met by ARH101 OR ARH102 OR ARH115 OR ART131 in Required Courses.

**Social-Behavioral Sciences** ..... 3

Any approved general education courses in the Social-Behavioral Sciences area, see listing of courses for AGS, page 27.

**Natural Sciences** ..... 4

Any approved general education course in the Natural Sciences (Quantitative) [SQ] area or the Natural Sciences (General) [SG] area, see listing of courses for AGS, page 27.

**Physics****General Information**

**For Information:** Bruce Gordon

**Phone:** 623.845.3445

<https://www.gccaz.edu/physical-sciences>

**Student Goals:** General Education, Transfer, Career-related

The science of physics seeks to understand the behavior of matter and energy at the most general and fundamental level. Other sciences, e.g., chemistry and biology, build on the laws of physics and rely on many instruments originally devised by physicists.

Employment of physicists is greatest in areas that have heavy industrial concentrations and large college and university enrollments. Related careers are medical electronics, solid-state physics, production supervision, industrial sales, patent law, thermodynamics, acoustics, optics, and nuclear physics.

**Transfer Recommendations:** This program is designed as the first two years of course work for students intending to pursue the baccalaureate degree at a four-year institution.

Students planning a major in physics should consult with a department advisor to outline and plan their academic schedule in order to transfer to a senior institution and to complete degree requirements in an expedient manner. Required courses may not be available every semester or year. Due to limited course offerings, degree seeking students may find it necessary to extend completion time lines and attend both day and evening classes.

**Departmental Recommendations:****Credits**

+ PHY115	University Physics I	5
+ PHY116	University Physics II	5
+ MAT220	Calculus with Analytic Geometry I	5
+ MAT230	Calculus with Analytic Geometry II	5
+ MAT241	Calculus with Analytic Geometry III	4
+ MAT262	Differential Equations	3

**Other Recommendations:****Credits**

+ CHM151	General Chemistry I (3) AND	
+ CHM151LL	General Chemistry I Laboratory (1)	4
+ CHM152	General Chemistry II (3) AND	
+ CHM152LL	General Chemistry II Laboratory (1)	4

**Practical Nursing****Certificate of Completion - CCL 5957****35-45 credits**

**For Information:** Dr. Susan Mayer

**Phone:** 623.845.3849

<https://www.gccaz.edu/nursing>

**Program Description:** The Certificate of Completion (CCL) in Practical Nursing Program is available at seven of the Maricopa Community Colleges. Clinical experiences are provided in a variety of healthcare settings. Practical Nursing Program graduates are eligible to apply for the national exam for the practical nurse license. Licensing requirements are the exclusive responsibility of the State Board of Nursing.

The Certificate of Completion Practical Nursing Program is approved by the Arizona State Board of Nursing.

**Program offerings:**

This program is offered at the following sites:

Chandler Gilbert Community College

Estrella Mountain Community College

GateWay Community College

Glendale Community College

Mesa Community College

Paradise Valley Community College

Scottsdale Community College

**Waiver of Licensure/Certification Guarantee:**

Admission or graduation from the Nursing Program does not guarantee obtaining a license to practice nursing. Licensure requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation.

Pursuant to A.R.S. 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

Level One Fingerprint Clearance is required for admission into the program. Applicants must present a Level One Fingerprint Clearance Card to be copied by the advisor or designee. For a Department of Public Safety Fingerprint Clearance Card application, contact MCCCDC Healthcare/Nursing Advisor. If there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602.771.7800).

**Health Declaration:**

It is essential that nursing students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. Students who have a chronic illness or condition must be maintained on current treatment and be able to implement direct patient care. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients' lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application. All must provide documentation of compliance with all health and safety requirements required to protect patient safety. Only students in compliance are permitted to enroll in nursing courses. Students will meet these requirements by providing the required documentation for the Health/Safety Requirements Documentation Checklist and the signed Health Declaration Form.

**Health and Safety Requirements for the Nursing Program:**

1. Students must submit a Health and Safety Documentation Checklist verifying completion of all requirements and maintain current status throughout the program.

2. Students must submit the Health Declaration Form signed by a licensed health care provider.

3. Students must test negative on a timed urine drug screen.

4. Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Supplemental Background Check policy. Program applications will not be accepted without a copy of an Arizona Department of Public Safety Level One Fingerprint Clearance Card. Upon conditional program admission, the student must comply with all requirements of the current MCCCDC background check policy.

**University Transfer Students:**

Students who are planning to earn the Bachelor of Science in Nursing may obtain their prerequisite courses at the Maricopa Community Colleges. For information on courses that meet requirements for admission into a baccalaureate program, please contact a program advisor.

**PRACTICAL NURSE EXIT OPTION**

Following completion of the practical nurse level program of study, the student is eligible to apply for licensure as a practical nurse. Licensed Practical Nurses (LPN) may be employed in acute, long-term, and community-based health care settings under the direction of a registered nurse. Practical Nurses function within their legal scope of practice and use professional standards of care in illness care and health promotion activities for clients and families across the life span.

The Associate in Applied Science (AAS) Nursing Program is approved by the Arizona State Board of Nursing and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326; (404.975.5000); email: info@acennursing.org.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Course Fee Information:**

Please see class schedule for information regarding course fees.

MaricopaNursing is aligned with Nurse of the Future Competencies: Patient-Centered Care, Professionalism, Leadership, Systems-Based Practice, Informatics and Technology, Communication, Teamwork and Collaboration, Safety, Quality Improvement, and Evidence-Based Practice. These competencies focus on key stakeholders of healthcare clients, colleagues and communities. Demonstration of the competencies will signify preparation for successful transition into nursing practice and further professional development.

**Admission Criteria:** High School diploma or GED is required for the Certificate of Completion in Practical Nursing. Applicants must signify that they meet this requirement by providing high school diploma/transcripts or GED completion OR by signing the nursing application page containing the 'Declaration of High School Graduation or GED completion'. In some instances, high school diploma/transcripts or proof of GED completion may be required.

Formal application and admission to the program is required; all program prerequisites must be completed prior to submission.

A passing score on a nursing program admission test is required to complete an application.

The Nursing Program Chair reserves the right to deny acceptance of an admission application if the applicant was previously

dismissed for issues relating to academic integrity, unsafe patient care, and/or two (2) or more failures from any nursing program.

All applicants holding or receiving a certificate as a Nursing Assistant and/or license as a Practical Nurse must remain in good standing with the Board of Nursing. Once enrolled, students receiving any disciplinary actions against their certificate or license must notify the Nursing Program Chair within five (5) school days. The Nursing Program Chair reserves the right to restrict the student's participation in clinical experiences and involvement in patient care until the certificate and/or license is valid and unrestricted.

#### Program Prerequisites: (10-20 credits) Credits

The credit-hour range is subject to change depending on the student's educational experience.

+ BIO156	Introductory Biology for Allied Health (4) OR	
+ BIO181	General Biology (Majors) I (4) OR	
	One year of high school biology	0-4
+ BIO201	Human Anatomy and Physiology I	4
+ CHM130	Fundamental Chemistry (3) AND	
+ CHM130LL	Fundamental Chemistry Laboratory (1) OR	
	One year of high school chemistry	0-4
+ ENG101	First-Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3)	3
+ MAT140	College Mathematics (5) OR	
+ MAT141	College Mathematics (4) OR	
+ MAT142	College Mathematics (3) OR	
	Satisfactory completion of higher level mathematics course	3-5

Students that are admitted into the MaricopaNursing Program for Fall 2015 and Spring 2016, AND completed MAT120, MAT121, or MAT122 prior to Fall 2015 as an admission requirement, may complete the program without completing MAT140, MAT141, or MAT142 as a graduation requirement, by waiver of the program director.

#### Required Courses: (25 credits) Credits

+ BIO202	Human Anatomy and Physiology II	4
+ NUR152	Nursing Theory and Science I	9
+ NUR172	Nursing Theory and Science II	9
+ NUR191	Practical Nursing Transition	3

### Pre-Forestry

#### General Information

**For Information:** forestryinfo@asu.edu

**Phone:** 928.523.3031

<https://nau.edu/forestry/>

#### ASSOCIATE IN ARTS (AA)/TRANSFER PROGRAM FOR NORTHERN ARIZONA UNIVERSITY

A forester manages and develops forest lands and their resources for economic and recreational purposes.

Nearly two-thirds of salaried conservation scientists and foresters work for Federal, State, or local governments. The remainder worked in private industry, mainly in support activities for

agriculture and forestry or in wood product manufacturing. Some were self-employed as consultants for private landowners, Federal and State governments, and forestry-related businesses.

**Transfer Recommendations:** For information on Northern Arizona University's Forestry program and transfer guide, please visit: <https://nau.edu/forestry/>.

+ CHM130	Fundamental Chemistry (3) AND
+ CHM130LL	Fundamental Chemistry Laboratory (1)
+ BIO181	General Biology (Majors) I (4)
+ MAT187	Precalculus (5)

### Pre-Health

#### General Information

See options below. **Student Goals:** Transfer

Pre-health programs are designed for students preparing for the following professional schools: medical, dental, pharmacy, physical therapy, and optometry. Students hoping to be admitted to a professional program should first pursue their bachelor's degree at a university. Admission to professional schools is competitive; therefore, a GPA of at least 3.0 is advisable, especially in the required prerequisite coursework in science and math. Also, many professional programs require specific entrance exams (e.g., MCAT, PCAT, GRE, etc.) and higher scores make applicants more competitive. Often pre-health, students choose biology, chemistry, or biochemistry, kinesiology or exercise science as their major; however, any major is allowed as long as all prerequisite courses are completed. Accomplishing this may require students of other majors to take extra courses/credits above and beyond the requirements of their own bachelor's degree.

Professional program admission requirements are fairly uniform across the country; however, it is advisable for students to consult the website of all professional schools they are considering so they are aware of the specific prerequisite requirements of each. Many professional schools require students to have a minimum number of hours of volunteer or paid experience in a variety of healthcare settings. It is never too early to start putting in these kinds of clinical hours. This "real life" field experience can also be a good way for students to validate their career choice and to better identify how they fit in the health care professions. Students are urged to consult with an advisor to create an educational plan that will support their long term academic and professional goals.

More specific information for various areas of emphasis is provided below.

#### PRE-MEDICAL/PRE-DENTAL

A physician, whether allopathic, osteopathic, or podiatric, diagnoses, prescribes medication for, and treats diseases and disorders of the human body. Physicians often specialize in one aspect of medical care and treatment, but there is also a need for general practitioners.

Dentists examine, diagnose, and treat ailments or abnormalities of teeth and gums as well as performing routine prophylactic procedures. Many dentists are general practitioners offering multiple office services, but some get additional specialized training to

become endodontists, dental surgeons, periodontists and/or to perform implant, reconstructive or cosmetic dentistry.

**Program Description:** This is a suggested curriculum for the first two years of preparation for entering medical or dental school. Students are urged to consult with an academic advisor in GCC's STEM Connect Student Success Center to plan a program of study which will meet the entrance requirements of selected professional schools.

**Program Recommendations:**

	Credits
+ BIO181 General Biology (Majors) I	4
+ BIO182 General Biology (Majors) II	4
+ BIO201 Human Anatomy and Physiology I	4
+ BIO202 Human Anatomy and Physiology II	4

+ CHM150 General Chemistry I (4) OR

--	---

And Either:

	Credits
+ MAT182* Plane Trigonometry	3
+ PHY111 General Physics I	4
+ PHY112 General Physics II	4

\*Math requirements vary with transfer institution and major. Some universities and professional schools require calculus.

**PRE-OCCUPATIONAL THERAPY (PRE-OT)**

Occupational therapists (OTs) help people of all ages live life to its fullest by helping them promote health, and improve or maintain activities of daily living after injury, illness, or disability. Common occupational therapy interventions include helping children with disabilities to participate fully in school and social situations, helping people recovering from injury to regain life skills, and assisting older adults experiencing physical and cognitive changes improve their ability to perform daily activities.

**Program Description:** This is a short list of courses that those interested in applying to an OT program should consider in selecting their undergraduate major. Admission requirements vary somewhat from one OT program to another so it is important that students determine the courses needed for their preferred professional programs and work with a GCC Health Sciences advisor to develop a program of study that best fits those needs.

**Program Recommendations:**

+ BIO201 Human Anatomy and Physiology I	4
+ BIO202 Human Anatomy and Physiology II	4

Additional science course(s) [BIO, CHM, PHY] 4-8

+ MAT206 Elements of Statistics (3) OR	
+ PSY230 Introduction to Statistics (3) 3	

+ CFS205 Human Development (3)	
--------------------------------	--

Additional Social-Behavioral Science courses in PSY or SOC 9-12

**PRE-OPTOMETRY**

An optometrist examines and determines the condition of one's eyes and prescribes non-surgical treatment to conserve or improve vision such as corrective lenses and some medication.

**Program Description:** This is a suggested curriculum for the first two years of preparation for entering optometry school. Students are urged to choose a specific professional school as soon as possible, and to consult with an academic advisor in GCC's STEM Connect Center to plan a program of study which will meet the entrance requirements of that school.

**Program Recommendations:**

	Credits
+ BIO181 General Biology (Majors) I	4
+ BIO182 General Biology (Majors) II	4
+ BIO205** Microbiology	4

+ CHM150 General Chemistry I (4) OR +

+ PHY111 General Physics I	4
----------------------------	---

+ PHY112 General Physics II	4
-----------------------------	---

+ PSY230 Introduction to Statistics	3
-------------------------------------	---

\*Most optometry schools require calculus.

\*\*Many optometry schools require a course in microbiology or bacteriology.

**PRE-PHARMACY**

Pharmacists are medication specialists, who advise patients on the proper use of medicines, monitor patients for therapeutic and adverse drug responses, and serve as drug therapy consultants to other health professionals.

Pharmacy is a health-care profession which offers the practitioner excellent and diverse career opportunities in community or hospital practice, clinical pharmacy, industry, education, or government.

Many professional pharmacy schools do not require the completion of a bachelor's degree for admission; such schools' entrance requirements include the completion of up to 90 semester credits of prerequisite courses, including many in the sciences and mathematics.

**Program Description:** This is a suggested curriculum for the first two years of preparation for entering pharmacy school. Students are urged to choose specific pharmacy program(s) of interest before they commence their coursework, and to consult with an academic advisor in GCC's STEM Connect Center to plan a program of study which will meet the entrance requirements of those schools.

<b>Program Recommendations:</b>		<b>Credits</b>
+ BIO181	General Biology (Majors) I	4
+ BIO182	General Biology (Majors) II	4

### PRE-PHYSICIAN ASSISTANT (PRE-PA)

Physician assistants (PAs) work in association with a doctor to conduct complete physical examinations, diagnose injury and illness, develop and manage treatment plans, and prescribe medications. PAs work in a variety of medical settings and specialties; they are often a patient's principal healthcare provider.

**Program Description:** This is a suggested curriculum for the first two years of preparation for entering PA school. Students are urged to consult with an academic advisor in GCC's STEM Connect Center to plan a program of study which will meet the entrance requirements of the PA programs of interest as well as their bachelor's degree.

## Pre-Law

### General Information

**For Information:** Scott Stroher  
**Phone:** 623.845.3453  
<https://www.gccaz.edu/business>

### Student Goals: Transfer

General information for students planning a career in Law:

No formal pre-law course of study is required to be eligible to apply for admission to law school. The demands of law are so varied that no one course of preparation can possibly be regarded as exclusive, and law schools attempt to do no more than urge students aiming toward a legal career to acquire a liberal education to the fullest sense of that term. Legal educators agree that a pre-legal education should be geared to the development of:

- A broad cultural background.
- Habits of thoroughness, intellectual curiosity, and scholarship.
- Ability to organize materials and communicate the results, both in writing and orally.

Since the attorney's principal tools are the abilities to analytically think and communicate, every student should be particularly

well-grounded in the use of language. The ability to write clearly, concisely, and with a sense of style is highly desirable. Therefore, courses in English composition and literature beyond the bare minimal requirements are recommended as well as courses which develop a lucid writing style.

A broad liberal arts education which is planned to provide understanding of institutions and values with which the law deals is excellent preparation for a career in law. The habits of reading widely and writing clearly are tied closely to the development of the capacity to absorb abstract ideas and to reason systematically. Study in the areas of government, history, philosophy, psychology, sociology, economics, and literature will all contribute to the deep understanding of our social, political, and economic institutions that every good attorney must have. Law school admission committees give strong consideration to the following:

1. Scores on the Law School Admission Test (LSAT). A preparation course is recommended before taking the LSAT.
2. Overall academic performance for the full period of attendance in college. (Admission becomes increasingly more competitive each year and students should endeavor to keep grades at the highest possible level.)
3. Breadth in the undergraduate program in addition to the major field of study. Electives should include courses in a wide range of disciplines. Courses at the undergraduate level in law are not essential since much of the material will be explored at a later time.
4. Ability to write correctly, clearly, and concisely. (Many law schools require demonstration of this ability as part of their admission test.)
5. General community involvement and/or personal achievement.
6. Many schools require character and personal references in addition to the above listed requirements. The study of law requires self-discipline and hard work which makes it important for students to develop good study habits in their academic career.

**Program Description:** This suggested program should be considered as the first two years of a baccalaureate program. Students should select an undergraduate major in liberal arts, social sciences, or business. A business transfer program is especially recommended.

**Program Recommendations: General Elective Credits**

Students should choose a major and consult with an advisor in planning their pre-law program. The following courses are recommended:

COM100	Introduction to Human Communication	3
+ COM225	Public Speaking	3
ECN211	Macroeconomic Principles	3
ECN212	Microeconomic Principles	3
GBS205:	Legal, Ethical, and Regulatory Issues in Business	
+ GBS233	Business Communication	3
HIS103	United States History to 1865	3
HIS104	United States History 1865 to Present	3
PHI101	Introduction to Philosophy	3
+ PHI103	Introduction to Logic	3
POS110	American National Government	3

POS120	World Politics	3
PSY101	Introduction to Psychology	3
SOC101	Introduction to Sociology	3

**General Education Requirements:**

Follow general education requirements for AA, AS, or A-Bus degree, depending on intended transfer major. Meet with an academic advisor in the GCC Enrollment Center to develop an educational plan. In determining course choices, students should be guided by the requirements of the four-year institution from which they expect to earn a baccalaureate degree.

## Programming and System Analysis

**Associate in Applied Science - AAS 3844**  
**61-67 credits**

**For Information:** Bill Stewart

**Phone:** 623.845.3250

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Programming and Systems Analysis program provides an in-depth exploration of different computer language and technical skills. The AAS includes, but is not limited to the following: operating systems, local area networks, business communication, team roles, and dynamics. Certificate of Completions (CCL) in Programming and Systems Analysis Level I and Level II and iOS Application Development are also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Consultation with an Academic Advisor is recommended for course selection.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and Scottsdale Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (33-34 credits)**

		Credits
GBS151	Introduction to Business	3
CIS105	Survey of Computer Information Systems	3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3) OR	
+ MST150++	Any Microsoft Windows course (3)	3
CIS133DA	Internet/Web Development Level I	3
Students interested in pursuing an iOS Certificate of Completion (CCL) are recommended to take CIS150AB.		
+ CIS150	Programming Fundamentals (3) OR	
+ CIS150AB	Object-Oriented Programming Fundamentals (3)	3
CIS166++	Any Web Scripting course(s)	3
+ CIS190	Introduction to Networks (3) OR	
CNT140AA	Introduction to Networks (4) OR	
+ MST140	Microsoft Networking Essentials (3)	3-4

+ CIS225	Business Systems Analysis and Design (3) OR	
+ CIS225AB	Object-Oriented Analysis and Design (3) OR	
+ CIS250	Management of Information Systems (3)	3

+ CIS119DO	Introduction to Oracle: SQL (3) OR	
+ CIS276DA	MySQL Database (3) OR	
+ CIS276DB	SQL Server Database (3)	3

Select a programming language from below that best aligns with academic and professional goals (two courses for a total of six credits) in one of the following areas:

+ CIS159	Visual Basic Programming I (3)	
AND		
+ CIS259	Visual Basic Programming II (3) OR	

CIS162++	Any C Programming: Level I course (3)	
AND		
CIS262++	Any C Programming: Level II course (3) OR	

+ CIS163AA	Java Programming: Level I (3)	
AND		
+ CIS263AA	Java Programming: Level II (3) OR	

CIS165++	Any Mobile Application Development course (3)	
AND		
+ CIS265	Advanced iOS Application Development (3)	6

#### Restricted Electives: (6 credits) Credits

Students may not use courses from the Required Courses Area.

CIS224	Project Management Microsoft Project for Windows	3
+ CIS151	Computer Game Development-Level I	3
+ CIS156	Python Programming: Level I	3
+ CIS159	Visual Basic Programming I	3
CIS162++	Any C Programming: Level I course	3
+ CIS163AA	Java Programming: Level I	3
CIS165++	Any Mobile Application Development course	3
+ CIS251	Computer Game Development-Level II	3
+ CIS259	Visual Basic Programming II	3
CIS262++	Any C Programming: Level II course	3
+ CIS263AA	Java Programming: Level II	3
+ CIS265	Advanced iOS Application Development	3
GBS211	Legal, Ethical and Regulatory Issues of the Internet Studies	3

#### General Education Requirements: (22-27 credits)

#### General Education Core: (12-17 credits) Credits

#### First-Year Composition:.....6

+ ENG101	First-Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3)	
AND		
+ ENG102	First-Year Composition (3) OR	
+ ENG108	First-Year Composition for ESL (3)	

#### Oral Communication: .....3

Any approved general education course in the Oral Communication area, see listing of courses for AGS, page 27.

#### Critical Reading: .....0-3

+ CRE101	College Critical Reading and Critical Thinking (3) OR	
Equivalent as indicated by assessment.		

#### Mathematics:.....3-5

+ MAT150	College Algebra/Functions (5) OR	
+ MAT151	College Algebra/Functions (4) OR	
+ MAT152	College Algebra/Functions (3)	

Any MAT course that is equivalent or higher.

#### General Education Distribution: (10 credits) Credits

#### Humanities, Arts and Design: .....3

Any approved general education course in the Humanities, Arts and Design [HU] area, see listing of courses for AGS, page 27.

#### Social-Behavioral Sciences:.....3

ECN211	Macroeconomic Principles (3) OR	
ECN212	Microeconomic Principles (3) OR	
SBU200	Society and Business (3)	

#### Natural Sciences: .....4

Any approved general education course in the Natural Sciences (Quantitative) [SQ] area or the Natural Sciences (General) [SG] area, see listing of courses for AGS, page 27.

## Programming and Systems Analysis Level I

### Certificate of Completion - CCL 5048

24 credits

**For Information:** Bill Stewart  
Phone: 623.845.3250  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Programming and Systems Analysis Level I provides an exploration of different computer language and technical skills. The CCL includes, but is not limited to the following: operating systems, local area networks, business communication, team roles, and dynamics. A Certificate of Completion (CCL) in Programming and Systems Analysis Level II, Certificate of Completion (CCL) in iOS Application Development and an Associate in Applied Science (AAS) in Programming and Systems Analysis are also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Consultation with an Academic Advisor is recommended for course selection.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and Scottsdale Community Colleges.

**Program Prerequisites:** None.

#### Required Courses: (24 credits) Credits

CIS105	Survey of Computer Information Systems	3
CIS133DA	Internet/Web Development Level I	3
GBS151	Introduction to Business	3
CIS126DL	Linux Operating System (3) OR

CIS166++	Any Web Scripting course(s)	3
+ CIS119DO	Introduction to Oracle: SQL (3) OR	
+ CIS276DA	MySQL Database (3) OR	
+ CIS276DB	SQL Server Database (3)	3

Select a programming language from below that best aligns with academic and professional goals (one course for a total of three credits) in one of the following areas:

+ CIS159	Visual Basic Programming I (3) OR	
CIS162++	Any C Programming: Level I course (3) OR	
+ CIS163AA	Java Programming: Level I (3) OR	
CIS165++	Any Mobile Application Development course (3)	3

### **Programming and Systems Analysis Level II** **Certificate of Completion - CCL 5962** **36-37 credits**

**For Information:** Bill Stewart  
**Phone:** 623.845.3250  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Programming and Systems Analysis Level II provides an in-depth exploration of different computer language and technical skills. This CCL includes, but is not limited to the following: local area networks, team roles, and dynamics. A Certificate of Completion (CCL) in iOS Application Development and an Associate in Applied Science (AAS) in Programming and Systems Analysis are available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Consultation with an Academic Advisor is recommended for course selection.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and Scottsdale Community Colleges.

**Program Prerequisites:** None.

#### **Required Courses: (33-34 credits) Credits**

The following courses are required and included in CCL Programming and Systems Analysis Level I.

CIS105	Survey of Computer Information Systems	3
CIS133DA	Internet/Web Development Level I	3
GBS151	Introduction to Business	3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3) OR	
MST150++	Any Microsoft Windows course (3)	3
+ CIS150	Programming Fundamentals (3) OR	
+ CIS150AB	Object-Oriented Programming Fundamentals (3)	3
CIS166++	Any Web Scripting course(s)	3
+ CIS119DO	Introduction to Oracle: SQL (3) OR	
+ CIS276DA	MySQL Database (3) OR	
+ CIS276DB	SQL Server Database (3)	3
+ CIS159	Visual Basic Programming I (3) OR	
CIS162++	Any C Programming: Level I course (3) OR	
+ CIS163AA	Java Programming: Level I (3) OR	
CIS165++	Any Mobile Application Development course (3)	3

The following courses are required for CCL Programming and Systems Level II:

+ CIS190	Introduction to Local Area Networks (3) OR	
CNT140AA	Introduction to Networks (4) OR	
MST140	Microsoft Networking Essentials (3)	3-4
+ CIS225	Business Systems Analysis and Design (3) OR	
+ CIS225AB	Object-Oriented Analysis and Design (3) OR	
+ CIS250	Management of Information Systems (3)	3

Select a programming language from below that best aligns with academic and professional goals (one course for a total of three credits) in one of the following areas:

+ CIS259	Visual Basic Programming II (3) OR	
CIS262++	Any C Programming: Level II course (3) OR	
+ CIS263AA	Java Programming: Level II (3) OR	
+ CIS265	Advanced iOS Application Development (3)	3

#### **Restricted Electives: (3 credits) Credits**

Select one of the courses below that best aligns with academic and professional goals for a total of three credits. Students may not choose courses they have taken from the required courses area.

CIS224	Project Management Microsoft Project for Windows	3
+ CIS151	Computer Game Development-Level I	3
+ CIS156	Python Programming: Level I	3
+ CIS159	Visual Basic Programming I	3
CIS162++	Any C Programming: Level I course	3
+ CIS163AA	Java Programming: Level I	3
CIS165++	Any Mobile Application Development course	3
+ CIS251	Computer Game Development-Level II	3
+ CIS259	Visual Basic Programming II	3
CIS262++	Any C Programming: Level II course	3
+ CIS263AA	Java Programming: Level II	3
+ CIS265	Advanced iOS Application Development	3
GBS211	Legal, Ethical and Regulatory Issues of the Internet Studies	3

## **Psychology**

### **General Information**

**For Information:** Julie Morrison  
**Phone:** 623.845.4761  
<https://www.gccaz.edu/psychology>

### **ASSOCIATE IN ARTS (AA)/TRANSFER PROGRAM**

**Student Goals:** General Education, Transfer to a University, Personal Interest

Psychologists are concerned with the scientific study of behavior and mental processes. Psychology is a beneficial major or minor for students interested in education, medicine, law, social work, management, or any of the human service fields such as nursing, child care, medical technology, law enforcement, or real estate. Positions in the field of psychology as a psychologist require a graduate degree.

Employment will remain competitive in educational institutions but will show 8-14% growth in clinical and industry settings between 2016-2026. Related careers include personnel management, public relations, sports and recreation, speech pathology, special education, counseling, vocational rehabilitation, gerontology, business management, and computer science.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

**Program Description:** This program provides the first two years of a four-year curriculum for students who wish to specialize in psychological sciences or are preparing for graduate programs in psychology or related fields. With a bachelor's degree, students may pursue numerous careers such as mid- and top-level managers, market research analysts/specialists, human resources specialists/managers, social and human service assistants, psychiatric technicians, survey researchers, and probation officers/correctional treatment specialists. Most careers in psychology require graduate work. With a graduate degree, students may pursue a number of careers, including but not limited to: psychologists (industrial-organizational, clinical, counseling, and school), research scientists, psychiatrists, neuropsychologists, statisticians, teachers, and human factors engineers.

**Special Skill Levels Needed:**

College level reading, writing, and math skills.

**Core Requirements:**

		Credits
PSY101	Introduction to Psychology [SB]	3
+ PSY230	Introduction to Statistics [CS]	3
+ PSY231	Laboratory for Statistics	1
PSY290	Research Methods [L, SG]	4

**Electives:**

The following courses are available as electives but should be chosen only sparingly by psychology majors. No more than one or two of these should be taken. (Some of these courses are junior-senior level upper division courses at the universities and have no lower division equivalents there. If taken at GCC, they will count as lower division credit at the universities.)

		Credits
PSY132	Psychology and Culture [C,G,SB*]	3
PSY143	Lesbian, Gay, Bisexual and Transgendered Studies [C*]	3
PSY156	Understanding Death and Dying	3
PSY157	African/Black Psychology [SB*, C*]	3
+ PSY215	Introduction to Sport Psychology	3
PSY235	Psychology of Gender [SB*, C*]	3
+ PSY240	Developmental Psychology [SB*]	3
+ PSY241	Understanding and Changing Behavior	3
+ PSY242	Understanding and Changing Behavior Lab	3
+ PSY243	The Psychology of Developmental Disabilities	3
+ PSY244	Internship in Psychology	1
+ PSY250	Social Psychology [SB*]	3
+ PSY262	Positive Psychology	3
+ PSY266	Abnormal Psychology [SB*]	3
+ PSY267	Forensic Psychology	3
+ PSY275	Biopsychology [SG*]	4
+ PSY277	Psychology of Human Sexuality [SB*]	3
+ PSY280	Industrial/Organizational Psychology [SB*]	3
+ PSY295AA	Independent Research in Psychology	1

**Recommendations for Psychology Minors:**

A minor in psychology fits very well as a companion discipline with a wide variety of majors. Most universities will require five or six psychology courses for a minor; at least two of them should be at the upper division level at the university. Students wishing to minor in psychology should take PSY101, and choose other courses from the following list, depending on university requirements:

+ PSY230	Introduction to Statistics [CS*]	3
+ PSY231	Laboratory for Statistics	1
+ PSY240	Developmental Psychology [SB*]	3
+ PSY241	Understanding and Changing Behavior	3
+ PSY250	Social Psychology [SB*]	3

+ PSY266	Abnormal Psychology [SB*]	3
+ PSY275	Biopsychology [SG*]	4
+ PSY277	Psychology of Human Sexuality [SB*]	3
PSY290	Research Methods [L,SG*]	4

**Personal Improvement and Personal Interest Courses:**

With the numerous and varied demands of our complex world many of us face serious difficulties adjusting to and coping with the stresses and pressures of modern living. The following courses may be of considerable help in coping with such problems.

PSY143	Lesbian, Gay, Bisexual and Transgendered Studies [C*]	3
PSY156	Understanding Death and Dying	3
PSY157	African/Black Psychology [SB*, C*]	3
+ PSY215	Introduction to Sport Psychology [SB*]	3
+ PSY235	Psychology of Gender [SB, C*]	3
+ PSY241	Understanding and Changing Behavior	3
+ PSY243	The Psychology of Developmental Disabilities	3
+ PSY262	Positive Psychology	3
+ PSY277	Psychology of Human Sexuality [SB*]	3

\*[SB] counts at ASU as Social-Behavioral Sciences general education requirement. [C] counts as Cultural Awareness general education requirement. [CS] counts as Computer/Statistics, [L] counts for Literacy and Critical Inquiry, and [SG] counts for Natural Sciences-General general education requirements.

Typically psychology majors will need to take ten or more psychology courses for graduation with a BA or BS degree. At least five should be upper division courses at a university. Between three and five of those courses may be at the lower division (community college) level including the core requirements and suggested electives listed previously. Psychology majors should consult early with a departmental advisor about the math and science requirements and planning their course of study.

**Real Estate: Prelicense<sup>1</sup>**

**Certificate of Completion - CCL 5139N**

**This program is not eligible for Title IV Federal Financial Aid 6.5 credits**

**For Information:** Scott Stroher

**Phone:** 623.845.3453

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Real Estate: Prelicense introduces students to the real estate profession. This program is designed to prepare students to meet the requirements to take the Arizona State Real Estate Salesperson's Exam. Emphasis will be placed on license laws, real and personal property, financing, purchasing, selling, renting, legal descriptions, rights and interests in property, ownership, contracts, real estate terminology and economics, investing in real estate, foreclosure, land use, and evaluation.

**Program Notes:** Students must earn a grade of C or better for each course listed in the program.

This program also is offered by Mesa, Paradise Valley, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (6.5 credits)**

		Credits
REA179	Real Estate Principles I (3)	
AND		
+ REA180	Real Estate Principles II (3) OR	
REA201	Real Estate Principles I and II (6)	6
+ REA290AH	Real Estate Seminar: Contract Writing	0.5

**Red Hat Linux Administrator<sup>1</sup>****Certificate of Completion - CCL 5049N**

**This program is not eligible for Title IV Federal Financial Aid 6-9 credits**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Red Hat Linux Administrator program is designed to help prepare students for employment or to improve current professional skills. The program includes Red Hat Enterprise Linux system basics and management including sophisticated manipulation of file structures, backup systems, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, and system resource control. This program helps prepare students for the Red Hat Certified System Administrator (RHCSA) certification exam. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

This program also is offered by Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

All courses within the Required areas are not applicable if taken more than five years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

**Program Prerequisites:** None.

**Required Courses: (6-9 credits)**

		Credits
CIS105	Survey of Computer Information Systems (3) OR	
	Permission of program director (0)	0-3
CIS126RH	Red Hat System Administration I	3
+ CIS238RH	Red Hat System Administration II	3

**Red Hat Linux Engineer<sup>1</sup>****Certificate of Completion - CCL 5050N**

**This program is not eligible for Title IV Federal Financial Aid 9-12 credits**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Red Hat Linux Engineer program is designed to help prepare students for employment or to improve current professional skills. The program includes in depth Red Hat Enterprise Linux system networking including integrating Linux servers and workstations into a network environment with multi-platform network operating systems with a variety of open-standard and proprietary protocols. This program helps prepare students for the Red Hat Certified System Administrator (RHCSA) and Red Hat Certified Engineer (RHCE) certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCL) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

This program also is offered by Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

This program replaces:

- CCL/5204N Linux Professional

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

All courses within the Required Courses and Restricted Electives areas are not applicable if taken more than five years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

**Program Prerequisites:** None.

**Required Courses: (9-12 credits)**

		Credits
CIS105	Survey of Computer Information Systems (3) OR	
	Permission of program director (0)	0-3
CIS126RH	Red Hat System Administration I	3
+ CIS238RH	Red Hat System Administration II	3
+ CIS240RH	Red Hat System Administration III	3

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

## Religious Studies

### General Information

**For Information:** Peter Lupu  
**Phone:** 623.845.3747  
<https://www.gccaz.edu/philosophy>

**Student Goals:** General Education, Personal Interest and Career Related

In today's global socioeconomic situation, it is important to understand and respect the differences present in a variety of ethnic and religious cultures. The academic study of religion is an excellent program for developing strong analytical, research and critical thinking skills that will contribute to success in life and career endeavours. An Associate in Arts degree with a focus in Religious Studies prepares students for a variety of career options.

Graduates often pursue careers in:

- Business/International Business
- Counseling
- Education
- Law
- Nursing
- Journalism
- Foreign Service
- Chaplaincy
- Public and Non-Profit Administration
- Social Work

## Retail Management

**Associate in Applied Science - AAS 3048**  
**61-63 credits**

**For Information:** Kendra Swensen  
**Phone:** 623.845.3749  
<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Retail Management degree is designed to prepare individuals working in the retail management, food industry, and related fields, for the mid-level management position challenges of the future. The curriculum encompasses business essentials and also emphasizes the skill sets needed for effective management and communication in the work environment. Instruction will provide the background and knowledge necessary for students to develop the judgment skills they must exercise as business managers. A Certificate of Completion (CCL) in Retail Management is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered by Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

### Required Courses: (27-30 credits)

Choose one of the following three accounting sequences:

ACC111	Accounting Principles I (3)	
AND		
+ ACC230	Uses of Accounting Information I (3)	
AND		
+ ACC240	Uses of Accounting Information II (3) OR	
ACC111	Accounting Principles I (3)	
AND		
+ ACC112	Accounting Principles II (3)	
AND		
+ ACC212	Managerial Accounting (3) OR	
ACC211	Financial Accounting (3)	
AND		
+ ACC212	Managerial Accounting (3)	6-9
BPC110	Computer Usage and Applications (3) OR	
CIS105	Survey of Computer Information Systems (3)	3
MGT101	Techniques of Supervision (3) OR	
MGT229	Management and Leadership I (3)	3
MGT180	Retail Management (3) OR	
MKT268	Merchandising (3)	3
MGT251	Human Relations in Business (3)	3
MGT276	Personnel/Human Resources Management (3)	3
MKT271	Principles of Marketing	3
SBU200	Society and Business	3

### Restricted Electives: (9-15 credits)

Student must complete additional 9 to 15 credits from GBS, MGT, and/or MKT prefixed courses (except courses used to satisfy Required Courses area) to complete a minimum of 61 total program credits. Must include at least one MKT course.

GBS+++	Any GBS General Business course(s)	
MGT+++	Any MGT Management course(s)	
MKT+++	Any MKT Marketing course(s)	

### General Education Requirement: (19-24 credits)

#### General Education Core: (12-17 credits)

**First-Year Composition:.....6**

+ ENG101	First-Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3)	
AND		
+ ENG102	First-Year Composition (3) OR	
+ ENG108	First-Year Composition for ESL (3) OR	
+ ENG111	Technical and Professional Writing (3)	

ENG102 or ENG108 recommended for students considering pursuing a bachelor's degree at an Arizona university.

**Oral Communication: .....3**

COM100	Introduction to Human Communication	
--------	-------------------------------------	--

**Critical Reading: .....0-3**

+ CRE101	College Critical Reading and Critical Thinking (3) OR	
	Equivalent as indicated by assessment.

Certificates of Completion (CCL) are also available in Video Game Production: Game Art, Video Game Production: Audio and Sound and Video Game Production: Narrative.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Mesa and Paradise Valley Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (33 credits)**

**Credits**

Students must complete the following courses for a total of 13 credits that apply to the core of the Associate in Applied Science (AAS) in Video Game Production.

ART100	Introduction to Digital Arts	1
CIS105	Survey of Computer Information Systems	3
+ CIS151	Computer Game Development Level I	3
MUC122	Sound Design I	3
CRW176	Writing Narrative for Video Games	3

Students must complete the following courses for a total of 20 credits that apply to the Video Game Production: Coding and Scripting Emphasis of the Associate in Applied Science (AAS) in Video Game Production.

+ CIS107	The Electronic Game Industry	3
CIS120DC	Introduction to Adobe Animate	3
CIS130DB	3D Studio Max: Animation	3
+ CIS150AB	Object-Oriented Programming Fundamentals	3
+ CIS156	Python Programming: Level 1	3
+ CIS163AA	Java Programming: Level 1	3
+ CIS298AB	Special Projects	2

## **Video Game Production: Game Art<sup>1</sup>**

**Certificate of Completion - CCL 5123**

**This program currently is not eligible for Title IV Federal Financial Aid  
39 credits**

**For information:** Michelle Blomberg

**Phone:** 623.845.3667

<https://www.gccaz.edu/art-humanities>

**Program Description:** The Certificate of Completion (CCL) in Video Game Production: Game Art provides students with the introductory skills to design Art for video games. Coursework focuses on the artistic aspect of Video Game Production. An Associate in Applied Science (AAS) in Video Game Production is available. Certificates of Completion (CCL) are also available in Video Game Production: Audio and Sound, Video Game Production: Coding and Scripting, and Video Game Production: Narrative.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Mesa and Paradise Valley Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (33 credits)**

**Credits**

Students must complete the following courses for a total of 13 credits that apply to the core of the Associate in Applied Science (AAS) in Video Game Production.

ART100	Introduction to Digital Arts	1
--------	------------------------------	---

CIS105	Survey of Computer Information Systems	3
+ CIS151	Computer Game Development Level I	3
CRW176	Writing Narrative for Video Games	3
MUC122	Sound Design I	3

Students must complete the following courses for a total of 26 credits that apply to the Video Game Production: Game Art Emphasis of the Associate in Applied Science (AAS) in Video Game Production.

+ ADA/ART/MMT184	Digital Animation I	3
ART116	Life Drawing	3
ART/COM/STO150	Digital Storytelling	3
+ ART/MMT185	3D Modeling for Animation I (3) OR	
+ CIS130DA	3D Studio Max: Modeling (3)	3
+ ART200	Animation and Interactivity	3
+ ART240	Cinematography and Directing for 2D/3D Animation (3) OR	
+ CIS230DB	3D Studio Max: Lighting and Rendering (3)	3
+ ART/MMT285	3D Modeling and Animation II (3) OR	
+ CIS130DB 3D	Studio Max: Animation (3)	3
+ ART287	3D Character Animation	3
+ ART298AB	Special Projects	2

## **Video Game Production: Game Narrative<sup>1</sup>**

**Certificate of Completion - CCL 5125**

**This program currently is not eligible for Title IV Federal Financial Aid  
27 credits**

**For information:** Bill Stewart

**Phone:** 623.845.3250

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Video Game Production: Game Narrative provides students with the introductory skills to write narrative for video games. Coursework focuses on the narrative aspect of Video Game Production. An Associate in Applied Science (AAS) in Video Game Production is also available. Certificates of Completion (CCL) are available in Video Game Production: Game Art, Video Game Production: Audio and Sound and Video Game Production: Coding and Scripting.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Mesa and Paradise Valley Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (27 credits)**

**Credits**

Students must complete the following courses for a total of 13 credits that apply to the core of the Associate in Applied Science (AAS) in Video Game Production.

ART100	Introduction to Digital Arts	1
CIS105	Survey of Computer Information Systems	3
+ CIS151	Computer Game Development Level I	3
MUC122	Sound Design I	3
CRW176	Writing Narrative for Video Games	3

Students must complete the following courses for a total of 14 credits that apply to the Video Game Production: Game Narrative Emphasis of the Associate in Applied Science (AAS) in Video Game Production.

CRW160	Introduction to Writing Poetry	3
CRW170	Introduction to Writing Fiction	3
CRW190	Introduction to Screenwriting	3
+ CRW270	Intermediate Fiction Writing	3
+ CRW298AB	Special Projects	2

## VMware Foundations<sup>1</sup>

**Certificate of Completion - CCL 5035N**

**This program is not eligible for Title IV Federal Financial Aid 3 credits**

For Information: Martin Bencic  
Phone: 623.845.3237  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in VMware Foundations program is designed to help students prepare for VMware industry certifications and work in a variety of information technology environments including software defined data centers. The program introduces vSphere and VMware ESXi server in the enterprise and covers many aspects of virtualization for VMware ESXi server administration. It is designed to prepare students for the VMware Foundations (VCA) certification exam. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

All courses within the Required Courses areas are not applicable if taken more than five years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

This program also offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, and Sottsdale Community Colleges.

### Admission Criteria:

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience. To pursue this CCL, students must complete the prerequisites to the courses within the Required Courses area as follows OR receive permission of the Program Director:

CIS105	Survey of Computer Information Systems	3
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support (3)	
AND		
+ BPC270	A+ Exam Prep: Operating System Configuration and Support (3) OR	
MST150++	Any Windows Operation Course (3)	3-6

CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3)	3
+ CIS190	Introduction to Networking (3) OR	
CNT140AB	Introduction to Networks (3)	3

Students also have the option to complete the full CCL in this program, VMware Network Administrator (major code 5032), that includes the prerequisites and required courses.

**Program Prerequisites:** None.

**Required Courses: (3 credits)**

+ CIS197	VMware ESXI Server Enterprise	3
----------	-------------------------------	---

**Credits**

## VMware Network Administrator<sup>1</sup>

**Certificate of Completion - CCL 5032**

**This program currently is not eligible for Title IV Federal Financial Aid 24-28 credits**

For Information: Martin Bencic  
Phone: 623.845.3237  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in VMware Network Administrator program is designed to help students prepare for VMware industry certifications and work in a variety of information technology environments including software-defined data centers. Courses will build the knowledge and skills for students to design, install, configure, troubleshoot, and manage virtual environments and help prepare students for the CompTIA A+, CompTIA Linux +, CompTIA Network +; VMware VCA, VCP, and/or VCAP-NV Deploy certification exams. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

All courses within the Required Courses and Restricted elective areas are not applicable if taken more than five years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

This program also offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, and Paradise Valley Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (24-28 credits)**

BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	3
+ BPC270	A+ Exam Prep: Operating System Configuration and Support	3

**Credits**

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

CIS105	Survey of Computer Information Systems (3) OR Permission of Program Director (0)	0-3	BPC170	A+ Exam Prep: Computer Hardware Configuration and Support (3)	
CIS126DL	Linux Operating System (3) OR		AND		
CIS126RH	Red Hat System Administration I (3)	3	+ BPC270	A+ Exam Prep: Operating System Configuration and Support (3) OR

+ CIS190	Introduction to Networking (3) OR		CIS126DL	Linux Operating System (3) OR	
CNT140AB	Introduction to Networks (4)	3-4	CIS126RH	Red Hat System Administration I (3)	3
+ CIS197	VMware ESXi Server Enterprise	3	+ CIS190	Introduction to Networking (3) OR	
+ CIS198	VMware vSphere: Optimize and Scale	3	CNT140AB	Introduction to Networks (3)	3
+ CIS200	VMware NSX: Install, Configure, Manage	3			

Students also have the option to complete the full CCL in this program, VMware Network Administrator (major code 5032), that includes the prerequisites and required courses.

### VMware Systems Administrator<sup>1</sup>

**Certificate of Completion - CCL 5033N**

**This program is not eligible for Title IV Federal Financial Aid  
6 credits**

For Information: Martin Bencic  
Phone: 623.845.3237  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in VMware Systems Administrator program is designed to help students prepare for VMware industry certifications and work in a variety of information technology environments including software defined data centers. The program introduces vSphere and VMware ESXi server in the enterprise and covers many aspects of virtualization for VMware ESXi server administration. It includes advanced skills for configuring and maintaining a highly available and scalable virtual infrastructure and is designed to prepare students for the VMware VCA and VCP certification exams. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

All courses within the Required Courses area are not applicable if taken more than five years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

This program also offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, and Scottsdale Community Colleges.

#### Admission Criteria:

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience. To pursue this CCL, students must complete the prerequisites to the courses within the Required Courses area as follows OR receive permission of the Program Director.

CIS105	Survey of Computer Information Systems	3
--------	--	---

**Program Prerequisites:** None.

**Required Courses: (6 credits)**

**Credits**

+ CIS197	VMware ESXi Server Enterprise	3
+ CIS198	VMware vSphere: Optimize and Scale	3

### Web App Development<sup>1</sup>

**Certificate of Completion - CCL 5835N**

**This program is not eligible for Title IV Federal Financial Aid  
9-12 credits**

For Information: Bill Stewart  
Phone: 623.845.3250  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Web App Development prepares students for employment in entry-level coding, programming, and software development positions with an emphasis on web apps. Courses in this certificate can apply toward the Associate in Applied Science (AAS) in Mobile App Development and Certificates of Completion (CCL) in Mobile App Development and Cross-Platform App Development.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Students should consult with a Department Advisor in arranging their schedules.

This program also offered at Chandler-Gilbert, GateWay, Mesa, Paradise Valley, Phoenix, Sottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (9-12 credits)**

**Credits**

CIS105	Survey of Computer Information Systems (3) OR Permission of Program Director, Department or Division Chair (0)	0-3
+ CIS133DA	Internet/Web Development Level I	3
+ CIS166AA	Introduction to JavaScript	3
+ CIS233DA	Internet/Web Development Level II	3

**Web Design<sup>1</sup>****Certificate of Completion - CCL 5986**

**This program currently is not eligible for Title IV Federal Financial Aid**  
**38-43 credits**

For Information: Bill Stewart  
 Phone: 623.845.3250  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Web Design provides students with comprehensive and focused studies in web design, including advanced image manipulation, vector graphics, page layout, video editing and design principles. A Certificate of Completion (CCL) in Web Development and an Associate in Applied Science (AAS) in Web Design/Development are also available.

**Program Notes:** Students must earn a grade of C or better in each course in the program.

Students should consult with a Department Advisor in arranging their schedules.

This program also offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Rio Salado, Scottsdale, and South Mountain Community Colleges.

This program replaces:

- CCL/5159 Web Design

**Program Prerequisites:** None.

**Required Courses: (36-37 credits) Credits**

The following courses are required and also fulfill the requirements for the CCL in Web Foundations:

CIS105	Survey of Computer Information Systems	3
CIS120DF	Adobe Photoshop Level I: Digital Imaging	3
CIS133DA	Internet/Web Development Level I	3
CIS136	Content Management Systems: WordPress	3
+ CIS166AA	Introduction to Javascript	3
+ CIS233DA	Internet/Web Development Level II	3
+ CIS235	e-Commerce	3

The following courses are required and fulfill the requirements for the CCL in Web Design:

ADA/ART183	Digital Graphic Arts I (3) OR	
ART100	Introduction to Digital Arts (1)	
AND		
ART181	Graphic Design I (3) OR	
ART112	Two-Dimensional Design (3)	3-4
CIS120DB	Computer Graphics: Adobe Illustrator	3
CIS120DA	Introduction to Digital Video Editing: Adobe Premiere (3) OR	
CIS120DK	Introduction to Digital Video Editing (3)	3
+ CIS138DA	Desktop Design and Publishing Using Adobe InDesign	3
+ CIS220DF	Adobe Photoshop Level II: Advanced Digital Imaging	3

**Restricted Electives: (2-6 credits) Credits**

Select two to six credits in consultation with your program advisor to further develop skills in the areas of Adobe, Art, Social Media, Marketing, Business and/or Multimedia.

**Web Design/Development<sup>1</sup>****Associate in Applied Science - AAS 3185**  
**60-67 credits**

**For information:** Bill Stewart  
**Phone:** 623.845.3250  
<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Web Design/Development prepares students to design, create, and administer interactive and professional web sites. Courses focus on "hands-on" experience with web publishing, web graphics preparation, scripting, content management systems and e-commerce solutions. The program provides students a pathway to either develop advanced skills in Web Design or Web Development. Certificates of Completion (CCLs) in Foundational Web Technologies, Web Design and Web Development are also available.

**Program Notes:** Students must earn a grade of C or better in each course in the program.

This program also is available at Chandler-Gilber, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (21 credits) Credits**

In addition to the required course work, students must consult with a program advisor to select one of the specializations within the Restricted Electives area.

CIS105	Survey of Computer Information Systems	3
CIS120DF	Adobe Photoshop Level I: Digital Imaging	3
CIS133DA	Internet/Web Development Level I	3
CIS136	Content Management Systems: WordPress	3
+ CIS166AA	Introduction to Javascript	3
+ CIS233DA	Internet/Web Development Level II	3
+ CIS235	e-Commerce	3

**Restricted Electives: (17-22 credits) Credits****Specialization I Web Design****Credits: 17-22**

ADA/ART183	Digital Graphic Arts I (3) OR	
ART100	Introduction to Digital Arts (1)	
AND		
ART181	Graphic Design I (3) OR	
ART112	Two-Dimensional Design (3)	3-4
CIS120DA	Introduction to Digital Video Editing: Adobe Premiere (3) OR	
CIS120DK	Introduction to Digital Video Editing (3)	3
CIS120DB	Computer Graphics: Adobe Illustrator	3
CIS120DC	Adobe Animate: Digital Animation (3) OR	
+ CIS220DF	Adobe Photoshop Level II: Advanced Digital Imaging (3)	3
+ CIS138DA	Desktop Design and Publishing Using Adobe InDesign	3

Students must select two to six credits in consultation with your program advisor to further develop skills in the areas of Adobe, Art, Social Media, Marketing, Business and/or Multimedia.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2020, <sup>2</sup> Effective Term Spring 2021

**Specialization II: Web Development****Credits: 18**

+ CIS119DO	Introduction to Oracle: SQL (3) OR	
+ CIS276++	Any Database Management Systems course (3)	3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3)	3
+ CIS166AE	Web Scripting with PHP: Hypertext Preprocessor (PHP)	3
Programming Language: Select two courses for a total of six credits.		
+ CIS150AB	Object-Oriented Programming Fundamentals	3
+ CIS156	Python Programming: Level I	3
+ CIS159	Visual Basic Programming I	3
+ CIS162++	Any C Programming course	3
+ CIS163AA	Java Programming: Level I	3
+ CIS165++	Any Mobile Application Development course	3
+ CIS262AD	C# Level II	3
+ CIS263AA	Java Programming: Level II	3
+ CIS265++	Advanced iOS Application Development	3

Students must select three credits of any course with a CIS prefix in consultation with their program advisor to further develop skills in the areas of Databases, Information Systems, Programming, and/or Operating Systems.

**General Education Requirements: (22-28 credits)****General Education Core: (12-18 credits)****Credits****First-Year Composition:****6**

+ ENG101	First-Year Composition (3) OR
+ ENG107	First-Year Composition for ESL (3)
AND	
+ ENG102	First-Year Composition (3) OR
+ ENG108	First-Year Composition for ESL (3)

**Oral Communication:****3**

Any approved general education course from the Oral Communication area, see listing of courses for AGS, page 27.

**Critical Reading:****0-3**

+ CRE101	College Critical Reading and Critical Thinking (3) OR Equivalent as indicated by assessment.
----------	--

**Mathematics:****3-6**

Any approved general education course in the Mathematics Area. (MAT140, MAT141, MAT142, MAT145, MAT146 College Mathematics) OR (MAT150, MAT151, MAT152, MAT155, MAT156 College Algebra/Functions) OR higher math course with the Mathematical Applications [MA] general education designation recommended for students intending to transfer to a four-year institution. MAT187 Precalculus is recommended for students intending to transfer to ASU (Tempe campus) to earn a BS in Graphic Information Technology.

**General Education Distribution: (10 credits)****Credits****Humanities, Arts and Design:****3**

Any approved general education course from the Humanities, Arts and Design area, see listing of courses for AGS, page 27.

**Social-Behavioral Sciences:****3**

Any approved general education course from the Social-Behavioral Sciences area, see listing of courses for AGS, page 27.

PSY101 Introduction to Psychology is recommended for students intending to transfer to ASU (Polytechnic campus) to earn a BS in Technical Communication (User Experience) or to ASU (Tempe campus) to earn a BS in Graphic Information Technology.

**Natural Sciences:****4**

Any approved general education course from the Natural Sciences area, see listing of courses for AGS, page 27.

**Web Development<sup>1</sup>****Certificate of Completion - CCL 5988**

**This program currently is not eligible for Title IV Federal Financial Aid**

**39 credits**

For Information: Bill Stewart  
Phone: 623.845.3250  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Web Development prepares students to create and administer interactive and professional websites. The program provides students with knowledge and skills in developing dynamic websites, client and server side programs, database structures, and object-oriented design. A Certificate of Completion (CCL) in Web Design and an Associate in Applied Science (AAS) in Web Design/Development are also available.

**Program Notes:** Students must earn a grade of C or better in each course in the program.

This program also offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

This program replaces:

- CCL/5051 Web Developer

**Program Prerequisites:** None.

**Required Courses: (36 credits)****Credits**

The following courses are required and included CCL Web Foundations		
CIS105	Survey of Computer Information Systems	3
CIS120DF	Adobe Photoshop Level I: Digital Imaging	3
CIS133DA	Internet/Web Development Level I	3
CIS136	Content Management Systems: WordPress	3
+ CIS166 AA	Introduction to Javascript	3
+ CIS233DA	Internet/Web Development Level II	3
+ CIS235	e-Commerce	3

The following courses are required for CCL Web Development:

+ CIS166AE	Web Scripting with PHP: Hypertext Preprocessor (PHP)	3
+ CIS119DO	Introduction to Oracle: SQL (3) OR	
+ CIS276++	Any Database Management Systems course (3)	3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3)	3

Programming Language: Select two courses for a total of six credits.

+ CIS235	e-Commerce	3

**World Languages****General Information**

**For Information:** Dr. Pam Joraanstad  
**Phone:** 623.845.3773  
<https://www.gccaz.edu/communication>

The following world language course descriptions can be found using the website for the Center for Curriculum and Transfer Articulation (CCTA): <https://curriculum.maricopa.edu/curriculum/courses/search-course-bank>:

Chinese (CHI)  
French (FRE)  
German (GER)  
Italian (ITA),  
Japanese (JPN),  
Latin (LAT)  
Sign Language (SLG)  
Spanish (SPA)

**Student Goals:** Personal, Career-related, General Education

The study of another language not only provides a language skill, but also helps students understand the customs and cultures of other countries. GCC offers the opportunity to study a variety of world languages: American Sign Language, Arabic, Chinese, French, German, Japanese, Linguistics (SLC), Spanish, and Spanish Humanities. Students take these courses:

**For Personal Interest:** The standard courses (101, 102, 201, 202 sequence) provide a thorough grounding in basic grammar, pronunciation, and vocabulary in the selected language. The 115-226 sequence is especially recommended for those who wish to focus on conversation mainly for travel needs.

**To Provide Background** for other careers. The 115-116 sequence is recommended.

**To Prepare for a Major** at a four-year institution. Although most language majors with a bachelor's degree enter secondary school teaching, others find jobs in travel bureaus, firms involved in foreign trade, and governmental agencies. Those wishing to become college instructors or professional linguists need advanced training far beyond the bachelor's degree. The 101, 102, 201, 202 sequence in the selected language satisfies university transfer, entrance and graduation requirements. Other courses may be granted world-language elective credit. Students intending to pursue a baccalaureate degree in a world language should consult with a departmental advisor to plan their program.

**Degree-seeking and transfer students** should consult with a department advisor in planning their academic schedule in order to complete degree requirements in an expedient manner.

Course listing appears in alphabetical order by subject. This index provides the course subjects by department.

<sup>1</sup> Final Term Summer 2020, <sup>2</sup> Effective Term Fall 2020

## Finding Courses

The Course Bank is the official repository for all credit courses available to be offered by a MCCCDC college. It includes descriptions, credits, required courses, etc. for each course. Note that all courses are subject to change throughout the catalog year. Current information for credit courses can be found at the website for the Center for Curriculum and Transfer Articulation (CCTA):

<https://curriculum.maricopa.edu/curriculum/courses/search-course-bank>

### Search Course Bank

allows you to find thousands of courses using either quick or advanced search features.

#### Quick Search:

In either or both the Subject/Number or Title fields, enter known information and select submit.

#### Advanced Search:

Enter known information into any field or multiple fields and select submit

A list of one or more courses will display on one or more pages. In the *Course* column, select the desired course to display its description, credits, required courses, etc.

## SUN System Statewide Transfer Tool

The Shared Unique Number (SUN) System is a college course numbering system designed to help Arizona students plan their education and ensure successful transfer of course credits. Enrolling in SUN courses is an easy way to plan your university transfer and save time and money while pursuing your education.

SUN courses have a unique three-letter prefix and four-digit course number that represents direct course equivalency at all Arizona public community colleges and universities. Each institution retains its original course numbers but uses the SUN to indicate commonality.

Additional information about the SUN System can be found at:

<https://www.aztransfer.com/sun/>

# INDEX

**Glossary of College Terminology .....236**

**Administration and Faculty Index .....237**

**Index.....253**

**Academic Catalog**

The annual publication which explains graduation policies, procedures, programs and courses.

**Advisor**

A resource person able to help you plan your course of study and select appropriate courses. Also called program advisor or academic advisor.

**Arizona General Education Curriculum Certificate (AGEC)**

The Arizona General Education Curriculum Certificate (AGEC) is a 35 semester credit block of lower division general education courses for Arizona community college students transferring to public universities. The AGECE will transfer as a block to any Arizona public university without loss of credit and will fulfill all lower division general education requirements for the majors with which they articulate.

**Associate Degree**

A degree awarded for the completion of a minimum of 60 credits selected to meet specific requirements. The Associate in Arts (AA), Associate in Arts, Fine Arts (AAFA), Associate in Arts in Elementary Education (AAEE), Associate in Business (ABus) and Associate in Science (AS) emphasizes courses for transfer to four-year schools, the Associate in General Studies (AGS) allows more flexibility in course selection, and the Associate in Applied Science (AAS) emphasizes a particular occupational field.

**Audit**

To take a class for no credit. There are additional charges for auditing, see Tuition and Fee chart.

**Bachelor's Degree**

A degree awarded by a four-year college. The BA or BS requires approximately 120 credits.

**Counselor**

A faculty member available to help you with personal, career, or school related concerns.

**Course Equivalency Guide (CEG)**

The CEG indicates how Arizona State University, Northern Arizona University and the University of Arizona accept transfer course work from the Arizona public institutions.

**Credit Hour**

The numerical unit of college credits earned for the satisfactory completion of a specific course. Also referred to as semester hours or units (e.g., 3 credit hours.)

**Cumulative Grade Point Average (GPA)**

This is a measure of student academic proficiency. It is calculated by multiplying each course credit hours by the points awarded for the grade earned. The sum is then divided by the total number of credit hours completed with A, B, C, D, F or Y grades. See the grade key for point information.

**Electives**

Courses a student can select in order to complete a program of study, sometimes with restrictions.

**Federal Work Study**

A form of financial aid based on need which provides the student with on campus paid employment while in school.

**Fields of Interest**

Help students clarify which career path they are interested in pursuing.

**Grant**

Student financial aid based on need.

**Lower Division Courses**

Freshman and Sophomore courses usually completed in the first two years of college.

**Prerequisite**

Specified conditions, requirements, or courses that must be completed before enrolling in a class.

**Required Course**

A course needed to complete a certificate or degree program.

**Schedule Adjustment**

The period during which a student can drop or add classes without penalty. The Schedule Adjustment period varies with the length of class.

**Scholarship**

Student financial aid based on academic achievement, need, or a combination of factors.

**Semester**

Traditionally half an academic year, about 16 weeks in length. Fall semester begins in August and Spring semester begins in January.

**Student Handbook**

The annual online publication which explains college policies, procedures, and student rights and responsibilities.

**Syllabus**

A course outline and information on classroom policies, test, dates and materials to be used in a class, usually given to students by the instructor at the first class meeting.

**Transcript**

A record of a student's course work and grades.

**Transfer Credit**

Credit earned at another college applied to a Glendale Community College program or credit earned at Glendale Community College to be applied to another college or university.

**Upper Division Courses**

Courses usually taken during junior and senior years at four-year institutions. Maricopa County Community College

**District Governing Board Members**

**Marie Sullivan** .....service 2018-2022  
**Laurin Hendrix** .....service 2017-2020  
**Jean McGrath**.....service 2015-2022  
**Julissa Munos**.....service 2020-2021  
**Tom Nerini, Ed.D.**.....service 2018-2020  
**Dana G. Saar, M.Ed.**.....service 2011-2020  
**Linda Thor, Ed.D.**.....service 2017-2020  
**Kathleen Winn**.....service 2019-2022

**Glendale Community College Administration**

**Teresa Leyba Ruiz, Ed.D.** .....President  
**Phillip D. Randolph, Ed.D.** .....President Emeritus  
**John R. Waltrip, Ph.D.** .....President Emeritus  
**Monica Castañeda, M.Ed.**.....Vice President, Student Affairs  
**Augustine Erpelding, M.Ed.**.....Vice President, Administrative Services and Chief Information Officer  
**Scott Schulz, M.S.** .....Vice President, Academic Affairs  
**Lorelei A Carvajal, Ed.D.** .....Senior Associate Vice President  
**Fernando Camou, Ph.D.**..... Dean, Instruction  
**Susan Campbell, Ph.D.** .....Dean, Instruction  
**Yolanda Espinoza, M.Ed.** ..... Dean, Enrollment Services  
**Charles F. Jeffery, M.A.** .....Dean, Instruction

**District Administration**

**Steven Gonzales, Ph.D.**.....Interim Chancellor  
**Paul A. Elsner, Ph.D.** .....Chancellor Emeritus  
**Karla Fisher Ph.D.**..... Executive Vice Chancellor and Provost  
**Darcy Renfro** ..... Chief Workforce and Economic Development Officer  
**James D. Moore** ..... Interim Chief Operating Officer  
**Gary Yaquinto** .....Chief Financial Officer  
**Georgetta Kelly** ..... Chief Human Resources Officer  
**Mark Koan** ..... Chief Information Officer  
**Leslie Cooper**..... General Counsel  
**Brian Spicker**.....Interim President and CEO MCCC Foundation  
**Greg Peterson, Ed.D.**..... President, Chandler-Gilbert  
**Reynaldo Rivera, Ph.D.** .....President, Estrella Mountain  
**Maria Wise, Ed.D.**..... Interim President, GateWay  
**Teresa Leyba Ruiz, Ed.D.** ..... President, Glendale  
**Lori Berquam, Ph.D.**.....President, Mesa  
**Paul Dale, Ed.D.** ..... President, Paradise Valley  
**Larry Johnson, Jr., Ph.D.** .....President, Phoenix  
**Kate Smith, M.S.** ..... Interim President, Rio Salado  
**Christina M. Haines, M.Ed.**..... Interim President, Scottsdale  
**Shari L. Olson, Ph.D.**.....President, South Mountain

## Glendale Community College Faculty Emeritus

(Faculty Emeritus distinction is awarded to individuals who retired from the position of Residential Faculty after twenty consecutive years of full-time service to the Maricopa County Community College District.)

- Adank, Willard A.** (1968-1992) Physics/Mathematics Faculty, Department Chair.
- Antilla, Freddie L.** (1983-2004) English Faculty.
- Arnoldt, Carmela B.** (1992-2013) English Faculty, Department Chair.
- Austin, Mariam J.** (1965-1986) Physical Education Faculty, Department Chair.
- Barstack, Renee** (1981-2017) English Faculty.
- Baxter, Leroy E.** (1966-1988) Music/Humanities Faculty, Department Chair.
- Beene, D. Leon** (1976-1999) History Faculty.
- Beene, Holly McKinzie** (1975-2009) Communication Faculty.
- Bietto, Frank** (1966-1987) Political Science/History Faculty.
- Bilse, Don** (28 years service) CAD Faculty, Dean of Students.
- Bloss, Dale** (1963-1988) Physical Education Faculty, Athletic Director and Department Chair.
- Boerner, Janice K.** (1963-1993) English Faculty, Department Chair.
- Bowker, Robert** (1986-2017) Biology Faculty.
- Boyle, James H.** (25 years service) Business and Information Technology Faculty.
- Braasch, Vernon C.** (1963-1985) Physical Education Faculty, Department Chair.
- Brandt-Williams, Ann** (1984-2009) Psychology Faculty, Department Chair.
- Brazie, Thomas** (1967-2000) English Faculty.
- Brooker, Rodney** (1987-2014) Business and Information Technology, Accounting Faculty.
- Callahan, Ruth** (1992-2014) English/Reading/Journalism Faculty.
- Camp, Jane** (1986-2009) English Faculty.
- Campion, Maurice M.** (1964-1988) Spanish Faculty.
- Cary, Richard** (1979-2001) Business Faculty.
- Catalano, Renault** (1967-1995) Technology Faculty, Department Chair.
- Cavin, William C.** (1966-1986) Biology Faculty, Department Chair.
- Celestian, Stanley** (1976-2006) Physical Sciences/Astronomy Faculty.
- Charvonia, Ronald** (1961-1988) Business Faculty.
- Chord, Paul** (1966-1988) English Faculty.
- Christian, Robert** (1990-2006) Communication Faculty.
- Clayton, Dorothy** (1966-1989) Physical Education Faculty.
- Cooper, Elizabeth H.** (1976-2005) Biology Faculty.
- Csontos, Louis** (21 years service) Chemistry Faculty, Department Chair.
- Cullinan, Andrea** (1973-2004) Nursing Faculty.
- Cullinan, Michael** (1990-2009) Math/Computer Science Faculty.
- Daugherty, James R.** (1988-2015) Biology Faculty.
- DeMarco, Lenna** (1989-2009) Dance Faculty.
- DePippo, Paul D.** (1976-2004) Social Sciences Faculty, Department Chair.
- DeSoto, Marla** (1992-2014) English/Reading/Journalism Faculty.
- Dias, Diana** (1998-2006) Business and Information Technology Faculty.
- Dotterer, William** (1966-2001) Business Faculty.
- Dudley, Anne** (1990-2015) Mathematics Faculty.
- Dutton, Mary Ann** (1960-1986) Choral Music Faculty.
- Dwyer, Diana** (1982-2009) Library Faculty, Department Chair.
- Eastin, Gene N.** (1963-1989) French/English Faculty, Department Chair.
- Ellis, Albert T.** (1964-1988) Biology/Botany Faculty, Department Chair.
- Esquer, Mario H.** (1977-2009) Technology and Consumer Science Faculty.
- Fischer, Mildred** (1969-1998) English Faculty.
- Fitzgerald, Frank** (1966-1989) Art Faculty, Department Chair.

- Foley, Thomas A.** (1995-2017) Mathematics Faculty
- Forney, Merrill** (23 years service) Physical Sciences Faculty.
- Fuenning, Richard M.** (23 years service) Physical Education Faculty.
- Galletti, Marie** (1975-1998) English/ESL Faculty.
- Gardner, Moffat** (1965-1985) Social Sciences Faculty.
- Gareshé, Gay** (1987-2014) Social Sciences Faculty.
- Gibbons, George R.** (1968-1988) Electronics/Drafting Faculty, Department Chair.
- Goff, Lyenatte** (1963-2004) Mathematics Faculty.
- Gordon, Ruby D.** (1967-1992) Nursing Faculty.
- Goto, Darlene M.** (1969-2007) Art Faculty.
- Griego, Manny** (1976-2005) Engineering Faculty, Department Chair.
- Griggs, John** (1971-2004) Foreign Languages/Communications Faculty, Department Chair.
- Gurule, Juan** (1989-2009) Counseling Faculty.
- Guyman, Vernon** (1968-2000) Mathematics Faculty.
- Haas, Patrick** (1984-2005) English Faculty.
- Hamilton, Mirta** (1979-2009) Art Faculty.
- Hansen, Vance W.** (1965-1991) English Faculty.
- Hardin, Carnella** (1979-2010) Business and Information Technology Faculty.
- Harris, C. Eugene** (21 years service) Music Faculty.
- Hartley, Jack A.** (1963-1986) English Faculty.
- Hawks, Margaret** (1967-2000) English Faculty, Department Chair.
- Herlihy, Harriet** (1960-1989) English Faculty, Department Chair.
- Higgins, Don** (1967-2001) Social Sciences Faculty, Department Chair.
- Hillis, Richard** (21 years service) Art Faculty.
- Hoff, Edward B.** (1963-1989) Mathematics Faculty, Department Chair.
- Hoffs, Marilyn J.** (1972-1996) Speech Communication/Theatre Faculty, Department Chair.
- Holtfrech, Michael** (1988-2017) Mathematics Faculty, Department Chair
- Howey, Charlotte** (1989-2005) English/ESL/Spanish Faculty.
- Hubbard, N. LaRue** (23 years service) Business Faculty.
- Hubbard, Robert T.** (1966-2006) Philosophy Faculty, Department Chair.
- Jacobs, Elizabeth "BJ"** (1990-2014) Psychology Faculty.
- James, Gerald H.** (1967-1993) Mathematics Faculty.
- Jenkins, Carol** (1992-2017) Sociology Faculty
- Johanson, Leonard C.** (1965-1988) Art Faculty.
- Johnson, Frederica** (1988-2009) Reading Faculty.
- Johnston, Eileen** (2001-2014) Social Sciences Faculty, Department Chair.
- Jones, M. Louise** (1981-2010) Counseling Faculty.
- Kersting, Joseph M.** (1991-2017) Fitness and Wellness Faculty.
- Kidney, Charlotte** (over 22 years service) Physical Education Faculty, Department Chair.
- King, Dick** (1973-1998) Automotive Faculty, Department Chair.
- King, Owena A.** (1966-1989) Business Faculty.
- Klann, Walter** (1966-1998) Mathematics Faculty.
- Knopp, Nelda** (1966-1998) Physical Education Faculty.
- Knowles, Henry** (1965-1989) Speech Communication Faculty.
- Kong, Moonie** (1966-1987) Physical Education Faculty.
- Kurtz, Donald A.** (1965-1987) Business Faculty.
- Lange, Merle L.** (1966-1989) Counseling Faculty, Department Chair, Financial Aid Director.
- Langlois, Lyle R.** (1968-1989) Business Faculty.
- Lawrence, Barbara J.** (1967-1988) Reading/English Faculty, Department Chair.
- Leskovsky, Mary** (1986-2006) English Faculty, Honors Coordinator.
- Lorenzini, August** (1967-1985) Speech Communication/Film Faculty, Department Chair.
- Ludders, Virginia** (1989-2009) Theatre/Communication Faculty.

- Martin, Ethel A.** (1963-1989) Business Faculty.
- Matthews, Jack K.** (22 years service) Drafting Faculty, Department Chair.
- Matz, Harry** (1965-1989) Reading Faculty, Department Chair, Honors Coordinator.
- May, Mauricette** (1998-2009) French Faculty.
- McCarthy, Rita** (1988-2015) English/Reading/Journalism Faculty.
- McCoy, Leslie E.** (1967-1989) Electronics Faculty, Department Chair.
- McKinley, Michael** (1991) Biology Faculty.
- McWilliams, Mary Lou** (1968-1988) Counseling Faculty.
- Meeker, Joseph A.** (1985-2009) CAD/Drafting Faculty.
- Meixner, Sylvia S.** (1969-1992) Social Sciences/Sociology Faculty, Department Chair.
- Mikus, Andrew** (1963-1989) History Faculty, Department Chair.
- Milliner, Charles** (1969-2004) Business Faculty, Department Chair.
- Moloso, Phillip** (1966-2002) Librarian/Business/Mathematics Faculty, Department Chair.
- Montanus, Mark** (1965-1985) Business Faculty.
- Murray, Marilee** (1974-2000) Chemistry Faculty, Department Chair.
- Murry, Suzanne** (1982-2011) Business Faculty.
- Nelson, Bonnie** (1968-1999) Philosophy Faculty, Curriculum Design.
- Overson, Peter** (1964-1989) Theatre Faculty.
- Peters, Allan M.** (1965-1986) Physics Faculty, Department Chair.
- Pilch, Richard R.** (1967-1996) Physical Education Faculty.
- Pisciotta, Pete** (1967-1996) Mathematics/Physical Education Faculty, Athletic Director.
- Pitman, Fred** (1969-1997) Physics Faculty.
- Price, David** (1966-1988) Chemistry Faculty.
- Rassi, Martha** (1984-2005) Business Faculty.
- Reeder, Duane** (35 years service) Psychology Faculty.
- Rees, Richard** (1965-2006) Psychology Faculty.
- Roberson, Doyle L.** (1965-1989) Mathematics Faculty.
- Samuels, Carl** (1967-2004) Psychology Faculty
- Schafer, G.K. "Duke"** (1975-2007) Public Safety Sciences Faculty.
- Schiedat, Marilyn** (1976-2008) English Faculty.
- Schwalm, Karen T.** (1988-2008) English Faculty.
- Siefer, Nancy** (1987-2007) English Faculty.
- Shipley, Alvin D.** (1966-2001) Mathematics Faculty, Department Chair.
- Smart, John** (21 years service) Social Science/Economics Faculty.
- Smelser, Philip** (1963-2009) Philosophy Faculty, Department Chair.
- Smith, James A.** (1965-1989) Physical Education Faculty.
- Smith, Linda** (1986-2007) Social Sciences Faculty.
- Smith, Louis L.** (1963-1985) Reading Faculty, Department Chair.
- Staheli, W. Kent** (1966-1997) Physical Education Faculty, Department Chair.
- Staten, Jean** (1975-1996) Librarian, Dean of Instruction.
- Sylvester, Tim** (1991-2017) Business and IT Faculty.
- Thompson, J.R. (Bob)** (1968-2000) Geology Faculty, Department Chair.
- Triplett, Patricia** (1983-2009) Nursing Faculty.
- Thrasher, John** (1970-1997) Music Faculty, Director of Bands.
- Ulm, Donald R.** (1979-2009) Business and Information Technology Faculty
- Van Marche, Deborah** (1997-2017) Psychology Faculty, Department Chair.
- VanMeter, Charles** (1968-1989) Agriculture Faculty, Department Chair.
- Walcott, Lyle** (1965-2007) Philosophy Faculty.
- Weiss, Kenneth G.** (1963-1986) Physical Education Faculty.
- West, Charles L.** (1966-1994) Chemistry Faculty, Department Chair.
- Westenburg, Irwin S. "Wes"** (1984) Psychology Faculty.

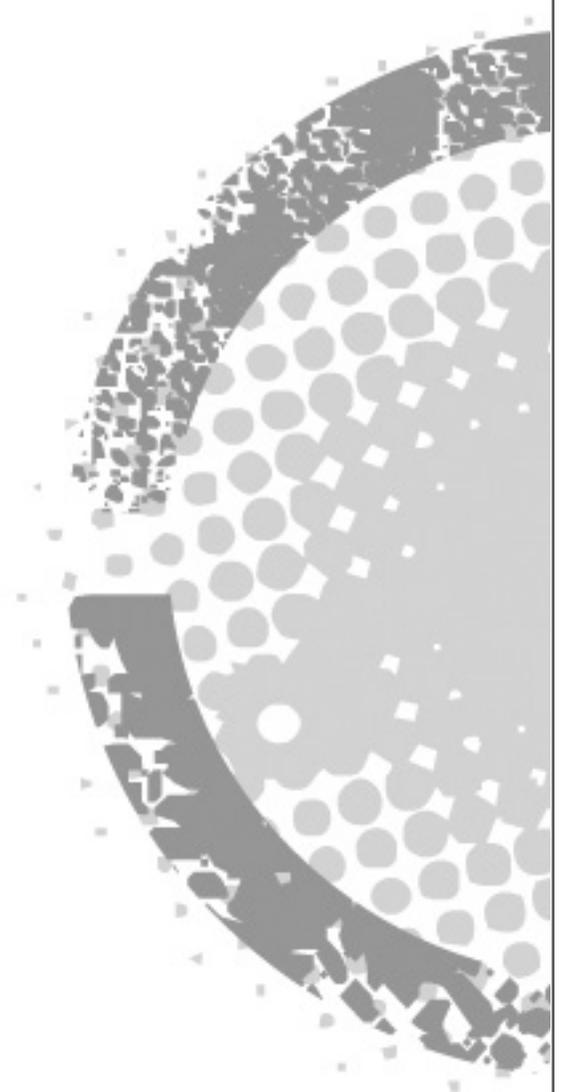

**Wilhoit, Sherrill** (1975-1999) Business Faculty.

**Williams, Johnette** (1970-2002) Library Faculty, Department Chair.

**Williams, Stephen** (1981-2013) Biology Faculty, Department Chair.

**Wingersky, Joy** (1981-2008) English Faculty.

**Winters, John B.** (1968-2004) Physical Science Faculty.

## **Non-Discrimination Statement**

The Maricopa County Community College District (MCCCD) is an EEO/AA institution and an equal opportunity employer of protected veterans and individuals with disabilities. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, age, or national origin. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of the District.

The Maricopa County Community College District does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs or activities. For Title IX/504 concerns, call the following number to reach the appointed coordinator: (480) 731-8499. For additional information, as well as a listing of all coordinators within the Maricopa College system, visit <http://www.maricopa.edu/non-discrimination>.

El distrito de Los Colegios Comunitarios de Maricopa (cuyas siglas en inglés son MCCCD) es una institución EEO/AA y un empleador con igualdad de oportunidades para veteranos protegidos y personas con discapacidades. Todos los solicitantes calificados recibirán consideración para empleo sin considerar raza, color, religión, sexo, orientación sexual, identidad de género, u origen nacional. La falta de destrezas del idioma inglés no es un impedimento para admisión y participación en programas de educación Técnica del distrito.

El distrito de Los Colegios Comunitarios de Maricopa no discriminan con base a raza, color, origen nacional, sexo, discapacidad o edad en sus programas o actividades. Si tiene preguntas sobre título IX/504, llama al siguiente número para comunicarse con el coordinador designado: (480) 731-8499. Para obtener información adicional, así como una lista de todos los coordinadores dentro del sistema de Colegios Comunitarios de Maricopa, visite: <http://www.maricopa.edu/non-discrimination>.

### MARICOPA COUNTY COMMUNITY COLLEGE DISTRICT

**2.2.2 Admission Information AMENDED through the Administrative Regulation Process, June 30, 2020; 2.2.4 Transfer Credit and Prior Learning Assessment Policy AMENDED through the Administrative Regulation Process, June 30, 2020; 2.3.3 Grading AMENDED through the Administrative Regulation Process, June 30, 2020; S-1 Residency for Tuition Purposes AMENDED through the Administrative Regulation Process, June 30, 2020**

The following are a portion of the Administrative Regulations used in managing the day-to-day operations of the Maricopa County Community College District (MCCCD) and are subject to change. Administrative Regulations are amended, adopted, or deleted as necessary and are subject to a formal approval process. Administrative Regulations are referenced by number, which corresponds with the regulations on the MCCCD web site:

<https://district.maricopa.edu/regulations>

Some regulations include reference to Arizona Revised Statutes from the State of Arizona and are noted as “ARS” followed by a reference number.

#### 2.4.1 General Statement

The Maricopa Community Colleges are dedicated to providing a healthy, comfortable and educationally productive environment for students, employees and visitors.

#### 2.4.2 Nondiscrimination (see [5.1.1 Maricopa EEO Policy](#))

It is the policy of the Maricopa County Community College District (MCCCD), (consisting of Chandler-Gilbert Community College, the District Office, Estrella Mountain Community College, GateWay Community College, GateWay Community College - Central City, Glendale Community College, Mesa Community College, Paradise Valley Community College, Phoenix College, Rio Salado Community College, Scottsdale Community College, South Mountain Community College, and all affiliated locations) to:

1. Recruit, hire, and promote in all job groups, and to ensure that all Human Resources (HR) employment selection and decision practices do not discriminate, nor tolerate discrimination in employment against any applicant or employee, on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.
2. Administer all HR employment selection and decision practices pertaining to advertising, benefits, compensation, discipline (including probation, suspension, and/or involuntary termination for cause or layoff), employee facilities, performance evaluation, recruitment, social/recreational programs, and training will be administered without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.
3. Hold each level of management responsible for ensuring that all employment policies, procedures, and activities are in full compliance with all applicable federal, state, and local EEO statutes, rules, and regulations.
4. Maintain an educational environment that does not discriminate or tolerate discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, or veteran status in federally funded programs, activities and MCCCD sponsored events.
5. Hold each level of academic and student life management responsible for ensuring that all academic environments and activities are in full compliance with all applicable federal, state, and local non-discrimination laws.

**AMENDED by Direct Approval by the Chancellor, April 8, 2020**

**AMENDED per Administrative Regulation Process, January 2, 2020**

#### 2.4.3 Equal Opportunity Statement (see [5.1.3 EEO Policy Statement](#))

It is the policy of the Maricopa County Community College District (MCCCD) to promote equal employment opportunities through a positive continuing program. This means that Maricopa will not discriminate, nor tolerate

discrimination in employment or education, against any applicant, employee, or student because of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information. Additionally, it is the policy of Maricopa to provide an environment for each Maricopa job applicant and employee that is free from sexual harassment, as well as harassment and intimidation on account of an individual's race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.

In addition, lack of English language skills is not a barrier to admission into Career and Technical Education (CTE) programs or skill centers.

**AMENDED by Direct Approval by the Chancellor, April 8, 2020**

**AMENDED per Administrative Regulation Process, January 2, 2020**

## **AFFIRMATIVE ACTION STATEMENTS**

### **Affirmative Action Policy Statement for Individuals with Disabilities**

In conformance with the provisions of Section 503 of the Rehabilitation Act of 1973, as amended, and the implementing regulations, 41 CFR 60-741.5 (a), as amended, Maricopa County Community College District (MCCCD) will not discriminate, nor tolerate discrimination in employment or education, against any applicant, employee, or student because of physical or mental disability in regard to any position for which the known applicant or employee is qualified. MCCCD agrees to take affirmative action to employ, advance in employment, and otherwise treat known qualified individuals with disabilities without regard to their physical or mental disability in all human resources selection and decision practices, such as the following: advertising, benefits, compensation, discipline (including probation, suspension, and/or termination for cause or layoff), employee facilities, performance evaluation, recruitment, social/recreational programs, and training. MCCCD will also continue to administer these practices without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information. Additionally, all applicants and employees are protected from coercion, intimidation, interference, or discrimination for filing a complaint or assisting in an investigation under the Act.

### **Affirmative Action Policy Statement for Other Eligible Veterans, Special Disabled Veterans, and Vietnam Era Veterans**

In conformance with the Vietnam Era Veterans Readjustment Assistance Act of 1974, the Veterans Employment Opportunities Act of 1998, and the implementing regulations, 41 CFR 60-250 (k), Maricopa County Community College District (MCCCD) will not discriminate, nor tolerate discrimination in employment or education, against any applicant, employee, or student because they are a special disabled veteran or Vietnam era veteran in regard to any position for which the known applicant or employee is qualified. MCCCD agrees to take affirmative action to employ, advance in employment, and otherwise treat known qualified special disabled veterans and Vietnam era veterans without discrimination based upon their disabled or veteran status in all human resources selection and decision practices, such as the following: advertising, benefits, compensation, discipline (including probation, suspension, and/or termination for cause or layoff), employee facilities, performance evaluation, recruitment, social/recreational programs, and training. MCCCD will continue to administer these practices without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information. Additionally, MCCCD agrees to post all suitable job openings at the local office of the State employment service where the job opening occurs. This includes full-time, temporary greater than 3 days' duration, and part-time employment. Finally, all applicants and employees are protected from coercion, intimidation, interference, or discrimination for filing a complaint or assisting in an investigation under the Act.

### **[Notice of Americans with Disabilities Act \(ADA\)/ Section 504 of the Rehabilitation Act/Title IX Coordinator \(see 5.1.7 Notice of Americans with Disabilities Act \(ADA\)/Section 5004 of the Rehabilitation Act/Title IX Coordinator\)](#)**

Under the ADA and Section 504, the Maricopa County Community College District (MCCCD) recognizes the obligation to provide overall program accessibility throughout its locations for qualified disabled individuals. Students and employees can raise concerns or make complaints, without retaliation, about matters made unlawful under the ADA.

## EMPLOYEES

The District Office and each College must post the address and telephone number for the individual responsible for coordinating services and/or activities relating to the Americans with Disabilities Act (42 U.S.C. Chapter 126), Section 504 of the Rehabilitation Act (29 U.S.C. §794(d)), and all other applicable law. The Notice will specify how employees can request reasonable accommodations.

College ADA Coordinators (Credentials are needed to enter secure site.)

## STUDENTS

The District Office and each MCCC location must post the address and telephone number for the individual responsible for coordinating services and/or activities relating to the Americans with Disabilities Act (42 U.S.C. Chapter 126), Section 504 of the Rehabilitation Act (29 U.S.C. §794(d)), and Title IX of the Education Amendments of 1972 (20 U.S.C. §1681), using the format below:

- ADA/504/Title IX Coordinator
- Address
- Phone #
- Email address

Additionally, each college/center must publish electronically or in print the above information in student handbooks and catalogs.

The designated ADA/504/Title IX Coordinator at each college/center will provide information as to the existence and location of services, activities, and facilities that are accessible to and usable by individuals with disabilities. Likewise, under Title IX, there is an obligation to provide services and program accessibility in a gender-neutral manner.

Title IX Coordinators

ADA/504 Managers

**AMENDED per Administrative Regulation Process, January 2, 2020**

## Governing Values (Board Policy 4.1)

**Our Vision:** A Community of Colleges—Colleges for the Community—working collectively and responsibly to meet the life-long learning needs of our diverse students and communities.

**Our Mission:** The Maricopa Community Colleges provide access to higher education for diverse students and communities. We focus on learning through:

*University Transfer Education*

*General Education*

*Developmental Education*

*Workforce Development*

*Student Development Services*

*Continuing Education*

*Community Education*

*Civic Responsibility*

*Global Engagement*

**Our Institutional Values:** The Maricopa Community Colleges are committed to:

### **Community**

We value all people—our students, our employees, their families, and the communities in which they live and work. We value our global community of which we are an integral part.

### **Excellence**

We value excellence and encourage our internal and external communities to strive for their academic, professional and personal best.

### **Honesty and Integrity**

We value academic and personal honesty and integrity and believe these elements are essential in our learning environment. We strive to treat each other with respect, civility and fairness.

### **Inclusiveness**

We value inclusiveness and respect for one another. We believe that team work is critical, that each team member is important; and we depend on each other to accomplish our mission.

### **Innovation**

We value and embrace an innovative and risk-taking approach so that we remain at the forefront of global educational excellence.

### **Learning**

We value lifelong learning opportunities that respond to the needs of our communities and are accessible, affordable, and of the highest quality. We encourage dialogue and the freedom to have an open exchange of ideas for the common good.

### **Responsibility**

We value responsibility and believe that we are each accountable for our personal and professional actions. We are responsible for making our learning experiences significant and meaningful.

### **Stewardship**

We value stewardship and honor the trust placed in us by the community. We are accountable to our communities for the efficient and effective use of resources as we prepare our students for their role as productive world citizens.

## **ADMISSION, REGISTRATION AND ENROLLMENT**

### **2.1 General Regulation**

#### **1. General Statement**

##### *Compliance with Policies, Rules and Regulations*

Every student is expected to know and comply with all current published policies, rules and regulations as stated in the college catalog, class schedule, and/or student handbook. Documents are available on each college's website.

Policies, courses, programs, fees and requirements may be suspended, deleted, restricted, supplemented or changed through action of the Governing Board of the Maricopa Community Colleges.

The Maricopa Community Colleges reserve the right to change, without notice, any materials, information, curriculum, requirements and regulations.

*Note: The regulations that comprise the student section contain language that appears in various sources such as the Catalog Common Pages and the Student Handbook. All areas became Administrative Regulations with the 1996 adoption of the Governance Model. Changes are made annually either through the Administrative Regulations approval process, or by Board approval for those items that fall under its statutory duty, such as Tuition and Fees. In an effort to prevent duplication, topics in this section may be incorporated by reference, as they are featured in other areas of the manual and are noted accordingly.*

The Maricopa County Community College District Vision, Mission and Values that are featured in the Common Pages are a part of approved Governing Board policy and are located in the policy section of the manual. As such, the following statement related to Outcomes Assessment that appears in the Common Pages is presented here as a general statement.

#### **2. Outcomes Assessment**

The mission of the Maricopa Community Colleges is "to create and continuously improve affordable, accessible, and effective learning environments for the lifelong educational needs of the diverse communities we serve." In order to evaluate how successfully the Maricopa County Community College District accomplishes this mission, student outcomes will be assessed as part of the continuous improvement process.

Students may be asked to participate in a variety of assessment activities at each college. Assessment results will be used to improve educational programs, services and student learning.

### 2.2.1 Admission Policy

Persons meeting the admissions criteria may attend any Maricopa Community College of their choice. Falsification of any admission materials or official college records may be cause for denial or cancellation of admission. Exceptions to the admissions policies may be requested through the Admissions and Standards Committee. Admission is determined in accordance with state law (ARS §§15-1805.01 and 15-1821) and regulations of the Maricopa Community Colleges Governing Board.

#### Admission Classifications

##### 1. Admission of Regular Students

Admission to the community college in Arizona may be granted to any person who meets at least one of the following criteria:

- A. Is a graduate of a high school, which is accredited by a regional accrediting association as defined by the United States Office of Education or approved by a State Department of Education or other appropriate state educational agency.
- B. Has a high school certificate of equivalency.
- C. Is at least 18 years of age and demonstrates evidence of potential success in the community college.
- D. Is a transfer student in good standing from another college or university.

##### 2. Admission of Students Under 18 Years of Age

- A. A community college in this state shall grant admission to any student who is under eighteen years of age and who achieves at least one of the following:
  - i. A composite score of 720 or more on the Preliminary Scholastic Aptitude Test (PSAT).
  - ii. A composite score of 720 or more on the Scholastic Aptitude Test (SAT).
  - iii. A composite score of twelve or more on the American College Test (ACT).
  - iv. A passing score on the relevant portions of the statewide assessment.
  - v. The completion of a college placement method designated by the community college district that indicates the student is at the appropriate college level for the course.
  - vi. Is a graduate of a private or public high school or has a high school certificate of equivalency.
- B. A community college may limit the number of semester hours in which the student may enroll to not more than six (6) credit hours.
- C. Home schooled students are exempt from this sub-section.
- D. Students who enroll in vocational courses may be admitted on an individual basis with the approval of college officials if the student meets the established requirements of the courses for which the student enrolls and the college official determines that the student's admission is in the best interest of the student.

##### 3. Specialized Vocational / Training Program

Students who enroll in vocational courses may be admitted on an individual basis with the approval of college officials if the student meets the established requirements of the courses for which the student enrolls and the college officials determine that the student's admission is in the best interest of the student.

##### 4. Western Undergraduate Exchange Program

The Western Undergraduate Exchange (WUE) program is a student exchange program coordinated by the Western Interstate Commission for Higher Education (WICHE) and administered by the Arizona Board of Regents. Through WUE, students who reside in western states (Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming), Guam and the Commonwealth of the Northern Marianas Islands (CNIMI) and who meet the eligibility requirements, pay 150 percent of the regular resident tuition plus fees. Students must mark prominently on the Student Information Form that they seek admission as WUE students. Students may not apply as out-of-state students and expect to receive the WUE tuition rate after admitted. Once admitted as WUE students, students may not petition for in-state

residency. Further information may be obtained from the Admissions and Records Office/Office of Student Enrollment Services.

## 5. Admission of F-1 Nonimmigrant Students

Prospective students should contact the Admissions and Records Office/Office of Student Enrollment Services or designated office for the international student application form(s). When completed, the form(s) should be returned to the Admissions and Records Office/Office of Student Enrollment Services or the International Education office with all requested supporting documents. After the file has been reviewed, a notice will be sent to the applicant indicating either acceptance or denial of admission.

To be guaranteed consideration for admission, all application materials must be received by July 1 for the fall semester and November 1 for the spring semester.

Prospective students seeking admission based on F-1 nonimmigrant status must provide proof of secondary school completion with documentation comparable to a United States high school diploma or higher degree. It is recommended that F-1 nonimmigrant students have graduated in the upper 50% of their secondary school (high school or equivalent) in order to ensure success in academic classes at this college. Applicants for admission to the college must have high school and college (if applicable) transcripts sent directly from the high school or college to the Admissions and Records Office/Office of Student Enrollment Services or designated office. In addition, it is the applicant's responsibility to have all transcripts translated into English and evaluated by a foreign credential evaluation service if necessary.

### A. Admission to Academic Programs

Applicants who wish to enroll in an academic program at the college must present evidence of English language proficiency. If the Test of English as a Foreign Language (TOEFL) is used to satisfy this requirement, the applicant must attain a score of at least 500 (on the paper-based TOEFL) or 61 (on the internet-based TOEFL, known as the iBT). If the International Language Testing System (IELTS) is used to satisfy this requirement, an IELTS overall Band Score of 5.5 or better is required, and a minimum IELTS individual Band Score of 5.0 on each module is recommended. The dean or director of Admissions and Records Office/Office of Student Enrollment Services of the college may accept other proof of English language proficiency for admission purposes, such as the ASSET, ACCUPLACER, COMPASS or CELSA tests.

### B. Admission to an Intensive English Program

Applicants for admission to an Intensive English Program are advised to check with individual colleges for their respective admission requirements. Applicants must provide evidence of at least an intermediate command of English by way of one or more of the following criteria:

- i. At least six years of English language instruction as shown by the applicant's school transcript(s);
- ii. A minimum TOEFL score of 400 (on the paper-based TOEFL) or 23 (on the internet-based test);
- iii. An original letter of recommendation from a teacher, school principal or headmaster/ headmistress, or the director of an English language institute attesting to the applicant's proficiency at the intermediate level;
- iv. Other credentials, test scores, interview results, or evidence accepted by the coordinator of an intensive English program or the college's responsible designee. Students admitted to an Intensive English Program will not be allowed to enroll in courses outside those officially designated as part of the program unless and until they have met all of the prerequisites or other course requirements.
- v. Foreign students under certain types of visas may need special permission to enroll and should contact the appropriate college official.

### C. Financial Support

Evidence of financial support will be required prior to issuance of the I-20 form. The colleges have no scholarship or financial aid provisions for foreign students; therefore, students must be fully prepared to meet the necessary financial obligations for the full time they will be in the United States. The colleges estimate a student's average expenses for 10 months to be:

Tuition and Fees	\$ 8,010(1)
Living Expenses	\$10,140(2)
Books	\$800(3)
Health Insurance	\$1400(4)

Total	\$20,350(5)
-------	-------------

**D. Dependent Financial Guarantee**

Evidence of financial support for dependents of F-1 and M-1 students (spouse and dependent children) is also required: \$5,000 for the first dependent and \$2,500 for each additional dependent.

**E. Health Insurance**

All F-1 and M-1 students who have an I-20 issued by one of the Maricopa Community Colleges are required to purchase the Maricopa Community Colleges' international student health insurance plan. Health insurance coverage for dependents of F-1 and M-1 students is highly recommended. The Maricopa Community Colleges contracts with an insurance provider annually to offer a health insurance plan for F-1 and M-1 students. For more information contact the college Admissions and Records Office/Office of Student Enrollment Services or designated international student office.

Footnotes:

(1) Based on 2016-2017 tuition and fee schedule.

(2) Based on estimated living expenses for two (2) semesters (10 months).

(3) Based on average new and used textbook prices and Rental Rates. Assumes books are sold at the end of the semester.

(4) Based on the 2016-2017 insurance premiums for the mandatory Maricopa Community Colleges' International Student Health Plan.

(5) Applicants must provide evidence of this minimum amount of financial support before an I-20 is issued.

**AMENDED by Direct Chancellor Approval, June 4, 2019**

**AMENDED through the Administrative Regulation Process, June 5, 2017**

**2.2.2 Admission Information**

Students must file a Student Information Form with the Admissions and Records Office/Office of Student Enrollment Services at the college of attendance. There is no charge for this service.

**1. Student Status**

- A. Freshman - A student who has completed fewer than 30 credit hours 100-level courses and above.
- B. Sophomore - A student who has completed 30 credit hours or more in 100-level courses and above.
- C. Unclassified - A student who has an associate degree or higher.

**2. Student Identification Number**

Disclosure of the social security number is voluntary (ARS §15-1823). However, students must use social security numbers for reporting information pertaining to potential educational tax credits and for processing federal financial aid applications and Veterans Administration benefits.

**3. Residency for Tuition Purposes (See [Appendix S-1](#))**

All students are classified for tuition purposes under one of the following residency classifications:

- A. Maricopa County resident
- B. Out-of-County resident
- C. Out-of-State resident (including F-1 non-immigrant students and students on other non-immigrant visas)

Residency for tuition purposes is determined in accordance with state law (ARS §§15-1801et seq.) and regulations of the Maricopa Community Colleges Governing Board. All of the Maricopa Community Colleges are subject to the above statutes and regulations. Students who have questions about their residency should contact the Admissions and Records Office/Office of Student Enrollment Services for clarification.

**A. Implementation**

- i. An applicant must be eligible to attend post-secondary education in the United States prior to being eligible to register for classes and pay fees.
- ii. Domicile status must be established before the student registers and pays fees. It is the student's responsibility to register under the correct domicile status.
- iii. Enforcement of domicile requirements shall be the responsibility of the Chancellor of the Maricopa Community Colleges. The Chancellor has charged the Director of Admissions and Records or other designee at each college to make the initial domicile classification. In determining a student's classification, the college may consider all evidence, written or oral, presented by the student and any other information

received from any source which is relevant to determining classification. The college may request written sworn statements or sworn testimony of the student.

- iv. A request for review of the initial classification may be made to a district review committee. The request must be in writing, signed by the student and accompanied by a sworn statement of all facts relevant to the matter. The request must be filed with the admissions officer of the college within ten (10) days of receipt of notification of classification as a non-resident. Failure to properly file a request for review within the prescribed time limit constitutes a waiver of review for the current enrollment period. The decision of the review committee shall be final.

## B. Definitions

- i. "Armed forces of the United States" means the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the commissioned corps of the United States Public Health Services, the National Oceanographic and Atmospheric Administration, the National Guard, or any military reserve unit of any branch of the armed forces of the United States.
- ii. "Continuous attendance" means enrollment at one of Maricopa Community Colleges as a full-time or part-time student for a normal academic year since the beginning of the period for which continuous attendance is claimed. Students need not attend summer sessions or other such intersession beyond the normal academic year in order to maintain continuous attendance.
- iii. "Maricopa County resident" means an individual who lives in Maricopa County and has lived in the state of Arizona for at least one year prior (365 days) to the first day of the semester (as published in the approved MCCC Academic Calendar posted online at [ACADEMIC CALENDARS](#)) and who is a United States citizen or in a lawful status. In-state residency must be established prior to county residency for those moving from other states. Refer to Section C for guidelines.
- iv. "Domicile" means a person's true, fixed, and permanent home and place of habitation. It is the place where he or she intends to remain and to which he or she expects to return when he or she leaves without intending to establish a new domicile elsewhere. Visa status must confer the ability to establish domicile in the United States in order to be classified as an in-state student.
- v. "Emancipated person" means a person who is neither under a legal duty of service to his parent nor entitled to the support of such parent under the laws of this state.
- vi. "Full-time student" means one who registers for at least twelve (12) credit hours per semester.
- vii. "Part-time student" means one who registers for fewer than twelve (12) credit hours per semester.
- viii. "Parent" means a person's father, or mother, or if one parent has custody, that parent, or if there is no surviving parent or the whereabouts of the parents are unknown, then a guardian of an unemancipated person if there are not circumstances indicating that such guardianship was created primarily for the purpose of conferring the status of an in-state student on such unemancipated person.

## C. Criteria for Determining Residency

### i. In-State Student Status

1. Except as otherwise provided in this article, no person having a domicile elsewhere than in this state is eligible for classification as an in-state student for tuition purposes. Applicants for in-state tuition status and other public benefits must demonstrate lawful presence in the United States by presenting one of the documents listed in this regulation, under the section "Demonstrating Lawful Presence."
2. A person is not entitled to classification as an in-state student until the person is domiciled in this state for one year preceding the official starting day of the semester, except that a person whose domicile is in this state is entitled to classification as an in-state student if the person meets one of the following requirements:
  - a. The person's parent's domicile is in this state and the parent is allowed to claim the person as an exemption for state and federal tax purposes.
  - b. The person is an employee of an employer which transferred the person to this state for employment purposes or the person is the spouse of such an employee.
  - c. The person is an employee of a school District in this state and is under contract to teach on a full-time basis, or is employed as a full-time non-certified classroom aide, at a school within that school District. For purposes of this paragraph, the person is eligible for classification as an in-state student only for courses necessary to complete the requirements for certification by the state board of

education to teach in a school District in this state. No member of the person's family is eligible for classification as an in-state student if the person is eligible for classification as an in-state student pursuant to this paragraph, unless the family member is otherwise eligible for classification as an in-state student pursuant to this section. Eligibility for in-state tuition is subject to verification of intent to domicile in this state. Determination of residency is made by the admissions and records office/office of enrollment services.

- d. The person's spouse has established domicile in this state for at least one year and has demonstrated intent and financial independence and is entitled to claim the student as an exemption for state and federal tax purposes or the person's spouse was temporarily out of state for educational purposes, but maintained a domicile in this state. If the person is a non-citizen, the person must be in an eligible visa status pursuant to federal law to classify as an in-state student for tuition purposes.

AMENDMENT TO BE REPEATED IN CORRESPONDING APPENDIX ITEM S-1 – IN-STATE STUDENT STATUS  
SECTION C

3. The domicile of an unemancipated person is that of such person's parent.
4. An unemancipated person who remains in this state when such person's parent, who had been domiciled in this state, removes from this state is entitled to classification as an in-state student until attainment of the degree for which currently enrolled, as long as such person maintains continuous attendance.
5. A person who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders or who is the spouse or a dependent child of a person who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders is entitled to classification as an in-state student. The student does not lose in-state student classification while in continuous attendance toward the degree for which he or she is currently enrolled.
6. A person who is a member of the armed forces of the United States or the spouse or a dependent of a member of the armed forces of the United States is entitled to classification as an in-state student if the member of the armed forces has claimed this state as the person's state of home record for at least twelve consecutive months before the member of the armed forces, spouse or dependent enrolls in a university under the jurisdiction of the Arizona Board of Regents or a community college under jurisdiction of a community college district governing board. For purposes of this subsection, the requirement that a person be domiciled in this state for one year before enrollment to qualify for in-state student classification does not apply.
7. Immediate classification as an in-state student shall be granted to a veteran who meets the provisions of Arizona statute HB 2091, paragraph G, which reads: G. A person holding an honorable discharge from the uniformed services of the United States from either active duty or reserve or national guard status, or who has retired from active duty or reserve or national guard status, shall be granted immediate classification as an in-state student and, while continuously enrolled, does not lose in-state student classification if the person has demonstrated objective evidence of intent to be a resident of Arizona that, for the purposes of this section, includes at least one of the following:
  1. Registration to vote in this state.
  2. An Arizona driver license.
  3. Arizona motor vehicle registration.
  4. Employment history in Arizona.
  5. Transfer of major banking services to Arizona.
  6. Change of permanent address on all pertinent records.
  7. Other materials of whatever kind or source relevant to domicile or residency status.
8. A veteran using Chapter 30 or 33 benefits who does not otherwise qualify under item 7 above (paragraph G of PL 2091), or a veteran's dependent or spouse who is using transferred Post-9/11 GI Bill® (Chapter 33) benefits or the Marine Gunnery Sergeant John David Fry Scholarship, may be eligible for immediate classification as an in-state student if he/she meets the provisions of Arizona statute HB 2091,

paragraph H: h. A person who, while using educational assistance under 38 United States Code Chapter 30 or Chapter 33, enrolls in a university under the jurisdiction of the Arizona Board of Regents or a community college under the jurisdiction of a community college district governing board within three years after the veteran's discharge from active duty service of ninety or more days or within three years after the service member's death in the line of duty following a period of active duty service of ninety or more days or who remains continuously enrolled beyond the three-year period following the discharge of the veteran or the service member's death shall be granted immediate classification as an in-state student and does not lose in-state student classification if the person has demonstrated objective evidence of intent to be a resident of this state that, for the purposes of this section, includes at least one of the following:

Students are required to submit the following:

1. Certificate of eligibility letter from the VA Awarding Chapter 30 or 33 benefits or the Fry scholarship, or the Dept. of Defense document approving the transfer of CH. 33 benefits
2. DD-214 proving a minimum of 90 days service and no more than 3 years since discharge or since death of veteran
3. Students must also provide at least one of the following:
  - A. Registration to vote in this state.
  - B. An Arizona driver license.
  - C. Arizona motor vehicle registration.
  - D. Employment history in Arizona.
  - E. Transfer of major banking services in Arizona.
  - F. Change of permanent address on all pertinent records.
  - G. Other materials of whatever kind or source relevant to domicile or residency status.

*GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.*

9. Per Arizona state law, a person who is honorably discharged from the armed forces of the United States on either Active Duty or Reserve or National Guard Status, or who has retired from Active Duty or Reserve or National Guard Status, shall be granted immediate classification as an in-state student on honorable discharge from the armed forces and, while in continuous attendance toward the degree for which currently enrolled, does not lose in-state student classification if the person has met the following requirements:

- A. Registered to vote in this state.
- B. Demonstrated objective evidence of intent to be a resident of Arizona which, for the purposes of this section, include at least one of the following:
  1. An Arizona driver license
  2. Arizona motor vehicle registration
  3. Employment history in Arizona
  4. Transfer of major banking services to Arizona

5. Change of permanent address on all pertinent records
6. Other materials of whatever kind or source relevant to domicile or residency status

10. A student using any VA educational benefits who does not otherwise qualify under items above shall be granted immediate classification as an in-state student, and while continuously enrolled does not lose in-state student classification if the person has demonstrated objective evidence of intent to be a resident of Arizona that for the purposes of this section, includes at least one of the following:

1. Registration to vote in this state
2. An Arizona driver license
3. Arizona motor vehicle registration
4. Employment history in Arizona
5. Transfer of major banking services to Arizona.
6. Change of permanent address on all pertinent records
7. Other material of whatever kind or source relevant to domicile or residency status.

11. A person who is a member of an Indian Tribe recognized by the United States Department of the Interior whose reservation land lies in the state and extends into another state and who is a resident of the reservation is entitled to classification as an in-state student.

ii. Alien In-State Student Status

1. An alien is entitled to classification as an in-state refugee student if such person has been granted refugee status in accordance with all applicable laws of the United States and has met all other requirements for domicile.
2. In accordance with the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (P.L. 104-208; 110 Stat. 3009-546), a person who was not a citizen or legal resident of the United States or who is not lawfully present in the United States is not entitled to classification as an in-state student pursuant to ARS §15-1802 or entitled to classification as a county resident pursuant to ARS §15-1802.01. A student will be assessed out-of-state tuition until such time that documentation of lawful presence is received in the Office of Admissions and Records/Enrollment Services and (eligibility for) residency is confirmed. Documentation must be provided prior to the end of the term in which residency classification is being requested. Documentation received after the end of term will be used for residency determination in subsequent terms.
3. In establishing domicile, the alien must not hold a visa that prohibits establishing domicile in the United States and this state. After meeting other domicile requirements, students holding valid, unexpired visas in the following categories may be classified as in-state students (See Appendix S-1A):
  - A**=Foreign Government Official or Adopted Child of a Permanent Resident
  - E**=Treaty Traders
  - G**=Principal Resident Representative of Recognized Foreign Member Government to International Staff
  - H**=H1B AND H4
  - K**=Spouse or Child of Spouse of a US Citizen, Fiancé or Child of Fiancé of US Citizen
  - L**=Intracompany Transferee or Spouse or Child
  - N6**=NATO-6
  - U, T**=Victim of Criminal Activity
  - V**=Spouses and Dependent Children of Lawful Permanent Residents
4. Students who hold a current visa and have submitted an I-485 to U.S. Citizenship and Immigration Services (USCIS), may establish residency if other domicile requirements have been met. Residency

eligibility for I-485 applicants may be considered one year after the date on the USCIS Notice of Action letter (I-797) confirming application for permanent resident status provided their prior visa status is one that allows the visa holder to establish domicile in the United States. Students must provide required residency documentation in addition to the (I-797) Notice of Action for residency consideration. In establishing domicile, the alien must be in a status that does not prohibit establishing domicile in this state for at least one year immediately preceding the official starting date of the semester.

Exception: In the event that an alien student's parent is allowed to claim the student as an exemption for state or federal tax purposes (3C.1.2.A) (E.G., The student is under 23 and not emancipated), the student's residence is deemed to be the same as the parent's. If the parent holds a visa that is not listed in section 3 above, he or she would not be eligible to establish residency. In such circumstances, the student would likewise be barred notwithstanding his or her own filing of an I-485.

5. Students who hold a current or expired visa and have applied for a change of status will retain their immigration status based on their prior visa status and not the status or visa for which they are applying.

### III. Proving lawful presence in the United States

All applicants for in-state tuition (and other public benefits) must first show at least one of the following documents in accordance with ARS §1-502 to demonstrate that they are lawfully present in the United States by presenting to the Registrar at least one of the following documents:

- H. An Arizona Driver's license issued after 1996 or an Arizona non-operating identification license or an Arizona Instruction Permit
- I. A birth certificate or delayed birth certificate issued in any state, territory, or possession of the United States (A hospital record/certificate and certified Abstract of Birth are not acceptable).
- J. A United States certificate of birth abroad.
- K. A United States Passport.
- L. A Foreign Passport with a United States Visa.
- M. An I-94 Form with a Photograph.
- N. An appropriately designated United States Citizenship and Immigration Services Employment Authorization (Work Permit) or Refugee Travel Document [as listed on the Employee Authorization Document Chart].
  
- O. A United States Permanent Resident Card
- P. A United States Certificate of Naturalization.
- Q. A United States Certification of Citizenship.
- R. A Tribal Certificate of Indian Blood.
- S. A Tribal or Bureau of Indian Affairs Affidavit of Birth.

Tribal Members\*, the Elderly and "Persons with Disabilities or incapacity of the mind or body," may submit certain types of documents under Section 1903 of the Federal Social Security Act (42 UNITED STATES CODE 1396B, As Amended By Section 6036 Of The Federal Deficit Reduction Act of 2005)\*\*

\* A document issued by a federally recognized Indian tribe evidencing membership or enrollment in, or affiliation with, such tribe.

\*\* If you think that this may apply, please contact the Legal Services Department for assistance.

### IV. Presumptions Relating to Student Status

Unless there is evidence to the contrary, the registering authority of the community college or university at which a student is registering will presume that:

1. No emancipated person has established a domicile in this state while attending any educational institution in this state as a full-time student, as such status is defined by the community college district governing board or the Arizona Board of Regents, in the absence of a clear demonstration to the contrary.
2. Once established, a domicile is not lost by mere absence unaccompanied by intention to establish a new domicile.
3. A person who has been domiciled in this state immediately before becoming a member of the armed forces of the United States shall not lose in-state status by reason of such person's presence in any other state or country while a member of the armed forces of the United States.

V. Proof of Residency

When a student's residency is questioned, the following proof will be required.

1. In-State Residency

- a. An affidavit signed by the student must be filed with the person responsible for verifying residency.
- b. A combination of the following may be used in determining a student's domicile in Arizona:
  1. Arizona income tax return
  2. Arizona Voter registration
  3. Arizona Motor Vehicle registration
  4. Arizona Driver's license
  5. Employment history in Arizona
  6. Place of graduation from high school
  7. Source of financial support
  8. Dependency as indicated on federal income tax return
  9. Ownership of real property
  10. Notarized statement of landlord and/or employer
  11. Transfer of major banking services to Arizona
  12. Change of permanent address on all pertinent records
  13. Arizona Department of Children Services documents related to foster care placement
  14. Other relevant information

2. County Residency

A combination of the following may be used to determine a student's county residency:

1. Notarized statements of landlord and/or employer
2. Source of financial support
3. Place of graduation from high school
4. Ownership of real property
5. Bank accounts
6. Arizona income tax return
7. Dependency as indicated on a Federal income tax return
8. Other relevant information

- D. Concurrent Enrollment in Arizona Public Institutions of Higher Education (ARS §15-1807) (See [Appendix S-3](#))  
 Under Arizona Revised Statutes §15-1807, it is unlawful for any non-resident student to register concurrently in two or more public institutions of higher education in this state including any university, college or community college for a combined student credit hour enrollment of more than six (6) credit hours without payment of non-resident tuition at one of such institutions. Any non-resident student desiring to enroll concurrently in two or more public institutions of higher education in this state including any university or community college for a combined total of more than six (6) credit hours who is not subject to non-resident tuition at any of such institutions shall pay the non-resident tuition at the institution of his choice in an amount equivalent to non-resident tuition at such institution for the combined total of credit hours for which the non-resident student is concurrently enrolled.

AMENDED by Direct Chancellor Approval, September 17, 2018

AMENDED by Direct Chancellor Approval, August 30, 2017

AMENDED by Direct Chancellor Approval, August 30, 2015

AMENDED by Direct Chancellor Approval, May 20, 2015

### 2.2.3 Other Admission Information

#### 1. Veterans

By Arizona statute, any failing grades from any Arizona university or community college that were received prior to military service will not be used to determine admission to the community college for the honorably discharged veterans with two years' service in the armed forces of the United States. Students admitted or readmitted to the community college under this statute are subject to progression, retention, graduation and other academic regulations and standards. (See [Withdrawal - Appendix S-7](#))

#### 2. Ability to Benefit

- A. Federal guidelines require that students who are applying for financial aid demonstrate the ability to benefit. Under federal law, a student who enrolls after June 30, 2012, must be a high school graduate, have a GED certificate, or have completed a secondary school education in a home school setting that is treated as a home school or private school under state law, be admitted as a regular student, and be pursuing an eligible degree or certificate to qualify for federal financial assistance under Title IV of the Higher Education Act.
- B. For student enrolled prior to July 1, 2012, an evaluation during the admission process resulted in the student being admitted to the college with the status of Regular, Regular with Provisional Requirements or Special.
- i. "Regular" status, for the purpose of 2.2.3.2, is granted to an individual admitted to the college who is a high school graduate, has a GED certificate, or has completed a secondary school education in a home school setting that is treated as a home school or private school under state law. A student without a high school diploma or GED certification and beyond the age of compulsory high school attendance may be a regular status student if the student has been assessed to benefit from college instruction by receiving qualifying scores on approved assessment instruments. All regular status students must be pursuing a degree/certificate in an eligible program.
  - ii. "Regular with Provisional Requirements" status, for the purpose of 2.2.3.2, is granted to a student admitted to the college who is not a high school graduate, does not have a GED certificate, is beyond the age of compulsory high school attendance, or has completed a secondary school education in a home school setting that is treated as a home school or private school under state law, but has been assessed to benefit from college instruction and is pursuing a degree/certificate in an eligible program.
  - iii. "Special" status, for the purpose of 2.2.3.2, is granted to a student admitted to the college for concurrent enrollment or pursuing one or more courses of special interest and who meets all the requirements for admission.

#### 3. Transcripts

The Maricopa Community Colleges reserve the right to require an official transcript for admission to specific programs, for verification of course requisites and for determination of academic standing. The official transcript must be sent directly from the source institution to the college Admissions and Records Office/Office of Student Enrollment Services. The official transcripts may be sent via a secured website. Please contact the Admissions Office of The Maricopa College you plan to attend to verify which secure websites may be valid.

It is the student's responsibility to ensure that official transcripts have been received and are complete.

Students entering as high school graduates may be required to submit high school transcripts. Please contact the Admissions Office of the Maricopa College you plan to attend for more information on preparing a home-schooled official transcript. Students entering as GED recipients may be required to present a copy of the high school equivalency certificate or official report of qualifying GED scores.

#### 4. Educational Assessment

All students are encouraged to undergo an educational assessment to determine course placement. Prospective students who do not possess a high school diploma or GED equivalence certificate are required to complete an

educational assessment to determine their ability to benefit from college instruction. See Student Course Placement Process (AR 2.2.7)

#### 5. High Pressure Recruitment Tactics

The Maricopa County Community College District prohibits its employees from engaging in high-pressure recruitment tactics or in providing to any person or entity engaged in student recruitment, admission activity, or in making decisions regarding the award of Title IV, HEA funds, any commissions, bonuses, or other incentive payments based, in any part, directly or indirectly upon successfully securing enrollments or the awarding of financial aid.(34 CFR 668.14(A)(22)(I)).

**AMENDED through the Administrative Regulation Process, June 5, 2017**

### 2.2.4 Transfer Credit and Prior Learning Assessment Policy

#### **TRANSFER CREDIT**

A student enrolling at one of the Maricopa Community Colleges after having attended other post-secondary institutions can have coursework evaluated for transfer credit. To be eligible for evaluation, coursework must appear on official transcripts from the source institutions. The official transcripts must be mailed or sent through an approved electronic transfer method directly from the source institutions to the Admissions and Records/Enrollment Services Office of the receiving institutions. Hand-carried and emailed transcripts cannot be accepted for an official evaluation. Students should allow approximately 10 days before confirming with your Maricopa Community College that the transcript(s) was received. The Admissions and Records/Enrollment Services office at the receiving institutions will complete course-by-course evaluations for all submitted transcripts upon student request. The award of transfer credit shall not express or imply that all transfer credit will be fully accepted or applied toward all Maricopa associate's degree and certificate requirements.

The Maricopa Community Colleges will evaluate coursework from institutions listed in the *database of institutions and programs accredited by recognized U.S. accrediting organizations* at the time the coursework was taken. To be "recognized" means that the accreditors in the database have been reviewed by the Council for Higher Education Accreditation (CHEA) or by the U.S. Department of Education (USDE) or both and meet the quality standards of the respective organizations.

College-level courses completed outside the United States and recorded on official transcripts will be evaluated for transfer credit, provided that the institution where the courses were taken is accredited by the Ministry of Education in that country. It is the student's responsibility to submit all foreign and international transcripts to an approved international credential evaluation service to be translated into English (when applicable), evaluated on a course-by-course-basis, and sent directly to the receiving college(s). Contact your College Admissions and Records/Enrollment Services Office to obtain a list of recommended evaluation services.

#### **CONDITIONS OF TRANSFER CREDIT:**

- Credits transferred from outside of MCCCDC graded on a plus/minus grading scale are converted based on the grading scale of the transferring institution. Only courses with a grade of "C" (2.0 on a 4.0 scale) or better are transferable. Course credit below 100 level, earned at an MCCCDC Institution prior to August 2020 or at a sending institution, cannot be used to calculate grade level.
- Developmental coursework below 100-level is accepted for the purpose of fulfilling course prerequisites. However, the credit does not apply toward a degree or certificate, and it does not transfer to another postsecondary institution. It does, however, get added to the Transfer Credit Report as part of the evaluation.
- Courses with different credit systems (quarter hours, units) are converted to semester hours of credit. The semester conversion of quarter credits is at a rate of .67 semester credit hours for each quarter hour.
- The age of credit may be considered in applying credit toward degrees and certificate programs.

### REVERSE TRANSFER OF CREDIT

In an effort to assist former Maricopa students who have transferred to a university, the Maricopa Community Colleges offer reverse transfer of credit with participating universities. Former Maricopa students may use this opportunity to fulfill previously incomplete coursework requirements. Interested students at participating universities must meet university criteria to qualify for free transcript exchange when available. Participation in reverse transfer of credit does not guarantee coursework applicability or degree or certificate eligibility. Students participating in reverse transfer of credit must meet all curriculum and college requirements.

### PRIOR LEARNING ASSESSMENT (PLA)

The Maricopa Community Colleges are committed to the idea that people deserve credit for college-level learning, no matter how it was acquired. Many people have developed learning outside of the traditional classroom. This evaluation of credit is referred to as Prior Learning Assessment, or PLA. Prior Learning can be identified and assessed in a variety of ways to determine if college credit should be awarded. PLA credit may be awarded if the following standards have been met:

- Student has been admitted to the college.
- Student has declared a pathway (certificate or degree).
- The learning is college level and verifiable.
- PLA credit may be applied toward a degree program, certificate, general education requirements, concentration, and general electives that count toward the student's elected pathway. Some restrictions may apply depending on the specific program of study.
- PLA credit may satisfy prerequisite requirements using the same policy that applies to other course equivalencies.
- All work assessed for PLA credit was earned with a grade of "C" or better.

Students may be awarded no more than 30 credit hours through Prior Learning Assessment, unless required by a specific program of study within the Maricopa Community Colleges. Exceptions include evaluated credit from post-secondary institutions and military credit as indicated on joint service transcripts. Credit awarded for Prior Learning does not count as hours in residence for graduation requirements. Exceptions may be granted at some of the Maricopa Community Colleges for unique programs of study. No more than 20 credit hours may be applied to the Arizona General Education Curriculum (AGEC). Please direct questions about Prior Learning Assessment at the Maricopa Community Colleges to the Admissions and Records/Enrollment Services Office.

### PRIOR LEARNING ASSESSMENT FEE SCHEDULE

No fees are assessed by the college for the following types of Prior Learning Assessment: Transfer credit from nationally recognized institutions, international coursework that has been officially evaluated by a foreign evaluator service (such as Educational Credential Evaluators), standardized college-level exams (such as CLEP, AP, IB, DSST, CIE), GED exams, Military Transcripts, ACE (American Council On Education) transcripts, credit received through ORGANIZATIONS AND companies that offer nationally recognized credit evaluated by ACE, NCCRS, etc. (Straighterline, NOCTI, Study.Com, etc.), industry recognized credentials, Skill Center and clock hour transcripts.

Departmental Challenge Exam and Credit By Evaluation	\$40 administrative fee if awarded transfer credit
--	--

### CREDIT BY EXAM (COLLEGE-LEVEL EQUIVALENCY EXAMINATIONS)

ACE has published credit recommendations for a number of national standardized examinations such as the ones listed below in the *Guide to Educational Credit by Examination*. The Maricopa Community Colleges use these recommendations as guidelines to award credit for equivalent coursework as well as elective credit. The number of credits listed in the *ACE Guide* are recommendations only. A college is not required to grant a student the number of credits recommended.

Scores must be sent directly to the Admissions and Records/Enrollment Services Office from the specific testing companies before credit is awarded; equivalencies are subject to review and change. Credit received through Prior Learning Assessment is transferable within the Maricopa Community Colleges but is not necessarily transferable to other colleges and universities. Therefore, students are strongly advised to research the credit for Prior Learning Assessment policies at any college or university outside of the Maricopa Community Colleges to which they plan to transfer. Credit by exam is awarded based on equivalencies in effect at the time of evaluation. Changes to exams and scores are determined by the respective Maricopa Instructional Councils (ICS) and/or Statewide Articulation Task Forces (ATFS).

**Maricopa recognizes the following examinations:**

- Advanced Placement (AP)
- American College Testing Proficiency Examination Program (ACT-PEP)
- Cambridge International Exams (CIE), A and AS LEVEL
- College-Level Examination Program (CLEP)
- Departmental Exams (also known as “Challenge Exams”)
- Defense Activity For Non-Traditional Education Support [DANTES] Subject Standardized Tests (DSST)
- GED, College Ready + Scores
- International Baccalaureate (IB) Diploma/Certificate
- Pearson VUE Exams

Fees for standardized exams are the responsibility of the student.

[Current list of exams and scores.](#)

**ADVANCED PLACEMENT (AP) CREDIT**

Students who have taken an advanced placement course of the College Entrance Examination Board (CEEB) in their secondary school and who have taken an advanced placement examination of the CEEB may receive course credit. Scores must be received directly from CEEB to Admissions and Records/Enrollment Services before credit is awarded.

**AMERICAN COLLEGE TESTING PROFICIENCY EXAMINATION PROGRAM**

The Maricopa Community Colleges may award credit for the American College Testing Proficiency Examination Program (ACT-PEP) based on the scores earned to Admissions and Records/Enrollment Services.

**CAMBRIDGE INTERNATIONAL EXAMINATIONS (CIE) A AND AS LEVEL**

Students who have taken a Cambridge International Examination may receive college credit. Scores must be received directly from CIE to Admissions and Records/Enrollment Services before credit is awarded.

**COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)**

Students who have taken a college level examination of the College Entrance Examination Board (CEEB) may receive college credit. Scores must be received directly to Admissions and Records/Enrollment Services from CEEB before credit is awarded.

Estrella Mountain Community College, Rio Salado College, Paradise Valley Community College, and Mesa Community College are CLEP test sites. For more information on registering for the CLEP examinations, contact the Testing Centers at these colleges.

## **DEPARTMENTAL EXAMS (ALSO KNOWN AS CHALLENGE EXAMS)**

Students may apply for departmental credit by examination in certain courses by obtaining the appropriate form in the Admissions and Records Office, paying the required fee, and completing the examination and other requirements of the college. See fee schedule for appropriate fees. Students may not request:

- To challenge a course a second time;
- To challenge a course while currently enrolled in the course;
- To establish credit in a previously completed course; and
- To establish credit for a lower level of a course in which credit has been received.

### **ADDITIONALLY:**

- Exceptions may be granted at some of the Maricopa Community Colleges for their unique programs of study. specialized programs may allow courses to be repeated due to the student needing to have recent knowledge of the content in order to progress in the program.
- Academic departments may have additional requirements that must be met before credit may be granted through departmental credit by examination.
- Only grades of A, B, C, D or P earned as a result of this examination will be recorded on the student's transcript. Fees are not refundable after the examination has been administered, regardless of results.
- When credit is granted as outlined above, a notation of "Credit by Examination," a grade and the number of credits will appear on the student's transcript. The grade is used in computing the grade point average.

## **DSST (FORMERLY DEFENSE ACTIVITY FOR NON-TRADITIONAL EDUCATION SUPPORT OR DANTES)**

The Maricopa Community Colleges may award credit for DSST Examination Program to individuals who meet or exceed the ACE recommended scores for awarding credit on the DSST exams. The Maricopa Community Colleges do not award credit for ENG 102 through DSST examination. Credit received through DSST is transferable within the Maricopa Community Colleges, but is not necessarily transferable to other colleges and universities.

The Assessment Center at Rio Salado College is a DSST test site. For additional information on registering for DSST examinations, call (480) 517-8560.

Students who have taken a DSST examination may receive college credit. Scores must be received directly from DSST before credit is awarded.

## **GED EXAMS**

The Maricopa Community Colleges may award credit for GED subject area scores designated as College Ready + in accordance with the ACE recommended scores. The transcript needs to be sent directly by the Department of Education to the Admissions and Records Office /Enrollment Services in order to be awarded credit. **DISCLAIMER: TEST SCORES ARE CONTINUALLY REVIEWED AND MAY BE UPDATED AT ANY TIME.**

## **EDUCATIONAL EXPERIENCES IN THE ARMED SERVICES**

The Maricopa Community Colleges may award credit for military experiences based on the ACE Guide to the Evaluation of Educational Experiences in the Armed Services. A student may receive college credit if:

- Training parallels a discipline area offered through the Maricopa Community Colleges, and
- Credit meets a program requirement or is used as elective credit.

Upon request, individuals who have successfully completed basic training, four (4) credit hours in physical education will be awarded as indicated in the ACE Guide and the Community College of the Air Force Catalog. Official documentation of military training is required.

## **INTERNATIONAL BACCALAUREATE (IB) DIPLOMA/CERTIFICATE**

Students who present an international baccalaureate diploma/certificate may qualify for college credit. Maricopa grants credit for college-level courses only. Scores must be received directly from the institution where the exams were administered before credit is awarded.

## **CREDIT BY EVALUATION**

### **COLLEGE CREDIT RECOMMENDATION SERVICE**

ACE evaluates training programs offered by business, industry, and government and publishes its credit recommendations in *The National Guide*. If a student has received training that appears in the guide, he or she may receive college credit if:

- Training parallels a discipline area offered through the Maricopa Community Colleges, and
- Credit meets a program requirement or is used as elective credit.

### **DEPARTMENTAL CREDIT BY EVALUATION**

Students may apply for Departmental Credit by Evaluation in certain courses by obtaining the appropriate form in the Admissions and Records /Enrollment Services Office. The completed Credit by Evaluation form and the required fees are due to the college when the Credit by Evaluation request is submitted.

Some academic departments may have additional requirements that must be met before credit may be granted through Departmental Credit by Evaluation. When credit is granted a notation of "Credit by Evaluation," and the number of credits will appear on the student's transcript. These credits are not used in computing the grade point average. Credit by Evaluation is transferable within the Maricopa Community Colleges, but is not necessarily transferable to other colleges and universities. Students may not request:

- To challenge a course a second time;
- To challenge a course while currently enrolled in the course;
- To establish credit in a previously completed course; and
- To establish credit for a lower level of a course in which credit has been received.

## **PLA AND TRANSFER DISCLAIMER**

If pursuing a transfer degree (AA, ABUS, AS, AAEE, AAFA, or Articulated Academic Degree Program), transfer credit and PLA will be granted for the purpose of satisfying Maricopa graduation requirements. Because credits may not transfer to all colleges or universities, contact your transferring institution to determine their transfer credit and PLA requirements and policies.

## **2.2.6 Academic Advising, New Student Orientation, and Student Success Course**

### **1. Academic Advising**

Students who will be attending college for the first time, and intend to earn an Associate's degree or to transfer to a college/university to complete a Bachelor's degree, will be required to meet with an academic advisor prior to the start of their first semester at a MCCCDC college.

i. Recent high school students who received MCCCDC credits through Dual/Concurrent Enrollment, ACE, Hoop of Learning, or any MCCCDC Early Outreach Program are considered first time to college.

### **2. New Student Orientation**

Students who will be attending college for the first time, and intend to earn an Associate's degree or to transfer to a

College/university to complete a Bachelor's degree, will be required to attend New Student Orientation prior to the start of their first semester at a MCCCCD College.

- i. Recent High School students who received MCCCCD credits through Dual/Concurrent Enrollment, ACE, Hoop of Learning, or any MCCCCD Early Outreach Program are considered first time to college.

### 3. Student Success Course

Students who will be attending college for the first time, and intend to earn an associate's degree or transfer to a college/university to complete a bachelor's degree will be required to successfully complete a college success course (CPD150 or CPD115/AAA115) within the first two semesters at a MCCCCD college, unless they have completed high school within the last 10 years with a cumulative, unweighted grade point average of 2.6 or above. Colleges have the leeway to determine if a student who is not first-time or enters with a cumulative grade point average of 2.6 or higher should have the college success course (CPD150 or CPD115/AAA115) added to their program requirements.

**AMENDED through Direct Approval by the Chancellor, April 16, 2020**

**AMENDED through the Administrative Regulation Process, June 4, 2019**

## 2.2.7 Student Assessment and Course Placement

### 1. Course Placement

- A. Students who plan to register in English, Reading, or Math will be advised to enroll into courses based on valid District-approved placement methods.
- B. Students who place into course(s) that are below college-level (i.e., below 100-level) will be advised to enroll into the course(s) within the first two semesters.
- C. A department/division chair or designee may grant a course placement waiver under special circumstances. The signed waiver will be noted on the student's electronic record. The process may also be done electronically without a signature if supported by the attending college.
- D. Course placement will be determined utilizing the district placement options under any one of the following conditions:
  - i. The student is taking his or her first college credit English, reading or math course, or any college course for which English, reading or math is a prerequisite.
  - ii. The student is pursuing a degree or transfer pathway and does not have current valid District approved course placement on file or does not have previous college credit in English, reading and math.
  - iii. The student for whom English is not the primary language and who is taking his or her first English as a Second Language class is required to take a test of English proficiency.
- E. Students will be exempt from the course placement process if at least one of the following conditions apply:
  - i. The student has earned an associate or higher degree from a regionally accredited college.
  - ii. The student has earned college credits from a regionally accredited college in English, reading, and math with a grade of C or higher.
  - iii. The student has currently valid District approved course placement scores on file.
  - iv. The student who is exempt from the course placement process must still fulfill the minimum graduation requirements.

### 2. Determining Course Placement

Maricopa County Community Colleges use multiple placement options. In cases, when a course placement test is given, scores will be valid for two years. Other placement methods will also have limited time validity. For additional information, go to [PLACEMENT](#).

- A. Reading placement test scores that indicate "exempt from CRE101" do not expire.

- B. Students will be permitted one re-test in English, reading, or by math level after at least a 24-hour waiting period. One additional re-test is permitted no sooner than three months from the oldest valid score date at any course placement testing site.
- C. The Vice President of Student Affairs or designee may approve re-testing for students with special needs or circumstances. The re-test date will then serve as the date of record.

### 3. Implementation of Policy

To ensure consistency of the course placement process within the Maricopa Community Colleges:

- A. All colleges shall accept the same approved course placement methods.
- B. All colleges shall adhere to the same approved placement scores.
- C. All colleges shall adhere to the approved limited time validity for each course placement method. for more information, go to: [PLACEMENT](#).
- D. Reading Placement Scores that Indicated “Exempt from CRE101” Do Not Expire.

### 4. Evaluation

The Maricopa Community Colleges will provide an ongoing evaluation of the course placement process. An annual report shall be submitted to the Governing Board to indicate the policy's effectiveness noting the number of students assessed, their placement scores and their success in courses. Every three years a thorough review of the policy and procedures shall be implemented, including recommendations from the English, Reading and Math Instructional Councils regarding cut-off scores, course placement assessment tools and procedures.

**AMENDED through the Administrative Regulation Process, June 4, 2019**

#### 2.2.8 Registration

Students must register according to the dates indicated, and in the manner described in the college class schedule. To be eligible for registration, students must have completed the appropriate steps listed under the Admissions section. The college may allow early or priority registration. Tuition and fees must be paid or payment arrangements made by the due date to secure class enrollment. Students may not attend a class for which they are not registered.

The colleges reserve the right to enroll students in courses. The final decision for admission to any class for students admitted under section 2 of AR 2.2.1 will be determined by the designated college administrator in consultation with the department chairperson and/or faculty.

Class Registration Deadlines:

1. For classes with published start dates and meeting times, registration in the class must be completed before the first official class meeting date and time. Students may not register for a class once it has started. Self-Service registration for a class through [my.maricopa.edu](http://my.maricopa.edu) will end at 11:59 PM on the day before the class starts. Registration for a class on the date it starts must be done in person or on the phone, and must be completed before the class start time.
2. For classes without published meeting times (for example, online classes, special projects), registration in the class must be completed by 11:59 PM on the day before the class starts.
3. Exceptions
  - a. Exceptions to class registration deadlines require permission of appropriate instructor(s) and approval of the appropriate department/division chair or designee.
  - b. Exceptions are limited to
    - i. Courses requiring permission of instructor
    - ii. Courses requiring auditions or try-outs
    - iii. Courses for Special Populations or Cohorts
    - iv. Enrollment in an alternative section of a course taught by the same instructor
    - v. Enrollment in an alternative section of a course taught by a different instructor
    - vi. Course level changes
    - vii. Students dropped for non-payment during the 100% refund period may be reinstated if they attended since the first class meeting.
    - viii. Students dropped due to Human or system errors may be reinstated if they attended the first class meeting.

ix. Other exceptions may be granted after faculty consultation with the student.

### 2.2.9 Tuition and Fees Policy

Tuition and fees are public monies within the jurisdiction and responsibility of the Maricopa Community Colleges Governing Board under the laws and regulations of the State of Arizona and must be administered by the Governing Board. The Governing Board reserves the right to change tuition and fee charges when necessary without notice. All students are classified for tuition purposes under one of the following residency classifications:

1. Maricopa County resident
2. Out-of-County resident
3. Out-of-State resident (including F-1 non-immigrant students)

Residency for tuition purposes is determined in accordance with state law (ARS §§15-1801 et seq.) and regulations of the Maricopa Community Colleges Governing Board. All of the Maricopa Community Colleges are subject to the above statutes and regulations. Students who have questions about their residency should contact the Admissions and Records Office/Office of Student Enrollment Services for clarification.

Students attending more than one Maricopa Community College will be assessed fees for their enrollment at each of the Maricopa Community colleges/centers. (Students who are considered to be out-of-state residents for tuition and fees purposes should refer to Appendix S-3, Concurrent Enrollment in Arizona Public Institutions of Higher Education.)

#### 1. Time of Payment\*

All tuition, fees, assessments and deposits must be paid at the time of registration or by the specified deadline date and in accordance with the fee schedule approved by the Maricopa Community Colleges Governing Board.

#### 2. Tuition and Fees Schedule (Effective July 1, 2018 for fall, spring and summer Sessions)\*

Current information can be found at <https://district.maricopa.edu/regulations/admin-regs/appendices/students/s-4>

The following is a tuition and fees schedule for 2018-2019 and is provided for reference. **These tuition and fees are subject to change.** Consult the college's Admissions and Records Office/Office of Student Enrollment Services for course fees in effect during the semester/term in which you intend to register. See [Appendix S-4](#).

**Amended through Direct Chancellor Approval, November 21, 2018**

- \* Students from any other county in Arizona are considered Maricopa County residents (in county) due to a reciprocal arrangement with that county. Reciprocal agreements allow for in-county tuition rates for residents of all Arizona counties except Apache or Greenlee counties without an Out-of-County Residence Affidavit.
- \*\* According to ARS §15-1802F, "A person who is a member of an Indian tribe recognized by the US Department of the Interior whose reservation lies in this state and extends into another state and who is a resident of the reservation is entitled to classification as an in-state student." Therefore, unclassified and out-of-state surcharges do not apply to such students.
- \*\*\* According to ARS §15-1470, community college districts may offer credit and noncredit courses and services outside of this state. A district is not entitled to state aid payments for students who are provided courses and services outside of this state.
- + This rate applies to out-of-state resident students who are taking distance learning courses or students who are taking classroom-based credit courses through a contract agreement between MCCC and the company they work for. This rate does not apply to Study Abroad Programs as there is a separately calculated rate for those students.

**A. Determine Student Residency Status**

Refer to admissions information ([AR 2.2.2](#)) of the college catalog for residency information and to review the requirements for classification as a Maricopa county resident. Contact the Admissions and Records Office/Office of Student Enrollment Services if you have questions about residency requirements.

**B. Use the Chart to Locate Tuition Charges**

Determine the correct column based on your residency status and then select the number of credit hours. The general tuition chart is provided for reference only.

**C. Add Any Additional Fees**

A one-time, per semester \$15 registration fee is due by the official start of the term (semester) or by the specified due date or at time of registration.

**D. There may also be additional course fees for classes, please refer to the college schedule for course fees.**

**E. If you choose to audit a class, add an additional fee of \$25 per credit hour.**

**F. Additional course fees may apply for specific courses. Check with the college's Admissions and Records Office/Office of Student Enrollment Services for a current listing of course fees.**

**G. Pay Your Fees**

Payment of fees may be made by cash, check, money order, VISA, MasterCard, Discover or American Express. Payment Plan options are also available.

*NOTE: If you do not pay your tuition and fees at the time of registration or by the specified due date, you may be dropped from your classes and may be responsible for the tuition and fees based on the refund schedule which outlines the refund deadlines for each course.*

**Skill Center Tuition Rates**

Regular	\$5.00 per clock hour
Nursing Assistant	\$6.00 per clock hour
Practical Nursing	\$6.00 per clock hour

**Amended through the Administrative Regulation Process, May 5, 2017**

**Credit by Examination & Credit by Evaluation (excludes Allied Health courses)**

Regular Rate	\$85.00 per credit hour
Contract Rate	\$42.50 per credit hour

**3. Outstanding Debts**

Any debt or returned check may revoke a student's current enrollment and the student's right to register in subsequent semesters at all Maricopa Community Colleges. Delinquent debts may require penalties, late charges, collection costs, and/or legal fees to be paid before good standing is restored to the student.

The following procedure will be used for the collection of returned checks and other outstanding debts:

- A. The designated college official or fiscal officer is responsible for:
  - i. Verifying the student's district wide debt,
  - ii. Attempting to notify the student of the debt and
  - iii. Attempting to collect the debt.
- B. Maricopa Community College services may be withheld pending payment of debt (at designated college office) with cash, certified check or money order or online with debit or credit card or in person with credit card. Student may be withdrawn from classes.
- C. If other collection attempts fail, the Maricopa Community Colleges District Office will either collect or use other means available, including:
  - i. Collection agency, requiring payment of collection fees by the student;
  - ii. The Tax Refund Setoff Programs as stated in ARS §42-1122;
  - iii. Litigation, requiring payment of court costs and legal fees by the student.
- D. Debt Holds may be lifted only in limited instances by the appropriate College or District business services designee for the extension of services provided that at least one of the following conditions are met:
  - i. MCCCCD staff verify that full payment has been made to another College;
  - ii. The College can deduct payment from a financial aid award made to the student (referring to student authorization guidelines for regulations on applying federal financial aid to debt balances);
  - iii. A third party not related to the student, such as an employer or state agency, makes a verified payment directly to the College;
  - iv. It is determined and verified with the appropriate MCCCCD office that the hold resulted from a system error and the error is due to an activity that requires correction by the appropriate College or District personnel.

Admission Criteria to Attend a College within the Maricopa Community College District (MCCCCD) is determined in accordance with state law (ARS §§15-1805.01 AND 15-1821) and regulations of the Maricopa Community Colleges Governing Board and the Chancellor. As such, participants enrolled in courses as part of third party agreements are also subject to the same admissions criteria. This includes the participants resolving any current enrollment or administrative holds that are unrelated to the Third party in an existing student account, but that otherwise impact his/her eligibility to enroll in courses or participate in programs delivered by MCCCCD faculty or staff.

#### **4. Discounted Fees and Waivers**

- A. Citizens 62 years of age and older shall be issued ID cards that allow them the privilege of attending events at no cost and that allow them to use the library facilities.
- B. Employees, Dependents and Mandated Groups  
The Maricopa Community College District waives tuition and student activity fees for credit-hour courses for employees and their dependents, and for legislatively mandated groups. Special fees and fees for Non-credit/Special interest Community Services courses are not waived.
- C. Tuition and Registration Fee Waiver for Members of the Pima-Maricopa Indian Community  
Tuition and fee waivers shall be funded through Auxiliary Fund Monies for college credit courses for the enrolled members of the Pima-Maricopa community who live on the Pima-Maricopa Reservation.

All other guidelines and procedures established for the purpose of administering waivers, affidavits and exemptions are outlined in the Maricopa County Community College District tuition waiver manual.

### **2.2.10 Refund Policy**

#### **1. Refund Policy for Credit/Clock Classes**

Students who officially withdraw from credit/clock classes (in fall, spring, or summer) within the withdrawal deadlines listed below will receive a 100% refund for tuition, class and registration fees. Deadlines that fall on a

weekend or a college holiday will advance to the next college workday except for classes fewer than 10 calendar days in length or as specified by the college. Calendar days include weekdays and weekends. Refer to individual colleges for withdrawal and refund processes. Never attending is not an allowable refund exemption or an excuse of the debt incurred through registration.

Length of Class	Official Withdrawal Deadlines for 100% Refund
1-9 calendar days	Prior to the class start date
10-19 calendar days	1 calendar day including the class start date
20-29 calendar days	2 calendar days including the class start date
30-39 calendar days	3 calendar days including the class start date
40-49 calendar days	4 calendar days including the class start date
50-59 calendar days	5 calendar days including the class start date
60-69 calendar days	6 calendar days including the class start date
70+ calendar days	7 calendar days including the class start date

*\*Course fees and registration processing fees will be refunded only if the student qualifies for a 100% refund. Debts owed to any MCCC college must be satisfied before any refunds are paid to the student. Refunds for students receiving federal financial assistance are subject to federal guidelines. Requests for exceptions to the refund policy must be filed within one year from the semester in which the course was taken.*

## 2. Refund Policy for Non-Credit Classes

Unless otherwise specified, students must drop non-credit classes prior to the course start date to be eligible for a 100% refund.

## 3. Canceled Classes

When a class is canceled by the college, a 100% refund will be made.

## 4. Refund Exceptions

Students withdrawing from a college or from courses for one of the following reasons must submit a written request for a refund exception to the Admissions and Records Office/Office of Student Enrollment Services or designated college official:

- A. A student with a serious illness, verifiable by a doctor's written statement that the illness prevents the student from attending all classes for the semester. The doctor's statement must be on file with the college before a refund can be given.
- B. Serious illness or death of an immediate family member that prevents the student from attending all classes for the semester. Immediate family members include spouse/partner, father, mother, grandfather, grandmother, child, foster child, grandchild, stepchild, sibling, stepsibling, stepfather, stepmother, or spouse's/partner's father, mother, grandfather, grandmother, or in-laws in any one incident. Appropriate documentation must be provided before a refund can be given.
- C. Death of a student. Appropriate documentation must be provided before a refund can be given.
- D. A student in the armed forces or the Arizona National Guard who is called to active duty and assigned to a duty station, verifiable by a copy of the orders, will be allowed to withdraw and receive a 100% refund of tuition, provided courses have not been completed.

Requests for a total withdrawal from a college or courses for one of the above reasons may result in a partial prorated refund of tuition, provided courses have not been completed. All decisions made by the college are final.

**Limitation:** Never attending is not an allowable refund exception or an excuse of the debt incurred through registration

## 5. Refund Policy for Department of Defense Tuition Assistance Funds

Students who receive tuition assistance (TA) funds for a course or courses from the department of defense (DOD) may have a refund processed and returned to the student's DOD branch of service in the following situations. Refer to individual colleges for withdrawal and refund processes.

- A. Per refund exception D, a student who is called to active duty and assigned to a duty station, verifiable by a copy of the orders, will be allowed to withdraw, provided courses have not been completed. A 100% refund of TA funds will be issued to the student's DOD branch of service.
- B. A student who withdraws for reasons other than those outlined above within the first 60% of the period for which funds were received will have the proportional amount of unearned TA funds returned to the student's DOD branch of service. Refer to individual colleges and DOD branch of service for potential student financial responsibility as a result of withdrawal.

*Requests for refund should be referred directly to the college of enrollment.*

**AMENDED by Direct Approval, January 13, 2020.**

**AMENDED through the Administrative Regulation Process, May 5, 2017**

### **2.2.11 Student Financial Assistance**

The Maricopa Community Colleges provide students financial assistance to enable access to higher education. Student financial assistance shall be awarded on the basis of demonstrated financial need except where funds are specified for recognition of special talents and achievements. Additional procedural information on financial assistance is available in [Appendix S-5](#).

#### **Appendix S-5: Student Financial Assistance**

The Maricopa Community Colleges provide students financial assistance to enable access to higher education. Student financial assistance shall be awarded on the basis of demonstrated financial need except where funds are specified for recognition of special talents and achievements. Only those with a lawful presence in the United States may qualify for federal financial aid or Maricopa County Community College District (MCCCD) scholarships. Under Arizona law, any information the student provides about his or her legal status when applying for financial aid or publicly funded scholarships may be subject to mandatory reporting to federal immigration authorities. This does not apply to applications for the private scholarship funds held in and distributed by the Maricopa Community Colleges Foundation.

The office of financial aid may request to have the validity of a student's high school completion evaluated if either the college or the United States Department of Education has reason to believe that the high school diploma is not valid or was not obtained from an entity that provides secondary school education. An evaluation may be conducted on the basis of any of the following:

- Alerts, bulletins, or similar communications provided by any state, federal, or other governmental agency, another institution, a professional or similar organization, or any other resource that might provide information helpful to the evaluation;
- A transcript or other record received from another institution the student may have attended;
- The contents of the student's Free Application for Federal Student Aid, student information form, or any other information the student provides to the college;
- The independent professional judgment by any official of the office of student financial aid.

#### **How to Apply for Federal Financial Aid**

New students must complete the Free Application for Federal Student Aid (FAFSA) or FAFSA on the Web at <http://www.fafsa.ed.gov/>. Each academic year, continuing students must reapply by completing a FAFSA, Renewal FAFSA, or FAFSA on the Web. Scholarships require separate applications. Specific information regarding financial assistance, including application deadlines or priority dates, may be obtained from the college Office of Student Financial Aid.

#### **Types of Aid**

Grants, loans, student employment, and scholarship funds may be available from federal, state, and/or private sources.

The Maricopa Community Colleges Foundation offers a variety of scholarship opportunities. Scholarship opportunities are available year round. However, most scholarships are posted mid-January and most deadlines are the last week of March. Options are available at <https://mcccdf.org/> or by calling 480-731-8400.

### **Distribution of Aid**

Criteria by which aid is distributed among eligible financial aid applicants are available on request at the college Office of Student Financial Aid.

### **Rights and Responsibilities**

Students should read all information provided in the process of applying for federal financial aid in order to gain a greater knowledge of all the rights as well as responsibilities involved in receiving that assistance.

### **Satisfactory Academic Progress**

Specific requirements for academic progress for financial aid recipients are applied differently than scholastic standards. In addition to scholastic standards which are explained elsewhere in this catalog, financial aid recipients are also subject to the following [Standards of Satisfactory Academic Progress](#). Specific information is available at the college Office of Student Financial Aid.

### **Refunds and Repayments**

In accordance with federal regulations (CFR 668.22), a student may be required to repay federal financial aid funds if they completely withdraw, are withdrawn, or fail to earn a passing grade from all classes during a semester. Further information is available at the college Office of Student Financial Aid. This could affect a student's ability to receive Financial Aid in the future at any school. For a student receiving Financial Aid, also see [Appendix S-7](#) for Withdrawal procedures.

### **Verification of Information**

1. A Free Application for Federal Student Aid (FAFSA) or a change to that FAFSA may be selected for verification. If a student's FAFSA is selected for verification, the student will be notified via the Student Center in my.maricopa.edu. In most cases, the student will be required to submit documentation as part of the verification process. The earlier the Financial Aid Office receives the required documentation, the earlier the student's eligibility for financial aid can be determined. The verification process must be completed no later than 120 days after the last date of enrollment or August 31, whichever comes first. In addition, the Financial Aid Office must receive a final and valid electronic SAR by the student's last day of enrollment or June 30 of the award year, whichever comes first. The verification process must be completed before the Financial Aid Office can award any federal aid.
2. If an award has already been made and a FAFSA is selected for verification, the student must provide required documentation within thirty days after it has been requested of the student or on June 30, whichever comes first. If documentation is not received within this deadline, the student's award may be adjusted or canceled.
3. The required forms and documents a student submits for verification will be compared to the information reported on the student's FAFSA. If the information provided does not match what is shown on the FAFSA, the Financial Aid Office will submit changes to the US Department of Education FAFSA processor. After all changes are made to the FAFSA data, the student's eligibility for financial aid will be reviewed. If there are any changes to the student's financial aid eligibility as a result of verification, the student will be notified by means of the Student Center in my.maricopa.edu. If, following verification, the institution discovers evidence of student aid fraud (including identity theft), waste or abuse of US Department of Education funds, such evidence may be referred to the Office of Inspector General of the US Department of Education.

### **Award Amount and Level of Enrollment**

Award amount is determined, in part, on the level of enrollment. A reduction in course load after financial aid has been awarded may result in an adjusted financial aid award. Federal student aid recipients are advised to register at the same time for all classes they intend to take during a semester to maximize award. Some federal aid may not be awarded for classes added at a later date. Contact the college Office of Student Financial Aid for more information.

## **Repeated Coursework and Financial Aid Enrollment Status**

Federal regulations regarding repeated coursework may impact your financial aid eligibility and awards. Federal regulations specify that students may receive federal financial aid funding for one repetition of a previously passed course. A passed course is defined as one in which a grade of A, B, C, D, or P is received. If you enroll in a course in which you have previously received passing grades twice, the course will not be counted towards your enrollment level for financial aid purposes. You may repeat a failed course until it is passed. Your enrollment for financial aid purposes will be calculated accordingly.

## **Maricopa Community Colleges Standards of Satisfactory Academic Progress (SAP) for Financial Aid Eligibility**

Federal regulations (CFR 668.32(f) and 668.34) require a student to move toward the completion of a degree or certificate within an eligible program when receiving financial aid. Specific requirements for academic progress for financial aid recipients are applied differently than Scholastic Standards. Federal regulations state that Academic Progress Standards must include a review of all periods of enrollment, regardless of whether or not aid was received. Students will be evaluated using the standards described below. Failure to meet any of these minimum standards will result in loss of title IV, HEA program (federal financial aid) eligibility.

To remain eligible for federal and state aid programs, students must meet ALL of MCCCDC's Satisfactory Academic Progress (SAP) standards regardless of whether a student has received financial aid in the past or not. These standards apply to a student's entire academic records at any MCCCDC college, including transfer credit hours accepted by the college.

### **1. Definitions and Terminology Pertaining to this Policy**

- A. Summer: Enrollment in the summer semester includes all courses scheduled within the summer enrollment period with all coursework counted in the SAP evaluation.
  - B. Non-Standard Session / Clock Hour: Sessions that do not follow the traditional start and end dates for the semester.
  - C. Attempted Credit: Any credit for which a grade of A, B, C, D, F, I, IP, N, P, W, Y, or Z is received and courses not yet graded.
  - D. CGPA [Cumulative Grade Point Average]: The MCCCDC grading policy is published in the administrative regulations at 2.3.3. The CGPA does not include credits accepted in transfer.
  - E. Financial Aid Warning: status assigned to an eligible payment period for the next enrolled semester after failing SAP GPA (2.0) and/or Completion Pace ( $\frac{2}{3}$ ). Students not meeting maximum timeframe evaluation are not eligible for a warning period.
  - F. Appeal: A process by which a student who is not meeting the institution's satisfactory academic progress standards is eligible to appeal the institution for reconsideration of the student's eligibility for title IV, HEA program assistance based on extenuating circumstances.
  - G. Extenuating Circumstance: A one-time (not on-going) circumstance that is beyond the reasonable control of the student.
  - H. Financial Aid Probation: A status assigned by an institution to a student who fails to make satisfactory academic progress and who has appealed and has had eligibility for aid reinstated. A student in this status may not receive title IV, HEA program funds for the subsequent payment period unless the student makes satisfactory academic progress or the institution determines that the student met the requirements specified by the institution in the academic plan for the student.
  - I. Academic Plan – A plan developed through the SAP Appeal Process which will lead a student to qualify for further title IV, HEA program funds and complete the program within 150% of published program length.
  - J. Financial Aid Suspension – The status assigned upon failing to meet the minimum SAP standards or the terms of probationary status. Students in this status are not eligible to receive title IV, HEA assistance.
2. Federal regulations (CFR 668.32(f) and 668.34) require institutions of higher education to evaluate Satisfactory Academic Progress (SAP) using qualitative (GPA) and quantitative (pace of progression) standards.
  3. Qualitative and quantitative measures of SAP are required to ensure students receiving Federal Student Aid are progressing towards the completion of a degree or certificate within an eligible program.

4. Specific requirements for academic progress for Federal Student Aid recipients are applied differently than Scholastic Standards. Federal regulations state that SAP Standards must include a review of all periods of enrollment, regardless of whether or not aid was received. Standards are applicable for all enrolled payment periods, including all levels of enrollment (full-time or part-time enrollment). Students will be evaluated using the standards described below.
5. Failure to meet any of the minimum standards outlined below will result in a student's loss of HEA, Title IV Federal Student Aid.

### Evaluation Period

1. Standards of Satisfactory Academic Progress (SAP) will be evaluated at the end of each payment period. For credit hour programs, a payment period is a semester (Fall, Spring, and Summer). For clock hour programs, a payment period / evaluation will depend on the hours required in the program.
2. Standards of Satisfactory Academic Progress (SAP) are evaluated based on qualitative (GPA), quantitative (pace of progression), and maximum timeframe. Failure to meet any of these standards may result in the loss of eligibility for financial aid. Grades of F, I, N, W, Y, Z, and courses not yet graded are considered attempted, but not completed in evaluating SAP. Late grades will be recalculated and may change eligibility.
  - a. **Grade Point Average Qualitative Measurement:** Students must maintain a 2.0 cumulative Grade Point Average in order to meet SAP GPA requirements.
  - b. **Pace of Progression Quantitative Measurement:** Students must successfully complete 2/3 (66.67%) of all attempted course work. For clock hour programs, please refer to program attendance requirements.
  - c. **Maximum Time Frame Measurement:** Students must be able to complete their program within 150% of the published program length. Once students have attempted 150% of the published program length, they are no longer eligible for Federal Student Aid. For example, a 16 credit certificate program will allow up to 24 credit hours to complete the program. A 60 credit Associate's degree will allow up to 90 credit hours to complete the program.
3. Courses included in SAP evaluation:
  - a. All attempted coursework, regardless of enrollment status
  - b. Courses funded through a Consortium Agreement
  - c. All attempted remedial credits, including English as a Second Language (ESL) courses.
  - d. Repeated course work
  - e. All transferred coursework
  - f. Grades attempted, but not completed (F, I, N, W, Y, Z)
4. Course work included in the Maximum Time Frame evaluation:
  - a. All of those included in the Pace of Progression evaluation
  - b. Any Bachelor's degree (or higher) earned will be considered to have exhausted maximum timeframe eligibility
  - c. All coursework forgiven through the Academic Renewal Process
5. Course work not included in SAP evaluation:
  - a. Audited courses
  - b. Non-credit courses
  - c. Credit by examination

- d. Credit for prior learning option (as outlined in the college general catalog)

### **Notification**

Students who have applied for Federal Student Aid, but are not meeting Satisfactory Academic Progress requirements, will be notified via email of their FA Warning or ineligibility for financial aid. The notification will direct students to information regarding available college resources during the Warning Period and the appeal process in cases of extenuating circumstances.

### **Financial Aid Warning**

Students are allowed a warning period upon failing Qualitative and/or Quantitative SAP standards. The warning period allows one (1) payment period (semester) of Federal Student Aid eligibility upon failing SAP. The warning period will follow the semester for which SAP was not met, meaning the next semester for which the student registers for classes. In order to receive the Warning period, students must be meeting Maximum Timeframe requirements.

### **SAP Appeal**

Any student who has lost federal student aid eligibility due to a resolved, one-time extenuating circumstance may appeal to have their financial aid reinstated by completing a Satisfactory Academic Progress Appeal Form. The form must address:

1. what caused the student's work to fall below acceptable standards--specific explanations must be provided, including any supporting documentation,
2. each incomplete/failed course,
3. how the extenuating circumstance has been resolved, and
4. how the student will maintain good academic standards and progress toward the degree if the appeal is granted.

The outcome of the appeal will depend upon:

1. the nature of the extenuating circumstances (if the stated circumstance qualifies as such),
2. the quality of the documentation provided, and
3. how well the student has demonstrated the ability to progress towards degree completion within a reasonable time period.

All documentation submitted is confidential. All decisions are final and cannot be appealed. For assistance in completing the SAP appeal paperwork, including examples of supporting documentation, visit your college Financial Aid Office.

Students will be notified of the results of their appeal within ten (10) days of filing the appeal. Notification will include any restrictions or conditions pertaining to their appeal. The outcome of an appeal may include a probationary period.

Appeals granted longer than one (1) payment period must include an academic plan, which must be followed. Failure to follow an approved academic plan will result in immediate suspension of Federal Student Aid. Students are responsible for any and all debt incurred as a result of this adjustment to financial aid.

Failure to successfully complete all conditions during the probationary period (as defined in the academic plan) will result in loss of future financial aid eligibility.

### **Regaining Eligibility**

A student who has lost financial aid eligibility may only regain eligibility by meeting the minimum SAP standards. Transfer coursework taken at other colleges will be considered for reinstatement purposes.

If you are receiving federal financial aid it is important to read the information below prior to making a decision to withdraw.

### **Treatment of Title IV Aid When a Student Withdraws**

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, National SMART grants, TEACH Grants, Stafford Loans, PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs), and Federal Perkins Loans.

When you withdraw during your payment period or period of enrollment (you may contact the Financial Aid office to define these for you and tell you which one applies) the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro-rata basis. For example, if you completed 30% of your payment period or period of enrollment, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the payment period or period of enrollment, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a post-withdrawal disbursement. If your post-withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. Your school may automatically use all or a portion of your post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). The school needs your permission to use the post-withdrawal grant disbursement for all other school charges. If you do not give your permission, you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive any FFEL or Direct loan funds that you would have received had you remained enrolled past the 30th day.

If you receive (or your school or parent receives on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of:

1. your institutional charges multiplied by the unearned percentage of your funds, OR
2. the entire amount of excess funds. The school must return this amount even if it didn't keep this amount of your Title IV program funds.

If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time. Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return. You can view the tuition refund policy and requirements and procedures for withdrawing from school at <https://district.maricopa.edu/regulations/admin-regs/section-2/2-2>

**TECHNICAL CHANGE by Legal Counsel, May 6, 2020**

**AMENDED through DIRECT APPROVAL by the Chancellor, May 5, 2020**

**AMENDED through the Administrative Regulation Process, June 5, 2017**

### **2.2.12 Vaccinations (As Required By 20 USC §1092(a)(1)(V)):**

The Maricopa County Community Colleges District does not require that students receive vaccinations prior to enrollment. Certain professional or occupational programs do require particular vaccinations for participation in those programs. More information about these programs can be found on college websites.

## **2.2.13 UNIVERSITY TRANSFER**

### **UNIVERSITY TRANSFER**

The Maricopa Community Colleges have developed formal agreements to facilitate the transfer of credit to four-year colleges and universities. This is accomplished through the development of course and program articulation agreements. The Maricopa Community Colleges articulate with accredited private, public, and international baccalaureate granting institutions. Maricopa transfer agreements are on behalf of the district as a whole and not with individual colleges within the District. Courses taken at any of the Maricopa Community Colleges are equally transferable by institutions wishing to articulate. Students planning to transfer to a university may be required to submit official transcripts.

Articulated transfer programs and pathways between the Maricopa Community Colleges and baccalaureate-granting institutions [such as the Maricopa-ASU Pathway Program (MAPP), the UA Bridge Program, 2NAU and 90/30 Transfer Agreements] are official, recognized programs of study that fulfill both associate degree and bachelor's degree requirements. These articulated programs and pathways are designed to aid in a smooth transition for a student planning to transfer to a four-year college or university by identifying the required, transferable, and applicable coursework for that student's specific program of study. A complete list of Maricopa-ASU Pathway Program requirements by major and catalog year is maintained on ASU'S website, at [Transfer](#).

### **ARIZONA PUBLIC COMMUNITY COLLEGES AND UNIVERSITIES**

Maricopa is a participant in the Arizona statewide transfer system. [AZTRANSFER.COM](#) is the official source of information for the statewide articulation agreements between the Arizona public community colleges and universities (Arizona State University, Northern Arizona University, and University of Arizona). Included on [AZTRANSFER.COM](#) is the Course Equivalency Guide (CEG), which shows transfer course equivalencies between Arizona's public community colleges and tribal institutions to Arizona State University, Northern Arizona University, and the University Of Arizona. The transferability of a course does not indicate directly how the course will apply to meet requirements for specific bachelor's degrees. [AZ Transfer Course Equivalency Guide](#)

### **(U.S.) AND INTERNATIONAL INSTITUTIONS**

The Maricopa Community Colleges have transfer agreements with accredited U.S. universities and colleges as well as international institutions that have been approved by the Ministry of Education. These partnerships are formalized through District-Wide memorandums of understanding and articulation agreements, and are designed to help students maximize the applicability of transfer credit toward a bachelor's degree. To access a list of institutions with which Maricopa has established articulation agreements, visit: [Maricopa University Partner List](#)

### **TIME LIMIT FOR TRANSFER COURSEWORK**

Students should be aware other colleges and universities may have age of credit limits on certain coursework to be used in transfer. Students should refer to the policy of their intended transfer institution regarding time limits for transfer coursework.

### **SHARED UNIQUE NUMBERING (SUN) SYSTEM COURSE INFORMATION**

Senate Bill 1186, which passed into law in 2010, mandated the creation of a shared numbering system for public college and university courses in Arizona to identify courses that transfer from community colleges to universities toward a baccalaureate degree. The Shared Unique Number (SUN) system is a college course numbering system designed to help students locate and enroll in courses that have direct equivalents for transfer among Arizona's public community colleges and three state universities. However, even if a course at the Maricopa Community Colleges is not designated as a SUN course, it may still transfer to other Arizona public institutions with a direct equivalent as per the Course Equivalency Guide on [AZTRANSFER.COM](#). The SUN system does not address the applicability of courses. students are encouraged to work with an academic advisor on course selections. To access a list of SUN courses, visit [SUN](#)

### **ADOPTED through the Administrative Regulation Process, June 4, 2019**

## 2.9 Veterans Services

The Maricopa Community Colleges' veterans' services offices act as liaisons with the Department of Veterans Affairs and the state approving agency. Each program must be approved by the state approving agency. Students may be eligible to receive educational benefits if they are registered in courses that apply to the student's approved programs. Application forms, counseling, advisement, tutoring, and priority enrollment are available for students who are eligible for veteran's educational benefits. Students applying for veteran's educational benefits should allow eight to ten weeks before receiving benefits. The amount of benefits awarded is determined by the Department of Veterans Affairs, and is based on the number of credit hours or clock hours for which a student is enrolled and the length of the enrollment period for each course.

Veteran's benefits available:

- Chapter 30 - Montgomery GI Bill®
- Chapter 31 - Vocational Rehabilitation (separately served through the local VA office)
- Chapter 32 - VEAP Program
- Chapter 33 - Post 9/11 GI Bill® & Transfer of Eligibility to Dependents (TOE)
- Chapter 35 - Survivors and dependents of deceased/100% disabled veterans
- Chapter 1606 - Montgomery GI Bill®, Selected Reserve
- Chapter 1607 - REAP Reserve Educational Assistance Program

*GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.*

It is the student's responsibility to notify the office that serves veterans at their campus regarding any change in enrollment, address, program of study, enrollment at another institution, or any other change that may impact their veteran's educational benefits.

Those students receiving benefits must follow the VA academic progress policy to continue to receive benefits.

Department of Veterans Affairs regulations require that all persons using any type of veteran educational assistance program make satisfactory academic progress toward achievement of their educational objective (program of study). A student who does not meet the minimum standards of 2.0 upon completion of 12 or more credit hours will be placed on probation, at which point the student will have no more than two semesters in which to improve academic standing to acceptable. At this point, if satisfactory academic progress has not been demonstrated, veteran educational benefits will be terminated. Benefits may be resumed when the student raises the cumulative grade point average to the required minimum standards or demonstrates the ability to meet these standards through the approval of a written appeal. For appeal procedures, contact the office that serves veterans at your campus.

For additional details and information regarding veteran's educational benefits, contact the office that serves veterans at your campus.

### **Distance Learning:**

The course content and competencies for distance learning classes are the same as courses offered in-person or in a hybrid format. The courses offered in this format lead to completion of MCCC degrees and/or certificates of completion.

Colleges use Learning Management Systems (LMS) like Canvas and RioLearn for online offerings. These portals are used for both hybrid and online classes. Students must use their Maricopa Enterprise ID and password to access the portal. The link to the portal is provided on the college home page and on [my.maricopa.edu](http://my.maricopa.edu), the district's website for student

access to Maricopa tools. Maricopa-assigned student email addresses are used for communicating with students within the tools. Students are also able to communicate with the instructor through the LMS, via Maricopa e-mail or by phone.

### **Externship Programs:**

The Maricopa Community College's official District course descriptions for credited experiential learning opportunities (Internships, Externships, Practicums, and Clinicals) state the amount of hours required in order for a student to receive college credit. The descriptions also indicate if a maximum amount of credit is allowable for any given experiential learning opportunity. Each course that includes an experiential learning opportunity is assigned a Maricopa Instructor of Record who is responsible for ensuring that the student completes the required hours and assignments in order to receive credit. Additionally, the instructor works extensively with a site supervisor to ensure that the student is making satisfactory progress and meeting the time requirements. The experiential credit process for the student includes the specific course details and learning outcomes, how hours will be tracked, and what is required for grading and course completion. The instructor submits the final grade for the experience. Maricopa's experiential learning process is in compliance with CFR 38 21.4265

A complete list of internship courses, along with course objectives, can be found on the Maricopa Community College's District – [Center for Curriculum and Transfer Articulation](https://curriculum.maricopa.edu/transfer-and-articulation) website, located at: <https://curriculum.maricopa.edu/transfer-and-articulation>

### **Prior Credit Evaluation:**

Department of Veterans Affairs requires that all persons using any type of veteran's educational assistance must have all prior education and training evaluated. Students will be required to request transcripts from all prior institutions, including military training. Without all prior institutions and military training, veteran educational assistance may not be certified. Transcripts will be evaluated and credit will be granted, as appropriate.

**AMENDED through the Administrative Regulation Process, March 6, 2019**

**AMENDED through the Administrative Regulation Process, June 5, 2017**

**AMENDED through the Administrative Regulation Process, May 16, 2016**

## **SCHOLASTIC STANDARDS**

### **2.3.1 Academic Load**

A credit hour is defined as an amount of work represented in course competencies and verified by evidence of student achievement that reasonably approximates not less than one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester hour of credit, or the equivalent amount of work over a different amount of time, or at least an equivalent amount of work for other academic activities, including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours. In accordance with common practice in higher education, instruction representing a credit hour is typically delivered in a 50 minute class period.

Students carrying at least twelve (12) credit hours will be considered full-time students for the fall and spring semesters. Three-quarter-time is 9 - 11.9 credit hours. Half-time is 6 - 8.9 credit hours. Fewer than six (6) credit hours is considered less than half-time. Academic load for summer and special terms may be defined differently. Contact the Admissions and Records Office/Office of Student Enrollment Services for clarification. As provided in the Reduced Course Load administrative regulation, a student may be deemed a full-time student carrying fewer than twelve credit hours pursuant to an accommodation of a disability.

Courses may vary in length, and begin and end throughout the year. A credit hour indicates the value of an academic credit. Standards for the awarding of credit hours may be time based or competency based. To obtain credit, a student

must be properly registered and must pay fees for the course. The fall and spring semesters are typically sixteen (16) weeks in length. Summer sessions are typically five or eight weeks in length.

Students desiring to take more than eighteen (18) credit hours must obtain approval from the designated college official. Ordinarily, only students with a grade point average of 3.0 or higher for the preceding semester or first semester students who were in the upper quarter of their high school graduating class are permitted to carry more than eighteen (18) credit hours.

Students participating in extra-curricular or co-curricular activities or receiving financial assistance may be required to maintain a specified minimum academic load.

Students who are working, have considerable extra-curricular or co-curricular activities, or have been reinstated from academic suspension/probation should plan their academic load accordingly.

### **Schedule Changes**

Students may change their schedule by following the designated procedures at their college of enrollment. It is the student's responsibility to notify the college if he/she will no longer be attending the class (see [Appendix S-7](#) for Withdrawal Procedures).

### **2.3.2 Attendance**

- Only persons who are registered for a class at any of the Maricopa Community Colleges may attend that class. Attendance requirements are determined by the course instructor. Students who do not meet the attendance requirement as determined by the course instructor may be withdrawn.
- Students who fail to attend the first scheduled class meeting, or to contact the instructor regarding absence before the first scheduled class meeting may, at the option of the instructor, be withdrawn.
- At the beginning of each course, each faculty member will provide students with written attendance requirements. It is the student's responsibility to consult with the instructor regarding official or unofficial absences. Absences begin to accumulate with the first scheduled class meeting.
- Students bear the responsibility of notifying the Admissions and Records Office/Office of Student Enrollment Services when they discontinue studies in a course or at the college. Please refer to [Appendix S-7](#) for Withdrawal Procedures.

### **1. Official Absences**

- A. Official absences are those that occur when students are involved in an official activity of the college, i.e., field trips, tournaments, athletic events, and present an official absence excuse form. Absences for such events shall not count against the number of absences allowed by an instructor or department. Students who must miss a class for an official reason must obtain an official absence verification card from the appropriate vice president or designee and present it to the appropriate instructor(s) before the absence. Prior arrangements must be made with each instructor for make-up work. If prior arrangements have been made, the student will not be penalized.
- B. Other official absences include jury duty and subpoenas. Appropriate documentation will be required. Prior arrangements must be made with each instructor for makeup work. If prior arrangements have been made, the student will not be penalized.
- C. In the event of military commitments. Absences for periods of up to one week will not be counted against the number of absences allowed by an instructor or department. The student is required to provide appropriate documentation of the specific orders, length of assignment and location. Prior notification must be initiated with each instructor to discuss make-up work. If the length of the absence will be longer than one week, the instructor and the student will determine whether there is sufficient opportunity for the student to make up the work. If it is determined that the length of absence for the military commitment provides an undue hardship on the student's ability to make up the assignments, he or she will be provided an opportunity to request an incomplete grade or drop the class or, in the case of open-entry classes, the opportunity to request an extension.

- D. In the event of the death of an immediate family member, absences for periods of up to one week will not be counted against the number of absences allowed by an instructor or department. Students should contact instructor(s) as soon as possible to arrange for make-up work. Appropriate documentation will be required (for example, a copy of the obituary or funeral program). In specialized programs that require clinical rotations, this regulation may not apply.

## 2. Religious Holidays

Students shall have the right to observe major religious holidays without penalty or reprisal by any administrator, faculty member or employee of the Maricopa Community Colleges. Absences for such holidays shall not count against the number of absences allowed by an instructor or department, provided the student has utilized the Religious Accommodation Procedure outlined in ND-4 of the Administrative Regulations Appendices. The Procedure and Religious Accommodation form may be found at [ND-4](#). As outlined in the ND-4 Religious Accommodation Procedure, to the extent possible, requests must be made at least two (2) weeks before the requested absence from class due to religious holiday or day of observance by providing the faculty member with the [Religious Accommodation Request Form](#). Once a religious accommodation is granted, the student must make arrangements with each instructor for make-up work.

AMENDED through the Administrative Regulation Process, November 5, 2019

### 2.3.3 Grading

#### 1. Policy

It is the policy of the Maricopa Community Colleges that a grade will be assigned at the conclusion of the course. Official grades are available on designated college web sites.

#### Grade Key

A	Excellent	4 grade points per credit hour
B	Above Average	3 grade points per credit hour
C	Average	2 grade points per credit hour
D	Passing	1 grade point per credit hour
F	Failure	0 grade points per credit hour
I	Incomplete	Not computed in grade point average
IP	Course in Progress	Not computed in grade point average
N	Audit	Not computed in grade point average
P*	Credit	Not computed in grade point average
W	Withdrawn, passing	Not computed in grade point average
Y	Withdrawn, failing	0 grade points per credit hour
Z	No Credit	Not computed in grade point average

*\* A "P" is judged to be equivalent to a grade of C or higher.*

NOTE: Grading errors discovered after the sixty (60) day expiration date can be corrected if they have been researched by the Director of A&R/Enrollment Services and the Instructor of Record or the Department/Division Chair.

#### 2. Incomplete Grade

- Students who are doing acceptable work may request an incomplete grade "I" if they are unable to complete the course requirements by the end of the term because of illness or other extenuating circumstances. If the request is approved by the instructor, he or she shall define, in a written/electronic contract, how the course will be completed.
- Students must complete the requirements within the time period agreed to--maximum time allowed is seven (7) months from the last date of class in which the grade of incomplete was assigned. Students who do not complete the requirements within the approved time period will have their grade recorded in accordance with the written contract. Students should NOT reregister for the course to complete the contract.
- A student's eligibility for financial aid may be jeopardized by an incomplete grade. Refer to the Standards of Satisfactory Academic Progress for details.

#### 3. Repeating a Course/Improving a Grade

Students who wish to improve their GPA may repeat a course within the Maricopa Community Colleges up to three times after the initial attempt. (A “W” is not considered an attempt.) Students planning to repeat a course should seek advisement prior to enrolling. The lower grade(s) and credit for repeated courses taken at the same college will automatically be excluded from the grade point calculation.

However, if the course(s) were taken at a different Maricopa Community College, the student must submit a request for the lower-graded course to be excluded from the GPA. The request can be submitted to the Admissions and Records Office at any of the Maricopa Community Colleges that the student attended.

Students receiving federal financial assistance and/or benefits should follow up with the Office of Financial Aid and/or Veterans’ Services regarding their policies for repeated courses. An official student transcript is a permanent academic record issued by the college registrar. It displays all courses taken for credit within the Maricopa Community Colleges District and includes all grades received. Unlike an unofficial transcript, it is signed and dated by the college registrar and displays the college seal of the Maricopa College issuing the official transcript.

Check individual courses and programs for exceptions.

#### 4. Credit/No Credit Courses (P/Z)

- A. Some courses may be taken under a credit/no credit grading system. These courses carry grades of P (credit, equivalent to a grade of C or higher) or Z (no credit) and are not computed in the student's grade point average. Credits earned with a grade of P may be counted toward graduation with the exception of AGECE (Arizona General Education Curriculum).
- B. The prescribed time limits are for full-semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly. See "Important Deadlines for Students".
- C. In courses with credit/no credit (P/Z) grading, the student may request standard grading (A, B, C, D, F), within fourteen (14) days including the date of the first class meeting. The instructor must immediately notify the Admissions and Records Office/Office of Student Enrollment Services.
- D. In courses with standard grading (A, B, C, D, F), the instructor determines if the credit/no credit option is available. If the option is available, the student must obtain the permission of the instructor. The instructor must notify the Admissions and Records Office/Office of Student Enrollment Services within fourteen (14) days including the day of the first class meeting.
- E. It is the student's responsibility to verify the transferability of credit/no credit courses. Some universities place a limitation on the number of credit/no credit courses that can be transferred.

*Advisory note: Some institutions outside the Maricopa Community Colleges may translate the Z grade as failing.*

#### 5. Audit Courses

- A. Auditors are those who enroll in a course for the sole purpose of obtaining information; they receive no credit, grades, homework, or tests. If an auditor wishes to earn credit, he or she must change from audit status to credit status within the first week. If a student wishes to audit a course for which he or she is enrolled for credit, the change must be made within the first five (5) weeks of a semester. Auditors are subject to the same attendance policies as other students and must meet the same prerequisite requirements or obtain approval of the instructor. See the fee schedule for charges. Financial aid is not available for audited courses.
- B. The prescribed time limits are for full-semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly and appear in the "Important Deadlines for Students."

#### 6. Important Deadlines for Students (See [Appendix S-12](#))

Class Length	Deadline for Students to Withdraw with Guaranteed Grade of W	Deadline for Students to Withdraw from a Course (Instructor Signature Required)	Deadline for Students to Request Complete Withdrawal	Deadline to Change Type of Grading (A-F to P/Z, or P/Z to A-F)	Deadline to Change From Audit Grade to Credit Grade	Deadline to Change from Credit Grade to Audit Grade

AMENDED through the Administrative Regulation Process, June 30, 2020

AMENDED through the Administrative Regulation Process, June 5, 2017

AMENDED through the Administrative Regulation Process, June 4, 2018

### 2.3.4 Academic Probation (Progress)

#### 1. Probation

A student will be placed on academic probation if, after completion of twelve (12) or more credit hours, the student's cumulative grade point average is less than 2.0:

Students on academic probation may take no more than twelve (12) credit hours per semester unless approved by the Admissions and Standards Committee.2.9

#### 2. Continued Probation

A student on academic probation who fails to raise the cumulative grade point average 2.0 will be placed on continued probation and may be limited to taking six (6) credit hours.

Academic probation and continued probation are calculated at the conclusion of every term including summer.

### 2.3.5 Instructional Grievance Process

A student who feels that he or she has been treated unfairly or unjustly by a faculty member with regard to an academic process such as grading, testing, or assignments, has the right to appeal according to the approved procedures.

The appeal process for grades must be initiated no later than sixty (60) calendar days from the date the grade was issued. Steps outlining the process are available in [Appendix S-6](#).

#### Appendix S-6: Instructional Grievance Process

A student who feels that he/she has been treated unfairly or unjustly by a faculty member (full-time or part-time) with regard to an academic process such as grading, testing or assignments, shall discuss the issue first with the faculty member involved. This conference shall be requested by the student within fifteen (15) working days from the time the student knew or reasonably should have known about the unfair or unjust treatment.

This instructional grievance process should not be utilized in a case in which a student feels he/she has experienced discrimination. If the student feels that he/she has experienced discrimination on the basis of race, color, religion, sex, gender identify, national origin, citizenship status (including document abuse), gender, age, disability, veteran status, genetic information, or sexual orientation, the student should refer to the Discrimination Complaint Procedures for Students as administered by the Vice President for Student Affairs.

Steps for students to follow:

1. If, within ten (10) working days of the request for the conference with faculty member, the problem is not resolved or the faculty member has been unable to meet with the student, the student may continue the process by filing a written grievance with the Department/Division Chairperson and appropriate administrative officer at the college/center. This written grievance must be filed within ten working days following the previous deadline. The written grievance will be given to the faculty member five days before any official meetings are convened.
2. Upon receipt of a written grievance, the Department/Division Chair or appropriate college administrative officer will work with the parties in an attempt to resolve the conflict. The faculty may ask that the College Faculty Senate President be in attendance. Every attempt will be made to maintain confidentiality during this process. A faculty member will not be required to respond to a grievance which is not in writing and which, when appropriate, did not have specific documentation including dates, times, materials, etc. The written grievance will be made available to the faculty member.
3. If the grievance is not resolved at this level within ten working days, the student should forward to vice president of academic affairs or designee, a copy of the original written grievance with an explanation regarding action taken at each prior level. The dean of instruction or appropriate college/ center administrative officer will meet with the student, faculty member, the College Faculty Senate President if requested by the faculty member, and Department/Division Chair and attempt to resolve the issues. This level will be the final step in any grievance process regarding grades.
4. If the grievance, other than those concerning grades, is not resolved by the vice president of academic affairs or designee, it may be forwarded in writing by the student to the college president for final resolution. The college president or designee will issue a final written determination in the grievance process.
5. Instructional grievances are resolved at the college level. The district office is not an avenue of appeal for the instructional grievance process.

**Note:** The grievance process for grades must be initiated no later than sixty (60) calendar days from the date the grade was issued.

### **2.3.12 Non-Instructional Complaint Resolution Process**

A student who feels that he or she has been treated unfairly or unjustly by any employee with regard to a non-instructional process such as a student or administrative services has the right to file a formal and written complaint according to the approved procedures. See [Appendix S-8](#).

#### **Appendix S-8: Non-Instructional Complaint Resolution Process**

A student who feels that he or she has been treated unfairly or unjustly by any employee with regard to a non-instructional process such as a student or administrative services has the right to file a formal and written complaint according to the approved procedures. Steps for students to follow:

1. Discuss the issue with the employee involved. The student should request this conference within fifteen (15) working days from the time the student knew or reasonably should have known about the unfair or unjust treatment.
2. If, within ten (10) working days of the request for the conference with the employee, the problem is not resolved or the employee has been unable to meet with the student, the student may continue the process by filing a written complaint with the appropriate supervisor of the employee where authority exists to take corrective action. This written complaint must be filed within ten (10) working days following the previous deadline. The written complaint will be given to the employee five (5) working days before any official meetings are convened.
3. Upon receipt of a written complaint, the appropriate supervisor will work with the parties in an attempt to resolve the conflict. Every attempt will be made to maintain confidentiality during this process. An employee will not be required to respond to a complaint which is not in writing and which, when appropriate, does not have specific

documentation including dates, times, actions, supporting documents, etc. The written complaint will be made available to the employee.

4. If the complaint is not resolved at this level within ten (10) working days, the student should forward to the Vice President of Student Affairs or Designee, a copy of the original written complaint with an explanation regarding action taken at each prior level. The dean and/or associate dean will meet with the student, the employee, and the relevant supervisor and attempt to resolve the issues.
5. If the associate dean and/or dean do not resolve the complaint, the student may forward it in writing to the college president for final resolution. The college president or designee will issue a final written determination in the complaint process.

### 2.3.6 Withdrawal

To withdraw from a course or courses from the college, students must follow approved procedures (See [Appendix S-7](#)). The Office of Admissions and Records provides information about the withdrawal process. The official date of withdrawal is the date the withdrawal is received in the Admissions and Records Office/Office of Student Enrollment Services.

Never attending is not an allowable refund exception or an excuse of the debt incurred through registration. Please see the refund policy.

## Appendix S-7: Student and Faculty Withdrawal Procedures

### Student Withdrawal Procedures

#### 1. Withdrawal from Specific Courses

A student may officially withdraw from specific courses in the following ways:

- A. Through the 7th week\*, a student may initiate an official withdrawal from any course by completing the withdrawal process online using the student self service system or by submitting a course withdrawal form to the Admissions and Records Office/Office of Student Enrollment Services in accordance with the published deadlines. A grade of W (withdrawn, passing – not computed in the grade point average) will be assigned.
- B. After the 7th week\*, a student must initiate a withdrawal request with the faculty member. If, after consultation with the student, the faculty member approves the request, a grade of W (withdrawn, passing--not computed in the grade point average) or Y (withdrawn, failing--computed in the grade point average as a failing grade) will be assigned. If the request is not approved, the student will remain in the course.
- C. A student has the right to appeal a withdrawal decision according to the approved procedures. Steps outlining the process are available in [Appendix S-6](#).

*\*The prescribed time limits are for full semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly. See Important Deadlines for Students. Failure to file an official withdrawal form may result in failing grades and responsibility for course tuition and fees. Refunds will only be processed within the refund period.*

#### 2. Complete Withdrawal from College

Students electing to withdraw from the college must contact the Admissions and Records Office/Office of Enrollment Services no later than two weeks\* before the end of the last class meeting and may be required to file a written request.

A grade of W will be assigned in all courses for students who withdraw by the end of the 7th week\* of classes. Withdrawals completed after this time will result in a grade of W (withdrawn, passing – not computed in the grade point average) or Y (withdrawn, failing – computed in the GPA as a failing grade).

*\*The prescribed time limits are for full semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly. See Important Deadlines for Students. Failure to file an official withdrawal form may result in failing grades and responsibility for course tuition and fees. Refunds will only be processed within the refund period.*

#### 3. Withdrawal of Financial Aid Students

In accordance with federal regulations (34CFR 668.22), a student may be required to repay federal financial aid funds if they completely withdraw or are withdrawn, or fail to earn a passing grade from all classes during a

semester. Further information is available at the college Office of Student Financial Aid. This could affect a student's ability to receive Financial Aid in the future at any school.

### **Faculty Withdrawal Procedures**

A faculty member has the option of withdrawing a student who has accumulated unofficial absences in excess of the number of times indicated in that faculty member's attendance policy in the course syllabus (see AR 2.3.2). A grade of W (withdrawn passing, not computed in GPA) or a grade of Y (withdrawn failing, 0 grade points per credit hour) may be assigned in accordance with the course syllabus. Faculty members electing to withdraw students must record the withdrawal through the online system, including last date of attendance and withdrawal code. Students withdrawn for excessive absences may be reinstated only with the approval of the faculty member. Any impact on attendance that is protected by the exercise of students' rights under ADA/504, Title IX, Title VI, or other recognized law or policy do not count as unexcused absences for the purposes of instructor-initiated withdrawals for lack of attendance/participation.

**Requests for withdrawals should be referred directly to the College of Enrollment.**

**AMENDED through the Administrative Regulation Process, December 12, 2018**

**AMENDED through the Administrative Regulation Process, February 23, 2010**

**AMENDED through the Administrative Regulation Process, August 18, 2008**

**AMENDED through the Administrative Regulation Process, March 5, 2009**

### **2.3.7 Academic Renewal**

Students who are returning to this college after a separation of five (5) years or more from the Maricopa Community College District, may petition for academic renewal. The request must be in writing and submitted to the Admissions and Records Office/Office of Student Enrollment Services at the college where the grades were earned.

Academic renewal at one of the Maricopa Community Colleges does not guarantee that colleges outside the Maricopa Colleges will accept this action. Acceptance of academic renewal is at the discretion of the receiving institution.

1. Prior to petitioning for academic renewal, the student must demonstrate a renewed academic performance by earning a minimum of twelve (12) credit hours and a cumulative grade point average of 2.5 or higher within Maricopa Colleges after reenrollment.
2. Upon approval, all courses taken prior to reenrollment with a grade of "A," "B," "C," "D," "F," and "Y" will be annotated as academic renewal on the student's permanent record. All course work affected by academic renewal will not be computed in the grade point average. Courses with grades "A," "B," or "C" will have the associated credit hours counted in the total credit hours earned. Such credit will not be computed in the grade point average.
3. All course work will remain on the student's permanent academic record, ensuring a true and accurate academic history.
4. The academic renewal policy may be used only once at each college and cannot be revoked once approved.
5. Students who have been granted Academic Renewal must also meet the Financial Aid Standards of Academic Progress if they wish to receive financial aid.

### **2.3.8 Honors Program**

Each of the Maricopa Community Colleges has an honors program. Interested students should contact the college honors coordinator for information about the program and available scholarships, including the Chancellor's, Foundation's, and President's Scholarships.

### **President's Honor List**

The President's Honor List for each college consists of all students who complete twelve (12) or more credit hours in residence in courses numbered 100 or higher in a given semester with a college semester grade point average of 3.75 or higher.

### **2.3.9 General Graduation Requirements**

**Note:** Also see Catalog Under Which a Student Graduates ([AR 2.2.5](#))

All students are required to complete the degree and/or certificate requirements as approved by the MCCCCD Governing Board. The college reserves the right to make necessary course and program changes in order to meet current educational standards. In addition, students must:

1. Be credited in the Admissions and Records Office/Office of Student Enrollment with not fewer than: 60 semester credit units in courses numbered 100 or above for the Associate in Arts degree, Associate in Science degree, Associate in Transfer Partnership degree, and Associate in General Studies degree; 60 semester credit units for the Associate in Applied Science degree; 62 semester credits for the Associate in Business degrees. For specific certificate programs, be credited with not fewer than the minimum total of credit units required for the certificate program.

Students not continuously enrolled, as outlined in the [Catalog Under Which a Student Graduates](#) policy, must satisfy current graduation requirements.

2. Have earned a minimum of 12 semester credit units toward the degree or certificate at the district college granting the degree or certificate. The 12 hours in the AAS degree curricula may be in the Required Courses area and/or Restricted Electives courses. Courses from the General Education Core and Distribution area are excluded. In cases where the certificate requires fewer than 12 credit units, a minimum of six credit units must be completed at the college awarding the certificate. The minimum of six credit hours in the certificate or degree curricula may be in the Required Courses area and/or the Restricted Electives. Courses from the General Education Core and Distribution areas are excluded.

Shared Programs are programs offered at multiple colleges but not available at all colleges. The requirements are identical at all the colleges offering the program.

A shared program requires a minimum of six credit hours from the total program requirements to be completed with a grade of "C" or better at the college awarding the certificate or degree.

The exception is the Nursing program. For those shared programs with less than six credit hours, the total hours for the program must be completed at the college awarding the certificate.

The same degree or certificate can only be awarded once within the Maricopa Community College District.

3. Have filed an application for the degree or certificate with the Admissions and Records Office/Office of Student Enrollment Services on the date determined by the college/center. Students must apply for graduation from the college where they have successfully completed Block 4 of the Associate in Applied Science in Nursing.
4. Have a minimum cumulative grade point average of 2.000 at the college granting the degree.
5. Have a minimum cumulative grade point average of 2.000 in all courses used to fulfill degree requirements. Some specific programs have higher grade requirements. It is the student's responsibility to be aware of these program requirements.
6. For the Maricopa Nursing program offered at eight of the MCCCCD campuses, the cumulative GPA for awarding purposes is calculated based on courses required for the degree or certificate taken at **any** MCCCCD Maricopa Nursing campus and includes pre-requisites, co-requisites, and nursing blocks.
7. Have removed, thirty (30) days after the anticipated graduation date, all deficiencies on the record to use those courses toward program completion.
8. Have removed any indebtedness to any MCCCCD college /center.
9. Have paid required degree or certificate application fee.

See fee schedule for charges.

### **Graduation with Honors**

All courses used to fulfill graduation requirements, including courses from other accredited institutions, will be entered in the grade point average calculation for honors designations.

Students who have the following grade point averages will graduate with the following distinctions:

- 3.50 to 3.69 “with distinction”
- 3.70 to 3.89 “with high distinction”
- 3.90 to 4.0 “with highest distinction”

### **Certificates/Degrees**

The Maricopa Community Colleges offer Certificates of Completion as well as Associate Degrees, one of which is conferred on each student who has completed a program of study. These certificates and degrees are as follows: (1) Certificate of Completion (Career Program Specified); (2) Academic Certificate; (3) General Education Certificate; (4) Associate in Arts; (5) Associate in Science; (6) Associate in Business; (7) Associate in General Studies; (8) Associate in Transfer Partnership; (9) Associate in Applied Science (Career Program Specified).

All candidates for a degree and/or certificate must complete the General Graduation Requirements as approved by the MCCCCD Governing Board.

All students are urged to meet with a faculty advisor, program advisor or counselor as soon as possible to determine which program meets their needs and to plan their course of study.

### **Licensure Disclaimer**

Maricopa Community Colleges courses and programs prepare students for entry into a variety of professions. Many of these professions require that a person hold an occupational license or certificate in order to work in a particular field. Typically, a person must meet certain legal requirements before obtaining such a license or certificate. These requirements are established by county, state or federal agencies, and often are based on a person’s character, or whether the person has been convicted of a criminal offense. It is possible for a student who has obtained a degree or certificate from a community college to be denied the right to work in a particular profession after completing the degree or certificate because of concerns over the student’s character or criminal background. Any student preparing to enter a field for which a professional license or certificate is required is strongly advised to consult with the appropriate government agency that issues such credentials. That agency can provide the student complete information about any requirements the law imposes for working in a particular occupation.

### **MCCCCD General Education Statement**

The general education core of the program of study for an associate degree or a certificate helps students develop a greater understanding of themselves, of their relationship with others, and of the richly diverse world in which they live. The general education experience provides students with opportunities to explore broad areas of commonly held knowledge and prepares them to contribute to society through personal, social, and professional interactions with others. General education fosters students’ personal development by opening them to new directions, perspectives, and processes.

Through its general education requirements, the Maricopa County Community College District is committed to helping students develop qualities and skills that will serve them throughout their lives. General education opportunities encourage students to:

1. Build self-awareness, self-respect, and self-confidence
2. Recognize and respect the beliefs, traditions, abilities, and customs of all people and all cultures
3. Consider the local, global, and environmental impacts of personal, professional, and social decisions and actions
4. Access, evaluate, analyze, synthesize, and use information wisely
5. Communicate effectively personally, socially, and professionally
6. Think critically, make informed decisions, solve problems, and implement decisions
7. Consider the ethical implications of their choices
8. Value the learning process throughout their lives
9. Integrate and connect ideas and events in a historical perspective, and see relationships among the past, the present, and the future
10. Develop a personal sense of aesthetics

11. Use technological resources appropriately and productively
12. Work cooperatively and respectfully with others to serve their communities

The general education experience at MCCCDC is composed of specific elements across the curriculum designed to provide the learner with essential knowledge and skills:

- Communication
- Arts and Humanities
- Numeracy
- Scientific Inquiry in the Natural and Social Sciences
- Information Literacy
- Problem-Solving and Critical Thinking
- Cultural Diversity

**General Education Designations (example: (FYC), [SB], [HU], etc.)**

Effective fall 2000 the course evaluation and/or general education designation as listed in the Arizona CEG (Course Equivalency Guide) within the Arizona Course Applicability System (AZCAS) is valid for the term in which the student is awarded credit on the transcript. A course evaluation and/or general education designation may be subject to change. Given that curriculum is dynamic at both MCCCDC and the institutions to which MCCCDC students transfer, students have the option to petition for general education evaluations and/or general education designations.

The college reserves the right to make necessary course and program changes in order to meet current educational standards.

**AMENDED by Direct Approval by the Chancellor, December 6, 2019**  
**AMENDED through the Administrative Regulation Process, June 5, 2017**

**2.2.5 Catalog Under Which a Student Graduates**

Students maintaining continuous enrollment at any public Arizona community college or university may graduate according to the requirements of the catalog in effect at the time of initial enrollment or according to the requirements of any single catalog in effect during subsequent terms of continuous enrollment. Students may maintain continuous enrollment whether attending a single public community college or university in Arizona or transferring among public institutions in Arizona while pursuing their degrees.

1. A semester in which a student earns course credit will be counted toward continuous enrollment. Non-credit courses, audited courses, failed courses, or courses from which the student withdraws do not count toward the determination of continuous enrollment for catalog purposes.

**EXAMPLE A**

Admitted & Earned Course Credit at a Public Community College or University	Fall '05 (Active)
Continued at a Public Community	Spring '06, Fall '06 (Active)
College Transferred to a University	Spring '07 (2005 or Any Subsequent Catalog)

**EXAMPLE B**

Admitted & Earned Course Credit at a Public Community College or University	Fall '02 (Active)
Enrolled But Earned All Ws, Zs, or Fs	Spring '03 (Inactive)
Enrolled in Audit Courses Only	Fall '03 (Inactive)
Nonattendance	Spring '04 (Inactive)
Transferred to a University	Fall '04 (2004 or Any Subsequent Catalog)

2. Students who do not meet the minimum enrollment standard stipulated in No. 1 during three consecutive semesters (fall/spring) and the intervening summer term\* at any public Arizona community college or university are

no longer considered continuously enrolled, and must meet requirements of the public Arizona community college or university catalog in effect at the time they are readmitted or of any single catalog in effect during subsequent terms of continuous enrollment after readmission.

EXAMPLE A

Admitted & Earned Course Credit at a Public Community College or University	Fall '02 (Active)
Nonattendance	Spring '03, Fall '03, Spring '04 (Inactive)
Readmitted & Earned Course Credit at a Public Community College	Fall '04 (Active)
Transferred to a University	Spring '05 (2004 or Any Subsequent Catalog)

EXAMPLE B

Admitted & Earned Course Credit at a Public Community College or University	Fall '02 (Active)
Nonattendance	Spring '03 (Inactive)
Readmitted & Earned Course Credit at a Public Community College	Fall '03, Spring '04 (Inactive)
Nonattendance	Summer '03 (Active)
Transferred to a University	Fall '04 (2002 or Any Subsequent Catalog)

*\*Students are not obligated to enroll and earn course credit during summer terms, but summer enrollment may be used to maintain continuous enrollment status.*

3. Students admitted or readmitted to a public Arizona community college or university during a summer term must follow the requirements of the catalog in effect the following fall semester or of any single catalog in effect during subsequent terms of continuous enrollment.

EXAMPLE

Admitted & Earned Course Credit at a Public Community College or University	Summer '04 (Active)
Continued at a Public Community College	Fall '04, Spring '05 (Active)
Nonattendance	Fall '05 (Inactive)
Readmitted & Earned Course Credit at a Public Community College	Spring '06 (Active)
Transferred to a University	Summer '06 (2004 or Any Subsequent Catalog)

4. Students transferring among Arizona public higher education institutions must meet the admission requirements, residency requirements, and all curricular and academic requirements of the degree-granting institution.

The college reserves the right to make necessary course and program changes in order to meet current educational standards.

**2.3.10 Transcripts for Transfer**

An official student transcript is a permanent academic record issued by the college registrar. It displays all courses taken for credit within the Maricopa Community College District and includes all grades received. Unlike an unofficial transcript, it is signed and dated by the College Registrar and displays the college seal of the Maricopa College ISSUING the official transcript.

The transcript is issued upon written request only. Those students who want to transfer to other institutions of higher education, including other Maricopa Community Colleges, must request their transcript be sent from the Admissions and Records Office/Office of Student Enrollment Services. However, transcripts may be shared within the Maricopa Community College District without the written request of the student in compliance with FERPA.

Official transcripts will not be issued to students having outstanding debts to any of the Maricopa Community Colleges. The release of transcripts is governed by the guidance of the Family Education Rights and Privacy Act of 1974 (see Records Policy in the Student Rights and Responsibilities section of this manual). There is no charge for unofficial

transcripts, or for official transcripts sent between Maricopa Community Colleges. See the Tuition and Fee Schedule for charges for other official transcripts.

**AMENDED through the Administrative Regulation Process, June 5, 2017**

## **COLLEGE ENVIRONMENT**

### **2.4.4 Sexual Harassment Policy for Students**

#### **I. SEX DISCRIMINATION AND SEXUAL HARASSMENT**

*“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance . . . .”* 20 USC §1681 / 34 C.F.R. part 106

The policy of the Maricopa County Community College District (MCCCD) is to provide an educational, employment, and business environment free of sexual violence, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting Sexual Harassment as prohibited by state and federal law. Discrimination under this Policy is an unequal treatment of a student based on the student’s actual or perceived gender, sexual orientation, or pregnancy. This Policy prohibits Sexual Harassment and Discrimination in any college education program or activity, which means all academic, educational, extracurricular, athletic and other programs. This Policy is subject to Constitutionally protected speech rights and principles of academic freedom. Questions about this Policy may be directed to the MCCCD EEO/affirmative action office.

#### **A. SEXUAL HARASSMENT**

Any unwelcome verbal or physical conduct of a sexual nature that is sufficiently severe, persistent, or pervasive that it unreasonably interferes with, limits, or deprives a student of the ability to participate in or benefit from any MCCCD educational program or activity. The unwelcome behavior may be based on power differentials, the creation of a Hostile Environment, or retaliation for allegations of Sexual Harassment under this Policy. Sexual Harassment can occur regardless of the relationship, position or respective sex of the parties. Sexual Harassment includes Hostile Environment Harassment, Sexual Assault, Inducing Incapacitation for Sexual Purposes, Sexual Exploitation, Dating Violence, and Stalking. Same sex Sexual Harassment violates this Policy. Sexual Harassment by and between students; employees and students; and campus visitors and students is prohibited by this Policy.

Depending on the particular circumstances, Sexual Harassment may include, but is not limited to, the following:

1. Physical assaults of a sexual nature, such as rape, sexual battery, molestation, or attempts to commit these assaults; and intentional physical conduct that is sexual in nature such as touching, pinching, patting, grabbing, poking, or brushing against another individual's body in a sexual manner.
2. Offering or implying an education-related reward (such as a better grade, a letter of recommendation, favorable treatment in the classroom, assistance in obtaining employment, grants or fellowships, or admission to any educational program or activity) in exchange for sexual favors or submission to sexual conduct.
3. Threatening or taking a negative educational action (such as giving an unfair grade, withholding a letter of recommendation, or withholding assistance with any educational activity) or intentionally making the individual's academic work more difficult because sexual conduct is rejected.
4. The use or display in the classroom, including electronic, of pornographic or sexually harassing materials such as posters, photos, cartoons or graffiti without pedagogical justification.

5. Explicit sexual comments by one or more students about another student, or circulating drawings or other images depicting a student in a sexual manner.
6. Unwelcome sexual advances, repeated propositions or requests for a sexual relationship to an individual who has previously indicated that such conduct is unwelcome, or sexual gestures, noises, remarks, jokes, questions, or comments by a student about another student's sexuality or sexual experience. Such conduct between peers must be sufficiently severe, persistent, or pervasive that it creates an educational environment that is hostile or abusive. A single incident involving severe misconduct may rise to the level of Sexual Harassment.

### ***B. HOSTILE ENVIRONMENT HARASSMENT***

Harassment based on sex, pregnancy, gender identity, gender expression, or sexual orientation that is sufficiently serious (i.e., severe, pervasive, or persistent) and objectively offensive so as to deny or limit a person's ability to participate in or benefit from the college's programs, services, opportunities, or activities.

A Hostile Environment can be created by anyone involved in a college program or activity (e.g., administrators, faculty members, students, and campus visitors or contractors). Mere offensiveness is not enough to create a Hostile Environment. Although repeated incidents increase the likelihood that harassment has created a Hostile Environment, a serious incident, such as a sexual assault, even if isolated, can be sufficient.

In determining whether harassment has created a Hostile Environment, consideration will be made not only as to whether the conduct was unwelcome to the person who feels harassed, but also whether a reasonable person in a similar situation would have perceived the conduct as objectively offensive. Also, the following factors will be considered:

- a. the degree to which the conduct affected one or more students' education;
- b. the nature, scope, frequency, duration, and location of incident or incidents;
- c. the identity, number, and relationships of persons involved;
- d. the nature of higher education.

### ***C. SEXUAL ASSAULT***

An act involving forced or coerced sexual penetration or sexual contact.

### ***D. INDUCING INCAPACITATION FOR SEXUAL PURPOSES***

Using drugs, alcohol, or other means with the intent to affect, or having an actual effect on, the ability of an individual to consent or refuse to consent to sexual contact.

### ***E. SEXUAL EXPLOITATION***

Taking non-consensual or abusive sexual advantage of another for anyone's advantage or benefit other than the person being exploited, and such behavior does not otherwise constitute a form of Sexual Harassment under this Policy.

Examples of behavior that could rise to the level of Sexual Exploitation include:

- a. Prostituting another person;
- b. Non-consensual visual (e.g., video, photograph) or audio-recording of sexual activity;
- c. Non-consensual distribution of photos, other images, or information of an individual's sexual activity, intimate body parts, or nakedness, with the intent to or having the effect of embarrassing an individual who is the subject of such images or information;
- d. Going beyond the bounds of consent (such as letting your friends hide in the closet to watch you having consensual sex);
- e. Engaging in non-consensual voyeurism;

- f. Knowingly transmitting an STI (sexually transmitted infection), such as HIV, to another without disclosing one's STI status;
- g. Exposing one's genitals in non-consensual circumstances, or inducing another to expose his or her genitals;
- h. Possessing, distributing, viewing or forcing others to view obscenity.

#### **F. DATING VIOLENCE**

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the following factors:

- A. the length of the relationship;
- B. the type of relationship;
- C. the frequency of interaction between the persons involved in the relationship.

#### **G. STALKING**

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress.

#### **H. CONSENTING TO SEXUAL ACTIVITY**

Consent is clear, knowing, and voluntary; it is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in sexual activity.

Consent to one form of sexual activity cannot imply consent to other forms of sexual activity. Previous relationships or consent cannot imply consent in future sexual acts. Consent cannot be procured by use of physical force, compelling threats, intimidating behavior, or coercion.

Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When people make clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive. In order to give effective consent, one must be age 18 or older.

If you have sexual activity with someone you know to be – or should know to be – mentally or physically incapacitated, you are in violation of this Policy. Incapacitation is a state where one cannot make a rational, reasonable decision because one lacks the ability to understand the who, what, where, why or how of that person's sexual interaction.

## **II. DEFINITIONS**

### **ALLEGED VICTIM**

The person who is the victim of any alleged Sexual Harassment or Discrimination in violation of this Policy.

### **COMPLAINANT**

A person who has experienced or witnessed, or otherwise knows of Sexual Harassment or Discrimination in violation of this Policy and files a Formal Complaint pursuant to this Policy.

### **RESPONDENT**

The person who is alleged to have engaged in Sexual Harassment or Discrimination prohibited under this Policy.

### ***TITLE IX COORDINATOR***

The Vice President of Student Affairs serves as each respective college's Title IX Coordinator. The Title IX Coordinator is the individual responsible for providing education and training about Discrimination and Sexual Harassment to the college community and for receiving and investigating allegations of Discrimination and Sexual Harassment in accordance with this Policy. The Title IX Coordinator is authorized to designate other appropriately trained individuals to investigate Discrimination and Sexual Harassment Complaints and reports as deemed appropriate. The contact information for the Title IX Coordinator at each college may be found at <https://district.maricopa.edu/consumer-information/title-ix/title-ix-coordinators>

## **III. REPORTING DISCRIMINATION**

### ***A. BYSTANDER***

No student or employee should assume that an official of the college knows about a particular situation. The college encourages any student who feels he or she has been discriminated against or harassed in violation of this Policy to promptly report the incident to the Title IX Coordinator. Any student who knows of Discrimination or Sexual Harassment prohibited under this Policy that is experienced by another student should report that information to the Title IX Coordinator. Before a student reveals information, college employees will try to ensure that the student understands the employee's obligations and, if the student wishes to maintain confidentiality, direct the student to confidential resources. A student may choose to make a full report or request confidentiality as he or she determines.

All members of the college community are expected to adhere to this Policy, to cooperate with the procedures for responding to complaints of Discrimination and Harassment, and to report conduct or behavior they believe to be in violation of this Policy to the Title IX Coordinator. A duty to report conduct or behavior that violates this Policy is imposed on all administrators, supervisors, faculty members, and persons in positions of authority. Such employees perform their duty to report by reporting the conduct or behavior to the Title IX Coordinator.

### ***B. COLLEGE COMPLAINTS AND REPORTING***

Any person who has experienced, witnessed, or otherwise knows of Sexual Harassment or Discrimination prohibited under this Policy is to report such conduct to the college's Title IX Coordinator. The Title IX Coordinator is trained to help you find the resources you might need, to explain all reporting options, and to respond appropriately to conduct of concern. Such conduct is to be reported to the Title IX Coordinator as soon as possible after it occurs. The Title IX Coordinator tracks all reports of Sexual Harassment or Discrimination.

There are several avenues available for any person who experiences, witnesses, or otherwise knows of Sexual Harassment or Discrimination to report such conduct:

- Leave a private voice message for the Title IX Coordinator;
- Send a private email to the Title IX Coordinator;
- Mail a letter to the Title IX Coordinator's office;
- Visit the Title IX Coordinator (although it is best to make an appointment first to ensure availability);
- File a Formal Complaint pursuant to this Policy;

- Report to another trusted college official (e.g., faculty member, coach, advisor) who will provide information as required under the Policy to the Title IX Coordinator.

If there is an allegation of conduct in violation of this Policy about the Title IX Coordinator or any staff member who is part of the Vice President of Student Affairs' office, that allegation should be lodged with the President of the college. The President will appoint another trained individual to take the place of the Title IX Coordinator for purposes of the allegation.

### ***C. RETALIATION PROHIBITED***

Retaliation occurs when adverse action is taken against a student or employee because he or she has engaged in protected activity such as filing a complaint of Discrimination or Harassment. Retaliation may be found even when the underlying charge does not constitute Discrimination or Harassment in violation of this Policy, and all persons who participate in a Discrimination or Harassment proceeding, not only the complaining party, are protected against retaliation. A retaliatory adverse action is an action taken to deter a reasonable person from opposing a discriminatory or harassing practice, or from participating in a Discrimination or Harassment proceeding, or more generally, from pursuing that person's rights.

### ***D. CRIMINAL REPORTING***

Please remember that if someone is in immediate danger or needs immediate medical attention, the first place to report is 911. You may also report to College Safety or local law enforcement. Some forms of Discrimination and Harassment may also be crimes. For example, sexual assault, stalking and rape are crimes. Criminal reports should be made to law enforcement, even if it is uncertain whether the particular conduct is a crime. Calling local law enforcement can help you: obtain emergency and nonemergency medical care; get immediate law enforcement response for your protection; understand how to provide assistance in a situation that may escalate to more severe criminal behavior; arrange a meeting with victim advocate services; find counseling and support; initiate a criminal investigation; and answer questions about the criminal process.

### ***E. CONFIDENTIALITY OF COMPLAINTS AND REPORTS***

Parties in these processes, including the Alleged Victim, Respondent, Complainant and witnesses, have privacy rights and reasonable expectations of confidentiality in the investigation of matters subject to this Policy. In addition, the integrity of the process depends on ensuring reasonable expectations of confidentiality. The Title IX Coordinator or investigator will keep confidential the Complaint, report, witness statements, and any other information provided by the Alleged Victim, Respondent, Complainant or witnesses, and will disclose this information only to the Alleged Victim, Complainant, Respondent, or witnesses as necessary to give fair notice of the allegations and to conduct the investigation; to law enforcement consistent with state and federal law; to other college officials as necessary for coordinating interim measures or for health, welfare, and safety reasons; and to government agencies who review the college's compliance with federal law. The written investigation report and any written decision will be disclosed only to the Alleged Victim, Complainant, Respondent, Title IX Coordinator, and discipline authority. In the case of employees, the discipline authority is the college administrator with the authority to impose sanctions in accordance with applicable employment policies. In the case of students, the discipline authority is the Vice President for Student Affairs and college officials as necessary to prepare for subsequent proceedings (e.g., college President and MCCC legal counsel).

### ***F. ANONYMOUS REPORTING***

The Title IX Coordinator accepts anonymous reports of conduct alleged to violate this Policy and will follow up on such reports. The individual making the report is encouraged to provide as much detailed information as possible to allow the Title IX Coordinator or investigator to inquire into or investigate the report, and respond as appropriate. The Title IX Coordinator or investigator may be limited in the ability to follow up on an anonymous report unless sufficient

information is furnished to enable the Title IX Coordinator or investigator to conduct a meaningful and fair inquiry or investigation.

#### **IV. RIGHTS OF PARTIES**

##### **A. ALLEGED VICTIM: *The Alleged Victim has the right to:***

1. An inquiry and appropriate resolution of all credible allegations of Sexual Harassment, Discrimination, and sexual violence made in good faith to the Title IX Coordinator.
2. Be treated with respect by college officials.
3. Have the same opportunity as the Respondent to have others present (in support or advisory roles) during an investigation.
4. Report Sexual Harassment, Discrimination, and violence to both on-campus and off-campus authorities.
5. Be informed of the investigation findings and imposed sanctions at the same time as the Respondent.
6. Be informed of and afforded access to available counseling, mental health, physical health or student services for victims of Sexual Harassment, Discrimination, and violence.
7. Have notification of and options for, and available assistance in, changing academic and living situations after an alleged act of Sexual Harassment or Discrimination prohibited under this Policy, if so requested by the Alleged Victim and if such changes are reasonably available. No Formal Complaint, or investigation--campus or criminal--need occur before this option is available. Accommodations may include:
  - Change of on-campus student's housing to a different on-campus location;
  - Assistance from college support staff in completing relocation;
  - Arranging to dissolve a housing contract and pro-rating a refund;
  - Exam, paper, or assignment rescheduling;
  - Taking an incomplete in a class;
  - Transferring class sections;
  - Temporary withdraw from institution;
  - Alternative course completion options.
8. Not have irrelevant prior sexual history admitted as evidence in an investigation.
9. Make a victim-impact statement available to the investigator and decision-maker.
10. Access to available protection against another student who has engaged in or threatens to engage in stalking, threatening, harassing or other improper behavior that presents a danger to the welfare of the complaining student or others.
11. Have allegations of sexual misconduct that might be criminal in nature responded to quickly and with sensitivity by campus law enforcement.
12. Seek Reconsideration of the finding of the investigation and any sanction imposed.
13. Review all documentary evidence collected, used, and disseminated during the investigation and sanctioning process.
14. Petition that any member of the investigative process be removed on the basis of demonstrated bias.
15. Have an advocate or advisor present at all phases of the investigation.
16. Present relevant witnesses to the investigator and decision-maker, including expert witnesses.
17. Be fully informed of campus conduct rules and procedures as well as the nature and extent of all alleged violations.
18. Have MCCCDC compel the presence of student, faculty, and staff witnesses.
19. Written notice of the investigation, findings and sanctions.
20. Challenge documentary evidence obtained during the investigation.
21. Be informed in advance of any public release of information regarding the investigation.
22. Give consent for the release of any personally identifiable information contained in the investigation.

## **B. IMMEDIATE ACTION AND INTERIM MEASURES**

The college may take interim measures to assist or protect the parties during the inquiry or investigation process, as necessary and with the Alleged Victim's consent. Such measures for an Alleged Victim may include arranging for changes in class schedules or living arrangements, issuing a no-contact order, obtaining counseling, and modifying test schedules or other class requirements temporarily.

## **C. RESPONDENT: The Respondent has the right to:**

1. An inquiry and appropriate resolution of all credible allegations of Sexual Harassment, Discrimination, and sexual violence made in good faith to the Title IX Coordinator.
2. Be treated with respect by college officials.
3. Have the same opportunity as the Alleged Victim to have others present (in support or advisory roles) during an investigation.
4. Be informed of and have access to campus resources for medical, counseling, and advisory services.
5. Be fully informed of the nature, rules, and procedures of the investigation process, and to thorough and timely written notice of all alleged violations, including the full nature of the violation and possible sanctions.
6. Protections of due process required by local, state, or federal law.
7. Not have irrelevant prior sexual history admitted as evidence in an investigation.
8. Make an impact statement available to the investigator and decision-maker.
9. Seek Reconsideration of the finding of the investigation and any sanction imposed.
10. Review all documentary evidence collected, used, and disseminated during the investigation and sanctioning process.
11. Present relevant witnesses to the investigator and decision-maker, including expert witnesses.
12. Petition that any member of the investigative process be removed on the basis of demonstrated bias.
13. Have MCCCCD compel the presence of student, faculty, and staff witnesses.
14. Challenge documentary evidence obtained during the investigation.
15. Have an advocate or advisor present at all phases of the investigation.
16. An outcome based solely on evidence presented during the investigation. Such evidence should be credible, relevant, based in fact, and without prejudice.
17. Written notice of the investigation, findings, and sanctions.
18. Be informed in advance of any public release of information regarding the investigation.
19. Give consent for the release of any personally identifiable information contained in the investigation.

## **V. DUE PROCESS**

Due process is afforded any employee, student, or visitor accused of Sexual Harassment or Discrimination prohibited under this Policy. On receipt of a Formal Complaint, or upon receipt of credible evidence that Sexual Harassment or Discrimination prohibited under this Policy has occurred, an immediate preliminary inquiry will be conducted to determine if there is reasonable cause to believe this Policy has been violated. A preliminary inquiry shall be concluded within ten working days following the determination that such reasonable cause exists; however, it may be re-opened in the event additional evidence of a violation of this Policy is later discovered. If, following a preliminary inquiry, such reasonable cause is found, a prompt, thorough, impartial investigation will be conducted by a qualified, authorized investigator. An investigation will be conducted using a preponderance of evidence standard. A preponderance of evidence standard means that an investigator will conclude that Sexual Harassment or Discrimination occurred only if the results of the investigation demonstrate it is more likely than not that such conduct took place. If the investigator's final decision is that Sexual Harassment or Discrimination prohibited under this Policy occurred, the college will take immediate action to eliminate the Harassment or Discrimination, prevent its recurrence, and address its effects.

Remedies for the victim of Sexual Harassment or Discrimination will also be sought. Violations of this Policy may result in disciplinary action up to and including termination for employees; sanctions up to and including suspension or expulsion for students; and appropriate sanctions against campus visitors. This Policy applies to prohibited conduct that impacts the educational environment, whether it occurs on or off campus, and covers students, employees, and visitors.

#### **A. SEX DISCRIMINATION GRIEVANCE PROCEDURES FOR STUDENTS**

The purpose of these procedures is to provide a prompt and equitable resolution for allegations of Discrimination as prohibited under this Policy. Persons believing that they have been subjected to or witnessed, or otherwise know of Discrimination or Harassment on any of these bases may file a Complaint with the college. These procedures address allegations of Discrimination or Sexual Harassment as prohibited under this Policy. The procedures also address allegations of retaliation against those who have opposed practices forbidden under the Policy, those who have made allegations of Discrimination or Harassment under the Policy, and those who have testified or otherwise participated in enforcement of the Policy.

#### **B. MEDIATION**

Alleged victims who believe they have been discriminated against or harassed may choose in certain circumstances to resolve their allegations through mediation. Mediation is an informal and confidential process where parties can participate in a search for fair and workable solutions. An

Alleged Victim may choose to ask the Title IX Coordinator to assist in the mediation process.

Allegations that are addressed through mediation are not required to be made in writing. The parties may agree upon a variety of resolutions such as modification of work assignment, training for a department, or an apology. Parties may agree to a resolution that is oral or embodied in a written agreement. With a written agreement, the parties may elect to file it with the Title IX Coordinator in the event enforcement becomes necessary. Once both parties reach a mediated agreement, it is final and cannot be the basis of a Request for Reconsideration. The Title IX Coordinator or either party may at any time, prior to a final agreement, decide that attempts at mediation have failed. Upon such notice, the Title IX Coordinator may conduct a preliminary inquiry to determine whether this Policy has been violated. The mediation process may not be used if the alleged conduct constitutes criminal conduct.

#### **C. FORMAL COMPLAINT PROCESS**

A person who has experienced, witnessed, or otherwise knows of Sexual Harassment or Discrimination in violation of this Policy may file a Formal Complaint by contacting the Title IX Coordinator at each respective college or center. A Complainant may file a Formal Complaint either orally or in writing. The Title IX Coordinator will accept Formal Complaint filings within 300 calendar days of the most recent occurrence of the alleged discriminatory act.

The Complainant's documentation in support of a Formal Complaint should clearly and concisely identify the action, decision, conduct, or other basis that constituted an alleged act or practice of Discrimination prohibited under this Policy. Upon receipt of a Formal Complaint, the Title IX Coordinator will notify the college President and the Office of General Counsel. The Office of General Counsel will assign a case number to the Formal Complaint.

A copy of the Formal Complaint will be shared with the Respondent within five (5) working days of receipt by the Title IX Coordinator. The Respondent will be put on notice that retaliation against the Complainant, Alleged Victim, or potential witnesses will not be tolerated and that an investigation will be conducted.

The Respondent must provide a written response to the Formal Complaint within fifteen (15) calendar days of his or her receipt of the Formal Complaint.

After either accepting a Formal Complaint or receiving credible evidence that Discrimination has occurred, and determining after a preliminary inquiry that there is reasonable cause to believe this Policy has been violated, the Title IX Coordinator will:

- Designate an investigator to conduct a fact-finding investigation, which will include, at a minimum, a review of written evidence (including the Complaint and response) and interviews with appropriate employees and students. The Title IX Coordinator may serve as investigator;
- Determine the identity and contact information of the Complainant;
- Identify the correct policies allegedly violated;
- Conduct a thorough, reliable, and impartial investigation;
- Complete the investigation promptly (within 60 calendar days, unless—owing to the complexity of the investigation or the severity and extent of the alleged conduct--more time is necessary to complete the investigation);
- Make findings based on the preponderance of evidence; and
- Present the findings to the Title IX Coordinator, who will deliver the findings, in writing, within ten (10) working days, to the President, with a recommendation as to the disposition of the matter.

The President shall accept, reject, or modify the recommendation, and provide a written notification of his or her action, along with the findings presented by the Title IX Coordinator, to the Complainant, Alleged Victim, and Respondent within fifteen (15) calendar days of receiving the findings and recommendation from the Title IX Coordinator.

Evidence which is collateral to the allegations of Discrimination or Sexual Harassment and which was obtained during an investigation may be used in subsequent grievance or disciplinary procedures.

#### ***D. MAINTENANCE OF DOCUMENTATION***

Documentation resulting from each level in the Formal Complaint Process (including witness statements, investigative notes, etc.) will be forwarded to and maintained by the Office of General Counsel. Investigative records are not to be maintained with or considered as a part of a student record. Documentation regarding corrective action is considered part of the student's record.

#### ***E. RIGHT TO ASSISTANCE***

A Complainant, Alleged Victim or Respondent may receive the assistance of an attorney or other person at any stage of a Complaint filed under the Formal Complaint Process. Such person may attend any investigative interview and advise the Complainant, Alleged Victim or Respondent but shall not otherwise participate in the interview. The investigator shall direct communications directly to the Complainant, Alleged Victim and Respondent, and not through such individual's attorney or other person providing assistance.

#### ***F. TIME FRAME AND GROUNDS FOR FILING A REQUEST FOR RECONSIDERATION***

A Complainant, Alleged Victim or Respondent who is not satisfied with the decision of the President has ten (10) working days to request, in writing, reconsideration of the decision by the Maricopa Community College District's Executive Vice Chancellor and Provost. There are four grounds upon which a Request for Reconsideration may be made: (1) the party has new information, unavailable at the time of the investigation; (2) the party has procedural concerns that may change or affect the outcome of the determination; (3) the party perceives that there was insufficient evidence to support the investigators findings; or (4) the party perceives any action taken by the President to be too severe. The Executive Vice Chancellor and Provost will review the findings of the investigation and recommendation of the Title IX Coordinator, and respond to the Request for Reconsideration within ten (10) working days from its receipt. The Title IX coordinator shall

ensure that, prior to acting on any Request for Reconsideration, the Executive Vice Chancellor and Provost has been fully briefed regarding every component of this Policy. If the Executive Vice Chancellor and Provost determines that the investigation was not conducted in a fair manner, or that the determination is not consistent with the evidence, or that any disciplinary action is not commensurate with the allegations, the case file will be reopened and assigned for further investigation. If the Executive Vice Chancellor and Provost concludes that the investigation was conducted in a proper manner, that the determination is consistent with the evidence, and that any disciplinary action is commensurate with the allegations, he or she will—in writing-- certify that the Executive Vice Chancellor and Provost has read and thoroughly considered all of the information collected in the investigation, certify that the investigation was conducted in a proper manner and the decision is consistent with the evidence, and deny the Request for Reconsideration. The written certifications and decision by the Executive Vice Chancellor and Provost shall be delivered to the Complainant, Alleged Victim, and Respondent promptly after they are issued. At this point, or if no Request for Reconsideration is made, the investigation into alleged Discrimination under this Policy is concluded.

#### **G. EXTERNAL FILING OF DISCRIMINATION COMPLAINT**

MCCCD encourages students to use the due process under this Policy to resolve Discrimination concerns. Students also have the right to file civil rights complaints with appropriate external agencies. No retaliation will be taken against a person for filing a complaint with an external agency. The following agency accepts discrimination charges filed by, or on behalf of, students:

Office for Civil Rights  
U.S. Department of Education  
Denver Office  
Cesar E. Chavez Memorial Building  
1244 Speer Boulevard, Suite 310  
Denver, Colorado 80204-3582  
Phone: 303-844-5695  
Fax: 303-844-4303  
TDD: 303-844-3417  
E-mail: [OCR.Denver@ed.gov](mailto:OCR.Denver@ed.gov)

**ADOPTED by Direct Chancellor Approval: May 20, 2015**

#### **5.1.9 Examples of Policy Violations**

It shall be a violation of MCCCD's Sexual Harassment Policy for any employee, student or campus visitor to:

1. Make unwelcome sexual advances to another employee, student or campus visitor;
2. Make unwelcome requests for sexual favors, whether or not accompanied by promises or threats with regard to the employment or academic relationship;
3. Engage in verbal or physical conduct of a sexual nature with another employee, student or campus visitor, that may threaten or insinuate, either explicitly or implicitly, that the individual's submission to, or rejection of, the sexual advances will in any way:
  - A. Influence any personnel decision regarding that person's employment, evaluation, wages, advancement, assigned duties, shifts or any other condition of employment or career development; or
  - B. Influence his or her grades, participation in or access to academic programs, class standing or other educational opportunities;
4. Engage in verbal or physical conduct of a sexual nature that:
  - A. Has the purpose or effect of substantially interfering with an employee's ability to do his or her job; or with a student's ability to learn or participate in a class; or
  - B. Creates an intimidating, hostile or offensive work or academic environment;
5. Commit any act of sexual assault or public sexual indecency against any employee or student whether on MCCCD property or in connection with any MCCCD-sponsored activity;

6. Continue to express sexual interest in another employee, student or campus visitor after being informed or on notice that the interest is unwelcome (reciprocal attraction is not considered sexual harassment);
7. Engage in other sexually harassing conduct in the workplace or academic environment, whether physical or verbal, including, but not limited to, commentary about an individual's body (or body parts), sexually degrading words to describe an individual, sexually offensive comments, sexually suggestive language or jokes, innuendoes, and sexually suggestive objects, books, magazines, computer software, photographs, cartoons or pictures. Other sexual misconduct may include sexual exploitation, stalking, and gender-based bullying.
8. Treat a complainant or witness of sexual harassment in a manner that could dissuade a reasonable person from pursuing or participating in the complaint and investigation.

#### **5.1.10 Additional Policy Violations**

Supervisors, managers, administrators and faculty who disregard or fail to report allegations of sexual harassment (whether reported by the person who is the subject of the sexual harassment or a witness) are in violation of this policy.

#### **5.1.11 Responsibility for Policy Enforcement**

Employees and students must avoid offensive or inappropriate sexual and/or sexually harassing behavior at work or in the academic environment.

Employees and students are encouraged (but not required) to inform perceived offenders of this policy that the commentary/conduct is offensive and unwelcome.

#### **5.1.12 Complaints**

##### **1. Employees**

Employees who experience sexual harassment at work (by a supervisor, co-employee, student or visitor) are urged to report such conduct to the direct attention of their supervisor, their college president or to the Maricopa Community Colleges Equal Employment Opportunity/Affirmative Action Office. If the complaint involves the employee's supervisor or someone in the direct line of supervision, or if the employee for any reason is uncomfortable in dealing with his or her immediate supervisor, the employee may go directly to the Maricopa Community Colleges EEO/AA Office.

##### **2. Students**

Students who experience sexual harassment or sexual assault in a school's education program and activities (by a faculty member, administrator, campus visitor or other student) are urged to report such conduct to the Title IX Coordinator, who is the vice president of student affairs at each college. A student may also contact the MCCC EEO/AA Office to obtain the name and phone number of the college official designated to respond to sexual harassment complaints.

##### **3. General - Applicable to Both Employees and Students**

- A. Complaints will be investigated according to procedures established by the MCCC EEO/AA Office. Copies of these procedures may be obtained in the college president's office, Office of the Vice President of Student Affairs and the MCCC EEO/AA Office.
- B. The college/center/MCCC will investigate all complaints in a prompt, thorough, and impartial manner.
- C. Where investigation confirms the allegations, appropriate responsive action will be taken by the college/center/MCCC.

#### **5.1.13 Confidentiality**

Records will be maintained in a confidential manner to the extent permitted by law and insofar as they do not interfere with MCCC's legal obligation to investigate and resolve issues of sexual harassment.

#### **5.1.14 Violations of Law**

An employee or student may be accountable for sexual harassment under applicable local, state, and/or federal law, as well as under MCCC policy. Disciplinary action by MCCC may proceed while criminal proceedings are pending and will not be subject to challenge on the grounds that criminal charges involving the same incident have been dismissed or reduced.

### 5.1.15 False Statements Prohibited

Any individual who knowingly provides false information pursuant to filing a discrimination charge or during the investigation of a discrimination charge, will be subject to appropriate disciplinary action, up to and including, employment termination or academic dismissal.

### 5.1.16 Retaliation Prohibited

Retaliation against an employee or student for filing a sexual harassment complaint, or participating in the investigation of a complaint, is strictly prohibited. MCCCDC will take appropriate disciplinary action, up to and including employment termination or academic dismissal if retaliation occurs.

\*\*\*\*\* SECTION TO INCLUDE IN HANDBOOK\*\*\*\*\*  
AMENDED by Direct Chancellor Approval, April 1, 2015

### Discrimination Complaint Procedures for Students

This procedure provides a means for resolving complaints by students who believe they have been adversely affected by illegal or prohibited discrimination by the Maricopa County Community College District (MCCCDC), a member college or center, or their students or employees.

Complaints may be brought under this procedure for discrimination based on race, color, religion, national origin, citizenship status (including document abuse), sex (including pregnancy and sexual harassment), sexual orientation, gender identity, age, veteran status, physical or mental disability, or genetic information. The entire college community should act promptly upon receipt of an allegation of conduct that might constitute discrimination. Any member of the college community should refer a person who might be a victim of such conduct to these procedures, as well as to the college officials responsible for conducting an investigation pursuant to these procedures.

Students who believe they are experiencing sexual harassment may submit a complaint under the Sexual Harassment Policy for Students 2.4.4. If a student has been a victim of sexual assault, a complaint may also be filed with College Public Safety (CPS).

All deadlines prescribed for Report, Informal Resolution and Formal Resolution processes may be extended by the Vice President of Student Affairs for good reason, such as (but not limited to) when classes are not in session or upon mutual agreement by the parties. Notwithstanding any deadline extension, college officials should take all necessary steps to ensure prompt and equitable resolution of any complaint of discrimination.

Information related to MCCCDC's Discrimination Complaint Procedure for Students is also available from the Office of General Counsel's Office of Public Stewardship at 480-731-8880.

### Informal Resolution of Discrimination Complaints

Before filing a formal complaint under this procedure, a student may attempt to resolve the problem through informal discussions with the person claimed to have engaged in discriminatory conduct and that person's supervisor or department head. The supervisor or department head will notify the Vice President of Student Affairs may designate an employee to provide such assistance. If a student alleges discrimination based upon physical or mental disability the Vice President of Student Affairs, who is designated at each college as the ADA/504 Coordinator or the Associate Vice Chancellor of Student Affairs who is designated as the District ADA/504 Coordinator, will assist directly in the informal resolution process. Each Vice President and the Associate Vice Chancellor has knowledge of the ADA/504 regulations applicable to students with disabilities. The Vice President of Student Affairs may modify or reject an informal resolution of a complaint of discriminatory conduct under this process if, in the judgment of the Vice President, the resolution that is proposed is not in the best interests of both the student and the institution. The Vice President shall take such action no later than fifteen (15) calendar days after receiving notice of the informal resolution.

Attempts to informally resolve alleged discrimination should occur within ninety (90) calendar days of the most recent alleged discriminatory act. The college official responsible for this informal resolution process should ensure that the process is concluded promptly. For complaints dealing with alleged discrimination beyond the 90-day timeframe, a student must submit a complaint under the formal resolution procedure of this policy.

If the complaint cannot be informally resolved to the satisfaction of the student, the student has the right to file a complaint and to proceed under formal resolution procedures.

### **Formal Resolution of Discrimination Complaints**

A student who contends that unlawful or MCCCDC-prohibited discrimination has occurred may file a formal complaint by contacting the Vice President of Student Affairs at each respective college or center. If a student alleges discrimination based upon physical or mental disability he or she may submit a formal complaint with the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs or designee. The Vice President of Student Affairs or District Associate Vice Chancellor of Student Affairs or designee will accept.

A complaint may be submitted by the student verbally or in writing. A student may also contact the Office of General Counsel to obtain the name and phone number of the college or center official designated to respond to discrimination complaints.

The complaint must identify the action, decision, conduct, or other basis that the student believes is unlawful or MCCCDC prohibited discrimination.

Upon receipt of a complaint, the Vice President of Student Affairs or the Associate Vice Chancellor will notify the college president or provost and the Office of General Counsel.

A copy of the complaint will be shared with the respondent within five (5) working days of receipt by the Vice President of Student Affairs. Respondent will be put on notice that retaliation against the complainant or potential witnesses will not be tolerated and that an investigation will be conducted. If the student submits a written complaint, the Vice President or the District Associate Vice Chancellor need not share with the respondent the actual form submitted by the student, but may paraphrase the allegations sufficiently to allow the respondent to draft a response.

Respondent must provide a written response to allegations within fifteen (15) calendar days of his or her receipt of the complaint.

After accepting a complaint, the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs will designate a complaint investigator to conduct a fact-finding investigation, which will include, at a minimum, a review of written evidence (including the complaint and response), and interviews with appropriate employees and students. The interviews will include all witnesses identified by all parties. If the complaint alleges discrimination based upon mental or physical disability the investigator designated by the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs must have knowledge of ADA/504 regulations applicable to students with disabilities. 34 C.F.R. §104.4 et.seq.; 28 C.F.R. §35.130 et. seq. The Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs may serve as complaint investigator. The complaint investigator shall promptly complete the investigation and deliver to the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs the investigator's written findings and the results of the investigation, including summaries of all interviews and all documents received as part of the investigation. In no event shall this occur later than ninety (90) calendar days following receipt of the complaint. Within ten (10) working days following receipt of the results of the investigation from the complaint investigator, the Vice President of Student Affairs or the District Vice Chancellor of Student Affairs will submit to the President or Provost the investigator's written findings and the Vice President's recommendations as to the disposition of the complaint.

The president or provost will accept, reject, or modify the recommendations and will provide a written notification of his or her action to the student and respondent along with a copy of the investigator's written findings and the vice

president's or District Associate Vice Chancellor's recommendations within fifteen (15) calendar days of receiving the written findings and recommendations from the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs.

When the investigation confirms the allegations, appropriate corrective action will be taken. Evidence which is collateral to the allegations of discrimination and/or sexual harassment and which was obtained during an investigation may be used in subsequent grievance or disciplinary procedures. Both complainant and respondent receive notice of the outcome. The institution will take appropriate steps to prevent further occurrences.

### **Interim Measures**

If a student alleges discrimination based upon physical or mental disability, the District may take interim measures to assist or protect the student during an investigation. Such measures may include academic adjustments, arranging for changes in class schedules, or other appropriate temporary measures.

### **MCCCD Administrative Review Process**

#### **Request for Reconsideration**

A student or respondent who is not satisfied with the decision of the president or provost has ten (10) working days to request, verbally or in writing, administrative review of the decision by his or her college president or provost. The request for administrative review must state reasons why the complainant or respondent believes the finding was improper. The president or provost will review the results of the investigation and written findings and respond to the request within ten (10) working days from receipt of the request. If the president or provost determines that the decision is not supported by the evidence, the case file will be reopened and assigned for further investigation. If the president or provost determines that the investigation was thorough and complete and that the decision is supported by the evidence, he or she will deny the request for administrative review. At this point, the student has exhausted the Internal Discrimination Complaint Procedure.

#### **Complaint Process**

Faculty, staff and all other college officials should refer any student seeking to make a complaint of discrimination to the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs. Every student complaint of discrimination shall be investigated under the authority of the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs in accordance with these Procedures. The Vice President of Student Affairs and any complaint investigator who participates in a complaint resolution pursuant to these Procedures shall administer every resolution process in an impartial manner, and shall fully consider all facts discovered in the course of any investigation before a resolution is reached. Each party in any complaint resolution shall have full opportunity to present all information and documentation the party feels is germane to the complaint. At no time shall a student who has made an allegation of discrimination under these Procedures be asked or required in any way by a college official to engage in any direct confrontation with any person alleged to have committed an act of discrimination. The Vice President shall ensure that every effort is made to obtain information from each witness to every act of alleged discrimination or from any other person possessed of information that is relevant and material to the complaint resolution. The Vice President of Student Affairs shall ensure that all appropriate corrective action that is warranted as a result of any complaint resolution will be taken, and shall employ best efforts to ensure that the college prevents recurrence of discrimination in the future.

#### **Maintenance of Documentation**

Documentation resulting from each level in the Formal Resolution Process (including witness statements, investigative notes, etc.) will be forwarded to and maintained by the Office of General Counsel. Investigative records are not to be maintained with or considered as a part of a student record. Documentation regarding corrective action is considered part of the student's record.

#### **Right to Assistance**

A student or respondent may receive the assistance of an attorney or other person at any stage of a complaint filed under this Internal Discrimination Complaint Procedure. Such person may attend any investigative interview and advise the complainant or respondent but shall not otherwise participate in the interview. The complaint investigator shall direct communications directly to the complainant and respondent, and not through such individual's attorney or other person providing assistance.

### **Confidentiality of Proceedings**

Every effort will be made by the college and MCCCCD to protect the confidentiality of the parties during the processing of complaints under this procedure. Records will be maintained in a confidential manner to the extent permitted by law and insofar as they do not interfere with MCCCCD's legal obligation to investigate and resolve issues of discrimination.

### **Retaliation Prohibited**

Retaliation against a person who has filed a complaint or against any witness questioned during an investigation is strictly prohibited. Any retaliatory action by instructors, supervisors, managers, academic professionals, administrators, or other employees who have the authority to take adverse action against a complainant or witness is prohibited and may be grounds for disciplinary action.

### **False Statements Prohibited**

Any individual who knowingly provides false information pursuant to filing a discrimination charge or during the investigation of a discrimination charge will be subject to appropriate discipline.

### **External Filing of Discrimination Complaint**

MCCCCD encourages students to use the MCCCCD Discrimination Complaint Procedure for students to resolve discrimination concerns. Students also have the right to file civil rights complaints with appropriate external agencies. No retaliation will be taken against a person for filing a complaint with an external agency. The following agency accepts discrimination charges filed by, or on behalf of, students:

Office for Civil Rights, Region VIII (OCR)

Denver Office

U.S. Department of Education

Federal Building

1244 Speer Boulevard, Suite 310

Denver, Colorado 80204-3582

Phone: 303-844-5695

Fax: 303-844-4303

TDD: 303-844-3417

E-mail: [OCR\\_Denver@ed.gov](mailto:OCR_Denver@ed.gov)

**AMENDED by Direct Chancellor Approval, April 1, 2015**

\*\*\*\*\*END SECTION\*\*\*\*\*

### **2.4.6 Emissions Control Compliance**

Pursuant to ARS §15-1444 C. no vehicle shall be allowed to park in any college parking lot unless it complies with ARS §49-542 (the annual vehicle emissions inspection program). At the time of course registration, every out-of-county and out-of-state student will be required to sign an affidavit stating that the student's vehicle meets the requirements of ARS §49-542. Vehicles that are not in compliance are subject to being towed at the owner's expense.

### **2.4.8 Petition Signature Solicitation**

1. This regulation shall govern access to college premises by representatives who wish to solicit signatures on petitions for the purpose of submission of a ballot proposition to voters, or nomination of a candidate for elective office, in a city-, county-, or state-wide election.

2. Each college president shall designate general hours of accessibility for solicitation and a location on college premises where all representatives on behalf of any candidate or ballot proposition may solicit signatures. The location shall be in a common area where the solicitation will not serve as an obstruction to student activities or otherwise disrupt the college environment.
3. All solicitation must take place in designated areas. Standard space may include one or two tables and chairs. Campus restrictions regarding amplification will apply. Representatives may not distribute or make available to students, employees, or college visitors any tangible item, except for informational literature about the proposed candidate or ballot initiative.
4. Representatives shall notify the designated official at each college or center for their intent to be present on college premises no fewer than three working days prior to soliciting signatures. Upon obtaining authorization, representatives shall be provided a written version of this regulation.

Specific procedures on how to implement the Petition Signature regulation can be found in [Appendix S-14](#).

#### **2.4.9 Use of College Grounds by Non-MCCCD-Affiliated Users**

In contrast to traditional public forums such as a public square, park, or right of way, Maricopa's campuses are dedicated by law to the purpose of formal education. They are, and have been since their creation, for the use and benefit of prospective and enrolled students, the Maricopa employees who serve them, and those who are invited to campus by members of the College community to attend or participate in sponsored events. The Maricopa County Community College District (MCCCD) has a long history of regulating the time, place, and manner in which expressive activities are conducted on campuses, for the purposes of avoiding disruption or interference with its educational activities, and protecting the rights of the members of the campus community and their invited guests to express themselves and access information. While members of the general community always have been welcome to share their ideas with the campus community, they are subject to reasonable, content-neutral regulation of the time, place and manner of the event and to the institution's mission-based priorities – including but not limited to the need to provide an environment conducive to teaching and learning.

#### **POLICY**

This administrative regulation governs use of the college grounds, defined as the open areas and walkways of the campus by non-MCCCD-affiliated users. Use of college facilities is governed by a separate administrative regulation. Parking lots are not available for events and activities other than those sponsored and authorized by the College president.

Camping is not permitted anywhere on the campuses. Camping is defined as the use of college grounds or facilities for living accommodations or housing purposes such as overnight sleeping or making preparations for overnight sleeping (including the laying down of bedding for the purpose of sleeping), the making of any fire for cooking, lighting or warmth, or the erection or use of tents, motor vehicles, or other structures for living or shelter. These activities constitute camping when it reasonably appears, in light of all the circumstances, the participants conducting these activities intend to use or are using the facilities or grounds for living accommodations or housing, regardless of the duration or other purpose of the use.

Lawful use of college grounds for events or expressive activities by individuals, groups, and organizations may be authorized by college officials when the events and activities are lawful and consistent with the non-profit, educational nature of the campus, authorized and conducted in accordance with MCCCD policies, administrative regulations and priorities, and compliant with reasonable restrictions as to time, place, and manner. The content of the expression will not be a factor in authorizing, locating, or scheduling decisions. However, events and activities will not be permitted to disrupt or obstruct the teaching, research, or administrative functioning of the College by means of physical obstacles and crowds, by the creation of sound or noise that would interfere with teaching, learning, and the conduct of College business, or by any other means. Each College president will designate a Responsible College Official with delegable authority to approve, locate, and schedule use of college grounds.

**Permit Application:** Any non-MCCCD-affiliated organization, group, or individual desiring to use campus grounds for an event or activity must submit a request form to the Responsible College Official in advance of the use date.

If the activities proposed in the application are limited to low-impact, non-commercial activities the request form shall be submitted at least two business days in advance of the expected use date. For purposes of this administrative regulation, “low-impact, non-commercial activities” are defined as: (1) activities that do not seek to sell or promote a product or service for direct or indirect financial gain; (2) activities that are limited to gatherings of five people or less at any given time; and (3) activities that do not involve machinery, temporary structures, tables, chairs, displays or electronic equipment, including amplifiers, or the distribution of food products.

For events that are not low-impact, non-commercial activities, the request form shall be submitted at least seven business days before the expected use. The additional advance time is required to allow the College to prepare for conditions that may affect the flow of foot traffic, involve signs and displays, create crowds, involve significant numbers of participants, or require the use of significant amounts of space and/or use of equipment and resources.

**Designated Areas:** Because each College has a limited amount of outdoor space, activities and events sponsored by non-MCCCD-affiliated users, including speech and literature distribution, shall be restricted to designated areas. For each College, the Responsible College Official shall establish specific designated areas for such activities. A written description of these areas shall be maintained at the office of Student Life and Leadership for each College. Consistent with the goal of providing a healthy, comfortable, and educationally productive environment, the Responsible College Official should attempt to locate the designated areas in prominent locations on campus where there is a likelihood of significant pedestrian traffic. The designated areas shall not be located in building stairways and entryways, parking lots, or congested areas. The Responsible College Official will make every effort to assign users to their requested space when a specific space is desired. However, in order to ensure the potential success of all scheduled events, the College reserves the right to assign an event or activity to the area the College deems most appropriate in light of the campus capacity, other activities scheduled, and the type of event or activity being planned.

**Use Fees and Proof of Insurance:** To offset the costs associated with the use of college grounds, non-MCCCD-affiliated users shall be required to pay a fee of \$50 per day or \$125 per week. In order to protect the health and safety of College students, faculty and staff and to protect MCCCD resources, non-MCCCD-affiliated users shall also be required to provide proof of insurance that indicates at least \$1 million in general liability coverage and names the MCCCD as an additional insured for the anticipated use date.

The fee and proof-of-insurance provisions of this Administrative Regulation shall not be applied to low-impact, non-commercial users. A user may request designation as a low-impact, non-commercial user from the applicable College’s Responsible College Official. Any questions or comments about the criteria for approval or denial of such request shall be directed to the District Ombudsman.

**Permits:** The approved request form will describe the location of the authorized activity and any other restrictions specific to the event. Violation of the terms of the permit, District policy, administrative regulation or law shall be grounds for immediate revocation of the permit, and the individual violators and their organizations may be banned from the campus.

**Priorities and Criteria for Approval of Permits:** The content or subject of the proposed expressive activity or event will not affect approval of the application. Availability of space is not guaranteed. Reservations shall be approved on a space-available basis and will be addressed on a first come-first served basis, subject to the following priorities and criteria for the use and scheduling of space on campus grounds:

Scheduling Priorities (in order)

1. The use of facilities and grounds for the operations of the College. For example, there are times when the college is unusually crowded by members of the campus community, such as registration and orientation at the beginning of the semester. Other uses may reasonably be precluded during those times.

2. Activities and events sponsored by the College administration.
3. Activities and events sponsored by MCCCCD student organizations or employee groups.
4. Activities of non-MCCCCD-affiliated individuals and organizations.
5. Commercial advertising or activities.

#### Criteria

1. Capacity of college grounds to accommodate the number of participants at the scheduled time and proposed location.
2. Capacity of College Safety staff to provide security for all events and activities scheduled at the time.
3. Possible interference or conflict with College operations or other scheduled activities and events on the grounds.
4. General feasibility of hosting the event as proposed.

**Other Policies:** This administrative regulation will be applied in conjunction and coordination with all other MCCCCD policies and administrative regulations and College processes and procedures, including but not limited to regulations on facilities use, signage, sales of alcohol and/or food, and solicitation of donations.

Specific procedures on how to implement the Use of College Grounds regulation can be found in [Appendix S-15](#).

#### 2.4.10 Children on Campus

Children (younger than 18) may not attend any class unless they are officially registered for the class.

Children will not be allowed on campus unless participating in an authorized college program or under the supervision of an adult.

#### 2.4.11 Crime Awareness and Campus Security Act

Federal legislation requires the college to maintain data on the types and number of crimes on college property as well as policies dealing with campus security. To obtain additional information on this subject, contact the college Safety and Security Department.

#### 2.4.15 Campus Sex Crimes Prevention Act

Federal legislation requires that the MCCCCD establish notification procedures concerning the presence of registered sex offenders enrolled either as students or those working for the institution. The Registered Sex Offender Notification Procedure is outlined in Appendix item S-18.

**ADOPTED by Direct Chancellor Approval, March 6, 2019**

#### Appendix Item S-18: Maricopa County Community College District Registered Sex Offender Notification Procedure

The Campus Sex Crime Prevention Act (CSCPA), (section 1601 of Public Law 106-386), is a Federal Law enacted on October 28, 2000. In compliance with this law, the Maricopa County Community College District (MCCCCD) will work in collaboration with the Sheriff's Department to identify convicted registered sex offenders enrolled as students at one of MCCCCD's colleges or working at the District office or at any of the MCCCCD colleges (in paid or unpaid positions).

#### GENERAL INFORMATION

- I. In accordance with the CSCPA, the MCCCCD will provide on its Sex Offender Information Website, found [Sex Offender Information and Notification](#) website, a link to the Arizona Sex Offender Registry website and instructions on how to access it.
- II. Arizona Revised Statutes require persons convicted of any of the following 21 different offenses to register as sex offenders: 1) unlawful imprisonment if the victim is under 18 years of age; 2) kidnapping if the victim is under 18 years of age; 3) sexual abuse if the victim is under 18 years of age; 4) sexual conduct with a minor;

5) sexual assault; 6) sexual assault of a spouse; 7) molestation of a child; 8) continuous sexual abuse of a child; 9) taking a child for the purpose of prostitution; 10) child prostitution; 11) commercial sexual exploitation of a minor; 12) sexual exploitation of a minor; 13) luring a minor for sexual exploitation; 14) aggravated luring a minor for sexual exploitation; 15) unlawful age misrepresentation for the purpose of committing a sexual offense 16) sex trafficking of a minor; 17) a second or subsequent violation of indecent exposure to a person under 15 years of age; 18) a second or subsequent violation of public sexual indecency to a minor under the age of 15; 19) a third or subsequent violation of indecent exposure; 20) a third or subsequent violation of public sexual indecency; and 21) violations relating to the failure to register as a sex offender. (See, [A.R.S. §13-3821](#)).

III. The Arizona Department of Public Safety classifies sex offenders according to levels. The levels consist of Level 1: Low risk to the community, Level 2: Intermediate risk to the community, and Level 3: High risk to the community.

IV. By law, Registered Sex Offenders (RSO) are required to contact the Maricopa County Sheriff's office or local police agency when they enroll in or are employed at a college—in either paid or unpaid status. ([A.R.S. § 13-3821](#)).

a. Level Two and Level Three Offender's Obligation to Notify the College:

#### STUDENTS

- i. **Current Students** who are enrolled and receive their final classification or a change in classification as a Level 2 or Level 3 sex offender during their period of enrollment must notify the Campus Public Safety Officer within five (5) business days of the start of the semester. Campus Public Safety Officers for each college and for the district office can be found at the [MCCCD Police](#) website. The Campus safety officer will schedule a meeting with the Dean of Students (or designee) and the Registered Sex Offender student to take place within ten (10) days of the notification to Public Safety.
  1. Failure to comply with this procedure may lead to discipline under the Student Code of Conduct as well as possible criminal penalty as outlined in Arizona state law.
- ii. **Potential Students** who have been designated as a Level 2 or Level 3 sex offender must notify the Campus Public Safety Officer to arrange a meeting when they intend to enroll at a College. Campus Public Safety Officers for each college and for the district office can be found at the [MCCCD Police](#) website. This meeting must take place at least ten (10) calendar days prior to the start of classes. The meeting shall include the RSO, the Dean of Students (or designee), and the Campus Public Safety Officer.)
  1. A person who is classified as a Level Two or Three sex offender has been admitted to MCCCD and who has failed to timely to register pursuant to these procedures may be subject to discipline under the Student Code of Conduct as well as possible criminal penalties as outlined in Arizona state law.

#### EMPLOYEES

- iii. **Current Employees** who receive their final classification or a change in classification as a Level 2 or Level 3 sex offender during their period of employment must immediately notify the Campus Public Safety Officer. The campus public safety officer will arrange meeting with the Human Resources Manager (or designee) at the individual campus and the Registered Sex Offender employee. Campus Public Safety Officers for each college and for the district office can be found at the [MCCCD Police](#) website. The meeting with the college human resources manager and the Campus Public Safety Officer must take place within ten (10) days of the original notification to Public Safety.

- iv. **Potential Employees** who have been classified as a Level 2 or Level 3 sex offender must notify the Campus Public Safety Officer to arrange a meeting when they are offered employment at the College. Campus Public Safety Officers for each college and for the district office can be found at the [MCCCD Police](#) website. This meeting must take place at least ten (10) calendar days prior to the start of employment. The meeting shall include the RSO, the college human resources manager and the Campus Public Safety Officer (or their designees).

V. COLLEGE OFFICIALS' MEETING WITH LEVEL 2 OR LEVEL 3 SEX OFFENDER

- a. After notification that a student or employee has been classified as a Level Two or Three Sex Offender, MCCCD Public Safety will collect information from the RSO student or employee, probation/parole officer, Sheriff's Office, and/or arresting agency regarding the type of crime, conditions for probation, and/or level of risk.
- b. For Students: MCCCD Public Safety will notify the Dean of Student Affairs (or designee) when a RSO has enrolled or expressed a desire to enroll at a MCCCD college. A representative from the Student Affairs office shall participate in the required meeting with the RSO.
  - i. An RSO identification must be placed in the Advocate online system. The identification should include a summary of the offense/court-ordered conditions in place upon release, information from the parole/probation officer, and possible interventions needed at the college/District level.
- c. For Employees: MCCCD Public Safety will notify District and college Human Resources (or designee) when an RSO has registered due to being offered employment with the MCCCD or is a current employee who has been classified as a Level Two or Three Sex Offender. A representative from District and the identified college's Human Resources department shall participate in the required meeting with the RSO.
  - i. An RSO identification must be placed in the employee's personnel file. The identification should include a summary of the offense/court-ordered conditions in place upon release, information from the parole/probation officer, and possible interventions needed at the college/District level.
- d. At the meeting referred to above, the student or employee who is classified as a Level Two or Three sex offender will be advised of the following information:
  - i. The College's knowledge of his/her final classification.
  - ii. The College's obligation to provide public access to Level 2 & 3 sex offender information through its Department of Public Safety.
  - iii. Any restrictions that will be imposed on the sex offender—based on any Court restrictions, restraining orders, or orders of protection that may be in place—and the duration of such restrictions.
  - iv. If the offender is classified at Level 3, he/she is further informed of:
    - 1. The College's policy of posting notice at each college campus within two (2) days of receipt of the RSO's information, regardless of when the meeting occurs.
    - 2. The Level 3 RSO will receive a copy of the community notification the College intends to post.
    - 3. The functional areas of the College which will be provided with the public notification that will be posted.
  - v. At any time, the Department of Public Safety can communicate with the offender's parole/probation officer.

- VI. FERPA: The CSCPA further amends the Family Educational Rights and Privacy Act of 1974 (FERPA) to clarify that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning the presence of registered sex offenders.
- VII. ANNUAL AND OFF-CYCLE REVIEWS: Public Safety and the Student Affairs Dean (or designee) or Human Resources representative, depending on the status of the RSO, shall meet on an annual basis to review the conditions of enrollment, employment, and campus engagement. Additional, off cycle, reviews should be conducted when an RSO student or employee transfers within MCCCDC or new information about criminal conduct has been received. District imposed conditions may be removed, added, or altered based on changes in enrollment location(s), legal case status, new criminal activity, and/or disciplinary standing. Both Public Safety and Dean of Students or Human Resources professionals, for students and employees, respectively, shall maintain documentation regarding all initial, annual, and off-cycle meetings and reviews.
- VIII. FAILURE TO NOTIFY CAMPUS ADMINISTRATION: Failure to notify campus administration, as outlined in this procedure, of one's status as a RSO may lead to discipline up to and including removal from classes and/or suspension from participation in academic or extra-curricular programs, termination from employment as well as possible criminal penalty as outlined in Arizona state law.
- IX. CAMPUS AND COMMUNITY NOTIFICATION OF RSO STATUS: Pursuant to Arizona law, the MCCCDC shall make campus notifications of RSO status, as follows:
- For level two and level three offenders, the MCCCDC Public Safety Office, in conjunction with the Public Safety office at each college will coordinate with the local law enforcement agency responsible for the individual community notifications to ensure the sex offender notification is provided to the individual campus community.
  - The [Sex Offender Information and Notification](#) website will host the notification of RSO's employed by or attending a MCCCDC college, including employment with the District office.
  - For Colleges with facilities off-site from the main campuses that receive a registered sex offender community notification flyer from a local law enforcement agency, building managers are advised to post the flyer the building's common area easily accessed by students, staff, and faculty for a at least thirty (30) days. Specific information and instructions related to the community notification will be contained in the flyer and such instructions should be followed.
  - Any criminal activity involving a registered sex offender should be reported to police.
- X. ADMINISTRATIVE OVERSIGHT:
- Students: A campus administrator has the right to, at her or his discretion, require currently enrolled RSOs to attend regular meetings. The meetings will serve as a way to monitor compliance with conditions for enrollment and assist with student success. The frequency, duration, attendees to the meeting, and location of the meetings will vary based upon the needs of the RSO.
  - Employees: A supervisor, in conjunction with a Human Resources representative, at her or his discretion, may require currently employed RSOs to attend regular meetings. The meetings will serve as a way to monitor compliance with conditions for employment and assist with student success. The frequency, duration, attendees to the meeting, and location of the meetings will vary based upon the needs of the RSO.

**ADOPTED by Direct Chancellor Approval, March 6, 2019**

### **2.4.12 Workplace Violence Prevention**

#### **Purpose**

It is the policy of the Maricopa County Community College District to promote a safe environment for its employees, students, contractors, and visitors. MCCCDC is committed to working with its employees to maintain an environment free from violence, threats of violence, harassment, intimidation, and other disruptive behavior.

## **Policy**

Violence, threats, harassment, intimidation, and other disruptive behavior in our facilities is prohibited and will not be tolerated. It is the responsibility of all employees, students, contractors, and visitors of MCCCDC to report any occurrence of such conduct to MCCCDC Public Safety. Every employee, student, contractor, and visitor on MCCCDC property should report threats or acts of physical violence and acts of harassment, intimidation, and other disruptive behavior of which he/she is aware. All reports will be taken seriously and will be investigated by public safety immediately in order to protect everyone from danger. Such behavior can include oral or written statements, gestures, or expressions that communicate a direct or indirect threat of physical harm.

## **Prohibited Behavior**

For example, and without limiting the generality of the foregoing statement, this policy prohibits:

- direct threats or physical intimidation
- implications or suggestions of violence
- stalking
- assault of any form
- physical restraint, confinement
- dangerous or threatening horseplay
- loud, disruptive, or angry behavior or language that is clearly not part of the typical work environment
- blatant or intentional disregard for the safety or well-being of others
- commission of a violent felony or misdemeanor on MCCCDC property
- abuse
- violation of a protective order or restraining order
- any other act that a reasonable person would perceive as constituting a threat of violence

This list is illustrative only and not exhaustive.

## **Future Violence**

Employees, students, and visitors who have reason to believe they, or others, may be victimized by a violent act or sometime in the future, at the workplace or as a direct result of their relationship with MCCCDC, shall inform a supervisor or manager as soon as possible. The supervisor or manager shall inform the Public Safety Department. Students, contractors, and visitors shall contact the Public Safety Department as soon as possible.

Employees who have signed and filed a restraining order, temporary or permanent, against an individual due to a potential act of violence, who would be in violation of the order by coming near them at work, shall immediately supply a copy to the Department Director, Human Resources, and Public Safety. Students shall supply a copy of the signed order to the Public Safety Department.

This policy applies to employees and students, as well as independent contractors and other non-employees doing business with the MCCCDC. Individuals who commit such acts may be removed from the premises and may be subject to disciplinary action, criminal penalties, or both. The Chancellor is hereby instructed to enact all administrative regulations necessary to implement this policy.

### **2.4.13 Student Right to Know**

Under the terms of the Student Right To Know Act, the college must maintain and report statistics on the number of students receiving athletically related student aid reported by race and sex, the graduation rate for athletes participating in specific sports reported by race and sex, the graduation rate for students in general, reported by race and sex and other similar statistics. To obtain copies of these reports, contact the Office of Admissions and Records.

## **STUDENT RIGHTS AND RESPONSIBILITIES**

### **2.4.5 Copyright Act Compliance**

Students are expected to comply with the provisions of the Copyright Act of 1976 pertaining to photocopying of printed materials, copying of computer software and videotaping. In order to assist students in complying with the Copyright Law, appropriate notices shall be placed on or near all equipment capable of duplicating copyrighted materials.

### 3.2 Copyright Regulation

1. It is the intent of the Governing Board of the Maricopa County Community College District to adhere to the provisions of the U.S. Copyright Law (Title 17, United States Code Section 101 et seq.). Though there continues to be controversy regarding interpretation of the Copyright Law, this policy represents a sincere effort by the Board to operate legally within the District.
2. The Governing Board directs the Chancellor or his designee(s) to develop and distribute to employees guidelines that (1) clearly discourage violation of the Copyright Law and (2) inform employees of their rights and responsibilities under the Copyright Law.
3. Each college president or provost and the Chancellor shall name an individual(s) at each district location who will assume the responsibilities of distributing copyright guidelines, act as a resource person regarding copyright matter and provide training programs on current copyright laws.
4. Employees are prohibited from copying materials not specifically allowed by the (1) copyright Law, (2) fair use guidelines, (3) Licenses or contractual agreements, or (4) other permission.
5. The Governing Board disapproves of unauthorized duplication in any form. Employees who willfully disregard this Board policy and/or the aforementioned copyright guidelines do so at their own risk and assume all liability for their actions.
6. In order to assist employees and students in complying with the Copyright Law, appropriate notices shall be placed on or near all equipment capable of duplicating copyrighted materials.

### What Students Should Know About Copyright

#### What is copyright?

Copyright is a protection afforded under federal law for various types of creative works. A work is copyrightable if it is an original work of authorship fixed in a tangible medium of expression. Copyrightable works include literary, musical or dramatic works; motion pictures and other audiovisual works; choreographic works and pantomimes; sound recordings; and architectural works.

The owner of a copyright in a particular work has the exclusive right to copy, display, perform, distribute, and create a derivative version of the work. Generally, then, this means that you may not do things like duplicate, show or perform a copyrighted work unless it is expressly allowed under the Copyright Act or you have the prior permission of the copyright holder.

A copyright exists in a work at the time it becomes fixed in some tangible medium of expression. Neither registration of the copyright with the federal government nor a copyright notice on the work itself is required for copyright protection.

#### What is copyright infringement?

Generally, copyright infringement occurs when you copy, display, perform, distribute or create a derivative version of a copyrightable work either without the permission of the copyright holder or when such activity is not otherwise allowed under an exception provided by federal copyright law. The penalties for infringement include significant damages—potentially in excess of \$100,000 for each work infringed as well as criminal penalties, which may include fines and even incarceration.

#### How does copyright law affect information I obtain off the Internet?

Copyright law covers works in both traditional and new media, including digital media. Copyrightable materials are often available on the Internet without any indication of their copyrighted status. As a rule of thumb, you should assume that everything you find on the Internet is copyrighted, unless otherwise labeled. Even popular activities, such as file swapping or copying software or pictures from the Internet, may be copyright infringement and should be avoided.

The Digital Millennium Copyright Act, which Congress enacted in 2000, affords greater protection for copyright holders of digital works. Generally, then, even if a work appears solely in a digital form, it is likely subject to copyright law protections.

New technology has made many creative works widely available through the Internet. For example, the technology known as Peer to Peer (P2P) allows for the transmission of music, videos, movies, software, video games and other materials-most of which is subject to copyright protection.

Remember that a copyright exists in a work at the time it becomes fixed in some tangible medium of expression. That means that an image you have downloaded from the Internet, as well as a video or musical performance is almost certainly subject to copyright protection. When you download these works, transfer them to a disk or other medium, or send them to a friend, you are infringing on the rights of the copyright holder. Trafficking in such material without the permission of the copyright holder, then, violates copyright law. This includes unauthorized music file sharing over the Internet.

According to a statement recently issued by representatives of the motion picture, recording and songwriting industries, uploading and downloading copyrighted works over the Internet is theft: "It is no different from walking into the campus bookstore and in a clandestine manner walking out with a textbook without paying for it."

### **Why is it important for a student to be aware of copyright law?**

Copyright infringement is expressly prohibited by the US Copyright Act. Anyone who infringes another's copyright in a creative work is subject to liability, and could be required to pay large sums in damages.

In addition, as the law clearly prohibits copyright infringement, using any college resources-such as photocopiers, desktop and laptop computers, printers, central computing facilities, local-area or college-wide networks, Internet access, or electronic mail-for the purpose of infringing a copyright in any work may be grounds for student discipline. According to Maricopa Community College District administrative regulation, "students are expected to comply with the provisions of the Copyright Act of 1976 pertaining to photocopying of printed materials, copying of computer software and videotaping."

Moreover, under the Maricopa Community Colleges Computing Resource Standards, a student is prohibited from the "use of software, graphics, photographs, or any other tangible form of expression that would violate or infringe any copyright or similar legally-recognized protection of intellectual property rights." The Standards also prohibit "transmitting, storing, or receiving data, or otherwise using computing resources in a manner that would constitute a violation of state or federal law . . . ."

A student who violates these policies, then, can be disciplined at any of the Maricopa Community Colleges. This discipline could include suspension or even expulsion.

### **Does copyright law allow me to download files from a college web site?**

Thanks to recent changes to copyright law, colleges and universities are allowed to transmit copyrighted images, recordings, and other materials over the Internet in connection with distance learning offerings. These changes allow for the performance of non-dramatic literary works or musical works, as well as the display of "reasonable and limited portions" of any work in an amount comparable to that typically displayed in a live classroom setting. Use of the works must, however, be "an integral part" of the distance-learning class session, and available solely to students enrolled in the class. In addition, the transmission of the copyrighted works must be under the direction or actual supervision of an instructor.

Even though the college does not hold the copyright to these works, or even have the express permission of the copyright holder, they may be delivered over the Internet to students in distance learning classes.

The fact that the law authorizes such use of copyrighted materials, though, does not allow a student in these classes to freely download, copy, or re-transmit the works. They are intended solely for use by the institution in connection with distance instruction; any other use would likely constitute a violation of copyright law.

### **3.4 Taping of Faculty Lectures**

MCCCD acknowledges that faculty members are, by law, afforded copyright protection in their classroom lectures and, therefore, may limit the circumstances under which students may tape (audio/visual) their classes.

Each faculty member shall inform his/her students within the first week of classes to his/her policy with regard to taping. Failure to do so will accord students the right to tape lectures.

Students with disabilities that render them unable to take adequate lecture notes are entitled to reasonable accommodation to remedy this inability. Accommodation may require a faculty member to exempt a student from his/her taping policy.

## **4.4 Technology Resource Standards**

### **Introduction**

The Maricopa County Community College District (MCCCD) provides its students, employees, Governing Board members and the public with access to information resources and technologies. MCCCD recognizes that the free exchange of opinions and ideas is essential to academic freedom, and the advancement of educational, research, service, operational, and management purposes, is furthered by making these resources accessible.

Arizona constitutional and statutory mandates require that MCCCD resources, including technology, be used only for the public's business, and not for private purposes. Those mandates apply to all MCCCD public officials—employees of every kind and the Governing Board. The aim of those laws is to safeguard the use of resources, including technology resources, acquired and maintained with public funds. Compliance with other laws—both federal and state—also dictates the need for standards for the use of MCCCD technology resources. In some cases, the Governing Board policies emphasize the importance of compliance with the law such as the requirement to adhere to copyright laws. Governing Board policies also establish MCCCD's own standards, such as the directive that all persons within the MCCCD community be treated in a manner that is humane, fair and dignified.

This administrative regulations established standards for the use of MCCCD technology resources. They should be seen as supplementing, and not in lieu of, Governing Board policy, applicable law and other applicable administrative regulations such as Administrative Regulation 4.3 "Electronic Communications."

### **General Responsibilities**

Technology resources (including, but not limited to, desktop and laptop systems, printers, central computing facilities, MCCCD-wide or college-wide networks, local-area networks, telephones, facsimile machines, scanners, access to the Internet, electronic mail and similar electronic devices and information) of the MCCCD are available to MCCCD Governing Board members, employees, students and, in a limited number of cases, MCCCD contractors and the public. Use of all those resources is subject to the standards set forth in this regulation (Standards).

The first screen that each MCCCD computer exhibits on starting up advises users of these Standards and requires an acknowledgment before the user may proceed to the next screen. Additionally, all MCCCD employees are responsible for annually acknowledging receipt of the Blue Book, which contains this regulation. So all users of MCCCD technology resources are presumed to have read and understood the Standards. While the Standards govern use of technology resources MCCCD-wide, an individual community college or center may establish guidelines for technology resource usage that supplement, but do not replace or waive, these Standards.

### **Use of Non-MCCCD Technology**

Under Arizona's public records law, MCCCDC is required to transact business so that its records are accessible and retrievable. The policy underlying the law is that work done in the name of the public be transparent. Thus, any member of the public may request public records and, except in a few specific instances, are entitled to get copies of them.

Each individual employee or Governing Board member is responsible for ensuring that MCCCDC records that he or she initiates or receives are retained for the period of time required by and disposed of according to mandates established by Arizona State Library, Archives and Public Records—the state agency tasked with setting standards for record retention. Therefore, an employee's or Governing Board member's use of non-MCCCDC technology resources for communication of any type of MCCCDC business is heavily discouraged because those records are less capable of being managed according to MCCCDC's process for ensuring retention, retrieval and disclosure set forth in Administrative Regulation 4.15 "Retrieval, Disclosure and Retention of Records."

Additionally, an MCCCDC employee who receives a communication allegedly from another MCCCDC employee using a non-MCCCDC e-mail address is not required to respond substantively to that e-mail. The employee receiving the e-mail is entitled to verify that the sender is whom he or she says that he or she is. The employee receiving the e-mail may request that the sender provide the information or inquiry set forth in the e-mail via hard-copy form.

### **Acceptable Use**

Use of MCCCDC's technology resources, including websites created by MCCCDC employees and students, is limited to educational, research, service, operational and management purposes of the MCCCDC and its member institutions. Likewise, data, voice, images and links to external sites posted on or transmitted via MCCCDC's technology resources are limited to the same purposes.

Frequently, access to MCCCDC's technology resources can be obtained only through use of a password known exclusively to the MCCCDC employees, Governing Board members or students. It is those users' responsibility to keep a password confidential. While MCCCDC takes reasonable measures to ensure network security, it cannot be held accountable for unauthorized access to its technology resources by other persons, both within and outside the MCCCDC community. Moreover, it cannot guarantee employees, Governing Board members and students protection against reasonable failures. Finally, under certain limited circumstances defined in Administrative Regulation 4.15 "Retrieval, Disclosure and Retention of Records," certain MCCCDC employees are authorized to access information on an MCCCDC technology device.

It is not Maricopa's practice to monitor the content of electronic mail transmissions, files, images, links or other data stored on or transmitted through Maricopa's technology resources. The maintenance, operation and security of Maricopa's technology resources, however, require that network administrators and other authorized personnel have access to those resources and, on occasion, review the content of data and communications stored on or transmitted through those resources. Any other review may be performed exclusively by persons expressly authorized for such purpose and only for cause. To the extent possible in the electronic environment and in a public setting, a user's privacy will be honored. Nevertheless, that privacy is subject to Arizona's public records laws and other applicable state and federal laws, as well as policies of Maricopa's Governing Board all of which may supersede a user's interests in maintaining privacy in information contained in Maricopa's technology resources.

### **Incidental Computer and Technology Usage**

Limited incidental personal use of MCCCDC technology resources including through use of personal e-mail systems is permitted, except as described in item 16 under "Prohibited Conduct." MCCCDC employees are responsible for exercising good judgment about personal use in accordance with this regulation, Colleges' consistent local guidelines and MCCCDC ethical standards. Personal use refers to activities which only affect the individual and that are not related to an employee's outside business. MCCCDC employees are required to conduct themselves in a manner which will not raise concern that they are or might be engaged in acts in violations of the public trust. Refer to the Guidelines for Incidental Computer Usage for the Maricopa Community Colleges ([Appendix AS-8](#)) and Guidelines for Incidental Telephone Usage for the Maricopa Community Colleges ([Appendix AS-9](#)).

### **Prohibited Conduct**

The following is prohibited conduct in the use of MCCC'D's technology resources

1. Posting to the network, downloading or transporting any material that would constitute a violation of MCCC'D contracts.
2. Unauthorized attempts to monitor another user's password protected data or electronic communication, or delete another user's password protected data, electronic communications or software, without that person's permission.
3. Installing or running on any system a program that is intended to or is likely to result in eventual damage to a file or computer system.
4. Performing acts that would unfairly monopolize technology resources to the exclusion of other users, including (but not limited to) unauthorized installation of server system software.
5. Hosting an unauthorized website that violates the .EDU domain request.
6. Use of technology resources for non-MCCC'D commercial purposes, including to advertise personal services, whether or not for financial gain.
7. Use of software, graphics, photographs, or any other tangible form of expression that would violate or infringe any copyright or similar legally-recognized protection of intellectual property rights.
8. Activities that would constitute a violation of any policy of MCCC'D's Governing Board, including, but not limited to, MCCC'D's non-discrimination policy and its policy against sexual harassment.
9. Transmitting, storing, or receiving data, or otherwise using technology resources in a manner that would constitute a violation of state or federal law, or MCCC'D policy or administrative regulation including, but not limited to, obscenity, defamation, threats, harassment, and theft.
10. Attempting to gain unauthorized access to a remote network or remote computer system.
11. Exploiting any technology resources by attempting to prevent or circumvent access, or using unauthorized data protection schemes.
12. Performing any act that would disrupt normal operations of computers, workstations, terminals, peripherals, or networks.
13. Using technology resources in such a way as to wrongfully hide the identity of the user or pose as another person.
14. Allowing any unauthorized access to MCCC'D's technology and non-technology resources.
15. Making personal long distance or other toll calls, except where the charges for the calls are incurred directly by the caller or arrangements are otherwise made at the time of the call to directly bill the caller.
16. Intermittent use of technology resources that interferes with the performance of an employee's main responsibilities.
17. Use of technology resources to market or conduct other activities on behalf of a third-party regarding the "hosting" of an event that is prohibited under MCCC'D's Use of College Facilities administrative regulation.
18. Conducting District or college-related business using any electronic mail account other than one hosted or provided by MCCC'D, and approved by the Vice Chancellor of Information Technology Services, even when the e-mail account copies all outgoing and incoming messages to the MCCC'D hosted account.
19. Deleting or altering a technology public record in violation of public records retention requirements, or in anticipation of receiving or after receipt of a public records request, subpoena or a complaint filed as part of an MCCC'D grievance, investigation or review, or other lawful request for the record.
20. Deleting or altering a technology record on an MCCC'D device in anticipation or after receipt of a public records request, subpoena or a complaint filed as part of an MCCC'D grievance, investigation or review, or other lawful request for the records where the record may demonstrate a misuse of technology resources under this regulation.

### **Review and Approval of Alternate E-Mail Account Systems**

The prior review and approval by the Vice Chancellor of Information Technology is required for the implementation of alternate College electronic mail account systems. Requests will be evaluated based upon the following considerations:

1. The system must be compatible and interoperable with the MCCC'D e-mail system. All information within the e-mail system must meet the standards and authorize District Office access as specified in Administrative Regulation 4.15, "Retrieval, Disclosure and Retention of Records."

2. Any proposed changes to an MCCCDC's entity's e-mail system with e-discovery implications must be approved in advance during the planning stages as specified in Administrative Regulation 4.15, "Retrieval, Disclosure and Retention of Records."

### **Disclaimer**

The home page of an MCCCDC web site must display, or link to, the following disclaimer in a conspicuous manner:

*All information published online by MCCCDC is subject to change without notice. MCCCDC is not responsible for errors or damages of any kind resulting from access to its internet resources or use of the information contained therein. Every effort has been made to ensure the accuracy of information presented as factual; however errors may exist. Users are directed to countercheck facts when considering their use in other applications. MCCCDC is not responsible for the content or functionality of any technology resource not owned by the institution.*

*The statements, comments, or opinions expressed by users through use of Maricopa's technology resources are those of their respective authors, who are solely responsible for them, and do not necessarily represent the views of the Maricopa County Community College District.*

### **Information Accuracy and Marketing Standards**

In order to help ensure that the most accurate information sources are reflected on web pages, information should be cited, sourced or linked from the website of the official District or college custodian responsible for the particular subject. In addition, the design of web pages shall reflect established marketing standards with respect to the imaging and using of MCCCDC marks as outlined in the marketing standards handbook and Use of Marks administrative regulation.

### **Complaints and Violations**

Complaints or allegations of a violation of these standards will be processed through Maricopa's articulated grievance procedures or resolution of controversy.

Upon determination of a violation of these standards, MCCCDC may unilaterally delete any violative content and terminate the user's access to MCCCDC's technology resources. It is the user's responsibility to demonstrate and/or establish the relevance of content in the event that a content complaint is made official. Users retain the right to appeal actions through MCCCDC's grievance procedures or resolution of controversy.

### **2.6 Hazing Prevention Regulation**

The Maricopa County Community College District (MCCCDC) strives to exceed the changing expectations of our many communities for effective, innovative, student-centered, flexible and lifelong educational opportunities. Our employees are committed to respecting diversity, continuous quality improvement and the efficient use of resources. We are a learning organization guided by our shared values of: education, students, employees, excellence, diversity, honesty and integrity, freedom, fairness, responsibility and public trust.

Central to the vitality and dignity of our community of learners is an environment that produces broadly educated responsible citizens, who are prepared to serve and lead in a free society. Academic instruction, co-curricular activities and community involvement come together to meet this goal. All members of the MCCCDC community, through the best of their abilities, must be provided the opportunity to contribute in a safe, orderly, civil and positive learning environment. One factor that inhibits the achievement of the above stated purpose is the practice of hazing.

1. Hazing by any student, employee or other person affiliated with MCCCDC is prohibited.
2. "Hazing" is defined as any intentional, knowing or reckless act committed by a student or other person in any MCCCDC college or affiliated educational setting, whether individually or in concert with other persons, against another student, and in which both of the following apply:
  - A. The act was committed in connection with an initiation into, an affiliation with or the maintenance of membership in any club/organization that is affiliated with MCCCDC; and

- B. The act contributes to a substantial risk of potential physical injury, mental harm or personal degradation, or causes physical injury, mental harm or personal degradation.
- 3. Any solicitation to engage in hazing is prohibited.
- 4. Aiding and abetting another person who is engaged in hazing is prohibited.
- 5. Victim consent is not a defense for violation of the Maricopa Community Colleges Hazing Prevention Regulation.
- 6. All students, faculty and staff must take reasonable measures within the scope of their individual authority to prevent violations of the MCCCCD Hazing Prevention Regulation.
- 7. Hazing activities and situations include, but are not limited to, the following:
  - A. Pre-pledging, illegal pledging or underground activities.
  - B. Acts of mental and physical abuse, including, but not limited to: paddling, slapping, kicking, pushing, yelling, biting, duck-walking, line-ups, tuck-ins, belittling, excessive exercise, beating or physical abuse of any kind, and the potentially forced consumption of any food or beverage that contributes to or causes physical injury, mental harm or personal degradation.
  - C. Sleep deprivation (activities that deprive prospective and/or current students and/or members of the opportunity of a minimum of six hours sufficient sleep each day).
  - D. Encouraging or forcing use of alcohol or drugs.
  - E. Any type of student club/organization scavenger hunt, quest, road trip or other activity that would physically or psychologically endanger prospective and/or current students and/or members or others.
  - F. Stroking or physically touching in an indecent or inappropriate manner. See Sexual Harassment Policy 5.1.8
  - G. Student club/organization activities that subject prospective and/or current students and/or members or others to public nuisance or spectacle.
  - H. Aiding or abetting theft, fraud, embezzlement of funds, destruction of public, personal or private property, or academic misconduct.
  - I. Being required to wear odd or look-alike apparel that contributes to or causes physical injury, mental harm or personal degradation.
  - J. Personal services that contribute to or cause physical injury, mental harm or personal degradation.
- 8. Alleged violations of this regulation by students or student organizations can be reported to the vice president of student affairs' office for investigation by any member of the college community. The vice president of student affairs' office will investigate the complaint in accordance with the student disciplinary code, all other college and MCCCCD policies, and local and state laws.

Alleged violations of the MCCCCD hazing prevention regulation or interference with an investigation under this regulation by students or student organizations are subject to sanctions under the student disciplinary code.

The student disciplinary code shall govern all proceedings involving such a complaint. Decisions arrived at as outcomes of the proceedings shall be final, pending the normal appeal process.

- 9. Alleged violations of the MCCCCD hazing prevention regulation by any faculty or staff member can be reported to the vice president of student affairs' office for investigation by any member of the college community. The vice president of student affairs' office will investigate the complaint in accordance with college and MCCCCD policies, and local and state laws.

Any MCCCCD faculty or staff member who knowingly permitted, authorized or condoned the alleged hazing activity is subject to disciplinary action in accordance with college and MCCCCD policies, and local and state laws.

- 10. If the vice president of student affairs' office receives a report or complaint of an alleged hazing activity involving physical injury, threats of physical injury, intimidation, harassment or property damage, or any other conduct that appears to violate Arizona state law, the college will report such conduct to the appropriate college safety office. The said college safety office will investigate, respond to and report on the alleged hazing activity in accordance with all college, district, local, state and federal guidelines, policies and laws.
- 11. Should the proceedings outlined above substantiate an occurrence of hazing activity-where students or student organizations knowingly permitted, authorized or condoned the hazing activity-the college can recommend the following sanctions against student clubs/organizations:

- A. CENSURE: Censure can include the required completion of a program designed with the intent of eliminating the hazing activity. The programs will be devised with the cooperation of all involved parties and monitored by the vice president of student affairs' office.
  - B. PROBATION: The student club(s)/organization(s) will be placed on probation for a specified period of time. Conditions of probation will be determined by the vice president of student affairs' office and outlined in writing to the student club(s)/organization(s). The probationary term will be monitored by the vice president of student affairs.
  - C. SUSPENSION: The student club(s)/organization(s) will be suspended. The terms of the suspension can be defined in the sanction, including criteria the student club(s)/organization(s) must meet within a specified time to be considered for admission or renewal of college recognition status.
  - D. REVOCATION: The student club(s)/organization(s) will have its status revoked, with the loss of all college associations, recognitions and privileges. The national or international office of an organization, if so affiliated, will be requested to revoke the charter of an organization.
12. The MCCCDC hazing prevention regulation is not intended to prohibit or sanction the following conduct:
- A. Customary athletic events, contests or competitions that are sponsored by the college or MCCCDC.
  - B. Any activity or conduct that furthers the goals of a legitimate educational curriculum, a legitimate co-curricular experience or a legitimate military training program.
13. For the purposes of the MCCCDC hazing prevention regulation:  
 "Organization" is defined as an athletic team, association, order, society, corps, cooperative, club or other similar group that is affiliated with MCCCDC, whose membership consists primarily of students enrolled at MCCCDC and that may also be classroom-related or co-curricular in nature.

#### 2.4.7 Abuse-Free Environment

See also the Auxiliary Services section for Tobacco-Free Environment and the Appendices/Student Section Medical Marijuana Act of the Administrative Regulations.

#### 1. Substance Abuse/Misuse Statement

Drug abuse and misuse has become a national issue and is receiving national attention, particularly in the academic community. The insidious effects of the abuse of these agents are also felt by all walks of life and economic levels. Therefore, as an education providing institution, we are responsible to provide knowledge and guidelines about prevention, control, and treatment of the abuse/misuse of alcohol, illegal and legal drug uses and misuses. Annual Acknowledgements for students and employees are provided through the online messaging accounts.

Students who experiment with drugs, alcohol, and illegal substances or use them recreationally may develop a pattern of use that leads to abuse and addiction. Maricopa Community Colleges recognized drug and alcohol abuse as an illness and a major health problem as well as a potential safety and security issue.

Part of the educational mission of the Maricopa Community Colleges is to educate students about positive self-development, the benefits of a healthy lifestyle and the health risks associated with substance abuse. This mission closely aligns with the Drug-Free School and Communities Act of 1989, and other relevant substance abuse laws.

#### 2. Student Program to Prevent Illicit Use of Drugs and Abuse of Alcohol

The Maricopa Community College District fully supports disciplinary action for misconduct and the enforcement of state laws governing the use of alcohol and the use, abuse, possession or distribution of controlled substances or illegal drugs.

##### A. Introduction and Purpose

The Federal Drug-Free Schools and Communities Act of 1989 (Public Law 101-226) requires federal contractors and grantees to certify that they will provide a drug-free school. As a recipient of federal grants, the District must adopt a program toward accomplishing this goal. While federal legislation has been the impetus for creation of the program, the administration and Governing Board recognize that substance abuse is a problem of national proportions that also affect students at the Maricopa Community Colleges.

The Maricopa Community Colleges are committed to maintaining learning environments that enhance the full benefits of a student's educational experience. The Maricopa County Community College District will make every effort to provide students with optimal conditions for learning that are free of the problems associated with the unauthorized use and abuse of alcohol and drugs.

**B. Standards of Conduct**

In the student handbooks of the Maricopa Community Colleges under codes of conduct, the following are examples of behavior that is prohibited by law and/or college rules and policies:

- i. Drinking or possession of alcoholic beverages on the college campus.
- ii. Misuse of narcotics or drugs.

**C. Sanctions for Violation of Standards of Conduct**

Disciplinary actions include, but are not limited to:

- i. Warning,
- ii. Loss of privileges,
- iii. Suspension, or
- iv. Expulsion.

**D. Legal Sanctions**

Local, state, and federal law prohibit the unlawful possession, use or distribution of illicit drugs and alcohol. Conviction for violating these laws can lead to imprisonment, fines, probation, and/or assigned community service. Persons convicted of a drug-and/or alcohol related offense will be ineligible to receive federally funded or subsidized grants, loans, scholarships, or employment.

Any employee is subject to disciplinary action, up to and including employment termination, for any of the following: reporting to work under the influence of alcohol and/or illegal drugs or narcotics; the use, sale, dispensing, or possession of alcohol and/or illegal drugs or narcotics on MCCCCD premises, while conducting MCCCCD business, or at any time which would interfere with the effective conduct of the employee's work for the MCCCCD; and use of illegal drugs.

**3. MCCCCD Program Standards**

The Maricopa Community College District is committed to establishing a preventative substance abuse program at each college designed to affect positively the problems of irresponsible use of alcohol and the use and abuse of illegal substances. A main focus of the program will be on education of the campus community and assistance to individuals.

- A. Identify a key individual, at each college, to provide emergency services and/or to contact and work with outside agencies that provide drug and alcohol counseling, treatment or rehabilitation programs that may be available to students and employees.
- B. Support disciplinary action for misconduct and the enforcement of state laws governing the use of alcohol and the use, abuse, possession or distribution of controlled substances or illegal drugs.
- C. Establish a preventative substance abuse program at each college designed to affect positively the problems of irresponsible use of alcohol and the use and abuse of illegal substances.

**4. Alcoholic Beverages—Usage Regulation (AR 4.13)**

This Administrative Regulation prohibits the use of District funds to purchase alcoholic beverages or services related to them except in small amounts to be used in cooking for the District's culinary programs. Additionally, it generally prohibits the presence of alcoholic beverages on premises owned by the District, or those leased or rented by the institution. It permits a few, narrow exceptions to that latter prohibition. The exceptions are not available to the general population of District employees or officials. More importantly, they are established to ensure that the District's actions stay within the boundaries of state law and the District's insurance coverage. Therefore, strict compliance with this regulation is essential.

- A. **No Funds.** No funds under the jurisdiction of the governing board of the District may be used to purchase alcoholic beverages, except for the limited purposes of purchasing small amounts of them for use solely as

ingredients in food preparation for classes and at the District's culinary institutes. Alcoholic beverages may not be stored on premises owned, leased, or rented by MCCCCD except as provided in Paragraph H.

- B. **No Service or Sale of Alcoholic Beverages.** The law of the state of Arizona strictly regulates the service, sale, distribution and consumption of alcoholic beverages. In light of that law, the District does not permit alcoholic beverages to be served, sold or distributed on or in the premises owned by the District or leased or rented by the Maricopa Community Colleges for District-approved educational, fund-raising or other community purposes, except as provided in Paragraphs C and G.
- C. **Service at District Events on District-owned Property.** The Chancellor has the sole authority to approve the service, but not the sale or other distribution, of wine or beer at District events on district-owned property that the Chancellor either sponsors or approves. The only District employees authorized to request the Chancellor's approval are the College Presidents and the Vice Chancellors. Additionally, the law strictly limits the service of wine or beer by the District on District-owned property, and those restrictions are specified in Paragraph E. Unless approved by the Chancellor in compliance with the law and this regulation, alcoholic beverages may not be served on District-owned property.
- D. **Event Form Required.** A College President or Vice Chancellor who wishes to obtain the Chancellor's approval for the service of wine or beer at a District-sponsored event on District-owned property shall forward a completed written request to the Chancellor no later than 30 days before the event. The request form is available at: [AS-6 Notice of Intent to Serve Beer and Wine Form](#) . On signing the form, the Chancellor will provide a copy of it to the requestor and to the MCCCCD Risk Manager. For events that the Chancellor sponsors, he or she will complete the form, sign it and provide it to the MCCCCD Risk Manager no later than 10 business days before the event.
- E. **Service restrictions required by law.** An event approved under Paragraph D must, by law, comply with the all of the following restrictions:
  - i. The only alcoholic beverages that may be served and consumed are wine and beer. Wine consumption is limited to 6 oz. per person, and beer consumption is limited to 24 oz;
  - ii. The gathering must be by invitation only, and not open to the public;
  - iii. The gathering may not exceed 300;
  - iv. Invitees may not be charged any fee for either the event or the beer or wine; and
  - v. The consumption may only take place between noon and 10:00 p.m.

Additionally, beer and wine may only be served by a beverage service contractor whose liquor license with the state of Arizona is in good standing, except as provided in Paragraph F. The contractor must provide all of the beverages served and well as the servers or bartender. Before the event, the contractor must provide a certificate of insurance that meets the requirements of the District's Risk Manager and that adds the District as an additional insured. The contractor must also agree in writing to indemnify the District regarding the service of the beverages.

- F. **Culinary Institutes.** The Chancellor may sponsor or approve an event at one of the District's culinary institutes. Students may serve wine and beer at the event as part of their class requirements, subject to the limitations of Paragraph E. Any student serving those beverages must, by law, be 19 years or older.
- G. **Third-Party Event.** The Maricopa County Community College District Foundation and the Friends of Public Radio Arizona may, with the approval of the Chancellor, sponsor an event on District-owned property under this regulation. The City of Phoenix and the Friends of the Phoenix Public Library may also do so, with the approval of the Chancellor, at the joint library on the campus of South Mountain Community College. These third-party, non-district entities are solely responsible for determining the steps that they are required to take to comply with Arizona's alcoholic beverages laws. Additionally, they must comply with the following steps:
  - i. The entity obtains a liquor license, if required by law, from the Arizona Department of Liquor Licenses and control for each event and fully complies with the laws, rules and other requirements applicable to that license;
  - ii. The entity completes the form available at [AS-7 Request to Serve Beer and Wine — Third Party Form](#) . And provides it to the Chancellor for approval along with a copy of the liquor license no later than 30 days before the event, unless the Chancellor approves a shorter period of time in a particular case;
  - iii. The entity provides or currently has on file with the District a certificate of insurance demonstrating that it has liquor liability coverage and that adds the District as an additional insured;

- iv. The entity agrees in writing to indemnify the District from any claims of any kind arising out of the event;
  - v. Beer and wine are the only alcoholic beverages served and only served through a beverage service contractor whose liquor license with the state of Arizona is in good standing;
  - vi. The contractor provides all of the beverages served and well as the servers or bartenders;
  - vii. Before the event, the contractor provides a certificate of insurance that meets the requirements of the District's Risk Manager and that adds the District as an additional insured; and
  - viii. The contractor agrees in writing to indemnify the District regarding the service of the beverages.
- H. **Receipt of beverages; storage.** It is not permissible to store wine or beer on premises owned, leased or rented by MCCCCD, except as provided in this paragraph. Alcoholic beverages purchased for use in cooking in District culinary courses must be stored in such a way that it is inaccessible to anyone except the Director or designee of the culinary program. For wine and beer to be used for receptions at the district's culinary institutes, as authorized by this administrative regulation, the following storage requirements apply:
- i. Wine and beer to be served may only be brought to MCCCCD property no sooner than four hours prior to the event, and remain there no longer than four hours after the event; and
  - ii. Once the wine and beer arrives on MCCCCD property, the Director the culinary program shall assign an MCCCCD employee to ensure that it is not stolen or that it is not opened until ready to be served.
- I. **Compliance with law.** In compliance with applicable law, any persons planning an event under this administrative regulation are required to familiarize themselves with the pertinent laws and other requirements established by the state of Arizona for the service of alcoholic beverages, particularly those in Arizona Revised Statutes Title 4 (Alcoholic Beverages) Chapters 1 (General Provisions), 2 (Regulations and Prohibitions) and 3 (Civil Liability of Licensees and Other Persons) as well as Arizona Administrative Code Title 19, Articles 1 (State Liquor Board) and 3 (Unlicensed Premises Definitions and Licensing Time-Frames).
- J. **Residential Housing.** Lawful occupants of residential housing under the jurisdiction of the Governing Board, if over the age of 21 years and not otherwise lawfully barred from such practice, may possess and consume alcoholic beverages in the privacy of their respective leased housing facility. Guests of such occupants over the age of 21 years shall have the same privilege. No alcohol is permitted in public areas (nor common areas of a dormitory) at any time.
- K. **Personal Responsibility.** The personal or individual purchase of alcoholic beverages by individuals attending District-approved functions held in places serving alcoholic beverages is a personal and individual responsibility. Administrative discretion shall be exercised in the approval of the location of such activities, as such decision pertains to the nature of the group involved.
- L. **Miscellaneous Usage Issues.** Any issues that are not specifically addressed within this regulation require the review and determination by the Chancellor or Executive Vice Chancellor and Provost on matters related to culinary programs, academic or student affairs.

## 5. Other Health Concerns

### General Guidelines Concerning AIDS

Neither a diagnosis of AIDS nor a positive HIV antibody test will be part of the initial admission decision for those applying to attend any of the Maricopa Community Colleges. The Maricopa Community Colleges will not require screening of students for antibody to HIV.

Students with AIDS or a positive HIV antibody test will not be restricted from access to student unions, theaters, cafeterias, snack bars, gymnasiums, swimming pools, recreational facilities, restrooms, or other common areas, as there is not current medical justification for doing so.

Where academically and logistically feasible, students who have medical conditions, including AIDS, may seek accommodation in order to remain enrolled. Medical documentation will be needed to support requests for accommodation through the Office of Disabled Resources and Services or the Office of Vice President of Student Affairs.

The Maricopa Community Colleges acknowledge the importance of privacy considerations with regard to persons with AIDS. The number of people who are aware of the existence and/or identity of students who have AIDS or a positive HIV antibody test should be kept to a minimum. When a student confides in an faculty member, knowledge

of the condition should be transmitted to the appropriate vice president or designee who will make the determination if the information should be further disseminated. It should be remembered that mere exposure to the person in a classroom does not constitute a need to know the diagnosis. It is, therefore, unnecessary to document in a student's file the fact that he or she has AIDS unless the information is to be used for accommodation reasons. Sharing confidential information without consent may create legal liability.

Students are encouraged to contact the Office of Disabled Resources and Services and/or the vice president of student affairs or designee for the types of services available in the district or community on matters regarding AIDS or the HIV virus.

#### **4.12 Smoke-Free/Tobacco-Free Environment**

The Maricopa County Community College District is dedicated to providing a healthy, comfortable, and educationally productive environment for students, employees, and visitors. In order to promote a healthy learning and work environment, the Chancellor has directed that the Maricopa County Community College District serve as a total smoke free and tobacco free environment, effective July 1, 2012. Smoking (including the use of "e-cigs") and all uses of tobacco shall be prohibited from all District owned and leased property and facilities, including but not limited to parking lots, rooftops, courtyards, plazas, entrance and exit ways, vehicles, sidewalks, common areas, grounds, athletic facilities, and libraries.

Support signage prohibiting the use of smoking instruments and tobacco shall be placed throughout all college and District locations.

Continued violations by an employee or student shall be handled through the respective conduct procedures established for employees and students.

#### **Appendix S-16: Statement on the Arizona Medical Marijuana Act (Proposition 203)**

In 2010, Arizona voters approved the Arizona Medical Marijuana Act (Propositions 203), a state law permitting individuals to possess and use limited quantities of marijuana for medical purposes. Because of its obligations under federal law, however, the Maricopa Community Colleges will continue to prohibit marijuana possession and use on campus for any purpose.

Under the Drug Free Workplace Act of 1988, and the Drug Free Schools and Communities Act of 1989, "...no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any federal program, including participation in any federally funded or guaranteed student loan program, unless it has adopted and has implemented a program to prevent the use of illicit drugs and abuse of alcohol by students and employees." Another federal law, the Controlled Substances Act, prohibits the possession, use, production, and distribution of marijuana for any and all uses, including medicinal use. This law is not affected by the passage of the Arizona Medical Marijuana Act. Because Maricopa Community Colleges could lose its eligibility for federal funds if it fails to prohibit marijuana, it is exempt from the requirements of the Arizona Medical Marijuana Act. Therefore, Maricopa Community Colleges will continue to enforce its current policies prohibiting the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance on its property or as part of any of its activities.

Employees and students who violate Maricopa Community Colleges policy prohibiting the use or possession of illegal drugs on campus will continue to be subject to disciplinary action, up to and including expulsion from school and termination of employment.

## **2.8 Students with Disabilities**

### **2.8.1 Eligibility for Accommodations & Required Disability Documentation**

#### **Purpose**

To specify the disability documentation requirements that will qualify (i.e., support current and essential needs) Maricopa County Community College District students for reasonable and appropriate academic adjustments through each college's Disability Resources and Services (DRS) office or designated professional.

## General Eligibility Requirements

DRS applicants must be admitted or enrolled as an MCCCCD student, and must provide the Disability Resources and Services (DRS) office with qualifying disability documentation, verifying the nature and extent of the disability prior to requesting or receiving any academic adjustment.

## Who Is Eligible for Services?

To be eligible for DRS support services, a student must have a disability as it defined by federal law (section 504 of the 1973 Rehabilitation Act, the Americans with Disabilities Act OF 1990 (ADA), and the Americans with Disabilities Act Amendments Act of 2008 (ADAAA)).

## Definitions

- **Disability:** A disability is any physical or mental condition which causes substantial limitation to the ability to perform one or more major life activities.
- **Academic adjustment:** An academic adjustment is a modification of a non-essential academic requirement, an examination, or an institutional rule that is necessary to avoid discriminating on the basis of handicap against qualified students with disabilities. Modifications may include changes in the length of time permitted for the completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted.

*\*\*Documentation can be transferred within MCCCCD for current consideration for eligibility.*

*\*\*Determination made by another institution or organization does **not** guarantee eligibility.*

## Special Considerations

Any employee who receives a request for academic adjustment must refer the student to the DRS Office. The DRS Office alone is responsible for evaluating documentation and determining eligibility and academic adjustments. All situations shall be considered on an individual, case-by-case basis, and all requests for academic adjustments from qualified students with a disability shall be considered by DRS. DRS may exercise its right to require additional documentation.

Academic adjustments are determined by the DRS Office through an interactive exchange with the eligible student. The DRS Office will give priority to the request of the student, but will also consider the instructor's perspective when it is offered. The interactive exchange may continue during the course of the year, and the DRS may make reasonable alterations in approved academic adjustments based on input from the student and the faculty member. Academic adjustment determined by the DRS Office are required except when the institution subsequently determines that an adjustment would alter an academic requirements that is essential to the instruction being pursued by the student, or to a directly related licensing requirement. MCCCCD is not required to provide "best" or "most desired" accommodations but rather a reasonable accommodation sufficient to meet accessibility needs.

In the event the instructor believes the modification determined by DRS would alter an academic requirement that is essential to the instruction being pursued by the student, or to a directly related licensing requirement, the instructor will first meet with the director of the DRS office within three working days of receipt of the determination and attempt to resolve the issue informally. If the faculty member's concern remains unresolved, within three days of the above meeting he or she may submit a written request to the college's chief academic officer (or a comparably qualified administrator designated by the college president) for his or her academic judgment on the question.

Any change in the DRS Office's initial recommendation resulting from the above meeting or the Chief Academic Officer's decision will be communicated to the student by the DRS Office. The interactive exchange with the student will continue in an effort to achieve a mutually satisfactory outcome.

If a student is not satisfied with the academic adjustment provided, he or she may file a complaint under the Discrimination Complaint Procedures for Students. In such cases, the Vice President for Student Affairs will assign an investigator whose qualifications and experience include curriculum development and educational accommodations for students with disabilities.

In all cases in which academic adjustments are in controversy, whether as a student discrimination complaint or a faculty member's appeal to the Chief Academic Officer, the ultimate decision will be informed by consultation with the duly appointed faculty representatives who serve in the development of the curriculum for the institution and the program. The committee will study the requested academic adjustment and alternatives, their feasibility, cost and effect on the academic program, and come to a rationally justifiable conclusion as to whether the available alternatives would result either in lowering academic standards or requiring substantial program alteration. This conclusion will be submitted in writing to the Chief Academic Officer, who will consult with the Vice Chancellor and the Office of General Counsel before making the final determination.

Nothing in this policy prohibits a faculty member from making minor, commonsense alterations in the manner in which a course is presented. A student who asks the instructor to change the color of chalk used because he is colorblind may be so accommodated without registering with DSO. However, the faculty member must report making such accommodations to DSO.

### **Documentation Guidelines**

Students requesting accommodations must provide documentation of their disability. Documentation consists of an evaluation prepared by a trained and qualified professional that identifies:

- ♦ current level of functioning
- ♦ current documentation
- ♦ all standardized testing must use adult-normed instruments
- ♦ age of the documentation may vary for some disabilities, provided the presence of a substantial limitation(s) is adequately established
- ♦ how the disability impacts the student's learning
- ♦ contain information supportive of the student's request for specific academic support, auxiliary aids, and accommodations

### **Specific Eligibility Requirements**

#### **1. Physical Disabilities**

##### **A. Required Documentation**

The student must submit a written, current diagnostic report of any physical disabilities that are based on appropriate diagnostic evaluations administered by trained and qualified (i.e., certified and/or licensed) professionals (e.g., medical doctors, ophthalmologists, neuropsychologists, audiologists). Disability diagnosis categories include:

- i. Orthopedic Disability
- ii. Blind or Visual Impairment
- iii. Deaf or Hard-of-Hearing
- iv. Traumatic Brain Injury
- v. Other Health-Related/Systemic Disabilities

##### **B. Diagnostic Report**

The diagnostic report must include the following information:

- i. A clear disability diagnosis, history, and the date of diagnosis.
- ii. A description of any medical and/or behavioral symptoms associated with the disability.
- iii. Medications, dosage, frequency, and any adverse side effects attributable to use.
- iv. A clear statement specifying functional limitations.
- v. A recommendation for accommodation(s).

#### **2. Specific Learning Disabilities**

##### **A. Required Documentation**

Submit a written diagnostic report of specific learning disabilities that is based on age appropriate, comprehensive, psycho educational evaluations using adult normed instruments.

The assessment or evaluation which leads to the diagnosis must be administered by a trained and qualified (i.e., certified and/or licensed) professional (e.g., psychologist, school psychologist, neuropsychologist, or educational diagnostician) who has had direct experience with adolescents and adults with learning disabilities.

An appropriate Psycho Educational Evaluation must include comprehensive measures in each of the following areas:

- i. **Aptitude:** evaluation must contain a complete intellectual assessment, with all sub-tests and standard scores reported.

Examples Of Measures (including but not limited to):

1. Wechsler Adult Intelligence Scale (WAIS-R)
2. Stanford Binet Intelligence Scale
3. Woodcock-Johnson Psycho-Educational Battery
4. Kaufman Adolescent And Adult Intelligence Test

- ii. **Academic Achievement:** evaluation must contain a comprehensive achievement battery with all sub-tests and standard scores reported. The test battery should include current levels of functioning in the relevant area(s).

Examples of Achievement (including but not limited to):

1. Wechsler Individual Achievement Tests (WIAT)
2. Woodcock-Johnson Psycho-Educational Battery
3. Stanford Test of Academic Skills (TASK)
4. Scholastic Abilities Test for Adults (SATA)

- iii. **Information Processing:** evaluation should assess specific information processing areas such as short- and long-term memory, sequential memory, auditory and visual perception/processing, processing speed, executive function, and motor ability.

Examples of Achievement (including but not limited to):

1. Wechsler Individual Achievement Tests (WIAT)
2. Woodcock-Johnson Psycho-Educational Battery
3. Stanford Test of Academic Skills (TASK)
4. Scholastic Abilities Test for Adults (SATA)

## B. Diagnostic Report

The diagnostic report must include the following information:

- i. A diagnostic interview that addresses relevant historical information, past and current academic achievement, instructional foundation, past performance in areas of difficulty, age at initial diagnosis, and history of accommodations used in past educational settings and their effectiveness.
- ii. A list of all instruments used in the test battery.
- iii. Discussion of test behavior and specific test results.
- iv. A diagnostic summary or statement with the following information:
  1. DSM V Classification
  2. A clear and direct statement that a learning disability does or does not exist, including a rule-out of alternative explanations for the learning problems. Terms such as "appears," "suggests," or "probable" used in the diagnostic summary statement do not support a conclusive diagnosis.
  3. A clear statement specifying the substantial limitations to one or more major life activities.
  4. A psychometric summary of scores.
  5. A recommendation for accommodations, including rationale.

Diagnosis of specific learning disabilities that do not contain psycho-educational measures may not be sufficient for determining eligibility for academic accommodations. For example, school plans such as individualized education plans (IEP) or 504 plans may not be sufficient documentation. DRS reserves the right to request reassessment when questions regarding previous assessment or previous service provision arise.

### **3. Attention Deficit Hyperactivity Disorder (ADHD) / Attention Deficit Disorder (ADD)**

#### **A. Required Documentation**

Submit a current diagnosis of attention deficit hyperactivity disorder (ADHD)/attention deficit disorder (ADD) that is based on appropriate diagnostic evaluations.

#### **B. Diagnostic Report**

Acceptable documentation must include:

- i. DSM V Classification
- ii. A summary or statement which includes the following information:
- iii. A clear summary or statement specifying evidence of behavior that significantly impairs functioning, including degree of severity.
- iv. A recommendation for accommodations, including rationale.

### **4. Psychological/Psychiatric Disabilities**

#### **A. Required Documentation**

- i. Depression and/or bipolar disorder
- ii. Generalized anxiety disorders
- iii. Post traumatic stress disorder
- iv. Psychotic disorders
- v. Autism spectrum disorder.

#### **B. Diagnostic Report**

If the diagnostic report is not current, a letter from a qualified professional that provides an update of the diagnosis may be requested

The diagnostic report must include the following:

- i. DSM V Classification
- ii. A diagnostic summary or statement that includes the following:
  1. A clear summary or statement that a disability does or does not exist.
  2. A clear summary or statement specifying evidence of behavior that significantly impairs functioning including degree of severity.
  3. A discussion of medications and their possible impact on academic functioning.

### **5. Neurological Disorders**

#### **A. Required Documentation**

Disorders of the central and peripheral nervous system, including but not limited to:

- i. Acquired Brain Injury/Traumatic Brain Injury
- ii. Epilepsy/Seizure Disorder
- iii. Stroke

#### **B. Diagnostic Report**

Written statement of diagnosis:

- i. Current functional limitations
- ii. Information regarding current symptoms
- iii. Information regarding prescribed medication(s) and possible side effect and impact on student academic performance
- iv. Restrictions on activities imposed by the condition
- v. Where learning has been affected, a recent neuro-psychological evaluation is requested

### **6. Temporary Disabling Conditions**

#### **A. Required Documentation**

- i. Temporary disabling conditions as a result of surgery, accident, or serious illness may require accommodations for a limited time. Acceptable documentation must include:
- ii. Written statement of diagnosis

- iii. List of current symptoms and degree of severity
- iv. Information regarding functional limitations and impact within an academic environment
- v. Medications and possible side effects
- vi. Duration of symptoms and estimated length of time services will be needed

**AMENDED by Direct Chancellor Approval, January 4, 2017**

### **2.8.2 Eligibility of Students Taking Reduced Course Loads**

Although any student may register for fewer than twelve credit hours, a student with a disability may request a reduced academic load as a reasonable and appropriate accommodation. A college Disability Resource Services (DRS) professional may certify that a student who is afforded a reduced academic load as an accommodation for a disability shall nevertheless be deemed a full-time student. Such certification shall be solely to enable the student to seek eligibility for health insurance benefits and to seek eligibility to comply with mandates of the National Junior College Athletic Association. The college DRS professional will certify that a student may be deemed a full-time student as provided under this regulation only on a semester-by-semester basis.

The appropriate college offices will receive documentation of the DRS professional's certification from the professional or the student. An incoming student may apply for such certification upon acceptance to the college. Requests for certification must be made prior to the beginning of each semester. Every attempt will be made to accommodate these requests.

The following criteria also apply:

1. Students taking a reduced course load must register for at least 6 credit hours (based on DRS approval) during the regular fall and spring semesters. It is recommended that students register for at least three (3) credit hours during the summer to offset the impact of academic eligibility.
2. Students taking a reduced course load must maintain satisfactory academic progress standards as defined by the College catalog.
3. The reduced credit load may result in an adjusted financial aid package. There may be additional ramifications including, but not limited to, extra time to complete college, insurance coverage, Vocational Rehabilitation funding, etc.
4. Eligibility for Federal Stafford Loans may be reduced according to the total number of credit hours taken in the full academic year. A student, taking a reduced course load, must be at least half time in a semester (6 credits) in order to receive a Stafford Loan.
5. The amount of Federal Financial Aid (Title IV) awarded is based on the actual number of credit hours taken.
6. Requirements for continuation of funding through Vocational Rehabilitation may differ. The student must contact his/her VR counselor to determine how a reduced course load will impact their funding.
7. The National Junior College Athletic Association (NJCAA) has published standards in regard to the designation of Certified Disabled Student-Athlete in Article V Section J of the NJCAA bylaws. This procedure addresses the NJCAA criteria for reduced course loads.

#### **Application Process**

1. Applications for reduced course loads must be submitted to the Disability & Services professional with supporting documentation. Requests must be made prior to the beginning of each semester.

2. Supporting documentation must include a diagnostic evaluation from an appropriate professional. The documentation must meet the guidelines set forth by the Maricopa Community College District's Documentation Policy in order to evaluate the current impact of the disability in regards to the request. Students are required to complete an application form for this status every semester, but do not need to re-submit their documentation. Continuation of this status is not automatic. Each case will be re-evaluated at the end of the semester to determine if this accommodation is still appropriate.
3. Students requesting a reduced course load should consult with their academic advisor regarding the consequences of this status for making progress toward graduation requirements and eligibility for various academic distinctions and designations.
4. Students registered in occupational and/or academic programs that have specific block formats will not be considered for reduced course loads.
5. Students who are approved for a reduced course load will be required to sign the Reduced Course Load Approval Form (see [Appendix S-10](#)), which includes a statement acknowledging that he or she has reviewed the consequences that go with reduced load status and accepts them.
6. When a reduced course load status is granted by the Disability Resources & Services professional, a copy of the Reduced Course Load Approval Form will be sent to the appropriate individuals.

### 2.3.11 Academic Misconduct

#### 1. Definitions

- A. Academic Misconduct - includes any conduct associated with the classroom, laboratory, or clinical learning process that is inconsistent with the published course competencies/objectives and/or academic standards for the course, program, department, or institution. Examples of academic misconduct include, but are not limited to: (a) cheating and plagiarism (including any assistance or collusion in such activities, or requests or offers to do so); (b) excessive absences; (c) use of abusive or profane language; and (d) disruptive behavior.
- B. Cheating is any form of dishonesty in an academic exercise. It includes, but is not limited to, (a) use of any unauthorized assistance in taking quizzes, tests, examinations, or any other form of assessment whether or not the items are graded; (b) dependence upon the aid of sources beyond those authorized by the faculty member in writing papers, preparing reports, solving problems, or carrying out other assignments; (c) the acquisition, without permission, of tests or other academic material belonging to or administered by the college or a member of the college faculty or staff; and (d) fabrication of data, facts, or information.
- C. Plagiarism is a form of cheating in which a student falsely represents another person's work as his or her own – it includes, but is not limited to: (a) the use of paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgment; (b) unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials; and (c) information gathered from the internet and not properly identified.

#### 2. Academic Consequences

Any student found by a faculty member to have committed academic misconduct may be subject to the following academic consequences, based on the faculty member's judgment of the student's academic performance

Warning - A notice in writing to the student that the student has violated the academic standards as defined in 1.A.

Grade Adjustment - Lowering of a grade on a test, assignment, or course.

Discretionary assignments - Additional academic assignments determined by the faculty member.

Course Failure - Failure of a student from a course where academic misconduct occurs.

#### 3. Disciplinary Sanctions

If the misconduct is sufficiently serious to warrant course failure, and if either (a) the failure results in a student being removed from an instructional program or (b) the student refuses to accept responsibility for the

misconduct and its academic consequences, the faculty member will, in addition to awarding the course grade, consult the department chair and the vice president of academic affairs as to whether institutional sanctions set forth below should be sought under AR 2.5. Regardless whether the student has accepted responsibility for academic consequences, in all cases of academic misconduct the faculty member may make recommendations for sanctions and may file a written complaint of misconduct. The vice president of academic affairs will serve as the student conduct administrator in all academic misconduct cases, and will follow the procedure established in AR 2.5.2 to evaluate whether disciplinary sanctions are warranted. College probation, suspension, or expulsion will be imposed only by the vice president of academic affairs or designee, and only after the student has received the procedural rights provided in AR 2.5.2.

Disciplinary Probation - Disciplinary probation is for a designated period of time and includes the probability of more severe sanctions if the student commits additional acts of academic misconduct.

College Suspension - Separation of the student from the college for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified. (A suspension from one Maricopa Community College will apply to all other colleges/centers in the District.)

College Expulsion - Permanent separation of the student from the college. (Expulsion from one Maricopa Community College will apply to all colleges/centers in the District.)

#### **4. Appeal of Sanctions for Academic Misconduct**

Students can appeal academic consequences by following the instructional grievance procedure (AR 2.3.5; [Appendix S-6](#)). Students may appeal disciplinary sanctions as provided in AR 2.5.2. If the student appeals through both processes, the instructional grievance process will be suspended until a final decision is reached in the student discipline procedure. In all cases in which financial aid has been adversely affected by academic consequences or disciplinary sanctions that are the subject of ongoing hearing or appeal proceedings, the student may appeal the financial aid determination on the grounds that a final decision has not been made. In such an event, a final decision on financial aid will not be made until after the final decision on consequences and/or sanctions.

**Amended through Direct Approval by the Chancellor and Executive Vice Chancellor & Provost on August 7, 2013**

## **DISCIPLINARY STANDARDS**

### **2.5.1 Disciplinary Standards**

#### **1. Disciplinary Probation and Suspension**

According to the laws of the State of Arizona, jurisdiction and control over the Maricopa Community Colleges are vested in the District Governing Board. The Governing Board and its agents-the chancellor, administration and faculty-are granted broad legal authority to regulate student life subject to basic standards of reasonableness.

In developing responsible student conduct, the Maricopa Community Colleges prefer mediation, guidance, admonition and example. However, when these means fail to resolve problems of student conduct and responsibility, appropriate disciplinary procedures will be followed.

Misconduct for which students are subject to disciplinary action falls into the general areas of:

- A. Cheating on an examination, assessment tests, laboratory work, written work (plagiarism), falsifying, forging or altering college records
- B. Actions or verbal statements which threaten the personal safety of any faculty, staff, students, or others lawfully assembled on the campus, or any conduct which is harmful, obstructive, disruptive to, or interferes with the educational process or institutional functions
- C. Violation of Arizona statutes, and/or college regulations and policies
- D. Use of college computer resources such as the Internet in violation of Technology Resource Standards (AR 4.4) which may result in notification of law enforcement authorities

## 2. Disciplinary Removal from Class

A faculty member may remove a student from class meetings for disciplinary reasons. If an instructor removes a student for more than one class period, the faculty member shall notify the department/division chair and the appropriate vice president or designee in writing of the problem, action taken by the faculty member, and the faculty member's recommendation. If a resolution of the problem is not reached between the faculty member and the student, the student may be removed permanently pursuant to due process procedures.

### 2.5.2 Student Conduct Code

The purpose of this Code is to help ensure a healthy, comfortable and educationally productive environment for students, employees and visitors.

#### Article I: Definitions

The following are definitions of terms or phrases contained within this Code:

1. "Accused student" means any student accused of violating this Student Conduct Code.
2. "Appellate boards" means any person or persons authorized by the college president to consider an appeal from a Student Conduct Board's determination that a student has violated this Student Conduct Code or from the sanctions imposed by the Student Conduct Administrator. The college president may act as the appellate board.
3. "College" means a Maricopa Community College or center.
4. "College premises" means all land, buildings, facilities and other property in the possession of or owned, used or controlled by the college or District.
5. "College official" means any person employed by the college or District, performing assigned administrative or professional responsibilities pursuant to this Student Conduct Code. The college president shall designate the college or center official to be responsible for the administration of the Student Conduct Code.
6. "Complainant" means any person who submits a charge alleging that a student violated this Student Conduct Code. When a student believes that s/he has been a victim of another student's misconduct, the student who believes s/he has been a victim will have the same rights under this Student Conduct Code as are provided to the complainant, even if another member of the college community submitted the charge itself.
7. "Day" means calendar day at a time when college is in session, and shall exclude weekends and holidays.
8. "Disruptive behavior" means conduct that materially and substantially interferes with or obstructs the teaching or learning process in the context of a classroom or educational setting.
9. "District" means the Maricopa County Community College District.
10. "Faculty member" means any person hired by the college or District to conduct classroom or teaching activities or who is otherwise considered by the college to be a member of faculty.
11. "May" is used in the permissive sense.
12. "Member of the college community" means any person who is a student, faculty member, college official or any other person employed by the college or center. A person's status in a particular situation shall be determined by the College President.
13. "Organization" means any number of persons who have complied with the formal requirements for college recognition.
14. "Policy" is defined as the written regulations of the college and/or District as found in, but not limited to, this Student Conduct Code and Governing Board policy.
15. "Shall" is used in the imperative sense.
16. "Student" means any person taking courses at the college whether full-time or part-time. Persons who are not officially enrolled for a particular term but who have a continuing relationship with the college are considered "students".
17. "Student Conduct Administrator" means a college official authorized on a case by case basis by the college official responsible for administration of the Student Conduct Code to impose sanctions upon students found to have violated this Student Conduct Code. A Student Conduct Administrator may serve simultaneously as a Student Conduct Administrator and the sole member or one of the members of a Student Conduct Board. The college official responsible for administration of the Student Conduct Code may authorize the same Student Conduct Administrator to impose sanctions in all cases.

18. "Student Conduct Board" means any person or persons authorized by the college president to determine whether a student has violated this Student Conduct Code and to recommend sanctions that may be imposed when a violation has been committed.
19. "Threatening behavior" means any written or oral statement, communication, conduct or gesture directed toward any member of the college community, which causes a reasonable apprehension of physical harm to self, others or property. It does not matter whether the person communicating the threat has the ability to carry it out, or whether the threat is made on a present, conditional or future basis.

#### **Article II: Judicial Authority**

1. The college official responsible for administration of the Student Conduct Code shall determine the composition of Student Conduct Board and determine which Student Conduct Administrator, Student Conduct Board, and appellate board shall be authorized to hear each case.
2. The college official responsible for administration of the Student Conduct Code shall develop procedures for the administration of the judicial program and rules for the conduct of hearings that are consistent with provisions of this Student Conduct Code.
3. Decisions made by a Student Conduct Board and/or Student Conduct Administrator shall be final, pending the normal appeal process.

#### **Article III: Prohibited Conduct**

##### **1. Jurisdiction of the College**

The Student Conduct Code shall apply to conduct that occurs on college or District premises, or at college- or District-sponsored activities that adversely affects the college community and/or the pursuit of its objectives. Each student shall be responsible for his/her conduct from the time of admission through the actual awarding of a degree, certificate, or similar indicator of completion of a course of study, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment (and even if their conduct is not discovered until after a degree is awarded). The Student Conduct Code shall apply to a student's conduct even if the student withdraws from school while a disciplinary matter is pending.

##### **2. Temporary Removal of Student**

Disruptive behavior includes conduct that distracts or intimidates others in a manner that interferes with instructional activities, fails to adhere to a faculty member's appropriate classroom rules or instructions, or interferes with the normal operations of the college. Students who engage in disruptive behavior or threatening behavior may be directed by the faculty member to leave the classroom or by the college official responsible for administration of the Student Conduct Code to leave the college premises. If the student refuses to leave after being requested to do so, college safety may be summoned. For involuntary removal from more than one class period, the faculty member should invoke the procedures prescribed in the Student Conduct Code.

##### **3. Conduct - Rules and Regulations**

Any student found to have committed the following misconduct is subject to the disciplinary sanctions outlined in Article IV:

- A. Acts of dishonesty, including but not limited to the following:
  - i. Furnishing false information to any college official or office.
  - ii. Forgery, alteration or misuse of any college document, record or instrument of identification.
  - iii. Tampering with the election of any college- recognized student organization.
- B. Obstruction of teaching, research, administration, disciplinary proceedings or other college activities, including its public service functions on campus, in clinical settings or other authorized non-college activities, when the conduct occurs on college premises a faculty member may remove a student from a class meeting for disciplinary reasons. If a faculty member removes a student for more than one class period, the faculty member shall notify the college official responsible for administration of the Student Conduct Code in writing of the problem, action taken by the faculty member, and the faculty member's recommendation. If a resolution of the problem is not reached, the student may be removed permanently pursuant to appropriate due process procedures.
- C. Physical abuse, verbal abuse, threats, intimidation, harassment, coercion, conduct which threatens or endangers the health or safety of any person, and/or disruptive behavior as defined in Article II.2. above.

- D. Attempted or actual theft of and/or damage to property of the college or property of a member of the college community or other personal or public property.
- E. Failure to comply with direction of college officials or law enforcement officers in the performance of their duties and/or failure to identify oneself to these persons when requested to do so.
- F. Unauthorized possession, duplication or use of keys to any college premises, or unauthorized entry to or use of college premises.
- G. Violation of any college or District policy, rule or regulation published in hard copy such as a college catalog, handbook, etc. or available electronically on the college's or District's website.
- H. Violation of federal, state or local law.
- I. Use, possession, manufacturing or distribution of illegal or other controlled substances except as expressly permitted by law.
- J. Illegal use, possession, manufacturing or distribution of alcoholic beverages or public intoxication.
- K. Illegal or unauthorized possession of firearms, explosives, other weapons, or dangerous chemicals on college premises, or use of any such item, even if legally possessed, in a manner that harms, threatens, or causes fear to others, or property damage.
- L. Participation in a demonstration, riot or activity that disrupts the normal operations of the college and infringes on the rights of other members of the college community; leading or inciting others to disrupt scheduled and/or normal activities within any college building or area.
- M. Obstruction of the free flow of pedestrian or vehicular traffic on college premises or at college-sponsored or supervised functions.
- N. Conduct that is disorderly, lewd or indecent; breach of the peace; or aiding, abetting or procuring another person to breach the peace on college premises or at functions sponsored by or participated in by the college or members of the academic community. Disorderly conduct includes but is not limited to: any unauthorized use of electronic or other devices or to make an audio or video record of any person while on college or District premises without his/her prior knowledge, or without his/her effective consent or when such a recording is likely to cause injury or distress. This includes, but is not limited to, secretly taking pictures of another person in a gym, locker room, or restroom.
- O. Attempted or actual theft or other abuse of technology facilities or resources, including but not limited to:
  - i. Unauthorized entry into a file, to use, read or change the contents or for any other purpose
  - ii. Unauthorized transfer of a file
  - iii. Unauthorized use of another individual's identification and/or password
  - iv. Use of technology facilities or resources to interfere with the work of another student, faculty member or college official
  - v. Use of technology facilities or resources to send obscene or abusive messages
  - vi. Use of technology facilities or resources to interfere with normal operation of the college technology system or network
  - vii. Use of technology facilities or resources in violation of copyright laws
  - viii. Any violation of the District's technology resource standards
  - ix. Use of technology facilities or resources to illegally download files
- P. Abuse of the Student Conduct system, including but not limited to:
  - i. Falsification, distortion or misrepresentation of information before a Student Conduct Board.
  - ii. Disruption or interference with the orderly conduct of a Student Conduct Board proceeding.
  - iii. Invoking a Student Conduct Code proceeding with malicious intent or under false pretenses
  - iv. Attempting to discourage an individual's proper participation in, or use of, the Student Conduct system
  - v. Attempting to influence the impartiality of the member of a judicial body prior to, and/or during the course of, the Student Conduct Board proceeding
  - vi. Harassment, either verbal or physical, and/or intimidation of a member of a Student Conduct Board prior to, during and/or after a Student Conduct Board proceeding
  - vii. Failure to comply with the sanctions imposed under this Student Conduct Code
  - viii. Influence or attempting to influence another person to commit an abuse of the Student Conduct Code system

- ix. Failure to obey the notice from a Student Conduct Board or college official to appear for a meeting or hearing as part of the Student Conduct system.
  - Q. Engaging in irresponsible social conduct.
  - R. Attempt to bribe a college or District employee.
  - S. Stalking behavior, which occurs if a student intentionally or knowingly maintains visual or physical proximity toward another person on two or more occasions over a period of time and such conduct would cause a reasonable person to fear for his or her safety.
- 4. Violation of Law and College Discipline**
- A. Disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both the criminal law and this Student Conduct Code (that is, if both possible violations result from the same factual situation) without regard to pending of civil or criminal litigation. Proceedings under this Student Conduct Code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the college official responsible for administration of the Student Conduct Code. Determinations made or sanctions imposed under this Student Conduct Code shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of college rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.
  - B. When a student is charged by federal, state or local authorities with a violation of law, the college will not request or agree to special consideration for that individual because of his or her status as a student. If the alleged offense is also being processed under this Student Conduct Code, however, the college may advise off campus authorities of the existence of this Student Conduct Code and of how such matters will be handled internally within the college community. The college will cooperate fully with the law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students and faculty members, acting within their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

#### **Article IV: Student Conduct Code Procedures**

##### **1. Charges and Student Conduct Board Hearings**

- A. Any member of the college community may file charges against a student for violations of this Student Conduct Code. A charge shall be prepared in writing and directed to the Student Conduct Administrator. Any charge should be submitted as soon as possible after the event takes place, preferably within thirty (30) days following the incident. Misconduct charges of a sexual nature, including sexual harassment and sexual assault, should be sent to the Vice President of Student Affairs who is the designated Title IX Coordinator at each MCCCDC college. Title IX protects students from sexual misconduct and other forms of discrimination in connection with all academic, extracurricular, athletic, and other programs sponsored by the college at any college facility or other location. The Title IX Coordinator (or designee) will conduct an investigation that is prompt, thorough, and impartial according to the MCCCDC sexual harassment complaint process.
- B. The Student Conduct Administrator may conduct a prompt, thorough, and impartial investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to the Student Conduct Administrator. Such disposition shall be final and there shall be no subsequent proceedings. If the charges are not admitted and/or cannot be disposed of by mutual consent, the Student Conduct Administrator will convene the student conduct board. If the student admits violating institutional rules, but sanctions are not agreed to, the hearing shall be limited to determining the appropriate sanction(s).
- C. All charges shall be presented to the accused student in written form. The Student Conduct Administrator will provide written notice of the time, date, and location of the student conduct hearing. The notice will describe the evidence of alleged misconduct, the code provisions violated, and the possible sanctions. The student conduct hearing notice, plus a copy of this code, shall be provided to the student accused of misconduct no less than five (5) workdays before the hearing date. The hearing will be held no more than fifteen (15) workdays after the student has been notified unless the Student Conduct Administrator extends the deadline for good cause in his or her sole discretion.
- D. Hearings shall be conducted by a Student Conduct Board according to the following guidelines, except as provided by Article IV 1.G below:

- i. Student Conduct Board hearings normally shall be conducted in private.
  - ii. The complainant, accused student and their advisors, if any, shall be allowed to attend the entire portion of the Student Conduct Board hearing at which information is received (excluding deliberations). Admission of any person to the hearing shall be at the discretion of the Student Conduct Board and/or its Student Conduct Administrator.
  - iii. In Student Conduct Board hearings involving more than one accused student, the Student Conduct Administrator, in his or her discretion, may permit the Student Conduct Board hearing concerning each student to be conducted either separately or jointly.
  - iv. The complainant and the accused shall have the right to be assisted by any advisor they choose, at their own expense. A party who elects to be assisted by an advisor must notify the student conduct administrator of the name and contact information of the advisor not less than two (2) days before the scheduled hearing. The advisor must be a member of the college community and may not be an attorney. Both the complainant and the accused are responsible for presenting their own information and, therefore, advisors are not permitted to speak or participate directly in any Student Conduct Board hearing before a Student Conduct Board.
  - v. The complainant, the accused student, and the Student Conduct Board may arrange for witnesses to present pertinent information to the Student Conduct Board. The Student Conduct Administrator will try to arrange the attendance of possible witnesses who are members of the college community, if reasonably possible, and who are identified by the complainant and/or accused student at least two days prior to the Student Conduct Board hearing. Witnesses will provide information to and answer questions from the Student Conduct Board. Questions may be suggested by the accused student and/or complainant to be answered by each other or by other witnesses. This will be conducted by the Student Conduct Board with such questions directed to the chairperson, rather than to the witness directly. This method is used to preserve the educational tone of the hearing and to avoid creation of an adversarial environment. Questions of whether potential information will be received shall be resolved in the discretion of the chairperson of the Student Conduct Board.
  - vi. The Student Conduct Administrator will present the information he or she received.
  - vii. Pertinent records, exhibits, and written statements may be accepted as information for consideration by a Student Conduct Board at the discretion of the chairperson.
  - viii. All procedural questions are subject to the final decision of the chairperson of the Student Conduct Board.
  - ix. After the portion of the Student Conduct Board hearing concludes in which all pertinent information has been received, the Student Conduct Board shall determine (by majority vote if the Student Conduct Board consists of more than one person) whether the accused student violated the section of this Student Conduct Code which the student is charged with violating.
  - x. The Student Conduct Board's determination shall be made on the basis of whether it is more likely than not that the accused student violated this Student Conduct Code.
- E. There shall be a single verbatim record, such as a tape recording, of all Student Conduct Board hearings before a Student Conduct Board (not including deliberations). The record shall be the property of the District.
  - F. No student may be found to have violated this Student Conduct Code because the student failed to appear before a Student Conduct Board. In all cases, the evidence and support of the charges shall be presented and considered.
  - G. The Student Conduct Board may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the complainant, accused student, and/or other witness during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement, or other means, where and as determined in the sole judgment of the college official responsible for administration of the Student Conduct Code.

## **2. Sanctions**

- A. The following sanctions may be imposed upon any student found to have violated the Student Conduct Code:
  - i. Warning - a written notice to the student that the student is violating or has violated institutional rules or regulations.

- ii. Probation - a written reprimand for violation of specified rules or regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to violate any institutional rules or regulation(s) during the probationary period.
  - iii. Loss of Privileges - denial of specified privileges for a designated period of time.
  - iv. Restitution - compensation for loss, damage or injury. This may take the form of appropriate service and/or monetary or material replacement.
  - v. Discretionary Sanctions - work assignments, essays, service to the college, or other related discretionary assignments. (Such assignments must have the prior approval of the Student Conduct Administrator.)
  - vi. College Suspension - separation of the student from all the colleges in the District for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.
  - vii. College Expulsion - permanent separation of the student from all the colleges in the District.
- B. More than one of the sanctions listed above may be imposed for any single violation.
- C. Other than college expulsion, disciplinary sanction shall not be made part of the student's academic record, but shall become part of the student's disciplinary record. Upon graduation, the student's disciplinary record may be expunged of disciplinary actions upon the student's application to the Student Conduct Administrator. Cases involving the imposition of sanctions other than suspension or expulsion shall be expunged from the student's confidential record five (5) years after final disposition of the case.

In situations involving both an accused student(s) (or group or organization) and a student(s) claiming to be the victim of another student's conduct, the records of the process and of the sanctions imposed, if any, shall be considered to be the education records of both the accused student(s) and the student(s) claiming to be the victim because the educational career and chances of success in the college community of each may be impacted.

- D. The following sanctions may be imposed upon groups or organizations:
- i. Those sanctions listed above in Article IV 2. A. 1 through 4.
  - ii. Loss of selected rights and privileges for a specified period of time.
  - iii. Deactivation - loss of all privileges, including college recognition for a designated period of time.
- E. In each case in which a Student Conduct Board determines that a student and/or group or organization has violated the Student Conduct Code, the sanction(s) shall be determined and imposed by the Student Conduct Administrator. In cases in which persons other than, or in addition to, the Student Conduct Administrator have been authorized to serve as the Student Conduct Board, the recommendation of the Student Conduct Board shall be considered by the Student Conduct Administrator in determining and imposing sanctions. The Student Conduct Administrator is not limited to sanctions recommended by members of the Student Conduct Board. Following the Student Conduct Board hearing, the Student Conduct Board and the Student Conduct Administrator shall advise the accused student, group and/or organization (and a complaining student who believes s/he was the victim of another student's conduct) in writing of its determination and of the sanction(s) imposed, if any.

### **3. Emergency Suspension**

If a student's actions pose an immediate threat or danger to any member of the college community or the educational processes, a college official responsible for administering the Student Conduct Code may immediately suspend or alter the rights of a student pending a Student Conduct Board hearing. Scheduling the hearing shall not preclude resolution of the matter through mediation or any other dispute resolution process. The decision will be based on whether the continued presence of the student on the college campus reasonably poses a threat to the physical or emotional condition and well-being of any individual, including the student, or for reasons relating to the safety and welfare of any college property, or any college function. When an emergency suspension is imposed, the student conduct administrator will seek to resolve the complaint at the earliest possible date. This suspension is not a sanction but an effort to protect people and property and prevent disruption of college operations.

In imposing an emergency suspension, the college official responsible for administration of the Student Conduct Code may direct that the student immediately leave the college premises and may further direct the student not to return until contacted by that official. An accused student shall be in violation of this policy regardless of whether

the person who is the object of the threat observes or receives it, as long as a reasonable person would interpret the communication, conduct or gesture as a serious expression of intent to harm.

#### **4. Administrative Hold**

The Student Conduct Administrator may place a temporary administrative hold preventing an accused student's registration, financial aid award, transcript release, or graduation if it is necessary to secure the student's cooperation in the investigation or compliance with a direction. This hold is not a sanction but a necessary step to resolve the complaint promptly.

#### **5. Academic Consequences**

Violations of the student conduct code can have academic consequences if the violation also constitutes failure to meet standards of performance or professionalism set by the instructor or the program, or if it constitutes cheating, plagiarism, falsification of data, or other forms of academic dishonesty. The instructor may award a failing grade for the assignment or the course in such cases, and the program faculty may decide that the student is ineligible to continue in the program. Academic consequences are determined by the faculty and academic administration, and are not dependent on the decisions of the student conduct board, the appeals board, or the student conduct administrator.

#### **6. Appeals Regarding Student Code of Conduct**

- A. A decision reached by the Student Conduct Board judicial body or a sanction imposed by the Student Conduct Administrator may be appealed by accused students or complainants to an Appellate Board within five (5) days of receipt of the decision. Such appeals shall be in writing and shall be delivered to the Student Conduct Administrator.
- B. Except as required to explain on the basis of new information, an appeal shall be limited to the review of the verbatim record of the Student Conduct Board hearing and supporting documents for one or more of the following purposes:
  - i. To determine whether the Student Conduct Board hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complainant a reasonable opportunity to prepare and present information that the Student Conduct Code was violated, and giving the accused student a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.
  - ii. To determine whether the decision reached regarding the accused student was based on substantial information, that is, whether there were facts in the case that, if believed by the fact finder, were sufficient to establish that a violation of the Student Conduct Code occurred.
  - iii. To determine whether the sanction(s) imposed was appropriate to the violation of the Student Conduct Code which the student was found to have committed.
  - iv. To consider new information, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original Student Conduct Board hearing.
- C. If an appeal is upheld by the appellate board, the matter shall be returned to the original Student Conduct Board and Student Conduct Administrator for reopening of the Student Conduct Board hearing to allow reconsideration of the original determination and/or sanction(s). If an appeal is not upheld, the matter shall be considered final and binding upon all concerned.

#### **Article V: Interpretation and Revision**

Any question of interpretation regarding the Student Conduct Code shall be referred to the college official responsible for administration of the Student Conduct Code for final determination.

#### **2.5.3 Student Records**

##### **1. Definitions**

For the purposes of this policy, the Maricopa County Community College District has used the following definition of terms.

- A. "College" includes all colleges, educational centers, skill centers and District office.

- B. "Educational Records" are any record (in handwriting, print, tapes, film, or other media) maintained by the college or an agent of the college which is directly related to a student, except:
  - i. A personal record kept by a staff member, if it is kept in the personal possession of the individual who made the record, and information contained in the record has never been revealed or made available to any other person except the maker's temporary substitute
  - ii. An employment record of an individual whose employment is not contingent on the fact that he or she is a student, provided the record is used only in relation to the individual's employment
  - iii. Records maintained by the colleges security unit, if the record is maintained solely for law enforcement purposes, is revealed only to law enforcement agencies of the same jurisdiction and the security unit does not have access to education records maintained by the community college.
  - iv. Records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional, if the records are used *only* for treatment of a student or made available only to those persons providing treatment.
  - v. Alumni records which contain information about a student after he or she is no longer an attendant of the community college and the records do not relate to the person as a student

**2. Records Request**

Official verification of educational records is issued by the Admissions and Records Office/Office of Student Enrollment Services.

**3. Fees**

If a copy(ies) of a portion or all of the records in a student's file is requested, the custodian of the records may charge a fee for copies made. However, the willingness or ability to pay the fee will not effectively prevent students from exercising their right to inspect and review (under supervision of a college employee) their records. A fee will not be charged to search for or to retrieve records. Standard fees for printing and duplication services will apply.

**4. Annual Notification (SEE ALSO FERPA EXPLANATION)**

Students will be notified of their rights annually by electronic mail in a FERPA Annual Notification. Students rights may also be provided via the following means: FERPA Annual Notification placement on the college website, publication in the college catalog and/or the student handbook:

Individuals requesting admission or enrollment at any of the Maricopa County Community Colleges are asked to provide certain contact information that is collected and used for the purpose of responding to the request. The information collected may include your name, address, telephone number or email address. Maricopa county community colleges and/or its agents, including attorneys and/or collection agencies, may use this information to contact you through various means, including phone calls, text messages, e-mail and postal mail. Communication may include, but is not limited to, information regarding account balances, programs and services that MCCCC offers.

**5. Rights of Access to Educational Records**

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (FERPA defines an "eligible student" as a student who has reached 18 years of age or is attending a postsecondary institution at any age). These rights include:

**A. *The right to inspect and review the student's education records within 45 days after the day the college receives a request for access.***

1. Students should submit to the Admissions & Records Office/Enrollment Services written requests that identify the record(s) they wish to inspect. The form to do so may be found [HERE](#). The college official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. There may be occasions when a record may not be copied, especially if doing so may compromise another student or faculty member's privacy. The college or district may deny access to the following records:
  - a. Parents' financial statements;
  - b. Letters of recommendation, if the student has waived his or her right of access;

- c. Records filed before January 1, 1975; or
  - d. Records not included in the FERPA definition of educational records.
3. The Maricopa County Community College District and its associated colleges reserve the right to deny copies of records, including transcripts, in any of the following situations:
- a. The student has an unpaid financial obligation to the college or District;
  - b. There is an unresolved disciplinary action against the student; or
  - c. The educational record requested is an exam or set of standardized test questions.

**B. *The right to request the amendment of the student's education records that the student believes is inaccurate, or misleading.***

1. Students may ask the college to amend a record that they believe is inaccurate or misleading. They should write the college official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.
2. A proper request to correct a student education record must:
  - a. Be written to the College Registrar;
  - b. Clearly identify the part of the record they want to be changed; and
  - c. Specify why the record is inaccurate or misleading.
3. Any written request which does not include the required information will not be considered. The requestor will be notified in writing that their request was not properly submitted and they will receive directions on how to resubmit it.
4. If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing. The FERPA Appeal Process is also outlined in the student handbook and in [Appendix S-17](#) of the MCCC Administrative Regulations.

**C. *The right to provide written consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.***

1. With the exception of directory information and the various FERPA authorized disclosures without consent, the Maricopa County Community College District or its associated colleges must receive written consent from students before disclosing any personally identifiable information from educational records. The FERPA Release Of Information Consent MAY BE FOUND [HERE](#).

**CONDITIONS OF DISCLOSURE WITHOUT CONSENT**

FERPA permits the disclosure of personally identifiable information (PII) from students' education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA Regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student:

1. To other school officials, including instructors, administrators, supervisors, Governing Board members, academic or support staff, law enforcement and health staff, within the MCCC whom the college or District has determined to have legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities. This includes contractors, attorneys, auditors, collection agents, consultants, volunteers, or other parties to whom the college has outsourced institutional services or functions, provided that the conditions listed in §99.31(A)(1)(I)(B)(1) – (A)(1)(I)(B)(2) are met. (§99.31(A) (1))
2. To officials of another school where the student seeks to or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(A) (2))

3. To authorized representatives of the US Comptroller General, the US Attorney General, and the US Secretary of Education, or State and Local Educational Authorities, such as a state postsecondary authority that is responsible for supervising the college's state supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of federal-or state-supported education programs, or for the enforcement of or compliance with federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement, or compliance activity on their behalf (§99.31(A) (3) AND 99.35)
4. In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(A) (4))
5. To organizations conducting studies for, or on behalf of, the college, in order to: (A) Develop, Validate, or Administer Predictive Tests; (B) Administer student aid programs; or (C) Improve instruction (§99.31(A) (6))
6. To accrediting organizations to carry out their accrediting functions. (§99.31(A) (7))
7. To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(A) (8))
8. To comply with a judicial order or lawfully issued subpoena. (§99.31(A) (9))
9. To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(A) (10))
10. Information the college has designated as "Directory Information" under §99.37. (§99.31(A) (11))
11. To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of §99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(A) (13))
12. To the general public, the final results of a disciplinary proceeding, subject to the requirements of §99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the college's rules or policies with respect to the allegation made against him or her. (§99.31(A) (14))
13. To parents of a student regarding the student's violation of any federal, state, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(A) (15))

Students who believe that MCCCDC or an agent of the college has disclosed information contrary to the provisions outlined in this section may submit a grievance via the non-instructional complaint resolution process. The process is posted at: [S-8 Non-Instructional Complaint Resolution](#)

**D. The right to file a complaint with the US Department to Education concerning alleged failures by the college to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
 US Department of Education  
 400 Maryland Avenue SW  
 Washington, DC 20202-5920

- E. **2012 FERPA AMENDMENT:** As of January 3, 2012, the U.S. Department of Education's FERPA Regulations expand the circumstances under which your education records and Personally Identifiable Information (PII) contained in such records—including social security number, grades, or other private information—may be accessed without student consent. For more information on this amendment, please see: [FERPA](https://DISTRICT.MARICOPA.EDU/CONSUMER-INFORMATION/FAMILY-EDUCATIONAL-RIGHTS-PRIVACY-ACT-FERPA)  
[HTTPS://DISTRICT.MARICOPA.EDU/CONSUMER-INFORMATION/FAMILY-EDUCATIONAL-RIGHTS-PRIVACY-ACT-FERPA](https://DISTRICT.MARICOPA.EDU/CONSUMER-INFORMATION/FAMILY-EDUCATIONAL-RIGHTS-PRIVACY-ACT-FERPA)

**F. Student Directory Information**

1. A Maricopa County Community College may release directory information about any student who has not specifically requested the withholding of such information. Students who do not want directory information

released may so indicate during the admissions process or notify the Admission & Records Office/Enrollment Services.

A. Students should consider very carefully the consequences of a decision to withhold directory information. A privacy block will call for the college or District to not release this directory information. Therefore, any future requests for such information from non-institutional persons or organizations will be refused.

2. Students may request their college to withhold the sharing of directory information by filing out a Request To Withhold Directory Information form and submitting that form to the college Admission & Records Office/Enrollment Services.

3. Directory information is considered public information. At any Maricopa County Community College, directory information is defined as a student's:

- A. Name
- B. Address
- C. Phone Number
- D. MCCCED Email Address
- E. Photograph/Electronic Image
- F. Place of Birth
- G. Major Field of Study
- H. Current Enrollment Status
- I. Participation in Officially Recognized Activities
- J. Dates of Attendance
- K. Degrees Awarded
- L. Awards and Academic Honors Received/Dean's List Selection
- M. Previous Institutions Attended
- N. Program and promotional materials on participants in various sports and similar public activities, including weight and height of athletic team members.

#### **G. Disclosure to Parents**

In accordance with federal law, college officials may disclose educational records to parents of a student who have established the student's status as a dependent according to the Internal Revenue Code of 1986, section 152, without the written consent of the student.

#### **RELEASE OF DIRECTORY (PUBLIC) INFORMATION**

At its discretion, the college or District may provide *Directory Information* in accordance with the provisions of FERPA. Types of information considered As *Directory Information* are listed below. additional information may be found at: [DISTRICT.MARICOPA.EDU](http://DISTRICT.MARICOPA.EDU) under Consumer Information.

#### **DIRECTORY (PUBLIC) INFORMATION AT MARICOPA COUNTY COMMUNITY COLLEGE DISTRICT AND ITS ASSOCIATED COLLEGES**

Name  
Address  
Phone Number  
MCCCED Email Address  
Photographs  
Electronic Images  
Date and Place of Birth  
Major Fields of Study  
Current Enrollment Status  
Participation in Officially Recognized Activities  
Dates of Attendance

Degrees

Awards and Academic Honors Received

Dean's List Selection

Previous Institutions Attended

Program and promotional materials on participants in various sports and similar public activities, including weights and heights of athletic team members

Directory Information is Considered Public Information.

## **PRIVACY OF DIRECTORY (PUBLIC) INFORMATION**

### ***BLOCKING THE RELEASE OF DIRECTORY (PUBLIC) INFORMATION***

By default, a college or District may release a student's directory information. Students may prohibit (or block) the public disclosure of directory information by completing a **PRIVACY BLOCK** form.

Students should consider *very carefully* the consequences of a decision to withhold directory information. A privacy block will call for the college or District to not release this *directory information*. Therefore, any future requests for such information from non-institutional persons or organizations will be refused.

Although the college or District will honor a student's request to withhold directory information, it cannot *assume responsibility* to contact the student for subsequent permission to release this information. Regardless of the effect upon the student, the college or District assumes no liability as a result of honoring a student's instructions to withhold such information.

### **ADDITIONAL INFORMATION:**

- If a student blocks directory information, it still may be inspected by those MCCCCD officials authorized by law to inspect education records without consent.
- If a student chooses to block directory information, it cannot be released to friends, family, prospective employers, the news media, advisors, student activities, and honors societies.
- Some reasons for considering a privacy block on directory information include harassment or the advice of a legal or medical professional.
- If a student wishes to keep public data private but release information so it can be published in commencement programs and honors lists, contact the office of Admissions & Records/Enrollment Services at the appropriate college(s).

If a student wishes to remove the privacy block, he or she must rescind the previous block. The college and District cannot assume responsibility to contact students for subsequent permission to release this information. It is the sole responsibility of the student to initiate the release of blocked information.

## **USING SOCIAL SECURITY NUMBERS**

Due to identity theft concerns and privacy issues, students will no longer be asked to provide a social security number as a personal identifier. Instead, students will be assigned a student id number upon enrollment that can be used to access education records, as needed.

**AMENDED through the Administrative Regulation Process, June 4, 2019**

# FERPA APPEAL PROCESS

In instances where the college decides not to amend an education record as requested by the student, the college will notify the student of the decision and advise him/her of the right to an appeal hearing according to the following process:

- The student must have first presented the issue in writing to the college's Admissions/Enrollment Office or designee identifying the records that he/she wishes to have amended and provided any supporting documentation. Note: With the exception of clerical errors, requests that are expressly related to grade disputes are not subject to this process and must be vetted through the Instructional Grievance Process.
- If the request to change the record was deemed unsubstantiated by the college designee and the institution was able to demonstrate that the record was accurate, the student will be informed of the right to a formal appeal hearing.
- Students must request a formal hearing within 10 business days from the date they are informed of the right to an appeal hearing.
- The request for a formal hearing must be in writing and delivered to the [Dean of Admissions/Enrollment Services, Vice President of Student Affairs] or designee.
- The college official who receives the formal hearing request will either review the case personally or designate a hearing committee if the issue involves a matter not clearly established by current policy or administrative regulation.
- A written decision will be delivered to all parties summarizing the evidence and stating the reason(s) for the decision. If the decision is in favor of the student, the education record will be amended. If the decision is for the record to remain the same, the student may place a statement commenting on or disagreeing with the decision in the education record.

## STUDENT HANDBOOK

### 2.5.4 Student Employment

#### 1. District Student Employees

##### A. Introduction

Students may be employed by the college as student help. District regulations require that students be hired in essential jobs and that they be properly trained and supervised.

##### B. Philosophy and Workload for Student Employees

- i. It shall be the philosophy of Maricopa Community College District that a student may work to augment college and living expenses, however, the scholastic endeavor should be foremost. Sufficient time should be allotted for classroom attendance, homework, out-of-class study and participation in activities.
- ii. A workload of twenty (20) hours per week should be established as the maximum number of hours a student employee may work on campus. All student employees shall be enrolled in a minimum of three (3)

semester credit hours. Any combination of day and evening hours would meet this requirement. Any student employee having special reasons to work over 20 hours per week or having dropped below three (3) credit hours should request his/her immediate supervisor to obtain approval from the College president or his/her designee.

- iii. During the summer sessions, students may be eligible for employment if they were enrolled for a minimum of three (3) semester credit hours at the end of the spring semester, or if they have been accepted for admission for the fall semester. Exceptions to the three (3) semester credit hours may be made by the president or his/her designee. Summer shall be designated as the time from the official end of the spring semester to the beginning of classes for the fall semester.

C. Student Employee Benefits

As student employees, there are no entitlements to employee benefits; i.e., vacation, retirement, sick leave, health and life, or disability insurance. Students will, however, be covered under Worker's Compensation Insurance.

D. Student Employment Records

Student employee records will be maintained at the Financial Aid office, the office of the fiscal agent or the Career/Placement Office and will be reviewed periodically by the Vice President of Students Affairs.

E. Student Compensation

The hourly rate of pay for student employees shall coincide with the policies of the District Salary Schedule.

F. Employee Contracts and Forms (See [Appendix FM-3](#))

Student Employee Grievance Procedure

- G. Part-time student employees working for one of the Maricopa Community Colleges may wish to file a grievance relating to certain working conditions or violation of student employment regulation. Please refer to the Non-Instructional Complaint Resolution Process ([AR 2.3.12](#))

## 2. Student Security Guards

A. Introduction and Philosophy

Students may be employed by the college as student help. If student guards do not come from the ranks of Administration of Justice classes, they must undergo appropriate training to qualify them as student guards. This training program is outlined in the regulation.

B. Workload of Student Security Guards

- i. Student security guards shall be enrolled for a minimum of three (3) semester hours.
- ii. Student security guards shall be limited to 20 hours per week when the workweek starts at 7:00 a.m. on Monday and concludes at 11:00 p.m. on Friday. Additional hours may be worked if guards are assigned special duty at games or activities held on campus during the weekend, or if guards are assigned a shift on Saturday and Sunday, between 7:00 a.m. and 11:00 p.m.

C. Students not in Administration of Justice Program

- i. Use of student other than those in Administration of Justice Program:

- 1. Selection of the student must be personally approved by the vice president of students affairs and chief of security.
- 2. Selection of a student should not extend beyond one semester without the approval of the vice president of students affairs.
- 3. Selected student must undergo a special training program directed by the chief of security and approved by the vice president of student affairs.

- ii. Recommended program for students other than those in Administration of Justice programs: Students employed by campus security who are not majors in the Administration of Justice program should be given at least twenty (20) hours of training with pay before being allowed to function independently as a campus security guard. This training should include, but not be limited to instruction in:

- 1. Wearing of the uniform, general appearance, and demeanor
- 2. The use of the various security report forms and how to properly complete them to provide requested information; General report writing methods
- 3. Public relations methods used on the campus
- 4. Crime prevention methods used on the campus; Patrol methods used in buildings and grounds.
- 5. Basic techniques for interviewing students, faculty and visitors relative to the incidents

- 6. Laws and regulations governing the actions of campus security personnel concerning rendering of assistance to students, faculty and visitors on the campus
- 7. Basic first aid
- D. Student Security Guards Employee Benefits  
As student employees there are not entitlements to employee benefits; i.e., vacation retirement, sick leave, health and life, or disability insurance. Students will, however, be covered under Worker's Compensation Insurance.
- E. Student Employment Records  
The student security guard's employment records will be maintained at the office of the chief of security and reviewed periodically by the Vice President of Student Affairs.

### 2.5.5 Student Governance

Student governing bodies derive their authority from the Maricopa County Community College District Governing Board that exists in accordance with Arizona Revised Statutes. The administration of the District is vested in the Chancellor who delegates responsibility for each college to the College President who serves in a management and policy implementation capacity having the ultimate responsibility for all activities of the college. The President shall designate the administrator(s) (i.e., directors of student leadership) at each college who will be charged with the responsibility for working with the college student governing body(ies) in the development of college student activities and programs.

A representative form of student governance may exist at each college/center as well as district wide to provide an effective means of communication among students, faculty, staff and administration and to provide student input in college and District matters. Eligibility requirements are to be met and spelled out in detail in each student governance constitution. These constitutions shall establish the minimum requirements for the elective/appointive officers. All student government constitutions shall be submitted to the Governing Board General Counsel to ensure compliance with federal and state laws, the Maricopa Community Colleges Governing Board Policies and the Chancellor's Administrative Regulations. Since Rio Salado Community College is a countywide non-campus college, the president shall ensure that opportunities exist for student involvement.

College student constitutions should be reviewed annually by student governance. The appropriate vice president or designee of each college shall be responsible for submitting any changes to the president of the college for transmittal to the Governing Board General Counsel.

#### 1. Officers/Members

All reference in this document to positions will designate whether the position is an officer position or a member position.

Each student governance constitution shall define which of its elected positions (maximum of 5) within its structure shall be designated as officers. The persons filling those positions shall be referred to, in this document, as officers. Persons filling all other positions, elected or appointed, shall be referred to as members (excluding non-voting committee members).

All positions filled by election shall be considered as elected positions, even though the person filling the position may have been appointed to fill an unexpired term of another individual.

#### 2. Designation

Colleges with two (2) student governments shall designate the governments as "day" or "evening." Colleges with one (1) government shall be considered day students, for the purposes of this document.

#### 3. Eligibility for Office

All student governance constitutions shall prescribe that all persons elected or appointed as officers shall be enrolled in and maintain a minimum of six (6) credit hours for day student governments, three (3) credit hours for evening student governments. Officers shall have and maintain a minimum cumulative grade point average of 2.50 and be in good standing (not on probation) according to the written district policy. Convicted felons shall be

ineligible for office (ARS § 13-904). The constitution may, however, set more rigid requirements, if so desired by college student governance.

#### **4. Tenure of Position**

Tenure in any student governance position shall be determined by the respective student governance constitutions. In no case shall any student be allowed to serve in any combination of officer/member positions beyond a total of ten (10) semesters. Tenure in any combination of officer positions shall be limited to four (4) semesters.

#### **5. Removal from Office**

Provisions shall be made in all student governance constitutions for removal for cause of individuals from elected or appointed student governance positions.

#### **6. Remuneration Limitations**

- A. Student body officers may receive financial support and/or a letter grade in a leadership class during their terms of office as authorized in their respective student governance constitutions. Student body officers (maximum 5) may receive up to twenty (20) hours per week in financial support and/or up to six (6) credit hours in leadership classes per semester. Remuneration shall be for services rendered and not for merely holding the office.
- B. For qualifying students, Federal Work Study (FWS) funds may be used in accordance with Federal guidelines.
- C. The allowance for awarding honorariums or scholarships for executive student officers is a maximum of \$200.00.
- D. Compensation may be received for both honorariums/scholarships and college employment in the same semester.

#### **7. Amending Student Constitutions**

College student constitutions should be reviewed annually by student governance. The appropriate vice president or designee of each college shall be responsible for submitting any constitutional changes to the President of the college for transmittal to the Governing Board General Counsel.

#### **8. Student Governance Advisors**

College organization advisors will be provided for in each student governance constitutions. Such advisors shall be full-time or part-time employees of the Maricopa Community Colleges.

Recommendations for appointment of an advisor may be submitted to the appropriate vice president or college president. Recommendations for dismissal of an advisor with just cause may be submitted to the appropriate vice president or college president.

#### **9. Legal/Fiscal/Financial Matters**

Authority and responsibility beyond the scope specifically covered in student policies, or interpretation of such matters within laws, board policies, etc. shall rest with the offices of General Counsel and Chancellor, respectively.

#### **10. Final Authority**

In the event of a complete breakdown of the governance body, the college president will serve as the final authority.

### **Student Clubs and Organizations**

In addition to student governing bodies, student clubs and organizations may be formed that fall under the operational direction of the Office of Student Life and Leadership and the administrative direction of the Vice President of Student Affairs at each college. Student clubs and organizations are generally interest-based in nature (such as for a particular program, discipline, or college activity) and are considered to be an important part of the total college experience. Each college shall outline the requirements necessary to establish the formation of an interest-based student club and organization (i.e., mission/purpose, size, structure, advisors). Club advisors shall be employees of the Maricopa County Community College District.

In most instances, student clubs and organizations shall be open to all students who are enrolled in credit courses at a Maricopa Community College. Pursuant to ARS §15-1863, religious or political student organizations may determine that the organization's internal affairs, selecting the organization's leaders and members, defining the organization's doctrines, and resolving the organization's disputes are part of the organization's religious or political mission and that only persons committed to that mission should conduct such activities. For religious and political organizations, state statute recognizes the role that viewpoint serves in the mission and purpose of the organization's operations. Thus, such groups may elect to select members based upon organizational doctrine. The MCCCDC may not deny recognition or any

privilege or benefit to a religious or political student organization or group that exercises its rights pursuant to the statute.

Whereas ARS §15-1863 allows religious and political organizations to determine their internal affairs and the selection of their leaders and members, the MCCCDC non-discrimination policy is applicable to all other aspects of these student clubs and organizations.

**\*\*\*\*\*INSERT INTO PROGRAM SECTION OF THE CATALOG AS ALLIED HEALTH\*\*\*\*\***

### **Appendix S-13: The Maricopa Community Colleges Allied Health or Nursing Program**

#### **Allied Health or Nursing Assumption of Risk/Release of Liability**

Most of the allied health or nursing program pathways include a program of study in a clinical training environment that may contain exposures to risks inherent in patient-oriented educational experiences (such as but not limited to bodily injury or communicable and infectious diseases). Students enrolling in clinical educational courses will be asked to sign a statement assuming all risks inherent in their coursework.

#### **Use of Confidential Information**

Students enrolled in allied health or nursing program pathways will have learning experiences in a health care setting where they will have access to confidential information. Prior to beginning any clinical studies, the students will be asked to sign an agreement to adhere to the requirements of those clinical sites and applicable law, including the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

#### **MCCCDC Required Background Checks**

Students enrolled in an MCCCDC allied health or nursing program are required to complete and pass clinical learning experiences, working with children, elderly persons, and other vulnerable populations. MCCCDC's major clinical agency partners now mandate that any college students assigned to them for clinical experiences submit to a comprehensive background clearance prior to entering such learning experiences. Because the clinical experience portion of the programs is critical to completing a program of study, MCCCDC has instituted two specific background check requirements in order for a student to enroll in a program. First, the student must obtain, at his or her own cost, a Level I Fingerprint Clearance Card from the Arizona Department of Public Safety. Precluding offenses for a Level I card can be found in Arizona Revised Statute § 41-1758.07

(<https://www.azleg.gov/viewdocument/?docName=https://www.azleg.gov/ars/41/01758-07.htm>). Additionally, students must also obtain a "pass" status on a MCCCDC supplemental background check from MCCCDC's authorized background check contractor. The student must also pay for this background check. The supplemental check will be based on the most stringent standards of MCCCDC's clinical experience partners.

The sole program for which the background check requirements are different is the Emergency Medical Technician program. For that program, students must have obtained a Level 1 Fingerprint Clearance Card from the Arizona Department of Public Safety. They are also required, at the time of their clinical assignments, to submit to, pay for and pass any additional background check requirements of the clinical agencies to which their EMT program places students.

Certain licensing boards may require a separate background check or clearance card upon application for licensure or certification.

The MCCCDC supplemental background check review may include searches of the following databases and information but MCCCDC reserves the right to change the search criteria and the program background check requirements at any time without notice:

1. *National Federal Health Care and Abuse Databases*
2. *Social Security Verification*
3. *Residency History*
4. *Arizona Statewide Criminal Records*
5. *Nationwide Criminal Databases*

6. *Nationwide Sexual Offender Registry*
7. *Homeland Security Search*

Examples of background information that will result in a “fail” status on the supplemental background check include:

1. *Social Security number does not belong to the applicant*
2. *Any inclusion on any registered sex offender database*
3. *Any inclusion on any of the Federal exclusion lists or Homeland Security watch lists*
4. *Any conviction of a felony no matter what age of the convictions*
5. *Any warrant any state*
6. *Any misdemeanor conviction for the following no matter how long ago:*
  - A. *Violent crimes*
  - B. *Sex crime of any kind including non consensual sexual crimes and sexual assault*
  - C. *Murder, attempted murder*
  - D. *Abduction*
  - E. *Assault*
  - F. *Robbery*
  - G. *Arson*
  - H. *Extortion*
  - I. *Burglary*
  - J. *Pandering*
  - K. *Any crime against minors, children, vulnerable adults including abuse, neglect, exploitation*
  - L. *Any abuse or neglect*
  - M. *Any fraud*
  - N. *Illegal drugs*
  - O. *Aggravated DUI*
7. *Any misdemeanor controlled substance conviction in last 7 years*
8. *Any other misdemeanor conviction within last 3 years*

EXCEPTIONS: Any misdemeanor traffic (DUI is not considered traffic).

The information that MCCCDC uses for the “pass/fail” background check is subject to change at any time without notice.

MCCCDC recommends that students carry proof of the background clearance at all times during any clinical agency learning experience.

### **Duty to Report Changes; Removal**

Students have an obligation to immediately report to the director of their program any change in the information that they supplied on forms submitted to initiate background checks relating to the allied health or nursing program. That includes information provided to the Arizona Department of Public Safety and MCCCDC’s supplemental background check vendor, as well as that related to the background check required by a clinical agency. Failure to do so will result in removal from the program. Additionally, any change in background check status that would affect the student’s clearance under either MCCCDC’s or a clinical agency’s standards will result in removal from a program.

### **Additional Clinical Agency Background Check**

Some clinical agencies require that students assigned to their sites submit to a criminal background check covering other offenses, as well as to a drug screening. Students are required to pay for the additional agency clinical background check. A clinical agency that requires this additional background check may refuse to place a student due to information the clinical agency obtains in its background check even though that student possess a valid Level I Fingerprint Clearance Card and has obtained a “pass” status on the MCCCDC supplemental background check.

Some conditions that have resulted in students being denied placement at clinical agencies include pending criminal charges, outstanding warrants, unfinished terms of a sentence (such as unpaid fines), pattern of repeated types of arrests/convictions, and failure to disclose all past arrests/convictions when asked to do so on any background check application.

### **Inability to Place**

MCCCD has no obligation to make repeated attempts to place a student when the reason for MCCCCD's inability to place the student is due to background check issues. Since clinical agency assignments are mandatory requirements for completion of a program, a student's inability to complete required clinical experience due to his or her background check issues will result in removal from the program.

### **Changes to Admission or Background Check Requirements**

MCCCD may change its program admission requirements or background check requirements without notice at any time.

### **No Guarantee of Receipt of Licensure/Certificate**

Many of the nursing and allied health programs prepare graduates for application for State or National certificates or licenses. In some professions, such licensure and certification is required prior to employment or practice in the profession. Graduation from a nursing and allied health program does not guarantee the receipt of a license or certificate to practice in the field of study.

**AMENDED by Direct Chancellor Approval, June 1, 2017**

\*\*\*\*\*END OF ALLIED HEALTH SECTION\*\*\*\*\*

## **4.18 Consensual Relationships**

### **1. General**

The existing Governing Board Policy on Hiring of Relatives prohibits employees from being involved in any employment or key decision that involves a relative. This would include work performance, job assignments, or pay related matters. In that such relationships can create a conflict with the interests of the Maricopa Community Colleges, and the increased potential for nepotism and favoritism, the same principles also apply in the case of consensual amorous, romantic and/or sexual relationships that occur between employees or between employees and students.

In the work and academic environment, such a relationship that might be appropriate in other circumstances is inappropriate if one of the individuals in the relationship has a professional responsibility toward, or is in a position of authority with respect to, the other, such as in the context of supervision, instruction, coaching, counseling or advisement. An element of power is present in such a context and it is incumbent upon those with authority not to abuse that power. In addition, consensual relationships may yield to third parties the appearance that unfair bias or favoritism towards the student or supervisee is taking place.

#### **A. Definitions**

- i. Consensual relationships are defined as romantic, amorous and/or sexual relationships between consenting employees or between employees and adult (18 years or older) college students currently enrolled at one of the community colleges.
- ii. An employee is any individual who is employed by the Maricopa County Community College District (MCCCD). An employee includes an individual who is subject to an established employee job group policy manual, whether regular, full-time board approved, at-will, part-time, and/or temporary. An employee also includes a contract worker (special services employment, request for personnel services) working or serving as an agent or designee on behalf of the MCCCCD.
- iii. A student is considered to be any person currently enrolled in a credit or non-credit class at one of the colleges or centers within the Maricopa County Community College District.
- iv. A vendor is someone who sells or can sell products or services to the Maricopa County Community College District.
- v. A recent consensual relationship is considered to be one that has taken place within the past 24 months.

#### **B. Prohibited Conduct**

- i. An employee shall not maintain, engage in or be involved in a consensual relationship with another employee who is subject to that individual's supervision or with a student that is currently enrolled in the

individual's class, or a student whom the individual otherwise instructs, coaches, counsels or advises, or with a vendor if the employee manages that contract or otherwise exerts influence over the contract.

- ii. The Governing Board recognizes that the personal life of its employees is not a concern of the institution, and therefore, this regulation does not seek to prohibit romantic relationships that exist between parties where the context of power-authority between employees or between employees and students is not present; and provided that the relationship does not affect the employee's effectiveness in fulfilling his or her professional obligation. For these instances, appropriate measures should still be taken in order to avoid conflicts of interest from occurring. For relationships that may exist prior to the time that either a student or employee is placed in a situation of instruction or supervision that is considered to be a conflict of interest, the employee(s) involved shall disclose and take immediate measures to avoid the conflict or appearance of conflict.

## 2. Procedures for Disclosure

Employees should first avoid allowing an inappropriate consensual, amorous or sexual relationship to develop with a supervisee or student.

- A. Where the employee is already in or has had a recent consensual relationship with a supervisee, the following procedures shall be followed:
  - i. Immediate disclosure by the employee of the relationship to their supervisor and to the appropriate Vice President or Vice Chancellor in order to ensure that any conflicts of interest have been adequately addressed.
  - ii. The respective administrator responsible for the department or division shall place the subordinate under alternate supervision when a supervisor under his/her direction has or has had a recent consensual relationship with the employee.
  - iii. The supervisor shall recuse himself or herself from any discussions or involvement with decisions related to evaluations, promotion, hiring, determination of salary, or continuation of contract or employment.
  - iv. The respective Vice President or Vice Chancellor shall prepare and retain a report that specifies the appropriate alternate arrangements that have been made to eliminate the conflict of interest. The EEO/AA Office shall be provided a copy of the report along with the employees involved in the relationship.
- B. Where the employee is already in or has had a recent consensual relationship with a student prior to enrollment in his or her class, the following procedures shall be followed:
  - i. The faculty member shall counsel and advise the student not to enroll in his or her course.
  - ii. The Consensual Relationships Policy will be made available to students via the student handbook and other appropriate communications vehicles.
  - iii. If it is not possible for a student to enroll in another course, section, or course and section at another college due to a requirement for completion of a degree or certificate and no other academic option is available, disclosure of the relationship will be made to the appropriate Department Chair, Dean and Vice President of Academic Affairs or Vice President for Student Affairs as appropriate for review. The Vice President will refer the matter to the Vice Chancellor for Academic and Student Affairs for consideration. The Chancellor or his/her designee may allow a student to enroll in the class only upon a showing by the student that the enrollment is necessary to avoid an extreme hardship, and upon a showing by the college President or designee that the academic integrity of the student's enrollment in the class will nevertheless be maintained.
3. Persons who are married, or were married, are included within the definition of persons that have or who have had a consensual amorous relationship. Disclosure in this instance may be made via the Maricopa Disclosure process [The Annual Acknowledgement and Disclosures form may be found in the [Employee Learn Center](#). Employee credentials are needed to enter secure site].
4. An employee who fails to follow the requirements established in this policy and who does not withdraw from participation in activities or decisions that may reward or penalize a supervisee or student with whom the employee has or has had a recent consensual amorous relationship, will be considered in violation of policy and will be addressed in accordance with established processes in job group policy manuals.

## LANGUAGE ADOPTED BY DIRECT CHANCELLOR APPROVAL

### **2.8.3 Technology Accessibility**

The Maricopa Community College District is committed to ensuring equal access to information, programs, services and activities through its technologies, Web pages, and resources both in the academic and work environments. This regulation establishes that Electronic and Information Technology (EIT) that are used to conduct the business of the Maricopa Community Colleges shall adhere to established accessibility standards and guidelines.

**Accounting Paraprofessional**

Review version 3149 Accounting for effective term 2020 fall in 2020-2021 Academic Catalog

Associate in Applied Science - AAS 3131  
62-68 credits

**For Information:** Scott Stroher  
**Phone:** 623.845.3453  
<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Accounting Paraprofessional program is designed to provide a sound background in fundamental accounting skills for individuals planning to enter the field at the paraprofessional level. Some of the goals of this program are to develop students' abilities (1) to critically and constructively analyze the function of accounting systems in relation to the organization, its management, and its goals (2) to understand accounting management and, in particular, how these roles affect various profiles of the company.

**Program Notes:** Student must earn a grade of C or better for all courses required within the program.

**Program Prerequisites:** None

**Required Courses: (28-31 credits)**

Select one of the following three core sequences:

Sequence 1:		9
ACC111	Accounting Principles I (3)	
AND		
+ ACC230	Uses of Accounting Information I (3)	
AND		
+ ACC240	Uses of Accounting Information II (3)	
OR		
<b>Sequence 2:</b>		<b>9</b>
ACC111	Accounting Principles I (3)	
AND		
+ ACC112	Accounting Principles II (3)	
AND		
+ ACC212	Managerial Accounting (3)	
OR		
<b>Sequence 3:</b>		<b>6</b>
ACC211	Financial Accounting (3)	
AND		
+ ACC212	Managerial Accounting (3) 6-9	

In addition to the core sequences, complete the following required courses:

ACC107	Bookkeeping Theory and Practice	4
+ ACC219	Intermediate Accounting I	3
+ ACC221	Tax Accounting	3
CIS105	Survey of Computer Information Systems	3
CIS114DE	Excel Spreadsheet	3
GBS151	Introduction to Business	3
GBS205	Legal, Ethical, and Regulatory Issues in Business	3

**Restricted Electives: (9 credits)**

Select any nine credits from the following list of options except courses used to satisfy the General Education Requirement area.

		Credits
+ ACC216	Fraud Examination	3
+ ACC260	Certified Bookkeeper (CB) Preparation	3
CIS117DM	Microsoft Access: Database Management	3
CWE198++	Any Career/Work Experience course(s) in Accounting/Business	1-3
ECN211	Macroeconomic Principles	3
ECN212	Microeconomic Principles	3
+ GBS220	Quantitative Methods in Business	3
+ GBS221	Business Statistics	3
+ GBS233	Business Communications	3
+ GBS261	Investments I	3
MGT101	Techniques of Supervision	3
MGT175	Business Organization and Management	3
MGT251	Human Relations in Business	3
MKT271	Principles of Marketing	3

**Free Electives: (0-3 credits)**

Students should choose zero to three credits from Free Electives. Any 100/200 level prefixed courses may be selected, except courses used to satisfy the Required Courses area.

**General Education Requirements: (22-27 credits)**

General Education Core: (12-17 credits)	Credits
<b>First-Year Composition:</b>	<b>6</b>
+ ENG101	First-Year Composition (3) OR
+ ENG107	First-Year Composition for ESL (3)

<b>Mathematics:</b>	<b>3-5</b>
+ MAT120	Intermediate Algebra (5) OR
+ MAT121	Intermediate Algebra (4) OR
+ MAT122	Intermediate Algebra (3) OR
	Satisfactory completion of a higher level mathematics courses

<b>General Education Distribution: (10 credits)</b>	<b>Credits</b>
<b>Humanities, Arts and Design:</b>	<b>3</b>
	Any approved general education course in the Humanities, Arts and Design area.
	Students considering university transfer should select a course that also meets Global [G] and/or Historical [H] and/or Cultural [C] Awareness Area requirement.

<b>Social-Behavioral Sciences:</b>	<b>3</b>
ECN211	Macroeconomic Principles (3) OR
ECN212	Microeconomic Principles (3)

## Natural Sciences:

Any approved general education course in the Natural Sciences area.

## Basic Automotive Maintenance

**Certificate of Completion - CCL 5944N**

**This program is not eligible for Title IV Federal Financial Aid 12 credits**

**For Information:** Veronica Moreno

**Phone:** 623.845.3183

[www.gccaz.edu/automotive-technology](http://www.gccaz.edu/automotive-technology)

**Program Description:** The Certificate of Completion (CCL) in Basic Automotive Maintenance provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of basic electrical and mechanical maintenance and repair. The curriculum within This certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification Tests.

See program advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service also is available.

This program also is offered at GateWay, Mesa, and Rio Salado Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None

### Required Courses: (12 credits)

		<b>Credits</b>
ASE101	Introduction to Automotive	2
ASE141	Steering, Suspension and Pre-Alignment (2)

ASE181AU	Introduction to Engine Performance (2)	2

## 4 Business Office Assistant

**Review version 5167 Administrative Professional for effective term 2020 fall in 2020-2021 Academic Catalog Certificate of Completion - CCL 5238 18 credits**

**For Information:** Beth Berry

**Phone:** 623.845.3391

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Business Office Assistant program is designed to prepare the student for employment as an office assistant in a business office environment. Skill development includes keyboarding, word processing, spreadsheet development, presentation software skills, basic database data entry and management skills, filing, electronic and traditional mailing methods, managing calendars, and fundamental aspects of using a payroll software. Program is also designed to develop proper techniques for internal and external office communication.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites:** None

### Required Courses: (18 credits)

		<b>Credits</b>
BPC101AA	Introduction to Computers I	1
BPC106AH	MS Outlook Level I	0.5
+ BPC106BH	MS Outlook Level II	0.5
CIS113DE	Microsoft Word: Word Processing	3

Any approved general education course in the Natural Sciences area.

## **Business Office Computer Applications**

**Review versions 3196 Information Technology, 5137 Microsoft Office Specialist, and 5132 Microsoft Office Professional for effective term 2020 fall in 2020-2021 Academic Catalog**

**Certificate of Completion - CCL 5212**  
**21 credits**

**For Information:** Beth Berry  
**Phone:** 623.845.3391  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Business Office Computer Applications program includes courses in the following areas: general office computer usage and applications, operating systems, word processing, database, and spreadsheets. Other business skills, including accounting, business calculations and English, are integrated in the program. The curriculum is designed to help prepare students to use common business computer application software in a professional office setting.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Program Prerequisites:** None

<b>Required Courses: (21 credits)</b>		<b>Credits</b>
CIS105	Survey of Computer Information Systems	3
CIS133DA	Internet/Web Development Level I	3
OAS101AA	Computer Typing I: Keyboard Mastery	1
+ OAS101AB	Computer Typing I: Letters, Tables and Reports	1

# 5 GCC Degrees & Certificates: 2020 Summer Final Term

CIS118DB	Desktop Presentation - PowerPoint	3
CIS113DE	Microsoft Word: Word Processing	3
CIS114DE	Excel Spreadsheet	3
CIS117DM	Microsoft Access: Database Management	3
ITS100	Information Security Awareness	1

## CAD Technology

Review version 3503 Architectural and Civil CAD Technology for effective term 2020 fall in 2020-2021

Academic Catalog

Associate in Applied Science - AAS 3503  
64-69 credits

**For Information:** Glenda Chagolla  
**Phone:** 623.845.3699  
<https://gccaz.edu/consumer-sciences>

**Program Description:** The Associate in Applied Science (AAS) in CAD Technology degree provides students with experience in the manipulation of two-dimensional (2D) and three-dimensional (3D) objects using industry standard CAD software and includes training in presentation and animation methods as well as in documentation conventions. Elective options in architecture, manufacturing, and civil projects supply focus on specific professional application software. Additionally, students are required to enroll in a departmental elective from a second professional group, thus broadening their experience of the design sector and heightening their skills in and perceptions of the range of design possibilities.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites:** None.

### Required Courses: (39-41 credits) Credits

Students must earn a grade of C or better for each course listed under Required Courses.

CAD100	Fundamentals of 2D AutoCAD	3
+ CAD101	Elements of CAD Graphics (AutoCAD)	3
+ CAD145	Survey of CAD	3
+ CAD201	Three-Dimensional (3D) Modeling and Advanced CAD Techniques	3
+ CAD295	Design Geometry	3
+ CET211	Strength of Materials	3
+ DFT106 OR	Algebra and Graphs for Design Technology (3)	
+ MAT150	College Algebra/Functions (5) OR	
+ MAT151	College Algebra/Functions (4) OR	
+ MAT152	College Algebra/Functions (3)	3-5
+ DFT107	Trigonometry and Analytic Geometry for Design Technology (3) OR	
+ MAT182	Plane Trigonometry (3)	3
+ DFT115	Geometric Dimensioning and Tolerancing (3) OR	
DFT126	Building Trades Blueprint Reading (3)	3

Students must also complete the courses in one of the following application specialty tracks:

### Track I: Architecture Credits: ..... 12

+ CAD105	Fundamentals of Revit Architecture	3
+ CAD167	Architectural Drawings I (Revit): Residential CAD	3
+ CAD267	Architectural Drawings II (Revit): Commercial CAD	3

CON263	Building Codes (3) OR	
BLT263++	Building Codes (any suffixed course) (3)	3

### Track II: Manufacturing Credits: ..... 12

+ CAD175	Manufacturing Modeling and Design	3
+ CAD245	Design and Modeling of Mechanisms	3
+ CAD281	Electro-Mechanical Product Documentation	3
+ CAD270	SolidWorks Application and Analysis Modules	3

### Track III: Civil Credits: ..... 12

+ CAD186	Site Development I	3
+ CAD286	Site Development II	3
CAD++++	Any CAD Computer-Aided Design course(s)	3
+ CON241	Surveying	3

### Restricted Electives: (6 credits) Credits

Students must select an additional six credit hours from the following course options. Selected courses will not apply in both Required Courses and Restricted Electives areas.

+ CAD167	Architectural Drawings I (Revit): Residential CAD	3
+ CAD175	Manufacturing Modeling and Design	3
+ CAD186	Site Development I	3
+ CAD235	Modeling, Rendering and Animation for Technical Presentations	3
+ CAD245	Design and Modeling of Mechanisms	3
+ CAD267	Architectural Drawings II (Revit): Commercial CAD	3
+ CAD270	SolidWorks Application and Analysis Modules	3
+ CAD281	Electro-Mechanical Product Documentation	3
+ CAD286	Site Development II	3
+ CAD287	Advanced Revit Techniques	3
DFT121	Introduction to Architectural Drafting	3
+ CAD292	Current Developments in CAD Technology (1) (May repeat up to three times on different topics)	1-3

Courses selected from the following Restricted Electives options require prior approval by Department Advisor or Program Director:

CAD+++	Any CAD Computer-Aided Drafting course(s) (1-3) OR	
CIS+++	Any CIS Computer Information Systems course(s) (1-3)	1-3

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<b>General Education Requirements: (19-22 credits)</b>	
<b>General Education Core: (9-12 credits)</b>	<b>Credits</b>
<b>First-Year Composition:.....</b>	<b>6</b>
+ ENG101 First-Year Composition (3) OR	
+ ENG107 First-Year Composition for ESL (3)	
AND	
+ ENG102 First-Year Composition (3) OR	
+ ENG108 First-Year Composition for ESL (3) OR	
+ ENG111 Technical and Professional Writing (3)	
<b>Oral Communication: .....</b>	<b>3</b>
COM100 Introduction to Human Communication (3)	
OR	
COM110 Interpersonal Communication (3) OR	
+ COM225 Public Speaking (3) OR	
COM230 Small Group Communication (3)	
<b>Critical Reading:.....</b>	<b>0-3</b>
+ CRE101 College Critical Reading and Critical Thinking (3) OR	
Appropriate Reading placement test score	
<b>Mathematics:.....</b>	<b>0</b>
Met by (DFT106 or MAT150 or MAT151 or MAT152) and (DFT107 or MAT182) in Required Courses area.	
<b>General Education Distribution: (10 credits)</b>	<b>Credits</b>
<b>Humanities, Arts and Design: .....</b>	<b>3</b>
Any approved general education course in the Humanities, Arts and Design area.	
<b>Social-Behavioral Sciences: .....</b>	<b>3</b>
ECN211 Macroeconomic Principles (3) OR	
ECN212 Macroeconomic Principles (3)	
<b>Natural Sciences: .....</b>	<b>4</b>
+ PHY101 Introduction to Physics (4) OR	
+ PHY111 General Physics I (4)	

## Cloud Computing

Review version 5238 Amazon Web Services Practitioner for effective term 2020 fall in 2020-2021 Academic Catalog Certificate of Completion - CCL 5141N

This program is not eligible for Title IV Federal Financial Aid 2 credits

**For Information:** Andrea Schauer  
**Phone:** 623.845.3502  
<https://gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Cloud Computing builds the practical knowledge and skills of cloud computing. Cloud computing provides reliable, scalable, secure, and flexible technology solutions for personal and business use. This CCL will introduce students new to or interested in cloud computing to the fundamental concepts of cloud services as well as hands-on opportunities to apply these concepts to real-world applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students

for the AWS Cloud Practitioner certification, which is the first level of the AWS certifications.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience such as database, Linux, information security, networking, programming, and DevOps who are interested in expanding their knowledge in the area of cloud computing to enhance their employment opportunities. Speak to a program director for additional information.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Gateway, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (2 credits)</b>	<b>Credits</b>
CLD110 Amazon Web Services Academy Cloud Foundations	2

## Computer and Networking Technology

Review version 3189 Network and Systems Administration for effective term 2020 fall in 2020-2021 Academic Catalog Associate in Applied Science - AAS 3312 60-62 credits

**For Information:** Andrea Schauer  
**Phone:** 623.845.3502  
<https://gccaz.edu/consumer-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Computer and Networking Technology program offers the student a solid, hands-on skill set of computer, networking and internetworking systems technology principles. Students gain an understanding of the interaction between microcomputer software and hardware, network and internetworking operating systems software and hardware, the use of troubleshooting techniques, and troubleshooting hardware and software tools.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

<b>Required Courses: (38-40 credits)</b>	<b>Credits</b>
CIS105 Survey of Computer Information Systems	3
CNT140AA Introduction to Networks	4
+ CNT150AA Cisco - Routing and Switching Essentials	4
+ CNT160AA Scaling Networks	4
+ CNT170AA Cisco - Connecting Networks	4
+ CNT171 CCNA Exam Prep	1
+ CNT205 Cisco Certified Network Associate Security	4
+ CNT206 Cisco Certified Network Associate Wireless	4
CWE198AA Career/Work Experience	1
ELT101 Mathematics for Electronics I	3
Any Intermediate Algebra course is acceptable with permission of Department if ELT101 is not available.	
+ ELT102 Mathematics for Electronics II	3

# 7 GCC Degrees & Certificates: 2020 Summer Final Term

NET183AA Operating Systems (2) OR  
Permission of Program Director 0-2

+ NET271 Microcomputer Maintenance I: A+ Essentials  
Prep 3

**General Education Requirement: (19-22 credits)**  
**General Education Core: (9-12 credits)** Credits  
**First Year Composition: .....6**

+ ENG101 First-Year Composition (3) OR  
+ ENG107 First-Year Composition for ESL (3)

AND  
+ ENG102 First-Year Composition (3) OR  
+ ENG108 First-Year Composition for ESL (3) OR  
+ ENG111 Technical and Professional Writing (3)

**Oral Communication: .....3**  
COM100 Introduction to Human Communication (3)  
OR  
COM110 Interpersonal Communication (3) OR  
+ COM225 Public Speaking (3) OR  
COM230 Small Group Communication (3)

**Critical Reading: .....0-3**  
+ CRE101 College Critical Reading and Critical  
Thinking (3) OR  
Equivalent as indicated by assessment.

**Mathematics: .....0**  
Met by ELT102 in Required Courses area

**General Education Distribution: (10 credits)** Credits  
**Humanities, Arts and Design: .....3**  
Any approved general education course from the  
Humanities, Arts and Design area.

**Social-Behavioral Sciences: .....3**  
Any approved general education course from the  
Social-Behavioral Sciences area.

**Natural Sciences: .....4**  
Any approved general education course from the Natural  
Science area.

**Computer Information Systems**  
**Review version 3196 Information Technology for effective**  
**term 2020 fall in 2020-2021 Academic Catalog**  
**Associate in Applied Science - AAS 3152**  
**61-67 credits**

**For Information:** Bill Stewart  
**Phone:** 623.845.3250  
<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) degree in Computer Information Systems program is designed to prepare students who are planning to find employment using current computer applications. Students will get experience with a variety of operating systems, database management, and popular programming languages. A Certificate of Completion

(CCL) also is available.

This degree also is offered at GateWay, and Phoenix Community Colleges.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

Consultation with an Academic Advisor is recommended for course selection.

**Required Courses: (27-28 credits)** Credits

ACC111 Accounting Principles I 3  
CIS105 Survey of Computer Information Systems 3  
CIS133DA Internet/Web Development Level I 3

CIS126DA UNIX Operating System (3) OR

+ MAT121 Intermediate Algebra (4) OR  
+ MAT122 Intermediate Algebra (3) OR  
Satisfactory completion of a higher level mathematics course.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

**General Education Distribution: (10 credits)****Humanities, Arts and Design:**

Any approved general education course in the Humanities, Arts and Design area.

**Credits****3****Social-Behavioral Sciences:**

ECN211 Macroeconomic Principles (3) OR  
ECN212 Microeconomic Principles (3) OR  
SBU200 Society and Business (3)

**3****Natural Sciences:**

Any approved general education course in the Natural Sciences area.

**4****Computer Information Systems**

**Review version 3196 Information Technology for effective term 2020 fall in 2020-2021 Academic Catalog**

**Certificate of Completion - CCL 5671**

**21 credits**

**For Information:** Bill Stewart  
**Phone:** 623.845.3250  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Computer Information Systems program is designed to meet the needs of students who are planning to find employment using current computer applications. It is intended for students who may later want to pursue an associate's degree in Computer Information Systems, but who do not expect to go beyond the community college program. Students will get experience with a variety of operating systems, database management, and popular programming languages. An Associate in Applied Science (AAS) also is available.

This certificate also is offered at GateWay and Phoenix Community Colleges.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

Consultation with an Academic Advisor is recommended for course selection.

**Required Courses: (12 credits)****Credits**

CIS105	Survey of Computer Information Systems	3
CIS133DA	Internet/Web Development Level I	3
CIS126DA	UNIX Operations System (3) OR	
CIS126DL	Linux Operating System (3) OR	
+ MST150++	Any Microsoft Windows course (3)	3
+ CIS150	Programming Fundamentals (3) OR	
+ CIS150AB	Object-Oriented Programming Fundamentals (3)	3

**Restricted Electives: (9 credits)****Credits**

CIS++++ Any CIS Computer Information Systems course(s) except courses used to satisfy Required Courses area.

**Digital Cinema Arts**

**Review version 3570 Film and Media Production for effective term 2020 fall in 2020-2021 Academic Catalog**  
**Associate in Applied Science - AAS 3570**  
**64-73 credits**

**For Information:** Stephanie Lucas  
**Phone:** 623.845.3755  
<https://www.gccaz.edu/art-humanities>

**Program Description:** The Associate in Applied Science (AAS) in Digital Cinema Arts program is designed to help students develop the creative and technical skills needed to work in the competitive film and video industries. Students receive comprehensive training in the craft, process and language of moving images. The program uses state of the art technology and provides opportunities for students to develop their skills and professionalism with "real world" projects both in the laboratory and on location.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Program Prerequisites:** None

**Required Courses: (39-43 credits)****Credits**

Students must earn a grade of C or better for all courses within the Required Courses area. All courses in core do not need to be completed prior to starting courses from the selected track.

**Core Credits: 18-21**

CIS120DK	Introduction to Digital Video Editing (3) OR Permission of Instructor	0-3
HUM/THF205	Introduction to Cinema	3
+ MUC122	Sound Design I	3
TCM/VPT105	Studio Production	3
TCM/VPT108	Video Production	3
+ TCM/VPT114	Audio Production	3
+ TCM117	Introduction to Cinematography	3

Students must also complete all the courses required in one of the following two tracks:

**Track I: Film Emphasis - Credits: 21-22**

TCM121	Story Theory for Film, Television and Media	3
+ TCM123	Feature Screenwriting: First Draft (3) OR	
+ TCM217	Advanced Cinematography (3)	3
+ TCM134	Pre-Production for Motion Picture and Television	3
+ TCM135	Production for Motion Picture and Television	3
+ TCM136	Post-Production for Motion Picture and Television	3
TCM260	Film/Video Producing and Financing	3
AND		

# 9 GCC Degrees & Certificates: 2020 Summer Final Term

Choose one of the following courses as Capstone course for the track.

- + TCM250 Documentaries for Social Change (4) OR
- + TCM275 Advanced Portfolio Production (4) OR
- + VPT214AC Video Production Internship (3) 3-4

**Track II: Video Emphasis - Credits: 21-22**

- + MUC111 Digital Audio Workstation I (DAW I) 3
- TCM111AA Scripting in the Media 3
- + TCM151 Broadcast Production 3
- + VPT106 Digital Video Effects 3
- + VPT204 Advanced Video Production 3
- VPT208 Production Company Management 3

Choose one of the following courses as Capstone course for the track.

- + TCM217 Advanced Cinematography (3) OR
- + TCM250 Documentaries for Social Change (4) OR
- + TCM294AC Special Topics in Motion Picture/Television Production (3) OR
- + VPT214AC Video Production Internship (3) 3-4

**Restricted Electives: (6 credits) Credits**

Choose two of the following courses:

- ART142 Introduction to Digital Photography 3
- + ENH254 Literature and Film 3
- HUM/THF210 Contemporary Cinema 3
- HUM213 Hispanic Film 3

**General Education Requirements: (19-24 credits)**  
**General Education Core: (12-17 credits) Credits**  
**First-Year Composition:.....6**

- + ENG101 First-Year Composition (3) OR
  - + ENG107 First-Year Composition for ESL (3)
- AND
- + ENG102 First-Year Composition (3) OR
  - + ENG108 First-Year Composition for ESL (3) OR
  - + ENG111 Technical and Professional Writing (3)

**Oral Communication:.....3**

- COM100 Introduction to Human Communication (3)
- OR
- COM110 Interpersonal Communication (3) OR
  - + COM225 Public Speaking (3) OR
  - COM230 Small Group Communication (3)

**Critical Reading:.....0-3**

- + CRE101 College Critical Reading and Critical Thinking (3) OR
- Equivalent as indicated by assessment.

**Mathematics:.....3-5**

Any approved general education course from the Mathematics area.

**General Education Distribution: (7 credits) Credits**

**Humanities, Arts and Design: .....0**  
 Met by HUM/THF205 in Required Courses area.

**Social-Behavioral Sciences: .....3**

Any approved general education course from the Social-Behavioral Sciences area.  
 PSY101 is recommended

**Natural Sciences: .....4**

Any approved general education course from the Natural Sciences area.

## Early Childhood Administration and Management

**Review version 3186 Early Childhood Education for effective term 2020 fall in 2020-2021 Academic Catalog**  
**Associate in Applied Science - AAS 3109**  
**60-65 credits**

**For Information:** Judy Basham  
**Phone:** 623.845.4479  
<https://gccaz.edu/consumer-sciences>

**Program Description:** The Associate in Applied Sciences (AAS) in Early Childhood Administration and Management is an integrated program of study that provides an educational foundation in early childhood education plus administrative and management courses specifically related to the business needs and practices of early childhood directors, owners and other management-level staff.

This program also is offered at Rio Salado Community College.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

**Program Prerequisites:** None

**Required Courses: (35 credits) Credits**

- |             |  |   |
|-------------|--|---|
| CFS206      | Child and Family Organizations: Management and Administration  | 3 |

**Humanities, Arts and Design: .....3**

EDU/ENH291 Children's Literature

**Social-Behavioral Sciences:.....3**

CFS205 Human Development

**Natural Sciences: .....4**

Any approved general education course from the Natural Sciences area.

## Early Childhood Education

Review version 3186 Early Childhood Education for effective term 2020 fall in 2020-2021 Academic Catalog

**Associate in Applied Science - AAS 3007**  
**63-68 credits**

**For Information:** Judy Basham

**Phone:** 623.845.4479

<https://gccaz.edu/consumer-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Early Childhood Education program is designed to prepare individuals to work within the field of early childhood education (ECE), focusing on programs serving children birth through 8 years of age. The courses are based on current ECE theory and practice, are offered in a variety of formats, and are scheduled to accommodate those who are already working in the ECE field.

This program also is offered at Estrella Mountain Community College.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites:** None

**Required Courses: (41 credits)**

Students must earn a grade of C or better for each course listed in the "Required Courses" area.

CFS/ECH176	Child Development (3) OR	
CFS235	Developing Child: Theory into Practice, Prenatal to Age Eight (3)	3
EED111	Multimedia and the Early Childhood Education Classroom	3
EED200	Foundations of Early Childhood Education	3
+ EED210	Creative and Cognitive Play	3
+ EED211	Language Acquisition in the Young Child	3
EED212	Guidance, Management and the Environment	3
EED215	Early Learning: Health, Safety, Nutrition and Fitness	3
EED220	Child, Family, Community and Culture	3
EED222	Introduction to the Exceptional Young Child: Birth to Age Eight	3
EED250	Early Literacy Development	3
+ EED255	Portfolio Development and Writing for the Profession	3
+ EED260	Early Childhood Infant/Toddler Internship (1)	
OR		
+ EED261	Early Childhood Preschool Internship (1) (two semesters of Internship are required)	2
+ EED278	Early Learning: Curriculum and Instruction - Birth/Preschool	3
+ EED280	Standards, Observation and Assessment of Typical/Atypical Behaviors of Young Children Birth to Age Eight	3

**General Education Requirements: (22-27 credits)****General Education Core: (12-17 credits) Credits****First-Year Composition: .....6**

+ ENG101 First-Year Composition (3) OR  
 + ENG107 First-Year Composition for ESL (3)

AND

+ ENG102 First-Year Composition (3) OR  
 + ENG108 First-Year Composition for ESL (3)

**Oral Communication: .....3**

Any approved general education course from the Oral Communication area.

**Critical Reading: .....0-3**

+ CRE101 College Critical Reading and Critical Thinking (3) OR  
 Equivalent as indicated by assessment.

**Mathematics: .....3-5**

+ MAT112 Mathematical Concepts and Applications (3) OR  
 Satisfactory completion of a higher level mathematics course (MAT142 recommended for students considering university transfer)

**General Education Distribution: (10 credits) Credits****Humanities, Arts and Design: .....3**

Any approved general education course from the Humanities, Arts and Design area..

**Social-Behavioral Sciences: .....3**

CFS157 Marriage and Family Life

**Natural Sciences: .....4**

Any approved general education course from the Natural Sciences area.

The following courses are recommended by the department:

FON241 Principles of Human Nutrition (3) AND  
 + FON241LL Principles of Human Nutrition Laboratory (1) 4

**Early Childhood Education**

Review versions 5054 Foundations of Early Childhood Education and 5710 Foundations of Early Childhood Education for effective term 2020 fall in 2020-2021 Academic Catalog

**Certificate of Completion - CCL 5374**  
**41 credits**

**For Information:** Judy Basham

**Phone:** 623.845.4479

<https://gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Early Childhood Education program is designed for individuals interested in working in the field of early childhood education (ECE), particularly in programs serving children birth through 8 years of age. The courses are based on current ECE theory and practice, are offered in a variety of formats, and are scheduled to accommodate those who are already working in the ECE field.

This program also is offered at Estrella Mountain Community College.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites:** None

**Required Courses: (41 credits) Credits**

CFS/ECH176	Child Development (3) OR	
CFS235	Developing Child: Theory into Practice, Prenatal to Age Eight (3)	3
EED111	Multimedia and the Early Childhood Education Classroom	3
EED200	Foundations of Early Childhood Education	3
+ EED210	Creative and Cognitive Play	3
+ EED211	Language Acquisition in the Young Child	3
EED212	Guidance, Management and the Environment	3
EED215	Early Learning: Health, Safety, Nutrition and Fitness	3
EED220	Child, Family, Community and Culture	3
EED222	Introduction to the Exceptional Young Child: Birth to Age Eight	3
EED250	Early Literacy Development	3
+ EED255	Portfolio Development and Writing for the Profession	3
+ EED260	Early Childhood Infant/Toddler Internship (1)	
OR		
+ EED261	Early Childhood Preschool Internship (1) (Two semesters of Internship are required)	2
+ EED278	Early Learning: Curriculum and Instruction - Birth/Preschool	3
+ EED280	Standards, Observation and Assessment of Typical/Atypical Behaviors of Young Children Birth Age Eight	3

**Emergency Response and Operations**

Review versions 3205 Fire Science and 3889 Paramedicine for effective term 2020 fall in 2020-2021 Academic Catalog  
**Associate in Applied Science - AAS 3112**  
**60-83.5 credits**

**For Information:** Raul Muniz

**Phone:** 623.845.4776

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Emergency Response and Operations program provides students with a curriculum specific to the student's individual needs in addition to the knowledge and skills needed in today's changing public safety workplace. The program develops education, skills, and techniques for planning, responding, and mitigating various emergency situations within the student's specific discipline with emphasis on effective response and operations. The curriculum combines coursework in public safety emergency services with a general education component. Additional Certificates of Completion (CCL) are available.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

EMT104 requires students to complete additional hours in a competency-based clinical, vehicular, and/or scenario based experience. Depending on the college, this may be completed through EMT104AB or program director-approved rotation.

**Admission Criteria:** Students pursuing Track I Fire Operations OR

Track II Paramedicine may be required to complete a program entrance exam as appropriate

OR Permission of Program Director.

This program also is offered at Mesa, Phoenix, and Paradise Valley Community Colleges.

**Program Prerequisites:** None

**Required Courses: (17-58.5 credits) Credits**

EMT101	Basic Life Support/Cardiopulmonary Resuscitation (CPR) for Health Care Providers (0.50)	
OR		
	Current validation in Basic Life Support (BLS) Health Care Provider/Professional Rescuer (0) OR	
	Permission of Program Director (0)	0-0.50

Students must select one of the following four tracks:

**Track I: FIRE OPERATIONS 17-27.5**

+ EMT/FSC104	Emergency Medical Technology (9)	
AND		
+ EMT/FSC104AB	Applied Practical Studies for Emergency Medical Technology (0.5) OR	
+ EMT/FSC104	Emergency Medical Technology (9) OR	
	Arizona State EMT Certification (0) OR	
	Arizona State Paramedic Certification (0) OR	
	Permission of Program Director	0-9.5
+ FSC102	Fire Department Operations	11
FSC105	Hazardous Materials/First Responder	3
FSC130	Fitness for Firefighters/CPAT (1) OR	
	Verification of CPAT completion OR	
	Permission of Program Director	0-1
FSC134	Fitness and Conditioning for Firefighters	3

**Track II: PARAMEDICINE 43.5 - 58**

+ EMT/FSC104	Emergency Medical Technology (9)	
AND		
+ EMT/FSC104AB	Applied Practical Studies for Emergency Medical Technology (0.5) OR	
+ EMT/FSC104	Emergency Medical Technology (9) OR	
	Arizona State EMT Certification (0) OR	
	Arizona State Paramedic Certification (0) OR	
	Permission of Program Director	0-9.5
+ EMT235	Basic ECG Rhythm Analysis and Interpretation in the Emergency Setting	3
+ EMT236	Pharmacology in an Emergency Setting	3
+ EMT240	Advanced Cardiac Life Support (ACLS)	2

+ EMT242	Pediatric Advanced Life Support (PALS) (1)	
OR		
+ EMT265	Pediatric Education for Prehospital Providers: Advanced (1)	1
+ EMT245	Trauma Management I (2) OR	
+ EMT246	Trauma Management II (4)	2-4
+ EMT272AA	Advanced Emergency Medical Technology (12.5)	
AND		
+ EMT272AB	Advanced Emergency Medical Technology (12.5)	25
+ EMT272LL	Advanced Emergency Medical Technology Practicum (7.5)	
OR		
+ EMT272LA	Advanced Emergency Medical Technology Practicum Part I (3.75)	
AND		
+ EMT272LB	Advanced Emergency Medical Technology Practicum Part II (3.75)	7.5
+ EMT296WC	Cooperative Education (3) OR	
HCC145	Medical Terminology for Health Care Professionals (3) OR	
HCC145AA	Medical Terminology for Health Care Professionals I (1)	
AND		
+ HCC145AB	Medical Terminology for Health Care Professionals II (1)	
AND		
+ HCC145AC	Medical Terminology for Health Care Professionals III (1) OR	
	Permission of Program Director	0-3

**Track III: EMERGENCY MANAGEMENT 18**

AJS/DPR/FSC139	Emergency Response to Terrorism	3
AJS/DPR/FSC146	Disaster Recovery Operations	3
AJS/DPR/FSC147	Emergency Preparedness	3
AJS/DPR/FSC148	Fundamentals of Emergency Management	3
AJS/DPR/FSC149	Hazard Mitigation	3
FSC224	Incident Command Systems	3

**Track IV: FIRE SCIENCE 24**

AJS/DPR/FSC147	Emergency Preparedness (3) OR	
AJS/DPR/FSC148	Fundamentals of Emergency Management (3)	3
FSC105	Hazardous Materials/First Responder	3
FSC108	Fundamentals of Fire Prevention	3
FSC113	Introduction to Fire Suppression	3
FSC117	Fire Apparatus	3
FSC119	Introduction Fire Service Ethics	3
+ FSC208	Firefighter Safety and Building Construction	3
FSC215	Customer Service in the Public Sector	3

**Restricted Electives: (0-21 credits)**

Students must choose the appropriate number of credits to meet the program total for completion of their track. Selected courses will not apply in both Required Courses and Restricted electives areas.

AJS+++++	Any AJS Administration of Justice Studies courses
DPR+++++	Any DPR Disaster Preparedness and Emergency Response courses
EMT+++++	Any EMT Emergency Medical Technology courses
FSC+++++	Any FSC Fire Science Technology courses
LET+++++	Any LET Law Enforcement Technology courses

**General Education Requirements: (22-25 credits)****General Education Core: (12-15credits)****First-Year Composition:.....6**

Any approved general education courses from the First-Year Composition area.

**Oral Communication:.....3**

Any approved general education course from the Oral Communication area.

COM230 Small Group Communication (3) recommended for Track II students.

**Critical Reading: .....0-3**

+ CRE101 College Critical Reading and Critical Thinking (3) OR  
Equivalent as indicated by assessment.

**Mathematics:.....3-5**

Any approved general education course from the Mathematics area.

**General Education Distribution: (10 credits)****Humanities, Arts and Design: .....3**

Any approved general education course from the Humanities, Arts and Design area.

**Social-Behavioral Sciences: .....3**

Any approved general education course from the Social-Behavioral Sciences area.  
AJS/EMT/FSC/SWU258 Victimology and Crisis Management (3) recommended for Track II students

**Natural Sciences: .....4**

Track II Paramedicine

BIO160 Introduction to Human Anatomy and Physiology

Tracks I, III, and IV

Any approved general education course from the Natural Sciences area.

**Credits****Engineering Technology**

**Review version 3187 Engineering Technology for effective term 2020 fall in 2020-2021 Academic Catalog**  
**Associate in Applied Science - AAS 3228**  
**63-93 credits**

**For Information:** Didem Yamak Congress

**Phone:** 623.845.3207

<https://gccaz.edu/consumer-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Engineering Technology program is designed to provide skills required of entry-level engineering technicians. Students are provided with the fundamentals of physics, engineering, computer hardware, programming, engineering design fundamentals, and computer software program usage. A solid foundation in mathematics, science, communication skills, humanities, and social sciences provides a well-rounded curriculum.

This program also is offered at Chandler-Gilbert, Estrella Mountain and South Mountain Community Colleges.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program and must have a cumulative GPA of 3.0 in these courses to complete their degree.

**Program Prerequisites: (0-17 credits)****Credits**

The credit hour range is subject to change depending on the student's educational experiences. PHY111 AND PHY112 are also strongly recommended for those who have not completed one year of high school physics with a grade of C or better.

+ CHM130 Fundamental Chemistry (3)  
AND

+ CHM130LL Fundamental Chemistry Lab (1) OR

+ CHM130AA Fundamental Chemistry with Lab (4) OR  
one year of high school chemistry with a grade of C or better taken within the last five years

0-4

## Fire Officer Leadership

**Review version 5420 Fire Service Management for effective term 2020 fall in 2020-2021 Academic Catalog**

**Certificate of Completion - CCL 5420N**

**This program is not eligible for Title IV Federal Financial Aid 15 credits**

**For Information:** Raul Muniz

**Phone:** 623.845.4776

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Fire Officer Leadership program can be used by professional firefighters for promotions and salary advancement within the Fire Services. The program will provide courses for experienced professional firefighters who desire to learn advanced fireground tactics and strategy, building construction, practical incident command, supervisory training of personnel, and human resource management.

**Program Notes:** Students must earn a grade of C or better for each course listed in the program.

**Admission Criteria:** Formal application and acceptance into the program or permission of Program Director.

This certificate also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None

<b>Required Courses: (15 credits)</b>		<b>Credits</b>
FSC202	Supervisory Training for Firefighters	3
+ FSC204	Firefighting Tactics and Strategy	3
+ FSC205	Command Strategies for Major Emergencies	3
+ FSC208	Firefighter Safety and Building Construction	3
+ FSC214	Human Resources Management in Fire Service	3

## Fire Science

**Review version 5486 Non-sworn Fire Service Professional for effective term 2020 fall in 2020-2021 Academic Catalog**

**Certificate of Completion - CCL 5486**

**24 credits**

**For Information:** Raul Muniz

**Phone:** 623.845.4776

[www.gccaz.edu/public-safety-science](http://www.gccaz.edu/public-safety-science)

**Program Description:** The Certificate of Completion (CCL) in Fire Science program is designed for students who need (1) advanced training as professional firefighters, (2) basic preparation courses for a career in fire services and/or (3) more comprehensive infor-

mation about fire hazards and prevention. A unique feature of the program is that the instructors are professional firefighters. There is a related Fire Science emphasis (Track IV) available in the Emergency Response and Operations Associate of Applied Science degree program.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This certificate also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None

<b>Required Courses: (24 credits)</b>		<b>Credits</b>
FSC105	Hazardous Materials/First Responder	3
FSC108	Fundamentals of Fire Prevention	3
FSC113	Introduction to Fire Suppression	3
FSC117	Fire Apparatus	3
FSC119	Introduction Fire Service Ethics	3
AJS/DPR/FSC147 Emergency Preparedness (3) OR		
AJS/DPR/FSC148 Fundamentals of Emergency Management (3)		3
+ FSC208	Firefighter Safety and Building Construction	3
FSC215	Customer Service in the Public Sector	3

## Firefighter Operations

**Review version 5557 Firefighter Operations for effective term 2020 fall in 2020-2021 Academic Catalog**

**Certificate of Completion - CCL 5557**

**17-28 credits**

**For Information:** Raul Muniz

**Phone:** 623.845.4776

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Firefighter Operations provides the opportunity for individuals seeking employment in various firefighting settings to acquire the minimum standard firefighting skills needed in the field.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

EMT104 requires students to complete additional hours in a competency-based clinical, vehicular, and/or scenario based experience. Depending on the college, this may be completed through EMT104AB or program director-approved rotation.

**Admission Criteria:** Completion of Program Prerequisites.

Formal application and admission to the program is required.

This certificate also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

<b>Program Prerequisites: (3-14 credits)</b>		<b>Credits</b>
EMT101	Basic Life Support/Cardiopulmonary Resuscitation (CPR) for Health Care Providers (0.50) OR	
Current validation in Basic Life Support (BLS) Health Care Provider/Professional Rescuer (0) OR		
Permission of Program Director(0)		0-0.50

+ indicates course has pre/corequisites. ++ indicates suffixed courses

+ CIS220DC	Advanced Web Programming with Macromedia Flash	3
+ CIS108	Electronic Portfolio Development	1

**Restricted Electives: (3 credits) Credits**

+ CIS150AB	Object-Oriented Programming Fundamentals	3
+ MMT216	Multimedia Project Management	3
+ MTC/TCM120	Introduction to Sound Design for Film and Video	3
CIS120DB	Computer Graphics: Adobe Illustrator	3
CIS224	Project Management Microsoft Project for Windows	3

## Insurance Studies

Review version 5842 Risk Management and Insurance for effective term 2020 fall in 2020-2021 Academic Catalog

Associate in Applied Science - AAS 3172  
61-64 credits

For Information: Scott Stroher  
Phone: 623.845.3453  
<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Insurance Studies program is designed for students who are interested in gaining foundational skills in the insurance industry. Courses provide a framework of knowledge including an introduction to the insurance industry, principles of property and liability insurance, personal, and commercial insurance. The program also includes a Certificate of Completion (CCL) in Insurance Studies.

This program also is offered at Mesa and Rio Salado Community Colleges.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites: (18 credits) Credits**  
Certificate of Completion in Insurance Studies (5842) 18

**Restricted Electives: (21 credits) Credits**

Students must choose 21 industry/job related credits from the list of Restricted Electives below. Any 100/200 level prefixed courses may be selected except courses used to satisfy the Required Courses area.

ACC+++++	Any ACC Accounting course(s)	0-21
CIS113DE	Microsoft Word: Word Processing	0-3
CIS114DE	Excel Spreadsheet	0-3
CIS117DM	Microsoft Access: Database Management	0-3
CIS121AE	Windows Operating System: Level I	0-1
EPS+++++	Any EPS Entrepreneurial Studies course(s)	0-21
FIN+++++	Any FIN Financial Planning course(s)	0-21
+ GBS233	Business Communication (3)	
AND/OR		
GBS+++++	Any additional GBS General Business course(s)	0-21
IBS+++++	Any IBS International Business course(s)	0-21

+ INS220	Claim Handling Principles and Practices (3)	
AND/OR		
+ INS225	Auto Claim Practices (3)	
AND/OR		
INS+++++	Any additional INS Insurance Studies course(s)	0-21
MGT+++++	Any MGT Management course(s)	0-21
MKT+++++	Any MKT Marketing course(s)	0-21
REA+++++	Any REA Real Estate course(s)	0-21
SBS+++++	Any SBS Small Business Management course(s)	0-21
TQM+++++	Any TQM Total Quality Management course(s)	0-21

**General Education Requirements: (22-25 credits)**

**General Education Core: (12-15 credits) Credits**

**First-Year Composition: .....6**

+ ENG101	First-Year Composition (3) OR
+ ENG107	First-Year Composition for ESL (3)
AND	
+ ENG102	First-Year Composition (3) OR
+ ENG108	First-Year Composition for ESL (3)

**Oral Communication: .....3**

COM100	Introduction to Human Communication (3) OR
COM230	Small Group Communication (3)

**Critical Reading: .....0-3**

+ CRE101	College Critical Reading and Critical Thinking (3) OR
	Equivalent as indicated by assessment.

**Mathematics:.....0**

+ MAT112	Mathematical Concepts and Applications (3) OR
+ MAT122	Intermediate Algebra (3).

**General Education Distribution: (10 credits) Credits**

**Humanities, Arts and Design: .....3**  
Any approved General Education course in the Humanities, Arts and Design area.

**Social-Behavioral Sciences:.....3**

Any approved general education course in the Social-Behavioral Sciences area..

**Natural Sciences: .....4**

Any approved General Education course in the Natural Sciences area.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

## Insurance Studies

Review version 5842 Risk Management and Insurance for effective term 2020 fall in 2020-2021 Academic Catalog  
 Certificate of Completion - CCL 5842  
 18 credits

For Information: Scott Stroher  
 Phone: 623.845.3453

MKT+++++	Any MKT Marketing course(s) MKT271 is recommended.	0-6
TQM+++++	Any TQM Total Quality Management course(s) TQM101 is recommended	0-6

## Law Enforcement Training Academy

Review version 5991 Law Enforcement Training Academy for effective term 2020 fall in 2020-2021 Academic Catalog  
 Certificate of Completion - CCL 5485  
 30 credits

For Information: Genea Stephens  
 Phone: 623.845.3951  
<https://www.gccaz.edu/public-safety-sciences>

The Glendale Community College Law Enforcement Training Academy is fully certified by the Arizona Peace Officer Standards Training Board (AZPOST), which is the peace officer certification agency in the state. The academy spans two semesters with the first certifying the successful participants as Limited Authority Officers with full peace officer powers when in the presence of a fully certified officer. The second semester completes their basic training and they become fully certified. Because the training is conducted over two semesters, most participants are appointed to a reserve officer position with their agency.

Persons interested in attending the academy may be sent by a law enforcement agency or apply for college appointment. For agency sponsorship, they contact an agency they are interested in becoming a reserve officer with and participate in their testing process.

If they are successful, the agency authorizes the academy to accept them. The testing normally consists of a written exam, an oral board evaluation, a polygraph test, a psychological evaluation, a background investigation, a medical exam, and a fitness test. For college appointment details, please refer to GCCLETA.com.

The program is a challenging and very demanding curriculum, requiring physical and intellectual stamina. However, the certification attained allows successful participants to enter an exciting and rewarding career.

Arizona statutes allow academies to appoint cadets to complete peace officer training. Upon successful completion of the academy, these cadets will have nine months to seek employment with a law enforcement agency. If appointed to a position with an agency, they will be eligible for AZPOST peace officer certification.

Those interested in attending the academy while being affiliated with an agency will need to contact the human resource or personnel departments at a law enforcement agency and inquire about their application process.

College appointed cadets will be responsible for all costs pertaining to the qualification process and their training. For further information regarding the open enrollment program, refer to GCCLETA.com.

**Program Description:** The Certificate of Completion (CCL) in Law Enforcement Training Academy is designed for students wishing to pursue a law enforcement career as a law enforcement officer. The student will develop skills in eight functional areas: Introduction to Law Enforcement, Law and Legal Matters, Patrol Procedures, Traffic Control, Crime Scene Management, Community and Police Relations, Report Writing, and Police Proficiency Skills. At the conclusion of this program the student will have completed all requirements of the (AZPOST) Board standards established to certify police officers in the State of Arizona.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This certificate also is offered at Chandler-Gilbert Community College.

**Admission Criteria:** Must meet AZPOST minimum requirements for a law enforcement officer and meet any physical requirements by the Academy Director.

**Program Prerequisites:** None

Required Courses: (30 credits)	Credits
+ AJS/ LEO102 Peace Officer Certification I	17
+ AJS/ LEO202 Peace Officer Certification II	13

## Linux Networking Administration

Review version 3189 Network and Systems Administration and for effective term 2020 fall in 2020-2021 Academic

### Catalog

Associate in Applied Science - AAS 3013  
60-64 credits

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Linux Networking Administration program is designed to help to prepare students for a variety of industry recognized Linux certification exams as well as provide practical hands-on skills for the work place. The program includes a core of Linux classes including Linux Operating System Basics, System Administration, Network Administration and Network Security. These classes will help develop a student's knowledge and skill level in preparation for employment or to improve current professional skills.

This degree also is offered at Estrella Mountain and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

**Program Prerequisites:** None

Required Courses: (24-25credits)	Credits
+ BPC170 A+ Exam Prep: Computer Hardware Configuration and Support	3
CIS126DL Linux Operating System (3) OR CIS126RH Red Hat System Administration I (3)	3
+ CIS238DL Linux System Administration (3) OR + CIS238RH Red Hat System Administration II (3)	3

## Microsoft Desktop Support Technology

**Review 5043 Desktop Support for effective term 2020 fall in 2019-2020 Academic Catalog**

**Certificate of Completion - CCL 5473**

**16-20 credits**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Microsoft Desktop Support Technology program is designed to provide training for entry-level computer maintenance and help-desk positions. Students will develop the skills to troubleshoot desktop environments running on the Microsoft Windows operating system. Courses in the program also help to prepare for the Microsoft Certified IT Professional: Enterprise Desktop Support Technician 7 (MCITP) examinations, 70-680 and 70-685.

This certificate also is offered at Estrella Mountain and Paradise

Valley Community Colleges.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Program Prerequisites: (0-3 credits) Credits**

In lieu of the courses listed below, students with experience in the information technology field may meet these program prerequisite requirements with the permission of the instructor.

CIS121AB	Microsoft Command Line Operations (1) OR	
CIS121AH	Microsoft PowerShell/Command Line Operations (3) OR	
	Permission of Instructor or Program Director	0-3

**Required Courses: (16-17 credits) Credits**

CIS102	Interpersonal and Customer Service Skills for IT Professionals	1
CIS105	Survey of Computer Information Systems	3
+ BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	3
+ CIS190	Introduction to Networking (3) OR	
CNT140AA	Introduction to Networks (4) OR	
MST140	Microsoft Networking Essentials (3)	3-4
+ MST141	Enterprise Desktop Support Technician	3
MST150++	Any Microsoft Windows Operating System course	3

## Microsoft Networking Technology

**Review version 3189 Network and Systems Administration for effective term 2019 fall in 2019-2020 Academic Catalog**

**Associate in Applied Science - AAS 3778**

**60-67 credits**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

This degree can be applied to a Bachelor of Applied Science (BAS) degree at the ASU West campus.

**Program Description:** The Associate in Applied Science (AAS) in Microsoft Networking Technology program is designed to develop skills needed to implement a network infrastructure and install, configure, monitor, optimize, and troubleshoot Windows server and Windows client workstations. Courses in the program are also designed to help prepare for Microsoft Certified Product Specialist (MCP), and Microsoft Certified Information Technology Professional (MCITP) examinations.

Typical tasks of a Microsoft Networking Administrator include developing a local area network, installing and configuring software, creating and managing user and group accounts, analyzing and optimizing system performance, troubleshooting system and printing problems, interoperating with various operating systems, and working as a system administrator.

Typical tasks of a Microsoft Certified Information Technology

+ indicates course has pre/corequisites. ++ indicates suffixed courses

Professional (MCITP) are developing a local area network, installing and configuring software, creating and managing user and group accounts, analyzing and optimizing system performance, troubleshooting system and printing problems, training end users, and working as a system administrator.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

CIS105 is a prerequisite for many courses in the program. Students should plan to complete CIS105 early in their program of study (as one of their Restricted Electives) or obtain instructor permission for a waiver of this prerequisite.

This degree also is offered at Estrella Mountain and GateWay Community Colleges.

**Program Prerequisites:** None. Review Program Notes for additional information.

**Required Courses: (24-27 credits) Credits**

Courses selected cannot apply in both Required Courses and Restricted Electives area.

**Music Business**

**Review version 3017 Music Industries: Music Business for effective term 2020 fall in 2020-2021 Academic Catalog**  
**Associate in Applied Science - AAS 3017**  
**60-63 credits**

**For Information:** Donald Smith

**Phone:** 623.845.3070

<https://www.gccaz.edu/performing-arts>

**Program Description:** The Associate in Applied Science (AAS) in Music Business program is an innovative curriculum designed to prepare students for today's music industry. The certificate and degree with a music business emphasis are designed for both the performing musician and the business student with limited performing experience. This program combines a flexible curriculum with an emphasis in business and marketing, along with music industry related courses and experiences.

Business Emphasis - Track 1

Marketing Emphasis - Track 2

Performance Emphasis - Track 3

Production Emphasis - Track 4

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This degree also is offered at Chandler-Gilbert, Mesa, Paradise Valley,

+ indicates course has pre/corequisites. ++ indicates suffixed courses

Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None

**Required Courses: (14 credits)**

		<b>Credits</b>
MUC109	Music Business: Merchandising and the Law	3
MUC110	Music Business: Recording and Mass Media	3
MUC293	Self Promotion for Music	1
+ MUC209	Music Industry Entrepreneurship (3) OR	
MGT253	Owning and Operating a Small Business (3)	3
+ MUC290AA	Music Business Internship (1) OR	
+ MUC296WA	Cooperative Education (1)	1
MHL+++++	Any MHL Music: History/Literature course	3

**Restricted Electives: (12 credits)**

**Credits**

Students must select twelve (12) credits from the approved list of Restricted Elective courses below to specialize in Music Production, Disc Jockey Techniques, Songwriting, Performance, Marketing, Business, or Communications.

Students must consult with the Music Business Program Director, Music Department Chair or designee to select the Restricted Elective courses recommended for each specialization.

**Music Production**

MUC240	Creative Music Production (4)
MUC241	Business Principles of Music Production (3)
MUC242	Music Genres and Styles (2)
MUC294	Portfolio for Music (1)
MUC145	Recording Studio Business Operations (2)
MUC180	Computer Literacy for the Music Business (3)
MUC210	Advanced Industry Topics: Concert Promotion and Touring (3)
MUC211	Advanced Industry Topics: Artist Management and Development (3)
MUC215	Music Industry Seminar: Innovation in Music Technology (1)
MUC274AB	Music Industry Study Tour (2)
MUC298AA, AB or AC	Special Projects (1-3)
MUC194	Introduction to Audio Mixing Techniques (3)
MUC195	Studio Recording I (3)
MUC195AA	Studio Recording I (3)
MUC196	Studio Music Recording II (3)
MUC295	Studio Music Recording III (3)
MUC111	Digital Audio Workstation I (DAW I) (3)
MUC112	Digital Audio Workstation II (DAW II) (3)
MUC197	Live Sound Reinforcement I (3)
MUC198	Live Sound Reinforcement II (3)
MUC237	Electronic Dance Music Production (3)
TCM107	Career Pathways in the Media (3)
	Any MTC Music Theory Course(s) (1-3)

**Disc Jockey Techniques**

MUC135	Introduction to Disc Jockey Techniques (3)
MUC136	Turntablism: The Art of the Scratch DJ (3)
MUC137	Digital DJ Performance Techniques (3)
MUC138	Disc Jockey Lab (1)
MUC237	Introduction to Electronic Music Production Techniques for DJ (3)
MUC210	Advanced Industry Topics: Concert Promotion

MUC211	Advanced Industry Topics: Artist Management and Development (3)
MUC274AB	Music Industry Study Tour (2)
MUC298AA, AB or AC	Special Projects (1-3)
MUC180	Computer Literacy for the Music Business (3)
MUC294	Portfolio for Music (1)
MUC197	Live Sound Reinforcement I (3)
MUC198	Live Sound Reinforcement II (3)
MTC191	Electronic Music I (3)
MTC192	Electronic Music II (3)
MUC291AA	Disc Jockey Internship (1)
TCM107	Career Pathways in the Media (3)

**Songwriting**

MUC114	Song Publishing and Marketing (1)
MUC115	Song Copyrighting and Demos (2)
MTC110	Music Notation for Songwriting (1)
MTC111	Lyric Writing (1)
MTC112	Song and Melody Forms (1)
MTC113	Songwriting Techniques (1)
Any MTC	Electronic Music Course(s) (1-3)
Any MTC	Composition or Arranging Course(s) (1-3)
MUC180	Computer Literacy for the Music Business (3)
MUC210	Advanced Industry Topics: Concert Promotion and Touring (3)
MUC211	Advanced Industry Topics: Artist Management and Development (3)
MUC294	Portfolio for Music (1)

**Performance**

	Any MUP Music Performance Course(s) (1-3)
	Any MTC Music Course(s) (1-3)
MUC274AB	Music Industry Study Tour (2)
MUC298AA, AB or AC	Special Projects (1-3)
MUC294	Portfolio for Music (1)
TCM107	Career Pathways in the Media (3)

**Marketing**

MKT101	Introduction to Public Relations (3)
MKT110	Marketing and Social Networking (3)
MKT210	Applied Marketing Strategies (3)
MKT271	Principles of Marketing (3)
MKT263	Advertising Principles (3)
MKT267	Principles of Salesmanship (3)
MKT268	Merchandising (3)
MKT273	Marketing Research (3)
MKT151	Display and Visual Merchandising (3)
MUC274AB	Music Industry Study Tour (2)
MUC298AA, AB or AC	Special Projects (1-3)
MKT111	Applied Marketing and Social Networking (3)

## Networking Administration: Cisco

**Review Cisco Network Administration: CCNA (5969) version for effective term 2020 fall in 2020-2021 Academic Catalog**  
**Certificate of Completion - CCL 5969**  
**16 credits**

**For Information:** Andrea Schauer  
**Phone:** 623.845.3502  
<https://gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Networking Administration: Cisco provides training for a position working with Cisco Systems networking and Internet hardware. A Cisco Systems recognized Regional or Local Academy prepares students for industry-recognized certification. The curriculum is taught by Cisco Systems Certified Professionals. Knowledge and skills are developed to install, configure, maintain, and troubleshoot Cisco routers and components, advanced routing protocols, Local

Area Networks (LANs), and Wide Area Networks (WANs). The courses in the program also prepare students for the Cisco Certified Networking Associate examination.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This certificate also is offered at Chandler Gilbert, Estrella Mountain, Gateway, Mesa, and South Mountain Community Colleges.

**Program Prerequisites:** None

<b>Required Courses: (16 credits)</b>		<b>Credits</b>
CNT140AA	Introduction to Networks	4
+ CNT150AA	Cisco - Routing and Switching Essentials	4
+ CNT160AA	Scaling Networks	4
+ CNT170AA	Cisco - Connecting Networks	4

## Networking Technology: Cisco

**Review version 3189 Network and Systems Administration for effective term 2020 fall in 2020-2021 Academic Catalog**  
**Associate in Applied Science - AAS 3816**  
**60-63 credits**

**For Information:** Andrea Schauer  
**Phone:** 623.845.3502  
<https://gccaz.edu/consumer-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Networking Technology: Cisco provides training for a supervisory position working with Cisco Systems networking and Internet hardware. A Cisco Systems recognized Regional or Local Academy, prepares students for industry-recognized certification. The curriculum is taught by Cisco Systems Certified Professionals. Knowledge and skills are developed to install, configure, maintain, and troubleshoot Cisco routers and components, advanced routing protocols, Local Area Networks (LANs), and Wide Area Networks (WANs); troubleshoot problems with various common hardware and software configurations; perform administrative tasks in a network; develop methods for customer service. Courses in the program also prepare students for the Cisco Certified Networking Associate examination.

**Job Description:** A Cisco networking Administrator will be required to perform various tasks such as designing, installing, maintaining and troubleshooting Cisco routers and components, Local Area Networks (LANs), and Wide Area Networks (WANs). Additional skills that are necessary include troubleshooting problems with various common hardware and software configurations, performing administrative tasks in a network, developing methods for customer service, and utilizing electronic systems.

**Job Opportunities:** Cisco systems is the world's largest manufacturer of networking and Internet hardware and has seen tremendous growth of market share. The employment opportunities for trained Networking Administrators are outstanding.

This degree also is offered at Chandler-Gilbert, Estrella Mountain and GateWay Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

A course cannot be used to satisfy both the Required Course and Restricted Electives Area.

**Program Prerequisites:** None

**Required Courses: (22 credits)**

		<b>Credits</b>
+ BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	3
CIS126++	Any UNIX/Linux Operating System course (3)	
OR		
MST150++	Any Microsoft Windows course (3)	3
CNT140AA	Introduction to Networks	4
+ CNT150AA	Cisco - Routing and Switching Essentials	4
+ CNT160AA	Scaling Networks	4
+ CNT170AA	Cisco - Connecting Networks	4

**Restricted Electives: (16 credits)**

**Credits**

Students must complete 16 credits from any of the following courses. Courses cannot be shared with Required Courses.

BPC110	Computer Usage and Applications (3) OR	
CIS105	Survey of Computer Information Systems (3)	3
CIS126++	Any UNIX/Linux Operating System course (3)	
OR		
MST150++	Any Microsoft Windows course (3)	3
+ CIS190	Introduction to Networking (3) OR	
MST140	Microsoft Networking Essentials (3)	3
+ CIS270	Essentials of Network and Information Security	3
+ CIS271DB	Information Security Essentials	3
+ CIS272DB	Information Security Principles	3
CPD104	Career and Personal Development	3
PPT120	Energy Industry Fundamentals	3
+ CIS274DA	Introduction to Power Systems Security	3
+ CIS275DA	Generation and Transmission Systems Security	3
+ CIS275DB	Smart Grid and Distribution System Security	3
+ CIS275DC	Embedded Systems Security	3
CIS296++	Any Cooperative Education course(s) OR	1-4
CIS298++	Special Projects course(s)	1-3
CIS121AB	Microsoft Command Line Operations	1
CIS121AH	Microsoft PowerShell/Command Line Operations	3
CIS102	Interpersonal and Customer Service Skills for IT Professionals	1
CIS102DA	Customer User Support	3
CIS111	Ethics in Information Technology	3
ELT100	Survey of Electronics	3
CIS224	Project Management Microsoft Project for Windows	3
+ CNT205	Cisco Certified Network Associate Security	4
+ CNT202	Cisco Secure Firewall Appliance Configuration	4
+ CNT206	Cisco Certified Network Associate Wireless	4

CNT2++++	Any 200 level CNT course(s)	1-4
+ BPC270	A+ Exam Prep: Operating System Configuration and Support	3
+ CIS238DL	Linux System Administration	3
+ CIS239DL	Linux Shell Scripting	3
+ CIS240DL	Linux Network Administration	3
+ CIS271DL	Linux Security	3
+ CIS275DL	Linux Capstone	3
MST155++	Any Windows Network Infrastructure course	3-4
MST157++	Any Active Directory Windows Server Configuration course	3-4
MST158++	Any Windows Server Administration course	4
+ CIS250	Management of Information Systems	3
CIS280	Current Topics in Computing	3
CIS290++	Any Computer Information Systems Internship course(s)	1-3
+ ITS240	Ethical Hacking and Network Defense	3
+ CIS197	VMware ESXI Server Enterprise	3

**General Education Requirements: (22-25 credits)**

**Core: (12-15 credits)**

**Credits**

**First-Year Composition:**

**6**

+ ENG101	First-Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3)	
AND		
+ ENG102	First-Year Composition (3) OR	
+ ENG108	First-Year Composition for ESL (3) OR	
+ ENG111	Technical and Professional Writing (3)	

**Oral Communication:**

**3**

Any approved general education course from the Communication area.

**Critical Reading:**

**0-3**

+ CRE101	College Critical Reading and Critical Thinking (3) OR	
	Equivalent as indicated by assessment.	

**Mathematics:**

**3**

Any approved general education course from the Mathematics area.

**Distribution: (10 credits)**

**Credits**

**Humanities, Arts and Design:**

**3**

Any approved general education course from the Humanities, Arts and Design area.

**Social-Behavioral Sciences:**

**3**

Any approved general education course from the Social-Behavioral Sciences area.

**Natural Sciences:**

**4**

Any approved general education course from the Natural Sciences area.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

## Networking Technology: Cisco

Review version 5969 Cisco Network Administration: CCNA for effective term 2020 fall in 2020-2021 Academic Catalog  
Certificate of Completion - CCL 5967  
22 credits

**For Information:** Andrea Schauer  
**Phone:** 623.845.3502  
<https://gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Networking Technology: Cisco provides training for those interested in supervisory responsibilities working with Cisco Systems networking and Internet hardware. Knowledge and skills are developed to install, configure, maintain, and troubleshoot Cisco routers and switches; configure advanced routing protocols, Local Area Networks (LANs), and Wide Area Networks (WANs); troubleshoot problems with various hardware and software configurations and perform administrative tasks in a network. The courses in the program are also designed to help prepare students for the Cisco Certified Networking Associate (CCNA) examination and are taught by Cisco Certified Professionals using the Cisco Networking Academy program curriculum.

This certificate also is offered at Chandler-Gilbert, Estrella Mountain and GateWay Community Colleges.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

**Program Prerequisites:** None

Required Courses: (22 credits)	Credits
+ BPC170 A+ Exam Prep: Computer Hardware Configuration and Support	3
CIS126++ Any UNIX/Linux Operating System course(s) (1-3) OR MST150++ Any Microsoft Windows course (3)	3
CNT140AA Introduction to Networks	4
+ CNT150AA Cisco - Routing and Switching Essentials	4
+ CNT160AA Scaling Networks)	4
+ CNT170AA Cisco - Connecting Networks	4

## Paramedicine

Review versions 5508 Emergency Medical Technology Comprehensive (5508) and 5990 Paramedicine for effective term 2020 fall in 2020-2021 Academic Catalog  
Certificate of Completion - CCL 5513  
47.5-62.5 credits

**For Information:** Ranier Perez  
**Phone:** 623.845.3172  
<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Paramedicine program is designed to provide advanced techniques of emergency care, stabilization, and immobilization of victims of illness and injury. The techniques of emergency care include but are not limited to assessment, detailed physical examination, recognition and documentation of signs and symptoms of illness

and injury, critical thinking and diagnosis intervention, and the evaluation of the interventions. The techniques of assessment include but are not limited to electrocardiograph rhythm identification, administration of oxygen, defibrillation, synchronized cardioversion, transcutaneous pacing, and advanced airway techniques. The techniques for immobilization of the victim include but are not limited to the use of specific immobilization devices, peripheral intraosseous and central intravenous techniques, and preparation and care during transportation.

This certificate also is offered at Mesa, Phoenix and Paradise Valley Community Colleges.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

EMT/FSC104 requires students to complete additional hours in a competency-based clinical, vehicular, and/or scenario based experience. Depending on the college, this may be completed through EMT/FSC104AB or program director-approved rotation.

**Admission Criteria:** Minimum tenth grade level reading proficiency as demonstrated by appropriate Reading placement exam.

Students may be required to complete a program entrance exam prior to starting Advanced level courses or have Permission of Program Director.

**Program Prerequisites:** None

Required Courses: (47.5-62.5 credits)	Credits
EMT101 Basic Life Support/Cardiopulmonary Resuscitation (CPR) for Health Care Providers (0.50) OR Current validation in Basic Life Support (BLS) Health Care Provider/Professional Rescuer (0) OR Permission of Program Director	0-0.50
+ EMT/FSC104 Emergency Medical Technology (9) AND + EMT/FSC104AB Applied Practical Studies for Emergency Medical Technology (0.5) OR + EMT/FSC104 Emergency Medical Technology (9) OR Arizona State EMT Certification (0) OR Arizona State Paramedic Certification (0) OR Permission of Program Director	0-9.5
+ EMT235 Basic ECG Rhythm Analysis and Interpretation in the Emergency Setting	3
+ EMT236 Pharmacology in an Emergency Setting	3
+ EMT240 Advanced Cardiac Life Support	2
+ EMT242 Pediatric Advanced Life Support (PALS) (1) OR + EMT265 Pediatric Education for Prehospital Providers: Advanced (1)	1
+ EMT245 Trauma Management I (2) OR + EMT246 Trauma Management II (4)	2-4
+ EMT272AA Advanced Emergency Medical Technology (12.5) AND + EMT272AB Advanced Emergency Medical Technology (12.5)	25

+ EMT272LL	Advanced Emergency Medical Technology Practicum (7.5) OR		+ EXS214	Instructional Competency: Flexibility and Mind-Body Exercises	2
+ EMT272LA	Advanced Emergency Medical Technology Practicum Part I (3.75)		+ EXS216	Instructional Competency: Muscular Strength and Conditioning	2
AND			+ EXS218	Instructional Competency: Cardiorespiratory Exercises and Activities	2
+ EMT272LB	Advanced Emergency Medical Technology Practicum Part II (3.75)	7.5	+ EXS239	Practical Applications of Personal Training Skills and Techniques Internship (3) OR	
EMT296WC	Cooperative Education (3) OR		+ EXS239AA	Practical Applications of Personal Training Skills and Techniques Internship (1)	
HCC145	Medical Terminology for Health Care Professionals (3) OR		AND		
HCC145AA	Medical Terminology for Health Care Professionals I (1)		+ EXS239AB	Practical Applications of Personal Training Skills and Techniques Internship (2)	3
AND			HES100	Healthful Living	3
+ HCC145AB	Medical Terminology for Health Care Professionals II (1)		HES106	Cardiopulmonary Resuscitation (CPR)/ Automated External Defibrillator (AED) (0.5) OR	
AND			EMT101	Basic Life Support/Cardiopulmonary Resuscitation (CPR) for Health Care Providers (0.50) OR	
+ HCC145AC	Medical Terminology for Health Care Professionals III (1) OR			Current Basic Life Support (BLS) Health Care Provider/ Professional Rescuer certification (0)	0-0.5
Permission of Program Director		0-3	FON100	Introductory Nutrition (3) OR	
BIO160	Introduction to Human Anatomy and Physiology	4	FON241	Principles of Human Nutrition (3)	3

## Personal Training Specialist

Review version 5445 Personal Training: Advanced for effective term 2020 fall in 2020-2021 Academic Catalog

Certificate of Completion - CCL 5445

31-31.5 credits

**For Information:** Louise So

**Phone:** 623.845.3883

<https://www.gccaz.edu/fitness-wellness>

**Program Description:** The Certificate of Completion (CCL) in Personal Training Specialist program prepares students for the American College of Sports Medicine (ACSM), National Strength and Conditioning Association (NSCA), National Academy of Sports Medicine (NASM) and the American Council on Exercise (ACE) personal trainer certifications. The curriculum is designed to prepare students for employment in entry-level personal training positions within the fitness industry.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None

Required Courses: (31-31.5 credits)	Credits	
EXS101	Introduction to Exercise Science	3
+ EXS125	Introduction to Exercise Physiology	3
+ EXS210	Assessment and Program Design: Muscular Fitness	2
+ EXS211	Assessment and Program Design: Flexibility and Balance	2
+ EXS212	Assessment and Program Design: Cardiorespiratory Fitness	2
+ EXS213	Assessment and Program Design: Weight Management and Motivation	2

## Photography

Review version 5784 Photography for effective term 2020 fall in 2020-2021 Academic Catalog

Certificate of Completion - CCL 5784

32 Credits

**For Information:** Dean Terasaki

**Phone:** 623.845.3759

<https://www.gccaz.edu/art-humanities>

**Program Description:** The Certificate of Completion (CCL) in Photography program includes the study of both the digital and film

+ indicates course has pre/corequisites. ++ indicates suffixed courses

aspects of photography. The program is structured to help students develop an understanding of exposure principles, camera operations and functions, digital photographic materials, film-based strategies, studio lighting, and the basics of running a freelance photography business. This certificate is designed to provide knowledge and experience important to those hoping to work as freelance photographers, wedding photographers, commercial photographers, photography editors, photography assistants, or photo lab technicians.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Program Prerequisites:** None

<b>Required Courses: (26 credits)</b>		<b>Credits</b>
ART100	Introduction to Computer Graphic Art	1
ART112	Two-Dimensional Design	3
ART131	Photography I	3
+ ART132	Photography II	3
+ ART138	Commercial Photography I	3
+ ART140	Portrait Photography (3) OR	
+ ART237	Fashion Photography (3)	3
ART142	Introduction to Digital Photography	3
+ ART143	Intermediate Digital Photography	3
SBS200	Small Business Operations	2
SBS204	Small Business Marketing and Advertising	2

**Restricted Electives: (6 credits)** **Credits**

In consultation with Departmental Advisor, choose two courses from the following list to best fulfill goals:

ARH115	History of Photography	3
ART116	Life Drawing I	3
ART137	Alternative Photographic Processes	3
+ ART181	Graphic Design I	3
ART255	Art Marketing	3
TCM/VPT108	Video Production	3

## Web Design

**Review versions 5984 Web Foundations, 5986 Web Design, and 5988 Web Development for effective term 2020 fall in 2020-2021 Academic Catalog**

**Certificate of Completion - CCL 5159**  
**18 credits**

**For Information:** Bill Stewart  
**Phone:** 623.845.3250  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Web Design is intended for those interested in designing and maintaining web pages for personal or small business use.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Phoenix, Paradise Valley, and South Mountain Community Colleges.

**Program Prerequisites:** None

<b>Required Courses: (18 credits)</b>		<b>Credits</b>
CIS120DC	Adobe Animate: Digital Animation	3
CIS120DF	Adobe Photoshop Level I: Digital Imaging	3
CIS133DA	Internet/Web Development Level I	3
CIS166++	Any Web Scripting course(s)	3
+ CIS233DA	Internet/Web Development Level II	3
+ CIS235	e-Commerce	3

## Web Developer

**Review versions 5984 Web Foundations, 5986 Web Design, and 5988 Web Development for effective term 2020 fall in 2020-2021 Academic Catalog**

**Certificate of Completion - CCL 5051**  
**30 credits**

**For Information:** Bill Stewart  
**Phone:** 623.845.3250  
<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Web Developer is designed to prepare a software developer to properly create and maintain web applications. In addition to web page development, this certificate is designed to enable software developers to fully manage and develop corporate web systems using interactive applications as well as write programs to manage corporate databases via the web. An Associate in Applied Science (AAS) degree is also available.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at Estrella Mountain, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None

<b>Required Courses: (30 credits)</b>		<b>Credits</b>
CIS105	Survey of Computer Information Systems	3
CIS117DM	Microsoft Access: Database Management	3
CIS120DC	Adobe Animate: Digital Animation	3
CIS120DF	Adobe Photoshop Level I: Digital Imaging	3
CIS126DL	Linux Operating System	3
CIS133DA	Internet/Web Development Level I	3
CIS166++	Any Web Scripting course(s)	3
+ CIS233DA	Internet/Web Development Level II	3
+ CIS234	XML Application Development	3
+ CIS235	e-Commerce	3

## 2020-2021 Maricopa County Community College District – Active Course Listings Archive

Course	Title	Description	Requisite	Act Type, Credits, Periods, Load
AAA103	Offender Employability Preparation	Inmate information about employment opportunities, vocational training program within state penal institutions, and institutional work ethic expectations. Skills required for employability within state prison system. Opportunity to review vocational interests and skills.	Prerequisites: None.	LEC 1.0 1.0 1.0
AAA104	Visualization in Activated Learning	Techniques for using mental imagery in the activated learning process. Processes include mental rehearsal, relaxation, and affirmation during self-instruction, test taking, interpersonal relationships, and sports	Prerequisites: None.	LEC 1.0 1.0 1.0
AAA105	Peak Performance in Activated Learning	Techniques which enable the individual to achieve levels of peak performance using the activated learning process. Includes methods for developing a high level of motivation and self-discipline to achieve peak performance in areas such as sports, public speaking, and job productivity	Prerequisites: None.	LEC 1.0 1.0 1.0
AAA115	Creating College Success	Strategies to create success in college. Methods for selecting and developing effective academic strategies, increasing self-awareness and developing self-management strategies. Elements of college resources and relationships with others explored in support of students' educational experience	Prerequisites: None.	LEC 1.0 1.0 1.0
AAA150	Strategies for College Success	Focus on increasing student success through college orientation and personal growth, study skills development, and educational and career planning.	Prerequisites: None.	LEC 3.0 3.0 3.0

AAA150AA	College Orientation and Personal Growth	Emphasis on increasing student success through college orientation, identification of learning style and the use of time management, goal-setting, and interpersonal communication strategies	Prerequisites: None.	LEC 1.0 1.0 1.0
AAA150AB	Study Skills Development	Emphasis on increasing student success through the use of study strategies including materials organization, note-taking, reading, test-taking, memory, and critical and creative thinking	Prerequisites: None.	LEC 1.0 1.0 1.0
AAA150AC	Educational and Career Planning	Emphasis on increasing student success through educational and career planning.	Prerequisites: None.	LEC 1.0 1.0 1.0
AAA298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
AAA298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0

AAA298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
ABA101	Hand and Power Tools	Selection, use, maintenance and safety procedures for common hand and power tools used in the construction industry.	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.	L+L 1.0 1.0 1.0
ABA102	Electrical Fundamentals	Fundamentals of electricity including electrical hazards, Occupational Safety and Health Administration (OSHA) regulations, units of measurements and using Ohm's law. Circuit characteristics and the use of Kirchoff's voltage and current laws to calculate voltage drop, current and resistance. Operation and use of specific meters. Includes an introduction to the National Electrical Code (NEC)	Prerequisites: None.	LEC 1.0 1.0 1.0
ABA103	Hand Bending of Electrical Conduit	Conduit bending and installation. Techniques for using hand operated and step conduit benders. Cutting, reaming and threading conduit	Prerequisites: None.	LEC 0.5 0.5 0.5
ABA104	Raceways, Boxes, Fittings, Anchors/Supports	Types and applications of conduit, raceways, wireways and ducts. Types, applications and wiring techniques for conductors. Hardware and systems used to mount and support boxes, receptacles and other electrical components	Prerequisites: Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.5 1.5 1.5

ABA106	Introduction to Materials Handling	Introduction to materials handling equipment and appropriate use for common job-site tasks. Recognize hazards associated with materials handling and proper techniques and procedures.	Prerequisites: Registered apprentice status or permission of the Apprenticeship Coordinator.	LEC 0.5 0.5 0.5
ABA111	Drawings and Detail Sheets	Drawings, detail sheets and field sketches. Parts and types of drawings, materials, specifications and special treatments. Includes drawing procedures and sketch applications	Prerequisites: Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 0.5 0.5 0.5
ABA112	Electrical I	Theories and concepts in electrical safety basics and OSHA 10 certification. Introductory concepts in construction math, hand and power tools, drawings, rigging, and materials handling. Emphasis on communication and employability skills.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA113	Rigging for Pipefitters	Selection, inspection, use and maintenance of blocks and tackles, chain hoists, come-alongs, jacks and tuggers. Heavy rigging hardware and lifting capacity charts. Procedures for balancing Loads and rigging pipes and valves. Planning the rigging job	Prerequisites: Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABA114	Electrical II	Fundamentals of the electrical trade, residential electrical services and test equipment. Emphasis on safety, electrical circuits, theory, National Electrical Code, device boxes. Use and selection of hand bending, raceways, fittings, conductors, cables. Interpretation of electrical drawings.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0

ABA115	Intermediate Excavation and Underground Pipe Installation	Terminology related to excavation and underground pipe installation. Identification and use of shoring materials and premanufactured support systems. Installation of vertical shoring. Determination of the fall of sewer lines. Grades and elevation of trenches. Backfilling procedures. Equipment and procedures for underground pipe installation	Prerequisites: Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.5 1.5 1.5
ABA117	Socket and Butt Weld Pipe Fabrication	Socket and butt weld piping including materials, fittings and drawings. Use of oxyacetylene torch for cutting plate steel, holes and pipe. Pipe end preparation including length determination, backing rings, clamps, alignment tools and procedures. Determining pipe length and aligning fittings	Prerequisites: Registered Apprentice status or permission of the apprenticeship coordinator.	L+L 4.0 6.0 6.0
ABA120	Carpentry Fundamentals	Overview of the carpentry trade. Apprenticeship programs and responsibilities of the apprentice. Types and uses of nails, fasteners and adhesives. Types of wood, lumber and manufactured wood products	Prerequisites: Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABA121	Floor and Wall Systems	Framing systems, floor construction, center beam and post support systems. Construction of sills, joists and bridging. Subflooring, mechanical connectors and the use of prefabricated joists. Wall construction, stud walls, panelized walls, masonry walls, post and beam walls, use of metal studs and drywall construction.	Prerequisites: (Registered apprentice status and a grade of C or better in ABA120) or permission of the apprenticeship coordinator.	LEC 2.0 2.0 2.0
ABA122	Electrical III	Theory and application of alternating current, lighting, conduit bending, pull and junction boxes.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0

ABA124	Electrical IV	Principles of conductor installations, cable trays, conductor terminations and splices. Emphasis on grounding, bonding, circuit breakers, and fuses. Fundamental concepts of control systems.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA130	Installation of Electric Services	Electric services for commercial and industrial installations. Blueprints, diagrams and electrical calculations. Grounding, connecting three phase services and the installation of panelboards, switches and load centers	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABA135	Cast-In-Place Stairs	Cast-In-Place and Precast stair installation techniques, forming, erecting and safety procedures. Review American Concrete Institute (ACI) Codes and standard specifications.	Registered apprenticeship status or permission of Apprenticeship Coordinator.	LEC 1.0 1.0 1.0
ABA136	Communications in Construction	Communication in the construction industry. Positive direct communication, written communication, active listening, understanding, negotiation, and dealing with difficult people. Communication skills at all organizational levels, with groups, combining oral and written communication for maximum effectiveness.	Prerequisites: None.	LEC 1.0 1.0 1.0
ABA150	Advanced Calculations for Electricians	Advanced mathematical calculations in the electrical industry. Powers and roots in watts, voltage, current and resistance. Metric and engineering units. English and metric systems for length, area, volume and mass, and energy and temperature measurements. Ratios, proportions, formulas, symbols and representation. Trigonometry and the Pythagorean theory. Plane and rotating vectors. Basic functions of the scientific calculator for electricians	Prerequisites: Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.5 1.5 1.5

ABA151	Sheetmetal Fundamentals	Use and maintenance of tools used in the sheetmetal trade. Fasteners and supports for sheetmetal ductwork. Sheet metal types and gages. Use of the Sheet Metal and Air Conditioning Contractors' National Association (SMACNA) manuals	Prerequisites: Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABA154	Fabrication I - Parallel Line Development	Parallel line development. Pattern layout procedures and fabrication of selected ductrun fittings.	Prerequisites: Registered apprentice status or permission of the apprenticeship coordinator.	L+L 2.0 4.0 4.0
ABA178	Plumbing Fabrication	Procedures for cutting and joining plastic pipe. Soldering and brazing copper tubing and the use of oxyacetylene equipment. Measuring, cutting, reaming, threading and assembling carbon steel pipe. Assembling cast iron soil pipe with lead and oakum joints and procedures for joining no-hub cast iron pipe. Making flared and compression joints with soft copper tubing. Procedures for cutting and joining clay and concrete pipe. Includes hands-on practice	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 3.0 3.0 3.0
ABA179	Installing and Sizing Water Supply Piping	Connecting piping to a water main. Plumbing connections to buildings and air and hydrostatic testing of water supply piping. Operation and installation of water heaters. Types, operation and installation of water meters. Installation of water supply systems to given structures. Effects of valves, fittings and piping on water pressure. Calculations of pressure drop and sizing procedures for water supply piping. Principles of back siphonage and backflow prevention	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 3.0 3.0 3.0

ABA181	REGULATING WATER PRESSURE	Function of water pressure-reducing valves and booster systems. Installation of water pressure-reducing valves and booster systems. Types of water booster systems. Adjustment of water pressure reducing valves and booster systems. Maintenance of water pressure reducing valves and pressure booster systems	Prerequisites: None.	LEC 1.0 1.0 1.0
ABA183	INSTALLING AND SERVICING VALVES AND FAUCETS	Different classifications and applications of valves and faucets. Installation and servicing of valves and faucets. Pressure ratings for specific types of valves. Troubleshooting and repair procedures	Prerequisites: None.	LEC 1.5 1.5 1.5
ABA192	Plumbing Level I	History of plumbing, modern plumbing, safety, human relations, and construction career opportunities. Hand and power tool safety, use, and maintenance. Plumbing drawings, components, and symbols. Materials, schedules for plastic, copper, and cast-iron. Fittings, valves, hangers, and supports. Measuring, cutting, reaming, and joining pipe. Safety precautions for installation, operation and maintenance. Fixtures and faucets. Drain, waste, and vent systems. Water distribution systems.	Prerequisites: None.	L+L 3.0 3.0 3.0
ABA201	Overcurrent Protection	Overcurrent protection including terminology, safety factors, conformance to the National Electrical Code (NEC), fuses, circuit breakers and short circuits. Selection and sizing of overcurrent protection	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABA202	Conductor Selection and Calculations	Conductor characteristics and selection criteria for specific applications. National Electrical Code (NEC) regulations governing conductors and conductor protection methods for single and branch circuits. Calculations for voltage drop and sizing for specific Loads	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0

ABA203	Load Calculations - Branch Circuits	Load calculations for single-phase and three-phase branch circuits. Sizing branch circuit overcurrent protection devices. Derating factors and calculating ampacity for single-phase and three-phase loads. Use of National Electrical Code (NEC) to calculate residential loads. Selecting branch circuit conductors and overcurrent protection devices for electric heat, air conditioning equipment, motors and welders	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABA204	Contactors and Relays	Operating principals of contactors and relays. Function in an electrical system. Operation and installation of specific contactors and relays. Interpretation of wiring diagrams. Connect and test a simple control circuit	Prerequisites: None.	LEC 1.0 1.0 1.0
ABA207	Construction Trades: Green Environment	Daily activities at work and at home that affect green environment. Leadership in Energy and Environmental Design (LEED) rating process. Carbon footprint and ways to reduce it. Construction of buildings that affect green environment. Application of principles of green building rating system.	Registered apprenticeship status or permission of Apprenticeship Coordinator.	LEC 1.0 1.0 1.0
ABA222	Introduction to Welding, Brazing and Cutting	Arc welding theory and safety hazards. AC, DC and AC-DC welding machines. Use of electrodes and safety requirements for arc-welding. Basic welding techniques and gas metal-arc and gas tungsten-arc welding processes. Brazing and cutting using an oxyacetylene torch.	Prerequisites: Registered apprentice status or permission of the apprenticeship coordinator.	L+L 2.0 3.0 3.0
ABA226	Field Measuring and Fitting	Field measuring practices including applicable mathematical formulas and functions. Includes problem solving exercise	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 0.5 0.5 0.5

ABA231	Introduction to Reinforcing Concrete	Use of reinforced concrete and reinforcing steel. Reinforced concrete in specific settings. Bar supports, bar lists, fabrication options, cutting, bending, tying, splicing and placing reinforcing bars (rebars).	Prerequisites: (Registered apprentice status and a grade of C or better in ABC135) or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABA232	Electrical V	The course content includes Load Calculations - Branch and Feeder Circuits, Conductor Selection and Calculations, Overcurrent Protection, Raceways/Wiring/Devices and Boxes, Voice/Data and Video.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA234	Electrical VI	Theories and concepts in distribution equipment, transformers, and commercial electrical services. Emphasis on motor calculations and voice/data and video. Operation of motor controls.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA242	Electrical VII	Principles of course load calculations, feeder and services and specialty transformers. Selection of standby and emergency systems. Emphasis on basic electronic theory, fire alarm systems and health care facilities.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA244	Electrical VIII	Principles of heating, ventilation, and air conditioning (HVAC) controls and heat tracing. Use and control of freeze protection. Basics in motor operation and maintenance. Focus on medium-voltage terminations/splices and special locations. Fundamentals of Crew Leadership.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA251	High Voltage Termination and Splicing	Terminations and splices in high voltage systems (600+ volts). Identifying and splicing specific types of cables and making terminations. Includes using splicing kits and following manufacturer's specifications. Testing techniques and calculations	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0

ABA252	Load Calculations Feeder and Services	Calculating basic electrical Loads. Load calculations for residential, commercial and industrial facilities, including primary feeder Loads, service Loads, lighting, motors, special Loads and heating, ventilation and air conditioning (HVAC)	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABA253	Motor Maintenance-Part 2	Principles of electric motor operation including reduced voltage starting. Properties of insulation and motor service conditions. Dielectric Voltage Withstand Test. Cleaning and drying electrical insulation. Troubleshooting electric motors	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABA254	Advanced Motor Controls	Operating principles of motor controls including solid-state controls. Motor braking, jogging, plugging and safety. Introduction to Programmable Logic Controller (PLC) motor programming	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.5 1.5 1.5
ABA255	Commercial, Industrial and Special Lighting	Operating characteristics of incandescent, fluorescent and high intensity discharge lamps. Lighting controls and fixture installations. Blueprint reading exercise for commercial and industrial installations. Lighting requirement calculations. National Electrical Code (NEC) requirements for specialty lighting fixtures	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 0.5 0.5 0.5
ABA256	Fire Alarm Systems	Operating principles of fire alarm systems. Components of fire alarm and security systems. Installation of heat and smoke detectors. National Electrical Code (NEC) requirements. Troubleshooting and maintaining fire alarm systems	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABA257	Specialty Transformers and Emergency Systems	Operation of specialty transformers. Harmonics and problem solving techniques. Operating principles of engine-driven generators and alternators. Manual and automatic transfer switches. National Electrical Code (NEC) requirements for standby emergency systems	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 2.0 2.0 2.0

ABA258	Special Locations	Various electrical device requirements for special locations such as assembly occupancies, theaters, carnivals, agricultural buildings, marinas, temporary installations, wired partitions, water installations.	Registered apprenticeship status or permission of Apprenticeship Coordinator.	LEC 1.0 1.0 1.0
ABA292	Leadership Skills - Construction Foreman	Role of the construction field supervisor. Characteristics of an effective supervisor. Problem solving and safety responsibilities. Planning, estimating and scheduling. Construction costs and the supervisors role in cost and resource control	Prerequisites: None.	LEC 1.0 1.0 1.0
ABA298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
ABA298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0

ABA298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
ABC101	Field Engineering Principles	Basic field engineering including terminology, methods of land description, tools and instruments. Government Land Survey System procedures	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 2.0 2.0 2.0
ABC107	Electrical Blueprints, Schedules, and Specifications	Symbolic language of blueprints and their different components. Includes examination of construction drawings, schedules, and specifications	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC112	Introduction to Sheet Metal Apprenticeship	History and development of apprenticeship programs in the sheet metal trade. Obligations and responsibilities of workers, employers and OSHA (Occupational Safety and Health Administration). Rules and guidelines for general job-site safety	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC116	Pipefitting Blueprints and Specifications	Reading and interpretation of piping drawings. Tracing piping runs through several drawings. Material take-offs for basic piping configurations	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC117	Pipe Cutting and Installation	Setting-up and operation of oxyacetylene equipment including flame cutting, straight and bevel cuts, marking and cutting pipe. Installation of pipe hangers, supports, rod attachments and masonry anchors. Safety stressed.	Registered apprenticeship status or permission of Apprenticeship Coordinator.	LEC 2.0 2.0 2.0

ABC118	OSHA Standards and Regulations	Provisions of and implementation of Occupational Safety and Health Administration (OSHA) Act in the work place. Rights and responsibilities under the OSHA Act. Appeals process, record keeping, and voluntary protection programs. OSHA's construction and general industry standards. Overview of the requirements of the more frequently referenced standards.	Registered apprentice status or permission of the Apprenticeship Coordinator.	L+L 1.5 1.5 1.5
ABC119	Basic Safety	Overview of safety rules and procedures for working on construction job sites	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC120	Basic Calculations for Construction	Addition, subtraction, multiplication and division of whole, decimal, fraction and metric numbers. Percentage and fraction conversions. Metric units of length, weight, volume and temperature. Metric system as it relates to the construction trade. Basic algebra and geometry operations and equations. Area and volume calculations of shapes.	Prerequisites: None.	L+L 1.5 1.5 1.5
ABC121	Introduction to Hand and Power Tools	Overview of the use, maintenance and safety procedures for common hand and power tools.	Registered apprentice status or permission of the Apprenticeship Coordinator.	LEC 1.0 1.0 1.0
ABC122	Rigging Safety and Equipment	Rigging safety, equipment and inspection. Includes crane hand signals, common rope knots, types of derricks and cranes and safety procedures for rigging and moving materials and equipment	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC123	Introduction to Construction Drawings	Basic concepts of construction drawings, including terms and symbols. Drawing interpretation, use of drawing dimensions and recognition of drawing classifications.	Registered apprentice status or permission of the Apprenticeship Coordinator.	L+L 0.5 0.5 0.5
ABC124	Conduit Bending	Types of conduit benders and bends. Conduit bending procedures and use of bends in conduit systems	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0

ABC126	Electrical Test Equipment	Selection, inspection, use and maintenance of common electrical test equipment	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC127	Electrical Wiring and Blueprints	Electrical wiring; commercial, industrial and residential. Switches, ground fault circuit interrupters, wiring techniques, installation receptables, service entrance installation, outlet boxes and lighting fixtures. Introduction to electrical blueprints. Lab activities in electrical wiring	Registered Apprentice status or permission of the apprenticeship coordinator.	L+L 1.5 1.5 1.5
ABC129	Electrical Boxes and Fittings	National Electrical Code (NEC) criteria for selection of outlet boxes, pull boxes and junction boxes	Registered Apprentice status or permission of the apprenticeship coordinator.	L+L 0.5 0.5 0.5
ABC130	Conductor Installation/Termination	Transportation, storage and setup of cable reels, methods of rigging and procedures for installing conductors using cable pulls in raceways and cable trays. Also methods of terminating and splicing conductors	Registered Apprentice status or permission of the apprenticeship coordinator.	L+L 1.0 1.0 1.0
ABC131	Cable Tray Installation	National Electrical Manufacturer's Association (NEMA) and National Electrical Code (NEC) requirements for cable tray modified installation and cable installation procedures.	Registered apprentice status or permission of the Apprenticeship Coordinator.	L+L 0.5 0.5 0.5
ABC132	Circuit Breakers and Fuses	National Electrical Code (NEC) requirements, Ground Fault Circuit Interrupters (GFCI), overcurrents, fuse sizing, safety techniques and short-circuit calculations.	Registered apprentice status or permission of the Apprenticeship Coordinator.	L+L 1.0 1.0 1.0
ABC133	Basic Lighting	Principles of illumination and specific light sources. Includes practical applications for residential, commercial and industrial installations	Registered apprentice status or permission of the apprenticeship coordinator.	L+L 1.0 1.0 1.0

ABC135	Fundamentals of Concrete	Materials used to make concrete, including specific types of cement, aggregate, admixtures and reinforcing materials. Handling procedures for concrete, conveying and placing concrete and finishing techniques for concrete slab. Construction of foundations and formwork	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC136	Roof Systems	Defining roof terminology. Identifying and understanding specific roof systems. Using the framing square and essex scale to calculate and measure specific types of rafters. Transcribing and transferring measurements onto rafters. Using "speed square" to determine measurements for specific types of rafters. Defining unequal roof pitch. Identifying specific types of plank and beam roofs and roof trusses used in the industry today.	Prerequisites: (Registered apprentice status and a grade of C or better in ABC/MEC/PNT120) or permission of the Apprenticeship Coordinator.	LEC 1.0 1.0 1.0
ABC141	SMACNA Manuals and Duct Fab Standards	Standards, codes and ordinances, according to the Sheet Metal and Air Conditioning Contractors National Association (SMACNA) manuals. Operating pressures, specific sealing requirements, connectors, reinforcing/gage requirements, specific seam types for duct fabrication and use of charts and tables	Prerequisites: None.	LEC 0.5 0.5 0.5
ABC142	Alternating Current	Production of electricity, including; current, voltage, induction, mutual inductance and capacitance. Calculations using Ohms Law. Operation of a three phase system.	Prerequisites: (Registered apprentice status and a grade of C or better in ABC/MEC/PED120) or permission of the Apprenticeship Director.	LEC 1.0 1.0 1.0
ABC143	Motors: Theory and Application	Overview of electric motors including types, operation, and applications. Assembly and disassembly. Mounting and connections according to National Electrical Code (NEC). Also troubleshooting, installation and handling	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 2.0 2.0 2.0

ABC144	Grounding	Types of grounding and proper installation of grounds and grounding. OSHA and National Electrical Code (NEC) requirements specific to grounding. Purpose and operation of Ground Fault Circuit Interrupters (GFCI). Effects of soils and environment. Selection of grounds and grounding material for specific situations. Testing grounds with a "megger"	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC148	Blueprints and Specifications- Sheet Metal	Reading and interpretation of blueprints, specifications and shop drawings. Includes elevations, detail views, section views of electrical, plumbing and mechanical drawings and prints	Prerequisites: None.	LEC 2.0 2.0 2.0
ABC150	Hand and Power Tools and Motorized Equipment	Selection, use and care of hand and power tools specific to the pipefitting trade. Identification, use, safety procedures and maintenance of motorized equipment utilized in pipefitting	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 2.0 2.0 2.0
ABC209	Principles of HVAC and Air Flow	Terminology and components of Heating, Ventilation and Air Conditioning (HVAC) systems and the principles of air flow as applied to HVAC air distribution systems. Also covers the basic refrigeration cycle, components and controls and the introduction to heat pumps	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 2.0 2.0 2.0
ABC210	Steam Traps	Use of steam traps in high and low pressure steam systems. Specific types and applications, installation, troubleshooting and maintenance	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 0.5 0.5 0.5

ABC213	Specialty Piping and Hot Taps	Specialty piping including flared and compression joining. Identifying, sizing and installing fittings. Brazing and soldering, calculating and bending pipe. Glass lined pipe, also hydraulic fitted compression joints and grooved pipe systems. Hot taps including identification and abatement of hazards, types and installation of fittings, hot tap machines and stopples	Prerequisites: Registered Apprentice status or permission of the apprenticeship coordinator.	L+L 2.0 4.0 4.0
ABC221	Motors and Motor Controls	Electrical symbols, line diagrams and logic. Contactors and starters, control devices, reversing circuits and power distribution systems. Electronic control devices, programmable controllers, reduced voltage starters, accelerating and decelerating methods and circuits. Preventive maintenance and trouble shooting	Registered Apprentice status or permission of the apprenticeship coordinator.	L+L 3.0 3.0 3.0
ABC222	Hazardous Locations-Electrical	Hazardous location classifications. Equipment approved for use in specific hazardous locations. Wiring methods	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC223	Electrical Distribution Systems	Distribution systems, electrical drawings and identification of electrical symbols. National Electrical Code (NEC) regulations governing distribution systems. High and low voltage portions of distribution systems. Component connection, transformer operation and calculation of transformer sizes and maximum loads for Open-Delta systems. Practical applications for capacitors and rectifiers. Calculation of power factor of electrical circuits and trouble shooting	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.5 1.5 1.5
ABC224	Electricity of HVAC Systems	Introduction to heating and air conditioning. Principles of heating and cooling. Operation and installation of equipment used for heating and cooling. National Electrical Codes (NEC) requirements. Safety precautions, testing and trouble shooting specific systems	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0

ABC225	Overcurrent Protection and Conductors	Understanding, defining and using overcurrent protection including: terminology, safety factors, conformance to National Electrical Code, fuses, circuit breakers, short circuits, selection and sizing of overcurrent protection. Proper selection and calculation of conductors including an understanding of National Electrical Code requirements and conductor types and purposes.	Prerequisites: (Registered apprentice status and a grade of C or better in ABC132) or permission of the apprenticeship coordinator.	LEC 2.0 2.0 2.0
ABC226	Raceways, Wiring Devices, Boxes and Fittings	Sizing, selecting, and installing raceways, junction boxes, outlet boxes and wiring devices. Calculating fill requirements according to National Electrical Code (NEC) regulations. Calculating bending radii in boxes and cabinets. Types and purpose of wiring devices and calculating maximum loads on such devices	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.5 1.5 1.5
ABC230	Stair Construction	Stair parts, materials and types. Stair dimensions and practical techniques for stair layout. Rough forming methods.	Prerequisites: (Registered apprentice status and a grade of C or better in ABC/MEC/PNT120) or permission of the Apprenticeship Coordinator.	LEC 1.0 1.0 1.0
ABC231	Exterior Wall Finishes	Exterior wall finish work; placement and hanging of windows, siding and flashing for walls. Installation of floors, chimneys and insulation included	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 3.0 3.0 3.0
ABC238	Advanced Walls, Floors and Ceilings	Identification and installation of specific types of walls, floors and ceilings. Required tools and materials. Safety stressed	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC239	Cabinetry	Construction of cabinets including: terminology, tools, safety, types of wood, glues, joints, layout, cutting, assembly, hardware, plastic laminates and installation procedures	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0

ABC251	Advanced Trade Calculations- Pipefitter	Thermal expansion and the use of tables of equivalents and conversion tables. Right angle trigonometry and calculation of take-outs using trigonometry	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC254	Field Routing, Trim and Springs	Field run specifications, rigging equipment needs, load weights, assembly systems and support needs. Also includes fabricating field run piping, vessel trim and identifying, selecting and installing spring can supports	Registered Apprentice status or permission of the apprenticeship coordinator.	L+L 2.0 2.0 2.0
ABC256	Basic Plumbing	Plumbing fixtures, drainage fixture unit ratings, and installation procedures. Includes procedures for installing fixtures, water heaters, shower and bath units, and dishwashers. Safety stressed.	Prerequisites: None.	L+L 4.0 4.0 4.0
ABC265	Welding Machines	Specific types of welding machines, electrical characteristics, operation, NEC applications and grounding. Also hazards, overcurrent protection and sizing grounding electrodes	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 0.5 0.5 0.5
ABC266	Basic Electronic Theory	Electronic system components. Solid state devices and component materials. Transistor types and functions, schematics and diagrams. Light Emitting Diodes (LEDs), and Silicon Controlled Rectifiers (SCRs). Operating principles of integrated circuits and basic operational amplifier circuits	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 0.5 0.5 0.5
ABC267	Specialty Lighting and Signaling Systems	Calculations for installation and measuring of specialty lighting and signaling systems according to National Electrical Code (NEC) standards. Includes decorative, roadway and sign lighting. Also fire alarm and security systems. Troubleshooting and maintenance	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 2.0 2.0 2.0

ABC269	HVAC Controls and Heat Tracing	Heating, ventilation and air conditioning (HVAC) control systems including temperature sensing devices, control components, National Electrical Code (NEC) requirements, solid state controls, packaged HVAC units, programmable controllers and installation procedures. Heat tracing and freeze protection including explanation of use, types of systems, installation procedures, inspection and maintenance and NEC requirements	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC276	Lamps, Ballasts and Components	Incandescent, tungsten halogen, florescent, and high-intensity discharge (HID) lamps. Voltage, watts, lumens, and lamp life. Fluorescent, electronic, and HID ballasts. Automatic lighting, occupancy sensors, photo sensors, and timers. Troubleshooting and energy management systems	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

ABC298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
ABC298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
ABO103	Introduction to Auto Body Repair	An introduction to basic auto body repair skills in dent removal. This course includes body filler application and sanding, plastic repair, metal repair, welding, plasma cutting, collision estimating, and air conditioning refrigerant recovery.	Prerequisites: None.	164
ABO104	Introduction to Automotive Refinishing	An introduction to basic refinishing skills with dual and single stage paints. This course includes spray equipment setup, panel prep and tape, paint correction with cut and buffing, scratch repair and proper blending techniques, basic knowledge of toners and paint mixing.	Prerequisites: None.	164

ABO203	Advanced Automotive Body Repair	An advanced course in non-structural auto body repair. This course includes disassembly of a vehicle, development of a collision repair plan, and repair. Includes body filler application and sanding, plastic repair, metal repair, and welding.	Prerequisites: None.	200
ABO204	Advanced Refinishing Fundamentals	An advanced course in vehicle refinishing and reassembly. This course includes spray equipment setup, vehicle prep and tape, paint correction with cut and buffing, scratch repair and proper blending techniques, knowledge of toners and paint mixing.	Prerequisites: None.	200
ABS171	Introduction to Good Manufacturing Practices(GMP)-Regulated Manufacturing	Course is designed to provide individuals with an overview of Good Manufacturing Practices (GMP), their application in a variety of industries and the opportunities for in such fields.	Prerequisites: None.	LEC 3.0 3.0 3.0
ABS173	Basic Instrumentation and Lab Math	Introductory course covering basic equipment, measurements, and calculations used in biotechnology laboratories.	Prerequisites: None. BIO156 or BIO181 recommended.	LEC 1.0 1.0 1.0
ABS174	BioSafety	General laboratory safety, hazardous chemical use and disposal, biohazardous material use and disposal, biosafety procedures, and radiation safety.	Prerequisites: None.	LEC 1.0 1.0 1.0
ABS175	Research Methods in Biology	Fundamentals of planning and conducting biological experiments, including ones that simultaneously vary multiple experimental variables. Subsequent analysis, interpretation, and reporting of results.	Prerequisites: None. BIO156 or BIO181 recommended.	L+L 1.0 2.0 2.0

ABS274	Introduction to Wildlife Management	Introduction to the field of wildlife biology/management and the legal, cultural, ecological, and population dynamics of wildlife biology and management. Covers wildlife management objectives, management techniques, research techniques, and the organizational environment that wildlife biologists work in; provides an overview of careers in the field and guidance in planning a career.	Prerequisites: High school biology with a grade of C or better or a grade of C or better in BIO100 or BIO181 or permission of Instructor.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
ACC105	Payroll, Sales and Property Taxes	Tax reporting for payroll, sales, and personal property	Prerequisites: None.	LEC 3.0 3.0 3.0
ACC107	Bookkeeping Theory and Practice	Fundamental accounting practices; application to retail stores, professional firms, and personal service operations.	Prerequisites: None.	L+L 4.0 5.0 5.0
ACC109	Accounting Concepts	Introduction to accounting with emphasis on analysis and applications of financial information.	Prerequisites: None. GBS151 and reading ability equivalent to RDG100 or RDG100LL suggested but not required.	LEC 3.0 3.0 3.0
ACC110	Understanding and Using Accounting Systems	Develops basic comprehension of the balance sheet, income statement, and equity and cash flow statements. Explores usage of specialized journals and subsidiary ledgers in a computerized system. Studies the impact of various transactions on an enterprise, including payroll, receivables, payables, inventory, cash and credit card receipts	Prerequisites: None.	L+L 3.0 3.0 3.0
ACC111	Accounting Principles I	Fundamental theory of accounting principles and procedures	Prerequisites: None.	LEC 3.0 3.0 3.0
ACC112	Accounting Principles II	Continuation of the fundamental theory of accounting principles and procedures, including interpretation of general purpose financial statements.	Prerequisites: A grade of C or better in ACC111 or permission of Department or Division.	LEC 3.0 3.0 3.0

ACC115	Computerized Accounting	Understanding of fundamental accounting principles and mastery of an accounting information systems including the general ledger, accounts receivable, accounts payable and payroll.	Prerequisites: None.	L+L 3.0 3.0 3.0
ACC121	Income Tax Preparation	Preparation of and practical experience in preparing individual Federal income tax returns using computer software.	Prerequisites: None.	L+L 3.0 3.0 3.0
ACC125	Understanding Financial Statements	Interpretation and utilization of financial data	Prerequisites: A grade of C or better in ACC112 or ACC211 or permission of Department or Division.	LEC 3.0 3.0 3.0
ACC211	Financial Accounting	Introduction to theory and practice in the preparation and interpretation of general purpose financial statements.	Prerequisites: None.	LEC 3.0 3.0 3.0
ACC212	Managerial Accounting	Development and analysis of accounting information for managerial planning and control	Prerequisites: A grade of C or better in (ACC111 and ACC112) or ACC211 and (CIS105 or permission of Department or Division).	LEC 3.0 3.0 3.0
ACC215	Governmental and Not-For-Profit Accounting	Theories and procedures of accounting for governmental and not-for-profit organizations.	Prerequisites: A grade of C or better in ACC112 or ACC211, or permission of Department or Division.	LEC 3.0 3.0 3.0
ACC216	Fraud Examination	Fundamental theory of fraud examination methodology to detect and prevent accounting fraud.	Prerequisites: A grade of C or better in (ACC230 or ACC112 or ACC211) or permission of Department or Division.	LEC 3.0 3.0 3.0
ACC219	Intermediate Accounting I	Theory and practice applicable to determination of asset values, liabilities, and related problems of income determination.	Prerequisites: A grade of C or better in ACC212 or ACC240 or permission of Department or Division.	LEC 3.0 3.0 3.0
ACC220	Intermediate Accounting II	Continuation of the theory and practice applicable to liabilities and owner's equity; special problems and financial reporting.	Prerequisites: A grade of C or better in ACC219 or permission of Department or Division.	LEC 3.0 3.0 3.0

ACC221	Tax Accounting	Preparation of and accounting procedures for individuals; introduction to partnerships and corporate tax structures	Prerequisites: A grade of C or better in ACC111 or ACC211 or permission of Department or Division.	LEC 3.0 3.0 3.0
ACC222	Payroll Accounting	Payroll records for businesses required by federal and state laws	Prerequisites: A grade of C or better in ACC111 or ACC211 or permission of Department or Division.	LEC 3.0 3.0 3.0
ACC224	Tax Practice Administration and Business Entity Analysis	Federal income tax representation, practices and procedures; designed for students who desire to become an Enrolled Agent (EA): this course contains the material a student would need to master in order to pass the third part of the EA exam, which is administered by the Internal Revenue Service of the United States of America. This course also contains content for the second part of the EA exam not covered in ACC221 Tax Accounting.	Prerequisites: A grade of C or better in ACC121.	LEC 3.0 3.0 3.0
ACC230	Uses of Accounting Information I	Introduction to the uses of accounting information for internal and external purposes with emphasis on financial statement analysis.	Prerequisites: A grade of C or better in ACC111 or ACC211 or (ENG101 and MAT151 and CRE101) or appropriate test scores on the District English, Reading and Math placement exams.	LEC 3.0 3.0 3.0
ACC240	Uses of Accounting Information II	Introduction to the uses of accounting information for internal and external purposes with emphasis on analysis for use by management.	Prerequisites: A grade of C or better in ACC230.	LEC 3.0 3.0 3.0
ACC250	Introductory Accounting Lab	Procedural details of accounting for the accumulation of information and generation of reports for internal and external users.	Prerequisites: None.	LAB 1.0 3.0 3.0

ACC260	Certified Bookkeeper (CB) Preparation	Fundamental accounting practices including accrual and deferral adjustments, correcting common transaction recording errors, bank reconciliations and adjusting entries. Includes payroll accounting and related Federal and State payroll law requirements. Accounting for depreciation for financial and tax accounting purposes covered. Inventory valuation methods. Includes calculating, recording, and reporting under generally accepted accounting principles (GAAP). Preventive internal control procedures to detect organizational fraud, theft, and embezzlement covered.	Prerequisites: A grade of C or better in ACC111 or ACC211 or (bookkeeping experience and permission of Instructor).	LEC 3.0 3.0 3.0
ACC270AA	Accounting Internship	Accounting work experience in a business or industry. Eighty hours of designated work per credit per semester.	Prerequisites: Permission of Department or Division.	LAB 1.0 1.0 0.0
ACC270AB	Accounting Internship	Accounting work experience in a business or industry. Eighty hours of designated work per credit totaling 160 hours per semester.	Prerequisites: Permission of Department or Division.	LAB 2.0 2.0 0.0
ACC270AC	Accounting Internship	Accounting work experience in a business or industry. Eighty hours of designated work per credit totaling 240 hours per semester.	Prerequisites: Permission of Department or Division.	LAB 3.0 3.0 0.0
ACC282AA	Volunteerism Accounting: Service Learning Experience	Service learning field experience within private/public agencies, educational institution, and citizen volunteer groups.	Prerequisites: A grade of C or better in ACC111 or (ACC230 and ACC250) and permission of Instructor.	LAB 1.0 1.0 0.0
ACC282AB	Volunteerism Accounting: Service Learning Experience	Service learning field experience within private/public agencies, educational institution, and citizen volunteer groups.	Prerequisites: A grade of C or better in ACC111 or (ACC230 and ACC250) and permission of Instructor.	LAB 2.0 2.0 0.0
ACC282AC	Volunteerism Accounting: Service Learning Experience	Service learning field experience within private/public agencies, educational institution, and citizen volunteer groups.	Prerequisites: A grade of C or better in ACC111 or (ACC230 and ACC250) and permission of Instructor.	LAB 3.0 3.0 0.0

ACC296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0
ACC296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 2.0 5.0 0.0
ACC296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor. ADA102	Advertising Production Methods	Production procedures for publications and other print media. Layout and sizing ads, type specification, meeting deadlines, proofreading symbols, and mechanical separation for color and tone. Practice with copy proofs and camera-ready pasteups	Prerequisites: None.	L+L 3.0 4.0 4.0
ADA109	Cartooning Methods	Production of cartoon drawing suitable for reproduction and submission to publishers. Introduction to greeting card design, editorial cartooning, comic strips and other uses of cartoons	Prerequisites: None.	L+L 3.0 4.0 4.0
ADA114	Graphics Printing Processes	Printing methods, skill development in planning and layout, composition methods, proofing and correction, color process, image carrier preparation.	Prerequisites: None.	L+L 3.0 4.0 4.0
ADA169	2D Media Design	Generation of two-dimensional (2D) images, designs, and media using digital and traditional methods of visual problem solving. Understanding digital and design-based techniques and workflows.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ADA175	Electronic Publishing Design I	Introduction to the multiple elements of commercial publishing using the microcomputer. Basic foundation in the use of electronic page layout techniques. Emphasis on publication design layout and concepts.	Prerequisites: A grade of C or better in ART100 or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0

ADA177	Digital Photographic Imaging I	Introduction to multiple elements of digital imaging. Basic foundation in photographic manipulation of images, with special attention to aesthetic foundations underlying photographic composition.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ADA183	Digital Graphic Arts I	Graphic design use in microcomputer; black and white graphics, standard and color brushes, lines, shapes, area fills and fonts. Application to illustration, advertising graphics, typography, and video interaction.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ADA184	Digital Animation I	The art of animation (animated sequences, special effects, titles, etc.) using the computer. Construction characters, background graphics, color, scaling, storyboard, cells, timing, editing, and surface rendering. Screening and discussion of selected animated short films and videos.	Prerequisites: A grade of C or better in (ART111 or ART116) or permission of Instructor. Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ADA203	Creative Design for Advertising	Focuses on the design and production of advertisement layouts and visual marketing campaigns for digital, mobile, and social channels which drive business objectives. Emphasis on terminology, analysis, and critique of advertising design, campaign methods, techniques, and the use of video across digital, mobile, and social channels.	Prerequisites: A grade of C or better in ART104 or permission of Instructor.	L+L 3.0 6.0 6.0
ADA248	Design Self Promotion	Defining career goals, and developing a self-promotional marketing plan to enter the workplace, including a resume, business card, leave behind, social media presence, interactive portfolio and printed portfolio. Understand business ethics and etiquette, artist's rights, copyright laws and contractual agreements, and develop networking, interview and communication skills.	Prerequisites: None.	L+L 3.0 6.0 6.0

ADA283	Digital Graphic Arts II	Advanced skill development of graphic design through use of microcomputer. Emphasis on computer design and techniques for producing all types of camera-ready advertising art for printed matter and package design. Includes illustration, typography, photo imaging, and color separation.	Prerequisites: A grade of C or better in ADA/ART183 or permission of Instructor.	L+L 3.0 6.0 6.0
ADA289	Computer Illustration	Introduction to the multiple elements of commercial illustration using the microcomputer. Basic foundation in the use of computer techniques including color paint and draw programs for the production of commercial illustrations for publications and printed matter. Use of and output devices.	Prerequisites: A grade of C or better in ART100 or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ADA298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
AEN100	Survey of Alternative Energy	Basic principles and history of alternative energy sources. Alternative energy sources highlighted include solar photovoltaic, solar thermal, wind, hydropower and geothermal. Emphasis on local power facilities utilizing alternative energy sources.	Prerequisites: None.	L+L 2.0 2.0 2.0
AEN102	Fundamentals of Facility Energy Management	Process of evaluation of types of energy use. Evaluation of the structure, energy transfer, lighting, heating, and cooling systems. Introduction to basic thermal process, including thermal capacity, heat transfer modes, psychometric charts, fan and pump laws, energy storage, and other factors related to HVAC and occupant comfort in commercial facilities. Includes an introduction to energy generation, construction and equipment, and the impact of these factors on cost and economic justification.	Prerequisites: None.	LEC 4.0 4.0 4.0

AEN103	Hand Tools and Basic Maintenance for Building Energy Technicians	Basic tools and equipment for the building energy technician. Includes an overview of electrical theory and procedures for measurement and evaluation of common electric circuits, specific heating, ventilation, and air conditioning (HVAC) mechanical hardware devices, analysis of building environmental conditions, and safe procedures for starting and stopping equipment and systems. Also addresses basic repair and replacement of electric outlets, fuses, breakers, filters, and necessary diagnostics on related electrical and mechanical items.	Prerequisites: None.	L+L 4.0 4.0 4.0
AEN104	Fundamentals of Residential Energy Auditing	Process of evaluation of types of energy. Evaluation of the structure, windows and doors, insulation values and types, heating and cooling systems, water heating types and usage.	Prerequisites: None.	LEC 3.0 3.0 3.0
AEN142	Introduction to Energy Management	Introduction to building energy management concepts and procedures. Includes the carbon cycle, building envelope and materials of construction in their relation to energy management, occupant comfort, and indoor air quality. Major emphasis on identification of building system components, relations, interactions and basic operation, evaluation and reporting of energy trending and consumption, and efficiency.	Prerequisites: A grade of C or better in AEN102, AEN103 and CNS182.	L+L 3.0 3.0 3.0
AEN190	Device Interface and Selection	Overview of building management systems, components, and controls. Includes energy consumption basics and measurement in addition to building systems evaluation. Also covers the process for evaluation and documentation of systems as well as recommendations for potential energy conservation.	Prerequisites: A grade of C or better in AEN142 and (MAT112 or MAT122).	L+L 3.0 5.0 5.0

AES101	Air Force Today I	Survey course designed to introduce students to the United States Air Force and Air Force Reserve Officer Training Corps (AFROTC). Featured topics include: mission and organization of the Air Force, officership and professionalism, military customs and courtesies, Air Force officer opportunities, group leadership problems, and an introduction to communication skills. The Leadership Laboratory component provides dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Emphasizes common Air Force customs and courtesies, drill and ceremonies, health and physical fitness through group participation.	Prerequisites: None.	LEC 2.0 1.0 0.0 LAB 0.0 1.0 0.0
AES103	Air Force Today II	Introduce students to the United States Air Force and encourage participation in Air Force Reserve Officer Training Corps (AFROTC). Featured topics include: introduction to leadership, Air Force core values, introduction to interpersonal communication and team building, and a continuation of communication skills. The Leadership Laboratory component provides dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Emphasizes learning the environments and dynamics of an Air Force officer.	Prerequisites: None.	LEC 2.0 1.0 0.0 LAB 0.0 1.0 0.0

AES201	Evolution of USAF Air and Space Power I	<p>Focuses on facilitating the transition from Air Force ROTC cadet to Air Force ROTC candidate. Examines the general aspects of air and space power through a historical perspective. Utilizing this perspective, covers a time period from the first balloons and dirigibles to the modern technology currently used in overseas contingency operations. Featured topics include: Air Force heritage, Air Force leaders, introduction to ethics and values, group leadership problems and continuing application of communication skills. The Leadership Laboratory component provides dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Provides application of advanced drill and ceremonies; issuing commands; knowing flag etiquette; and developing, directing, and evaluating skills to lead others.</p>	Prerequisites: None.	<p>LEC 2.0 1.0 0.0 LAB 0.0 1.0 0.0</p>
--------	---	---	----------------------	--

AES203	Evolution of USAF Air and Space Power II	Provides knowledge-level understanding for general element and employment of air and space power. Furthermore, discusses the importance of Air Force Core Values with use of operational examples and historical Air Force leaders. Continues to develop communication skills. Topics include: the Air Force mission and organization, modern joint expeditionary Airmen, officer opportunities, and professionalism. The Leadership Laboratory component provides dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Emphasizes preparation for field training.	Prerequisites: None.	LEC 2.0 1.0 0.0 LAB 0.0 1.0 0.0
AES294	Air Force Physical Fitness	Physical training component of Air Force ROTC. Covers topics of immediate or special interest to a faculty member and students.	Prerequisites: None.	L+L 1.0 3.0 0.0
AES298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: None.	LAB 1.0 1.0 0.0

AES298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: None.	LAB 2.0 2.0 0.0
AES298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: None.	LAB 3.0 3.0 0.0
AET100	Aviation Orientation	Exploration of career options and employment practices in the aviation industry, including topics such as academic requirements, employment requirements, regulatory issues, and airport procedures.	Prerequisites: None.	LEC 1.0 1.0 1.0
AET101	Private Pilot Ground School, FAR Part 61	Federal Aviation Regulation (FAR) Part 61 ground school in preparation for the Federal Aviation Administration (FAA) Private Pilot Certificate written examination. Includes aerodynamics, airplane systems, airports, airspace, communications, federal aviation regulations, weather, navigation, airplane performance, flight planning, and flight physiology	Prerequisites: None.	LEC 5.0 5.0 5.0

AET107	Private Pilot Ground School	Ground school in preparation for the Federal Aviation Administration (FAA) Private Pilot Certificate written examination. Includes aerodynamics, airplane systems, airports, airspace, communications, Federal Air Regulations, navigation, airplane performance, flight planning, and flight physiology. Requires passing a written exam similar to the FAA Private Pilot written exam	Prerequisites: None. Corequisites: AET110.	LEC 5.0 5.0 5.0
AET107HH	Private Pilot Ground School: Helicopter	Ground school in preparation for the Federal Aviation Administration (FAA) Private Pilot Certificate written examination. Includes aerodynamics, helicopter systems, airports, airspace, communications, Federal Air Regulations, navigation, helicopter performance, flight planning, and flight physiology. Requires passing a written exam similar to the FAA Private Pilot written exam.	Prerequisites: None. Corequisites: AET110HH.	LEC 5.0 5.0 5.0
AET110	Private Pilot Flight	Flight course in preparation for the Federal Aviation Administration (FAA) Private Pilot Certificate practical examination. Includes preflight preparation and planning, ground operations, airport operations, departures, navigation, basic instrument flight, night flight, slow flight, ground reference maneuvers, emergency operations, and arrivals. Approximately 50 hours airplane flight experience at student's expense required. Requires passing check ride similar to the FAA Private Pilot check ride.	Prerequisites: None. Corequisites: AET107.	LAB 1.0 5.0 5.0

AET110HH	Private Pilot Flight: Helicopter	Flight course in preparation for the Federal Aviation Administration (FAA) Private Pilot Certificate practical examination. Includes preflight preparation, preflight procedures, airport and heliport operations, hovering maneuvers, takeoffs, landings, and go-rounds, performance maneuvers, navigation, emergency operations, night operations, and post-flight procedures. Approximately 75-85 hours helicopter flight experience at student's expense required. Requires passing check ride similar to the FAA Private Pilot check ride.	Prerequisites: None. Corequisites: AET107HH.	LAB 2.0 5.0 5.0
AET112	Private Pilot Flight -Test Course	Flight course in preparation for transition into continued AET course work. Includes preflight preparation and planning, ground operations, airport operations, departures, navigation, basic instrument flight, slow flight, ground reference maneuvers, emergency operations, and arrivals. Requires passing check ride similar to the Federal Aviation Administration Private Pilot check ride.	Prerequisites: FAA Private Pilot Airplane Single-Engine Land or advanced certification. Corequisites: AET107.	LAB 2.0 5.0 5.0
AET115	Aviation Meteorology	Meteorology for professional pilots. Includes atmosphere, air mass circulation, cloud type identification, weather hazards, and high altitude, Arctic, and tropical weather systems. Basic forecasting, use of Direct User Access Terminal (DUAT) systems and reading and interpreting weather charts	Prerequisites: None.	LEC 3.0 3.0 3.0

AET201	Instrument Rating Ground School, FAR Part 61	Federal Aviation Regulation (FAR) Part 61 ground school in preparation for the Federal Aviation Administration (FAA) Instrument rating written examination. Includes instrument, navigation, and engine indication systems; airspace; Federal Aviation Regulations applicable to instrument flight; weather, air traffic control procedures; and charts and approach plates. Flight planning, operations, and physiology.	Prerequisites: A grade of C or better in AET101 or FAA Private Pilot Certificate or permission of Instructor.	LEC 3.0 3.0 3.0
AET203	Basic Airplane Systems	Beginning commercial pilot ground course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot Certificate and Commercial written examination. Discussions will include, but not be limited to reciprocating engines, engine systems, airplane systems, altitude systems, and commercial regulations.	Prerequisites: A grade of C or better in (AET207, AET217, and AET210) or permission of Instructor. Corequisites: AET220 and AET213.	LEC 3.0 3.0 3.0
AET203HH	Basic Helicopter Systems	Beginning commercial pilot ground course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot Certificate and Commercial written examination. Discussions will include, but not be limited to reciprocating engines, engine systems, helicopter systems, altitude systems, and commercial regulations.	Prerequisites: A grade of C or better in AET207HH, AET217HH and AET210HH or permission of Instructor. Corequisites: AET220HH and AET213HH.	LEC 2.0 2.0 2.0
AET205	Aircraft Structures, Systems, and Maintenance	Survey of airframe structures, systems, and maintenance regulations for pilots. Includes aircraft and airfoil design and construction, and electrical, instrumentation, and automatic flight control systems. Maintenance privileges and limitations, and forms and records	Private Pilot Certificate or permission of Instructor.	LEC 4.0 4.0 4.0

AET207	Attitude Instruments and Navigation	Beginning instrument pilot ground course in preparation for the Federal Aviation Administration (FAA) Instrument Pilot Rating and Instrument Rating written examinations. Includes preflight preparation, flight instruments, basic attitude instrument flying, radio navigation systems, and technically advanced aircraft systems.	Prerequisites: A grade of C or better in AET110 or permission of Instructor. Corequisites: AET210 and AET217.	LEC 3.0 3.0 3.0
AET207HH	Attitude Instruments and Navigation: Helicopter	Beginning instrument pilot ground course in preparation for the Federal Aviation Administration (FAA) Instrument Pilot Rating and Instrument rating written examinations. Includes preflight preparation, flight instruments, basic attitude instrument flying, radio navigation systems, and technically advanced helicopter systems.	Prerequisites: A grade of C or better in AET110HH or permission of Instructor. Corequisites: AET210HH and AET217HH.	LEC 2.0 2.0 2.0
AET208	Aviation Safety	Introduction to aviation safety, including aviation safety programs, risk management, pilot psychology, physiology, human factors, and accident review and investigation.	Prerequisites: A grade of C or better in AET107.	LEC 3.0 3.0 3.0
AET210	Instrument Commercial Flight I	Initial flight course in preparation for the Federal Aviation Administration (FAA) Instrument rating practical examination. Emphasis on night and instrument operations. Student must fly approximately 60 hours at own expense. Requires passing operational phase checks.	Prerequisites: A grade of C or better in AET110 or permission of Instructor. Corequisites: AET207 and AET217.	LAB 1.0 5.0 5.0
AET210HH	Instrument Flight: Helicopter	Initial helicopter flight course in preparation for the Federal Aviation Administration (FAA) Instrument rating practical examination. Emphasis on helicopter instrument operations. Student must fly approximately 75 hours at own expense. Requires passing operational phase checks.	Prerequisites: A grade of C or better in AET110HH or permission of Instructor. Corequisites: AET207HH and AET217HH.	LAB 2.0 5.0 5.0

AET213	Aerodynamics and Performance	Advanced commercial pilot ground course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot Certificate and Commercial written examinations. Includes discussion of aerodynamic factors including lift, weight, drag, and thrust. Discussions will include, but are not limited to aerodynamics, performance, safe and efficient airplane operations, airplane stability and control, stalls, and spins.	Prerequisites: A grade of C or better in AET207, AET217 and AET210. Corequisites: AET220 and AET203.	LEC 3.0 3.0 3.0
AET213HH	Aerodynamics and Performance: Helicopter	Advance commercial pilot ground course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot Certificate and Commercial written examinations. Includes discussion of aerodynamic factors including lift, weight, drag, and thrust. Discussions will include, but are not limited to aerodynamics, performance, and safe and efficient helicopter operations.	Prerequisites: A grade of C or better in AET207HH, AET217HH, and AET210HH. Corequisites: AET220HH and AET203HH.	LEC 2.0 2.0 2.0
AET215	Aircraft Powerplants	Survey of engines and engine systems for pilots. Includes theory and analysis of reciprocating and turbine aircraft engines. Lubrication, ignition, fuel control, cooling, exhaust, and propellers.	Prerequisites: A grade of C or better in AET205 or permission of Instructor.	LEC 4.0 4.0 4.0
AET217	Instrument Procedures	Advanced instrument pilot ground school course in preparation for the Federal Aviation Administration (FAA) Instrument pilot rating and Instrument rating written examinations. Includes Federal Aviation Regulations, instrument approach procedures, and instrument enroute considerations. Requires passing written exam similar to the Instrument pilot rating and Instrument rating written exams.	Prerequisites: A grade of C or better in AET110 or permission of Instructor. Corequisites: AET210 and AET207.	LEC 3.0 3.0 3.0

AET217HH	Instrument Procedures: Helicopter	Advance helicopter instrument pilot ground school course in preparation for the Federal Aviation Administration (FAA) Instrument pilot rating and Instrument rating written examinations. Includes Federal Aviation Regulations, instrument approach procedures, and instrument enroute considerations. Requires passing written exams similar to the Instrument pilot rating and Instrument rating written exams.	Prerequisites: A grade of C or better in AET110HH or permission of Instructor. Corequisites: AET210HH and AET207HH.	LEC 2.0 2.0 2.0
AET220	Instrument Commercial Flight II	Advanced flight course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot practical examination. Emphasis on commercial and high performance operations. Student must fly approximately 60 hours at own expense. Requires passing instrument rating and commercial pilot stage checks similar to the FAA check rides.	Prerequisites: A grade of C or better in AET210, AET207 and AET217. Corequisites: AET203 and AET213.	LAB 1.0 5.0 5.0
AET220HH	Commercial Flight: Helicopter	Advanced flight course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot practical examination. Emphasis on commercial and high performance helicopter operations. Student must fly approximately 60 hours at own expense. Requires passing instrument rating and commercial pilot stage checks similar to the FAA check rides.	Prerequisites: A grade of C or better in AET210HH, AET207HH and AET217HH. Corequisites: AET203HH and AET213HH.	LAB 2.0 5.0 5.0

AET225	Advanced Aircraft Systems	Survey of advanced aircraft systems to include electrical, automatic flight control, pressurization, cabin atmosphere, ice control, rain control, fire detection and extinguishing. Includes theory and analysis of turbine aircraft engines. Introduction to turbine engine systems to include lubrication, ignition, fuel control, cooling, exhaust, and propellers. Includes overview of maintenance publications, forms and records.	Prerequisites: Private Pilot Certificate or permission of Instructor.	LEC 4.0 4.0 4.0
AET227	Certified Flight Instructor: Airplane, Single Engine Land Ground School	Ground school in preparation for the Federal Aviation Administration (FAA) Certified Flight Instructor and Fundamentals of Instruction written examinations. Includes fundamentals of instruction, aerodynamics, airplane performance, systems, operations, weight and balance, weather, federal regulations, navigation, maneuvers, pilot physiology, ethics, and aeronautical decision making. Requires passing written exams similar to the FAA Certified Flight Instructor: Airplane, and Fundamentals of Instruction written exams.	Prerequisites: A grade of C or better in AET240 or FAA Commercial Pilot Certificate with instrument rating. Corequisites: AET230.	LEC 5.0 5.0 5.0
AET227HH	Certified Flight Instructor: Helicopter Ground School	Ground school in preparation for the Federal Aviation Administration (FAA) Certified Flight Instructor and Fundamentals of Instruction written examinations. Includes fundamentals of instruction, aerodynamics, helicopter performance, systems, operations, weight and balance, weather, federal regulations, navigation, maneuvers, pilot physiology, ethics, and aeronautical decision making. Requires passing written exams similar to the FAA Certified Flight Instructor: Helicopter, and Fundamentals of Instruction written exams.	Prerequisites: FAA Commercial Pilot Certificate. Corequisites: AET230HH.	LEC 4.0 4.0 4.0

AET228	Public Safety Aviation	<p>Organization, operations, tactics and techniques related to air support operations within law enforcement, fire protection and resource protection agencies. Includes Use of Unmanned Aircraft System (UAS) within the United States, Airborne law enforcement patrol, surveillance and other special operations; fire operations including fire chemistry and behavior, fire department organization and tactics, airborne firefighting equipment, fire extinguishment tactics and air ambulance operations; and, resource protection air operations including wildlife surveys, hunting and fishing enforcement patrols, search and rescue, and operations from unimproved landing sites and seaplane operations.</p>	<p>Prerequisites: A grade of C or better in AET107 and AET110. Corequisites: AET260.</p>	LEC 3.0 3.0 3.0
AET229	Crew Resource Management	<p>Crew communications, teamwork, leadership, "followership," decision-making, and situational awareness; also the benefits of diversity, and the role diversity plays in the modern aerospace industry. Emphasis on utilization of all available resources in order to conduct a safe and efficient flight.</p>	<p>Prerequisites: A grade of C or better in AET217.</p>	LEC 3.0 3.0 3.0

AET230	Certified Flight Instructor: Airplane, Single Engine Land	Flight course in preparation for the Federal Aviation Administration (FAA) Certified Flight Instructor: Airplane practical examination. Emphasis on demonstration and analysis of flight maneuvers. Includes preflight, ground operations, airport operations, takeoffs, climbs, flight fundamentals, stalls, spins, slow flight, basic instrument operations, performance maneuvers, ground reference maneuvers, emergency operations, approaches, landings, and postflight procedures. Requires approximately 25 hours of flight that includes high performance operations at student's expense. Also requires passing check ride similar to the FAA Certified Flight Instructor check ride.	Prerequisites: A grade of C or better in AET240 or FAA Commercial Pilot Certificate with instrument rating. Corequisites: AET227.	LAB 1.0 3.0 3.0
AET230HH	Certified Flight Instructor: Helicopter	Flight course in preparation for the Federal Aviation Administration (FAA) Certified Flight Instructor: Helicopter practical examination. Emphasis on demonstration and analysis of flight maneuvers. Includes preflight procedures, airport and heliport operations, hovering maneuvers, takeoffs, landings, and go-arounds, fundamentals of flight, performance maneuvers, emergency operations, special operations, and postflight procedures. Requires approximately 60 hours of flight at student's expense. Also requires passing check ride similar to the FAA Certified Flight Instructor check ride.	Prerequisites: FAA Commercial Pilot Certificate with instrument rating. Corequisites: AET227HH.	LAB 1.0 3.0 3.0
AET237	Multiengine Airplane Pilot Ground School	Aeronautical knowledge necessary to meet requirements for a multiengine airplane rating including orientation, aerodynamics, airplane systems, airplane performance, flight planning, and emergency procedures.	Prerequisites: A grade of C or better in AET220 or FAA Commercial Pilot Certificate with instrument rating. Corequisites: AET240.	LEC 2.0 2.0 2.0

AET240	Multiengine Airplane Pilot Flight	Flight course in preparation for the Federal Aviation Administration (FAA) Multi-engine Airplane practical examination. Approximately 15 hours of flight experience at the student's expense and passing check ride similar to the FAA Multi-engine check ride are required.	Prerequisites: A grade of C or better in AET220 or FAA Commercial Pilot Certificate with instrument rating. Corequisites: AET237.	LAB 1.0 1.5 1.5
AET257	Readings in Aviation	Critical inquiry of a particular aviation theme from a wide variety of sources. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. International data communication facilities and equipment made available for student use.	Prerequisites: A grade of C or better in ENG102 or ENG111 and permission of Instructor.	L+L 3.0 4.0 4.0
AET258	Certified Flight Instructor: Instrument Airplane Ground School	Aeronautical knowledge and practical teaching ability necessary to obtain an Instrument Flight Instructor Certificate with an Airplane-Single-Engine rating and necessary to satisfactorily pass the Flight Instructor Instrument knowledge test.	Valid FAA Commercial Pilot Certificate or Airline Transport Pilot Certificate with the appropriate category and class of airplane used in the course, instrument rating, and Flight Instructor Certificate-Airplane. Corequisites: AET270.	LEC 3.0 3.0 3.0
AET258HH	Certified Flight Instructor: Instrument Helicopter, Ground School	Aeronautical knowledge and practical teaching ability necessary to obtain an Instrument Flight Instructor Certificate with a Helicopter rating and necessary to satisfactorily pass the Helicopter Flight Instructor Instrument knowledge test.	Valid FAA Commercial Pilot Certificate, or Airline Transport Pilot Certificate with instrument rating and the appropriate category and class of helicopter used in the course; and Flight Instructor Certificate-Helicopter. Corequisites: AET270HH.	LEC 3.0 3.0 3.0

AET260	Public Safety Aviation Applications in Unmanned Aircraft Systems Flight Lab	Knowledge and skills needed to safely employ small unmanned aircraft systems. Includes aircraft operating software, launch and recovery operations, payload operations, normal and emergency procedures, and mission planning and execution. Emphasis on use of small Unmanned Aircraft Systems (UAS) operations conducted by non-military governmental organizations, such as law enforcement and resource protection agencies. Students must complete the appropriate flight lessons to satisfactorily complete the course.	Prerequisites: A grade of C or better in UAS101. Corequisites: AET228.	LAB 1.0 3.0 3.0
AET270	Certified Flight Instructor: Instrument Airplane Flight Lab	Flight experience in an airplane to meet flight proficiency and aeronautical experience requirements necessary to add an Instrument Airplane Rating to an existing Flight Instructor-Airplane certificate.	Valid FAA Commercial Pilot Certificate or Airline Transport Pilot Certificate with the appropriate category and class of airplane used in the course, instrument rating, and Flight Instructor Certificate-Airplane. Corequisites: AET258.	LAB 1.0 3.0 3.0
AET270HH	Certified Flight Instructor: Instrument Helicopter Lab	Flight experience in a helicopter designed to provide flight proficiency and aeronautical experience requirements necessary to pursue adding an Instrument Helicopter Rating to an existing Flight Instructor-Helicopter certificate.	Valid FAA Commercial Pilot Certificate, or Airline Transport Pilot Certificate with instrument rating and the appropriate category and class of helicopter used in the course; and Flight Instructor Certificate-Helicopter. Corequisites: AET258HH.	LAB 1.0 3.0 3.0
AET273	Multi-Engine Flight Instructor: Airplane-Ground School	Aeronautical knowledge and practical teaching necessary for the addition of a multi-engine rating Flight Instructor Certificate, as set forth in the current Private and Commercial Multi-Engine and Flight Instructor Multi-Engine Practical Test Standards.	(Valid FAA Commercial Pilot Certificate or Airline Transport Pilot Certificate with instrument rating and the appropriate category and class of airplane used in the course) and Flight Instructor Certificate-Airplane. Corequisites: AET280.	LEC 2.0 2.0 2.0

AET280	Multi-Engine Flight Instructor: Airplane-Flight Lab	Flight experience in an airplane to meet flight proficiency and aeronautical experience requirements necessary to add a multi-engine rating to an existing Flight Instructor-Airplane certificate.	(Valid FAA Commercial Pilot Certificate or Airline Transport Pilot Certificate with instrument rating and the appropriate category and class of airplane used in the course) and Flight Instructor Certificate-Airplane. Corequisites: AET273.	LAB 1.0 3.0 3.0
AET290	Flight Physiology	In-depth study of aeromedical factors for pilots. The causes, symptoms, prevention, and treatment of flight environment disorders, altitude effects, spatial disorientation, visual illusions, body heat imbalance, and psychological factors are included as they relate to pilot performance and survival. Two altitude chamber flights at the student's expense are required.	Prerequisites: Current FAA (Federal Aviation Administration) medical certificate.	LEC 3.0 3.0 3.0
AET296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0

AET296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 2.0 10.0 0.0
AET296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 3.0 15.0 0.0
AET296WD	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 4.0 20.0 0.0

AET298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
AET298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
AET298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
AFR110	Introduction to African-American Studies	Introduction to the study of the African-American experience. Interdisciplinary approach includes historical underpinnings; population and cultural characteristics; social, economic, and political issues; and implications for the future	Prerequisites: None.	LEC 3.0 3.0 3.0

AFR202	Ethnic Relations in the United States	Basic concepts and processes, including historic overview, of interethnic relations in the United States: culture, race, ethnicity, ethnocentrism, prejudice, discrimination, racism, assimilation, acculturation, and individual and group responses to interethnic contact. Cultural knowledge and intercultural communication skills and perspectives as fundamental tools for successful management of social relations in a multicultural world.	Prerequisites: None.	LEC 3.0 3.0 3.0
AFR203	African-American History: The Slavery Experience	History and cultural heritage of African-Americans, including arrival in the Americas, chattel slavery experience, emancipation, and participation in the American Civil War. Presented from an Afro-centric perspective.	Prerequisites: A grade of C or better in AFR110 or permission of Instructor.	LEC 3.0 3.0 3.0
AFR204	African-American History: Reconstruction to the Present	History and cultural heritage of African-Americans from the Reconstruction period to the present, including the Depression, the Harlem Renaissance, the Civil Rights Movement, and affirmative action. Presented from an Afro-centric perspective.	Prerequisites: A grade of C or better in AFR203 or permission of Instructor.	LEC 3.0 3.0 3.0
AFR207	Black Women	Analysis and discussion of critical issues for Black women in America today	Prerequisites: None.	LEC 3.0 3.0 3.0
AGB130	Establishing and Running an Agribusiness	Basic principles used in establishing and running an Agribusiness. Emphasis on business requirements to maintain a business enterprise in Arizona	Prerequisites: None.	LEC 3.0 3.0 3.0
AGB132	Agribusiness and Management	Application of management principle skills in day-to-day operations for decision-making techniques base on collection, use and analysis of financial, employee, and customer data to determine and evaluate the daily operations of an agribusiness venture.	Prerequisites: None.	LEC 3.0 3.0 3.0

AGB139	Agribusiness Computer Operations	Agribusiness operations for solving, forecasting and projecting agribusiness problems, agribusiness communications, accounting systems and database use.	Prerequisites: None.	L+L 3.0 6.0 6.0
AGB140	Commercial Floral Design	Fundamentals of commercial floral design. Includes instruction and hands-on training in fresh, dried, and silk plants, flowers, and greens; materials; supplies; gift items; and industry conditions, standards, and trends. Covers design principles, identification, selection, care, maintenance, handling, and use of floral design material, ordering, pricing, recordkeeping, computer usage, and customer relations.	Prerequisites: None.	L+L 3.0 5.0 5.0
AGB142	Floriculture	Principles and species of floriculture. Includes instruction in cultural and production requirements of cut flowers and foliage. Covers general production information and basic plant physiology principles, propagation, production temperatures, plant nutrients, pest management, and greenhouse construction and operations.	Prerequisites: None.	L+L 3.0 5.0 5.0
AGB144	Agriculture Processing	Agricultural processing and the meat industry as a business enterprise. Carcass evaluation, grading, judging for cut ability and quality, cut identification, meat cutting, wrapping, freezing, and storing.	Prerequisites: None.	L+L 3.0 5.0 5.0
AGB229	Landscape Management and Leadership	Covers landscape and nursery management concepts and applications for business, industry, and government organizations	Prerequisites: None.	LEC 3.0 3.0 3.0

AGB231	Marketing of Agricultural Products	Principles of agricultural marketing including consumer demand, economic system fundamentals, functions and methods of marketing agricultural commodities, market planning, and promoting and selling in the agricultural domain.	Prerequisites: None.	LEC 3.0 3.0 3.0
AGB260	Youth Leadership Development	Characteristics of effective Career and Technical Student Organization (CTSO) officers, leadership styles and strategies for the management and organization of youth groups in agriculture. Includes instruction and hands-on training in speech/workshop development, budget and activity planning and the use of parliamentary procedure.	Prerequisites: None.	L+L 4.0 6.0 6.0
AGB261	Advanced Youth Leadership Development	Characteristics of effective Career and Technical Student Organization (CTSO) officers, leadership styles and strategies for the management and organization of youth groups in agriculture. Includes instruction and hands-on training in speech/workshop development, budget and activity planning and the use of parliamentary procedure.	Prerequisites: None.	L+L 4.0 6.0 6.0
AGB290	Internship	Supervised field training for Agribusiness students with local industry businesses.	Student shall be in final semester before graduation and permission of Department or Division.	LAB 3.0 6.0 6.0

AGB296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0
AGB296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 2.0 10.0 0.0

Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
AGL181	Landscape Construction Techniques	The methods used in site preparation, installation of edgings, construction of walks, patios and decks, installation of sprinkler systems, rock scapes and the planting of trees, shrubs, ground covers, and lawns.	Prerequisites: None.	L+L 3.0 6.0 6.0
AGL184	Landscape Drafting and Design I	Basic principles of landscape design, including drafting and design techniques commonly used in the field of landscaping. Emphasis on simple working drawings and detailed views, symbols, lettering, and drafting standards.	Prerequisites: None.	L+L 2.0 4.0 4.0
AGL188	Arizona Landscape Design	Designed for residential homeowner and beginning professional. Emphasis on plant material groupings and basic design principles. History of landscape use, special features of hardscapes, irrigation systems, and lawn-to- desert planting conversion techniques.	Prerequisites: None.	L+L 2.0 3.0 3.0

AGL189	Landscape Design I	Introduction to landscape design with an emphasis on residential and small scale projects. Application of design processes from inventory and analysis through design and development including program, measured base, study diagrams, rendered and colored plans, and sectional elevations. Architectural communication developed through hand sketch and hand drafting techniques with practice in client interview and design presentation.	Prerequisites: None.	L+L 3.0 6.0 6.0
AGL190	Landscape Design II	Advanced study of the principles, processes, and practice of Landscape Design, with an emphasis on residential and small scale design. Design problem-solving, use of landscape elements such as paving, fencing, small structures, low voltage lighting, plants, water and fire features. Construction documents will be produced including plans, estimates, details, and specifications. Regulatory agencies and other affective influences will be explained. Development of personal design philosophy and career exploration.	Prerequisites: A grade of C or better in AGL189 or permission of Instructor.	L+L 3.0 6.0 6.0
AGL269	Computer Aided Landscape Design	Using AutoCAD to create landscape design drawings and wire frames in Sketchup for elevations, sections and perspective sketches.	Prerequisites: A grade of C or better in (AGB139 or CAD100 or CAD101) and AGL189 or permission of Instructor.	L+L 3.0 6.0 6.0

AGL296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor. AGS164	Plant Growth and Development	Principles of growth in relation to seed germination, emergence, growth and reproduction processes of plants and the environmental influences on plant growth processes.	Prerequisites: None.	L+L 4.0 6.0 6.0
AGS165AA	Fall Sustainable Crop Production	Study of the importance of Fall-planted crops for food, feed, and fiber. Cultural practices for raising the major crops in the State of Arizona, including planting, environmental modifications, harvesting, handling and quality control with an emphasis on sustainability.	Prerequisites: A grade of C or better in AGS164 or permission of Instructor.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AGS165AB	Spring Sustainable Crop Production	Study of the importance of Spring- planted crops for food, feed, and fiber. Cultural practices for raising the major crops in the State of Arizona, including planting, environmental modifications, harvesting, handling and quality control with an emphasis on sustainability.	Prerequisites: A grade of C or better in AGS164 or permission of Instructor.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AGS166	Aquaponics	Establishment, care, and selection of facilities for commercial production of animals and plants in a water-based closed system.	Prerequisites: None.	L+L 3.0 5.0 5.0
AGS168	Grounds Equipment Management	Selection, use and maintenance of grounds equipment, including both manual and power equipment.	Prerequisites: None.	L+L 3.0 5.0 5.0

AGS170	Pesticides	Chemistry and classification of pesticides. Interpret the use of pesticide labels	Prerequisites: None.	LEC 0.5 0.5 0.5
AGS171	Insect Identification	Concepts of insect identification	Prerequisites: None.	LEC 0.5 0.5 0.5
AGS172	Household Pests	Problems associated with household pests	Prerequisites: None.	LEC 0.5 0.5 0.5
AGS173	Wood Destroying Pests	Problems associated with wood destroying pests	Prerequisites: None.	LEC 0.5 0.5 0.5
AGS174	Regulations: Federal and State	Federal and state pesticide regulations and guidelines for licensing pest control use	Prerequisites: None.	LEC 0.5 0.5 0.5
AGS175	Pesticide Safety and Use of Equipment	Federal and state pesticide safety regulations and use of equipment	Prerequisites: None.	LEC 0.5 0.5 0.5
AGS176	Environment and Toxicology of Pesticides	Environmental concepts, endangered species and toxicology associated with the use of pesticides	Prerequisites: None.	LEC 0.5 0.5 0.5
AGS177	Aquatic Pest Control	Aquatic ecosystems, pest organisms and their control	Prerequisites: None.	LEC 0.5 0.5 0.5
AGS178	General Pest Control	Arthropods and other pest organisms and their control	Prerequisites: None.	LEC 0.5 0.5 0.5
AGS179	Terrestrial Weed Control	Terrestrial weeds and their control	Prerequisites: None.	LEC 0.5 0.5 0.5
AGS182	Gardening Practices and Techniques	Cultural practices of vegetables, fruits and ornamental plants as they relate to organic and inorganic gardening	Prerequisites: None.	LEC 2.0 2.0 2.0
AGS182AA	Gardening Practices and Techniques	Cultural practices of vegetables, fruits and ornamental plants as they relate to organic and inorganic gardening	Prerequisites: None.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
AGS183	Urban Plant Identification and Use	Identification, growth, cultural requirements, uses, maintenance, and care of landscape trees, shrubs, vines and ground covers commonly used in Arizona	Prerequisites: None.	LEC 3.0 3.0 3.0
AGS183AA	Urban Plant Identification and Use: Trees	Emphasis on trees commonly used in cityscapes in the Southwest. Review of their origin, cultural requirements, uses, required maintenance, benefits and disadvantages. Identification, planting procedures, water and nutritional requirements are covered	Prerequisites: None.	LEC 1.0 1.0 1.0

AGS183AB	Urban Plant Identification and Use: Shrubs	Emphasis on shrubs commonly used in cityscapes in the Southwest. Review of their origin, cultural requirements, uses, required maintenance, benefits and disadvantages. Identification, planting procedures, water and nutritional requirements are covered	Prerequisites: None.	LEC 1.0 1.0 1.0
AGS183AC	Urban Plant Identification and Use: Vines, Flowers, Groundcovers	Emphasis on groundcovers, annuals, perennials and vines commonly used in cityscapes in the Southwest. Review of their origin, cultural requirements, uses, required maintenance, benefits and disadvantages. Identification, planting procedures, water and nutritional requirements covered	Prerequisites: None.	LEC 1.0 1.0 1.0
AGS186	Greenhouse Management and Construction	Principles and practices of greenhouse operation; control of environmental factors and cultural practices affecting the production of greenhouse crops	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AGS186AA	Greenhouse Management and Construction	Principles and practices of greenhouse operation; control of environmental factors and cultural practices affecting the production of greenhouse crops	Prerequisites: None.	LEC 3.0 3.0 3.0
AGS187	Indoor Foliage Plants	Environmental and nutritional requirements for foliage plants used for interior decoration. Includes identification, nomenclature and uses	Prerequisites: None.	LEC 3.0 3.0 3.0
AGS188	Arid Landscape Plants	Provides information on currently propagated Xerophytes available in southern Arizona. Shows how each can be applied to specific desert landscape situations. Considers identification, cultural requirements, and physical characteristics related to landscape design	Prerequisites: None.	LEC 3.0 6.0 5.1

AGS190	Arid Land Plants Identification and Use	Covers xerophytes common in southern Arizona and their applications to specific desert landscape situations. Identification, cultural requirements, and physical characteristics related to landscape design, including both mature plants and live containerized material	Prerequisites: None.	LEC 3.0 3.0 3.0
AGS192	Urban Plant Care	Establishment, care and preservation of ornamental trees, shrubs, vines, and ground cover plants used in landscape for human well-being and pleasure.	Prerequisites: None.	L+L 3.0 5.0 5.0
AGS192AA	Urban Plant Care: Site Analysis, Plant Selection and Requirements	Establishment of ornamental trees, shrubs, vines, and ground cover plants used in landscape for human well-being and pleasure	Prerequisites: None.	LEC 1.0 1.67 1.46
AGS192AB	Urban Plant Care: Maintenance of Urban Plants	Care of ornamental trees, shrubs, vines, and ground cover plants used in landscape for human well-being and pleasure	Prerequisites: None.	LEC 1.0 1.67 1.46
AGS192AC	Urban Plant Care: Diagnosing and Curing Plant Problems	Preservation of ornamental trees, shrubs, vines, and ground cover plants used in landscape for human well-being and pleasure	Prerequisites: None.	LEC 1.0 1.67 1.46
AGS255	Plant Tissue Culture	Plant tissue culture techniques for cloning, reproduction, and manufacturing including media mixing, cell growth and development, aseptic transfer, manipulation, observation, and documentation	Prerequisites: A grade of C or better in AGS164.	L+L 3.0 5.0 5.0
AGS260	Soils	Fundamental properties of the physical, chemical, and biological relation of soil to plant growth. Evaluation of the human impact on soil health.	Prerequisites: A grade of C or better in CHM130 or permission of Instructor.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
AGS261	Soil Fertility And Management	Relationship of soils, crops, and climatic factors to economic use of commercial fertilizer	Prerequisites: None.	LEC 3.0 3.0 3.0

AGS262	Irrigation Design, Installation, Operation, and Trouble Shooting	Design, installation, maintenance and troubleshooting of sprinklers, drip, and flood systems. Use of time clocks, pumps, filters, backflow devices, and other equipment to deliver water to the landscape. Types of water and their use in the landscape.	Prerequisites: None.	L+L 3.0 5.0 5.0
AGS264	Irrigation and Water Management	Irrigation and drainage problems relating to pumps, motors, pipe lines, ditches and wells in the Southwest. Installation of sprinkler, drip and subirrigation, time clock installation and repair. Land measurement and principles of land leveling	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AGS266	Urban Insect Control	The interrelationship of plant organisms, animals and environments with insects as affected by soils, temperature, water and agricultural chemicals	Prerequisites: None.	LEC 3.0 3.0 3.0
AGS267	Weeds and Plant Diseases of Arizona	Weed identification, relationship to competition, cultural practices, prevention and chemical usage for control. General outline of plant autonomy and physiology relating to chemical usage of selectivity. Diseases of plants, their life cycles, biological interrelationships, identification, and control.	Prerequisites: None.	L+L 3.0 5.0 5.0
AGS268	Integrated Pest Management in the Cultivated Environment	Identification and management of pests of the garden, farm and landscape in the arid west. Special emphasis is given to safe handling of pesticides.	Prerequisites: None.	L+L 4.0 6.0 6.0
AGS282AA	Service-Learning Experience in Agriculture	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
AGS282AB	Service-Learning Experience in Agriculture	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0
AGS282AC	Service-Learning Experience in Agriculture	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 3.0 3.0 0.0

AGS284	Lawn and Turf Care	Factors that affect the establishment and maintenance of turf grasses. Includes budgets, schedules and selection of equipment	Prerequisites: None.	LEC 3.0 3.0 3.0
AGS285	Propagation of Horticultural Plants	Principles and processes of propagation of crops using seed, budding, grafting, and cuttings in greenhouse structures and open ground	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AGS285AA	Propagation of Horticultural Plants Structures Media and Management	Design, maintenance and repair of greenhouse structures. Principles of plant propagation media and procedures. The processes involved in nursery management, including plant care, display, and marketing	Prerequisites: None.	LEC 1.0 0.7 0.7 LAB 0.0 1.0 1.0
AGS290	Internship	Supervised field training for Urban Horticulture students with local industry businesses	Student shall be in final semester before graduation and permission of Department or Division.	LAB 3.0 6.0 0.0
AGS296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0

AGS296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 2.0 10.0 0.0
AGS296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor. AHU245	Arabic Culture and Islam	A survey of Arab heritage in the Arab world (Middle East). Cultural and social institutions and their contribution to the development of the region and its heritage.	Prerequisites: None.	LEC 3.0 3.0 3.0

AIR101	Reservations and Sales Overview	Overview concepts of reservations and sales for airline booking agents. Includes guidelines on dealing with people with disabilities, reservations for cabin pets, and military fares. Introduction to fare displays and booking rules	Prerequisites: None.	LEC 2.0 2.0 2.0
AIR102	Reservations/Sales Training I	Basic orientation to Reservations/Sales Training. Includes overview of product knowledge, computer familiarization, the Passenger Name Record, sales, and fares	Prerequisites: None.	LEC 3.0 3.0 3.0
AIR103	Basic Reservations Procedures	Basic orientation to Reservation/Sales training. Includes product knowledge, computer system, seat assignment, and baggage restriction transit item classifications, automated check-in and passenger acceptance procedures	Prerequisites: None.	LEC 3.0 3.0 3.0
AIR104	Reservations/Sales Training II	Concepts and techniques of specialty faring, special sales tools, miscellaneous functions, and the Passenger Name Record	Prerequisites: A grade of C or better in AIR102.	LEC 3.0 3.0 3.0
AIR105	Automated Ticketing	Introduction to automated ticketing procedures. Payment procedures also included. Overview of baggage processes and checking in passengers	Prerequisites: A grade of C or better in AIR104.	LEC 3.0 3.0 3.0
AIR106	Reservations/Sales Training III	Expands on concepts and techniques of reservations/sales. Includes expanded miscellaneous functions and introduces advanced seat assignments, vacation packages, and ticketing	Prerequisites: A grade of C or better in AIR104.	LEC 3.0 3.0 3.0
AIR107	Reservations and Sales Customer Service	Customer service and communication skills for airline booking agents. Includes selling, listening, and appropriate language usage. Covers emergency communication procedures and retention skills.	Prerequisites: None.	L+L 3.0 4.0 4.0

AIR108	Reservations/Sales Training Practicum	Practical experience attending to passenger needs by answering "live" phone calls in a laboratory setting. Includes The Sales Effort, Mandatory Parts of a Call, Phone Etiquette, and Building the Passenger Name Record.	Prerequisites: A grade of C or better in AIR106.	LAB 3.0 9.0 9.0
AIR109	Dividend Miles Preferred	Overview of preferred program features and benefits. Includes database access, account actions, and screen usage in addition to procedures for reactivation and preservation of mileage. Also covers maintenance and helpdesk procedures.	Prerequisites: None.	L+L 2.0 3.0 3.0
AIR110	Advanced Reservations/Sales Training	Emphasis on attending to passenger needs by answering "live" phone calls in a laboratory setting. Includes sales, mandatory parts of a call, phone etiquette, and information retrieval.	Prerequisites: A grade of C or better in AIR102.	L+L 2.0 4.0 4.0
AIR112	Airline Ticketing Procedures	Overview of ticketing procedures. Fares, payment options, passenger name record, and sales covered. Automated and basic ticketing as well as hazardous material transport restrictions emphasized	Prerequisites: A grade of C or better in AIR103.	LEC 3.0 3.0 3.0
AIR113	Automated Ticketing and Check-In	Introduction to automated ticketing and check-in options and procedures including entries, fares, opening a flight, assigning seats or changing seat assignments on the computer, processing standbys, and closing the flight	Prerequisites: A grade of C or better in AIR102.	LEC 3.0 3.0 3.0
AIR115	Ticketing/Passenger Services	Basic orientation to ticketing and passenger services. Includes procedures for accepting passengers, baggage services, common hazardous materials encountered, and basic ticketing procedures	Prerequisites: A grade of C or better in AIR113.	LEC 3.0 3.0 3.0

AIR116	Airline Gate Procedures	Airline gate service operation information. Opening a flight, assigning and changing seats, processing standbys, and closing a flight emphasized. Processing oversold flights and irregular operations also covered	Prerequisites: A grade of C or better in AIR103.	LEC 3.0 3.0 3.0
AIR118	Emergency Medical Procedures	Overview of emergency medical procedures. Includes basic first aid, advanced first aid, choking victim procedure, cardiopulmonary resuscitation, and operation of Automated External Defibrillators (AED).	Prerequisites: None.	LEC 2.0 2.0 2.0
AIR120	Airbus A319/320 Initial Training	Initial inflight training of the Airbus A319/320. Includes Airbus A319/320 aircraft familiarization, duties and procedures, and security training.	Prerequisites: A grade of C or better in AIR118.	LEC 3.0 3.0 3.0
AIR121	Airline Cargo Services	Overview of airline cargo service procedures for the airline cargo agent. Includes Cargo Name Records (CNRs), cargo security, air waybills, shipments, and cargo allocation. Airline cargo computer system usage emphasized.	Prerequisites: None.	L+L 2.0 3.0 3.0
AIR122	Airbus A319/320 Emergency Procedures	Overview of emergency procedures aboard the Airbus A319/320 Aircraft. Includes Airbus A319/320 general emergency procedures, specific emergency procedures, evacuation procedures, and protective breathing equipment.	Prerequisites: A grade of C or better in AIR120.	LEC 2.0 2.0 2.0
AIR123	Baggage Service Agent	Overview of the role and responsibilities of a baggage service agent. Covers procedures for delayed and damaged baggage, as well as customer concerns. Emphasis on working with a computerized baggage trace system.	Prerequisites: None.	LEC 1.0 1.0 1.0
AIR124	Boeing 757 Transition Training	Inflight transition training of the Boeing 757. Includes Boeing 757 aircraft familiarization, duties and procedures, and emergency procedures	Prerequisites: A grade of C or better in AIR122.	LEC 2.0 2.0 2.0

AIR125	Boeing 737 Transition Training	Inflight transition training of the Boeing 737 for new hires. Instruction includes Boeing 737 aircraft familiarization, general operations, and aircraft specific emergency equipment/procedures.	Prerequisites: A grade of C or better in AIR122.	LEC 1.0 1.0 1.0
AIR127	Airline Customer Relations I	Overview of airline customer relations and the passenger name record. Includes policies and procedures as well as reservations, routing, coding, and travel awards.	Prerequisites: None.	LEC 3.0 3.0 3.0
AIR128	Airline Customer Relations II	Advanced airline customer relations. Communication skills for effective customer service, as well as, techniques to assist with customer checklist, travel vouchers, and service requests. Airline ticketing systems and flight operations included.	Prerequisites: A grade of C or better in AIR127.	L+L 3.0 4.0 4.0
AIR129	Airline Customer Relations Lab	Application of airline customer relations procedures. Use of airline computer systems emphasized. Includes customer service and the processing of tickets, coding, reservations, files, and vouchers.	Prerequisites: A grade of C or better in AIR128.	LAB 2.0 6.0 6.0
AIR130	Vacation Travel Product Knowledge	Vacation travel product knowledge for Tour Sales Representatives. Includes overview of vacation travel product knowledge, vacation travel packages, product polices, and travel destinations.	Prerequisites: None. Corequisites: AIR132, AIR134 and AIR136.	L+L 3.0 5.0 5.0
AIR131	Ramp Team Lead	Overview of ramp team lead position for airline employees. Covers safety and emergency procedures, gate management, and computer procedures. Includes central load planning, aircraft structural and performance limits as well as Dispatch Ramp History (DRH).	Prerequisites: None.	L+L 1.0 1.0 1.0
AIR132	Tour Sales Computer Systems	Overview of computer systems for Tour Sales Representatives. Includes computer familiarization, Direct Reference System (DRS), and Tour Record Locator (TRL).	Prerequisites: None. Corequisites: AIR130, AIR134 and AIR136.	L+L 2.0 4.0 4.0

AIR134	Tour Sales Techniques	Sales techniques for Tour Sales Representatives. Emphasis on sales techniques for vacation tour packages.	Prerequisites: None. Corequisites: AIR130, AIR132 and AIR136.	L+L 2.0 4.0 4.0
AIR136	Vacation Travel Booking Procedures	Vacation Travel Booking Procedures for Tour Sales Representatives. Includes computer system screens, and procedures for building a complete vacation tour package.	Prerequisites: None. Corequisites: AIR130, AIR132 and AIR134.	L+L 4.0 6.0 6.0
AIR140	Ramp Safety Procedures	Basic ramp safety procedures for airline employees. Topics include ramp environment, engine safety, equipment malfunctions, vehicle operations and Foreign Object Damage (FOD) control. Procedures for arrival, turnaround and departure conditions and hazards covered. Hand signals and other non-verbal communications as well as back injury prevention and hearing conservation techniques included	Prerequisites: Permission of Department or Division.	LEC 2.0 2.0 2.0
AIR142	Aircraft Dynamics	Overview of ground procedures for airline employees. Covers aircraft familiarization, engine safety, ramp servicing and baggage handling as well as prearrival, arrival, predeparture and departure procedures. Rules for handling air cargo, human remains and U.S. Mail included	Prerequisites: Permission of Department or Division.	LEC 3.0 3.0 3.0
AIR146	Aircraft Load Planning	Overview of aircraft load planning operations. Topics include weight and balance, preplanning, load planning, as well as load planning coordinator responsibilities. Computer usage also included	Prerequisites: None.	LEC 1.0 1.0 1.0
AIR150	Introduction to International Sales	International booking agent responsibilities. Includes geographical indicators and international carriers as well as cultural overview of Mexico and Canada	Prerequisites: Permission of Department or Division.	LEC 1.0 1.0 1.0

AIR151	International Reservations and Sales	Overview of international airline reservations and sales. Includes baggage regulations, international fares, and stored fare data. Covers frequent flyer club enrollment procedures.	Prerequisites: None.	L+L 3.0 4.0 4.0
AIR152	International Operations and Programs	Overview of international operations and programs for airline booking agents. Includes ground operations, check-in procedures, international baggage charges as well as international fares for children and conditions for unaccompanied children. Rules and restrictions of various international travel programs also covered.	Prerequisites: Permission of Department or Division.	L+L 4.0 6.0 6.0
AIR154	International Reservations and Fares	International fares, global pricing and international taxation rules. Also includes procedures for creating the passenger name record, stored fare data, and prepaids for international travel	Prerequisites: Permission of Department or Division.	LEC 4.0 4.0 4.0
AIR160	Reservation/Booking Procedures	Overview of reservation/booking procedures. Includes use of availability displays, seating assignments, ticketing procedures and fare rules as well as fare pricing and selling. Communication skills also covered	Prerequisites: None.	LEC 3.0 3.0 3.0
AIR161	Airline Reservations System	Practical application of a travel booking procedures using a computerized reservations system. Covers codes, Passenger Name Record, ticketing and reservations.	Prerequisites: A grade of C or better in AIR160 or Corequisites: AIR160 or permission of Instructor.	L+L 2.0 3.0 3.0
AIR163	Advanced Airline Reservations	Rules, restrictions, and procedures for handling special reservations situations. Covers Bonus Travel Certificates (BTC), Virtual Coupon Records (VCR), and the Special Travel Account Record System (STARS). Also includes procedures for managing codeshare accounts and mileage plans.	Prerequisites: A grade of C or better in AIR160 or Corequisites: AIR160 or permission of Instructor.	L+L 2.0 3.0 3.0

AIR164	Airline Ticket Reissues	Rules, restrictions, and procedures for completing reissues. Includes voluntary and automated reissues as well as fare calculation. Also covers collections and verification processes.	Prerequisites: None.	LEC 3.0 3.0 3.0
AIR165	Overview of Flight Schedules/Itineraries	Basic reservation information including flight schedules, itineraries, and fares. Handling travel agent calls also covered	Prerequisites: None.	LEC 3.0 3.0 3.0
AIR169	Basic International Travel	Overview of basic international travel. Includes rules, regulations, documentation requirements, and taxes	Prerequisites: None.	LEC 1.0 1.0 1.0
AIR170	International Air Transport Association Geography	Overview of world geography according to the International Air Transport Association (IATA). Includes world traffic area divisions, sub areas and office responsibilities. Also covers atlas reading including location of countries, major cities and grids in addition to use of city codes.	Prerequisites: None.	LEC 1.0 1.0 1.0
AIR171	International Air Transport	International air reservations procedures. Includes Passenger Name Record (PNR) creation and modification as well as use of availability displays and international itineraries. Covers preferred programs and partnerships.	Prerequisites: None.	LEC 3.0 3.0 3.0
AIR172	International Fares	Overview of international fares. Includes fare basis codes, combinability and construction. Also covers transpacific routing and electronic tickets as well as procedures for completing international reissues.	Prerequisites: None.	LEC 1.0 1.0 1.0
AIR173	International Air Transport Lab	Practical application of international air reservations procedures. Includes Passenger Name Record (PNR) creation and modification as well as use of availability displays and international itineraries.	Prerequisites: None.	LAB 2.0 6.0 6.0

AIR190	Ground Security Coordinator	Overview of airline security procedures. Includes responsibilities of security screeners and supervisors. Also covers procedures to conduct passenger, baggage and cargo security screening, requirements for security notifications, and contacting law enforcement officials. Procedures for various security concerns including bomb threats and hijacking as well as screening technologies for detecting and tracing explosives included	Prerequisites: None.	LEC 2.0 2.0 2.0
AIR191	Airline Customer Complaint Resolution	Knowledge on the Air Carrier Access Act (ACAA) for airline complaint resolution agents. Covers mission and purpose of the ACAA, as well as in-depth information on Part 382 of the Act. Examines the complaint resolution process and strategies to communicate with people with disabilities	Prerequisites: Permission of Department or Division.	LEC 0.5 0.5 0.5
AIS101	Survey of American Indian Issues	Introduction to critical issues related to American Indian peoples. Examines cultural, political, economic, educational, social, and environmental issues. Focuses on contemporary issues and factors influencing American Indian communities.	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS103	Introduction to Indigenous Cultures	Introduction to political, economic and social structures of indigenous peoples. Examines the impact on indigenous peoples of contact with non-indigenous cultures.	Prerequisites: None.	LEC 1.0 1.0 1.0
AIS105	Introduction to American Indian Studies	Introduction to political, economic, and social structures of American Indian Nations. Provides overview of American Indian tribal cultures prior to contact, the impact of European contact, and the influence of western social systems on tribal nations.	Prerequisites: None.	LEC 3.0 3.0 3.0

AIS110	Navajo Government	Addresses and examines major historical developments of the Navajo People with a focus on government, law, society, livelihood, tradition, and culture. Includes the major components and operation of Navajo government and related tribal laws, such as Title II and Title VII of the Navajo Nation Code, as well as the significance of the Treaty of 1868. Federal Indian policies and their impact on Navajo society and government, the importance of federal and tribal citizenship and related federal and tribal laws, and the role of the Navajo clanship system and other relevant cultural concepts addressed	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS112	American Indian Policy	Reviews United States government policies and their impact on American Indian sovereignty. Examines historic, legal, economic, and social issues regarding Indian policies and how they impact Indian Nations and individual Indians. Studies historical as well as contemporary policies created by the Federal Government that define the trust relationship between the United States government and Indian Nations	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS113	Proposal Writing	Provides an overview of funding sources for grants. Reviews techniques and skills necessary to develop successful proposals. Focuses on the design and writing of a complete grant proposal related to a selected problem or issue.	Prerequisites: A grade of C or better in ENG101 or ENG107.	LEC 3.0 3.0 3.0

AIS140	American Indian History	Survey of American Indian history with emphasis on the last 200 years including developments in the 20th century. Focuses on selected groups such as the Cherokee, Iroquois Confederation, Navajo, Sioux and Indians of the Southwest in relation to cultural, economic, political and social continuity and changes. Topics include development and influence of federal policies, past and present issues confronting Native Americans and how Native American individuals and communities maintain their identities as they confront social changes	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS141	Sovereign Indian Nations	Explores the sovereign status of American Indians as it relates to social relationships, traditions, and culture of American Indians. Reviews historic relations with non-Indian societies, the development of federal Indian law, tribal governments and their functions. Examines treaty rights, environmental issues, public policy, economic development, other current issues, and contemporary social problems	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS160	American Indian Law	Analyzes the legal system of the United States Government as it applies to American Indian Nations. Examines how United States legal institutions have impacted Indian sovereignty. Units of analysis include the development of Indian law, United States Supreme Court decisions, Congressional Acts, treaty rights and the development of tribal governments. Focuses on legal institutions that have abridged the property rights of Indian Nations.	Prerequisites: None.	LEC 3.0 3.0 3.0

AIS170	American Indian History of the Southwest	Covers history of Indian peoples in the southwestern United States from pre-Columbian era to the present. Includes historical events, the development and implementation of Spanish-Mexican and United States' policies and their impact on Indian peoples in these areas, and current issues of importance to Indian peoples	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS201	Indigenous Nation Building	Discussion of the relationship between general management issues and their specific application to tribal government situations. Special consideration given to application of management theory and to the unique status and situation of tribal governments.	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS203	Fundamentals of Economic Development for Indigenous Nations	Provides a practical understanding of the economic development process. Examines ways in which development can be initiated and financed. Focuses on how budget systems can be used as management tools. Reviews fundamentals of proposal writing and budget management for grants.	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS213	American Indian Religions	An examination of the historical and cultural background of diverse lifeways and worldviews belonging to the peoples indigenous to the North American continent over time, including a study of modern day American Indian beliefs and practices.	Prerequisites: A grade of C or better in ENG101, or ENG107, or equivalent.	LEC 3.0 3.0 3.0
AIS282AA	Volunteerism for Indigenous Studies	Service-learning field experience within private/public agencies, educational institutions, and citizen volunteer groups.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
AIS282AB	Volunteerism for Indigenous Studies	Service-learning field experience within private/public agencies, educational institutions, and citizen volunteer groups.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0

AIS296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student's academic or career goals (student's present job may qualify); or permission of instructor. Corequisites: Must be concurrently enrolled in at least one class which is related to student's major or career interest or with permission of the Instructor.	LAB 1.0 5.0 0.0
AIS296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student's academic or career goals (student's present job may qualify); or permission of instructor. Corequisites: Must be concurrently enrolled in at least one class which is related to student's major or career interest or with permission of the Instructor.	LAB 2.0 10.0 0.0
AIS296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student's academic or career goals (student's present job may qualify); or permission of instructor. Corequisites: Must be concurrently enrolled in at least one class which is related to student's major or career interest or with permission of the Instructor.	LAB 3.0 15.0 0.0

AIS296WD	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student's academic or career goals (student's present job may qualify); or permission of instructor. AIS298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
AIT100	Industrial Safety	Safety requirements for all National Institute for Metalworking Skills (NIMS) duty areas.	Prerequisites: None.	LEC 1.0 1.0 1.0
AIT105	Maintenance Operations	Overview of the area of maintenance operations of a manufacturing facility. Preparation to sit for the NIMS Duty Area 1: Maintenance Operations Certification Exam.	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT110	Mechanical Systems	Overview of the area of basic mechanical systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 2: Basic Mechanical Systems Certification Exam.	Prerequisite: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT115	Hydraulic Systems	Overview of the NIMS areas of hydraulic systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 3: Basic Hydraulic Systems Certification Exam.	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT120	Pneumatic Systems	Overview of the NIMS areas of pneumatic systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 4: Pneumatic Systems Certification Exam.	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0

AIT123	Electrical Wiring J-STD Soldering Certification	This course will prepare the successful student to receive the "Certified IPC Specialist" (CIS) certification from The Institute for Interconnecting and Packaging Electronic Circuits (IPC) in "Requirements for Soldered Electrical and Electronic Assemblies" (IPC J-STD-001). Topics covered and skills to be demonstrated are: soldered wires and terminals, through hole connections, surface mount components, and inspection. Certification is verified by a certified IPC trainer (CIT).	Prerequisites: Permission of Instructor.	L+L 3.0 4.0 4.0
AIT125	Electrical Systems 1	Overview of the area of electrical systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 5: Electrical Systems Certification Exam.	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT128	A-620 Cable and Wire Harness Assembly Certification	This course will prepare the successful student to receive the "Certified IPC Specialist" (CIS) certification from The Institute for Interconnecting and Packaging Electronic Circuits (IPC)/Wire Harness Manufacturer's Association (WHMA) in "Requirements and Acceptance for Cable and Wire Harness Assemblies" (IPC/WHMA-A-620 Certification). Topics covered and skills to be demonstrated are: soldered terminations, crimp terminations, insulation displacement terminations (IDC), splices, connectorization, marking/labeling, coaxial cable assemblies, electrical shielding, wire marking and labeling, and testing methodologies. Certification is verified by a certified IPC trainer (CIT).	Prerequisites: None.	L+L 3.0 4.0 4.0
AIT130	Maintenance Piping	Overview of the area of maintenance of piping systems for manufacturing or industrial facilities. Preparation to sit for the NIMS Duty Area 9: Maintenance Piping Certification Exam.	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0

AIT205	Electronic Control Systems 1	Overview of the area of Electronic Control Systems 1 of a manufacturing or industrial facility. Preparation to sit for the NIMS Duty Area 6: Electronic Control Systems Certification Exam.	Prerequisites: A grade of C or better in AIT125, or permission of Instructor.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT210	Electronic Control Systems 2	Overview of the area of Electronic Control Systems 2 of a manufacturing and industrial facility. Preparation to sit for the NIMS Duty Area 6: Electronic Control Systems Certification Exam.	Prerequisites: A grade of C or better in AIT205, or permission of Instructor or Corequisites: AIT205.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT215	Process Control Systems	Overview of the area of Process Control Systems of a manufacturing or industrial facility. Preparation to sit for the NIMS Duty Area 7: Process Control Systems Certification Exam.	Prerequisites: A grade of C or better in AIT125, or permission of Instructor.	LEC 4.0 2.0 2.0 LAB 0.0 4.0 4.0
AIT225	Electrical Systems 2	Overview of the area of electrical systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 5: Electrical Systems Certification Exam.	Prerequisites: A grade of C or better in AIT125, or permission of Instructor.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT250	Automated Industrial Technology Capstone	An examination of the integration of mechanical, hydraulic, pneumatic, electrical, piping, electronic control, and process control systems. Experience in designing, building, maintaining, troubleshooting, and repairing such integrated systems will be gained.	Prerequisites: A grade of C or better in AIT225, or permission of Instructor or Corequisites: AIT225.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT270	Robotics I	Fundamental principles of working safely with robots, and applications and trends in industrial robotics. Includes types of robots, axes and coordinate systems, programming and operating robots. Incorporates end effectors and collaborative robots.	Prerequisites: A grade of C or better in AIT100 and AIT105.	LEC 3.0 2.0 2.0 LAB 0.0 2.0 2.0
AIT275	Robotics II	Intermediate principles of working safely with robots; robot auxiliary, subsystems, and components. Includes robot maintenance, troubleshooting and repair. Integrates a basic robot design project.	Prerequisites: A grade of C or better in AIT270.	LEC 3.0 2.0 2.0 LAB 0.0 2.0 2.0

AIT276	Robotics Operations and Programming	This course is intended for an operator, technician, or programmer who must setup, record and/or troubleshoot programs on a Handling Tool software package. The course covers the Robot Operations intermixed with the tasks required to set up the Handling Tool application, test run, and refine the program and production setup.	Prerequisites: A grade of C or better in (ATP190, ATP201, and ATP205) or permission of Instructor.	L+L 3.0 6.0 6.0
AIT291	Automated Industrial Technology Internship	Supervised work experience in production environments. Includes experiences in maintenance, troubleshooting, repair of production environment and specific manufacturing processes. Also includes experiences in problem solving; working as a team; soft skills; time and resource management; and exposure to specific manufacturing processes.	Prerequisites: A grade of C or better in AIT225, or permission of Instructor or Corequisites: AIT225.	LAB 3.0 6.0 0.0
AJS100	Police Academy Preparation	Preparation for individuals entering a police academy as well for those who are in the beginning stages of preparing for a career in law enforcement. Includes principles of policing and job responsibilities. Covers expectations of recruits in the areas of academics, physical fitness, mental and emotional preparation. Emphasis on professional and ethical behavior.	Prerequisites: None.	LEC 2.0 2.0 2.0
AJS101	Introduction to Criminal Justice	An introduction to crime and society's responses to it. Examines the nature and causes of crime, the criminal law, constitutional safeguards, and the organization and operation of the criminal justice system including the police, courts, jails, prisons, probation and parole departments, and community corrections agencies. Covers the history of the criminal justice system, terminology and career opportunities.	Prerequisites: None.	LEC 3.0 3.0 3.0

AJS107	Patrol Procedures	Specialized areas of the patrol function, including responding to crowds, riots, bomb threats, intoxication, hazardous materials, fires, and domestic disputes. Partially fulfills Arizona POST (Peace Officer Standards and Training) requirements for proficiency skills academy attendance	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS109	Substantive Criminal Law	Covers philosophy of legal sanctions and historical development from the common law to modern American criminal law, classifications of crimes, elements of and parties to crimes, general definition of crimes, common defenses utilized. Includes specific offenses and the essential elements of each offense.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS110	Law and Legal Review I	In-depth study of the Arizona laws governing arrest by peace officers, as well as, an intensive study of the Arizona substantive criminal law code (ARS Title 13). Focuses on specific sections of ARS Title 4 and ARS Title 8, as they apply to peace officers in Arizona. Partially fulfills the Arizona POST (Peace Officer Standard and Training) Board requirements for Proficiency Skills Academy attendance	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS111	Law and Legal Review II	Study of Arizona laws governing search and seizure, rules of evidence, juvenile laws and procedures, and constitutional law pertaining to law enforcement officers. Course partially fulfills the Arizona POST (Peace Officer Standard and Training) Board requirement for Proficiency Skills Academy attendance	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS112	Wellness for Law Enforcement Officers	The value of physical fitness in law enforcement and the basic elements of strength training, aerobic conditioning, flexibility, nutrition, and back injury prevention	Prerequisites: None.	L+L 3.0 3.0 3.0

AJS113	Criminal Justice Crime Control Policies and Practices	Focus on changing the distribution of crime opportunities rather than offender motivation. Topics include application of situational crime prevention strategies, problem-oriented crime control approaches, hot spots policing, defensible space, and crime prevention through defensible space.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS115	Community Emergency Response Team (CERT): Level I	Basic skills, including instruction in teamwork and disaster simulations, needed to help oneself, family, and neighbors in the event of a community disaster in accordance with the Federal Emergency Management Agency (FEMA) guidelines.	Prerequisites: None.	LEC 1.5 1.5 1.5
AJS116	Crime Prevention	Examines the principles and skills associated with crime prevention. Analyzes the appropriate techniques and strategies police agencies use to operate crime prevention programs.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS119	Computer Applications in Justice Studies	Provides literacy in microcomputer applications in major areas of the criminal justice system. Examines availability and uses of current software packages in criminal justice work. Provides hands-on experience with appropriate integrated software packages pertaining to justice studies.	Prerequisites: None.	L+L 3.0 4.0 4.0
AJS123	Ethics and the Administration of Justice	Introduces and explores ethical issues and the justice system. Focuses on ethics and the law, the police, courts and corrections. Reviews ethical theory, concepts and practices as they relate to administration of justice. Explores issues of how media/social media shape ethics. Encourages critical thinking and value decision making in criminal justice system situations.	Prerequisites: None.	LEC 3.0 3.0 3.0

AJS124	Correctional Institutions	An examination of correctional institutions with an emphasis on personnel and security measures, care and treatment programs and institutional planning. The criminal justice system and matters of custody and treatment. Inmate subcultures, and organized crime in correctional institutions and jails	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS131	Police Management Techniques I	Police supervisory techniques for planning, organization, coordination, reporting, budgeting and handling related personnel problems	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS132	Police Management Techniques II	Management of police personnel including selections procedures, disciplinary practices, public relations, elements of supervision, service ratings, recruiting and probation, and related personnel problems	Prerequisites: A grade of C or better in AJS131 or permission of Instructor.	LEC 3.0 3.0 3.0
AJS137	Public Safety Dispatcher: Basic	Designed to provide in-depth orientation and standardized training of public safety dispatchers within the law enforcement community and familiarize the student with the skills and information important to functioning in a competent, ethical, and professional manner.	Prerequisites: None.	LEC 5.0 5.0 5.0
AJS139	Emergency Response to Terrorism	Fundamentals of emergency response to suspected terrorist events. Historical perspective of terrorist activities and methods by which responders can identify and protect themselves and the public from these threats. Coordination of responding agencies.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS140AA	Patrol Rifle Concepts	Pre-law enforcement employment course relating to how rifles are used in the patrol function	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS140AB	Precision Rifle Concepts	Pre-law enforcement employment class relating to how precision rifles are used in the law enforcement function	Prerequisites: None.	LEC 1.0 1.0 1.0

AJS142	Transportation and Border Security	<p>Basic overview of modern border and transportation security challenges, as well as different methods employed to address these challenges. Historical timeline to present time for transportation-related terrorist threats. Topics associated with border security and security for transportation infrastructure. National and international acts of terrorism, detection of threats to various transportation systems. Interdependency between various agencies to protect borders. Explanation of functions of agencies in border security, as well as effective strategies for agencies to use. Knowledge level understanding of the variety of challenges inherent in transportation and border security.</p>	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS143	Intelligence Analysis and Security Management	<p>Basic overview of modern intelligence gathering and analysis pertinent to homeland security and other threats facing government and private sectors. Historical timeline to present time of United States (US) intelligence gathering techniques and agencies. Different agencies tasked with intelligence gathering, and their assigned roles in the government process. Composition of intelligence units as well as the relationship between different agencies and their specialties. Ways in which intelligence is shared to brief policy makers and threats to national security are identified in a timely manner. Techniques and management, as well as the political process and oversight of the intelligence community. Successes and failures of intelligence agencies in modern United States history.</p>	Prerequisites: None.	LEC 3.0 3.0 3.0

AJS145	Criminal Justice System Experiences	Examines the purpose, organization, operation, and employment opportunities of various criminal justice agencies including police departments, crime labs, morgues, courts, juvenile detention facilities, jails, prisons, parole boards, and halfway houses. Includes tours of a variety of criminal justice facilities	Prerequisites: None.	L+L 3.0 3.0 3.0
AJS147	Emergency Preparedness	Emergency preparedness related to natural and manmade disasters. Planning concepts and the planning process; awareness and education programs and strategies for the general community as well as business and industries.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS148	Fundamentals of Emergency Management	Emergency management systems including career opportunities, function, tasks and responsibilities of the emergency management program manager, role of the emergency manager in mitigation, preparedness, response, and recovery. Past civil defense and current emergency management systems since evolution from World War II.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS149	Hazard Mitigation	Knowledge and skills required to develop programs to reduce losses from future disasters, emergencies, and other extreme events caused by natural and man-made hazards.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS150	Defensive Tactics	Skills in the protection against persons armed with dangerous and deadly weapons, demonstration and drill in a limited number of holds and come-alongs, and restraint of prisoners and the mentally ill.	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS151	Firearms I	Moral aspects, legal provisions, safety precautions and restrictions covering the use of firearms, and the firing of sidearms.	Prerequisites: None.	L+L 1.0 1.0 1.0

AJS151AA	Arizona Concealed Weapon Permit	A course meeting the requirements of the State of Arizona for issuance of a concealed weapon permit, including the responsibilities of the firearm owner regarding safety, legal aspects of using force and a demonstration of proficiency	Must be legally able to possess a firearm.	L+L 0.5 0.5 0.5
AJS152	First Aid	Methods for providing emergency medical care to victims of accidents or illness and related safeguards. Includes legal and civil issues, basic functions and major organs of the human body, injury management, resuscitation, movement and extrication of victims	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS153	Firearms II/Handguns	Advanced familiarization with handguns. Variations of basic shooting stance. Legal and moral repercussions of self-defense. Includes range practice.	Prerequisites: A grade of C or better in AJS151 or equivalent certified firearms training as reviewed by the Department.	L+L 1.0 1.0 1.0
AJS154	Firearms III/Long Weapons	Familiarization with different types of long weapons and associated ammunition. Emphasis on safety techniques for use and storage of weapons. Limited use of range for practice	Prerequisites: None.	L+L 1.0 1.0 1.0
AJS155	Concealed Weapons Carry	Training in safe handling and use of handguns. Examines legal provisions related to carrying a concealed weapon; legal and moral implications of self-defense	Prerequisites: None.	L+L 2.0 2.0 2.0
AJS156	Home and Vehicle Personal Defense	Development of personal safety plans, confrontation avoidance, and effective self-defense tactics. Legal and safe use of firearms. Includes range practice	Prerequisites: A grade of C or better in AJS151 or permission of Instructor.	L+L 1.0 1.0 1.0
AJS157	Basic Handgun	Development of the basic knowledge and skills of handgun for self defense.	Prerequisites: A grade of C or better in AJS155 or permission of Instructor.	L+L 2.0 2.0 2.0
AJS158	Concealed Weapon Recertification	Legal provisions, safety precautions and restrictions covering the use of firearms, and the firing of sidearms	Prerequisites: A grade of C or better in AJS151 or AJS155.	L+L 0.25 0.25 0.25

AJS162	Domestic Violence	Explores domestic violence as a social problem within the United States from historical, cultural, political, legal, and law enforcement perspectives. Provides an overview of theories, definitions and causes of, and interventions for domestic violence involving spousal, elder and child abuse along with teen dating violence. Examines the dynamics and effects of domestic violence. Addresses research issues and contemporary domestic violence policy	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS163	Documentation, Collection and Preservation of Track Evidence	Covers proper methods and techniques of locating, documenting, collecting and preserving footwear/tire tread impression evidence and courtroom presentation and defense of such evidence. Discussion of the history of track evidence, digital imaging resolution and other advanced photographic techniques, evidence enhancement and the interpretation of the relationship between the crime scene and evidence location. Numerous practical exercises utilized and implemented to emphasize and critique the skills of the students to properly perform this level of training in footwear and tire track science.	Prerequisites: None.	LEC 2.5 2.5 2.5

AJS164	Examination and Comparison of Footwear Evidence	Overview of the proper methods and techniques in the examination, comparison, and interpretation of footwear evidence. Presentation of history of footwear evidence, footwear construction, foot anatomy, individualizing characteristics of footwear evidence, mold numbering and advanced photographic manipulation of footwear evidence. Discusses proper techniques and methodologies in the examination, interpretation and comparison process. Practical exercises utilized to teach and critique skills of students.	Prerequisites: A grade of C or better in AJS163.	LEC 2.5 2.5 2.5
AJS165	Examination and Comparison of Tire Track Evidence	Overview of proper methods and techniques used in examination, comparison and interpretation of tire track evidence. Discussions of history of tire track evidence, tire manufacturing, terminology, symbols, numbers, tread design and other identifying characteristics. Differences in tire designs and individualizing characteristics, examination and photographic documentation, and enhancement techniques . Practical exercises utilized to teach and critique the skills of the students.	Prerequisites: A grade of C or better in AJS163.	LEC 2.5 2.5 2.5
AJS170	Fire and Arson Investigation for Law Enforcement	An examination of fire and arson investigative techniques along with the motives and pathology of the arsonist and the chemistry of fire. Other topics include documenting the scene, evidence, eliminating accidental causes and surveillance.	Prerequisites: None.	LEC 3.0 3.0 3.0

AJS180	Allied Forensic Science Disciplines	Survey of disciplines that supplement the specialty of forensic science through the examination and interpretation of special types of forensic evidence. Disciplines surveyed include forensic odontology, entomology, archaeology, pathology, biology, engineering, anthropology, psychology/psychiatry, nursing, computing and accounting. Educational requirements and employment prospects for each discipline also explored.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS190	Sex Crimes and Non-Conventional Sexual Behaviors	Examines evolving sexual mores and acts in the United States. Studies processes and procedures involved in labeling sex or sex-related acts as criminal and/or non-conventional. Explores impact of sex crimes on victims and responses by the criminal justice system	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS191	Hate Crimes	Explores the causes, incidence rates and forms of hate crimes in the United States and other countries. Studies hate crime laws and the Constitution. Examines the impact of hate crimes on society, culture and the law. Considers societal responses to combat and prevent hate crimes	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS192	Serial Killers and Mass Murderers	The study of serial killers, mass murderers and their victims. Examines the history and frequency of these crimes, profiles the killers and their victims, explores theories of causation, and discusses the problems and techniques of investigation, prosecution, punishment, and prevention	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS195	International and Domestic Terrorism	An overview of the history, structure, goals, and activities of domestic and international terrorist groups. Explores theories explaining terrorism and reviews methods used to combat it	Prerequisites: None.	LEC 3.0 3.0 3.0

AJS198AB	Special Topics in the Administration of Justice	Explores special topics related to the administration of justice with an emphasis on current issues	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS198AF	Special Topics in the Administration of Justice	Explores special topics related to the administration of justice with an emphasis on current issues	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS200	Current Issues in Criminal Justice	Examines current issues, techniques and trends in the Criminal Justice System.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS201	Rules of Evidence	A practical insight into the rules of evidence to include how to recognize evidence: the general rules governing admissibility of evidence; the hearsay rule and its exceptions; the use of documentary evidence, written memoranda, photographs, recordings and electronic surveillance; corpus delicti; opinion evidence, circumstantial evidence, evidential privileges.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS205	Effective Communication and Report Writing in Criminal Justice	Overview of effective communication for criminal justice agencies. Covers the communication process and flow. Written communication emphasized with report writing, including characteristics of reports and field notes, and the importance and uses of each. Form, style, and procedures for writing various reports, including elements of composition, required substance, proper and improper conclusions, and descriptions of persons and property.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS210	Constitutional Law	An examination of the U.S. Constitution as it relates to the law enforcement function. Includes statutory law and judicial decisions governing the areas of arrest, search and seizure, interrogations and confessions, self-incrimination and other constitutional guarantees. Required in AJS curriculum	Prerequisites: None.	LEC 3.0 3.0 3.0

AJS211	Police Planning	An analysis of the process of planning, and a descriptive study of logical and systematic approaches to strategic, short-range, operational, organizational and tactical planning within a law enforcement organization	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS212	Juvenile Justice Procedures	Examines the nature and extent of juvenile delinquency to the present. Including but not limited to the history, jurisdictions, terminology, procedures, and institutions of the juvenile justice system.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS213	Evidence Technology/Fingerprints	Fundamental principles and processes of fingerprints to include identification, interpretation, and classification. In addition, students will apply fingerprinting latent fingerprint developing, preservation of evidence and the chain of custody.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS213AB	Fingerprint Classification I	Identification of typelines, deltas, and cores. Rules for classification of loops, whorls, and arches.	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS214	Evidence Technology/Photography	The use of photography and other aids in identification and preservation of evidence such as fingerprints, footprints and impressions. Techniques in crime scene and traffic accident photography	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS215	Criminalistics: Physical Evidence	The scientific analysis and examination of physical evidence with emphasis on scientific investigation, recognition, collection, and preservation of evidence. Topics include fingerprints, shoe prints, tool marks, firearms identification, paint chips and arson	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS216	Criminalistics: Biological Evidence	The scientific analysis and examination of biological evidence with emphasis on collection and preservation of evidence. Topics discussed include blood, drugs, blood alcohol, hairs and fibers, and topics of special interest in criminalistics	Prerequisites: None.	LEC 3.0 3.0 3.0

AJS217	Court Procedures	Study of procedures practiced by courts of general and original jurisdiction. Extensive use of mock and moot trial methods used to prepare students in legal research, case preparation and presentation, and adversary hearings.	Prerequisites: None.	L+L 3.0 3.0 3.0
AJS218	Special Investigations: Drugs	Advanced course in the specialized investigation area of drug enforcement. Emphasis on the pharmacological properties of abused drugs, field testing, evidence requirements and specialized investigation techniques utilized in narcotic and dangerous drug investigations	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS219	Crime Scene Technology: Physical Evidence	Scientific analysis and examination of physical evidence with emphasis on scientific investigation, recognition, collection, and preservation of evidence. Fingerprints, shoe prints, tool marks, firearms identification, paint chips and arson	Prerequisites: None.	L+L 3.0 3.0 3.0
AJS220	Organized Crime	Examines the history, structure and activities of organized crime groups. Reviews theories explaining the existence of organized crime and enforcement strategies used to combat it	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS221	Bloodstain Analysis	An examination of the use of bloodstain analysis in the reconstruction of crime scenes. Also covers historical issues, terminology, blood composition, motion, directionality and spatter along with scene documentation, courtroom presentations and health issues	Prerequisites: A grade of C or better in AJS216 or FOR106 or permission of Instructor.	LEC 3.0 3.0 3.0

AJS223	Forensic Pathology: Death Investigation	An examination of the medical investigation of sudden, unnatural, unexplained or violent deaths. Explains the legal and medical roles of death investigators and medical examiners. Additional topics include the autopsy, documenting and evaluating the body, routine and special investigative techniques, and death event reconstruction.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS225	Criminology	Study of deviance, society's role in defining behavior; theories of criminality and the economic, social, and psychological impact of crime; relationships between statistics and crime trends. Examines crime victimization and the various types of crime and categories of offenders. Required in the AJS curriculum	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS230	The Police Function	Theories of procedures and methods of operations of public police with emphasis on discretionary powers available to the working police officer. Career opportunities and current trends in law enforcement presented	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS240	The Correction Function	Examines the history and development of correctional theories and institutions	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS241	Police Photography	Emphasis on proper procedure for photographing crime scenes, accident scenes, and laboratory specimens. Discussion of photographic techniques, equipment, lighting techniques, aerial photography, video and motion pictures, macro and micro photography, filters, and preparation for court presentation using selected simulations	Prerequisites: None.	LEC 3.0 3.0 3.0

AJS242	Crime Scene Processing	Procedures and technology required to process crime scenes including how to protect a crime scene, collect information, search for, collect, and preserve physical and biological evidence, and conduct field tests. Practical experience in evidence collection and crime scene sketching and processing	Prerequisites: A grade of C or better in AJS213 and (AJS214 or AJS241) or permission of Instructor.	LEC 3.0 3.0 3.0
AJS243	Crime Scene Reconstruction	Examines techniques used to reconstruct the physical actions that occurred at a crime or accident scene. Involves the use of physical, testimonial, and documentary evidence, knowledge of criminal modus operandi and the scientific method, including deductive and inductive logic. Includes analysis of case studies.	Prerequisites: A grade of C or better in AJS215 or AJS216 or AJS219 or AJS275 or FOR105 or permission of Instructor.	LEC 3.0 3.0 3.0
AJS244	Advanced Crime Scene Photography	Use of advanced photographic techniques for photographing crime scenes and forensic evidence. Includes flash photography, video, and special situation photography of latent prints, corpses, blood splatter and other forms of evidence	Prerequisites: A grade of C or better in AJS214 or AJS241 or permission of Instructor.	LEC 3.0 3.0 3.0
AJS245	Forensic Pathology: Advanced Death Investigation	An advanced examination of the role of the medical examiner in crime scene investigations, mass disasters, motor vehicle accidents, and other unnatural deaths. Covers basic forensic biomechanics, advanced forensic anthropology and the role of the medical examiner as an expert court witness.	Prerequisites: A grade of C or better in FOR223.	LEC 3.0 3.0 3.0
AJS249	Community Policing	Examines the history, philosophy, implementation, administration, application, benefits and future of community policing	Prerequisites: None.	LEC 3.0 3.0 3.0

AJS250	Correctional Administration	History of punishment and evolution of correctional facilities. Military, formal-participative, and leadership models of management, as well as management by objectives. Modern management techniques, middle and line management in institutions, probation and parole	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS255	Crime, Law, and Mental Health	An interdisciplinary course that draws from the fields of psychology, sociology, criminology, and law. Covers the distinct and interfacing roles of mental health professionals and the legal justice system when dealing with a mentally ill criminal offender. Other topics covered include mental health issues within communities, role of clinical assessment, civil and criminal commitment, civil competencies, confidentiality of clinicians, rights and refusal to treatment, and informed consent.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS256	Law Enforcement Firearm Instructor	A train the trainer course for police firearm instructors. Covers instructional techniques for the pistol, revolver, and shotgun.	Prerequisites: AzPost (Peace Officer Standard and Training) Certified Police General Instructor or permission of Department or Division.	LEC 5.0 5.0 5.0
AJS256AA	Law Enforcement Patrol Rifle Instructor	Techniques on proper manipulation and marksmanship skills needed by a patrol officer/deputy in the use of the patrol rifle, and techniques of teaching those skills to other officers/deputies.	Prerequisites: AzPOST (Peace Officer Standard and Training) certified law enforcement firearms instructor or permission of Instructor.	LEC 3.0 3.0 3.0
AJS258	Victimology and Crisis Management	Victimology, the criminal justice system, techniques of crisis intervention, and the importance of a multicultural and global perspective. Includes sexual assault, family violence, post-traumatic stress disorder, the role of substance abuse, effective coping skills, appropriate community resources and the responsiveness of the justice system.	Prerequisites: None.	LEC 3.0 3.0 3.0

AJS259	Psychology of Sexual Variation and Sexual Deviance	Considers various categories of sexually deviant behavior; their probable causes and society's attitude toward them.	Prerequisites: A grade of C or better in PSY101 or permission of Instructor.	LEC 3.0 3.0 3.0
AJS260	Procedural Criminal Law	Concerned with the understanding of procedural criminal law. Examines the rationale underlying major court holdings, the procedural requirements that stem from these holdings, and their effect on the daily operations of the criminal justice system	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS263	Courtroom Testimony For Track Evidence	Provides an overview with proper and effective methods and techniques in courtroom testimony as it relates to footwear and tire track examinations and comparisons. Numerous practical exercises related to public speaking utilized and implemented to emphasize and critique skills of the students to properly perform this level of training.	Prerequisites: A grade of C or better in AJS163, AJS164, and AJS165.	LEC 2.5 2.5 2.5
AJS264	Law Enforcement Instructor Certification	Designed for criminal justice trainers. The adult learner, developing a course, characteristics of effective instruction, evaluation methods.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS269AA	Internship	Supervised field training for preservice administration of justice students. Maximum of three (3) credit hours allowed in program	Student sponsored by governmental enforcement agency and permission of Department or Division.	LAB 1.0 5.0 0.0
AJS269AB	Internship	Supervised field training for preservice administration of justice students. Maximum of three (3) credit hours allowed in program	Student sponsored by governmental enforcement agency and permission of Department or Division.	LAB 2.0 10.0 0.0
AJS269AC	Internship	Supervised field training for preservice administration of justice students. Maximum of three (3) credit hours allowed in program	Student sponsored by governmental enforcement agency and permission of Department or Division.	LAB 3.0 15.0 0.0

AJS270	Community Relations	Examination, recognition and understanding of community problems; community action programs; methods of coping with human behavior, victimology, conflict and communication; ethnic and minority cultures and environments; the community and relationships with the criminal justice system	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS275	Criminal Investigation I	Introduction to the theory of criminal investigation. Examines crime scene procedures, case preparation, interviewing, and basic investigative techniques	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS280	Peace Officer Certification	Training program for peace officers, leading to certification by the Arizona Peace Officer Standards and Training Board (AzPOST), the statutory agency for certifying peace officers in Arizona. Covers current industry-specific training including expectations of recruits in the areas of academics, physical fitness, mental, and emotional preparation. Emphasis on professional and ethical behavior.	Prerequisites: Employment by the partnership organization is required for enrollment in this course.	L+L 40.0 56.0 56.0
AJS280AA	Peace Officer Certification I	Phase I of the training program for peace officers, leading to certification by the Arizona Peace Officer Standards and Training Board (AzPOST), the statutory agency for certifying peace officers in Arizona. Covers current industry-specific training including expectations of recruits in the areas of academics, physical fitness, mental, and emotional preparation. Emphasis on professional and ethical behavior.	Prerequisites: Students must comply with AzPOST standards for peace officers.	L+L 20.0 28.0 28.0

AJS280AB	Peace Officer Certification II	Phase II of the training program for peace officers, leading to certification by the Arizona Peace Officer Standards and Training Board (AzPOST), the statutory agency for certifying peace officers in Arizona. Covers current industry-specific training including expectations of recruits in the areas of academics, physical fitness, mental, and emotional preparation. Emphasis on professional and ethical behavior.	Prerequisites: A grade of C or better in AJS/LET280AA or permission of Program Director.	L+L 20.0 28.0 28.0
AJS282AA	Service-Learning Experience in Administration of Justice Studies	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
AJS282AB	Service-Learning Experience in Administration of Justice Studies	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0
AJS282AC	Service-Learning Experience Administration of Justice Studies	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 3.0 3.0 0.0
AJS289AJ	Street Gangs I	Introduction to street gang identification, history, culture, and current trends, specifically in the western United States.	Prerequisites: Certified Officer or permission of Instructor.	LEC 1.0 1.0 1.0
AJS290AH	Use of Force	Examines issues related to the use of force by and against police officers. Explores police use of force decision-making options. Reviews recent changes in Arizona law relative to police officers	Prerequisites: Permission of Department or Division.	L+L 0.5 0.5 0.5
AJS290AI	Theories of Criminal Behavior	Theories of human behavior and crime. Biological, sociological, and psychological approaches to the theories of criminal behavior	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290AU	Child Abuse Investigation	Definition and investigation of the causes and effects of child abuse	Prerequisites: None.	LEC 1.0 1.0 1.0

AJS290AW	Narcotics and Dangerous Drugs	Pharmacological effects of the use and abuse of drugs, including a description of common abuse patterns and investigative techniques used in the enforcement of drug laws	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290AZ	Police Interrogation Techniques	Proper interview and interrogation techniques, including a discussion of the constitutional rights of the defendant and applicable court decisions	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BB	Police Report Writing	Writing clear, concise, and accurate reports with an emphasis on sentence and paragraph construction, grammar, and punctuation	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BE	Probation and Parole	Current issues in probation and parole, including sentencing, parole revocation, and administrative procedure	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BH	Sex Crimes Investigation	Investigative procedures employed by the police and courtroom procedures utilized by the prosecuting attorney in sex-related crimes	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BJ	Accident Investigation I	Skills and concepts necessary to conduct an adequate traffic accident investigation	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BN	Courtroom Testimony Seminar	Courtroom demeanor and protocol. Role and primary functions of witness and legal counsels	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BS	Stress in Law Enforcement	Major stress that affect a police officer; effects of stress and methods for reducing stress	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BU	Family Violence	Family violence issues as they relate to the criminal justice response	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BV	Victim Assistance	An overview of victim issues emphasizing strategies used to reduce the trauma associated with crime. Includes description of counseling methods, referral procedures, intervention techniques, and community resources	Prerequisites: None.	LEC 1.0 1.0 1.0

AJS290BW	Communication in Criminal Justice	Study of barriers to effective communication in the field of criminal justice. Development of effective intradepartmental and interdepartmental communication as well as communication with the community and within the courtroom	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0
AJS296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 2.0 10.0 0.0

AJS296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 3.0 15.0 0.0
AJS296WD	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 4.0 20.0 0.0
AJS298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

AJS298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. ALT100	Academic Literacy Through Integrated Reading and Writing	Develops academic language skills and critical reading skills for organizing, analyzing, and retaining material through complementary reading and writing assignments. Prepares students for college level reading and writing intensive courses as well as career-related reading and writing tasks.	Prerequisites: An appropriate District placement.	LEC 4.0 4.0 4.0
AMS101	Introduction to Automated Manufacturing	An introduction to automated manufacturing and the role of the manufacturing technician. Includes general manufacturing techniques, industry standards, and statistical process control	Prerequisites: None.	LEC 2.5 2.5 2.5

AMS110	Programming Automated Equipment	Automated equipment uses, characteristics, geometric movement, and performance measures. Programming, troubleshooting, operating, and maintaining an automated (robotic) equipment system	Prerequisites: A grade of C or better in ELE111 OR ELC/FAC/HVA105.	L+L 3.0 6.0 6.0
AMS125	Fluid Power and Vacuum Systems	Fundamental fluid power and vacuum for industry. Pneumatic, hydraulic, and vacuum system technologies with emphasis on assembly, integration, and measurement.	Prerequisites: A grade of C or better in ELE111 OR ELC/FAC/HVA105.	L+L 4.0 6.0 6.0
AMS150	Digital Systems and Microprocessors	Fundamentals of digital systems and microprocessors with Boolean Algebra and combinational logic. Microprocessor programming and applications.	Prerequisites: A grade of C or better in ELE111 or ELC/FAC/HVA105.	L+L 4.0 6.0 6.0
AMS160	Linear Circuits	Linear circuit fundamentals. Includes diodes, bipolar transistors, field effect transistors, and an operational amplifier.	Prerequisites: A grade of C or better in ELE111 OR ELC/FAC/HVA105.	L+L 3.5 6.5 6.5
AMS210	Electro-Mechanical Devices	Electro-mechanical devices including physics of simple machines. Gear and sensor assembly and troubleshooting. Designing, constructing, and troubleshooting power transmission and stepper motor drives.	Prerequisites: A grade of C or better in ELE111 OR ELC/FAC/HVA105.	L+L 3.0 7.0 7.0
AMS220	Automated Manufacturing Processes	Automated manufacturing including inventory management, computer aided processes, work-cell operation, advanced programmable logic controller (PLC) programming, and statistical methods and calculations.	Prerequisites: A grade of C or better in AMS110 and AMS125.	L+L 3.0 6.75 6.75
AMS282AC	Automated Manufacturing Systems Internship	Automated Manufacturing Systems work experience in a business or industry.	Permission of Program Director or Instructor.	LAB 3.0 18.0 0.0

AMS298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
AMS298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
AMS298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0

AMT124	Aircraft Forms and Regulations, Weight and Balance, Drawings, and Ground Operations	Federal Aviation maintenance publications, forms and records. Overview of technician`s privileges and limitations. Perform aircraft weight and balance, aircraft ground operations and fuel servicing techniques. Drawings, symbols and schematic diagrams.	Prerequisites: Admission to the Aircraft Maintenance Technology program.	L+L 5.0 9.0 9.0
AMT126	Fundamentals of Mathematics and Electricity	Mathematical computation of fundamental electrical circuit parameters. Basic definitions, laws, and concepts. Schematic, wiring, and parts placement diagrams. Test and troubleshoot electrical and electronic components and circuits.	Prerequisites: Admission to the Aircraft Maintenance Technology program.	L+L 9.0 12.0 12.0
AMT128	Fundamentals of Aviation Physics, Corrosion Control, Materials and Processes, Fluid Lines and Fittin	Basic concepts of motion, fluid dynamics, heat and sound, aerodynamics, aircraft structure and theory of flight. Fluid lines and fittings, component identification, function, inspection, and installation. Cleaning and corrosion control, materials and processes, non-destructive testing, and precision measurement techniques.	Prerequisites: Admission to the Aircraft Maintenance Technology program.	L+L 5.0 9.0 9.0
AMT220	Fundamentals of Aircraft Wood Structures, Covering and Finishing, and Bonded Structures	Theories and techniques of aircraft wood structures. Inspection, test and repair of aircraft fabric and wood structures. Aircraft structural design and methods of working with selected materials. Characteristics of composites, inspections and repairs	Admission to the program.	L+L 3.0 6.0 6.0
AMT222	Atmosphere Control, Fire Detection, Ice and Rain Protection Systems	Operation and maintenance of aircraft auxiliary systems. Inspection, servicing, troubleshooting and repair of environmental control, ice and rain control, fire protection and warning systems	Admission to the program.	L+L 4.0 6.0 6.0
AMT224	Aircraft Sheet Metal	Inspection, fabrication, and repair techniques of aircraft structural and nonstructural components. Sheet metal heat-treating techniques	Admission to the program.	L+L 5.0 11.0 11.0

AMT226	Aircraft Landing Gear, Hydraulic, Pneumatic, Fuel, Position and Warning Systems	Identification, inspection, repair, and troubleshooting techniques of aircraft landing gear, hydraulic, fuel, pneumatic, and position and warning system components	Admission to the program.	L+L 7.0 12.0 12.0
AMT228	Aircraft Electrical Systems, Instruments, Fuel Indicating, Communication and Navigation Systems	Proper operation, inspection, servicing and troubleshooting of DC(Direct Current) and AC(Alternating Current) sources, systems, and components. Mechanical and electrical sensing and information display systems. Fuel indicator system inspections, repairs, and troubleshooting. Transmitter and receiver fundamentals. Avionics installation, inspection and testing	Admission to the program.	L+L 7.0 12.0 12.0
AMT230	Airframe Assembly, Inspection and Welding	Aircraft assembly and rigging. Flight control balancing and rigging. Airframe inspection techniques, reporting procedures, and aircraft jacking. Welding techniques, theory, and materials identification	Admission to the program.	L+L 6.0 11.0 11.0
AMT263	Aircraft Turbine Engines	Historical development and application of turbine engines. Theory of thrust and the design and environmental factors which influence thrust. Turbine engine troubleshooting, inspection, service, repair and overhaul. Operational characteristics and engine test techniques on the aircraft and in test cells	Admission to the program.	L+L 5.0 9.0 9.0
AMT264	Aircraft Reciprocating Engines	Historical development and application of reciprocating engines, theory, design, and operations. Techniques used in troubleshooting, overhaul, inspection, and repair of opposed and radial engines	Admission to the program.	L+L 7.0 11.0 11.0
AMT266	Engine Fuel Systems, Fuel Metering and Induction System	Inspection, servicing, troubleshooting, overhaul, and repair of aircraft fuel systems and components, fuel metering devices, injection systems, turbochargers, and superchargers. Induction system principles of operation and design	Admission to the program.	L+L 6.0 9.0 9.0

AMT268	Engine Electrical, Ignition and Starter Systems	Inspect, service, troubleshoot, overhaul, and repair of engine electrical, ignition, starter systems, and components	Admission to the program.	L+L 6.0 12.0 12.0
AMT270	Engine Instruments, Fire Protection and Lubrication, Cooling and Exhaust Systems	Operation, maintenance, servicing, inspection, repair, and troubleshooting of engine instruments, fire detection and extinguishing, engine lubrication, cooling, and exhaust systems	Admission to the program.	L+L 5.0 8.0 8.0
AMT272	Propeller Systems and Engine Inspections	Historical development, operation, disassembly, inspection, repair, and maintenance of propellers. Reciprocating and turbine engine inspection and documentation	Admission to the program.	L+L 4.0 8.0 8.0
AMT298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
AMT298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0

AMT298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
APT101	Automotive Service Operations	Theory and operation of basic automotive systems. Basic principles of working in an automotive service area. Management-employee relations, resume writing, interviewing, shop practices, flat-rate system, equipment care, and basic hand tools.	Prerequisites: None.	LEC 3.0 3.0 3.0
APT111	Internal Combustion Engines Theory	Study of construction and operating principles of internal combustion engines and related lubrication, cooling, fuel, and electrical systems.	Prerequisites: None.	LEC 3.0 3.0 3.0
APT121AA	Auto Transmission (General Motors)	The fundamentals and principles of automatic transmissions presently in use by General Motors Corporation automobiles. Diagnosis, service, and reconditioning procedures necessary to maintain these units	Prerequisites: None.	L+L 3.0 5.0 5.0
APT122AA	Auto Transmission (Ford)	The fundamentals and principles of automatic transmissions presently in use by Ford Motor Company automobiles. Diagnosis, service, and reconditioning procedures necessary to maintain these units	Prerequisites: None.	L+L 3.0 5.0 5.0

APT123AA	Auto Transmission (Chrysler)	The fundamentals and principles of automatic transmissions presently in use by Chrysler Motor Company automobiles. Diagnosis, service, and reconditioning procedures necessary to maintain these units	Prerequisites: None.	L+L 3.0 5.0 5.0
APT131	Automotive Manual Power Trains	Designed for beginning automotive students. Operation, diagnosis, service, and repair of the automotive power train. Includes manual transmissions and transaxles, clutches, front and rear drive axles, drive shafts, differentials and transfer case.	Prerequisites: None.	LEC 6.0 3.0 3.0 LAB 0.0 7.0 7.0
APT141	Alignment, Steering, and Suspension	Designed for beginning automotive students. Fundamental principles of steering and suspension systems. Includes two- wheel and four-wheel alignment procedures. Emphasis on diagnosis, testing, service, and replacement of steering and suspension components.	Prerequisites: None.	LEC 6.0 3.0 3.0 LAB 0.0 7.0 7.0
APT151	Automotive Brake Systems	Designed for beginning automotive students. Fundamentals of drum, disc, ABS and hybrid regenerative braking theory. Includes training in diagnosis, testing, service, and repair.	Prerequisites: None.	LEC 4.0 2.0 2.0 LAB 0.0 5.0 5.0
APT161	Auto Electrical/Electronic Systems I	Designed for beginning automotive students. The principles of electricity including Ohm`s Law, circuit principles and wiring diagrams. Skill development will include diagnosis, testing, service and repair of batteries, starting systems, charging systems, lighting systems, horns, wipers, defoggers, door locks, power mirrors, power windows, power seats and the use of Digital Multi Meters (DMM) will be addressed in this course.	Prerequisites: None.	LEC 4.0 2.0 2.0 LAB 0.0 5.0 5.0

APT171	Automotive Air Conditioning	Designed for beginning automotive students. Theory and principles of ventilation, heating, automotive refrigeration, vacuum-electric controls, and automatic temperature control systems. Includes training in diagnosis, testing, service and repair.	Prerequisites: None.	LEC 4.0 2.0 2.0 LAB 0.0 5.0 5.0
APT181	Engine Performance and Diagnosis I	Designed for beginning automotive students. Engine construction and operating principles, including lubrication, cooling, induction, exhaust, fuel, and ignition systems. Includes training in diagnosis, testing, service, and repair.	Prerequisites: None.	LEC 6.0 3.0 3.0 LAB 0.0 7.0 7.0
APT262	Auto Electrical/Electronic Systems II	Designed for experienced students. This course develops knowledge of body control modules including skill development, diagnosis, testing, service, and repair of the following systems - advanced lighting circuits, vehicle stability control, traction control, basic and advanced climate control systems, integrated safety systems, collision avoidance systems, start-stop technology, hybrid technology, mobile connectivity, use of Digital Multi Meters (DMM) and automotive oscilloscopes.	Prerequisites: A grade of C or better in APT161 or permission of Instructor.	LEC 4.0 2.0 2.0 LAB 0.0 5.0 5.0
APT282	Engine Performance and Diagnosis II	Designed for the experienced engine performance student. This course will include training in fuel systems, emission systems, ignition systems, turbocharging, computerized engine controls and engine driveability. Also, training in diagnosis, testing, service, repair, and documenting for customer understanding using the 3C's which are Concern, Cause and Correction will be addressed in this course.	Prerequisites: A grade of C or better in APT181 or permission of Instructor.	LEC 6.0 3.0 3.0 LAB 0.0 7.0 7.0
ARB101	Elementary Arabic I	Introduction to the basic alphabet, grammar, pronunciation and vocabulary of the Arabic language. Listening, speaking, reading and writing skills.	Prerequisites: None.	L+L 5.0 5.0 5.0

ARB102	Elementary Arabic II	A continuation of ARB101. Continued study of grammar and vocabulary, with emphasis on pronunciation and speaking skills.	Prerequisites: A grade of C or better in ARB101. Completion of prerequisites within the last three years is required.	L+L 5.0 5.0 5.0
ARB115	Beginning Arabic Conversation I	Conversational Arabic with emphasis on basic sentence structure, pronunciation and vocabulary. Designed to develop speaking and listening abilities with less emphasis on grammar	Prerequisites: None.	LEC 3.0 3.0 3.0
ARB201	Intermediate Arabic I	Review of essential grammar of the Arabic language and study of the Arabic culture. Continued practice and development of reading, writing, and speaking skills. Emphasis on both fluency and accuracy in the spoken language.	Prerequisites: A grade of C or better in ARB102 or permission of Department or Division. Completion of prerequisites within the last three years is required.	L+L 5.0 5.0 5.0
ARB202	Intermediate Arabic II	Advanced grammatical structures in Arabic. Further development of language skills with emphasis on speaking the language.	Prerequisites: A grade of C or better in ARB201 or permission of Department or Division. Completion of prerequisites within the last three years is required.	L+L 5.0 5.0 5.0
ARB296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0

ARB296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 2.0 10.0 0.0
ARB296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 3.0 15.0 0.0
ARB296WD	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 4.0 20.0 0.0

ARB298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
ARB298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
ARB298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0

ARC100	Introduction to Environmental Design	A survey of design through historical evaluation of built environments and works of well-known architects. Principles, concepts, and skills associated with designs of actual and imagined ideas and things. Emphasis on social, technical, environmental, and theoretical forces that impacts design	Prerequisites: None.	L+L 3.0 6.0 6.0
ARC101	Introduction to Western Architecture	Survey of Western Architecture from prehistory to current times. Includes social and philosophical factors shaping predominant styles and theory across the periods.	Prerequisites: None.	LEC 3.0 3.0 3.0
ARC120	Design Fundamentals I	An introduction to architectural drawing and graphic representation methods. Using architectural drawings and graphic representations as visualization, and problem-solving methods. Emphasis on visual communication, and the application and development of the visual design via process as well as product.	Prerequisites: None.	L+L 3.0 6.0 6.0
ARC121	Introduction to Architectural Drafting: Manual	Emphasis on basic techniques and principles of manual architectural drafting. Includes hand lettering, line work, dimensioning, multi-view projection, work in plan, section, and elevation views, design standards, wall details, office procedures, and portfolio development	Prerequisites: None.	L+L 3.0 6.0 6.0
ARC140	Rendering and Portfolio Development	Two-dimensional and three-dimensional drawings and rendering methods, including freehand and/or use of drawing tools for presentation of ideas. Techniques for use of pencil, ink, and colors. Professional formatting of portfolios	Prerequisites: None.	L+L 3.0 6.0 6.0

ARC141	Architectural CAD I: Introduction	Introduction to Computer Aided Drafting (CAD) for Architecture, Interior Design, and related professions using AutoCAD software. Includes basic operational systems, drawing set-ups, architectural formats, and two-dimensional drawing. Editing commands, annotation, and plotting for the industry also included.	Prerequisites: None.	L+L 3.0 6.0 6.0
ARC142	Architectural CAD II: Plans and Elevations	Computer Aided Drafting (CAD) instruction directed to the creation of fully annotated plan, elevation, and schematic section views including dimensions, notes, symbols, and schedules. Introduction to three-dimensional (3D) CAD using SketchUp.	Prerequisites: A grade of C or better in ARC141 or permission of Instructor.	L+L 3.0 6.0 6.0
ARC143	Architectural CAD: Extended Study	Reinforcement and extended study of basic two-dimensional computer aided drafting (CAD) skills for Architecture, Interior Design, and related professions using AutoCAD software. Includes sending/receiving drawing files on web; templates/set-ups; dimension/text formats; sheet management; external referencing, design center, basic/extended drawing and editing commands, and plotting.	Prerequisites: A grade of C or better in ARC141 or permission of Instructor.	L+L 3.0 6.0 6.0
ARC146	Architectural Print Reading	Analysis and interpretation of architectural working drawings including written specifications and drawings prepared by consulting engineers.	Prerequisites: None.	L+L 3.0 3.0 3.0
ARC148	Methods and Materials of Construction	Modern methods of construction and materials for residential, multiple, and commercial building, including the four types of structures used: wood, concrete, steel and masonry. Methods of assembly and how different materials can be used to create desired designs. Requirements of most recent building codes and the F.H.A. standards	Prerequisites: None.	LEC 3.0 3.0 3.0

ARC150	Architectural Desktop I	Residential construction drawing using Architectural Desktop (ADT). Includes preliminary workspace setups, configuration procedures, modules operations, and on screen menus applicable for producing components of a building model.	Prerequisites: A grade of C or better in CON130 or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC160	Site Planning	Emphasis on the basic art of site planning, using professional design techniques and principles of architecture to develop site plans. Selection of materials, awareness of problems, and emphasis on the production of site plan drawings using board and/or computer aided drafting (CAD) skills.	Prerequisites: A grade of C or better in DFT122 or permission of Program Director.	L+L 3.0 6.0 6.0
ARC161	Residential Architectural Drafting	Basics of residential drafting and documentation topics and techniques. Includes preliminary planning and preparation for residential documentation; use of the local building codes and standards; complete drawing and annotation of a floor plan, reflected ceiling plan, roof plan, a building sections, framing plan, and exterior elevations.	Prerequisites: A grade of C or better in CON130 or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC162	Advanced Residential Architectural Drafting	Advanced residential drafting and documentation topics and techniques. Includes site orientation, layout and legal description; window and door schedules; interior elevation of kitchen and bath rooms; advanced instruction on framing and structural detail methods; foundation systems, support and layout; and other needed residential details and layouts.	Prerequisites: A grade of C or better in ARC161 and CON230 or permission of Department or Division.	L+L 3.0 6.0 6.0

ARC163	Commercial Architectural Drafting	Fundamental commercial drafting and documentation topics and techniques. Includes preliminary planning and preparation for commercial documentation; use of the local building codes and standards; building methods and materials of commercial structures; complete drawing and annotation of a floor plan, reflected ceiling plan, roof plan, building sections, and exterior elevations.	Prerequisites: A grade of C or better in CON130 or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC164	Advanced Commercial Architectural Drafting	Further development of advanced commercial drafting and documentation topics and techniques. Covers commercial building materials and methods, specifications, land drawings, foundation plans, interior elevations, and more details specific to commercial buildings.	Prerequisites: A grade of C or better in (ARC163 and CON130) or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC165	Introduction to Architecture Professional Practice and Ethics	Professional, legal, and ethical issues in architecture practice and services. Includes marketing issues, communications, standards, insurance and bonds, agreements, contracts and contractors, standard American Institute of Architecture (AIA) forms and conditions, selection of contractors, and bidding procedures	Prerequisites: None.	LEC 3.0 3.0 3.0
ARC201	Architectural History: Prehistory to Rococo	In depth analysis of Western Architecture from Prehistory to 1730. Includes social, religious, political, philosophical, scientific, and environmental factors shaping predominant styles of the historical periods.	Prerequisites: None.	LEC 3.0 3.0 3.0
ARC202	Architectural History: Modern Architecture	In-depth analysis of Western Architecture from the Industrial Revolution to current times. Includes social factors, theory, and polemics shaping predominant styles of the modern periods.	Prerequisites: None.	LEC 3.0 3.0 3.0

ARC225	Fundamentals of Architectural Detailing	Introduction to construction /architecture detailing. Examines functional, construction-related, and aesthetic applications of detailing.	Prerequisites: A grade of C or better in CON130 or CON252 or permission of Department or Division.	LEC 3.0 3.0 3.0
ARC226	Advanced Architectural Detailing	Advanced methods of detailing major construction materials such as wood, steel, and concrete, ranging from simple residential to more complicated commercial structures. Includes detailing foundations, exterior and interior walls, roof and ceiling areas.	Prerequisites: A grade of C or better in CON130 or CON252 or permission of Department or Division.	LEC 3.0 3.0 3.0
ARC243	Architectural CAD III: Site Plans and Sections	Computer-aided drafting (CAD-based) instruction directed to the creation of fully annotated site plans and sectional views. Development of professional quality site plans, wall sections, and building sections working from given residential and commercial layouts. Assignments incorporate applicable codes, construction materials and methods and office practices typical to the local area.	Prerequisites: A grade of C or better in ARC142 or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC244	Architectural CAD IV: Structural Systems	CAD-based(Computer-Aided Drafting) instruction for layout and completion of fully annotated structural drawings. Focuses on working from residential and commercial layouts to develop professional quality roof, roof framing, floor framing and foundation plans. Emphasis on the use of applicable codes, construction materials and methods, and office practices typical to the local area	Prerequisites: A grade of C or better in ARC142 or permission of Department or Division.	L+L 3.0 6.0 6.0

ARC245	Architectural CAD V: Mechanical and Electrical Systems	CAD-based(Computer-Aided Drafting) instruction for layout and completion of fully annotated building systems drawings. Focuses on working from residential and commercial layouts to develop professional quality Electrical, Mechanical(HVAC), Plumbing and Reflected Ceiling plans. Emphasis on the use of applicable codes, construction materials and methods, and office practices typical to the local area	Prerequisites: A grade of C or better in ARC142 or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC246	Architectural CAD VI: Construction Details	Typical southwestern construction systems and details. Creation of personal standard detail files for wood frame, concrete masonry, and other specialized construction systems.	Prerequisites: A grade of C or better in ARC243 or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC250	Basic Revit	Basic skills required to complete architectural drawings with Revit software; simplified overview of the software program and operations gained through completing typical plan, elevation, sectional, and 3D views, using generic walls and related components.	Prerequisites: None. ARC141, or previous AutoCAD/industry experience recommended.	L+L 3.0 6.0 6.0
ARC251	Intermediate Revit	Comprehensive use of Revit Design Development tools through the development of 3-D model(s) in working drawing and rendered formats. Includes completing a set of construction documents from creating walls, incorporating doors, windows, floor, stairs, etc., to adding views and annotation to various sheets and coordinating those sheets within the finished set.	Prerequisites: None. ARC250 or previous architectural and CAD experience strongly recommended.	L+L 3.0 6.0 6.0
ARC252	Advanced Revit	Advanced applications and use of REVIT architectural software in completing assigned projects; focus on customization of the Revit environment and developing Revit families.	Prerequisites: A grade of C or better in ARC251 or permission of Instructor.	L+L 3.0 6.0 6.0

ARC255	Introduction to Revit Structure	Introduction to Revit Structure software, addressing specialized options and processes used in structural engineering offices; includes project modeling, model analysis, reinforcement modeling, detailing, and documentation.	None. Previous educational/professional experience in architecture or structural engineering strongly recommended.	L+L 3.0 6.0 6.0
ARC261	Architectural CAD 3D I: Introduction	Introduction to construction, manipulating, and rendering three-dimensional (3D) objects and architectural spaces on the computer using AutoCAD software.	Prerequisites: A grade of C or better in ARC141 or equivalent or permission of Department or Division. ARC142 suggested but not required.	L+L 3.0 6.0 6.0
ARC262	Architectural CAD 3D II: ADT and VIZ	Additional skill development in constructing, manipulating, and rendering three-dimensional (3D) architectural computer models using AutoCAD Architectural Desktop (ADT) and Viz Render (VIZ) software	Prerequisites: A grade of C or better in ARC261 or equivalent or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC265	Sketchup I: Introduction to Sketchup	Provides students with introductory level instruction utilizing Sketchup rendering software for school and workplace applications. Addresses basic drawing/rendering commands, accessing external drawing files, and plotting through the creation of both three-dimensional schematic and rendered interior and exterior building views.	Prerequisites: None. Previous CAD experience recommended but not required.	L+L 3.0 6.0 6.0
ARC266	Sketchup II: Advanced Rendering Techniques	Provides students with advanced instruction utilizing Sketchup, Google Earth, Sandbox and Podium rendering software for school and workplace applications. Creation of photo-realistic rendered three-dimensional interior and exterior building/site views.	Prerequisites: A grade of C or better in ARC265 or permission of Instructor.	L+L 3.0 6.0 6.0

ARC270	Architectural Technology Synthesis	Provides students an opportunity to integrate and synthesize knowledge and skills acquired in prerequisite courses. Includes completion of a full set of working drawings using AutoCAD under supervision comparable to workplace situations. Designed to provide practice in self-checking work, correcting and editing drawings, and assembling a portfolio.	Prerequisites: A grade of C or better in (ARC243 and ARC244 and ARC245) or permission of Instructor.	L+L 3.0 6.0 6.0
ARC282AA	Volunteerism for Architecture: A Service Learning Experience	Service-learning field experience within private/public agencies and citizen volunteer groups.	Prerequisites: Permission of Department or Division.	LAB 1.0 1.0 0.0
ARC282AB	Volunteerism for Architecture: A Service Learning Experience	Service-learning field experience within private/public agencies and citizen volunteer groups.	Prerequisites: Permission of Department or Division.	LAB 2.0 2.0 0.0
ARC282AC	Volunteerism for Architecture: A Service Learning Experience	Service-learning field experience within private/public agencies and citizen volunteer groups.	Prerequisites: Permission of Department or Division.	LAB 3.0 3.0 0.0
ARC290AA	Architecture Internship	Architecture internship office and field experience with private agencies, public agencies, or citizen volunteer groups.	Prerequisites: A grade of C or better in ARC282++ or permission of Department or Division.	LAB 1.0 1.0 0.0
ARC290AB	Architecture Internship	Architecture internship office and field experience with private agencies, public agencies, or citizen volunteer groups.	Prerequisites: A grade of C or better in ARC282++ or permission of Department or Division.	LAB 2.0 2.0 0.0
ARC290AC	Architecture Internship	Architecture internship office and field experience with private agencies, public agencies, or citizen volunteer groups.	Prerequisites: A grade of C or better in ARC282++ or permission of Department or Division.	LAB 3.0 3.0 0.0

ARC296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0
ARC296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 2.0 10.0 0.0
ARC296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 3.0 15.0 0.0

ARC296WD	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 4.0 20.0 0.0
ARC298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
ARC298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0

ARC298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
ARH100	Introduction to Art	Understanding and enjoyment of art and visual culture through study of two-dimensional and three-dimensional works of art, design elements, media and processes, and cultural contexts. Emphasis on contemporary topics and cultural diversity in the arts.	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH101	Prehistoric through Gothic Art	History of art from prehistoric through medieval period	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH102	Renaissance Through Contemporary Art	History of art from around the world from the Renaissance through contemporary period	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH109	History of American Art	Development and variety of American Art. Presentation of architecture, sculpture, painting and decorative objects	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH110	History of Graphic Design	Survey of the history of graphic design from its origins to the present. Traces the characteristics, aesthetics and the reciprocal influence of design and society. Includes movements and individual designers. Emphasizes the function of design as a distinct but equal branch of human visual communication and the role of design as the dominant visual exercise of the contemporary world	Prerequisites: None.	LEC 3.0 3.0 3.0

ARH112	History of Modern Art	Development of and significant aspects of modern art since the mid-nineteenth century. Emphasis on modern art's relationship to socio-political and aesthetic developments, new media and the rise of mass culture.	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH115	History of Photography	Survey of history of photography from beginning to present. Emphasizes medium's impact upon society and other visual arts. Technical developments, aesthetic concerns, and individual photographers studied	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH118	Introduction to Chinese Art	Explores Chinese philosophy, symbolism, history and religions that underlie the choice of subject matter and life forms in Chinese art. Uses Chinese bamboo brush, ink and rice paper to study Chinese calligraphy and traditional subjects for painting	Prerequisites: None.	L+L 3.0 3.0 3.0
ARH145	History of American Indian Art	Survey of American Indian Art from precontact to present. Reviews the impact of these art forms on contemporary American society, other world societies and on the visual arts. Explores characteristics, cultural influences and concerns represented in various art forms past and present. Features field trips to galleries and collections	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH201	Art of Asia	Introduction to the origins and historic development of art in Asia, with emphasis on China, Japan, and India	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH203	Art of Ancient Egypt	The art and culture of ancient Egypt from prehistoric through the Greco-Roman period	Prerequisites: None.	LEC 3.0 3.0 3.0

ARH204	Roman Art and Architecture	Detailed examination of the art and architecture of ancient Rome from the monarchical period to the late empire, with emphasis on the visual culture and artifacts of the civilization.	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH216	Pre-Columbian Art History	Art of the Americas prior to European contact, focusing on Mesoamerica and the Central Andean region and their respective adjoining areas, with some attention to the U.S. Southwest and Eastern Woodlands Mound Building cultures	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH217	Mexican Art History	Art of Mexico and related cultures, from the prehistoric to the contemporary period	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH240	Art and Architecture of the Islamic World to 1800	Introduction to the principal achievements in art and architecture of the Islamic world circa 650-1800 CE and placing them in social and cultural contexts and consideration of the historical evolution of Western knowledge and understanding of these works	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH250	Visual Language and Interpretation	Examines the communication of concepts through visual interpretation and expression.	Prerequisites: A grade of C or better in (ART111, ART112, ART131, ART167 and ARH100) or permission of instructor.	LEC 1.0 1.0 1.0
ARH298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

ARH298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
ARH298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
ART100	Introduction to Digital Arts	Foundation course in digital arts and design, with emphasis in the production of art using the computer.	Prerequisites: None.	L+L 1.0 2.0 2.0
ART103	Typography in the Digital Age	Survey of the history of typography and individual designers. Emphasis on the function of typography as an integral part of effective visual communication. Study of type anatomy, mechanics, characteristics, structure, and the principles of effective selection and the relation of copy and image in graphic design. Evaluate fonts both visually and technically and learn how to manage them.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0

ART104	Cross-Media Marketing for Designers	Role of graphic designer in business with an emphasis on using graphic design to achieve marketing and sales objectives. Variety of communication channels explored, such as print and digital and including social media, web, and mobile media.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART105	Art Beyond the Classroom	Visual arts experience. Includes field trips to galleries, museums, and collections as well as art lectures, demonstrations, and varied studio experiences.	Prerequisites: None.	L+L 1.0 2.0 2.0
ART106	Gallery Operations	Operation of an art gallery. Includes organization, publicity, evaluation of artwork, selection and installation of exhibits.	Prerequisites: Permission of Instructor.	L+L 3.0 6.0 6.0
ART110	Experimental Chinese Painting	Explores ancient Chinese techniques with rice paper and Chinese ink to create traditional and nontraditional designs. Emphasis on use of Chinese techniques in mixed media works.	Prerequisites: None.	L+L 1.0 2.0 2.0
ART111	Drawing I	Fundamental principles of drawing. Emphasis on composition and facility in objective and expressive representation, using variety of drawing media	Prerequisites: None.	L+L 3.0 6.0 6.0
ART112	Two-Dimensional Design	Study of fundamental elements and principles of two-dimensional design.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART113	Color	Investigation seeking visual solutions to a variety of problems concerning color in two and three dimensions and modes of color appearances, including light and effects in design and theory of design.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART114	Digital Color	Overview of how color is perceived and utilized in a digital environment and how to ensure consistent color from capture to final output in print or online. Investigate visual solutions utilizing electronic devices for color correction, manipulation and integrity.	Prerequisites: None.	L+L 3.0 6.0 6.0

ART115	Three-Dimensional Design	Fundamental principles of three-dimensional design.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART116	Life Drawing I	Use of form, structure and anatomy of draped and undraped human figure to develop basic principles of sound draftsmanship	Prerequisites: None.	L+L 3.0 6.0 6.0
ART117	Life Drawing II	Further study of form, structure, and anatomy of the draped and undraped human figure with emphasis on composition	Prerequisites: A grade of C or better in ART116.	L+L 3.0 6.0 6.0
ART118	Art Anatomy	Artistic study of the concept of anatomical unity. Principle skeletal and muscular structures affecting surface form of the human figure. Includes drawing project, portfolio, and tests.	Prerequisites: A grade of C or better in ART116 or permission of Instructor.	L+L 3.0 6.0 6.0
ART119	Penciling for Sequential Art	Development of observational skills as they apply to sequential art. Emphasis on techniques that showcase how characters interact with their environment and manipulate props and cartooning anatomy. Includes techniques on composing page layouts, adapting scripts and reference gathering.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART120	Inking for Sequential Art	Development of inking materials and techniques used in sequential art. Emphasis on the types of tools used in the industry and the various means of employing them. Understanding the duties of the inker and the process of computer finishing.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART122	Drawing and Composition II	Emphasis on composition and exploration of drawing media	Prerequisites: A grade of C or better in ART111.	L+L 3.0 6.0 6.0

ART131	Photography I	Basic photographic principles and techniques. Basic camera functions and controls. Experience in the image-making process by creating and editing photographs for various display environments. Introduction to the photographic aesthetic and photography's role in society.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART132	Photography II	Advanced camera and darkroom techniques. Aesthetic awareness with personal expression	Prerequisites: A grade of C or better in ART131 or permission of Instructor.	L+L 3.0 6.0 6.0
ART133	Photography III	Refinement of aesthetic and technical aspects producing convincing images of highest quality	Prerequisites: A grade of C or better in ART132 or permission of Instructor.	L+L 3.0 6.0 6.0
ART134	Photography IV	Emphasis on personal statement and style. Related graphic art forms explored. Development of portfolio	Prerequisites: A grade of C or better in ART133 or permission of Instructor.	L+L 3.0 6.0 6.0
ART135	Photojournalism I	Basic technical knowledge of photographic process as applied by mass media	Prerequisites: A grade of C or better in ART131 or permission of Instructor.	L+L 3.0 6.0 6.0
ART137	Alternative Photographic Processes	Emphasis on development of alternative photographic processes including technique, aesthetics, and creative imagery. Exploration of various types of non-silver photographic processes including cyanotype, Van Dyke, Polaroid imaging, and others	Prerequisites: None.	L+L 3.0 6.0 6.0
ART138	Commercial Photography I	Basic techniques of lighting, camera work, and reproduction of commercial photography. Cooperation with commercial art community.	Prerequisites: A grade of C or better in (ART131 or ART142) or permission of Instructor.	L+L 3.0 6.0 6.0
ART139	Commercial Photography II	Advanced techniques with portfolio organization and presentation	Prerequisites: A grade of C or better in ART138.	L+L 3.0 6.0 6.0
ART140	Portrait Photography	Fundamentals of portrait photography. Basic techniques of lighting, posing, design, and digital workflows applicable to the industry. Theory and practices of a portrait photography business.	Prerequisites: A grade of C or better in ART131, or ART142, or permission of Instructor.	L+L 3.0 6.0 6.0

ART142	Introduction to Digital Photography	Fundamentals of digital photography. Includes camera operations, exposure techniques, introduction to digital output, and theory of digital photography.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART143	Intermediate Digital Photography	Intermediate theory and techniques of digital photography. Aesthetic awareness and personal expression from image capture through intermediate techniques in the digital darkroom. Introduction to high-resolution digital output.	Prerequisites: A grade of C or better in ART142 or permission of Instructor.	L+L 3.0 6.0 6.0
ART145	Digital Storybook	Enables students to find and develop a narrative representing an aspect of their personal histories. Use of digital technology to produce and archive a storybook.	Prerequisites: None.	L+L 1.0 2.0 2.0
ART150	Digital Storytelling	Enables students to find and develop their personal stories. Emphasis on the use of digital technology to create, edit, produce and archive a digital story	Prerequisites: None.	L+L 3.0 6.0 6.0
ART151	Sculpture I	Exploration of sculptural form and expression in clay, plaster, stone, wood and metal.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART152	Sculpture II	Emphasis on control of sculptural media	Prerequisites: A grade of C or better in ART151.	L+L 3.0 6.0 6.0
ART153	Woodworking I	Fundamental woodworking techniques to produce creative functional and sculptural, three-dimensional objects.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART154	Woodworking II	Advanced design, joinery, fixture building, and woodworking techniques. Application of design principles.	Prerequisites: A grade of C or better in ART153.	L+L 3.0 6.0 6.0
ART155	Glass Fusing and Slumping I	Introduction to the basics involved in glass fusing and slumping. The concepts of glass, glass fusing, and glass slumping will be covered with hands-on experience using a variety of techniques to create finished glass projects such as jewelry, dishes, frames, and door bells.	Prerequisites: None.	L+L 3.0 6.0 6.0

ART156	Glass Fusing and Slumping II	Further study in the area of glass fusing and slumping. Advanced techniques including Pate-de-Verre, Pattern Bars, watchbands, bracelets, and patterned dishes.	Prerequisites: A grade of C or better in ART155.	L+L 3.0 6.0 6.0
ART158	Introduction to Glass Blowing	Introduction to the basics involved in free hand blowing glass. The concepts of hot glass, glass shaping, and glass blowing will be covered with hands-on experience using a variety of techniques to create finished glass projects such as spheres, cones, cups, and other hollow glass objects.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART159	Intermediate Glass Blowing	Further study in the area of glass blowing. Advanced techniques including traditional techniques as well as further investigation into color, form, and scale.	Prerequisites: A grade of C or better in ART158.	L+L 3.0 6.0 6.0
ART160	Advanced Glass Blowing	Further study in the area of glass blowing with emphasis on advanced techniques and design considerations, such as sculpting, larger scale projects, working in multiples, and further refinement of technical skill.	Prerequisites: A grade of C or better in ART159.	L+L 3.0 6.0 6.0
ART161	Ceramics I	Introduction to ceramic materials and techniques of hand construction, decorating, glazing and throwing on potters' wheel	Prerequisites: None.	L+L 3.0 6.0 6.0
ART162	Ceramics II	Major emphasis on wheel throwing, glaze making and decorating techniques	Prerequisites: A grade of C or better in ART161.	L+L 3.0 6.0 6.0
ART164	Introduction to Drawing and Digital Paint	Essential skills, concepts and use of digital media for drawing and painting. From concept to line-drawing; use of value, texture, color, lighting, space and scale elements to execute a finished rendering	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART164AC	Introduction to Drawing and Digital Paint III	Essential skills, concepts and use of digital media for drawing and painting to execute a finished rendering and output formats.	Prerequisites: Permission of Instructor.	L+L 1.0 2.0 2.0

ART165	Watercolor Painting I	Transparent and Gouache watercolor painting.	Prerequisites: A grade of C or better in (ART111 and ART112) or permission of Instructor.	L+L 3.0 6.0 6.0
ART166	Watercolor Painting II	Painting in water soluble media. Emphasis on individual techniques and design.	Prerequisites: A grade of C or better in ART165.	L+L 3.0 6.0 6.0
ART167	Painting I	Exploration of technical and expressive possibilities of various painting media in easel painting.	Prerequisites: A grade of C or better in (ART111 and ART112) or permission of Instructor.	L+L 3.0 6.0 6.0
ART168	Painting II	Continued refinement of painting skills and investigation of new possibilities in painting	Prerequisites: A grade of C or better in ART167 or permission of Instructor.	L+L 3.0 6.0 6.0
ART169	2D Media Design	Generation of two-dimensional (2D) images, designs, and media using digital and traditional methods of visual problem solving. Understanding digital and design-based techniques and workflows.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART170	3D Computer Design	Artistic manipulation of computer images. Emphasis on color and three-dimensional (3D) design in production of these images. Existing software used to generate three-dimensional art.	Prerequisites: A grade of C or better in ART100 or ADA/ART169 or permission of Instructor.	L+L 3.0 6.0 6.0
ART171	Jewelry I	Fundamentals of jewelry making. Covers hand formed methods, including cutting, shaping, forging, soldering, and lost wax technique	Prerequisites: None.	L+L 3.0 6.0 6.0
ART172	Jewelry II	Further refinement of personal expression using techniques and design concepts of ART171	Prerequisites: A grade of C or better in ART171.	L+L 3.0 6.0 6.0
ART173	Computer Art	Introduction to the multiple elements of paint software programs using the microcomputer. Basic foundation in the use of computer techniques including color paint programs for the production of computer images. Use of electronic input and output devices.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0

ART174	Electronic Color Principles	Interactive use of color for graphic communication. Color theory, color relationships and electronic color manipulation for computer graphic art, animation and multimedia.	Prerequisites: A grade of C or better in ART100 or Corequisites: ART100.	L+L 1.0 2.0 2.0
ART175	Electronic Publishing Design I	Introduction to the multiple elements of commercial publishing using the microcomputer. Basic foundation in the use of electronic page layout techniques. Emphasis on publication design layout and concepts.	Prerequisites: A grade of C or better in ART100 or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART177	Digital Photographic Imaging I	Introduction to multiple elements of digital imaging. Basic foundation in photographic manipulation of images, with special attention to aesthetic foundations underlying photographic composition.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART178	Digital Arts Studies	Designed for broad overview of the digital arts. Experience in digital based media, creative problem solving, design and aesthetics.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART179	Electronic Presentation Design	Introduction to the multiple elements of commercial-graphic presentation materials using the microcomputer and other advanced technologies. Basic foundation in the use of computer presentation software programs using presentation techniques. Special attention to aesthetic foundations underlying all presentation materials.	Prerequisites: A grade of C or better in ART100 or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART180AC	Designer's Tools: Quark Express	Introduction to the multiple elements of Quark Express, a visual art adaptation software package using the Macintosh microcomputer. Basic foundation course in the use of electronic techniques, including appropriate input and output production devices	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0

ART180AD	Designer's Tools: Adobe Illustrator	Introduction to the multiple elements of Adobe Illustrator, a visual art adaptation software package using the Macintosh microcomputer. Basic foundation course in the use of electronic techniques, including appropriate input and output production devices.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AE	Designer's Tools: Adobe Photoshop	Introduction to the multiple elements of Photoshop software package using the microcomputer. Basic foundation in the use of electronic techniques including appropriate input and output production devices.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AI	Designer's Tools:3-D Studio Textures	Introduction to multiple elements of 3-D studio material using DOS microcomputers. Basic foundation in the use of electronic input and output production devices.	Prerequisites: A grade of C or better in ADA/ART/MMT184 or ART284 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AJ	Designer's Tools:3-D Special Effects	Introduction to multiple elements of 3-D studio special effects software using DOS microcomputer. Basic foundation in the use of electronic input and output production devices.	Prerequisites: A grade of C or better in ADA/ART/MMT184 or ART284 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AK	Designer's Tools: Adobe Premiere	Basic functions and use of Adobe Premiere video editing software. Applications for computer animation, multimedia, and digital video production.	Prerequisites: A grade of C or better in ART100. ADA/ART/MMT184 is strongly recommended but not required.	L+L 1.0 2.0 2.0
ART180AL	Designer Tools: Character Studio	Character Studio 3D-Character Animation software. Character motion, editing and blending electronic with traditional techniques.	Prerequisites: A grade of C or better in ART100 and ADA/ART/MMT184. ART116 is recommended but not required.	L+L 2.0 5.0 5.0
ART180AM	Designer's Tools: Dreamweaver	Introduction to Dreamweaver software and Web editing process. Developing sites, automating production, Web design integration using graphics, and graphics output. Learn powerful Web editing methods.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0

ART180AN	Designer's Tools: Flash	Introduction to Flash software. Basic foundation in Flash vector graphics, 2D and 3D animation and creation of full motion video with sound.	Prerequisites: A grade of C or better in (ART180AD and ART180AE) or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AP	Designer's Tools: Photoshop for Multimedia	Advanced Adobe Photoshop techniques for multimedia. Foundations in imaging for animation, Web, graphics, digital video and offset graphics.	Prerequisites: A grade of C or better in ART180AE or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AR	Designer's Tools: Final Cut Pro	Introduction to non-linear editing using Final Cut Pro software for graphics, animation and the Web applications	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AS	Designer's Tools: Adobe InDesign	Basic functions and operations of Adobe InDesign software. Application for graphic design, publishing, digital pre- press production and web layout	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AT	Designer's Tools: Adobe After Effects	Introduction to Adobe After Effects software. Digital effects and motion graphics for the WEB, CD-ROM, DVD, video, film and animation	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0
ART181	Graphic Design I	Basic understanding of design principles and the stages of graphic design, with an emphasis on final product and presentation.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART182	Graphic Design II	Utilizing graphic design essentials of typography, contrast and layout to develop design solutions to problems in consumer advertising, typography and structure.	Prerequisites: A grade of C or better in ART181 or permission of Instructor.	L+L 3.0 6.0 6.0
ART183	Digital Graphic Arts I	Graphic design use in microcomputer; black and white graphics, standard and color brushes, lines, shapes, area fills and fonts. Application to illustration, advertising graphics, typography, and video interaction.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0

ART184	Digital Animation I	The art of animation (animated sequences, special effects, titles, etc.) using the computer. Construction characters, background graphics, color, scaling, storyboard, cells, timing, editing, and surface rendering. Screening and discussion of selected animated short films and videos.	Prerequisites: A grade of C or better in (ART111 or ART116) or permission of Instructor. Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART185	3D Modeling for Animation I	Basic concepts of 3D modeling. Anatomy of computer geometry; basic elements that make computer models-curves, surfaces, nurbs, and polygons. 3D translation, shading, materials, and rendering.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART187	Perspective Drawing for Animation	Perspective techniques for creating depth illusion as applied to principles of 3D modeling and animation. Study of size relationships, size and space variation, converging lines, vanishing points, overlapping planes. 3D lighting systems and light changes over distance	Prerequisites: None.	L+L 3.0 6.0 6.0
ART190	Art of Web Site Design	Introduction to design production for websites. Layout, typography and presentation style for HTML (Hyper Text Markup Language). Design of mock-ups using digital design software to produce artistic form and content for the Web using Hyper Text Markup Language (HTML), digital text, and graphics. Discussion of color, proportion, typography and Web-specific design principles. Emphasizes design of cross-browser compatible interfaces that optimize usability, accessibility and browser interoperability.	Prerequisites: A grade of C or better in ART100, or permission of Instructor. CIS133DA recommended.	L+L 3.0 6.0 6.0

ART190AA	Art of Website Design I	Introduction to design production for websites. Layout, typography and presentation style for HTML (Hyper Text Markup Language). Design of mock-ups using digital design software to produce artistic form and content for the Web using Hyper Text Markup Language, digital text, and graphics.	Prerequisites: A grade of C or better in ART100, or permission of Instructor. CIS133DA recommended.	L+L 1.0 2.0 2.0
ART190AB	Art of Website Design II	Producing Web site pages, using design and Hyper Text digital text and graphics. Discussion of color, proportion, typography and Web-specific design principles.	Prerequisites: A grade of C or better in ART100 and ART/MMT190AA, or permission of Instructor. CIS133DA recommended.	L+L 1.0 2.0 2.0
ART190AC	Art of Website Design III	Producing Web sites using artistic form and content. Emphasizes design of cross-browser compatible interfaces that optimize usability, accessibility and browser interoperability.	Prerequisites: A grade of C or better in ART100 and ART190AB, or permission of Instructor. CIS133DA recommended.	L+L 1.0 2.0 2.0
ART191	Storyboarding and Layout	Introduction to storyboarding including film storytelling and scene presentation.	Prerequisites: A grade of C or better in ART111 or ART187.	L+L 2.0 4.0 4.0
ART192	Advanced Web Presentation Design	Advanced interactive application and training for Web designers and graphic artists using Quark, Illustrator, Photoshop, HTML Flash, Dreamweaver and Digital Video site optimization techniques. Development of design concepts for web pages that communicate and deliver Web content creatively.	Prerequisites: A grade of C or better in ART/MMT190 or permission of instructor. ART180AM and ART180AN suggested but not required.	L+L 3.0 6.0 6.0

ART200	Animation and Interactivity	Animation and object-oriented programming concepts and techniques using industry standard authoring tools applied by the creative industry to animation productions, and interactive media. Introduction to animation and object-oriented programming concepts and techniques using industry standard authoring tools. Includes tools used by the creative industry for animation productions and interactive media.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART202	Media Productions I	Introduction to digital media production tools, equipment, and broadcast applications. Pre-production including script writing, storyboards, budgeting and copyright; studio and mobile production including the use of cameras, lighting, audio recording, and new media tools; post-production including media editing, transitions, titles, overlays and basic motion graphics.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART203	Aesthetics of Web Design	Develop portfolio-level web design projects. Emphasis on advanced elements and principles of design. Continued development of aesthetic awareness and personal expression. Evaluation of aesthetic principles throughout semester.	Prerequisites: A grade of C or better in ART/MMT190 or permission of Instructor.	L+L 3.0 6.0 6.0
ART210	Design Tools for Imagery, Production, and Publishing	Industry standard development of image manipulation, digital production, digital negatives, typography, and desktop publishing. New techniques using integrated software with multiple platform applications. Emphasis on alternative processes including: technique, aesthetics and creative imagery.	Prerequisites: A grade of C or better in ART100 and [ADA/ART169 or (ADA/ART180AD, ADA/ART180AE, and ART180AS)] and ART181, or permission of Instructor.	L+L 3.0 6.0 6.0
ART211	Drawing and Composition III	Advanced development of drawing skill with emphasis on compositional theory	Prerequisites: A grade of C or better in ART122 or permission of Instructor.	L+L 3.0 6.0 6.0

ART215	Advanced Electronic Publishing	Advanced use of electronic page layout techniques including in-depth styles; typography; technical documents and digital publishing interactivity.	Prerequisites: A grade of C or better in ADA/ART175.	L+L 3.0 6.0 6.0
ART216	Life Drawing III	Advanced creative study from model in various painting and drawing media	Prerequisites: A grade of C or better in ART117 or permission of Instructor.	L+L 3.0 6.0 6.0
ART217	Life Drawing IV	Further development of skills in expressive drawing materials and techniques as applied to finished drawings of the human form	Prerequisites: A grade of C or better in ART216 or permission of Instructor.	L+L 3.0 6.0 6.0
ART219	Coloring, Toning and Lettering for Sequential Art	Understanding of the digital rules and programs used in coloring, toning and lettering comics, and the problems presented therein within the sequential narrative. Emphasis on rules and guidelines within the industry, and digital coloring and lettering.	Prerequisites: A grade of C or better in (ART100, ART119, and ART120) or permission of Instructor.	L+L 3.0 3.0 3.0
ART220	Publishing for the Comic Industry	Understanding of the comics industry. Includes researching, marketing, packaging, and distributing comics. Emphasis on selling and submitting to comic publishers, how to develop comics for self-publishing, promotional materials, and understanding contracts and copyrights involved in the process of publishing comics.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART221	Comics Creation	Development of a complete sequential comic, using all comics skills from beginning to end. Process includes scripting, penciling, inking, coloring or toning, lettering, and printing for publication.	Prerequisites: A grade of C or better in (ART100 and ART219) or permission of Instructor.	L+L 3.0 3.0 3.0
ART222	Drawing and Composition IV	Further study of drawing techniques with emphasis on individual problems and techniques	Prerequisites: A grade of C or better in ART211 or permission of Instructor.	L+L 3.0 6.0 6.0

ART227	Estimating for Digital Output	Introduction to estimating for digital output including job costing, labor/time, material and equipment costs. Focus on layout and imposition for press. Learn outside purchasing and vendor relationship management.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART230	Visual Brand Design	Simulates an actual working environment which exposes students to the challenges and advantages of working in cross-functional teams. Topics include preparation for collaborative work environments, critical thinking and communication, messaging, and effectively employing marketing and design principles. Reviews logo creation and implementation, preparing online and offline collateral, creating marketing messaging and campaigns, written and oral communication, and personal presentation skills.	Prerequisites: A grade of C or better in (ART100 and MKT110) or permission of Instructor.	L+L 3.0 6.0 6.0
ART234	Color Photography I	Basic principles of color theory, camera and input and output techniques using slide film or digital photography.	Prerequisites: A grade of C or better in ART131 or ART142 or permission of Instructor.	L+L 3.0 6.0 6.0
ART235	Color Photography II	Basic theories and techniques of color negative materials	Prerequisites: A grade of C or better in ART234 or permission of Instructor.	L+L 3.0 6.0 6.0
ART236	Photography Location Shooting	Practical application of camera techniques, use of lighting, and on-location shooting for post-production printing.	Prerequisites: A grade of C or better in (ART131 OR ART142) OR permission of Instructor.	L+L 3.0 6.0 6.0
ART237	Fashion Photography	Practical application of photographic techniques within the fashion industry. Includes the photographing of models, garments, and accessories.	Prerequisites: A grade of C or better in (ART131 OR ART142) OR permission of instructor.	L+L 3.0 6.0 6.0

ART240	Cinematography and Directing for 2D/3D Animation	Essential skills, concepts and the use of virtual cameras in 2D and 3D animation environments: planning, pre-production, storyboards and pre-visualization using real-world camera principles is combined with rendering, sound and post-production in a nonlinear environment.	Prerequisites: A grade of C or better in (ADA/ART/MMT184, or ART/MMT185, or FMP108) or permission of Instructor.	L+L 3.0 6.0 6.0
ART241	Intaglio	Introduction to traditional concepts and techniques for Intaglio printmaking. Deals with black and white printing; includes brief introduction to color printing. Covers various tools and materials used in Intaglio	Prerequisites: A grade of C or better in ART111 and ART113.	L+L 3.0 6.0 6.0
ART242	Lithography	Provides introduction to concepts and techniques of Lithography, both in plate and stone methods. Focus on black and white Lithographic drawing techniques. Introduction in color printing given	Prerequisites: A grade of C or better in ART111 and ART113.	L+L 3.0 6.0 6.0
ART246	Digital Fabrication	Introduction to concepts and application of computer visualization, modeling, and rapid prototyping for interdisciplinary arts. Students will design sculptures applying 3D computer modeling techniques, rapid prototyping, and other available digital output devices to produce solid models.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART248	Design Self Promotion	Defining career goals, and developing a self-promotional marketing plan to enter the workplace, including a resume, business card, leave behind, social media presence, interactive portfolio and printed portfolio. Understand business ethics and etiquette, artist's rights, copyright laws and contractual agreements, and develop networking, interview and communication skills.	Prerequisites: None.	L+L 3.0 6.0 6.0

ART249	Visual Communication Project Management and Workflow	Communication and coordination of digital projects from inception through completion. Emphasis on job workflow including professional communication, time management, detailed follow through and conflict resolution with stakeholders.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART250	Introduction to Printmaking	Introduction to concepts and techniques involved in Fine Art field of Printmaking. Deals with three most basic Printmaking modes of Serigraphy, Woodcut, and Monoprinting in first part of course. Overview of Etching, Lithography and Papermaking in second part of course.	Prerequisites: A grade of C or better in ART111 and ART113.	L+L 3.0 6.0 6.0
ART251	Sculpture III	With emphasis on attention to individual problems and techniques	Prerequisites: A grade of C or better in ART152.	L+L 3.0 6.0 6.0
ART252	Sculpture IV	Advanced sculpture problems and professional practices	Prerequisites: A grade of C or better in ART251.	L+L 3.0 6.0 6.0
ART253	Woodcut	Focuses on relief method of printing, utilizing the techniques of Woodcut. Deals specifically with black and white images. Study of printing materials and tools, papers and printing methods. Relief printing in color introduced. Traditional forms of Woodcut, also an overview of innovative techniques in the field	Prerequisites: A grade of C or better in ART111 and ART113.	L+L 3.0 6.0 6.0
ART255	Art Marketing	Career goals, presentation of artist and art work (portfolio, resume, business cards, catalog), pricing and selling works, networking, establishing a studio, promotion and publicity, writing press releases, proposal writing, business ethics, artist rights, copyright law, contracts and agreements, royalties, record keeping, and communication skills	Prerequisites: None.	LEC 3.0 3.0 3.0
ART255AA	Self Promotion	Career goals, presentation of artist, communication skills, keeping files and records, developing self-promotional materials	Prerequisites: None.	LEC 1.0 1.0 1.0

ART255AB	The Portfolio	Choosing the right pieces to include, presenting art work, developing the portfolio.	Prerequisites: None.	LEC 1.0 1.0 1.0
ART255AC	Marketing Fine Art	Exhibitions and galleries, establishing a studio, alternative markets	Prerequisites: A grade of C or better in ART255AB or permission of Instructor.	LEC 1.0 1.0 1.0
ART256	Glass Fusing and Slumping III	Further study in the area of glass fusing and slumping with emphasis on advanced techniques and design considerations, such as, plates designed using different techniques, weaving or strip glass, and combining previous techniques to create projects.	Prerequisites: A grade of C or better in ART156.	L+L 3.0 6.0 6.0
ART257	Glass Fusing and Slumping IV	Further study of advanced glass fusing and slumping including problems, professional practices, personal expression and experimental research into various techniques.	Prerequisites: A grade of C or better in ART256.	L+L 3.0 6.0 6.0
ART258	Papermaking	Introduction to concepts and techniques of Fine Art Papermaking. Basic overview of historical origins of craft and importance of modern papermaking to fine arts	Prerequisites: A grade of C or better in ART111 and ART113.	L+L 3.0 6.0 6.0
ART259	Monoprinting	Introduction to concepts and techniques for Monoprintmaking. Deals with la prima technique used in painting in first part of course. Multi-plate printing and how method of printing relates to use of color and separation in second part of course	Prerequisites: A grade of C or better in ART111 and ART113.	L+L 3.0 6.0 6.0
ART261	Ceramics III	Emphasis on wheel throwing skill and individual style development	Prerequisites: A grade of C or better in ART162.	L+L 3.0 6.0 6.0
ART262	Ceramics IV	Experimental work in clays and glazes	Prerequisites: A grade of C or better in ART261.	L+L 3.0 6.0 6.0

ART263	Figure Painting	Study of the nude and clothed figure in painting with special attention upon relevant color palettes, direct and indirect figurative painting techniques, and development of anatomical knowledge and compositional structure. Students will draw upon both historical and contemporary modes of depicting the figure to develop a personalized approach to figure painting. Live models, photographs, drawings, "Planes of the Head" models, and the studio skeleton will be used as the basis of projects.	Prerequisites: A grade of C or better in ART167 or permission of Instructor.	L+L 3.0 6.0 6.0
ART264	Glass Casting	Further study of glass art with a focus on casting and kiln working, including problems, professional practices, personal expression and experimental application of various techniques.	Prerequisites: A grade of C or better in ART160.	L+L 3.0 6.0 6.0
ART265	Watercolor Painting III	Continuation of watercolor painting with emphasis on control and expression	Prerequisites: A grade of C or better in ART166.	L+L 3.0 6.0 6.0
ART266	Watercolor Painting IV	Advanced problems directed toward more personal expression	Prerequisites: A grade of C or better in ART265.	L+L 3.0 6.0 6.0
ART267	Painting III	Development of materials and techniques of painting. Individual problem-solving	Prerequisites: A grade of C or better in ART168 or permission of Instructor.	L+L 3.0 6.0 6.0
ART268	Painting IV	Advanced problem in painting. Study with greater emphasis on personal expression	Prerequisites: A grade of C or better in ART267 or permission of Instructor.	L+L 3.0 6.0 6.0
ART269AC	Digital Studio	Continued development of digital studio media with emphasis on advanced use of media techniques within a digital environment.	Prerequisites: A grade of C or better in (ADA/ART169 or ART170 or ART173 or ART179 or ART192 or ART274 or ART284 or ADA/ART289 or ART291) or permission of Instructor.	L+L 3.0 6.0 6.0
ART270	Digital Photographic Imaging II	Intermediate digital photographic imaging techniques. Refinement of aesthetic awareness and personal expression.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ADA/ART177.	L+L 3.0 6.0 6.0

ART271	Jewelry III	Emphasis on advanced jewelry design techniques and practices.	Prerequisites: A grade of C or better in ART172.	L+L 3.0 6.0 6.0
ART272	Jewelry IV	Emphasis on expanding repertoire of advanced jewelry design techniques and practices.	Prerequisites: A grade of C or better in ART271.	L+L 3.0 6.0 6.0
ART273AC	Special Topics: Multimedia Arts	Multimedia art studio course examining new and/or current topics in media and/or multimedia arts.	Prerequisites: Permission of Instructor.	L+L 3.0 6.0 6.0
ART274	Digital Photographic Imaging III	Advanced digital photographic imaging techniques. Advanced manipulation techniques of photographic images and time-based media. Continued development of aesthetic awareness and personal expression.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART270.	L+L 3.0 6.0 6.0
ART275	Lost Wax Casting I	Introduction to lost wax casting techniques for jewelry and small sculptures. Emphasis on design concepts as related to three-dimensional forms	Prerequisites: None.	L+L 3.0 6.0 6.0
ART276	Lost Wax Casting II	Advanced course in lost wax casting techniques for jewelry and small sculptures. Emphasis on the continuation of individual expression using the lost wax method	Prerequisites: A grade of C or better in ART275.	L+L 3.0 6.0 6.0
ART277	Textiles I	Introduction to exploration of textile media.	Prerequisites: A grade of C or better in ART112 or permission of Instructor.	L+L 3.0 6.0 6.0
ART279	Media Productions II	Intermediate digital media production techniques. Continued pre-production, production, and post-production skills. Exploration of types of productions including interviews, informational/how-to, marketing/product, and documentary/artistic media productions. Refinement of aesthetic awareness and personal expression.	Prerequisites: A grade of C or better in ART202 or permission of Instructor.	L+L 3.0 6.0 6.0

ART280AA	Digital Media Arts and Design Capstone	Focus on design, art, and development skills for a problem taken from business or industry. Includes practice-based capstone project focusing on a specific issue or need in digital media arts and design.	Prerequisites: Permission of Program Director or Instructor.	L+L 1.0 2.0 2.0
ART280AB	Digital Media Arts and Design Capstone	Focus on design, art, and development skills for a problem taken from business or industry. Includes practice-based capstone project focusing on a specific issue or need in digital media arts and design.	Prerequisites: Permission of Program Director or Instructor.	L+L 2.0 4.0 4.0
ART280AC	Digital Media Arts and Design Capstone	Focus on design, art, and development skills for a problem taken from business or industry. Includes practice-based capstone project focusing on a specific issue or need in digital media arts and design.	Prerequisites: Permission of Program Director or Instructor.	L+L 3.0 6.0 6.0
ART281	Graphic Design III	Advanced course in the process of graphic design and problem solving to meet customer specifications. Emphasis on steps needed to create and promote complex graphic design projects.	Prerequisites: A grade of C or better in ART182 or permission of Instructor.	L+L 3.0 6.0 6.0
ART282AA	Service-Learning Experience in Art	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
ART282AB	Service-Learning Experience in Art	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0
ART282AC	Service-Learning Experience in Art	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 3.0 3.0 0.0
ART283	Digital Graphic Arts II	Advanced skill development of graphic design through use of microcomputer. Emphasis on computer design and techniques for producing all types of camera-ready advertising art for printed matter and package design. Includes illustration, typography, photo imaging, and color separation.	Prerequisites: A grade of C or better in ADA/ART183 or permission of Instructor.	L+L 3.0 6.0 6.0

ART284	Digital Animation II	Elements of electronic animation with interactive text graphics, photography, sound, film, and video construction.	Prerequisites: A grade of C or better in ADA/ART/MMT184 or permission of Instructor.	L+L 3.0 6.0 6.0
ART285	3D Modeling and Animation II	Advanced techniques for 3D modeling and computer animation. Creating and applying 2D background and 3D model textures, creating and applying special effects to models and animation, designing, modeling, and animating a digital 3D character from a character study.	Prerequisites: A grade of C or better in ART/MMT185.	L+L 3.0 6.0 6.0
ART286	Graphic Design IV	Continuing advanced course in the process of graphic design and problem solving to meet customer specifications. Emphasis on creating complex graphic design projects.	Prerequisites: A grade of C or better in ART281 or permission of Instructor.	L+L 3.0 6.0 6.0
ART287	3D Character Animation	3D-Character modeling and animation for multimedia, film, broadcast, video games and interactive entertainment. Character motion, editing, and blending electronic with traditional techniques.	Prerequisites: A grade of C or better in ADA/ART/MMT184 or ART180AC. Corequisites: ART116 or permission of Instructor.	L+L 3.0 6.0 6.0
ART288	PDF Portable Document Format	Focuses on complexity, versatility and creation of a PDF file. Emphasis on the importance of the settings regarding color management, compression, and output. Includes fillable forms and interactive files with audio and video capabilities, editing functions, preflight abilities and security.	Prerequisites: A grade of C or better in ADA/ART175 or permission of Instructor.	L+L 3.0 6.0 6.0
ART289	Computer Illustration	Introduction to the multiple elements of commercial illustration using the microcomputer. Basic foundation in the use of computer techniques including color paint and draw programs for the production of commercial illustrations for publications and printed matter. Use of input and output devices.	Prerequisites: A grade of C or better in ART100 or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290AA	Studio Art	Studio course for art majors allowing continuation in a subject field.	Prerequisites: Permission of Instructor.	L+L 1.0 2.0 2.0

ART290AB	Studio Art	Studio course for art majors allowing continuation in a subject field.	Prerequisites: Permission of Instructor.	L+L 2.0 4.0 4.0
ART290AC	Studio Art	Studio course for art majors allowing continuation in a subject field.	Prerequisites: Permission of Instructor.	L+L 3.0 6.0 6.0
ART290BC	Studio Art: Drawing	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART111 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290CC	Studio Art: Mixed Media	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART112 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290DC	Studio Art: Life Drawing	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART117 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290EC	Studio Art: Photography	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART132 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290FF	Studio Art: Sculpture	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART252 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290GC	Studio Art: Ceramics	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART162 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290HC	Studio Art: Watercolor	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART166 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290JC	Studio Art: Color	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART113 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290KC	Studio Art: Glazing Techniques	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART162 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290LC	Studio Art: Clay Bodies	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART162 or permission of Instructor.	L+L 3.0 6.0 6.0

ART290MC	Studio Art: Digital Photography	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART143 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290PC	Studio Art: Painting	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART168 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290WC	Studio Art: Woodworking	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART154 or permission of Instructor.	L+L 3.0 6.0 6.0
ART291	Digital Prepress	Introduction to fundamental concepts of digital prepress necessary for the designer to create digital documents for accurate output and reproduction.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART292	Digital Output Prepress	Introduction to prepress for digital output. Foundation of job costing and the functions of a job ticket for proper file preparation including trapping, color management, file transfers, workflow, RIPping, imposition and file proofing.	Prerequisites: A grade of C or better in ART291 or permission of Instructor.	L+L 3.0 6.0 6.0
ART293	Digital Output	Emphasis on setup, operation, and maintenance of a digital press. Introduction to specialty and common substrates and inks. Instruction on quality control, troubleshooting techniques, and proper safety precautions for press, equipment, and consumables.	Prerequisites: Permission of Instructor.	L+L 3.0 6.0 6.0
ART295AC	Art Workshop/Seminar: Drawing	Advanced level workshop seminar in art disciplines	Minimum of three (3) credits introductory and three (3) credits intermediate level courses in specific field or permission of Department or Division Chair.	L+L 3.0 6.0 6.0
ART295BA	Art Workshop/Seminar: Sculpture	Advanced level workshop seminar in art disciplines	Minimum of three (3) credits introductory and three (3) credits intermediate level courses in specific field or permission of Department or Division Chair.	L+L 1.0 2.0 2.0

ASB100	Introduction to Global Health	The study of human health patterns at an international and local scale. Focus on pressing global health challenges that the world faces today are examined from a broad social, ecological, and cultural context.	Prerequisites: None.	LEC 3.0 3.0 3.0

ASB102	Introduction to Cultural Anthropology	Principles of cultural anthropology, with illustrative materials from a variety of cultures. The nature of culture; social, political, and economic systems; religion, aesthetics and language.	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB202	Ethnic Relations in the United States	Basic concepts and processes, including historic overview, of interethnic relations in the United States: culture, race, ethnicity, ethnocentrism, prejudice, discrimination, racism, assimilation, acculturation, and individual and group responses to interethnic contact. Cultural knowledge and intercultural communication skills and perspectives as fundamental tools for successful management of social relations in a multicultural world.	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB211	Women in Other Cultures	Cross-cultural analysis of the economic, social, political, and religious factors that affect women's status in traditional and modern societies	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB214	Magic, Witchcraft and Healing: An Introduction to Comparative Religion	Origins, elements, and forms of religion; a comparative survey of religious beliefs, myths, rituals and symbolism including magic, witchcraft and healing as practiced in selected regions of the world; the place of religion in the total culture	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB220	Anthropology Goes to the Movies	Archaeology and anthropology through the lens of popular films of the 20th and 21st Century. Explores the popularity of ancient humans as a topic for film ventures and how accurately they are portrayed. Provides the student with a basic knowledge of anthropology and offers film images of anthropologists and archaeologists and the practice of archaeology and anthropology. Analyzes accuracy of films depicting culture and our human past.	Prerequisites: None.	LEC 3.0 3.0 3.0

ASB222	Buried Cities and Lost Tribes: Old World	Introduction to archaeology through discoveries and the researchers who made them. Emphasis on methods of archaeological fieldwork and what these discoveries reveal about humanity, including the nature of archaeological inquiry, the development of human social groups, the changing role of religion in evolving societies, the origins of agriculture, the origins of settled lifeways, the rise of cities and complex societies, political strife across different cultures and the forces which tend to fragment societies. Examples drawn from Africa, Asia, Europe, the Pacific Islands, and Australia	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB223	Buried Cities and Lost Tribes: New World	Introduction to archaeology through discoveries and the researchers who made them. Emphasis on methods of archaeological fieldwork and what these discoveries reveal about humanity, including the nature of archaeological inquiry, the development of human social groups, the changing role of religion in evolving societies, the origins of agriculture, the origins of settled lifeways, the rise of cities and complex societies, political strife across different cultures and the forces which fragment societies. Examples drawn from North America, Central America, and South America.	Prerequisites: None.	LEC 3.0 3.0 3.0

ASB226	Human Impacts on Ancient Environments	Interrelationship between humans and their environments, using archaeological data and case studies beginning with early hominids. Uses of research to identify environmental change and distinguish between climatic and human-induced global change. Explores ways in which prehistoric people caused and responded to environmental changes	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB230	Principles of Archaeology	Introduction to archaeological methods and theory	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB231	Archaeological Field Methods	Excavation of an archaeological site; recording and interpreting data collected during the field experience. Overview of the cultures concerned; contemporary issues in archaeology.	Prerequisites: None.	L+L 4.0 6.0 6.0
ASB234	Art and Archaeology of Ancient Egypt	Introduction to the major social, political, religious and economic institutions of Ancient Egypt. The historical events and people that shaped Egyptian civilization	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB235	Southwest Archaeology	Anthropological perspective and comparative study of the cultures of prehistoric native peoples of the North American southwest	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB238	Archaeology of N America	Introduction to North American prehistory	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB245	Indians of the Southwest	Comparative study of the cultures, including the histories and present status, of Indians of the Southwest	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB251	Introduction to Museums	The changing nature of museum practice in acquiring and managing collections and disseminating information	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB252	Sports and Culture	Cross-cultural examination of symbolic and social dimensions of sports, past and present.	Prerequisites: None.	LEC 3.0 3.0 3.0

ASB253	Death and Dying Across Cultures	Responses to death and dying in cultures around the world. Explanations for particular cultural responses to death and dying. Examples drawn from ancient and contemporary cultures	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB254	Culture and Mass Communication	Investigation of mass communication as one of the greatest forces in the transmission and transformation of culture. Exploration of the effects of a variety of mass communication technologies - visual images, printed matter, and electronic media - on human behavior, attitudes, and value systems. The ways in which different culture contexts direct and shape innovations in communication technologies is also pursued	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB256	Cross-Cultural Perspectives: Warfare and Violence	Exploration of violent behavior patterns, especially warfare, through cross-cultural comparison. Analysis of gender participation, frequency and intensity, and causes for variation in the expression of violence. Comparison of traditional and modern styles of warfare with respect to the role of technology, population growth, and globalization. Review of origins of warfare and choice of violent over non-violent strategies for conflict resolution	Prerequisites: None.	LEC 3.0 3.0 3.0
ASB276	Nature of Language	Introduction to basic concepts of linguistic anthropology and implications for study of culture and society	Prerequisites: A grade of C or better in ASB102.	LEC 3.0 3.0 3.0
ASB282AA	Service-Learning Experience in Anthropology	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
ASB282AB	Service-Learning Experience in Anthropology	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0

ASB282AC	Service-Learning Experience in Anthropology	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 3.0 3.0 0.0
ASB298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
ASB298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
ASB298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0

ASD100	Foundations of Addictions and Substance Use Disorders	Introduction to the foundations of the alcohol and drug abuse rehabilitation field. Emphasis on the roles and responsibilities of the addictions counselor, ethical issues, pharmacology, family dynamics, dual diagnosis, intervention techniques, self-help groups, levels of care, symptom identification, and conducting alcohol/drug histories. Interactive work stressed.	Prerequisites: None.	LEC 3.0 3.0 3.0
ASD102	Communication Skills in Treating Addiction	Further examination and refinement of communication and beginning professional counseling skills as they relate to the addicted client and family members. Emphasis on practicing the application of these skills to various situations associated with treatment planning. Recordkeeping/documentation skills emphasized.	Prerequisites: None.	LEC 3.0 3.0 3.0
ASD110	Pharmacology of Substances of Abuse and Dependency	Exploration of the pharmacology of substance of abuse and dependency. Examines the effects of psychopharmacological chemicals on human physiology. Emphasis on identification and management of substances of abuse and dependency.	Prerequisites: None.	LEC 3.0 3.0 3.0
ASD120	Professional Ethics in Addictions and Substance Use Disorders	Exploration of topics relative to the professional and ethical development of the addictions and substance use disorders counselor, including codes of ethics, confidentiality laws, professionalism and boundary issues, and the meeting of individual counselor needs within the field.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD130	Legal Aspects of Addiction	Exploration of the interface between the legal/criminal justice systems and the addicted individual or service provider. Specific legal implications of addictions and substance use disorders counseling.	Prerequisites: None.	LEC 1.0 1.0 1.0

ASD145	AIDS and Addiction	Exploration of AIDS and its relationship to addiction. Emphasis on myths and realities of AIDS, personal values, feelings, and limitations and treatment goals.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD146	Peer Support Specialist	Introduction to the role and foundational responsibilities of a peer support specialist in the field of addictions and substance use. Explores basic pharmacology, ethics, case management, and crisis management. Recovery-Oriented Systems of Care (ROSC) is emphasized.	Prerequisites: None. Corequisites: ASD147.	LEC 4.0 4.0 4.0
ASD147	Peer Support Specialist Practicum	Peer support specialist preparation related to addictions and substance use disorders. Opportunity for students to use their developed knowledge and skills in an applied setting with supervision.	Prerequisites: None. Corequisites: ASD146.	LAB 3.0 5.0 5.0
ASD148	Introduction to the Science of Prevention	Overview of the science underlying evidence-based prevention interventions and strategies and the effective application of these approaches in prevention practice.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD149	Physiology and Pharmacology for Prevention	Overview of the physiology and pharmacology of psychoactive substances and their effects on the brain to affect mood, cognition, and behavior and the consequences of such use on the individual, family, and community.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD150	Principles of Self-Help Groups	Overview of the fundamental principles, concepts and historical antecedents of the various self-help groups. Emphasis on the self-help groups of Alcoholics Anonymous, Al-anon, Alateen, Narcotics Anonymous, Co-dependents Anonymous, and Adult Children of Alcoholics.	Prerequisites: None.	LEC 2.0 2.0 2.0

ASD150AA	Principles of Self-Help Groups Level I	Fundamental principles, concepts and historical antecedents of various self-help groups. Emphasis on the self-help groups of Alcoholics Anonymous, Al-anon, Alateen, Narcotics Anonymous, Co-dependents Anonymous, and Adult Children of Alcoholics.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD150BA	Principles of Self-Help Groups Level II	Overview of self-help groups including the various formats, use of slogans, and role of sponsors. Analysis of the twelve steps and relapse also covered.	Prerequisites: A grade of C or better in ASD150AA or Corequisites: ASD150AA.	LEC 1.0 1.0 1.0
ASD151	Prevention Interventions and Policies	Overview of primary evaluation methods used to measure evidence-based prevention interventions and gives guidance in applying them to "real-world" prevention settings.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD152	Family-Based Prevention Interventions	Overview of the family as the primary socialization agent of children, the science behind family-based prevention interventions, and the application of such evidence-based approaches to help prevent the onset of substance use in children.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD153	School-Based Prevention Interventions	Overview of the role of the school in society, the science behind school-based prevention interventions, and the application of such evidence-based approaches in school settings around the world.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD154	Workplace-Based Prevention Interventions	Overview of the role of work and the workplace in society, how stressors and other work-related influences affect risk of substance use, the science behind workplace prevention interventions, and the application of such evidence-based approaches in work settings around the world.	Prerequisites: None.	LEC 1.0 1.0 1.0

ASD155	Environment-Based Prevention Interventions	Overview of the science underlying evidence-based substance use prevention using environmental interventions, involving policy, and community-wide strategies.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD156	Media-Based Prevention Interventions	Overview of the science underlying the use of media for substance use prevention interventions.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD157	Community-Based Prevention Implementation Systems	Overview of the science underlying the systems approach to prevention interventions and guidance for developing such approaches, as well as exemplars of evidence-based drug use prevention systems.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD158	Gambling Disorders Prevention	Overview of gambling disorders prevention. Emphasis on current prevention research. Also includes information on gambling prevention resources.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD159	Adolescent Substance Use Prevention	Adolescent substance use prevention issues. Emphasis on current and developing adolescent prevention information. Covers common adolescent substance use characteristics and prevention strategies.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD160	Behavioral Addictions Prevention	Overview of behavioral addictions prevention issues. Emphasis on current research. Also includes community resources information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD161	Beginning Clinical Documentation Skills	Overview of addictions and substance use disorders counseling, interviewing, and documentation. Includes record keeping and documentation skills. Alcohol and drug abuse counselor core functions emphasized.	Prerequisites: None.	LEC 3.0 3.0 3.0

ASD165	Theories and Techniques in the Treatment of Addictions	Overview of counseling theories including the application to addictions and substance use disorders groups. Recordkeeping skills and beginning counseling skills emphasized.	Prerequisites: None.	LEC 2.0 2.0 2.0
ASD165AA	Theories and Techniques in the Treatment of Addictions Level I	Overview of beginning addictions and substance use disorders counseling skills and counseling theories. Covers issues of cross-addiction, transference, and counter transference.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD165BA	Theories and Techniques in the Treatment of Addictions Level II	Application of counseling theories to addictions and substance use disorders groups. Includes crisis intervention and client abuse as well as client documentation and feedback. Ethical and legal issues also covered.	Prerequisites: A grade of C or better in ASD165AA or Corequisites: ASD165AA.	LEC 1.0 1.0 1.0
ASD185	Addictions Seminar	Special topics in addictions and substance use disorders with an emphasis on current issues not covered in other addictions and substance use disorders courses.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD215	Adult Children of Alcoholics	Exploration of current research and issues related to the major adjustment problems of adult children of alcoholics. Emphasis placed on etiology, characteristics, post-traumatic stress, family systems, and treatment.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD220	Family Dynamics and Addiction	Analysis of the impact of addictions on all the members of a family. Interviewing, assessment and therapeutic approaches particularly useful for these family members presented.	Prerequisites: None.	LEC 3.0 3.0 3.0
ASD226	Counseling Multicultural and Diverse Populations	Exploration of influences of culture and diversity on addictions and substance abuse. Emphasis on recovery and therapeutic relationships.	Prerequisites: None.	LEC 3.0 3.0 3.0

ASD236	Relapse, Recovery, and Addiction	Review of the bio-psycho-social processes of recovery and relapse in addictions. Exploration into those factors that both contribute to and inhibit recovery and relapse.	Prerequisites: None.	LEC 2.0 2.0 2.0
ASD240	Human Sexuality and Addiction	An introduction to the role that addiction plays in human sexuality. Relationship dysfunctions stemming from or occurring with addiction. Sexual performance dysfunctions resulting from physiological/psychological effects of chronic substance abuse.	Prerequisites: Student must be 18 years or older.	LEC 2.0 2.0 2.0
ASD245	Co-Occurring Disorders	Examines co-occurring disorders from the bio-psycho-social model. Includes causes, consequences, assessment, and treatment, emphasizing the psychoeducational model of treatment.	Prerequisites: None.	LEC 2.0 2.0 2.0
ASD250	Group Interventions	Focus on group dynamics and group process as they relate to addictions and substance use disorders. Exploration of group developmental stages, family intervention models, various counseling approaches/techniques and their application to therapeutic, education and family groups.	Prerequisites: None.	LEC 3.0 3.0 3.0
ASD265	Co-Dependency	Theory and application of current research in co-dependency, a recognizable pattern of dysfunctional personality traits, predictably found within most members of families of an addict. Emphasis on characteristics, techniques for evaluation, intervention, and treatment.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD275	Advanced Theory and Techniques in the Treatment of Addiction Disorders	Capstone course for level two certificate in addictions and substance use disorders program. Focus on counseling theories and techniques used by counselors as they relate to the client and family members.	Prerequisites: A grade of C or better in ASD220, ASD226, ASD245 and ASD250 or permission of Instructor.	LEC 3.0 3.0 3.0

ASD280	Addictions and Substance Use Disorders Practicum	Opportunity for advanced students to use his/her developed knowledge and skills in an applied setting with supervision.	Prerequisites: A grade of C or better in ASD275 or permission of Department or Division.	LAB 6.0 18.0 18.0
ASD284	Current Issues and Addictions Seminar	Special topics in addictions and substance use disorders with an emphasis on current issues not covered in other addictions and substance use disorders courses.	Prerequisites: None.	LEC 0.5 0.5 0.5
ASD285	Addictions Seminar	Special topics in addictions and substance use disorders with an emphasis on current issues not covered in other addictions and substance use disorders courses.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285AA	Treatment for Stimulant Use Disorders Seminar	Stimulant use disorder treatment issues. Emphasis on current and developing treatment information. Covers common stimulant abuse characteristics and treatment strategies. Also includes community resource information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285BB	Adolescent Substance Abuse Treatment Seminar	Adolescent substance abuse treatment issues. Emphasis on current and developing treatment information. Covers common adolescent substance abuse characteristics and treatment strategies. Also includes community resource information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285CC	Addiction Review Seminar	A brief review of current addiction issues. Emphasis on current and developing treatment information. Covers common alcohol and drug addiction characteristics and treatment strategies. Also includes community resource information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285DD	Motivation for Change in Substance Abuse Treatment Seminar	Issues regarding motivational change in substance abuse treatment. Emphasis on current and developing treatment information. Covers common motivational change techniques. Also includes community resource information.	Prerequisites: None.	LEC 1.0 1.0 1.0

ASD285EE	Domestic Violence and Substance Abuse Seminar	Domestic violence and substance abuse treatment issues. Emphasis on current and developing domestic violence and substance abuse information. Covers techniques, strategies, and treatment modalities for domestic violence and substance abuse patients. Also includes community resource information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285FF	Street Drugs Seminar	Street drug issues. Emphasis on current and developing street drug information. Covers techniques strategies and treatment modalities for street drug abuse patients. Also includes community resource information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285GG	Addictive and Medical Plants Seminar	Addictive and medical plant issues. Emphasis on current and developing addictive and medical plant information. Covers addictive and medical plant typology. Also includes community resource information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285HH	Intervention and Treatment for Addictions and Substance Use Disorders Seminar	Brief interventions and treatment for addictions and substance use disorders. Emphasis on current and developing intervention and treatment information. Covers treatment and intervention techniques for use with addictions and substance use disorders. Also includes community resource information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285II	Multicultural Aspects	Multicultural aspects of counseling in addictions and substance use disorders. Emphasis on current and developing treatment information. Covers common aspects of multicultural characteristics and treatment strategies. Also explores ethical counselor/client relationships.	Prerequisites: None.	LEC 1.0 1.0 1.0

ASD285JJ	Clinical Supervision Training of Supervisors	Clinical supervision training of supervisor issues. Emphasis on current and developing treatment information. Also includes community resource information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285KK	Recovery-Oriented Systems of Care Seminar	Overview of recovery-oriented systems of care programs. Covers research, development, and characteristics of programs in addition to applicable federal mandates.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285LL	Gambling Addiction Seminar	A brief review of gambling addiction issues. Emphasis on current research, intervention, and treatments in the field. Also includes community resources information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285MM	Sexual Addiction Seminar	A brief review of sexual addiction issues. Emphasis on current research, intervention, and treatments in the field. Also includes community resources information.	Prerequisites: Student must be 18 years or older.	LEC 1.0 1.0 1.0
ASD285NN	Eating Disorders Seminar	An overview of issues associated with eating disorders. Emphasis on current research, intervention, prevention, and treatments in the field. Also includes community resources information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285OO	Eating Disorders: Special Considerations and Populations Seminar	A review of issues associated with eating disorders within diverse populations. Emphasis on multicultural populations, current research, intervention, prevention, and treatments in the field. Also includes community resources information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285PP	Eating Disorders: Conceptualization and Treatment Seminar	A review of issues associated with eating disorders. Emphasis on current research, intervention, prevention, and treatments in the field. Also includes community resources information.	Prerequisites: None.	LEC 1.0 1.0 1.0

ASD285QQ	Behavioral Addictions Seminar	A review of issues associated with behavioral addictions. Emphasis on current research, intervention, prevention, and treatments in the field. Also includes community resources information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285RR	Behavioral Addictions Seminar: Internet-Related Addictions	A review of issues associated with internet-based behavioral addictions. Emphasis on diagnostic descriptions and considerations for internet-based addictions including current research, intervention, prevention, and treatments in the field. Also includes community resources information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285SS	Marijuana Addiction Seminar	An overview of issues associated with marijuana addiction. Emphasis on current research, intervention, prevention, and treatments in the field. Also includes community resources information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD285TT	Opioid Addiction Seminar	An overview of issues associated with opioid addiction. Emphasis on current research, intervention, prevention, and treatments in the field. Also includes community resources information.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASD295	Advanced Foundations: Addictions and Substance Use Disorders Counselor Licensing/Certification Exams	Review for individuals preparing for addictions and substance use disorders counselor licensing and/or certification exams. Emphasis on ethics, treatment, pharmacology, family issues, and self-help groups.	Prerequisites: None.	LEC 3.0 3.0 3.0

ASD296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student's academic or career goals (student's present job may qualify); or permission of instructor. Corequisites: Must be concurrently enrolled in at least one class which is related to student's major or career interest or with permission of the instructor.	LAB 1.0 5.0 0.0
ASD296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student's academic or career goals (student's present job may qualify); or permission of instructor. Corequisites: Must be concurrently enrolled in at least one class which is related to student's major or career interest or with permission of the instructor.	LAB 2.0 10.0 0.0
ASD296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student's academic or career goals (student's present job may qualify); or permission of instructor. Corequisites: Must be concurrently enrolled in at least one class which is related to student's major or career interest or with permission of the instructor.	LAB 3.0 15.0 0.0

ASD296WD	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student's academic or career goals (student's present job may qualify); or permission of instructor. Corequisites: Must be concurrently enrolled in at least one class which is related to student's major or career interest or with permission of the instructor.	LAB 4.0 20.0 0.0
ASD298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
ASD298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0

Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
ASE101	Introduction to Automotive	Introduction to the standards of the automotive industry as well as an overview of the major automotive systems, safety practices, workplace habits, tools and equipment.	Prerequisites: None.	L+L 2.0 3.0 3.0
ASE102	Automotive Express Service	Use of standard service publications; performance of commonly used service operations following published service procedures; emphasis on good attitude development and safety habits about automotive service.	Prerequisites: None.	L+L 2.0 4.0 4.0
ASE102AU	Automotive Express Service	Use of standard service publications; performance of commonly used service operations following published service procedures; emphasis on good attitude development and safety habits about automotive service.	Prerequisites: None.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
ASE111	Engine Diagnosis and Inspection	Diagnosis and inspection of automotive internal combustion engines.	Prerequisites: None.	L+L 2.0 4.0 4.0
ASE111AU	Engine Diagnosis and Inspection	Diagnosis and inspection of automotive internal combustion engines.	Prerequisites: None.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
ASE113	Engine Repair	Diagnosis, disassembly, repair and reassembly of automotive internal combustion engines.	Prerequisites: None.	L+L 4.0 8.0 8.0
ASE113AU	Engine Repair	Diagnosis, disassembly, repair and reassembly of automotive internal combustion engines.	Prerequisites: None.	LEC 4.0 2.0 2.0 LAB 0.0 6.0 6.0

ASE121	Automatic Transmission and Transaxle	Principles of automotive operation, servicing and repair procedures for automatic transmissions / transaxles; includes diagnostics and testing of mechanical, electrical, and hydraulic components.	Prerequisites: None.	L+L 4.0 8.0 8.0
ASE121AU	Automatic Transmission and Transaxle	Principles of automotive operation, servicing and repair procedures for automatic transmissions / transaxles; includes diagnostics and testing of mechanical, electrical, and hydraulic components.	Prerequisites: None.	LEC 4.0 2.0 2.0 LAB 0.0 6.0 6.0
ASE131	Manual Drive Trains and Axles	Operation, diagnosis, service, and repair of the automotive powertrain. Includes manual transmissions/transaxles, clutches, drive axles, driveshafts, differentials, four-wheel drive, and all-wheel drive.	Prerequisites: None.	L+L 4.0 8.0 8.0
ASE131AU	Manual Drive Trains and Axles	Operation, diagnosis, service, and repair of the automotive powertrain. Includes manual transmissions/transaxles, clutches, drive axles, driveshafts, differentials, four-wheel drive, and all-wheel drive.	Prerequisites: None.	LEC 4.0 2.0 2.0 LAB 0.0 6.0 6.0
ASE141	Steering, Suspension and Pre-Alignment	Principles and operation of automotive suspension and steering systems.	Prerequisites: None.	L+L 2.0 4.0 4.0
ASE141AU	Steering, Suspension and Pre-Alignment	Principles and operation of automotive suspension and steering systems.	Prerequisites: None.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
ASE151	Introduction to Brake Systems	Fundamentals and operation of automotive braking systems. Includes training in service, testing, and repair of basic brake and brake-related components.	Prerequisites: None.	L+L 2.0 4.0 4.0
ASE151AU	Introduction to Brake Systems	Fundamentals and operation of automotive braking systems. Includes training in service, testing, and repair of basic brake and brake-related components.	Prerequisites: None.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
ASE161	Basic Automotive Electrical/Electronics	The basic principles of automotive electricity and electrical systems.	Prerequisites: None.	L+L 2.0 3.0 3.0

ASE161AU	Basic Automotive Electrical/Electronics	The basic principles of automotive electricity and electrical systems.	Prerequisites: None.	LEC 2.0 1.0 1.0 LAB 0.0 2.0 2.0
ASE162	Automotive Battery, Starting and Charging Systems	The principles of operation, testing and diagnosis of automotive battery, starting and charging systems.	Prerequisites: A grade of C or better in ASE161, or permission of Instructor.	L+L 2.0 3.0 3.0
ASE162AU	Automotive Battery, Starting and Charging Systems	The principles of operation, testing and diagnosis of automotive battery, starting and charging systems.	Prerequisites: A grade of C or better in ASE161, or permission of Instructor.	LEC 2.0 1.0 1.0 LAB 0.0 2.0 2.0
ASE171	Automotive Heating, Ventilation and Air Conditioning Systems	The theory and operation of automotive heating, ventilation and air conditioning systems. Training in diagnosis, service and repair of these systems.	Prerequisites: None.	L+L 3.0 7.0 7.0
ASE171AU	Automotive Heating, Ventilation and Air Conditioning Systems	The theory and operation of automotive heating, ventilation and air conditioning systems. Training in diagnosis, service and repair of these systems.	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 5.0 5.0
ASE181	Introduction to Engine Performance	An introductory course in automotive engine performance as it relates to the construction and operating principles of automotive internal combustion engines, fuel systems, ignition systems, and the related lubrication and cooling systems.	Prerequisites: None.	L+L 2.0 4.0 4.0
ASE181AU	Introduction to Engine Performance	An introductory course in automotive engine performance as it relates to the construction and operating principles of automotive internal combustion engines, fuel systems, ignition systems, and the related lubrication and cooling systems.	Prerequisites: None.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
ASE182	Fundamentals of Automotive Fuel/Air and Ignition Systems	The theory and fundamentals of automotive fuel/air delivery and ignition systems. The proper diagnosis and repair of the fuel/air delivery and ignition systems.	Prerequisites: A grade of C or better in ASE181, or permission of Instructor.	L+L 2.0 4.0 4.0 0.0
ASE182AU	Fundamentals of Automotive Fuel/Air and Ignition Systems	The theory and fundamentals of automotive fuel/air delivery and ignition systems. The proper diagnosis and repair of the fuel/air delivery and ignition systems.	Prerequisites: A grade of C or better in ASE181, or permission of Instructor.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0

ASE241	Advanced Steering, Suspension and Alignment	Advanced automotive principles of suspension and steering systems. Diagnosis, service and repair procedures, with emphasis on four-wheel alignment.	Prerequisites: A grade of C or better in ASE141, or permission of Instructor.	L+L 2.0 4.0 4.0
ASE241AU	Advanced Steering, Suspension and Alignment	Advanced automotive principles of suspension and steering systems. Diagnosis, service and repair procedures, with emphasis on four-wheel alignment.	Prerequisites: A grade of C or better in ASE141, or permission of Instructor.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
ASE251	Advanced Brake Systems	The operation, diagnosis, service and repair of advanced automotive brake systems.	Prerequisites: A grade of C or better in ASE151, or permission of Instructor.	L+L 2.0 4.0 4.0
ASE251AU	Advanced Brake Systems	The operation, diagnosis, service and repair of advanced automotive brake systems.	Prerequisites: A grade of C or better in ASE151, or permission of Instructor.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
ASE261	Automotive Electrical Diagnostics and Repair	Principles of automotive electrical diagnostics and repair.	Prerequisites: A grade of C or better in ASE162, or permission of Instructor.	L+L 2.0 4.0 4.0
ASE261AU	Automotive Electrical Diagnostics and Repair	Principles of automotive electrical diagnostics and repair.	Prerequisites: A grade of C or better in ASE162, or permission of Instructor.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
ASE262	Automotive Electronic Control Systems	Principles and operation of automotive electronics and electronic control systems.	Prerequisites: A grade of C or better in ASE261, or permission of Instructor.	L+L 2.0 4.0 4.0
ASE262AU	Automotive Electronic Control Systems	Principles and operation of automotive electronics and electronic control systems.	Prerequisites: A grade of C or better in ASE261, or permission of Instructor.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
ASE263	Hybrid Vehicle Overview	Automotive hybrid vehicle design and operation. Safety practices as suggested by manufacturers for servicing hybrid vehicle.	Prerequisites: A grade of C or better in ASE101.	L+L 2.0 4.0 4.0
ASE264	Automotive Electrical/Electronic Systems III	Designed for the advanced automotive student, this course covers the automotive computer, multiple computer systems, and automotive computer networks.	Prerequisites: A grade of C or better in ASE161 and ASE162, or permission of Instructor.	L+L 3.0 5.0 5.0

ASE265	Introduction to Electric Drive Vehicles	Designed for the advanced automotive student, this course introduces the theory and operation of electric vehicles including electric drive, hybrid, and fuel cell electric vehicles.	Prerequisites: A grade of C or better in ASE161 and ASE162, or permission of Instructor.	L+L 3.0 5.0 5.0
ASE266	Electric/Hybrid Vehicle High Voltage Batteries	This course covers the safety, operation, testing, diagnosis, and repair of electrical and hybrid high voltage batteries.	Prerequisites: A grade of C or better in ASE161 and ASE162, or permission of Instructor.	L+L 1.0 2.0 2.0
ASE267	Electric Vehicle Operation and Diagnosis	Covers the operation and diagnosis of electric/hybrid vehicles.	Prerequisites: A grade of C or better in ASE161 and ASE162, or permission of Instructor.	L+L 3.0 5.0 5.0
ASE281	Computerized Automotive Engine Control Systems	The theory of computerized engine control systems as they relate to engine performance and emissions control.	Prerequisites: A grade of C or better in ASE261 and ASE182, or permission of Instructor.	L+L 2.0 4.0 4.0
ASE281AU	Computerized Automotive Engine Control Systems	The theory of computerized engine control systems as they relate to engine performance and emissions control.	Prerequisites: A grade of C or better in ASE182, or permission of Instructor.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
ASE282	Advanced Engine Performance Diagnosis	Diagnosis and repair of emission and engine control systems. Emphasizes the proper diagnosis, documentation, and repair of systems faults.	Prerequisites: A grade of C or better in ASE261 and ASE281, or permission of Instructor.	L+L 2.0 4.0 4.0
ASE282AU	Advanced Engine Performance Diagnosis	Diagnosis and repair of emission and engine control systems. Emphasizes the proper diagnosis, documentation, and repair of systems faults.	Prerequisites: A grade of C or better in ASE261 and ASE281, or permission of Instructor.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
ASE290AA	Automotive Service Internship	Automotive work experience in the automotive service industry.	Prerequisites: Permission of Department or Division.	L+L 1.0 1.0 0.0
ASE290AB	Automotive Service Internship	Automotive work experience in the automotive service industry.	Prerequisites: Permission of Department or Division.	L+L 2.0 2.0 0.0
ASE290AC	Automotive Service Internship	Automotive work experience in the automotive service industry.	Prerequisites: Permission of Department or Division.	L+L 3.0 3.0 0.0

ASE296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Prerequisites: Completion of at least twelve (12) college credits, minimum 2.6 grade point average and be able to obtain a position related to student's academic or career goals (student's present job may qualify) or permission of instructor. Corequisites: Must be concurrent in at least one class which is related to student's major or career interest or with permission of the Instructor.	LAB 1.0 5.0 0.0
ASE296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Prerequisites: Completion of at least twelve (12) college credits, minimum 2.6 grade point average and be able to obtain a position related to student's academic or career goals (student's present job may qualify) or permission of instructor. Corequisites: Must be concurrent in at least one class which is related to student's major or career interest or with permission of the Instructor.	LAB 2.0 10 0.0
ASE296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Prerequisites: Completion of at least twelve (12) college credits, minimum 2.6 grade point average and be able to obtain a position related to student's academic or career goals (student's present job may qualify) or permission of instructor. Corequisites: Must be concurrent in at least one class which is related to student's major or career interest or with permission of the Instructor.	LAB 3.0 15 0.0

ASE296WD	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Prerequisites: Completion of at least twelve (12) college credits, minimum 2.6 grade point average and be able to obtain a position related to student's academic or career goals (student's present job may qualify) or permission of instructor. Corequisites: Must be concurrent in at least one class which is related to student's major or career interest or with permission of the Instructor.	LAB 4.0 20 0.0
ASE298AA	Special Projects	An organized and tailored activity around the interests and needs of the individual student. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
ASE298AB	Special Projects	An organized and tailored activity around the interests and needs of the individual student. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
ASE298AC	Special Projects	An organized and tailored activity around the interests and needs of the individual student. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
ASL090AA	Speedy American Sign Language I	Introduction of techniques for communicating with deaf people using American Sign Language (A.S.L.). Expressive and receptive sign skills, manual alphabet, numbers, and basic sign vocabulary.	Prerequisites: None. ASL103 suggested but not required.	LEC 1.0 1.0 1.0

ASL090AB	Speedy American Sign Language II	Use American Sign Language (ASL) to converse about feelings, family members, other people, clothing, events according to proper tense, and to count to one hundred.	Prerequisites: A grade of C or better in ASL090AA. Completion of prerequisites within the last three years is required.	LEC 1.0 1.0 1.0
ASL101	American Sign Language I	Introduction of principles, methods, and techniques for communicating with deaf people who sign. Development of expressive and receptive sign skills, manual alphabet, numbers, and sign vocabulary. Overview of syntax, grammar, and culture related to American Sign Language (A.S.L.).	Prerequisites: None. ASL103 suggested as a corequisite but not required.	LEC 4.0 4.0 4.0
ASL102	American Sign Language II	Continued development of knowledge and language skills for communicating with deaf people who sign. Includes numbers, fingerspelling, and culture. Emphasis on enhancement of receptive sign skills and continued development of expressive sign skills. Application of rudimentary, syntactical, and grammatical structure stressed with continued development of sign vocabulary.	Prerequisites: A grade of C or better in ASL101 or permission of Department or Division. Completion of prerequisites within the last three years is required.	LEC 4.0 4.0 4.0
ASL103	Introduction to the Deaf Community	History and development of American Sign Language (ASL) and English codes. Overview of education for Deaf and Hard of Hearing children. Legal rights and common adaptive devices used by Deaf and Hard of Hearing individuals.	Prerequisites: None.	LEC 1.0 1.0 1.0
ASL105	Survey of the Interpreting Profession	Survey of the field of sign language interpreting. Overview of cultural, historical and sociological framework for the principles, ethics, roles, responsibilities, and standard practices of the interpreting profession.	Prerequisites: None.	LEC 3.0 3.0 3.0

ASL110	Fingerspelling	Introduction to fingerspelling techniques. Focus on methods, theory, and applications on receptive and expressive skills including manual alphabet production and numbers. In addition, skill development in speed, dexterity, clarity, and lexicalized fingerspelling, numeric incorporation, prefixes, suffixes, and polysyllabic words.	Prerequisites: A grade of C or better in ASL101 or permission of Department or Division. Completion of prerequisites within the last three years is required.	LEC 3.0 3.0 3.0
ASL200	Issues and Resources	Implications of laws pertaining to educational choices and rights of deaf, deaf-blind, and hard of hearing individuals. Local, state, and national organizations, activities, and agencies affecting the deaf community.	Prerequisites: A grade of C or better in ASL102 or permission of Department or Division. Completion of prerequisites within the last three years is required.	LEC 3.0 3.0 3.0
ASL201	American Sign Language III	Linguistics of American Sign Language (A.S.L.) including non-manual behaviors and signing English idioms with conceptual accuracy. Emphasis on practical application of A.S.L. skills, expanded vocabulary, and cross-cultural communication.	Prerequisites: A grade of C or better in ASL102 or permission of Department or Division. (ENG101 or ENG107) and (CRE101 or equivalent as indicated by assessment) suggested but not required. Completion of prerequisites within the last three years is required.	LEC 4.0 4.0 4.0
ASL202	American Sign Language IV	Advanced American Sign Language skills including continued vocabulary. Emphasis on conversational techniques in a cross-cultural framework. Continued work on conceptual accurate signing of English idioms and words with multiple meanings.	Prerequisites: A grade of C or better in ASL201 or permission of Department or Division. (ENG101 or ENG107), ASL200, and (CRE101 or equivalent as indicated by assessment) suggested but not required. Completion of prerequisites within the last three years is required.	LEC 4.0 4.0 4.0
ASL203	American Sign Language V	Advanced study of vocabulary, classifiers, use of space, and grammatical features of American Sign Language (ASL). Includes evaluation of changes that occur in ASL as a living language. Advanced use of ASL in demonstrations, reports, and presentations	Prerequisites: A grade of C or better in ASL202. Completion of prerequisites within the last three years is required.	LEC 4.0 4.0 4.0

ASL204	Comparative Linguistics: ASL/English	A variety of topics about linguistics of American Sign Language (ASL) and English including phonology, morphology, lexicon, syntax, discourse, and language acquisition. Aspects of using sign language and how visual languages differ and are similar to spoken language.	Prerequisites: A grade of C or better in ASL202. Corequisites: ASL203. Completion of prerequisites within the last three years is required.	LEC 3.0 3.0 3.0
ASL212	Deaf Culture	Linguistic, social, educational, and political issues in deaf culture. Values and group identity issues as related to heritage and literature. Special emphasis on the cultural and philosophical attitudes shared with other minority groups.	Prerequisites: A grade of C or better in ASL202 or permission of Department or Division. Completion of prerequisites within the last three years is required.	LEC 3.0 3.0 3.0
ASL296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Prerequisites: Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student's academic or career goals (student's present job may qualify), or permission of Instructor. Corequisites: Concurrent in at least one class related to student's major or career interest, or permission of Instructor.	LAB 1.0 5.0 0.0
ASL296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Prerequisites: Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student's academic or career goals (student's present job may qualify), or permission of Instructor. Corequisites: Concurrent in at least one class related to student's major or career interest, or permission of Instructor.	LAB 2.0 10.0 0.0

ASL296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Prerequisites: Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student's academic or career goals (student's present job may qualify), or permission of Instructor. Corequisites: Concurrent in at least one class related to student's major or career interest, or permission of Instructor.	LAB 3.0 15.0 0.0
ASL296WD	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Prerequisites: Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student's academic or career goals (student's present job may qualify), or permission of Instructor. Corequisites: Concurrent in at least one class related to student's major or career interest, or permission of Instructor.	LAB 4.0 20.0 0.0
ASL298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

ASL298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
ASL298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
ASM104	Bones, Stones, and Human Evolution	Study of human evolution and variation; including fossil hominids and their tools, primate anatomy and behavior, human genetics, and the environment and human biology.	Prerequisites: None.	L+L 4.0 5.0 5.0
ASM265	Laboratory Methods in Archaeology	Techniques of artifact. Basic archaeological research techniques; methods of report writing.	Prerequisites: None.	L+L 4.0 4.0 4.0

ASM275	Forensic Anthropology	Survey of the role of forensic anthropologists, from the crime scene to the courtroom. Course focuses on how skeletal analysis can aid in medicolegal investigations, especially by identifying aspects of the life history of unknown individuals and by reconstructing events that took place at crime scenes. Covers both the legal aspects of forensic practice and the underlying biological basis for evidence obtained from skeletal remains. Examines applications of forensic anthropology in mass disasters, human rights investigations, and the deciphering of historic cases. Lab activities designed to illustrate techniques and principles central to the discipline.	Prerequisites: None.	L+L 4.0 5.0 5.0
ASM282AA	Service-Learning Experience in Anthropology	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
ASM282AB	Service-Learning Experience in Anthropology	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0
ASM282AC	Service-Learning Experience in Anthropology	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 3.0 3.0 0.0

Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

ASM298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
ASM298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
AST101	Survey of Astronomy	Survey of astronomy for the nontechnical student. The history, content, and evolution of the solar system and the universe in general. Astronomical principles and instrumentation. The planets, moons, sun, comets, stars and star formation, galaxies, and cosmology.	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
AST102	Survey of Astronomy Laboratory	Astronomical observations and exercises designed to familiarize students with the sky, telescopes, and methods used in astronomy.	Prerequisites: A grade of C or better in AST101 and permission of Instructor or Department or Division.	LAB 1.0 3.0 3.0
AST106	Life in the Universe	Introduction to the search for life in the universe for the non-science major. Earth's location in space and time, nature of life, light and the spectrum, origin and history of the universe, origin of life on Earth and the possibility of life on other planets.	Prerequisites: A grade of C or better in MAT090 or MAT091 or MAT092 or completion of higher level mathematics course, or satisfactory score on placement exam.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0

AST107	Life in the Universe Laboratory	Astronomy, Biology, and Planetary Science laboratory.	Prerequisites: A grade of C or better in AST/GLG106 and permission of Instructor or Department or Division.	LAB 1.0 3.0 3.0
AST111	Introduction to Solar System Astronomy	Introduction to astronomy for the non-science major. The scientific method, properties of light, astronomical instruments, our Solar System and solar systems around other stars. Includes hands-on astronomical observations and laboratory exercises.	Prerequisites: A grade of C or better in MAT092 or higher, or satisfactory score on district placement exam.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
AST112	Introduction to Stars, Galaxies, and Cosmology	Introduction to astronomy for the non-science major. Structure and evolution of stars; supernovae, black holes, and quasars; nebulae; star clusters; galaxies; cosmology, including the birth and death of the universe.	Prerequisites: A grade of C or better in MAT092 or higher, or satisfactory score on district placement exam.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
AST113	Introduction to Solar System Astronomy Laboratory	Hands-on astronomical observations and exercises to supplement AST111.	Prerequisites: A grade of C or better in AST111 and permission of Instructor or Department or Division.	LAB 1.0 3.0 3.0
AST114	Introduction to Stars, Galaxies, and Cosmology Laboratory	Hands-on astronomical observations and exercises to supplement AST112.	Prerequisites: A grade of C or better in AST112 and permission of Instructor or Department or Division.	LAB 1.0 3.0 3.0
AST282AA	Service-Learning Experience in Astronomy	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Permission of Instructor.	LAB 1.0 1.0 0.0
AST282AB	Service-Learning Experience in Astronomy	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0
AST282AC	Service-Learning Experience in Astronomy	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Permission of Instructor.	LAB 3.0 3.0 0.0

AST285	Introduction to Astrodynamics	Introduction to celestial mechanics and the dynamics of spacecraft navigation. Introduction to rocket propulsion and spacecraft design. Orbital and interplanetary celestial mechanics and maneuvers. Astrophysics and characteristics of the space environment. Lab is project-based, utilizing a real-time spacecraft simulation environment.	Prerequisites: A grade of C or better in ENG101 and (PHY115 or PHY121).	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
AST294	Special Topics in Astronomy	Conceptual, experimental, and computational aspects of a special topic in astronomy.	Prerequisites: Permission of Department or Division.	LEC 3.0 3.0 3.0
AST294AA	Special Topics in Astronomy	Conceptual, experimental, and computational aspects of a special topic in astronomy.	Prerequisites: Permission of Department or Division.	LEC 2.0 2.0 2.0
AST294AB	Special Topics in Astronomy	Conceptual, experimental, and computational aspects of a special topic in astronomy.	Prerequisites: Permission of Department or Division.	LEC 1.0 1.0 1.0
AST294AC	Special Topics in Astronomy	Conceptual, experimental, and computational aspects of a special topic in astronomy.	Prerequisites: Permission of Department or Division.	LEC 0.5 0.5 0.5
AST298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

AST298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
AST298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
ATC130	Air Traffic Control	Entry-level course in Air Traffic Management, provides the student with a fundamental knowledge of the United States air traffic control system.	Prerequisites: None.	LEC 3.0 3.0 3.0
ATC298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

ATC298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
ATC298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
ATP100	Introduction to Manufacturing and Programmable Logic Controllers	Explores the origin and basic operation of programmable logic controllers (PLC) in manufacturing processes. Laboratory exercises include ladder logic programming, installation, adjustment, and testing of digital and analog sensors, signal conditioners, and basic troubleshooting concepts.	Prerequisites: None.	L+L 3.0 6.0 6.0
ATP101	Introduction to Automated Systems and Robotics	An introduction to automation, distribution systems, Automated Storage and Retrieval Systems (ASRS), and the role of the manufacturing technician. Includes general manufacturing techniques, industry standards, and statistical process control.	Prerequisites: None.	LEC 2.0 2.0 2.0

ATP102	Industrial Automation Fundamentals	Introduction to the fundamentals of industrial automation systems. Topics include the theory, construction, and integration of various components used in industrial automation systems such as sensors, conveyors, electrical components, fluid power components, programmable logic controllers, and industrial robots.	Prerequisites: A grade of C or better in MIT120 or MAT090 or MAT091 or MAT092 or completion of higher level math course, or satisfactory score on math placement exam, or permission of Department or Division.	LEC 3.0 3.0 3.0
ATP105	Engineering Documentation	Analysis and interpretation of engineering documentation, common to manufacturing processes.	Prerequisites: None.	LEC 2.0 2.0 2.0
ATP106	Industrial Electrical Systems	Safety for electrical power and control systems, DC & AC circuit analysis, DC power supplies, switches and proximity sensors, inductors and capacitors, electrical and engineering documentation & schematics, digital multimeter & oscilloscope operation, solid state relays, and industrial control transformers.	Prerequisites: None.	L+L 3.0 6.0 6.0
ATP110	Basic Manufacturing Processes	Introduction to the traditional manufacturing processes used to cut, shape, process, and assemble materials into the tools and equipment used to support industry and consumer needs. Processes explored include machining, casting, welding, heat treating, coatings, and assembly.	Prerequisites: None.	L+L 2.0 3.0 3.0
ATP111	Mechanical Systems and Maintenance	Examination of mechanical drive systems. Includes fundamentals of direct drives, belt and pulley drives, chain drives and gear drives. Explores calculating and measuring quantities such as power, speed, torque, speed and torque reduction/amplification, and backlash. Also includes hands-on experience assembling and aligning components, testing and troubleshooting systems.	Prerequisites: None.	L+L 3.0 6.0 6.0

ATP115	Fluid Power	Fundamental industrial fluid power concepts including hydraulic and pneumatic installation, maintenance, and adjustments for the control of automated manufacturing systems.	Prerequisites: None.	L+L 3.0 6.0 6.0
ATP120	Industrial Skills Verification - Employability Skills	This course is an accelerated industrial certification for employability skills, including certification of career readiness standards as measured by the National Career Readiness Certificate (NCRC).	Prerequisites: Permission of Instructor or Program Director.	LEC 1.0 1.0 1.0
ATP122	Basic Soldering Certification	This course is an accelerated industrial certification for basic J-STD soldering, including certification by IPC (Association for Connecting Electronics Industries).	Prerequisites: Permission of Instructor or Program Director.	L+L 1.0 1.0 1.0
ATP125	Electrical Wire Harness Assembly Skills Verification	This course is an accelerated industrial certification for basic J-STD soldering (including certification by IPO), certification of career readiness standards as measured by the National Career Readiness Certificate (NCRC), and the fabrication, wiring, inspection and repair techniques of aircraft electrical wire harness assemblies.	Prerequisites: Permission of Instructor or Program Director.	L+L 4.0 4.0 4.0
ATP130	DC Circuit Analysis	Direct current (DC) electric circuits. Ohm's law, Kirchoff's laws, series, parallel and series-parallel circuits, network theorems, fundamentals of magnetism in electric circuits.	Prerequisites: None.	L+L 2.0 2.0 2.0
ATP135	AC Circuit Analysis	Alternating Current (AC) circuits containing resistance and reactance. Detailed coverage of AC circuit parameters, including theorems, impedance matching, and resonance.	Prerequisites: A grade of C or better in ATP130 or ELE100 or approval of Instructor.	L+L 2.0 3.0 3.0
ATP150	Fluid Power 1 - Hydraulics, Pneumatics, and Vacuum Concepts	Fundamental fluid power and vacuum for industry. Pneumatic, hydraulic, and vacuum system technologies with emphasis on assembly, integration, and measurement.	Prerequisites: None.	L+L 2.0 3.0 3.0

ATP160	Programmable Logic Controllers 1 - Introduction to Ladder Logic	Introductory lecture and laboratory course explores the origin and basic operation of Programmable Logic Controllers (PLC) with laboratory exercises including wiring of hardware, ladder logic programming and basic troubleshooting concepts.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ATP135 or ELC119 or permission of Program Director.	LEC 3.0 2.0 2.0 LAB 0.0 4.0 4.0
ATP175	Introduction to Motors and Motor Controls	Introduction to direct current and alternating current (AC) motors, types of direct current (DC) and alternation motors.	Prerequisites: A grade of C or better in (ATP130 and ATP135) or ELE111.	L+L 2.0 3.0 3.0
ATP180	Programmable Logic Controllers 2 - Human-Machine Interfaces and Function Block Programming	Advanced lecture and laboratory course builds upon the foundations covered in introductory course, covering development and documentation of advanced ladder logic and function block programming, Programmable Logic Controller (PLC) control of variable frequency devices, and the installation and programming of Human Machine Interfaces (HMI).	Prerequisites: A grade of C or better in ATP160 or permission of Program Director.	LEC 4.0 2.0 2.0 LAB 0.0 5.0 5.0
ATP190	Industrial Robotics	Introduction to industrial robotics covering topics such as safety, operation, control technology, and programming.	Prerequisites: A grade of C or better in GTC108 or higher level math course.	LEC 3.0 4.0 3.7
ATP200	Sensors and Measurement	Applications of sensors and measurement including correct sizing and application	Prerequisites: A grade of C or better in ATP130 and ATP135, or permission of Instructor.	L+L 2.0 3.0 3.0
ATP201	Programmable Logic Controller (PLC) Systems	Advanced lecture and laboratory course builds upon the foundations covered in introductory course, including development and documentation of advanced ladder logic and function block programming, Programmable Logic Controller (PLC) control of variable frequency devices, PLC Networks and the installation and programming of Human Machine Interfaces (HMI).	Prerequisites: A grade of C or better in (ATP100 and ATP106) or permission of Instructor.	L+L 3.0 6.0 6.0

ATP205	Electric Motors and Controls	Examination of electrical motor control, power, and protection systems. Includes fundamentals of single and three-phase power, power, control and protection circuits. Also includes variable frequency drive (VFD), silicon controlled rectifier (SCR) control, and programmable logic controller (PLC).	Prerequisites: A grade of C or better in (ATP100 and ATP106) or permission of Instructor.	L+L 3.0 6.0 6.0
ATP210	Process Control	Introduction to instrumentation and control systems for wet type (continuous product) and dry type (discrete product) production systems. Includes process control concepts, instrumentation tag information, piping and instrumentation diagrams, level and flow sensing devices, Proportional-Integral-Derivative (PID) controllers, Programmable Logic Controllers (PLC), and final control elements.	Prerequisites: A grade of C or better in (ATP100 and ATP106) or permission of Instructor.	L+L 3.0 6.0 6.0
ATP215	Automation System Integration	Capstone course regarding the implementation of the planning, construction, adjustment, and testing of an industrial control system needed for the development of a functional automated system.	Prerequisites: A grade of C or better in (ATP201 and ATP205 and ATP210) or permission of Instructor.	L+L 3.0 6.0 6.0
ATP222	Servo Systems	Introduction to the industrial applications of Servo Systems specifically in automated systems. Instruction includes concepts, applications, and maintenance of servos and the control systems for servo installations.	Prerequisites: A grade of C or better in (ATP160 and ATP175) or permission of Instructor.	L+L 2.0 3.0 3.0

ATP235	Automation Using CNC Programming	Computer Numerical Control (CNC) Programming of Word Address Language (G&M Code) for CNC Machine tools. Two and three-axis CNC Programming for CNC controlled machines. CNC tool-path program structure and CNC machine tool-path simulation using CNC tool path simulator. Tooling, Speeds, Feeds and material removal as related to CNC machine tools and CNC controlled machines.	Prerequisites: A grade of C or better in ATP110 or permission of Instructor.	L+L 2.0 3.0 3.0
ATP245	Introduction to Solid Modeling - Solidworks 1	Concepts of engineering documentation to solid model mechanical design. Feature-based parametric modeling techniques for technical communication. Creation of solid models and technical documents of mechanical parts and assemblies per the American Society of Mechanical Engineers (ASME) Y14 standards.	Prerequisites: A grade of C or better in ATP105 or permission of Instructor.	L+L 3.0 4.0 4.0
ATP251	Fluid Power 2 - Automation Applications	Application of the basic Fluid Power principles of Hydraulics, Pneumatics, and Vacuum to the control of automated systems used to produce products through the application of discrete and hybrid electromechanical systems.	Prerequisites: A grade of C or better in ATP150 or permission of Instructor.	L+L 2.0 3.0 3.0
ATP260	Industrial Automation System Integration 1	Overview of the evaluation and planning activities needed to establish a functioning automated manufacturing application.	Prerequisites: A grade of C or better in ATP175 and ATP180, or permission of Instructor.	L+L 3.0 3.0 3.0
ATP265	Industrial Automation System Integration 2	A coordinating course regarding the implementation of the planning, construction, and industrial control systems needed for the development of a functional automated system.	Prerequisites: A grade of C or better in ATP260 or permission of Instructor.	L+L 3.0 3.0 3.0
ATP290	Lean and Six Sigma Techniques	Survey and application course regarding the utilization of Lean and six sigma techniques to enhance manufacturing processes.	Prerequisites: None.	LEC 3.0 3.0 3.0

ATP296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Prerequisites: Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to student's academic or career goals (student's present job may qualify) or permission of Instructor. Corequisites: Must be concurrent in at least one class which is related to student's major or career interest or with permission of the Instructor.	LAB 1.0 5.0 0.0
ATP296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Prerequisites: Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to student's academic or career goals (student's present job may qualify) or permission of Instructor. Corequisites: Must be concurrent in at least one class which is related to student's major or career interest or with permission of the Instructor.	LAB 2.0 10.0 0.0
ATP296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Prerequisites: Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to student's academic or career goals (student's present job may qualify) or permission of Instructor. Corequisites: Must be concurrent in at least one class which is related to student's major or career interest or with permission of the Instructor.	LAB 3.0 15.0 0.0

ATP296WD	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Prerequisites: Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to student's academic or career goals (student's present job may qualify) or permission of Instructor. Corequisites: Must be concurrent in at least one class which is related to student's major or career interest or with permission of the Instructor.	LAB 4.0 20.0 0.0
ATP298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
ATP298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0

ATP298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
AUT097	General Automotive Maintenance	A study of automotive systems operation and maintenance for the consumer. Purchasing service for cars and performing minor maintenance	Prerequisites: None.	LEC 3.0 3.0 3.0
AUT101	Internal Combustion Engines Theory	Study of construction and operating principles of internal combustion engines and related lubrication, cooling, fuel, and electrical systems	Prerequisites: None.	LEC 3.0 3.0 3.0
AUT101AA	Internal Combustion Engines Theory	Study of construction and operating principles of internal combustion engines and related lubrication, cooling, fuel, and electrical systems	Prerequisites: None.	L+L 3.0 4.0 4.0
AUT103AA	Automotive Electrical Systems	Basic principles and fundamentals of automotive electricity and electrical systems. Training in diagnosis, service and reconditioning procedures of automotive starting, charging, ignition, and electrical circuits and components	Prerequisites: None.	L+L 6.0 10.0 10.0

AUT103AB	Automotive and Electrical/Electronic Systems I	Designed for beginning automotive students. The principle of electricity; the mathematical computations involved with Ohm's Law; the use of meters; electrical schematics; the theory of electrical components as they relate to automobiles; the diagnosis, testing, service and repair of batteries, starting systems and charging systems, lighting systems and instrumentation	Prerequisites: None.	L+L 4.0 7.0 7.0
AUT103BD	Ignition Systems	Diagnosis, service, and reconditioning procedures for automotive ignition systems	Prerequisites: Permission of Instructor.	LEC 1.0 1.0 1.0
AUT103DA	Basic Automotive Electrical Theory	Covers introductory level automotive electrical theory. This includes shop safety and procedures, Circuits, Ohm's Law, use of meters, oscilloscopes, and other basic test equipment, as well as diagnosis of problems in and caused by electrical circuits. Repair of these problems also covered	Prerequisites: None.	L+L 1.1 2.0 2.0
AUT103DB	Automotive Batteries	Study of automotive batteries. Diagnosis, testing, service, and repair of batteries and related circuits covered	Prerequisites: A grade of C or better in AUT103DA or permission of Instructor.	L+L 0.6 1.0 1.0
AUT103DC	Automotive Charging Systems	The diagnosis, testing, service, and repair of charging systems and related components	Prerequisites: A grade of C or better in AUT103DA or permission of Instructor.	L+L 0.9 1.5 1.5
AUT103DD	Automotive Starting Systems	Covers the starting motor systems used on modern automotive vehicles including light duty trucks. Diagnosis, testing, service, and repair of starting systems and related components covered.	Prerequisites: A grade of C or better in AUT103DA or permission of Instructor.	L+L 0.6 1.12 1.12
AUT103DE	Automotive Lighting, Indicator, and Warning Circuits	Covers the operation of, diagnosis and repair of common automotive lighting, instrumentation, and warning device circuits used on the automobile.	Prerequisites: A grade of C or better in AUT103DA or permission of Instructor.	L+L 0.8 1.37 1.37

AUT104AA	Automotive Fuel Systems	Theory and operation of fuel injection, engine control management, turbo charging and fuel systems, training in diagnosis, service and reconditioning procedures	Prerequisites: A grade of C or better in AUT103AA or AUT103AB or permission of Instructor.	L+L 3.0 5.0 5.0
AUT105AA	Engine Performance and Diagnosis	The theory and fundamentals of automotive engine management troubleshooting and oscilloscope testing as it pertains to diagnosis and tune-up of the modern day automobile. Emphasis on interpretation of oscilloscope patterns and Scantool Data as they relate to engine performance.	Prerequisites: A grade of C or better in (AUT103AA and AUT104AA) or permission of Instructor.	L+L 3.0 5.0 5.0
AUT106AA	Engine Overhaul and Reconditioning	Diagnostic and service skills essential to service and repair automotive internal combustion engines. Includes valve guide, seat reconditioning, cylinder block, piston, rod and crankshaft service	Prerequisites: None.	L+L 4.0 8.0 8.0
AUT106AC	Engine Overhaul and Reconditioning: Heads and Valves	Diagnostic and service skills essential to service and repair of the cylinder head and valve train of contemporary automotive engines. Includes valve, guide, and seat reconditioning and service. Does not include block and crankshaft service	Prerequisites: A grade of C or better in AUT103AA or permission of Instructor.	L+L 3.0 5.0 5.0
AUT106AD	Engine Overhaul and Reconditioning Block and Crankshaft	Diagnostic and service skills related to cylinder block, piston, rod and crankshaft service. Includes honing, boring and crankshaft reconditioning as well as piston and ring service. Does not include cylinder head and valve work.	Prerequisites: None.	L+L 3.0 5.0 5.0
AUT107AA	Automotive Air Conditioning	The theory and principles of refrigeration and air conditioning. Training in diagnosis, servicing, and reconditioning procedures of automotive air conditioning systems	Prerequisites: None.	L+L 3.0 5.0 5.0
AUT107AC	Automotive Air Conditioning	The theory and principles of refrigeration and air conditioning. Training in diagnosis, servicing, and reconditioning procedures of automotive air conditioning systems	Prerequisites: None.	L+L 3.0 6.0 6.0

AUT107AD	Automotive Air Conditioning	The theory and principles of refrigeration and air conditioning. Training in diagnosis, servicing, and reconditioning procedures of automotive air conditioning systems including electronic system controls.	Prerequisites: A grade of C or better in AUT103AA.	L+L 4.0 7.0 7.0
AUT108AA	Front-End Suspension, Steering, and Alignment	The fundamentals and principles of suspension and steering systems. Diagnosis, service, and reconditioning procedures. Laboratory emphasis on front-end alignment and wheel balancing	Prerequisites: A grade of C or better in AUT103AA or permission of Instructor.	L+L 6.0 10.0 10.0
AUT108AB	Front-End Suspension, Steering, and Alignment	The fundamentals and principles of suspension and steering systems. Diagnosis, service, and reconditioning procedures. Laboratory emphasis on front-end service and alignment	Prerequisites: None.	L+L 4.0 7.0 7.0
AUT109AA	Automotive Brake Systems	The fundamentals and principles of hydraulics and automotive braking systems. Diagnosis, service, and reconditioning procedures of automotive braking systems	Prerequisites: None.	L+L 3.0 5.0 5.0
AUT109AC	Automotive Brake Systems	Designed for beginning automotive students. Fundamentals of drum, disc, and ABS brakes. Includes training in diagnosis, testing, service, and repair	Prerequisites: None.	L+L 4.0 7.0 7.0
AUT110AA	Automotive Transmissions and Power Trains	The fundamentals and principles of transmissions, clutches, planetary gearsets, fluid coupling, drive lines, and differentials. Diagnosis, service, and reconditioning procedures. Includes minor diagnosis and service procedures for automatic transmissions	Prerequisites: None.	L+L 3.0 5.0 5.0
AUT110AC	Automotive Power Trains	Designed for beginning automotive students. Operation, diagnosis, service, and repair of the automotive power train. Includes clutches, torque converters, standard and automatic transmissions and transaxles, front and rear drive axles, drive shafts, differentials and transfer case	Prerequisites: None.	L+L 4.0 7.0 7.0

AUT114	Compressed Natural Gas Cylinder Inspection	Identification of the four types of gas cylinders. Condition of the cylinder(s), safety issues associated with gas tanks, and inspection procedures	Prerequisites: None.	LEC 1.0 1.0 1.0
AUT115AA	Diesel Engine Fuel Systems	Operation, diagnosis, maintenance, and testing procedures of fuel injection pumps, injectors, and related fuel system components	Prerequisites: None.	L+L 3.0 5.0 5.0
AUT123	Automatic Transmissions	Theory of operation and servicing procedures for current automatic transmissions.	Prerequisites: A grade of C or better in (AUT103AA and AUT104AA) or permission of Instructor.	LEC 6.0 4.0 4.0 LAB 0.0 6.0 6.0
AUT123AA	Automatic Transmissions	Theory of operation and servicing procedures for current domestic automatic transmissions; includes diagnostics and testing of mechanical, electrical, and hydraulic components	Prerequisites: None.	L+L 4.0 8.0 8.0
AUT130	Automotive Quick Service	Use of standard service publications; performance of commonly used service operations following published service procedures; emphasis on good attitude development and safety habits about automotive service.	Prerequisites: None.	L+L 4.0 7.0 7.0
AUT203	Electrical Accessories	Theory and principles of wiring diagrams, accessories circuits, turn signals, and warning systems. Circuit trouble-shooting and service of gauges, indicators, power windows and seats, deck latches, and windshield wipers. Computerized electronic devices.	Prerequisites: A grade of C or better in AUT103AA or permission of Instructor.	L+L 3.0 5.0 5.0
AUT210	Automotive Emission Systems	Automotive emissions control systems and methods of emissions measurement. Diagnostic practices as suggested by the manufacturers and the related service of emissions control devices	Prerequisites: A grade of C or better in (AUT103AA and AUT104AA) or permission of Instructor.	LEC 3.0 3.0 3.0

AUT210AA	Automotive Emission Systems	Automotive emissions control systems and methods of emissions measurement. Diagnostic practices as suggested by the manufacturers and the related service of emissions control devices	Prerequisites: A grade of C or better in (AUT103AA and AUT104AA) or permission of Instructor.	L+L 3.0 5.0 5.0
AUT215AA	Automotive and Electrical/Electronic Systems II	Electrical accessory circuits including horns, wipers, defoggers, automatic door locks, power mirrors, power windows and power seats. Focuses on introduction to body computers, advanced lighting circuits and instrumentation, and chassis electronic control systems. Includes training in diagnosis, testing, service, and repair.	Prerequisites: A grade of C or better in AUT103AA or AUT103AB or permission of Instructor.	L+L 4.0 7.0 7.0
AUT233	Computerized Engine Control Systems	Presents the reasons for developing and using computerized engine control systems. Explores system operation, examining each component. Emphasizes diagnosis and repair of system faults	Prerequisites: A grade of C or better in AUT103AB and AUT104AA or permission of Instructor.	L+L 3.0 5.0 5.0
AUT240	Hybrid Vehicle Overview	Automotive hybrid vehicle design and operation. Safety practices as suggested by manufacturers for servicing hybrid vehicles.	Prerequisites: A grade of C or better in AUT130.	L+L 2.0 3.0 3.0
AUT282AA	Service-Learning Experience in Automotive	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
AUT282AB	Service-Learning Experience in Automotive	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0
AUT282AC	Service-Learning Experience in Automotive	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 3.0 3.0 0.0

AVT250	Navigation Systems: Advanced	Theory of operation, interfacing, and troubleshooting of automatic directional finder, very high frequency range, instrument landing, microwave landing, air traffic control, traffic alert, and collision avoidance, distance measurement equipment, radio altimeter, altitude alert, and ground proximity warning systems.	Airframe and Powerplant (A&P) license, or permission of Department or Division.	L+L 6.0 8.0 8.0
AVT260	Navigation Systems: Long Range	Theory of operation, interfacing, and troubleshooting of long range navigational, weather radar, and airborne data integrated, weight and balance computations, and flight control systems.	Prerequisites: Airframe and Powerplant (A&P) license and (a grade of C or better in AVT250 or permission of Department or Division).	L+L 6.0 8.0 8.0
AVT298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
AVT298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0

AVT298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
BAW112	Hair Essentials	Focus on the competencies of the Cosmetologist and the Hair Stylist Certificate Programs and the Arizona State Board of Cosmetology as an introduction to the basic theory and procedures in Cosmetology Hair Essentials.	Prerequisites: None.	L+L 7.0 17.0 17.0
BAW114	Student Salon I	Introduction to Cosmetology Student Salon operations and client services in the Cosmetology Clinic. Focus on application of skills learned in the classroom on live and mock clients.	Prerequisites: None.	L+L 4.0 8.0 8.0
BAW116	Student Salon II	Continuation of student salon with a focus on real life scenarios to serve a client and/or become a future business owner in the beauty industry.	Prerequisites: A grade of C or better in BAW114.	L+L 4.0 8.0 8.0
BAW118	Hair Stylist State Licensure	Preparation for the written and practical examinations for Arizona State Board of Cosmetology licensure as related to hairstyling. Focus on Arizona State testing procedures for the written and practical examinations, as well as applicable Arizona State laws for a Hairstylist. Final salon business practices and services.	Prerequisites: None.	L+L 4.0 8.0 8.0
BAW119	Nail Essentials	Introduction to nail services in the beauty industry. Focus on knowledge and skills of providing nail services on actual clients in a salon setting.	Prerequisites: None.	L+L 4.0 8.0 8.0

BAW212	Skin Essentials	Introduction to skin services in the beauty industry. Focus on knowledge and skills of providing skin services on actual clients in a salon setting.	Prerequisites: None.	L+L 4.0 8.0 8.0
BAW214	Student Salon III	Focus on application of cosmetology skills learned in the live salon setting to perform services with limited instructor assistance. Industry readiness and preparation to perform services in the chosen field of expertise after licensure with Arizona State Board of Cosmetology.	Prerequisites: A grade of C or better in BAW116.	L+L 4.0 8.0 8.0
BAW218	Cosmetology State Licensure	Preparation for the written and practical examinations for Arizona State Board of Cosmetology licensure. Focus on Arizona State testing procedures for the written and practical examinations, as well as Arizona State laws for a cosmetologist. Final salon business practices and services.	Prerequisites: None.	L+L 4.0 8.0 8.0
BAW298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

BAW298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
BAW298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
BHS100	Behavioral Health Seminar	Special topics in behavioral health services with an emphasis on current issues	Prerequisites: None.	LEC 1.0 1.0 1.0
BHS105	Introduction to Human Relations	Introduction to the field of Behavioral Health Professionals including exposure to basic counseling skills	Prerequisites: None.	LEC 2.0 2.0 2.0
BHS150	Introduction to Behavioral Health and Social Services	Survey of the behavioral health and social services professions, including scope of practice and training requirements. Exploration of employment opportunities in the field and self-assessment/academic planning for a career in mental health. Overview of mental health disorders and first responder skills in a mental health crisis situation.	Prerequisites: None.	LEC 3.0 3.0 3.0

BHS152	Communication Skills in Counseling II	Application of communication skills important in establishing and maintaining effective helping relationships. Emphasis on rapport building, effective listening skills, appropriate feedback and the helping process.	Prerequisites: A grade of C or better in BHS165.	LEC 3.0 3.0 3.0
BHS155	Professional Resiliency Against Traumatic Stress, Burnout and Compassion Fatigue Prevention	Introduction to human resilience against burnout, traumatic stress, and compassion fatigue for social services and mental health professionals, healthcare providers, emergency first responders, and other relationship-intense occupations. Causes, symptoms, and effects of traumatic stress, burnout compassion fatigue and other work-related stress. Focus on enhancing quality of life and improving a healthy lifestyle by incorporating evidenced-based practices in biobehavioral self-regulation, mindfulness, cognitive restructuring, positive psychology, peer support, and self-care, including nutrition, exercise, and sleep. Techniques that function as preventative medicine to help mitigate the potential harmful effects of highly stressful careers.	Prerequisites: None.	LEC 1.0 1.0 1.0
BHS157	Supervised Practice II	Supervised practical experience as a paraprofessional in a social service agency. Assignment as an assistant to a practicing behavior health practitioner.	Prerequisites: A grade of C or better in BHS190 and permission of Department or Division.	L+L 3.0 15.0 0.0

BHS160	Ethical, Legal and Professional Issues in Behavioral Health and Social Service	Explores relevant ethical, legal, and professional issues inherent in the behavioral health and social services field, including expectations of and limitations on providers. Key areas of inquiry include boundaries and dual relationships, mandated reporting, confidentiality, scope of practice, beneficence and non-maleficence, rights and responsibilities, professional relationships, and credentialing/regulating agencies.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS165	Applied Therapeutic Communication Skills	Theory and practice of communication skills to establish and maintain effective helping relationships and enhance the therapeutic alliance. Emphasis on verbal communication, nonverbal communication, paraverbal communication, rapport building, empathetic and active listening skills, resolving interpersonal conflicts, appropriate feedback, and developing and maintaining personal and professional relationships.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS168	Hospice Volunteer Training	Exploration of hospice care and related medical, social, emotional and spiritual concepts for the helping professional working with patients and their families	Prerequisites: None.	LEC 2.0 2.0 2.0
BHS170	Case Management and Clinical Documentation	Overview and application of the principles, practices, and function of case management in human services. Case management service delivery and coordination for clients with psychological, developmental, and psychiatric and comorbid medical conditions. Documentation techniques necessary to maintain clinical records in a variety of behavioral healthcare settings.	Prerequisites: None.	LEC 3.0 3.0 3.0

BHS175	Introduction to Trauma-Informed Care and Trauma-Focused Caregiving	Comprehensive overview of various types of trauma, neurobiological effects of traumatic stress, and ethics associated in working with a trauma survivor. Concepts and skills needed to become a fully functioning trauma-informed caregiver professional in the mental health and primary care setting.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS178	Peer Training for Behavioral Health Paraprofessionals	Role exploration and expectations of the behavioral health paraprofessional. Confidentiality, communication, attending skills and developing rapport with persons with psychiatric illnesses. Workplace responsibilities, ethics, and boundaries. Mental health recovery, psychosocial rehabilitation and best practices in the treatment of psychiatric disorders. Client management and interventions to include crises intervention, coordination of care, and psychopharmacology, and clinical documentation	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS180	Child, Family, and Adult Advocacy	The role of advocacy in relation to multiple systems affecting children, families, and adults. Emphasis on identifying appropriate supports, community resources, and "wrap-around" services to help foster healthy family and child development, adult recovery, and social welfare.	Prerequisites: None.	LEC 3.0 3.0 3.0

BHS185	Cultural Competence in Behavioral Health	Exploration of cultural diversity and its potential impact on behaviors, emotions, cognitions and perceptions, relationships, and values. Intercultural communication skills through the examination of cultural and racial diversity, sexual and gender identity, social justice, and religious and spiritual diversity. Consideration of its implications for the therapeutic process and the importance of self-awareness and effective communication skills for professionals in the behavioral health and social sciences.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS190	Professional Portfolio: Supervised Practice In Behavioral Health and Social Services	Firsthand work experience in mental health, social service or a related behavioral healthcare provider setting. 80 hours of designated volunteer or paid work.	Prerequisites: A grade of C or better in BHS150, BHS155, and BHS160, and permission of Department or Division.	L+L 3.0 15.0 0
BHS205	Therapeutic Models and Interventions in Individual Therapy	Introduction to the major evidence-based therapeutic models and interventions in social and behavioral sciences. Defines the key concepts, techniques and procedures of each theoretical model.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS210	Addictions, Substance Use Disorders, and Relapse Prevention	An introduction to the historical and current developments in the field of addictions, as well as sociological, psychological and physiological aspects of addictive behaviors and substance abuse. Introduces contemporary treatment methods within addiction practice, including self-help groups, levels of care, symptom identification, and models of prevention and intervention.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS215	Therapeutic Models and Intervention in Group Therapy	Evaluate and demonstrate the methods and techniques for influencing change in group settings.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS216	Group Process	Evaluate and demonstrate the methods and techniques for influencing change in group settings.	Prerequisites: A grade of C or better in BHS151 or permission of Department or Division.	LEC 3.0 3.0 3.0

BHS220	Introduction to Integrated Behavioral Healthcare	Introduction to key concepts related to the provision of integrated health care services, as well as role of wellness and prevention in community health services. The course will introduce students to the theory and clinical practice of integrated behavioral health in primary care, as well as evidence-based approaches to promote wellness in individuals and communities.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS230	Crisis and Trauma Stabilization	Theoretical and applied foundation designed for behavioral health service providers working with people in crisis. Examines the phenomena and dynamics of crises and emergencies, as well as the related strategies/modalities.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS235	Emergency Mental Health Crisis Response and Recovery	Comprehensive study of natural and human-caused disasters and their effects on the trauma survivor. Introduction to basic emergency mental health interventions to help stabilize those experiencing crisis following critical incident disasters.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS251	Harm Reduction in Addiction, Substance Use, and Social Services	Introduction to harm reduction principles, policies, programs, and practices that aim to reduce the adverse health, social and economic consequences of the use of legal and illegal drugs. This course will introduce behavioral health and social service providers as well as paraprofessional counselors to the theory and practice of harm reduction strategies in addiction, social service, and community settings.	Prerequisites: None.	LEC 3.0 3.0 3.0

BHS255	Health and Wellness Coaching in Professional Resiliency	Comprehensive overview of the art, science, and role of coaching and teaching resiliency for the following issues: personal and work-related stress, burnout, traumatic stress, and compassion fatigue. Develop pedagogical techniques and practical application of evidence-based interventions in biobehavioral self-regulation, mindfulness, cognitive restructuring, positive psychology, peer support, and holistic self-care. Designed to develop skills as a health and wellness coach in professional resiliency for enhancing health and quality of life.	Prerequisites: A grade of C or better in BHS155.	LEC 3.0 3.0 3.0
BHS260	Case Report Writing	Terminology, technical forms and techniques of observation necessary to create and maintain records.	Prerequisites: A grade of C or better in BHS165 or permission of Department or Division.	LEC 1.0 1.0 1.0
BHS262	Behavioral Health Service Techniques for the Elderly	Specific counseling skills and appropriate intervention strategies for working with the elderly. Focus on the particular psychological, sociological and physical problems of this age group.	Prerequisites: A grade of C or better in ASD102, or BHS152, or permission of Department or Division.	LEC 3.0 3.0 3.0
BHS263	Applied Case Report Writing	Application of observation and documentation techniques necessary to maintain clinical records in a variety of community based behavioral health settings. Application of legal issues to case report writing	Prerequisites: A grade of C or better in BHS260.	LEC 1.0 1.0 1.0
BHS265	Violence and Abuse Matters	Exploration of topics relative to the development of helping professionals involved with perpetrators and individuals directly affected by traumatic or continuous physical or emotional violence and abuse	Prerequisites: None.	LEC 2.0 2.0 2.0
BHS266	Violence and Abuse Services	Techniques, strategies, and treatment modalities necessary for the helping professional working with the victims and perpetrators of violence and abuse.	Prerequisites: None.	LEC 3.0 3.0 3.0

BHS267	Introduction to Play Therapy	Exploration and application of therapeutic play techniques and strategies for the helping professional working with children.	Prerequisites: A grade of C or better in (BHS105 and BHS165) or permission of Department or Division.	LEC 3.0 3.0 3.0
BHS268	Grief And Bereavement Issues	Exploration of topics related to the development of helping professionals involved with loss, bereavement, and grief work	Prerequisites: None.	LEC 2.0 2.0 2.0
BHS269	Grief Support Techniques	Techniques, strategies, and treatment modalities necessary for the helping professional working with the bereaved and others affected by traumatic loss.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS270	Introduction to Dance and Movement Therapy	A lively course focused on basic techniques used in expressive arts and body-based therapies. The course incorporates Tools for integrating body, mind, and spirit in a creative dance and movement format	Prerequisites: A grade of C or better in PSY101 and BHS105.	LEC 3.0 3.0 3.0
BHS271	Developmental Disabilities Assistance Training	Introduction to the field of developmental disability assistance. Also includes common causes of developmental disabilities, treatments and other behavioral conditions that may affect such individuals.	Prerequisites: None.	LEC 30 3.0 3.0
BHS272	Child and Adolescent Mental Health and Interventions	Strategies for training and reinforcing positive interaction with children. Covers behavior management strategies and techniques to prevent behavioral problems, replace behaviors and manage consequences.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS275	Infant and Early Childhood Mental Health	Foundational knowledge of mental health during infancy and early childhood. Exploration of social-emotional development and relational influences on mental health. Emphasis on identifying early warning signs, making appropriate referrals, and employing a multidisciplinary child and family team approach to services.	Prerequisites: None.	LEC 3.0 3.0 3.0

BHS278	Recovery Coaching	Recovery based mental health treatment plans and processes. Recovery based concepts, barriers, principles, practices, and environments. Organizational support, expectations, and activities related to mental health issues and recovery in the work setting. Planning techniques, learning styles, participation methods, and problem behavior due to mental health issues in the workplace	Prerequisites: A grade of C or better in BHS105.	LEC 3.0 3.0 3.0
BHS281	Introduction to Art Therapy	Exploration of the process, dynamics and objectives of the therapeutic art experience. Emphasis on Art Therapy from both the psychological and artistic perspectives. Highlights topics in the history, theory and practice of Art Therapy	Prerequisites: A grade of C or better in BHS105 or permission of Department or Division.	LEC 3.0 3.0 3.0
BHS285	Facilitating Art Therapy Groups	Emphasis on facilitating art therapy groups in a variety of settings using visual art as a medium. Process, dynamics, and objectives of group work and the therapeutic art process.	Prerequisites: A grade of C or better in BHS216 and BHS281.	LEC 3.0 3.0 3.0
BHS298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

BHS298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
BHS298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
BIO080AD	Basic Concepts of Environmental Biology	Corresponds to BIO105 Environmental Biology. Enrollment is recommended if student performance inadequate in BIO105	Prerequisites: None.	LEC 4.0 3.0 0.0 LAB 0.0 3.0 0.0
BIO080AE	Basic Concepts of Introductory Biology for Allied Health	Corresponds to BIO156 Introductory Biology for Allied Health. Enrollment is recommended if student performance is inadequate in BIO156.	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO100	Biology Concepts	Introductory course covering basic principles and concepts of biology. Methods of scientific inquiry and behavior of matter and energy in biological systems are explored.	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0

BIO101	Introduction to Human Genetics for Non-Majors	Study of inheritance in humans, at the organismal, cellular and molecular levels. Includes exploration of gene expression, isolation and manipulation of DNA, Mendelian genetics, pedigree analysis, as well as chromosomal abnormalities and genetic diseases.	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO102	Cells to Systems: An Introduction to Biology for Non-Majors	Study of living things. Builds from basic molecular components to structure and physiology of cells and organ systems of animals and plants.	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO105	Environmental Biology	Fundamentals of ecology and their relevance to human impact on natural ecosystems. Field trips may be required at students` expense.	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO106	Biotechnology and Society I	Introduction to biotechnology and its impact on society. Covers applications, limitations, benefits, risks, and legal and moral issues associated with biotechnology	Prerequisites: None.	LEC 3.0 3.0 3.0
BIO107	Introduction to Biotechnology	Introduction to biotechnology and its global impact on society. Covers applications, laboratory techniques, limitations and the international economic benefits, risks, and legal and moral issues associated with biotechnology	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO108	Plants and Society	A global study of plants in relation to humans; as a source of food, fiber, drugs, and other products; for aesthetic value, survival, and energy	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO109	Natural History of the Southwest	Study of the common plants and animals of the Southwest including their distribution, adaptation, behavior, and ecology. Introduction to basic field and laboratory techniques used in the study of natural history. Specific field problems presented dealing with plant and animal analysis and ecological interrelationships.	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0

BIO111	Microbes and Society	Examination of the science of microbes and the impact of microbes on human affairs. Topics include principles of microbial diversity, cell structure, growth and reproduction, global processes, disease, and prevention of disease.	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO140	Wildlife Field Techniques	Introduces field techniques used in Wildlife or Conservation Biology; includes field research, and survey techniques for wildlife populations including mammals, fish, birds, reptiles and vegetation, habitat and range. Reviews job opportunities in the field. Includes assisting working biologists with research or management projects. Covers basic field skills including camping skills, four-wheel drive vehicles, hazards, working conditions in the field, and safe practices.	Prerequisites: A grade of C or better in BIO100 or BIO182, or permission of Instructor.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO145	Marine Biology	A survey of marine environments and their biotic communities with emphasis on the natural history of marine organisms	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO148	Coral Reef Ecology	Introduction to ecology of coral reefs. Emphasis on reef environments, corals, reef fishes, and human impacts on reefs	Prerequisites: None.	LEC 1.0 1.0 1.0
BIO149AF	Field Biology: Natural History of the Grand Canyon	Survey of plants and animals of the Grand Canyon emphasizing ecological relationships and adaptational biology. Human activities in and impact upon the Canyon's ecosystems from prehistoric times to present considered. Course consists of on-campus lectures and 7-day raft trip through inner gorge of the Grand Canyon	Prerequisites: None.	LAB 1.0 7.0 1.0
BIO149AH	Field Biology: Marine Biology in Mexico	Introduction to marine experiments, marine biology, and ecology. On-site field experience in Mexico. Emphasis on observation and study of marine organisms along the shore.	Prerequisites: Permission of Instructor.	L+L 1.0 1.34 1.34

BIO149AI	Biology: Tropical Biology/ Costa Rica	A 14-day study of different tropical life zones, including hot wet jungle, hot dry jungle, and cloud forest. Emphasis on unusual plant and animal interactions, tropical ecology, and adaptations. Topics include diversity, competition, epiphytes, parasites, pollinators, reproductive strategies, and zonation. Field sites located in national parks of Costa Rica. Living conditions not developed but comfortable. Daily hikes required.	Prerequisites: None.	LAB 2.0 14.0 2.0
BIO149AK	Field Biology: Ecological and Environmental Field Experience	Field expeditions in which ecological and environmental principles and concepts are observed and studied.	Prerequisites: None.	LAB 1.0 7.0 1.0
BIO149AL	Field Biology: Ecological and Environmental Field Experience	Field expeditions in which ecological and environmental principles and concepts are observed and studied.	Prerequisites: None.	LAB 2.0 14.0 2.0
BIO149AM	Field Biology: Ecological and Environmental Field Experience	Field expeditions in which ecological and environmental principles and concepts are observed and studied	Prerequisites: None.	LAB 3.0 21.0 1.0
BIO149AN	Field Biology: Ecological and Environmental Field Experience	Field expeditions in which ecological and environmental principles and concepts are observed and studied	Prerequisites: None.	LAB 4.0 28.0 1.0
BIO149AO	Field Biology: Ecological and Environmental Field Experience	Field expeditions in which ecological and environmental principles and concepts are observed and studied.	Prerequisites: None.	LAB 0.5 3.5 0.7
BIO149SV	Field Biology: Ecological and Environmental Field Experience	Field expeditions in which ecological and environmental principles and concepts are observed and studied.	Prerequisites: None.	L+L 1.0 1.34 1.34
BIO156	Introductory Biology for Allied Health	An introductory biology course for allied health majors with an emphasis on humans. Topics include fundamental concepts of cell biology, histology, microbiology, and genetics.	Prerequisites: A grade of C or better in RDG100 or RDG100LL or higher or eligibility for CRE101 as indicated by appropriate reading placement test score. One year of high school or one-semester of college level chemistry is strongly recommended.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0

BIO156XT	Introductory Biology for Allied Health	An introductory biology course for allied health majors with an emphasis on humans. Topics include fundamental concepts of cell biology, histology, microbiology, and genetics.	Prerequisites: A grade of C or better in RDG100 or RDG100LL or higher or eligibility for CRE101. One year of high school or one-semester of college level chemistry is strongly recommended.	LEC 4.0 3.0 3.0 LAB 0.0 4.0 4.0
BIO160	Introduction to Human Anatomy and Physiology	Principles of scientific method. Structural organization, homeostasis and control mechanisms of the body. Specific chemistry concepts. Structure and function of the major systems of the body.	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO162	Microbiology Concepts for Allied Health	Types of microorganisms. Principles of growth and reproduction for specific types of microorganisms. Chain of disease transmission and defense mechanisms. Use of compound microscope. Safe handling and culturing of specific microbes. Methods of sterilization and use of disinfectants and chemotherapeutic agents	Prerequisites: None.	L+L 2.0 3.0 3.0
BIO171	Introduction to Good Manufacturing Practices(GMP)-Regulated Manufacturing	Course is designed to provide individuals with an overview of Good Manufacturing Practices (GMP), their application in a variety of industries and the opportunities for in such fields.	Prerequisites: None.	LEC 3.0 3.0 3.0
BIO173	Basic Instrumentation and Lab Math	Introductory course covering basic equipment, measurements, and calculations used in biotechnology laboratories.	Prerequisites: None. BIO156 or BIO181 recommended.	LEC 1.0 1.0 1.0
BIO174	BioSafety	General laboratory safety, hazardous chemical use and disposal, biohazardous material use and disposal, biosafety procedures, and radiation safety.	Prerequisites: None.	LEC 1.0 1.0 1.0
BIO175	Research Methods in Biology	Fundamentals of planning and conducting biological experiments, including ones that simultaneously vary multiple experimental variables. Subsequent analysis, interpretation, and reporting of results.	Prerequisites: None. BIO156 or BIO181 recommended.	L+L 1.0 2.0 2.0

BIO181	General Biology (Majors) I	The study and principles of structure and function of organisms at the molecular and cellular levels. A detailed exploration of the chemistry of life, the cell, and genetics.	Prerequisites: A grade of C or better in RDG100 or RDG100LL or higher or eligibility for CRE101. One year of high school or one semester of college-level biology and chemistry is strongly recommended.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO181XT	General Biology (Majors) I	The study and principles of structure and function of organisms at the molecular and cellular levels. A detailed exploration of the chemistry of life, the cell, and genetics.	Prerequisites: A grade of C or better in RDG100 or RDG100LL or higher or eligibility for CRE101. One year of high school or one semester of college-level biology and chemistry is strongly recommended.	LEC 4.0 3.0 3.0 LAB 0.0 4.0 4.0
BIO182	General Biology (Majors) II	The study and principles of structure and function of living things at cellular, organismic, and higher levels of organization. A detailed exploration of the mechanisms of evolution, biological diversity, biology of organisms, and ecology.	Prerequisites: A grade of C or better in BIO181 or BIO181XT.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO182XT	General Biology (Majors) II	The study and principles of structure and function of living things at cellular, organismic, and higher levels of organization. A detailed exploration of the mechanisms of evolution, biological diversity, biology of organisms, and ecology.	Prerequisites: A grade of C or better in BIO181 or BIO181XT.	LEC 4.0 3.0 3.0 LAB 0.0 4.0 4.0
BIO192	Recitation in Biology	Discussion, guided practice and problem solving related to a topically focused area of biology.	Prerequisites: None. Corequisites: Any 100-level BIO Biology course or permission of Instructor.	L+L 1.0 1.0 1.0
BIO194AA	Special Topics in Biology	Conceptual and research basis of a current topic in biology.	Prerequisites: Permission of Instructor.	LEC 1.0 1.0 1.0
BIO194AB	Special Topics in Biology	Conceptual and research basis of a current topic in biology. Includes integrated laboratory and/or field applications of related methodologies.	Prerequisites: Permission of Instructor.	L+L 1.0 2.0 2.0

BIO194AC	Special Topics in Biology	Conceptual and research basis of a current topic in biology. Includes laboratory and/or field applications of related methodologies.	Prerequisites: Permission of Instructor.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
BIO195AA	Principles and Practice of Scientific Research	Students will learn the use of the scientific method; how, why and where research is conducted; the ethical protocol in the scientific process; how peer review works, and how to formulate scientifically testable hypotheses and design supporting experiments. Students will apply the scientific method in laboratory and/or field research projects, will learn and use appropriate laboratory techniques, and will communicate research design, data collection, and data interpretation in conventional scientific formats.	Prerequisites: A grade of C or better in (BIO181 or CHM151 or PHY111) or permission of Instructor.	L+L 1.0 2.0 2.0
BIO195AB	Principles and Practice of Scientific Research	Students will learn the use of the scientific method; how, why and where research is conducted; the ethical protocol in the scientific process; how peer review works, and how to formulate scientifically testable hypotheses and design supporting experiments. Students will apply the scientific method in laboratory and/or field research projects, will learn and use appropriate laboratory techniques, and will communicate research design, data collection, and data interpretation in conventional scientific formats.	Prerequisites: A grade of C or better in (BIO181 or CHM151 or PHY111) or permission of Instructor.	L+L 2.0 4.0 4.0

BIO195AC	Principles and Practice of Scientific Research	Students will learn the use of the scientific method; how, why and where research is conducted; the ethical protocol in the scientific process; how peer review works, and how to formulate scientifically testable hypotheses and design supporting experiments. Students will apply the scientific method in laboratory and/or field research projects, will learn and use appropriate laboratory techniques, and will communicate research design, data collection, and data interpretation in conventional scientific formats.	Prerequisites: A grade of C or better in (BIO181 or CHM151 or PHY111) or permission of Instructor.	L+L 3.0 6.0 6.0
BIO201	Human Anatomy and Physiology I	Study of structure and function of the human body. Topics include cells, tissues, integumentary system, skeletal system, muscular system, and nervous system.	Prerequisites: (A grade of C or better in BIO156 or BIO156XT or BIO181 or BIO181XT or one year of high school biology) and a grade of C or better in RDG100 or RDG100LL or higher or eligibility for CRE101. CHM130 or higher or one year of high school chemistry suggested but not required.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO201XT	Human Anatomy and Physiology I	Study of structure and function of the human body. Topics include cells, tissues, integumentary system, skeletal system, muscular system, and nervous system.	Prerequisites: (A grade of C or better in BIO156 or BIO156XT or BIO181 or BIO181XT or one year of high school biology) and a grade of C or better in RDG100 or RDG100LL or higher or eligibility for CRE101 as indicated by reading placement test score. CHM130 or higher or one year of high school chemistry suggested but not required.	LEC 4.0 3.0 3.0 LAB 0.0 4.0 4.0
BIO202	Human Anatomy and Physiology II	Continuation of structure and function of the human body. Topics include endocrine, circulatory, lymphatic, respiratory, digestive, urinary, and reproductive systems; and fluid and electrolyte balance.	Prerequisites: A grade of C or better in BIO201 or BIO201XT.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0

BIO205	Microbiology	Study of microorganisms and their relationship to health, ecology, and related fields.	Prerequisites: (A grade of C or better in BIO156 or BIO156XT or BIO181 or BIO181XT or one year of high school biology) and a grade of C or better in RDG100 or RDG100LL or higher or eligibility for CRE101. CHM130 or higher or one year of high school chemistry suggested but not required.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO207	Applied Plant Taxonomy	Overview of the flora and vegetation types of Arizona, emphasizing species and vegetation of central Arizona; covers morphology, taxonomy, identification, and natural history of important plant families, and important exotic and invasive species; examination of live plant material both in class and during field trips.	Prerequisites: A grade of C or better in BIO182 or permission of Instructor.	LEC 3.0 3.0 3.0
BIO208	Nucleic Acid Methods	Intensive introduction to laboratory methods for the isolation, purification, manipulation analysis and quantification of nucleic acids.	Prerequisites: A grade of C or better in [BIO156 or BIO181 and (BIO173 and BIO175)], or permission of Instructor.	L+L 3.0 6.0 6.0
BIO209	Biomolecular Separation	Introduction to industrial laboratory biotechnology with intensive focus on the recovery of heterologous proteins and other biomolecules from cultivated cells and the subsequent recovery, purification and characterization of these molecules.	Prerequisites: A grade of C or better in [BIO181 or BIO156 and (BIO173 and BIO175)] or permission of Instructor.	L+L 3.0 6.0 6.0
BIO210	Advanced Lab Instrumentation	Provides training in the principles, operation and interpretation of data from laboratory instrumentation.	Prerequisites: A grade of C or better in BIO208, or BIO209, or permission of Instructor.	L+L 3.0 6.0 6.0
BIO211AA	Biotechnology Seminar: Biomedical Applications	Special topics in biotechnology with an emphasis on current issues not covered in other life science courses	Prerequisites: None.	LEC 1.0 1.0 1.0
BIO211AB	Biotechnology Seminar: Laboratory Protocol	Special topics in biotechnology with an emphasis on current issues not covered in other life science courses	Prerequisites: A grade of C or better in BIO211AA or permission of Instructor.	LEC 1.0 1.0 1.0

BIO211AC	Biotechnology Seminar: Current Topics in Agriculture	Special topics in biotechnology with an emphasis on current issues not covered in other life science courses	Prerequisites: A grade of C or better in BIO211AB or permission of Instructor.	LEC 1.0 1.0 1.0
BIO211AD	Biotechnology Seminar: Ethical and Moral Issues	Special topics in biotechnology with an emphasis on current issues not covered in other life science courses	Prerequisites: A grade of C or better in BIO211AC or permission of Instructor.	LEC 1.0 1.0 1.0
BIO211AE	Biotechnology Seminar: Business and Regulatory Issues	Selected topics in biotechnology with an emphasis on current issues not covered in other life science courses	Prerequisites: None.	LEC 1.0 1.0 1.0
BIO212AA	Biotechnology I	Intensive introduction to biotechnology, including media and solution preparation, routine manipulations of DNA, structural properties of DNA, and regulation of gene expression.	Prerequisites: A grade of C or better in BIO181 or BIO247 or Corequisites: BIO181 or BIO247 or permission of Instructor.	LEC 5.0 3.0 3.0 LAB 0.0 6.0 6.0
BIO212AB	Biotechnology II	Intensive introduction to biotechnology, including protein biochemistry, techniques for handling and purifying proteins, recombinant deoxyribonucleic acid (DNA), sequencing deoxyribonucleic acid (DNA), testing deoxyribonucleic acid (DNA) fragments for promoter activity and analysis of deoxyribonucleic acid (DNA) for open reading frames, promoters, and homology	Prerequisites: A grade of C or better in BIO212AA.	LEC 5.0 3.0 3.0 LAB 0.0 6.0 6.0
BIO212AC	Biotechnology III	Intensive introduction to biotechnology, including techniques for working with proteins, especially antibodies. Testing for presence of and purifying antibodies. Techniques for working with eukaryotic cells	Prerequisites: A grade of C or better in BIO212AB.	LEC 5.0 3.0 3.0 LAB 0.0 6.0 6.0
BIO212BA	Cell Biotechnology	Introduction to industrial laboratory biotechnology with intensive focus on the recovery of heterologous proteins from cultivated cells and the subsequent purification and characterization of these proteins.	Prerequisites: A grade of C or better in ENG101 and (BIO181 or BIO212AA).	LEC 5.0 3.0 3.0 LAB 0.0 6.0 6.0

BIO213	Biotechnology Refresher	Opportunity for students who need more practice with biotechnology laboratory techniques to review their skills.	Prerequisites: A grade of C or better in (BIO208 or BIO209 or BIO212AA or BIO212BA) and permission of Program Director.	L+L 2.0 6.0 6.0
BIO215AB	Biotechnology Internship	Internship experience in a biotechnology laboratory. Setting, achieving, and evaluating goals for hands-on learning experience in a biotechnology laboratory. Development of skills and knowledge needed to work in a biotechnology laboratory.	Prerequisites: A grade of C or better in (BIO208 or BIO209 or BIO213) and permission of Program Director.	LAB 2.0 2.0 0.0
BIO215AC	Biotechnology Internship	Internship experience in a biotechnology laboratory. Setting, achieving, and evaluating goals for hands-on learning experience in a biotechnology laboratory. Development of skills and knowledge needed to work in a biotechnology laboratory.	Prerequisites: A grade of C or better in (BIO208 or BIO209 or BIO213) and permission of Program Director.	LAB 3.0 3.0 0.0
BIO220	Biology of Microorganisms	Detailed study of microbial cells, their structure, genetics, physiology and taxonomy.	Prerequisites: A grade of C or better in BIO181. Corequisites: (CHM152 and CHM152LL) or (CHM154 and CHM154LL).	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO234	Fundamental Evolutionary Biology	Fundamentals of evolutionary theory including natural selection, adaptation, species concepts, speciation, extinction, basics of phylogenetics, molecular and population genetics, and the evolution of sex and sociality.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: BIO182 or permission of Instructor.	LEC 3.0 3.0 3.0

BIO240	General Genetics	Intensive introduction to the field of genetics including historical perspective, Mendelian insights and patterns of inheritance, exceptions to expected Mendelian ratios, quantitative genetics, non-Mendelian inheritance, pedigree analysis, molecular levels of gene expression, genetic control of metabolic pathways, analytic dissection of molecular mechanisms behind DNA replication, transcription, translation, and gene regulation in both prokaryotes and eukaryotes, population genetics, genetics of behavior, and genetics of evolution and speciation	Prerequisites: A grade of C or better in BIO181.	LEC 4.0 4.0 4.0
BIO241	Human Genetics	An introduction to the basic concepts of human heredity and cytogenetics including Mendelian, molecular, and population genetics	Prerequisites: A grade of C or better in BIO100 or BIO181 or equivalent or permission of Instructor.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO244	General Genetics Laboratory	Introductory laboratory course in support of BIO240. Designed to familiarize students with basic laboratory skills and equipment used in genetic research	Prerequisites: A grade of C or better in BIO181. Corequisites: BIO240.	LAB 1.0 3.0 3.0
BIO245	Cellular and Molecular Biology	Concepts that underline relationship between cellular and subcellular structure and function, and integration of major metabolic and genetic processes. Includes introduction to the use of bacteriology in molecular biology, various methods of studying macromolecules found in eukaryotic and prokaryotic cells, cloning, and purification of DNA	Prerequisites: None.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO247	Applied Biosciences: Biotechnology	Applies concepts of molecular and cellular biology of bacteria, animals, and plants to real-world problems.	Prerequisites: A grade of C or better in BIO181. One semester of college-level chemistry or equivalent recommended.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0

BIO249	Applied Biosciences: Biotechnology Internship	Internship/work experience in a biotechnology laboratory. Setting, achieving, and evaluating goals for hands-on learning experiences in a biotechnology laboratory. Development of skills and knowledge needed to work in a biotechnology laboratory.	Prerequisites: A grade of C or better in BIO247 or permission of Instructor.	LAB 4.0 4.0 0.0
BIO254	Entomology	Form, activities, and classification of insects	One semester of college-level biology or equivalent or permission of Instructor.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO270	Sustainable Biological Systems	Course to introduce concepts in Ecology covering abiotic and biotic systems, population biology and ecology, community ecology, biotic communities, disturbance and succession, biogeography, fire ecology, evolution in changing environments, human population biology, and issues in ecology.	Prerequisites: A grade of C or better in BIO181.	LEC 3.0 3.0 3.0
BIO274	Introduction to Wildlife Management	Introduction to the field of wildlife biology/management and the legal, cultural, ecological, and population dynamics of wildlife biology and management. Covers wildlife management objectives, management techniques, research techniques, and the organizational environment that wildlife biologists work in; provides an overview of careers in the field and guidance in planning a career.	Prerequisites: High school biology with a grade of C or better or a grade of C or better in BIO100 or BIO181 or permission of Instructor.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
BIO276	Scientific Diving	Theory and practice of underwater research using snorkel and self-contained underwater breathing apparatus (SCUBA). Advanced diving skills, data acquisition and processing, and planning an underwater study.	Prerequisites: A grade of C or better in PED101SU or PED201SU (any certification card from a nationally recognized agency.) BIO145 or BIO181 recommended but not required.	L+L 3.0 4.0 4.0

BIO280	Animal Behavior	A study of the genetics, physiology, ecology, and evolutionary history of animal behavior.	Prerequisites: A grade of C or better in BIO100 or BIO105 or BIO181 or equivalent or permission of Instructor.	LEC 3.0 3.0 3.0
BIO282AA	Service-Learning Experience in Biology	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
BIO282AB	Service-Learning Experience in Biology	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0
BIO282AC	Service-Learning Experience in Biology	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 3.0 3.0 0.0
BIO283	Bioinformatics and Scientific Computing	Introduction to bioinformatics, including history, concepts, major genetic databases and access tools. Computer software and techniques for analyzing one nucleotide or protein sequence, searching for similar sequences, and aligning and comparing two or multiple sequences. Microarray analysis and phylogenetic trees. Application of standard software to bioinformatic computing tasks, including word processing of reports, and use of spreadsheets for statistical analysis and graphing. Text editors, Unix, Internet web site searching and construction, and ethics.	[(BIO156 or BIO181) and (MAT120 or MAT121 or MAT122 or higher-level mathematics course)], or permission of Instructor. Concurrent enrollment in, or previous completion of, BIO208 or BIO212AA is strongly suggested but not required.	L+L 3.0 4.0 4.0
BIO292	Advanced Recitation in Biology	Discussion, guided practice and problem solving related to advanced topics in biology.	Prerequisites: None. Corequisites: Any 200-level BIO Biology course or permission of Instructor.	L+L 1.0 1.0 1.0
BIO294AA	Special Topics in Biology- Advanced	Advanced evidence-based study of a current topic in biology from a research and theoretical perspective.	Prerequisites: Permission of Instructor.	LEC 1.0 1.0 1.0
BIO294AB	Special Topics in Biology-Advanced	Advanced evidence-based study of a current topic in biology from a research and theoretical perspective. Includes integrated laboratory and/or field applications of related methodologies.	Prerequisites: Permission of Instructor.	L+L 1.0 2.0 2.0

BIO294AC	Special Topics in Biology-Advanced	Advanced evidence-based study of a current topic in biology from a research and theoretical perspective. Includes integrated laboratory and/or field applications of related methodologies.	Prerequisites: Permission of Instructor.	LEC 2.0 1.0 1.0 LAB 0.0 3.0 3.0
BIO295AA	Independent Research in Biology	Original scientific investigation of biological phenomenon.	Prerequisites: A grade of C or better in (BIO156 or BIO181) and permission of Instructor.	LAB 1.0 1.0 0.0
BIO295AB	Independent Research in Biology	Original scientific investigation of biological phenomenon.	Prerequisites: A grade of C or better in (BIO156 or BIO181) and permission of Instructor.	LAB 2.0 2.0 0.0
BIO295AC	Independent Research in Biology	Original scientific investigation of biological phenomenon.	Prerequisites: A grade of C or better in (BIO156 or BIO181) and permission of Instructor.	LAB 3.0 3.0 0.0
BIO296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0
BIO296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 2.0 10.0 0.0

BIO296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 3.0 15.0 0.0
BIO296WD	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 4.0 20.0 0.0
BIO298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

BIO298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
BIO298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
BKL105	Basic Masonry Skills and Trade Calculations I	Bricklaying trade history, apprenticeship, jurisdiction, and employment opportunities. Basic hand tools and safety issues. Trade skills and masonry tools. Types, uses, handling, and properties of masonry materials. Trade calculations including linear measurement, area, and volume	Registered Apprentice status with the Phoenix Bricklaying and Tilesetting Joint Apprenticeship Training Committee or permission of the apprenticeship coordinator.	LEC 5.0 5.0 5.0
BKL115	Basic Masonry Skills and Trade Calculations II	Tools and equipment selection, use, maintenance and care. Measurement systems and trade calculations. Architectural drawings, schedules, and specifications. Specific construction plans and drawings. Wall construction, bricklaying assignments, and reinforced masonry	Registered Apprentice status with the Phoenix Bricklaying and Tilesetting Joint Apprenticeship Training Committee or permission of the apprenticeship coordinator.	LEC 5.0 5.0 5.0

BKL205	Advanced Brick and Block Construction	General job site safety. Use of the metric system as it applies to bricklaying and masonry construction. Basic construction drawings. Numbers, symbols, abbreviations and names associated with bricklaying and masonry construction. Construction procedures and trade practices including walls, corners, arches, members, details, and combustible chambers. Moisture control	Registered Apprentice status with the Phoenix Bricklaying and Tiletsetting Joint Apprenticeship Training Committee or permission of the apprenticeship coordinator.	LEC 5.0 5.0 5.0
BKL215	Blueprint Reading: Residential and Light Construction	Language and symbols of blueprint reading. Working drawings of brick veneer residential, light commercial, and light frame structures. Types of light frame construction and specifications for residential structure. Metric system adoption, effect on construction, and conversions for measurement and quantity	Registered Apprentice status with the Phoenix Bricklaying and Tiletsetting Joint Apprenticeship Training Committee or permission of the apprenticeship coordinator.	LEC 5.0 5.0 5.0
BKL225	Blueprint Reading: Heavy Commercial	The building planning process. Blue print divisions, specifications, symbols, abbreviations, and interpretations. Building Specifications, legal requirements, materials, procedures, and quality control. Construction Specifications Institute (CSI) format and divisions. Estimating, project budgeting, and job completion	Registered Apprentice status with the Phoenix Bricklaying and Tiletsetting Joint Apprenticeship Training Committee or permission of the apprenticeship coordinator.	LEC 5.0 5.0 5.0
BKL235	Masonry Estimating and Formal Bidding	Estimating techniques, quantities of labor, materials, and equipment. Masonry, concrete and reinforcing steel, and steel member costs. Contract development and formal bid processes	Registered Apprentice status with the Phoenix Bricklaying and Tiletsetting Joint Apprenticeship Training Committee or permission of the apprenticeship coordinator.	LEC 5.0 5.0 5.0

BKL298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
BKL298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
BKL298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
BLT101	Introduction to Construction Trades	Introduction to trade and craft apprenticeships in Arizona, including concrete, carpentry, millwright, pipefitting, steamfitting and plumbing, sheet metal, painter, decorator and drywall taper, electrician and ironworker	Prerequisites: None.	LEC 1.0 1.0 1.0

BLT120	Techniques of Building Inspection	Theory and practice of zoning, foundation, structural, mechanical and electrical inspection in modern residential and commercial construction	Prerequisites: None.	LEC 3.0 3.0 3.0
BLT121	Electrical Codes	Principles of safe electrical installations and proper inspection procedures. Topics include conduit installation, transformer service, raceways, control circuits, grounding and bonding, hazardous occupancies and the National Electrical Code	Prerequisites: None.	LEC 3.0 3.0 3.0
BLT122	Basic Engineering for Building Inspectors and Contractors I	Basic engineering mechanics, gravity loads, shears, bending moments, wood frame construction, deck joints, beams, columns, bracing and shear walls.	Prerequisites: A grade of C or better in BLT120 and MAT187 or equivalent or permission of Department or Division.	LEC 3.0 3.0 3.0
BLT124	Designing for the Americans with Disabilities Act(ADA)	In-depth analysis of federal standards described in the Americans with Disabilities Act (ADA). Reviews the state of Arizona's enforcement document (AzDAAG). Focuses on helping designers, architects, and building officials create barrier-free buildings and facilities	Prerequisites: None.	LEC 3.0 3.0 3.0
BLT125	Residential Electrical Codes	National Electrical Code requirements for safe electrical installations and proper inspection procedures in residential buildings. Topics include branch circuitry, feeder calculations, services grounding, overcurrent protection, wiring methods, types and proper usage of material, swimming pool installation	Prerequisites: None.	LEC 3.0 3.0 3.0
BLT126	Soil Mechanics	Soil conditions as related to modern building requirements. Topics include bearing value, classification and identification, exploration and samplings, behavior of fills, compaction, subsurface drainage, and field sampling.	Prerequisites: A grade of C or better in MAT150 or MAT151 or MAT152 or satisfactory score on District placement exam.	LEC 3.0 3.0 3.0

BLT127	Plumbing Codes	Code requirements and construction practices. Topics include underground and above ground plumbing, venting and finish plumbing	Prerequisites: None.	LEC 3.0 3.0 3.0
BLT128	Mechanical Codes	Code requirements and construction practices. Topics include duct work, conductors and fuel supply, insulation, and controls	Prerequisites: None.	LEC 3.0 3.0 3.0
BLT129	Materials of Construction	Fundamental characteristics of modern construction materials and the effective use of these materials in construction	Prerequisites: None.	LEC 3.0 3.0 3.0
BLT131	Applied Electric Codes	National Electric Code (NEC) administration and application. NEC requirements for safe installation of system control equipment and design of electric utilization systems. Identification of wiring systems and permitted uses. Application of NEC requirements for hazardous locations, specific occupancies, and special uses of electric equipment	Prerequisites: None.	LEC 4.0 4.0 4.0
BLT132	Applied Plumbing Codes	Plumbing code administration. Application, design and installation of drainage/waste and venting systems in private and public buildings. Application of plumbing codes for design and installation of water systems	Prerequisites: None.	LEC 4.0 4.0 4.0

BLT140	Environmentally Responsible Building	An overview of environmentally responsible building and a historical survey of building methodologies. Introduces design concepts and strategies related to the mitigation of environmental impacts. Examines building processes, environmental issues and the interdependent nature of our built environment. Topics include human impacts, climate and geography, sustainability, renewable energies, water use and energy, resource efficiency, building materials, indoor air quality and waste reduction	Prerequisites: None.	LEC 3.0 3.0 3.0
BLT142	Green Building Codes, Standards and Rating Systems	Surveys green building rating systems, environmental building standards and green construction codes; addresses the broader scope of public health, safety and general welfare in the context of regulations and the natural environment; examines site development and land use, material resource conservation, energy efficiency, water resource conservation, indoor environmental quality, building commissioning, operation and maintenance; includes exercises demonstrating the use of tools and applying the principles discussed during the course.	Prerequisites: None.	LEC 3.0 3.0 3.0
BLT191	Applied Plumbing Codes	Uniform plumbing code and plumbing systems installation requirements. Code administration as well as requirements relative to the installation and maintenance of plumbing systems.	Prerequisites: None.	LEC 3.0 3.0 3.0

BLT200	Construction Management: Field Operations	Skills and techniques necessary for management of construction field operations. Includes job scheduling, inspection techniques, personnel relations, safety, and the scope and supervision of the overall construction process.	Prerequisites: A grade of C or better in DFT126 and GTC121 or departmental permission.	LEC 3.0 3.0 3.0
BLT201	Construction Management: Office Operations	Develops the skills and techniques necessary for successful management of construction office operations. Includes establishing and financing the business, marketing, office operations, and relationships with other construction industry entities	Prerequisites: A grade of C or better in DFT122 or DFT126 or GTC121 or permission of Instructor.	LEC 3.0 3.0 3.0
BLT263AK	Building Codes: IBC	Designed specifically to acquaint students with safety principles of building construction under the International Building Code (IBC), including structural requirements for wood, masonry and concrete, fire resistance of building construction, fire resistant materials, and ratings and occupancy requirements	Prerequisites: None.	LEC 3.0 3.0 3.0
BLT263AL	Building Codes: IRC	Designed specifically to acquaint students with safety principles of building construction under the International Residential Code, including structural requirements for wood, masonry and concrete, fire resistance of building construction, fire resistant materials, and ratings and occupancy requirements	Prerequisites: None.	LEC 3.0 3.0 3.0

BLT296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0
BLT296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 2.0 10.0 0.0
BLT296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor. BLT298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0

BLT298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
BME101	Introduction to Biomedical Equipment Technology	Introduces fundamental concepts of the field of biomedical equipment technology. Emphasis on the responsibilities of the technician, electrical safety, and knowledge of devices and their functions, maintenance, and repair.	Prerequisites: A grade of C or better in ELE111, BIO160 and (HCC145 or HCC145AA).	LEC 3.0 3.0 3.0
BPC100AA	Business-Personal Computers I	Introduction to the use of personal computers in the business environment. Computer hardware components, operating system functions and concepts. Running application software	Prerequisites: None.	LEC 0.5 0.5 0.5
BPC100AB	Business-Personal Computers II	Use the personal computer to create, store and retrieve information. Procedures for running and using business application software to produce documents and spreadsheets	Prerequisites: A grade of C or better in BPC100AA or permission of Instructor.	LEC 0.5 0.5 0.5
BPC100AD	Computing Fundamentals	Fundamental computer concepts and terminology for business and personal computers	Prerequisites: None.	L+L 1.0 2.0 2.0
BPC100BD	Key Software Applications	Covers basic features of software applications for business and personal computers	Prerequisites: None.	L+L 1.0 1.0 1.0
BPC100CD	Living Online	Fundamental network and Internet concepts and terminology for business and personal computers. Covers basic features of electronic mail applications	Prerequisites: None.	L+L 1.0 1.0 1.0

BPC100DD	Internet and Computing Fundamentals	Fundamental computer and Internet concepts and terminology for business and personal computers. Covers basic features of software applications	Prerequisites: None.	L+L 3.0 4.0 4.0
BPC101	Introduction to Computers	Computer software applications for the personal computer, including electronic spreadsheet and word processing, keyboarding review, a desktop environment, database management, computer graphics and operating system commands. Individualized advanced applications of software selected to solve specific problems on the personal computer.	Prerequisites: None.	L+L 3.0 4.0 4.0
BPC101AA	Introduction to Computers I	Computer software applications for the personal computer, including electronic spreadsheet and word processing, keyboarding review, and a desktop environment.	Prerequisites: None.	L+L 1.0 2.0 2.0
BPC101AB	Introduction to Microcomputers I: Macintosh	Microcomputer software applications for the Macintosh personal computer, including electronic spreadsheet and word processing, keyboarding review, and a desktop environment	Prerequisites: None.	LEC 1.0 2.0 1.7
BPC101BA	Introduction to Computers II	Computer software applications for the personal computer, including database management, computer graphics, electronic spreadsheet, and word processing, and operating system commands	Prerequisites: A grade of C or better in BPC101AA.	L+L 1.0 1.0 1.0
BPC103AK	Using Word: Level I	Use of Word to create, manipulate and print documents on a microcomputer	Prerequisites: None.	LEC 0.5 0.5 0.5
BPC104AD	Using Excel: Level I	Use of Excel to create, edit, save and print worksheets	Prerequisites: None.	LEC 0.5 0.5 0.5

BPC104BD	Using Excel: Level II	Use of Excel to enhance worksheets to include graphing and formatting data, using complex formula and function expressions to build and analyze data, and special print options to output worksheets and graphs	Prerequisites: A grade of C or better in BPC104AD or permission of Instructor.	LEC 0.5 0.5 0.5
BPC104CD	Using Excel: Level III	Use of Excel to produce worksheets utilizing macros for template development and automation of repetitious tasks, and worksheet methods for the storage and management of data.	Prerequisites: A grade of C or better in BPC104BD or permission of Instructor.	LEC 0.5 0.5 0.5
BPC106AH	MS Outlook: Level I	Messaging and word processing functions of a Microsoft Outlook electronic work state	Prerequisites: None.	L+L 0.5 0.5 0.5
BPC106BH	Microsoft Outlook: Level II	Microsoft Outlook features including sort, filter and group items; templates and forms; information sharing by public folders and Net Folders; share and fax contacts; and record activities in the Journal. Outlook environment customization also covered	Prerequisites: A grade of C or better in BPC106AH or permission of Instructor.	L+L 0.5 0.5 0.5
BPC110	Computer Usage and Applications	Introduction to business and personal computer operations and usage. Software applications for analyzing and solving business problems including word processing, spreadsheet, database, and presentation graphics	Prerequisites: None.	L+L 3.0 4.0 4.0
BPC111AA	Computer Keyboarding I	Mastery of essential microcomputer keyboarding skills. Emphasis on touch typing of alphabetic and numeric keys and symbols	Prerequisites: None.	L+L 1.0 2.0 2.0
BPC111AB	Computer Keyboarding II	Further development of microcomputer keyboard speed and accuracy. Emphasis on touch typing with speed and accuracy development of numerals as related to preparation and handling of documents.	Prerequisites: A grade of C or better in BPC/OAS111AA or permission of Instructor.	L+L 3.0 4.0 4.0
BPC113	Micro-Alphabetic Indexing	Mastery of essential microcomputer filing skills. Emphasis on indexing and alphabetizing individual and business names; subject, geographic, and numeric methods; and cross-referencing.	Prerequisites: None.	L+L 1.0 1.7 1.7

BPC119	Basic Data Entry Activities	Development of speed and accuracy of data entry skills. Includes vocabulary, keyboard drills, and data entry simulations.	Prerequisites: A grade of C or better in (BPC111AA or OAS111AA or OAS101AA) or permission of Instructor. OAS118 recommended but not required.	LAB 1.0 2.0 2.0
BPC125	Microcomputer Set Up and Maintenance	How to install and maintain a microcomputer (personal computer). Steps used to set up a new or add options to a previously installed microcomputer. Installation of internal options (memory, graphics, modems, etc.), as well as external options and devices (printers, monitors, communications, etc.). Troubleshoot (identify and repair or have repaired) microcomputer problems	Prerequisites: None.	L+L 1.0 1.0 1.0
BPC128	Introduction to Desktop Publishing	Presents basic concepts of commercially prepared software used to do desktop publishing. Incorporates a combination of narrative and pictorial/graphic creation and presentation, including set-up, text entry, graphic generation, text and graphic merging, and other computer-based functions	Prerequisites: None.	L+L 1.0 2.0 2.0
BPC128AF	Introduction to Desktop Publishing: MS Publisher	Presents basic concepts of commercially prepared software used to do desktop publishing. Incorporates a combination of narrative and pictorial/graphic creation and presentation, including set-up, text entry, graphic generation, text and graphic merging, and other computer-based functions	Prerequisites: None.	L+L 1.0 2.0 2.0
BPC138AA	Windows Desktop Design and Publishing	Use of Windows based microcomputers and appropriate commercial software package to compose and print textual and graphic materials of high quality. Includes overview of micro operating system, word processing of copy, use of graphics programs, layout of design elements, and printing alternatives.	Prerequisites: A grade of C or better in CIS105 or BPC110 or permission of Instructor.	L+L 3.0 4.0 4.0

BPC160	AppleCare: Service Fundamentals	Prepares students to become certified in repairing and troubleshooting iOS or macOS devices. It prepares the students for the AppleCare Certified technician exams: Apple Certified iOS Technician (ACIT) and Apple Certified Mac Technician (ACMT). Students will learn the Apple service style for customer interactions, safety precautions, and basic troubleshooting skills.	Prerequisites: None.	L+L 3.0 4.0 4.0
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	Explore technical aspects of personal computers, including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis placed on hardware installation, maintenance, mobile devices, and hardware troubleshooting. Helps prepare students for the CompTIA A+ examinations.	Prerequisites: None.	L+L 3.0 4.0 4.0
BPC171	Recycling Used Computer Technology	Use of hardware maintenance knowledge and skills to refurbish used computers.	Prerequisites: A grade of C or better in BPC170 or Corequisites: BPC170 or permission of Instructor.	L+L 1.0 2.0 2.0
BPC210	Advanced Computer Usage and Applications	Advanced application of software for business and personal computers including word processing, spreadsheet, database, and presentation. Includes integration of applications and Internet	Prerequisites: A grade of C or better in BPC110 or permission of Instructor.	L+L 3.0 4.0 4.0
BPC225	Computer Configuration and Enhancement	Configuration and enhancement of a computer. Emphasis on configuration of hardware and software to optimize computer performance. Includes memory configuration and the identification and troubleshooting of configuration problems	Prerequisites: A grade of C or better in BPC125 or permission of Instructor.	L+L 1.0 2.0 2.0
BPC250	Post-Advanced Computer Usage and Applications	Post-advanced applications of software for business and personal computers including word processing, spreadsheet, database, and presentation. Includes integration of applications and Internet	Prerequisites: A grade of C or better in BPC210 or permission of Instructor.	L+L 3.0 4.0 4.0

BPC260	AppleCare: Apple Certified iOS Technician (ACiT)	Enables students to become certified in repairing and troubleshooting iOS devices. Prepares students for the AppleCare technician exam: Apple Certified iOS Technician (ACiT) and to perform warranty level hardware repairs on Apple iOS devices.	Prerequisites: A grade of C or better in BPC160.	L+L 3.0 4.0 4.0
BPC262	AppleCare: Apple Certified Mac Technician (ACMT)	Enables students to become certified in repairing and troubleshooting MacOS devices. Prepares the students for the AppleCare technician exam: Apple Certified Mac Technician (ACMT) and to perform warranty level hardware repairs on Apple iOS devices.	Prerequisites: A grade of C or better in BPC160.	L+L 3.0 4.0 4.0
BPC270	A+ Exam Prep: Operating System Configuration and Support	Explore advanced technical aspects of maintaining and servicing computers. Emphasis placed on OS installation, maintenance, mobile devices, security, software troubleshooting, and on proper usage of tools, safety procedures, and professionalism. Helps prepare students for the CompTIA A+ examinations.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
BPC278	Software Installation - MS Windows	Installing and configuring microcomputer software. Emphasis placed on the installation, configuration, upgrade, and related problem resolution of microcomputer operating system and applications software	CIS105 BPC114 CIS114 (any module whose course number suffix begins with a D) BPC117 CIS117 (any module whose course number suffix begins with a D) and BPC170 with grade of C or better or permission of Instructor.	L+L 3.0 4.0 4.0
CAD100	Fundamentals of 2D AutoCAD	Utilize AutoCAD software to generate two-dimensional (2-D) drawings and components in a generic installation. Apply basic AutoCAD commands and properties to format, draw, edit, layer, dimension, import/export, and manage drawing files. Creation, manipulation, and hardcopy production of 2-D drawing files from major AutoCAD command and display environments and plot options	Prerequisites: None.	L+L 3.0 6.0 6.0

CAD101	Elements of CAD Graphics (AutoCAD)	Computer generation of drafting and design components using pure elements and basic geometric procedures. Incorporates concept illustration based on standard pictorial methods and develops multi-view projection techniques and presentation methods. Introduction to the fundamentals of three-dimensional (3D) modeling and the construction and printing of 3D objects.	Prerequisites: A grade of C or better in CAD100 or Corequisites: CAD100 or permission of Instructor.	L+L 3.0 6.0 6.0
CAD103AA	Basic Print Reading for Manufacturing	Basic print reading knowledge and skills necessary for workers in the manufacturing field. Visualization, interpretation and analysis of common manufacturing drawings, and other design documentation	Prerequisites: None.	LEC 1.0 1.0 1.0
CAD105	Fundamentals of Revit Architecture	Introduction to Revit Architecture. Utilize Revit software to develop and generate basic 3-D models and components. Create, edit, dimension, and manage 2-D and 3-D drawing views and projects. Produce drawing files and plots using various display environments and plot options.	Prerequisites: A grade of C or better in CAD100 or (previous architectural and CAD experience, and permission of Department or Division).	L+L 3.0 6.0 6.0
CAD106	Fundamentals of Civil 3D	Introduction to Civil 3D. Utilize Civil 3D software to develop and generate basic 3D models and components. Create, edit, dimension, and manage 2D and 3D drawing views and projects. Produce drawing files and plots using various display environments and plot options.	Prerequisites: A grade of C or better in CAD100 or (previous civil and CAD experience, and permission of Department or Division).	L+L 3.0 6.0 6.0
CAD120AH	Getting Started with CAD: Microstation	Basic Commands; drawing aids; input devices; use of default settings	Prerequisites: None.	L+L 1.0 2.0 2.0
CAD125AH	Drawing Database Management: Microstation	Operating the system file manager. Establishing, updating, managing, and maintaining a CAD drawing database	Prerequisites: A grade of C or better in CAD120AH or permission of Instructor.	L+L 1.0 2.0 2.0

CAD145	Design Principles for Industry	Survey of the basic standards and procedures for drawing setups and design documentation in the fields of architecture, manufacturing, and civil technology. Multi-source hard copy design presentation.	Prerequisites: A grade of C or better in (CAD100 and CAD101) or permission of Instructor.	L+L 3.0 6.0 6.0
CAD150AH	Two-Dimensional CAD: Microstation	Constructing scaled two-dimensional drawing using CAD.	Prerequisites: A grade of C or better in CAD125AH or permission of Instructor.	L+L 1.0 2.0 2.0
CAD158	Working Drawings	Using CAD for the design and documentation of a complete set of working drawings and their specifications. Preparation of working drawings using either the American National Standards Drafting Manual-Y14 (ANSI Y-14-1975 R1987) or the International (ISO) Standard	Prerequisites: A grade of C or better in (CAD152 and CAD156) or permission of Instructor.	L+L 1.0 2.0 2.0
CAD160	Residential Architectural Drafting	Basic skills associated with board drafting in the architectural field	Prerequisites: A grade of C or better in (CAD105 CAD110 and CAD115) or permission of Instructor.	L+L 2.0 4.0 4.0
CAD164	Residential Working Drawings	Team projects in the development of a set of architectural working drawings for a residence.	Prerequisites: A grade of C or better in CAD145 or permission of Instructor.	L+L 3.0 6.0 6.0
CAD165	Architectural Software (AutoCAD Architecture)	Introduction to AutoCAD Architecture, a modeling software used by architecture professionals. Procedures unique to advanced software and pertinent to architectural documentation. Emphasis on residential working drawings.	Prerequisites: A grade of C or better in CAD145 or permission of Instructor. CAD255 is highly recommended.	L+L 3.0 6.0 6.0
CAD167	Architectural Drawings I (Revit): Residential CAD	Use of Revit architectural modeling software to develop 3-D architectural models, working drawings, construction documentation, and renderings. Emphasis on residential working drawings.	Prerequisites: A grade of C or better in CAD105 or permission of Department or Division.	L+L 3.0 6.0 6.0

CAD175	Manufacturing Modeling and Design	Specialized training in parametric parts and assembly modeling with an emphasis in manufacturing design. Design, construction and documentation of primitive, regional, and composite models using American National Standards Institute (ANSI) and International Organization for Standardization (ISO) standards.	Prerequisites: A grade of C or better in CAD100 or Corequisites: CAD100 or permission of Department or Division or Instructor.	L+L 3.0 6.0 6.0
CAD186	Site Development I	Use coordinate geometry and survey point databases to create topographic maps utilizing civil engineering/surveying application software. Volumetric analysis of earthwork (cut and fills) utilizing civil engineering/surveying application software. Production of base mapping, earthwork, grading, and drainage plan utilizing civil engineering/surveying application software.	Prerequisites: A grade of C or better in CAD106 or permission of Instructor.	L+L 3.0 6.0 6.0
CAD201	Three-Dimensional (3D) Modeling and Advanced CAD Techniques	Advanced Computer Aided Drafting (CAD) techniques including the automation and semi-automation of design documentation, external referencing and attribute creation and manipulation. Development of three-dimensional (3D) models including construction, manipulation, rendering and 2D/3D output.	Prerequisites: A grade of C or better in (CAD100 and CAD101) or permission of Instructor.	L+L 3.0 6.0 6.0
CAD215	Three-Dimensional AutoCAD Modeling	Reduction of 3D design concepts to coordinate space and procedural syntax required for AutoCAD 3D file development. Manipulation of wireframes; surfacing techniques; development of solids using Boolean operations. Production of standard displays and outputs involving 3D objects	Prerequisites: A grade of C or better in (CAD100 and CAD101) or permission of Instructor.	L+L 3.0 6.0 6.0

CAD235	Modeling, Rendering and Animation for Technical Presentations	Entry level course in technical modeling, visualization, and animation. Uses 3D modeling software, rendering, and animation tools to visualize and solve design issues. Development of professional quality presentation materials for design projects.	Prerequisites: A grade of C or better in CAD201 or CAD215 or Corequisites: CAD201 or CAD215 or permission of Department or Division.	L+L 3.0 6.0 6.0
CAD245	Design and Modeling of Mechanisms	Specialized training in the design of manufactured products using commercially available mechanisms and hardware. Specific applications include: cams, gears, specification control parts, and operating sheets (O.S.) and methods of tooling (M.O.T.)	Prerequisites: A grade of C or better in CAD175 or permission of Instructor.	L+L 3.0 6.0 6.0
CAD255	Structural Details	CAD-based instruction in the development of framing plans, sections, and details of typical southwestern construction systems. Creation of personal standard detail files for wood, concrete/ masonry, and steel construction systems. Includes applicable codes, materials, methods, and office practices	Prerequisites: A grade of C or better in CAD145 or permission of Instructor.	L+L 3.0 6.0 6.0
CAD256	CAD Customization and Management	Emphasis on developing customized user interfaces and basic programming skills. Installation and configuration of software processes. File management techniques; file archival, batch plotting, file conversion, and CAD standards.	Prerequisites: A grade of C or better in CAD215 or DFT254AA or permission of Department or Division.	L+L 3.0 6.0 6.0
CAD265	Architectural Software (AutoCAD Architecture) II: Commercial CAD	Use of AutoCAD Architecture, an architectural modeling software to generate features associated with commercial building design. CAD treatment of selected details and other structural practices common to nonresidential buildings. Emphasis on the practices and standards of working drawings.	Prerequisites: A grade of C or better in CAD165. CAD255 is highly recommended.	L+L 3.0 6.0 6.0

CAD267	Architectural Drawings (REVIT) II: Commercial CAD	Use of REVIT architectural modeling software utilized by the architectural industry to generate plans and features associated with commercial building design. Focus on CAD development of selected plans, details, and structural practices common to nonresidential buildings.	Prerequisites: A grade of C or better in CAD167 or permission of Department or Division.	L+L 3.0 6.0 6.0
CAD269	Computer Aided Landscape Design	Using AutoCAD to create landscape design drawings and wire frames in Sketchup for elevations, sections and perspective sketches.	Prerequisites: A grade of C or better in : (AGB139 or CAD100 or CAD101) and AGL189 or permission of Instructor.	L+L 3.0 6.0 6.0
CAD270	SolidWorks Application and Analysis Modules	Specialized training in the design of manufactured products using commercially available mechanisms and hardware. Specific applications include: cams, gears, specification control parts, operating sheets (OS) and methods of tooling (MOT).	Prerequisites: A grade of C or better in CAD245 or permission of Department or Division.	L+L 3.0 6.0 6.0
CAD274	Residential Design CAD	Developing designs with plans and details based on current design vogues. CAD problem solving associated with design	Prerequisites: A grade of C or better in (CAD152 and CAD164) or permission of Instructor.	L+L 3.0 6.0 6.0
CAD281	Electro-Mechanical Product Documentation	Specialized training in the documentation and design of electro-mechanical products, using various sources of design information as part of the manufacturing process. Typical construction documents for this class will include block, schematic, logic, and interconnect diagrams, electronic component assemblies (ECA), printed wiring board packages, and chassis and rack design including front panel layout.	Prerequisites: A grade of C or better in CAD175 or permission of Instructor.	L+L 3.0 6.0 6.0
CAD282	HVAC and Sheet Metal Design	Drawing, design, and specification of heating, ventilating, and air conditioning (HVAC) systems. Basic types of heating and cooling systems, heat loss calculations, sheet metal development, and solar design	Prerequisites: A grade of C or better in (CAD150 and [two of CAD262 CAD264 CAD266 CAD268]) or permission of Instructor.	L+L 1.0 2.0 2.0

CAD286	Site Development II	Use a coordinate geometry and survey point database to create construction drawings utilizing civil engineering/surveying software.	Prerequisites: A grade of C or better in CAD186.	L+L 3.0 6.0 6.0
CAD287	Advanced Revit Techniques	Advanced use of Revit architectural modeling software utilized by the architectural industry. Develop custom families with parameters and formulas, generate conceptual mass plans, prepare design phasing for renovation and tenant improvement projects, and work with advanced features associated with architectural building design.	Prerequisites: A grade of C or better in CAD167 or permission of Department or Division.	L+L 3.0 6.0 6.0
CAD292	Current Developments in CAD Technology	The exploration and analysis of the newest software packages and/or plug-ins on the market designed to enhance or replace existing Computer Aided Drafting (CAD) software. Designed to introduce and develop skills in the latest state-of-the-art tools pertinent to industry today.	Prerequisites: A grade of C or better in CAD100 or permission of Department or Division.	L+L 1.0 2.0 2.0
CAD295	Design Geometry	CAD based graphical solutions for problems in architectural and engineering design. Study of the geometry of technical drawing with an emphasis on the space relationship of points, lines and planes. Develop skills used to resolve design problems using both analytical and graphical methods.	Prerequisites: A grade of C or better in (CAD201 and DFT107) or permission of Instructor.	L+L 3.0 6.0 6.0
CCS101	Chicana and Chicano Studies	Introduction to the wealth and diversity of Chicana and Chicano Studies research from a variety of disciplinary perspectives through the use of a series of historical and social scientific studies, novels, testimonios, and films	Prerequisites: A grade of C or better in ENG101 or ENG107 or equivalent.	LEC 3.0 3.0 3.0

CCS111	Introduction to Chicana and Chicano Culture	A study of Chicano popular culture, including cultural themes and artistic expression. Expression of the Chicano experience in American society from the perspective of the social sciences. Analyzes Chicano self-identity and social and cultural dynamics of the Chicano community	Prerequisites: None.	LEC 3.0 3.0 3.0
CCS202	Ethnic Relations in the United States	Basic concepts and processes, including historic overview, of interethnic relations in the United States: culture, race, ethnicity, ethnocentrism, prejudice, discrimination, racism, assimilation, acculturation, and individual and group responses to interethnic contact. Cultural knowledge and intercultural communication skills and perspectives as fundamental tools for successful management of social relations in a multicultural world.	Prerequisites: None.	LEC 3.0 3.0 3.0
CCS212	The Mexican American Novel	A study of the social, historical, and cultural backgrounds as well as the form and content of the Mexican American novel.	Prerequisites: ENG101 and ENH112 suggested but not required.	LEC 3.0 3.0 3.0
CCS282AA	Volunteerism for Chicana and Chicano Studies: A Service Learning Experience	Service learning field experience within private/public agencies such as museums and libraries, and citizen volunteer groups.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
CCS298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

CCS298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
CCS298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
CDH105	Community Oral Health Project Planning	Overview of Community Health Worker and the Community Dental Health Coordinator responsibilities. Includes advocacy concepts, process of advocacy in the community, and strategies for assisting underserved local populations in health and social services. Development of a personal health and wellness plan covered. Community outreach topics and strategies emphasized.	Prerequisites: Permission of Department or Division.	LEC 3.0 3.0 3.0
CDH110	Oral Health Communication	Overview of oral health communication and oral health literacy for the Community Dental Health Coordinator. Impact of oral health literacy on one's health emphasized. Includes communication strategies, verbal and nonverbal communication skills.	Prerequisites: Permission of Department or Division.	LEC 1.0 1.0 1.0

CDH115	Interviewing Skills for Dental Health Advocate	Overview of patient assessment interviewing skills for the Community Dental Health Coordinator. Covers motivational interviewing, human behaviors, and health concepts emphasizing oral health. Patient assessment, feedback, education, and behavior change interventions for dental patients included	Prerequisites: Permission of Department or Division.	LEC 2.0 2.0 2.0
CDH120	Dental Health Coordination, Documentation and Reporting	Overview of coordination, documentation and reporting approaches for working with families as well as individuals. Includes family assessment, case documentation and overview of the services system. Also covers health care finance, the referral process and components of case management.	Prerequisites: Permission of Department or Division.	LEC 2.0 2.0 2.0
CDH125	Dental Health Teaching and Learning Skills	Overview of teaching and learning skills as they apply to the Dental Health field. Includes teaching and learning techniques, goal setting and critical thinking. Also covers internet usage and safety as well as an introduction to concepts of Life Long Learning.	Prerequisites: Permission of Department or Division.	LEC 2.0 2.0 2.0
CDH130	Dental Health Legal and Ethical Issues	Overview of legal and ethical issues in relation to the Community Dental Health Coordinator (CDHC). Covers policy, confidentiality and liability as well as Health Insurance Portability and Accountability Act (HIPAA) regulations. Also includes consumer protection and professional conduct.	Prerequisites: Permission of Department or Division.	LEC 2.0 2.0 2.0
CDH205	Introduction to Dentistry	Introduction to clinical dental sciences. Emphasis on dental anatomy, general microbiology, infection control, and oral pathology. History of dentistry and dental organizations also covered.	Prerequisites: A grade of C or better in (BIO156 or BIO160) and CDH130.	L+L 3.0 4.0 4.0

CDH210	Dental Health Screening and Classification	Dental health screening and classification procedures. Includes data collection, patient screening techniques and the development of preventive plans. Also covers the physics and biology of radiation as well as procedures for completing various types of radiographs. Emphasis on safety including radiation exposure, universal infection control and patient management.	Prerequisites: A grade of C or better in (BIO156 or BIO160) and CDH130.	L+L 8.0 11.0 11.0
CDH215	Prevention of Dental Caries	Information and procedures for the prevention of dental caries. Includes risk factors and caries control as well as fluoride preparation and application. Also covers development of an Oral Hygiene Improvement Plan (OHIP) in addition to an introduction to dietary practices, nutritional literacy and use of effective recall systems.	Prerequisites: A grade of C or better in CDH205 and CDH210.	L+L 3.0 4.0 4.0
CDH220	Prevention of Periodontal Disease	Education and procedures used in the prevention of periodontal disease. Includes soft deposits, calculus and identification of tissue changes as well as characteristics of the most common types of periodontal disease. Also covers oral cancer treatment and use of sickle scalers for performing gross debridement. Coronal polishing also discussed.	Prerequisites: A grade of C or better in CDH205 and CDH210.	L+L 3.0 4.0 4.0
CDH225	Prevention of Oral Cancer	Procedures for screening for oral cancer. Includes oral cancer signs and symptoms as well as identification of abnormal tissues. Also covers the affect of tobacco and alcohol abuse and the design of cessation/reduction plans.	Prerequisites: A grade of C or better in CDH205 and CDH210.	L+L 1.0 1.5 1.5
CDH230	Palliative Care	Patient care and temporization of cavities. Includes procedures for use of temporary/interim restorative materials for single and multiple surface cavities.	Prerequisites: A grade of C or better in CDH215.	L+L 3.0 4.0 4.0

CDH240	Dental Care Finance	Procedures for determining dental care payment eligibility. Covers public financing available to clients as well as non-governmental third party insurance.	Prerequisites: Permission of Department or Division.	LEC 0.5 0.5 0.5
CDH245	Community Dental Health Coordinator Internship	Practical application of the Community Dental Health Coordinator (CDHC) skills in an internship setting. Includes knowledge and skills required to organize, develop and manage integrated dental care in community-based clinics within practice standards.	Prerequisites: Permission of Department or Division.	LAB 3.0 3.0 3.0
CEA101	Cosmetology Concepts and Basic Clinic	Students will be introduced to the basics of cosmetology. Introduction to the Arizona State Board of Cosmetology, safety and sanitation, rules and regulations. Students will begin the basics of fundamental theory of cosmetology in hair cutting, hair coloring, texture services and professional development. Students will be introduced to the concepts of guest services including client consultations, dispensary, laundry and front desk procedures.	Prerequisites: Admission into the Cosmetologist High School program.	388

CEA105	Cosmetology Concepts and Basic Clinic II	<p>Students will continue to develop the basics of fundamental theory of cosmetology in hair cutting, hair coloring, texture services and professional development. Students will continue to develop guest services, client consultations, dispensary, laundry, inventory, and front desk procedures. Students will assist other advanced students on clinic floor and begin to take clients. Students will learn advanced techniques for all color services; to include coloring services, highlighting, foiling, balayage, free painting, ombre, color correction and fashion colors. Students will also learn hair extensions and enhancements. Student will learn advanced techniques for texture services, to include, perming, relaxing, straightening, and natural styling.</p>	Prerequisites: CEA101 or Program Manager's permission.	412
CEA110	Cosmetology Advanced Clinic and Certification Prep	<p>Students will complete a model using the techniques learned thus far and apply them to an editorial project. Students will work with models to complete avant garde looks for hair styling and will learn what job opportunities are available in this career. Students enrolled in this course will apply knowledge of what has been learned in hair styling, chemical services and hair cutting to the public in the clinic. Students will revisit safety and sanitation and Arizona State Board of Cosmetology rules and regulations. State board boot camp will be started in this class. Fundamental nail technology will be covered.</p>	Prerequisites: CEA105 or Program Manager's permission.	388

CEA115	Cosmetology Advanced Clinic and Certification Prep II	Students enrolled in this course will apply knowledge of what has been learned in hair styling, chemical services and hair cutting to the public in the clinic. Students will revisit safety and sanitation and Arizona State Board of Cosmetology rules and regulations. State board boot camp will be completed in this class. Fundamental nail technology course for cosmetology students who are looking to obtain a cosmetology license. State board prep for certification.	Prerequisites: CEA110 or Program Manager's permission.	412
CET102	Surveying II	Surveying principles including triangulation, municipal and land surveys, topographic surveys, earthwork, state plane coordinate systems, stadia methods, practical astronomy, highway curves, superelevations and construction.	Prerequisites: A grade of C or better in CON241 or permission of Department or Division.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
CET103	Construction Methods	Modern construction techniques: planning methods, critical path method (CPM), excavation and earthmoving practices, estimating and work scheduling, concrete design and placement practices. Includes reinforced concrete, prestressed concrete, carpentry, asphalt characteristics, proper proportioning of aggregate and important safety methods. Introduction to heavy construction equipment use	Prerequisites: None.	LEC 3.0 3.0 3.0

CET104	Community Planning and Development	Provides a comprehensive overview of the urban planning and development process. Introduces planning theories, methodologies, and strategies with practical applications from local and other urban communities. Topics include municipal planning, land use and zoning, circulation, water and waste water management, storm drainage and public utility services. Examines the economic development process, environmental and legal issues and focuses on the interdependent nature of development	Prerequisites: None.	LEC 3.0 3.0 3.0
CET105	Highway Technology	Economics of highway locations, rights-of-way, curves, drainage problems, bridge structures, road building equipment, highway financing, and administrative problems at the state, county and city levels	Prerequisites: None.	LEC 3.0 3.0 3.0
CET150	Introduction to Geodesy and Map Projections	Coordinate frames used in geodesy, photogrammetry, surveying, and mapping. Cartesian, spherical, and ellipsoidal coordinates. Introduction to kinematics, gravity field, and size and shape of earth. Positioning in three dimensions. Introduction to map projections and associated coordinate systems. Theory and application of the plane coordinate systems with emphasis on Arizona. Development of projections from Global Positioning System (GPS) observations.	Prerequisites: A grade of C or better in (CET102 and MAT182) or permission of Department or Division.	LEC 3.0 3.0 3.0
CET171	Construction Contracts	Legal aspects of construction contracts, writing and interpretation of specifications, prequalifications, and use of performance bonds	Prerequisites: None.	LEC 3.0 3.0 3.0
CET201	Boundary Control and Legal Principles	Principles of land surveying, boundary controls, ethical and legal principles, and office practices.	Prerequisites: A grade of C or better in CON241 or permission of Department or Division.	LEC 3.0 3.0 3.0

CET202	Writing Legal Descriptions	Application of principles to actual case studies. Emphasis on proper form and clarity in legal description writing. Procedure for filing subdivision plats and preparation for land surveyors' registration examinations.	Prerequisites: A grade of C or better in CON241 or permission of Department or Division.	LEC 3.0 3.0 3.0
CET205	Photogrammetry	An introduction to the study of aerial cameras, equipment, flight procedures, and interpretation of aerial photographs, including stereoscopic principles used in planimetric and topographic maps, map projections, grids, and forms. Practical applications of principles stressed	Prerequisites: A grade of C or better in CET102 or permission of Department or Division.	LEC 3.0 3.0 3.0
CET211	Strength of Materials	A study of strength and application of the materials of engineering construction, including the mechanics of beams, shafts, and bolted and welded connections under various loading conditions.	Prerequisites: A grade of C or better in DFT107 or ELT102 or (MAT151 and MAT182) or MAT187 or equivalent or permission of Department or Division.	LEC 3.0 3.0 3.0
CET241	Fundamentals of Traffic Engineering	Basic study of traffic movement, ordinances, mechanical controls, planning, street and highway design, parking, and traffic engineering organization. Training for personnel as civil engineer technicians.	Prerequisites: None.	LEC 3.0 3.0 3.0
CET250	Public Land Survey System	Overview of unique requirements to determine land boundaries according to the Manual of Instructions for the Survey of Public Lands of the United States, including history of the system, lotted sections, proportioning, subdividing, and evidence analysis. Emphasis on rules in order to perform any boundary survey, particularly for Arizona	Prerequisites: A grade of C or better in CET102 and CET201.	LEC 3.0 3.0 3.0

CET257	Route and Construction Surveying	Principles and field practice of route and construction surveying, including route control surveys, construction control, topographic mapping, highway curves, and computations for roadways, utilities, bridges, buildings, small commercial sites, and subdivisions	Prerequisites: A grade of C or better in CET102 or permission of Department or Division.	L+L 3.0 5.0 5.0
CET296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0
CET296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 2.0 10.0 0.0

CET296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 3.0 15.0 0.0
CET296WD	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 4.0 20.0 0.0
CET298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

CET298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
CET298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
CFS101AH	Art Activities for the Young Child	The creative use of art media and techniques at appropriate developmental levels.	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS101AJ	Music Activities for the Young Child	Experiences with music in singing, rhythm instruments, creative movements, and games, as well as the development of music appreciation and basic listening skills	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS101AP	Science Activities for the Young Child	Interpreting the study of science in early childhood education as a part of a dynamic growth process offered by the child's daily life experiences	Prerequisites: None.	LEC 1.0 1.0 1.0

CFS101AR	Learning With Toys	Use of creative imagination with toys to enable the child alone or with others to explore the world. Includes evaluating proper use of toys and appropriate developmental skills	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS105	Personal and Family Role Development	Basic principles of self-esteem, assertiveness training, decision-making and problem-solving as related to parents' roles in the family unit	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS106	Stress Management in the Family	Impact of stress factors on the family. Managing time and stress in the home. Options for coping with anxiety	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS107	Men and Children: Strengthening the Bond	Overview of the relationship between fathers or significant male figures and children from the role perspective of the involved, nurturing male. Strategies for assessing and organizing successful male involvement programs examined	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS109	Parent/Child Communication	Communication between parents and children. Developing self-esteem, responsibility and empathic listening. Pitfalls to communication	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS111	Relationships to Promote Learning in Young Children: Birth to Age Three	Overview of the relationship between the teacher/caregiver and child from the perspective of a reflective teacher. Students will learn the importance of assessing, understanding, and enhancing the development of emotional skills of young children to help guide and develop a child's self-image. Student will also be able to monitor, reflect, and plan self-care so they become effective teachers.	Prerequisites: None. CFS/ECH176 recommended.	LEC 1.0 1.0 1.0
CFS112	Personal Growth and Family Relations	Personal development as related to the individual, the family, and their relations. Emphasis on interpersonal family relationships. Skills and techniques to facilitate and strengthen the individual and family relationships	Prerequisites: None.	LEC 3.0 3.0 3.0

CFS114	Working with the Hyperactive Child	Causes of hyperactivity in children; focus on the family's role in identification, treatment and school/community support	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS116	Discipline and Guidance	Age appropriate principles for disciplining and guiding young children's behavior in child care settings, including interpersonal and environmental strategies. Observational opportunities provided	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS120	Contemporary Issues In Early Childhood	Designed to develop understanding of a broad range of contemporary issues that impact the child in today's society. Course directed at pre-service and in-service professionals.	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS121AA	Single Parent Family-Adjustment	Overview of issues facing single parent families. Examination of adjustment issues with emphasis on relationships. Methods of adapting family life to meet the needs and variations of one-parent families	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS123	Health and Nutrition In Early Childhood Settings	Creating and maintaining healthy environments and practices in programs serving young children. Emphasis on assessing the child's health status, nutrition and food service, communicable disease recognition, transmission, and prevention, infection control, regulations and regulatory agencies, current topics, resources, and innovative practices	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS125	Safety in Early Childhood Settings	Fundamental concepts of promoting a safe, but challenging learning environments. Establishing and maintaining safety procedures in the early childhood setting. Emphasis on indoor and outdoor equipment and activities, risk analysis, accident, evacuation, and emergency plans, regulations, regulatory agencies and resources, current topics, and innovative practices	Prerequisites: None.	LEC 1.0 1.0 1.0

CFS130	Demystifying Adolescence	A holistic overview of the physical, social, and emotional development of adolescents. Emphasis on effective skills necessary for working with adolescents and their families.	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS140	Special Topics: Child and Family Studies	Explores special topics related to child and family studies. Topics vary and include concepts relevant to those pursuing careers in or employed in early childhood care or to those working with families in programs, agencies, organizations, and resource centers that provide services to families.	Prerequisites: None.	LEC 0.5 0.5 0.5
CFS157	Marriage and Family Life	Study of marriage and the family as a social system, including models of family analysis, intra- and interpersonal relations, and cross-cultural and historical patterns	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS159	The Modern Family	An examination of the modern American family. Special emphasis on the changing functions and roles of individuals within today's society and an analysis of the basic problems confronting the family, including alternative family styles	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS160	Using Music, Speech, and Movement with Children's Literature	Using elements of music, speech, and movement with children's literature, including rhymes, chants, songs, and books to enhance children's social, physical, cognitive, and emotional development	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS163	Family Child Care: Introduction to Business Management	Emphasis on small business management and effective policies and procedures for family child care providers. Licensing, legal, and regulatory issues in a home setting are examined	Prerequisites: None.	LEC 3.0 3.0 3.0

CFS164	Family Child Care: Curriculum and Environment	Family child care planning for multi-age groupings of children through age eight. Role of the environment as well as various curriculum programs will be explored and evaluated. Exploration of culturally rich, inclusive and child-centered environment in his/her own child care setting. Issues of professionalism, family partnerships, observation, guidance, and health/safety practices are examined	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS164AA	Family Child Care: The Environment	Family child care environments for multi-age groupings of children through age eight. Exploration of culturally rich, inclusive, and child-centered environment in his/her own child care setting. Issues of health/safety practices are examined	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS164AB	Family Child Care: Programming, Guidance and Observation	Family child care programming for multi-age groupings of children through age eight. Various curriculum programs will be explored and evaluated. Issues of observation and guidance are examined	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS164AC	Family Child Care: Family Partnerships and Professionalism	Issues of professionalism, family partnerships, communication, and ethical practices are examined	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS167	School-Age Child Care Provider	Issues related to school-age child care. Past, current, and future trends; regulations, insurance liabilities and coverage, shared facilities, and community resources. Techniques for managing/administering services and personnel, communicating with parents, and evaluating the care/program. Planning and scheduling the school-age program. Includes overview of child growth and development, types of routines and activity schedules.	Prerequisites: None.	LEC 3.0 3.0 3.0

CFS176	Child Development	Study of the science of human development from conception through adolescence. Includes observation skills, parent and adult roles in the lives of children, and contemporary issues	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS177	Parent-Child Interaction	Positive methods to strengthen relationships and resolve conflicts with children. Focus on effective interpersonal skills and guidance techniques	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS178	Survey of Early Childhood Education	Orientation to basic concepts of day care and nursery programs. History and philosophy of child care services including state regulations governing those services. Observation opportunities provided	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS179	Child Care: A Multifaceted Career	Overview of the child care field. Focus on enhancing children's self esteem, providing for children's nutritional needs, and developing adequate safety and sanitation practices	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS181	Enhancing Infant and Toddler Development	Principles of development in children from birth through 30 months. Emphasis on individuality of child and the adult role in providing a safe and stimulating environment for the development of the child	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS182	Parenting the Early Adolescent: Ages Ten to Fourteen	Emphasis on the early adolescent developmental period, ages ten to fourteen, and the importance of the parent-child relationship, as well as strategies to ensure successful teen years	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS183	Contemporary Issues in Adolescence	Current issues that impact adolescent development and behavior explored. Comprehensive and specific strategies for addressing these issues as parents or professionals working with teens emphasized. Issues related to adolescent sexuality, abuse, mental health, violence, and risk behaviors included	Prerequisites: None.	LEC 3.0 3.0 3.0

CFS190	Home-Based Visitation	Emphasis on development of skills needed to successfully complete home-based client visitation. Opportunities for field-based observations provided. .	Prerequisites: None.	L+L 3.0 4.0 4.0
CFS192	Child Care Center Staff Development	Presents strategies to administrators and supervisors in child care centers for developing the personal and professional growth of child care staff	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS193	Financial Management in Child Care Centers	Provides strategies for financial management and administration of finances in a child care center. Specific concerns of participants addressed	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS194AA	Early Childhood Program Management: Staffing and Managing	Methods and techniques for recruiting, staffing, and managing in early childhood programs	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS194AB	Early Childhood Program Management: Human Relations	Basic human relations in early childhood organizations and the influence of the individual's personal needs on the overall needs and objectives of the organization	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS194AC	Early Childhood Program Management: Organizational Structure	Provides a broad perspective of the organizational life of an early childhood environment	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS195	Early Childhood Personnel Supervision	Covers supervision concepts and applications for early childhood programs	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS196	Ethics and the Early Childhood Educator	Ethical issues in the early childhood field	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS197	Leadership in Early Childhood Education	Provides concepts for understanding and managing leadership roles and responsibilities in the early childhood field	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS204	Reflective Supervision	Reflective supervisory processes to enhance learning and professional development. Includes professional development stages to provide supervisors with tools to support professional growth. Also covers challenges and barriers to the supervisor and employee/practitioner relationship.	Prerequisites: None.	LEC 1.0 1.0 1.0

CFS205	Human Development	Explores the growth and development process over the human life span. Research and theoretical approaches; physical, cognitive, social, and personality development from birth through adulthood and death	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS206	Child and Family Organizations: Management and Administration	Examination of management and administration of community- based child and family organizations within the context of organizational behaviors. Focus on attributes of effective organizations: the impact of organizational culture and learning, work-place diversity and employee motivation	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS207	Organization and Community Leadership in Child and Family Organizations	Examination of organization and community leadership as it applies to the management and administration of community- based child and family services organizations. Provides overview of leadership styles and function	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS208	Child and Family Organizations: Fiscal Management and Grant Writing	Examination of fiscal accountability and resource development as it applies to the management and administration of community-based child and family social service organizations. Provides overview of grant development processes beginning with research into governmental and private funding sources through fiscal and grant audit processes. Includes budget development, risk management, and cost control issues	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS209	Child and Family Organizations: Project Management	Focuses on concepts and strategies associated with effective project management in community-based child and family organizations. Emphasis on planning, evaluation and project management models	Prerequisites: None.	LEC 3.0 3.0 3.0

CFS210	Family Life Education	Provides an overview of the professional work within the field of family life education. Emphasis on developing flexible, culturally sensitive and effective professional skills	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS220	Introduction to Parenting and Family Development	Overview of the field of family and parent development. Focuses on parenthood as a developmental process and cultural influences on child rearing. A family systems perspective introduced and applied to understanding families with children	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS225	Foundations of Parent Education	Professional development as related to work with parents. Emphasis on developing effective skills with parents, professionals and paraprofessionals involved with the child. Skills and techniques to facilitate and strengthen the individual and family relationships.	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS235	Developing Child: Theory into Practice, Prenatal to Age Eight	Understanding and working with young children, birth through age eight. Analysis of young children's physical, social, emotional, cognitive and linguistic development within their home, school, and cultural contexts. Typical and atypical development. Implications for teachers and parents. Emphasis on observations and planning curriculum based on theories, research, and child-specific data	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS240	Human Behavior in Context	Considers the influences of physical and social environments in which human behavior occurs. Includes multiple roles and perspectives of the individual, the family, society and the professional	Prerequisites: None.	LEC 3.0 3.0 3.0

CFS242	Curriculum Planning for Diversity	Practical early childhood classroom applications for a diverse population, including integration of cultures, generations, genders, and races into the classroom, facilitation of second language acquisition, and practical teaching strategies which are also developmentally appropriate.	Prerequisites: A grade of C or better in CFS/ECH176.	LEC 3.0 3.0 3.0
CFS243	Cross-Cultural Parenting	Focus on the study of parents and children from a cross-cultural position. Emphasis on parenting styles and practices from a cultural directive and expectation perspective. Course designed for those seeking careers in Family Studies, Parent Education, Psychology, Social Work/Human Services	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS247	Family Ties and Aging	Identification and examination of facets of family relationships and aging. Emphasis on study of central family connections for older people, unique family situations, and implications of family transitions. Course designed for those seeking careers in Family Studies, Parent Education, Psychology, Social Work/Human Services	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS249	Transition to Adulthood	Emphasis on major elements of the transition to adulthood and key links to changes in family relationships. Focus on the realignment of intergenerational relationships and reassessment of family priorities. Course designed for those seeking careers in Family Studies, Parent Education, Psychology, Social Work/Human Services	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS250	Social Policy and Families	Examines the impact of social policy on family systems and the implications for professional roles and practice	Prerequisites: None.	LEC 3.0 3.0 3.0

CFS251	Transitions: Work to Retirement	Explores the work to retirement transitional issues that impact individuals and families. Emphasis on physical, cognitive and psychosocial dimensions of retirement	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS252	Contemporary Issues in Aging	Current issues that impact aging development and behavior explored. Comprehensive and specific strategies for addressing these issues for professionals working with aging adults emphasized	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS256	Management in the Family	Management as a means to the realization of individual and family values and goals; creation, allocation, and use of resources. Focus on decision making	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS257	Working with Families with Diverse Needs	A collaborative approach to working with families with diverse needs. Examines the effect of specific challenges on the family system. Presents techniques for those working with families to facilitate stress management, conflict resolution, and utilization of community and personal resources to aid in the strengthening of the family unit	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS258	Families in Society	Areas of concentration include family transition, diversity in structure and culture faced by contemporary families, problems, crisis and change affecting the stress on families as our society progresses into a more complicated future. The study of change as an integral part of all family's day-to-day experiences while recognizing that family ancestral and cultural dimensions are fundamental for all family groupings. Course designed for those seeking careers in Family Studies, Parent Education, Psychology, Social Work/Human Services	Prerequisites: A grade of C or better in CFS157 and CFS259 or permission of Instructor.	LEC 3.0 3.0 3.0

CFS259	Sexuality over the Life Span	Examination of the physical, psychological, social, and cultural contributions to human sexuality. Emphasis on family life and cultural variation. Examination of facts and myths, current literature, and changing mores regarding human sexuality. Sexuality of males and females in contemporary society; impact of sexual trends on society; home/school issues in sexuality education.	Prerequisites: Permission of Department or Division. Student must be 18 years or older.	LEC 3.0 3.0 3.0
CFS263	Child and Family Studies Seminar	Classroom portion of Child and Family Studies Internship. Emphasizes the blend of job-related activities including career exploration, employment procedures, human relations, and on-the-job problems.	Prerequisites: Permission of Department or Division. Corequisites: CFS264AA or CFS264AB or CFS264AC initial enrollment in internship module.	LEC 1.0 1.0 1.0
CFS264AA	Child and Family Studies Internship	Laboratory portion of Child and Family Studies Seminar. Five hours of work weekly. Supervision and evaluation by a coordinator.	Prerequisites: Permission of Department or Division. Corequisites: CFS263 when initially enrolled in CFS264AA or CFS264AB or CFS264AC module.	LAB 1.0 5.0 0.0
CFS264AB	Child and Family Studies Internship	Laboratory portion of Child and Family Studies Seminar. Ten hours of work weekly. Supervision and evaluation by a coordinator.	Prerequisites: Permission of Department or Division. Corequisites: CFS263 when initially enrolled in CFS264AA or CFS264AB or CFS264AC module.	LAB 2.0 10.0 0.0
CFS264AC	Child and Family Studies Internship	Laboratory portion of Child and Family Studies Seminar. Fifteen hours of work weekly. Supervision and evaluation by a coordinator.	Prerequisites: Permission of Department or Division. Corequisites: CFS263 when initially enrolled in CFS264AA or CFS264AB or CFS264AC module.	LAB 3.0 15.0 0.0
CFS269	Child Care Seminar	Emphasizes the blend of job-related activities including career exploration, employment procedures, human relations, and on-the-job issues.	Prerequisites: Permission of Department or Division.	LEC 1.0 1.0 1.0

CFS271	Arranging the Environment	Exploration of the influence of the environment on the behavior of young children. Indoor and outdoor spaces considered and analysis of environments practiced.	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS273	Math for the Young Child	Methods and techniques for encouraging the beginnings of mathematical/logical thought with young children. Focus upon the theory of Jean Piaget.	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS275	Literacy Development and the Young Child	Literacy from birth through the early childhood years. Focus on developmentally appropriate ways to encourage speaking, listening, writing, and reading in the home and classroom.	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS277	Adult-Adolescent Interaction	Prepares social service workers, teachers, and parents to interact effectively with teenagers. Develops understanding of the interaction between adolescents and their families. Teaches practical strategies to deal with specific problem areas	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS281	Adolescent School Success	An overview of factors that contribute to adolescent school success, including family-school interactions, special needs adolescents, and problem areas. Emphasis on strategies and resources to facilitate school success	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS282	Mainstreaming The Young Child with A Disability	An exploration of the educational, social, and behavioral issues and concerns involved in the successful integration of children with disabilities into typical preschool classes. Includes discussion of practical concerns such as adaptation of environment and accessing existing resources in the community	Prerequisites: None.	LEC 1.0 1.0 1.0

CFS283	Multicultural Early Child Education	Practical early childhood classroom applications for a diverse ethnic population, including integration of multicultures into the classroom, facilitation of second language acquisition, and practical teaching strategies which are also developmentally appropriate	Prerequisites: A grade of C or better in CFS/ECH176.	LEC 1.0 1.0 1.0
CFS284AA	Early Childhood Teaching Internship	Work experience in child care centers. 80 hours of designated work per credit. Maximum of 6 credits allowed.	Prerequisites: A grade of C or better in CFS/ECH176 and permission of department. Corequisites: CFS/ECH269.	L+L 2.0 2.0 2.0
CFS284AB	Early Childhood Teaching Internship	Work experience in child care centers. 80 hours of designated work per credit. Maximum of 6 credits allowed.	Prerequisites: A grade of C or better in CFS/ECH176 and permission of Department Corequisites: CFS/ECH269.	L+L 3.0 3.0 3.0
CFS285	Family-School Interaction	Interaction among parents, teachers and the school. Emphasis on methods used cooperatively by parents and teachers to provide for education and developmental needs.	Prerequisites: A grade of C or better in CFS/ECH176 or CFS278 or permission of Instructor.	LEC 3.0 3.0 3.0
CFS285AA	Family-School Interaction: Preschool	Interaction among parents, teachers and the preschool. Emphasis on methods used cooperatively by parents and preschool teachers to provide for education and developmental needs.	Prerequisites: A grade of C or better in CFS/ECH176 or CFS278 or permission of Instructor.	LEC 1.0 1.0 1.0
CFS287	Professional Development in Early Childhood Education	Emerging professionalism within the field of early childhood education. Consideration of job responsibilities, rewards, ethics and current issues facing practitioners. Includes assessment and career planning.	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS290AA	Child Abuse: Identification and Reporting in Child Care Settings	Identification, recording, and reporting by child care providers of sexual abuse, physical abuse, or neglect of young children	Prerequisites: None.	LEC 1.0 1.0 1.0

CHA104	Community Health Work	Preparation of Community Health workers for outreach health prevention, advocacy, education, referral, and intervention working with individuals, communities and families. Includes history of community health work programs, community systems, and resources for clients and families often in disparity.	Prerequisites: None.	LEC 3.0 3.0 3.0
CHI101	Elementary Chinese (Mandarin) I	Introduction to the basic grammar, pronunciation and vocabulary of the Mandarin Chinese language. Includes the study of Chinese culture, practice of listening, speaking, reading, and writing skills	Prerequisites: None.	L+L 5.0 6.0 6.0
CHI102	Elementary Chinese (Mandarin) II	Study of grammar and vocabulary along with the study of Chinese culture. Emphasis on pronunciation and speaking skills.	Prerequisites: A grade of C or better in CHI101 or permission of Department or Division. Completion of prerequisites within the last three years is required.	L+L 5.0 6.0 6.0
CHI115	Beginning Chinese Conversation I	Introduction to Chinese sound system, basic grammar, and vocabulary necessary to develop speaking ability in Mandarin Chinese. Designed for students seeking speaking and listening ability with little emphasis on writing and reading Chinese characters	Prerequisites: None.	LEC 3.0 3.0 3.0
CHI116	Beginning Chinese Conversation II	Continued development of speaking and listening skills for effective communication in Mandarin Chinese. Includes elements of Chinese culture	Prerequisites: A grade of C or better in CHI115 or permission of Department or Division. Completion of prerequisites within the last three years is required.	LEC 3.0 3.0 3.0
CHI201	Intermediate Chinese I	Continued development of speaking, reading, and writing proficiency in Mandarin Chinese through building vocabulary, phrases, idioms, and grammatical patterns. Includes study of Chinese culture	Prerequisites: A grade of C or better in CHI102 or permission of Department or Division. Completion of prerequisites within the last three years is required.	L+L 5.0 6.0 6.0

CHI202	Intermediate Chinese II	Advanced development of speaking, reading, and writing skills in Mandarin Chinese, and continued exploration of Chinese culture	Prerequisites: A grade of C or better in CHI201 or permission of Department or Division. Completion of prerequisites within the last three years is required.	L+L 5.0 6.0 6.0
CHI225	Intermediate Chinese Conversation I	Continued development of oral and aural skills for effective communication in Mandarin Chinese	Prerequisites: A grade of C or better in CHI116 or permission of Department or Division. Completion of prerequisites within the last three years is required.	LEC 3.0 3.0 3.0
CHI226	Intermediate Chinese Conversation II	A continuation of conversational skills for effective communication in Mandarin Chinese	Prerequisites: A grade of C or better in CHI225 or permission of Department or Division. Completion of prerequisites within the last three years is required.	LEC 3.0 3.0 3.0
CHI296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0
CHI296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 2.0 10.0 0.0

CHI296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor. CHI296WD	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 4.0 20.0 0.0
CHI298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

CHI298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
CHI298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
CHM090	Preparation for Fundamental Chemistry	A developmental course designed to review basic math and chemistry principles for students deficient or insecure in these areas. Stresses individualized instruction and "hands-on" experience. Serves to prepare the student for CHM130	Prerequisites: None.	LEC 1.0 1.0 1.0
CHM091	Preparatory Chemistry	Review of basic concepts of chemistry emphasized in non- degree biology courses. Concepts of matter, energy, and chemical characteristics of atoms. Structure and function of inorganic and organic molecules	Prerequisites: None.	LEC 0.5 0.5 0.5

CHM095	Review of General Chemistry I	A brief review of General Chemistry I concepts and problem-solving techniques most directly applicable to General Chemistry II or General Chemistry II with Qualitative Analysis topics.	Prerequisites: A grade of C or better in CHM151 and (MAT120 or MAT121 or MAT122 or an equivalent Intermediate Algebra course or satisfactory score on placement exam), or permission of Instructor, or Department or Division Chair.	LEC 1.0 1.0 1.0
CHM107	Chemistry and Society	A survey of chemistry and its impact on the environment. Completion of CHM107LL required to meet the Natural Science requirement.	Prerequisites: None.	LEC 3.0 3.0 3.0
CHM107LL	Chemistry and Society Laboratory	Laboratory experience in support of CHM107.	Prerequisites: A grade of C or better in CHM107 or Corequisites: CHM107.	LAB 1.0 3.0 3.0
CHM130	Fundamental Chemistry	A survey of the fundamentals of general chemistry. Emphasis on essential concepts and problem solving techniques. Basic principles of measurement, chemical bonding, structure and reactions, nomenclature, and the chemistry of acids and bases. Preparation for students taking more advanced courses in chemistry. Designed to meet needs of students in such diverse areas as agriculture, nursing, home economics, physical education and water technology.	Prerequisites: A grade of C or better in (CHM090 or MAT090 or MAT091 or MAT092 or higher level mathematics course or satisfactory math placement) and (RDG100 or higher or eligibility for CRE101 or RDG100LL as indicated by appropriate reading placement), or permission of the Instructor, or Department or Division Chair.	LEC 3.0 3.0 3.0
CHM130AA	Fundamental Chemistry with Lab	A survey of the fundamentals of general chemistry. Emphasis on essential concepts and problem solving techniques. Basic principles of measurement, chemical bonding, structure and reactions, nomenclature, and the chemistry of acids and bases. Preparation for students taking more advanced courses in chemistry. Designed to meet needs of students in such diverse areas as agriculture, nursing, home economics, physical education and water technology.	Prerequisites: A grade of C or better in [CHM090 or MAT090 or MAT091 or MAT092 or (MAT103AA and MAT103AB) or higher level mathematics course or satisfactory score on math placement exam] and [RDG100 or RDG100LL or higher or eligibility for CRE101 as indicated by appropriate reading placement test score], or permission of the Instructor, or Department or Division Chair.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0

CHM130LL	Fundamental Chemistry Laboratory	Laboratory experience in support of CHM130.	Prerequisites: A grade of C or better in CHM130 or Corequisites: CHM130.	LAB 1.0 3.0 3.0
CHM138	Chemistry for Allied Health	Elements of fundamental and organic chemistry. Includes the general chemical behavior of inorganic matter and the structure of organic and biochemical systems. Course designed for specific allied health programs at MCCD. May not be applicable to other allied health programs or transferable.	Prerequisites: A grade of C or better in [CHM090 or MAT090 or MAT091 or MAT092 or (MAT103AA and MAT103AB) or higher or satisfactory score on math placement exam], or one year of high school chemistry taken within the last five years with a grade of C or better, or permission of the Instructor, or Department or Division Chair.	LEC 3.0 3.0 3.0
CHM138LL	Chemistry for Allied Health Laboratory	Laboratory experience in support of CHM138, Chemistry for Allied Health.	Prerequisites: None. Corequisites: CHM138.	LAB 1.0 3.0 3.0
CHM150	General Chemistry I	Detailed study of principles of chemistry for science majors and students in pre-professional curricula.	Prerequisites: A grade of C or better in [(CHM130 and CHM130LL), or CHM130AA, or one year of high school chemistry taken within the last five years] and (a grade of C or better in MAT151 or higher level mathematics course, or satisfactory score on placement exam), or permission of the Instructor, or Department or Division Chair.	LEC 4.0 4.0 4.0
CHM150AA	General Chemistry I	Detailed study of principles of chemistry for science majors and students in pre-professional curricula.	Prerequisites: A grade of C or better in [(CHM130 and CHM130LL), or CHM130AA, or one year of high school chemistry with a grade of C or better taken within the last five years] and [a grade of C or better in MAT151 or higher level mathematics course, or satisfactory score on placement exam], or permission of the Instructor, or Department or Division Chair.	LEC 5.0 4.0 4.0 LAB 0.0 3.0 3.0

CHM151	General Chemistry I	Detailed study of principles of chemistry for science majors and students in pre-professional curricula.	Prerequisites: A grade of C or better in [(CHM130 and CHM130LL), or CHM130AA, or one year of high school chemistry with a grade of C or better taken within the last five years] and [a grade of C or better in MAT151 or higher level mathematics course, or satisfactory score on placement exam], or permission of the Instructor, or Department or Division Chair.	LEC 3.0 3.0 3.0
CHM151AA	General Chemistry I	Detailed study of principles of chemistry for science majors and students in pre-professional curricula.	Prerequisites: A grade of C or better in [(CHM130 and CHM130LL), or CHM130AA, or one year of high school chemistry with a grade of C or better taken within the last five years], and [a grade of C or better in MAT151 or higher level mathematics course, or satisfactory score on placement exam], or permission of the Instructor, or Department or Division Chair.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
CHM151LL	General Chemistry I Laboratory	Laboratory experience in support of CHM150 or CHM151. Course Attribute(s): General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM150 or CHM151 Arizona Shared Unique Number SUN#: CHM 1151	Prerequisites: A grade of C or better in CHM150 or CHM151 or Corequisites: CHM150 or CHM151.	LAB 1.0 3.0 3.0
CHM152	General Chemistry II	A study of the chemical properties of the major groups of elements, equilibrium theory, thermodynamics, electrochemistry, and other selected topics.	Prerequisites: A grade of C or better in [(CHM150 or CHM151) and CHM151LL], or CHM150AA, or CHM151AA, or permission of the Instructor, or Department or Division Chair.	LEC 3.0 3.0 3.0

CHM152AA	General Chemistry II	A study of the chemical properties of the major groups of elements, equilibrium theory, thermodynamics, electrochemistry, and other selected topics.	Prerequisites: A grade of C or better in [(CHM150 or CHM151) and CHM151LL], or CHM150AA, or CHM151AA, or permission of the Instructor, or Department or Division Chair.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
CHM152LL	General Chemistry II Laboratory	Laboratory experience in support of CHM152.	Prerequisites: A grade of C or better in CHM152 or Corequisites: CHM152.	LAB 1.0 3.0 3.0
CHM154	General Chemistry II with Qualitative Analysis	A study of the chemical properties of the major groups of elements, equilibrium theory, thermodynamics, kinetics, electrochemistry, and other selected topics. Includes qualitative analysis. Prepares students for all sophomore chemistry courses.	Prerequisites: A grade of C or better in [(CHM150 or CHM151) and CHM151LL] or CHM150AA, or permission of the Instructor, or Department or Division Chair.	LEC 3.0 3.0 3.0
CHM154LL	General Chemistry II with Qualitative Laboratory	Laboratory experience in support of CHM154. Includes qualitative analysis.	Prerequisites: A grade of C or better in CHM154 or Corequisites: CHM154.	LAB 2.0 6.0 6.0
CHM195AA	Principles and Practice of Scientific Research	Students will learn the use of the scientific method; how, why and where research is conducted; the ethical protocol in the scientific process; how peer review works, and how to formulate scientifically testable hypotheses and design supporting experiments. Students will apply the scientific method in laboratory and/or field research projects, will learn and use appropriate laboratory techniques, and will communicate research design, data collection, and data interpretation in conventional scientific formats.	Prerequisites: A grade of C or better in CHM151 or permission of Instructor.	L+L 1.0 2.0 2.0

CHM195AB	Principles and Practice of Scientific Research	Students will learn the use of the scientific method; how, why and where research is conducted; the ethical protocol in the scientific process; how peer review works, and how to formulate scientifically testable hypotheses and design supporting experiments. Students will apply the scientific method in laboratory and/or field research projects, will learn and use appropriate laboratory techniques, and will communicate research design, data collection, and data interpretation in conventional scientific formats.	Prerequisites: A grade of C or better in CHM151 or permission of Instructor.	L+L 2.0 4.0 4.0
CHM195AC	Principles and Practice of Scientific Research	Students will learn the use of the scientific method; how, why and where research is conducted; the ethical protocol in the scientific process; how peer review works, and how to formulate scientifically testable hypotheses and design supporting experiments. Students will apply the scientific method in laboratory and/or field research projects, will learn and use appropriate laboratory techniques, and will communicate research design, data collection, and data interpretation in conventional scientific formats.	Prerequisites: A grade of C or better in CHM151 or permission of Instructor.	L+L 3.0 6.0 6.0
CHM220	Analytical Chemistry	Principles and methods of chemical analysis	Prerequisites: A grade of C or better in CHM152 and CHM152LL or CHM154 and CHM154LL.	LEC 3.0 3.0 3.0
CHM220LL	Analytical Chemistry Laboratory	Laboratory experience in support of CHM220	Prerequisites: A grade of C or better in CHM152LL or CHM154LL or equivalent or Corequisites: CHM220.	LAB 2.0 6.0 6.0
CHM230	Fundamental Organic Chemistry	Chemistry of representative groups of organic compounds, emphasizing biological applications.	Prerequisites: A grade of C or better in (CHM130 and CHM130LL) or (CHM150 or CHM151 and CHM151LL), or permission of the Instructor, or Department or Division Chair.	LEC 3.0 3.0 3.0

CHM230LL	Fundamental Organic Chemistry Laboratory	Laboratory experience in support of CHM230	Prerequisites: A grade of C or better in CHM130LL or CHM151LL or equivalent or Corequisites: CHM230.	LAB 1.0 3.0 3.0
CHM235	General Organic Chemistry I	Rigorous introduction to chemistry of carbon-containing compounds. Reaction mechanisms and recent methods of synthesis emphasized.	Prerequisites: A grade of C or better in (CHM152 and CHM152LL), or CHM152AA, or (CHM154 and CHM154LL), or permission of the Instructor, or Department or Division Chair.	LEC 3.0 3.0 3.0
CHM235AA	General Organic Chemistry I with Lab	Rigorous introduction to chemistry of carbon-containing compounds. Reaction mechanisms and recent methods of synthesis emphasized.	Prerequisites: A grade of C or better in (CHM152 and CHM152LL), or CHM152AA, or (CHM154 and CHM154LL), or permission of the Instructor, or Department or Division Chair.	LEC 4.0 3.0 3.0 LAB 0.0 4.0 4.0
CHM235LL	General Organic Chemistry I Laboratory	Laboratory experience in support of CHM235.	Prerequisites: A grade of C or better in CHM235 or Corequisites: CHM235. Completion of prerequisites within the last two years recommended.	LAB 1.0 4.0 4.0
CHM236	General Organic Chemistry IIA	Study of chemistry of carbon-containing compounds continued. Structural determination and additional reaction mechanisms and modern methods of synthesis emphasized.	Prerequisites: A grade of C or better in CHM235 and CHM235LL, or permission of the Instructor, or Department or Division Chair.	LEC 3.0 3.0 3.0
CHM236AA	General Organic Chemistry IIA with Lab	Study of chemistry of carbon-containing compounds continued. Structural determination and additional reaction mechanisms and modern methods of synthesis emphasized.	Prerequisites: A grade of C or better in (CHM235 and CHM235LL) or CHM235AA, or permission of the Instructor, or Department or Division Chair.	LEC 4.0 3.0 3.0 LAB 0.0 4.0 4.0
CHM236LL	General Organic Chemistry IIA Laboratory	Laboratory experience in support of CHM236.	Prerequisites: A grade of C or better in CHM236 or Corequisites: CHM236. Completion of prerequisites within the last two years recommended.	LAB 1.0 4.0 4.0

CHM238	General Organic Chemistry IIB	Alternate to CHM236. Study of chemistry of carbon-containing compounds continued. Structural determination and additional reaction mechanisms and modern methods of synthesis emphasized.	Prerequisites: A grade of C or better in CHM235 and CHM235LL, or permission of the Instructor, or Department or Division Chair.	LEC 3.0 3.0 3.0
CHM238LL	General Organic Chemistry IIB Laboratory	Laboratory experience in support of CHM238	Prerequisites: A grade of C or better in CHM235LL or equivalent or Corequisites: CHM238.	LAB 2.0 6.0 6.0
CHM260	Fundamental Biochemistry	Structures, properties, and functions of proteins, enzymes, nucleic acids, carbohydrates and lipids; the utilization and synthesis of these materials by living systems and the relationship of the processes to energy production and utilization.	Prerequisites: A grade of C or better in (CHM230 and CHM230LL) or (CHM235 and CHM235LL), or permission of the Instructor, or Department or Division Chair.	LEC 3.0 3.0 3.0
CHM260LL	Fundamental Biochemistry Laboratory	Laboratory experience in support of CHM260.	Prerequisites: A grade of C or better in CHM260 or Corequisites: CHM260. Completion of prerequisites within the last two years recommended.	LAB 1.0 3.0 3.0
CHM282AA	Service-Learning Experience in Chemistry	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
CHM282AB	Service-Learning Experience in Chemistry	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0
CHM282AC	Service-Learning Experience in Chemistry	Unpaid Service-Learning experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 3.0 3.0 0.0

CHM296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0
CHM296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students.	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
CIS100	Internet: A Tool for Learning	Use of the Internet to promote learning. Focus on Internet services and access. Information provided on browsing, Internet addresses, naming conventions, search concepts and techniques, using bookmarks and capturing information	Prerequisites: None.	L+L 0.5 0.5 0.5
CIS102	Interpersonal and Customer Service Skills for IT Professionals	Examines behaviors necessary to develop and support an effective client service organization. Focuses on methods of increasing the effectiveness of help-desk professionals when responding to a range of customer conditions	Prerequisites: None.	LEC 1.0 1.0 1.0
CIS102DA	Customer User Support	Examines skills, tools and strategies necessary for becoming a computer help-desk or end-user support professional.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS103	Introduction to Social Media	Identify and explain social media and Web 2.0 technologies for personal, academic, professional, and business applications. Create and maintain accounts on various sites to socialize, write, and share multimedia, while understanding the related ethics, privacy and security issues.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS104	Introduction to Academic and Internship Programs	An overview of college orientation and academic planning, with an emphasis on the use of academic course work and career planning to develop a successful internship experience.	Prerequisites: None.	LEC 1.0 1.0 1.0

CIS105	Survey of Computer Information Systems	Overview of computer technology, concepts, terminology, and the role of computers in business and society. Discussion of social and ethical issues related to computers. Use of word processing, spreadsheet, database, and presentation software. Includes uses of application software and the Internet for efficient and effective problem solving. Exploration of relevant emerging technologies.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS107	The Electronic Game Industry	Introduction to the electronic game industry, including history, market, distribution and publishing channels, business models, team roles, and career landscape. Technical topics covered include software engineering, artificial intelligence, game physics, computer graphics, and networking.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS108	Electronic Portfolio Development	Compile, reflect on, and select prior learning experiences and artifacts. Design, produce, and publish an online portfolio that documents prior learning. Includes techniques for presenting the electronic portfolio for evaluation.	Prerequisites: A grade of C or better in (CIS105 or BPC110) or permission of Instructor.	L+L 1.0 2.0 2.0
CIS109AM	Networking Technology I	Computer networking basics. Network services, transmission media, and connectivity devices covered. Open Systems Interconnection (OSI) Reference Model	Prerequisites: None.	LEC 2.0 2.0 2.0

CIS111	Ethics in Information Technology	Ethical issues that arise as a result of increasing use of computers, and the responsibilities of those who work with computers, either as computer science professionals or end users. Critical inquiry and review of ethical challenges in information technology business, including professional and corporate responsibility, government regulation, fiduciary responsibilities of information, infringement of intellectual property, security risk assessment, Internet crime, identity theft, employee surveillance, privacy, compliance, social networking, and the ethics of IT corporations.	Prerequisites: None.	LEC 3.0 3.0 3.0
CIS113AE	Microsoft Word: Word Processing Level I	Using word processing software to create, name and manage files, edit text, and do basic formatting of documents.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS113BE	Microsoft Word: Word Processing Level II	Using more advanced features of word processing software to format documents, create lists, mail-merged documents, and documents with themes and styles.	Prerequisites: A grade of C or better in CIS113AE or permission of Instructor.	L+L 1.0 1.0 1.0
CIS113CE	Microsoft Word: Word Processing Level III	Utilizing more advanced features of word processing software to incorporate style and theme elements, use desktop publishing capabilities, and insert tables.	Prerequisites: A grade of C or better in CIS113BE or permission of Instructor.	L+L 1.0 1.0 1.0
CIS113DE	Microsoft Word: Word Processing	Using word processing software to create, name and manage files, edit text, format, apply themes and styles, create and modify tables, apply desktop publishing features, and print a variety of types of documents.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS114AE	Excel: Level I	Computer spreadsheet skills for solving business problems using Excel, including calculations, forecasting, and projections.	Prerequisites: None.	L+L 1.0 2.0 2.0

CIS114BE	Excel: Level II	Additional Excel spreadsheet techniques, including macro programming, database searching, extraction, and linking to obtain prescribed reports and graphs.	Prerequisites: A grade of C or better in CIS114AE or permission of Instructor.	L+L 1.0 1.0 1.0
CIS114CE	Excel: Level III	Additional Excel spreadsheet techniques, including complex macros, statistics, and matrix manipulation. Project design using multiple, integrated spreadsheets	Prerequisites: A grade of C or better in CIS114BE or permission of Instructor.	LEC 1.0 1.0 1.0
CIS114DE	Excel Spreadsheet	Computer spreadsheet skills for solving business problems using Excel, including calculations, forecasting, projections, macro programming, database searching, extraction, linking, statistics, and matrix manipulation. Production of graphs and reports. Project design using multiple, integrated spreadsheets.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS116	Computer Graphics: Introduction to Microsoft Visio	Introduction to use of Visio graphics software to create and edit drawings using predefined shapes and templates. Use of Visio tools to create simple drawings with text, symbols and labels.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS117AM	Database Management: Microsoft Access - Level I	Introduction to the basic elements of a current version of the Microsoft Access database management program, for casual and beginning users.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS117BM	Database Management: Microsoft Access - Level II	Exploration of additional components of the Microsoft Access database management program.	Prerequisites: A grade of C or better in CIS117AM or permission of Instructor.	L+L 1.0 1.0 1.0
CIS117CM	Database Management: Microsoft Access - Level III	Application of the features of the Microsoft Access program to some common database management problems	Prerequisites: A grade of C or better in CIS117BM.	L+L 1.0 1.0 1.0
CIS117DM	Microsoft Access: Database Management	Introduction to the basic elements, exploration of additional components and common database management problems related to the Microsoft Access program.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS118AB	PowerPoint: Level I	Use of PowerPoint software to produce professional-quality presentation visuals	Prerequisites: None.	L+L 1.0 2.0 2.0

CIS118BB	PowerPoint: Level II	Use of PowerPoint software to add movement and sound to desktop presentations to enhance audience attention.	Prerequisites: A grade of C or better in CIS118AB.	L+L 1.0 1.0 1.0
CIS118DB	Desktop Presentation: PowerPoint	Use of PowerPoint to produce professional-quality presentation visuals with animation and sound.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS119DO	Introduction to Oracle: SQL	Use of Oracle tools and methodologies to fulfill real-world business information requirements. Hands-on exercises for designing, creating, and maintaining database structures to store, retrieve, update, and display data in a relational database using the SQL programming language. Creating and maintaining database objects. Advanced retrieval techniques.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS119DP	Oracle: Database Administration	Basic administrative tasks performed by a database administrator (DBA). Conceptual understanding and hands-on applications of the Oracle database architecture and interaction of its components.	Prerequisites: A grade of C or better in CIS119DO, or permission of Instructor. (CIS126++ or CIS121++ or MST152++) is recommended.	L+L 3.0 4.0 4.0
CIS120AJ	Introduction to Digital Photo Editing	Introduction to digital photography and image editing. Digital photo editing use of electronic techniques to select, manipulate, and edit images.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS120DA	Introduction to Adobe Premiere	Foundations of video import, export, and editing. Includes parts and function of a video camera, preproduction and production, incorporating photographs, titles, graphics, animation and audio, capturing, editing, rendering and outputting digital video. Prepares students for the Adobe Certifications related to Adobe Premiere.	Prerequisites: None.	L+L 3.0 4.0 4.0

CIS120DB	Introduction to Adobe Illustrator	Provides students with the knowledge and skills to use Adobe Illustrator graphics software on a computer. Basic foundation course in the use of electronic techniques to create, manipulate, and edit images, text, abstract art, graphics design, color graphics and business charts; determine file formats appropriate for web and print; utilize tools to optimize graphics and create a PDF file.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS120DC	Introduction to Adobe Animate	Focuses on entry-level skill expectations for digital animation using Adobe Animate. Covers basic animation techniques used in the creation, manipulation, and editing of animation graphics. Prepares students for the Adobe certifications related to Adobe Animate.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS120DF	Introduction to Adobe Photoshop	Focuses on entry-level skills and knowledge for digital imaging using Adobe Photoshop. Prepares students for the Adobe Certifications related to Photoshop.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS120DG	Fireworks: Web Graphics	Use of graphics software to create and edit vector and bitmap (raster) graphics. Creation and manipulation of paths and special effects. Covers slices, buttons, pop-up menus, navigation bars, and animations for use in web sites.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS120DK	Introduction to Digital Video Editing	Introduction to digital video editing comprises of a foundation for video import, export, and editing functions. Includes parts and function of a video camera, preproduction and production, incorporating photographs, titles, graphics, animation and audio, capturing, editing, rendering and outputting digital video.	Prerequisites: None.	L+L 3.0 4.0 4.0

CIS120DL	Introduction to Adobe After Effects	Includes creating visual effects for video projects. Explores techniques and methodologies used to create shots for big budget special effects. Topics include color and light matching, keying, motion tracking, rotoscoping and working with film.	Prerequisites: A grade of C or better in CIS120DA or CIS120DK, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS120DO	Introduction to Adobe Audition	Introduction to editing audio files in a multitrack editing environment using Adobe Audition. Includes the import of files in a variety of formats that were generated using other software and how to export files.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS120DP	Adobe Acrobat Pro: Portable Document Format (PDF) Files	Introduction to creating PDF (Portable Document Format) files using Adobe Acrobat for web viewing and printing. Addresses creation of interactive PDF documents including security settings, navigation links, and form fields.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS121AB	Microsoft Command Line Operations	Use of the Microsoft command line interface: basic concepts, internal and external commands, subdirectories, and editor.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS121AE	Windows Operating System: Level I	Specific topics include Windows basics, navigating and customizing the desktop, maintaining hardware and software, improving performance, configurations, securing your computer, taskbar, organizing, searching and managing folders and files, installing and uninstalling applications, Internet Explorer fine tuning, security, and searching, including advanced search techniques, keyboard shortcuts, and current topics.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS121AH	Microsoft PowerShell/Command Line Operations	Day-to-day command line administration tasks of Microsoft Windows. PowerShell used to create scripts to administer Microsoft windows environment.	Prerequisites: None. MST150++ suggested but not required.	L+L 3.0 4.0 4.0

CIS121AI	Mac Operating System	Specific topics include getting started with Mac OS; working with disks, folders, and files; installing and using applications; setting system preferences; printing, faxing, and scanning; getting and living online; using iLife; sharing a Mac with other users; creating a home network; and maintaining the Mac.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS122AE	Windows Operating System: Level II	Additional capabilities of the Windows program that configure devices and customize the presentation of the operating system. System tools, control panel utilities, the My Computer, Network Neighborhood, and Microsoft Exchange desktop icons. Other helpful utilities presented.	Prerequisites: A grade of C or better in CIS121AE or permission of Instructor.	L+L 1.0 2.0 2.0
CIS124AA	Project Management Software: Level I	Utilization of project management software packages by managers and advanced business students to solve critical management planning tasks. Evaluation of management opportunities utilizing software packages to monitor project progress and resource allocation. Includes "what-if" analyses, and preparation of management reports	Prerequisites: None.	L+L 1.0 1.7 1.7
CIS124BA	Project Management Software: Level II	Advanced use of project management software. Covers features and functions to solve critical management planning tasks. Project communications, scheduling, resource allocation, tracking processes and importing and exporting data also covered. Project consolidation emphasized.	Prerequisites: A grade of C or better in CIS124AA or permission of Instructor.	L+L 1.0 1.7 1.7
CIS126AA	UNIX Operating System: Level I	Use of the UNIX operating system: system components, built-in commands, files and directories, editors, and UNIX Shell and command lines.	Prerequisites: None.	L+L 1.0 2.0 2.0

CIS126AL	Linux Operating System I	Introduction to the Linux Operating system. Develop knowledge and skills required to install, configure a Linux-based workstation including basic network functions.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS126BA	UNIX Operating System: Level II	Installation, configuration, and maintenance of the UNIX operating system	Prerequisites: A grade of C or better in CIS126AA.	LEC 1.0 1.0 1.0
CIS126CA	UNIX Operating System: Level III	Create login scripts and batch files, and maintain system communications	Prerequisites: A grade of C or better in CIS126BA.	LEC 1.0 1.0 1.0
CIS126DA	UNIX Operating System	Use of a UNIX operating system including system components, built-in commands, files, and directories, editors, and UNIX shell and command lines. Installation, configuration, and maintenance of a UNIX operating system. Create scripts and batch files, and maintain system communications.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS126DL	Linux Operating System	Introduction to the Linux Operating system. Develop knowledge and skills required to install, configure and troubleshoot a Linux-based workstation including basic network functions. Learn basic command line and Graphical User Interface (GUI) desktop environment utilities and applications. Fundamental abilities to achieve the entry-level industry certification covered.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS126RH	Red Hat System Administration I	Introduction to core administration skills needed to manage a Red Hat Enterprise Linux system. This Red Hat Academy course helps prepare for the Red Hat certification exams using a hands-on, task-focused curriculum.	Prerequisites: None.	L+L 3.0 4.0 4.0

CIS128	Databases in Practice Management	Use of a Practice Management Database (Electronic Health Record software) for installation and maintenance of an Electronic Health Record. Application of policies and procedures for data control, security, privacy, and confidentiality of health information in electronic health information management systems.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS129	Introduction to Microsoft Sharepoint	Designed to provide basic skills enabling the end user to navigate, manage documents and collaborate using Microsoft Sharepoint.	Prerequisites: A grade of C or better in BPC110, or CIS105, or permission of Instructor.	L+L 1.0 2.0 2.0
CIS130DA	3D Studio Max: Modeling	Introduction to 3D modeling using 3D Studio Max. Emphasis will be placed on Polygonal, Solid, and Surface modeling tools. Students will also understand concepts such as modifiers, sub-object editing, extruding, Booleans, lofting, lathing and compound object modeling. Introduction to basic lighting, texturing and rendering techniques.	Prerequisites: A grade of C or better in CIS105.	L+L 3.0 4.0 4.0
CIS130DB	3D Studio Max: Animation	Introduction to three-dimensional animation tools and principles, with an emphasis on character construction and animation. 3D Studio Max will be the primary application for use in this class.	Prerequisites: A grade of C or better in CIS105.	L+L 3.0 4.0 4.0
CIS131AA	Doing Business on the Internet	Overview of different ways businesses are taking advantage of and using the Internet. Includes how companies are selling items and services over the Internet; techniques used to expand customer contacts; marketing strategies; availability of government and financial information; future potential and disadvantages; using the Internet for customer service; establishing a World Wide Web site. Some previous computer experience preferred	Prerequisites: None.	LEC 1.0 1.0 1.0

CIS132	HTML/CSS	Overview of foundational HyperText Markup Language (HTML) and Cascading Style Sheets (CSS) coding. Create web pages and sites that adhere to web standards and best practices using current web coding standards.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS133AA	Internet/Web Development Level I-A	Overview of the Internet and its resources. Hands-on experience with various Internet communication tools	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS133DA	Internet/Web Development Level I	Overview of the Internet/World Wide Web (WWW) and its resources. Hands-on experience with various Internet/WWW resource discovery, information retrieval, and social media tools. Design and Development of multi-page websites using current Hyper Text Markup Language (HTML) and Cascading Style Sheets (CSS) standards..	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS136	Content Management Systems: WordPress	Overview of WordPress Content Management System. Includes hands-on design and creation of web pages and blogs for the World Wide Web. Designed to cover best practices for web site/blog creation.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS138DA	Desktop Design and Publishing Using Adobe InDesign	Use of Adobe InDesign to compose and print textual and graphic materials of high quality. Includes word processing of copy, use of graphics programs, layout of design elements, printing alternatives, and file formats.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS140	Survey of Multimedia Technology	Introduction to multimedia technology and its uses. Overview of the various hardware and software used in developing and delivering multimedia. Emphasis on how multimedia is used in education and training. Provides a basic understanding of the process used to define and develop multimedia applications.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 2.0 3.0 3.0

CIS150	Programming Fundamentals	Structured program design and logic tools. Use of computer problems to demonstrate and teach concepts using appropriate programming language.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS150AB	Object-Oriented Programming Fundamentals	Structured and Object-Oriented design and logic tools. Use of computer problems to demonstrate and teach concepts using an appropriate programming language.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS151	Computer Game Development -Level I	Introduction to object-oriented game development, game design, and game theory. Use of computer software to demonstrate and teach concepts using an appropriate game development platform to model real-time simulations and create computer games using object oriented tools. Introduction to developing PC games, educational software, and training software using windows based object oriented developments tools.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS154	Database Modeling and Design	Top-down, systematic approach to defining a database design based on analysis of business information and requirements. Identifying and evaluating standard data model and design patterns. Developing an entity-relationship (ER) diagram that accurately reflects the business. Mapping the ER diagram to an initial database design and revising for complex entities, attributes, and relationships.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS156	Python Programming: Level I	Use of the Python programming language to solve problems using suitable examples from business or other disciplines.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS159	Visual Basic Programming I	Use of the Visual Basic programming language to solve problems using suitable examples from business or other disciplines	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0

CIS162	C Programming I	Beginning C programming. Includes features needed to construct programs, functions, pointers, input and output options, data types, structures, and unions, and disk file operations.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 3.7
CIS162AB	C++: Level I	Introduction to C++ programming including general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS162AC	Visual C++: Level I	Introduction to Visual C++ programming including general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS162AD	C#: Level I	Introduction to C# programming including general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS163AA	Java Programming: Level I	Introduction to Java programming. Includes features needed to construct Java Applets, Java Applications, control structures, methods, arrays, character and string manipulation, graphics, and object-oriented programming	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0

CIS164AB	Oracle: PL/SQL Programming	Writing PL/SQL procedures, functions, and packages. Creating and managing PL/SQL program units and database triggers in Oracle development environment. Managing dependencies and manipulating large objects	Prerequisites: A grade of C or better in CIS119DO or permission of Instructor.	L+L 3.0 4.0 4.0
CIS165	Introduction to IOS Application Development	Introduction to iOS device programming utilizing the XCode application, and the programming languages Objective-C and/or Swift, utilizing various iOS frameworks. Understand iOS hardware and feature basics. Go through the entire design process from concept to final product delivery.	Prerequisites: A grade of C or better in CIS150++, or CIS156, or CIS159, or CIS162++, or CIS163AA, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS165DA	Introduction to Android Application Development	Beginning with an overview of Android features, this class explores the required software tools and programming techniques for developing Android device applications from creating the user interface, working with activities, intents and views, to using databases, providing data persistence, accessing device services, to debugging and publishing applications.	Prerequisites: A grade of C or better in CIS150++, or CIS156, or CIS159, or CIS162++, or CIS163AA, or permission of Instructor.	L+L 3.0 4.0 4.0

CIS165DB	C#/VB.NET: Windows 8 App Development	Building upon desktop application development with Visual Studio using VB.NET or C# languages, developing apps for Windows 8 utilizes Extensible Application Markup Language (XAML) for interface design. Windows 8 utilizes UI design standards that are unique from previous versions. Develop apps for Windows 8 smartphones and tablets that utilize touch input methods, translate into different resolutions, states, and orientations, and can tap into mobile features such as location and acceleration sensors. Includes working with external data and packaging for Windows Store distribution.	Prerequisites: A grade of C or better in CIS159 or CIS162AD or permission of Instructor.	L+L 3.0 4.0 4.0
CIS165DC	Xamarin/C# Cross-Platform Development	Develop cross-platform mobile apps for iOS, Android, and Windows devices using the Xamarin.Forms Platform and C#, utilizing the Visual Studio IDE. Focusing on Xamarin.Forms projects, the course includes PCL and SAP approaches to shared code, developing interfaces with XAML or in C# code, emulator testing, data binding, backgrounding, packaging for deployment. Coding techniques include Layouts and shared controls (views), MVVM pattern, LINQ, SQLite, and Dependency Injection for platform specific coding.	Prerequisites: A grade of C or better in CIS162AD, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS166	Web Scripting/Programming	Software development for Web sites, including client-side script and Common Gateway Interface (CGI) scripting. Covers Web-based transaction processing and use of databases in conjunction with the Web. Includes security issues.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0

CIS166AA	Introduction to JavaScript	Introduction to basic JavaScript programming concepts including syntax. Covers Hypertext Markup Language (HTML), programming logic and debugging, as well as forms manipulation and animation.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS166AC	Web Scripting with Active Server Pages (ASP).NET	Introduction to web scripting using Microsoft's ASP.Net (Active Server Pages). Web application development using Hypertext Markup Language (HTML), ASP.Net Web Forms, programming logic, and Structured Query Language (SQL).	Prerequisites: A grade of C or better in CIS133DA and (CIS159 or CIS162AD) or permission of Instructor.	L+L 3.0 4.0 4.0
CIS166AE	Web Scripting with PHP: Hypertext Preprocessor (PHP)	Introduction to web scripting with PHP (PHP: Hypertext Preprocessor). Web application development using Hypertext Markup Language (HTML), PHP, programming logic, and Structured Query Language (SQL).	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS171	Survey of Blockchain Technology	This survey class will introduce you to the exciting world of distributed ledger technology (i.e. the blockchain), cryptocurrencies such as Bitcoin and Ether as well as smart contracts. The emphasis is on the blockchain's role in revolutionizing business. Basic knowledge of computer operation and the ability to browse the Internet are recommended.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS175SA	Interconnecting Cisco Network Devices	Procedures for interconnecting existing computer networks. Emphasis on internetworking, layer usage, and software configuration. Covers router and switch usage, protocol suite and wide-area networking, as well as Internet protocol address and routing configuration. Also includes frame relay and X.25 configuration, access list traffic management, and alternate router access information.	Prerequisites: None.	L+L 3.0 4.0 4.0

CIS189	Virtualization and IT Solutions for Digital Businesses	Introduction to Virtualization course is designed to teach basic virtualization computing concepts to learners. It then expands on the basic technical introduction provided and explores the concepts in more detail with an emphasis on mapping the technologies to business needs and solutions. This course is suitable for anyone who wants to know more about terms like "cloud" and "virtualization." It will serve as a foundation to build upon when students learn how to design, install and configure various cloud technologies.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS190	Introduction to Networking	Overview of networks. Emphasis on the elements of a network, current issues and products, and use of a network. Includes terminology, hardware and software components, connectivity, resource monitoring and sharing, electronic mail and messaging, and security issues. Helps prepare students for the CompTIA Network+ examination.	Prerequisites: None. Corequisites: CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS197	VMware ESXI Server Enterprise	Introduction to vSphere and VMware ESXI server in the enterprise. Covers many aspects of virtualization for VMware ESXI server administration. Designed to develop knowledge and skills required to install, configure and troubleshoot a VMware ESXI Server (vSphere) including basic network functions.	Prerequisites: A grade of C or better in [CIS105 and (BPC270 or MST150++) and (CIS126DL or CIS126RH) and (CIS190 or CNT140AB)] or permission of Instructor.	L+L 3.0 4.0 4.0

CIS198	VMware vSphere: Optimize and Scale	VMware vSphere: Optimize and Scale is designed for experienced VMware vSphere users. It teaches advanced skills for configuring and maintaining a highly available and scalable virtual infrastructure. Through a mix of lecture and hands-on labs, you will configure and optimize the vSphere features that build a foundation for a truly scalable infrastructure and discuss when and where these features have the greatest effect. It enables you to understand vSphere at a deeper level and how to use advanced features and controls.	Prerequisites: A grade of C or better in CIS197.	L+L 3.0 4.0 4.0
CIS200	VMware NSX: Install, Configure, Manage	This comprehensive, fast-paced training course focuses on installing, configuring, and managing VMware NSX. This course covers NSX as a part of the software-defined data center platform, implementation use cases along with features of NSX, and functionality operating at Layer 2 through Layer 7 of the OSI model. Lecture and hands-on lab activities support the student's understanding of NSX features, functionality, and on-going management and control.	Prerequisites: A grade of C or better in CIS197.	L+L 3.0 4.0 4.0
CIS213DE	Advanced Microsoft Word: Word Processing	Using advanced word processing software features to perform tasks such as mail merge, collaboration, web pages, math functions, macros, photo enhancements, graphics, tables, forms and manage long documents.	Prerequisites: A grade of C or better in CIS113DE or (CIS113AE and CIS113BE and CIS113CE) or permission of Instructor.	L+L 3.0 4.0 4.0

CIS214DA	Advanced Excel for Data Analytics	Advanced Excel spreadsheet features for data analytics including advanced functions, PivotTables, Data Modelling, Dashboard creation and forecasting for Business Intelligence (BI). Includes capstone project of an interactive dashboard using a multi-table Excel Data Model.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: [CIS114DE and (CIS117AM or CIS276DA or CIS276DB)], or permission of Instructor.	L+L 3.0 4.0 4.0
CIS214DE	Advanced Excel Spreadsheet: Level II	Advanced Excel spreadsheet features including formatting techniques, macros and Visual Basic for applications. Templates, built-in functions and lists as well as analysis tools including Pivot Tables and Goal Seek covered. Import and export data, workgroup collaboration and Internet features of Excel emphasized.	Prerequisites: A grade of C or better in CIS114DE or permission of Instructor.	L+L 3.0 4.0 4.0
CIS217AM	Advanced Microsoft Access: Database Management	Advanced database concepts including database design, primary and secondary key selection and relationships between tables. Queries, sub forms, macros, events, Visual Basic modules and Access Internet features also covered	Prerequisites: A grade of C or better in CIS117CM or CIS117DM.	L+L 3.0 4.0 4.0
CIS220DC	Flash: Advanced Animation and ActionScript	Advanced Flash programming, action scripting, tweening, advanced buttons and user input, movie clips, using dynamic sound and text, managing information flow, Object-Oriented Programming concepts in relation to Flash.	Prerequisites: A grade of C or better in CIS120DC or permission of Instructor.	L+L 3.0 4.0 4.0
CIS220DF	Adobe Photoshop Level II: Advanced Digital Imaging	Goes beyond the basic use of palettes, selections, layers, menus, and tool options, and focuses on using Photoshop software's advanced features to manipulate and correct digital and digitally produced images.	Prerequisites: A grade of C or better in CIS120DF or permission of Instructor.	L+L 3.0 4.0 4.0

CIS220DK	Advanced Adobe Premiere	Includes an in-depth study of digital video editing using premiere, including preproduction, production and post production. Advanced techniques into a capstone project. Emphasis placed on enhanced workflow processes, integration of other applications into Premiere, multiple output formats, timesaving quick key setup and advanced production and editing tools.	Prerequisites: A grade of C or better in CIS120DA, or CIS120DK, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS221AB	Microsoft Power Shell	Microsoft Power Shell (PS) is used to aid system administrators of Microsoft Network Operating Systems (NOS) in automating many administrative tasks through shell script automation.	Prerequisites: A grade of C or better in BPC121AB CIS121AB or permission of Instructor.	L+L 1.0 2.0 2.0
CIS224	Project Management Microsoft Project for Windows	Introduction to project management concepts while working with MS Project to solve complex project management networks, including creating Gantt and PERT charts, tracking project progress, planning for restrictions, and integrating MS Project with other software packages such as Excel, Word, Powerpoint, and cc Mail.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS225	Business Systems Analysis and Design	Investigation, analysis, design, implementation and evaluation of business computer systems.	Any programming language or permission of Instructor.	L+L 3.0 4.0 4.0
CIS225AB	Object-Oriented Analysis and Design	Methodologies and notations for fundamental object-oriented analysis and design including use cases, objects, classes, stereotypes, and relationships. Object-oriented iterative process for system development. A continuous application development exercise for applying the analysis and design concepts.	Any programming language or permission of Instructor.	L+L 3.0 4.0 4.0

CIS226AL	Internet/Intranet Server Administration-Linux	Configuration and management of internet/intranet services, including the Apache web server, Simple Mail Transfer Protocol servers (SMTP), Structured Query Language (SQL server), File Transfer Protocol (FTP), Network Time Protocol (NTP), and other network services used in home and small business environments. Covers basic security configuration and testing.	Prerequisites: A grade of C or better in CIS126 (any module) or permission of Instructor.	L+L 3.0 4.0 4.0
CIS227	Assembly Language	Concepts and use of the Assembly programming language, including basic arithmetic operations, flow control, and memory management.	Prerequisites: A grade of C or better in CIS162++ or permission of Instructor.	L+L 3.0 4.0 4.0
CIS228	Advanced Databases for Practice Management	Advanced installation, configuration and use of Practice Management Database (Electronic Health Record software) for implementation and maintenance of for vendor specific and open source Electronic Health Records (EHRs). Configuration of policies and procedures for data control, security, privacy, and confidentiality of health information in electronic health information management systems.	Prerequisites: A grade of C or better in CIS128 or permission of Instructor.	LEC 3.0 4.0 4.0
CIS230DA	3D Studio Max: Materials	Emphasis on creating and applying materials and textures to three-dimensional environments. Techniques for creating skins, surfaces, and shading types for objects, environments and characters will be explored. Original textures, both life-like and imaginary, will be created using 3D Studio Max and a 2D computer graphics software application.	Prerequisites: A grade of C or better in CIS130DA or CIS120DF or CIS120DG or permission of Instructor.	L+L 3.0 4.0 4.0
CIS230DB	3D Studio Max: Lighting and Rendering	Emphasis on lighting and rendering for three-dimensional environments. Techniques for illuminating scenes and characters will be explored. Prepare scenes for rendering to video, film and real-time rendering using 3D Studio Max.	Prerequisites: A grade of C or better in CIS130DA or permission of instructor.	L+L 3.0 4.0 4.0

CIS231	Ethereum Blockchain Application Development	Exploration of the theory behind Ethereum blockchain technology and the development of Ethereum smart contracts. In-depth emphasis on programming concepts relating to the creation and eventual deployment of smart contracts to the Ethereum blockchain.	Prerequisites: A grade of C or better in CIS171 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS233AA	Internet/Web Development Level II-A	Design and creation of pages on the World Wide Web using hypertext markup language (HTML). Hands-on experience authoring HTML and preparing sophisticated web documents.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 1.0 2.0 2.0
CIS233AC	Internet Web Development: Dreamweaver Level I	Design and development of websites using Dreamweaver. Hands-on experience designing, developing, testing, and publishing web documents that contain client-side web technologies.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 1.0 2.0 2.0
CIS233BA	Internet/Web Development Level II-B	Hands-on experience designing Web presentations using advanced markup languages, programming languages, scripts, and multimedia	Prerequisites: A grade of C or better in CIS233AA or permission of Instructor.	LEC 1.0 1.0 1.0
CIS233DA	Internet/Web Development Level II	Design and create pages on the World Wide Web with a variety of markup languages, programming languages, scripts, and multimedia. Hands-on experience authoring and preparing sophisticated web documents. Exploration of best practices/issues for web design and publishing and careers in web development and e-commerce.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0

CIS233DC	Internet Web Development: Dreamweaver	Design and development of comprehensive and interactive websites using Dreamweaver. Hands-on experience designing, developing, testing, and publishing web documents that contain various client-side web technologies. Assists in preparing students for the Adobe Certifications related to Adobe Dreamweaver.	Prerequisites: A grade of C or better in CIS132 or CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS234	XML Application Development	The use of Extensible Markup Language (XML) to make documents smarter, simplify Web automation, and to communicate between databases, both within and between corporations. Includes techniques for XML generation, data extraction and sharing, and transformation and managing of XML files.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS235	e-Commerce	Introduction to Electronic Commerce on the Internet. Designing an electronic storefront including web page content and development, e-commerce site marketing, advertisement, legal and security considerations, credit card and other debit transaction covered. Also includes current issues in e-commerce.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS236	Web-Based Teaching and Learning I	Experience using a web-based learning environment from an online student's perspective. Use communication tools, submit assignments, use evaluation tools, create homepages, and navigate online-learning environment. Introduction to basics of online pedagogy. Hands-on experience with a web-based learning environment.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 2.0 3.0 3.0

CIS237	Web-Based Teaching and Learning II	Create an online or hybrid course using a web-based learning environment. Create, prepare, and manage content and resource files; locate and add resources; and manage a course homepage. Add, delete, and revise tools; create, maintain, and release quizzes and assignments; and manage a course. Track students, data, and revise student grades, submissions, and attendance. Hands-on experience with creating a course using a web-based learning environment	Prerequisites: A grade of C or better in CIS236 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS238DL	Linux System Administration	Managing Linux Operating Systems including sophisticated manipulation of file structures, backup systems, printing processes, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, kernel customization, and system resource control. Preparation for industry certifications such as the CompTIA Linux+, the Red Hat Certified System Administrator (RHCSA), the Red Hat Certified Engineer (RHCE) and the Linux Professional Institute (LPIC-1).	Prerequisites: A grade of C or better in CIS126DL or CIS126RH or permission of Instructor.	L+L 3.0 4.0 4.0
CIS238RH	Red Hat System Administration II	Continue to develop core administration skills needed to manage a Red Hat Enterprise Linux system. This Red Hat Academy course helps to prepare students for the Red Hat certification exams using a hands-on, task-focused curriculum.	Prerequisites: A grade of C or better in CIS126RH, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS239DL	Linux Shell Scripting	Linux Shell Scripting syntax and methods including the automation of system tasks as well as interpreted user-level programming. Course includes the Linux Borne Again Shell (BASH) as well as a variety of industry competitors.	Prerequisites: A grade of C or better in CIS238DL or CIS238RH or permission of Instructor.	L+L 3.0 4.0 4.0

CIS240	Local Area Network Planning and Design	Analysis of the needs and requirements for a local area network (LAN). Emphasis on basic systems analysis and design for a local area network, selection of appropriate hardware and software components. Includes current and future issues, needs analysis, cost estimation, selection of connectivity and network components, and issues relating to access, security, and support	Prerequisites: A grade of C or better in CIS190 or MST140 or permission of Instructor.	LEC 3.0 3.0 3.0
CIS240DL	Linux Network Administration	In depth networking based on Linux servers and the Transmission Control Protocol/Internet Protocol (TCP/IP) protocol suite. Integrating Linux servers and workstations into a network environment with multi-platform network operating systems including a variety of open-standard and proprietary protocols. Preparation for industry certifications such as the CompTIA Linux+, the Red Hat Certified System Administrator (RHCSA), the Red Hat Certified Engineer (RHCE) and the Linux Professional Institute (LPIC-1).	Prerequisites: A grade of C or better in CIS238DL or permission of Instructor.	L+L 3.0 4.0 4.0
CIS240RH	Red Hat System Administration III	Provides solid understanding of how to automate services on a Linux system. Covers use of Ansible to automate provisioning, configuration, application deployment, and orchestration on Red Hat Enterprise Linux 8. Content aligns with the Red Hat Certified Engineer (RHCE - EX294) exam, a professional certification.	Prerequisites: A grade of C or better in CIS238RH or permission of Instructor.	L+L 3.0 4.0 4.0
CIS243	Internet/Web Development Level III	Development of interactive websites with graphics, video, and sound using advanced web design techniques and tools. Design theory for maximizing web readership, interactive and multimedia elements, speed and accessibility optimization, and intuitive user interfaces	Prerequisites: A grade of C or better in CIS233DA or permission of Instructor.	L+L 3.0 4.0 4.0

CIS250	Management of Information Systems	The study of business information systems and its management, communication, e-business strategies, emerging technologies, database concepts, and project management. Overview of systems analysis and design. Learn about the competitive and strategic uses of information systems and how they are transforming organizations and their management.	Prerequisites: A grade of C or better in CIS105.	L+L 3.0 4.0 4.0
CIS251	Computer Game Development -Level II	Advanced object-oriented game development, advanced game design, and advanced game theory. Use of game development software tools to demonstrate advanced concepts for modeling real-time simulations and creating computer games using object oriented development tools. In depth coverage of game programming (scripting) techniques, and decision logic using object oriented techniques.	Prerequisites: A grade of C or better in CIS151 or permission of Instructor.	L+L 3.0 4.0 4.0
