

# GLENDALE COMMUNITY COLLEGE

## Academic Catalog 2021-2022

A MARICOPA COMMUNITY COLLEGE

# 2021 - 2022 ACADEMIC CALENDAR

## Calendar Applies to GCC, GCC North, and GCC at Other Valley Locations

Colleges/Centers may modify start dates in order to meet special needs. Dates listed below which are directly related to instruction refer to the traditional academic year. Some courses may be offered over time periods for which these dates are not applicable.

### Summer Semester - 2021 (Subject to 2021-2022 Catalog)

Summer 2021 Priority Registration Begins for Currently Enrolled Students .....	April 5
Summer 2021 Open Registration Begins .....	April 12
Summer Semester Begins .....	June 1
Observance of Independence Day .....	July 5
Summer Semester Ends .....	August 5

### Fall Semester - 2021

Fall 2021 Priority Registration Begins for Currently Enrolled Students.....	April 5
Fall 2021 Open Registration Begins .....	April 12
Classes Begin .....	August 21
Observance of Labor Day .....	September 6
Spring 2022 Priority Registration Begins for Currently Enrolled Students .....	October 4
Spring 2022 Open Registration Begins.....	October 11
+ Last Day for Withdrawal without Instructor's Signature (traditional date 10/9)	
Application for December 2021 Graduation.....	November 1
Observance of Veterans Day .....	November 11
Thanksgiving Holiday .....	November 25-28
++ Last Day Student Initiated Withdrawal Accepted (traditional date TBD)	
Last Day of Regular Classes .....	December 12
*Final Exams .....	December 13-16
Mid-Year Recess Begins for Students .....	December 17
Fall Semester Ends [Last day of Faculty Accountability] .....	December 17
Mid-Year Recess (Campus Closed).....	December 23 through January 2

### Spring Semester - 2022

Spring 2022 Priority Registration Begins for Currently Enrolled Students .....	October 4
Spring 2022 Open Registration Begins.....	October 11
Classes Begin .....	January 15
Observance of Dr. Martin Luther King, Jr. Holiday .....	January 17
Observance of Presidents' Day.....	February 21
+ Last Day for Withdrawal without Instructor's Signature (traditional date 3/6)	
Fall 2022 Priority Registration Begins for Currently Enrolled Students.....	March 7
Spring Break .....	March 14-20
Fall 2022 Open Registration Begins .....	March 21
++ Last Day Student Initiated Withdrawal Accepted (traditional date TBD)	
Application for May 2022 Graduation.....	April 1
Last Day of Regular Classes .....	May 8
*Final Exams .....	May 9-12
Commencement.....	May 13
Spring Semester Ends .....	May 13
Observance of Memorial Day .....	May 30

### Summer Semester - 2022 (Subject to 2022-2023 Catalog)

Summer Semester Begins .....	May 31
Observance of Independence Day .....	July 4
Summer Semester Ends .....	August 4

\* Students may register online seven days a week. Go to my [my.maricopa.edu](http://my.maricopa.edu) for more information.

+ See your student schedule in [my.maricopa.edu](http://my.maricopa.edu) for the Last Day to Withdraw without an Instructor Signature for each class in which you are enrolled.

++ Refer to the Important Deadlines for Students to determine the Last Day Student Initiated Withdrawal will be accepted.

## Welcome from Dr. Leyba Ruiz

First a college student, then a teacher and now the president of Glendale Community College (GCC), I have a passion for watching students develop and succeed. I am a proud, first-generation college student and thankful to my parents for instilling in me a commitment to a college education. I was raised and educated in South Phoenix and struggled with all the typical distractions, which could have derailed my education.

I know first-hand the trials and challenges our students face today. With that in mind, I believe the purpose of a community college is to offer a path to empowerment through education, a chance to reach for dreams and goals that you never thought within your grasp.

At GCC, we do this by providing an excellent learning environment in classes taught by dedicated faculty who are experts in their field. We offer support services, led by passionate professionals dedicated to ensuring a smooth start, and staff dedicated to helping reach your goal each semester – specifically to minimize or eliminate those “distractions” you may face.

Our goal, at GCC, is to focus on student completion – whatever your goals may be. I want you to be empowered to create your own definition of success. And we are here to help.

Glendale Community College has more than 50 years' history of academic excellence and a reputation for student success. We offer traditional classroom settings, online and hybrid classes in almost all disciplines. From English 101 to automotive technology, we cover the full spectrum of educational offerings.

We don't stop there. GCC has strong community partnerships and collaborative, customized workforce development programs. We are deeply embedded in our community, and value the trust placed in us by the taxpayers. I believe everything we do is in our students' best interests.

Your success matters. Period.

Please take advantage of GCC's services. Need help understanding and navigating your exact path? Visit our Academic Advising Office or Counseling and Career Center for guidance. Or, get free tutoring services and a mentor to encourage you along the way. Whatever your needs or interests, we're here to guide you on your journey.

I encourage you to get involved with college life, create a community for yourself to lean on, learn with and expand your experiences. GCC hosts a vibrant arts environment where you can participate or attend theater productions, art events, music concerts, and other cultural happenings throughout the year. Sign up for one of our 70+ student clubs and organizations. Make the most of your college career!

We have been helping students just like you for more than 50 years. Thank you for letting us be a part of your success!

Teresa Leyba Ruiz, Ed.D.

President

## Glendale Community College Established 1965

Education has the power to inspire growth and change lives. Glendale Community College (GCC) keeps pace with the constant growth of the West Valley, offering increased breadth and depth of educational opportunity. Since 1965 Glendale Community College has welcomed over 500,000 students as they worked towards graduating with two-year degrees, transferring to a university, completing new career training, or finishing an occupational certificate.

Glendale Community College upholds the guiding principles and foundations of the Maricopa Community College District (MCCCD) and works to serve the diverse and evolving needs of students and the community. Students enroll in courses or pursue degree and certificate programs at one of two GCC campuses, making the College's enrollment the third largest in the MCCCD.

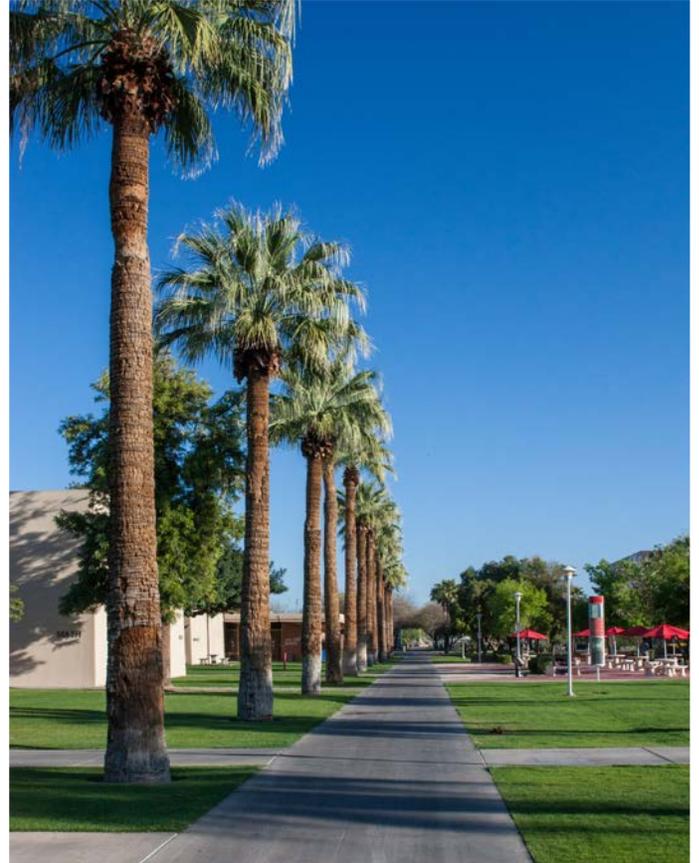

Created in 1962 with one college, the MCCCD currently consists of ten separately accredited colleges. MCCCD is one of the largest community college districts in the United States. On April 12, 1965, GCC was established by the Governing Board as the second MCCCD college, and charged with serving the higher educational needs of the West Valley. In August 1967, the North Central Association of Colleges and Secondary Schools first accredited GCC as an individual college. Accreditation continues today through The Higher Learning Commission/North Central Association and includes the GCC Main and GCC North campuses.

Higher Learning Commission  
230 South La Salle St., Suite 7-500  
Chicago, IL, 60604  
312.263.0456  
[www.hlcommission.org](http://www.hlcommission.org)

### GCC Main Campus

Located at 59th and Olive Avenues, the GCC Main campus spans 147 acres and serves as a focal point for diverse community activities. The College offers a friendly, welcoming environment for learning. During GCC's inaugural fall semester, 2,000 students enrolled in classes held at two temporary locations. September 16, 1966, was the first day of classes on this beautiful, palm tree-lined campus.

The GCC Main campus accommodates the changing needs and interests of students and community members. Recent improvements and renovations include the Dr. Phillip D. Randolph Automotive Technology Center, the Exercise Science and Nutrition Building, and the Veteran Services Center. GCC also is a designated Hispanic Serving Institution (HSI) by the U.S. Department of Education. This designation is given to colleges with a full-time student equivalent (FTSE) that is at least 25 percent Hispanic. By qualifying as an HSI institution, GCC was able to apply for and was awarded Title V grant funding to expand and enhance academic programs and services for the benefit of all students, particularly high-need students in STEM areas.

### GCC North Campus

GCC continually reaches out to where students live. A good example is GCC North, a campus extension at 57th Avenue and Happy Valley Road. GCC North opened in fall 2000 with 797 students and has grown in excess of 2,500 students in 2017. Thanks to the voter-approved 2004 capital development bond, facilities were expanded in 2008 elevating GCC North to a full-service campus under GCC Main. Most recently, GCC North opened an astronomy observatory pad, a semi-circular telescope pad located on the west end of campus that hosts public viewing events throughout the year.

## GCC Vision

GCC fosters student success by providing innovative, quality learning experiences for all members of the community.

## GCC Mission

Glendale Community College prepares students for further higher education, employment and advancement, and successful participation in a global society.

## How Well is GCC Helping You Achieve Your Goals?

At GCC we want to have no doubts that we are doing our best to help you, our students, achieve your goals. As our mission indicates, "... GCC prepares students..." At GCC, that's not just a lofty statement. In order to determine how thoroughly we are accomplishing our mission, we measure and track key pieces of information; this is formally known as Institutional Effectiveness.

What does GCC measure and track in order to determine how effective we are as a community college? How about how well GCC graduates can write, read critically, and reason critically. Also, how well can our students give a speech, locate and evaluate information, and use technology like computers and email?

Additionally, we care about how extensively GCC prepares you for work or to transfer to a university. Also, we want to know if we are helping you start and successfully complete each semester, or complete a degree or certificate - if that is what you want to accomplish. We also care about how successfully GCC is preparing you to make decisions every day in life, for the rest of your life!

And finally, we really care about serving you, our students, along every step of your journey at GCC. In the classroom and out, we want to have no doubts that we are doing the best we can to help you achieve your goals.

## Assessment of Student Learning at GCC

When their time at GCC is complete, are students leaving with the content knowledge, marketable skills, and life skills necessary for success? Our process of student learning assessment addresses that question. Student assessment at GCC focuses on the verification and improvement of student learning through a comprehensive program of academic benchmarking, data collection, analysis, and implementation. GCC uses multiple sources of evidence to discover what and how students learn and how they might use their learning experiences upon exiting the institution.

GCC is committed to hearing the voices of our students and wants to ensure that these voices represent the learning and engagement of our students. By contributing to assessments, students benefit from improved instruction and programs. On occasion, students may be asked to complete nationally recognized assessment instruments and should take their participation in these activities seriously. There is no cost to students to participate in any assessment activity. Information obtained from these instruments will be used solely in determining the effectiveness of

programs and student learning in ways that do not reflect personally on individual students.

Assessment of student learning occurs at multiple levels at GCC - course, program/service area, institutional - typically on a three-year cycle. At the course level, student learning is assessed by individual or collaborating groups of faculty within an academic department with the goal of improving student learning in a particular course. To support learning outside the classroom, student organizations have begun conducting assessment targeting the specific learning outcomes of their organization's events and activities.

Programs and Service Areas in Academic Affairs, Student Affairs, and Administrative Services engage in a process of review and assessment to ensure continuous improvement. Students can find the program goals and competencies for all Academic and Career & Technical Education (CTE) certificate and degree programs here: <https://www.maricopa.edu/academics/degrees-certificates>.

- GCC updated our institutional learning outcomes in the fall of 2017 and began an authentic process of assessment of these outcomes. Our institutional learning outcomes state that by the end of their college experience, students at GCC will have demonstrated:

- oral, written, and visual communication.
- critical and creative thinking.
- quantitative reasoning and analysis.
- personal and community well-being.
- diversity awareness and appreciation.
- information literacy.
- career goals and workplace skills

For more information about our assessment program, including our public reports, visit <https://www.gccaz.edu/who-we-are/assessment>.

Major Code	Program Title	Total Credits
	<i>Associate in Arts:</i>	
8126	Associate in Arts, Emphasis in American Indian Studies	60-64
8109	Associate in Arts, Emphasis in Anthropology	60-64
8124	Associate in Arts, Emphasis in Communication	60-64

Technical Theatre: Stage Crew Technician CCL	150

## Field of Interest (Students may need to complete certain courses within a given degree at more than one College within the District)

Whether you're just getting started on the path to a career or you're looking to move up in your current profession, Glendale Community College is here for you. The Fields of Interest listed below were organized to help you clarify which career path you are interested in pursuing. Simply select a Field of Interest to explore the degree and certificate options available in your chosen field. Every Field of Interest represents a community of students, faculty, and staff who will give you the information, assistance, and encouragement you need to find success. So dive into your passion and begin building a career you'll love. The possibilities are limitless at Glendale Community College!

### APPLIED TECHNOLOGY

#### Applied Technology

Learn how to design, develop, or repair high-tech equipment and processes while getting hands-on, on-the-job experience.

### BEHAVIORAL SCIENCE AND HUMAN SERVICES

#### Behavioral Science and Human Services

Help people, serve your community, and improve the lives of those in need with a rewarding career in healthcare, counseling, and more.

### BUSINESS, ENTREPRENEURIALISM, AND MANAGEMENT

#### Business, Entrepreneurialism, and Management

We've designed our Business, Entrepreneurialism, and Management pathway to give you the skills you need to be an economic and social leader.

### COMPUTER AND INFORMATION TECHNOLOGY

#### Computer and Information Technology

Get the knowledge and real-world experience you need to excel in gaming, programming, tech support, web design, and more.

### CULTURE AND SOCIETY

#### Culture and Society

Tackle complex global issues in a wide range of fulfilling career fields, from communication and sociology to history, economics, and beyond.

### EDUCATION

#### Education

If you love learning and want to help students reach their potential, start your career as a teacher, instructional designer, administrator, and more.

### HEALTH SCIENCES

#### Health Sciences

Help people live better, safer, healthier lives when you pursue a career as a nurse, EMT, physical therapist, personal trainer, and more.

### STEM

#### Science, Technology, Engineering and Mathematics

Creatively solve problems and explore new frontiers with a challenging STEM career.

### VISUAL AND PERFORMING ARTS

#### Visual and Performing Arts

Unleash your creativity while honing your craft as you pursue a career in visual art, design, dance, music, fashion, film, or theatre.

## Accounting

### General Information

**Field of Interest:** Business, Entrepreneurialism, and Management

**For Information:** Scott Stroher

**Phone:** 623.845.3453

<https://www.gccaz.edu/business>

### Student Goals: Transfer/Career Related

Accountants function in different ways. They offer their services to the public on a fee basis (public accounting), employed by individual profit or nonprofit organizations (private accounting), or work for governmental units (governmental accounting). Accountants provide financial information about an organization to its owners, managers, and creditors, as well as to appropriate governmental authorities. They also design, install, manage, and maintain information systems which produce this important information. There is considerable demand for accountants and demand should increase. Pay is relatively high, and the accounting field offers many opportunities for professional growth and advancement.

Students take Accounting courses to:

Prepare for employment: An Associate in Applied Science degree program is available to prepare students for immediate employment as a paraprofessional accountant or bookkeeper. There are also two Certificates of Completion (CCL) available. One is the Accounting CCL which is designed as a stepping stone for the AAS degree. The other is the Enrolled Agent CCL which is designed to prepare students for a career as a tax professional.

Prepare for a major in accounting at a four-year institution: Students may complete most or all of their lower division requirements at Glendale Community College. Students should follow the Associate in Business, General Requirements program and consult with a Business Department Advisor to plan for transfer.

Prepare for virtually all other business majors and careers:

Accounting coursework is required in most business major curriculum because knowledge of accounting is fundamental for success in business.

Students should consult with a Department Advisor in planning their academic schedule in order to complete degree requirements in an expedient manner.

## Accounting

**Associate in Applied Science - AAS 3149**

**61-70 credits**

**Field of Interest:** Business, Entrepreneurialism, and Management

**For Information:** Scott Stroher

**Phone:** 623.845.3453

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Accounting program is designed to provide fundamental skills for individuals planning to enter the field of accounting. Possible entry-level jobs for this program include accounting clerk, accounts payable/receivable clerk, claims clerk, payroll clerk, credit clerk, bookkeeper, accounting intern, tax preparation or comparable positions. This program may prepare students for certification in Certified Bookkeeper (CB), Enrolled Agent (EA), and Certified Payroll Professional (CPP). Certificates of Completion (CCL) in Accounting and Enrolled Agent are available.

**Program Notes:** Students must earn a grade of C or better in all courses in the program.

Consultation with an Academic Advisor is recommended for course selection.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

## Administration of Justice

Certificate of Completion - CCL 5007N

This program is not eligible for Title IV Federal Financial Aid  
15 credits

**Field of Interest:** Behavioral Science and Human Services

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Administration of Justice program is designed to be interdisciplinary by nature and provides students with foundational knowledge of the criminal justice system and operational processes for addressing crime within society. This program also examines diverse populations and communities, and their effects on relationships with the criminal justice system. In addition, this program allows students to familiarize themselves with and evaluate various career opportunities in the criminal justice field and is one pathway to the Associate in Applied Science (AAS) in Administration of Justice.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Phoenix, Paradise Valley, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

**Program Prerequisites:** None.

Required Courses (15 credits)		Credits
AJS101	Introduction to Criminal Justice .....	3
AJS109	Substantive Criminal Law (3) OR	
AJS260	Procedural Criminal Law (3) .....	3
AJS123	Ethics and the Administration of Justice .....	3
AJS230	The Police Function .....	3
AJS240	The Correction Function .....	3

## Administration of Justice Studies

General Information

**Field of Interest:** Behavioral Science and Human Services

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Student Goals:** Career-related, Personal

Administration of Justice (AJS) courses provide information for personal interest and related careers, but are designed primarily for those interested in careers in law enforcement and related fields. Students take these courses to:

Prepare for Employment: An Associate in Applied Science (AAS) degree and certificate programs are available.

Police officers and detectives are responsible for protecting life and property, enforcing laws, preventing and investigating crimes, and apprehending criminals. Officers working in small commu-

nities have many duties, while officers employed by large police departments are usually assigned to specific types of duty such as traffic, narcotics, robbery, or homicide. Those assigned to patrol a regularly-assigned area, work alone or in pairs. Related law enforcement careers are in security, probation, corrections, etc.

Enhance Employment: The AJS290 seminar series provides specialized training for those in law enforcement desiring to enhance their skills. These seminars are available on a limited basis.

Prepare for Related Fields: Students in other fields may well find courses such as AJS101, or AJS225 of interest.

For Personal Interest. Those seeking training in the safe and ethical use of firearms may enroll in any one of the following: AJS151, AJS153, and AJS154; or in all of them.

## Administration of Justice Studies

Associate in Applied Science - AAS 3181

60-69 credits

**Field of Interest:** Behavioral Science and Human Services

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Administration of Justice Studies is an interdisciplinary program designed to prepare students for various careers within the criminal justice system and/or transfer to a four year institution. The program also provides criminal justice practitioners with the opportunity to complete the Certificate of Completion (CCL) in Administration of Justice as well as one of four CCLs in Corrections, Law Enforcement, Legal Studies, and Victimology, and/or a transfer option.

**(Program Description<sup>1</sup>:** The Associate in Applied Science (AAS) in Administration of Justice Studies provides in-depth preparation for students desiring to be practitioners or pursue continued education and advancement in several fields including local and federal law enforcement, the courts, corrections, security, and investigations. The program also provides criminal justice practitioners with the opportunity to complete the Certificate of Completion (CCL) in Administration of Justice as well as one of five Certificates of Completion (CCLs) in Corrections, Homeland Security, Law Enforcement, Legal Studies, and Victimology. A transfer pathway in Criminal Justice is also available (Associate Arts (AA), Emphasis in Criminal Justice) as well as an Associate in Applied Science (AAS) in Forensics and related Certificates of Completion.)

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Students choosing Developmental Disabilities, Criminal Justice and Forensic Science, or Mental Health may also need to complete PSY101 as it is a requisite to courses in these emphases. PSY101 can be counted towards General Education requirement in most Associate degrees.

PSY101	Introduction to Psychology .....	3
--------	----------------------------------	---

**Aerospace Studies****General Information****Field of Interest: Culture and Society**

**For Information:** Arizona State University AFROTC

**Phone:** 480.965.3181

<https://afrotc.asu.edu/>

The Aerospace Studies (AES) curriculum consists of the General Military Course (GMC) for freshmen and sophomores and the Professional Officer Course (POC) for juniors and seniors. Through an arrangement with Arizona State University (ASU) at Tempe, students at Glendale Community College can take the GMC at ASU. Upon receiving a four-year bachelor's degree and completion of the POC at any university offering Air Force Reserve Officer Training Corps (AFROTC), the student will receive a commission as a Second Lieutenant in the Air Force.

A formal application is not required for students entering the GMC. Students register for AFROTC at the same time and in the same manner as other courses. During the first two years, students enroll in the GMC normally taking one Aerospace Studies course each semester. AFROTC students not on AFROTC scholarship incur no military obligation.

Students must apply for the POC and be accepted before enrolling in POC classes. Those students accepted will attend a four-week field training encampment at an air force base between their sophomore and junior years. They must complete their AFROTC requirements at a university offering the POC program.

AFROTC offers scholarships to outstanding young men and women on a nationwide competitive basis. Scholarships cover full college tuition as well as books, fees, and a monthly tax-free allowance ranging from \$350-\$500.

AFROTC graduates can go on to become pilots, navigators, space and missile officers; or serve in one of literally hundreds of technical and non-technical career fields. For more information contact ASU's AFROTC at 480-965-3181.

**Amazon Web Services Cloud Associate****Certificate of Completion - CCL 5330N**

**This program is not eligible for Title IV Federal Financial Aid 3-6 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Amazon Web Services (AWS) Cloud Associate builds the knowledge and skills to design, plan, and implement a cloud solution architecture. Students will be introduced to concepts and hands-on opportunities to manage cloud systems/architectures for real world-applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the AWS Certified Solutions Architect – Associate examination, which is the second level of the AWS certifications.

**Program Notes:** This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience such as database, Linux, information security, networking, programming, and DevOps who are interested in expanding their knowledge in the area of cloud computing to enhance their employment opportunities. Speak to a program director for additional information.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: BPC, CIS, CLD, CNT, ITS, and MST.

Students must earn a grade of C or better for all courses required within the program.<sup>1</sup>

This program also is offered at Chandler-Gilbert, GateWay, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (3-6 credits)****Credits**

3 credits****Field of Interest: Computer and Information Technology****For Information:** Andrea Schauer**Phone:** 623.845.3502<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Amazon Web Services Cloud Practitioner builds the practical knowledge and skills of cloud computing. Cloud computing provides reliable, scalable, secure, and flexible technology solutions for personal and business use. This CCL will introduce students new to or interested in cloud computing to the fundamental concepts of cloud services as well as hands-on opportunities to apply these concepts to real-world applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the Amazon Web Services (AWS) Certified Cloud Practitioner exam, which is the first level of the AWS certification.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience such as database, Linux, information security, networking, programming, and DevOps who are interested in expanding their knowledge in the area of cloud computing to enhance their employment opportunities. **Animation****Certificate of Completion - CCL 5169****40 credits****Field of Interest: Visual and Performing Arts****For Information:** Michelle Blomberg**Phone:** 623.845.3667<https://www.gccaz.edu/art-humanities>

**Program Description:** The Certificate of Completion (CCL) in Animation develops knowledge and skills in the area of digital

animation, including but not limited to the production of still and time-based media, animation techniques, narrative development, character design, compositing, motion graphics, and interactive design. The curriculum is designed to provide the student with an understanding of animation techniques, use of production equipment, animation terminology, media and interactivity applications, and industry practices. This certificate prepares students for employment and upgrades the skills of persons employed in occupations such as digital animators, media producers, storyboard artists, media artist/designers, and interaction designers. CCL in Video Game Production, and Associate in Applied Science (AAS) degrees in Animation and Time-Based Media and Video Game Production, are also available.

This program also is offered at Phoenix Community College.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This CCL is designed for individuals who already have a degree or relevant experience in the field or who are currently employed in the field.

wishes to develop marketable skills in the area of digital animation and time-based media development. The program provides the student with an understanding of the equipment, operations, and knowledge of the terminology related to still image, video, and animation production. It allows for the exploration of personal interest in this area, prepares students for employment, and upgrades skills of those already employed in this field. Employment opportunities are included in video and multimedia fields, such as digital animator, media production, marketing, publishing, motion graphics, photography, storyboard artist, freelance artist designer, web and interactivity design, and multimedia artist/designer. A Certificate of Completion (CCL) in Animation and in Time-Based Media are also available.

This program also is offered at Mesa and Phoenix Community Colleges.

## Anthropology

### General Information

**Field of Interest: Culture and Society**

**For Information:** Dr. Dean Wheeler

**Phone:** 623.845.3903

<https://www.gccaz.edu/social-sciences>

**Student Goals:** General Education, Career-related, Personal

Anthropology courses examine the origins, cultures, biology, and social behaviors of human beings in both the past and the present. Students take these courses:

For Personal Interest: ASB102 emphasizes different cultures around the world, while ASM104 focuses on human origins and variation. ASB202 looks at the relationships of different groups in the U.S., past and present. ASB214 discusses religions from around the world. ASB222, ASB223 and ASB230 introduce students to the methods and discoveries of archaeology. ASB235 covers past Native American culture in the Southwest. All courses transfer to Arizona universities.

To meet General Education Requirements: Anthropology courses may also be used to meet the following requirements for any associate degree and will also transfer:

Humanities: ASB211, ASB220, ASB222, ASB223

Social-Behavioral Sciences: ASB102, ASB211, ASB214, ASB222, ASB223, ASB230, ASB235, ASM104

Natural Sciences: ASB231, ASM104

## Architectural and Civil CAD Technology

**Associate in Applied Science - AAS 3503**

**63-70 credits**

**Field of Interest: Applied Technology**

**For Information:** Glenda Chagolla

**Phone:** 623.845.3699

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Architectural and Civil CAD Technology degree is designed to prepare students for careers in Computer Aided Design (CAD) and Building Information Modeling (BIM) including but not limited to Structural, Mechanical, Electrical, or Civil Engineering offices; Landscape Architects, or related fields. The goal of this program is to broaden design exposure and CAD technology skills. Students develop two-dimensional (2D) and three-dimensional (3D) drawings and models utilizing industry standard CAD and BIM software and learn presentation methods and construction documentation conventions.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites:** None.

**Art****General Information****Field of Interest: Visual and Performing Arts**

**For Information:** Brendan Regan

**Phone:** 623.845.3449

<https://www.gccaz.edu/art-humanities>

**Student Goals: Career-related****Transfer Pathways:**

- Associate in Arts, Fine Arts (AAFA) - Art, Dance, Music, Musical Theatre, Theatre
- Associate in General Studies (AGS)

Fine Arts occupations reflect creating artwork whose primary purpose is to be viewed through the context of a conceptual theme. While there has been an ongoing trend of commercial art overlap, the main difference is avenue of exhibition along with thematic and process based execution. Career tracks are based on education, a proficiency in skill set, a firm conceptual direction, and the personal tenacity to market the artwork. This program prepares students to be emerging artists in various media as well as providing a path to higher educational goals.

**Program Description:** This program is designed for students who wish to specialize in Fine Art. If the student intends to transfer to a four-year institution, he or she should consult the institution's catalog for appropriate lower division courses that can then be taken at Glendale Community College.

Students should consult with an Advisor prior to every semester to keep on track with their educational goals. Courses are offered in sequence with the understanding that every course is not offered every semester.

**Recommended Courses:****Credits**

The following courses would be acceptable at most four-year schools for lower division credit. If the student is seeking the AAFA degree please consult with an Advisor to determine which track best suits the student's individual needs.

ARH101	Prehistoric Through Gothic Art .....	3
ARH102	Renaissance Through Contemporary Art .....	3
ART100	Introduction to Digital Arts.....	1
ART111	Drawing I .....	3
ART112	Two-Dimensional Design .....	3
ART113	Color .....	3
ART115	Three-dimensional Design .....	3
ART116	Life Drawing I .....	3
+ ART117	Life Drawing II .....	3

**General Education Distribution: (10 credits) Credits**

**Humanities, Arts and Design: 3**

Any approved general education courses from the Humanities, Arts and Design area.

MHL140 or MHL145 or MHL153 recommended.

**Social-Behavioral Sciences: 3**

Any approved general education course from the Social-Behavioral Sciences area.

PSY101 recommended.

**Natural Sciences: 4**

Any approved general education course from the Natural Sciences area.

## Audio Production Technologies

**Certificate of Completion - CCL 5334**

**39-40 credits**

**Field of Interest: Visual and Performing Arts**

**For Information:** Dave Schmidt

**Phone:** 623.845.3725

<https://www.gccaz.edu/performing-arts>

**Program Description:** The Certificate of Completion (CCL) in Audio Production Technologies program offers students hands-on study of audio engineering and related media fields. Students learn and apply the concepts and theories associated with music recording, live sound reinforcement, and sound design. The program is designed to give students foundational knowledge and experience essential in the field of audio production. An Associate in Applied Science (AAS) is also available.

This program also is offered at Mesa, Paradise Valley, Phoenix, and Scottsdale Community Colleges.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Program Prerequisites:** None.

**Required Courses: (30-31 credits) Credits**

In addition to the required coursework, students must consult with a Program Advisor to select one of the specializations within the Restricted Electives area.

MTC101	Introduction to Music Theory .....	3
MTC191	Electronic Music I .....	3
+ MTC192	Electronic Music II .....	3
MUC109	Music Business: Content Creation and Copyright .....	3
MUC110	Music Business: Marketing and Monetization (3) OR	
MUC145	Recording Studio Business Operations (2) .....	2-3
+ MUC111	Digital Audio Workstation I (DAW I) .....	3
+ MUC194	Audio Mixing Techniques <sup>1</sup> .....	3

+ MUC196	Studio Music Recording II .....	3

MUC197	Live Sound Reinforcement I .....	3
+ MUC297AA	Audio Production Internship .....	1

**Restricted Electives: (9 credits) Credits**

Students must select one of two Specializations:

**Specialization I: Audio Engineering - Credits: 9**

+ MUC112	Digital Audio Workstation II (DAW II) .....	3
+ MUC198	Live Sound Reinforcement II .....	3

+ MUC289	Live Sound III (3) OR	
+ MUC295	Studio Music Recording III (3) .....	3

**Specialization II: Sound Design - Credits: 9**

MUC122	Sound Design I .....	3
+ MUC222	Sound Design II .....	3
+ MUC292	Sound Design III .....	3

## Automotive Automatic Transmission and Transaxle

**Certificate of Completion - CCL 5930N**

**This program is not eligible for Title IV Federal Financial Aid 4 credits**

**Field of Interest: Applied Technology**

**For Information:** Jonathan Strait

**Phone:** 623.845.4546

<https://www.gccaz.edu/automotive>

**Program Description:** The Certificate of Completion (CCL) in Automotive Automatic Transmission and Transaxle provides individuals with the technical knowledge and skills needed by automotive technicians specializing in the area of automatic transmission and transaxle. The curriculum within this certificate aligns with the Automotive Service Excellence (ASE) Automobile and Light Truck Certification A2 Test.

See Program Advisor for additional certificate offerings. An Associate in Applied Science (AAS) in Automotive Service is also available.

This program also is offered at GateWay and Mesa Community Colleges.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses area.

**Program Prerequisites:** None.

**Required Courses: (4 credits) Credits**

ASE121	Automatic Transmission and Transaxle (4) OR	
ASE121AU	Automatic Transmission and Transaxle (4) .....	4

**Automotive Brake Systems****Certificate of Completion - CCL 5936N****This program is not eligible for Title IV Federal Financial Aid  
4 credits****Field of Interest: Applied Technology****For Information:** Jonathan Strait**Phone:** 623.845.4546<https://www.gccaz.edu/automotive>

The Automotive Technology Department at Glendale Community College offers four automotive programs:

- General
- ASEP (General Motors)
- ASSET (Ford)
- MCAP (Fiat Chrysler)

The General Program is a non-factory sponsored program. This program is designed for students who may wish to work in an independent repair facility as well as those who simply want

to broaden their automotive repair skills. This program allows students to take courses at their own pace. Students may choose to follow a recommended schedule for completing the program or may choose classes at his/her convenience.

The Factory Sponsored Programs at Glendale Community College (GCC) are designed with the intention of placing the student in a dealership. The goal of these programs is to enable the student to achieve entry level as a technician. The programs are intensive and require full time status of each student. The student will require four semesters to complete this course of study. During those four semesters the student will also be employed by his or her dealership whenever classes are not in session. This allows the student to experience working conditions and grow into a professional technician. To register in one of the factory sponsored programs, students must be sponsored by a dealership as a technician apprentice (we will help potential students with the interview process and steer them to dealerships that have already agreed to sponsor apprentices).

The Automotive Service Educational Program (ASEP) combines GCC's Automotive Service AAS degree program with General Motors dealership experience.

The Automotive Student Service Educational Training Program (ASSET) combines GCC's Automotive Service AAS degree program with Ford dealership experience.

The Fiat Chrysler Mopar Career Automotive Program (MCAP) combines GCC's Automotive Service AAS degree program with a Chrysler, Dodge Fiat or Jeep dealership service department experience.

Students sponsored through ASEP/ASSET/MCAP programs may be required to take additional classes.

**Transferability:** Coursework has been generally transferable to Arizona State University's and Northern Arizona University's Department of Industrial Education, but the transfer student may need 75-80 more hours to receive the Bachelor of Science (BS) Degree. When a transfer is planned, the student should consult as early as possible with the school and program to which he or she plans to transfer.

**Certification:** Certified by the National Institute for Automotive Service Excellence (ASE) and evaluated by National Automotive Technicians Education Foundation (NATEF).

Due to limited course availability, students should consult with a Department Advisor and/or Automotive Department instructor in planning their academic schedule in order to complete degree requirements in an expedient manner.

**Special Skill Levels Needed:** Students wishing to pursue an Associate in Applied Science (AAS) degree are advised to follow the recommendations of the Basic Studies Advisors for English and Reading placements.

**Program Description:** The Associate in Applied Science (AAS) in Automotive Service prepares individuals to apply technical knowledge and skills to repair, service, and maintain automobiles. Instruction is in both the theoretical and practical aspects of automotive repair, service, and maintenance; and includes brake systems, electrical systems, engine performance, engine repair, suspension and steering, automatic and manual transmissions and drivetrains, and heating and air conditioning systems. The curriculum within this certificate aligns with the Automotive Service

## Automotive Technology

### General Information

**Field of Interest:** Applied Technology

**For Information:** Jonathan Strait

**Phone:** 623.845.4546

<https://www.gccaz.edu/automotive>

Constant increases in the number of vehicles on the road as well as their increasing complexity promises a steady stream of new career openings within the automotive service industry both locally and nationally.

Mobility within the automotive service industry is almost limitless. The experienced technician who demonstrates quality workmanship, willingness to learn, organizational skills, reliability, and good communication skills will find opportunities to move into other jobs within the industry such as management, sales, field service, business ownership, or teaching.

Automobile technicians diagnose, repair, and perform maintenance operations on cars, trucks, buses, and other motor vehicles. The most critical attributes of an automotive technician are the ability to accurately diagnose the causes of malfunctions and to demonstrate quality workmanship in making repairs. Thorough knowledge and understanding of the vehicle and component being serviced, combined with good testing and service skills,

ensures fast and efficient work.

## Basic Behavioral Health Sciences

Certificate of Completion - CCL 5522

16 credits

**Field of Interest:** Behavioral Science and Human Services

**For Information:** Dr. Thomas Rojo Aubrey

**Phone:** 623.845.3212

<https://www.gccaz.edu/counseling>

**Program Description:** The Certificate of Completion (CCL) in Basic Behavioral Health Sciences is designed to provide students with a foundational study of human behavior and prepare them to assist, as part of a clinical team, in the care of individuals and families dealing with mental illness, comorbid medical conditions, and challenging behaviors. The program includes courses designed to provide students with the skills necessary to deliver essential behavioral health and social services. The core focus of the program is practical training and service learning experiences.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at South Mountain Community College.

**Prerequisites:** None.

### Required Courses: (16 credits)

### Credits

BHS150	Introduction to Behavioral Health and Social Services .....	3
BHS155	Professional Resiliency and Well-Being .....	1
BHS160	Ethical, Legal and Professional Issues in Behavioral Health and Social Services .....	3
BHS165	Applied Therapeutic Communication Skills .....	3
BHS170	Case Management and Clinical Documentation .....	3
BHS180	Child, Family, and Adult Advocacy .....	3

## Behavioral Health Sciences

### General Information

**Field of Interest:** Behavioral Science and Human Services

**For Information:** Dr. Thomas Rojo Aubrey

**Phone:** 623.845.3212

<https://www.gccaz.edu/counseling>

Behavioral Sciences is designed to provide students with a comprehensive study of human behavior and prepare them to assist, as part of a clinical team, in the care of individuals and families dealing with mental illness, addictions and substance use, trauma, developmental disabilities, comorbid medical conditions, and challenging behaviors. The Behavioral Health Sciences curriculum provides a strong foundation for students who plan to pursue advanced degrees in mental health, social services, or a related field.

A Behavioral Health Sciences degree and certificate provides students with the knowledge and skills to work in the field while they continue higher-level education. Our transfer partnerships with state and private universities allow BHS students to transfer

67-90 credits towards a bachelor's degree in:

- Behavioral Health Sciences
- Counseling
- Human Services
- Psychology
- Sociology
- Social work
- Substance abuse counseling, or
- Technical Education

The BHS program offers the following certifications and degree:

- CCL in Basic Behavioral Health Sciences
- CCL in Advanced Behavioral Health Sciences
- AAS in Behavioral Sciences

Industry certifications offered in the BHS program include:

- BHS 150 = Mental Health First Aid (National Council for Behavioral Health)
- BHS 155 = Certified Psychological and Emotional Resilience Professional (International Trauma Institute)
- BHS 155 = Approved Distance Learning (13.5 CEU hours) by The Arizona Peace Officer Standards and Training Board (AzPOST.gov)
- BHS 175 = Certified Trauma Support Specialist (Trauma Institute International)
- BHS 190 = Nonviolent Crisis Intervention (Crisis Prevention Institute)
- BHS 205 = Registered Behavior Technician (Behavior Analyst Certification Board) - in process
- BHS 230 = Applied Suicide Intervention Skills Training (LivingWorks)
- BHS 230 = safeTALK (Living Works)
- BHS 235 = Psychological First Aid (The National Child Traumatic Stress Network)

Upon completion of an associate or bachelor's degree, students may pursue a career as a(n):

- ABA Therapist
- ACT Specialist
- Behavior Coach
- Behavior Analyst
- Behavioral Health Technician
- Behavior Management Specialist
- Birth to five Mental Health Specialist
- Child Development Specialist
- Care Manager/Case manager
- Case Aid
- Child Care Worker/Child Welfare
- Crisis Specialist
- Crisis Transition Navigator
- Crisis Hotline
- Direct Care Staff
- Family Advocate
- Family Support Partner
- High Needs Case Management
- Human Services Worker
- Independent Living Specialist
- Mental Health Intake Specialist
- Mental Health Provider
- Parent Aid
- Parent Support Partner
- Peer Support Specialist
- Psychiatric Aide/Attendant/Technician

- Psychological Stress Evaluator
- Psychosocial Rehabilitation Specialist
- Recovery Support Specialist
- Rehabilitation Specialist
- Respite Care Worker
- Social Service Aid
- Social Work
- Substance Abuse Counselor
- Youth Advocate
- Youth Mentor
- Victims' Advocate

## Behavioral Sciences

**Associate in Applied Science - AAS 3067**  
**60-66 credits**

**Field of Interest: Behavioral Science and Human Services**

**For Information:** Dr. Thomas Rojo Aubrey

**Phone:** 623.845.3212

<https://www.gccaz.edu/counseling>

**Program Description:** The Associate in Applied Science (AAS) in Behavioral Sciences is designed to provide students with a comprehensive study of human behavior and prepare them to assist, as part of a clinical team, in the care of individuals and families dealing with mental illness, addictions and substance use, trauma, developmental disabilities, comorbid medical conditions, and challenging behaviors. The program includes courses designed to provide students with the skills necessary to deliver specialized and comprehensive behavioral health and social services. This program is university-transferable and provides preparation for industry certifications and supervised field experience.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students should select restricted electives in one of the following areas of emphasis:

Trauma and Crisis Stabilization

Infant and Early Childhood Mental Health

Addiction and Substance Use Disorders

Developmental Disabilities

Criminal Justice and Forensic Science

Mental Health

This program also is offered at South Mountain Community College.

**Program Prerequisites:** None.

<b>Required Courses: (32 credits)</b>		<b>Credits</b>
BHS150	Introduction to Behavioral Health and Social Services .....	3
BHS155	Professional Resiliency and Well-Being .....	1
BHS160	Ethical, Legal and Professional Issues in Behavioral Health and Social Services .....	3
BHS165	Applied Therapeutic Communication Skills .....	3
BHS170	Case Management and Clinical Documentation .....	3
BHS180	Child, Family, and Adult Advocacy .....	3
BHS175	Introduction to Trauma-Informed Care and Trauma-Focused	

Caregiving .....	3	BHS275	Infant and Early Childhood Mental Health .....	3	
BHS185	Cultural Competency in Behavioral Health Services .....	3	CPD180	Human Resilience: Cognitive, Emotional, and Behavioral Applications .....	3
+ BHS190	Professional Portfolio: Supervised Practice In Behavioral Health and Social Services .....	1	+ PSY266	Abnormal Psychology .....	3
BHS205	Therapeutic Models and Interventions in Individual Therapy ..	3	<b>General Education: (22-28 Credits)</b>		
BHS210	Addictions, Substance Use Disorders, and Relapse Prevention ...	3	<b>General Education Core: (12-18 credits) Credits</b>		
BHS215	Therapeutic Models and Intervention in Group Therapy .....	3	<b>First Year Composition: 6</b>		
<b>Restricted Electives: (6 credits) Credits</b>					
Students must choose six credits from one of the following areas of Emphasis:					
<b>Emphasis in Trauma and Crisis Stabilization</b>					
BHS230	Crisis and Trauma Stabilization .....	3			
BHS235	Emergency Mental Health Crisis Response and Recovery .....	3			
<b>Emphasis in Infant and Early Childhood Mental Health</b>

BHS266	Violence and Abuse Services .....	3			
BHS269	Grief Support Techniques .....	3			
BHS271	Developmental Disabilities Assistance Training .....	3			
BHS272	Child and Adolescent Mental Health and Interventions .....	3			

**Biology****General Information**

**Field of Interest:** Science, Technology, Engineering, and Mathematics

**For Information:** Karen Conzelman

**Phone:** 623.845.3612

<https://www.gccaz.edu/biology>

**Student Goals:** Career-related, General Education, Transfer

The primary focus of biology is the study of life. This field includes all living organisms from the smallest bacterium to the largest and most complex plants and animals. The critical role that scientists play in helping us to better understand natural phenomena like climate change and disease means that it is as important as ever for everyone to have a basic knowledge of biology and the process of scientific inquiry. It is only with this foundation that we can evaluate the credibility of information, understand new technology and its impact on all aspects of our society and make personal choices that best serve us now and in the future.

Students typically take biology courses to:

- Provide the needed foundation for careers in fields such as nursing, medicine, health, human services, nutrition, physical education, agriculture, and forestry. Pre-Nursing students must complete several prerequisite biology courses before applying for admission to the nursing program. Similarly, as described in the Pre-Health section of this catalog, biology is one of many science courses required for admission to other professional programs in the health fields (Pre-Med, Pre-Dental, Pre-Pharmacy).
- Meet requirements for a major in biology (or related field) at a four-year institution. Students can complete the first half of their bachelor's degree in Biology at Glendale Community College (GCC). Careful planning can enable students to transfer seamlessly to the university. The guided pathway leading to an Associate in Science, Emphasis in Biological Sciences provides an academic planning framework for students intending to transfer to an Arizona university. (<https://www.maricopa.edu/degrees-certificates/science-technology-engineering-mathematics/associate-science-emphasis-biological-sciences-8602-as>) This program of study also aligns with the admission requirements of professional programs in many health-related fields like Medicine, Dentistry, and Pharmacy. (For additional information, see the Pre-Health information provided elsewhere in this catalog).
- Prepare for careers in the field of biotechnology. GCC offers an Associate in Applied Sciences (AAS) degree in Biotechnology and Molecular Biosciences that is aligned with university transfer opportunities.
- Meet the General Education requirement in Natural Sciences for their associate and/or bachelor's degree in other non-STEM majors like business, computer information systems, education and the arts. BIO101, BIO102, BIO105, BIO145, and BIO160 all have Arizona General Education Curriculum (AGEC) designations [SQ/SG] and are intended primarily for such non-major students.

**Biotechnology and Molecular Biosciences****Associate in Applied Science - AAS 3034**

**62-69 credits**

**Field of Interest:** Science, Technology, Engineering, and Mathematics

**For Information:** James Tuohy

**Phone:** 623.845.3845

<https://www.gccaz.edu/biology>

**Program Description:** The Associate in Applied Science (AAS) in Biotechnology and Molecular Biosciences program is designed to give entry-level laboratory technicians skills for application in academic, industrial and commercial research institutions. The exposure to an academic environment that simulates the contemporary biotechnological workplace, inclusive of analytical, critical thinking and problem-solving skills, provides the opportunity to form a strong technical foundation typically sought by employers. The successful completion of the program may also provide the educational background for those wishing to pursue a career in the pharmaceutical industry, clinical laboratory medicine, forensics or environmental testing laboratories and/or a foundation for a student wishing to continue their education at a university.

**Program Notes:** Students must earn a grade of C or better for each course listed in the Required Courses and Restricted Electives area.

**Prerequisites:** None.

**Required Courses: (44-45 credits)****Credits**

- PHI216 Environmental Ethics (3)

**Social-Behavioral Sciences: 3**

Any approved general education course from the Social-Behavioral Sciences area.

**Natural Sciences: 0**

Met by BIO181 OR BIO181XT in Required Courses area.

**Business Administration Fastrack****Certificate of Completion - CCL 5152****27 credits****Field of Interest: Business, Entrepreneurialism, and Management****For Information:** Scott Stroher**Phone:** 623.845.3453<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Business Administration Fastrack program provides opportunities for individuals to update, upgrade, or develop essential

business skills. The program's focus is preparing students for job advancement and career opportunities in today's business environment as defined by industry practitioners. Each course includes learning activities and projects which may be offered in an accelerated five-week or eight-week format. Additional features of the program include: student directed learning stressing the dynamic business environment, communication skills, leadership development, and performing effectively within a team environment.

**Program Notes:** Students must earn a grade of C or better in all courses in the program.

This program also is offered at Scottsdale Community College.

**Program Prerequisites:** None.**Required Courses: (27 credits) Credits**

University Transfer Program

**Associate in Business, General Requirements: Purpose of the Degree**

The Associate in Business, General Requirements (ABUS-GR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for the various business majors at Arizona's public universities except Business Computer Information Systems (CIS). Business CIS majors should follow the Associate in Business, Special Requirements (ABUS-SR) pathway, instead. Generally, the degree transfers as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements. In most cases, courses used to satisfy the ABUS-GR will apply to university graduation requirements of the university major for which the ABUS-GR was designed.

**Associate in Business, Special Requirements: Purpose of the Degree**

The ABUS-SR degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for Business CIS majors at

Arizona's public universities. Other Business majors should follow the ABUS-GR pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements. In most cases, courses used to satisfy the ABUS-SR will apply to university graduation requirements of the university major for which the ABUS-SR was designed.

## Business and Personal Computers

### General Information

**Field of Interest:** Computer and Information Technology

**Phone:** 623.845.3391

<https://www.gccaz.edu/business>

**Student Goals:** Personal, Career-related

These eCourses and traditional structured courses designed to develop skills in using IBM and Macintosh microcomputers and their related software. Students take these courses:

For personal development of microcomputer skills. Beginning courses are available, such as BPC101 Introduction to Computers, BPC110 Computer Usage and Applications, and BPC111AA Computer Keyboarding I and BPC111AB Computer Keyboarding II. Students may wish to continue in more advanced courses.

To Prepare for or Enhance Employment. Both an Associate in Applied Science degree program and a Certificate of Completion (CCL) program are available. With proper choices, a student who completes a CCL may apply all those courses toward the associate degree program. For either program, students should consult with a Department Advisor to plan their academic schedules.

Required courses may not be available every semester and degree-seeking or transfer students should consult with a Department Advisor in planning their academic schedule in order to complete degree requirements in an expedient manner.

For more information and course availability on Business and Personal Computers programs, visit <https://www.gccaz.edu/business>.

## CAD Application

**Certificate of Completion - CCL 5410N**

**This program is not eligible for Title IV Federal Financial Aid 12-37 credits**

**Field of Interest:** Applied Technology

**For Information:** Glenda Chagolla

**Phone:** 623.845.3699

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in CAD Application program is designed to broaden students' design exposure and Computer-Aided Design (CAD) technology skills. Students will utilize industry standard CAD and building information modeling (BIM) software to produce three-dimensional (3D) drawings and parametric models. This will include presentation methods and construction documentation conventions for

either the architecture or civil design fields. Students may apply these courses toward the Associate in Applied Science (AAS) degree in Architectural and Civil CAD Technology.

**Program Notes:** Students must earn a grade of C or better for each course listed in the program.

**Program Prerequisites:** None.

### Required Courses: (6-31 credits)

### Credits

CAD100	Fundamentals of 2D AutoCAD (3) AND	
+ CAD101	Elements of CAD Graphics (AutoCAD) (3) AND	
+ CAD145	Design Principles for Industry (3) AND	
+ CAD201	Three-Dimensional (3D) Modeling and Advanced CAD Techniques (3) AND	
+ CAD105	Fundamentals of Revit Architecture (3) OR	
+ CAD106	Fundamentals of Civil 3D (3) AND	
+ CAD292	Current Developments in CAD Technology 1 OR	
	Permission of Program Director based on equivalent industry experience. (0) .....	0-16

Students must complete one of the following math requirements:

+ DFT106	Algebra and Graphs for Design Technology (3) AND	
+ DFT107	Trigonometry and Analytic Geometry for Design Technology (3) OR	
+ MAT150	College Algebra/Functions (5) OR	
+ MAT151	College Algebra/Functions (4) OR	
+ MAT152	College Algebra/Functions (3) OR	
+ MAT155	College Algebra/Functions with Review (5) OR	
+ MAT156	College Algebra/Functions with Review (6) AND

+ CAD286	Site Development II .....	3
+ CAD287	Advanced Revit Techniques .....	3
+ CAD292	Current Developments in CAD Technology (1) .....	1-3
	(CAD292 may be repeated up to three times on different topics.)	
CAD+++++	Any other CAD Computer-Aided Drafting course(s) .....	1-3
CET211	Strength of Materials .....	3
DFT126	Building Trades Blueprint Reading .....	3

## CAD Fundamentals

**Certificate of Completion - CCL 5409**  
16 credits

**Field of Interest:** Applied Technology

**For Information:** Glenda Chagolla

**Phone:** 623.845.3699

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in CAD Fundamentals program is designed to provide students with the Computer-Aided design (CAD) skills and competence in two-dimensional (2D) and three-dimensional (3D) documentation and modeling typical of entry level CAD operators. Students may apply these courses toward the Associate in Applied Science (AAS) degree in Architectural and Civil CAD Technology.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites:** None.

Required Courses: (16 credits)		Credits
CAD100	Fundamentals of 2D AutoCAD .....	3
+ CAD101	Elements of CAD Graphics (AutoCAD) .....	3
+ CAD145	Design Principles for Industry.....	3
+ CAD201	Three-Dimensional (3D) Modeling and Advanced CAD Techniques .....	3
+ CAD105	Fundamentals of Revit Architecture (3) OR	
+ CAD106	Fundamentals of Civil 3D (3) .....	3
+ CAD292	Current Developments in CAD Technology .....	1

## Chemistry

### General Information

**Field of Interest:** Science, Technology, Engineering, and Mathematics

**For Information:** Debbie Leedy

**Phone:** 623.845.4770

<https://www.gccaz.edu/chemistry>

**Student Goals:** General Education, Career-related, Transfer

Chemists study the behavior of substances, and create new or improved materials for special purposes: faster semiconductor circuits, new drugs, and new personal care products to name a few. They use their knowledge to study the complex chemistry of living systems vital to research efforts in the field of medicine. They also analyze samples for trace elements in fields such as forensic science, medical labs, and environmental chemistry. And sometimes, they engage in pure research that just might lead to an unexpected discovery!

Students studying chemistry often find employment in a variety of related fields: medicine, pharmacy, industrial safety, engineering, geology, environmental science, and biology; as well as in education or the traditional chemistry lab. There is a continuing demand for BS, MS, and PhD chemists in business, government, and industry. Although the Phoenix area has some positions in

medical labs, government labs, and the semiconductor industry; opportunities for local employment are somewhat limited. The national picture is more encouraging.

**Transfer Program:** Students intending to major in chemistry should regard this program as a guide for preparing to transfer to a baccalaureate degree granting institution. The program is designed to generally parallel the first two years of coursework required by most four-year institutions. For individual requirements at specific institutions, the student should refer to the Chemistry Department website or consult with a Chemistry Department Advisor.

**Transferability:** All 100-level and above courses transfer.

Students should consult with a Department Advisor in planning their academic schedule in order to complete degree requirements in an expedient manner. Required courses may not be available every semester. Due to limited course offerings, degree seeking students may find it necessary to attend both day and evening classes.

**Special Skill Levels Needed:** College level reading and writing skills. MAT120 Intermediate Algebra or MAT122 Intermediate Algebra or the equivalent of four years high school math.

### Departmental Recommendations for Chemistry Majors: Credits

+ CHM150	General Chemistry I .....	4
+ CHM151	General Chemistry I .....	3
+ CHM151LL	General Chemistry I Laboratory.....	1
+ CHM152	General Chemistry II .....	3
+ CHM152LL	General Chemistry II Laboratory.....	1
+ CHM235	General Organic Chemistry I .....	3
+ CHM235LL	General Organic Chemistry I Laboratory .....	1
+ CHM236	General Organic Chemistry II .....	3
+ CHM236LL	General Organic Chemistry II Laboratory .....	1

### Other Recommendations:

	Credits	
+ MAT220	Calculus with Analytic Geometry I .....	5
+ MAT230	Calculus with Analytic Geometry II .....	5
+ MAT241	Calculus with Analytic Geometry III .....	4
+ MAT262	Differential Equations.....	3
+ PHY115*	University Physics I.....	5
+ PHY116*	University Physics II.....	5

\*Student should take PHY111 and PHY112, General Physics, if transferring to the University of Arizona.

### General Education Recommendations:

Individual universities may require foreign language. Others accept computer literacy to fulfill the language requirement. In any case, computer courses are strongly recommended.

## Chicana and Chicano Studies

### Academic Certificate - AC 6230N

**This program is not eligible for Title IV Federal Financial Aid 12-13 credits**

**Field of Interest:** Culture and Society

**For information:** Guiomar Borrás

**Phone:** 623.845.3636

<https://www.gccaz.edu/communication>

**Program Description:** The Academic Certificate (AC) in Chicana

and Chicano Studies explores the unique experiences of the Chicana and Chicano people living in the Southwest. The Certificate provides a study of Mexican-American life in the society of the United States, including Mexican background, social and cultural differences, and experiences of assimilation.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at Phoenix College.

<b>Program Prerequisites: Credits: 3-6</b>		<b>Credits</b>
+ ENG101	First-Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3) .....	3

+ CRE101	College Critical Reading and Critical Thinking (3) OR Equivalent as indicated by assessment. ....	0-3

## Child and Family Organizations Management and Administration

**Certificate of Completion - CCL 5401**  
**16 credits**

**Field of Interest: Behavioral Science and Human Services**

**For Information:** Gina Weatherly

**Phone:** 623.845.3194

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Child and Family Organizations Management and Administration is designed to prepare individuals to enter the family life education, human development, early childhood settings, or child and family organizations field at the paraprofessional level. Students at a paraprofessional level may seek employment opportunities within management and administration of programs such as: early childhood settings, adoption and foster care, adult day care centers, crisis intervention programs, group and halfway houses, hospice care, senior citizen centers, social service agencies (both private and State/local government), facilities for the disabled and developmentally challenged individuals, community mental health clinics, psychiatric facilities, shelters, and other child and family, community-based organizations.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

For some occupations within this field, students may be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current tuberculosis (TB) vaccination. Please consult with your faculty mentor to discuss these and other occupational requirements.

This program also is offered at Rio Salado Community College.

**Program Prerequisites:** None.

<b>Required Courses: (16 credits)</b>		<b>Credits</b>
CFS206	Child and Family Organizations: Management and Administration .....	3

## Cisco Certified Network Professional: Enterprise

**Certificate of Completion - CCL 5190**

**This program currently is not eligible for Title IV Federal Financial Aid**  
**16 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Cisco Certified Network Professional: Enterprise builds the advanced knowledge and skills needed for professional-level networking technologies and architecture. This CCL includes fundamental concepts of virtualization, network assurance, security, automation, and the implementation and troubleshooting of advanced routing technologies; as well as hands-on opportunities to apply these concepts to real-world applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the Cisco Enterprise Network Core Technologies (ENCOR) certification and Implementing Cisco Enterprise Network Advanced Routing and Services (ENARSI) exams aligned with the Cisco Certified Network Professional Enterprise (CCNP Enterprise), Cisco Certified Internetwork Expert (CCIE) Enterprise Infrastructure, CCIE Enterprise Wireless, and Cisco Certified Specialist - Enterprise core, CCNP Enterprise, Cisco Certified Specialist - Advanced Infrastructure Implementation certifications.

Additional CCLs in Cisco Certified Network Security (CCNA Security), Cisco Certified Network Professional: Enterprise Core, Cisco Certified Network Professional: Enterprise Advanced Routing and Services, Cisco Network Administration: CCNP, as well as an Associate in Applied Science (AAS) in Network and

Systems Administration, are also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This CCL is intended for industry professionals with the requisite skills aligned with the Cisco Certified Network Associate (CCNA) industry certification who are interested in expanding their knowledge in the area in professional-level networking or to enhance their employment opportunities. Speak to a Program Director for additional information.

All courses within the Required Courses area are not applicable if taken more than five years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Scottsdale, and South Mountain Community Colleges.

**Admission Criteria:** This Certificate of Completion is intended for industry professionals with the requisite experience. To pursue this CCL, students must complete the following prerequisites to the courses within the Required Course area as follows with a C or better OR have a Cisco Certified Network Associate (CCNA) industry certification OR receive permission of the Program Director:

CNT140AB	Introduction to Networks .....	4
+ CNT150AB	Switching, Routing, and Wireless Essentials .....	4
+ CNT160AB	Enterprise Networking, Security, and Automation .....	4

Students also have the option to complete the full CCL in this program, Cisco Network Administration: CCNP (major code 5037), that includes the prerequisites and required course:

**Program Prerequisites:** None.

<b>Required Courses: (16 credits)</b>		<b>Credits</b>
+ CNT240	Cisco Certified Network Professional: Enterprise Core (8) OR	
+ CNT240AA	Cisco Certified Network Professional: Enterprise Core I (4) AND	
+ CNT240AB	Cisco Certified Network Professional: Enterprise Core II (4) ..	.8
+ CNT250	Cisco Certified Network Professional: Enterprise Advanced Routing and Services (8) OR	
+ CNT250AA	Cisco Certified Network Professional: Enterprise Advanced Routing and Services I (4)	
AND		
+ CNT250AB	Cisco Certified Network Professional: Enterprise Advanced Routing and Services II (4) .....	8

## **Cisco Certified Network Professional: Enterprise Advanced Routing and Services Certificate of Completion - CCL 5187N**

**This program is not eligible for Title IV Federal Financial Aid  
8 credits**

**Field of Interest:** **Computer and Information Technology**

## Cisco Network Administration and Security

**Certificate of Completion - CCL 5036  
16-19 credits**

**Field of Interest:** **Computer and Information Technology**

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Cisco Network Administration and Security provides training for those interested in working with Cisco network and Internet hardware with a particular emphasis on securing networks from threats and vulnerabilities. Knowledge and skills are developed to install, configure, and maintain Cisco routers and switches; configure routing protocols, and Local Area Networks (LANs); troubleshoot problems with various hardware and software configurations; perform administrative tasks in a network. Specific skills in maintaining integrity, accountability, and confidentiality of data are also developed. Taught by Cisco Certified professionals using the Cisco Network Academy program curriculum, courses are designed to help prepare students for the Cisco Certified Network Associate (CCNA) and Security examinations. Students who complete this program may seek employment in a variety of environments. An additional CCL in Cisco Certified Network Professional (CCNP), as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

Students who pursue this CCL should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Scottsdale, and South Mountain Community Colleges.

## Commercial Photography

### Commercial and Freelance Photography<sup>1</sup>

**Certificate of Completion - CCL 5784**  
**35 (35-36<sup>1</sup>)Credits**

**Field of Interest:** Visual and Performing Arts

**For Information:** Stephanie Lucas

**Phone:** 623.845.3755

<https://www.gccaz.edu/art-humanities>

**Program Description:** The Certificate of Completion (CCL) in Commercial Photography program (Commercial and Freelance Photography<sup>1</sup>) includes the study of both the digital and film aspects of photography. The program is structured to help students develop an understanding of exposure principles, camera operations and functions, digital photographic materials, film-based strategies, studio lighting, and the basics of running a freelance photography business. This certificate is designed to provide knowledge and experience important to those hoping to work as freelance photographers, wedding photographers, commercial photographers, photography editors, photography assistants, or photo lab technicians. An Associate in Applied Science (AAS) in Photography is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

There will be costs for supplies and equipment in this program.

This program also is offered at Phoenix College.

**Program Prerequisites:** None.

**Required Courses: (29 (27<sup>1</sup>)credits)**

	<b>Credits</b>
ART100 Introduction to Digital Arts .....	1
ART112 Two-Dimensional Design .....	3

ART131 Photography I .....	3
+ ART132 Photography II .....	3
+ ART138 Commercial Photography I .....	3
+ ART140 Portrait Photography (3) OR + ART237 Fashion Photography (3) .....	3

+ ART143 Intermediate Digital Photography .....	3
+ ENG101 First-Year Composition (3) OR + ENG107 First-Year Composition for ESL (3) .....	3
SBS200 Small Business Operations .....	2
<del>SBS204<sup>1</sup> Small Business Marketing and Advertising .....</del>	<del>2</del>

**Restricted Electives: (6 (8-9<sup>1</sup>) credits)**

**Credits**

Students must complete one of the two following specializations<sup>1</sup>:

Specialization I: Freelance Photography - Credits: 8<sup>1</sup>

SBS204 Small Business Marketing and Advertising .....	2
---	---

In consultation with Departmental Advisor, (an Advisor or Program Coordinator,<sup>1</sup>) choose two courses from the following list to best fulfill goals:

ARH115 History of Photography .....	3
ART116 Life Drawing I .....	3
ART137 Alternative Photographic Processes .....	3
ART139 Commercial Art Photography II .....	3
+ ART181 Graphic Design I .....	3
ART234 Color Photography I .....	3
ART255 Art Marketing .....	3
FMP108 Video Production .....	3

Specialization II<sup>1</sup>: Commercial Photography - Credits: 8-9

+ ART139 Commercial Photography II .....	3
+ ART234 Color Photography I .....	3

In consultation with an Advisor or Program Coordinator, choose one course from the following list to best fulfill goals:

ARH115 History of Photography .....	3
ART116 Life Drawing I .....	3
ART137 Alternative Photographic Processes .....	3
+ ART181 Graphic Design I .....	3
ART255 Art Marketing .....	3
FMP108 Video Production .....	3
SBS204 Small Business Marketing and Advertising .....	2

## Communication

### General Information

**Field of Interest:** Culture and Society

**For Information:** Dr. Doug Deiss

**Phone:** 623.845.3985

<https://www.gccaz.edu/communication>

**Student Goals:** General Education, Career-related, Bachelor of Science in Speech Communication with an Emphasis in Organizational Communication

The objectives of the Communication and World Languages Department are: to provide individual courses as electives in other programs; to satisfy requirements prescribed by programs

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

in other areas; and to provide low division requirements for the NAU@GCC Bachelor of Science in Communication Studies; to provide lower-division courses for students who will transfer to other Arizona university Communication programs; and to provide second language learners opportunity to achieve oral communication fluency. Our courses are organized to meet practical needs of students, especially those individuals planning careers in the Human Service area. We encourage our students to participate in a very active speech and debate program as well as various other student activities. Glendale Community College's (GCC's) Communication and World Languages Department is affiliated with the National Communication Association (NCA), Western States Communication Association, and is headquarters for the Southwest Communication Association (SWCA).

## **BACHELOR OF SCIENCE IN COMMUNICATION STUDIES WITH AN EMPHASIS IN ORGANIZATIONAL COMMUNICATION (NAU@GCC)**

That's correct, students may now receive their bachelor's degree without ever leaving GCC's campus. The Bachelor of Science Degree in Communication Studies is a joint offering between GCC and Northern Arizona University (NAU). Upon completion of the program, students receive their bachelor's degree from NAU. The Bachelor of Science Degree in Communication Studies with an Emphasis in Organization Communication provides a better understanding of how organizations work and helps students develop effective leadership skills by optimizing their communication. The program explores how communication takes place in relationships, within national and international organizations, in public forums, and between cultures. It is grounded in both rhetorical and experimental approaches to the study of human communication. This innovative program gives students the opportunity to study a common core of communication courses, to design part of their program to achieve individual goals, and to take part in a communication apprenticeship experience. Faculty and students work together to integrate the classroom, research, and service with the goal of improving communicative interactions. A recent national survey of college graduates with the majors or minors in Communication revealed that graduates hold positions in education, law, the ministry, sales and marketing, information services, public relations, advertisement, government, social services, industrial and labor relations, human resources, and fund raising. Other careers in mass communications include radio, TV, and film.

<b>Communication Core: (6 credits)</b>		<b>Credits</b>
COM100	Introduction to Human Communication .....	3
COM110	Interpersonal Communication .....	3

### **Speech Communication: (18 credits)**

#### **Glendale Community College Courses: (9 credits)**

+ COM207	Introduction to Communication Inquiry .....	3
+ COM225	Introduction to Public Speaking .....	3
COM230	Small Group Communication .....	3

#### **Upper Division NAU Courses taken at GCC: (9 credits)**

CST 300W	Rhetorical Criticism .....	3
CST 311	Advanced Presentation Techniques .....	3
CST 498C	Senior Seminar in Speech Communication .....	3

#### **Organizational Communication Emphasis: (24 credits)**

#### **Upper Division NAU Courses taken at GCC:(9 credits)**

CST 312	Methods of Interviewing .....	3
---------	-------------------------------	---

CST 472	Organizational Communication .....	3
CST 477	Mediation and Conflict Management .....	3

#### **Communication Electives taken at GCC: (15 credits)**

COM222	Argumentation and Debate (GCC Course) .....	3
COM259	Communication in Business and the Professions (GCC Course) .....	3
COM263	Intercultural Communication (GCC Course) .....	3
CST 321	Nonverbal Communication (NAU Course) .....	3
CST 351	Interpersonal Communication (NAU Course) .....	3
CST 361	Persuasion (NAU Course) .....	3

CST 460	Rhetorical Theory (NAU Course) .....	3
CST 465	American Political Communication (NAU Course) .....	3
CST 475	Health Communication (NAU Course).....	3

#### **Extended Major: (12 credits)**

Students are required to take 12 hours of GCC courses in a concentrated area of study. Students should work in conjunction with the NAU advisor to determine these courses.

## **BACHELOR OF ARTS/BACHELOR OF SCIENCE COMMUNICATION STUDIES TRANSFER GUIDE**

If you plan to complete your Communication degree at another Arizona institution, our department can help you. The Communication and World Languages Department's selection of Maricopa Community College coursework meets the Arizona General Education Curriculum (AGEC-A) as modified by MCCC and lower-division program requirements for a bachelor's degree in Communication, Speech Communication, and Communication Studies at any of Arizona's universities. Depending on the university to which you plan to transfer, the following courses may be recommended:

COM100	Introduction to Human Communication
COM110	Interpersonal Communication
+ COM207	Introduction to Communication Inquiry
+ COM222	Argumentation
+ COM225	Public Speaking
COM230	Small Group Communication
+ COM241	Oral Interpretation of Literature
COM250	Introduction to Organizational Communication
+ COM259	Communication in Business and Professions*
COM263	Intercultural Communication

\*For non-communication majors. Meets the business requirement for accounting majors, media arts, music business, dance, and other disciplines.

Consult your Community College Advisor to ensure compliance. Students are responsible for checking all requirements and regulations at their transferring institution.

## **ENGLISH LANGUAGE LEARNER COURSE CONCENTRATION**

The Communication and World Languages Department offers a series of courses for speakers of other languages. Through these offerings and an informal laboratory, international students can further their oral communication skills and achieve oral fluency. The aim of the program is that of achieving communication competence. Please consult the Communication and World Languages Department for more information concerning testing,

course offerings, and available certificates.

## Communication Competence in the Workplace

### Academic Certificate - AC 6219N

This program is not eligible for Title IV Federal Financial Aid 30-33 credits

**Field of Interest:** Culture and Society

**For Information:** Jim Reed

**Phone:** 623.845.3631

<https://www.gccaz.edu/communication>

**Program Description:** The Academic Certificate (AC) in Communication Competence in the Workplace is an interdisciplinary program of study that provides intensive study of written and oral communication skills in different contexts including interpersonal communication, small group interaction, team-building, problem solving, public speaking and presentation skills, conflict resolution, assertiveness, and leadership. Students develop skills to enhance their professional, social, and personal interactions, and become more competitive and effective in the workforce.

**Program Notes:** Students must earn a grade of C or better for all courses within the Required Courses area.

This program also is offered at Mesa Community College.

**Program Prerequisites:** None.

## Community Health Paramedicine

**Certificate of Completion - CCL 5017N**

**This program is not eligible for Title IV Federal Financial Aid 8 credits**

**Field of Interest: Health Sciences**

**For Information:** Todd Polansky

**Phone:** 623.845.3908

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Community Health Paramedicine is designed to provide the knowledge, skills and ability to synthesize standard of care and expanded scope of practice with comprehensive assessment, diagnostic technology, patient advocacy, ethical and professional behaviors, to practice patient-centered evidence-based paramedicine in the community setting. This certificate prepares students for a community health paramedic credential.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

**Admission Criteria:** Current state Paramedic certification.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

Required Courses: (8 credits)	Credits
PME291 Community Health Paramedicine .....	8

## Computer Science

**General Information**

**Field of Interest: Science, Technology, Engineering, and Mathematics**

**For Information:** Dr. Chris Miller

**Phone:** 623.845.3841

<https://www.gccaz.edu/math>

**Student Goals:** Career-related, General Education, Transfer

Computer Science (CS) courses develop skills in designing, writing, and modifying computer programs to accomplish a wide variety of tasks in all areas of business and industry. Students take these courses:

To Prepare for a major at a four-year institution. A typical Bachelor of Science graduate in CS has the programming skills to develop operating systems and programming languages, as well as write programs for almost all areas of industry. CS majors also understand the software engineering process and may use this knowledge to eventually manage large projects. The college offers coursework which parallels the first two years of a bachelor degree in Computer Science or Computer Systems Engineering

at Arizona State University (ASU). Coursework should include:

- + CSC100AB Introduction to Computer Science (C++)
- + CSC110AB Introduction to Computer Science (Java)
- + CSC120 Digital Design Logic
- + CSC205 Object Oriented Programming and Data Structures
- + CSC220 Programming for Computer Engineering
- + CSC230 Computer Organization and Assembly Language
- + CSC240 Introduction to Different Programming Languages
- + MAT227 Discrete Mathematical Structures

As Background for other Careers. CSC100AB Introduction to Computer Science (C++) is recommended for those who are going into an Engineering discipline. CSC180 Computing for Scientists, Engineers and Medical/Health Specialists transfers to ASU as CSE180 and is recommended as an introductory computer class for scientific, engineering, and education majors. CSC283 Bioinformatics and Scientific Computing is designed for Biotech majors and those considering a career in Bioinformatics. Both CSC180 and CSC283 fulfill the general education CS requirement at ASU.

To update and improve professional programming skills. The CSC 150, 181, 182, 185, 260, 261, 270, 281, 284, and 285 are courses in current or emerging technologies and are designed for industry professionals (and students) who wish to update and expand their professional skills in this fast-changing profession.

Please check the course listings on the Glendale Community College website, [www.gccaz.edu](http://www.gccaz.edu), for an up-to-date description of course offerings.

An Associate in Science Degree, Emphasis in Computer Science also is available.

## Computer System Configuration and Support

**Certificate of Completion - CCL 5038N**

**This program is not eligible for Title IV Federal Financial Aid 6-9 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Rachelle Hall

**Phone:** 623.845.3231

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Computer System Configuration and Support program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs. The classes focus on the development of knowledge and skills in computer technologies including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis is placed on hardware installation, maintenance, mobile devices, hardware troubleshooting, proper use of tools, safety procedures, and professionalism. This program helps prepare students for the CompTIA A+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional CCLs in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students who pursue this CCL should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses (6-9 credits)</b>		<b>Credits</b>
CIS105	Survey of Computer Information Systems (3) OR Permission of Program Director (0) .....	0-3
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support .....	3
+ BPC270	A+ Exam Prep: Operating System Configuration and Support .....	3

## Computer System Configuration and Support, Linux

**Certificate of Completion - CCL 5039N**

**This program is not eligible for Title IV Federal Financial Aid 9-12 credits**

**Field of Interest:** Computer and Information Technology

**For Information:** Rachele Hall

**Phone:** 623.845.3231

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Computer System Configuration and Support, Linux program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs with an emphasis on Linux. The classes focus on the development of knowledge and skills in computer and network technologies including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis is placed on the Linux Operating system including knowledge and skills required to install, configure and troubleshoot a Linux-based workstation. This program helps prepare students for the CompTIA A+ and Linux+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional CCLs in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all

courses within the program.

Students who pursue this CCL should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

## Computer System Configuration and Support, Network

**Certificate of Completion - CCL 5044N**

**This program is not eligible for Title IV Federal Financial Aid 9-13 credits**

**Field of Interest:** Computer and Information Technology

**For Information:** Andrea Schauer

**Phone:** 623.845.3502

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Computer System Configuration and Support, Network program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs with an emphasis on networking. The courses focus on the development of knowledge and skills in computer and network technologies including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis is placed on elements of a data network, network components, and use of a network. This program helps prepare students for the CompTIA A+ and Network+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional CCLs in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

## Computer System Configuration and Support, Security

**Certificate of Completion - CCL 5040N**

**This program is not eligible for Title IV Federal Financial Aid 9-19 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Rachelle Hall

**Phone:** 623.845.3231

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Computer System Configuration and Support, Security program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs with an emphasis on security. The courses focus on the development of knowledge and skills in computer and security technologies including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis is placed on preventing, identifying, and mitigating threats to the security of information systems and utilizing the basic tools for information security. This program helps prepare participants for the CompTIA A+, Security+, and certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional CCLs in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examina-

tions. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students who pursue this CCL should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

CNT140AB	Introduction to Networks (4) OR	
CIS190	Introduction to Networks (3) .....	3-4
CIS250	Management of Information Systems .....	3
+ CIS271DB	Information Security Essentials .....	3

## Corrections

**Certificate of Completion - CCL 5776N**

**This program is not eligible for Title IV Federal Financial Aid 15 credits**

**Field of Interest: Behavioral Science and Human Services**

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Corrections program is designed for students intending to pursue careers in various correctional components of the justice system, including parole, probation, jail, and prisons. Focus is broader

learning about the correction function in the context of overall administration of justice system.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses (15 credits)		Credits
AJS101	Introduction to Criminal Justice .....	3
AJS123	Ethics and the Administration of Justice (3) OR	
AJS255	The Criminal Justice System Handling of the Mentally Ill (3) .....	3
AJS212	Juvenile Justice Procedures .....	3
AJS240	The Correction Function .....	3
AJS205	Effective Communication and Report Writing in Criminal Justice (3) OR	
AJS275	Criminal Investigation (3) .....	3

## Counseling

### General Information

**For Information:** Paul Romo

**Phone:** 623.845.3051

<https://www.gccaz.edu/counseling>

Career and Personal Development (CPD) courses are taught by Master's level and advanced degree counselors who have vast experience in human behavior, career development, student development, and a broad range of social issues and dynamics. Our courses include:

- CPD150 Strategies for College Success (3 credits)
- CPD150AC Educational and Career Planning (1 credit)
- CPD160 Introduction to Multiculturalism (3 credits)

## Creative Writing

### Academic Certificate - AC 6224N

**This program is not eligible for Title IV Federal Financial Aid 24 credits**

**Field of Interest:** Culture and Society

**For Information:** Jeff Baker

**Phone:** 623.845.3248

<https://www.gccaz.edu/english>

**Program Description:** The Academic Certificate (AC) in Creative Writing program is designed to provide students and professional writers with access to a community of writers and creative writing activities, instruction and guidance from established authors, and ongoing support in improving their writing skills and marketing their work. As students take courses in the program, they will build a portfolio of original work that may be submitted for publication. The program offers classes, workshops, and other activities such

as readings and contests, which are accessible to writers of all levels regardless of academic or professional standing. The program aims to serve a diverse community who may be under-represented in traditional creative writing programs. Completion of the certificate does not lead to a particular degree program, but may aid students in their pursuit of a career in the writing professions and in their continued enjoyment of writing for personal growth.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

**Admission Criteria:** Students who wish to enroll in the Creative Writing program must complete a formal application; contact Program Director.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and Scottsdale Community Colleges.

**Program Prerequisites:** None.

Required Courses: (21 credits)		Credits
ENG210	Creative Writing (3) may be substituted for CRW150 with permission of Program Director.	
CRW150	Introduction to Creative Writing .....	3
CRW200 must be repeated for a total of two credits.		
+ CRW200	Readings for Writers (1).....	2
+ CRW201	Portfolio .....	1

Students must complete six credits from Series I and nine credits from Series II in consultation with a Program Director.

#### Series I: Credits: 6

Students must complete two of the following courses for a total of six credits.

CRW120	Introduction to Writing Children's Literature .....	3
CRW160	Introduction to Writing Poetry .....	3
CRW170	Introduction to Writing Fiction .....	3
CRW172	Introduction to Comic Book Writing .....	3
CRW180	Introduction to Writing Nonfiction .....	3
CRW190	Introduction to Screenwriting .....	3
THE118	Playwriting .....	3

#### Series II: Credits: 9

Students must complete three of the following courses for a total of nine credits.

+ CRW202	The Writer as Witness .....	3
+ CRW203	Dialogue.....	3
+ CRW204	Journaling.....	3
+ CRW220	Intermediate Writing Children's Literature .....	3
CRW251	Topics in Creative Writing .....	3
+ CRW260	Intermediate Poetry Writing .....	3
+ CRW261	Topics in Writing: Poetry .....	3
+ CRW270	Intermediate Fiction Writing .....	3
+ CRW271	Topics in Writing: Fiction .....	3
+ CRW272	Planning and Structuring the Novel .....	3
+ CRW273	Writing the Novel .....	3
+ CRW274	Revising the Novel.....	3
+ CRW281	Topics in Writing: Non-Fiction .....	3
+ CRW290	Intermediate Screenwriting .....	3
+ CRW291	Topics in Writing: Plays.....	3

**Crime Scene Investigation****Certificate of Completion - CCL 5964****16-18 credits****Field of Interest: Behavioral Science and Human Services****For Information:** Paul Brown**Phone:** 623.845.3913<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Crime Scene Investigation is designed to develop knowledge and skills required to investigate and reconstruct crime scenes using scientific evidence and logical analysis. The program provides instruction in criminal investigation procedures, collection and preservation of physical and biological evidence, death investigation techniques, crime scene reconstruction methodology and presentation of testimony in court.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Admission Criteria:** None.**Program Prerequisites:** None.

<b>Required Courses (16-18 credits)</b>	<b>Credits</b>
AJS213 Evidence Technology/Fingerprints (3) OR AJS243 Crime Scene Reconstruction (3) .....	3
AJS215 Criminalistics: Physical Evidence (3) OR AJS219 Crime Scene Technology: Physical Evidence (3) OR FOR105 Forensic Science: Physical Evidence (4) .....	3-4
AJS216 Criminalistics: Biological Evidence (3) OR FOR106 Forensic Science: Biological Evidence (4) .....	3-4
AJS214 Evidence Technology Photography .....	3
AJS275 Criminal Investigation I .....	3
AJS290BN Courtroom Testimony Seminar .....	1

**Critical Care Paramedicine****Certificate of Completion - CCL 5003N****This program is not eligible for Title IV Federal Financial Aid 8 credits****Field of Interest: Health Sciences****For Information:** Todd Polansky**Phone:** 623.845.3908<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Critical Care Paramedicine is designed to provide the knowledge, skills and ability to synthesize standard of care and expanded scope of practice with comprehensive assessment, diagnostic technology, patient advocacy, ethical and professional behaviors, to practice patient-centered evidence based paramedicine in the clinical, out-of-hospital, and inter-facility transport settings. This certificate prepares students for a critical care paramedic credential.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Admission Criteria:** Current state Paramedic certification.**Program Prerequisites:** None.

<b>Required Courses: (8 credits)</b>	<b>Credits</b>
PME292 Critical Care Paramedicine .....	8

**Critical Infrastructure****Certificate of Completion - CCL 5150****This program currently is not eligible for Title IV Federal Financial Aid 44 credits****Field of Interest: Computer and Information Technology****For Information:** Martin Bencic**Phone:** 623.845.3237<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Critical Infrastructure program provides students with the skills required to secure, protect and identify vulnerabilities in a network with a focus on the cross-domain security concerns between information technology and operational technology systems. This program is designed to prepare students for a variety of industry-recognized information technology (IT) security certification exams. An Associate in Applied Science (AAS) in Cybersecurity is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward

this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Estrella Mountain Community College.

**Program Prerequisites:** None.

**Required Courses: (44 credits) Credits**

The following courses are required and included in the CCL in Cyber-security Fundamentals:

MST150++	Any Microsoft Windows course (3)	.....3
CIS105	Survey of Computer Information Systems	.....3
CIS111	Ethics in Information Technology	.....3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3)	.....3
+ CIS156	Python Programming: Level I	.....3
+ CIS271DB	Information Security Essentials	.....3
+ CIS272DB	Information Security Principles	.....3
CNT140AB	Introduction to Networks	.....4
+ ITS240	Ethical Hacking and Network Defense	.....3

The following courses are required for CCL in Critical Infrastructure

+ CIS143	Introduction to Critical Infrastructure Protection	.....3
+ CIS201	Introduction to Operational Technology	.....3
+ CIS202	Introduction to Smart Grid Security	.....3
+ CIS203	Risk Management Framework	.....3
+ CNT150AB	Switching, Routing, and Wireless Essentials	.....4

## Cyber Engineering

**Certificate of Completion - CCL 5149**

**42-46 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Cyber Engineering program is designed to focus on the necessary skills required to secure, protect and identify vulnerabilities in a network, including various operating systems and network devices. Emphasis is placed on developing the theoretical, legal, ethical and practical skills needed to maintain security on mission-critical networking and server systems. The program is designed to meet the training needs of government and industry employees. The program covers a variety of information security technologies and structured languages. The Cyber Engineering program also focuses on the skills needed for internationally recognized IT certifications and high demands in business, industry, and government. An Associate in Applied Science (AAS) in Cybersecurity is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Only required courses taken within eight years of completion of the program may be applied towards this degree. Consult with your Faculty Mentor or Academic Advisor.

Clarified Program Note per CIS IC: Courses within any of

the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (42-46 credits) Credits**

The following courses are required and included in the CCL in Cyber-security Fundamentals:

**Program Description:** The Associate in Applied Science in Cybersecurity is designed to focus on the necessary skills required to secure, protect and identify vulnerabilities in a network, including various operating systems and network devices. Emphasis is placed on developing the theoretical, legal, ethical and practical skills needed to maintain security on mission-critical networking and server systems. The program is designed to meet the training needs of government and industry employees. The program covers a variety of information security technologies and structured languages. The Cybersecurity program also focuses on the skills needed for internationally recognized IT certifications and high demands in business, industry, and government. Certificates of Completion are also available in the following areas: Cybersecurity Fundamentals, Cyber Operations, Linux System Administration, Microsoft, Cisco Networking CCNA Security, Cyber Engineering, and Critical Infrastructure.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Only required courses and restricted electives taken within eight years of completion of the program may be applied towards this degree. Consult with your faculty mentor or Academic Advisor.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.**Required Courses: (24-28 credits) Credits**

+ BPC270	A+ Exam Prep: Operating System Configuration and Support (3) OR	
MST150++	Any Microsoft Windows course (3)	3
(MST150++ required for Microsoft System Administration specialization and Critical Infrastructure specialization.)		
CIS105	Survey of Computer Information Systems	3

CIS111 Ethics in Information Technology (3) OR  
 + ITS120 Legal, Ethical and Regulatory Issues (3) .....3

CIS126DL Linux Operating System (3) OR  
 CIS126RH Red Hat System Administration I (3) .....3

+ CIS156 Python Programming: Level I .....3

+ CIS190 Introduction to Networking (3) OR  
 CNT140AB Introduction to Networks (4) .....3-4  
 (CNT140AB required for Cisco Network Administration and Security  
 specialization and Critical Infrastructure specialization.)

+ CIS271DB Information Security Essentials (3)  
 AND  
 + CIS272DB Information Security Principles (3) OR  
 + CIS270 Essentials of Network and Information Security (3) OR  
 + ITS110 Information Security Fundamentals (3) .....3-6  
 (ITS110 required for Cyber Operations specialization; CIS271DB and  
 CIS272DB required for Critical Infrastructure specialization.)

+ ITS240 Ethical Hacking and Network Defense .....3

#### Restricted Electives: (15-18 credits) Credits

Students must complete 15 to 18 credits from the following list of courses.  
 Courses that are required for a specialization in Cyber Operations, Linux  
 System Administration, Microsoft System Administration, Cisco Network  
 Administration and Security, Cyber Engineering, and/or Critical Infrastructure  
 are noted. Courses cannot be repeated for credit.

#### Specialization I: Cyber Operations - Credits: 17

BPC170 A+ Exam Prep: Computer Hardware Configuration and  
 Support .....3

+ CIS238DL Linux System Administration (3) OR  
 + CIS238RH Red Hat System Administration II (3) .....3

+ CIS290AC Computer Information Systems Internship (3) OR  
 + CIS298AC Special Projects (3) .....3

+ ITS291 Computer Forensics Foundations .....4  
 + ITS292 Advanced Computer Forensics .....4

#### Specialization II: Linux System Administration - Credits: 15

+ CIS238DL Linux System Administration (3) OR  
 + CIS238RH Red Hat System Administration II (3) .....3

+ CIS239DL Linux Shell Scripting .....3  
 + CIS240DL Linux Network Administration .....3

+ CIS271DL Linux Security (3) OR  
 + CIS271RH<sup>1</sup> Red Hat System Administration IV (3) .....3

+ CIS275DL Linux Capstone .....3

#### Specialization III: Microsoft System Administration - Credits: 15

CIS121AH Microsoft PowerShell/Command Line Operations .....3  
 + MST155DC Installation, Storage, and Compute with Windows Server .....4  
 + MST157DC Networking with Windows Server .....4  
 + MST158DC Identity Management with Windows Server 2016 .....4

#### Specialization IV: Cisco Network Administration and Security - Credits: 16

CNT140AB Introduction to Networks .....4  
 + CNT150AB Switching, Routing, and Wireless Essentials .....4  
 + CNT160AB Enterprise Networking, Security, and Automation .....4

+ CNT202 Cisco Secure Firewall Appliance Configuration (4) OR  
 + CNT205 Cisco Certified Network Associate Security (4) .....4

#### Specialization V: Cyber Engineering - Credits: 18

+ CIS119DO Introduction to Oracle: SQL (3) OR  
 + CIS276++ Any SQL Database course (3) .....3

+ CIS162++ Any C Programming: Level I course .....3  
 (Students intending to transfer to University of Arizona (UA) South should  
 take CIS162 C Programming.)

CIS227 Assembler Language .....3

+ CIS238DL Linux System Administration (3) OR  
 + CIS238RH Red Hat System Administration II (3) .....3

+ CIS250 Management of Information Systems .....3  
 + CIS262++ Any C Programming: Level II course .....3

#### Specialization VI: Critical Infrastructure - Credits: 16

+ CIS143 Introduction to Critical Infrastructure Protection .....3  
 + CIS201 Introduction to Operational Technology .....3  
 + CIS202 Introduction to Smart Grid Security .....3  
 + CIS203 Principles of the Risk Management Framework .....3  
 + CNT150AB Switching, Routing, and Wireless Essentials .....4

#### General Education Requirements: (22-28 credits)

##### General Education Core: (12-18 credits) Credits

##### First-Year Composition: 6

+ ENG101 First-Year Composition (3) OR  
 + ENG107 First-Year Composition for ESL (3)  
 AND  
 + ENG102 First-Year Composition (3) OR  
 + ENG108 First-Year Composition for ESL (3)

##### Oral Communication: 3

COM100 Introduction to Human Communication (3) OR  
 COM110 Interpersonal Communication (3) OR  
 + COM225 Public Speaking (3) OR  
 COM230 Small Group Communication (3)

COM100 required for students intending to transfer to Arizona State University  
 West to earn a Bachelor of Science in Applied Computing (Cybersecurity)

##### Critical Reading: 0-3

+ CRE101 College Critical Reading and Critical Thinking (3) OR  
 Equivalent as indicated by assessment.

##### Mathematics: 3-6

Any approved general education course in the Mathematics area.

##### General Education Distribution: (10 credits) Credits

##### Humanities, Arts and Design: 3

Any approved general education course(s) in the Humanities, Arts and  
 Design area.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

**Social-Behavioral Sciences:** **3**  
 Any approved general education course(s) in the Social-Behavioral Sciences area.

**Natural Sciences:** **4**  
 Any approved general education course(s) from the Natural Sciences area.

## Cybersecurity Fundamentals

**Certificate of Completion - CCL 5154**  
**24-31 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Cybersecurity Fundamentals is designed to focus on the necessary skills required to secure, protect and identify vulnerabilities in a network, including various operating systems and network devices. Emphasis is placed on developing the theoretical, legal, ethical and practical skills needed to maintain security on mission-critical networking and server systems. The program is designed to provide applied skills necessary for government and industry employees. The program covers a variety of information security technologies and structured languages. The Cybersecurity program also focuses on the skills needed for internationally recognized IT certifications and high demands in business, industry, and government. An Associate in Applied Science (AAS) in Cybersecurity is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

## Dance

### General Information

**Field of Interest: Visual and Performing Arts**

**For Information:** Performing Arts Department

**Phone:** 623.845.3796

<https://www.gccaz.edu/performing-arts>

The Glendale Community College (GCC) Dance Program is designed to offer the first two years of a traditional dance major and allow the student to transfer with ease into a university program. Emphasis is on technique, performance, and choreography in a pre-professional atmosphere. Courses may be repeated each semester, depending upon the student's skill level.

The GCC resident dance company, Verve Dance Company, is intended for those students who wish an intense program of study and plan to major in dance. Auditions are held the Monday following the Fall and Spring dance concerts. Students are expected to perform at an intermediate or advanced level of skill. See Associate in Arts, Fine Arts, Emphasis in Dance (8312) for specific course requirements.

## Desktop Support

**Certificate of Completion - CCL 5043**

**19-22 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Rachelle Hall

**Phone:** 623.845.3231

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Desktop Support program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs. The classes focus on the development of knowledge and skills in computer, network, and security technologies, as well as the interpersonal skills in customer service/technical support needed to be successful within the industry. Depending on course selection, this program helps prepare students for the CompTIA A+, CompTIA Network+, and/or CompTIA Linux+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional CCLs in a variety of specializations within the

information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community College.

**Program Prerequisites:** None.

<b>Required Courses: (18-19 credits)</b>		<b>Credits</b>
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support .....	3
+ BPC270	A+ Exam Prep: Operating System Configuration and Support .....	3
CIS102DA	Customer User Support .....	3
CIS105	Survey of Computer Information Systems .....	3
CIS126DL	Linux Operating System (3) OR

## Developmental Disabilities Specialist

**Certificate of Completion - CCL 5034**  
16 credits

**Field of Interest: Behavioral Science and Human Services**

**For Information:** Shana Hornstein

**Phone:** 623.845.4761

<https://www.gccaz.edu/psychology>

**Program Description:** The Certificate of Completion (CCL) in Developmental Disabilities Specialist program is designed for students interested in working in various settings serving children or adults with developmental disabilities. The coursework

combines theory and application. Academic preparation focuses on the physical and emotional correlates of developmental disability. The students also complete an internship, gaining experience working in a school or agency supporting persons with developmental disability.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

**Program Prerequisites:** None.

<b>Required Courses: (13 credits)</b>		<b>Credits</b>
Students must earn a grade of C or better for all Required Courses.		
PSY101	Introduction to Psychology .....	3
+ PSY241	Understanding and Changing Behavior .....	3
+ PSY243	The Psychology of Developmental Disabilities .....	3
+ PSY244	Internship in Psychology .....	1
+ PSY240	Developmental Psychology (3) OR	
+ PSY242	Understanding and Changing Behavior Lab (3) (1 <sup>2</sup> ) OR	
+ PSY266	Abnormal Psychology (3) .....	3

(PSY242 is recommended for those students interested in Registered Behavioral Technician certification.)

## **Restricted Electives: (3 credits)**

Student may select any combination of courses from the list below that total at least three credits. Restricted electives must be different from those courses counted in the Required Area.

ASL101	American Sign Language I .....	4
BHS170	Case Management and Clinical Documentation .....	3
BHS175	Introduction to Trauma-Informed Care and Trauma-Focused Caregiving .....	3

## Digital Media Arts

**Associate in Applied Science - AAS 3567**  
**65-71 Credits**

**Field of Interest: Visual and Performing Arts**

**For Information:** Michelle Blomberg

**Phone:** 623.845.3667

<https://www.gccaz.edu/art-humanities>

**Program Description:** The Associate in Applied Science (AAS) in Digital Media Arts is designed for the student who wishes to develop skills in the area of graphic design, imaging, photography, animation, time-based, interactivity, and media production. The program emphasizes critical thinking, written communication, and teamwork by challenging students to develop their own design method, production workflow, and conceptual aesthetic. The program provides students with a broad understanding of media design and its place in society as a means to communicate. It allows for the development of an individual's personal interest in this area, prepares students for employment, and upgrades skills of those already employed in this field. Upon completion of the program, students will have compiled a professional portfolio. Employment opportunities include, but are not limited to, graphic design, animation, web design, and video production. Based on course selections, students may also pursue transfer opportunities.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Phoenix College.

**Program Prerequisites:** None.

<b>Required Courses: (31 credits)</b>		<b>Credits</b>
+ ADA/ART169	2D Media Design.....	3
+ ADA/ART177	Digital Photographic Imaging I.....	3
ART100	Introduction to Digital Arts.....	1
ART111	Drawing I (3) OR	
ART116	Life Drawing I (3).....	3
ART142	Digital Photography.....	3
+ ART181	Graphic Design I.....	3
+ ADA/ART/MMT184	Digital Animation I.....	3
+ ART200	Animation and Interactivity.....	3
ADA/ART248	Design Self Promotion.....	3
+ ART280AC	Digital Media Arts and Design Capstone (3) OR	
+ ART297++	Computer Graphic Design Internship (3).....	3
+ JRN203	Writing for Online Media.....	3

**Restricted Electives: (12 credits)** **Credits**

Complete 12 credits from the following courses:

+ ART182	Graphic Design II.....	3
+ ART/MMT185	3D Modeling for Animation I.....	3
+ ART210	Design Tools for Imagery, Production, and Publishing.....	3
+ ART240	Cinematography and Directing for 2D/3D Animation.....	3
CIS133DA	Internet/Web Development.....	3
FMP108	Video Production.....	3
+ FMP215	Digital Video Effects.....	3
MTC191	Electronic Music I.....	3
MUC122	Sound Design I.....	3

**General Education Requirements: (22-28 credits)****General Education Core: (12-18 credits)****First-Year Composition:**

- + ENG101 First-Year Composition (3) OR  
 + ENG107 First-Year Composition for ESL (3)  
 AND

- + ENG102 First-Year Composition (3) OR  
 + ENG108 First-Year Composition for ESL (3)

**Oral Communication:**

- COM100 Introduction to Human Communication (3) OR  
 COM110 Interpersonal Communication (3) OR  
 + COM225 Public Speaking (3) OR  
 COM230 Small Group Communication (3)

**Critical Reading:**

- + CRE101 College Critical Reading and Critical Thinking (3) OR  
 Equivalent as indicated by assessment.

**Mathematics:**

Any approved general education course from the Mathematics area.

Recommended for students planning to transfer to a four-year university:

- + MAT140 College Mathematics (5) OR  
 + MAT141 College Mathematics (4) OR  
 + MAT142 College Mathematics (3) OR  
 MAT145 College Mathematics with Review (5) OR  
 MAT146 College Mathematics with Review (6)

**General Education Distribution: (10 credits)****Humanities, Arts and Design:**

Students who intend to transfer should choose either ARH102 or HUM/THF205 to fulfill the [HU] requirement for transfer.

- ARH102 Renaissance Through Contemporary Art (3) OR  
 ARH110 History of Graphic Design (3) OR  
 HUM/THF205 Introduction to Cinema (3)

**Social-Behavioral Sciences:**

Any approved general education course from the Social-Behavioral Sciences area.

**Natural Sciences:**

Any approved general education course from the Natural Sciences area.

**Documentary Film Production****Certificate of Completion - CCL 5059**

**31 credits**

**Field of Interest: Visual and Performing Arts**

**For Information:** Stephanie Lucas

**Phone:** 623.845.3755

<https://www.gccaz.edu/art-humanities>

**Program Description:** The Certificate of Completion (CCL) in Documentary Film Production introduces the fundamentals of nonfiction filmmaking in a small, supportive setting with industry professionals as mentors. Includes technical aspects of documentary filmmaking (producing, camera, and audio) and exposure to the history and theory behind the art. Students will develop, shoot, and edit an original short documentary film, as well as collaborate on various non-fiction productions, which can include work for clients,

non-profits, and new media. An Associate in Applied Science (AAS) in Film and Media Production is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Program Prerequisites:** None.

**Required Courses: (31 credits)**

	<b>Credits</b>
ART142 Digital Photography .....	3
ART/COM/STO150 Digital Storytelling .....	3
FMP108 Video Production .....	3
FMP111AA Scripting for the Media .....	3
+ FMP114 Audio Production .....	3
FMP115 Introduction to Editing for Media .....	4
+ FMP204 Advanced Video Production .....	3
+ FMP/FMT270 Documentaries for Social Change .....	4
HUM212 Documentary Film .....	3

In consultation with Advisor or Program Director, choose one course from the following:

+ FMP/FMT117 Introduction to Cinematography .....	3
FMP208 Production Company Management .....	3
FMP260 Film and Media Producing and Financing .....	3
+ FMP/FMT294AC Special Topics in Motion Picture, Television, Documentary, and New Media Production .....	3

**Driver Operator****Certificate of Completion - CCL 5418N**

**This program is not eligible for Title IV Federal Financial Aid 8 credits**

**Field of Interest: Behavioral Science and Human Services**

**For Information:** Raul Muniz

**Phone:** 623.845.4776

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Driver Operator program is designed for students who need (1) advanced training as professional firefighters, (2) preparation courses for career advancement opportunities in fire services, and/or (3) more comprehensive information about the role and function of an emergency vehicle driver/operator.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

**Admission Criteria:** Acceptance into the program and permission of Program Director is required.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (8 credits)**

	<b>Credits</b>
FSC111 Emergency Vehicle Driver Operator .....	2
FSC117 Fire Apparatus .....	3
FSC118 Fire Hydraulics .....	3

**Early Childhood Education**

**Associate in Applied Science - AAS 3186**  
**60-71 credits**

**Field of Interest: Education**

**For Information:** Judy Basham

**Phone:** 623.845.4479

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Early Childhood Education (ECE) program is designed to prepare individuals for employment as early childhood professionals in a variety of educational settings. The AAS program includes courses based on current ECE theory and practice as well as general education classes to broaden a student's base of knowledge. Certificates of Completion are also available.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

For some employment and field experiences (including internship courses), students will be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current TB vaccination.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (29-34 credits)****Credits**

**For Information:** Judy Basham

**Phone:** 623.845.4479

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Early Childhood Education program is designed to prepare students for employment as early childhood teachers in a variety of educational programs. Students learn effective teaching skills as they apply developmentally appropriate early childhood educational theory in the classroom setting. Courses have been selected with a focus on developing an educational career ladder. An Associate in Applied Science (AAS) in Early Childhood Education is also available and includes additional early childhood electives and general education classes to broaden the student's base of knowledge.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

For some employment and field experiences (including internship courses), students will be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current TB vaccination.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (29-34 credits)****Credits**

## Economics

### General Information

**Field of Interest:** Culture and Society

**For Information:** Dmytro Zhosan

**Phone:** 623.845.3694

<https://www.gccaz.edu/social-sciences>

**Student Goals:** General Education, Career-related

Economics courses provide an understanding of economic institutions, consumer economic issues, and world economic systems. Students take these courses to:

Meet general education Social-Behavioral Sciences Requirements. ECN 211 or 212 are especially recommended.

Provide Needed Background for other careers especially in Business and Engineering, Social Work and Journalism. ECN 211 or 212 are typically recommended or required.

Prepare for transfer as an economics major at a four-year institution. Degrees in economics may be offered in the liberal arts college, the business college, or both, depending on the institution. Students should consult the catalog of the relevant transfer institution.

Economists research conditions affecting the production, distribution, and consumption of goods and services. They evaluate and forecast business trends, guide monetary policy, and evaluate results of financial, governmental, and business policies. Areas of specialization include labor, fiscal management, agriculture, industry, and social welfare. Related careers are in labor relations, public administration, consulting, foreign diplomacy, and investment counseling.

With the increased reliance on scientific methods of analyzing business trends, forecasting sales, and planning purchases and production operations; employment of economists can be expected to increase. In order to work in the field, a graduate degree is likely to be required.

Recommended courses for potential majors are:

ECN 211 and 212, GBS221, MAT 212 or 220 and 225

A broad background in social sciences, history, and philosophy is strongly recommended.

## Education

### General Information

**Field of Interest:** Education

**For Information:** Heather Merrill

**Phone:** 623.845.3768

<https://www.gccaz.edu/social-sciences>

**Student Goals:** Explore teaching as possible career and/or transfer to a Professional Teacher Preparation Program.

**Career Outlook:** Arizona is experiencing a shortage of qualified teachers. Due to increasing population, teacher retirements, and demands for reduction in class size; job opportunities for certified teachers are excellent.

Transfer recommendations: Students are advised to consult with the institution to which they plan to transfer. Universities differ in their admission and course requirements.

### Department Recommendations for Elementary and

## Electronic Music

### Academic Certificate - AC 6231N

**This program is not eligible for Title IV Federal Financial Aid 40 credits**

**Field of Interest:** Visual and Performing Arts

**For Information:** Doug Nottingham

**Phone:** 623.845.3915

<https://www.gccaz.edu/performing-arts>

**Program Description:** The Academic Certificate (AC) in Electronic Music is intended for the student who would like to obtain acknowledgment for completion of electronic music courses, and is not designed to prepare students for employment. While the completion of the certificate does not lead to a particular degree, it does provide and enhance the development of musicianship for enjoyment and personal growth. This program provides the student with fundamental musical skills covering a variety of topics, including theory, performance, composition, and history. In addition, students receive a high level of technical training in creating electronic music. As students complete courses in the

program, they will build a portfolio of original compositions that may be used to seek admittance to a bachelor's-level music program.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program also is offered at Mesa, Phoenix, and Scottsdale Community Colleges.

<b>Program Prerequisites: (0-3 credits)</b>	<b>Credits</b>
MTC100 Fundamentals of Music <sup>2</sup> (2) OR	
MTC101 Introduction to Music Theory (3) OR	
Permission of instructor.....	0-3

<b>Required Courses: (40 credits)</b>	<b>Credits</b>
---------------------------------------	----------------

Students are required to complete a total of six credits of MTC240.

+ MTC105 Music Theory I.....	3
+ MTC106 Aural Perception I.....	1
+ MTC155 Music Theory II.....	3
+ MTC156 Aural Perception II.....	1
+ MTC205 Music Theory III.....	3

+ MTC193 Computer-Based Sound Synthesis.....	3
+ MTC240 Composition (3).....	6
+ MTC291 Electronic Music III.....	3
MUC195 Studio Music Recording I.....	3
+ MUC196 Studio Music Recording II (3) OR	
MUC197 Live Sound Reinforcement I (3).....	3

## Emergency Management

**Certificate of Completion - CCL 5304**  
**18 credits**

**Field of Interest: Behavioral Science and Human Services**

**For Administration of Justice Studies Information:** Paul Brown  
**Phone:** 623.845.3913  
<https://www.gccaz.edu/public-safety-sciences>

**For Fire Science Information:** Raul Muniz  
**Phone:** 623.845.4776  
<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certification of Completion (CCL) in Emergency Management provides the student with knowledge and skills required to conduct a comprehensive emergency management program. The program prepares students to manage emergency operations, hazardous materials incidents, tactics, strategy, and safety of firefighting activities, and customer service in the public sector. The student will be prepared for positions such as Emergency Manager, Emergency Management Planner, Emergency Operations Coordinator, Environmental Compliance Planner, and Emergency Management Specialist, working in state, local, federal, and international governments, business and industry, military installations, and health care facilities.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Mesa, and Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (18 credits)</b>	<b>Credits</b>
AJS/FSC139 Emergency Response to Terrorism .....	3
AJS/FSC146 Disaster Recovery Operations .....	3
AJS/FSC147 Emergency Preparedness .....	3
AJS/FSC148 Fundamentals of Emergency Management .....	3
AJS/FSC149 Hazard Mitigation .....	3
FSC224 Incident Command Systems .....	3

## Emergency Medical Technology

### General Information

**Field of Interest: Health Sciences**

**For Information:** Rainier Perez

**Phone:** 623.845.3172

<https://www.gccaz.edu/public-safety-sciences>

**Certificate of Completion (CCL) in Emergency Medical Technology** curriculum provides the student with the necessary knowledge and skills in accordance with the National Emergency Medical Services (EMS) Scope of Practice published by National Highway Traffic Safety Administration (NHTSA) and the Arizona Department of Health Services. With successful completion of the curriculum and upon licensure, the candidate can seek employment with ambulance service companies, first responder agencies, fire departments, and hospitals as an Emergency Medical Technician (EMT). Emphasis is on the fundamental principles and skills required to provide emergency medical care for the ill or injured. An EMT will treat and stabilize the patient and may provide transport to a medical care facility. Includes instruction on preparatory topics, airway management, patient assessment, medical emergencies, trauma emergencies, pediatric care and EMS operations.

Paramedics are advanced-level providers of emergency care that are educated through a nationally accredited program of 1,500 to 2,000 hours. Paramedics are considered an extension of the hospital emergency department and receive formal education in anatomy, physiology, pathophysiology, cardiology, pulmonology, pharmacology, pediatrics, geriatrics, hematology, toxicology, and many more topics in emergency medicine. The paramedic scope of practice builds on EMT education and includes advanced patient assessment, advanced airway and ventilation management, electrocardiogram analysis and interpretation, administration of more than 50 emergency medications, intravenous therapy, advanced cardiac life support, pediatric advanced life support, trauma management, obstetric care, hazardous materials, and much more. Paramedics are certified through a process that includes national cognitive and psychomotor examinations. Paramedics continue their professional development through prescribed continuing education.

**Certificate of Completion (CCL) in Paramedicine Program** is a 14-month program that builds on the knowledge obtained in the EMT curriculum with an emphasis on patient assessment, fluid

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

resuscitation, cardiac monitoring, specialized medication administration, and life saving techniques. With advanced lab space, simulators, and mannequins; students learn in a case-based environment that prepares them for actual patient care by emulating real world settings. Most of our faculty still work in the pre-hospital setting and all actively maintain certification and licensure. You must be a licensed EMT before you are able to apply for the paramedic program. Our program is accredited by the Commission on Accreditation of Allied Health Education Programs.

The EMT Program meets the educational requirements set forth by the National EMS Scope of Practice published by NHTSA, National Registry of Emergency Medical Technicians (NREMT) and the State of Arizona Administrative Register, R9-25-301 Article 3: Training Programs, The State of Arizona, NREMT, and local EMS agencies may have additional requirements including state and federal criminal background investigations and disclosures to obtain certification and licensure as an EMT or Paramedic in Arizona.

## Emergency Medical Technology

**Certificate of Completion - CCL 5643N**

**This program is not eligible for Title IV Federal Financial Aid 13 credits**

**Field of Interest: Health Sciences**

**For Information:** Rainier Perez

**Phone:** 623.845.3172

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Emergency Medical Technology curriculum provides the student with the necessary knowledge and skills in accordance with the National EMS Scope of Practice published by National Highway Traffic Safety Administration (NHTSA) and the Arizona Department of Health Services. Successful completion of the curriculum and upon licensure, the candidate can seek employment with ambulance service companies, first responder agencies, fire departments, and hospitals as an Emergency Medical Technician (EMT). Emphasis is on the fundamental principles and skills required to provide emergency medical care for the ill or injured. The primary focus of an EMT is to respond to, assess and triage emergent, urgent, and non-urgent requests for medical care, apply basic knowledge and skills necessary to provide patient care and medical transportation to/from an emergency or health care facility.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

EMT104 requires students to complete additional hours in a competency-based clinical, vehicular, and/or scenario based experience. Depending on the college, this may be completed through EMT104AB or Program Director-approved rotation.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (13 credits)**

Students who have current validation in Basic Life Support (BLS) are required to receive credit by evaluation.

**Credits**

**Engineering****General Information**

**Field of Interest:** Science, Technology, Engineering, and Mathematics

**For Information:** Dr. Didem Yamak Congress

**Phone:** 623.845.3974

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Engineering Program at Glendale Community College provides both the Associate in Applied Science (AAS) in Engineering Technology and the Associate in Science (AS), Emphasis in Engineering.

The AAS in Engineering Technology program prepares students as entry-level engineering technicians. They will apply basic engineering principles and technical skills to support engineers engaged in a wide variety of projects. Includes instruction in various engineering support functions, including preparation in the areas of research, production, and operations. This degree prepares highly skilled and needed workers for area manufacturers and the tech industry. For more information, please visit <https://www.maricopa.edu/degrees-certificates/science-technology-engineering-mathematics/engineering-technology-3187-aas>

The AS, Emphasis in Engineering provides the majority of the first two years of a four-year curriculum for students who wish to transfer to a four-year institution to earn a bachelor degree in an engineering discipline. With a bachelor degree students may pursue a career as an engineer in a number of areas including but not limited to aerospace engineering, biomedical engineering, chemical engineering, civil engineering, computer systems engineering, electrical engineering, industrial engineering, and mechanical engineering. For more information, please visit <https://www.maricopa.edu/degrees-certificates/science-technology-engineering-mathematics/associate-science-emphasis-engineering-8607-as>

**Credits****Acquired Skills**

- Gain introductory engineering design experience. Complete projects to build robots, rockets, catapults, and mousetrap powered vehicles.
- Gain team skills required in an engineering work environment. Establish team goals; set ground rules; decide how to resolve team conflicts.
- Gain computer application skills. Use MatLab to solve optimization and area problems from calculus. Use Excel to calculate odds and solve problems using iteration methods. Use AutoCAD to build models of engineering designs.
- Gain science and mathematics skills. Calculate the height of your rocket and the path of catapult projectiles; use levers and/or torsion to power catapults and vehicles. Design a vending machine or a miniature microprocessor.
- Gain effective verbal and written communications skills. Learn how to give effective PowerPoint presentations. Document project work in a design notebook.

Any approved general education course in the Humanities, Arts and Design area.

**Social-Behavioral Sciences:****3**

Any approved general education course in the Social-Behavioral Sciences area.

Recommend ECN211 or ECN212.

**Natural Sciences:****0**

Met by CHM or PHY in Required Courses.

**Enrolled Agent**

**Certificate of Completion - CCL 5958**  
**17-18 credits**

**Field of Interest: Business, Entrepreneurialism, and Management**

**For Information:** Scott Stroher

**Phone:** 623.845.3453

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Enrolled Agent program helps to prepare students for the Enrolled Agent Examination. The Internal Revenue Service (IRS) Enrolled Agent credential allows tax practitioners to represent taxpayers before the IRS when it comes to collections, audits, and appeals. Enrolled Agents' expertise in the continually changing field of taxation enables them to effectively represent taxpayers at all administrative levels within the IRS. Students who successfully complete this CCL may also seek employment as tax preparers.

**Program Notes:** Students must earn a grade of C or better in all courses in the program.

Consultation with an Academic Advisor is recommended for course selection.

The Volunteer Income Tax Assistance (VITA) program internship is only available in the spring semester- Contact a program adviser for more information.

This program also is offered at Chandler-Gilbert, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (15 credits)****Credits**

ACC111	Accounting Principles I (3) OR	
ACC211	Financial Accounting (3) .....	3
ACC121	Income Tax Preparation .....	3
+ ACC221	Tax Accounting .....	3
+ ACC224	Tax Practice Administration and Business Entity Analysis .....	3
CIS105	Survey of Computer Information Systems .....	3

**Restricted Electives: (2-3 credits)****Credits**

Students should select two to three credits from the list below:

ACC105	Payroll, Sales and Property Taxes .....	3
+ ACC112	Accounting Principles II .....	3
+ ACC115	Computerized Accounting .....	3
+ ACC222	Payroll Accounting .....	3
+ ACC230	Uses of Accounting Information I .....	3
+ ACC270AB	Accounting Internship .....	2
+ ACC270AC	Accounting Internship .....	3

**English****General Information****Field of Interest:** Culture and Society**For Information:** Dr. Jennifer Lane**Phone:** 623.845.3436<https://www.gccaz.edu/english>**Student Goals:** General Education, Transfer, Personal Interest

Courses in English are in the areas of composition, literature, and linguistics. Composition courses concentrate on the communication skills of writing, reading, and speaking. Courses in literature encourage students to comprehend and appreciate essays, prose fiction, poetry, and drama. Courses in linguistics examine the history, development, and structure of language.

Communication skills taught in the English Department are essential in any employment area. English majors are well prepared for careers in teaching, law, politics, journalism, writing, editing, public relations, advertising, marketing, and management.

English courses fulfill general education requirements in communications and humanities and provide background for advanced study programs. They develop communication skills for personal, employment, and academic use. English Humanities (literature) courses encourage personal enrichment through the study of literature.

Courses in English as a second language assist speakers of other languages to learn to speak, write, and read English.

Students should consult with a Department Advisor in planning their academic schedule in order to complete degree requirements in an expedient manner. Required courses may not be available every semester or year. Due to limited course offerings, degree-seeking students may find it necessary to extend completion time lines and attend both day and evening classes.

Special Skill Levels Needed: The department recommends that students have computer skills. Papers must be typed and research is database driven.

**Departmental Recommendations:****Credits**

The following courses are generally required for a baccalaureate degree in English:

+ ENG101	First-Year Composition .....	3
+ ENG102	First-Year Composition .....	3
+ ENG200	Reading and Writing about Literature .....	3
+ ENG216	Persuasive Writing on Public Issues (3) OR	
+ ENG217	Personal and Exploratory Writing (3) .....	3
+ ENH221	Survey of English Literature Before 1800 .....	3
+ ENH222	Survey of English Literature After 1800 .....	3
+ ENH241	American Literature Before 1860 .....	3
+ ENH242	American Literature After 1860 .....	3
	Foreign Language .....	8-16

ENG107 AND ENG108, First-Year Composition for ESL, may be substituted for ENG101 AND ENG102.

**Entrepreneurial Studies Level I****Certificate of Completion - CCL 5819N****This program is not eligible for Title IV Federal Financial Aid 10-11 credits****Field of Interest:** Business, Entrepreneurialism, and Management**For Information:** Kendra Swensen**Phone:** 623.845.3749<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Entrepreneurial Studies Level I program is designed to provide students with an introduction to the entrepreneurial process. Courses include a history of entrepreneurship, current research into its impacts on society, types of business start-up opportunities, and creating a preliminary business plan, as well as securing a healthy financial future. A CCL in Entrepreneurial Studies Level II is also available.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.**Required Courses: (10-11 credits)****Credits**

## Exercise Science: Health, Fitness and Sports Performance

**Associate in Applied Science - AAS 3059**  
**63-72.5 (63-74.5<sup>1</sup>)credits**

**Field of Interest: Health Sciences****For Information:** Louise So**Phone:** 623.845.3883<https://www.gccaz.edu/fitness-wellness>

**Program Description:** The Associate in Applied Science (AAS) in Exercise Science: Health, Fitness and Sports Performance program prepares students for the American College of Sports Medicine (ACSM), National Strength and Conditioning Association (NSCA), National Academy of Sports Medicine (NASM) and the American Council on Exercise (ACE) personal trainer certifications. The curriculum is designed to prepare students for employment in entry-level positions such as personal training within health and fitness clubs, wellness centers, and public and private recreation facilities. This curriculum also provides good preparation for transfer to a four-year bachelor's program.

**Program Notes:** Students must earn a grade of C or better required for all courses within the program.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Scottsdale, and South Mountain Community Colleges.

## Film and Media Production

**Associate in Applied Science - AAS 3570**  
**60-68 credits**

**Field of Interest: Visual and Performing Arts**

**For Information:** Stephanie Lucas

**Phone:** 623.845.3755

<https://www.gccaz.edu/art-humanities>

**Program Description:** The Associate in Applied Science (AAS) in Film and Media Production is designed to help students develop the creative and technical skills needed to work in the competitive film and video industry. Students receive comprehensive training in the craft, process, and theory behind visual storytelling. The program uses the latest technologies and provides opportunities for students to develop their skills and professionalism with real world projects, both in the laboratory and on location. This program is focused on independent filmmaking with the spirit of entrepreneurship in the field. A Certificate of Completion (CCL) in Documentary Film Production is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Program Prerequisites:** None.

<b>Required Courses: (9 credits)</b>		<b>Credits</b>
FMP108	Video Production .....	3
+ FMP114	Audio Production .....	3
FMP115	Introduction to Editing for Media .....	3

**Restricted Electives: (25-31 credits) Credits**

In addition to completing the Required Courses, students must select one of the following specializations:

**Specialization 1: Film and Media Production - Credits: 30-31**

<b>Film and Media Production Core Credits: 18</b>		
MUC122	Sound Design I .....	3
FMP105	Studio Production .....	3
FMP111	Screenwriting I (3) OR	
FMP111AA	Scripting for the Media (3) .....	3
+ FMP/FMT117	Introduction to Cinematography .....	3
+ FMT134	Pre-Production for Motion Picture and Television .....	3
+ FMP134	Pre-Production for Motion Picture and Television .....	3

FMP208	Production Company Management (3) OR	
FMP260	Film and Media Producing and Financing (3) .....	3

**Film and Media Production Related Area Credits: 12-13**

Complete two Production courses for a total of six credits from the following:

ART142	Digital Photography .....	3
+ FMP/FMT151	TV and New Media Production .....	3
+ FMP204	Advanced Video Production (Required choice if selecting +FMT217 as Capstone/Internship) .....	3
+ FMP215	Digital Video Effects .....	3

Complete one Humanities Film course for a total of three credits from the following:

HUM/THF206	Introduction to Television Arts .....	3
HUM/THF210	Contemporary Cinema .....	3
HUM211AA	Foreign Films: Classics .....	3

HUM212	Documentary Film .....	3
HUM213	Hispanic Film .....	3

Complete one Capstone/Internship course for a total of three to four credits based on career goals:

+ ART280AC	Digital Media Arts and Design Capstone .....	3
+ FMP211	Screenwriting II .....	3
+ FMP214AC	Video Production Internship .....	3
+ FMP/FMT270	Documentaries for Social Change .....	4
+ FMP275	Advanced Portfolio Production .....	4
+ FMT217	Advanced Cinematography .....	3

#### Specialization 2: Documentary Film Production - Credits: 25

##### Documentary Film Production Core Credits: 19

ART142	Digital Photography .....	3
ART/COM/STO150	Digital Storytelling .....	3
FMP111AA	Scripting for the Media .....	3
+ FMP204	Advanced Video Production .....	3
+ FMP/FMT270	Documentaries for Social Change .....	4
HUM212	Documentary Film .....	3

##### Documentary Film Production Related Area Credits: 6

In consultation with Advisor or Program Director, choose two courses for a total of six credits:

+ FMP/FMT117	Introduction to Cinematography .....	3
FMP208	Production Company Management .....	3
FMP260	Film and Media Producing and Financing .....	3
+ FMP/FMT294AC	Special Topics in Motion Picture, Television, Documentary, and New Media Production .....	3

##### General Electives: (0-4 credits)

Credits

Students must complete additional courses to meet the 60 minimum credits required for the degree.

##### General Education Requirements: (22-28 credits)

##### General Education Core: (12-18 credits)

Credits

##### First-Year Composition:

6

+ ENG101	First-Year Composition (3) OR
+ ENG107	First-Year Composition for ESL (3)
AND	
+ ENG102	First-Year Composition (3) OR
+ ENG108	First-Year Composition for ESL (3) OR

##### Oral Communication:

3

COM100	Introduction to Human Communication (3) OR
COM110	Interpersonal Communication (3) OR
+ COM225	Public Speaking (3) OR
COM230	Small Group Communication (3)

##### Critical Reading:

0-3

+ CRE101	College Critical Reading and Critical Thinking (3) OR Equivalent as indicated by assessment.
----------	--

##### Mathematics:

3-6

Any approved general education course from the Mathematics area. Students who want to transfer to university recommend the following:

+ MAT140	College Mathematics (5) OR
+ MAT141	College Mathematics (4) OR
+ MAT142	College Mathematics (3) OR
MAT145	College Mathematics with Review (5) OR
MAT146	College Mathematics with Review (6)

##### General Education Distribution: (10 credits)

Credits

#### Humanities, Arts and Design:

3

HUM/THF205 Introduction to Cinema

#### Social-Behavioral Sciences:

3

Any approved general education course from the Social-Behavioral Sciences area.

PSY101 is recommended.

#### Natural Sciences:

4

Any approved general education course from the Natural Sciences area.

## Fingerprint Identification and Photography

### Certificate of Completion - CCL 5010N

**This program is not eligible for Title IV Federal Financial Aid 10 credits**

**Field of Interest: Behavioral Science and Human Services**

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Fingerprint Identification and Photography is designed to prepare students for entry level positions in the field of fingerprint classification and identification. It is one pathway to the Associate in Applied Science (AAS) in Forensic Science.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

### Required Courses (10 credits)

Credits

AJS101	Introduction to Criminal Justice .....	3
AJS213	Evidence Technology/Fingerprints .....	3
AJS214	Evidence Technology/Photography .....	3
AJS290BN	Courtroom Testimony Seminar .....	1

## Fire Science

### General Information

**Field of Interest: Behavioral Science and Human Services**

**For Information:** Raul Muniz

**Phone:** 623.845.4776

<https://www.gccaz.edu/public-safety-sciences>

**Student Goals:** Career-related

The Fire Science program at Glendale Community College prepares the student primarily for a career in fire service. It also would enhance one's performance in safety education, arson investigation, and related careers.

Greater Phoenix is one of the fastest growing cities in the "Sun Belt," and the need for firefighters will increase in direct proportion to the total population. Although competition is heavy for available

positions, the applicant with a Fire Science background has a significant advantage over those without training. However, a degree in Fire Science does not guarantee employment. Persons already employed as firefighters can expect the attainment of the degree to be an asset when seeking promotion within a fire department or district.

FSC110 Wildland Firefighter training classes which meet the National Wildland Coordinating Group S-130, S-190 and I-100 learning objectives, are offered weekends during the spring and fall semesters. Registration information is available by contacting the Fire Science Department.

To be considered for employment in local fire departments, a candidate must meet the following minimum standards:

- United States citizenship;
- A high school diploma or GED equivalency certificate;
- No felony conviction in any state or federal jurisdiction;
- A medical examination by a licensed physician attesting that no physical conditions exist which would adversely affect the performance of duties as a firefighter;
- Successful completion of the agility and written (general knowledge) tests and oral interview as specified by the employing fire department;
- Proportional height and weight; and
- Minimum age as required by law.

Students should consult with a Department Advisor in planning their academic schedule in order to complete degree requirements in an expedient manner. Due to limited course offerings, degree-seeking students may find it necessary to extend completion time lines and attend both day, evening, and weekend classes.

Also see Associate in Applied Science Fire Science 3205.

## Fire Science

**Certificate of Completion - AAS 3205**  
60-88 credits

**Field of Interest: Behavioral Science and Human Services**

**For Information:** Raul Muniz

**Phone:** 623.845.4776

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Fire Science provides the opportunity for individuals seeking careers in the fire service to acquire standard firefighting skills and prepare for state and/or national certifications, including the Firefighter I and II Certification. Students will gain broad knowledge and skills necessary to work effectively in the fire service as firefighters. A Certificate of Completion in Firefighter Operations also is available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Consult with your faculty mentor or Academic Advisor to determine educational requirements, including possible university transfer options, for your chosen career field.

**Admission Criteria:** Admission to program is required. See Program Director for details.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (37-57 credits)**

		Any approved general education course from the Social and Behav-	
		ioral Sciences [SB] area.	
		SOC101 is recommended.	
		<b>Natural Sciences:</b>	<b>4</b>
		Any approved general education course from the Natural Sciences	
		[SG/SQ] area.	
		BIO100, or BIO160, or (CHM130 AND CHM130LL) is recommended.	

## Fire Service Management

### Certificate of Completion - AAS 3207

60 credits

**Field of Interest: Behavioral Science and Human Services**

**For Information:** Raul Muniz

**Phone:** 623.845.4776

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Fire Service Management can be used by professional firefighters for promotional opportunities within the Fire Services. The program provides courses for experienced professional firefighters who desire to learn advanced fireground tactics and strategy, building construction, practical incident command, supervisory training of personnel, public administration, basic finance, and human resource management. Students can select from a variety of fire science electives to meet their professional goals. A Certificate of Completion (CCL) in Fire Service Management is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Admission Criteria:** Current employment as a firefighter and/or Firefighter I and II Certification and/or related experience as determined by the Program Director.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

## Fire Service Management

Certificate of Completion - CCL 5420  
21 credits

**Field of Interest:** Behavioral Science and Human Services

**For Information:** Chris Coughlin

**Phone:** 623.845.3205

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Fire Service Management can be used by professional firefighters for promotional opportunities within the Fire Services. The program provides courses for experienced professional firefighters who desire to learn advanced fireground tactics and strategy, building construction, practical incident command, supervisory training of personnel, public administration, basic finance, and human resource management. An Associate in Applied Science (AAS) in Fire Service Management is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Admission Criteria:** Current employment as a firefighter and/or Firefighter I and II Certification and/or related experience as determined by the Program Director.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

Required Courses: (21 credits)	Credits
FSC119 Introduction to Fire Service Ethics .....	3
+ FSC167 Fire Captain Academy .....	6
FSC202 Supervisory Training for Firefighters .....	3
+ FSC204 Firefighting Tactics and Strategy .....	3
+ FSC208 Firefighter Safety and Building Construction .....	3
+ FSC214 Human Resources Management in Fire Service .....	3

## Firefighter Operations

Certificate of Completion - CCL 5557  
16-32 credits

**Field of Interest:** Behavioral Science and Human Services

**For Information:** Raul Muniz

**Phone:** 623.845.4776

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Firefighter Operations provides the opportunity for individuals seeking careers in the fire service to acquire minimum standard firefighting skills and prepare for state and/or national certifications, including the Firefighter I and II Certification. An Associate in Applied Science (AAS) in Fire Science is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

**Admission Criteria:** Formal application and admission to the program is required.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (16-32 credits)**

**Credits**

+ EMT104 Emergency Medical Technology (10)

+ FSC174 Functions of Command .....	2

## Fitness and Wellness

**General Information**

**Field of Interest:** Health Services

**For Information:** Lisa Lewis

**Phone:** 623.845.3784

<https://www.gccaz.edu/fitness-wellness>

**Student Goals:** Transfer, Career-related, Personal Interest

The Fitness and Wellness program seeks to help students apply their knowledge of fitness, health, and nutrition in a practical and professional manner. Instructors guide students toward the institutional learning outcomes of personal wellness responsibility and career goals. In collaboration with the Food and Nutrition Program; we offer courses and degree programs which prepare students for immediate entry into the workforce, for transfer to university, or for personal interest.

Our fitness and nutrition labs and facilities have state-of-the-art equipment that enhance students testing skills in VO2 max, body composition, muscular strength, power and flexibility. Notable facilities include the Sports Performance Lab, Fitness Centers, Adapted Fitness Center, Powerhouse, Olympic-sized swimming pool, tennis courts, and racquetball courts.

**Wellness Education (WED):** Students can learn about alternative medicine, medication, and aromatherapy to enhance overall personal health for a lifetime.

**Physical Education (PED):** Physical activity courses benefit the overall health and fitness of students, and include courses that enhance cardiovascular fitness, muscular strength and endurance, flexibility, balance, and sport skills.

**Health (HES):** Health courses include Healthful Living and First Aid which provide a general knowledge of personal health concepts and practices, first aid techniques, and safety. Prevention and Treatment of Athletic Injuries is offered for the prospective school teacher, coach, athletic trainer, or other persons desiring more advanced knowledge than is provided in the basic courses.

**Recreation (REC):** Glendale Community College (GCC) and

Arizona State University's (ASU) West Campus have agreed to provide a transfer guide to students who are pursuing a Bachelor of Science (BS) in Recreation. Those students may complete their first and second years of study at GCC leading to an Associate in Arts (AA) degree and continue their third and fourth years of study at ASU's West Campus and receive a bachelor degree from ASU's West Campus. It is recommended that recreation majors seek departmental advice at registration time. Under the above agreement, the following course may be taken at GCC and transferred directly to ASU's West Campus: REC120 Leisure and the Quality of Life.

**Exercise Science (EXS) Degree Pathways:** GCC's Fitness and Wellness Program offers various pathways to obtaining certificates and degrees in the fields of Exercise Science and Personal Training. Each certificate is its own destination or can be used as a stepping stone to a higher level of knowledge, leading to an AA degree or Associate in Applied Science (AAS) degree (and eventually a four-year institution) in Exercise and Wellness, Physical Education, Kinesiology, Wellness, or Health Promotion. Students should see a Department Advisor each semester to plan for easy transition to the university.

Students continuing on to a four-year institution will be well on their way to a career in Personal Training, Strength and Conditioning, Youth and Senior Fitness, Group Fitness, Weight Management, Health and Wellness Coaching, Sports Coaching, Athletic Training, Physical Therapy, Corporate Wellness, and other health related fields. Students should see a Program Advisor each semester to plan for easy transition to the university.

Fitness professionals assess and design fitness programs and supervise workouts for clients who want to improve their fitness level in a safe, motivating, and effective manner. Many fitness professionals also consult, advise, or offer online fitness services for clients. As businesses, government, and insurance organizations continue to recognize the benefits of health and fitness programs for their employees, incentives to join gyms or other types of health clubs are expected to increase the need for fitness trainers and instructors. Other employment growth will come from the continuing emphasis on exercise to combat obesity and encourage healthier lifestyles for people of all ages.

Job prospects and earning potential improve for workers with professional certifications and formal education in the field. Employment of fitness trainers and instructors is projected to grow 13% from 2018 to 2028 which is much faster than the average for all occupations.

Nationally certified fitness professionals have a greater earning potential and are more credible to employers and clients. Students who complete our degree and certificate programs will be prepared to become nationally certified by:

- American College of Sports Medicine (ACSM)
- American Council on Exercise (ACE)
- National Academy of Sports Medicine (NASM)
- National Strength and Conditioning Association (NSCA)
- Other national fitness organizations accredited by the National Commission for Certifying Agencies (NCCA)
- Certificates of Completion (CCLs) and AAS Degrees:

**Personal Trainer (CCL)** program is designed to help prepare students for employment in the fitness industry as a personal trainer. The program provides students with a fundamental knowledge of human anatomy and physiology, nutrition, weight

management, CPR and AED training, and skills to assess, design, and implement safe and effective exercise programs.

**Personal Trainer: Advanced (CCL)** is based on the foundation of the Personal Trainer CCL, and offers more advanced and diversified courses. Students who complete both programs will be prepared for the AAS in Exercise Science: Health, Fitness and Sports Performance.

**Exercise Science: Health, Fitness and Sports Performance (AAS)** is designed to prepare students for employment in entry-level positions such as personal training within health and fitness clubs, wellness centers, and public and private recreation facilities. This curriculum also provides good preparation for transfer to a four-year bachelor degree program. The program prepares students for personal trainer certification exams from the American College of Sports Medicine (ACSM), National Strength and Conditioning Association (NSCA), National Academy of Sports Medicine (NASM) and the American Council on Exercise (ACE).

**Exercise Science: Pre-Physical Therapy (AA)** This program provides the first two years of a four-year curriculum for students who wish to specialize in Exercise Science/Kinesiology and are preparing for graduate programs in physical therapy or other health fields. With a bachelor's degree, students may pursue a career as a fitness director or an exercise physiologist. With a graduate degree; careers may include physical therapy, occupational therapy, athletic training, exercise physiology, sports medicine, and physician assistant.

## Forensic Science

**Associate in Applied Science - AAS 3183**  
**60-65 credits**

**Field of Interest: Behavioral Science and Human Services**

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Associate in Applied Science (AAS) in Forensic Science provides the student with a specialization in forensic investigation as it relates to crime. The curriculum presents a specialized scope of knowledge about photography, collection and preservation of evidence, and investigative strategies. The program provides students with an important knowledge base for investigative specialization in a wide range of disciplines and careers. This degree pathway also provides students with the opportunity to complete two Certificates of Completion (CCL) in Crime Scene Investigation, and Fingerprint Identification and Photography.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses: (31-41 credits)		Credits
AJS101	Introduction to Criminal Justice .....	3
AJS123	Ethics and the Administration of Justice .....	3

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

AJS275	Criminal Investigation I	3
AJS290BN	Courtroom Testimony Seminar	1

Equivalent as indicated by assessment.

AJS215	Criminalistics: Physical Evidence (3) OR	
AJS219	Crime Scene Technology: Physical Evidence (3) OR	
FOR105	Forensic Science: Physical Evidence (4)	3-4

AJS216	Criminalistics: Biological Evidence (3) OR	
FOR106	Forensic Science: Biological Evidence (4)	3-4

Students should select courses from one of the following emphases based on career goals.

#### Crime Scene (15 credits)

AJS109	Substantive Criminal Law	3
AJS210	Constitutional Law	3
AJS213	Evidence Technology/Fingerprints	3
AJS214	Evidence Technology/Photography	3
AJS260	Procedural Criminal Law	3

#### Lab Science (23 credits)

ASM/FOR275	Forensic Anthropology	4
+ CHM151	General Chemistry I	3
+ CHM151LL	General Chemistry I Laboratory	1
+ CHM152	General Chemistry II	3
+ CHM152LL	General Chemistry II Laboratory	1
+ PHY111	General Physics I	4
+ PHY112	General Physics II	4
Any course with the HU, C and G general education designations (3) OR		
Any course with the HU, C and H general education designations (3)		3

#### Restricted Electives: (3 credits)

Credits

Students must complete three credits of restricted electives.

Students interested in the **Crime Scene Emphasis**

CIS105	Survey of Computer Information Systems (3) OR	
BPC110	Computer Usage and Applications (3) OR	
AJS+++++	Any AJS Administration of Justice Studies course not listed in the required courses area. (3)	3

Students interested in the **Lab Science Emphasis**

CIS105	Survey of Computer Information Systems (3) OR	
BPC110	Computer Usage and Applications (3)	3

#### General Electives: (0-10 (0-14') credits)

Credits

Students must choose 0 to 10 additional credits of general elective courses. Total number of general electives required will largely depend upon emphasis selected.

#### General Education Requirements: (12-24 credits)

##### General Education Core: (12-20 credits)

Credits

##### First-Year Composition:

6

+ ENG101	First-Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3)	
AND		
+ ENG102	First-Year Composition (3) OR	
+ ENG108	First-Year Composition for ESL (3)	

##### Oral Communication:

3

+ COM225	Public Speaking	
----------	-----------------	--

##### Critical Reading:

0-3

+ CRE101	College Critical Reading and Critical Thinking (3) OR	
----------	---	--

#### Mathematics:

3-8

##### Crime Scene Emphasis (3-5)

+ MAT140	College Mathematics (5) OR	
+ MAT141	College Mathematics (4) OR	
+ MAT142	College Mathematics (3) OR	
Higher course with an [MA] general education designation (3-5)		

##### Lab Science Emphasis (3-8)

+ MAT150	College Algebra/Functions (5) OR	
+ MAT151	College Algebra/Functions (4) OR	
+ MAT152	College Algebra/Functions (3) AND	
+ MAT182	Plane Trigonometry (3) OR	
+ MAT187	Precalculus (5) OR	
Higher course with an [MA] general education designation (3-8)		

#### General Education Distribution: (0-4 credits)

Credits

##### Humanities, Arts and Design:

0

Met by AJS123 in Required Courses area.

##### Social-Behavioral Sciences:

0

Met by AJS101 in Required Courses area.

##### Natural Sciences:

0-4

Recommended Course for **Crime Scene Emphasis:**

+ CHM130	Fundamental Chemistry (3)	
AND		
+ CHM130LL	Fundamental Chemistry Laboratory (1) OR	
+ CHM151	General Chemistry I (3)	
AND		
+ CHM151LL	General Chemistry I Laboratory (1) OR	
FOR105	Forensic Science: Physical Evidence (4) OR	
FOR106	Forensic Science: Biological Evidence (4)	

**Lab Science Emphasis** met by CHM151 and CHM151LL.

## **Foundations of Early Childhood Education**

### **Certificate of Completion - CCL 5054**

**18-19 credits**

#### Field of Interest: **Education**

**For Information:** Judy Basham

**Phone:** 623.845.4479

<https://www.gccaz.edu/consumer-sciences>

**Program Description:** The Certificate of Completion (CCL) in Foundations of Early Childhood Education is designed to prepare students with foundational knowledge regarding the growth and development of the young child. Topics include cognitive and physical development of the young child, language acquisition, curriculum development, health and safety guidelines, business procedures, and family/community relationship building. This CCL is embedded (can be used to fulfill part of the requirements) in a second available CCL, Early Childhood Education. Both CCLs are embedded (can be used to fulfill requirements) in the Associate in Applied Science (AAS) in Early Childhood Education.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

For some employment and field experiences (including internship

courses), students will be required to have a current Identity Verified Print (IVP) Fingerprint Clearance Card and a current TB vaccination.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (18-19 credits)</b>	<b>Credits</b>
CFS/ECH176 Child Development (3) OR	
CFS235 Developing Child: Theory into Practice, Prenatal - Age Eight (3) OR	
EED205 The Developing Child: Prenatal to Age Eight (3) .....	3
EED200 Foundations of Early Childhood Education .....	3
CFS/ECH271 Arranging the Environment (1)	
AND	
CFS282 Mainstreaming The Young Child with A Disability (1)

## General Business

**Associate in Applied Science - AAS 3148**  
61-66 credits

**Field of Interest: Business, Entrepreneurialism, and Management**

**For Information:** Scott Stroher  
Phone: 623.845.3453  
<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in General Business program is designed to meet the needs of students who wish a broad overview of business and desire not to enroll in a specialized curriculum in business. The program is designed to acquaint students with major subject areas of

business, to improve the student's business vocabulary, and to provide students with an understanding of influencing factors in business decision making and activities. In addition, this program may aid a student in recognizing a specific business field to be pursued in future studies. A Certificate of Completion (CCL) in General Business is available.

**Program Notes:** Students must earn a grade of C or better in all courses in the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (21 credits)</b>	<b>Credits</b>
ACC111 Accounting Principles I .....	3
CIS105 Survey of Computer Information Systems .....	3
GBS120 Workplace Communication Skills (3) OR	
+ GBS233 Business Communication (3) .....	3
GBS151 Introduction to Business .....	3
GBS205 Legal, Ethical and Regulatory Issues in Business .....	3
MGT175 Business Organization and Management (3) OR	
MGT251 Human Relations in Business (3) .....	3
MKT271 Principles of Marketing .....	3

### Restricted Electives: (18 credits)

Students should select 18 credits from the following courses. Any 100/200 level prefixed courses may be selected, except courses used to satisfy the Required Courses area.

<b>Restricted Electives: (18 credits)</b>	<b>Credits</b>
ACC+++ Any ACC Accounting course(s)	
CIS114DE Excel Spreadsheet .....	3
CIS117DM Microsoft Access: Database Management .....	3
CIS133DA Internet/Web Development Level I .....	3
EPS+++ Any EPS Entrepreneurial Studies course(s)	
GBS+++ Any GBS General Business course(s)	
IBS+++ Any IBS International Business course(s)	
MGT+++ Any MGT Management course(s)	
MKT+++ Any MKT Marketing course(s)	
REA+++ Any REA Real Estate course(s)	
SBS+++ Any SBS Small Business Management course(s)	

### General Education Requirements: (22-27 credits)

#### General Education Core: (12-17 credits) Credits

#### First-Year Composition: 6

+ ENG101 First-Year Composition (3) OR  
+ ENG107 First-Year Composition for ESL (3)

AND

+ ENG102 First-Year Composition (3) OR

IBS+++    Any IBS International Business course(s)	
REA+++    Any REA Real Estate course(s)	
SBS+++    Any SBS Small Business Management course(s)	

## Geology and Earth Science

### General Information

**Field of Interest: Science, Technology, Engineering, and Mathematics**

**For Information:** Gary Calderone

**Phone:** 623.845.3654

<https://www.gccaz.edu/physical-sciences>

**Student Goals:** Transfer, General Education

Geology is the scientific study of the Earth - its composition, structure, history, processes, and its interaction with biological systems and life forms, including humans. Geologists provide the fundamental information required by society to solve problems in resource development, land-use planning, water resource management, geologic hazards, and environmental policy. Furthermore, geologists perform the basic research necessary to understand such processes as global climate change, biological extinctions, earthquakes, and volcanic hazards. Finally, geologists are called upon to find new sources of useful earth materials to balance society's growing demand for energy and materials and the need to conserve resources for future generations.

Employment opportunities for geologists include the areas of water resource management, environmental consulting for civil engineering and private development enterprises, oil and mineral exploration and production, geologic hazard assessment, federal/state research, management, and environmental agencies, and teaching.

The recommendations below are designed as the first two years for students intending to pursue the bachelor's degree in geology, earth science, geophysics-geochemistry, or hydrology. Students should consult a Department Advisor for specific requirements of senior institutions.

### Geology Major Recommendations: Credits

The following courses are required by each of the State's Universities.

GLG101    Introduction to Geology I - Physical Lecture .....	3
GLG103    Introduction to Geology I - Physical Lab .....	1
GLG102    Introduction to Geology II - Historical Lecture .....	3
GLG104    Intro to Geology II - Historical Lab .....	1

### Other Recommendations for Geology Majors: Credits

+ CHM151    General Chemistry I .....	3
+ CHM151LL    General Chemistry I Laboratory .....	1
+ CHM152    General Chemistry II .....	3
+ CHM152LL    General Chemistry II Laboratory .....	1

+ MAT220    Calculus with Analytic Geometry I (5) OR	
+ MAT221    Calculus with Analytic Geometry I (4) .....	4-5

+ MAT230    Calculus with Analytic Geometry II (5) OR	
+ MAT231    Calculus with Analytic Geometry II (4) .....	4-5

+ PHY115    University Physics I .....	5
+ PHY116    University Physics II .....	5

### Other Recommendations for non-majors: Credits

Geology can also be used to satisfy both the Science and Global and Historical Awareness requirements of the AGEC-A and AGEC-B and the Optional Sciences requirement of AGEC-S. When taken in combination of lecture and lab together, Physical Geology (GLG101 and

GLG103) satisfies the [SQ] lab science requirement. Likewise, when taken in combination of lecture and lab together, Historical Geology (GLG102 and GLG104) and Geologic Disasters and the Environment (GLG110 and GLG111) will satisfy [SG] lab science requirements. Either GLG101 or GLG110 will also satisfy the Global Awareness [G] credit. GLG102 qualifies for Historical Awareness [H] credit.

GLG101	Introduction to Geology I - Physical Lecture .....	3
GLG103	Introduction to Geology I - Physical Lab .....	1
GLG102	Introduction to Geology II - Historical Lecture.....	3
GLG104	Introduction to Geology II - Historical Lab.....	1
GLG110	Geologic Disasters and the Environment .....	3
GLG111	Geological Disasters and the Environment Lab.....	1

## Healthcare Technology Systems

**Associate in Applied Science - AAS 3161**  
62-77 credits

**Field of Interest: Health Sciences**

**For Information:** John Gibson

**Phone:** 623.845.3419

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Healthcare Technology Systems degree is designed to develop the knowledge, technical skills and problem solving strategies needed by IT departments of healthcare organizations. Potential employers include hospitals, insurance companies, billing companies, medical practices, pharmacies, health solutions companies, and public agencies. Coursework and career development experiences include training in web development, programming, database management, Data Analytics, system development, project management, as well as Artificial Intelligence (AI), Machine Learning, and other emerging technologies to solve healthcare IT challenges in jobs such as an analyst, software developer, project manager, and informatics specialist. A standalone Certificate of Completion (CCL) is also available for students who already have a bachelor's degree or equivalent work experience as determined by the Program Director. Students can also pursue a bachelor's degree in technology or related fields.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

BPC110 or CIS105 are not applicable if taken more than five years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

Students are encouraged to speak with an Academic Advisor or Program Director before starting the program.

Students interested in pursuing the Business and Administration Interdisciplinary Studies - Technology Management 90-30, bachelor's program should consult with a Northern Arizona University transfer specialist at their campus.

This program also is offered at Paradise Valley Community College.

**Program Prerequisites:** None.

Required Courses: (40-49 credits)	Credits
BPC110 Computer Usage and Applications (3) OR	
CIS105 Survey of Computer Information Systems (3) OR	
Permission of Program Director .....	0-3

## Healthcare Technology Systems

**Certificate of Completion - CCL 5836**  
**37-46 credits**

**Field of Interest: Health Sciences**

**For Information:** John Gibson

**Phone:** 623.845.3419

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Healthcare Technology Systems degree is designed to develop the knowledge, technical skills and problem solving strategies needed by IT departments of healthcare organizations. Potential employers include hospitals, insurance companies, billing companies, medical practices, pharmacies, health solutions companies, and public agencies. Coursework and career development experiences include training in web development, programming, database management, Data Analytics, system development, project management, as well as Artificial Intelligence (AI), Machine Learning, and other emerging technologies to solve healthcare IT challenges in jobs such as an analyst, software developer, project manager, and informatics specialist. An Associate in Applied Science (AAS) in Healthcare Technology Systems is also available for students who do not have a bachelor's degree or equivalent work experience as determined by the Program Director.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

BPC110 or CIS105 are not applicable if taken more than five years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

Students who already possess a bachelor's degree, or higher from an accredited institution, are allowed to pursue the Certificate of Completion (CCL) in Healthcare Technology Systems rather than the Associate in Applied Science (AAS) in Healthcare Technology Systems option. Students who do not yet have a bachelor's degree but who have the relevant work or other educational experience may speak with the Program Director to see if an exception is possible.

Students are encouraged to speak with an Academic Advisor or Program Director before starting the program.

This program also is offered at Paradise Valley Community College.

**Program Prerequisites:** None.

Required Courses: (37-46 credits)	Credits
BPC110 Computer Usage and Applications (3) OR

## History

### General Information

**Field of Interest: Culture and Society**

**For Information:** Donna Allen

**Phone:** 623.845.4760

<https://www.gccaz.edu/social-sciences>

**Student Goals:** General Education, Career-related, Personal Interest

History concerns the political, economic, social, and cultural events and achievements of humanity. Historians analyze and evaluate this material in an attempt to understand the past and interpret the present.

History courses at Glendale Community College serve students who intend to major in history at a four-year institution, students who need these courses in preparation for other courses and to fulfill general education requirements at most universities, and students choosing them for personal interest. Students intending to pursue a baccalaureate degree in history should consult with a departmental advisor to plan their program.

Those with a baccalaureate in history will find the teaching field crowded. Careers with museums, historical societies, special

libraries, archives, government agencies, and communication media (consulting and research) should be explored. Because of its breadth as a part of the liberal arts curriculum, a baccalaureate in history provides excellent preparation for any occupation emphasizing communications skills and personal relations, e.g., journalism, civil service, law, foreign service, publishing, and public relations.

## Homeland Security

**Certificate of Completion - CCL 5322N**

**This program is not eligible for Title IV Federal Financial Aid 15 credits**

**Field of Interest: Behavioral Science and Human Services**

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Homeland Security program is designed to provide students with the knowledge and skills needed to conduct a homeland security evaluation and to assess, investigate and respond to terrorism incidents. It also provides criminal justice practitioners with an opportunity for academic growth and the development of specialized skills in homeland security.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program also is offered at Chandler-Gilbert, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (15 credits)**

	<b>Credits</b>
AJS/FSC139 Emergency Response to Terrorism .....	3
AJS/FSC147 Emergency Preparedness .....	3
AJS/FSC148 Fundamentals of Emergency Management .....	3
AJS/FSC149 Hazard Mitigation .....	3
AJS195 International and Domestic Terrorism .....	3

## Honors Program

**General Information**

**For Information:** Honors Office

**Phone:** 623.845.3650

<https://www.gccaz.edu/honors>

The Honors Program at Glendale Community College offers talented and motivated students opportunities for academic and personal growth through many special courses that emphasize critical thinking, verbal expression, and creative problem solving. Small classes, usually limited to 17 students, make it possible for excellent professors to give more individual attention to students.

Honors courses are offered in all Fields of Interest and most satisfy a general education requirement for graduation from GCC. Honors courses fit into a student's guided pathway, and most courses will transfer to four-year colleges and universities. Honors courses are

indicated as such on transcripts.

Students who complete a minimum of 15 honors credits (pass/fail credits excluded), complete required co-curricular activities, and whose cumulative grade-point average is 3.500 or higher will be designated as Honors Program Graduates.

Honors Program Graduates are awarded special recognition at commencement and on their transcripts and diploma. They are encouraged to apply for Honors Programs and scholarships at state universities and other institutions.

**Benefits of the Honors Program:**

- Provisional membership in Phi Theta Kappa, a national honors fraternity.
- Financial awards.
- Special recognition for honors achievements.
- Participation in cultural, social, and service activities.
- Honors Forums.
- Assistance with transfer to Arizona state universities.
- Eligibility to participate in regional, national, and international programs and conferences.

For further information, please visit <https://www.gccaz.edu/honors>, or contact the Honors Office at 623.845.3743.

**Presidents' Honors Scholarship**

Recent graduates of a secondary education program in Maricopa County (including NCA-accredited, charter, private, religious high schools, and homeschool) with a final, unweighted GPA of 3.25 or higher may apply for the Presidents' Honors Scholarship.

Qualified students must enroll during the academic year following high school graduation without having enrolled in any institution other than a Maricopa Community College. Students submitting the Presidents' Honors Scholarship application must be able to show legal presence in the United States and be eligible to receive public funds. In addition, students must also be a resident of Maricopa County while on scholarship.

Application materials and information on deadlines can be found at: <https://www.gccaz.edu/honors/apply>

If accepted, Presidents' Scholars must meet the following requirements as a condition of their scholarships:

- Attend all Honors Program orientations and meetings, including those conducted virtually via Canvas.
- Submit all required acknowledgements and renewal agreements.
- Enroll in and complete a minimum of 12 credits at the 100+ level (pass/fail credits excluded) each Fall and Spring semester.
- Enroll in and complete with a grade of "C" or higher at least 3 credits of Honors coursework/contract each semester.
- Maintain a cumulative Grade Point Average (GPA) of 3.250 or higher. (Cumulative GPA does include all Maricopa Community College credits.)
- Maintain continuous enrollment for the four semesters (summer session excluded).
- Complete two co-curricular activities each semester as defined by the Honors Program.

Students who do not meet the requirements for retention face the loss of their scholarships, which cannot be reinstated, and they may be billed for tuition and fees for the semester in which they are enrolled.

Honors Program students should not withdraw from courses or alter class schedules without first consulting the Honors Office.

All refund, drop-add, and withdrawal policies, dates, and deadlines apply to Honors Program students.

### Honors Achievement Award

Continuing and transfer students who have accumulated a minimum of 12 credits in courses numbered 100 and above (pass/fail credits excluded) and who have a cumulative MCCCDC GPA of 3.250 or higher may apply for the Honors Achievement Award.

Application materials and information on deadlines can be found at: <https://www.gccaz.edu/honors/apply>

An Honors Achievement Award is earned at the end of the semester when a student successfully meets all the requirements to receive an award:

- Apply for the award before the deadline.
- Attend all Honors Program orientations and meetings, including those conducted virtually via Canvas.
- Submit all required acknowledgements and renewal agreements.
- Enroll in and complete a minimum of six or more credits at the 100+ level (pass/fail credits excluded).
- Enroll in and complete with a grade of “C” or higher at least 3 credits of honors coursework/contract each semester.
- Complete one co-curricular activity as defined by the Honors Program.

Number of Credits	Amount of Fee Waiver
12 or more	\$500.00
9 - 11	\$325.00
6 - 8	\$244.00
Less than 6	not eligible for an award

Students will receive the Honors Achievement Award at the end of the semester. The amount of the award is determined by the number of credits completed. All refund, drop-add, and withdrawal policies, dates, and deadlines apply to Honors Program students.

### Clarion Award

Any current or future Maricopa Community College student with an interest in the Honors Program or taking honors courses may apply to receive the Clarion Award. Recipients of the Clarion Award are not eligible for any scholarship funds.

Recipients of the Clarion Award must meet the following requirements during each semester they receive the award:

- Attend all Honors Program orientations and meetings, including those conducted virtually via Canvas.
- Submit all required acknowledgements and renewal agreements.
- Complete six or more credits of 100+ level coursework (pass/fail credits excluded).
- Enroll in and complete with a grade of “C” or higher at least 3 credits of honors coursework/contract each semester.

- Complete at least one co-curricular event as defined by the Honors Program.

For more information about the Clarion award or to apply, contact the Honors Program at <https://www.gccaz.edu/honors>.

## Human Resources Management

**Certificate of Completion - CCL 5580**  
**24 credits**

**Field of Interest: Business, Entrepreneurialism, and Management**

**For Information:** Kendra Swensen

**Phone:** 623.845.3749

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Human Resources Management program is designed to provide skills necessary for careers in human resources management. The program is designed to provide students a series of courses with an emphasis in management and is designed to prepare students for an entry-level position in human resources. Graduates may be employed in employment (recruiting, interviewing, and hiring), benefits administration, compensation, and employee relations.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program also is offered at Chandler-Gilbert, Mesa, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses: (24 credits)	Credits
BPC110 Computer Usage and Applications (3) OR	
CIS105 Survey of Computer Information Systems (3) .....	3
GBS205 Legal, Ethical, and Regulatory Issues in Business .....	3
GBS131 Business Calculations (3) OR

## Information Security

**Associate in Applied Science - AAS 3039**  
**62-71 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Information Security degree is designed to provide students with

the knowledge and tools to understand how networks, operating systems and programs function. Emphasis is placed on developing the theoretical and practical skills needed to maintain security on mission-critical data and systems. The program is designed to meet the training needs of government and industry employees. The program covers a variety of information security disciplines which include both vendor-neutral and vendor-specific information technology (IT) security training. The Information Security program prepares students for internationally recognized IT certifications and high demands in business, industry and government.

**Program Notes:** Students must earn a grade of a C or better for all courses required within the program.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

**Program Prerequisites:** None.

**Required Courses: (28 credits)** **Credits**  
Certificate of Completion (CCL) in Information Security Technology (5347)..... 28

**Restricted Electives: (12-16 credits)** **Credits**

Students should select at least four courses from the list below. A minimum of six credits must be ITS prefixed course.

+ CIS1++++	Any CIS programming Level I course .....	3
+ CIS271DL	Linux Security .....	3
+ CNT150AB	Switching, Routing, and Wireless Essentials .....	4
+ CNT160AB	Enterprise Networking, Security, and Automation.....	4
+ CNT205	Cisco Certified Network Associate Security.....	4

ITS+++++	Any ITS Information Technology Security course except courses used to satisfy Required Courses area. ....	6-16
----------	---	------

**General Education Requirements: (22-27 credits)**

**General Education Core: (12-17 credits)** **Credits**

**First-Year Composition:** **6**

## Information Technology

**Associate in Applied Science - AAS 3196**

**60-65 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Bill Stewart

**Phone:** 623.845.3250

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Information Technology (IT) program is designed to provide students with skills to meet information technology needs across industries. This program includes instruction in the principles of computer hardware components and business software,

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

programming, databases, networking, customer service, web development, and information systems and project management. Coursework helps prepare students for a variety of industry-recognized examinations and certifications. Students will earn one or more of the following Certificates of Completion (CCLs):

CCL/5154	Cybersecurity Fundamentals
CCL/5083	Database Development
CCL/5043	Desktop Support
CCL/5793	Foundations of Mobile App Development
CCL/5132	Microsoft Office Professional
CCL/5031	Microsoft System Administration
CCL/5048	Programming and Systems Analysis Level I
CCL/5183N	Oracle Database Operations
CCL/5050N	Red Hat Linux Engineer
CCL/5984	Web Foundations

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

#### Required Courses: (32-38 credits)

##### Specialization 1: Cybersecurity Fundamentals - Credits: 32-38

##### Information Technology Core Credits: 24-25

+ BPC270	A+ Exam Prep: Operating System Configuration and Support (3) OR

**iOS App Development****Certificate of Completion - CCL 5914N**

**This program is not eligible for Title IV Federal Financial Aid 9-12 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Bill Stewart

**Phone:** 623.845.3250

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in iOS App Development prepares students for positions in app development for the Apple iPad, iPhone, and Apple Watch series. The program emphasizes knowledge and skills required to design, develop, test, and document structured and object-oriented programs utilizing Swift and Xcode. Courses in this certificate can apply toward the Associate in Applied Science (AAS) in Mobile App Development and CCLs in Native App Development and Mobile App Development.

**Program Notes:** Students must earn a grade of C or better for all

courses required within the program.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

## Journalism, Mass Communications and New Media Studies

### General Information

**Field of Interest:** **Culture and Society**

**For Information:** Jenna Duncan

**Phone:** 623.845.3914

<https://www.gccaz.edu/english>

**Student Goals:** Career-related, Transfer

Journalism training is based on a broad liberal arts program because the journalist must be well-rounded. In addition, the ability to put that knowledge into words is essential. Despite the tremendous technological growth now affecting news dissemination, no electronic shortcuts will replace the journalist of tomorrow. Reporters and editors will always be needed to witness events, gather facts, make news judgments, and deliver the news. Recent employment studies show that journalism and communication graduates found jobs in daily newspapers, weekly newspapers, public relations, advertising, wire services, magazines, and news broadcasting. A sizable number of graduates found non-media jobs including sales, management, and clerical positions.

It is important for students planning a journalism career to consult with a Journalism Advisor as soon as possible so that a sequence of journalism experiences can be planned for the maximum benefit of the student.

**Transferability:** Journalism and Mass Communications courses vary as to acceptance at four-year institutions. Students should consult with a departmental advisor at both Glendale Community College and the four-year school to which they plan to transfer. Due to limited course offerings, degree-seeking students may find it necessary to extend completion time lines and attend both day and evening classes.

**Program Description:** The following recommendations will satisfy the general education requirements of most four-year colleges and universities. Students should indicate to their Advisor the college to which they intend to transfer, since specific requirements in science, foreign language, etc., differ with each institution. Most schools, however, desire a broad background in English and the social

sciences.

<b>Departmental Recommendations:</b>		<b>Credits</b>
JRN133	Development of Small Publications .....	3
+ JRN201	News Writing .....	3
+ JRN215	News Production .....	3

## Journalism and New Media Studies

**Associate in Applied Science - AAS 3120**  
**62-68 credits (60-64 credits)<sup>1</sup>**

**Field of Interest: Culture and Society**

**For Information:** Jenna Duncan

**Phone:** 623.845.3914

<https://www.gccaz.edu/english>

**Program Description:** The Associate in Applied Science (AAS) in Journalism and New Media Studies program is designed to provide students with general, practical and marketable skills that will enable them to seek entry-level employment in various media outlets, including: newspapers, magazines, community journals, online websites, radio and television. The program includes development of a portfolio that will exhibit students' abilities to write both news and feature stories. News judgment is also integrated as a critical component of the program. An awareness of global and cultural differences also forms a key element of this degree for the successful graduate. The curriculum combines coursework in journalism with a General Education component.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

There are additional university transfer options within this pathway. Students should speak with the Program Director or an Academic Advisor to identify the best option to meet their academic and career goals.

This program also is available at Mesa Community College.

**Program Prerequisites:** None.

<b>Required Courses: ((36<sup>1</sup>) 40 credits):</b>	<b>Credits</b>	
BPC110	Computer Usage and Applications (3) <u>OR</u>

**For Information:** Genea Stephens

**Phone:** 623.845.3951

<https://www.gccaz.edu/public-safety-sciences>

The Glendale Community College Law Enforcement Training Academy is fully certified by the Arizona Peace Officer Standards Training Board (AZPOST), which is the peace officer certification agency in the state. The academy spans two semesters with the first certifying the successful participants as limited-authority peace officers with full peace officer duties when in the presence of a full-authority peace officer. The second semester completes their basic training and they become fully certified. Because the training is conducted over two semesters, most participants are appointed to a reserve officer position with their agency.

Persons interested in attending the academy may be sent by a law enforcement agency or apply for college appointment. For agency sponsorship, they contact an agency they are interested in becoming a reserve officer with and participate in their testing process.

If they are successful, the agency authorizes the academy to accept them. The testing normally consists of a written exam, oral board evaluation, polygraph test, psychological evaluation, background investigation, medical exam, and fitness test. For college appointment details, please refer to <https://www.gccaz.edu/public-safety-sciences/leo>.

The program is a challenging and very demanding curriculum, requiring physical and intellectual stamina. However, the certification attained allows successful participants to enter an exciting and rewarding career.

Arizona Revised Statutes allow academies to appoint cadets to complete peace officer training. Upon successful completion of the academy, these cadets will have 12 months to seek employment with a law enforcement agency. If appointed to a position with an agency, they will be eligible for AZPOST Peace Officer Certification.

Those interested in attending the academy while being affiliated with an agency will need to contact the human resource or personnel departments at a law enforcement agency and inquire about their application process.

College appointed cadets will be responsible for all costs pertaining to the qualification process and their training. For further information regarding the open enrollment program, refer to <https://www.gccaz.edu/public-safety-sciences/leo>.

**Program Description:** The Certificate of Completion (CCL) in Law Enforcement Training Academy is designed for students wishing to pursue a career as a law enforcement officer. The student will develop skills in eight functional areas: Introduction to Law Enforcement, Law and Legal Matters, Patrol Procedures, Traffic Control, Crime Scene Management, Community and Police Relations, Report Writing, and Police Proficiency Skills. At the conclusion of this program the student will have completed all requirements of the Arizona Peace Officer Standards and Training (AZPOST) Board standards established to certify police officers in the State of Arizona.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

AZPOST regulations require AZPOST recognized instructors teach all coursework within this certificate and that this coursework follow lesson plans approved by AZPOST. Any AJS coursework that has already been completed, and was not taught by an AZPOST recognized instructor, will not satisfy the requirements of this certificate.

This Certificate of Completion (CCL) is offered as an educational partnership at Rio Salado College. Students are advised to meet with the program director, chair and/or Faculty Advisor. This Certificate of Completion is offered as a closed academy program at Chandler Gilbert Community College and Glendale Community College. Students at these colleges are advised to meet with the program director, chair and/or Faculty Advisor.

This program also is offered at Chandler-Gilbert and Rio Salado Community College.

**Admission Criteria:** Must meet AzPOST minimum requirements for a law enforcement officer and meet any physical requirements by the Academy Director.

**Program Prerequisites:** None.

## Leadership in Public Safety Organizations

**Certificate of Completion - CCL 5211N**

**This program is not eligible for Title IV Federal Financial Aid  
6 credits**

**Field of Interest:** Behavioral Science and Human Services

**Administration of Justice Studies Information:** Paul Brown

**Phone:** 623.845.3913

[www.gccaz.edu/public-safety-science](http://www.gccaz.edu/public-safety-science)

**Fire Science Information:** Raul Muniz

**Phone:** 623.845.4776

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Leadership in Public Safety Organizations program builds the industry knowledge and skills for individuals to transition to leadership positions in the field of public safety. This CCL will introduce students to the fundamental concepts and skills of professionalism, organizational culture and management, characteristics of effective teams, conflict resolution, motivation, systems-thinking, problem-solving, and leadership as applicable to public safety organizations. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of front-line leadership positions within the fields of public safety including law enforcement, fire service, and public safety support operations such as communication operators and property and records management.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at Chandler-Gilbert, Mesa, and Phoenix Community Colleges.

**Admission Criteria:** This is a closed program for Public Safety professionals. Please see the Program Advisor for admission requirements.

**Program Prerequisites:** None.

Required Courses: (6 credits)	Credits
LET173 Introduction to Leadership in Public Safety .....	2
+ LET174 Organizational Culture and Leadership .....	3
+ LET175 Public Safety Leadership Capstone .....	1

## Legal Studies

**Certificate of Completion - CCL 5966N**

**This program is not eligible for Title IV Federal Financial Aid  
15 credits**

**Field of Interest:** Behavioral Science and Human Services

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Legal Studies is designed for students who are interested in pursuing a course of study specifically focused on legal studies. It is one pathway to the Associate in Applied Science (AAS) in

Administration of Justice.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and South Mountain Community Colleges.

**Program Prerequisites:** None.

## Linux Associate

**Certificate of Completion - CCL 5046N**

**This program is not eligible for Title IV Federal Financial Aid 6-9 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Linux Associate program is designed to help prepare students for employment or to improve current professional skills. The program includes Linux operating system basics and management including sophisticated manipulation of file structures, backup systems, printing processes, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, kernel customization, and system resource control. This program helps prepare students for the Linux Professional Institute Certification (LPIC-1) and CompTIA Linux + certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional CCLs in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (6-9 credits)</b>		<b>Credits</b>
CIS105	Survey of Computer Information Systems (3) OR Permission of Program Director (0) .....	0-3
CIS126DL	Linux Operating System .....	3
+ CIS238DL	Linux System Administration .....	3

## Linux System Administration

**Certificate of Completion - CCL 5052N**

**This program is not eligible for Title IV Federal Financial Aid 15-18 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Martin Bencic

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Linux System Administration program is designed to help prepare students for a variety of industry-recognized Linux certification exams as well as provide practical hands-on skills for the workplace. The program includes a core of Linux classes including Linux operating system basics, system administration, network administration and network security. The courses in the program will help develop a student's knowledge and skill level in preparation for employment or to improve current professional skills. Students who complete this program may seek employment in a variety of environments. The program helps prepare students for the Red Hat Certified System Administrator (RHCSA), Red Hat Certified Engineer (RHCE), and CompTIA Linux+ certification exams. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

**Mathematics****General Information**

**Field of Interest: Science, Technology, Engineering, and Mathematics**

**For Information:** Dr. Chris Miller

**Phone:** 623.845.3841

<https://www.gccaz.edu/math>

**Student Goals:** Career-related, General Education, Transfer.

Mathematics courses serve students who intend to major in mathematics at a four-year institution, students who need these courses in preparation for other careers, and students choosing them for personal interest. Students intending to pursue a baccalaureate degree in mathematics should consult with a departmental advisor to plan their program.

Mathematicians engage in a wide variety of activities ranging from the creating and relating of new theories to solving of simple or complex numerical problems. Some graduates engage in mathematics for money, some for humanitarian purposes, and some simply because they find it beautiful.

At a time when most job markets are tight, mathematicians can limit their career opportunities by failing to explore available options. Teaching and research are but two of a long list of possibilities. Related careers are applied mathematics, computer research and programming, biomedical engineering, accounting, pure mathematics, systems analysis, economics, physical and life science, statistics and actuarial professions.

Students should consult with a Science, Technology, Engineering, and Mathematics (STEM) Advisor in planning their academic schedule in order to complete degree requirements in an expedient manner. Due to limited course offerings, degree seeking students may find it necessary to extend completion timelines and attend both day and evening classes.

An Associate in Science Degree, Emphasis in Mathematics also is available.

**Microsoft Certification Preparation****General Information**

**Field of Interest: Computer and Information Technology**

**For Information:** Kenneth Lein

**Phone:** 623.845.3232

<https://www.gccaz.edu/business>

Glendale Community College, Microsoft Authorized Academic Training Program provider, prepares students for industry-recognized certification.

**Microsoft Desktop Associate****Certificate of Completion - CCL 5030N**

**This program is not eligible for Title IV Federal Financial Aid 3 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Kenneth Lein

**Phone:** 623.845.3232

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Microsoft Desktop Associate program is designed to provide students with background knowledge and skills required for learning the specific tasks and industry recognized standards associated with how to effectively install and configure Windows operating systems. The course includes basic features of the Windows operating system, virtualization improvements, network connectivity, access to resources, monitor and maintain Windows clients and backup and recovery. It is designed to prepare students for the Microsoft 365 Certified: Modern Desktop Administrator Associate certification exam. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional CCLs in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification exams. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Students are encouraged, but not required, to complete CIS105, or CIS190, or CNT140AB prior to beginning this CCL. Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, Gateway, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (3 credits)</b>	<b>Credits</b>
MST150WT Installing and Configuring Microsoft Windows 10 .....	3

## Microsoft Office Professional

**Certificate of Completion - CCL 5132**

**16-22 credits**

**Field of Interest:** Computer and Information Technology

**For Information:** Beth Berry

**Phone:** 623.845.3391

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Microsoft Office Professional emphasizes training on word processing, spreadsheet, database, and presentation software for business purposes. This certificate provides students with the knowledge and skills requisite of various business settings. This certificate helps with initial preparation for the Microsoft examinations for certification as a Microsoft Office Specialist (MOS). This certificate embeds into the Associate in Applied Science (AAS) degree in Information Technology and CCL in Microsoft Office Specialist.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

## Microsoft Office Specialist

**Certificate of Completion - CCL 5137**

**25-31 credits**

**Field of Interest:** Computer and Information Technology

**For Information:** Beth Berry

**Phone:** 623.845.3391

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Microsoft Office Specialist emphasizes advanced training on word processing, spreadsheet, and database software for business purposes. This certificate builds upon the knowledge and skills gained by the CCL in Microsoft Office Professional for use in various business settings. This certificate helps prepare students for the Microsoft Office Specialist (MOS) certification examinations. This certificate embeds into the Associate in Applied Science (AAS) degree in Information Technology.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (25-31 credits)</b>	<b>Credits</b>
The following courses are required and included in Microsoft Office Professional CCL:	
BPC/OAS111AA Computer Keyboarding I (1) OR	
Permission of Program Director (0) .....	0-1

CIS105	Survey of Computer Information Systems (3) OR Permission of Program Director (0) .....	0-3

CIS124BA	Project Management Software: Level II (1) OR	
CIS224	Project Management Microsoft Project for Windows (3) .....	2-3

The following courses are required in Microsoft Office Specialist CCL:

CIS213DE	Advanced Microsoft Word: Word Processing .....	3
CIS214DE	Advanced Excel Spreadsheet: Level II .....	3
CIS217AM	Advanced Microsoft Access: Database Management .....	3

GateWay, Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students who pursue this CCL should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

**Program Prerequisites:** None.

**Required Courses: (18-21 credits)**

## Microsoft System Administration

**Certificate of Completion - CCL 5031**  
**18-21 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Dr. Ken Lein

**Phone:** 623.845.3232

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Microsoft System Administration program is designed to provide students with background knowledge and skills required for learning the specific tasks and industry recognized standards associated with computer networks and data communications. The program includes a core of Microsoft courses to develop professionals who implement, manage, and troubleshoot existing network and system environments based on current Microsoft operating systems including active directory, messaging services, file and print servers, and firewalls. The courses in the program are also designed to help prepare students for the Microsoft 365 Certified: Modern Desktop Administrator Associate and Microsoft Certified Solutions Associate (MCSA) - Windows Server 2016 certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional CCLs in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain,

## Military Science

**General Information**

**Field of Interest: Culture and Society**

**For Information:** Arizona State University ROTC Program

**Phone:** 480.965.3318

<https://militaryscience.asu.edu/>

Reserve Officer Training Corps (ROTC) offers, degree seeking individuals, a unique opportunity to develop leadership and management skills by providing motivation, generating confidence, establishing guidelines, and practical application in those things that "make a leader." At Glendale Community College, these basic courses are unique for ROTC in that they:

- Do not have any military obligation.
- Teach valuable skills regardless of the student's future plans.
- Can normally be used toward general education requirements at Arizona State University.
- Have no uniform or haircut requirements.

Equivalence for some or all of these courses may be granted to veterans, Junior Reserve Officer Training Corps (JROTC) graduates, national guard or reserve members, or students who attend ROTC summer programs.

### RESERVE OFFICER TRAINING CORPS

Arizona State University, Northern Arizona University, and the University of Arizona each offer a two-year and four-year program leading to a commission in both the United States Air Force and the United States Army. The Departments of Military Science and Aerospace Studies will accept, with junior standing, a transfer student from the Maricopa County Community College District who has completed the eight semester hour curriculum of either

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

the Department of Military Science or Aerospace Studies for the four-year program. In addition, the Department of Aerospace Studies will accept applicants for the Professional Officer Course (two year program) providing students attend a six-week Field Training Course at an air force base, take the air force qualifying test, and are medically qualified.

## Music

### General Information

**Field of Interest:** Visual and Performing Arts

**For Information:** Donald Smith

**Phone:** 623.845.3070

<https://www.gccaz.edu/performing-arts>

Musicians pursue careers as performers, teachers, composers, arrangers, music theorists, music historians, music therapists, music producers, audio engineers, sound designers, and in music-related business and professional work.

**Program Description:** This program provides the first two years of music required for a bachelor's degree in Music Education, Theory, Composition, Music Therapy, Jazz Performance, Popular Music Performance and Classical Performance. Associate in Arts, Fine Arts (AAFA) degrees with Emphases in Music and Musical Theatre are available.

Associate in Applied Science (AAS) degrees and Certificates of Completion (CCLs) are available in Music Business and Audio Production Technologies with tracks in Audio Engineering and Sound Design.

Every music major pursuing the AAFA, Emphasis in Music degree is required to participate in a large performance ensemble each semester. Qualifying large ensembles include concert choir, band, orchestra, and guitar. There are many other performance opportunities available, including jazz ensembles, percussion ensembles, chamber singers, jazz choir, musical theatre, and many various chamber ensembles such as flute, clarinet, bass clarinet, brass quintet, woodwind quintet, saxophone, trumpet, tuba/euphonium and brass.

Most courses in the music program are open to all students. There are some courses which have prerequisites and those are found in the course descriptions. Students who have not had sufficient training in the fundamentals of music are advised to take MTC101 Introduction to Music Theory and MTC103 Introduction to Aural Perception before taking MTC105 Music Theory I and MTC106 Aural Perception I.

The Performing Arts Department offers class instruction in piano, voice, and guitar. In addition, the department provides private instruction in the areas of piano, guitar, voice, flute, clarinet, oboe, bassoon, saxophone, horn, trumpet, trombone, euphonium, tuba, percussion, drum set, harp, violin, viola, cello, string bass and electric bass. There is a course fee for private instruction that is partially waived for music majors taking a minimum amount of credits. If a student is not ready for "first-year level" in applied music on the major instrument, the first semester of the private instruction sequence will be repeated as many times as necessary. That student will receive a grade of P (credit) or Z (no credit). Upon reaching freshman level, the student will receive traditional

grades.

Students who major in music at Glendale Community College (GCC) should follow the curricula as outlined. Various universities and colleges; however, demand specific subjects for degree requirements. Students planning to transfer or continue their work at other institutions should consult their GCC Music Advisor and the catalogs of the universities that they plan to attend.

**Availability:** Complete day programs. Partial evening programs. Due to limited course offerings, students should consult with a Department Advisor in planning their academic schedule in order to complete degree requirements in an expedient manner. See AAFA, Emphasis in Music; AAFA, Emphasis in Musical Theatre; AAS/CCL in Audio Production; AAS/CCL in Music Business for specific course requirements.

## Music Business I

**Certificate of Completion - CCL 5106**

**16 credits**

**Field of Interest:** Visual and Performing Arts

**For Information:** Dave Schmidt

**Phone:** 623.845.3725

<https://www.gccaz.edu/performing-arts>

**Program Description:** The Certificate of Completion (CCL) in Music Business I is designed to provide aspiring music industry professionals with a broad background in music management, production, and entrepreneurship activities. The program combines foundational and applied learning experiences to help students gain a strategic understanding of commercial music as both an art and profession. There is a CCL in Music Business II available as well as an Associate in Applied Science (AAS) in Music Industries: Music Business.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Program Description:** The Associate in Applied Science (AAS) in Network and Systems Administration program provides students with a solid, hands-on skill set of computer, networking, and inter-networking systems technology principles and desktop support. Students gain an understanding of the interaction between micro-computer software and hardware, network and internetworking operating systems software and hardware, local area network administration and management, the use of troubleshooting techniques, troubleshooting hardware and software tools, as well as interpersonal/customer service skills. Students have the opportunity to specialize in specific information technology areas based on their interests and professional goals and leading to industry recognized certifications through an embedded Certificate of Completion (CCL) including, but not limited to, Desktop (Desktop Support, Computer System Configuration and Support, Computer System Configuration and Support, Network, Computer System Configuration and Support, Security, Computer System Configuration and Support, Linux), Cisco (Cisco Network CCNA, Cisco Network CCNP, Cisco Network CCNA Security), Linux (Red Hat Linux Engineer, Linux Associate, Red Hat Linux Administrator, Linux System Administration), Microsoft (Microsoft System Administration, Microsoft Desktop Associate), and VMware (VMware Network Administrator, VMware Foundations, VMware System Administrator). Graduates may pursue employment in a variety of information technology environments and/or transfer to a university.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward

this award. Students may receive credit for courses within the program based on current industry certifications.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This degree also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Networking: Cisco Systems****General Information****Field of Interest: Computer and Information Technology****For Information:** Andrea Schauer**Phone:** 623.845.3502<https://www.gccaz.edu/consumer-sciences>

Cisco Systems is recognized as a worldwide leader, manufacturer and innovator of networking Internet hardware, software, and high-tech services. Glendale Community College is a Cisco Networking Academy and prepares students for industry-recognized certifications and rewarding careers in Information Technology. The knowledge and skills taught in Cisco courses is the foundation for several information technology careers including network administration, network engineering, network and computer systems administration, network technician, network security, cybersecurity, network virtualization, cloud computing, telecommunications, and more.

The Cisco program is taught by certified Cisco Academy instructors, provides training for those interested in working in the IT industry, and helps to prepare students for industry recognized certification: Cisco Certified Network Associate (CCNA), CCNA Security, CCNA CyberOps, Cisco Certified Network Professional (CCNP). Students are provided hands-on experience and develop skills to install, configure, and maintain routers and switches; configure routing protocols and Local Area Networks (LAN); troubleshoot hardware and software configurations; and perform administrative tasks in a network.

**Degrees & Certificates**

- 3189 AAS Network and Systems Administration - 60-65 credits
- 5969N CCL Cisco Network Administration: CCNA - 12-15 credits
- 5036 CCL Cisco Network Administration and Security - 16-19 credits
- 5037 CCL Cisco Network Administration: CCNP - 20-23 credits
- 5044N CCL Computer System Configuration and Support, Network - 9-13 credits
- 5038N CCL Computer System Configuration and Support - 6-9 credits
- 5141N CCL Amazon Web Services Practitioner - 2 credits

**Courses**

- CNT140AB Introduction to Networks (4)

**Non-Sworn Fire Service Professional****Certificate of Completion - CCL 5486****18 credits****Field of Interest: Behavioral Science and Human Services****For Information:** Raul Muniz**Phone:** 623.845.4776<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Non-Sworn Fire Service Professional program is designed for students who need basic preparation courses to pursue a non-sworn career as a fire service professional and/or more comprehensive information about life safety, fire hazards, and prevention. A unique feature of the program is that the instructors are professional fire service personnel including firefighters.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Program Prerequisites:** None.

<b>Required Courses: (18 credits)</b>	<b>Credits</b>
FSC105 Hazardous Materials Awareness and Operations.....	3
FSC106 Introduction to Fire Protection .....	3
FSC108 Fundamentals of Fire Prevention .....	3
FSC113 Introduction to Fire Suppression .....	3

FSC215 Customer Service in the Public Sector .....	3

**Nurse Assisting****Certificate of Completion - CCL 5963N****This program is not eligible for Title IV Federal Financial Aid 2-4.5 credits****Field of Interest: Health Sciences****For Information:** Grace Paul**Phone:** 623.845.3626<https://www.gccaz.edu/nursing>

**Program Description:** The Certificate of Completion (CCL) in Nurse Assisting prepares students for employment as a nurse assistant. The program combines classroom instruction with clinical laboratory practice and long-term care and/or acute care experiences. Students who complete the program are eligible to take a written and practical certification examination if desired to meet employment requirements to be a nurse assistant. Certification/licensing requirements are the exclusive responsibility of the Arizona State Board of Nursing.

The MCCCDC Nurse Assisting program is approved by the Arizona State Board of Nursing.

**Waiver of Licensure/Certification Guarantee:**

Admission or completion from the MCCCDC Nurse Assisting program does not guarantee obtaining a license or certificate to practice as a nurse assistant. Licensure and certification requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students

must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college of school requirements for graduation.

Pursuant to A.R.S. § 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

All nurse assistant applicants for certification will be fingerprinted to permit the Department of Public Safety to obtain state and federal criminal history information. All applicants with a positive history are investigated. If there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602-899-5150).

**Health Declaration:**

It is essential that students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients' lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application.

Health and Safety Requirements for MCCCDC Nurse Assisting Program:

1. Students must meet and maintain health and safety requirements throughout the program.
2. Admission to a Maricopa County Community College District health program requires that students be in compliance with the MCCCDC Supplemental Background Check Policy. Evidence of a current Arizona Department of Public Safety Level One Fingerprint Clearance Card is required for program application.
3. Negative urine drug screen.

**Grade Requirements:**

Student must obtain a C grade or better in all courses.

**University Transfer Students:**

For students planning a university program:

Students who are planning to earn the Bachelor of Science in Nursing may obtain their prerequisite courses at Maricopa Community Colleges. For information on courses that meet requirements for admission into a baccalaureate program, please contact a program advisor.

**THE NURSE ASSISTING PATHWAY**

The nurse assisting pathway is designed to prepare students to complete the Nurse Assistant certification/licensure through the Arizona State Board of Nursing to practice in a health care agency as a nurse assistant. Completion of the Nurse Assistant program of study provides job ready skills as a nurse assistant.

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered at Estrella Mountain, GateWay, Mesa, and Paradise Valley Community Colleges.

**Admission Criteria:** Application and acceptance into the program, high school graduate or GED, and meet current health and safety course requirements.

**Program Prerequisites:** None.

**Required Courses: (2-4.5 credits)**

## Nursing

### General Information

**Field of Interest: Health Sciences**

**For Information:** Nursing Department

**Phone:** 623.845.3200

<https://www.gccaz.edu/nursing>

### MARICOPA COMMUNITY COLLEGES ALLIED HEALTH OR NURSING PROGRAM

In collaboration and partnership with the health care community and its response to the dynamic changes occurring in the health care arena and health care professions' practice, the Maricopa Community Colleges integrated the curriculum of all allied health and nursing programs. All allied health or nursing program pathways and educational offerings emphasize the achievement of relevant competencies and provide value to the individual, the employer, and the community. As a result, graduates of the various allied health or nursing program pathways will meet the community's demand for a flexible, multi-skilled health care workforce that meets employer and consumer needs. Refer to individual college catalogs for specific health care program pathways. For further information, <https://www.maricopa.edu/academics/healthcare> is a comprehensive information source.

#### Allied Health or Nursing Assumption of Risk/Release of Liability

Most of the allied health or nursing program pathways include a program of study in a clinical training environment that may contain exposures to risks inherent in patient-oriented educational experiences (such as but not limited to bodily injury or communicable and infectious diseases). Students enrolling in clinical educational courses will be asked to sign a statement assuming all risks inherent in their coursework.

#### Use of Confidential Information

Students enrolled in allied health or nursing program pathways will have learning experiences in a health care setting where they will have access to confidential information. Prior to beginning any clinical studies, the students will be asked to sign an agreement to adhere to the requirements of those clinical sites and applicable law, including the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

#### MCCCD Required Background Checks

Students enrolled in an MCCCD allied health or nursing program are required to complete and pass clinical learning experiences, working with children, elderly persons, and other vulnerable populations. MCCCD's major clinical agency partners now mandate that any college students assigned to them for clinical experiences submit to a comprehensive background clearance prior to entering such learning experiences. Because the clinical experience portion of the programs is critical to completing a program of study, MCCCD has instituted two specific background check requirements in order for a student to enroll in a program. First, the student must obtain, at his or her own cost, a Level I Fingerprint Clearance Card from the Arizona Department of Public Safety. Precluding offenses for a Level I card can be found in Arizona Revised Statute § 41-1758.07 (<https://www.azleg.gov/viewdocument/?docName=https://www.azleg.gov/ars/41/01758-07.htm>). Additionally, students must also obtain a "pass" status on a MCCCD supplemental background check from MCCCD's authorized background check contractor. The student must also pay for this background check. The supplemental check will be based on the most stringent standards of MCCCD's clinical experience partners.

The sole program for which the background check requirements are different is the Emergency Medical Technician program. For that program, students must have obtained a Level 1 Fingerprint Clearance Card from the Arizona Department of Public Safety. They are also required, at the time of their clinical assignments, to submit to, pay for and pass any additional background check requirements of the clinical agencies to which their EMT program places students.

Certain licensing boards may require a separate background check or clearance card upon application for licensure or certification.

The MCCCD supplemental background check review may include searches of the following databases and information but MCCCD reserves the right to change the search criteria and the program background check requirements at any time without notice:

1. National Federal Health Care and Abuse Databases
2. Social Security Verification
3. Residency History
4. Arizona Statewide Criminal Records
5. Nationwide Criminal Databases
6. Nationwide Sexual Offender Registry
7. Homeland Security Search

Examples of background information that will result in a "fail" status on the supplemental background check include:

1. Social Security number does not belong to the applicant.
2. Any inclusion on any registered sex offender database.
3. Any inclusion on any of the Federal exclusion lists or Homeland Security watch lists.
4. Any conviction of a felony no matter what age of the convictions.
5. Any warrant any state.
6. Any misdemeanor conviction for the following no matter how long ago:
  - A. Violent crimes
  - B. Sex crime of any kind including non consensual sexual

- crimes and sexual assault
  - C. Murder, attempted murder
  - D. Abduction
  - E. Assault
  - F. Robbery
  - G. Arson
  - H. Extortion
  - I. Burglary
  - J. Pandering
  - K. Any crime against minors, children, vulnerable adults including abuse, neglect, exploitation
  - L. Any abuse or neglect
  - M. Any fraud
  - N. Illegal drugs
  - O. Aggravated DUI
7. Any misdemeanor controlled substance conviction in last seven years.
8. Any other misdemeanor conviction within last three years [EXCEPTIONS: Any misdemeanor traffic (DUI is NOT considered traffic)].

The information that MCCCDCD uses for the “pass/fail” background check is subject to change at any time without notice.

MCCCDCD recommends that students carry proof of the background clearance at all times during any clinical agency learning experience.

#### **Duty to Report Changes; Removal**

Students have an obligation to immediately report to the Director of their program any change in the information that they supplied on forms submitted to initiate background checks relating to the allied health or nursing program. That includes information provided to the Arizona Department of Public Safety and MCCCDCD’s supplemental background check vendor, as well as that related to the background check required by a clinical agency. Failure to do so will result in removal from the program. Additionally, any change in background check status that would affect the student’s clearance under either MCCCDCD’s or a clinical agency’s standards will result in removal from a program.

#### **Additional Clinical Agency Background Check**

Some clinical agencies require that students assigned to their sites submit to a criminal background check covering other offenses, as well as to a drug screening. Students are required to pay for the additional agency clinical background check. A clinical agency that requires this additional background check may refuse to place a student due to information the clinical agency obtains in its background check even though that student possess a valid Level I Fingerprint Clearance Card and has obtained a “pass” status on the MCCCDCD supplemental background check.

Some conditions that have resulted in students being denied placement at clinical agencies include pending criminal charges, outstanding warrants, unfinished terms of a sentence (such as unpaid fines), pattern of repeated types of arrests/convictions, and failure to disclose all past arrests/convictions when asked to do so on any background check application.

#### **Inability to Place**

MCCCDCD has no obligation to make repeated attempts to place a student when the reason for MCCCDCD’s inability to place the student

is due to background check issues. Since clinical agency assignments are mandatory requirements for completion of a program, a student’s inability to complete required clinical experience due to his or her background check issues will result in removal from the program.

#### **Changes to Admission or Background Check Requirements**

MCCCDCD may change its program admission requirements or background check requirements without notice at any time.

#### **No Guarantee of Receipt of Licensure/Certificate**

Many of the nursing and allied health programs prepare graduates for application for State or National certificates or licenses. In some professions, such licensure and certification is required prior to employment or practice in the profession. Graduation from a nursing and allied health program does not guarantee the receipt of a license or certificate to practice in the field of study.

#### **CONCURRENT ENROLLMENT PROGRAM (CEP)/ASSOCIATE/BACCALAUREATE DEGREE REGISTERED NURSE**

MaricopaNursing at Glendale Community College (GCC) offers concurrent enrollment program (CEP) associate/baccalaureate pathway options with partner universities, including Northern Arizona University (NAU), Arizona State University, Upper Iowa University (UIU), Grand Canyon University (GCU), and Ottawa University (OU).

These CEP programs are designed for qualified associate degree nursing students interested in earning a Bachelor of Science in Nursing (BSN) or Master of Science in Nursing (MSN) degree while pursuing the Associate in Applied Science (AAS) in Nursing degree. Students enrolled in the CEP follow a sequence of coursework that enables completion of the BSN degree concurrent with AAS graduation or within one semester following AAS graduation.

Students enrolled in the CEP follow the traditional course of study for all students pursuing the AAS degree in nursing, but at the same time they will be enrolled in partner university courses, which are almost exclusively online or offered as hybrid courses held in the Phoenix area. Upon completion of the MaricopaNursing AAS degree, graduates are eligible to take the National Council Licensure Examination (NCLEX-RN®).

For students who have a bachelor’s degree in another field, Glendale Community College offers the AAS-MSN Nursing Concurrent Program option with Grand Canyon University (GCU). This program enables eligible students to take six nursing core courses from the BSN program at GCU at a significantly reduced tuition concurrent with MaricopaNursing AAS courses. After completion of AAS and BSN courses and passing the NCLEX-RN®, students move into the MSN portion of the AAS-MSN Nursing Concurrent Program. For more information about CEP options, visit the MaricopaNursing website at [www.nursing.maricopa.edu](http://www.nursing.maricopa.edu).

CEP admission requirements, prerequisites, costs, and program options vary considerably and students are encouraged to review all available information to determine the best fit for their needs.

**Nursing<sup>2</sup>**

**Associate in Applied Science - AAS 3812**  
**62-75 credits**

**Field of Interest:** Health Sciences

**For Information:** Grace Paul

**Phone:** 623.845.3626

<https://www.gccaz.edu/nursing>

**Program Description:** The Associate in Applied Science (AAS) in Nursing Program is available at eight of the Maricopa Community Colleges. Clinical experiences are provided in a variety of healthcare settings. Nursing Program graduates are eligible to apply for the national exam for the registered nurse license. Licensing requirements are the exclusive responsibility of the State Board of Nursing.

The Associate in Applied Science (AAS) Nursing Program is approved by the Arizona State Board of Nursing and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3390 Peachtree Road NE, Suite 1400, Atlanta, GA 30326; (404.975.5000); email: [info@acennursing.org](mailto:info@acennursing.org).

Program offerings:

This program is offered at the following sites:

- Chandler-Gilbert Community College
- Estrella Mountain Community College
- GateWay Community College
- Glendale Community College
- Mesa Community College
- Paradise Valley Community College
- Phoenix College
- Scottsdale Community College

**Waiver of Licensure/Certification Guarantee:**

Admission or graduation from the Nursing Program does not guarantee obtaining a license to practice nursing. Licensure requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation.

Pursuant to A.R.S. 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

Level One Fingerprint Clearance is required for admission into the program. Applicants must present a Level One Fingerprint Clearance Card to be copied by the advisor or designee. For a Department of Public Safety Fingerprint Clearance Card application, contact MCCCDC Healthcare/Nursing Advisor. If there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602.771.7800).

**Health Declaration:**

It is essential that nursing students be able to perform a number

of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. Students who have a chronic illness or condition must be maintained on current treatment and be able to implement direct patient care. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients' lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application. All must provide documentation of compliance with all health and safety requirements required to protect patient safety. Only students in compliance are permitted to enroll in nursing courses. Students will meet these requirements by providing the required documentation for the Health/Safety Requirements Documentation Checklist and the signed Health Declaration Form.

**Health and Safety Requirements for the Maricopa Nursing Program:**

1. Students must submit a Health and Safety Documentation Checklist verifying completion of all requirements and maintain current status throughout the program.
2. Students must submit the Health Declaration Form signed by a licensed health care provider.
3. Students must test negative on a timed urine drug screen
4. Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Supplemental Background Check policy. Program applications will not be accepted without a copy of an Arizona Department of Public Safety Level One Fingerprint Clearance Card. Upon conditional program admission, the student must comply with all requirements of the current MCCCDC background check policy.

**University Transfer Students:**

Students who are planning to earn the Bachelor of Science in Nursing may obtain their prerequisite courses at the Maricopa Community Colleges. For information on courses that meet requirements for admission into a baccalaureate program, please contact a program advisor.

**REGISTERED NURSE PATHWAY**

**Associate in Applied Science Degree in Nursing Program**

The Associate in Applied Science (AAS) degree in Nursing graduate is eligible to apply for licensure as a Registered Nurse (RN). The RN is educated as a generalist who delivers health care to clients and family groups and has competencies related to the art and science of nursing. The RN may be employed in a variety of acute, long term, and community-based healthcare settings. The AAS degree in Nursing provides the graduate with an educational foundation for articulation into the university setting.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

**Course Fee Information:** Please see class schedule for information regarding course fees.

Maricopa Nursing is aligned with Nurse of the Future Compe-

tencies: Patient-Centered Care, Professionalism, Leadership, Systems-Based Practice, Informatics and Technology, Communication, Teamwork and Collaboration, Safety, Quality Improvement, and Evidence-Based Practice. These competencies focus on key stakeholders of healthcare clients, colleagues and communities. Demonstration of the competencies will signify preparation for successful transition into nursing practice and further professional development.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, and Scottsdale Community Colleges.

**Admission Criteria:** High school diploma or GED is required for the Associate in Applied Science degree in Nursing. Applicants must signify that they meet this requirement by providing high school diploma/transcripts or GED completion OR by signing the nursing application page containing the 'Declaration of High School Graduation or GED completion.' In some instances, high school diploma/transcripts or proof of GED completion may be required.

Formal application and admission to the program is required; all program prerequisites must be completed prior to submission of application. A passing score on a nursing program admission test is required to complete an application. Successful completion of a nurse assistant course (NCE150 or NUR158 or equivalent as determined by the Nursing Director or designee) or current active AZ certification or licensure as a Nurse Assistant in good standing is required to complete an application<sup>2</sup>

Applicants for Advanced Placement must receive a passing score on a practical nursing content exam for placement into Block 3. The final placement decision rests with the Nursing Program Chair at the College to which the student is accepted.

The Nursing Program Chair reserves the right to deny acceptance of an admission application if the applicant was previously dismissed for issues relating to academic integrity, unsafe patient care, and or two or more failures from any nursing program.

All applicants holding or receiving a certificate as a Nursing Assisting and/or license as a Practical Nurse must remain in good standing with the Regulatory Board. Once enrolled, students receiving any disciplinary actions against their certificate or license must notify the Nursing Program Chair within five school days. The Nursing Program Chair reserves the right to restrict the student's participation in clinical experiences and involvement in patient care until the certificate and/or license is valid and unrestricted.

**Program Prerequisites: (10-20 credits) Credits**

The credit-hour range is subject to change depending on the student's educational experience.

**Associate in Applied Science - AAS 3889**  
**63-75 credits**

**Field of Interest: Health Sciences**

**For Information:** Todd Polansky

**Phone:** 623.845.3908

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Associate in Applied Sciences (AAS) in Paramedicine is a nationally accredited program designed to prepare students to become Paramedics. This program is a formal education in such paramedicine topics as anatomy and physiology, pathophysiology, cardiology, pulmonary, pharmacology, pediatrics, geriatrics hematology, toxicology. Paramedicine builds upon EMT education and includes paramedic scope of practice. Paramedicine is integrated with fire service, law enforcement, ground transport services, flight transport services, search and rescue, hospitals, clinical setting, community paramedicine, and EMS education. There is a Certificate of Completion (CCL) in Paramedicine available.

**Program Notes:** Students must earn a grade of B or better in all PME courses required within the program.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Admission Criteria:** Students must be current and in good standing with the Arizona Department of Health Services Bureau of Emergency Medical Services-Certified as an Emergency Medical Technician (EMT). EMT certification preparatory courses

are available at Maricopa County Community Colleges. Contact an academic advisor for details.

Students must complete an application and selection process.

**Program Prerequisites:** None.

## Personal Trainer

**Certificate of Completion - CCL 5421**  
**18-18.5 credits**

**Field of Interest: Health Sciences**  
**For Information:** Louise So  
**Phone:** 623.845.3883  
<https://www.gccaz.edu/fitness-wellness>

**Program Description:** The Certificate of Completion (CCL) in Personal Trainer program is designed to provide students with current foundational skills in assessment, design, implementation and evaluation of fitness and exercise programs. This program encourages development of critical thinking, leadership, and communication skills for developing and implementing individualized exercise programs. A CCL in Personal Training Specialist is available. An Associate in Applied Science (AAS) in Exercise Science: Health, Fitness, and Sports Performance is available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (18-18.5 credits)**

## Philosophy

### General Information

**Field of Interest:** Culture and Society

**For Information:** Peter Lupu

**Phone:** 623.845.3747

<https://www.gccaz.edu/philosophy>

**Student Goals:** Personal, General Education, Career-related

Philosophy courses critically examine the nature of human beings and of the world, ways in which people seek to understand their world, and ethical and moral issues which arise. Students take these courses:

For personal interest: PHI101 Introduction to Philosophy and PHI105 Introduction to Ethics examine fundamental philosophic issues and major attempts to resolve them. PHI103 Introduction to Logic helps the student develop effective reasoning skills.

To meet the general education Humanities requirement: All PHI courses described below meet this requirement. PHI101 is recommended. All PHI courses transfer.

To prepare for a major in philosophy at a four-year institution: PHI101 and 103 will generally transfer as major credit toward the baccalaureate degree in philosophy. PHI105 may also meet major requirements. Students should consult with a member of the Philosophy Department to plan for transfer to a four-year institution.

As background for other careers: Philosophy is strongly recommended as an undergraduate major or minor for those planning to enter law, computer science, journalism, government, public relations, and other areas requiring training and skill in critical thinking.

## Photography

**Associate in Applied Science - AAS 3195**  
**60-64 credits**

**Field of Interest:** Visual and Performing Arts

**For Information:** Brendan Regan

**Phone:** 623.845.3449

<https://www.gccaz.edu/art-humanities>

**Program Description:** The Associate in Applied Science (AAS) in Photography program is designed for the student who wishes to pursue a career in photography, either commercial or fine arts. Students will study digital and traditional film-based (darkroom) media, content and image selection, and the theory and practice of visual communication.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

There will be costs for supplies and equipment in this program.

This program also is offered at Chandler-Gilbert, Mesa, and Phoenix Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (26-28 credits)**

Any approved general education courses in the Social-Behavioral Sciences area.

**Natural Sciences****4**

Any approved general education course in the Natural Sciences (Quantitative) [SQ] area or the Natural Sciences (General) [SG] area.

**Physics****General Information**

**For Information:** Bruce Gordon

**Phone:** 623.845.3445

<https://www.gccaz.edu/physical-sciences>

**Student Goals:** General Education, Transfer, Career-related

The science of physics seeks to understand the behavior of matter and energy at the most general and fundamental level. Other sciences, e.g., chemistry and biology, build on the laws of physics and rely on many instruments originally devised by physicists.

Employment of physicists is greatest in areas that have heavy industrial concentrations and large college and university enrollments. Related careers are medical electronics, solid-state physics, production supervision, industrial sales, patent law, thermodynamics, acoustics, optics, and nuclear physics.

**Transfer Recommendations:** This program is designed as the first two years of coursework for students intending to pursue the baccalaureate degree at a four-year institution.

Students planning a major in physics should consult with a Department Advisor to outline and plan their academic schedule in order to transfer to a senior institution and to complete degree requirements in an expedient manner. Required courses may not be available every semester or year. Due to limited course offerings, degree-seeking students may find it necessary to extend completion time lines and attend both day and evening classes.

**Departmental Recommendations:****Credits**

**Practical Nursing**

**Certificate of Completion - CCL 5957**  
35-45 credits

**Field of Interest: Health Sciences**

**For Information:** Grace Paul

**Phone:** 623.845.3626

<https://www.gccaz.edu/nursing>

**Program Description:** The Certificate of Completion (CCL) in Practical Nursing Program is available at seven of the Maricopa Community Colleges. Clinical experiences are provided in a variety of healthcare settings. Practical Nursing Program graduates are eligible to apply for the national exam for the practical nurse license. Licensing requirements are the exclusive responsibility of the State Board of Nursing.

The Certificate of Completion Practical Nursing Program is approved by the Arizona State Board of Nursing.

**Program offerings:**

This program is offered at the following sites:

Chandler Gilbert Community College  
Estrella Mountain Community College  
Community College  
Glendale Community College  
Mesa Community College  
Paradise Valley Community College  
Scottsdale Community College

**Waiver of Licensure/Certification Guarantee:**

Admission or graduation from the Nursing Program does not guarantee obtaining a license to practice nursing. Licensure requirements and the subsequent procedures are the exclusive right and responsibility of the Arizona State Board of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation.

Pursuant to A.R.S. 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot process your application.

Level One Fingerprint Clearance is required for admission into the program. Applicants must present a Level One Fingerprint

Clearance Card to be copied by the advisor or designee. For a Department of Public Safety Fingerprint Clearance Card application, contact MCCCDC Healthcare/Nursing Advisor. If there is any question about eligibility for licensure or certification, contact the nursing education consultant at the Arizona State Board of Nursing (602.771.7800).

**Health Declaration:**

It is essential that nursing students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. Students who have a chronic illness or condition must be maintained on current treatment and be able to implement direct patient care. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients' lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application. All must provide documentation of compliance with all health and safety requirements required to protect patient safety. Only students in compliance are permitted to enroll in nursing courses. Students will meet these requirements by providing the required documentation for the Health/Safety Requirements Documentation Checklist and the signed Health Declaration Form.

**Health and Safety Requirements for the Nursing Program:**

1. Students must submit a Health and Safety Documentation Checklist verifying completion of all requirements and maintain current status throughout the program.
2. Students must submit the Health Declaration Form signed by a licensed health care provider.
3. Students must test negative on a timed urine drug screen.
4. Admission to an Allied Health program requires that students be in compliance with the Maricopa County Community College District Supplemental Background Check policy. Program applications will not be accepted without a copy of an Arizona Department of Public Safety Level One Fingerprint Clearance Card. Upon conditional program admission, the student must comply with all requirements of the current MCCCDC background check policy.

**University Transfer Students:**

Students who are planning to earn the Bachelor of Science in Nursing may obtain their prerequisite courses at the Maricopa Community Colleges. For information on courses that meet requirements for admission into a baccalaureate program, please contact a program advisor.

**PRACTICAL NURSE EXIT OPTION**

Following completion of the practical nurse level program of study, the student is eligible to apply for licensure as a practical nurse. Licensed Practical Nurses (LPN) may be employed in acute, long-term, and community-based health care settings under the direction of a registered nurse. Practical Nurses function within their legal scope of practice and use professional standards of care in illness care and health promotion activities for clients and families across the life span.

The Associate in Applied Science (AAS) Nursing Program is

approved by the Arizona State Board of Nursing and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326; (404.975.5000); email: info@acennursing.org.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

**Course Fee Information:** Please see class schedule for information regarding course fees.

MaricopaNursing is aligned with Nurse of the Future Competencies: Patient-Centered Care, Professionalism, Leadership, Systems-Based Practice, Informatics and Technology, Communication, Teamwork and Collaboration, Safety, Quality Improvement, and Evidence-Based Practice. These competencies focus on key stakeholders of healthcare clients, colleagues and communities. Demonstration of the competencies will signify preparation for successful transition into nursing practice and further professional development.

**Admission Criteria:** High School diploma or GED is required for the Certificate of Completion in Practical Nursing. Applicants must signify that they meet this requirement by providing high school diploma/transcripts or GED completion OR by signing the nursing application page containing the 'Declaration of High School Graduation or GED completion'. In some instances, high school diploma/transcripts or proof of GED completion may be required.

Formal application and admission to the program is required; all program prerequisites must be completed prior to submission.

A passing score on a nursing program admission test is required to complete an application.

The Nursing Program Chair reserves the right to deny acceptance of an admission application if the applicant was previously dismissed for issues relating to academic integrity, unsafe patient care, and/or two (2) or more failures from any nursing program.

All applicants holding or receiving a certificate as a Nursing Assistant and/or license as a Practical Nurse must remain in good standing with the Board of Nursing. Once enrolled, students receiving any disciplinary actions against their certificate or license must notify the Nursing Program Chair within five (5) school days. The Nursing Program Chair reserves the right to restrict the student's participation in clinical experiences and involvement in patient care until the certificate and/or license is valid and unrestricted.

**Program Prerequisites: (10-20 credits) Credits**

The credit-hour range is subject to change depending on the student's educational experience.

+ NUR152	Nursing Theory and Science I .....	9
+ NUR172	Nursing Theory and Science II .....	9
+ NUR191	Practical Nursing Transition .....	3

## Pre-Forestry

### General Information

**For Information:** forestryinfo@asu.edu

Phone: 928.523.3031

<https://nau.edu/forestry/>

### ASSOCIATE IN ARTS (AA)/TRANSFER PROGRAM FOR NORTHERN ARIZONA UNIVERSITY

A forester manages and develops forest lands and their resources for economic and recreational purposes.

Nearly two-thirds of salaried conservation scientists and foresters work for Federal, State, or local governments. The remainder worked in private industry, mainly in support activities for agriculture and forestry or in wood product manufacturing. Some are self-employed as consultants for private landowners, Federal and State governments, and forestry-related businesses.

**Transfer Recommendations:** For information on Northern Arizona University's Forestry program and transfer guide, please visit: <https://nau.edu/forestry/>. Students are advised to review the reverse transfer process to complete their Associate in Arts/ Associate in Business degree and the Arizona General Education Curriculum (AGEC). The following are recommended courses:

+ BIO181	General Biology (Majors) I (4)
+ BIO182	General Biology (Majors) II (4)
+ CHM151	General Chemistry I (3)
+ CHM151LL	General Chemistry I Laboratory (1)
+ COM221	Oral Fluency in American Speech (3)
ECN211	Macroeconomic Principles (3)
ECN212	Microeconomic Principles (3)
+ ENG101	First-Year Composition (3)
+ ENG102	First-Year Composition (3)
+ MAT187	Precalculus (5)
+ MAT206	Elements of Statistics (3)

**Pre-Health****General Information**

General Information

See specializations below.

**Student Goals:** Transfer

Pre-health programs are designed for students preparing for the following professional schools: medical, dental, occupational therapy, optometry, pharmacy, physical therapy, physician assisting, and podiatry. Students hoping to be admitted to a professional program should first pursue their bachelor's degree at a university. Admission to professional schools is competitive; therefore, a GPA of at least 3.0 is advisable, especially in the required prerequisite coursework in science and math. Also, many professional programs require specific entrance exams (e.g., MCAT, PCAT, GRE, etc.) and higher scores make applicants more competitive. Often pre-health, students choose biology, chemistry, or biochemistry, kinesiology or exercise science as their major; however, any major is allowed as long as all prerequisite courses are completed. Accomplishing this may require students of other majors to take extra courses/credits above and beyond the requirements of their own bachelor's degree.

Professional program admission requirements are fairly uniform across the country; however, it is advisable for students to consult the website of all professional schools they are considering so they are aware of the specific prerequisite requirements of each. Many professional schools require students to have a minimum number of hours of volunteer or paid experience in a variety of healthcare settings. It is never too early to start putting in these kinds of clinical hours. This "real life" field experience can also be a good way for students to validate their career choice and to better identify how they fit in the health care professions. Students are urged to consult with an academic advisor to create an educational plan that will support their long term educational and professional goals.

More specific information for various areas of emphasis is provided below.

**PRE-MEDICAL/PRE-DENTAL/PRE-PODIATRY**

A physician, whether allopathic, osteopathic, or podiatric, diagnoses, prescribes medication for, and treats diseases and disorders of the human body. Physicians often specialize in one aspect of medical care and treatment, but there is also a need for general practitioners.

Dentists examine, diagnose, and treat ailments or abnormalities of teeth and gums as well as performing routine prophylactic procedures. Many dentists are general practitioners offering multiple office services, but some get additional specialized training to become endodontists, dental surgeons, periodontists and/or to perform implant, reconstructive or cosmetic dentistry.

**Program Description:** The following course recommendations are based on common admission requirements for many medical, podiatry and dental schools. The sequence of courses identified in the Associate in Science, Emphasis in Biological Sciences degree may be a useful academic planning tool for students interested in pursuing these medically-related programs. Students are

urged to consult with an academic advisor in Glendale Community College's STEM Connect Student Success Center to work out an individualized program of study that will best prepare them to meet the entrance requirements of their selected professional schools.

**Program Recommendations:****Credits**

+ BIO181	General Biology (Majors) I.....	4
+ BIO182	General Biology (Majors) II.....	4
+ BIO201	Human Anatomy and Physiology I.....	4
+ BIO202	Human Anatomy and Physiology II.....	4

+ CHM152	General Chemistry II (3)	
AND		
+ CHM152LL	General Chemistry II Laboratory (1)	
+ CHM235	General Organic Chemistry I (3)	
AND		
+ CHM235LL	General Organic Chemistry I Laboratory (1).....	4
+ CHM236	General Organic Chemistry II (3)	
AND		
+ CHM236LL	General Organic Chemistry II Laboratory (1).....	4
+ MAT15X*	College Algebra/Functions OR higher level MAT course.....	4-6
+ PHY111**	General Physics I.....	4
+ PHY112**	General Physics II.....	4

\*Math requirements vary with transfer institution and major. Some universities and professional schools require calculus.

\*\*Some university majors and professional schools require one or both semesters of Physics.

**PRE-OCCUPATIONAL THERAPY (PRE-OT)**

Occupational therapists (OTs) help people of all ages live life to its fullest by helping them promote health, and improve or maintain activities of daily living after injury, illness, or disability. Common occupational therapy interventions include helping children with disabilities to participate fully in school and social situations, helping people recovering from injury to regain life skills, and assisting older adults experiencing physical and cognitive changes improve their ability to perform daily activities.

**Program Description:** The following is a short list of courses that those interested in applying to an OT program should consider in selecting their undergraduate major. Admission requirements vary somewhat from one OT program to another so it is important that students determine the courses needed for their preferred professional programs and work with a Glendale Community College Health Sciences advisor to develop a program of study that best fits those needs

**Program Recommendations:****Credits**

+ BIO201	Human Anatomy and Physiology I.....	4
+ BIO202	Human Anatomy and Physiology II.....	4
Additional science course(s) [BIO, CHM, PHY] .....		4-8

- + MAT206 Elements of Statistics (3) OR  
 + PSY230 Introduction to Statistics (3) .....3

### PRE-OPTOMETRY

An optometrist examines and determines the condition of one's eyes and prescribes non-surgical treatment to conserve or improve vision such as corrective lenses and some medication.

**Program Description:** The following is a suggested list of science and math courses that are generally required in order to be considered for admission to an optometry school. Early consultation with an academic advisor in Glendale Community College's STEM Connect Student Success Center is recommended to assist in working out an individualized program of study based on each student's unique background and long term goals.

Program Recommendations:	Credits
+ BIO181 General Biology (Majors) I.....	4
+ BIO182 General Biology (Majors) II.....	4
+ BIO201 Human Anatomy and Physiology I.....	4
+ BIO202 Human Anatomy and Physiology II.....	4
+ BIO205** Microbiology.....	4
+ CHM150 General Chemistry I (4) OR +.....	
CHM151 General Chemistry I (3)	
AND	
+ CHM151LL General Chemistry I Laboratory (1).....	4-5
+ CHM152 General Chemistry II (3)	
AND	
+ CHM152LL General Chemistry II Laboratory (1).....	4
+ CHM235 General Organic Chemistry I (3)	
AND	
+ CHM235LL General Organic Chemistry I Laboratory (1).....	4
+ CHM236 General Organic Chemistry II A (3)	
AND	
+ CHM236LL General Organic Chemistry II A Laboratory (1).....	4
+ MAT15X* College Algebra/Functions OR higher level MAT course.....	4-6
+ MAT206 Elements of Statistics (3) OR	
+ PSY230 Introduction to Statistics (3).....	3
+ PHY111 General Physics I.....	4
+ PHY112 General Physics II.....	4

\*Most optometry schools require calculus.

\*\*Some optometry schools prefer students take one semester of Organic Chemistry (such as CHM230 and CHM230LL) and one semester of Biochemistry (like CHM260).

### PRE-PHARMACY

Pharmacists are medication specialists who advise patients on the proper use of medicines, monitor patients for therapeutic and adverse drug responses, and serve as drug therapy consultants to other health professionals.

Pharmacy is a health-care profession which offers the practitioner

excellent and diverse career opportunities in community or hospital practice, clinical pharmacy, industry, education, or government.

Many professional pharmacy schools do not require the completion of a bachelor's degree for admission; such schools' entrance requirements include the completion of up to 90 semester credits of prerequisite courses, including many in the sciences and mathematics. Admission is, however, generally quite competitive so completion of a bachelor's degree may be advantageous.

**Program Description:** The following is a list of science and math courses that are generally required in order to be considered for admission to a pharmacy school. Early consultation with an academic advisor in Glendale Community College's STEM Connect Student Success Center is recommended to assist in working out an individualized program of study based on each student's unique background and long term goals

Program Recommendations:	Credits
+ BIO181 General Biology (Majors) I.....	4
+ BIO182 General Biology (Majors) II.....	4
+ BIO201 Human Anatomy and Physiology I.....	4
+ BIO202 Human Anatomy and Physiology II.....	4
+ CHM150 General Chemistry I (4) OR	
+ CHM151 General Chemistry I (3)	
AND	
+ CHM151LL General Chemistry I Laboratory (1).....	4
+ CHM152 General Chemistry II (3)	
AND	
+ CHM152LL General Chemistry II Laboratory (1).....	4
+ CHM235 General Organic Chemistry I (3)	
AND	
+ CHM235LL General Organic Chemistry I Laboratory (1).....	4
+ CHM236 General Organic Chemistry II A (3)	
AND	
+ CHM236LL General Organic Chemistry II A Laboratory (1).....	4
+ MAT15X* College Algebra/Functions OR higher level MAT course.....	4-6
+ PHY111 General Physics I.....	4
+ PHY112 General Physics II.....	4

\*Math requirements vary. Calculus is often required.

\*\*Number of semesters of Physics varies depending on university majors and professional school.

### PRE-PHYSICAL THERAPY (PRE-PT)

Physical Therapists (PTs) help people (of all ages) to rebuild strength, mobility and/or function and reduce/manage pain after an injury or other medical condition. They assess each individual's condition and then develop, monitor and adjust a treatment plan to assist in their recovery. Physical therapists may use a variety of modalities to help patients including application of heat and cold, physical manipulations and massage, ultrasound, and exercise. PTs work in a variety of medical settings including hospitals, rehabilitation centers and long term care facilities, clinics, medical offices and patients' homes.

**Program Description:** The following is a list of science and math

courses that are generally required in order to be considered for admission to a doctoral program in physical therapy. Although the requirements for a B.S. in Biology will include the courses listed below, many students interested in PT decide to major in Exercise Science or Kinesiology instead because of its emphasis on the mechanics and anatomy of movement. The Associate in Arts, Emphasis Exercise Science:Pre-Physical Therapy degree's sequence of recommended courses is designed to help students envision the first steps in their academic journey (<https://www.gccaz.edu/degrees-certificates/health-sciences/associate-arts-emphasis-exercise-science-pre-physical-therapy-8121-aa>)

Early consultation with an Academic Advisor in Health Sciences is recommended to assist in working out an individualized program of study based on each student's unique background and long term goals.

<b>Program Recommendations:</b>	<b>Credits</b>
+ BIO201 Human Anatomy and Physiology I .....	4
+ BIO202 Human Anatomy and Physiology II .....	4
+ CHM150 General Chemistry I (4) OR	
+ CHM151 General Chemistry I (3)	
AND	
+ CHM151LL General Chemistry I Laboratory (1) .....	4
+ CHM152 General Chemistry II (3)	
AND	
+ CHM152LL General Chemistry II Laboratory (1) .....	4
+ CHM235 General Organic Chemistry I (3)	
AND	
+ CHM235LL General Organic Chemistry I Laboratory (1) .....	4
+ CHM236 General Organic Chemistry II A (3)	
AND	
+ CHM236LL General Organic Chemistry II A Laboratory (1) .....	4
+ MAT15X* College Algebra/Functions OR higher level MAT course .....	4-6
AND	
+ MAT182 Plane Trigonometry (3) OR	
+ MAT187 Precalculus (5) .....	7-9
+ MAT206 Elements of Statistics (3) OR	
+ PSY230 Introduction to Statistics (3) .....	3

### PRE-PHYSICIAN ASSISTING (PRE-PA)

Physician Assistants (PAs) work in association with a doctor to conduct complete physical examinations, diagnose injury and illness, develop and manage treatment plans, and prescribe medications. PAs work in a variety of medical settings and specialties; they are often a patient's principal healthcare provider.

**Program Description:** This is a suggested curriculum for the first two years of preparation for entering PA school. Students are urged to consult with an academic advisor in Glendale Community College's STEM Connect Center to plan a program of study which will meet the entrance requirements of the PA programs of interest as well as their bachelor's degree.

<b>Program Recommendations:</b>	<b>Credits</b>
+ BIO201 Human Anatomy and Physiology I .....	4
+ BIO202 Human Anatomy and Physiology II .....	4
+ CHM150 General Chemistry I (4) OR

### Pre-Law

#### General Information

**For Information:** Scott Stroher  
**Phone:** 623.845.3453  
<https://www.gccaz.edu/business>

#### Student Goals: Transfer

General information for students planning a career in Law:

No formal pre-law course of study is required to be eligible to apply for admission to law school. The demands of law are so varied that no one course of preparation can possibly be regarded as exclusive and law schools attempt to do no more than urge students aiming toward a legal career to acquire a liberal education to the fullest sense of that term. Legal educators agree that a pre-legal education should be geared to the development of:

A broad cultural background.

Habits of thoroughness, intellectual curiosity, and scholarship.

Ability to organize materials and communicate the results, both in writing and orally.

Since the attorney's principal tools are the abilities to analytically think and communicate, every student should be particularly well-grounded in the use of language. The ability to write clearly, concisely, and with a sense of style is highly desirable. Therefore, courses in English composition and literature beyond the bare minimal requirements are recommended as well as courses which develop a lucid writing style.

A broad liberal arts education which is planned to provide understanding of institutions and values with which the law deals is

excellent preparation for a career in law. The habits of reading widely and writing clearly are tied closely to the development of the capacity to absorb abstract ideas and to reason systematically. Study in the areas of government, history, philosophy, psychology, sociology, economics, and literature will all contribute to the deep understanding of our social, political, and economic institutions that every good attorney must have. Law school admission committees give strong consideration to the following:

Scores on the Law School Admission Test (LSAT). A preparation course is recommended before taking the LSAT.

Overall academic performance for the full period of attendance in college. (Admission becomes increasingly more competitive each year and students should endeavor to keep grades at the highest possible level.)

Breadth in the undergraduate program in addition to the major field of study. Electives should include courses in a wide range of disciplines. Courses at the undergraduate level in law are not essential since much of the material will be explored at a later time.

Ability to write correctly, clearly, and concisely. (Many law schools require demonstration of this ability as part of their admission test.)

General community involvement and/or personal achievement.

Many schools require character and personal references in addition to the above listed requirements. The study of law requires self-discipline and hard work which makes it important for students to develop good study habits in their academic career.

**Program Description:** This suggested program should be considered as the first two years of a baccalaureate program. Students should select an undergraduate major in liberal arts, social sciences, or business. A business transfer program is especially recommended.

#### Program Recommendations:

General Elective	Credits
Students should choose a major and consult with an advisor in planning their pre-law program. The following courses are recommended:	
COM100 Introduction to Human Communication .....	3
+ COM225 Public Speaking .....	3
ECN211 Macroeconomic Principles .....	3
ECN212 Macroeconomic Principles .....	3
GBS205 Legal, Ethical, and Regulatory Issues in Business .....	3
+ GBS233 Business Communication .....	3
HIS103 United States History to 1865 .....	3
HIS104 United States History 1865 to Present .....	3
PHI101 Introduction to Philosophy .....	3
+ PHI103 Introduction to Logic .....	3
POS110 American National Government .....	3
POS120 World Politics .....	3
PSY101 Introduction to Psychology .....	3
SOC101 Introduction to Sociology .....	3

#### General Education Requirements:

Follow general education requirements for Associate in Arts, Associate in Science, or Associate in Business degrees, depending on intended transfer major. Meet with an Academic Advisor in the Glendale Community College Enrollment Center to develop an educational plan. In determining course choices, students should be guided by the requirements of the four-year institution from which they expect to earn

a baccalaureate degree.

## Programming and Systems Analysis

Associate in Applied Science - AAS 3844

61-67 (61-68)<sup>1</sup> credits

**Field of Interest:** Computer and Information Technology

**For Information:** Bill Stewart

**Phone:** 623.845.3250

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Programming and Systems Analysis program provides an in-depth exploration of different computer language and technical skills. The AAS includes, but is not limited to the following: operating systems, local area networks, business communication, team roles, and dynamics. Certificate of Completions (CCL) in Programming and Systems Analysis Level I and Level II and iOS Application Development are also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Consultation with an Academic Advisor is recommended for course selection.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and Scottsdale Community Colleges.

**Program Prerequisites:** None.

Required Courses: (33-34 credits)	Credits
CIS105 Survey of Computer Information Systems .....	3
GBS151 Introduction to Business .....	3
CIS126DL Linux Operating System (3) OR	
CIS126RH Red Hat System Administration I (3) OR

## Programming and Systems Analysis

### Level II

**Certificate of Completion - CCL 5962**  
**36-37 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Bill Stewart

**Phone:** 623.845.3250

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Programming and Systems Analysis Level II provides an in-depth exploration of different computer language and technical skills. This CCL includes, but is not limited to the following: local area networks, team roles, and dynamics. A CCL in iOS Application Development and an Associate in Applied Science (AAS) in Programming and Systems Analysis are available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Consultation with an Academic Advisor is recommended for course selection.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.

This program also is offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, and Scottsdale Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (33-34 credits) Credits**

The following courses are required and included in CCL Programming and Systems Analysis Level I.

CIS105	Survey of Computer Information Systems .....3
+ CIS119DO	Introduction to Oracle: SQL (3) OR
+ CIS276DA	MySQL Database (3) OR

+ CIS162++	Any C Programming: Level I course (3) OR
+ CIS163AA	Java Programming: Level I (3) OR
+ CIS165++	Any Mobile Application Development course (3) .....3
CIS166++	Any Web Scripting course(s) .....3
GBS151	Introduction to Business .....3

The following courses are required for CCL Programming and Systems Level II:

+ CIS190	Introduction to Local Area Networks (3) OR
CNT140AB	Introduction to Networks (4) OR
MST140	Microsoft Networking Essentials (3) .....3-4
+ CIS225	Business Systems Analysis and Design (3) OR
+ CIS225AB	Object-Oriented Analysis and Design (3) OR
+ CIS250	Management of Information Systems (3) .....3

Select a programming language from below that best aligns with academic and professional goals (one course for a total of three credits) in one of the following areas:

- + CIS256 Python Programming: Level II (3) OR
- + CIS259 Visual Basic Programming II (3) OR
- CIS262++ Any C Programming: Level II course (3) OR
- + CIS263AA Java Programming: Level II (3) OR
- + CIS265 Advanced iOS Application Development (3) .....3

**Psychology****General Information****Field of Interest:** Behavioral Science and Human Services**For Information:** Julie Morrison**Phone:** 623.845.4761<https://www.gccaz.edu/psychology>**ASSOCIATE IN ARTS/TRANSFER PROGRAM****Student Goals:** General Education, Transfer to a University, Personal Interest

Psychologists are concerned with the scientific study of behavior and mental processes. Psychology is a beneficial major or minor for students interested in education, medicine, law, social work, management, or any of the human service fields such as nursing, child care, medical technology, law enforcement, or real estate. Positions in the field of psychology as a psychologist require a graduate degree.

Employment will remain competitive in educational institutions but will show 8% to 14% growth in clinical and industry settings between 2016 and 2026. Related careers include personnel management, public relations, sports and recreation, speech pathology, special education, counseling, vocational rehabilitation, gerontology, business management, and computer science.

**Program Description:** This program provides the first two years of a four-year curriculum for students who wish to specialize in psychological sciences or are preparing for graduate programs in psychology or related fields. With a bachelor's degree, students may pursue numerous careers such as mid- and top-level managers, market research analysts/specialists, human resources specialists/managers, social and human service assistants, psychiatric technicians, survey researchers, and probation officers/correctional treatment specialists. Most careers in psychology require graduate work. With a graduate degree, students may pursue a number of careers, including but not limited to: psychologists (industrial-organizational, clinical, counseling, and school), research scientists, psychiatrists, neuropsychologists, statisticians, teachers, and human factors engineers.

**Special Skill Levels Needed:**

College level reading, writing, and math skills.

**Core Requirements:**

	<b>Credits</b>
PSY101 Introduction to Psychology [SB].....	3
+ PSY230 Introduction to Statistics [CS].....	3
+ PSY231 Laboratory for Statistics.....	1
PSY290 Research Methods [L, SG] .....	4

**Electives:****Credits**

The following courses are available as electives but should be chosen only sparingly by psychology majors. No more than one or two of these should be taken. (Some of these courses are junior-senior level upper division courses at the universities and have no lower division equivalents there. If taken at Glendale Community College, they will count as lower division credit at the universities.)

PSY132 Psychology and Culture [C,G,SB*].....	3
PSY143 Lesbian, Gay, Bisexual and Transgendered Studies [C*].....	3
PSY156 Understanding Death and Dying.....	3
PSY157 African/Black Psychology [SB*, C*].....	3

+ PSY215 Introduction to Sport Psychology.....	3
PSY235 Psychology of Gender [SB*,C*].....	3
+ PSY240 Developmental Psychology [SB*].....	3
+ PSY241 Understanding and Changing Behavior.....	3
+ PSY242 Understanding and Changing Behavior Lab.....	3 (1 <sup>2</sup> )
+ PSY243 The Psychology of Developmental Disabilities.....	3
+ PSY244 Internship in Psychology.....	1
+ PSY250 Social Psychology [SB*].....	3
+ PSY262 Positive Psychology: The Science of Well-Being.....	3
+ PSY266 Abnormal Psychology [SB*].....	3
+ PSY267 Forensic Psychology.....	3
+ PSY275 Biopsychology [SG*].....	4
+ PSY277 Psychology of Human Sexuality [SB*].....	3
+ PSY280 Industrial/Organizational Psychology [SB*].....	3
+ PSY295AA Independent Research in Psychology.....	1

**Recommendations for Psychology Minors:**

A minor in psychology fits very well as a companion discipline with a wide variety of majors. Most universities will require five or six psychology courses for a minor; at least two of them should be at the upper division level at the university. Students wishing to minor in psychology should take PSY101, and choose other courses from the following list, depending on university requirements:

+ PSY230 Introduction to Statistics [CS*].....	3
+ PSY231 Laboratory for Statistics.....	1
+ PSY240 Developmental Psychology [SB*].....	3
+ PSY241 Understanding and Changing Behavior.....	3
+ PSY250 Social Psychology [SB*].....	3
+ PSY266 Abnormal Psychology [SB*].....	3
+ PSY275 Biopsychology [SG*].....	4
+ PSY277 Psychology of Human Sexuality [SB*].....	3
PSY290 Research Methods [L,SG*].....	4

**Personal Improvement and Personal Interest Courses:**

With the numerous and varied demands of our complex world many of us face serious difficulties adjusting to and coping with the stresses and pressures of modern living. The following courses may be of considerable help in coping with such problems.

PSY143 Lesbian, Gay, Bisexual and Transgendered Studies [C*].....	3
PSY156 Understanding Death and Dying.....	3
PSY157 African/Black Psychology [SB*, C*].....	3
+ PSY215 Introduction to Sport Psychology [SB*].....	3
+ PSY235 Psychology of Gender [SB,C*].....	3
+ PSY241 Understanding and Changing Behavior.....	3
+ PSY243 The Psychology of Developmental Disabilities.....	3
+ PSY262 Positive Psychology: The Science of Well-Being.....	3
+ PSY277 Psychology of Human Sexuality [SB*].....	3

\*[SB] counts at Arizona State University as Social-Behavioral Sciences general education requirement. [C] counts as Cultural Awareness General Education requirement. [CS] counts as Computer/Statistics, [L] counts for Literacy and Critical Inquiry, and [SG] counts for Natural Sciences-General general education requirements.

Typically psychology majors will need to take ten or more psychology courses for graduation with a Bachelor's of Arts or Bachelor's of Science degree. At least five should be upper division courses at a university. Between three and five of those courses may be at the lower division (community college) level including the core requirements and suggested electives listed previously. Psychology majors should consult early with a departmental advisor about the math and science requirements and planning their course of study.

**Real Estate: Prelicense****Certificate of Completion - CCL 5139N****This program is not eligible for Title IV Federal Financial Aid  
6.5 credits****Field of Interest: Business, Entrepreneurialism, and Management****For Information:** Scott Stroher**Phone:** 623.845.3453<https://www.gccaz.edu/business>

## Religious Studies

### General Information

**Field of Interest:** Culture and Society

**For Information:** Peter Lupu

**Phone:** 623.845.3747

<https://www.gccaz.edu/philosophy>

**Student Goals:** General Education, Personal Interest and Career Related

In today's global socioeconomic situation, it is important to understand and respect the differences present in a variety of ethnic and religious cultures. The academic study of religion is an excellent program for developing strong analytical, research and critical thinking skills that will contribute to success in life and career endeavours. An Associate in Arts degree with a focus in Religious Studies prepares students for a variety of career options.

Graduates often pursue careers in:

- Business/International Business
- Counseling
- Education
- Law
- Nursing
- Journalism
- Foreign Service
- Chaplaincy
- Public and Non-Profit Administration
- Social Work

## Retail Management

**Associate in Applied Science - AAS 3048**

**61-63 credits**

**Field of Interest:** Business, Entrepreneurialism, and Management

**For Information:** Kendra Swensen

**Phone:** 623.845.3749

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Retail Management degree is designed to prepare individuals working in the retail management, food industry, and related fields, for the mid-level management position challenges of the future. The curriculum encompasses business essentials and also emphasizes the skill sets needed for effective management and communication in the work environment. Instruction will provide the background and knowledge necessary for students to develop the judgment skills they must exercise as business managers. A Certificate of Completion (CCL) in Retail Management is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

This program also is offered by Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (27-30 credits)** **Credits**

**Certificate of Completion - CCL 5830****This program currently is not eligible for Title IV Federal Financial Aid  
17-18 credits****Field of Interest: Business, Entrepreneurialism, and Management****For Information:** Kendra Swensen**Phone:** 623.845.3749<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Social Media Marketing is designed to provide useful skills important in a variety of strategic marketing areas, e.g., social media, digital communications, integrated marketing, media relations, and brand management. An Associate in Applied Science (AAS) in Marketing and Sales is also available.

**Program Notes:** Students must earn a grade of C or better for all courses within the program.

This program also is offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Scottsdale and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses: (15 credits)	Credits
CIS103 Introduction to Social Media .....	3
GBS120 Workplace Communication Skills .....	3
MKT110 Marketing and Social Networking .....	3
+ MKT111 Applied Marketing and Social Networking .....	3
MKT271 Principles of Marketing .....	3

Restricted Electives: (2-3 credits)	Credits
MKT101 Introduction to Public Relations .....	3
+ MKT280AB Marketing Internship .....	2
+ MKT298AB Special Projects .....	2

## Sustainability

**Academic Certificate - AC 6240N****This program is not eligible for Title IV Federal Financial Aid  
15-18 credits****Field of Interest: Science, Technology, Engineering, and Mathematics****For Information:** Michael Strong**Phone:** 623.845.3602<https://www.gccaz.edu/social-sciences>

**Program Description:** The Academic Certificate (AC) in Sustainability is interdisciplinary and builds a strong academic expertise within a student's desired focus area of Sustainability. The focus areas are established within and among the foundational pillars of Sustainability (social - environmental - economic).

**Program Notes:** Students must earn a grade of C or better for all

courses required within the program.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

Required Courses: (6 credits)	Credits
SSH111 Sustainable Cities .....	3
SUS110 Sustainable World .....	3

Restricted Electives: (9-12 credits)	Credits
--------------------------------------	---------

Students must select three focus area classes.

ASM104 Bones, Stones, and Human Evolution .....	4
BIO105 Environmental Biology .....	4

CHM107 Chemistry and Society (3)	
AND	
+ CHM107LL Chemistry and Society Laboratory (1) .....	4

COM263 Elements of Intercultural Communication .....	3
FON135 Sustainable Cooking .....	3
ECN212 Microeconomic Principles .....	3
EPS150 Introduction to Entrepreneurship .....	3
ENV101 Introduction to Environmental Science .....	4

GLG110 Geological Disasters and the Environment (3)	
AND	
GLG111 Geological Disasters and the Environment Lab (1) .....	4

GPH113 Introduction to Physical Geography .....	4
PHI216 Environmental Ethics .....	3
PSY132 Psychology and Culture .....	3
SBU200 Society and Business .....	3
SUS100 Introduction to Sustainability .....	3
SCT100 Introduction to Sustainable Built Environments .....	3

## Tactical Emergency Casualty Care

**Certificate of Completion - CCL 5998N****This program is not eligible for Title IV Federal Financial Aid  
2.5 credits****Field of Interest: Health Sciences****For Information:** Todd Polansky**Phone:** 623.845.3908<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Tactical Emergency Casualty Care is designed to provide the knowledge, skills and ability to synthesize standard of care and expanded scope of practice with comprehensive assessment, diagnostic technology, patient advocacy, ethical and professional behaviors, to practice patient-centered evidence-based paramedic in the tactical emergency setting. This certificate prepares students for a tactical emergency casualty care paramedic credential.

**Program Notes:** Students must earn a grade of C or better in all courses required within the program.

This program also is offered at Mesa, Paradise Valley, and Phoenix Community Colleges.

**Admission Criteria:** Current state Paramedic certification.

**Program Prerequisites:** None.

**Required Courses: (2.5 credits)** **Credits**  
 PME293 Tactical Emergency Casualty Care (TECC) .....2.5

### **Technical Theatre: Audio Technician**

**Certificate of Completion - CCL 5077N**

**This program is not eligible for Title IV Federal Financial Aid 11-12 credits**

**Field of Interest: Visual and Performing Arts**

**For Information:** David Seitz

**Phone:** 623.845.3385

<https://www.gccaz.edu/performing-arts>

**Program Description:** The Certificate of Completion (CCL) in Technical Theatre: Audio Technician is designed to prepare students to apply live sound reinforcement in theatre productions. Classes include instruction in live sound reinforcement, setting up equipment, and sound design for theatrical productions. A CCL in Technical Theatre and the Associate in Arts, Fine Arts (AAFA), Emphasis in Theatre are also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Mesa, Paradise Valley, and Phoenix, Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (11-12 credits)** **Credits**  
 + MUC122 Sound Design I .....3  
 MUC197 Live Sound Reinforcement I .....3  
 + MUC198 Live Sound Reinforcement II .....3

THP201AA Theatre Production I (1) OR  
 THP201AB Theatre Production II (2) OR  
 THP202 Theatre Production Projects (1) OR  
 THP202AB Theatre Production I Electrics (1) OR .....1-2

THP251 Safety Practices in Theatre and Film Production .....1

### **Technical Theatre: Costuming**

**Certificate of Completion - CCL 5090N**

**This program is not eligible for Title IV Federal Financial Aid 8-9 credits**

**Field of Interest: Visual and Performing Arts**

**For Information:** David Seitz

**Phone:** 623.845.3385

<https://www.gccaz.edu/performing-arts>

**Program Description:** The Certificate of Completion (CCL) in Technical Theatre: Costuming is designed to provide students with skills in the acquisition, construction, alteration, and maintenance of costumes for theatrical performances. Courses include instruction in costume construction, theory and period styles. A

CCL in Technical Theatre and the Associate in Arts, Fine Arts (AAFA), Emphasis in Theatre are also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Mesa, Paradise Valley, and Phoenix, Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (5-6 credits)** **Credits**  
 THP201AA Theatre Production I (1) OR  
 THP201AB Theatre Production II (2) OR  
 THP202AC Theatre Production I Costume Shop (1) .....1-2

THP206 Introduction to Costume Construction for Theatre .....4

### **Restricted Electives (3 credits)**

Students should select courses for a total of three credits based on their career goal. Speak to a Program Director for additional information.

TEC113 Textiles: Dyeing .....1

TEC114 Textiles: Block Printing/Silk Screening .....1

TEC115 Textiles: Hand Painting .....1

TEC225 Pattern Design I .....3

THF115 Makeup for Stage and Screen .....3

### **Technical Theatre: Stage Crew Technician**

**Certificate of Completion - CCL 5099N**

**This program is not eligible for Title IV Federal Financial Aid 6-7 credits**

**Field of Interest: Visual and Performing Arts**

**For Information:** David Seitz

**Phone:** 623.845.3385

<https://www.gccaz.edu/performing-arts>

**Program Description:** The Certificate of Completion (CCL) in Technical Theatre: Stage Crew Technician is designed to provide students with skills to work on theatrical productions as part of the stage crew. The courses include instruction in general theatre knowledge and safety and provide opportunities for hands-on theatrical production experience. A CCL in Technical Theatre and the Associate in Arts, Fine Arts (AAFA), Emphasis in Theatre are also available.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Mesa, Paradise Valley, Phoenix, and Scottsdale Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (6-7 credits)** **Credits**  
 THP201AA Theatre Production I (1) OR  
 THP201AB Theatre Production II (2) OR  
 THP202AA Theatre Production I Scene Shop (1) OR  
 THP202AB Theatre Production I Electrics (1) .....1-2

THP213 Introduction to Technical Theatre .....4

THP251 Safety Practices in Theatre and Film Production .....1

## Theatre

### General Information

**Field of Interest:** Visual and Performing Arts

**For Information:** David Seitz

**Phone:** 623.845.3385

<https://www.gccaz.edu/performing-arts>

Theatre personnel pursue careers as performers, teachers, stage managers, actors, theatre critics and journalists, theatre historians, dramaturgs, writers, directors, producers, sound designers, set designers, lighting designers, media designers, costume designers, props designers, hair and makeup designers, technicians, and in theatre related business and professional work.

**Program Description:** This program provides the first two years of theatre required for a bachelor's degree in Theatre Arts, Theatre Performance, Theatre Design-Technical-Production, and Musical Theatre. Associate in Arts, Fine Arts (AAFA) degrees with Emphases in Theatre and Musical Theatre are available.

Certificates of Completion (CCLs) are available in Technical Theatre: Costuming, Technical Theatre: Stage Crew Technician, and Technical Theatre: Audio Technician.

Every theatre major pursuing the AAFA, Emphasis in Theatre or Musical Theatre degree has an opportunity to participate in at least one production each semester. There are one to four large and small productions produced each semester through the mainstage, black box, and other alternative venues Glendale Community College (GCC) Theatre has to offer.

Most courses in the theatre program are open to all students. There are some courses which have prerequisites, and those may be found in the course descriptions.

The Theatre Arts and Film and Musical Theatre programs offer class instruction in acting, directing, production, theatre and cinema and television history and analysis, theatre design areas, theatre tech, piano, voice, and many others. In addition, the program is in collaboration with professional theatre groups around the state providing occasional internship and joint venture opportunities. The Theatre Programs are actively affiliated with the Kennedy Center American College Theater Festival (KCACTF), Maricopa County Community College District's Artists of Promise, and several other scholarship competitions. GCC Theatre also has an active chapter of Delta Psi Omega Drama Club - open to all GCC Students.

Students who major in theatre at GCC should follow the curricula as outlined. Various universities and colleges; however, demand specific subjects for degree requirements.

Students planning to transfer or continue their work at other institutions should consult their GCC Theatre Advisor and the catalogs of the universities that they plan to attend.

**Availability:** Complete day programs. Partial evening programs. Due to limited course offerings, students should consult with a Department Advisor in planning their academic schedule in order to complete degree requirements in an expedient manner. See AAFA, Emphasis in Theatre; AAFA, Emphasis in Musical Theatre; CCL in Technical Theatre: Audio Production; CCL in Technical Theatre: Costuming; and CCL in Technical Theatre: Stage Crew Technician for specific course requirements.

## Victimology

**Certificate of Completion - CCL 5392N**

**This program is not eligible for Title IV Federal Financial Aid 15 credits**

**Field of Interest:** Behavioral Science and Human Services

**For Information:** Paul Brown

**Phone:** 623.845.3913

<https://www.gccaz.edu/public-safety-sciences>

**Program Description:** The Certificate of Completion (CCL) in Victimology is designed for students who are interested in pursuing a course of study specifically focused on crisis intervention, community services, and victim rights. It is one pathway to the Associate in Applied Science (AAS) in Administration of Justice.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

This program also is offered at Chandler-Gilbert, Mesa, Paradise Valley, Phoenix, Rio Salado, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (15 credits)**

**Credits**

AJS101	Introduction to Criminal Justice .....	3
AJS162	Domestic Violence .....	3
AJS225	Criminology .....	3
AJS255	The Criminal Justice System Handling of the Mentally Ill .....	3
AJS/EMT/FSC/SWU258	Victimology and Crisis Management .....	3

## Video Game Production

**Associate in Applied Science - AAS 3890**

**61-76 credits**

**Field of Interest:** Computer and Information Technology

**For information:** Bill Stewart

**Phone:** 623.845.3250

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS) in Video Game Production provides students with the essential skill sets needed to plan, design, and produce video games. The program features interdisciplinary coursework and related studies to build a strong foundation bridging the art and science of video game production. The Associate in Applied Science in Video Game Production's curriculum brings together business concepts, game technology, game narrative, music, sound design, and animation to prepare students for entry-level careers as a Level Designer, Environment Artist, Production Artist, Character Modeler, Character Animator, Game Designer, Game Developer, Mobile Game Developer, Commercial Artist, Game Writer, Composer and/or Sound Designer. Embedded Certificates of Completion (CCL) are available in Video Game Production: Game Art, Video Game Production: Audio and Sound and Video Game Production: Narrative and Video Game Production: Scripting and Coding.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Students interested in transferring should meet with an Academic,

Faculty, or Program Director.

GST201 Game Studies is recommended for students who intend to transfer to Arizona State University.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is available at Mesa and Paradise Valley Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (28 credits):** **Credits**

In addition to the required coursework, students must consult with a program advisor to select one of the specializations within the Restricted Electives area.

ART100	Introduction to Digital Arts	1
+ ADA/ART177	Digital Photographic Imaging I (3) OR	
CIS120DF	Introduction to Adobe Photoshop (3)	3
ART/MMT185	3D Modeling for Animation I (3) OR	
CIS130DA	3D Studio Max: Modeling (3)	3

Note: ART/MMT185 is recommended for students interested in the Game Art Emphasis and CIS130DA is recommended for students interested in the Coding and Scripting Emphasis.

CIS105	Survey of Computer Information Systems	3
+ CIS107	The Electronic Game Industry	3
+ CIS151	Computer Game Development Level I	3
+ CIS251	Computer Game Development Level II	3
CRW176	Writing Narrative for Video Games	3
+ GST202	Games, Culture and Aesthetics	3
MUC122	Sound Design I	3

**Restricted Electives: (14-23 credits)** **Credits**

Students must select one of the following four specializations.

**Specialization I Game Art - Credits: 23**

+ ADA/ART/MMT184	Digital Animation I	3
ART116	Life Drawing	3
ART/COM/STO150	Digital Storytelling	3
+ ART200	Animation and Interactivity	3
+ ART240	Cinematography and Directing for 2D/3D Animation (3) OR	
+ CIS230DB	3D Studio Max: Lighting and Rendering (3)	3

+ ART/MMT285	3D Modeling and Animation II (3) OR	
+ CIS130DB	3D Studio Max: Animation (3)	3
+ ART287	3D Character Animation	3
+ ART298AB	Special Projects	2

**Specialization II Game Narrative - Credits: 17**

ART/COM/STO150	Digital Storytelling	3
CRW160	Introduction to Writing Poetry	3
CRW170	Introduction to Writing Fiction	3
CRW190	Introduction to Screenwriting	3
CRW270	Intermediate Fiction Writing	3
+ CRW298AB	Special Projects	2

**Specialization III Coding and Scripting Emphasis - Credits: 14**

CIS120DC	Introduction to Adobe Animate	3
+ CIS150AB	Object-Oriented Programming Fundamentals	3

+ CIS156	Python Programming: Level 1	3
+ CIS163AA	Java Programming: Level I	3
+ CIS298AB	Special Projects	2

**Specialization IV Audio and Music - Credits: 17-18**

MTC191	Electronic Music (3) OR	
MUC194	Audio Mixing Techniques <sup>1</sup> (3)	3
+ MUC111	Digital Audio Workstation I (DAW I)	3
+ MTC192	Electronic Music II (3) OR	
+ MUC196	Studio Recording II (3)	3
MUC195	Studio Music Recording I	3
+ MUC222	Sound Design II	3
+ MUC292	Sound Design III (3) OR	
+ MUC298AB	Special Projects (2)	2-3

**General Education Requirements: (19-25 credits)**

**General Education Core: (12-18 credits)** **Credits**

**First-Year Composition:** **6**

+ ENG101	First-Year Composition (3) OR	
+ ENG107	First-Year Composition for ESL (3)	
AND		
+ ENG102	First-Year Composition (3) OR	
+ ENG108	First-Year Composition for ESL (3)	

**Oral Communication:** **3**

COM100	Introduction to Human Communication (3) OR	
COM110	Interpersonal Communication (3) OR	
+ COM225	Public Speaking (3) OR	
COM230	Small Group Communication (3)	

**Critical Reading:** **0-3**

+ CRE101	College Critical Reading and Critical Thinking (3) OR	
Equivalent as indicated by assessment. (0)		

**Mathematics:** **3-6**

Recommended for students who do not intend to transfer.

+ MAT120	Intermediate Algebra (5) OR	
+ MAT121	Intermediate Algebra (4) OR	
+ MAT122	Intermediate Algebra (3) OR	
MAT126	Intermediate Algebra with Review (6) OR	
satisfactory completion of a higher level mathematics course		

Recommended for students who intend to transfer to Arizona State University in the Game Arts, Narrative for Games, or Audio and Music emphases. (3-6)

+ MAT140	College Mathematics (5) OR	
+ MAT141	College Mathematics (4) OR	
+ MAT142	College Mathematics (3) OR	
MAT145	College Mathematics with Review (5) OR	
MAT146	College Mathematics with Review (6)	

Recommended for students who intend to transfer to Arizona State University in the Scripting and Coding emphasis. (3-6)

+ MAT150	College Algebra/Functions (5) OR	
+ MAT151	College Algebra/Functions (4) OR	
+ MAT152	College Algebra/Functions (3) OR	
+ MAT155	College Algebra/Functions with Review (5) OR	
+ MAT156	College Algebra/Functions with Review (6)	

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

**General Education Distribution: (7 credits) Credits**

**Humanities, Arts and Design:** 0  
Met by GST202 in Required Courses.

**Social-Behavioral Sciences:** 3  
Any approved Social and Behavioral Sciences.

**Natural Sciences:** 4  
Any approved general education course in the Natural Sciences area.

**Video Game Production: Audio and Sound**

**Certificate of Completion - CCL 5130**  
**30-31 credits**

**Field of Interest: Computer and Information Technology**

**For information:** Bill Stewart

**Phone:** 623.845.3250

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Video Game Production: Audio and Sound provides students with the introductory skills in audio and sound for video games. Coursework focuses on the music aspects of Video Game Production. An Associate in Applied Science (AAS) in Video Game Production is available. CCLs are also available in Video Game Production: Game Art, Video Game Production: Coding and Scripting, and Video Game Production: Narrative.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is offered at Mesa and Paradise Valley Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (30-31 credits) Credits**

Students must complete the following courses for a total of 13 credits that apply to the core of the Associate in Applied Science (AAS) in Video Game Production.

ART100	Introduction to Digital Arts .....	1
CIS105	Survey of Computer Information Systems .....	3
+ CIS151	Computer Game Development Level I .....	3

**VMware Foundations****Certificate of Completion - CCL 5035N****This program is not eligible for Title IV Federal Financial Aid 3 credits****Field of Interest: Computer and Information Technology****For Information:** Martin Bencic**Phone:** 623.845.3237<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in VMware Foundations program is designed to help students

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

prepare for VMware industry certifications and work in a variety of information technology environments including software defined data centers. The program introduces vSphere and VMware ESXi server in the enterprise and covers many aspects of virtualization for VMware ESXi server administration. It is designed to prepare students for the VMware Foundations (VCA) certification exam. Students can also pursue additional CCLs in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students who pursue this CCL should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also offered at Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, and Sottsdale Community Colleges.

#### Admission Criteria:

This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience. To pursue this CCL, students must complete the prerequisites to the courses within the Required Courses area as follows OR receive permission of the Program Director:

CIS105	Survey of Computer Information Systems .....	3
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support (3)	
AND		
+ BPC270	A+ Exam Prep: Operating System Configuration and Support (3) OR	
MST150++	Any Windows Operation Course (3) .....	3-6
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3) .....	3
+ CIS190	Introduction to Networking (3) OR	
CNT140AB	Introduction to Networks (3) .....	3

Students also have the option to complete the full CCL in this program, VMware Network Administrator (major code 5032), that includes the prerequisites and required courses.

**Program Prerequisites:** None.

Required Courses: (3 credits)	Credits	
+ CIS197	VMware ESXi Server Enterprise .....	3

## VMware Network Administrator

**Phone:** 623.845.3237

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in VMware Network Administrator program is designed to help students prepare for VMware industry certifications and work in a variety of information technology environments including software-defined data centers. Courses will build the knowledge and skills for students to design, install, configure, troubleshoot, and manage virtual environments and help prepare students for the CompTIA A+, CompTIA Linux +, CompTIA Network +; VMware VCA, VCP, and/or VCAP-NV Deploy certification exams. Students can also pursue additional CCLs in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students who pursue this Certificate of Completion should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also offered at Chandler-Gilbert, Estrella Mountain, Mesa, and Paradise Valley Community Colleges.

**Program Prerequisites:** None.

Required Courses: (24-28 credits)	Credits	
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support .....	3
+ BPC270	A+ Exam Prep: Operating System Configuration and Support .....	3
CIS105	Survey of Computer Information Systems (3) OR Permission of Program Director (0) .....	0-3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3) .....	3
CIS189	Virtualization and IT Solutions for Digital Businesses .....	3
+ CIS190	Introduction to Networking (3) OR	
CNT140AB	Introduction to Networks (4) .....	3-4
+ CIS197	VMware ESXi Server Enterprise .....	3
+ CIS198	VMware vSphere: Optimize and Scale .....	3
+ CIS200	VMware NSX: Install, Configure, Manage .....	3

**VMware Systems Administrator****Certificate of Completion - CCL 5033N****This program is not eligible for Title IV Federal Financial Aid  
6 credits****Field of Interest: Computer and Information Technology****For Information:** Martin Bencic**Phone:** 623.845.3237<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in VMware Systems Administrator program is designed to help students prepare for VMware industry certifications and work in a variety of information technology environments including software defined data centers. The program introduces vSphere and VMware ESXi server in the enterprise and covers many aspects of virtualization for VMware ESXi server administration. It includes advanced skills for configuring and maintaining a highly available and scalable virtual infrastructure and is designed to prepare students for the VMware VCA and VCP certification exams. Students can also pursue additional CCLs in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

**Program Notes:** Students must earn a grade of C or better in all courses within the program.

Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

Required courses and restricted electives must be taken within five years prior to completion of the program to be applied toward this award.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also offered at Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, and Scottsdale Community Colleges.

**Admission Criteria:**

This CCL is intended for industry professionals with the requisite experience. To pursue this CCL, students must complete the prerequisites to the courses within the Required Courses area as follows OR receive permission of the Program Director.

CIS105	Survey of Computer Information Systems .....	3
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support (3)	
AND		
+ BPC270	A+ Exam Prep: Operating System Configuration and Support (3) OR	
MST150++	Any Windows Operation Course (3) .....	3-6
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3) .....	3
+ CIS190	Introduction to Networking (3) OR	
CNT140AB	Introduction to Networks (3) .....	3

Students also have the option to complete the full CCL in this

program, VMware Network Administrator (major code 5032), that includes the prerequisites and required courses.

**Program Prerequisites:** None.**Required Courses: (6 credits)****Credits**

+ CIS197	VMware ESXi Server Enterprise .....	3
+ CIS198	VMware vSphere: Optimize and Scale .....	3

**Web App Development****Certificate of Completion - CCL 5835N****This program is not eligible for Title IV Federal Financial Aid  
9-12 credits****Field of Interest: Computer and Information Technology****For Information:** Bill Stewart**Phone:** 623.845.3250<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Web App Development prepares students for employment in entry-level coding, programming, and software development positions with an emphasis on web apps. Courses in this certificate can apply toward the Associate in Applied Science (AAS) in Mobile App Development and CCLs in Mobile App Development and Cross-Platform App Development.

**Program Notes:** Students must earn a grade of C or better for all courses required within the program.

Students should consult with a Department Advisor in arranging their schedules.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also offered at Chandler-Gilbert, GateWay, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.**Required Courses: (9-12 credits)****Credits**

CIS105	Survey of Computer Information Systems (3) OR	
	Permission of Program Director, Department or Division Chair (0) .....	0-3
+ CIS133DA	Internet/Web Development Level I .....	3

**Program Description:** The Certificate of Completion (CCL) in Web Design provides students with comprehensive and focused

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

studies in web design, including advanced image manipulation, vector graphics, page layout, video editing and design principles. A CCL in Web Development and an Associate in Applied Science (AAS) in Web Design/Development are also available.

**Program Notes:** Students must earn a grade of C or better in each course in the program.

Students should consult with a Department Advisor in arranging their schedules.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

#### Required Courses: (36-37 credits) Credits

The following courses are required and also fulfill the requirements for the CCL in Web Foundations:

CIS105	Survey of Computer Information Systems .....	3
CIS120DF	Adobe Photoshop Level I: Digital Imaging .....	3
CIS133DA	Internet/Web Development Level I .....	3
CIS136	Content Management Systems: WordPress .....	3
+ CIS166AA	Introduction to Javascript .....	3
+ CIS233DA	Internet/Web Development Level II .....	3
+ CIS235	e-Commerce .....	3

The following courses are required and fulfill the requirements for the CCL in Web Design:

ADA/ART183	Digital Graphic Arts I (3) OR	
ART100	Introduction to Digital Arts (1)	
AND		
ART181	Graphic Design I (3) OR	
ART112	Two-Dimensional Design (3) .....	3-4
CIS120DB	Computer Graphics: Adobe Illustrator .....	3
CIS120DA	Introduction to Digital Video Editing: Adobe Premiere (3) OR	
CIS120DK	Introduction to Digital Video Editing (3) .....	3
+ CIS138DA	Desktop Design and Publishing Using Adobe InDesign .....	3
+ CIS220DF	Adobe Photoshop Level II: Advanced Digital Imaging .....	3

#### Restricted Electives: (2-6 credits) Credits

Select two to six credits in consultation with your Program Advisor to further develop skills in the areas of Adobe, Art, Social Media, Marketing, Business and/or Multimedia.

## Web Design/Development

**Associate in Applied Science - AAS 3185**  
**60-67 credits**

**Field of Interest: Computer and Information Technology**

**For information:** Bill Stewart

**Phone:** 623.845.3250

<https://www.gccaz.edu/business>

**Program Description:** The Associate in Applied Science (AAS)

in Web Design/Development prepares students to design, create, and administer interactive and professional web sites. Courses focus on "hands-on" experience with web publishing, web graphics preparation, scripting, content management systems and e-commerce solutions. The program provides students a pathway to either develop advanced skills in Web Design or Web Development. Certificates of Completion (CCLs) in Foundational Web Technologies, Web Design and Web Development are also available.

**Program Notes:** Students must earn a grade of C or better in each course in the program.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also is available at Chandler-Gilber, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

#### Required Courses: (21 credits): Credits

In addition to the required coursework, students must consult with a program advisor to select one of the specializations within the Restricted Electives area.

CIS105	Survey of Computer Information Systems .....	3
CIS120DF	Adobe Photoshop Level I: Digital Imaging .....	3
CIS133DA	Internet/Web Development Level I .....	3
CIS136	Content Management Systems: WordPress .....	3
+ CIS166AA	Introduction to Javascript .....	3
+ CIS233DA	Internet/Web Development Level II .....	3
+ CIS235	e-Commerce .....	3

#### Restricted Electives: (17-22 credits) Credits

##### Specialization I Web Design - Credits: 17-22

ADA/ART183	Digital Graphic Arts I (3) OR	
ART100	Introduction to Digital Arts (1)	
AND		
ART181	Graphic Design I (3) OR	
ART112	Two-Dimensional Design (3) .....	3-4
CIS120DA	Introduction to Digital Video Editing: Adobe Premiere (3) OR	
CIS120DK	Introduction to Digital Video Editing (3) .....	3
CIS120DB	Computer Graphics: Adobe Illustrator .....	3
CIS120DC	Adobe Animate: Digital Animation (3) OR	
+ CIS220DF	Adobe Photoshop Level II: Advanced Digital Imaging (3) .....	3
+ CIS138DA	Desktop Design and Publishing Using Adobe InDesign .....	3

Students must select two to six credits in consultation with your program advisor to further develop skills in the areas of Adobe, Art, Social Media, Marketing, Business and/or Multimedia.

##### Specialization II: Web Development - Credits: 18

+ CIS119DO	Introduction to Oracle: SQL (3) OR	
+ CIS276++	Any Database Management Systems course (3) .....	3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3) .....	3
+ CIS166AE	Web Scripting with PHP: Hypertext Preprocessor (PHP) .....	3

Programming Language: Select two courses for a total of six credits.

+ CIS150AB	Object-Oriented Programming Fundamentals .....	3
+ CIS156	Python Programming: Level I .....	3
+ CIS159	Visual Basic Programming I .....	3
+ CIS162++	Any C Programming course .....	3
+ CIS163AA	Java Programming: Level I .....	3
+ CIS165++	Any Mobile Application Development course .....	3
+ CIS256 <sup>1</sup>	Python Programming: Level II .....	3
+ CIS262AD	C# Level II .....	3
+ CIS263AA	Java Programming: Level II .....	3
+ CIS265++	Advanced iOS Application Development .....	3

Students must select three credits of any course with a CIS prefix in consultation with their Program Advisor to further develop skills in the areas of Databases, Information Systems, Programming, and/or Operating Systems.

### General Education Requirements: (22-28 credits)

#### General Education Core: (12-18 credits) Credits

#### First-Year Composition: 6

+ ENG101	First-Year Composition (3) OR
+ ENG107	First-Year Composition for ESL (3)
AND	
+ ENG102	First-Year Composition (3) OR
+ ENG108	First-Year Composition for ESL (3)

#### Oral Communication: 3

Any approved general education course from the Oral Communication area.

#### Critical Reading: 0-3

+ CRE101	College Critical Reading and Critical Thinking (3) OR Equivalent as indicated by assessment.
----------	---

#### Mathematics: 3-6

Any approved general education course in the Mathematics Area.  
(MAT140, MAT141, MAT142, MAT145, MAT146 College Mathematics)  
OR (MAT150, MAT151, MAT152, MAT155, MAT156 College Algebra/  
Functions) OR higher math course with the Mathematical Applications  
[MA] general education designation recommended for students  
intending to transfer to a four-year institution.

MAT187 Precalculus is recommended for students intending to transfer to Arizona State University (Tempe campus) to earn a BS in Graphic Information Technology.

#### General Education Distribution: (10 credits) Credits

#### Humanities, Arts and Design: 3

Any approved general education course from the Humanities, Arts and Design area.

#### Social-Behavioral Sciences: 3

Any approved general education course from the Social-Behavioral Sciences area.

PSY101 Introduction to Psychology is recommended for students intending to transfer to Arizona State University (ASU)-Polytechnic campus to earn a Bachelor of Science in Technical Communication (User Experience) or to ASU-Tempe campus to earn a Bachelor of Science in Graphic Information Technology.

#### Natural Sciences: 4

Any approved general education course from the Natural Sciences area.

## Web Development

**Certificate of Completion - CCL 5988**  
**39 credits**

**Field of Interest: Computer and Information Technology**

**For Information:** Bill Stewart

**Phone:** 623.845.3250

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Web Development prepares students to create and administer interactive and professional websites. The program provides students with knowledge and skills in developing dynamic websites, client and server side programs, database structures, and object-oriented design. A CCL in Web Design and an Associate in Applied Science (AAS) in Web Design/Development are also available.

**Program Notes:** Students must earn a grade of C or better in each course in the program.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also offered at Chandler-Gilbert, Estrella Mountain, GateWay, Mesa, Paradise Valley, Phoenix, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

#### Required Courses: (36 credits) Credits

The following courses are required and included in the CCL in Web Foundations

CIS105	Survey of Computer Information Systems .....	3
CIS120DF	Adobe Photoshop Level I: Digital Imaging .....	3
CIS133DA	Internet/Web Development Level I .....	3
CIS136	Content Management Systems: WordPress .....	3
+ CIS166AA	Introduction to Javascript .....	3
+ CIS233DA	Internet/Web Development Level II .....	3
+ CIS235	e-Commerce .....	3

The following courses are required for CCL Web Development:

+ CIS166AE	Web Scripting with PHP: Hypertext Preprocessor (PHP) .....	3
+ CIS119DO	Introduction to Oracle: SQL (3) OR	
+ CIS276++	Any Database Management Systems course (3) .....	3
CIS126DL	Linux Operating System (3) OR	
CIS126RH	Red Hat System Administration I (3) .....	3

Programming Language: Select two courses for a total of six credits.

+ CIS150AB	Object-Oriented Programming Fundamentals .....	3
+ CIS156	Python Programming: Level I .....	3
+ CIS159	Visual Basic Programming I .....	3
+ CIS162++	Any C Programming course .....	3
+ CIS163AA	Java Programming: Level I .....	3
+ CIS165++	Any Mobile Application Development course .....	3
+ CIS256	Python Programming: Level II .....	3
+ CIS262AD	C# Level II .....	3
+ CIS263AA	Java Programming: Level II .....	3
+ CIS265++	Advanced iOS Application Development .....	3

#### Restricted Electives (3 credits) Credits

Students should select any course with a CIS prefix in consultation with

+ indicates course has pre/corequisites. ++ indicates suffixed courses

<sup>1</sup> Effective Term Fall 2021, <sup>2</sup> Effective Term Spring 2022

their program advisor to further develop skills in the areas of Databases, Information Systems, Programming, and/or Operating Systems ..... 3

- Linguistics (SLC)
- Spanish (SPA)
- Spanish Humanities (SPH)

**Student Goals:** Personal, Career-related, General Education

The study of another language not only provides a language skill, but also helps students understand the customs and cultures of other countries. Glendale Community College offers the opportunity to study a variety of world languages: American Sign Language, Arabic, Chinese, French, German, Japanese, Linguistics (SLC), Spanish, and Spanish Humanities. Students take these courses:

**For Personal Interest:** The standard courses (101, 102, 201, 202 sequence) provide a thorough grounding in basic grammar, pronunciation, and vocabulary in the selected language. The 115-226 sequence is especially recommended for those who wish to focus on conversation mainly for travel needs.

**To Provide Background** for other careers. The 115-116 sequence is recommended.

**To Prepare for a Major** at a four-year institution. Although most language majors with a bachelor's degree enter secondary school teaching, others find jobs in travel bureaus, firms involved in foreign trade, and governmental agencies. Those wishing to become college instructors or professional linguists need advanced training far beyond the bachelor's degree. The 101, 102, 201, 202 sequence in the selected language satisfies university transfer, entrance and graduation requirements.

Other courses may be granted world-language elective credit. Students intending to pursue a baccalaureate degree in a world language should consult with a departmental advisor to plan their program.

**Degree-seeking and transfer students** should consult with a Department Advisor in planning their academic schedule in order to complete degree requirements in an expedient manner.

## Web Foundations

**Certificate of Completion - CCL 5984**

**21 credits**

**Field of Interest:** Computer and Information Technology

**For Information:** Bill Stewart

**Phone:** 623.845.3250

<https://www.gccaz.edu/business>

**Program Description:** The Certificate of Completion (CCL) in Web Foundations introduces students to designing and developing web pages. This CCL prepares students for entry level web positions. CCLs in Web Design and Web Development are available. An Associate in Applied Science (AAS) degree in Web Design/Development is also available.

**Program Notes:** Students must earn a grade of C or better in each course in the program.

Courses within any of the following prefixes must be taken within five years prior to completion of the program to be applied toward this award: AIM, BPC, CIS, CLD, CNT, CSC, ITS, and MST.<sup>1</sup>

This program also offered at Chandler-Gilbert, Estrella Mountain, Mesa, Paradise Valley, Phoenix, Rio Salado, Scottsdale, and South Mountain Community Colleges.

**Program Prerequisites:** None.

**Required Courses: (21 credits)**

**Credits**

CIS105	Survey of Computer Information Systems .....	3
CIS120DF	Adobe Photoshop Level I: Digital Imaging .....	3
CIS133DA	Internet/Web Development Level I .....	3
CIS136	Content Management Systems: WordPress .....	3
+ CIS166AA	Introduction to Javascript .....	3
+ CIS233DA	Internet/Web Development Level II .....	3
+ CIS235	e-Commerce .....	3

## World Languages

**General Information**

**Field of Interest:** Culture and Society

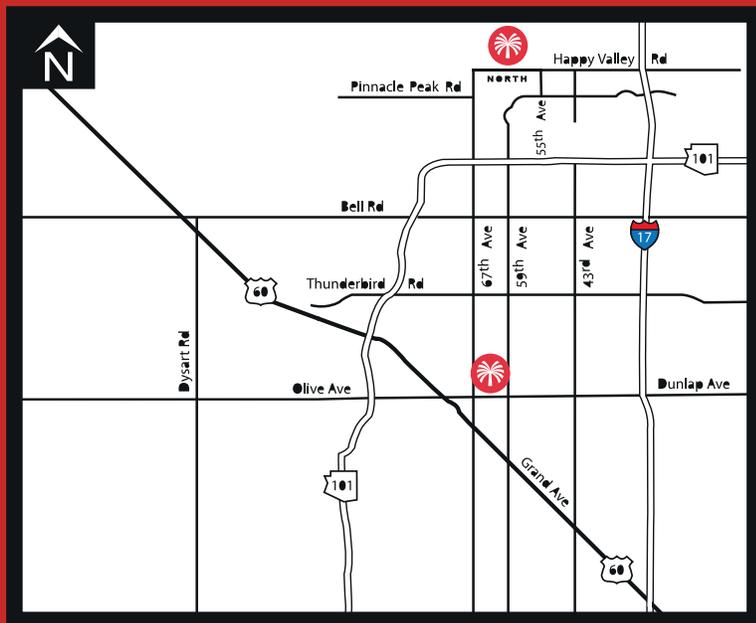

**For Information:** Dr. Bel Quiros-Winemiller

**Phone:** 623.845.3744

<https://www.gccaz.edu/communication>

The following world language course descriptions can be found using the website for the Center for Curriculum and Transfer Articulation (CCTA): <https://curriculum.maricopa.edu/curriculum/courses/search-course-bank>:

- American Sign Language (ASL) (Contact Raymond Baesler, 623.845.3640)
- Arabic (ARB)
- Chinese (CHI)
- French (FRE)
- German (GER)
- Japanese (JPN),

### Non-Discrimination Statement - Reference MCCCC AR 5.1.2

The Maricopa County Community College District (MCCCCD) is an EEO/AA institution and an equal opportunity employer of protected veterans and individuals with disabilities. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, age, or national origin. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of the District.

The Maricopa County Community College District does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs or activities. For Title IX/504 concerns, call the following number to reach the appointed coordinator: (480) 731-8499. For additional information, as well as a listing of all coordinators within the Maricopa College system, visit <http://www.maricopa.edu/non-discrimination>.

El distrito de Los Colegios Comunitarios de Maricopa (cuyas siglas en inglés son MCCCCD) es una institución EEO/AA y un empleador con igualdad de oportunidades para veteranos protegidos y personas con discapacidades. Todos los solicitantes calificados recibirán consideración para empleo sin considerar raza, color, religión, sexo, orientación sexual, identidad de género, u origen nacional. La falta de destrezas del idioma inglés no es un impedimento para admisión y participación en programas de educación Técnica del distrito.

El distrito de Los Colegios Comunitarios de Maricopa no discriminan con base a raza, color, origen nacional, sexo, discapacidad o edad en sus programas o actividades. Sí tiene preguntas sobre título IX/504, llama al siguiente número para comunicarse con el coordinador designado: (480) 731-8499. Para obtener información adicional, así como una lista de todos los coordinadores dentro del sistema de Colegios Comunitarios de Maricopa, visite: <http://www.maricopa.edu/non-discrimination>.

**Maricopa County Community College District (MCCCD)**  
**2021-2022 General Academic Policies for Associate Degrees Designed for University Transfer**

**The following academic policies govern the associate degrees designed for university transfer:** Associate in Arts (AA); Associate in Arts, Elementary Education (AAEE); Associate in Arts, Fine Arts (AAFA); Associate in Business-General Requirements (ABUS-GR); Associate in Business-Special Requirements (ABUS-SR); and Associate in Science (AS). *Note that academic policies that govern the Associate in General Studies (AGS) and Associate in Applied Science (AAS) degrees are listed separately, with the requirements for each of those degrees.*

- The graduation policies within the general catalog must be satisfied (administrative regulation 2.3.9).
- Minimum semester credits for completion vary slightly by degree and specific emphasis (when applicable). Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for credit minimums for individual degree programs.
- Credits completed toward these minimums must be in courses numbered 100 or above with a grade of “C” or better. These credits must include a minimum of 35\* in satisfaction of the requirements of the Arizona General Education Curriculum (AGEC) along with a maximum of 6 credits towards MCCCD’s Additional Requirements.
- Detailed degree requirements are maintained by the Center for Curriculum and Transfer Articulation (CCTA); refer to the program search at <https://curriculum.maricopa.edu/>.

**General Education Requirements:**

- The AGEC requirements include a designated number of courses approved for each of the following areas:
  - First Year Composition [FYC]
  - Mathematical Applications [MA]
  - Computer/Statistics/Quantitative Applications [CS] (not required for Associate in Science)
  - Literacy and Critical Inquiry [L]
  - Humanities, Arts and Design [HU]
  - Social-Behavioral Sciences [SB]
  - Natural Sciences: Science Quantitative [SQ], Science General [SG]
  - Awareness Area: Cultural Diversity in the U.S. [C]
  - Awareness Area: Global [G] or Historical [H] Awareness
- Note that there are three different AGECS each aligning with a different subset of associate Degrees--AGEC-A for the AA, AAEE, and AAFA degrees, AGEC-B for the ABUS-GR and ABUS-SR degrees, and AGEC-S for the AS degree. For some types of AGECS/Associate degrees, students are allowed to choose from a broad list of courses; for others the courses are more restricted or even specified.
- A single course can simultaneously count toward one or more Awareness Areas, other AGEC requirements, MCCCD Additional Requirements and, for some degree types, other lower division courses used to meet the degree requirements. For example, CRE101 may be used to satisfy both the MCCCD Reading Requirement and the Literacy and Critical Inquiry area [L] of the AGEC core. While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree.
- Except for the Associate in Science (AS) degree, a single course cannot be used to satisfy more than one AGEC requirement, with the exception of Awareness Areas. For example, a course cannot be used to satisfy [HU] and [SB], but a course can be used to meet [HU] and [C],[G] and/or [H].
- The AGEC-A and AGEC-B require a minimum of 35 credits\* and the AGEC-S requires a minimum of 36 credits\*, however, the AGEC credit count within the total credits for a degree may be under these minimums if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Awareness Areas and MCCCD’s Additional Requirements may also be shared with AGEC Core Areas. Optimizing credits in this way is often recommended because some programs and universities limit transferable credits at 64.
- All MCCCD courses applied to the AGEC must be completed with a grade of “C” or better.

- All MCCCDC courses applied to the AGECE must be accepted for transfer credit as a direct equivalent, departmental elective, or general elective credit at ASU, NAU, and UAZ according to the Course Equivalency Guide for the academic year in which the course was taken. Courses applied exclusively to the Bachelor of Applied Science are ineligible for inclusion in the AGECE.

#### **Coursework beyond General Education:**

- For some degree types, the additional coursework required to complete the degree is specified while others offer the student more latitude. See degree checksheets for more complete description. Consultation with an academic advisor about course selection is always recommended.
- Oral Communication and Critical Reading are MCCCDC Additional Requirements required for Associate in Arts, Associate in Arts, Elementary Education, Associate in Arts, Fine Arts and Associate in Science degrees. Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for acceptable options to meet these requirements for individual degree programs.
- Within the Restricted Electives, course recommendations are made for specific transfer institutions. Students should select a transfer plan (group of courses) based on their intended transfer institution. However, not all transfer institutions are reflected in these recommendations. Therefore, students may instead meet the minimum number of Restricted Elective credits using a combination of courses from the transfer plans listed. Restricted Electives should be selected in consultation with an academic, faculty, or program advisor.
- Note that some majors require up to a 4th semester proficiency (202-course level) in a non-English language. Students should consult with an academic advisor to discuss options to complete these requirements.
- General Electives may need to be selected to meet the minimum total credits required for the degree. Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives, (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: [aztransfer.com](http://aztransfer.com), [curriculum.maricopa.edu](http://curriculum.maricopa.edu), as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.
- Any course cross-referenced under another prefix(es) (for example ENH291/EDU291-Children's Literature) covers identical content and its credits can only be counted once toward requirements.

#### **Transfer Credit from Institutions Outside of MCCCDC:**

- Credits transferred from outside of MCCCDC must be at a grade of "C" (2.0 on a 4.0 scale) or better. Transfer credit graded pass/fail or pass/no credit may be used to satisfy AGECE requirements if documentation collected by the community college indicates that this was the only grading option available and that the Pass grade ("P") is equivalent to a "C" or better.
- External courses evaluated either as equivalent to an MCCCDC course or as elective credit may be applied toward the minimum credits for degree completion.
- The AGECE (Arizona General Education Curriculum) designations of courses completed at other Arizona public colleges or universities will be applied as listed on AZTransfer's Course Equivalency Guide (CEG) for the semester(s) in which the course(s) were completed. If a transcript evaluation determines there is no MCCCDC direct equivalency to a course from another Arizona public college or university, applicability to AGECE and/or associate degree requirements will be based on the source institution's AGECE designation for the semester in which the course was completed.
- Courses from private, out-of-state, and/or online institutions (i.e., outside of the Arizona Transfer System comprised of Arizona's public community colleges, tribal colleges and universities) will be applied toward AGECE and/or associate degree requirements based on the courses' evaluated MCCCDC equivalence. If courses are not directly equivalent, the credit may be articulated as a departmental elective, and if deemed appropriate, may have a general education designation applied to the course.

- Credit awarded at a Maricopa Community College through prior learning assessment is transferable to the other colleges in the district but is not necessarily transferable to other colleges and universities. No more than 20 such assessed semester credit hours may be applied toward AGECE, and no more than 30 credits (including up to 20 toward AGECE) may be applied toward a degree.

**Completion and Transfer:**

- Completion of the AGECE with a minimum Grade Point Average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. It does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment.
- While MCCCDC's associate degrees are designed to facilitate a seamless transfer to other Arizona institutions, courses may be transferable and/or meet associate degree requirements, but may not necessarily meet the specific requirements of a particular degree, major, or area of emphasis at another institution.

Students planning to transfer to another college or university are urged to refer to university requirements and academic advisors from both institutions to be certain that all their selected coursework is applicable to the requirements of their intended transfer degree and within their allowed transferable credit limit. For some majors, the statewide Common Course matrix and AZTransfer Major Guides at [aztransfer.com](http://aztransfer.com) and/or university transfer guides can also provide some guidance. For appropriate course selection, students should consult with an academic advisor.

\*Credit minimums may be lower if students have transfer credit from ASU, NAU or UAZ for a single course that meets First Year Composition in full. See notes on individual degree policies.

**Maricopa County Community College District (MCCCD)  
2021-2022 Arizona General Education Curriculum (AGEC) – A, B, S**

**Description**

The Maricopa County Community College District Arizona General Education Curriculum (MCCCD AGEC) is a general education certificate that fulfills lower-division general education requirements for students planning to transfer to any Arizona public community college or university. Generally, the MCCCD AGEC transfers as a block without loss of credit. The AGEC-A and AGEC-B require a minimum of 35\* credit hours, and the AGEC-S requires a minimum of 36\* credit hours.

In most cases, all courses used to satisfy the MCCCD AGEC will apply to graduation requirements of the university major for which the AGEC was designed.

There are three types of AGECS in MCCCD: AGEC-A, AGEC-B, and AGEC-S. As described below, these AGECS are also a component of most MCCCD associate degrees and comparable degrees at other Arizona public community colleges. The AGEC-A defines the general education requirements in the Associate in Arts (AA), Associate in Arts, Elementary Education (AAEE), and the Associate in Arts, Fine Arts (AAFA) degrees. The AGEC-B defines the general education requirements in the Associate in Business-General Requirements (ABUS-GR) and Associate in Business-Special Requirements (ABUS-SR) degrees. The AGEC-S defines the general education requirements in the Associate in Science (AS) degree.

As described in more detail below, all AGECS require designated courses in First Year Composition [FYC], Literacy and Critical Inquiry [L], Mathematical Studies [MA/CS] (Exception: The AGEC-S does not require CS.), Social-Behavioral Sciences [SB], Humanities, Design and Fine Arts [HU], and Natural Science [SQ/SG]. Students must satisfy two Awareness areas: Cultural Diversity in U.S. and either Global Awareness or Historical Awareness.

**Purpose of the AGECS**

AGECS were designed to articulate with different academic majors, and their particular requirements vary accordingly. In some major-specific pathways, students are allowed to choose from a broad list of courses to satisfy the AGEC requirements; for others the courses are more restricted or even specified. Additional information on academic majors at the Arizona public universities can be accessed via the following website: [www.aztransfer.com](http://www.aztransfer.com)

1. The **AGEC-A** is designed to satisfy requirements in many liberal arts majors as well as other majors that articulate with an Associate in Arts degree (e.g., social sciences, fine arts, humanities, elementary education). AGEC-A requires a minimum of college mathematics or college algebra to satisfy the Mathematics [MA] requirement.
2. The **AGEC-B** is designed to satisfy requirements in business majors that articulate with the Associate in Business. AGEC-B requires a minimum of brief calculus to satisfy the Mathematics [MA] requirement.
3. The **AGEC-S** is designed to satisfy requirements in majors with more prescriptive mathematics and mathematics-based science requirements such as many in the sciences, technology, engineering and mathematics. AGEC-S requires a minimum of the first course in a calculus sequence to satisfy the Mathematics [MA] requirement, and a minimum of eight credits of either university chemistry, university physics, general biology for majors, or physical and historical geology to satisfy the Natural Sciences [SQ/SG] requirement. In addition, students must select six to ten additional credits of Subject Options comprised of math and/or science appropriate to their major.

**Academic Policies that Govern the AGEC-A, -B, -S**

- Requires completion of at least 35 credit hours\* (AGEC-A, AGEC-B) and 36 credit hours\* (AGEC-S) in courses numbered 100 and above and that a minimum of 12 of those credits be taken at one or any combination of the MCCCD colleges. See First Year Composition [FYC] notes in the following AGEC descriptions and footer for credit minimum exceptions.\*
- All MCCCD courses applied to the AGEC must be completed with a grade of “C” or better.
- All MCCCD courses applied to the AGEC must be accepted for transfer credit as a direct equivalent, departmental elective, or general elective credit at ASU, NAU, and UAZ according to the Course Equivalency Guide for the

academic year in which the course was taken. Courses applied exclusively to the Bachelor of Applied Science are ineligible for inclusion in the AGEC.

- A single course can simultaneously count toward one or more Awareness Areas and other AGEC requirements. For example, a course in world geography can be used to satisfy [SB] and [G] requirements. While multiple requirements can be met with a single course, the credits for that course are only counted one time toward the required minimum total for the AGEC. Except as detailed below for the AGEC-S, a single course cannot be used to satisfy more than one AGEC requirement, with the exception of Awareness Areas.
- The AGEC-A and AGEC-B require a minimum of 35\* credits and the AGEC-S requires a minimum of 36\* credits, however, the AGEC credit count within the total credits for a degree may be lower than these minimums if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Awareness Areas and MCCC'D's Additional Requirements may also be shared with other AGEC Requirements. Optimizing credits in this way is often recommended because some programs and universities limit transferable credits at 64.

### **Transfer Credit from Institutions Outside of MCCC'D**

- Credits transferred from outside of MCCC'D must be a grade of "C" (2.0 on a 4.0 scale) or better. Transfer credit graded pass/fail or pass/no credit may be used to satisfy AGEC requirements if documentation collected by the community college indicates that this was the only grading option available and that the Pass grade ("P") is equivalent to a "C" or better.
- External courses evaluated either as equivalent to an MCCC'D course or as elective credit may be applied toward the minimum credits for degree completion.
- The AGEC (Arizona General Education Curriculum) designations of courses completed at other Arizona public colleges or universities will be applied as listed on AZTransfer's Course Equivalency Guide (CEG) for the semester(s) in which the course(s) were completed. If a transcript evaluation determines there is no MCCC'D direct equivalency to a course from another Arizona public college or university, applicability to AGEC and/or associate degree requirements will be based on the source institution's AGEC designation for the semester in which the course was completed.
- Courses from private, out-of-state, and/or online institutions (i.e., outside of the Arizona Transfer System comprised of Arizona's public community colleges, tribal colleges and universities) will be applied toward AGEC and/or associate degree requirements based on the courses' evaluated MCCC'D equivalence. If courses are not directly equivalent, the credit may be articulated as a departmental elective, and if deemed appropriate, may have a general education designation applied to the course.
- Credit awarded at a Maricopa Community College through prior learning assessment in non-traditional setting is transferable to the other colleges in the MCCC district but is not necessarily transferable to other colleges and universities. No more than 20 such assessed semester credit hours may be applied toward AGEC.

### **Completion and Transfer**

- Completion of the AGEC with a minimum grade point average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. It does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment.
- Students planning to transfer to another college or university are urged to refer to university requirements and academic advisors from both institutions to be certain that all their selected coursework is applicable to the requirements of their intended transfer degree. For some majors, the statewide Common Course matrix, AZTransfer Pathway Guides and/or University Transfer Guides posted on the AZTransfer website can also provide some guidance. For appropriate course selection, students should consult with an academic advisor.

### **AGEC Requirements**

Descriptions and definitions of the requirements for each of the three AGECS follow. The following website identifies the courses that apply to the different requirements within each AGEC:

[AGEC matrix](#). Courses available for both Areas during a current or upcoming semester can also be found using the "Find a

Class” tool on maricopa.edu and on each MCCCDC college’s website.

Note that for students pursuing an associate degree with a specific emphasis (for example: Associate in Arts, Emphasis in History, Associate in Arts, Fine Arts, Emphasis in Theatre, Associate in Science, Emphasis in Physics), the AGEC course requirements are usually more prescriptive. Students pursuing a major-specific pathway should consult the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for specific degree and AGEC requirements. Consultation with an academic advisor about course selection is always recommended.

Credits

**Arizona General Education Curriculum--Arts (AGEC-A)..... 35 (min.)\***

The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)\*, however, the AGEC credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)\* within an associate degree provided that all requirements listed below are completed.

Courses applied to meet AGEC-A requirements vary by emphasis. Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.

- A. First-Year Composition [FYC]..... **6\***
  - ENG101 OR ENG107..... (3)\*
  - AND ENG102 OR ENG108..... (3)\*
- B. Literacy and Critical Inquiry [L]..... **3**
- C. Mathematical Applications [MA]..... **3-6**
  - Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre calculus (MAT187) or higher [MA]-approved general education course.
- D. Computer/Statistics/Quantitative Applications [CS]..... **3**
- E. Humanities, Arts and Design [HU]..... **6**
  - Students are encouraged to choose course work from more than one discipline.
- F. Social-Behavioral Sciences [SB]..... **6**
  - Students are encouraged to choose course work from more than one discipline.
- G. Natural Sciences [SQ/SG]..... **8**
  - The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.
- H. Awareness Areas..... **0-6**
  - Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s). (See AGEC matrix for current course values.)
  - 1. Cultural Diversity in the United States [C]..... (0-3)
  - 2. Global Awareness [G] OR Historical Awareness [H]..... (0-3)

\*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

Credits

**Arizona General Education Curriculum - Business (AGEC-B)..... 35 (min.)\***

The AGECE-B requires a minimum of 35 credits (32 if FYC is met by single transfer course)\*, however, the AGECE credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the total for the degree. Therefore, the AGECE-B may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)\* within an associate degree provided that all requirements listed below are completed.

Courses applied to meet AGECE-B requirements vary by emphasis. Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGECE requirements, Required Course(s) or Restricted Elective(s). AGECE designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See [AGECE matrix](#) for each course's value(s) in the semester it is taken.

- A. First-Year Composition [FYC]..... **6\***
  - ENG101 OR ENG107 AND..... (3)\*
  - ENG102 OR ENG108..... (3)\*
- B. Literacy and Critical Inquiry [L]..... **3**
- C. Mathematical Applications [MA]..... **3-5**
  - MAT212 Brief Calculus OR..... (3)
  - MAT213 Brief Calculus OR..... (4)
  - Higher [MA] designated course..... (3-5)
- D. Computer/Statistics/Quantitative Applications [CS]..... **3**
  - CIS105 Survey of Computer Information Systems
- E. Humanities, Arts and Design [HU]..... **6**
  - Students are encouraged to choose course work from more than one discipline.
- F. Social-Behavioral Sciences [SB]..... **6**
  - ECN211 Macroeconomics AND ECN212 Microeconomics
- G. Natural Sciences [SQ/SG]..... **8**
  - The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.
- H. Awareness Areas..... **0-6**
  - Courses may be used to satisfy other AGECE requirements and one or more Awareness Area(s). (See [AGECE matrix](#) for current course values.)
  - 1. Cultural Diversity in the United States [C]..... (0-3)
  - 2. Global Awareness [G] OR Historical Awareness [H]..... (0-3)

\*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

Credits

**Arizona General Education Curriculum--Science (AGEC-S)..... 36 (min.)\***

The AGECS requires a minimum of 36 credits (33 if FYC is met by single transfer course)\*, however, the AGECS credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the total for the degree. Therefore, the AGECS may be met with fewer than 36 credits (fewer than 33 if FYC is met by single transfer course)\* within an associate degree provided that all requirements listed below are completed.

Courses applied to meet AGECS requirements vary by emphasis. Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGECS requirements, Required Course(s) or Restricted Elective(s). AGECS designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See [AGECS matrix](#) for each course's value(s) in the semester it is taken.

- A. First-Year Composition [FYC]..... **6\***
  - ENG101 OR ENG107..... (3)\*
  - AND ENG102 OR ENG108..... (3)\*
- B. Literacy and Critical Inquiry [L]..... **0-3\*\***

Students are strongly encouraged to choose an [L] course that also has [HU] or [SB] designation or to use CRE101 or COM225 from the Maricopa Additional Requirements Area to satisfy the [L] requirement. It may also have been approved to satisfy one or more Awareness Areas ([C], [G], [H]). (AGECS designations are subject to change. See [AGECS matrix](#) for each course's value(s) in the semester it is taken.)
- C. Mathematical Applications [MA]..... **4-5**

Requires the first semester of calculus courses designed for scientists and engineers (MAT220 or MAT221) or any other [MA] designated course for which Calculus I is a pre-requisite.
- D. Humanities, Arts and Design [HU]..... **6**

For the AGECS, a single course with both [HU] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well. (AGECS designations are subject to change. See [AGECS matrix](#) for each course's value(s) in the semester it is taken.)
- E. Social-Behavioral Sciences [SB]..... **6**

For the AGECS, a single course with both [SB] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well. (AGECS designations are subject to change. See [AGECS matrix](#) for each course's value(s) in the semester it is taken.)
- F. Natural Sciences [SQ/SG]..... **8-10**

Students must complete eight (8) credits of General Chemistry, University Physics, General Biology for Majors, or Physical and Historical Geology. Consult specific requirements of university transfer major for guidance.

  - [(CHM150 or CHM151) & CHM151LL] or
  - CHM150AA or CHM151AA General Chemistry I
  - AND
  - [CHM152 & CHM152LL] or CHM152AA General Chemistry II
  - OR**
  - PHY115 or PHY121 University Physics I
  - AND

PHY116 or PHY131 University Physics II

**OR**

BIO181 or BIO181XT General Biology (Majors) I

AND

BIO182 or BIO182XT General Biology (Majors) II

**OR**

GLG101IN Introduction to Geology I - Physical or

GLG101 Introduction to Geology I - Physical Lecture and

GLG103 Introduction to Geology I – Physical Lab

AND

GLG102IN Introduction to Geology II – Historical or

GLG102 Introduction to Geology II - Historical Lecture and

GLG104 Introduction to Geology II – Historical Lab

G. Subject Options - Math/Science..... **6-10**

Refer to transfer resources, including academic advisement and transfer guides, to select six (6)-ten (10) additional math and/or science credits that meet requirements for selected major.

Select Mathematics course(s) [MAT] above Calculus I and/or

Computer Science course(s) [CSC] and/or

Science courses from the following disciplines: Astronomy, Biology,

Botany, Chemistry, Engineering, Environmental Science, Geology,

Physical Geography, Physics, Zoology (MCCCD prefixes AST, BIO

(except BIO174), CHM, ECE, EEE, ENV, GLG, GPH, and/or PHY)

H. Awareness Areas..... **0-6**

Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s). (See [AGEC matrix](#) for current course values.)

1. Cultural Diversity in the United States [C]..... (0-3)

2. Global Awareness [G] OR Historical Awareness [H]..... (0-3)

\*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

\*\*0 only if shared with HU or SB

## AGEC Area Requirements Descriptions/Definitions

### First-Year Composition (FYC)

First-Year Composition courses emphasize skills necessary for college-level expository writing, including correct grammar and punctuation, logical organization of ideas, and identification of supporting documentation.

### Literacy and Critical Inquiry [L]

In the [L] course students, typically at the sophomore level, gather, interpret, and evaluate evidence and express their findings in writing or speech. This course includes a series of graded written or spoken formal assignments.

Literacy is defined broadly as communicative competence in written and oral discourse; critical inquiry is defined as the gathering, interpreting, and evaluating of evidence. Building on the proficiency attained in traditional First-Year Composition courses, the Literacy and Critical Inquiry [L] requirement sustains and extends students' ability to thoughtfully use and critically analyze written and/or spoken language.

### Mathematical Applications [MA]

The Mathematical Studies requirement is intended to ensure that students have requisite skill in mathematics appropriate for their discipline and can apply mathematical analysis in their chosen fields.

**Computer/Statistics/Quantitative Applications [CS]**

AGEC-A and AGECE-B require a course that emphasizes the use of statistics, other mathematical methods, computer programming languages and/or software in the interpretation of data and in describing and analyzing quantitative relationships.

**Humanities, Arts and Design [HU]**

The study of the humanities and the disciplines of art and design deepen awareness of the complexities of the human condition and its diverse histories and cultures. Courses in the humanities are devoted to the production of human thought and imagination, particularly in philosophical, historical, religious and artistic traditions. Courses with an emphasis in fine arts and design are devoted to the study of aesthetic experiences and the processes of artistic creation. They may also feature a design emphasis in which material culture is studied as a product of human thought and imagination.

**Social-Behavioral Sciences [SB]**

Social-Behavioral Sciences provide scientific methods of inquiry and empirical knowledge about human behavior, both within society and within individuals. This area of emphasis in general education curriculum may include study of such disciplines as anthropology, economics, history, political science, psychology, or sociology. The courses in this area address the challenge of understanding the diverse natures of individuals and cultural groups who live together in a complex and evolving world.

**Natural Sciences [SQ/SG]** In addition to an understanding of basic scientific principles and concepts, courses in the Natural Sciences are designed to help students appreciate, from firsthand laboratory and/or field research experience, the nature of science as a process that embraces curiosity, inquiry, testing, and communication to better understand natural phenomena. At least one of the two natural science courses must include an introduction to the fundamental behavior of matter and energy in physical or biological systems.

**AWARENESS AREAS**

Students must satisfy two Awareness areas: Cultural Diversity in U.S. and either Global Awareness or Historical Awareness. Courses can satisfy other AGECE requirements and one or two Awareness areas simultaneously. Therefore, no additional semester credits are required to satisfy the two Awareness areas.

**Cultural Diversity in the United States [C]**

The contemporary "culture" of the United States involves the complex interplay of many different cultures that exist side by side in various states of harmony and conflict. U.S. history involves the experiences not only of different groups of European immigrants and their descendants, but also of diverse groups of American Indians, Hispanic Americans, African Americans and Asian Americans--all of whom played significant roles in the development of contemporary culture and together shape the future of the United States. At the same time, the recognition that gender, class, and religious differences cut across all distinctions of race and ethnicity offers an even richer variety of perspectives from which to view one. Awareness of cultural diversity and its multiple sources can illuminate the collective past, present, and future and can help to foster greater mutual understanding and respect.

The objective of the Cultural Diversity area requirement is to promote awareness of and appreciation for cultural diversity within the contemporary United States. This is accomplished through the study of the cultural, social, or scientific contributions of women and minority groups, examination of their experiences in the United States, or exploration of successful or unsuccessful interactions between and among cultural groups.

**Global Awareness [G]**

Human organizations and relationships have evolved from being family and village centered to the modern global interdependence that is apparent in many disciplines--for example, contemporary art, business, engineering, music, and the natural and social sciences. Many serious local and national problems are world issues that require solutions which exhibit mutuality and reciprocity. These problems occur in a wide variety of activities, such as food supply, ecology, health care delivery, language planning, information exchange, economic and social developments, law, technology transfer, and even philosophy and the arts. The Global Awareness Area recognizes the need for an understanding of the values, elements, and social processes of cultures other than the culture of the United States. The Global Awareness Area includes courses that recognize the nature of other contemporary cultures and the relationship of the American cultural system to generic human goals and welfare.

Courses that satisfy the global awareness option in the requirements are of one or more of the following types:

1. Area studies that are concerned with an examination of culture-specific elements of a region of the world;
2. The study of a non-English language;
3. Studies of international relationships, particularly those in which cultural change is facilitated by such factors as social and economic development, education, and the transfer of technology; and
4. Studies of cultural interrelationships of global scope such as the global interdependence produced by problems of world ecology.

### **Historical Awareness [H]**

The Historical Awareness Area option in the requirements aims to develop a knowledge of the past that can be useful in shaping the present and future. Because historical forces and traditions have created modern life and lie just beneath its surface, historical awareness is an aid in the analysis of present-day problems. Also, because the historical past is a source of social and national identity, historical study can produce intercultural understanding by tracing cultural differences to their origins. Even the remote past may have instructive analogies for the present.

The Historical Awareness Area consists of courses that are historical in method and content. In this area, the term “history” designates a sequence of past events or a narrative whose intent or effect is to represent such a sequence.

The requirement presumes that these are human events and that history includes all that has been felt, thought, imagined, said, and done by human beings. History is present in the languages, art, music, literature, philosophy, religion, and the natural sciences, as well as in the social science traditionally called history.

**Maricopa County Community College District (MCCCD)  
2021-2022 Associate in Arts (AA) Degree**

**Description**

The Maricopa County Community College District Associate in Arts (AA) degree requires a minimum of 60 semester credits for the program of study; minimum total credits vary by specific emphasis (for example, Associate in Arts, Emphasis in Psychology). Refer to the Program (Degree) Search at <https://curriculum.maricopa.edu/> for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. The AA degree is governed by the [MCCCD General Academic Policies for Associate Degrees Designed for University Transfer](#).

The Associate in Arts degree includes the following components:

- I. Program Prerequisites (if applicable, for versions with an emphasis only)
- II. Required Courses (for versions with an emphasis only)
- III. Restricted Electives (for versions with an emphasis only)
- IV. Arizona General Education Curriculum for Arts (AGEC-A)
- V. MCCCD Additional Requirements (Oral Communication and Critical Reading)
- VI. General Electives (if needed to reach minimum credits for degree)

**Purpose of the Degree**

The Associate in Arts (AA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Liberal Arts or programs of study other than business or science. Generally, the degree will transfer as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

In most cases, courses used to satisfy the MCCCD Associate in Arts (AA) will apply to general university graduation requirements of the majors that align with the AA degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AA with majors at the Arizona public universities can be accessed via the following website: [www.aztransfer.com](http://www.aztransfer.com)

**Degree Requirements**

The requirements for the Associate in Arts (AA) follow. No versions of the Associate in Arts require fewer than a minimum of 60 credits; however, minimum credits for the AA vary by specific emphasis. Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for credit minimums by emphasis. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: [AGEC-A](#) and the [AGEC matrix](#). Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on [maricopa.edu](http://maricopa.edu) and on each MCCCD college’s website.

**Requirements**

**Credits**

<b>I. Program Prerequisites.....</b>	<b>Number varies</b>
Program prerequisites for the Associate in Arts degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at <a href="http://curriculum.maricopa.edu">curriculum.maricopa.edu</a> for specific courses and credit minimums by emphasis.	

<b>II. Required Courses</b> .....	<b>Number varies</b>
Required (major-specific) courses for the Associate in Arts degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at <a href="http://curriculum.maricopa.edu">curriculum.maricopa.edu</a> for specific courses and credit minimums by emphasis.	
<b>III. Restricted Electives</b> .....	<b>Number varies</b>
Restricted electives for the Associate in Arts degree vary by specific emphasis, and are not required for version of the degree without a specific emphasis. Refer to the Program (Degree) Search at <a href="http://curriculum.maricopa.edu">curriculum.maricopa.edu</a> for specific courses and credit minimums by emphasis.	
<b>IV. Arizona General Education Curriculum--Arts (AGEC-A)</b> .....	<b>up to 44</b>
The AGECE-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, prerequisite/required/restricted elective courses may also meet AGECE-A requirements and credits count once toward the total for the degree. Therefore, the AGECE-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* as long as all requirements listed in this section (IV) are completed.	
Courses applied to meet AGECE-A requirements vary by emphasis. Refer to the Program (Degree) Search at <a href="http://curriculum.maricopa.edu">curriculum.maricopa.edu</a> for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well other AGECE requirements, Required Course(s) or Restricted Elective(s). AGECE designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See <a href="#">AGECE matrix</a> for each course's value(s) in the semester it is taken.	
A. First-Year Composition [FYC].....	<b>6*</b>
ENG101 OR ENG107.....	<b>(3)*</b>
AND ENG102 OR ENG108.....	<b>(3)*</b>
B. Literacy and Critical Inquiry [L].....	<b>3</b>
C. Mathematical Applications [MA].....	<b>3-6</b>
Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre calculus (MAT187) or higher [MA]-approved general education course.	
D. Computer/Statistics/Quantitative Applications [CS].....	<b>3</b>
E. Humanities, Arts and Design [HU].....	<b>6</b>
Students are encouraged to choose course work from more than one discipline.	
F. Social-Behavioral Sciences [SB].....	<b>6</b>
Students are encouraged to choose course work from more than one discipline.	
G. Natural Sciences [SQ/SG].....	<b>8</b>
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.	
H. Awareness Areas.....	<b>0-6</b>
Courses may be used to satisfy other AGECE requirements and one or more Awareness Area(s). (See <a href="#">AGECE matrix</a> for current course values.)	
1. Cultural Diversity in the United States [C].....	<b>(0-3)</b>
2. Global Awareness [G] OR Historical Awareness [H].....	<b>(0-3)</b>
<b>V. MCCC Additional Requirements</b> .....	<b>0-6</b>
As noted below, courses in this area may also be applied toward AGECE-A requirements.	

- A. Oral Communication ..... (0-3)  
 COM100 [SB] Introduction to Human Communication OR  
 COM110 [SB] Interpersonal Communication OR  
 COM225 [L] Public Speaking OR  
 COM230 [SB] Small Group Communication (3 credits) OR  
 COM100AA & COM100AB & COM100AC [SB] (3 credits) OR  
 COM110AA & COM110AB & COM110AC [SB] (3 credits)
- B. Critical Reading..... (0-3)  
 CRE101 [L] Critical Reading OR equivalent as indicated by assessment

**VI. General Electives..... 0-28**

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona’s public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: [aztransfer.com](http://aztransfer.com), <https://www.maricopa.edu/degrees-certificates/transfer/pathways-partners>, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

**TOTAL..... 60-64\*\***

\*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

\*\*64 semester credits is the maximum accepted toward most degree programs at Arizona’s public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

**Maricopa County Community College District (MCCCD)  
2021-2022 Associate in Arts, Elementary Education (AAEE) Degree**

**Description**

The Maricopa County Community College District Associate in Arts, Elementary Education (AAEE) degree requires a minimum of 60 semester credits for the program of study. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. The AAEE degree is governed by the [MCCCD General Academic Policies for Transfer Degrees](#).

The Associate in Arts, Elementary Education degree includes the following components:

- I. Required Courses
- II. Restricted Electives
- III. Arizona General Education Curriculum for Arts (AGEC-A)
- IV. MCCCD Additional Requirements (Oral Communication and Critical Reading)

**Purpose of the Degree**

The Associate in Arts, Elementary Education (AAEE) degree is designed for the student who plans to transfer to an Elementary Education, Early Childhood, Multicultural/Multilingual, or Special Education program at an Arizona public higher education institution and/or who plans to become a classroom instructional aide. Generally, the degree transfers as a block without loss of credit to Arizona's public universities, and in most cases, its required courses apply to graduation requirements for these Education majors.

**Degree Requirements**

The requirements for the Associate in Arts in Elementary Education follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-A and the AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on maricopa.edu and on each MCCCD college’s website.

<u><b>Requirements</b></u>	<u><b>Credits</b></u>
<b>I. Required Courses</b> .....	<b>17</b>
EDU221 Introduction to Education.....	(3)
EDU222 Introduction to the Exceptional Learner.....	(3)
EDU230 Cultural Diversity in Education.....	(3)
MAT256 Investigating Quantity: Number, Operations, and Numeration Systems.....	(4)
MAT257 Investigating Geometry, Probability, and Statistics.....	(4)
<b>II. Restricted Electives</b> .....	<b>8</b>
A total of 8 semester credits is required to satisfy the Electives for Arizona Professional Teacher Standards: 3 credits in an additional Education course and 5 credits in Content Area Electives.	
Courses must transfer to all public Arizona universities as elective credit, departmental elective, or equivalent to a university course as indicated in the Arizona Course Equivalency Guide in effect when the course is taken. Courses identified as non-transferable in the Arizona Course Equivalency Guide cannot be used to satisfy this requirement.	
Select one additional EDU course (other than EDU221, EDU222, EDU230 or EDU250).....	(3)
Recommended:	
EDU110 Education in Film	
EDU220 Introduction to Serving English Language Learners (ELL)	
EDU236 Classroom Relationships	
EDU/HUM/STO292 The Art of Storytelling	

Choose any combination from the following list of courses and prefixes to total five (5) credits of additional coursework. Course(s) selected must be different from those used to fulfill a requirement of the AGEC-A and/or those used to fulfill Required Courses. (5)

- Content Area Electives: Select 5 credits from the following:..... (5)
- AAA/CPD115 Creating College Success
- ARH+++ Any ARH Art Humanities course(s)
- ART+++ Any ART Art course(s)
- BPC+++ Any BPC Business-Personal Computers course(s)
- CFS/ECH176 Child Development
- CFS205 Human Development
- CIS+++ Any CIS Computer Information Systems course(s)
- ECN+++ Any ECN Economics course(s)
- EDU+++ Any EDU Education course(s) (except EDU221, EDU222, EDU230, and EDU250)
- EED215 Early Learning: Health, Safety, Nutrition and Fitness
- ENG+++ Any ENG English course(s)
- ENH+++ Any ENH English Humanities course(s)
- GCU+++ Any GCU Cultural Geography course(s)
- GPH+++ Any GPH Physical Geography course(s)
- HIS+++ Any HIS History course(s)
- MAT+++ Any MAT Mathematics course(s) 140 or higher (except MAT256 and MAT257)
- MHL+++ Any MHL Music: History/Literature course(s)
- MTC+++ Any MTC Music: Theory/Composition course(s)
- POS+++ Any POS Political Science course(s)
- THE+++ Any THE Theatre course(s)
- THF+++ Any THF Theatre and Film course(s)
- THP+++ Any THP Theatre Performance/Production course(s)
- Any Foreign Language course(s)
- Any Natural Science course(s)

**III. Arizona General Education Curriculum--Arts (AGEC-A)..... 32-44\***

The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)\*, however, prerequisite/required/restricted elective courses may also meet AGEC-A requirements and credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)\* as long as all requirements listed in this section (III) are completed.

Courses applied to meet AGEC-A requirements vary by emphasis. Refer to the Program (Degree) Search at curriculum.maricopa.edu for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.

- A. First-Year Composition [FYC]..... **6\***
  - ENG101 OR ENG107..... (3)\*
  - AND ENG102 OR ENG108..... (3)\*
- B. Literacy and Critical Inquiry [L]- COM225 Public Speaking..... **3**
- C. Mathematical Applications [MA]..... **3-6**
  - Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre calculus (MAT187) or higher approved general education course in the Mathematical Applications [MA] area for which MAT15+ is a prerequisite.
  - (Note that MAT182, MAT206, MAT256, MAT257 do NOT meet this requirement.
- D. Computer/Statistics/Quantitative Applications [CS]..... **3**
  - BPC110 Computer Usage and Applications OR
  - CIS105 Survey of Computer Information Systems
- E. Humanities, Arts and Design [HU]..... **6**

Note that some of these courses also have Awareness Areas designations and can be used to satisfy [G] and/or [H] requirement as well as [HU]. (AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.)

- 1) Select one of the following ARH, DAH, MHL or THE courses:..... (3)
- ARH100 Introduction to Art OR
  - ARH101 Prehistoric through Gothic Art OR
  - ARH102 Renaissance through Contemporary Art OR
  - DAH100 Introduction to Dance OR
  - DAH201 World Dance Studies OR
  - DAH250 Dance in Popular Culture OR
  - MHL140 Survey of Music History OR
  - MHL145 American Jazz and Popular Music OR
  - MHL146 Survey of Broadway Musicals OR
  - MHL153 Rock Music and Culture OR
  - THE111 Introduction to Theatre OR
  - THE220 Modern Drama

AND

- 2) Select one of the following EDU, ENH or HUM courses:..... (3)
- EDU/ENH291 Children's Literature (Recommended) OR
  - ENH110 Introduction to Literature OR
  - ENH241 American Literature Before 1860 OR
  - ENH242 American Literature After 1860 OR
  - HUM250 Ideas and Values in the Humanities: Early Civilizations to the Renaissance OR
  - HUM251 Ideas and Values in the Humanities: Renaissance to the Contemporary World

(EDU/ENH291 recommended)

F. Social-Behavioral Sciences [SB]..... 6

Note that some of these courses also have Awareness Areas designations and can be used to satisfy [G] and/or [H] requirement as well as [SB]. (AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.)

- 1) Select one of the following US History/Government courses\*\*..... (3)
- These courses satisfy the United States Constitution requirement for state teacher certification.
- GCU/POS113 United States and Arizona Social Studies OR
  - HIS103 United States History to 1865 OR
  - POS110 American National Government

AND

- 2) Select one of the following CFS, ECH, GCU, ECN, HIS or PSY courses..... (3)
- CFS205 Human Development OR
  - CFS/ECH176 Child Development OR
  - ECN211 Macroeconomic Principles OR
  - ECN212 Microeconomic Principles OR
  - GCU121 World Geography I: Eastern Hemisphere OR
  - GCU122 World Geography II: Western Hemisphere OR
  - HIS104 United States History 1865 to Present OR
  - PSY101 Introduction to Psychology

(CFS/ECH176 recommended)

- G. Natural Sciences [SQ/SG]..... 8
- The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory course for a total of 4 credits each. At least four (4) credits must be designated as SQ. Eight (8) credits of SG will not satisfy this requirement.
- 1) Life Sciences: Select four (4) credits of SQ or SG in Biology (BIO)..... (4)  
AND
  - 2) Physical Sciences or Earth/Space Sciences: Select four (4) credits of SQ or SG from one of the following prefixes:..... (4)  
AGS, ASM, AST, CHM, GPH, GLG, PHS, or PHY

Note: Students are advised to check with the university they plan to attend as specific requirements for lab sciences may vary.

- H. Awareness Areas..... 0-3
1. Cultural Diversity in the United States [C]..... (0)  
Met by EDU222 and EDU230 in Required Courses.
  2. Global Awareness [G] OR Historical Awareness [H]..... (0-3)  
May be met by [HU] and/or [SB] course depending on specific courses selected. (AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.)

**IV. MCCC Additional Requirements..... 0-3**

These requirements may be shared with other AGECE requirements. See the [AGEC matrix](#) on [aztransfer.com](http://aztransfer.com) for course designations.

- A. Oral Communication..... (0)  
Met by COM225 in Required Courses.
- B. Critical Reading..... (0-3)  
Students may demonstrate proficiency through assessment.  
CRE101 [L] Critical Reading OR equivalent as indicated by assessment

**TOTAL..... 60-68\*\*\***

\*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

\*\*State certification requirements include courses on the constitutions of US and Arizona. Taking GCU/POS113 for [SB] fulfills this requirement completely. Students who instead take HIS103 or POS110 for [SB] should consider taking POS221 as a Content Area Elective so they have completed study of both constitutions. POS220 meets state certification requirements for both constitutions but does not meet [SB].

\*\*\*64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

**Maricopa County Community College District (MCCCD)  
2021-2022 Associate in Arts, Fine Arts (AAFA) Degree**

**Description**

The Maricopa County Community College District Associate in Arts, Fine Arts (AAFA) degree requires a minimum of 60 semester credits for the program of study; however, minimum total credits for the AAFA vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. The AAFA degree is governed by the [MCCCD General Academic Policies for Transfer Degrees](#).

The Associate in Arts, Fine Arts degree includes the following components:

- I. Program Prerequisites (if applicable, for versions with an emphasis only)
- II. Required Courses (for versions with an emphasis only)
- III. Restricted Electives (for versions with an emphasis only)
- IV. Arizona General Education Curriculum for Arts (AGEC-A)
- V. MCCCD Additional Requirements (Oral Communication and Critical Reading)
- VI. General Electives (if needed to reach minimum credits for degree)

**Purpose of the Degree**

The Associate in Arts, Fine Arts (AAFA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Fine Arts. The degree is designed to prepare students to meet selective admission criteria for programs such as the Bachelor of Fine Arts, which may require a portfolio or performance requirement.

In most cases, courses used to satisfy the MCCCD Associate in Arts, Fine Arts (AAFA) will apply to general university graduation requirements of the majors that align with AAFA degree; however, students need to pay attention to any specific requirements of their intended focus at the university to be sure they select courses that will meet them. Information regarding the articulation of the AAFA degree with majors at the Arizona public universities can be accessed via the following website: [www.aztransfer.com](http://www.aztransfer.com)

**Degree Requirements**

The requirements for the Associate in Arts, Fine Arts (AAFA) follow. No versions of the AAFA require fewer than a minimum of 60 credits; however, minimum total credits for the AAFA vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for credit minimums by emphasis. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: [AGEC-A](#) and the [AGEC matrix](#). Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on maricopa.edu and on each MCCCD college’s website.

**Requirements**

**Credits**

<b>I. Program Prerequisites</b> .....	<b>Number varies</b>
Program prerequisites for the Associate in Arts, Fine Arts degree vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at <a href="http://curriculum.maricopa.edu">curriculum.maricopa.edu</a> for specific courses and credit minimums by emphasis.	
<b>II. Required Courses</b> .....	<b>Number varies</b>
Required (major-specific) courses for the Associate in Arts, Fine Arts degree vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at <a href="http://curriculum.maricopa.edu">curriculum.maricopa.edu</a> for specific courses and credit minimums by emphasis.	

<b>III. Restricted Electives</b> .....	<b>Number varies</b>
<p>Restricted electives for the Associate in Arts, Fine Arts degree vary by specific emphasis, and are not required for version of the degree without a specific emphasis. (Art, Dance, Music, Musical Theatre, Theatre). **Maricopa County Community College District (MCCCD)  
2021-2022 Associate in Science (AS) Degree**

**Description**

The Maricopa County Community College District Associate in Science (AS) degree requires a minimum of 60 semester credits for the program of study; minimum total credits for vary by specific emphasis (for example, Associate in Science, Emphasis in Physics). Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 is required to earn the degree. The AS degree is governed by the [MCCCD General Academic Policies for Transfer Degrees](#).

The Associate in Science degree includes the following components:

- I. Program Prerequisites (if applicable, for versions with an emphasis only)
- II. Required Courses (for versions with an emphasis only)
- III. Restricted Electives (for versions with an emphasis only)
- IV. Arizona General Education Curriculum for Science (AGEC-S)
- V. MCCCD Additional Requirements (Oral Communication and Critical Reading)
- VI. General Electives (if needed to reach minimum credits for degree)

**Purpose of the Degree**

The Associate in Science (AS) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors with more stringent mathematics and mathematics-based science requirements. Generally, the degree will transfer as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements.

In most cases, courses used to satisfy the MCCCD Associate in Science (AS) will apply to general university graduation requirements of the majors that align with the AS degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AS with majors at the Arizona public universities can be accessed via the following website: [www.aztransfer.com](http://www.aztransfer.com)

It is recommended that students select courses that meet more than one general education and/or awareness area requirement. Doing so will maximize the number of math and science electives the student can take as part of his/her Associate in Science degree.

**Special Academic Policies that Govern the Associate in Science Degree**

- The AGEC-S does not require a course with [CS] Computer/Statistics designation.
- Unlike the AGEC-A and AGEC-B, the same course is allowed to satisfy the ([L] and [HU]) or ([L] and [SB]) areas of the AGEC-S's Core Area. The credits for such a "shared" course are only counted one time toward the required minimum for the degree.

**Degree Requirements**

The requirements for the Associate in Science follow. All versions of the Associate in Science require at least 60 credits; for major-specific pathways within the degree, prescribed courses and minimum credits for categories within the degree, as well as the total, vary. Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for credit minimums for major-specific pathways within the degree. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: [AGEC-S](#) and the [AGEC Matrix](#). Courses available for both Areas during a current or upcoming semester can also be found using the "Find a Class" tool on each MCCCD college's website.

**Requirements**

**Credits**

**I. Program Prerequisites.....** **Number varies**

Program prerequisites for the Associate in Science degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for specific courses and credit minimums by emphasis.

**II. Required Courses.....** **Number varies**

Required (major-specific) courses for the Associate in Science degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for specific courses and credit minimums by emphasis.

**III. Restricted Electives.....** **Number varies**

Restricted electives for the Associate in Science degree vary by specific emphasis, and are not required for version of the degree without a specific emphasis. Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for specific courses and credit minimums by emphasis.

**IV. Arizona General Education Curriculum—Science (AGEC-S).....** **up to 56**

The AGECS requires a minimum of 36 credits (33 if FYC is met by single transfer course)\*, however, prerequisite/required/restricted elective courses may also meet AGECS requirements and credits count once toward the total for the degree. Therefore, the AGECS may be met with fewer than 36 credits (33 if FYC is met by single transfer course)\* as long as all requirements listed in this section (IV) are completed.

Courses applied to meet AGECA requirements vary by emphasis. Refer to the Program (Degree) Search at [curriculum.maricopa.edu](http://curriculum.maricopa.edu) for specific course requirements. Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGECS requirements, Required Course(s) or Restricted Elective(s). AGECS designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.

- A. First-Year Composition [FYC]..... **6\***
  - ENG101 OR ENG107..... (3)\*
  - AND ENG102 OR ENG108..... (3)\*
- B. Literacy and Critical Inquiry [L]..... **0-3\*\***

Students are strongly encouraged to choose an [L] course that also has [HU] or [SB] designation or to use CRE101 or COM225 from the Maricopa Additional Requirements Area to satisfy the [L] requirement. It may also have been approved to satisfy one or more Awareness Areas ([C], [G], [H]). (AGECS designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.)
- C. Mathematical Applications [MA]..... **4-5**

Requires the first semester of calculus courses designed for scientists and engineers (MAT220 or MAT221) or any other [MA] designated course for which Calculus I is a pre-requisite.
- D. Humanities, Arts and Design [HU]..... **6**

For the AGECS, a single course with both [HU] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness

Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.)

E.	Social-Behavioral Sciences [SB].....	<b>6</b>
	For the AGEC-S, a single course with both [SB] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGEC designations are subject to change. See <a href="#">AGEC matrix</a> for each course's value(s) in the semester it is taken.)	
F.	Natural Sciences [SQ/SG].....	<b>8-10</b>
	Students must complete eight (8) to ten (10) credits of General Chemistry, University Physics, General Biology for Majors, or Physical and Historical Geology. Consult specific requirements of university transfer major for guidance.	
	[(CHM150 or CHM151) & CHM151LL] or CHM150AA or CHM151AA General Chemistry I AND [CHM152 & CHM152LL] or CHM152AA General Chemistry II OR PHY115 or PHY121 University Physics I AND PHY116 or PHY131 University Physics II OR BIO181 or BIO181XT General Biology (Majors) I AND BIO182 or BIO182XT General Biology (Majors) II OR GLG101IN Introduction to Geology I - Physical or GLG101 Introduction to Geology I - Physical Lecture and GLG103 Introduction to Geology I – Physical Lab AND GLG102IN Introduction to Geology II – Historical or GLG102 Introduction to Geology II - Historical Lecture and GLG104 Introduction to Geology II – Historical Lab	
G.	Subject Options - Math/Science .....	<b>6-10</b>
	Refer to transfer resources, including academic advisement and transfer guides, to select six (6)- ten (10) additional math and/or science credits that meet requirements for selected major.	
	Select Mathematics course(s) [MAT] above Calculus I and/or Computer Science course(s) [CSC] and/or Science courses from the following disciplines: Astronomy, Biology, Botany, Chemistry, Engineering, Environmental Science, Geology, Physical Geography, Physics, Zoology (MCCCD prefixes AST, BIO (except BIO174), CHM, ECE, EEE, ENV, GLG, GPH, and/or PHY)	
H.	Awareness Areas.....	<b>0-6</b>
	Courses may be used to satisfy other AGEC requirements and one or more Awareness Area(s). (See <a href="#">AGEC matrix</a> for current course values.)	
	1. Cultural Diversity in the United States [C].....	(0-3)
	2. Global Awareness [G] OR Historical Awareness [H].....	(0-3)
<b>V.</b>	<b>MCCCD Additional Requirements.....</b>	<b>0-6</b>

Some courses in this area have [SB] and [L] designations and may also be applied to the corresponding AGEC requirements. See the [AGEC matrix](#) on [aztransfer.com](http://aztransfer.com) for course designations.

- A. Oral Communication..... (0-3)
  - COM100 [SB] Introduction to Human Communication OR
  - COM110 [SB] Interpersonal Communication OR
  - COM225 [L] Public Speaking OR
  - COM230 [SB] Small Group Communication (3 credits) OR
  - COM100AA & COM100AB & COM100AC [SB] (3 credits) OR
  - COM110AA & COM110AB & COM110AC [SB] (3 credits)
- B. Critical Reading..... (0-3)
  - CRE101 [L] Critical Reading OR equivalent as indicated by assessment

**VI. General Electives..... 0-28**

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona’s public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: [aztransfer.com](http://aztransfer.com), [maricopa.edu/transfer/partners](http://maricopa.edu/transfer/partners), as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

**TOTAL..... 60-64\*\*\***

\*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

\*\* (0 only if shared with HU or SB)

\* 64 semester credits is the maximum accepted toward most degree programs at Arizona’s public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

**Maricopa County Community College District (MCCCD)  
2021-2022 Associate in Business, General Requirements (ABUS-GR) Degree**

**Description**

The Maricopa County Community College District Associate in Business General Requirements (ABUS-GR) degree requires a minimum of 62 semester credits for the program of study. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. The Associate in Business-General Requirements degree is governed by the [MCCCD General Academic Policies for Transfer Degrees](#).

This degree provides the first two years of a four-year curriculum for students who wish to specialize in business. For a comprehensive list of bachelor’s degrees at Arizona’s public universities, refer to the [AZTransfer Business Matrix](#). With a bachelor’s degree, students may pursue a number of careers, including but not limited to accountancy, business administration, business data analytics, economics, entrepreneurship, finance, marketing, management, retail management, and supply chain management.

The Associate in Business-General Requirements degree includes the following components:

- I. Required Courses
- II. Restricted Electives
- III. Arizona General Education Curriculum for Business (AGEC-B)
- IV. General Electives (if needed to reach minimum credits for degree)

**Purpose of the Degree**

The Associate in Business General Requirements (ABUS-GR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for the various business majors (except Computer Information Systems) at Arizona’s public universities. Computer Information Systems majors should follow the Associate in Business Special Requirements (ABUS-SR) pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona's public universities and other institutions with district-wide articulation agreements.

**Special Academic Policies that Govern the ABUS-GR Degree**

- The ABUS-GR does not include any MCCCD Special Requirements for Oral Communication and/or Critical Reading like the other associate degrees. (However, some university programs have a speech requirement; consult your academic advisor or transfer guide to verify the specifics for your program.)
- A single course can be used to satisfy multiple areas within the degree simultaneously:(Awareness Area(s), other AGECE-B requirements), Required Courses (Common Lower Division Requirements), and/or Restricted Electives (Business Electives)). Credits are counted once toward the total for the degree.

**Degree Requirements**

The 62-72 semester credits required for the Associate in Business General Requirements follow. The following websites identify the courses that apply to the different General Education Areas: [AGEC-B](#) and the [AGEC Matrix](#). Courses available for both Areas during a current or upcoming semester can also be found using the “Find A Class” tool on each MCCCD college’s website.

<u>Requirements</u>	<u>Credits</u>
<b>I. Required Courses</b> .....	<b>21-25</b>
Accounting.....	(6-9)
ACC111 Accounting Principles <b>AND</b>	
ACC230 Uses of Accounting Information I <b>AND</b>	
ACC240 Uses of Accounting Information II	
<b>OR</b>

ACC212 Managerial Accounting	
<b>OR</b>	

ACC111 Accounting Principles I **AND**  
 ACC112 Accounting Principles II **AND**  
 ACC212 Managerial Accounting

Some of the following courses can be used to satisfy both this requirement and an AGEC-B requirement. AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.

ECN211 [SB] Macroeconomic Principles.....	(3)
ECN212 [SB] Microeconomic Principles.....	(3)
GBS205 Legal, Ethical, and Regulatory Issues in Business.....	(3)
GBS221 Business Statistics.....	(3)
Quantitative Methods.....	(3-4)

GBS220 Quantitative Methods in Business **OR**

MAT217 or MAT218 Mathematical Analysis for Business

Note: Students planning to transfer to ASU's W.P. Carey School of Business BS program should take MAT217 or MAT218.

Students planning to transfer to ASU's W.P. Carey School of Business BA program may take GBS220, MAT217, or MAT218.

Students planning to transfer to the University of Arizona should take GBS220.

**II. Restricted Electives..... 0-6**

Complete six (6) credits from the following options. Some courses may be used to satisfy both Restricted Elective and Arizona General Education Curriculum (AGEC) requirements simultaneously. See the [AGEC matrix](#) on [aztransfer.com](#) for course designations. AGEC designations are subject to change. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.

CIS114DE Excel Spreadsheet.....	(3)

**III. Arizona General Education Curriculum- Business (AGEC-B)..... 29-37\***

The AGEC-B requires a minimum of 35 credits (32 if FYC is met by single transfer course)\*, however, Required and Restricted elective courses may also meet AGEC-B requirements and credits count once toward the total for the degree. Therefore, the AGEC-B may be met with fewer than 35 (fewer than 32 if FYC is met by single transfer course)\* credits as long as all requirements listed in this section (III) are completed.

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as other AGEC requirements, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses

may meet more than one requirement but are only counted once toward the total credits for the degree. See [AGEC matrix](#) for each course's value(s) in the semester it is taken.

A. First-Year Composition [FYC].....	<b>6*</b>
ENG101 OR ENG107 AND.....	(3)*
ENG102 OR ENG108.....	(3)*
B. Literacy and Critical Inquiry [L].....	<b>3</b>
<i>(Note: Students planning to attend ASU W.P. Carey will be required to take COM225.)</i>	
C. Mathematical Applications [MA].....	<b>(3-5)</b>
MAT212 Brief Calculus OR.....	(3)
MAT213 Brief Calculus OR.....	(4)
Higher [MA] designated course.....	(3-5)
D. Computer/Statistics/Quantitative Applications [CS].....	<b>3</b>
CIS105 Survey of Computer Information Systems.....	
E. Humanities, Arts and Design [HU].....	<b>6</b>
Students are encouraged to choose course work from more than one discipline.	
F. Social-Behavioral Sciences [SB].....	<b>0</b>
Met by Required Courses ECN211 AND ECN212	
G. Natural Sciences [SQ/SG].....	<b>8</b>
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.	
H. Awareness Areas.....	<b>0-6</b>
Courses may be used to satisfy other AGECE requirements and one or more Awareness Area(s). (See <a href="#">AGEC matrix</a> for current course values.)	
1. Cultural Diversity in the United States [C].....	(0-3)
2. Global Awareness [G] OR Historical Awareness [H].....	(0-3)

***Students transferring to ASU to major in business should complete courses from the following list (up to the 64 credit transfer maximum) to meet W.P. Carey School of Business requirements. If students do not take these prior to transfer, they may need to take additional credits to meet ASU graduation requirements:***

Any course that transfers to ASU in the SOC prefix and carries the [SB] designation

Any course that transfers to ASU in the PSY prefix and carries the [SB] designation

COM100 Introduction to Human Communication (3) OR

COM225 Public Speaking (3) OR

COM230 Small Group Communication (3) OR

COM259 Communication in Business and Professions (3)

Note: COM requirements vary by business major. Check ASU MAPP or major map for acceptable options.

**IV. General Electives..... 0-12**

Select courses 100-level or higher if needed to complete a minimum of 62 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: [aztransfer.com](http://aztransfer.com), [curriculum.maricopa.edu](http://curriculum.maricopa.edu), as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

**TOTAL..... 62-72\*\***

\*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

\*\*64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

**Maricopa County Community College District (MCCCD)  
2021-2022 Associate in Business, Special Requirements (ABUS-SR) Degree**

**Description**

The Maricopa County Community College District Associate in Business, Special Requirements (ABUS-SR) degree requires a minimum of 62 semester credits for the program of study. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. This degree provides the first two years of a four-year curriculum for students who wish to pursue Computer Information Systems majors at Arizona’s public universities. With a bachelor’s degree, students may pursue a number of careers, including but not limited to accountancy, business administration, business data analytics, computer information systems, economics, entrepreneurship, finance, marketing, management, retail management, and supply chain management. The Associate in Business-Special Requirements degree is governed by the [MCCCD General Academic Policies for Transfer Degrees](#).

The Associate in Business-Special Requirements degree includes the following components:

- I. Required Courses
- II. Arizona General Education Curriculum for Business (AGEC-B)
- III. General Electives (if needed to reach minimum credits for degree)

**Purpose of the Degree**

The Associate in Business Special Requirements (ABUS-SR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for Business’ Computer Information Systems majors at Arizona’s public universities.. Other Business majors should follow the Associate in Business General Requirements (ABUS-GR) pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

**Special Academic Policies that Govern the ABUS-SR Degree**

- The ABUS-SR does not include any MCCCD Special Requirements for Oral Communication and/or Critical Reading like the other associate degrees. (However, some university programs have a speech requirement; consult your academic advisor or transfer guide to verify the specifics for your program.)
- A single course can be used to satisfy multiple areas within the degree simultaneously: Awareness Area(s), other AGECE-B requirements, and/or Required Courses (Common Lower Division Requirements). Credits are counted once toward the total for the degree.

**Degree Requirements**

The 62-71 semester credits required for the Associate in Business Special Requirements follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: [AGEC-B](#) and the [AGEC Matrix](#). Courses available for both Areas during a current or upcoming semester can also be found using the “Find A Class” tool on each MCCCD college’s website.

<u>Requirements</u>	<u>Credits</u>
<b>I. Required Courses</b> .....	<b>27-31</b>
Accounting.....	(6-9)
ACC111 Accounting Principles <b>AND</b>

Met by Required Courses ECN211 AND ECN212.....	
D. Natural Sciences [SQ/SG].....	<b>8</b>
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or	

each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

- B. Awareness Areas..... **0-6**  
 Courses may be used to satisfy other AGECE requirements and one or more Awareness Area(s). (See [AGECE matrix](#) for current course values.)
1. Cultural Diversity in the United States [C]..... (0-3)
  2. Global Awareness [G] OR Historical Awareness [H]..... (0-3)

*Students transferring to ASU to major in business should complete courses from the following list (up to the 64 credit transfer maximum) to meet W.P. Carey School of Business requirements. If students do not take these prior to transfer, they may need to take additional credits to meet ASU graduation requirements:*

- Any course that transfers to ASU in the SOC prefix and carries the [SB] designation
- Any course that transfers to ASU in the PSY prefix and carries the [SB] designation
- COM100 Introduction to Human Communication (3) OR
- COM225 Public Speaking (3) OR
- COM230 Small Group Communication (3) OR
- COM259 Communication in Business and Professions (3)

Note: COM requirements vary by business major. Check ASU MAPP or major map for acceptable options.

**III. General Electives..... 0-6**

Select courses 100-level or higher if needed to complete a minimum of 62 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona’s public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of "C" or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: [aztransfer.com](http://aztransfer.com), [curriculum.maricopa.edu](http://curriculum.maricopa.edu), as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

**TOTAL..... 62-71\*\***

\*FYC may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

\*\*64 semester credits is the maximum accepted toward most degree programs at Arizona’s public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

**Maricopa County Community College District (MCCCD)**  
**2021-2022 Associate in General Studies (AGS) Degree and General Education Requirements**

**Description**

The Maricopa County Community College District Associate in General Studies degree requires 60-64 semester credits in courses numbered 100 and above. The degree includes the following components:

- I. General Education (minimum of 38 credits)
  - Core curriculum (requires a grade of “C” or better)
  - Distribution courses (requires a grade of “D” or better)
- II. General Electives (enough additional courses numbered 100 or above, passed with a grade of “D” or better, to bring total credits to at least 60)

**Purpose of the Degree**

The Associate in General Studies (AGS) degree is recommended for students whose educational goals require flexibility. The degree allows students to apply any course numbered 100 or above, including some that are not transferable to the Arizona public universities and may not be transferable to other universities, toward the credits required for the degree. Therefore, for students who intend to transfer to another college or university in the future to pursue a bachelor’s degree, this degree may be less appropriate than other associate degrees offered (Associate in Arts; Associate in Arts, Elementary Education; Associate in Fine Arts; Associate in Business-General Requirements; Associate in Business-Special Requirements; Associate in Science; and all emphases under these degrees), by the Maricopa Community Colleges.

**Academic Policies that Govern the Associate in General Studies Degree:**

- The graduation policies within the general catalog must be satisfied (Administrative Regulation 2.3.9).
- A single course can simultaneously count towards a Core Area and a Distribution requirement. Courses that meet this criterion are **bold print and underscored** in the Core areas and Distribution areas (on the course list at the conclusion of this document). For example, CRE101 may be used to satisfy both the Literacy and Critical Inquiry requirement [L] of Distribution area and the Core Curriculum’s Critical Reading area. While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree. A course cannot satisfy more than one Core area, even if it is approved for more than one Core area. A course cannot satisfy more than one Distribution area, even if it is approved for more than one Distribution area.
- Credits transferred from outside of MCCCD must be at a grade of “C” (2.0 on a 4.0 scale) or better. Transfer credit graded pass/fail or pass/no credit may be transferred if documentation collected by the community college indicates that this was the only grading option available to the student and that the Pass grade (“P”) is equivalent to a “C” or better.
- Completion of the AGS with a minimum Grade Point Average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. However, meeting all AGS minimums does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment. Furthermore, because the AGS is not designed to align with the requirements for bachelors degrees, not all credits may be transferable and students may have deficiencies in lower division (100- and 200-level) courses for a particular major.

**Summary of Degree Requirements:**

Details on how to identify courses approved for each of the different categories is described following the outline.

<b>I. MCCCD General Education</b> .....	35-48*
<b>Core Areas</b> .....	13-19
1. First-Year Composition .....	6*
ENG101 OR ENG107 AND	
ENG102 OR ENG108	
2. Mathematics .....	3-6

- 3. Computer Usage ..... 1
- 4. Oral Communication ..... 3
  - COM100** Introduction to Human Communication OR
  - COM110** Interpersonal Communication OR
  - COM225** Public Speaking OR
  - COM230** Small Group Communication (3 credits) OR
  - COM100AA & COM100AB & COM100AC** (3 credits) OR
  - COM110AA & COM110AB & COM110AC** (3 credits)
- 5. Critical Reading .....0-3
 

Students may demonstrate proficiency through assessment.

  - CRE101** Critical Reading OR
  - equivalent as indicated by assessment

**Distribution Areas** ..... 22-29

- 1. Humanities, Arts and Design ..... 9
 

Students are encouraged to choose course work from more than one discipline.
- 2. Social-Behavioral Sciences ..... 6-9
 

Students are encouraged to choose course work from more than one discipline. Social-Behavioral Sciences requirements may be met with 6 credits only if COM100, COM110, or COM230 is shared between Core and Distribution (see Academic Policies section on prior page). The credits are only counted once, but may be applied to meet Oral Communication and Social-Behavioral Science requirements.
- 3. Natural Sciences ..... 7-8
 

Two lecture courses and one corresponding laboratory course are to be selected. Credits for lecture and lab components may be combined or each may carry separate credit. For appropriate course selection students should consult with an academic advisor.
- 4. Literacy and Critical Inquiry .....0-3
 

Literacy requirement may be met with 0 credits only if CRE101 or COM225 is shared between Core and Distribution (see Academic Policies section on prior page). The credits are only counted once, but may be applied to meet [Oral Communication and Literacy] or [Critical Reading and Literacy and Critical Inquiry] requirements.

**II. General Electives** .....13-26  
 Select additional courses 100-level or higher to complete a minimum of 60 semester credits but no more than a total of 64 semester credits.

**Associate in General Studies Total Credits:** .....60-64

\*First-Year Composition may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

All courses listed meet AGS requirements as specified.  
Courses in Purple Italic Underline also meet Arizona  
General Education Curriculum AGECE requirements.

Courses in **bold print and underscored** simultaneously  
count towards a Core Area and a Distribution requirement.

### AGS GENERAL EDUCATION CORE

(16 credits - grade of "C" or better)\*

#### First-Year Composition (6 credits)\*

ENG English [101, 107] & [102, 108]

#### Oral Communication (3 credits)

COM Communication 100, 100AA & 100AB & 100AC, 110, 110AA & 110AB & 110AC, 225, 230

#### Critical Reading (3 credits)

CRE Critical Reading 101 or Equivalent as indicated by assessment

#### Mathematics (3 credits)

MAT Mathematics 112, 114, 115, 120, 121, 122, 126, 140, 141, 142, 145, 146, 150, 150&182, 151, 151&182, 152, 152&182, 155, 155&182, 156, 156&182, 172, 187, 206, 212, 213, 217, 218, 220, 221, 225, 227, 230, 231, 240, 241, 256, 257, 261, 276, 277,  
Equivalent course/ Satisfactory completion of a higher level Mathematics course.

#### Computer Usage (1 credit)

Computer-related course or demonstration of comparable computer skills. Additional courses may be approved by individual colleges. Students should contact their advisor for college-specific courses satisfying the requirement.

**Elective Courses (15-22 credits)** May select courses from prefixes already chosen for General Education Distribution requirements in order to develop depth in one or more subject areas.

\*First-Year Composition may be met with fewer than 6 credits if student has transfer credit from ASU, NAU or UAZ for a single course that meets FYC in full.

**Maricopa County Community College District (MCCCD)  
2021-2022 Associate in Applied Science (AAS) Degree and General Education Requirements**

**Description**

The Associate in Applied Science (AAS) degree requires at least 60 credits in its program of study. The exact number of credits for a specific degree is identified as part of the presentation of its requirements on the web or in the college catalog.

**Purpose of the Degree**

The Maricopa County Community College District Associate in Applied Science (AAS) degree is recommended for students who wish to gain a depth of technical expertise in a particular workforce-related area of study. The AAS degree options vary at the different MCCCD colleges and can be searched [alphabetically](#) or by [field of interest](#). Requirements for each degree can be found on the linked webpages and in the corresponding college(s)'s catalog.

**Academic Policies that Govern the AAS degree:**

- \* Requires 60 or more credits numbered 100 or above and includes credits or the equivalent in the General Education Core areas and credits in the Distribution areas. AAS degree requirements follow with the use of a diagonal character (/) between course numbers to signify options. An asterisk (\*) following the course number defines requirements with an effective begin term of spring;
- \* All courses must be completed with a grade of C or higher; any additional requirements such as grades of B or higher or minimum grade point average requirements are listed on individual degrees and certificates;
- \* The graduation policies within the general catalog must be satisfied (Administrative Regulation 2.3.9).
- \* Includes both courses and their modular equivalents, either the course or the modular equivalents will satisfy the Associate in Applied Science requirements.
- \* Requires completion of General Education courses as indicated in the General Education Requirements for the Associate in Applied Science degree from the Maricopa County Community College District, or completion of a curriculum as stated in the catalog;
- \* Accepts one of the courses that is cross-referenced with other courses

**Maricopa County Community College District (MCCCD)  
2021-2022 Academic Certificate (AC)**

**Purpose of the Academic Certificate**

The Maricopa County Community College District Academic Certificate (AC) is a defined and coherent program of study that is recommended for students who wish to gain additional expertise in a specific area of emphasis in an academic discipline. While this program of study can result in proficiency in specified skills and competencies, as well as mastery of a body of knowledge, it is not designed to prepare someone for employment in a specific occupation. The coursework for an Academic Certificate may be from a variety of disciplines or it can be discipline specific. There is no required general studies component to an Academic Certificate; however, the program may include some courses that have specific general studies designations such as Humanities, Arts and Design [HU], Social-Behavioral Sciences [SB], Literacy and Critical Inquiry [L], or Cultural Awareness [C]. (See [AGEC matrix](#) for current course values.)

**Academic Policies that Govern the Academic Certificate:**

- \* Although, the program of study for an Academic Certificate (AC) does not have a mandated minimum number of credit hours, most ACs require approximately 12-39 credit hours in courses numbered 100 and above;
- \* Requires a cumulative GPA of 2.0 or better in required courses for completion;
- \* Follows the graduation policies listed in the college's general catalog for the appropriate catalog year;
- \* Any course cross-referenced under another prefix(es) (for example ENH291/EDU291-Children's Literature) covers identical content and its credits can only be counted once toward certificate requirements;
- \* Although ACs may include a subset of coursework required in particular transfer degrees, the intent of an AC is not to align with any specific university major. There is no presumption of block transfer to another college or university;
- \* May have admission criteria established by the college if and when appropriate;
- \* Generally offered at a limited number of colleges. For a listing of all ACs available in the district and their affiliated college(s) see the [CCTA web site](#).

# University Transfer Pathways

Many public university majors are matched with one of the following associate degree pathways. See an advisor to determine the specific degree requirements for a selected major.

For more information regarding your academic major, visit the [Fields of Interest](#) page to explore the options available in your chosen field.

## University Transfer Pathways

Degree Name	Degree	Credits*
Arizona General Education Curriculum	AGEC-A	35
	AGEC-B	35
	AGEC-S	36
Associate in Arts	AA	60-64
Associate in Arts, Elementary Education	AAEE	60-64
Associate in Arts, Fine Arts	AAFA	60-94
Associate in Business, General Requirements	ABUS-GR	62
Associate in Business, Special Requirements	ABUS-SR	62
Associate in General Studies**	AGS	60-64
Associate in Science	AS	60-64

In addition to the degrees listed above, all of GCC's AAS (Associate in Applied Science) degrees can transfer seamlessly into a BAS (Bachelor of Applied Science) degree at some universities. For more information, meet with your academic advisor to discuss if this transfer opportunity fits your academic or professional goals.

*\*Normally, 64 credits are the maximum number of community college credits accepted in a transfer, however, some of MCCC's [university partners will accept a higher number of credits](#) toward the 120 credits generally required for a bachelor's degree. For more information, speak with a college representative when they visit GCC. (See [Transfer Your Credits](#) to view scheduled events.)*

*\*\*The AGS degree is recommended for students whose educational goals require flexibility. This degree may be less appropriate for students who intend to transfer to a baccalaureate-granting institution.*

## Catalog Common Pages 2021-2022

### MARICOPA COUNTY COMMUNITY COLLEGE DISTRICT

**2.2.2 Admission Information AMENDED through the Administrative Regulation Process, June 24, 2021; 2.2.4 Transfer Credit and Prior Learning Assessment Policy AMENDED through the Administrative Regulations Approval Process, June 24, 2021; 2.2.5 Catalog Under Which a Student Graduates AMENDED through the Administrative Regulations Approval Process, June 24, 2021; 2.3.9 General Graduation Requirements AMENDED through the Administrative Regulations Approval Process, June 24, 2021; 2.3.13 Course Substitutions ADOPTED through the Administrative Regulations Approval Process, June 24, 2021; 2.8.1 Eligibility for Accommodations & Required Disability Documentation AMENDED through the Administrative Regulations Approval Process, June 24, 2021**

The following are a portion of the Administrative Regulations used in managing the day-to-day operations of the Maricopa County Community College District (MCCCD) and are subject to change. Administrative Regulations are amended, adopted, or deleted as necessary and are subject to a formal approval process. Administrative Regulations are referenced by number, which corresponds with the regulations on the MCCCD web site:

<https://district.maricopa.edu/regulations>

Some regulations include reference to Arizona Revised Statutes from the State of Arizona and are noted as "ARS" followed by a reference number.

#### 2.4.1 General Statement

The Maricopa Community Colleges are dedicated to providing a healthy, comfortable and educationally productive environment for students, employees and visitors.

#### 2.4.2 Nondiscrimination (see [5.1.1 Maricopa EEO Policy](#))

It is the policy of the Maricopa County Community College District (MCCCD), (consisting of [Chandler-Gilbert Community College](#), the District Office, [Estrella Mountain Community College](#), [GateWay Community College](#), GateWay Community College - Central City, [Glendale Community College](#), [Mesa Community College](#), [Paradise Valley Community College](#), [Phoenix College](#), [Rio Salado Community College](#), [Scottsdale Community College](#), [South Mountain Community College](#), and all affiliated locations) to:

1. Recruit, hire, and promote in all job groups, and to ensure that all [Human Resources \(HR\)](#) employment selection and decision practices do not discriminate, nor tolerate discrimination in employment against any applicant or employee, on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.
2. Administer all HR employment selection and decision practices pertaining to advertising, benefits, compensation, discipline (including probation, suspension, and/or involuntary termination for cause or layoff), employee facilities, performance evaluation, recruitment, social/recreational programs, and training will be administered without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.
3. Hold each level of management responsible for ensuring that all employment policies, procedures, and activities are in full compliance with all applicable federal, state, and local EEO statutes, rules, and regulations.
4. Maintain an educational environment that does not discriminate or tolerate discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, or veteran status in federally funded programs, activities and MCCCD sponsored events.
5. Hold each level of academic and student life management responsible for ensuring that all academic environments and activities are in full compliance with all applicable federal, state, and local non-discrimination laws.

**AMENDED by Direct Approval from the Chancellor Approval, April 8, 2020**

**AMENDED through the Administrative Regulations Approval Process, January 2, 2020**

### **2.4.3 Equal Opportunity Statement (see [5.1.3 EEO Policy Statement](#))**

It is the policy of the Maricopa County Community College District (MCCCD) to promote equal employment opportunities through a positive continuing program. This means that Maricopa will not discriminate, nor tolerate discrimination in employment or education, against any applicant, employee, or student because of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information. Additionally, it is the policy of Maricopa to provide an environment for each Maricopa job applicant and employee that is free from sexual harassment, as well as harassment and intimidation on account of an individual's race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.

In addition, lack of English language skills is not a barrier to admission into Career and Technical Education (CTE) programs or skill centers.

**AMENDED by Direct Approval from the Chancellor, April 8, 2020**

**AMENDED through the Administrative Regulations Approval Process, January 2, 2020**

## **AFFIRMATIVE ACTION STATEMENTS**

### **Affirmative Action Policy Statement for Individuals with Disabilities**

In conformance with the provisions of Section 503 of the Rehabilitation Act of 1973, as amended, and the implementing regulations, 41 CFR 60-741.5 (a), as amended, Maricopa County Community College District (MCCCD) will not discriminate, nor tolerate discrimination in employment or education, against any applicant, employee, or student because of physical or mental disability in regard to any position for which the known applicant or employee is qualified. MCCCD agrees to take affirmative action to employ, advance in employment, and otherwise treat known qualified individuals with disabilities without regard to their physical or mental disability in all human resources selection and decision practices, such as the following: advertising, benefits, compensation, discipline (including probation, suspension, and/or termination for cause or layoff), employee facilities, performance evaluation, recruitment, social/recreational programs, and training. MCCCD will also continue to administer these practices without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information. Additionally, all applicants and employees are protected from coercion, intimidation, interference, or discrimination for filing a complaint or assisting in an investigation under the Act.

### **Affirmative Action Policy Statement for Other Eligible Veterans, Special Disabled Veterans, and Vietnam Era Veterans**

In conformance with the Vietnam Era Veterans Readjustment Assistance Act of 1974, the Veterans Employment Opportunities Act of 1998, and the implementing regulations, 41 CFR 60-250 (k), Maricopa County Community College District (MCCCD) will not discriminate, nor tolerate discrimination in employment or education, against any applicant, employee, or student because they are a special disabled veteran or Vietnam era veteran in regard to any position for which the known applicant or employee is qualified. MCCCD agrees to take affirmative action to employ, advance in employment, and otherwise treat known qualified special disabled veterans and Vietnam era veterans without discrimination based upon their disabled or veteran status in all human resources selection and decision practices, such as the following: advertising, benefits, compensation, discipline (including probation, suspension, and/or termination for cause or layoff), employee facilities, performance evaluation, recruitment, social/recreational programs, and training. MCCCD will continue to administer these practices without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information. Additionally, MCCCD agrees to post all suitable job openings at the local office of the State employment service where the job opening occurs. This includes full-time, temporary greater than 3 days' duration, and part-time employment. Finally, all applicants and employees are protected from coercion, intimidation, interference, or discrimination for filing a complaint or assisting in an investigation under the Act.

### **[Notice of Americans with Disabilities Act \(ADA\)/ Section 504 of the Rehabilitation Act/Title IX Coordinator \(see \[5.1.7 Notice of Americans with Disabilities Act \\(ADA\\)/Section 5004 of the Rehabilitation Act/Title IX Coordinator\]\(#\)\)](#)**

Under the ADA and Section 504, the Maricopa County Community College District (MCCCD) recognizes the obligation to provide overall program accessibility throughout its locations for qualified disabled individuals. Students and employees can raise concerns or make complaints, without retaliation, about matters made unlawful under the ADA.

#### EMPLOYEES

The District Office and each College must post the address and telephone number for the individual responsible for coordinating services and/or activities relating to the Americans with Disabilities Act (42 U.S.C. Chapter 126), Section 504 of the Rehabilitation Act (29 U.S.C. §794(d)), and all other applicable law. The Notice will specify how employees can request reasonable accommodations.

College ADA Coordinators (Credentials are needed to enter secure site.)

#### STUDENTS

The District Office and each MCCCD location must post the address and telephone number for the individual responsible for coordinating services and/or activities relating to the Americans with Disabilities Act (42 U.S.C. Chapter 126), Section 504 of the Rehabilitation Act (29 U.S.C. §794(d)), and Title IX of the Education Amendments of 1972 (20 U.S.C. §1681), using the format below:

- ADA/504/Title IX Coordinator
- Address
- Phone #
- Email address

Additionally, each college/center must publish electronically or in print the above information in student handbooks and catalogs.

The designated ADA/504/Title IX Coordinator at each college/center will provide information as to the existence and location of services, activities, and facilities that are accessible to and usable by individuals with disabilities. Likewise, under Title IX, there is an obligation to provide services and program accessibility in a gender-neutral manner.

Title IX Coordinators

ADA/504 Managers

**AMENDED through the Administrative Regulations Approval Process, January 2, 2020**

#### Governing Values (Board Policy 4.1)

**Our Vision:** A Community of Colleges—Colleges for the Community—working collectively and responsibly to meet the life-long learning needs of our diverse students and communities.

**Our Mission:** The Maricopa Community Colleges provide access to higher education for diverse students and communities. We focus on learning through:

*University Transfer Education*

*General Education*

*Developmental Education*

*Workforce Development*

*Student Development Services*

*Continuing Education*

*Community Education*

*Civic Responsibility*

*Global Engagement*

**Our Institutional Values:** The Maricopa Community Colleges are committed to:

#### **Community**

We value all people—our students, our employees, their families, and the communities in which they live and work. We value our global community of which we are an integral part.

#### **Excellence**

We value excellence and encourage our internal and external communities to strive for their academic, professional and personal best.

### **Honesty and Integrity**

We value academic and personal honesty and integrity and believe these elements are essential in our learning environment. We strive to treat each other with respect, civility and fairness.

### **Inclusiveness**

We value inclusiveness and respect for one another. We believe that team work is critical, that each team member is important; and we depend on each other to accomplish our mission.

### **Innovation**

We value and embrace an innovative and risk-taking approach so that we remain at the forefront of global educational excellence.

### **Learning**

We value lifelong learning opportunities that respond to the needs of our communities and are accessible, affordable, and of the highest quality. We encourage dialogue and the freedom to have an open exchange of ideas for the common good.

### **Responsibility**

We value responsibility and believe that we are each accountable for our personal and professional actions. We are responsible for making our learning experiences significant and meaningful.

### **Stewardship**

We value stewardship and honor the trust placed in us by the community. We are accountable to our communities for the efficient and effective use of resources as we prepare our students for their role as productive world citizens.

## **ADMISSION, REGISTRATION AND ENROLLMENT**

### **2.1 General Regulation**

#### **1. General Statement**

##### *Compliance with Policies, Rules and Regulations*

Every student is expected to know and comply with all current published policies, rules and regulations as stated in the college catalog, class schedule, and/or student handbook. Documents are available on each college's website.

Policies, courses, programs, fees and requirements may be suspended, deleted, restricted, supplemented or changed through action of the Governing Board of the Maricopa Community Colleges.

The Maricopa Community Colleges reserve the right to change, without notice, any materials, information, curriculum, requirements and regulations.

*Note: The regulations that comprise the student section contain language that appears in various sources such as the Catalog Common Pages and the Student Handbook. All areas became Administrative Regulations with the 1996 adoption of the Governance Model. Changes are made annually either through the Administrative Regulations approval process, or by Board approval for those items that fall under its statutory duty, such as Tuition and Fees. In an effort to prevent duplication, topics in this section may be incorporated by reference, as they are featured in other areas of the manual and are noted accordingly.*

The Maricopa County Community College District Vision, Mission and Values that are featured in the Common Pages are a part of approved Governing Board policy and are located in the policy section of the manual. As such, the following statement related to Outcomes Assessment that appears in the Common Pages is presented here as a general statement.

#### **2. Outcomes Assessment**

The mission of the Maricopa Community Colleges is "to create and continuously improve affordable, accessible, and effective learning environments for the lifelong educational needs of the diverse communities we serve." In order to evaluate how successfully the Maricopa County Community College District accomplishes this mission, student outcomes will be assessed as part of the continuous improvement process.

Students may be asked to participate in a variety of assessment activities at each college. Assessment results will be used to improve educational programs, services and student learning.

### 2.2.1 Admission Policy

Persons meeting the admissions criteria may attend any Maricopa Community College of their choice. Falsification of any admission materials or official college records may be cause for denial or cancellation of admission. Exceptions to the admissions policies may be requested through the Admissions and Standards Committee. Admission is determined in accordance with state law (ARS §§15-1805.01 and 15-1821) and regulations of the Maricopa Community Colleges Governing Board.

#### Admission Classifications

##### 1. Admission of Regular Students

Admission to the community college in Arizona may be granted to any person who meets at least one of the following criteria:

- A. Is a graduate of a high school, which is accredited by a regional accrediting association as defined by the United States Office of Education or approved by a State Department of Education or other appropriate state educational agency.
- B. Has a high school certificate of equivalency.
- C. Is at least 18 years of age and demonstrates evidence of potential success in the community college.
- D. Is a transfer student in good standing from another college or university.

##### 2. Admission of Students Under 18 Years of Age

- A. A community college in this state shall grant admission to any student who is under eighteen years of age and who achieves at least one of the following:
  - i. A composite score of 720 or more on the Preliminary Scholastic Aptitude Test (PSAT).
  - ii. A composite score of 720 or more on the Scholastic Aptitude Test (SAT).
  - iii. A composite score of twelve or more on the American College Test (ACT).
  - iv. A passing score on the relevant portions of the statewide assessment.
  - v. The completion of a college placement method designated by the community college district that indicates the student is at the appropriate college level for the course.
  - vi. Is a graduate of a private or public high school or has a high school certificate of equivalency.
- B. A community college may limit the number of semester hours in which the student may enroll to not more than six (6) credit hours.
- C. Home schooled students are exempt from this sub-section.
- D. Students who enroll in vocational courses may be admitted on an individual basis with the approval of college officials if the student meets the established requirements of the courses for which the student enrolls and the college official determines that the student's admission is in the best interest of the student.

##### 3. Specialized Vocational / Training Program

Students who enroll in vocational courses may be admitted on an individual basis with the approval of college officials if the student meets the established requirements of the courses for which the student enrolls and the college officials determine that the student's admission is in the best interest of the student.

##### 4. Western Undergraduate Exchange Program

The Western Undergraduate Exchange (WUE) program is a student exchange program coordinated by the Western Interstate Commission for Higher Education (WICHE) and administered by the Arizona Board of Regents. Through WUE, students who reside in western states (Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming), Guam and the Commonwealth of the Northern Marianas Islands (CNIMI) and who meet the eligibility requirements, pay 150 percent of the regular

resident tuition plus fees. Students must mark prominently on the Student Information Form that they seek admission as WUE students. Students may not apply as out-of-state students and expect to receive the WUE tuition rate after admitted. Once admitted as WUE students, students may not petition for in-state residency. Further information may be obtained from the Admissions and Records Office/Office of Student Enrollment Services.

**5. Admission of F-1 Nonimmigrant Students**

Prospective students should contact the Admissions and Records Office/Office of Student Enrollment Services or designated office for the international student application form(s). When completed, the form(s) should be returned to the Admissions and Records Office/Office of Student Enrollment Services or the International Education office with all requested supporting documents. After the file has been reviewed, a notice will be sent to the applicant indicating either acceptance or denial of admission.

To be guaranteed consideration for admission, all application materials must be received by July 1 for the fall semester and November 1 for the spring semester.

Prospective students seeking admission based on F-1 nonimmigrant status must provide proof of secondary school completion with documentation comparable to a United States high school diploma or higher degree. It is recommended that F-1 nonimmigrant students have graduated in the upper 50% of their secondary school (high school or equivalent) in order to ensure success in academic classes at this college. Applicants for admission to the college must have high school and college (if applicable) transcripts sent directly from the high school or college to the Admissions and Records Office/Office of Student Enrollment Services or designated office. In addition, it is the applicant’s responsibility to have all transcripts translated into English and evaluated by a foreign credential evaluation service if necessary.

**A. Admission to Academic Programs**

Applicants who wish to enroll in an academic program at the college must present evidence of English language proficiency. If the Test of English as a Foreign Language (TOEFL) is used to satisfy this requirement, the applicant must attain a score of at least 500 (on the paper-based TOEFL) or 61 (on the internet-based TOEFL, known as the iBT). If the International Language Testing System (IELTS) is used to satisfy this requirement, an IELTS overall Band Score of 5.5 or better is required, and a minimum IELTS individual Band Score of 5.0 on each module is recommended. The dean or director of Admissions and Records Office/Office of Student Enrollment Services of the college may accept other proof of English language proficiency for admission purposes, such as the ASSET, ACCUPLACER, COMPASS or CELSA tests.

**B. Admission to an Intensive English Program**

Applicants for admission to an Intensive English Program are advised to check with individual colleges for their respective admission requirements. Applicants must provide evidence of at least an intermediate command of English by way of one or more of the following criteria:

- i. At least six years of English language instruction as shown by the applicant’s school transcript(s);
- ii. A minimum TOEFL score of 400 (on the paper-based TOEFL) or 23 (on the internet-based test);
- iii. An original letter of recommendation from a teacher, school principal or headmaster/ headmistress, or the director of an English language institute attesting to the applicant’s proficiency at the intermediate level;
- iv. Other credentials, test scores, interview results, or evidence accepted by the coordinator of an intensive English program or the college’s responsible designee. Students admitted to an Intensive English Program will not be allowed to enroll in courses outside those officially designated as part of the program unless and until they have met all of the prerequisites or other course requirements.
- v. Foreign students under certain types of visas may need special permission to enroll and should contact the appropriate college official.

**C. Financial Support**

Evidence of financial support will be required prior to issuance of the I-20 form. The colleges have no scholarship or financial aid provisions for foreign students; therefore, students must be fully prepared to meet the necessary financial obligations for the full time they will be in the United States. The colleges estimate a student’s average expenses for 10 months to be:

Tuition and Fees	\$ 8,010(1)
Living Expenses	\$10,140(2)

Books	\$800(3)
Health Insurance	\$1400(4)
Total	\$20,350(5)

D. Dependent Financial Guarantee

Evidence of financial support for dependents of F-1 and M-1 students (spouse and dependent children) is also required: \$5,000 for the first dependent and \$2,500 for each additional dependent.

E. Health Insurance

All F-1 and M-1 students who have an I-20 issued by one of the Maricopa Community Colleges are required to purchase the Maricopa Community Colleges' international student health insurance plan. Health insurance coverage for dependents of F-1 and M-1 students is highly recommended. The Maricopa Community Colleges contracts with an insurance provider annually to offer a health insurance plan for F-1 and M-1 students. For more information contact the college Admissions and Records Office/Office of Student Enrollment Services or designated international student office.

Footnotes:

(1) Based on 2016-2017 tuition and fee schedule.

(2) Based on estimated living expenses for two (2) semesters (10 months).

(3) Based on average new and used textbook prices and Rental Rates. Assumes books are sold at the end of the semester.

(4) Based on the 2016-2017 insurance premiums for the mandatory Maricopa Community Colleges' International Student Health Plan.

(5) Applicants must provide evidence of this minimum amount of financial support before an I-20 is issued.

**AMENDED by Direct Approval from the Chancellor, June 4, 2019**

**AMENDED through the Administrative Regulations Approval Process, June 5, 2017**

**2.2.2 Admission Information**

Students must file a Student Information Form with the Admissions and Records Office/Office of Student Enrollment Services at the college of attendance. There is no charge for this service.

**1. Student Status**

- A. Freshman - A student who has completed fewer than 30 credit hours 100-level courses and above.
- B. Sophomore - A student who has completed 30 credit hours or more in 100-level courses and above.
- C. Unclassified - A student who has an associate degree or higher.

**2. Student Identification Number**

Disclosure of the social security number is voluntary (ARS §15-1823). However, students must use social security numbers for reporting information pertaining to potential educational tax credits and for processing federal financial aid applications and Veterans Administration benefits.

**3. Residency for Tuition Purposes (See [Appendix S-1](#))**

All students are classified for tuition purposes under one of the following residency classifications:

- A. Maricopa County resident
- B. Out-of-County resident
- C. Out-of-State resident (including F-1 non-immigrant students and students on other non-immigrant visas)

Residency for tuition purposes is determined in accordance with state law (ARS §§15-1801et seq.) and regulations of the Maricopa Community Colleges Governing Board. All of the Maricopa Community Colleges are subject to the above statutes and regulations. Students who have questions about their residency should contact the Admissions and Records Office/Office of Student Enrollment Services for clarification.

**A. Implementation**

- i. An applicant must be eligible to attend post-secondary education in the United States prior to being eligible to register for classes and pay fees.
- ii. Domicile status must be established before the student registers and pays fees. It is the student's responsibility to register under the correct domicile status.
- iii. Enforcement of domicile requirements shall be the responsibility of the Chancellor of the Maricopa Community Colleges. The Chancellor has charged the Director of Admissions and Records or other designee

at each college to make the initial domicile classification. In determining a student's classification, the college may consider all evidence, written or oral, presented by the student and any other information received from any source which is relevant to determining classification. The college may request written sworn statements or sworn testimony of the student.

- iv. A request for review of the initial classification may be made to a district review committee. The request must be in writing, signed by the student and accompanied by a sworn statement of all facts relevant to the matter. The request must be filed with the admissions officer of the college within ten (10) days of receipt of notification of classification as a non-resident. Failure to properly file a request for review within the prescribed time limit constitutes a waiver of review for the current enrollment period. The decision of the review committee shall be final.

## B. Definitions

- i. "Armed forces of the United States" means the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the commissioned corps of the United States Public Health Services, the National Oceanographic and Atmospheric Administration, the National Guard, or any military reserve unit of any branch of the armed forces of the United States.
- ii. "Continuous attendance" means enrollment at one of Maricopa Community Colleges as a full-time or part-time student for a normal academic year since the beginning of the period for which continuous attendance is claimed. Students need not attend summer sessions or other such intersession beyond the normal academic year in order to maintain continuous attendance.
- iii. "Maricopa County resident" means an individual who lives in Maricopa County and has lived in the state of Arizona for at least one year prior (365 days) to the first day of the semester (as published in the approved MCCC Academic Calendar posted online at [ACADEMIC CALENDARS](#)) and who is a United States citizen or in a lawful status. In-state residency must be established prior to county residency for those moving from other states. Refer to Section C for guidelines.
- iv. "Domicile" means a person's true, fixed, and permanent home and place of habitation. It is the place where he or she intends to remain and to which he or she expects to return when he or she leaves without intending to establish a new domicile elsewhere. Visa status must confer the ability to establish domicile in the United States in order to be classified as an in-state student.
- v. "Emancipated person" means a person who is neither under a legal duty of service to his parent nor entitled to the support of such parent under the laws of this state.
- vi. "Full-time student" means one who registers for at least twelve (12) credit hours per semester.
- vii. "Part-time student" means one who registers for fewer than twelve (12) credit hours per semester.
- viii. "Parent" means a person's father, or mother, or if one parent has custody, that parent, or if there is no surviving parent or the whereabouts of the parents are unknown, then a guardian of an unemancipated person if there are not circumstances indicating that such guardianship was created primarily for the purpose of conferring the status of an in-state student on such unemancipated person.

## C. Criteria for Determining Residency

- i. In-State Student Status
  - 1. Except as otherwise provided in this article, no person having a domicile elsewhere than in this state is eligible for classification as an in-state student for tuition purposes. Applicants for in-state tuition status and other public benefits must demonstrate lawful presence in the United States by presenting one of the documents listed in this regulation, under the section "Demonstrating Lawful Presence."
  - 2. A person is not entitled to classification as an in-state student until the person is domiciled in this state for one year preceding the official starting day of the semester, except that a person whose domicile is in this state is entitled to classification as an in-state student if the person meets one of the following requirements:
    - a. The person's parent's domicile is in this state and the parent is allowed to claim the person as an exemption for state and federal tax purposes.
    - b. The person is an employee of an employer which transferred the person to this state for employment purposes or the person is the spouse of such an employee.
    - c. The person is an employee of a school District in this state and is under contract to teach on a full-time basis, or is employed as a full-time non-certified classroom aide, at a school within that

school District. For purposes of this paragraph, the person is eligible for classification as an in-state student only for courses necessary to complete the requirements for certification by the state board of education to teach in a school District in this state. No member of the person's family is eligible for classification as an in-state student if the person is eligible for classification as an in-state student pursuant to this paragraph, unless the family member is otherwise eligible for classification as an in-state student pursuant to this section. Eligibility for in-state tuition is subject to verification of intent to domicile in this state. Determination of residency is made by the admissions and records office/office of enrollment services.

- d. The person's spouse has established domicile in this state for at least one year and has demonstrated intent and financial independence and is entitled to claim the student as an exemption for state and federal tax purposes or the person's spouse was temporarily out of state for educational purposes, but maintained a domicile in this state. If the person is a non-citizen, the person must be in an eligible visa status pursuant to federal law to classify as an in-state student for tuition purposes.

AMENDMENT TO BE REPEATED IN CORRESPONDING APPENDIX ITEM S-1 – IN-STATE STUDENT STATUS  
SECTION C

3. The domicile of an unemancipated person is that of such person's parent.
4. An unemancipated person who remains in this state when such person's parent, who had been domiciled in this state, removes from this state is entitled to classification as an in-state student until attainment of the degree for which currently enrolled, as long as such person maintains continuous attendance.
5. A person who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders or who is the spouse or a dependent child of a person who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders is entitled to classification as an in-state student. The student does not lose in-state student classification while in continuous attendance toward the degree for which he or she is currently enrolled.
6. A person who is a member of the armed forces of the United States or the spouse or a dependent of a member of the armed forces of the United States is entitled to classification as an in-state student if the member of the armed forces has claimed this state as the person's state of home record for at least twelve consecutive months before the member of the armed forces, spouse or dependent enrolls in a university under the jurisdiction of the Arizona Board of Regents or a community college under jurisdiction of a community college district governing board. For purposes of this subsection, the requirement that a person be domiciled in this state for one year before enrollment to qualify for in-state student classification does not apply.
7. Immediate classification as an in-state student shall be granted to a veteran who meets the provisions of Arizona statute HB 2091, paragraph G, which reads: G. A person holding an honorable discharge from the uniformed services of the United States from either active duty or reserve or national guard status, or who has retired from active duty or reserve or national guard status, shall be granted immediate classification as an in-state student and, while continuously enrolled, does not lose in-state student classification if the person has demonstrated objective evidence of intent to be a resident of Arizona that, for the purposes of this section, includes at least one of the following:
  1. Registration to vote in this state.
  2. An Arizona driver license.
  3. Arizona motor vehicle registration.
  4. Employment history in Arizona.
  5. Transfer of major banking services to Arizona.
  6. Change of permanent address on all pertinent records.
  7. Other materials of whatever kind or source relevant to domicile or residency status.
8. A veteran using Chapter 30 or 33 benefits who does not otherwise qualify under item 7 above (paragraph G of PL 2091), or a veteran's dependent or spouse who is using transferred Post-9/11 GI Bill® (Chapter 33) benefits or the Marine Gunnery Sergeant John David Fry Scholarship, may be eligible for immediate classification as an in-state student if he/she meets the provisions of Arizona statute HB 2091,

paragraph H: h. A person who, while using educational assistance under 38 United States Code Chapter 30 or Chapter 33, enrolls in a university under the jurisdiction of the Arizona Board of Regents or a community college under the jurisdiction of a community college district governing board within three years after the veteran's discharge from active duty service of ninety or more days or within three years after the service member's death in the line of duty following a period of active duty service of ninety or more days or who remains continuously enrolled beyond the three year period following the discharge of the veteran or the service member's death shall be granted immediate classification as an in-state student and does not lose instate student classification if the person has demonstrated objective evidence of intent to be a resident of this state that, for the purposes of this section, includes at least one of the following:

Students are required to submit the following:

1. Certificate of eligibility letter from the VA Awarding Chapter 30 or 33 benefits or the Fry scholarship, or the Dept. of Defense document approving the transfer of CH. 33 benefits
2. DD-214 proving a minimum of 90 days service and no more than 3 years since discharge or since death of veteran
3. Students must also provide at least one of the following:
  - A. Registration to vote in this state.
  - B. An Arizona driver license.
  - C. Arizona motor vehicle registration.
  - D. Employment history in Arizona.
  - E. Transfer of major banking services in Arizona.
  - F. Change of permanent address on all pertinent records.
  - G. Other materials of whatever kind or source relevant to domicile or residency status.

Effective August 1, 2021, Section 1005 of the new Public Law 116-315 (Johnny Isakson and David P. Roe, M.D. Veterans Health Care and Benefits Improvement Act of 2020) removes the requirement for covered individuals to enroll in a course at a public institution of higher learning within three years of being discharged from the military or within three years after the service member's death in the line of duty in order to receive in-state tuition.

*GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.*

9. Per Arizona state law, a person who is honorably discharged from the armed forces of the United States on either Active Duty or Reserve or National Guard Status, or who has retired from Active Duty or Reserve or National Guard Status, shall be granted immediate classification as an in-state student on honorable discharge from the armed forces and, while in continuous attendance toward the degree for which currently enrolled, does not lose in-state student classification if the person has met the following requirements:

- A. Registered to vote in this state.
- B. Demonstrated objective evidence of intent to be a resident of Arizona which, for the purposes of this section, include at least one of the following:
  1. An Arizona driver license
  2. Arizona motor vehicle registration

3. Employment history in Arizona
4. Transfer of major banking services to Arizona
5. Change of permanent address on all pertinent records
6. Other materials of whatever kind or source relevant to domicile or residency status

10. A student using any VA educational benefits who does not otherwise qualify under items above shall be granted immediate classification as an in-state student, and while continuously enrolled does not lose in-state student classification if the person has demonstrated objective evidence of intent to be a resident of Arizona that for the purposes of this section, includes at least one of the following:

1. Registration to vote in this state
2. An Arizona driver license
3. Arizona motor vehicle registration
4. Employment history in Arizona
5. Transfer of major banking services to Arizona.
6. Change of permanent address on all pertinent records
7. Other material of whatever kind or source relevant to domicile or residency status.

11. A person who is a member of an Indian Tribe recognized by the United States Department of the Interior whose reservation land lies in the state and extends into another state and who is a resident of the reservation is entitled to classification as an in-state student.

ii. Alien In-State Student Status

1. An alien is entitled to classification as an in-state refugee student if such person has been granted refugee status in accordance with all applicable laws of the United States and has met all other requirements for domicile.
2. In accordance with the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (P.L. 104-208; 110 Stat. 3009-546), a person who was not a citizen or legal resident of the United States or who is not lawfully present in the United States is not entitled to classification as an in-state student pursuant to ARS §15-1802 or entitled to classification as a county resident pursuant to ARS §15-1802.01. A student will be assessed out-of-state tuition until such time that documentation of lawful presence is received in the Office of Admissions and Records/Enrollment Services and (eligibility for) residency is confirmed. Documentation must be provided prior to the end of the term in which residency classification is being requested. Documentation received after the end of term will be used for residency determination in subsequent terms.
3. In establishing domicile, the alien must not hold a visa that prohibits establishing domicile in the United States and this state. After meeting other domicile requirements, students holding valid, unexpired visas in the following categories may be classified as in-state students (See Appendix S-1A):
  - A**=Foreign Government Official or Adopted Child of a Permanent Resident
  - E**=Treaty Traders
  - G**=Principal Resident Representative of Recognized Foreign Member Government to International Staff
  - H**=H1B AND H4
  - K**=Spouse or Child of Spouse of a US Citizen, Fiancé or Child of Fiancé of US Citizen
  - L**=Intracompany Transferee or Spouse or Child
  - N6**=NATO-6

**U, T=Victim of Criminal Activity**

**V=Spouses and Dependent Children of Lawful Permanent Residents**

4. Students who hold a current visa and have submitted an I-485 to U.S. Citizenship and Immigration Services (USCIS), may establish residency if other domicile requirements have been met. Residency eligibility for I-485 applicants may be considered one year after the date on the USCIS Notice of Action letter (I-797) confirming application for permanent resident status provided their prior visa status is one that allows the visa holder to establish domicile in the United States. Students must provide required residency documentation in addition to the (I-797) Notice of Action for residency consideration. In establishing domicile, the alien must be in a status that does not prohibit establishing domicile in this state for at least one year immediately preceding the official starting date of the semester. Exception: In the event that an alien student's parent is allowed to claim the student as an exemption for state or federal tax purposes (3C.1.2.A) (E.G., The student is under 23 and not emancipated), the student's residence is deemed to be the same as the parent's. If the parent holds a visa that is not listed in section 3 above, he or she would not be eligible to establish residency. In such circumstances, the student would likewise be barred notwithstanding his or her own filing of an I-485.
5. Students who hold a current or expired visa and have applied for a change of status will retain their immigration status based on their prior visa status and not the status or visa for which they are applying.

### III. Proving lawful presence in the United States

All applicants for in-state tuition (and other public benefits) must first show at least one of the following documents in accordance with ARS §1-502 to demonstrate that they are lawfully present in the United States by presenting to the Registrar at least one of the following documents:

- H. An Arizona Driver's license issued after 1996 or an Arizona non-operating identification license or an Arizona Instruction Permit
- I. A birth certificate or delayed birth certificate issued in any state, territory, or possession of the United States (A hospital record/certificate and certified Abstract of Birth are not acceptable).
- J. A United States certificate of birth abroad.
- K. A United States Passport.
- L. A Foreign Passport with a United States Visa.
- M. An I-94 Form with a Photograph.
- N. An appropriately designated United States Citizenship and Immigration Services Employment Authorization (Work Permit) or Refugee Travel Document [as listed on the Employee Authorization Document Chart].
- O. A United States Permanent Resident Card
- P. A United States Certificate of Naturalization.
- Q. A United States Certification of Citizenship.
- R. A Tribal Certificate of Indian Blood.
- S. A Tribal or Bureau of Indian Affairs Affidavit of Birth.

Tribal Members\*, the Elderly and "Persons with Disabilities or incapacity of the mind or body," may submit certain types of documents under Section 1903 of the Federal Social Security Act (42 UNITED STATES CODE 1396B, As Amended By Section 6036 Of The Federal Deficit Reduction Act of 2005)\*\*

\* A document issued by a federally recognized Indian tribe evidencing membership or enrollment in, or affiliation with, such tribe.

\*\* If you think that this may apply, please contact the Legal Services Department for assistance.

### IV. Presumptions Relating to Student Status

Unless there is evidence to the contrary, the registering authority of the community college or university at which a student is registering will presume that:

1. No emancipated person has established a domicile in this state while attending any educational institution in this state as a full-time student, as such status is defined by the community college district governing board or the Arizona Board of Regents, in the absence of a clear demonstration to the contrary.
2. Once established, a domicile is not lost by mere absence unaccompanied by intention to establish a new domicile.
3. A person who has been domiciled in this state immediately before becoming a member of the armed forces of the United States shall not lose in-state status by reason of such person's presence in any other state or country while a member of the armed forces of the United States.

V. Proof of Residency

When a student's residency is questioned, the following proof will be required.

1. In-State Residency

- a. An affidavit signed by the student must be filed with the person responsible for verifying residency.
- b. A combination of the following may be used in determining a student's domicile in Arizona:
  1. Arizona income tax return
  2. Arizona Voter registration
  3. Arizona Motor Vehicle registration
  4. Arizona Driver's license
  5. Employment history in Arizona
  6. Place of graduation from high school
  7. Source of financial support
  8. Dependency as indicated on federal income tax return
  9. Ownership of real property
  10. Notarized statement of landlord and/or employer
  11. Transfer of major banking services to Arizona
  12. Change of permanent address on all pertinent records
  13. Arizona Department of Children Services documents related to foster care placement
  14. Other relevant information

2. County Residency

A combination of the following may be used to determine a student's county residency:

1. Notarized statements of landlord and/or employer
2. Source of financial support
3. Place of graduation from high school
4. Ownership of real property
5. Bank accounts
6. Arizona income tax return
7. Dependency as indicated on a Federal income tax return
8. Other relevant information

- D. Concurrent Enrollment in Arizona Public Institutions of Higher Education (ARS §15-1807) (See [Appendix S-3](#)) Under Arizona Revised Statutes §15-1807, it is unlawful for any non-resident student to register concurrently in two or more public institutions of higher education in this state including any university, college or community college for a combined student credit hour enrollment of more than six (6) credit hours without payment of non-resident tuition at one of such institutions. Any non-resident student desiring to enroll concurrently in two or more public institutions of higher education in this state including any university or community college for a combined total of more than six (6) credit hours who is not subject to non-resident tuition at any of such institutions shall pay the non-resident tuition at the institution of his choice in an amount equivalent to non-resident tuition at such institution for the combined total of credit hours for which the non-resident student is concurrently enrolled.

AMENDED by Direct Approval from the Chancellor, May 20, 2015

### 2.2.3 Other Admission Information

#### 1. Veterans

By Arizona statute, any failing grades from any Arizona university or community college that were received prior to military service will not be used to determine admission to the community college for the honorably discharged veterans with two years' service in the armed forces of the United States. Students admitted or readmitted to the community college under this statute are subject to progression, retention, graduation and other academic regulations and standards. (See [Withdrawal - Appendix S-7](#))

#### 2. Ability to Benefit

- A. Federal guidelines require that students who are applying for financial aid demonstrate the ability to benefit. Under federal law, a student who enrolls after June 30, 2012, must be a high school graduate, have a GED certificate, or have completed a secondary school education in a home school setting that is treated as a home school or private school under state law, be admitted as a regular student, and be pursuing an eligible degree or certificate to qualify for federal financial assistance under Title IV of the Higher Education Act.
- B. For student enrolled prior to July 1, 2012, an evaluation during the admission process resulted in the student being admitted to the college with the status of Regular, Regular with Provisional Requirements or Special.
- i. "Regular" status, for the purpose of 2.2.3.2, is granted to an individual admitted to the college who is a high school graduate, has a GED certificate, or has completed a secondary school education in a home school setting that is treated as a home school or private school under state law. A student without a high school diploma or GED certification and beyond the age of compulsory high school attendance may be a regular status student if the student has been assessed to benefit from college instruction by receiving qualifying scores on approved assessment instruments. All regular status students must be pursuing a degree/certificate in an eligible program.
  - ii. "Regular with Provisional Requirements" status, for the purpose of 2.2.3.2, is granted to a student admitted to the college who is not a high school graduate, does not have a GED certificate, is beyond the age of compulsory high school attendance, or has completed a secondary school education in a home school setting that is treated as a home school or private school under state law, but has been assessed to benefit from college instruction and is pursuing a degree/certificate in an eligible program.
  - iii. "Special" status, for the purpose of 2.2.3.2, is granted to a student admitted to the college for concurrent enrollment or pursuing one or more courses of special interest and who meets all the requirements for admission.

#### 3. Transcripts

The Maricopa Community Colleges reserve the right to require an official transcript for admission to specific programs, for verification of course requisites and for determination of academic standing. The official transcript must be sent directly from the source institution to the college Admissions and Records Office/Office of Student Enrollment Services. The official transcripts may be sent via a secured website. Please contact the Admissions Office of The Maricopa College you plan to attend to verify which secure websites may be valid.

It is the student's responsibility to ensure that official transcripts have been received and are complete.

Students entering as high school graduates may be required to submit high school transcripts. Please contact the Admissions Office of the Maricopa College you plan to attend for more information on preparing a home-schooled official transcript. Students entering as GED recipients may be required to present a copy of the high school equivalency certificate or official report of qualifying GED scores.

#### 4. Educational Assessment

All students are encouraged to undergo an educational assessment to determine course placement. Prospective students who do not possess a high school diploma or GED equivalence certificate are required to complete an educational assessment to determine their ability to benefit from college instruction. See Student Course Placement Process (AR 2.2.7)

#### 5. High Pressure Recruitment Tactics

The Maricopa County Community College District prohibits its employees from engaging in high-pressure recruitment tactics or in providing to any person or entity engaged in student recruitment, admission activity, or in making decisions regarding the award of Title IV, HEA funds, any commissions, bonuses, or other incentive payments based, in any part, directly or indirectly upon successfully securing enrollments or the awarding of financial aid.(34 CFR 668.14(A)(22)(I)).

**AMENDED through the Administrative Regulations Approval Process, October 23, 2019**

**AMENDED through the Administrative Regulations Approval Process, June 5, 2017**

### 2.2.4 Transfer Credit and Prior Learning Assessment Policy

#### **TRANSFER CREDIT**

A student enrolling at one of the Maricopa Community Colleges after having attended other post-secondary institutions can have coursework evaluated for transfer credit. To be eligible for evaluation, coursework must appear on official transcripts from the source institutions. The official transcripts must be mailed or sent through an approved electronic transfer method directly from the source institutions to the Admissions and Records/Enrollment Services Office of the receiving institutions. Hand-carried and emailed transcripts cannot be accepted for an official evaluation. Students should allow approximately 10 days before confirming with your Maricopa Community College that the transcript(s) was received. The Admissions and Records/Enrollment Services office at the receiving institutions will complete course-by-course evaluations for all submitted transcripts upon student request. The award of transfer credit shall not express or imply that all transfer credit will be fully accepted or applied toward all Maricopa associate's degree and certificate requirements.

The Maricopa Community Colleges will evaluate coursework from institutions listed in the *database of institutions and programs accredited by recognized U.S. accrediting organizations* at the time the coursework was taken. To be "recognized" means that the accreditors in the database have been reviewed by the Council for Higher Education Accreditation (CHEA) or by the U.S. Department of Education (USDE) or both and meet the quality standards of the respective organizations.

College-level courses completed outside the United States and recorded on official transcripts will be evaluated for transfer credit, provided that the institution where the courses were taken is accredited by the Ministry of Education in that country. It is the student's responsibility to submit all foreign and international transcripts to an approved international credential evaluation service to be translated into English (when applicable), evaluated on a course-by-course-basis, and sent directly to the receiving college(s). Contact your College Admissions and Records/Enrollment Services Office to obtain a list of recommended evaluation services.

#### **CONDITIONS OF TRANSFER CREDIT:**

- Credits transferred from outside of MCCCDC graded on a plus/minus grading scale are converted based on the grading scale of the transferring institution. Only courses with a grade of "C" (2.0 on a 4.0 scale) or better are transferable. Course credit below 100 level, earned at an MCCCDC Institution prior to August 2020 or at a sending institution, cannot be used to calculate grade level.
- Developmental coursework below 100-level is accepted for the purpose of fulfilling course prerequisites. However, the credit does not apply toward a degree or certificate, and it does not transfer to another postsecondary institution. It does, however, get added to the Transfer Credit Report as part of the evaluation.
- Courses with different credit systems (quarter hours, units) are converted to semester hours of credit. The semester conversion of quarter credits is at a rate of .67 semester credit hours for each quarter hour.

- The age of credit may be considered in applying credit toward degrees and certificate programs.

**REVERSE TRANSFER OF CREDIT**

In an effort to assist former Maricopa students who have transferred to a university, the Maricopa Community Colleges offer reverse transfer of credit with participating universities. Former Maricopa students may use this opportunity to fulfill previously incomplete coursework requirements. Interested students at participating universities must meet university criteria to qualify for free transcript exchange when available. Participation in reverse transfer of credit does not guarantee coursework applicability or degree or certificate eligibility. Students participating in reverse transfer of credit must meet all curriculum and college requirements.

**PRIOR LEARNING ASSESSMENT (PLA)**

The Maricopa Community Colleges are committed to the idea that people deserve credit for verifiable college-level learning, no matter how it was acquired. Many people have developed learning outside of the traditional classroom. This evaluation of credit is referred to as Prior Learning Assessment, or PLA. Prior learning can be identified and assessed in a variety of ways to determine if college credit should be awarded. Credit is awarded only to certificate or degree seeking students who:

1. plan to enroll, and
2. are admitted and matriculated within the college awarding the credit. Exceptions can be made for contractual agreements.

Students may be awarded no more than 45 credit hours through prior learning assessment, unless required by a specific program of study within the Maricopa Community Colleges. Exceptions include evaluated credit from post-secondary institutions and military credit as indicated on joint service transcripts. Credit awarded for prior learning does not count as hours in residence for graduation requirements. Exceptions to this institutional policy must have prior written approval of the Program Director, Department/Division Chair, or designee and documentation of rationale and approval included as part of the admission process and/or application to graduate. No more than 20 credit hours may be applied to the Arizona General Education Curriculum (AGEC). Please direct questions about Prior Learning Assessment at the Maricopa Community Colleges to the Admissions and Records/Enrollment Services Office.

**PRIOR LEARNING ASSESSMENT FEE SCHEDULE**

No fees are assessed by the college for the following types of Prior Learning Assessment: Transfer credit from nationally recognized institutions, international coursework that has been officially evaluated by a foreign evaluator service (such as Educational Credential Evaluators), standardized college-level exams (such as CLEP, AP, IB, DSST, CIE), GED exams, Military Transcripts, ACE (American Council On Education) transcripts, credit received through organizations and companies that offer nationally recognized credit evaluated by ACE, NCCRS, etc. (STRAIGHTERLINE, NOCTI, STUDY.COM, etc.), industry recognized credentials, Skill Center and clock hour transcripts.

Departmental Challenge Exam and Credit By Evaluation	\$40 administrative fee if awarded transfer credit
--	--

## **CREDIT BY EXAM (COLLEGE-LEVEL EQUIVALENCY EXAMINATIONS)**

ACE has published credit recommendations for a number of national standardized examinations such as the ones listed below in the *Guide to Educational Credit by Examination*. The Maricopa Community Colleges use these recommendations as guidelines to award credit for equivalent coursework as well as elective credit. The number of credits listed in the *ACE Guide* are recommendations only. A college is not required to grant a student the number of credits recommended.

Scores must be sent directly to the Admissions and Records/Enrollment Services Office from the specific testing companies before credit is awarded; equivalencies are subject to review and change. Credit received through Prior Learning Assessment is transferable within the Maricopa Community Colleges but is not necessarily transferable to other colleges and universities. Therefore, students are strongly advised to research the credit for Prior Learning Assessment policies at any college or university outside of the Maricopa Community Colleges to which they plan to transfer. Credit by exam is awarded based on equivalencies in effect at the time of evaluation. Changes to exams and scores are determined by the respective Maricopa Instructional Councils (ICS) and/or Statewide Articulation Task Forces (ATFS).

### **Maricopa recognizes the following examinations:**

- Advanced Placement (AP)
- American College Testing Proficiency Examination Program (ACT-PEP)
- Cambridge International Exams (CIE), A and AS LEVEL
- College-Level Examination Program (CLEP)
- Departmental Exams (also known as “Challenge Exams”)
- Defense Activity For Non-Traditional Education Support [DANTES] Subject Standardized Tests (DSST)
- GED, College Ready + Scores
- International Baccalaureate (IB) Diploma/Certificate
- Pearson VUE Exams

Fees for standardized exams are the responsibility of the student.

[Current list of exams and scores.](#)

### **ADVANCED PLACEMENT (AP) CREDIT**

Students who have taken an advanced placement course of the College Entrance Examination Board (CEEB) in their secondary school and who have taken an advanced placement examination of the CEEB may receive course credit. Scores must be received directly from CEEB to Admissions and Records/Enrollment Services before credit is awarded.

### **AMERICAN COLLEGE TESTING PROFICIENCY EXAMINATION PROGRAM**

The Maricopa Community Colleges may award credit for the American College Testing Proficiency Examination Program (ACT-PEP) based on the scores earned to Admissions and Records/Enrollment Services.

### **CAMBRIDGE INTERNATIONAL EXAMINATIONS (CIE) A AND AS LEVEL**

Students who have taken a Cambridge International Examination may receive college credit. Scores must be received directly from CIE to Admissions and Records/Enrollment Services before credit is awarded.

### **COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)**

Students who have taken a college level examination of the College Entrance Examination Board (CEEB) may receive college credit. Scores must be received directly to Admissions and Records/Enrollment Services from CEEB before credit is awarded.

Estrella Mountain Community College, Rio Salado College, Paradise Valley Community College, and Mesa Community College are CLEP test sites. For more information on registering for the CLEP examinations, contact the Testing Centers at these colleges.

### **DEPARTMENTAL EXAMS (ALSO KNOWN AS CHALLENGE EXAMS)**

Students may apply for departmental credit by examination in certain courses by obtaining the appropriate form in the Admissions and Records Office, paying the required fee, and completing the examination and other requirements of the college. See fee schedule for appropriate fees. Students may not request:

- To challenge a course a second time;
- To challenge a course while currently enrolled in the course;
- To establish credit in a previously completed course; and
- To establish credit for a lower level of a course in which credit has been received.

#### **ADDITIONALLY:**

- Exceptions may be granted at some of the Maricopa Community Colleges for their unique programs of study. specialized programs may allow courses to be repeated due to the student needing to have recent knowledge of the content in order to progress in the program.
- Academic departments may have additional requirements that must be met before credit may be granted through departmental credit by examination.
- Only grades of A, B, C, D or P earned as a result of this examination will be recorded on the student's transcript. Fees are not refundable after the examination has been administered, regardless of results.
- When credit is granted as outlined above, a notation of "Credit by Examination," a grade and the number of credits will appear on the student's transcript. The grade is used in computing the grade point average.

### **DSST (FORMERLY DEFENSE ACTIVITY FOR NON-TRADITIONAL EDUCATION SUPPORT OR DANTES)**

The Maricopa Community Colleges may award credit for DSST Examination Program to individuals who meet or exceed the ACE recommended scores for awarding credit on the DSST exams. The Maricopa Community Colleges do not award credit for ENG 102 through DSST examination. Credit received through DSST is transferable within the Maricopa Community Colleges, but is not necessarily transferable to other colleges and universities.

The Assessment Center at Rio Salado College is a DSST test site. For additional information on registering for DSST examinations, call (480) 517-8560.

Students who have taken a DSST examination may receive college credit. Scores must be received directly from DSST before credit is awarded.

### **GED EXAMS**

The Maricopa Community Colleges may award credit for GED subject area scores designated as College Ready + in accordance with the ACE recommended scores. The transcript needs to be sent directly by the Department of Education to the Admissions and Records Office /Enrollment Services in order to be awarded credit. **DISCLAIMER: TEST SCORES ARE CONTINUALLY REVIEWED AND MAY BE UPDATED AT ANY TIME.**

### **EDUCATIONAL EXPERIENCES IN THE ARMED SERVICES**

The Maricopa Community Colleges may award credit for military experiences based on the ACE Guide to the Evaluation of Educational Experiences in the Armed Services. A student may receive college credit if:

- Training parallels a discipline area offered through the Maricopa Community Colleges, and
- Credit meets a program requirement or is used as elective credit.

Upon request, individuals who have successfully completed basic training, four (4) credit hours in physical education will be awarded as indicated in the ACE Guide and the Community College of the Air Force Catalog. Official documentation of military training is required.

### **INTERNATIONAL BACCALAUREATE (IB) DIPLOMA/CERTIFICATE**

Students who present an international baccalaureate diploma/certificate may qualify for college credit. Maricopa grants credit for college-level courses only. Scores must be received directly from the institution where the exams were administered before credit is awarded.

### **CREDIT BY EVALUATION**

#### **COLLEGE CREDIT RECOMMENDATION SERVICE**

ACE evaluates training programs offered by business, industry, and government and publishes its credit recommendations in *The National Guide*. If a student has received training that appears in the guide, he or she may receive college credit if:

- Training parallels a discipline area offered through the Maricopa Community Colleges, and
- Credit meets a program requirement or is used as elective credit.

#### **DEPARTMENTAL CREDIT BY EVALUATION**

Students may apply for Departmental Credit by Evaluation in certain courses by obtaining the appropriate form in the Admissions and Records /Enrollment Services Office. The completed Credit by Evaluation form and the required fees are due to the college when the Credit by Evaluation request is submitted.

Some academic departments may have additional requirements that must be met before credit may be granted through Departmental Credit by Evaluation. When credit is granted a notation of "Credit by Evaluation," and the number of credits will appear on the student's transcript. These credits are not used in computing the grade point average. Credit by Evaluation is transferable within the Maricopa Community Colleges, but is not necessarily transferable to other colleges and universities. Students may not request:

- To challenge a course a second time;
- To challenge a course while currently enrolled in the course;
- To establish credit in a previously completed course; and
- To establish credit for a lower level of a course in which credit has been received.

### **PLA AND TRANSFER DISCLAIMER**

If pursuing a transfer degree (AA, ABUS, AS, AAEE, AAFA, or Articulated Academic Degree Program), transfer credit and PLA will be granted for the purpose of satisfying Maricopa graduation requirements. Because credits may not transfer to all colleges or universities, contact your transferring institution to determine their transfer credit and PLA requirements and policies.

## **2.2.6 Academic Advising, New Student Orientation, and Student Success Course**

### **1. Academic Advising**

Students who will be attending college for the first time, and intend to earn an Associate's degree or to transfer to a college/university to complete a Bachelor's degree, will be required to meet with an academic advisor prior to the start of their first semester at a MCCCCD college.

i. Recent high school students who received MCCCCD credits through Dual/Concurrent Enrollment, ACE, Hoop of Learning, or any MCCCCD Early Outreach Program are considered first time to college.

## 2. New Student Orientation

Students who will be attending college for the first time, and intend to earn an Associate's degree or to transfer to a College/university to complete a Bachelor's degree, will be required to attend New Student Orientation prior to the start of their first semester at a MCCCCD College.

i. Recent High School students who received MCCCCD credits through Dual/Concurrent Enrollment, ACE, Hoop of Learning, or any MCCCCD Early Outreach Program are considered first time to college.

## 3. Student Success Course

Students who will be attending college for the first time, and intend to earn and associate's degree or transfer to a college/university to complete a bachelor's degree will be required to successfully complete a college success course (CPD150 or CPD115/AAA115) within the first two semesters at a MCCCCD college, unless they have completed high school within the last 10 years with a cumulative, unweighted grade point average of 2.6 or above. colleges have the leeway to determine if a student who is not first-time or enters with a cumulative grade point average of 2.6 or higher should have the college success course (CPD150 or CPD115/AAA115) added to their program requirements.

**AMENDED by Direct Approval from the Chancellor, April 16, 2020**

**AMENDED through the Administrative Regulations Approval Process, June 4, 2019**

## 2.2.7 Student Assessment and Course Placement

### 1. Course Placement

A. Students who plan to register in English, Reading, or Math will be advised to enroll into courses based on valid District-approved placement methods.

B. Students who place into course(s) that are below college-level (i.e., below 100-level) will be advised to enroll into the course(s) within the first two semesters.

C. A department/division chair or designee may grant a course placement waiver under special circumstances. The signed waiver will be noted on the student's electronic record. The process may also be done electronically without a signature if supported by the attending college.

D. Course placement will be determined utilizing the district placement options under any one of the following conditions:

- i. The student is taking his or her first college credit English, reading or math course, or any college course for which English, reading or math is a prerequisite.
- ii. The student is pursuing a degree or transfer pathway and does not have current valid District approved course placement on file or does not have previous college credit in English, reading and math.
- iii. The student for whom English is not the primary language and who is taking his or her first English as a Second Language class is required to take a test of English proficiency.

E. Students will be exempt from the course placement process if at least one of the following conditions apply:

- i. The student has earned an associate or higher degree from a regionally accredited college.
- ii. The student has earned college credits from a regionally accredited college in English, reading, and math with a grade of C or higher.
- iii. The student has currently valid District approved course placement scores on file.

- iv. The student who is exempt from the course placement process must still fulfill the minimum graduation requirements.

## 2. Determining Course Placement

Maricopa County Community Colleges use multiple placement options. In cases, when a course placement test is given, scores will be valid for two years. Other placement methods will also have limited time validity. For additional information, go to [PLACEMENT](#).

- A. Reading placement test scores that indicate “exempt from CRE101” do not expire.
- B. Students will be permitted one re-test in English, reading, or by math level after at least a 24-hour waiting period. One additional re-test is permitted no sooner than three months from the oldest valid score date at any course placement testing site.
- C. The Vice President of Student Affairs or designee may approve re-testing for students with special needs or circumstances. The re-test date will then serve as the date of record.

## 3. Implementation of Policy

To ensure consistency of the course placement process within the Maricopa Community Colleges:

- A. All colleges shall accept the same approved course placement methods.
- B. All colleges shall adhere to the same approved placement scores.
- C. All colleges shall adhere to the approved limited time validity for each course placement method. for more information, go to: [PLACEMENT](#).
- D. Reading Placement Scores that Indicated “Exempt from CRE101” Do Not Expire.

## 4. Evaluation

The Maricopa Community Colleges will provide an ongoing evaluation of the course placement process. An annual report shall be submitted to the Governing Board to indicate the policy's effectiveness noting the number of students assessed, their placement scores and their success in courses. Every three years a thorough review of the policy and procedures shall be implemented, including recommendations from the English, Reading and Math Instructional Councils regarding cut-off scores, course placement assessment tools and procedures.

**AMENDED through the Administrative Regulations Approval Process, June 4, 2019**

### 2.2.8 Registration

Students must register according to the dates indicated, and in the manner described in the college class schedule. To be eligible for registration, students must have completed the appropriate steps listed under the Admissions section. The college may allow early or priority registration. Tuition and fees must be paid or payment arrangements made by the due date to secure class enrollment. Students may not attend a class for which they are not registered.

The colleges reserve the right to enroll students in courses. The final decision for admission to any class for students admitted under section 2 of AR 2.2.1 will be determined by the designated college administrator in consultation with the department chairperson and/or faculty.

Class Registration Deadlines:

- 1. For classes with published start dates and meeting times, registration in the class must be completed before the first official class meeting date and time. Students may not register for a class once it has started. Self-Service registration for a class through [my.maricopa.edu](http://my.maricopa.edu) will end at 11:59 PM on the day before the class starts. Registration for a class on the date it starts must be done in person or on the phone, and must be completed before the class start time.
- 2. For classes without published meeting times (for example, online classes, special projects), registration in the class must be completed by 11:59 PM on the day before the class starts.
- 3. Exceptions
  - a. Exceptions to class registration deadlines require permission of appropriate instructor(s) and approval of the appropriate department/division chair or designee.
  - b. Exceptions are limited to
    - i. Courses requiring permission of instructor
    - ii. Courses requiring auditions or try-outs

- iii. Courses for Special Populations or Cohorts
- iv. Enrollment in an alternative section of a course taught by the same instructor
- v. Enrollment in an alternative section of a course taught by a different instructor
- vi. Course level changes
- vii. Students dropped for non-payment during the 100% refund period may be reinstated if they attended since the first class meeting.
- viii. Students dropped due to Human or system errors may be reinstated if they attended the first class meeting.
- ix. Other exceptions may be granted after faculty consultation with the student.

### 2.2.9 Tuition and Fees Policy

Tuition and fees are public monies within the jurisdiction and responsibility of the Maricopa Community Colleges Governing Board under the laws and regulations of the State of Arizona and must be administered by the Governing Board. The Governing Board reserves the right to change tuition and fee charges when necessary without notice. All students are classified for tuition purposes under one of the following residency classifications:

1. Maricopa County resident
2. Out-of-County resident
3. Out-of-State resident (including F-1 non-immigrant students)

Residency for tuition purposes is determined in accordance with state law (ARS §§15-1801 et seq.) and regulations of the Maricopa Community Colleges Governing Board. All of the Maricopa Community Colleges are subject to the above statutes and regulations. Students who have questions about their residency should contact the Admissions and Records Office/Office of Student Enrollment Services for clarification.

Students attending more than one Maricopa Community College will be assessed fees for their enrollment at each of the Maricopa Community colleges/centers. (Students who are considered to be out-of-state residents for tuition and fees purposes should refer to Appendix S-3, Concurrent Enrollment in Arizona Public Institutions of Higher Education.)

#### 1. Time of Payment\*

All tuition, fees, assessments and deposits must be paid at the time of registration or by the specified deadline date and in accordance with the fee schedule approved by the Maricopa Community Colleges Governing Board.

#### 2. Tuition and Fees Schedule (Effective July 1, 2018 for fall, spring and summer Sessions)\*

Current information can be found at <https://district.maricopa.edu/regulations/admin-regs/appendices/students/s-4>

The following is a tuition and fees schedule for 2018-2019 and is provided for reference. ***These tuition and fees are subject to change.*** Consult the college's Admissions and Records Office/Office of Student Enrollment Services for course fees in effect during the semester/term in which you intend to register. See [Appendix S-4](#).

**Amended by Direct Approval from the Chancellor, November 21, 2018**

### [Appendix S-4: Tuition & Fee Schedule - Tuition Discounts for 2020-2021 Academic Year](#)

#### A. Determine Student Residency Status

Refer to admissions information ([AR 2.2.2](#)) of the college catalog for residency information and to review the requirements for classification as a Maricopa county resident. Contact the Admissions and Records Office/Office of Student Enrollment Services if you have questions about residency requirements.

#### B. Use the Chart to Locate Tuition Charges

Determine the correct column based on your residency status and then select the number of credit hours. The general tuition chart is provided for reference only.

#### C. Add Any Additional Fees

A one-time, per semester \$15 registration fee is due by the official start of the term (semester) or by the specified due date or at time of registration.

#### D. There may also be additional course fees for classes, please refer to the college schedule for course fees.

- E. If you choose to audit a class, add an additional fee of \$25 per credit hour.
- F. Additional course fees may apply for specific courses. Check with the college's Admissions and Records Office/Office of Student Enrollment Services for a current listing of course fees.
- G. Pay Your Fees  
Payment of fees may be made by cash, check, money order, VISA, MasterCard, Discover or American Express. Payment Plan options are also available.

*NOTE: If you do not pay your tuition and fees at the time of registration or by the specified due date, you may be dropped from your classes and may be responsible for the tuition and fees based on the refund schedule which outlines the refund deadlines for each course.*

**Skill Center Tuition Rates**

Regular	\$5.00 per clock hour
Nursing Assistant	\$6.00 per clock hour
Practical Nursing	\$6.00 per clock hour

**Amended through the Administrative Regulations Approval Process, May 5, 2017**

**Credit by Examination & Credit by Evaluation (excludes Allied Health courses)**

Regular Rate	\$85.00 per credit hour
Contract Rate	\$42.50 per credit hour

**3. Outstanding Debts**

Any debt or returned check may revoke a student's current enrollment and the student's right to register in subsequent semesters at all Maricopa Community Colleges. Delinquent debts may require penalties, late charges, collection costs, and/or legal fees to be paid before good standing is restored to the student.

The following procedure will be used for the collection of returned checks and other outstanding debts:

- A. The designated college official or fiscal officer is responsible for:
  - i. Verifying the student's district wide debt,
  - ii. Attempting to notify the student of the debt and
  - iii. Attempting to collect the debt.
- B. Maricopa Community College services may be withheld pending payment of debt (at designated college office) with cash, certified check or money order or online with debit or credit card or in person with credit card. Student may be withdrawn from classes.
- C. If other collection attempts fail, the Maricopa Community Colleges District Office will either collect or use other means available, including:
  - i. Collection agency, requiring payment of collection fees by the student;
  - ii. The Tax Refund Setoff Programs as stated in ARS §42-1122;
  - iii. Litigation, requiring payment of court costs and legal fees by the student.
- D. Debt Holds may be lifted only in limited instances by the appropriate College or District business services designee for the extension of services provided that at least one of the following conditions are met:
  - i. MCCCCD staff verify that full payment has been made to another College;
  - ii. The College can deduct payment from a financial aid award made to the student (referring to student authorization guidelines for regulations on applying federal financial aid to debt balances);
  - iii. A third party not related to the student, such as an employer or state agency, makes a verified payment directly to the College;
  - iv. It is determined and verified with the appropriate MCCCCD office that the hold resulted from a system error and the error is due to an activity that requires correction by the appropriate College or District personnel.

Admission Criteria to Attend a College within the Maricopa Community College District (MCCCD) is determined in accordance with state law (ARS §§15-1805.01 AND 15-1821) and regulations of the Maricopa Community Colleges Governing Board and the Chancellor. As such, participants enrolled in courses as part of third party agreements are also subject to the same admissions criteria. This includes the participants resolving any current enrollment or administrative holds that are unrelated to the Third party in an existing student account, but that otherwise impact his/her eligibility to enroll in courses or participate in programs delivered by MCCCD faculty or staff.

**4. Discounted Fees and Waivers**

- A. Citizens 62 years of age and older shall be issued ID cards that allow them the privilege of attending events at no cost and that allow them to use the library facilities.
- B. Employees, Dependents and Mandated Groups  
The Maricopa Community College District waives tuition and student activity fees for credit-hour courses for employees and their dependents, and for legislatively mandated groups. Special fees and fees for Non-credit/Special interest Community Services courses are not waived.
- C. Tuition and Registration Fee Waiver for Members of the Pima-Maricopa Indian Community  
Tuition and fee waivers shall be funded through Auxiliary Fund Monies for college credit courses for the enrolled members of the Pima-Maricopa community who live on the Pima-Maricopa Reservation.

All other guidelines and procedures established for the purpose of administering waivers, affidavits and exemptions are outlined in the Maricopa County Community College District tuition waiver manual.

**2.2.10 Refund Policy**

**1. Refund Policy for Credit/Clock Classes**

Students who officially withdraw from credit/clock classes (in fall, spring, or summer) within the withdrawal deadlines listed below will receive a 100% refund for tuition, class and registration fees. Deadlines that fall on a weekend or a college holiday will advance to the next college workday except for classes fewer than 10 calendar days in length or as specified by the college. Calendar days include weekdays and weekends. Refer to individual colleges for withdrawal and refund processes. Never attending is not an allowable refund exemption or an excuse of the debt incurred through registration.

Length of Class	Official Withdrawal Deadlines for 100% Refund
1-9 calendar days	Prior to the class start date
10-19 calendar days	1 calendar day including the class start date
20-29 calendar days	2 calendar days including the class start date
30-39 calendar days	3 calendar days including the class start date
40-49 calendar days	4 calendar days including the class start date
50-59 calendar days	5 calendar days including the class start date
60-69 calendar days	6 calendar days including the class start date
70+ calendar days	7 calendar days including the class start date

*\*Course fees and registration processing fees will be refunded only if the student qualifies for a 100% refund. Debts owed to any MCCCD college must be satisfied before any refunds are paid to the student. Refunds for students receiving federal financial assistance are subject to federal guidelines. Requests for exceptions to the refund policy must be filed within one year from the semester in which the course was taken.*

**2. Refund Policy for Non-Credit Classes**

Unless otherwise specified, students must drop non-credit classes prior to the course start date to be eligible for a 100% refund.

**3. Canceled Classes**

When a class is canceled by the college, a 100% refund will be made.

**4. Refund Exceptions**

Students withdrawing from a college or from courses for one of the following reasons must submit a written request for a refund exception to the Admissions and Records Office/Office of Student Enrollment Services or designated college official:

- A. A student with a serious illness, verifiable by a doctor's written statement that the illness prevents the student from attending all classes for the semester. The doctor's statement must be on file with the college before a refund can be given.
- B. Serious illness or death of an immediate family member that prevents the student from attending all classes for the semester. Immediate family members include spouse/partner, father, mother, grandfather, grandmother, child, foster child, grandchild, stepchild, sibling, stepsibling, stepfather, stepmother, or spouse's/partner's father, mother, grandfather, grandmother, or in-laws in any one incident. Appropriate documentation must be provided before a refund can be given.
- C. Death of a student. Appropriate documentation must be provided before a refund can be given.
- D. A student in the armed forces or the Arizona National Guard who is called to active duty and assigned to a duty station, verifiable by a copy of the orders, will be allowed to withdraw and receive a 100% refund of tuition, provided courses have not been completed.

Requests for a total withdrawal from a college or courses for one of the above reasons may result in a partial prorated refund of tuition, provided courses have not been completed. All decisions made by the college are final.

**Limitation:** Never attending is not an allowable refund exception or an excuse of the debt incurred through registration

##### **5. Refund Policy for Department of Defense Tuition Assistance Funds**

Students who receive tuition assistance (TA) funds for a course or courses from the department of defense (DOD) may have a refund processed and returned to the student's DOD branch of service in the following situations. Refer to individual colleges for withdrawal and refund processes.

- A. Per refund exception D, a student who is called to active duty and assigned to a duty station, verifiable by a copy of the orders, will be allowed to withdraw, provided courses have not been completed. A 100% refund of TA funds will be issued to the student's DOD branch of service.
- B. A student who withdraws for reasons other than those outlined above within the first 60% of the period for which funds were received will have the proportional amount of unearned TA funds returned to the student's DOD branch of service. Refer to individual colleges and DOD branch of service for potential student financial responsibility as a result of withdrawal.

*Requests for refund should be referred directly to the college of enrollment.*

**AMENDED by Direct Approval from the Chancellor, January 13, 2020.**

**AMENDED through the Administrative Regulations Approval Process, May 5, 2017**

### **2.2.11 Student Financial Assistance**

The Maricopa Community Colleges provide students financial assistance to enable access to higher education. Student financial assistance shall be awarded on the basis of demonstrated financial need except where funds are specified for recognition of special talents and achievements. Additional procedural information on financial assistance is available in [Appendix S-5](#).

#### **Appendix S-5: Student Financial Assistance**

The Maricopa Community Colleges provide students financial assistance to enable access to higher education. Student financial assistance shall be awarded on the basis of demonstrated financial need except where funds are specified for recognition of special talents and achievements. Only those with a lawful presence in the United States may qualify for federal financial aid or Maricopa County Community College District (MCCCD) scholarships. Under Arizona law, any information the student provides about his or her legal status when applying for financial aid or publicly funded scholarships may be subject to mandatory reporting to federal immigration authorities. This does not apply to applications for the private scholarship funds held in and distributed by the Maricopa Community Colleges Foundation.

The office of financial aid may request to have the validity of a student's high school completion evaluated if either the college or the United States Department of Education has reason to believe that the high school diploma is not valid or was not obtained from an entity that provides secondary school education. An evaluation may be conducted on the basis of any of the following:

- Alerts, bulletins, or similar communications provided by any state, federal, or other governmental agency, another institution, a professional or similar organization, or any other resource that might provide information helpful to the evaluation;
- A transcript or other record received from another institution the student may have attended;
- The contents of the student's Free Application for Federal Student Aid, student information form, or any other information the student provides to the college;
- The independent professional judgment by any official of the office of student financial aid.

### **How to Apply for Federal Financial Aid**

New students must complete the Free Application for Federal Student Aid (FAFSA) or FAFSA on the Web at <http://www.fafsa.ed.gov/>. Each academic year, continuing students must reapply by completing a FAFSA, Renewal FAFSA, or FAFSA on the Web. Scholarships require separate applications. Specific information regarding financial assistance, including application deadlines or priority dates, may be obtained from the college Office of Student Financial Aid.

### **Types of Aid**

Grants, loans, student employment, and scholarship funds may be available from federal, state, and/or private sources.

The Maricopa Community Colleges Foundation offers a variety of scholarship opportunities. Scholarship opportunities are available year round. However, most scholarships are posted mid-January and most deadlines are the last week of March. Options are available at <https://mcccdf.org/> or by calling 480-731-8400.

### **Distribution of Aid**

Criteria by which aid is distributed among eligible financial aid applicants are available on request at the college Office of Student Financial Aid.

### **Rights and Responsibilities**

Students should read all information provided in the process of applying for federal financial aid in order to gain a greater knowledge of all the rights as well as responsibilities involved in receiving that assistance.

### **Satisfactory Academic Progress**

Specific requirements for academic progress for financial aid recipients are applied differently than scholastic standards. In addition to scholastic standards which are explained elsewhere in this catalog, financial aid recipients are also subject to the following [Standards of Satisfactory Academic Progress](#). Specific information is available at the college Office of Student Financial Aid.

### **Refunds and Repayments**

In accordance with federal regulations (CFR 668.22), a student may be required to repay federal financial aid funds if they completely withdraw, are withdrawn, or fail to earn a passing grade from all classes during a semester. Further information is available at the college Office of Student Financial Aid. This could affect a student's ability to receive Financial Aid in the future at any school. For a student receiving Financial Aid, also see [Appendix S-7](#) for Withdrawal procedures.

### **Verification of Information**

1. A Free Application for Federal Student Aid (FAFSA) or a change to that FAFSA may be selected for verification. If a student's FAFSA is selected for verification, the student will be notified via the Student Center in my.maricopa.edu. In most cases, the student will be required to submit documentation as part of the verification process. The earlier the Financial Aid Office receives the required documentation, the earlier the student's eligibility for financial aid can be

determined. The verification process must be completed no later than 120 days after the last date of enrollment or August 31, whichever comes first. In addition, the Financial Aid Office must receive a final and valid electronic SAR by the student's last day of enrollment or June 30 of the award year, whichever comes first. The verification process must be completed before the Financial Aid Office can award any federal aid.

2. If an award has already been made and a FAFSA is selected for verification, the student must provide required documentation within thirty days after it has been requested of the student or on June 30, whichever comes first. If documentation is not received within this deadline, the student's award may be adjusted or canceled.
3. The required forms and documents a student submits for verification will be compared to the information reported on the student's FAFSA. If the information provided does not match what is shown on the FAFSA, the Financial Aid Office will submit changes to the US Department of Education FAFSA processor. After all changes are made to the FAFSA data, the student's eligibility for financial aid will be reviewed. If there are any changes to the student's financial aid eligibility as a result of verification, the student will be notified by means of the Student Center in my.maricopa.edu. If, following verification, the institution discovers evidence of student aid fraud (including identity theft), waste or abuse of US Department of Education funds, such evidence may be referred to the Office of Inspector General of the US Department of Education.

### **Award Amount and Level of Enrollment**

Award amount is determined, in part, on the level of enrollment. A reduction in course load after financial aid has been awarded may result in an adjusted financial aid award. Federal student aid recipients are advised to register at the same time for all classes they intend to take during a semester to maximize award. Some federal aid may not be awarded for classes added at a later date. Contact the college Office of Student Financial Aid for more information.

### **Repeated Coursework and Financial Aid Enrollment Status**

Federal regulations regarding repeated coursework may impact your financial aid eligibility and awards. Federal regulations specify that students may receive federal financial aid funding for one repetition of a previously passed course. A passed course is defined as one in which a grade of A, B, C, D, or P is received. If you enroll in a course in which you have previously received passing grades twice, the course will not be counted towards your enrollment level for financial aid purposes. You may repeat a failed course until it is passed. Your enrollment for financial aid purposes will be calculated accordingly.

### **Maricopa Community Colleges Standards of Satisfactory Academic Progress (SAP) for Financial Aid Eligibility**

Federal regulations (CFR 668.32(f) and 668.34) require a student to move toward the completion of a degree or certificate within an eligible program when receiving financial aid. Specific requirements for academic progress for financial aid recipients are applied differently than Scholastic Standards. Federal regulations state that Academic Progress Standards must include a review of all periods of enrollment, regardless of whether or not aid was received. Students will be evaluated using the standards described below. Failure to meet any of these minimum standards will result in loss of title IV, HEA program (federal financial aid) eligibility.

To remain eligible for federal and state aid programs, students must meet ALL of MCCC'D's Satisfactory Academic Progress (SAP) standards regardless of whether a student has received financial aid in the past or not. These standards apply to a student's entire academic records at any MCCC'D college, including transfer credit hours accepted by the college.

#### **1. Definitions and Terminology Pertaining to this Policy**

- A. Summer: Enrollment in the summer semester includes all courses scheduled within the summer enrollment period with all coursework counted in the SAP evaluation.
- B. Non-Standard Session / Clock Hour: Sessions that do not follow the traditional start and end dates for the semester.
- C. Attempted Credit: Any credit for which a grade of A, B, C, D, F, I, IP, N, P, W, Y, or Z is received and courses not yet graded.
- D. CGPA [Cumulative Grade Point Average]: The MCCC'D grading policy is published in the administrative regulations at 2.3.3. The CGPA does not include credits accepted in transfer.

- E. Financial Aid Warning: status assigned to an eligible payment period for the next enrolled semester after failing SAP GPA (2.0) and/or Completion Pace ( $\frac{2}{3}$ ). Students not meeting maximum timeframe evaluation are not eligible for a warning period.
  - F. Appeal: A process by which a student who is not meeting the institution's satisfactory academic progress standards is eligible to appeal the institution for reconsideration of the student's eligibility for title IV, HEA program assistance based on extenuating circumstances.
  - G. Extenuating Circumstance: A one-time (not on-going) circumstance that is beyond the reasonable control of the student.
  - H. Financial Aid Probation: A status assigned by an institution to a student who fails to make satisfactory academic progress and who has appealed and has had eligibility for aid reinstated. A student in this status may not receive title IV, HEA program funds for the subsequent payment period unless the student makes satisfactory academic progress or the institution determines that the student met the requirements specified by the institution in the academic plan for the student.
  - I. Academic Plan – A plan developed through the SAP Appeal Process which will lead a student to qualify for further title IV, HEA program funds and complete the program within 150% of published program length.
  - J. Financial Aid Suspension – The status assigned upon failing to meet the minimum SAP standards or the terms of probationary status. Students in this status are not eligible to receive title IV, HEA assistance.
2. Federal regulations (CFR 668.32(f) and 668.34) require institutions of higher education to evaluate Satisfactory Academic Progress (SAP) using qualitative (GPA) and quantitative (pace of progression) standards.
  3. Qualitative and quantitative measures of SAP are required to ensure students receiving Federal Student Aid are progressing towards the completion of a degree or certificate within an eligible program.
  4. Specific requirements for academic progress for Federal Student Aid recipients are applied differently than Scholastic Standards. Federal regulations state that SAP Standards must include a review of all periods of enrollment, regardless of whether or not aid was received. Standards are applicable for all enrolled payment periods, including all levels of enrollment (full-time or part-time enrollment). Students will be evaluated using the standards described below.
  5. Failure to meet any of the minimum standards outlined below will result in a student's loss of HEA, Title IV Federal Student Aid.

### Evaluation Period

1. Standards of Satisfactory Academic Progress (SAP) will be evaluated at the end of each payment period. For credit hour programs, a payment period is a semester (Fall, Spring, and Summer). For clock hour programs, a payment period / evaluation will depend on the hours required in the program.
2. Standards of Satisfactory Academic Progress (SAP) are evaluated based on qualitative (GPA), quantitative (pace of progression), and maximum timeframe. Failure to meet any of these standards may result in the loss of eligibility for financial aid. Grades of F, I, N, W, Y, Z, and courses not yet graded are considered attempted, but not completed in evaluating SAP. Late grades will be recalculated and may change eligibility.
  - a. **Grade Point Average Qualitative Measurement:** Students must maintain a 2.0 cumulative Grade Point Average in order to meet SAP GPA requirements.
  - b. **Pace of Progression Quantitative Measurement:** Students must successfully complete  $\frac{2}{3}$  (66.67%) of all attempted course work. For clock hour programs, please refer to program attendance requirements.
  - c. **Maximum Time Frame Measurement:** Students must be able to complete their program within 150% of the published program length. Once students have attempted 150% of the published program length, they are no longer eligible for Federal Student Aid. For example, a 16 credit certificate program will allow up to 24 credit hours to complete the

program. A 60 credit Associate's degree will allow up to 90 credit hours to complete the program.

3. Courses included in SAP evaluation:

- a. All attempted coursework, regardless of enrollment status
- b. Courses funded through a Consortium Agreement
- c. All attempted remedial credits, including English as a Second Language (ESL) courses.
- d. Repeated course work
- e. All transferred coursework
- f. Grades attempted, but not completed (F, I, N, W, Y, Z)

4. Course work included in the Maximum Time Frame evaluation:

- a. All of those included in the Pace of Progression evaluation
- b. Any Bachelor's degree (or higher) earned will be considered to have exhausted maximum timeframe eligibility
- c. All coursework forgiven through the Academic Renewal Process

5. Course work not included in SAP evaluation:

- a. Audited courses
- b. Non-credit courses
- c. Credit by examination
- d. Credit for prior learning option (as outlined in the college general catalog)

### **Notification**

Students who have applied for Federal Student Aid, but are not meeting Satisfactory Academic Progress requirements, will be notified via email of their FA Warning or ineligibility for financial aid. The notification will direct students to information regarding available college resources during the Warning Period and the appeal process in cases of extenuating circumstances.

### **Financial Aid Warning**

Students are allowed a warning period upon failing Qualitative and/or Quantitative SAP standards. The warning period allows one (1) payment period (semester) of Federal Student Aid eligibility upon failing SAP. The warning period will follow the semester for which SAP was not met, meaning the next semester for which the student registers for classes. In order to receive the Warning period, students must be meeting Maximum Timeframe requirements.

### **SAP Appeal**

Any student who has lost federal student aid eligibility due to a resolved, one-time extenuating circumstance may appeal to have their financial aid reinstated by completing a Satisfactory Academic Progress Appeal Form. The form must address:

1. what caused the student's work to fall below acceptable standards--specific explanations must be provided, including any supporting documentation,
2. each incomplete/failed course,
3. how the extenuating circumstance has been resolved, and
4. how the student will maintain good academic standards and progress toward the degree if the appeal is granted.

The outcome of the appeal will depend upon:

1. the nature of the extenuating circumstances (if the stated circumstance qualifies as such),
2. the quality of the documentation provided, and
3. how well the student has demonstrated the ability to progress towards degree completion within a reasonable time period.

All documentation submitted is confidential. All decisions are final and cannot be appealed. For assistance in completing the SAP appeal paperwork, including examples of supporting documentation, visit your college Financial Aid Office.

Students will be notified of the results of their appeal within ten (10) days of filing the appeal. Notification will include any restrictions or conditions pertaining to their appeal. The outcome of an appeal may include a probationary period. Appeals granted longer than one (1) payment period must include an academic plan, which must be followed. Failure to follow an approved academic plan will result in immediate suspension of Federal Student Aid. Students are responsible for any and all debt incurred as a result of this adjustment to financial aid. Failure to successfully complete all conditions during the probationary period (as defined in the academic plan) will result in loss of future financial aid eligibility.

### **Regaining Eligibility**

A student who has lost financial aid eligibility may only regain eligibility by meeting the minimum SAP standards. Transfer coursework taken at other colleges will be considered for reinstatement purposes.

If you are receiving federal financial aid it is important to read the information below prior to making a decision to withdraw.

### **Treatment of Title IV Aid When a Student Withdraws**

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, National SMART grants, TEACH Grants, Stafford Loans, PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs), and Federal Perkins Loans.

When you withdraw during your payment period or period of enrollment (you may contact the Financial Aid office to define these for you and tell you which one applies) the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro-rata basis. For example, if you completed 30% of your payment period or period of enrollment, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the payment period or period of enrollment, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a post-withdrawal disbursement. If your post-withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. Your school may automatically use all or a portion of your post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). The school needs your permission to use the post-withdrawal grant disbursement for all other school charges. If you do not give your permission, you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive any FFEL or Direct loan funds that you would have received had you remained enrolled past the 30th day.

If you receive (or your school or parent receives on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of:

1. your institutional charges multiplied by the unearned percentage of your funds, OR
2. the entire amount of excess funds. The school must return this amount even if it didn't keep this amount of your Title IV program funds.

If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time. Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return. You can view the tuition refund policy and requirements and procedures for withdrawing from school at <https://district.maricopa.edu/regulations/admin-regs/section-2/2-2>

**TECHNICAL CHANGE by Legal Counsel, May 6, 2020**

**AMENDED by Direct Approval from the Chancellor, May 5, 2020**

**AMENDED through the Administrative Regulations Approval Process, June 5, 2017**

### **2.2.12 Vaccinations (As Required By 20 USC §1092(a)(1)(V)):**

The Maricopa County Community Colleges District does not require that students receive vaccinations prior to enrollment. Certain professional or occupational programs do require particular vaccinations for participation in those programs. More information about these programs can be found on college websites.

### **2.2.13 UNIVERSITY TRANSFER**

#### **UNIVERSITY TRANSFER**

The Maricopa Community Colleges have developed formal agreements to facilitate the transfer of credit to four-year colleges and universities. This is accomplished through the development of course and program articulation agreements. The Maricopa Community Colleges articulate with accredited private, public, and international baccalaureate granting institutions. Maricopa transfer agreements are on behalf of the district as a whole and not with individual colleges within the District. Courses taken at any of the Maricopa Community Colleges are equally transferable by institutions wishing to articulate. Students planning to transfer to a university may be required to submit official transcripts.

Articulated transfer programs and pathways between the Maricopa Community Colleges and baccalaureate-granting institutions [such as the Maricopa-ASU Pathway Program (MAPP), the UA Bridge Program, 2NAU and 90/30 Transfer Agreements] are official, recognized programs of study that fulfill both associate degree and bachelor's degree requirements. These articulated programs and pathways are designed to aid in a smooth transition for a student planning to transfer to a four-year college or university by identifying the required, transferable, and applicable coursework for that student's specific program of study. A complete list of Maricopa-ASU Pathway Program requirements by major and catalog year is maintained on ASU'S website, at [Transfer](#).

#### **ARIZONA PUBLIC COMMUNITY COLLEGES AND UNIVERSITIES**

Maricopa is a participant in the Arizona statewide transfer system. [AZTRANSFER.COM](#) is the official source of information for the statewide articulation agreements between the Arizona public community colleges and universities (Arizona State University, Northern Arizona University, and University of Arizona). Included on [AZTRANSFER.COM](#) is the Course Equivalency Guide (CEG), which shows transfer course equivalencies between Arizona's public community colleges and tribal institutions to Arizona State University, Northern Arizona University, and the University Of Arizona. The transferability of a course does not indicate directly how the course will apply to meet requirements for specific bachelor's degrees. [AZ Transfer Course Equivalency Guide](#)

#### **(U.S.) AND INTERNATIONAL INSTITUTIONS**

The Maricopa Community Colleges have transfer agreements with accredited U.S. universities and colleges as well as international institutions that have been approved by the Ministry of Education. These partnerships are formalized

through District-Wide memorandums of understanding and articulation agreements, and are designed to help students maximize the applicability of transfer credit toward a bachelor's degree. To access a list of institutions with which Maricopa has established articulation agreements, visit: [Maricopa University Partner List](#)

## **TIME LIMIT FOR TRANSFER COURSEWORK**

Students should be aware other colleges and universities may have age of credit limits on certain coursework to be used in transfer. Students should refer to the policy of their intended transfer institution regarding time limits for transfer coursework.

## **SHARED UNIQUE NUMBERING (SUN) SYSTEM COURSE INFORMATION**

Senate Bill 1186, which passed into law in 2010, mandated the creation of a shared numbering system for public college and university courses in Arizona to identify courses that transfer from community colleges to universities toward a baccalaureate degree. The Shared Unique Number (SUN) system is a college course numbering system designed to help students locate and enroll in courses that have direct equivalents for transfer among Arizona's public community colleges and three state universities. However, even if a course at the Maricopa Community Colleges is not designated as a SUN course, it may still transfer to other Arizona public institutions with a direct equivalent as per the Course Equivalency Guide on [AZTRANSFER.COM](#). The SUN system does not address the applicability of courses. Students are encouraged to work with an academic advisor on course selections. To access a list of SUN courses, visit [SUN](#)

**ADOPTED through the Administrative Regulations Approval Process, June 4, 2019**

### **2.9 Veterans Services**

The Maricopa Community Colleges' veterans' services offices act as liaisons with the Department of Veterans Affairs (VA) and the state approving agency. Each program must be approved by the state approving agency. Students may be eligible to receive educational benefits if they are registered in courses that apply to the student's approved programs. Application forms, counseling, advisement, tutoring, and priority enrollment are available for students who are eligible for veteran's educational benefits. Students applying for veteran's educational benefits should allow eight to ten weeks before receiving benefits. The amount of benefits awarded is determined by the Department of Veterans Affairs, and is based on the number of credit hours or clock hours for which a student is enrolled and the length of the enrollment period for each course.

Veteran's benefits available:

- Chapter 30 - Montgomery GI Bill®
- Chapter 31 – Veteran Readiness and Employment (VR&E)
- Chapter 32 - VEAP Program
- Chapter 33 - Post 9/11 GI Bill® & Transfer of Eligibility to Dependents (TOE)
- Chapter 35 - Survivors and dependents of deceased/100% disabled veterans
- Chapter 1606 - Montgomery GI Bill®, Selected Reserve
- Chapter 1607 - REAP Reserve Educational Assistance Program

*GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.*

Covered individuals (as defined in 38 U.S.C. § 3679) utilizing Chapter 33 or Chapter 31 VA education benefits may attend or participate in a program of study during the period beginning on the date the individual provides the educational institution a Certificate of Eligibility (COE), a Statement of Benefits obtained from eBenefits, or a purchase order for Chapter 31, and ending on the earlier of the following dates:

1. The date upon which payment from the VA is made to the institution;

2. 90 days after the date the institution certified tuition and fees following the receipt of the Certificate of Eligibility.

No penalty, including the assessment of late fees, and/or the denial of access to classes or other institutional facilities will be imposed on the individual due to the delayed disbursement funding from VA under Chapter 31 or 33.

It is the student's responsibility to notify the office that serves veterans at their campus regarding any change in enrollment, address, program of study, enrollment at another institution, or any other change that may impact their veteran's educational benefits.

Those students receiving benefits must follow the VA academic progress policy to continue to receive benefits.

Department of Veterans Affairs regulations require that all persons using any type of veteran educational assistance program make satisfactory academic progress toward achievement of their educational objective (program of study). A student who does not meet the minimum standards of 2.0 upon completion of 12 or more credit hours will be placed on probation, at which point the student will have no more than two semesters in which to improve academic standing to acceptable. At this point, if satisfactory academic progress has not been demonstrated, veteran educational benefits will be terminated. Benefits may be resumed when the student raises the cumulative grade point average to the required minimum standards or demonstrates the ability to meet these standards through the approval of a written appeal. For appeal procedures, contact the office that serves veterans at your campus.

For additional details and information regarding veteran's educational benefits, contact the office that serves veterans at your campus.

#### **Distance Learning:**

The course content and competencies for distance learning classes are the same as courses offered in-person or in a hybrid format. The courses offered in this format lead to completion of MCCC degrees and/or certificates of completion.

Colleges use Learning Management Systems (LMS) like Canvas and RioLearn for online offerings. These portals are used for both hybrid and online classes. Students must use their Maricopa Enterprise ID and password to access the portal. The link to the portal is provided on the college home page and on [my.maricopa.edu](http://my.maricopa.edu), the district's website for student access to Maricopa tools. Maricopa-assigned student email addresses are used for communicating with students within the tools. Students are also able to communicate with the instructor through the LMS, via Maricopa e-mail or by phone.

#### **Externship Programs:**

The Maricopa Community College's official District course descriptions for credited experiential learning opportunities (Internships, Externships, Practicums, and Clinicals) state the amount of hours required in order for a student to receive college credit. The descriptions also indicate if a maximum amount of credit is allowable for any given experiential learning opportunity. Each course that includes an experiential learning opportunity is assigned a Maricopa Instructor of Record who is responsible for ensuring that the student completes the required hours and assignments in order to receive credit. Additionally, the instructor works extensively with a site supervisor to ensure that the student is making satisfactory progress and meeting the time requirements. The experiential credit process for the student includes the specific course details and learning outcomes, how hours will be tracked, and what is required for grading and course completion. The instructor submits the final grade for the experience. Maricopa's experiential learning process is in compliance with CFR 38 21.4265

A complete list of internship courses, along with course objectives, can be found on the Maricopa Community College's District – [Center for Curriculum and Transfer Articulation](http://www.maricopa.edu/center-for-curriculum-and-transfer-articulation) website, located at: <https://curriculum.maricopa.edu/transfer-and-articulation>

**Prior Credit Evaluation:**

Department of Veterans Affairs requires that all persons using any type of veteran's educational assistance must have all prior education and training evaluated. Students will be required to request transcripts from all prior institutions, including military training. Without all prior institutions and military training, veteran educational assistance may not be certified. Transcripts will be evaluated and credit will be granted, as appropriate.

**AMENDED through the Administrative Regulations Approval Process, May 16, 2016**

## SCHOLASTIC STANDARDS

### 2.3.1 Academic Load

A credit hour is defined as an amount of work represented in course competencies and verified by evidence of student achievement that reasonably approximates not less than one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester hour of credit, or the equivalent amount of work over a different amount of time, or at least an equivalent amount of work for other academic activities, including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours. In accordance with common practice in higher education, instruction representing a credit hour is typically delivered in a 50 minute class period.

Students carrying at least twelve (12) credit hours will be considered full-time students for the fall and spring semesters. Three-quarter-time is 9 - 11.9 credit hours. Half-time is 6 - 8.9 credit hours. Fewer than six (6) credit hours is considered less than half-time. Academic load for summer and special terms may be defined differently. Contact the Admissions and Records Office/Office of Student Enrollment Services for clarification. As provided in the Reduced Course Load administrative regulation, a student may be deemed a full-time student carrying fewer than twelve credit hours pursuant to an accommodation of a disability.

Courses may vary in length, and begin and end throughout the year. A credit hour indicates the value of an academic credit. Standards for the awarding of credit hours may be time based or competency based. To obtain credit, a student must be properly registered and must pay fees for the course. The fall and spring semesters are typically sixteen (16) weeks in length. Summer sessions are typically five or eight weeks in length.

Students desiring to take more than eighteen (18) credit hours must obtain approval from the designated college official. Ordinarily, only students with a grade point average of 3.0 or higher for the preceding semester or first semester students who were in the upper quarter of their high school graduating class are permitted to carry more than eighteen (18) credit hours.

Students participating in extra-curricular or co-curricular activities or receiving financial assistance may be required to maintain a specified minimum academic load.

Students who are working, have considerable extra-curricular or co-curricular activities, or have been reinstated from academic suspension/probation should plan their academic load accordingly.

## Schedule Changes

Students may change their schedule by following the designated procedures at their college of enrollment. It is the student's responsibility to notify the college if he/she will no longer be attending the class (see [Appendix S-7](#) for Withdrawal Procedures).

### 2.3.2 Attendance

- Only persons who are registered for a class at any of the Maricopa Community Colleges may attend that class. Attendance requirements are determined by the course instructor. Students who do not meet the attendance requirement as determined by the course instructor may be withdrawn.
- Students who fail to attend the first scheduled class meeting, or to contact the instructor regarding absence before the first scheduled class meeting may, at the option of the instructor, be withdrawn.
- At the beginning of each course, each faculty member will provide students with written attendance requirements. It is the student's responsibility to consult with the instructor regarding official or unofficial absences. Absences begin to accumulate with the first scheduled class meeting.
- Students bear the responsibility of notifying the Admissions and Records Office/Office of Student Enrollment Services when they discontinue studies in a course or at the college. Please refer to [Appendix S-7](#) for Withdrawal Procedures.

#### 1. Official Absences

- A. Official absences are those that occur when students are involved in an official activity of the college, i.e., field trips, tournaments, athletic events, and present an official absence excuse form. Absences for such events shall not count against the number of absences allowed by an instructor or department. Students who must miss a class for an official reason must obtain an official absence verification card from the appropriate vice president or designee and present it to the appropriate instructor(s) before the absence. Prior arrangements must be made with each instructor for make-up work. If prior arrangements have been made, the student will not be penalized.
- B. Other official absences include jury duty and subpoenas. Appropriate documentation will be required. Prior arrangements must be made with each instructor for makeup work. If prior arrangements have been made, the student will not be penalized.
- C. In the event of military commitments. Absences for periods of up to one week will not be counted against the number of absences allowed by an instructor or department. The student is required to provide appropriate documentation of the specific orders, length of assignment and location. Prior notification must be initiated with each instructor to discuss make-up work. If the length of the absence will be longer than one week, the instructor and the student will determine whether there is sufficient opportunity for the student to make up the work. If it is determined that the length of absence for the military commitment provides an undue hardship on the student's ability to make up the assignments, he or she will be provided an opportunity to request an incomplete grade or drop the class or, in the case of open-entry classes, the opportunity to request an extension.
- D. In the event of the death of an immediate family member, absences for periods of up to one week will not be counted against the number of absences allowed by an instructor or department. Students should contact instructor(s) as soon as possible to arrange for make-up work. Appropriate documentation will be required (for example, a copy of the obituary or funeral program). In specialized programs that require clinical rotations, this regulation may not apply.

#### 2. Religious Holidays

Students shall have the right to observe major religious holidays without penalty or reprisal by any administrator, faculty member or employee of the Maricopa Community Colleges. Absences for such holidays shall not count against the number of absences allowed by an instructor or department, provided the student has utilized the Religious Accommodation Procedure outlined in ND-4 of the Administrative Regulations Appendices. The Procedure and Religious Accommodation form may be found at [ND-4](#). As outlined in the ND-4 Religious Accommodation Procedure, to the extent possible, requests must be made at least two (2) weeks before the requested absence from class due to religious holiday or day of observance by providing the faculty member with the [Religious Accommodation Request Form](#). Once a religious accommodation is granted, the student must make arrangements with each instructor for make-up work.

### 2.3.3 Grading

#### 1. Policy

It is the policy of the Maricopa Community Colleges that a grade will be assigned at the conclusion of the course. Official grades are available on designated college web sites.

#### Grade Key

A	Excellent	4 grade points per credit hour
B	Above Average	3 grade points per credit hour
C	Average	2 grade points per credit hour
D	Passing	1 grade point per credit hour
F	Failure	0 grade points per credit hour
I	Incomplete	Not computed in grade point average
IP	Course in Progress	Not computed in grade point average
N	Audit	Not computed in grade point average
P*	Credit	Not computed in grade point average
W	Withdrawn, passing	Not computed in grade point average
Y	Withdrawn, failing	0 grade points per credit hour
Z	No Credit	Not computed in grade point average

*\* A "P" is judged to be equivalent to a grade of C or higher.*

NOTE: Grading errors discovered after the sixty (60) day expiration date can be corrected if they have been researched by the Director of A&R/Enrollment Services and the Instructor of Record or the Department/Division Chair.

#### 2. Incomplete Grade

- A. Students who are doing acceptable work may request an incomplete grade "I" if they are unable to complete the course requirements by the end of the term because of illness or other extenuating circumstances. If the request is approved by the instructor, he or she shall define, in a written/electronic contract, how the course will be completed.
- B. Students must complete the requirements within the time period agreed to--maximum time allowed is seven (7) months from the last date of class in which the grade of incomplete was assigned. Students who do not complete the requirements within the approved time period will have their grade recorded in accordance with the written contract. Students should NOT reregister for the course to complete the contract.
- C. A student's eligibility for financial aid may be jeopardized by an incomplete grade. Refer to the Standards of Satisfactory Academic Progress for details.

#### 3. Repeating a Course/Improving a Grade

Students who wish to improve their GPA may repeat a course within the Maricopa Community Colleges up to three times after the initial attempt. (A "W" is not considered an attempt.) Students planning to repeat a course should seek advisement prior to enrolling. The lower grade(s) and credit for repeated courses taken at the same college will automatically be excluded from the grade point calculation.

However, if the course(s) were taken at a different Maricopa Community College, the student must submit a request for the lower-graded course to be excluded from the GPA. The request can be submitted to the Admissions and Records Office at any of the Maricopa Community Colleges that the student attended.

Students receiving federal financial assistance and/or benefits should follow up with the Office of Financial Aid and/or Veterans' Services regarding their policies for repeated courses. An official student transcript is a permanent academic record issued by the college registrar. It displays all courses taken for credit within the Maricopa Community Colleges District and includes all grades received. Unlike an unofficial transcript, it is signed and dated by the college registrar and displays the college seal of the Maricopa College issuing the official transcript.

Check individual courses and programs for exceptions.

**4. Credit/No Credit Courses (P/Z)**

- A. Some courses may be taken under a credit/no credit grading system. These courses carry grades of P (credit, equivalent to a grade of C or higher) or Z (no credit) and are not computed in the student's grade point average. Credits earned with a grade of P may be counted toward graduation with the exception of AGECE (Arizona General Education Curriculum).
- B. The prescribed time limits are for full-semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly. See "Important Deadlines for Students".
- C. In courses with credit/no credit (P/Z) grading, the student may request standard grading (A, B, C, D, F), within fourteen (14) days including the date of the first class meeting. The instructor must immediately notify the Admissions and Records Office/Office of Student Enrollment Services.
- D. In courses with standard grading (A, B, C, D, F), the instructor determines if the credit/no credit option is available. If the option is available, the student must obtain the permission of the instructor. The instructor must notify the Admissions and Records Office/Office of Student Enrollment Services within fourteen (14) days including the day of the first class meeting.
- E. It is the student's responsibility to verify the transferability of credit/no credit courses. Some universities place a limitation on the number of credit/no credit courses that can be transferred.

*Advisory note: Some institutions outside the Maricopa Community Colleges may translate the Z grade as failing.*

**5. Audit Courses**

- A. Auditors are those who enroll in a course for the sole purpose of obtaining information; they receive no credit, grades, homework, or tests. If an auditor wishes to earn credit, he or she must change from audit status to credit status within the first week. If a student wishes to audit a course for which he or she is enrolled for credit, the change must be made within the first five (5) weeks of a semester. Auditors are subject to the same attendance policies as other students and must meet the same prerequisite requirements or obtain approval of the instructor. See the fee schedule for charges. Financial aid is not available for audited courses.
- B. The prescribed time limits are for full-semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly and appear in the "Important Deadlines for Students."

**6. Important Deadlines for Students (See [Appendix S-12](#))**

Class Length	Deadline for Students to Withdraw with Guaranteed Grade of W	Deadline for Students to Withdraw from a Course (Instructor Signature Required)	Deadline for Students to Request Complete Withdrawal	Deadline to Change Type of Grading (A-F to P/Z, or P/Z to A-F)	Deadline to Change From Audit Grade to Credit Grade	Deadline to Change from Credit Grade to Audit Grade

AMENDED through the Administrative Regulations Approval Process, June 4, 2018

AMENDED through the Administrative Regulations Approval Process, June 5, 2017

### 2.3.4 Academic Probation (Progress)

#### 1. Probation

A student will be placed on academic probation if, after completion of twelve (12) or more credit hours, the student's cumulative grade point average is less than 2.0:

Students on academic probation may take no more than twelve (12) credit hours per semester unless approved by the Admissions and Standards Committee.2.9

#### 2. Continued Probation

A student on academic probation who fails to raise the cumulative grade point average 2.0 will be placed on continued probation and may be limited to taking six (6) credit hours.

Academic probation and continued probation are calculated at the conclusion of every term including summer.

### 2.3.5 Instructional Grievance Process

A student who feels that he or she has been treated unfairly or unjustly by a faculty member with regard to an academic process such as grading, testing, or assignments, has the right to appeal according to the approved procedures.

The appeal process for grades must be initiated no later than sixty (60) calendar days from the date the grade was issued. Steps outlining the process are available in [Appendix S-6](#).

#### Appendix S-6: Instructional Grievance Process

A student who feels that he/she has been treated unfairly or unjustly by a faculty member (full-time or part-time) with regard to an academic process such as grading, testing or assignments, shall discuss the issue first with the faculty member involved. This conference shall be requested by the student within fifteen (15) working days from the time the student knew or reasonably should have known about the unfair or unjust treatment.

This instructional grievance process should not be utilized in a case in which a student feels he/she has experienced discrimination. If the student feels that he/she has experienced discrimination on the basis of race, color, religion, sex, gender identify, national origin, citizenship status (including document abuse), gender, age, disability, veteran status, genetic information, or sexual orientation, the student should refer to the Discrimination Complaint Procedures for Students as administered by the Vice President for Student Affairs.

Steps for students to follow:

1. If, within ten (10) working days of the request for the conference with faculty member, the problem is not resolved or the faculty member has been unable to meet with the student, the student may continue the process by filing a written grievance with the Department/Division Chairperson and appropriate administrative officer at the college/center. This written grievance must be filed within ten working days following the previous deadline. The written grievance will be given to the faculty member five days before any official meetings are convened.
2. Upon receipt of a written grievance, the Department/Division Chair or appropriate college administrative officer will work with the parties in an attempt to resolve the conflict. The faculty may ask that the College Faculty Senate

President be in attendance. Every attempt will be made to maintain confidentiality during this process. A faculty member will not be required to respond to a grievance which is not in writing and which, when appropriate, did not have specific documentation including dates, times, materials, etc. The written grievance will be made available to the faculty member.

3. If the grievance is not resolved at this level within ten working days, the student should forward to vice president of academic affairs or designee, a copy of the original written grievance with an explanation regarding action taken at each prior level. The dean of instruction or appropriate college/ center administrative officer will meet with the student, faculty member, the College Faculty Senate President if requested by the faculty member, and Department/Division Chair and attempt to resolve the issues. This level will be the final step in any grievance process regarding grades.
4. If the grievance, other than those concerning grades, is not resolved by the vice president of academic affairs or designee, it may be forwarded in writing by the student to the college president for final resolution. The college president or designee will issue a final written determination in the grievance process.
5. Instructional grievances are resolved at the college level. The district office is not an avenue of appeal for the instructional grievance process.

**Note:** The grievance process for grades must be initiated no later than sixty (60) calendar days from the date the grade was issued.

### **2.3.12 Non-Instructional Complaint Resolution Process**

A student who feels that he or she has been treated unfairly or unjustly by any employee with regard to a non-instructional process such as a student or administrative services has the right to file a formal and written complaint according to the approved procedures. See [Appendix S-8](#).

### **Appendix S-8: Non-Instructional Complaint Resolution Process**

A student who feels that he or she has been treated unfairly or unjustly by any employee with regard to a non-instructional process such as a student or administrative services has the right to file a formal and written complaint according to the approved procedures. Steps for students to follow:

1. Discuss the issue with the employee involved. The student should request this conference within fifteen (15) working days from the time the student knew or reasonably should have known about the unfair or unjust treatment.
2. If, within ten (10) working days of the request for the conference with the employee, the problem is not resolved or the employee has been unable to meet with the student, the student may continue the process by filing a written complaint with the appropriate supervisor of the employee where authority exists to take corrective action. This written complaint must be filed within ten (10) working days following the previous deadline. The written complaint will be given to the employee five (5) working days before any official meetings are convened.
3. Upon receipt of a written complaint, the appropriate supervisor will work with the parties in an attempt to resolve the conflict. Every attempt will be made to maintain confidentiality during this process. An employee will not be required to respond to a complaint which is not in writing and which, when appropriate, does not have specific documentation including dates, times, actions, supporting documents, etc. The written complaint will be made available to the employee.
4. If the complaint is not resolved at this level within ten (10) working days, the student should forward to the Vice President of Student Affairs or Designee, a copy of the original written complaint with an explanation regarding action taken at each prior level. The dean and/or associate dean will meet with the student, the employee, and the relevant supervisor and attempt to resolve the issues.
5. If the associate dean and/or dean do not resolve the complaint, the student may forward it in writing to the college president for final resolution. The college president or designee will issue a final written determination in the complaint process.

### **2.3.6 Withdrawal**

To withdraw from a course or courses from the college, students must follow approved procedures (See [Appendix S-7](#)). The Office of Admissions and Records provides information about the withdrawal process. The official date of withdrawal is the date the withdrawal is received in the Admissions and Records Office/Office of Student Enrollment Services.

Never attending is not an allowable refund exception or an excuse of the debt incurred through registration. Please see the refund policy.

## Appendix S-7: Student and Faculty Withdrawal Procedures

### Student Withdrawal Procedures

#### 1. Withdrawal from Specific Courses

A student may officially withdraw from specific courses in the following ways:

- A. Through the 7th week\*, a student may initiate an official withdrawal from any course by completing the withdrawal process online using the student self service system or by submitting a course withdrawal form to the Admissions and Records Office/Office of Student Enrollment Services in accordance with the published deadlines. A grade of W (withdrawn, passing – not computed in the grade point average) will be assigned.
- B. After the 7th week\*, a student must initiate a withdrawal request with the faculty member. If, after consultation with the student, the faculty member approves the request, a grade of W (withdrawn, passing--not computed in the grade point average) or Y (withdrawn, failing--computed in the grade point average as a failing grade) will be assigned. If the request is not approved, the student will remain in the course.
- C. A student has the right to appeal a withdrawal decision according to the approved procedures. Steps outlining the process are available in [Appendix S-6](#).

*\*The prescribed time limits are for full semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly. See Important Deadlines for Students. Failure to file an official withdrawal form may result in failing grades and responsibility for course tuition and fees. Refunds will only be processed within the refund period.*

#### 2. Complete Withdrawal from College

Students electing to withdraw from the college must contact the Admissions and Records Office/Office of Enrollment Services no later than two weeks\* before the end of the last class meeting and may be required to file a written request.

A grade of W will be assigned in all courses for students who withdraw by the end of the 7th week\* of classes. Withdrawals completed after this time will result in a grade of W (withdrawn, passing – not computed in the grade point average) or Y (withdrawn, failing – computed in the GPA as a failing grade).

*\*The prescribed time limits are for full semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly. See Important Deadlines for Students. Failure to file an official withdrawal form may result in failing grades and responsibility for course tuition and fees. Refunds will only be processed within the refund period.*

#### 3. Withdrawal of Financial Aid Students

In accordance with federal regulations (34CFR 668.22), a student may be required to repay federal financial aid funds if they completely withdraw or are withdrawn, or fail to earn a passing grade from all classes during a semester. Further information is available at the college Office of Student Financial Aid. This could affect a student's ability to receive Financial Aid in the future at any school.

### Faculty Withdrawal Procedures

A faculty member has the option of withdrawing a student who has accumulated unofficial absences in excess of the number of times indicated in that faculty member's attendance policy in the course syllabus (see AR 2.3.2). A grade of W (withdrawn passing, not computed in GPA) or a grade of Y (withdrawn failing, 0 grade points per credit hour) may be assigned in accordance with the course syllabus. Faculty members electing to withdraw students must record the withdrawal through the online system, including last date of attendance and withdrawal code. Students withdrawn for excessive absences may be reinstated only with the approval of the faculty member. Any impact on attendance that is protected by the exercise of students' rights under ADA/504, Title IX, Title VI, or other recognized law or policy do not count as unexcused absences for the purposes of instructor-initiated withdrawals for lack of attendance/participation.

**Requests for withdrawals should be referred directly to the College of Enrollment.**

**AMENDED through the Administrative Regulations Approval Process, December 12, 2018**

**AMENDED through the Administrative Regulations Approval Process, February 23, 2010**

**AMENDED through the Administrative Regulations Approval Process, August 18, 2008**

**AMENDED through the Administrative Regulations Approval Process, March 5, 2009**

### 2.3.7 Academic Renewal

Students who are returning to this college after a separation of five (5) years or more from the Maricopa Community College District, may petition for academic renewal. The request must be in writing and submitted to the Admissions and Records Office/Office of Student Enrollment Services at the college where the grades were earned.

Academic renewal at one of the Maricopa Community Colleges does not guarantee that colleges outside the Maricopa Colleges will accept this action. Acceptance of academic renewal is at the discretion of the receiving institution.

1. Prior to petitioning for academic renewal, the student must demonstrate a renewed academic performance by earning a minimum of twelve (12) credit hours and a cumulative grade point average of 2.5 or higher within Maricopa Colleges after reenrollment.
2. Upon approval, all courses taken prior to reenrollment with a grade of "A," "B," "C," "D," "F," and "Y" will be annotated as academic renewal on the student's permanent record. All course work affected by academic renewal will not be computed in the grade point average. Courses with grades "A," "B," or "C" will have the associated credit hours counted in the total credit hours earned. Such credit will not be computed in the grade point average.
3. All course work will remain on the student's permanent academic record, ensuring a true and accurate academic history.
4. The academic renewal policy may be used only once at each college and cannot be revoked once approved.
5. Students who have been granted Academic Renewal must also meet the Financial Aid Standards of Academic Progress if they wish to receive financial aid.

### 2.3.8 Honors Program

Each of the Maricopa Community Colleges has an honors program. Interested students should contact the college honors coordinator for information about the program and available scholarships, including the Chancellor's, Foundation's, and President's Scholarships.

#### President's Honor List

The President's Honor List for each college consists of all students who complete twelve (12) or more credit hours in residence in courses numbered 100 or higher in a given semester with a college semester grade point average of 3.75 or higher.

### 2.3.9 General Graduation Requirements

**Note:** Also see Catalog Under Which a Student Graduates ([AR 2.2.5](#))

#### Earning a Certificate or Degree

The Maricopa Community Colleges offers certificates and degrees in a variety of areas. Each certificate and degree has specified program requirements for graduation. See certificate and degree information for specific program requirements. It is the student's responsibility to be aware of these requirements.

Candidates for graduation must satisfy the following requirements:

- Complete the minimum number of credits required for the certificate or degree. For degrees, at least 15 credits must be completed at the awarding college. For certificates that are 15 or more credits, at least 6 credits must be completed at the awarding college. For certificates that are 14 or fewer credits, at least half of the credits must be completed at the awarding college. Exceptions to this institutional residency policy must have prior written approval of the program director, department/division chair, or designee and documentation of rationale and approval included as part of application to graduate.
- Meet the general education, program requirements, and electives for the certificate or degree required. Requirements can be satisfied by MCCCDC coursework, prior learning assessment, and transfer credit. No

more than 45 credit hours can be accepted and applied to a degree using transfer credit and/or prior learning assessment. Transfer credit and prior learning assessment does not count as hours in residence for graduation requirements. Exceptions to this institutional policy must have prior written approval of the program director, department/division chair, or designee and documentation of rationale and approval included as part of application to graduate.

- Earn a minimum cumulative grade point average (GPA) of 2.0 on a four-point grading scale in all letter-graded courses (100-level and above) (completed in residence and accepted in transfer) used to fulfill requirements at the college granting the degree or certificate. Some awards may specify additional GPA requirements.
- Remove all deficiencies (e.g. incomplete grades, missing transcripts, national test results, etc.) on the record to use those courses toward program completion.
- Fulfill any financial obligations with the college.
- File a Petition for Graduation with the Admissions & Records/Enrollment Services Office.

AutoAward Policy: MCCCDC has an auto-award program that identifies some students who have completed a degree or certificate and never submitted a Petition for Graduation (e.g. [Reverse Transfer](#)). However, this program is limited and students should not depend on it for graduation. The Petition for Graduation should always be submitted when a student is intending to graduate.

### **Maricopa Nursing Program**

For the Maricopa Nursing program, the cumulative GPA for awarding purposes is calculated based on courses required for the degree or certificate taken at any Maricopa campus and includes pre-requisites, co-requisites, and nursing blocks. Students must apply for graduation from the college where they have successfully completed Block 4 of the Associate in Applied Science in Nursing.

### **Graduation with Honors**

All courses used to fulfill graduation and degree requirements, including courses from other institutions are used in the grade point average calculation (GPA) at graduation. Degree-seeking students who have distinguished themselves with GPAs 3.50 and higher are recognized with the following graduation honors:

- 3.50 to 3.69 graduation “with distinction”
- 3.70 to 3.89 graduation “with high distinction”
- 3.90 to 4.0 graduation “with highest distinction”

Certificate programs are not eligible for institutional honors.

**AMENDED through the Administrative Regulation Process, June 24, 2021**

**AMENDED by Direct Approval from the Chancellor, December 6, 2019**

**AMENDED through the Administrative Regulations Approval Process, June 5, 2017**

### **2.2.5 Catalog Under Which a Student Graduates**

Students maintaining continuous enrollment at any public Arizona community college or university may graduate according to the requirements of the catalog in effect at the time of initial enrollment or according to the requirements of any single catalog in effect during subsequent terms of continuous enrollment. Students may maintain continuous enrollment whether attending a public community college and/or public university in the state of Arizona.

The rules for maintaining continuous enrollment are:

- A semester in which a student earns course credit will be counted toward continuous enrollment.
- Noncredit courses, audited courses, or courses from which the student withdraws do not count toward continuous enrollment.
- Failure to enroll in three consecutive regular (fall or spring) semesters breaks continuous enrollment; however, enrollment in the intervening summer terms may be used to maintain continuous enrollment status.
- If continuous enrollment is not maintained, the student must fulfill the requirements for graduation specified in the catalog in effect for the academic year in which they re-enroll or any subsequent catalog of their continuous enrollment.
- Students who initially enrolled or re-enrolled during a summer term must follow the annual catalog of the subsequent academic year or any subsequent catalog of their continuous enrollment.

## AGE OF CREDIT

In areas of study in which the subject matter changes rapidly, material in courses taken long before graduation may become obsolete or irrelevant. Coursework that is more than ten years old is applicable to completion of certificate and degree requirements at the discretion of the designated individuals at the college. The college may accept such coursework, reject it, or request that the student revalidate its substance. The ten-year limit on coursework applies except when program accreditation agencies limit the life of coursework to less than eight years. Departments may also require students to satisfy current major requirements rather than major requirements in earlier catalogs, when completing earlier requirements is no longer possible or educationally sound.

\*Please note that the above language is guided by statewide practices.

**AMENDED through the Administrative Regulations Approval Process, June 24, 2021**

### 2.3.13 Course Substitutions

Course substitutions should only be made in a consistent and transparent manner, according to Administrative Regulation 2.2.4 (Transfer Credit and Prior Learning Assessment Policy), academic policies, and the following guidelines:

Students may seek to have course(s) requirements (including required courses, restricted electives, and prescribed general education requirements) in their declared associate in applied science or certificate program substituted.

Because a substituted course may not be accepted by a transfer institution or meet transfer degree requirements, no course substitutions are allowed in any of the required course areas of the associate in arts or associate in science degrees with emphasis, Associate In Business - Gr, Associate Of Business - Sr, Associate In Arts, Elementary Education, or the Associate In Arts, Fine Arts.

The course being used as a substitution must meet the content and/or spirit of the substituted course in the student's pathway plan (or for date status petitions by reason of disability). If the pathway course satisfies an Arizona General Education Curriculum (AGEC-A, B, or S) requirement, the course substitution must meet that same requirement. Considerations for substitutions should also include impact to satisfying transfer pathway, industry requirements. Substituted courses should provide the skills and knowledge specified by the pathway learning outcomes.

Course substitutions should not be processed for students who have earned fewer than 15 credits (at Maricopa or elsewhere).

To pursue a course substitution, students must obtain a course substitution petition from the Admissions and Records office or Academic Advisor. Substitutions must be approved by the Program Department Chair, Program Division Chair, Academic/Occupational Program Director, or designee and the appropriate Instructional Dean. The Department Chair, Division Chair, or Academic/Occupational Program Director will work with other departments as needed for courses outside of the discipline.

If the credits of a substituted course are fewer than the original requirement, the missing credit hours are not granted by a substitution. Students must complete the minimum credit hours required by the award.

Students are encouraged to seek substitutions prior to enrollment in an intended substitute course. Requests for course substitutions and supporting documentation should be submitted as soon as possible when transcripts are reviewed. For assistance, students should meet with an Academic Advisor specific to the declared transfer emphasis. Students seeking Title IV financial aid and veteran benefits for a course substitution must have the substitution approved and processed prior to registering for the substitute course.

See also, Administrative Regulation [3.5 Course Substitution for Students With Documented Disabilities](#).

**ADOPTED through the Administrative Regulations Approval Process, June 24, 2021**

### **2.3.10 Transcripts for Transfer**

An official student transcript is a permanent academic record issued by the college registrar. It displays all courses taken for credit within the Maricopa Community College District and includes all grades received. Unlike an unofficial transcript, it is signed and dated by the College Registrar and displays the college seal of the Maricopa College ISSUING the official transcript.

The transcript is issued upon written request only. Those students who want to transfer to other institutions of higher education, including other Maricopa Community Colleges, must request their transcript be sent from the Admissions and Records Office/Office of Student Enrollment Services. However, transcripts may be shared within the Maricopa Community College District without the written request of the student in compliance with FERPA.

Official transcripts will not be issued to students having outstanding debts to any of the Maricopa Community Colleges. The release of transcripts is governed by the guidance of the Family Education Rights and Privacy Act of 1974 (see Records Policy in the Student Rights and Responsibilities section of this manual). There is no charge for unofficial transcripts, or for official transcripts sent between Maricopa Community Colleges. See the Tuition and Fee Schedule for charges for other official transcripts.

**AMENDED through the Administrative Regulation Approval Process, June 5, 2017**

## **COLLEGE ENVIRONMENT**

### **2.4.4 Sexual Harassment Policy (replaced with Administrative Regulation 5.1.16).**

**Administrative Regulation 2.4.4 is rescinded effective August 14, 2020. For cases made prior to August 14, 2020, 2.4.4 applies. Administrative Regulation 2.4.4 has been archived for transitional purposes.**

**RESCINDED by Direct Approval from the Chancellor, August 3, 2020**

### **5.1.8 Policy Prohibiting Harassment**

#### **A. Policy**

The policy of the Maricopa County Community College District (MCCCD) is to provide an educational, employment, and business environment free of harassment that is based on race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information. Such prohibited harassment includes but is not limited to sexual violence, unwelcome sexual advances,

requests for sexual favors, and other verbal and/or physical conduct or communications constituting harassment with regards to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information as defined and otherwise prohibited by state and federal law.

Employee complaints of harassment must be reported to the District Office of Equal Employment and Opportunity.

Harassment based on race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information violates MCCCCD Policy when the conduct is unwelcome, verbal, or physical conduct that is sufficiently severe, or pervasive that it alters working conditions and creates a hostile environment for employees. The unwelcome behavior may be based on power differentials, the creation of a hostile environment, or retaliation for harassment complaints. Harassment by and between any student or employee (paid, unpaid, or contract), is prohibited by this policy.

Due process is afforded any employee accused of harassment. Upon receipt of a complaint, an immediate preliminary review will be conducted to determine if there is reasonable cause to believe the nondiscrimination policy may have been violated. If so, then a prompt, thorough, impartial investigation will be conducted by the authorized administrator, or designee. If the final decision is that harassment occurred, the college will take immediate action to eliminate the hostile environment, prevent its recurrence, and address its effects. Remedies for the complainant will also be sought. Violations of this policy may result in disciplinary action up to and including termination for employees, sanctions up to and including suspension or expulsion for students, and appropriate sanctions against campus visitors. This policy applies to prohibited conduct that occurs both on and off campus and covers employees, and visitors.

MCCCCD affirms its commitment to supporting the academic and personal freedom of all members of the community. In particular, the policy against harassment shall not be applied in a manner that contradicts the principle of academic freedom: Faculty and other members of the community are entitled to freedom in research, and faculty members are entitled to freedom in the classroom to pursue controversial matters related to their disciplines. However, this right to teach controversial material entails the responsibility that it be carried out in a way that would be judged by peers as not violating the District's non-discrimination policy.

Questions about this policy may be directed to the [MCCCCD EEO/Affirmative Action Office](#).

## **B. Examples of Policy Violations**

It shall be a violation of MCCCCD's Harassment Policy for any employee (paid, unpaid, or contract), student or campus visitor to engage in any unwelcome conduct that is based on race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information. Such as to:

1. Engage in offensive conduct that is sufficiently severe or pervasive to create a work or academic environment that a reasonable person would consider intimidating, hostile, or abusive. Such conduct must be based on race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.
2. Engage in unwelcome verbal or physical conduct, including intimidation, ridicule, insult, or comments, when the behavior can reasonably be considered to adversely affect the work or academic environment, or an employment decision based upon the employee's acceptance or rejection of such conduct. Such verbal or physical conduct must be based on race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information or on their protected activities under applicable non-discrimination laws and policies,
3. Engage in Sexual Harassment, which includes, but is not limited to:
  - A. Make unwelcome sexual advances to another employee (paid, unpaid, or contract), student or campus visitor;
  - B. Make unwelcome requests for sexual favors, whether or not accompanied by promises or threats with regard to the employment or academic relationship;

- C. Engage in verbal or physical conduct of a sexual nature with another employee, student or campus visitor, that may threaten or insinuate, either explicitly or implicitly, that the individual's submission to, or rejection of, the sexual advances will in any way:
  - 1. Influence any personnel decision regarding that person's employment, evaluation, wages, advancement, assigned duties, shifts or any other condition of employment or career development; or
  - 2. Influence his or her grades, participation in or access to academic programs, class standing or other educational opportunities;
- D. Engage in verbal or physical conduct of a sexual nature that:
  - 1. Has the purpose or effect of substantially interfering with an employee's ability to do his or her job; or with a student's ability to learn or participate in a class; or
  - 2. Which creates an intimidating, hostile or offensive work or academic environment;
- E. Commit any act of sexual assault or public sexual indecency against any employee or student whether on MCCCDC property or in connection with any MCCCDC-sponsored activity;
- F. Continue to express sexual interest in another employee, student or campus visitor after being informed or on notice that the interest is unwelcome (reciprocal attraction is not considered sexual harassment);
- 4. Engage in other harassing conduct in the workplace or academic environment, whether physical or verbal, including, but not limited to, commentary about an individual's body (or body parts), degrading words to describe an individual, offensive comments, suggestive language or jokes, innuendoes, and suggestive objects, print or digital media. Misconduct may include exploitation, stalking, bullying. Such conduct must be based on an individual's race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.
- 5. Treat a complainant or witness of harassment in a manner that could dissuade a reasonable person from pursuing or participating in the complaint and investigation. Such treatment must be based on an individual's race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.
- 6. Engage in sexual misconduct, including but not limited to:
  - A. The use or display in the classroom, including electronic, of pornographic or sexually harassing materials such as posters, photos, cartoons or graffiti without pedagogical justification.
  - B. Explicit sexual comments by one or more employees about another employee or student, or circulating drawings or other images depicting an employee or student in a sexual manner.
  - C. Unwelcome sexual advances, repeated propositions or requests for a sexual relationship to an individual who has previously indicated that such conduct is unwelcome, or sexual gestures, noises, remarks, jokes, questions, or comments by a student about another person's sexuality or sexual experience.
  - D. Harassment based on sex, pregnancy, gender identity, gender expression, or sexual orientation that creates a hostile environment. A hostile environment exists when the conduct is sufficiently severe, or pervasive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefitting from the District's education programs and/or activities, including employment. The existence of a hostile environment is to be judged both objectively (meaning a reasonable person would find the environment hostile) and subjectively (meaning the impacted individual felt the environment was hostile).
  - E. Sexual Exploitation, which means taking non-consensual or abusive sexual advantage of another for anyone's advantage or benefit other than the person being exploited. Examples of behavior that could rise to the level of Sexual Exploitation include:
    - 1. Recruiting, harboring, transporting, providing, or obtaining another person for the purpose of sexual exploitation;
    - 2. Non-consensual visual (e.g., video, photograph) or audio-recording of sexual activity;
    - 3. Non-consensual distribution of photos, other images, or information of an individual's sexual activity, intimate body parts, or nakedness, with the intent to or having the effect of embarrassing an individual who is the subject of such images or information;
    - 4. Going beyond the bounds of consent (such as attempting to kiss an employee or student without their consent)

5. Engaging in non-consensual voyeurism;
  6. Knowingly transmitting an STI (sexually transmitted infection), such as HIV, to another without disclosing one's STI status;
  7. Exposing one's genitals in non-consensual circumstances, or inducing another to expose their genitals;
  8. Possessing, distributing, viewing or forcing others to view obscenity.
7. All complaints of sexual harassment or sexual misconduct shall be referred promptly to the college Title IX Coordinator (or the District Title IX Coordinator, if the allegations concern a District Office employee), for initial review in determining the appropriate investigation channel.
8. Matters pertaining to sexual harassment/misconduct that do not meet the definition of sexual harassment as outlined in Administrative Regulation 5.1.16 or otherwise do not meet the definition of an educational program or activity and do not occur against a person within the United States will be referred by the Title IX Coordinator to the College or District's respective Human Resources Department for investigation and adjudication under this conduct policy.

**AMENDED by Direct Approval from the Chancellor, August 18, 2020**

**AMENDED by Direct Approval from the Chancellor, April 8, 2020**

**AMENDED by the Administrative Regulations Approval Process, January 2, 2020**

#### **5.1.9 Additional Policy Violations**

Mandatory Reporters (as defined in Administrative Regulation 5.1.16) must report allegations of sexual harassment/assault (whether reported by the person who is the subject of the sexual harassment or a witness) to an Official with Authority or the Title IX Coordinator (as defined in Administrative Regulation 5.1.16). Failure to report to an Official with Authority or the Title IX Coordinator is a policy violation subject to discipline up to and including dismissal.

Campus Security Authority (CSAs) are mandatory reporters under the Cleary Act. Failure to report is a policy violation subject to discipline up to and including dismissal.

Mandatory Reporters are expected to report harassment/discrimination (whether reported by the person who is the subject of the sexual harassment or a witness) based on an individual's race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information. Failure to report may be a policy violation subject to discipline up to and including dismissal.

**AMENDED by Direct Approval from the Chancellor, November 16, 2020**

**AMENDED by the Administrative Regulations Approval Process, January 2, 2020**

#### **5.1.10 Responsibility for Policy Enforcement**

Employees and students must avoid offensive or inappropriate harassing behavior based on an individual's race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information at work or in the academic environment (in and out of the classroom).

Employees and students are encouraged (but not required) to inform perceived offenders of this policy and that the commentary/conduct is offensive and unwelcome.

**AMENDED by the Administrative Regulations Approval Process, January 2, 2020**

#### **5.1.11 Complaints**

##### **1. Employees**

Employees who experience harassment at work (by a supervisor, co-employee, student or visitor) are urged to report such conduct to the direct attention of their supervisor, their college president or to the Maricopa County Community College District (MCCCD) Equal Employment Opportunity/Affirmative Action Office. If the complaint involves the employee's supervisor or someone in the direct line of supervision, or if the employee for any

reason is uncomfortable in dealing with their immediate supervisor, the employee may go directly to the MCCCCD EEO/AA Office.

## 2. **Students**

Students who experience sexual harassment or sexual assault in a school's education program and activities (by a faculty member, administrator, staff, campus visitor or other student) are urged to report such conduct to the designated Title IX Coordinator, of which there is one for each MCCCCD college. A student may also contact the MCCCCD EEO/AA Office to obtain the name and phone number of the college official designated to respond to harassment complaints based on an individual's race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information.

## 3. **General**

- A. Complaints by employees will be investigated according to procedures established by the MCCCCD EEO/AA Office. Copies of these procedures may be obtained on the District website and the MCCCCD EEO/AA Office.
- B. Complaints by students will be investigated according to the procedures established in the College Environment section of the Administrative Regulations (AR 2.4). Copies of these procedures are posted on the District website.
- C. All complaints will be investigated in a prompt, thorough, and impartial manner.
- D. Where investigation confirms the allegations, appropriate, response action will be taken by the college/center/MCCCCD.

**AMENDED by the Administrative Regulations Approval Process, January 2, 2020**

### **5.1.12 Confidentiality**

Records will be maintained in a confidential manner to the extent permitted by law and insofar as they do not interfere with the Maricopa County Community College District's (MCCCCD) legal obligation to investigate and resolve issues of discrimination and harassment based on one's protected class status as outlined in law and in MCCCCD policy. The MCCCCD cannot promise complete confidentiality.

**AMENDED by the Administrative Regulations Approval Process, January 2, 2020**

### **5.1.13 Violations of Law**

An employee or student may be accountable for sexual harassment under applicable local, state, and/or federal law, as well as under Maricopa County Community College District (MCCCCD) policy. Disciplinary action by MCCCCD may proceed while criminal proceedings are pending and will not be subject to challenge on the grounds that criminal charges involving the same incident have been dismissed or reduced.

**AMENDED by the Administrative Regulations Approval Process, January 2, 2020**

### **5.1.14 False Statements Prohibited**

Any individual who knowingly provides false information pursuant to filing a discrimination charge or during the investigation of a discrimination charge, will be subject to appropriate disciplinary action, up to and including, employment termination or academic dismissal.

**AMENDED by the Administrative Regulations Approval Process, January 2, 2020**

### **5.1.15 Retaliation Prohibited**

Retaliation against an employee or student for engaging in protected activity is strictly prohibited. The Maricopa County Community College District (MCCCCD) strictly prohibits taking an adverse action that might deter a reasonable person from participating in activity protected by antidiscrimination laws. Protected activity consists of:

- (a) opposing conduct reasonably believed to constitute discrimination, including harassment which violates a nondiscrimination statute or which MCCCCD policy prohibits;

(b) filing a complaint about such practice; or

(c) testifying, assisting, or participating in any manner in an investigation or other proceeding related to a discrimination complaint.

Retaliatory actions are not limited to formal personnel actions such as termination, demotion, non-promotion, or non-selection. Retaliatory actions are broadly defined as harassing behavior, significant changes to job duties or working conditions, and even threats to take personnel actions based on engaging in protected activity. MCCCCD will take appropriate disciplinary action, up to and including employment termination or academic dismissal if retaliation occurs.

**AMENDED by the Administrative Regulations Approval Process, January 2, 2020**

## **5.1.16 TITLE IX Sexual Harassment Policy**

### **I. DEFINITIONS**

1. **Actual Knowledge** means that an employee, student, or third-party informs the Title IX Coordinator or other Official with Authority of the alleged occurrence of alleged harassing, discriminatory, and/or retaliatory conduct. Actual knowledge compels the Maricopa County Community College District (MCCCCD) to initiate action.
2. **Advisor** means a person chosen by a party or appointed by the institution to accompany the party to meetings related to the resolution process, to advise the party on that process, and to conduct cross-examination for the party at the hearing, if a hearing is held. This individual may be an MCCCCD employee, a member of the community, or attorney (hired and paid for by a party).
3. **Complainant** means an individual who is alleged to be the victim of conduct that could constitute sexual harassment or retaliation for engaging in a protected activity.
4. **Formal Complaint** means a document filed with the Title IX Coordinator/signed by a Complainant or signed by the Title IX Coordinator alleging against sexual harassment or retaliation for engaging in a protected activity against a Respondent and requesting that the MCCCCD investigate the allegation.
5. **Confidential Resource** means an employee who is not a Mandatory Reporter or an Official with Authority (irrespective of Clery Act Campus Security Authority status). At MCCCCD, there is only one confidential resource. This confidential resource is the Ombudsman, who is located in the MCCCCD Office of Public Stewardship.
6. **Day(s)** means a business day when the MCCCCD is in normal operation.
7. **Education program or activity** means locations, events, or circumstances where MCCCCD exercises substantial control over both the Respondent and the context in which the sexual harassment or discrimination occurs and also includes any building owned or controlled by a student organization that is officially recognized by the MCCCCD.
8. **Final Determination of Responsibility** means a conclusion by preponderance of the evidence that the alleged conduct occurred, or did not occur, and whether it did, or did not, violate policy.
9. **Formal Grievance Process** means a method of formal resolution designated by MCCCCD to address conduct that falls within the policies included below, and which complies with the requirements of 34 CFR Part 106.45.
10. **Grievance Process Pool** means any investigators, appeal officers, hearing administrators, and Advisors who may perform any or all of these roles (though not at the same time or with respect to the same case).
11. **Hearing Decision-maker** means a person who has decision-making and sanctioning authority within the MCCCCD's Formal Title IX Grievance process.
12. **Investigator** means the person or persons charged by MCCCCD with gathering facts about an alleged violation of this policy, assessing relevance and credibility, synthesizing the evidence, and compiling this information into an investigation report and file of directly related evidence.
13. **Mandatory Reporter** means an employee of MCCCCD who is obligated by policy to share

knowledge, notice, and/or reports of harassment, discrimination, and/or retaliation with the Title IX Coordinator. Mandatory reporters do not convey actual knowledge to the MCCCCD. Mandatory Reporter under this policy does not diminish the requirement under Arizona state law to report alleged or suspected child abuse, elder abuse, and/or abuse of individuals with disabilities to appropriate officials, though these responsibilities may overlap with those who have mandatory reporter responsibility in this policy.

14. **Official with Authority (OWA)** means an employee of the MCCCCD explicitly vested with the responsibility to implement corrective measures for harassment and/or retaliation on behalf of the MCCCCD. Notice to an OWA of an allegation of sexual harassment as defined in this policy conveys actual knowledge to the MCCCCD and triggers a responsibility to act.
15. **Parties** include the Complainant(s) and Respondent(s), collectively.
16. **Promptness** means the time period in which allegations are acted upon once MCCCCD has received notice or a formal complaint. Typically, complaints can take 60-90 business days to resolve. There are always exceptions and extenuating circumstances that can cause a resolution to take longer, but MCCCCD will avoid all undue delays within its control.
17. **Remedies** means post-finding actions directed to the Complainant and/or the community as mechanisms to address safety, prevent recurrence, and restore access to MCCCCD's educational program.
18. **Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute harassment or discrimination based on a protected class; or retaliation for engaging in a protected activity. When the Respondent is a member of the MCCCCD community, a grievance process may be available regardless of the status of the Complainant, who may or may not be a member of the MCCCCD community.
19. **Resolution** means the result of an informal or formal grievance process.
20. **Sanction** means a consequence imposed by MCCCCD on a Respondent who is found to have violated this policy.
21. **Sexual Harassment** means the umbrella category including the offenses of sexual harassment, sexual assault, stalking, and dating violence and domestic violence.
22. **Title IX Coordinator** is at least one official designated by MCCCCD to ensure compliance with Title IX and the MCCCCD's Title IX program. References to the Coordinator throughout this policy may also encompass a designee of the Coordinator for specific tasks.
23. **Student** means any individual who is registered or enrolled for credit or non-credit bearing coursework, camps and other District-sponsored programs or activities, and who maintains an ongoing relationship with the MCCCCD, which means the student is on leave (medical, administrative, or other documented leave of absence), but is not registered or taking classes at the time of the complaint being filed.
24. **Title IX Team** refers to the Title IX Coordinator, any deputy coordinators, and any member(s) of the Grievance Process Pool.

## II. RATIONALE FOR POLICY

MCCCCD is committed to providing a workplace and educational environment, as well as other benefits, programs, and activities, that are free from sexual harassment, discrimination on the basis of sex, and retaliation. To ensure compliance with federal and state civil rights laws and regulations, and to affirm its commitment to promoting the goals of fairness and equity in all aspects of the educational program or activity, MCCCCD has developed internal policies and procedures that provide a prompt, fair, and impartial process for those involved in an allegation of sexual harassment, and for allegations of retaliation. MCCCCD values and upholds the equal dignity of all members of its community and strives to balance the rights of the parties in the grievance process during what is often a difficult time for all those involved.

## III. TITLE IX COORDINATOR

Each MCCCCD college has a designated Title IX Coordinator who oversees implementation of this policy. The Title IX Coordinator has the primary responsibility for coordinating MCCCCD's efforts related to the intake, investigation,

resolution, and implementation of supportive measures to stop, remediate, and prevent discrimination, harassment, and retaliation prohibited under this policy.

The names and contact information for each college Title IX Coordinator can be found on the following page: <https://district.maricopa.edu/consumer-information/title-ix/title-ix-coordinators>. It is the responsibility of each of the MCCCDColleges' Vice Presidents of Student Affairs to ensure this list is up-to-date with correct information. The college Title IX Coordinators must act with independence and authority free from bias and conflicts of interest.

To raise any concern involving bias or conflict of interest by the college Title IX Coordinator, contact the Compliance Office in the Office of General Counsel by emailing [compliance@domail.maricopa.edu](mailto:compliance@domail.maricopa.edu). Concerns of bias or a potential conflict of interest by any other Title IX team member should be raised with the respective college Title IX Coordinator.

Reports of misconduct or discrimination committed by the college Title IX Coordinator should be reported to the college Human Resources Department. Reports of misconduct or discrimination committed by any other Title IX Team member should be reported to the respective college Title IX Coordinator.

#### **IV. OFFICIALS WITH AUTHORITY AND MANDATORY REPORTERS**

##### **OFFICIALS WITH AUTHORITY**

MCCCDCollege has determined that the following administrators are Officials with Authority to address and correct sexual harassment and/or retaliation. In addition to the Title IX team members listed in Section 1. Definitions, these Officials with Authority listed below may also accept notice or complaints on behalf of the MCCCDCollege. Knowledge on the part of an Official with Authority conveys actual knowledge to the MCCCDCollege.

1. College/District Title IX Coordinator
2. Chancellor
3. Provost
4. General Counsel and Associate General Counsels
5. Chief Human Resources Officer
6. Chief Executive Officer
7. College Presidents
8. College Vice Presidents (at all levels)
9. Associate Vice Chancellors
10. Law enforcement
11. Athletic Directors
12. Directors (in any administrative area of a college or the District)

##### **MANDATORY REPORTERS**

The following classification of employees are mandatory reporters and are required to report actual or suspected discrimination or harassment to the respective college Title IX Coordinator or to the District Compliance Office for District employees. A Complainant who expects formal action in response to their allegations, but does not wish to contact the Title IX Coordinator should report their allegations to any mandatory reporter who can connect them with resources to report crimes and/or policy violations. Mandatory reporters will, within twenty-four (24) hours, refer reports to the Title IX Coordinator (and/or police, if desired by the Complainant), who will take action. Mandatory reporters must promptly (within twenty-four (24) hours) share with the Title IX Coordinator all known details of a report made to them in the course of their employment. The persons occupying the following positions are mandatory reporters. Knowledge to a mandatory reporter does not convey actual knowledge to the MCCCDCollege.

1. Chancellor
2. Provost
3. General Counsel
4. Chief Human Resources Officer
5. Chief Workforce and Economic Development Officer

6. Chief Executive Officer
7. College Presidents
8. Associate Vice Chancellors
9. Director of Communications
10. Associate General Counsels
11. Supervisors/Managers/Directors (but not including division or department chairs)
12. College Vice Presidents, at all levels
13. Deans, at all levels
14. Athletic Directors/Coaches/Trainers
15. Law enforcement

### **Anonymous Notice to Mandated Reporters**

A Complainant may request that the mandatory reporter provide notice to the Title IX Coordinator anonymously, without identification of the Complainant. A mandatory reporter cannot remain anonymous themselves. The MCCCDC will investigate matters in which anonymous notice has been given to the extent possible, both to assess the underlying allegation(s) and to determine if supportive measures or remedies can be provided. However, anonymous notice typically limits the MCCCDC's ability to investigate, respond, and provide remedies, depending on what information is shared. When a Complainant has made a request for anonymity, the Complainant's personally identifiable information may be withheld by a mandatory reporter, but all other details of the alleged incident(s) must be shared with the Title IX Coordinator. Supportive measures may be offered to the Complainant as the result of such disclosures without formal MCCCDC action.

Failure of a mandatory reporter to report an incident of harassment or discrimination of which they become aware is a violation of MCCCDC policy and the mandatory reporter may be subject to disciplinary action, up to and including termination, for failure to comply.

### **V. CONFIDENTIAL RESOURCES AND FEDERAL RESOURCES**

A Complainant who wants to keep the details of an incident confidential may speak with:

- On-campus (Maricopa Community Colleges District Office) Office of Public Stewardship
- Off-campus (non-employees):
  - Licensed professional counselors and other medical providers
  - Local rape crisis counselors
  - Domestic violence resources
  - Local or state assistance agencies
  - Clergy/Chaplains
  - Attorneys

The Office of Public Stewardship will timely submit anonymous statistical information for Clery Act purposes unless they believe it would be harmful to their client.

External Inquiries may also be made to:

Office for Civil Rights,

#### ***Denver Office***

U.S. Department of Education

Telephone: (303) 844-5695

Facsimile: (303) 844-4303

Email: OCR.Denver@ed.gov

## **VI. NOTICE/COMPLAINTS OF DISCRIMINATION, HARASSMENT, AND/OR RETALIATION**

Notice or complaints of discrimination, harassment, and/or retaliation in violation of this policy may be made using any of the following options:

1) File a complaint with, or give verbal notice to, a college Title IX Coordinator or an Official with Authority. Such a report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for the Title IX Coordinator or any other official listed. Title IX Coordinators can be found on the following page: <https://district.maricopa.edu/consumer-information/title-ix/title-ix-coordinators>. It is the responsibility of each of the MCCCDCollege's Vice President of Student Affairs to ensure this list is up to date with correct information.

2) Report online, using the reporting form posted at <https://district.maricopa.edu/consumer-information/reporting>. Anonymous reports are accepted, but can give rise to a need to investigate. The MCCCDCollege tries to provide supportive measures to all Complainants, which is impossible with an anonymous report when the name of the Complainant is not shared in the report. Since anonymous reporting carries no obligation to initiate a formal response and since the MCCCDCollege respects a Complainant's requests to dismiss complaints, unless there is a compelling threat to health and/or safety, the matter will be dismissed.

A formal complaint is a document filed and signed by the Complainant or signed by the Title IX Coordinator alleging a policy violation by a Respondent and requesting that the MCCCDCollege investigate the allegation(s). A complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information in the section immediately above, or as described in this section. As used in this paragraph, the phrase "document filed by a Complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the MCCCDCollege) that contains the Complainant's physical or digital signature, which can include the Complainant's name on the email, or otherwise indicates that the Complainant is the person filing the complaint.

The Title IX Coordinator will contact the Complainant regarding any notice that is submitted in a form that does not comply with these requirements to ensure that it is filed correctly.

## **VII. SUPPORTIVE MEASURES**

MCCCDCollege will offer and implement appropriate and reasonable supportive measures to the parties upon notice of alleged harassment, discrimination, and/or retaliation.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the parties to restore or preserve access to the MCCCDCollege's education program or activity, including measures designed to protect the safety of all parties, the MCCCDCollege's educational environment, and/or deter sexual harassment, discrimination on the basis of sex, and/or retaliation.

The Title IX Coordinator shall make supportive measures available to the parties upon receiving notice of allegations or a formal complaint. There is no statute of limitations for filing a Title IX Complaint. The Title IX Coordinator works with the Complainant to ensure their wishes are considered with respect to the planned and implemented supportive measures.

The MCCCDCollege will maintain the privacy of the supportive measures, provided that maintaining privacy does not impair the MCCCDCollege's ability to provide the supportive measures. MCCCDCollege will act to ensure as minimal an academic impact on the parties as possible. The MCCCDCollege will implement measures in a way that does not unreasonably burden the other party.

These actions may include, but are not limited to:

1. Referral to counseling, medical, and/or other healthcare services
2. Referral to the Employee Assistance Program
3. Referral to community-based service providers
4. In-house visa and immigration assistance
5. Student financial aid counseling
6. Education to the community or community subgroup(s)

7. Altering work arrangements for employees or student-employees
8. Safety planning
9. Providing campus safety escorts
10. Implementing contact limitations (no contact orders) between the parties
11. Academic support, extensions of deadlines, or other course/program-related adjustments
12. Trespass orders, when applicable
13. Timely warnings under the Clery Act
14. Class schedule modifications, withdrawals, or leaves of absence
15. Increased security and monitoring of certain areas of the campus
16. Any other actions deemed appropriate by the Title IX Coordinator

Violations of no contact orders will be referred to appropriate student or employee conduct processes for enforcement and further discipline, as is necessary.

### **VIII. EMERGENCY REMOVAL**

MCCCD can act to remove a Respondent entirely or partially from its education program/activities or MCCCCD employment on an emergency basis when an individualized safety and risk analysis has determined that an immediate threat to the physical health or safety of any student or other individual justifies removal. This risk analysis is performed by the Title IX Coordinator in conjunction with the college or District Behavioral Intervention Team (also known as BIT/BAT/TAT/CARE, etc.) using its standard objective violence risk assessment procedures.

The Title IX Coordinator has sole discretion under this policy to implement or stay an emergency removal and to determine the conditions and duration. Violation of an emergency removal under this policy will be grounds for discipline, which may include expulsion from the MCCCCD or termination from employment.

In all cases where an emergency removal is imposed:

1. The Respondent will be given written notice of the action. In the written notice will be the option to request to meet with the Title IX Coordinator as soon as reasonably possible, to show cause as to why the action/removal should not be implemented or should be modified. This meeting is not a hearing on the merits of the underlying Title IX allegations, but rather an administrative process intended to determine solely whether the emergency removal is appropriate.
2. The Respondent has three (3) days after the receipt of the emergency removal to request a meeting with the Title IX Coordinator. If the Respondent does not make such a request within the three (3) day time period, objection to the emergency removal is deemed waived.
3. The Respondent may be accompanied by an Advisor of their choosing in the Show Cause administrative meeting with the Title IX Coordinator.
4. The Respondent will be given access to a written summary of the basis for the emergency removal prior to the meeting to allow for adequate preparation. Such summary will be included in the notification letter regarding the emergency removal.
5. The Title IX Coordinator will issue a Show Cause Meeting Determination letter to the Respondent within two (2) days of the meeting taking place.
6. There is no appeal process for emergency removal decisions.
7. A Complainant and their Advisor may be permitted to participate in this meeting, as it is equitable to do so.
8. MCCCCD will implement the least restrictive emergency actions possible in light of the circumstances and safety concerns.

**For additional information regarding emergency removals, please see [Emergency Removals](#).**

### **IX. PRIVACY**

Every effort is made by the MCCCCD to preserve the privacy of a report under this policy.

**For additional information regarding privacy and confidentiality under this policy, please see [Privacy and Confidentiality](#).**

## **X. JURISDICTION**

This policy applies to all MCCCDC educational programs and activities, and to conduct that takes place on the campus or on property owned or controlled by the MCCCDC, at MCCCDC-sponsored events, or in buildings owned or controlled by MCCCDC's recognized student organizations. The Respondent must be a member of MCCCDC's community in order for its policies to apply. Nevertheless, even when the Respondent is not a member of the MCCCDC's community, supportive measures, remedies, and resources may be accessible to the Complainant by contacting the Title IX Coordinator.

This policy applies to the effects of off-campus misconduct that effectively deprive someone of access to MCCCDC's educational programs. The MCCCDC may also extend jurisdiction to off-campus and/or to online conduct when the Title IX Coordinator determines that the conduct affects a substantial MCCCDC interest.

Regardless of where the conduct occurred, the MCCCDC will address notice/complaints to determine whether the conduct occurred in the context of its employment or educational program or activity and/or has continuing effects on campus or in an off-campus sponsored program or activity.

A Title IX Coordinator may be able to provide guidance for a student or employee Complainant who experiences sexual harassment/discrimination in an externship, study abroad program, or other environment external to the MCCCDC under the MCCCDC's Student Conduct Code or employee conduct or nondiscrimination policies.

**For additional information regarding the MCCCDC jurisdiction over Title IX matters, please see [Jurisdiction](#).**

## **XI. TIME LIMITS ON REPORTING**

There is no time limitation on providing notice/complaints to the Title IX Coordinator. However, if the Respondent is no longer subject to the MCCCDC's jurisdiction and/or significant time has passed, the ability to investigate, respond, and provide remedies may be more limited or impossible.

Acting on notice/complaints significantly impacted by the passage of time (including, but not limited to, the rescission or revision of policy) is at the discretion of the Title IX Coordinator (except in cases where mandatory dismissal is required), who may document allegations for future reference, offer supportive measures and/or remedies, and/or engage in informal or formal action, as appropriate.

The MCCCDC will apply the policy in place at the time of the alleged misconduct and the procedures in place at the time of the notice of alleged misconduct or complaint of sexual harassment.

## **XII. ONLINE HARASSMENT AND MISCONDUCT**

This policy is written and should be interpreted broadly to include online and cyber manifestations of any of the behaviors prohibited below, when those behaviors occur in or have an effect on the MCCCDC's education programs and activities or use MCCCDC networks, technology, or equipment.

When harassing communications made on websites, social media, and other venues not controlled by the MCCCDC are reported to the MCCCDC pursuant to this policy the MCCCDC will attempt to address and mitigate the effects of such communications. Any online postings or other electronic communication by students and employees, including cyber-bullying, cyber-stalking, cyber-harassment, etc., occurring completely outside of the MCCCDC's control (e.g., not on MCCCDC networks, websites, or between MCCCDC email accounts) will only be subject to this policy when such online conduct can be shown to cause a substantial in-program disruption to the student's educational pursuit of MCCCDC's educational programs and/or activities.

Off-campus harassing speech by employees, whether online or in person, may be regulated by the MCCCDC only when such speech is made in an employee's official or work-related capacity, including where the speaker holds themselves out as employees of an MCCCDC college or District office. Otherwise, such communications are considered speech protected by the First Amendment. Supportive measures for Complainants will be provided, but protected speech will not be subjected to discipline.

## **XIII. TITLE IX SEXUAL HARASSMENT**

MCCCD has adopted the following definition of Title IX Sexual Harassment in order to address the unique environment of an academic community, which consists not only of employer and employees, but of students as well.

Acts of sexual harassment may be committed by any person upon any other person, regardless of the sex, sexual orientation, and/or gender identity of those involved.

Sexual Harassment, as an umbrella category, includes the offenses of sexual harassment/discrimination, sexual assault, domestic violence, dating violence, and stalking, and is defined as:

Conduct on the basis of sex that satisfies one or more of the following:

- 1) Quid Pro Quo:
  - a. an employee of the MCCCD,
  - b. conditions the provision of an aid, benefit, or service of the MCCCD,
  - c. on an individual's participation in unwelcome sexual conduct; and/or
- 2) Sexual Harassment:
  - a. unwelcome conduct,
  - b. determined by a reasonable person,
  - c. to be so severe, and
  - d. pervasive, and,
  - e. objectively offensive,
  - f. that it effectively denies a person equal access to the MCCCD's education program or activity. Severity, pervasiveness, and objective offensiveness are evaluated based on the totality of the circumstances from the perspective of a reasonable person in the same or similar circumstances ("in the shoes of the Complainant"), including the context in which the alleged incident occurred and any similar, previous patterns that may be evidenced.
- 3) Sexual assault, defined as:
  - a) Sex Offenses, Forcible:
    - i) Any sexual act directed against another person,
    - ii) without the consent of the Complainant,
    - iii) including instances in which the Complainant is incapable of giving consent.
  - b) Forcible Rape:
    - i) Penetration,
    - ii) no matter how slight,
    - iii) of the vagina or anus with any body part or object, or
    - iv) oral penetration by a sex organ of another person,
    - v) without the consent of the Complainant.
  - c) Forcible Sodomy:
    - i) Oral or anal sexual intercourse with another person,
    - ii) forcibly,
    - iii) and/or against that person's will (non-consensually), or
    - iv) not forcibly or against the person's will in instances in which the Complainant is incapable of giving consent because of age (under the age of 18) or because of temporary or permanent mental or physical incapacity.
  - d) Sexual Assault with an Object:
    - i) The use of an object or instrument to penetrate,
    - ii) however slightly,
    - iii) the genital or anal opening of the body of another person,
    - iv) forcibly,
    - v) and/or against that person's will (non-consensually),
    - vi) or not forcibly or against the person's will in instances in which the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

- e) Forcible Fondling:
    - i) The touching of the private body parts of another person (buttocks, groin, breasts),
    - ii) for the purpose of sexual gratification,
    - iii) forcibly,
    - iv) and/or against that person's will (non-consensually),
    - v) or not forcibly or against the person's will in instances in which the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
  - f) Sex Offenses, Non-forcible:
    - i) Incest:
      - 1) Non-forcible sexual intercourse,
      - 2) between persons who are related to each other,
      - 3) within the degrees wherein marriage is prohibited by Arizona law.
    - ii) Statutory Rape:
      - 1) Non-forcible sexual intercourse,
      - 2) with a person who is under the Arizona statutory age of consent, which is the age of 18 years old.
- 4) Dating Violence, defined as:
- a. violence,
  - b. on the basis of sex,
  - c. committed by a person,
  - d. who is in or has been in a social relationship of a romantic or intimate nature with the Complainant.
    - i. The existence of such a relationship shall be determined based on the Complainant's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition
    - ii. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
    - iii. Dating violence does not include acts covered under the definition of domestic violence.
- 5) Domestic Violence, defined as:
- a. violence,
  - b. on the basis of sex,
  - c. committed by a current or former spouse or intimate partner of the Complainant,
  - d. by a person with whom the Complainant shares a child in common, or
  - e. by a person who is cohabitating with, or has cohabitated with, the Complainant as a spouse or intimate partner, or
  - f. by a person similarly situated to a spouse of the Complainant under the domestic or family violence laws of the state of Arizona or
  - g. by any other person against an adult or youth Complainant who is protected from that person's acts under the domestic or family violence laws of the state of Arizona.

To categorize an incident as Domestic Violence, the relationship between the Respondent and the Complainant must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have an intimate relationship.

- 6) Stalking, defined as:
- a. engaging in a course of conduct,
  - b. on the basis of sex,
  - c. directed at a specific person, that would cause a reasonable person to fear for the person's safety, or the safety of others; or suffer substantial emotional distress.
- For the purposes of this definition—

- (i) Course of conduct means two or more acts, including, but not limited to, acts in which the Respondent directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- (ii) Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant.
- (iii) Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

MCCCD reserves the right to impose any level of sanction, ranging from a reprimand up to and including suspension or expulsion/termination, for any offense under this policy.

**Force, Coercion, Consent, and Incapacitation:**

As used in the offenses above, the following definitions apply:

**Force:** Force is the use of physical violence and/or physical imposition to gain sexual access. Force also includes threats, intimidation (implied threats), and coercion that is intended to overcome resistance or produce consent.

Sexual activity that is forced is, by definition, non-consensual, but non-consensual sexual activity is not necessarily forced. Silence or the absence of resistance alone is not consent. Consent is not demonstrated by the absence of resistance. While resistance is not required or necessary, it is a clear demonstration of non-consent.

**Coercion:** Coercion is unreasonable pressure for sexual activity. Coercive conduct differs from seductive conduct based on factors such as the type and/or extent of the pressure used to obtain consent. When someone makes clear that they do not want to engage in certain sexual activity, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point may be coercive.

**Consent is:**

- knowing, and
- voluntary, and
- clear permission
- by word or action
- to engage in sexual activity.

Since individuals may experience the same interaction in different ways, it is the responsibility of each party to determine that the other has consented before engaging in the activity. No one under the age of consent in Arizona, specifically, 18 years old, can consent to sexual activity.

If consent is not clearly provided prior to engaging in the activity, consent may be ratified by word or action at some point during the interaction or thereafter, but clear communication from the outset is strongly encouraged.

For consent to be valid, there must be a clear expression in words or actions that the other individual consented to that specific sexual conduct. Reasonable reciprocation can be implied. For example, if someone kisses you, you can kiss them back (if you want to) without the need to explicitly obtain *their* consent to being kissed back.

Consent can also be withdrawn once given, as long as the withdrawal is reasonably and clearly communicated. If consent is withdrawn, that sexual activity should cease within a reasonable time.

Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse). A current or previous intimate relationship is not sufficient to constitute consent.

Proof of consent or non-consent is not a burden placed on either party involved in an incident. Instead, the burden remains on the MCCCCD to determine whether its policy has been violated. The existence of consent is based on the totality of the circumstances evaluated from the perspective of a reasonable person in the same or similar circumstances, including the context in which the alleged incident occurred and any similar, previous patterns that may be evidenced.

**Incapacitation:** Incapacitation occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give knowing/informed consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction).

Incapacitation is determined through consideration of all relevant indicators of an individual’s state and is not synonymous with intoxication, impairment, blackout, and/or being drunk.

A person cannot consent if they are unable to understand what is happening or are disoriented, helpless, asleep, or unconscious, for any reason, including by alcohol or other drugs. As stated above, a Respondent violates this policy if they engage in sexual activity with someone who is incapable of giving consent.

It is a defense to a sexual assault policy violation that the Respondent neither knew nor should have known the Complainant to be physically or mentally incapacitated. “Should have known” is an objective, reasonable person standard which assumes that a reasonable person is both sober and exercising sound judgment.

This policy also covers a person whose incapacity results from a temporary or permanent physical or mental health condition, involuntary physical restraint, and/or the consumption of incapacitating drugs.

#### **XIV. RETALIATION**

Protected activity under this policy includes reporting an incident that may implicate this policy, participating in the grievance process, supporting a Complainant or Respondent, assisting in providing information relevant to an investigation, and/or acting in good faith to oppose conduct that constitutes a violation of this policy.

Acts of alleged retaliation should be reported immediately to the Title IX Coordinator and will be promptly investigated. The MCCCCD is prepared to take appropriate steps to protect individuals who fear that they may be subjected to retaliation.

It is prohibited for the MCCCCD or any member of MCCCCD’s community to take materially adverse action by intimidating, threatening, coercing, harassing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by law or policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy and procedure.

Charges against an individual for Student Conduct Code violations that do not involve sex discrimination or sexual harassment but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation.

The following do not constitute retaliation under this policy:

1. The exercise of rights protected under the First Amendment.
2. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy and procedure. A determination regarding responsibility, alone, is not sufficient to conclude that any party has made a materially false statement in bad faith.

**For additional information on prohibited retaliation, please see [Retaliation](#).**

#### **XV. WHEN A COMPLAINANT DOES NOT WISH TO PROCEED**

If a Complainant does not wish for their name to be shared, does not wish for an investigation to take place, or does not want a formal complaint to be pursued, they may make such a request to the Title IX Coordinator, who will evaluate that request in light of the duty to ensure the safety of the campus and to comply with state or federal law.

The Title IX Coordinator has ultimate discretion over whether the MCCCCD proceeds when the complainant does not wish to do so. The Title IX Coordinator may sign a formal complaint to initiate a grievance process upon completion of an appropriate violence risk assessment. The Title IX Coordinator's decision to sign a formal complaint should be based on results of the violence risk assessment that show a compelling risk to health and/or safety that requires the MCCCCD to pursue formal action to protect the community.

When the Title IX Coordinator executes the written complaint, they do not become the Complainant. The Complainant is the individual who is alleged to be the victim of conduct that could constitute a violation of this policy. The Complainant (or their Advisor) may have as much or as little involvement in the process as they wish. The Complainant retains all rights of a Complainant under this Policy irrespective of their level of participation. Typically, when the Complainant chooses not to participate, the Advisor may be appointed as proxy for the Complainant throughout the process, acting to ensure and protect the rights of the Complainant.

In cases in which the Complainant requests confidentiality/no formal action and the circumstances allow the MCCCCD to honor that request, the MCCCCD will offer supportive measures, and remedies to the Complainant and the community, but will not otherwise pursue formal action.

If the Complainant elects to take no action, they can change that decision if they decide to pursue a formal complaint at a later date. Upon making a formal complaint, a Complainant has the right, and can expect, to have allegations taken seriously by the MCCCCD, and to have the incidents investigated and properly resolved through these procedures.

#### **XVI. FEDERAL TIMELY WARNING OBLIGATIONS**

Parties reporting sexual assault, domestic violence, dating violence, and/or stalking should be aware that under the Clery Act, MCCCCD must issue timely warnings for incidents reported to them that pose a serious or continuing threat of bodily harm or danger to members of the campus community.

MCCCCD will ensure that a Complainant's name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the potential danger.

#### **XVII. FALSE ALLEGATIONS AND EVIDENCE**

Deliberately false and/or malicious accusations under this policy, as opposed to allegations which, even if erroneous, are made in good faith, are a serious offense and will be referred to either the Student Conduct Code or employee conduct policies for appropriate disciplinary action.

Additionally, witnesses and parties knowingly providing false evidence, tampering with or destroying evidence after being directed to preserve such evidence, or deliberately misleading an investigator or hearing Decision-maker will be subject to discipline under the appropriate student or employee policy as well as under this policy for providing false testimony.

#### **XVIII. AMNESTY FOR COMPLAINANTS AND WITNESSES**

The MCCCCD community encourages the reporting of misconduct and crimes by Complainants and witnesses. Sometimes, Complainants or witnesses are hesitant to report to MCCCCD officials or participate in grievance processes because they fear that they themselves may be in violation of certain policies, such as underage drinking or use of illicit drugs at the time of the incident. Respondents may hesitate to be forthcoming during the process for the same reasons.

It is in the best interests of the MCCCCD community that Complainants choose to report misconduct to MCCCCD officials, that witnesses come forward to share what they know, and that all parties be forthcoming during the process. To encourage reporting and participation in the process, MCCCCD maintains a policy of offering parties and witnesses amnesty from minor policy violations, such as underage consumption of alcohol or the use of illicit drugs related to the incident being reported.

Amnesty does not apply to more serious allegations such as physical abuse of another or illicit drug distribution. A decision not to offer amnesty to a Respondent should not be based on sex nor gender, but should take into account the rationale for amnesty. The incentive to report serious misconduct is rarely applicable to Respondents with respect to a Complainant.

MCCCD maintains a policy of amnesty for students who offer help to others in need via bystander intervention. While policy violations cannot be overlooked, MCCCD may provide purely educational options with no official disciplinary finding, rather than punitive sanctions, to those who offer their assistance to others in need.

## **XIX. FEDERAL STATISTICAL REPORTING OBLIGATIONS**

Certain campus officials – those deemed Campus Security Authorities – have a duty to report the following for federal statistical reporting purposes (Clery Act):

- a) All “primary crimes,” which include homicide, sexual assault, robbery, aggravated assault, burglary, motor vehicle theft, and arson;
- b) Hate crimes, which include any bias motivated primary crime as well as any bias motivated larceny or theft, simple assault, intimidation, or destruction/damage/vandalism of property;
- c) VAWA based crimes, which include sexual assault, domestic violence, dating violence, and stalking (VAWA is the Violence Against Women Act, enacted in 1994 codified in part at 42 U.S.C. sections 13701 through 14040); and
- d) Arrests and referrals for disciplinary action for weapons-related law violations, liquor-related law violations, and drug abuse-related law violations.

All personally identifiable information is kept private, but statistical information must be passed along to campus law enforcement regarding the type of incident and its general location (on or off-campus or in the surrounding area, but no addresses are given) for publication in the Annual Security Report and daily campus crime log.

Campus Security Authorities include: presidents, vice-presidents, student affairs/student conduct staff, campus law enforcement/public safety, local police, coaches, athletic directors, student activities staff, human resources staff, Advisors to student organizations, and any other official with significant responsibility for student and campus activities.

## **XX. ALLEGED VIOLATIONS OF THE TITLE IX POLICY**

### **1. Overview**

MCCCD will act on any formal or informal notice/complaint of violation of the Title IX Sexual Harassment policy (“the Policy”) that is received by the Title IX Coordinator or any other Official with Authority by applying these procedures.

The procedures below apply **only** to qualifying allegations of sexual harassment (including sexual assault, dating violence, domestic violence, and stalking, as defined in Section XIII) involving MCCCD students, staff, administrator, or faculty members.

Unionized/other categorized employees are subject to the terms of their agreements/employees’ rights to the extent those agreements do not conflict with this policy.

### **2. Notice/Complaint**

Upon receipt of a complaint or notice to the Title IX Coordinator of an alleged violation of this Policy, MCCCD will initiate a prompt initial assessment to determine the next steps. The Title IX Coordinator will initiate at least one of three responses:

- 1) Offering supportive measures because the Complainant does not want to proceed formally;
- 2) Offering supportive measures and initiating an informal resolution; or
- 3) Offering supportive measures and initiating a Formal Grievance Process including an investigation and a hearing to determine whether or not the Policy has been violated.

### **3. Initial Assessment**

Following receipt of notice or a complaint of an alleged violation of this Policy, the Title IX Coordinator (or designee) will engage in an initial assessment, which is typically one (1) to five (5) business days in duration.

**For more information related to the Initial Assessment, please see [The Investigative Process](#).**

#### **4. Emergency Removal**

In the event an emergency removal is considered, the Title IX Coordinator will follow the procedures outlined in Section VIII of this policy.

#### **5. Dismissal (Mandatory and Discretionary)**

Mandatory Dismissal: The Title IX Coordinator **must** dismiss a formal complaint or any allegations therein if, at any time during the investigation or hearing, it is determined that:

- 1) The conduct alleged in the formal complaint would not constitute sexual harassment as defined in the Policy hereinabove, even if proved; and/or
- 2) The conduct did not occur in an educational program or activity controlled by MCCCCD (including buildings or property controlled by recognized student organizations), and/or MCCCCD does not have control of the Respondent; and/or
- 3) The conduct did not occur against a person in the United States.

Any conduct alleged in the formal complaint that is dismissed under the first (1st) provision above will be referred by the Title IX Coordinator to the Student Code of Conduct administrator (for student Respondents) or the college or district Human Resources administrator (for employee/third party Respondents). Referrals shall take place within three (3) days of the date of the Dismissal Letter being mailed to the parties.

Discretionary Dismissal: The Title IX Coordinator **may** choose to dismiss a formal complaint or any allegations therein if, at any time during the investigation or hearing:

- 1) A Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the formal complaint or any allegations therein. A Complainant who decides to withdraw a complaint may later request to reinstate it or refile it; or
- 2) The Respondent is no longer enrolled in or employed by the MCCCCD; or
- 3) Specific circumstances prevent MCCCCD from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon any dismissal, MCCCCD will promptly send written notice of the dismissal and the rationale for doing so simultaneously to the parties.

Both mandatory and discretionary dismissal decisions are appealable by any party under the procedures for appeal below.

#### **6. Counterclaims**

MCCCCD is obligated to ensure that the grievance process is not abused for retaliatory purposes. MCCCCD permits the filing of counterclaims but uses an initial assessment, described above, to assess whether the allegations in the counterclaim are made in good faith. Counterclaims made with retaliatory intent will not be permitted and may constitute a violation of this policy.

Counterclaims determined to have been reported in good faith will be processed using the grievance procedures below. Investigation of such claims may take place after resolution of the underlying initial allegation, in which case a delay may occur.

Counterclaims may also be resolved through the same investigation as the underlying allegation, at the discretion of the Title IX Coordinator.

## **7. Right to an Advisor**

The parties may each have an Advisor of their choice. The Advisor may be a friend, mentor, family member, attorney, or any other individual a party chooses to advise, support, and/or consult with them throughout the resolution process. The parties may choose Advisors from inside or outside of the MCCCCD community. The Advisor may be present with the Complainant or Respondent for all of their meetings and interviews within the resolution process, if they so choose.

The parties may select whoever they wish to serve as their Advisor as long as the Advisor is eligible and available. "Available" means the party agrees to act as Advisor and has no conflict of interest in doing so. Also, the Advisor cannot have institutionally conflicting roles, such as being a Title IX administrator who has an active role in the matter, or a supervisor who must monitor and implement sanctions.

Choosing an Advisor who is also a witness in the process creates potential for bias and conflict-of-interest. A party who chooses an Advisor who is also a witness can anticipate that issues of potential bias will be explored by the hearing Decision-maker.

If the parties choose an Advisor from the pool available from the MCCCCD, the Advisor will be trained by the MCCCCD and be familiar with the MCCCCD's resolution process. If the parties choose an Advisor from outside the pool of those identified by the MCCCCD, the Advisor may not have been trained by the MCCCCD and may not be familiar with MCCCCD policies and procedures.

Parties also have the right to choose not to have an Advisor in the initial stages of the resolution process, prior to a hearing. If either party chooses not to have an Advisor present in the initial stages of the resolution process, this choice will be documented in the record of the case.

**For more information regarding the training received by an Advisor, please see [Advisors FAQ](#).**

### **a. Advisors in Hearings/MCCCCD-Appointed Advisor**

Under U.S. Department of Education regulations applicable to Title IX, cross-examination is required during the hearing, but must be conducted by the parties' Advisors. The parties are not permitted to directly cross-examine each other or any witnesses. If a party does not have an Advisor for a hearing, MCCCCD will appoint a trained Advisor for the limited purpose of conducting cross-examination.

A party may reject this appointment and choose their own Advisor, but they may not proceed with the hearing without an Advisor. If the party's Advisor will not conduct cross-examination, MCCCCD will appoint an Advisor who will do so thoroughly, regardless of the participation or non-participation of the advised party in the hearing itself. Extensive questioning of the parties and witnesses may also be conducted by the Decision-maker during the hearing.

### **b. Pre-Interview Meetings**

Advisors may request to meet with the administrative officials conducting interviews/meetings in advance of these interviews or meetings. In order for a pre-interview meeting to be held it must be requested by the Advisor. This pre-meeting allows Advisors to clarify and understand their role and MCCCCD's policies and procedures. A pre-interview meeting is not mandatory.

### **c. Advisor Violations of MCCCCD Policy**

All Advisors are subject to the same MCCCCD policies and procedures, whether they are attorneys or not. Advisors are expected to advise without disrupting proceedings. Advisors may not address MCCCCD officials in a meeting or interview unless invited to do so (e.g., asking procedural questions). The Advisor may not speak on behalf of their advisee during any meeting or proceeding and may not speak on behalf of the advisee to the investigator(s) or other Decision-maker except during a hearing proceeding, during cross-examination.

The parties are expected to respond to questions on their own behalf throughout the investigation phase of the resolution process. Although the Advisor generally may not speak on behalf of their advisee, the Advisor may consult with their advisee, either privately as needed, or by conferring or passing notes during any resolution process meeting or interview. For longer or more involved discussions, the parties and their Advisors should ask for breaks to allow for private consultation.

Any Advisor who oversteps their role as defined by this policy will be warned only once. If an Advisor continues to disrupt or otherwise fails to respect the limits of the Advisor role, the meeting will be ended, or other appropriate measures implemented. Subsequently, the Title IX Coordinator will determine how to address the Advisor's non-compliance and future role.

#### **d. Sharing Information with the Advisor**

Parties may share documentation and evidentiary information directly with their Advisor or other individuals if they wish. Doing so may help the parties participate more meaningfully in the resolution process.

MCCCD also provides a consent form (FERPA authorization to release) that authorizes the MCCCD to share such information directly with a party's Advisor. The parties must either complete and submit this form to the Title IX Coordinator or provide similar documentation demonstrating consent to a release of information to the Advisor before MCCCD is able to share records with an Advisor.

The MCCCD will not comply with any party's request that all communications be made through their attorney Advisor.

#### **e. Privacy of Records Shared with Advisor**

Advisors are expected to maintain the privacy of the records shared with them. These records may not be shared with third parties, disclosed publicly, or used for purposes not explicitly authorized by MCCCD. MCCCD may seek to restrict the role of any Advisor who does not respect the sensitive nature of the process or who fails to abide by the MCCCD's privacy expectations.

#### **f. Expectations of an Advisor**

The MCCCD expects an Advisor to adjust their schedule to allow them to attend MCCCD meetings when planned. At the sole discretion of the Title IX Coordinator, scheduled meetings may be changed to accommodate an Advisor's inability to attend, if doing so does not cause an unreasonable delay. A Title IX Coordinator's decision as to whether to change meeting dates and times is final.

MCCCD may also make reasonable provisions to allow an Advisor who cannot attend in person to attend a meeting by telephone, video conferencing, or other similar technologies as may be convenient and available.

#### **g. Expectations of the Parties with Respect to Advisors**

A party may elect to change Advisors during the process and is not obligated to use the same Advisor throughout. The parties are expected to inform the Investigator(s) of the identity of their Advisor at least two (2) business days before the date of their first meeting with Investigators (or as soon as possible if a more expeditious meeting is necessary or desired).

The parties are expected to provide timely notice to the Title IX Coordinator if they change Advisors at any time. It is assumed that if a party changes Advisors, consent to share information with the previous Advisor is terminated, and a release for the new Advisor must be secured. Parties are expected to inform the Title IX Coordinator of the identity of their hearing Advisor at least two (2) business days before the hearing.

### **8. Resolution Processes**

Resolution proceedings are private. All persons present at any time during the resolution process are expected to maintain the privacy of the proceedings in accordance with MCCCD policy. While there is an expectation of privacy

around what Investigators share with parties during interviews, the parties have discretion to share their own knowledge and evidence with others if they so choose. MCCCCD encourages parties to discuss this topic with their Advisors before doing so.

## **9. Formal Grievance Process**

The Formal Grievance Process relies on a pool of administrators (“the Pool”) to carry out the process. Members of the Pool are announced in an annual distribution of this policy to all students, parents/guardians of students, employees, prospective students, and prospective employees. They are also listed in the Annual Title IX Report published by the Title IX Office.

**For more information regarding the Formal Grievance Pool—including selection, training, and responsibilities—please see [Formal Grievance Pool](#).**

## **10. Formal Grievance Process: Notice of Investigation and Allegations**

The Title IX Coordinator will provide written notice of allegations (the “NOA”) to the Respondent upon commencement of the Formal Grievance Process. This facilitates the Respondent’s ability to prepare for the interview and to identify and choose an Advisor to accompany them. The NOA is also copied to the Complainant, who is to be given advance notice of when the NOA will be delivered to the Respondent.

The NOA will include:

- A meaningful summary of all of allegations,
- The identity of the involved parties (if known),
- The precise misconduct being alleged,
- The date and location of the alleged incident(s) (if known),
- The specific policies implicated,
- A statement of the potential sanctions/responsive actions that could result,
- A statement that the MCCCCD presumes the Respondent is not responsible for the reported misconduct unless and until the evidence supports a different determination,
- A statement that determinations of responsibility are made at the conclusion of the process and that the parties will be given an opportunity to inspect and review all directly related and/or relevant evidence obtained during the review and comment period,
- A statement about the MCCCCD’s policy on retaliation,
- Information on the need for each party to have an Advisor of their choosing and suggestions for ways to identify an Advisor,
- A statement informing the parties that the MCCCCD’s policy prohibits knowingly making false statements, including knowingly submitting false information during the resolution process,
- Detail on how the party may request disability accommodations during the interview process,
- A suggested date and time for an initial meeting (proper time will be given to allow for the selection of an Advisor)
- The name(s) of the Investigator(s), along with a process to identify, in advance of the interview process, to the Title IX Coordinator any conflict of interest that the Investigator(s) may have, and
- An instruction to preserve any evidence that is directly related to the allegations.

Amendments and updates to the NOA may be made as the investigation progresses and more information becomes available regarding the addition or dismissal of various charges.

Notice will be made in writing and will be sent via electronic mail to the MCCCCD-issued email account and mailed via regular mail to the local or permanent address as indicated in official MCCCCD records. Notice is presumed to have been given upon emailing the NOA to the Respondent’s MCCCCD-owned email address. The NOA will also be placed in regular mail, postage pre-paid.

## **11. Resolution Timeline**

The MCCCCD will make a good faith effort to complete the resolution process within a sixty-to-ninety (60-90) business day

time period, including appeal, which can be extended as necessary for appropriate cause by the Title IX Coordinator, who will provide notice and rationale for any extensions or delays to the parties as appropriate, as well as an estimate of how much additional time will be needed to complete the process.

### **12. Appointment of Investigators**

Once the decision to commence a formal investigation is made, the Title IX Coordinator shall appoint a team of two (2) investigators to investigate the allegations. Appointment of investigators typically occurs within two (2) business days of determining that an investigation should proceed.

### **13. Ensuring Impartiality**

Any individual materially involved in the administration of the resolution process may neither have nor demonstrate a conflict of interest or bias for a party generally, or for a specific Complainant or Respondent. The Title IX Coordinator will vet the assigned Investigator(s) to ensure impartiality by ensuring there are no actual or apparent conflicts of interest or disqualifying biases. The parties may, at any time during the resolution process, raise a concern regarding bias or conflict of interest, and the Title IX Coordinator will determine whether the concern is reasonable and supportable. The Title IX Coordinator's decision allegations of bias or conflict of interest is final.

The Formal Grievance Process involves an objective evaluation of all relevant inculpatory and exculpatory evidence obtained. Credibility determinations may not be based solely on an individual's status or participation as a Complainant, Respondent, or witness.

A Respondent is presumed not to be responsible for the reported misconduct unless and until the Respondent is determined to be responsible for a policy violation by the applicable preponderance of the evidence standard.

### **14. Delays in the Investigation Process and Interactions with Law Enforcement**

The MCCCCD may undertake a short delay in its investigation (several days) if the following circumstances require: a request from law enforcement to temporarily delay the investigation, the need for language assistance, the absence of parties and/or witnesses, and/or accommodations for disabilities or health conditions, or such circumstances as determined by the Title IX Coordinator in their sole discretion.

The MCCCCD will communicate in writing the anticipated duration of the delay and reason to the parties and provide the parties with status updates if necessary. The MCCCCD will promptly resume its investigation and resolution process as soon as feasible. During such a delay, MCCCCD will implement supportive measures, as deemed appropriate.

The MCCCCD's action(s) are not typically altered or precluded on the grounds that civil or criminal charges involving the underlying incident(s) have been filed or that criminal charges have been dismissed or reduced.

### **15. The Investigation Process**

All investigations should be thorough, reliable, impartial, prompt, and fair. Investigations involve interviews with all relevant parties and witnesses; obtaining available, relevant evidence; and identifying sources of expert information, as necessary. Either party may submit a written statement to the Title IX Coordinator outlining their position on the allegations.

All parties have a full and fair opportunity, through the investigation process, to suggest witnesses and questions, to provide evidence and expert witnesses (at their own expense), and to fully review and respond to all evidence on the record.

**For additional information regarding steps in the investigative process, please see [Investigative Process](#).**

### **16. Role and Participation of Witnesses in the Investigation**

Witnesses (as distinguished from the parties) who are employees or students of the MCCCCD are expected to cooperate with and participate in the MCCCCD's investigation and resolution process. Failure of such witnesses to cooperate with and/or participate in the investigation or resolution process constitutes a violation of this policy and may warrant discipline.

While in-person interviews for parties and all potential witnesses are ideal, circumstances (e.g., study abroad, summer break) may require individuals to be interviewed remotely. Skype, Zoom, FaceTime, WebEx, or similar technologies may be used for interviews if the Investigator(s) determine that timeliness or efficiency dictate a need for remote interviewing. MCCCCD will take appropriate steps to reasonably ensure the security/privacy of remote interviews.

Witnesses may also provide written statements in addition to being interviewed. If a witness submits a written statement but does not intend to be and is not present for cross examination at a hearing, their written statement may not be used as evidence.

### **17. Recording of Interviews**

No audio or video recording of any kind is permitted during investigation meetings.

### **18. Evidentiary Considerations in the Investigation**

The investigation does not consider:

- 1) incidents not directly related to the possible violation, unless they evidence a pattern;
- 2) the character of the parties; or
- 3) questions and evidence about the Complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.

### **19. Referral for Hearing**

The Title IX Coordinator will refer the matter for a hearing, once the final investigative report is shared with the parties.

The hearing cannot be less than ten (10) business days from the conclusion of the investigation, when the final investigation report is made available to the Parties and the Decision-maker for review and comment, unless all parties, and the Decision-maker agrees to an expedited timeline. This agreement must be in writing.

The Title IX Coordinator will select a Decision-maker that is hired from a list of approved attorneys for any hearing held under the Title IX policy.

### **20. Hearing Decision-maker Composition**

The MCCCCD will designate a single decision-maker. The single Decision-maker will also be the Chair of the hearing. The Decision-maker will not have had any previous involvement with the investigation. The Decision-maker is an out-sourced position. The Decision-maker will not be an MCCCCD employee. The Decision-maker will have had no previous involvement in the matter at hand.

### **21. Evidentiary Considerations in the Hearing**

Any evidence that the Decision-maker determines is relevant and credible may be considered. The hearing does not consider:

- 1) incidents not directly related to the possible violation, unless they evidence a pattern;
- 2) the character of the parties; or
- 3) questions and evidence about the Complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.

Previous disciplinary action of any kind involving the Respondent may be considered in determining an appropriate sanction upon a determination of responsibility. This information is only considered at the sanction stage of the process.

The parties, if they so choose, may submit a written impact statement prior to the hearing for the consideration of the Decision-maker at the sanction stage of the process when a determination of responsibility is reached.

After post-hearing deliberation, the Decision-maker renders a determination based on the preponderance of the evidence--whether it is more likely than not that the Respondent violated the policy as alleged.

## **22. Notice of Hearing**

No less than ten (10) business days prior to the hearing, the Title IX Coordinator will send notice of the hearing to the parties via email to the individual MCCCCD-issued email address. Once emailed, notice will be presumptively delivered.

The notice will contain:

1. A description of the alleged violation(s), a list of all policies allegedly violated, a description of the applicable procedures, and a statement of the potential sanctions/responsive actions that could result.
2. The time, date, and location of the hearing and a reminder that attendance is mandatory, superseding all other campus activities. Thoroughness and fairness are the primary FOCI of any Title IX hearing process. Hearings are generally scheduled for two (2) hours, but can be extended, as needed at the discretion of the Decision-maker, to ensure that both parties are able to present the information relevant to their position. (e.g., complicated fact pattern, numerous witnesses, etc.).
3. Any technology that will be used to facilitate the hearing.
4. A list of all those who will attend the hearing, along with an invitation to object to the Decision-maker on the basis of demonstrated bias. This must be raised with the Title IX Coordinator at least two (2) business days prior to the hearing.
5. Information on how the hearing will be recorded and on access to the recording for the parties after the hearing.
6. A statement that if any party or witness does not appear at the scheduled hearing, the hearing may be held in their absence, and the party's or witness's testimony and any statements given prior to the hearing will not be considered by the Decision-maker. For compelling reasons, the Decision-maker may reschedule the hearing.
7. Notification that the parties may have the assistance of an Advisor of their choosing at the hearing and will be required to have one present for any questions they may desire to ask. The party must notify the Title IX Coordinator if they do not have an Advisor, and the MCCCCD will appoint one. Each party must have an Advisor present. There are no exceptions.
8. An invitation to each party to submit to the Decision-maker an impact statement. Pre-hearing that the Decision-maker will review during any sanction determination.
9. An invitation to contact the Title IX Coordinator to arrange any disability accommodations, language assistance, and/or interpretation services that may be needed at the hearing, at least seven (7) business days prior to the hearing.
10. Direction that the parties may not bring mobile phones/devices into the hearing.

Hearings for possible violations that occur near or after the end of an academic term (assuming the Respondent is still subject to this policy) and are unable to be resolved prior to the end of term will typically be held immediately after the end of the term or during the summer, as needed, to meet the resolution timeline followed by the MCCCCD and remain within the 60-90 business day goal for resolution.

In these cases, if the Respondent is a graduating student, a hold may be placed on graduation and/or official transcripts until the matter is fully resolved (including any appeal). A student facing charges under this policy is not in good standing to graduate.

## **23. Virtual Hearings**

All hearings will occur virtually by use of technology, specifically WebEx or Zoom technology. Each party will be located in a separate room from the Decision-maker, but will be able to see and hear each other. Witnesses will testify in the same room as the Decision-maker, but not the room where the parties and their Advisors sit. The Title IX Coordinator will arrange to use technology to allow remote testimony without compromising the fairness of the hearing.

## **24. Pre-Hearing Preparation**

The Decision-maker, or designee, after any necessary consultation with the parties, Investigator(s) and/or Title IX Coordinator, will provide the names of persons who will be participating in the hearing, all pertinent documentary evidence, and the final investigation report to the parties at least ten (10) business days prior to the hearing. During the ten (10) business day period prior to the hearing, the parties have the opportunity to review and comment on the final investigation report and available evidence.

The Decision-maker, or designee will also provide the parties a copy of the pre-hearing preparation checklist/document. A copy of the pre-hearing preparation checklist/document may be found on the MCCCCD's Title IX webpage: <https://district.maricopa.edu/consumer-information/title-ix/>

## **25. Hearing Procedures**

At the hearing, the Decision-maker has the authority to hear and make determinations on all allegations of sexual harassment and/or retaliation and may also hear and make determinations on any additional alleged policy violations that have occurred in concert with the discrimination, harassment, and/or retaliation, even though those collateral allegations may not specifically fall within the Title IX policy.

Participants at the hearing will include the Decision-maker, the hearing facilitator, the Investigator(s) who conducted the investigation, the parties, Advisors to the parties, any called witnesses, the Title IX Coordinator and anyone providing authorized accommodations or assistive services.

The Decision-maker will answer all questions of procedure. Anyone appearing at the hearing to provide information will respond to questions on their own behalf.

The Decision-maker will allow witnesses who have relevant information to appear at a portion of the hearing in order to respond to specific questions from the Decision-maker and the parties and will then be excused from attendance.

## **26. Joint Hearings**

In hearings involving more than one Respondent or in which two (2) or more Complainants have accused the same individual of substantially similar conduct, the parties may agree to hear the allegations jointly. All parties must agree to a joint hearing. If one party does not agree, the default will be to hold the hearings separately.

In joint hearings, separate determinations of responsibility will be made for each Respondent with respect to each alleged policy violation.

## **27. Refusal to Submit to Cross-Examination and Inferences**

The Decision-maker may not rely on any prior statement made by any party or witness at the hearing (including those contained in the investigation report) in the ultimate determination of responsibility, if that party or witness chooses not to submit to cross-examination at the hearing, by either failing to attend the hearing or by attending but refusing to participate in questioning. The Decision-maker may consider evidence provided that is something other than a statement by such a party or witness.

If the party or witness attends the hearing and answers some, but not all, cross-examination questions, the Decision-maker may rely only on those statements related to the cross-examination questions that they answered. The Decision-maker cannot rely on any portion of a statement related to cross-examination questions that a party or witness refused to answer. Except that, a Decision-maker can rely on statements that are the subject of the allegation itself (e.g., the case is about verbal harassment or a quid pro quo offer), even if the party who allegedly made the statements refuses to attend the hearing or submit to cross-examination.

The Decision-maker may not draw any inference solely from a party's or witness's absence from the hearing or refusal to answer cross-examination or other questions.

If charges of policy violations other than sexual harassment are considered at the same hearing, the Decision-maker may consider all evidence it deems relevant, may rely on any relevant statement as long as the opportunity for

cross-examination is afforded to all parties through their Advisors, and may draw reasonable inferences from any decision by any party or witness not to participate or respond to questions.

If a party's Advisor of choice refuses to comply with MCCCDC's established rules of decorum for the hearing, MCCCDC may require the party to use a different Advisor. If a MCCCDC-provided Advisor refuses to comply with the rules of decorum, the Title IX Coordinator may provide that party with a different Advisor to conduct cross-examination on behalf of that party.

### **28. Recording Hearings**

Hearings (but not deliberations) are recorded by MCCCDC for purposes of review in the event of an appeal. The parties may not record the proceedings and no other unauthorized recordings are permitted.

The Decision-maker, the parties, their Advisors, and appropriate administrators of the MCCCDC will be permitted to listen to the recording in a controlled environment determined by the Title IX Coordinator. No person will be given a copy or be allowed to make a copy of the recording.

### **29. Deliberation, Decision-making, and Standard of Proof**

The Decision-maker will deliberate alone to determine, by a preponderance of the evidence, whether the Respondent is responsible or not responsible for the policy violation(s) in question. The deliberation period is not to exceed five (5) days. The Decision-maker may consider the previously submitted party impact statements in determining appropriate sanction(s), when there is a finding of responsibility as to one or more of the allegations.

The Decision-maker will ensure that each of the parties has an opportunity to review any impact statement submitted by the other party(ies). The Decision-maker may--at their discretion--consider the statements, but they are not binding.

The Decision-maker will then prepare a written deliberation statement and deliver it to the Title IX Coordinator, detailing the determination, rationale, the evidence used in support of its determination, the evidence disregarded, credibility assessments, and any sanctions. This report typically should not exceed three (3) to five (5) pages in length and must be submitted electronically to the Title IX Coordinator within two (2) business days of the end of deliberations, unless the Title IX Coordinator grants an extension. If an extension is granted, the Title IX Coordinator will notify the parties in writing of the extension.

### **30. Notice of Outcome**

Using the deliberation statement, the Title IX Coordinator will prepare a Notice of Outcome, which shall include the final determination, rationale, and any applicable sanction(s). The Title IX Coordinator will then provide the Notice of Outcome to the parties and their Advisors within five (5) business days of receiving the Decision-maker's deliberation statement. The Notice of Outcome must be shared with the parties simultaneously.

Notification will be made in writing and will be mailed to the local or permanent address of the parties as indicated in official MCCCDC records, or emailed to the parties' MCCCDC-issued email or otherwise approved account. Once mailed, emailed, and/or received in-person, notice will be presumptively delivered.

**For more information about the Notice of Outcome Letter, please see [Notice of Outcome](#).**

### **31. Sanctions**

Factors considered when determining a sanction/responsive action may include, but are not limited to:

1. The nature, severity of, and circumstances surrounding the violation(s)
2. The Respondent's disciplinary history
3. Previous allegations or allegations involving similar conduct
4. The need for sanctions/responsive actions to bring an end to the discrimination, harassment, and/or retaliation
5. The need for sanctions/responsive actions to prevent the future recurrence of discrimination, harassment, and/or retaliation
6. The need to remedy the effects of the discrimination, harassment, and/or retaliation on the Complainant and the

community

7. Any other information deemed relevant by the Decision-maker

The sanctions will be implemented as soon as is feasible, either upon the outcome of any appeal or the expiration of the window to appeal without an appeal being requested.

The sanctions described in this policy are not exclusive of, and may be in addition to, other actions taken or sanctions imposed by external authorities.

#### **a. Student Sanctions**

The following are the usual sanctions that may be imposed upon students or organizations singly or in combination:

1. *Warning*: A formal statement that the conduct was unacceptable and a warning that further violation of any MCCCDC policy, procedure, or directive will result in more severe sanctions/responsive actions.
2. *Required Counseling*: A mandate to meet with and engage in external counseling to better comprehend the misconduct and its effects.
3. *Probation*: A written reprimand for violation of institutional policy, providing for more severe disciplinary sanctions in the event that the student is found in violation of any institutional policy, procedure, or directive within a specified period of time. Terms of the probation will be articulated and may include denial of specified social privileges, exclusion from co-curricular activities, exclusion from designated areas of campus, no-contact orders, and/or other measures deemed appropriate.
4. *Suspension*: Termination of student status for a definite period of time not to exceed two years and/or until specific criteria are met. Students who return from suspension are automatically placed on probation through the remainder of their tenure as a student at MCCCDC.
5. *Expulsion*: Permanent termination of student status and revocation of rights to be on any MCCCDC campus for any reason or to attend MCCCDC-sponsored events.
6. *Withholding Diploma*: MCCCDC may withhold a student's diploma for a specified period of time and/or deny a student participation in commencement activities if the student has an allegation pending or as a sanction if the student is found responsible for an alleged violation.
7. *Revocation of Degree*: MCCCDC reserves the right to revoke a degree previously awarded from MCCCDC for fraud, misrepresentation, and/or other violation of MCCCDC policies, procedures, or directives in obtaining the degree, or for other serious violations committed by a student prior to graduation.
8. *Organizational Sanctions*: Deactivation, loss of recognition, loss of some or all privileges (including MCCCDC registration) for a specified period of time.
9. *Other Actions*: In addition to or in place of the above sanctions, MCCCDC may assign any other sanctions as deemed appropriate.

#### **b. Employee Sanctions**

Responsive actions for an employee who has engaged in harassment, discrimination, and/or retaliation include:

1. Warning – Verbal or Written
2. Performance Improvement/Management Process
3. Required Counseling
4. Required Training or Education
5. Probation
6. Loss of Annual Pay Increase
7. Loss of Oversight or Supervisory Responsibility
8. Demotion
9. Suspension with pay
10. Suspension without pay
11. Termination
12. Other Actions: In addition to or in place of the above sanctions, the MCCCDC may assign any other sanctions as deemed appropriate.

### **32. Withdrawal or Resignation While Charges Pending**

Students: If a student is a Respondent in a pending matter alleging a violation of the Title IX policy, the MCCCCD may place a hold on a student's ability to graduate and/or to receive an official transcript/diploma.

Should a student decide to not participate in the resolution process, the process proceeds absent their participation to a reasonable resolution. Should a student Respondent permanently withdraw from the MCCCCD, the resolution process ends, as the MCCCCD no longer has disciplinary jurisdiction over the withdrawn student. A student who withdraws or leaves while the process is pending may not return to any MCCCCD college. Such exclusion applies to all campuses of MCCCCD. A hold will be placed on their ability to be readmitted. They may also be barred from MCCCCD property and/or events.

However, MCCCCD will continue to address and remedy any systemic issues, variables that may have contributed to the alleged violation(s), and any ongoing effects of the alleged harassment, discrimination, and/or retaliation.

During the resolution process, MCCCCD may put a hold on a responding student's educational record that a disciplinary matter is pending.

Employees: Should an employee Respondent resign with unresolved allegations pending, the resolution process ends, as MCCCCD no longer has disciplinary jurisdiction over the resigned employee. The employee who resigns with unresolved allegations pending is not eligible for rehire with any MCCCCD or any campus of the MCCCCD, and the records retained by the Title IX Coordinator will reflect that status. Human Resources should also be notified and make the appropriate notation on its list of people who are not permitted to be rehired.

However, MCCCCD will continue to address and remedy any systemic issues, variables that contributed to the alleged violation(s), and any ongoing effects of the alleged harassment or discrimination.

All MCCCCD responses to future inquiries regarding employment references for that individual will include that the former employee resigned during a pending disciplinary matter.

### **33. Appeals**

Any party may file a Request for Appeal by submitting such a request in writing to the Title IX Coordinator within five (5) days of the delivery of the Notice of Outcome Letter. Once the five (5) days have passed, the matter will be deemed closed.

The request for appeal will be forwarded to the Provost or Chief Academic Officer for the MCCCCD, acting as the Appeal Chair, for consideration to determine if the request meets the grounds for appeal.

#### **a. Grounds for Appeal**

Appeals are limited to the following grounds:

- (A) Procedural irregularity that affected the outcome of the matter;
- (B) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- (C) An allegation that the Title IX Coordinator, Investigators, or Decision-maker had a conflict of interest or bias for or against Complainants or Respondents generally or the specific Complainant or Respondent that affected the outcome of the matter.

The Appeal Chair will deny any request for appeal that does not meet the grounds in this policy and will notify the parties and their Advisors in writing of the denial and the rationale. Denials based on lack of grounds shall be communicated to the requesting party within five (5) days of the request for appeal being received by the Appeal Chair.

If any of the grounds in the Request for Appeal meet the grounds in this policy, then the Appeal Chair will:

1. Notify the other party(ies) and their Advisors, the Title IX Coordinator, and, when appropriate, the investigators and/or the original Decision-maker.
2. Provide the other party(ies) and their Advisors, the Title IX Coordinator, and, when appropriate, the Investigators and/or the original Decision-maker a copy of the appeal request with the approved grounds outlined.
3. Provide the other party(ies) and their Advisors, the Title IX Coordinator, and when appropriate, the investigators and/or the original Decision-maker five (5) days to submit a response to the portion of the appeal that was approved and involves them.
4. Collect any additional information needed and all documentation regarding the approved grounds and the subsequent responses and render a decision in no more than fifteen (15) days from the date the Request for Appeal was filed, barring exigent circumstances. All decisions apply the preponderance of the evidence.
5. Prepare a Notice of Appeal Outcome letter and send it to all parties simultaneously, which includes the decision on each approved ground and rationale for each decision. The Notice of Appeal Outcome letter will also outline specific instructions for remand or reconsideration of any sanction imposed by the Decision-maker, which MCCCDC is permitted to share according to state or federal law.

The Notice of Appeal Outcome letter will be mailed to the local or permanent address of the parties as indicated in official institutional records and emailed to the parties' MCCCDC-issued email or otherwise approved account. Notice is presumed to have been made once the letter is emailed.

#### **b. Sanctions Status During the Appeal**

Any sanctions imposed as a result of the hearing are stayed during the appeal process. Supportive measures may be continued or reinstated, subject to the supportive measures procedure in Section VII of this policy.

MCCCDC may still place holds on official transcripts, diplomas, graduations, and course registration pending the outcome of an appeal when the original sanctions included separation.

#### **34. Long-Term Remedies/Other Actions**

Following the conclusion of the resolution process, and in addition to any sanctions implemented, the Title IX Coordinator may implement additional long-term remedies or actions with respect to the parties and/or the campus community that are intended to stop the harassment, and/or retaliation, remedy the effects, and prevent reoccurrence.

These remedies/actions may include, but are not limited to:

1. Referral to community services including counseling and health services
2. Referral to the Employee Assistance Program
3. Education to the individual and/or the community
4. Permanent alteration of work arrangements for employees
5. Provision of campus safety escorts
6. Climate surveys
7. Policy modification and/or training
8. Implementation of long-term contact limitations between the parties
9. Implementation of adjustments to academic deadlines, course schedules, etc.

At the discretion of the Title IX Coordinator, certain long-term support or measures may also be provided to the parties even if no policy violation is found.

When no policy violation is found, the Title IX Coordinator will address any remedies owed by the MCCCDC to the Respondent to ensure that the Respondent did not experience effective denial of educational access.

The MCCCCD will maintain the privacy of any Party subject to any long-term remedies/actions/measures, provided doing so does not impair the MCCCCD's ability to provide these services.

### **35. Failure to Comply with Sanctions and/or Interim and Long-term Remedies and/or Responsive Actions**

All parties are expected to comply with the assigned sanctions, responsive actions, and/or corrective actions within the timeframe specified by the final Decision-maker (including the Appeal Chair).

Failure to abide by the sanction(s)/action(s) imposed by the date specified, whether by refusal, neglect, or any other reason, may result in additional sanction(s)/action(s), including suspension, expulsion, and/or termination from the MCCCCD.

A suspension will only be lifted when compliance is achieved to the satisfaction of the Title IX Coordinator.

### **36. Recordkeeping**

MCCCCD will maintain for a period of seven (7) years records of:

1. Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript required under federal regulation;
2. Any disciplinary sanctions imposed on the Respondent;
3. Any remedies provided to the Complainant designed to restore or preserve equal access to the MCCCCD's education program or activity;
4. Any appeal and the result therefrom;
5. Any Informal Resolution and the result therefrom;
6. All materials used to train Title IX Coordinators, investigators, Decision-makers, and any person who facilitates an Informal Resolution process. MCCCCD will make these training materials publicly available on MCCCCD's website. (Note: If the MCCCCD does not maintain a website, MCCCCD must make these materials available upon request for inspection by members of the public.); and
7. Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, including:
  - a. The basis for all conclusions that the response was not deliberately indifferent;
  - b. Any measures designed to restore or preserve equal access to the MCCCCD's education program or activity; and
  - c. If no supportive measures were provided to the Complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

The MCCCCD will also maintain any and all records in accordance with state and federal laws. The MCCCCD will follow the destruction of records policy as outlined by the state of Arizona.

### **37. Disabilities Accommodations in the Resolution Process**

MCCCCD is committed to providing reasonable accommodations and support to qualified students, employees, or others with disabilities to ensure equal access to the MCCCCD's resolution process. Anyone needing such accommodation should contact the Title IX Coordinator and request the accommodation. The Title IX Coordinator shall seek consultation from the college Disability Resource Services Manager (for students) or Human Resources (for employees).

### **38. Mandatory Training**

This policy requires that annual training for the Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process will include:

1. the definition of sexual harassment under this policy,
2. the scope of the MCCCCD's education program or activity,
3. how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable, and

4. how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

Decision-makers will receive annual training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant.

Investigators will receive annual training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

### **39. Revision of this Policy and Procedures**

This policy and procedures supersede any previous policy(ies) addressing Title IX sexual harassment and discrimination. The policy (administrative regulation) will be reviewed and updated as needed by the Title IX Coordinator, in consultation with any other stakeholders deemed necessary by the Title IX Coordinator and upon approval by the Chancellor. MCCCCD reserves the right to make changes to this document as necessary, and once those changes are posted online, they are in effect.

During the resolution process, the Title IX Coordinator may make minor modifications to procedures that do not materially jeopardize the fairness owed to any party, such as to accommodate summer schedules. District legal may also vary procedures materially with notice (on the institutional website, with the appropriate effective date identified) upon determining that changes to law or regulation require policy or procedural alterations not reflected in this policy and procedures.

If government laws or regulations change – or court decisions alter – the requirements in a way that impacts this document, this document will be construed to comply with the most recent government regulations or holdings.

This document does not create legally enforceable protections beyond the protection of the background state and federal laws which frame such policies and codes, generally.

This policy and procedures are effective August 14, 2020.

ATIXA 2020 ONE POLICY, TWO PROCEDURES MODEL.

USE AND ADAPTATION OF THIS MODEL WITH CITATION TO ATIXA IS PERMITTED THROUGH A LIMITED LICENSE TO MARICOPA COUNTY COMMUNITY COLLEGE DISTRICT ALL OTHER RIGHTS.

**AMENDED by Direct Approval from the Chancellor, September 16, 2020**

**ADOPTED by Direct Approval from the Chancellor, August 3, 2020**

\*\*\*\*\* SECTION TO INCLUDE IN HANDBOOK\*\*\*\*\*

**AMENDED by Direct Approval from the Chancellor, April 1, 2015**

### **Discrimination Complaint Procedures for Students**

This procedure provides a means for resolving complaints by students who believe they have been adversely affected by illegal or prohibited discrimination by the Maricopa County Community College District (MCCCCD), a member college or center, or their students or employees.

Complaints may be brought under this procedure for discrimination based on race, color, religion, national origin, citizenship status (including document abuse), sex (including pregnancy and sexual harassment), sexual orientation,

gender identity, age, veteran status, physical or mental disability, or genetic information. The entire college community should act promptly upon receipt of an allegation of conduct that might constitute discrimination. Any member of the college community should refer a person who might be a victim of such conduct to these procedures, as well as to the college officials responsible for conducting an investigation pursuant to these procedures.

Students who believe they are experiencing sexual harassment may submit a complaint under the Sexual Harassment Policy for Students 2.4.4. If a student has been a victim of sexual assault, a complaint may also be filed with College Public Safety (CPS).

All deadlines prescribed for Report, Informal Resolution and Formal Resolution processes may be extended by the Vice President of Student Affairs for good reason, such as (but not limited to) when classes are not in session or upon mutual agreement by the parties. Notwithstanding any deadline extension, college officials should take all necessary steps to ensure prompt and equitable resolution of any complaint of discrimination.

Information related to MCCCDC's Discrimination Complaint Procedure for Students is also available from the Office of General Counsel's Office of Public Stewardship at 480-731-8880.

### **Informal Resolution of Discrimination Complaints**

Before filing a formal complaint under this procedure, a student may attempt to resolve the problem through informal discussions with the person claimed to have engaged in discriminatory conduct and that person's supervisor or department head. The supervisor or department head will notify the Vice President of Student Affairs who may designate an employee to provide such assistance. If a student alleges discrimination based upon physical or mental disability the Vice President of Student Affairs, who is designated at each college as the ADA/504 Coordinator or the Associate Vice Chancellor of Student Affairs who is designated as the District ADA/504 Coordinator, will assist directly in the informal resolution process. Each Vice President and the Associate Vice Chancellor has knowledge of the ADA/504 regulations applicable to students with disabilities. The Vice President of Student Affairs may modify or reject an informal resolution of a complaint of discriminatory conduct under this process if, in the judgment of the Vice President, the resolution that is proposed is not in the best interests of both the student and the institution. The Vice President shall take such action no later than fifteen (15) calendar days after receiving notice of the informal resolution.

Attempts to informally resolve alleged discrimination should occur within ninety (90) calendar days of the most recent alleged discriminatory act. The college official responsible for this informal resolution process should ensure that the process is concluded promptly. For complaints dealing with alleged discrimination beyond the 90-day timeframe, a student must submit a complaint under the formal resolution procedure of this policy.

If the complaint cannot be informally resolved to the satisfaction of the student, the student has the right to file a complaint and to proceed under formal resolution procedures.

### **Formal Resolution of Discrimination Complaints**

A student who contends that unlawful or MCCCDC-prohibited discrimination has occurred may file a formal complaint by contacting the Vice President of Student Affairs at each respective college or center. If a student alleges discrimination based upon physical or mental disability he or she may submit a formal complaint with the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs or designee. The Vice President of Student Affairs or District Associate Vice Chancellor of Student Affairs or designee will accept.

A complaint may be submitted by the student verbally or in writing. A student may also contact the Office of General Counsel to obtain the name and phone number of the college or center official designated to respond to discrimination complaints.

The complaint must identify the action, decision, conduct, or other basis that the student believes is unlawful or MCCCDC prohibited discrimination.

Upon receipt of a complaint, the Vice President of Student Affairs or the Associate Vice Chancellor will notify the college president or provost and the Office of General Counsel.

A copy of the complaint will be shared with the respondent within five (5) working days of receipt by the Vice President of Student Affairs. Respondent will be put on notice that retaliation against the complainant or potential witnesses will not be tolerated and that an investigation will be conducted. If the student submits a written complaint, the Vice President or the District Associate Vice Chancellor need not share with the respondent the actual form submitted by the student, but may paraphrase the allegations sufficiently to allow the respondent to draft a response.

Respondent must provide a written response to allegations within fifteen (15) calendar days of his or her receipt of the complaint.

After accepting a complaint, the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs will designate a complaint investigator to conduct a fact-finding investigation, which will include, at a minimum, a review of written evidence (including the complaint and response), and interviews with appropriate employees and students. The interviews will include all witnesses identified by all parties. If the complaint alleges discrimination based upon mental or physical disability the investigator designated by the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs must have knowledge of ADA/504 regulations applicable to students with disabilities. 34 C.F.R. §104.4 et.seq.; 28 C.F.R. §35.130 et. seq. The Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs may serve as complaint investigator. The complaint investigator shall promptly complete the investigation and deliver to the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs the investigator's written findings and the results of the investigation, including summaries of all interviews and all documents received as part of the investigation. In no event shall this occur later than ninety (90) calendar days following receipt of the complaint. Within ten (10) working days following receipt of the results of the investigation from the complaint investigator, the Vice President of Student Affairs or the District Vice Chancellor of Student Affairs will submit to the President or Provost the investigator's written findings and the Vice President's recommendations as to the disposition of the complaint.

The president or provost will accept, reject, or modify the recommendations and will provide a written notification of his or her action to the student and respondent along with a copy of the investigator's written findings and the vice president's or District Associate Vice Chancellor's recommendations within fifteen (15) calendar days of receiving the written findings and recommendations from the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs.

When the investigation confirms the allegations, appropriate corrective action will be taken. Evidence which is collateral to the allegations of discrimination and/or sexual harassment and which was obtained during an investigation may be used in subsequent grievance or disciplinary procedures. Both complainant and respondent receive notice of the outcome. The institution will take appropriate steps to prevent further occurrences.

### **Interim Measures**

If a student alleges discrimination based upon physical or mental disability, the District may take interim measures to assist or protect the student during an investigation. Such measures may include academic adjustments, arranging for changes in class schedules, or other appropriate temporary measures.

### **MCCCD Administrative Review Process**

#### **Request for Reconsideration**

A student or respondent who is not satisfied with the decision of the president or provost has ten (10) working days to request, verbally or in writing, administrative review of the decision by his or her college president or provost. The request for administrative review must state reasons why the complainant or respondent believes the finding was improper. The president or provost will review the results of the investigation and written findings and respond to the

request within ten (10) working days from receipt of the request. If the president or provost determines that the decision is not supported by the evidence, the case file will be reopened and assigned for further investigation. If the president or provost determines that the investigation was thorough and complete and that the decision is supported by the evidence, he or she will deny the request for administrative review. At this point, the student has exhausted the Internal Discrimination Complaint Procedure.

### **Complaint Process**

Faculty, staff and all other college officials should refer any student seeking to make a complaint of discrimination to the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs. Every student complaint of discrimination shall be investigated under the authority of the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs in accordance with these Procedures. The Vice President of Student Affairs and any complaint investigator who participates in a complaint resolution pursuant to these Procedures shall administer every resolution process in an impartial manner, and shall fully consider all facts discovered in the course of any investigation before a resolution is reached. Each party in any complaint resolution shall have full opportunity to present all information and documentation the party feels is germane to the complaint. At no time shall a student who has made an allegation of discrimination under these Procedures be asked or required in any way by a college official to engage in any direct confrontation with any person alleged to have committed an act of discrimination. The Vice President shall ensure that every effort is made to obtain information from each witness to every act of alleged discrimination or from any other person possessed of information that is relevant and material to the complaint resolution. The Vice President of Student Affairs shall ensure that all appropriate corrective action that is warranted as a result of any complaint resolution will be taken, and shall employ best efforts to ensure that the college prevents recurrence of discrimination in the future.

### **Maintenance of Documentation**

Documentation resulting from each level in the Formal Resolution Process (including witness statements, investigative notes, etc.) will be forwarded to and maintained by the Office of General Counsel. Investigative records are not to be maintained with or considered as a part of a student record. Documentation regarding corrective action is considered part of the student's record.

### **Right to Assistance**

A student or respondent may receive the assistance of an attorney or other person at any stage of a complaint filed under this Internal Discrimination Complaint Procedure. Such person may attend any investigative interview and advise the complainant or respondent but shall not otherwise participate in the interview. The complaint investigator shall direct communications directly to the complainant and respondent, and not through such individual's attorney or other person providing assistance.

### **Confidentiality of Proceedings**

Every effort will be made by the college and MCCCDC to protect the confidentiality of the parties during the processing of complaints under this procedure. Records will be maintained in a confidential manner to the extent permitted by law and insofar as they do not interfere with MCCCDC's legal obligation to investigate and resolve issues of discrimination.

### **Retaliation Prohibited**

Retaliation against a person who has filed a complaint or against any witness questioned during an investigation is strictly prohibited. Any retaliatory action by instructors, supervisors, managers, academic professionals, administrators, or other employees who have the authority to take adverse action against a complainant or witness is prohibited and may be grounds for disciplinary action.

### **False Statements Prohibited**

Any individual who knowingly provides false information pursuant to filing a discrimination charge or during the investigation of a discrimination charge will be subject to appropriate discipline.

### **External Filing of Discrimination Complaint**

MCCCD encourages students to use the MCCCD Discrimination Complaint Procedure for students to resolve discrimination concerns. Students also have the right to file civil rights complaints with appropriate external agencies. No retaliation will be taken against a person for filing a complaint with an external agency. The following agency accepts discrimination charges filed by, or on behalf of, students:

Office for Civil Rights, Region VIII (OCR)  
Denver Office  
U.S. Department of Education  
Federal Building  
1244 Speer Boulevard, Suite 310  
Denver, Colorado 80204-3582  
Phone: 303-844-5695  
Fax: 303-844-4303  
TDD: 303-844-3417  
E-mail: [OCR\\_Denver@ed.gov](mailto:OCR_Denver@ed.gov)

**AMENDED by Direct Approval from the Chancellor, April 1, 2015**

\*\*\*\*\*END SECTION\*\*\*\*\*

#### **2.4.6 Emissions Control Compliance**

Pursuant to ARS §15-1444 C. no vehicle shall be allowed to park in any college parking lot unless it complies with ARS §49-542 (the annual vehicle emissions inspection program). At the time of course registration, every out-of-county and out-of-state student will be required to sign an affidavit stating that the student's vehicle meets the requirements of ARS §49-542. Vehicles that are not in compliance are subject to being towed at the owner's expense.

#### **2.4.8 Petition Signature Solicitation**

1. This regulation shall govern access to college premises by representatives who wish to solicit signatures on petitions for the purpose of submission of a ballot proposition to voters, or nomination of a candidate for elective office, in a city-, county-, or state-wide election.
2. Each college president shall designate general hours of accessibility for solicitation and a location on college premises where all representatives on behalf of any candidate or ballot proposition may solicit signatures. The location shall be in a common area where the solicitation will not serve as an obstruction to student activities or otherwise disrupt the college environment.
3. All solicitation must take place in designated areas. Standard space may include one or two tables and chairs. Campus restrictions regarding amplification will apply. Representatives may not distribute or make available to students, employees, or college visitors any tangible item, except for informational literature about the proposed candidate or ballot initiative.
4. Representatives shall notify the designated official at each college or center for their intent to be present on college premises no fewer than three working days prior to soliciting signatures. Upon obtaining authorization, representatives shall be provided a written version of this regulation.

Specific procedures on how to implement the Petition Signature regulation can be found in [Appendix S-14](#).

#### **2.4.9 Use of College Grounds by Non-MCCCD-Affiliated Users**

In contrast to traditional public forums such as a public square, park, or right of way, Maricopa's campuses are dedicated by law to the purpose of formal education. They are, and have been since their creation, for the use and benefit of prospective and enrolled students, the Maricopa employees who serve them, and those who are invited to campus by members of the College community to attend or participate in sponsored events. The Maricopa County Community College District (MCCCD) has a long history of regulating the time, place, and manner in which expressive activities are conducted on campuses, for the purposes of avoiding disruption or interference with its educational activities, and protecting the rights of the members of the campus community and their invited guests to express themselves and access information. While members of the general community always have been welcome to share their ideas with the

campus community, they are subject to reasonable, content-neutral regulation of the time, place and manner of the event and to the institution's mission-based priorities – including but not limited to the need to provide an environment conducive to teaching and learning.

## **POLICY**

This administrative regulation governs use of the college grounds, defined as the open areas and walkways of the campus by non-MCCCD-affiliated users. Use of college facilities is governed by a separate administrative regulation. Parking lots are not available for events and activities other than those sponsored and authorized by the College president.

Camping is not permitted anywhere on the campuses. Camping is defined as the use of college grounds or facilities for living accommodations or housing purposes such as overnight sleeping or making preparations for overnight sleeping (including the laying down of bedding for the purpose of sleeping), the making of any fire for cooking, lighting or warmth, or the erection or use of tents, motor vehicles, or other structures for living or shelter. These activities constitute camping when it reasonably appears, in light of all the circumstances, the participants conducting these activities intend to use or are using the facilities or grounds for living accommodations or housing, regardless of the duration or other purpose of the use.

Lawful use of college grounds for events or expressive activities by individuals, groups, and organizations may be authorized by college officials when the events and activities are lawful and consistent with the non-profit, educational nature of the campus, authorized and conducted in accordance with MCCCD policies, administrative regulations and priorities, and compliant with reasonable restrictions as to time, place, and manner. The content of the expression will not be a factor in authorizing, locating, or scheduling decisions. However, events and activities will not be permitted to disrupt or obstruct the teaching, research, or administrative functioning of the College by means of physical obstacles and crowds, by the creation of sound or noise that would interfere with teaching, learning, and the conduct of College business, or by any other means. Each College president will designate a Responsible College Official with delegable authority to approve, locate, and schedule use of college grounds.

**Permit Application:** Any non-MCCCD-affiliated organization, group, or individual desiring to use campus grounds for an event or activity must submit a request form to the Responsible College Official in advance of the use date.

If the activities proposed in the application are limited to low-impact, non-commercial activities the request form shall be submitted at least two business days in advance of the expected use date. For purposes of this administrative regulation, "low-impact, non-commercial activities" are defined as: (1) activities that do not seek to sell or promote a product or service for direct or indirect financial gain; (2) activities that are limited to gatherings of five people or less at any given time; and (3) activities that do not involve machinery, temporary structures, tables, chairs, displays or electronic equipment, including amplifiers, or the distribution of food products.

For events that are not low-impact, non-commercial activities, the request form shall be submitted at least seven business days before the expected use. The additional advance time is required to allow the College to prepare for conditions that may affect the flow of foot traffic, involve signs and displays, create crowds, involve significant numbers of participants, or require the use of significant amounts of space and/or use of equipment and resources.

**Designated Areas:** Because each College has a limited amount of outdoor space, activities and events sponsored by non-MCCCD-affiliated users, including speech and literature distribution, shall be restricted to designated areas. For each College, the Responsible College Official shall establish specific designated areas for such activities. A written description of these areas shall be maintained at the office of Student Life and Leadership for each College. Consistent with the goal of providing a healthy, comfortable, and educationally productive environment, the Responsible College Official should attempt to locate the designated areas in prominent locations on campus where there is a likelihood of significant pedestrian traffic. The designated areas shall not be located in building stairways and entryways, parking lots, or congested areas. The Responsible College Official will make every effort to assign users to their requested space when a specific space is desired. However, in order to ensure the potential success of all scheduled events, the College

reserves the right to assign an event or activity to the area the College deems most appropriate in light of the campus capacity, other activities scheduled, and the type of event or activity being planned.

**Use Fees and Proof of Insurance:** To offset the costs associated with the use of college grounds, non-MCCCD-affiliated users shall be required to pay a fee of \$50 per day or \$125 per week. In order to protect the health and safety of College students, faculty and staff and to protect MCCCD resources, non-MCCCD-affiliated users shall also be required to provide proof of insurance that indicates at least \$1 million in general liability coverage and names the MCCCD as an additional insured for the anticipated use date.

The fee and proof-of-insurance provisions of this Administrative Regulation shall not be applied to low-impact, non-commercial users. A user may request designation as a low-impact, non-commercial user from the applicable College's Responsible College Official. Any questions or comments about the criteria for approval or denial of such request shall be directed to the District Ombudsman.

**Permits:** The approved request form will describe the location of the authorized activity and any other restrictions specific to the event. Violation of the terms of the permit, District policy, administrative regulation or law shall be grounds for immediate revocation of the permit, and the individual violators and their organizations may be banned from the campus.

**Priorities and Criteria for Approval of Permits:** The content or subject of the proposed expressive activity or event will not affect approval of the application. Availability of space is not guaranteed. Reservations shall be approved on a space-available basis and will be addressed on a first come-first served basis, subject to the following priorities and criteria for the use and scheduling of space on campus grounds:

#### Scheduling Priorities (in order)

1. The use of facilities and grounds for the operations of the College. For example, there are times when the college is unusually crowded by members of the campus community, such as registration and orientation at the beginning of the semester. Other uses may reasonably be precluded during those times.
2. Activities and events sponsored by the College administration.
3. Activities and events sponsored by MCCCD student organizations or employee groups.
4. Activities of non-MCCCD-affiliated individuals and organizations.
5. Commercial advertising or activities.

#### Criteria

1. Capacity of college grounds to accommodate the number of participants at the scheduled time and proposed location.
2. Capacity of College Safety staff to provide security for all events and activities scheduled at the time.
3. Possible interference or conflict with College operations or other scheduled activities and events on the grounds.
4. General feasibility of hosting the event as proposed.

**Other Policies:** This administrative regulation will be applied in conjunction and coordination with all other MCCCD policies and administrative regulations and College processes and procedures, including but not limited to regulations on facilities use, signage, sales of alcohol and/or food, and solicitation of donations.

Specific procedures on how to implement the Use of College Grounds regulation can be found in [Appendix S-15](#).

#### 2.4.10 Children on Campus

Children (younger than 18) may not attend any class unless they are officially registered for the class.

Children will not be allowed on campus unless participating in an authorized college program or under the supervision of an adult.

#### 2.4.11 Crime Awareness and Campus Security Act

Federal legislation requires the college to maintain data on the types and number of crimes on college property as well as policies dealing with campus security. To obtain additional information on this subject, contact the college Safety and Security Department.

#### 2.4.15 Campus Sex Crimes Prevention Act

Federal legislation requires that the MCCCDC establish notification procedures concerning the presence of registered sex offenders enrolled either as students or those working for the institution. The Registered Sex Offender Notification Procedure is outlined in Appendix item S-18.

**ADOPTED by Direct Approval from the Chancellor, March 6, 2019**

#### Appendix Item S-18: Maricopa County Community College District Registered Sex Offender Notification Procedure

The Campus Sex Crime Prevention Act (CSCPA), (section 1601 of Public Law 106-386), is a Federal Law enacted on October 28, 2000. In compliance with this law, the Maricopa County Community College District (MCCCDC) will work in collaboration with the Sheriff's Department to identify convicted registered sex offenders enrolled as students at one of MCCCDC's colleges or working at the District office or at any of the MCCCDC colleges (in paid or unpaid positions).

#### GENERAL INFORMATION

- I. In accordance with the CSCPA, the MCCCDC will provide on its Sex Offender Information Website, found [Sex Offender Information and Notification](#) website, a link to the Arizona Sex Offender Registry website and instructions on how to access it.
- II. Arizona Revised Statutes require persons convicted of any of the following 21 different offenses to register as sex offenders: 1) unlawful imprisonment if the victim is under 18 years of age; 2) kidnapping if the victim is under 18 years of age; 3) sexual abuse if the victim is under 18 years of age; 4) sexual conduct with a minor; 5) sexual assault; 6) sexual assault of a spouse; 7) molestation of a child; 8) continuous sexual abuse of a child; 9) taking a child for the purpose of prostitution; 10) child prostitution; 11) commercial sexual exploitation of a minor; 12) sexual exploitation of a minor; 13) luring a minor for sexual exploitation; 14) aggravated luring a minor for sexual exploitation; 15) unlawful age misrepresentation for the purpose of committing a sexual offense 16) sex trafficking of a minor; 17) a second or subsequent violation of indecent exposure to a person under 15 years of age; 18) a second or subsequent violation of public sexual indecency to a minor under the age of 15; 19) a third or subsequent violation of indecent exposure; 20) a third or subsequent violation of public sexual indecency; and 21) violations relating to the failure to register as a sex offender. (See, [A.R.S. §13-3821](#)).
- III. The Arizona Department of Public Safety classifies sex offenders according to levels. The levels consist of Level 1: Low risk to the community, Level 2: Intermediate risk to the community, and Level 3: High risk to the community.
- IV. By law, Registered Sex Offenders (RSO) are required to contact the Maricopa County Sheriff's office or local police agency when they enroll in or are employed at a college—in either paid or unpaid status. ([A.R.S. § 13-3821](#)).
  - a. Level Two and Level Three Offender's Obligation to Notify the College:

#### STUDENTS

- i. **Current Students** who are enrolled and receive their final classification or a change in classification as a Level 2 or Level 3 sex offender during their period of enrollment must notify the Campus Public Safety Officer within five (5) business days of the start of the semester. Campus Public Safety Officers for each college and for the district office can be found at the [MCCCD Police](#) website. The Campus safety officer will schedule a meeting with the Dean of Students (or designee) and the Registered Sex Offender student to take place within ten (10) days of the notification to Public Safety.
  - 1. Failure to comply with this procedure may lead to discipline under the Student Code of Conduct as well as possible criminal penalty as outlined in Arizona state law.
  
- ii. **Potential Students** who have been designated as a Level 2 or Level 3 sex offender must notify the Campus Public Safety Officer to arrange a meeting when they intend to enroll at a College. Campus Public Safety Officers for each college and for the district office can be found at the [MCCCD Police](#) website. This meeting must take place at least ten (10) calendar days prior to the start of classes. The meeting shall include the RSO, the Dean of Students (or designee), and the Campus Public Safety Officer.)
  - 1. A person who is classified as a Level Two or Three sex offender has been admitted to MCCCD and who has failed to timely to register pursuant to these procedures may be subject to discipline under the Student Code of Conduct as well as possible criminal penalties as outlined in Arizona state law.

#### EMPLOYEES

- iii. **Current Employees** who receive their final classification or a change in classification as a Level 2 or Level 3 sex offender during their period of employment must immediately notify the Campus Public Safety Officer. The campus public safety officer will arrange meeting with the Human Resources Manager (or designee) at the individual campus and the Registered Sex Offender employee. Campus Public Safety Officers for each college and for the district office can be found at the [MCCCD Police](#) website. The meeting with the college human resources manager and the Campus Public Safety Officer must take place within ten (10) days of the original notification to Public Safety.
  
- iv. **Potential Employees** who have been classified as a Level 2 or Level 3 sex offender must notify the Campus Public Safety Officer to arrange a meeting when they are offered employment at the College. Campus Public Safety Officers for each college and for the district office can be found at the [MCCCD Police](#) website. This meeting must take place at least ten (10) calendar days prior to the start of employment. The meeting shall include the RSO, the college human resources manager and the Campus Public Safety Officer (or their designees).

#### V. COLLEGE OFFICIALS' MEETING WITH LEVEL 2 OR LEVEL 3 SEX OFFENDER

- a. After notification that a student or employee has been classified as a Level Two or Three Sex Offender, MCCCD Public Safety will collect information from the RSO student or employee, probation/parole officer, Sheriff's Office, and/or arresting agency regarding the type of crime, conditions for probation, and/or level of risk.

- b. For Students: MCCCDC Public Safety will notify the Dean of Student Affairs (or designee) when a RSO has enrolled or expressed a desire to enroll at a MCCCDC college. A representative from the Student Affairs office shall participate in the required meeting with the RSO.
  - i. An RSO identification must be placed in the Advocate online system. The identification should include a summary of the offense/court-ordered conditions in place upon release, information from the parole/probation officer, and possible interventions needed at the college/District level.
- c. For Employees: MCCCDC Public Safety will notify District and college Human Resources (or designee) when an RSO has registered due to being offered employment with the MCCCDC or is a current employee who has been classified as a Level Two or Three Sex Offender. A representative from District and the identified college's Human Resources department shall participate in the required meeting with the RSO.
  - i. An RSO identification must be placed in the employee's personnel file. The identification should include a summary of the offense/court-ordered conditions in place upon release, information from the parole/probation officer, and possible interventions needed at the college/District level.
- d. At the meeting referred to above, the student or employee who is classified as a Level Two or Three sex offender will be advised of the following information:
  - i. The College's knowledge of his/her final classification.
  - ii. The College's obligation to provide public access to Level 2 & 3 sex offender information through its Department of Public Safety.
  - iii. Any restrictions that will be imposed on the sex offender—based on any Court restrictions, restraining orders, or orders of protection that may be in place—and the duration of such restrictions.
  - iv. If the offender is classified at Level 3, he/she is further informed of:
    - 1. The College's policy of posting notice at each college campus within two (2) days of receipt of the RSO's information, regardless of when the meeting occurs.
    - 2. The Level 3 RSO will receive a copy of the community notification the College intends to post.
    - 3. The functional areas of the College which will be provided with the public notification that will be posted.
  - v. At any time, the Department of Public Safety can communicate with the offender's parole/probation officer.

VI. FERPA: The CSCPA further amends the Family Educational Rights and Privacy Act of 1974 (FERPA) to clarify that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning the presence of registered sex offenders.

VII. ANNUAL AND OFF-CYCLE REVIEWS: Public Safety and the Student Affairs Dean (or designee) or Human Resources representative, depending on the status of the RSO, shall meet on an annual basis to review the conditions of enrollment, employment, and campus engagement. Additional, off cycle, reviews should be conducted when an RSO student or employee transfers within MCCCDC or new information about criminal conduct has been received. District imposed conditions may be removed, added, or altered based on

changes in enrollment location(s), legal case status, new criminal activity, and/or disciplinary standing. Both Public Safety and Dean of Students or Human Resources professionals, for students and employees, respectively, shall maintain documentation regarding all initial, annual, and off-cycle meetings and reviews.

- VIII. FAILURE TO NOTIFY CAMPUS ADMINISTRATION: Failure to notify campus administration, as outlined in this procedure, of one's status as a RSO may lead to discipline up to and including removal from classes and/or suspension from participation in academic or extra-curricular programs, termination from employment as well as possible criminal penalty as outlined in Arizona state law.
- IX. CAMPUS AND COMMUNITY NOTIFICATION OF RSO STATUS: Pursuant to Arizona law, the MCCCDC shall make campus notifications of RSO status, as follows:
- a. For level two and level three offenders, the MCCCDC Public Safety Office, in conjunction with the Public Safety office at each college will coordinate with the local law enforcement agency responsible for the individual community notifications to ensure the sex offender notification is provided to the individual campus community.
  - b. The [Sex Offender Information and Notification](#) website will host the notification of RSO's employed by or attending a MCCCDC college, including employment with the District office.
  - c. For Colleges with facilities off-site from the main campuses that receive a registered sex offender community notification flyer from a local law enforcement agency, building managers are advised to post the flyer the building's common area easily accessed by students, staff, and faculty for a at least thirty (30) days. Specific information and instructions related to the community notification will be contained in the flyer and such instructions should be followed.
  - d. Any criminal activity involving a registered sex offender should be reported to police.
- X. ADMINISTRATIVE OVERSIGHT:
- a. Students: A campus administrator has the right to, at her or his discretion, require currently enrolled RSOs to attend regular meetings. The meetings will serve as a way to monitor compliance with conditions for enrollment and assist with student success. The frequency, duration, attendees to the meeting, and location of the meetings will vary based upon the needs of the RSO.
  - b. Employees: A supervisor, in conjunction with a Human Resources representative, at her or his discretion, may require currently employed RSOs to attend regular meetings. The meetings will serve as a way to monitor compliance with conditions for employment and assist with student success. The frequency, duration, attendees to the meeting, and location of the meetings will vary based upon the needs of the RSO.

**ADOPTED by Direct Approval from the Chancellor, March 6, 2019**

## 2.4.12 Workplace Violence Prevention

### Purpose

It is the policy of the Maricopa County Community College District to promote a safe environment for its employees, students, contractors, and visitors. MCCCDC is committed to working with its employees to maintain an environment free from violence, threats of violence, harassment, intimidation, and other disruptive behavior.

### Policy

Violence, threats, harassment, intimidation, and other disruptive behavior in our facilities is prohibited and will not be tolerated. It is the responsibility of all employees, students, contractors, and visitors of MCCCDC to report any occurrence of such conduct to MCCCDC Public Safety. Every employee, student, contractor, and visitor on MCCCDC property should report threats or acts of physical violence and acts of harassment, intimidation, and other disruptive behavior of which he/she is aware. All reports will be taken seriously and will be investigated by public safety immediately in order to

protect everyone from danger. Such behavior can include oral or written statements, gestures, or expressions that communicate a direct or indirect threat of physical harm.

### **Prohibited Behavior**

For example, and without limiting the generality of the foregoing statement, this policy prohibits:

- direct threats or physical intimidation
- implications or suggestions of violence
- stalking
- assault of any form
- physical restraint, confinement
- dangerous or threatening horseplay
- loud, disruptive, or angry behavior or language that is clearly not part of the typical work environment
- blatant or intentional disregard for the safety or well-being of others
- commission of a violent felony or misdemeanor on MCCCCD property
- abuse
- violation of a protective order or restraining order
- any other act that a reasonable person would perceive as constituting a threat of violence

This list is illustrative only and not exhaustive.

### **Future Violence**

Employees, students, and visitors who have reason to believe they, or others, may be victimized by a violent act or sometime in the future, at the workplace or as a direct result of their relationship with MCCCCD, shall inform a supervisor or manager as soon as possible. The supervisor or manager shall inform the Public Safety Department. Students, contractors, and visitors shall contact the Public Safety Department as soon as possible.

Employees who have signed and filed a restraining order, temporary or permanent, against an individual due to a potential act of violence, who would be in violation of the order by coming near them at work, shall immediately supply a copy to the Department Director, Human Resources, and Public Safety. Students shall supply a copy of the signed order to the Public Safety Department.

This policy applies to employees and students, as well as independent contractors and other non-employees doing business with the MCCCCD. Individuals who commit such acts may be removed from the premises and may be subject to disciplinary action, criminal penalties, or both. The Chancellor is hereby instructed to enact all administrative regulations necessary to implement this policy.

### **2.4.13 Student Right to Know**

Under the terms of the Student Right To Know Act, the college must maintain and report statistics on the number of students receiving athletically related student aid reported by race and sex, the graduation rate for athletes participating in specific sports reported by race and sex, the graduation rate for students in general, reported by race and sex and other similar statistics. To obtain copies of these reports, contact the Office of Admissions and Records.

## **STUDENT RIGHTS AND RESPONSIBILITIES**

### **2.4.5 Copyright Act Compliance**

Students are expected to comply with the provisions of the Copyright Act of 1976 pertaining to photocopying of printed materials, copying of computer software and videotaping. In order to assist students in complying with the Copyright Law, appropriate notices shall be placed on or near all equipment capable of duplicating copyrighted materials.

### **3.2 Copyright Regulation**

1. It is the intent of the Governing Board of the Maricopa County Community College District to adhere to the provisions of the U.S. Copyright Law (Title 17, United States Code Section 101 et seq.). Though there continues to be

controversy regarding interpretation of the Copyright Law, this policy represents a sincere effort by the Board to operate legally within the District.

2. The Governing Board directs the Chancellor or his designee(s) to develop and distribute to employees guidelines that (1) clearly discourage violation of the Copyright Law and (2) inform employees of their rights and responsibilities under the Copyright Law.
3. Each college president or provost and the Chancellor shall name an individual(s) at each district location who will assume the responsibilities of distributing copyright guidelines, act as a resource person regarding copyright matter and provide training programs on current copyright laws.
4. Employees are prohibited from copying materials not specifically allowed by the (1) copyright Law, (2) fair use guidelines, (3) Licenses or contractual agreements, or (4) other permission.
5. The Governing Board disapproves of unauthorized duplication in any form. Employees who willfully disregard this Board policy and/or the aforementioned copyright guidelines do so at their own risk and assume all liability for their actions.
6. In order to assist employees and students in complying with the Copyright Law, appropriate notices shall be placed on or near all equipment capable of duplicating copyrighted materials.

### **What Students Should Know About Copyright**

#### **What is copyright?**

Copyright is a protection afforded under federal law for various types of creative works. A work is copyrightable if it is an original work of authorship fixed in a tangible medium of expression. Copyrightable works include literary, musical or dramatic works; motion pictures and other audiovisual works; choreographic works and pantomimes; sound recordings; and architectural works.

The owner of a copyright in a particular work has the exclusive right to copy, display, perform, distribute, and create a derivative version of the work. Generally, then, this means that you may not do things like duplicate, show or perform a copyrighted work unless it is expressly allowed under the Copyright Act or you have the prior permission of the copyright holder.

A copyright exists in a work at the time it becomes fixed in some tangible medium of expression. Neither registration of the copyright with the federal government nor a copyright notice on the work itself is required for copyright protection.

#### **What is copyright infringement?**

Generally, copyright infringement occurs when you copy, display, perform, distribute or create a derivative version of a copyrightable work either without the permission of the copyright holder or when such activity is not otherwise allowed under an exception provided by federal copyright law. The penalties for infringement include significant damages-potentially in excess of \$100,000 for each work infringed as well as criminal penalties, which may include fines and even incarceration.

#### **How does copyright law affect information I obtain off the Internet?**

Copyright law covers works in both traditional and new media, including digital media. Copyrightable materials are often available on the Internet without any indication of their copyrighted status. As a rule of thumb, you should assume that everything you find on the Internet is copyrighted, unless otherwise labeled. Even popular activities, such as file swapping or copying software or pictures from the Internet, may be copyright infringement and should be avoided.

The Digital Millennium Copyright Act, which Congress enacted in 2000, affords greater protection for copyright holders of digital works. Generally, then, even if a work appears solely in a digital form, it is likely subject to copyright law protections.

New technology has made many creative works widely available through the Internet. For example, the technology known as Peer to Peer (P2P) allows for the transmission of music, videos, movies, software, video games and other materials-most of which is subject to copyright protection.

Remember that a copyright exists in a work at the time it becomes fixed in some tangible medium of expression. That means that an image you have downloaded from the Internet, as well as a video or musical performance is almost certainly subject to copyright protection. When you download these works, transfer them to a disk or other medium, or send them to a friend, you are infringing on the rights of the copyright holder. Trafficking in such material without the permission of the copyright holder, then, violates copyright law. This includes unauthorized music file sharing over the Internet.

According to a statement recently issued by representatives of the motion picture, recording and songwriting industries, uploading and downloading copyrighted works over the Internet is theft: "It is no different from walking into the campus bookstore and in a clandestine manner walking out with a textbook without paying for it."

### **Why is it important for a student to be aware of copyright law?**

Copyright infringement is expressly prohibited by the US Copyright Act. Anyone who infringes another's copyright in a creative work is subject to liability, and could be required to pay large sums in damages.

In addition, as the law clearly prohibits copyright infringement, using any college resources-such as photocopiers, desktop and laptop computers, printers, central computing facilities, local-area or college-wide networks, Internet access, or electronic mail-for the purpose of infringing a copyright in any work may be grounds for student discipline. According to Maricopa Community College District administrative regulation, "students are expected to comply with the provisions of the Copyright Act of 1976 pertaining to photocopying of printed materials, copying of computer software and videotaping."

Moreover, under the Maricopa Community Colleges Computing Resource Standards, a student is prohibited from the "use of software, graphics, photographs, or any other tangible form of expression that would violate or infringe any copyright or similar legally-recognized protection of intellectual property rights." The Standards also prohibit "transmitting, storing, or receiving data, or otherwise using computing resources in a manner that would constitute a violation of state or federal law . . . ."

A student who violates these policies, then, can be disciplined at any of the Maricopa Community Colleges. This discipline could include suspension or even expulsion.

### **Does copyright law allow me to download files from a college web site?**

Thanks to recent changes to copyright law, colleges and universities are allowed to transmit copyrighted images, recordings, and other materials over the Internet in connection with distance learning offerings. These changes allow for the performance of non-dramatic literary works or musical works, as well as the display of "reasonable and limited portions" of any work in an amount comparable to that typically displayed in a live classroom setting. Use of the works must, however, be "an integral part" of the distance-learning class session, and available solely to students enrolled in the class. In addition, the transmission of the copyrighted works must be under the direction or actual supervision of an instructor.

Even though the college does not hold the copyright to these works, or even have the express permission of the copyright holder, they may be delivered over the Internet to students in distance learning classes.

The fact that the law authorizes such use of copyrighted materials, though, does not allow a student in these classes to freely download, copy, or re-transmit the works. They are intended solely for use by the institution in connection with distance instruction; any other use would likely constitute a violation of copyright law.

## **3.4 Recording of Faculty Lectures**

1. MCCC acknowledges that faculty members are, by law, afforded copyright protection in their classroom lectures and, therefore, may limit the circumstances under which students may record (audio/visual) their classes.
2. Each faculty member shall inform their students in the course syllabus or other course introductory material of their

policy with regard to recording of class lectures. Failure to do so will accord students the right to record lectures. A lecture is defined as anything upon which a student is tested or that is part of the curriculum or course content whether in person, virtual, or pre-recorded. A restriction on recording does not apply if the recording is allowed under another policy.

- a. Students, regardless of whether they have permission or not from the faculty member to record class lectures, may not reproduce or otherwise share and/or distribute all or part of recorded class lectures and/or activities taking place during class time, without the written consent of the faculty member. (Reproducing includes, but is not limited to, posting any pre-recorded or real time recording of a class lecture—in whole or in part—to any social media platform (TikTok, Twitter, Facebook, Instagram, YouTube, etc.)).
- b. Any violation of AR 3.4 (2)(a) may constitute "academic misconduct" prohibited by AR 2.3.11 Academic Misconduct.

3. Students with disabilities that render them unable to take adequate lecture notes are entitled to reasonable accommodation – subject to engagement in the interactive process and a determination of functional limitation as outlined in AR 2.8 Students with Disabilities – to remedy this inability. Approved accommodation may require a faculty member to modify their recording policy for the affected student.

In accordance with Subpart E of Section 504 of the Rehabilitation Act of 1973, a student with a qualifying disability which adversely affects the student's ability to take or read notes may be permitted to audio record class lectures as a reasonable academic accommodation.

In an effort to address faculty concerns for privacy and protection of copyright while still assuring the availability of recording classroom lectures as a reasonable accommodation for students, use of this accommodation is subject to the following conditions:

- a. The faculty member must have received the Disability Resource Services (DRS) Faculty Notification Letter specifying the recording of classroom lectures as a granted reasonable accommodation.
- b. Such recordings of class lectures are only for the student's personal use in study and preparation related to class.
- c. The student must comply with a faculty request to stop recording during discussions, demonstrations, presentations, guest speakers, and situations of a sensitive nature. The faculty member should provide as much notice of these situations as possible in order for the student to coordinate with the faculty member and DRS to have notes taken on the substantive parts of the lecture.
- d. The student may not share classroom lecture, or any other recordings made during class time with any other person or in any media or on a public or private platform without the written consent of the faculty member.
- e. Information contained in the authorized audio recorded lectures, and any other recordings whether authorized or unauthorized, may be protected under federal copyright laws and may not be published or quoted without the written consent of the faculty and without giving proper identity and credit to speakers, this includes publication via any social media platform, emails, or text messages.
- f. The student may not use the authorized recorded lectures, and any other recordings whether authorized or unauthorized, against the faculty member, other instructors, or students whose classroom comments are recorded as part of the class activity. This provision is subject to the protections under

policy and the law.

g. The student will erase all recorded class lectures when they are no longer needed for academic work. Upon written request from the faculty member, the student will return all class recordings to the faculty member for erasure. Faculty members should provide DRS with a copy of the aforementioned written request. Likewise, students are not permitted to post the lectures on any social media platform, website, or learning management system without the instructor's written consent except for communications to the instructor of record.

h. Students who wish to keep recordings beyond the end of the course for future review must obtain written permission from the faculty member.

i. Audio, or any other recordings outside of the aforementioned lectures (including fieldwork, internships, etc.) may be discussed on a case-by-case basis in collaboration with the faculty member, program of study, site manager, and DRS. In clinical/experiential learning placements, the recording of any discussions, lectures, or conversations are never permitted.

j. Students, regardless of whether they have permission or not from the faculty member to record class lectures or any other part of the classroom/class time experience, may not post all or part of recorded class lectures or any other recordings made during class time to any social media platform (TikTok, Twitter, Facebook, Instagram, YouTube, etc.), or otherwise reproduce, share and/or distribute to any other person or party.

k. Any violation of AR 3.4(3) may constitute "academic misconduct" prohibited under AR 2.3.11 Academic Misconduct.

**AMENDED through the Administrative Regulations approval process, April 20, 2021**

## **4.4 Technology Resource Standards**

### **Introduction**

The Maricopa County Community College District (MCCCD) provides its students, employees, Governing Board members and the public with access to information resources and technologies. MCCCD recognizes that the free exchange of opinions and ideas is essential to academic freedom, and the advancement of educational, research, service, operational, and management purposes, is furthered by making these resources accessible.

Arizona constitutional and statutory mandates require that MCCCD resources, including technology, be used only for the public's business, and not for private purposes. Those mandates apply to all MCCCD public officials—employees of every kind and the Governing Board. The aim of those laws is to safeguard the use of resources, including technology resources, acquired and maintained with public funds. Compliance with other laws—both federal and state—also dictates the need for standards for the use of MCCCD technology resources. In some cases, the Governing Board policies emphasize the importance of compliance with the law such as the requirement to adhere to copyright laws. Governing Board policies also establish MCCCD's own standards, such as the directive that all persons within the MCCCD community be treated in a manner that is humane, fair and dignified.

This administrative regulations established standards for the use of MCCCD technology resources. They should be seen as supplementing, and not in lieu of, Governing Board policy, applicable law and other applicable administrative regulations such as Administrative Regulation 4.3 "Electronic Communications."

### **General Responsibilities**

Technology resources (including, but not limited to, desktop and laptop systems, printers, central computing facilities, MCCCD-wide or college-wide networks, local-area networks, telephones, facsimile machines, scanners, access to the

Internet, electronic mail and similar electronic devices and information) of the MCCCCD are available to MCCCCD Governing Board members, employees, students and, in a limited number of cases, MCCCCD contractors and the public. Use of all those resources is subject to the standards set forth in this regulation (Standards).

The first screen that each MCCCCD computer exhibits on starting up advises users of these Standards and requires an acknowledgment before the user may proceed to the next screen. Additionally, all MCCCCD employees are responsible for annually acknowledging receipt of the Blue Book, which contains this regulation. So all users of MCCCCD technology resources are presumed to have read and understood the Standards. While the Standards govern use of technology resources MCCCCD-wide, an individual community college or center may establish guidelines for technology resource usage that supplement, but do not replace or waive, these Standards.

### **Use of Non-MCCCCD Technology**

Under Arizona's public records law, MCCCCD is required to transact business so that its records are accessible and retrievable. The policy underlying the law is that work done in the name of the public be transparent. Thus, any member of the public may request public records and, except in a few specific instances, are entitled to get copies of them.

Each individual employee or Governing Board member is responsible for ensuring that MCCCCD records that he or she initiates or receives are retained for the period of time required by and disposed of according to mandates established by Arizona State Library, Archives and Public Records—the state agency tasked with setting standards for record retention. Therefore, an employee's or Governing Board member's use of non-MCCCCD technology resources for communication of any type of MCCCCD business is heavily discouraged because those records are less capable of being managed according to MCCCCD's process for ensuring retention, retrieval and disclosure set forth in Administrative Regulation 4.15 "Retrieval, Disclosure and Retention of Records."

Additionally, an MCCCCD employee who receives a communication allegedly from another MCCCCD employee using a non-MCCCCD e-mail address is not required to respond substantively to that e-mail. The employee receiving the e-mail is entitled to verify that the sender is whom he or she says that he or she is. The employee receiving the e-mail may request that the sender provide the information or inquiry set forth in the e-mail via hard-copy form.

### **Acceptable Use**

Use of MCCCCD's technology resources, including websites created by MCCCCD employees and students, is limited to educational, research, service, operational and management purposes of the MCCCCD and its member institutions. Likewise, data, voice, images and links to external sites posted on or transmitted via MCCCCD's technology resources are limited to the same purposes.

Frequently, access to MCCCCD's technology resources can be obtained only through use of a password known exclusively to the MCCCCD employees, Governing Board members or students. It is those users' responsibility to keep a password confidential. While MCCCCD takes reasonable measures to ensure network security, it cannot be held accountable for unauthorized access to its technology resources by other persons, both within and outside the MCCCCD community. Moreover, it cannot guarantee employees, Governing Board members and students protection against reasonable failures. Finally, under certain limited circumstances defined in Administrative Regulation 4.15 "Retrieval, Disclosure and Retention of Records," certain MCCCCD employees are authorized to access information on an MCCCCD technology device.

It is not Maricopa's practice to monitor the content of electronic mail transmissions, files, images, links or other data stored on or transmitted through Maricopa's technology resources. The maintenance, operation and security of Maricopa's technology resources, however, require that network administrators and other authorized personnel have access to those resources and, on occasion, review the content of data and communications stored on or transmitted through those resources. Any other review may be performed exclusively by persons expressly authorized for such purpose and only for cause. To the extent possible in the electronic environment and in a public setting, a user's privacy will be honored. Nevertheless, that privacy is subject to Arizona's public records laws and other applicable state and federal laws, as well as policies of Maricopa's Governing Board all of which may supersede a user's interests in maintaining privacy in information contained in Maricopa's technology resources.

## **Incidental Computer and Technology Usage**

Limited incidental personal use of MCCCDC technology resources including through use of personal e-mail systems is permitted, except as described in item 16 under "Prohibited Conduct." MCCCDC employees are responsible for exercising good judgment about personal use in accordance with this regulation, Colleges' consistent local guidelines and MCCCDC ethical standards. Personal use refers to activities which only affect the individual and that are not related to an employee's outside business. MCCCDC employees are required to conduct themselves in a manner which will not raise concern that they are or might be engaged in acts in violations of the public trust. Refer to the Guidelines for Incidental Computer Usage for the Maricopa Community Colleges ([Appendix AS-8](#)) and Guidelines for Incidental Telephone Usage for the Maricopa Community Colleges ([Appendix AS-9](#)).

## **Prohibited Conduct**

The following is prohibited conduct in the use of MCCCDC's technology resources

1. Posting to the network, downloading or transporting any material that would constitute a violation of MCCCDC contracts.
2. Unauthorized attempts to monitor another user's password protected data or electronic communication, or delete another user's password protected data, electronic communications or software, without that person's permission.
3. Installing or running on any system a program that is intended to or is likely to result in eventual damage to a file or computer system.
4. Performing acts that would unfairly monopolize technology resources to the exclusion of other users, including (but not limited to) unauthorized installation of server system software.
5. Hosting an unauthorized website that violates the .EDU domain request.
6. Use of technology resources for non-MCCCDC commercial purposes, including to advertise personal services, whether or not for financial gain.
7. Use of software, graphics, photographs, or any other tangible form of expression that would violate or infringe any copyright or similar legally-recognized protection of intellectual property rights.
8. Activities that would constitute a violation of any policy of MCCCDC's Governing Board, including, but not limited to, MCCCDC's non-discrimination policy and its policy against sexual harassment.
9. Transmitting, storing, or receiving data, or otherwise using technology resources in a manner that would constitute a violation of state or federal law, or MCCCDC policy or administrative regulation including, but not limited to, obscenity, defamation, threats, harassment, and theft.
10. Attempting to gain unauthorized access to a remote network or remote computer system.
11. Exploiting any technology resources by attempting to prevent or circumvent access, or using unauthorized data protection schemes.
12. Performing any act that would disrupt normal operations of computers, workstations, terminals, peripherals, or networks.
13. Using technology resources in such a way as to wrongfully hide the identity of the user or pose as another person.
14. Allowing any unauthorized access to MCCCDC's technology and non-technology resources.
15. Making personal long distance or other toll calls, except where the charges for the calls are incurred directly by the caller or arrangements are otherwise made at the time of the call to directly bill the caller.
16. Intermittent use of technology resources that interferes with the performance of an employee's main responsibilities.
17. Use of technology resources to market or conduct other activities on behalf of a third-party regarding the "hosting" of an event that is prohibited under MCCCDC's Use of College Facilities administrative regulation.
18. Conducting District or college-related business using any electronic mail account other than one hosted or provided by MCCCDC, and approved by the Vice Chancellor of Information Technology Services, even when the e-mail account copies all outgoing and incoming messages to the MCCCDC hosted account.
19. Deleting or altering a technology public record in violation of public records retention requirements, or in anticipation of receiving or after receipt of a public records request, subpoena or a complaint filed as part of an MCCCDC grievance, investigation or review, or other lawful request for the record.

20. Deleting or altering a technology record on an MCCCCD device in anticipation or after receipt of a public records request, subpoena or a complaint filed as part of an MCCCCD grievance, investigation or review, or other lawful request for the records where the record may demonstrate a misuse of technology resources under this regulation.

### **Review and Approval of Alternate E-Mail Account Systems**

The prior review and approval by the Vice Chancellor of Information Technology is required for the implementation of alternate College electronic mail account systems. Requests will be evaluated based upon the following considerations:

1. The system must be compatible and interoperable with the MCCCCD e-mail system. All information within the e-mail system must meet the standards and authorize District Office access as specified in Administrative Regulation 4.15, "Retrieval, Disclosure and Retention of Records."
2. Any proposed changes to an MCCCCD's entity's e-mail system with e-discovery implications must be approved in advance during the planning stages as specified in Administrative Regulation 4.15, "Retrieval, Disclosure and Retention of Records."

### **Disclaimer**

The home page of an MCCCCD web site must display, or link to, the following disclaimer in a conspicuous manner:

*All information published online by MCCCCD is subject to change without notice. MCCCCD is not responsible for errors or damages of any kind resulting from access to its internet resources or use of the information contained therein. Every effort has been made to ensure the accuracy of information presented as factual; however errors may exist. Users are directed to countercheck facts when considering their use in other applications. MCCCCD is not responsible for the content or functionality of any technology resource not owned by the institution.*

*The statements, comments, or opinions expressed by users through use of Maricopa's technology resources are those of their respective authors, who are solely responsible for them, and do not necessarily represent the views of the Maricopa County Community College District.*

### **Information Accuracy and Marketing Standards**

In order to help ensure that the most accurate information sources are reflected on web pages, information should be cited, sourced or linked from the website of the official District or college custodian responsible for the particular subject. In addition, the design of web pages shall reflect established marketing standards with respect to the imaging and using of MCCCCD marks as outlined in the marketing standards handbook and Use of Marks administrative regulation.

### **Complaints and Violations**

Complaints or allegations of a violation of these standards will be processed through Maricopa's articulated grievance procedures or resolution of controversy.

Upon determination of a violation of these standards, MCCCCD may unilaterally delete any violative content and terminate the user's access to MCCCCD's technology resources. It is the user's responsibility to demonstrate and/or establish the relevance of content in the event that a content complaint is made official. Users retain the right to appeal actions through MCCCCD's grievance procedures or resolution of controversy.

### **2.6 Hazing Prevention Regulation**

The Maricopa County Community College District (MCCCCD) strives to exceed the changing expectations of our many communities for effective, innovative, student-centered, flexible and lifelong educational opportunities. Our employees are committed to respecting diversity, continuous quality improvement and the efficient use of resources. We are a learning organization guided by our shared values of: education, students, employees, excellence, diversity, honesty and integrity, freedom, fairness, responsibility and public trust.

Central to the vitality and dignity of our community of learners is an environment that produces broadly educated responsible citizens, who are prepared to serve and lead in a free society. Academic instruction, co-curricular activities and community involvement come together to meet this goal. All members of the MCCCDCD community, through the best of their abilities, must be provided the opportunity to contribute in a safe, orderly, civil and positive learning environment. One factor that inhibits the achievement of the above stated purpose is the practice of hazing.

1. Hazing by any student, employee or other person affiliated with MCCCDCD is prohibited.
2. "Hazing" is defined as any intentional, knowing or reckless act committed by a student or other person in any MCCCDCD college or affiliated educational setting, whether individually or in concert with other persons, against another student, and in which both of the following apply:
  - A. The act was committed in connection with an initiation into, an affiliation with or the maintenance of membership in any club/organization that is affiliated with MCCCDCD; and
  - B. The act contributes to a substantial risk of potential physical injury, mental harm or personal degradation, or causes physical injury, mental harm or personal degradation.
3. Any solicitation to engage in hazing is prohibited.
4. Aiding and abetting another person who is engaged in hazing is prohibited.
5. Victim consent is not a defense for violation of the Maricopa Community Colleges Hazing Prevention Regulation.
6. All students, faculty and staff must take reasonable measures within the scope of their individual authority to prevent violations of the MCCCDCD Hazing Prevention Regulation.
7. Hazing activities and situations include, but are not limited to, the following:
  - A. Pre-pledging, illegal pledging or underground activities.
  - B. Acts of mental and physical abuse, including, but not limited to: paddling, slapping, kicking, pushing, yelling, biting, duck-walking, line-ups, tuck-ins, belittling, excessive exercise, beating or physical abuse of any kind, and the potentially forced consumption of any food or beverage that contributes to or causes physical injury, mental harm or personal degradation.
  - C. Sleep deprivation (activities that deprive prospective and/or current students and/or members of the opportunity of a minimum of six hours sufficient sleep each day).
  - D. Encouraging or forcing use of alcohol or drugs.
  - E. Any type of student club/organization scavenger hunt, quest, road trip or other activity that would physically or psychologically endanger prospective and/or current students and/or members or others.
  - F. Stroking or physically touching in an indecent or inappropriate manner. See Sexual Harassment Policy 5.1.8
  - G. Student club/organization activities that subject prospective and/or current students and/or members or others to public nuisance or spectacle.
  - H. Aiding or abetting theft, fraud, embezzlement of funds, destruction of public, personal or private property, or academic misconduct.
  - I. Being required to wear odd or look-alike apparel that contributes to or causes physical injury, mental harm or personal degradation.
  - J. Personal services that contribute to or cause physical injury, mental harm or personal degradation.
8. Alleged violations of this regulation by students or student organizations can be reported to the vice president of student affairs' office for investigation by any member of the college community. The vice president of student affairs' office will investigate the complaint in accordance with the student disciplinary code, all other college and MCCCDCD policies, and local and state laws.

Alleged violations of the MCCCDCD hazing prevention regulation or interference with an investigation under this regulation by students or student organizations are subject to sanctions under the student disciplinary code.

The student disciplinary code shall govern all proceedings involving such a complaint. Decisions arrived at as outcomes of the proceedings shall be final, pending the normal appeal process.

9. Alleged violations of the MCCCDCD hazing prevention regulation by any faculty or staff member can be reported to the vice president of student affairs' office for investigation by any member of the college community. The vice president of student affairs' office will investigate the complaint in accordance with college and MCCCDCD policies, and local and state laws.

Any MCCCDC faculty or staff member who knowingly permitted, authorized or condoned the alleged hazing activity is subject to disciplinary action in accordance with college and MCCCDC policies, and local and state laws.

10. If the vice president of student affairs' office receives a report or complaint of an alleged hazing activity involving physical injury, threats of physical injury, intimidation, harassment or property damage, or any other conduct that appears to violate Arizona state law, the college will report such conduct to the appropriate college safety office. The said college safety office will investigate, respond to and report on the alleged hazing activity in accordance with all college, district, local, state and federal guidelines, policies and laws.
11. Should the proceedings outlined above substantiate an occurrence of hazing activity-where students or student organizations knowingly permitted, authorized or condoned the hazing activity-the college can recommend the following sanctions against student clubs/organizations:
  - A. CENSURE: Censure can include the required completion of a program designed with the intent of eliminating the hazing activity. The programs will be devised with the cooperation of all involved parties and monitored by the vice president of student affairs' office.
  - B. PROBATION: The student club(s)/organization(s) will be placed on probation for a specified period of time. Conditions of probation will be determined by the vice president of student affairs' office and outlined in writing to the student club(s)/organization(s). The probationary term will be monitored by the vice president of student affairs.
  - C. SUSPENSION: The student club(s)/organization(s) will be suspended. The terms of the suspension can be defined in the sanction, including criteria the student club(s)/organization(s) must meet within a specified time to be considered for admission or renewal of college recognition status.
  - D. REVOCATION: The student club(s)/organization(s) will have its status revoked, with the loss of all college associations, recognitions and privileges. The national or international office of an organization, if so affiliated, will be requested to revoke the charter of an organization.
12. The MCCCDC hazing prevention regulation is not intended to prohibit or sanction the following conduct:
  - A. Customary athletic events, contests or competitions that are sponsored by the college or MCCCDC.
  - B. Any activity or conduct that furthers the goals of a legitimate educational curriculum, a legitimate co-curricular experience or a legitimate military training program.
13. For the purposes of the MCCCDC hazing prevention regulation:

"Organization" is defined as an athletic team, association, order, society, corps, cooperative, club or other similar group that is affiliated with MCCCDC, whose membership consists primarily of students enrolled at MCCCDC and that may also be classroom-related or co-curricular in nature.

#### **2.4.7 Abuse-Free Environment**

See also the Auxiliary Services section for Tobacco-Free Environment and the Appendices/Student Section Medical Marijuana Act of the Administrative Regulations.

##### **1. Substance Abuse/Misuse Statement**

Drug abuse and misuse has become a national issue and is receiving national attention, particularly in the academic community. The insidious effects of the abuse of these agents are also felt by all walks of life and economic levels. Therefore, as an education providing institution, we are responsible to provide knowledge and guidelines about prevention, control, and treatment of the abuse/misuse of alcohol, illegal and legal drug uses and misuses. Annual Acknowledgements for students and employees are provided through the online messaging accounts.

Students who experiment with drugs, alcohol, and illegal substances or use them recreationally may develop a pattern of use that leads to abuse and addiction. Maricopa Community Colleges recognized drug and alcohol abuse as an illness and a major health problem as well as a potential safety and security issue.

Part of the educational mission of the Maricopa Community Colleges is to educate students about positive self-development, the benefits of a healthy lifestyle and the health risks associated with substance abuse. This mission closely aligns with the Drug-Free School and Communities Act of 1989, and other relevant substance abuse laws.

## 2. Student Program to Prevent Illicit Use of Drugs and Abuse of Alcohol

The Maricopa Community College District fully supports disciplinary action for misconduct and the enforcement of state laws governing the use of alcohol and the use, abuse, possession or distribution of controlled substances or illegal drugs.

### A. Introduction and Purpose

The Federal Drug-Free Schools and Communities Act of 1989 (Public Law 101-226) requires federal contractors and grantees to certify that they will provide a drug-free school. As a recipient of federal grants, the District must adopt a program toward accomplishing this goal. While federal legislation has been the impetus for creation of the program, the administration and Governing Board recognize that substance abuse is a problem of national proportions that also affect students at the Maricopa Community Colleges.

The Maricopa Community Colleges are committed to maintaining learning environments that enhance the full benefits of a student's educational experience. The Maricopa County Community College District will make every effort to provide students with optimal conditions for learning that are free of the problems associated with the unauthorized use and abuse of alcohol and drugs.

### B. Standards of Conduct

In the student handbooks of the Maricopa Community Colleges under codes of conduct, the following are examples of behavior that is prohibited by law and/or college rules and policies:

- i. Drinking or possession of alcoholic beverages on the college campus.
- ii. Misuse of narcotics or drugs.

### C. Sanctions for Violation of Standards of Conduct

Disciplinary actions include, but are not limited to:

- i. Warning,
- ii. Loss of privileges,
- iii. Suspension, or
- iv. Expulsion.

### D. Legal Sanctions

Local, state, and federal law prohibit the unlawful possession, use or distribution of illicit drugs and alcohol. Conviction for violating these laws can lead to imprisonment, fines, probation, and/or assigned community service. Persons convicted of a drug-and/or alcohol related offense will be ineligible to receive federally funded or subsidized grants, loans, scholarships, or employment.

Any employee is subject to disciplinary action, up to and including employment termination, for any of the following: reporting to work under the influence of alcohol and/or illegal drugs or narcotics; the use, sale, dispensing, or possession of alcohol and/or illegal drugs or narcotics on MCCCCD premises, while conducting MCCCCD business, or at any time which would interfere with the effective conduct of the employee's work for the MCCCCD; and use of illegal drugs.

## 3. MCCCCD Program Standards

The Maricopa Community College District is committed to establishing a preventative substance abuse program at each college designed to affect positively the problems of irresponsible use of alcohol and the use and abuse of illegal substances. A main focus of the program will be on education of the campus community and assistance to individuals.

- A. Identify a key individual, at each college, to provide emergency services and/or to contact and work with outside agencies that provide drug and alcohol counseling, treatment or rehabilitation programs that may be available to students and employees.
- B. Support disciplinary action for misconduct and the enforcement of state laws governing the use of alcohol and the use, abuse, possession or distribution of controlled substances or illegal drugs.
- C. Establish a preventative substance abuse program at each college designed to affect positively the problems of irresponsible use of alcohol and the use and abuse of illegal substances.

#### 4. Alcoholic Beverages—Usage Regulation (AR 4.13)

This Administrative Regulation prohibits the use of District funds to purchase alcoholic beverages or services related to them except in small amounts to be used in cooking for the District's culinary programs. Additionally, it generally prohibits the presence of alcoholic beverages on premises owned by the District, or those leased or rented by the institution. It permits a few, narrow exceptions to that latter prohibition. The exceptions are not available to the general population of District employees or officials. More importantly, they are established to ensure that the District's actions stay within the boundaries of state law and the District's insurance coverage. Therefore, strict compliance with this regulation is essential.

- A. **No Funds.** No funds under the jurisdiction of the governing board of the District may be used to purchase alcoholic beverages, except for the limited purposes of purchasing small amounts of them for use solely as ingredients in food preparation for classes and at the District's culinary institutes. Alcoholic beverages may not be stored on premises owned, leased, or rented by MCCCDC except as provided in Paragraph H.
- B. **No Service or Sale of Alcoholic Beverages.** The law of the state of Arizona strictly regulates the service, sale, distribution and consumption of alcoholic beverages. In light of that law, the District does not permit alcoholic beverages to be served, sold or distributed on or in the premises owned by the District or leased or rented by the Maricopa Community Colleges for District-approved educational, fund-raising or other community purposes, except as provided in Paragraphs C and G.
- C. **Service at District Events on District-owned Property.** The Chancellor has the sole authority to approve the service, but not the sale or other distribution, of wine or beer at District events on district-owned property that the Chancellor either sponsors or approves. The only District employees authorized to request the Chancellor's approval are the College Presidents and the Vice Chancellors. Additionally, the law strictly limits the service of wine or beer by the District on District-owned property, and those restrictions are specified in Paragraph E. Unless approved by the Chancellor in compliance with the law and this regulation, alcoholic beverages may not be served on District-owned property.
- D. **Event Form Required.** A College President or Vice Chancellor who wishes to obtain the Chancellor's approval for the service of wine or beer at a District-sponsored event on District-owned property shall forward a completed written request to the Chancellor no later than 30 days before the event. The request form is available at: [AS-6 Notice of Intent to Serve Beer and Wine Form](#). On signing the form, the Chancellor will provide a copy of it to the requestor and to the MCCCDC Risk Manager. For events that the Chancellor sponsors, he or she will complete the form, sign it and provide it to the MCCCDC Risk Manager no later than 10 business days before the event.
- E. **Service restrictions required by law.** An event approved under Paragraph D must, by law, comply with the all of the following restrictions:
  - i. The only alcoholic beverages that may be served and consumed are wine and beer. Wine consumption is limited to 6 oz. per person, and beer consumption is limited to 24 oz;
  - ii. The gathering must be by invitation only, and not open to the public;
  - iii. The gathering may not exceed 300;
  - iv. Invitees may not be charged any fee for either the event or the beer or wine; and
  - v. The consumption may only take place between noon and 10:00 p.m.

Additionally, beer and wine may only be served by a beverage service contractor whose liquor license with the state of Arizona is in good standing, except as provided in Paragraph F. The contractor must provide all of the beverages served and well as the servers or bartender. Before the event, the contractor must provide a certificate of insurance that meets the requirements of the District's Risk Manager and that adds the District as an additional insured. The contractor must also agree in writing to indemnify the District regarding the service of the beverages.

- F. **Culinary Institutes.** The Chancellor may sponsor or approve an event at one of the District's culinary institutes. Students may serve wine and beer at the event as part of their class requirements, subject to the limitations of Paragraph E. Any student serving those beverages must, by law, be 19 years or older.
- G. **Third-Party Event.** The Maricopa County Community College District Foundation and the Friends of Public Radio Arizona may, with the approval of the Chancellor, sponsor an event on District-owned property under this regulation. The City of Phoenix and the Friends of the Phoenix Public Library may also do so, with the approval of

the Chancellor, at the joint library on the campus of South Mountain Community College. These third-party, non-district entities are solely responsible for determining the steps that they are required to take to comply with Arizona's alcoholic beverages laws. Additionally, they must comply with the following steps:

- i. The entity obtains a liquor license, if required by law, from the Arizona Department of Liquor Licenses and control for each event and fully complies with the laws, rules and other requirements applicable to that license;
  - ii. The entity completes the form available at [AS-7 Request to Serve Beer and Wine — Third Party Form](#) . And provides it to the Chancellor for approval along with a copy of the liquor license no later than 30 days before the event, unless the Chancellor approves a shorter period of time in a particular case;
  - iii. The entity provides or currently has on file with the District a certificate of insurance demonstrating that it has liquor liability coverage and that adds the District as an additional insured;
  - iv. The entity agrees in writing to indemnify the District from any claims of any kind arising out of the event;
  - v. Beer and wine are the only alcoholic beverages served and only served through a beverage service contractor whose liquor license with the state of Arizona is in good standing;
  - vi. The contractor provides all of the beverages served and well as the servers or bartenders;
  - vii. Before the event, the contractor provides a certificate of insurance that meets the requirements of the District's Risk Manager and that adds the District as an additional insured; and
  - viii. The contractor agrees in writing to indemnify the District regarding the service of the beverages.
- H. **Receipt of beverages; storage.** It is not permissible to store wine or beer on premises owned, leased or rented by MCCCC, except as provided in this paragraph. Alcoholic beverages purchased for use in cooking in District culinary courses must be stored in such a way that it is inaccessible to anyone except the Director or designee of the culinary program. For wine and beer to be used for receptions at the district's culinary institutes, as authorized by this administrative regulation, the following storage requirements apply:
- i. Wine and beer to be served may only be brought to MCCCC property no sooner than four hours prior to the event, and remain there no longer than four hours after the event; and
  - ii. Once the wine and beer arrives on MCCCC property, the Director the culinary program shall assign an MCCCC employee to ensure that it is not stolen or that it is not opened until ready to be served.
- I. **Compliance with law.** In compliance with applicable law, any persons planning an event under this administrative regulation are required to familiarize themselves with the pertinent laws and other requirements established by the state of Arizona for the service of alcoholic beverages, particularly those in Arizona Revised Statutes Title 4 (Alcoholic Beverages) Chapters 1 (General Provisions), 2 (Regulations and Prohibitions) and 3 (Civil Liability of Licensees and Other Persons) as well as Arizona Administrative Code Title 19, Articles 1 (State Liquor Board) and 3 (Unlicensed Premises Definitions and Licensing Time-Frames).
- J. **Residential Housing.** Lawful occupants of residential housing under the jurisdiction of the Governing Board, if over the age of 21 years and not otherwise lawfully barred from such practice, may possess and consume alcoholic beverages in the privacy of their respective leased housing facility. Guests of such occupants over the age of 21 years shall have the same privilege. No alcohol is permitted in public areas (nor common areas of a dormitory) at any time.
- K. **Personal Responsibility.** The personal or individual purchase of alcoholic beverages by individuals attending District-approved functions held in places serving alcoholic beverages is a personal and individual responsibility. Administrative discretion shall be exercised in the approval of the location of such activities, as such decision pertains to the nature of the group involved.
- L. **Miscellaneous Usage Issues.** Any issues that are not specifically addressed within this regulation require the review and determination by the Chancellor or Executive Vice Chancellor and Provost on matters related to culinary programs, academic or student affairs.

## 5. Other Health Concerns

### General Guidelines Concerning AIDS

Neither a diagnosis of AIDS nor a positive HIV antibody test will be part of the initial admission decision for those applying to attend any of the Maricopa Community Colleges. The Maricopa Community Colleges will not require screening of students for antibody to HIV.

Students with AIDS or a positive HIV antibody test will not be restricted from access to student unions, theaters, cafeterias, snack bars, gymnasiums, swimming pools, recreational facilities, restrooms, or other common areas, as there is not current medical justification for doing so.

Where academically and logistically feasible, students who have medical conditions, including AIDS, may seek accommodation in order to remain enrolled. Medical documentation will be needed to support requests for accommodation through the Office of Disabled Resources and Services or the Office of Vice President of Student Affairs.

The Maricopa Community Colleges acknowledge the importance of privacy considerations with regard to persons with AIDS. The number of people who are aware of the existence and/or identity of students who have AIDS or a positive HIV antibody test should be kept to a minimum. When a student confides in an faculty member, knowledge of the condition should be transmitted to the appropriate vice president or designee who will make the determination if the information should be further disseminated. It should be remembered that mere exposure to the person in a classroom does not constitute a need to know the diagnosis. It is, therefore, unnecessary to document in a student's file the fact that he or she has AIDS unless the information is to be used for accommodation reasons. Sharing confidential information without consent may create legal liability.

Students are encouraged to contact the Office of Disabled Resources and Services and/or the vice president of student affairs or designee for the types of services available in the district or community on matters regarding AIDS or the HIV virus.

#### **4.12 Smoke-Free/Tobacco-Free Environment**

The Maricopa County Community College District is dedicated to providing a healthy, comfortable, and educationally productive environment for students, employees, and visitors. In order to promote a healthy learning and work environment, the Chancellor has directed that the Maricopa County Community College District serve as a total smoke free and tobacco free environment, effective July 1, 2012. Smoking (including the use of "e-cigs") and all uses of tobacco shall be prohibited from all District owned and leased property and facilities, including but not limited to parking lots, rooftops, courtyards, plazas, entrance and exit ways, vehicles, sidewalks, common areas, grounds, athletic facilities, and libraries.

Support signage prohibiting the use of smoking instruments and tobacco shall be placed throughout all college and District locations.

Continued violations by an employee or student shall be handled through the respective conduct procedures established for employees and students.

#### **Appendix S-16: Statement on the Arizona Medical Marijuana Act (Proposition 203)**

In 2010, Arizona voters approved the Arizona Medical Marijuana Act (Propositions 203), a state law permitting individuals to possess and use limited quantities of marijuana for medical purposes. Because of its obligations under federal law, however, the Maricopa Community Colleges will continue to prohibit marijuana possession and use on campus for any purpose.

Under the Drug Free Workplace Act of 1988, and the Drug Free Schools and Communities Act of 1989, "...no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any federal program, including participation in any federally funded or guaranteed student loan program, unless it has adopted and has implemented a program to prevent the use of illicit drugs and abuse of alcohol by students and employees." Another federal law, the Controlled Substances Act, prohibits the possession, use, production, and distribution of marijuana for any and all uses, including medicinal use. This law is not affected by the passage of the Arizona Medical Marijuana Act. Because Maricopa Community Colleges could lose its eligibility for federal funds if it fails to prohibit marijuana, it is exempt from the requirements of the Arizona Medical Marijuana Act. Therefore, Maricopa Community Colleges will

continue to enforce its current policies prohibiting the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance on its property or as part of any of its activities.

Employees and students who violate Maricopa Community Colleges policy prohibiting the use or possession of illegal drugs on campus will continue to be subject to disciplinary action, up to and including expulsion from school and termination of employment.

## **2.8 Students with Disabilities**

### **2.8.1 Eligibility for Accommodations & Required Disability Documentation**

This policy is intended to specify the disability documentation required that will qualify Maricopa County Community College District (MCCCD) students for reasonable and appropriate academic adjustments through each college's Disability Resources And Services (DRS) office.

Only accommodations granted by the respective college drs office and communicated to faculty through a Faculty Notification Letter (FNL) will be recognized by the District as approved accommodations for students with disabilities.

Faculty are not required to provide reasonable accommodations/academic adjustments to students with disabilities unless the student has registered with drs and engages in the interactive process.

#### **I. General Eligibility Requirements**

1. To receive services from the DRS, a student must be admitted and enrolled as an MCCCD student.
2. The student must provide the DRS office with documentation of a qualifying disability that verifies the nature and extent of the disability prior to receiving any accommodation or academic adjustment.
  - a. If a student does not have documentation, they are still required to follow the application and intake process, which includes meeting with a drs representative and participating in the interactive process.
  - b. Provisional accommodations may be granted to a student by DRS to assist students while they collect appropriate documentation to support their eligibility for accommodations/academic adjustments. such provisional accommodations must not exceed thirty (30) days, unless such extensions are granted due to extenuating circumstances. In these cases, an additional thirty (30) days of provisional accommodations may be granted. any extension beyond the additional thirty (30) days must be reviewed by the District ADA/504 Coordinator. Such extension must be based on extenuating circumstances beyond the control of the requesting student, and is not guaranteed.

#### **II. Who Is Eligible For Services**

1. To be eligible for DRS support services, a student must have a disability as defined by federal law (Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and the Americans with Disabilities Act Amendments Act of 2008 (ADAAA).
2. An individual with a disability is a person who has a physical or mental impairment which substantially limits one or more major life activities. These persons are protected by Section 504 of the Rehabilitation Act and the Americans with Disabilities Act. Individuals with a record of such an impairment and individuals who are regarded as having such an impairment are also protected by these federal laws.
3. The definition of "disability" in Section 504 and the ada should be interpreted to allow for broad coverage.

#### **III. Definitions**

1. **Academic Adjustment** means: a modification of a non-essential academic requirement, an examination, or an institutional rule that is necessary to provide access to the academic and educational environment. Academic adjustments may include changes in the length of time permitted for completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted. Academic adjustments may not substantially or materially alter the course modality, curriculum, competencies or degree requirements.
2. **Accommodation** means: An alteration of environment, curriculum format, or equipment that allows a student with a disability to gain access to content and/or complete assigned tasks. Accommodations allow students with disabilities to pursue a regular course of study. Since accommodations do not alter what is being taught, instructors should be able to implement the same grading scale for students with disabilities as they do for students without disabilities.

Examples of accommodations include, but are not limited to, sign language interpreters for students who are hearing impaired, computer text-to-speech, computer-based systems for students with visual impairments or dyslexia; extended time for students with fine motor limitations, visual impairments, or learning disabilities, and large-print books and worksheets for students with visual impairments.

3. **Current Documentation** means: documentation of a diagnosed physical or mental impairment that is dated within 5-7 years. Adult norms must be used for all testing provided as documentation.
4. **Major Life Activities** include, but are not limited to: functions such as caring for one's self, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and working. Major life activities also include major bodily functions such as functions of the immune system, normal cell growth, and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive function.
5. **Mental Impairment** means: any mental or psychological disorder, including but not limited to, intellectual disabilities (intellectual developmental disorder), organic brain syndrome, emotional or mental illness, specific learning disabilities, post-traumatic stress disorder, depression and bipolar disorder. The phrase substantially limits must be interpreted without regard to the ameliorative effects of mitigating measures, other than ordinary eyeglasses or contact lenses. Mitigating measures are things like medications, prosthetic devices, assistive devices, or learned behavioral or adaptive neurological modifications that an individual may use to eliminate or reduce the effects of an impairment. These measures cannot be considered when determining whether a person has a substantially limiting impairment. An impairment that is episodic or in remission is a disability if, when in an active phase, it would substantially limit a major life activity. For example, a student with bipolar disorder would be covered if, during manic or depressive episodes, the student is substantially limited in a major life activity (e.g., thinking, concentrating, neurological function, or brain function).
6. **Physical Impairment** means: a physiological disorder or condition, a cosmetic disfigurement, or an anatomical loss, that affects one or more of the following body systems: neurological; musculoskeletal; special sense organs (which would include speech organs that are not respiratory such as vocal cords, soft palate, tongue, etc.); respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine. Examples include, but are not limited to, orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, HIV (symptomatic or asymptomatic), tuberculosis, drug addiction, and alcoholism.

#### IV. Procedures

1. General Procedures

- a. The DRS office alone is responsible for evaluating documentation and determining eligibility and reasonable academic adjustments/accommodations.
  - b. Any instructor, academic staff member, or support staff (i.e., admissions of financial aid employees) who receives a request from a student for accommodations/academic adjustments due to a disability must refer the student to the college's DRS office.
  - c. All requests for academic adjustments/accommodations shall be considered on an individual, case-by-case basis and all reasonable and appropriate requests for academic adjustments/accommodations from eligible students shall be considered by DRS. DRS may exercise its right to require additional documentation in support of a request for academic adjustment/accommodation.
  - d. Academic adjustments/accommodations are determined by the DRS office through an interactive exchange (the interactive process) with the eligible student. The interactive exchange may continue during the course of the year and may involve faculty members' input regarding the terms and conditions of the course or program of study. Accommodations/ academic adjustments in the classroom environment shall require participation of course faculty.
  - e. MCCCDC is not required to provide "best" or "most desired" accommodations, but rather a reasonable accommodation sufficient to provide the eligible student equal access to the educational environment/activities.
2. Material Alteration of class or certification requirement
    - a. If a faculty member believes the DRS approved academic adjustment/ accommodation would alter an essential academic course competencies, curriculum, or a licensing requirement, the instructor shall meet with the DRS office as part of the interactive process. Since the faculty member will have been part of the discussion regarding requested accommodations/academic adjustments involving a course or course curriculum, issues of material alteration should have already been addressed . In the event such was not addressed, a conversation with DRS should take place within five (5) days of the faculty member's receipt of the faculty notification letter outlining the approved academic adjustment/accommodation. The parties will attempt to resolve the concern.
    - b. If the faculty member's concerns are not resolved after the meeting with the DRS Manager, the faculty member and the DRS Manager will meet with the Chief Academic Officer, or designee, and the District ADA/504 Coordinator to resolve the concern. This meeting should take place within three (3) days of the meeting between the DRS Manager and the faculty member. The Chief Academic Officer's decision is final.
    - c. Any change in the DRS office's initial recommendation resulting from the meeting with the Chief Academic Officer will be communicated to the student by the DRS office and the interactive process will continue in an effort to provide reasonable and appropriate academic adjustments/accommodations.

## **V. Rights And Responsibilities**

1. Students served by Disability Resources and Services have the right:
  - a. To an equal opportunity to access course information and materials
  - b. To an equal opportunity to participate in and benefit from the college community

- c. To choose whether or not to disclose the nature of their disability to their professor(s). The information the student provides to DRS is protected by FERPA.
- d. To file a grievance if the student believes they have been discriminated against.

**2. Students served by Disability Resources and Services responsibilities:**

- a. Self-identify to DRS as having a disability and provide accurate, recent, and timely documentation.
- b. Check MCCC CD email and/or DRS connect portal for updates and announcements.
- c. Request accommodations each semester in a timely manner and understand that a late request does not constitute retroactive adjustments.
- d. Notify DRS if classes are dropped or added.
- e. Ensure that instructors have received the Faculty Notification Letter once it has been issued through drs connect.
- f. Communicate directly with DRS regarding exam accommodations, such as taking exams in the testing center, and stay in communication about the time and place for such exams.
- g. Contact DRS in a timely manner if having any difficulty securing or arranging accommodations.
- h. Promptly return any borrowed or assigned equipment (as an accommodation) to DRS when it is no longer needed.
- i. If approved for note taking or audio recording services, understand that these services are for personal use only and may not be shared. In addition, the student must understand that you must be present in class to receive these services.
- j. Understand that requesting accommodations does not mean that the student's request will be approved.
- k. Meet the same standards—academic, technical, performance, and behavioral—expected of all Maricopa County Community College students.
- l. Accommodations may be granted on a provisional basis (30 days). This may be based on the need for additional documentation. In these cases, the student will need to update their documentation to receive accommodations beyond the 30 days. The student must understand that approval will be based on a review of the new documentation and there is no guarantee that the provisional (or any) accommodations will be approved.
- m. Understand that faculty are not required to provide any accommodation that fundamentally alters the nature of their course or lowers the academic standards.

**VI. Grievance Procedure**

1. If a student is not satisfied with either the academic adjustments/ accommodations granted by the DRS office or the denial of academic adjustments/accommodations, the student may file a complaint under the [Discrimination Complaint Procedures for Students](#).

2. The determination generated from the Discrimination Complaint Procedure is final.

## **VII. General Disability Documentation Guidelines**

### Physical Disabilities

Maricopa County Community College District, Disability Resources and Services will accept current diagnoses of physical disabilities that are based on appropriate diagnostic evaluations administered by trained and qualified (i.e., certified and/or licensed) professionals (e.g., medical doctors, ophthalmologists, psychologists, neuropsychologists, audiologists).

### Learning Disabilities

Maricopa County Community College District, Disability Resources and Services will accept diagnoses of specific learning disabilities that are based on comprehensive, age-appropriate, psychoeducational evaluations that demonstrate current functional limitations of the disability.

The assessment must be administered by a trained and qualified (i.e., certified and/or licensed) professional (e.g., psychologist, school psychologist, neuropsychologist, educational diagnostician) who has had direct experience with adolescents and adults with learning disabilities, including all battery scores in addition to evaluative notes.

### Attention Deficit Hyperactivity Disorder (ADHD)/Attention Deficit Disorder (ADD)

Maricopa County Community College District, Disability Resources and Services will accept current diagnoses of ADHD that are based on age-appropriate, diagnostic evaluations, administered by trained and qualified (i.e., certified or licensed) professionals (e.g., psychiatrists, psychologists, or neuropsychologists). Submitted documentation must demonstrate current functional limitations of the disability.

### Psychiatric Disabilities

Maricopa County Community College District, Disability Resources and Services will accept current diagnoses of psychiatric disabilities that are based on comprehensive and appropriate diagnostic evaluations completed by trained and qualified (i.e., licensed or certified) professionals (e.g., psychologists, psychiatrists, neuropsychologists, school psychologists).

Submitted documentation must demonstrate current functional limitations of the disability.

## **VIII. Additional Documentation Guidelines and Resources**

The Maricopa County Community College District, Disability Resources and Services can provide a “disability verification form” that can be completed by a trained and qualified professional, or the professional may choose to submit a letter. The letter must be on letterhead, with date and signature (including license number, if applicable), and must include the following:

1. a diagnostic statement identifying the disability (including the date of the diagnosis)
2. current severity/impact of the disability (mild/moderate/severe)
3. an assessment of major life activities that are impacted by the disability (e.g., learning, concentration, class attendance, social interactions, reading, walking, etc.) and
4. specific recommendations for accommodations. The DRS office alone is responsible for evaluating documentation and determining eligibility and reasonable academic adjustments/accommodations.

### **2.8.2 Eligibility of Students Taking Reduced Course Loads**

Although any student may register for fewer than twelve credit hours, a student with a disability may request a reduced academic load as a reasonable and appropriate accommodation. A college Disability Resource Services (DRS) professional may certify that a student who is afforded a reduced academic load as an accommodation for a disability shall nevertheless be deemed a full-time student. Such certification shall be solely to enable the student to seek eligibility for health insurance benefits and to seek eligibility to comply with mandates of the National Junior College Athletic Association. The college DRS professional will certify that a student may be deemed a full-time student as provided under this regulation only on a semester-by-semester basis.

The appropriate college offices will receive documentation of the DRS professional's certification from the professional or the student. An incoming student may apply for such certification upon acceptance to the college. Requests for certification must be made prior to the beginning of each semester. Every attempt will be made to accommodate these requests.

The following criteria also apply:

1. Students taking a reduced course load must register for at least 6 credit hours (based on DRS approval) during the regular fall and spring semesters. It is recommended that students register for at least three (3) credit hours during the summer to offset the impact of academic eligibility.
2. Students taking a reduced course load must maintain satisfactory academic progress standards as defined by the College catalog.
3. The reduced credit load may result in an adjusted financial aid package. There may be additional ramifications including, but not limited to, extra time to complete college, insurance coverage, Vocational Rehabilitation funding, etc.
4. Eligibility for Federal Stafford Loans may be reduced according to the total number of credit hours taken in the full academic year. A student, taking a reduced course load, must be at least half time in a semester (6 credits) in order to receive a Stafford Loan.
5. The amount of Federal Financial Aid (Title IV) awarded is based on the actual number of credit hours taken.
6. Requirements for continuation of funding through Vocational Rehabilitation may differ. The student must contact his/her VR counselor to determine how a reduced course load will impact their funding.
7. The National Junior College Athletic Association (NJCAA) has published standards in regard to the designation of Certified Disabled Student-Athlete in Article V Section J of the NJCAA bylaws. This procedure addresses the NJCAA criteria for reduced course loads.

#### **Application Process**

1. Applications for reduced course loads must be submitted to the Disability & Services professional with supporting documentation. Requests must be made prior to the beginning of each semester.
2. Supporting documentation must include a diagnostic evaluation from an appropriate professional. The documentation must meet the guidelines set forth by the Maricopa Community College District's Documentation Policy in order to evaluate the current impact of the disability in regards to the request. Students are required to complete an application form for this status every semester, but do not need to re-submit their documentation.

Continuation of this status is not automatic. Each case will be re-evaluated at the end of the semester to determine if this accommodation is still appropriate.

3. Students requesting a reduced course load should consult with their academic advisor regarding the consequences of this status for making progress toward graduation requirements and eligibility for various academic distinctions and designations.
4. Students registered in occupational and/or academic programs that have specific block formats will not be considered for reduced course loads.
5. Students who are approved for a reduced course load will be required to sign the Reduced Course Load Approval Form (see [Appendix S-10](#)), which includes a statement acknowledging that he or she has reviewed the consequences that go with reduced load status and accepts them.
6. When a reduced course load status is granted by the Disability Resources & Services professional, a copy of the Reduced Course Load Approval Form will be sent to the appropriate individuals.

### 2.3.11 Academic Misconduct

#### 1. Definitions

- A. Academic Misconduct - includes any conduct associated with the classroom, laboratory, or clinical learning process that is inconsistent with the published course competencies/objectives and/or academic standards for the course, program, department, or institution. Examples of academic misconduct include, but are not limited to: (a) cheating and plagiarism (including any assistance or collusion in such activities, or requests or offers to do so); (b) excessive absences; (c) use of abusive or profane language; and (d) disruptive behavior.
- B. Cheating is any form of dishonesty in an academic exercise. It includes, but is not limited to, (a) use of any unauthorized assistance in taking quizzes, tests, examinations, or any other form of assessment whether or not the items are graded; (b) dependence upon the aid of sources beyond those authorized by the faculty member in writing papers, preparing reports, solving problems, or carrying out other assignments; (c) the acquisition, without permission, of tests or other academic material belonging to or administered by the college or a member of the college faculty or staff; and (d) fabrication of data, facts, or information.
- C. Plagiarism is a form of cheating in which a student falsely represents another person's work as his or her own – it includes, but is not limited to: (a) the use of paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgment; (b) unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials; and (c) information gathered from the internet and not properly identified.

#### 2. Academic Consequences

Any student found by a faculty member to have committed academic misconduct may be subject to the following academic consequences, based on the faculty member's judgment of the student's academic performance

Warning - A notice in writing to the student that the student has violated the academic standards as defined in 1.A.

Grade Adjustment - Lowering of a grade on a test, assignment, or course.

Discretionary assignments - Additional academic assignments determined by the faculty member.

Course Failure - Failure of a student from a course where academic misconduct occurs.

#### 3. Disciplinary Sanctions

If the misconduct is sufficiently serious to warrant course failure, and if either (a) the failure results in a student being removed from an instructional program or (b) the student refuses to accept responsibility for the misconduct and its academic consequences, the faculty member will, in addition to awarding the course grade, consult the department chair and the vice president of academic affairs as to whether institutional sanctions set forth below should be sought under AR 2.5. Regardless whether the student has accepted responsibility for academic consequences, in all cases of academic misconduct the faculty member may make recommendations

for sanctions and may file a written complaint of misconduct. The vice president of academic affairs will serve as the student conduct administrator in all academic misconduct cases, and will follow the procedure established in AR 2.5.2 to evaluate whether disciplinary sanctions are warranted. College probation, suspension, or expulsion will be imposed only by the vice president of academic affairs or designee, and only after the student has received the procedural rights provided in AR 2.5.2.

Disciplinary Probation - Disciplinary probation is for a designated period of time and includes the probability of more severe sanctions if the student commits additional acts of academic misconduct.

College Suspension - Separation of the student from the college for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified. (A suspension from one Maricopa Community College will apply to all other colleges/centers in the District.)

College Expulsion - Permanent separation of the student from the college. (Expulsion from one Maricopa Community College will apply to all colleges/centers in the District.)

#### **4. Appeal of Sanctions for Academic Misconduct**

Students can appeal academic consequences by following the instructional grievance procedure (AR 2.3.5; [Appendix S-6](#)). Students may appeal disciplinary sanctions as provided in AR 2.5.2. If the student appeals through both processes, the instructional grievance process will be suspended until a final decision is reached in the student discipline procedure. In all cases in which financial aid has been adversely affected by academic consequences or disciplinary sanctions that are the subject of ongoing hearing or appeal proceedings, the student may appeal the financial aid determination on the grounds that a final decision has not been made. In such an event, a final decision on financial aid will not be made until after the final decision on consequences and/or sanctions.

**Amended through Direct Approval from the Chancellor and Executive Vice Chancellor & Provost on August 7, 2013**

## **DISCIPLINARY STANDARDS**

### **2.5.1 Disciplinary Standards**

#### **1. Disciplinary Probation and Suspension**

According to the laws of the State of Arizona, jurisdiction and control over the Maricopa County Community College District (MCCCD) are vested in the MCCCD Governing Board. The MCCCD Governing Board and its agents-the Chancellor, administration, and employees are granted broad legal authority to regulate student life subject to basic standards of reasonableness.

In developing responsible student conduct, the MCCCD prefers mediation, guidance, admonition and example. However, when these means fail to resolve problems of student conduct and responsibility, appropriate disciplinary procedures will be followed. The MCCCD reserves the right to levy discipline rather than attempt mediation and guidance, based on the severity of the conduct.

Misconduct for which students are subject to disciplinary action falls into the general areas of:

- A. Cheating on an examination, assessment tests, laboratory work, written work (plagiarism), falsifying, forging or altering college records
- B. Actions or verbal statements which threaten the personal safety of any faculty, staff, students, or others lawfully assembled on the campus, or any conduct which is harmful, obstructive, disruptive to, or interferes with the educational process or institutional functions
- C. Violation of Arizona statutes, and/or college regulations and policies
- D. Use of college computer resources such as the Internet in violation of [Technology Resource Standards](#) (AR 4.4) which may result in notification of law enforcement authorities

#### **2. Disciplinary Removal from Class**

A faculty member may remove a student from class meetings for disciplinary reasons. If an instructor removes a student for more than one (1) class meeting, the faculty member shall notify the department/division chair and the appropriate vice president, or designee, in writing of the problem, action taken by the faculty member, and the faculty member's recommendation moving forward. If a resolution to the problem is not reached between the faculty member and the student, the student may be removed permanently pursuant to due process procedures.

**AMENDED by Direct Approval from the Chancellor, August 11, 2020**

### 2.5.2 Student Conduct Code

The purpose of this Code is to help ensure a healthy, comfortable and educationally productive environment for students, employees and visitors.

#### Article I: Definitions

The following are definitions of terms or phrases contained within this Code:

1. "**Appellate boards**" means any person or persons authorized by the college president to consider an appeal from a Student Conduct Board's determination that a student has violated MCCCDC's Student Conduct Code or from the sanctions imposed by the Student Conduct Administrator. The college president, or designee, may act as the appellate board.
2. "**College**" means a Maricopa County Community College or Center/ Site.
3. "**College premises**" means all land, buildings, facilities and other property in the possession of or owned, used or substantially controlled by the college or MCCCDC.
4. "**College official**" means any person employed by the college or MCCCDC, performing assigned administrative or professional responsibilities pursuant to this Student Conduct Code. The college president shall designate the college or center official to be responsible for the administration of the Student Conduct Code.
5. "**Complainant**" means any person who submits a charge alleging that a student violated this Student Conduct Code. When a student believes that they have been a victim of another student's misconduct, the student who believes they have been a victim will have the same rights under this Student Conduct Code as are provided to the complainant, even if another member of the college community submitted the charge itself.
6. "**Day**" means calendar business day when college is in session, and shall exclude weekends and holidays.
7. "**Disruptive behavior**" means conduct that materially and substantially interferes with or obstructs the teaching or learning process in the context of a classroom or educational setting/facility.
8. "**District**" means the Maricopa County Community College District (MCCCDC).
9. "**Faculty member**" means any person hired by the college or District to conduct classroom or teaching activities or who is otherwise considered by the college to be a member of faculty.
10. "**May**" is used in the permissive sense.
11. "**Member of the college community**" means any person who is a student, faculty member, college official or any other person employed by the college or Center. A person's status in a particular situation shall be determined by the College President.
12. "**Organization**" means any number of persons who have complied with the formal requirements for college recognition.
13. "**Policy**" is defined as the written regulations of the college and/or District as found in, but not limited to, this Student Conduct Code and Governing Board policy.
14. "**Respondent**" (accused) means any student accused of violating MCCCDC's Student Conduct Code.
15. "**Shall**" is used in the imperative sense.
16. "**Student**" means any individual who is registered or enrolled for credit or non-credit bearing coursework, full or part-time, camps, and other District-sponsored programs or activities, and who maintains an ongoing relationship with the MCCCDC, which means the student is on an approved leave (medical, administrative, or other documented leave of absence), but is not registered or taking classes at the time of the complaint being filed.
17. "**Student Conduct Administrator**" means a college official authorized on a case-by-case basis by the college official responsible for administration of the Student Conduct Code to impose sanctions upon students found to have violated this Student Conduct Code. A Student Conduct Administrator may serve simultaneously as a Student Conduct Administrator and the sole member or one of the members of a Student Conduct Board. The college official

responsible for administration of the Student Conduct Code may authorize the same Student Conduct Administrator to impose sanctions in all cases.

18. **"Student Conduct Board"** means any person or persons authorized by the college president to determine whether a student has violated this Student Conduct Code and to recommend sanctions that may be imposed when a violation has been committed. A Student Conduct Board may constitute one person, if designated as such.
19. **"Threatening behavior"** means any written or oral statement, communication, conduct or gesture directed toward any member of the college community, which causes a reasonable apprehension of physical harm to self, others or property. It does not matter whether the person communicating the threat has the ability to carry it out, or whether the threat is made on a present, conditional or future basis.

## **Article II: Judicial Authority**

1. The college official responsible for administration of the Student Conduct Code shall determine the composition of the Student Conduct Board and determine which Student Conduct Administrator, Student Conduct Board, and appellate board shall be authorized to hear each case. A Student Conduct Board may constitute one person, if designated as such.
2. The college official responsible for administration of the Student Conduct Code shall develop procedures for the administration of the judicial program and rules for the conduct of hearings that are consistent with provisions of this Student Conduct Code.
3. Decisions made by a Student Conduct Board and/or Student Conduct Administrator shall be final, pending the normal appeal process.
4. Matters pertaining to sexual harassment/misconduct that do not meet the definition of sexual harassment as outlined in Administrative Regulation 5.1.16 or otherwise do not meet the definition of an educational program or activity and do not occur against a person within the United States will be referred by the Title IX Coordinator to the College's respective Student Conduct Administrator for investigation and adjudication under the Student Conduct Code.

## **Article III: Prohibited Conduct**

### **1. Jurisdiction of the College**

The Student Conduct Code shall apply to conduct that occurs on any college or District premises, or at any college- or District-sponsored activities that adversely affects the college community and/or the pursuit of its objectives. Jurisdiction under this policy applies to students who are registered or enrolled for credit or non-credit bearing coursework, full or part-time, camps, and other District-sponsored programs or activities, and those who maintain an ongoing relationship with the MCCCCD, which means the student is on an approved leave (medical, administrative, or other documented leave of absence), but is not registered or taking classes at the time of the complaint being filed. The Student Conduct Code shall apply to a student's conduct even if the student withdraws from school while a disciplinary matter is pending.

### **2. Title IX Sexual Harassment.**

Matters pertaining to sexual harassment/misconduct that do not meet the definition of sexual harassment as outlined in Administrative Regulation 5.1.16 or otherwise do not meet the definition of an educational program or activity and do not occur against a person within the United States will be referred by the Title IX Coordinator to the College's respective Student Conduct Administrator for investigation and adjudication under the Student Conduct Code.

### **3. Temporary Removal of Student**

Disruptive behavior includes conduct that distracts or intimidates others in a manner that interferes with instructional activities, fails to adhere to a faculty member's appropriate classroom rules or instructions, or interferes with the normal operations of the college. Students who engage in disruptive behavior or threatening behavior may be directed by the faculty member to leave the classroom or by the college official responsible for administration of the Student Conduct Code to leave the college premises. If the student refuses to leave after being requested to do so, college police may be summoned to provide assistance. For involuntary removal from more than one class period, the faculty member should invoke the procedures outlined in 2.5.1(2) above.

### **4. Conduct - Rules and Regulations**

Any student found to have committed the following misconduct is subject to the disciplinary sanctions outlined in Article IV:

- A. Acts of dishonesty, including but not limited to the following:
  - i. Knowingly furnishing false information to any college official or officer, including during an official investigation (i.e., Title IX, conduct, or campus police investigation).
  - ii. Forgery, alteration or misuse of any college document, record or instrument of identification, even if there is no reliance on the forged or altered document in the posting of grades or other academic/financial benefit.
  - iii. Tampering with the election of any college-recognized student organization.
- B. Obstruction of teaching, research, administration, disciplinary proceedings or other college activities, including its public service functions on campus, in clinical settings or other authorized non-college activities, when the conduct occurs on college premises a faculty member may remove a student from a class meeting for disciplinary reasons. If a faculty member removes a student for more than one class period, the faculty member shall follow the procedures as outlined in 2.5.1(2) above.
- C. Physical abuse, verbal abuse, threats, intimidation, harassment, coercion, conduct which threatens or endangers the health or safety of any person, and/or disruptive behavior.
- D. Attempted or actual theft of and/or damage to property of the college or property of a member of the college community or other personal or public property.
- E. Failure to comply with direction of college officials or law enforcement officers in the performance of their duties and/or failure to properly identify oneself to these persons when requested to do so.
- F. Unauthorized possession, duplication or use of keys to any college premises, or unauthorized entry to or use of college premises.
- G. Violation of any college or District policy, rule or regulation published in hard copy or online, such as a college catalog, handbook, etc. or available electronically on the college's or District's website.
- H. Violation of federal, state or local law.
- I. Use, possession, manufacturing or distribution of illegal or other controlled substances except as expressly permitted by law.
- J. Illegal use, possession, manufacturing or distribution of alcoholic beverages or public intoxication.
- K. Illegal or unauthorized possession of firearms, explosives, other weapons, or dangerous chemicals on college premises, or use of any such item, even if legally possessed, in a manner that harms, threatens, or causes fear to others, or property damage.
- L. Participation in a demonstration, riot or activity that disrupts the normal operations of the college and infringes on the rights of other members of the college community; leading or inciting others to disrupt scheduled and/or normal activities within any college building or area.
- M. Obstruction of the free flow of pedestrian or vehicular traffic on college premises or at college-sponsored or supervised functions.
- N. Conduct that is disorderly, lewd or indecent; breach of the peace; or aiding, abetting or procuring another person to breach the peace on college premises or at functions sponsored by or participated in by the college or members of the academic community. Disorderly conduct includes but is not limited to: any unauthorized use of electronic or other devices or to make an audio or video record of any person while on college or District premises without their prior knowledge, or without their effective consent or when such a recording is likely to cause injury or distress. This includes, but is not limited to, secretly taking pictures of another person in a gym, locker room, or restroom.
- O. Attempted or actual theft or other abuse of technology facilities or resources, including but not limited to:
  - i. Unauthorized entry into a file, to use, read or change the contents or for any other purpose
  - ii. Unauthorized transfer of a file
  - iii. Unauthorized use of another individual's identification and/or password
  - iv. Use of technology facilities or resources to interfere with the work of another student, faculty member or college official
  - v. Use of technology facilities or resources to send obscene or abusive messages
  - vi. Use of technology facilities or resources to interfere with normal operation of the college technology system or network
  - vii. Use of technology facilities or resources in violation of copyright laws

- viii. Any violation of the District's technology resource standards
- ix. Use of technology facilities or resources to illegally download files
- P. Abuse of the Student Conduct system, including but not limited to:
  - i. Falsification, distortion or misrepresentation of information before a Student Conduct Board.
  - ii. Disruption or interference with the orderly conduct of a Student Conduct Board proceeding.
  - iii. Invoking a Student Conduct Code proceeding with malicious intent or under false pretenses
  - iv. Attempting to discourage an individual's proper participation in, or use of, the Student Conduct system
  - v. Attempting to influence the impartiality of the member of a judicial body prior to, and/or during the course of, the Student Conduct Board proceeding
  - vi. Harassment, either verbal or physical, and/or intimidation of a member of a Student Conduct Board prior to, during and/or after a Student Conduct Board proceeding
  - vii. Failure to comply with the sanctions imposed under this Student Conduct Code
  - viii. Influence or attempting to influence another person to commit an abuse of the Student Conduct Code system
  - ix. Failure to obey the notice from a Student Conduct Board or college official to appear for a meeting or hearing as part of the Student Conduct system.
- Q. Engaging in irresponsible social media conduct. All student conduct policies apply to social networking platforms.
- R. Attempt to bribe a college or District employee.
- S. Stalking behavior, which occurs if a student intentionally or knowingly maintains visual or physical proximity toward another person on two or more occasions over a period of time and such conduct would cause a reasonable person to fear for their safety.
- T. Sexual misconduct, including but not limited to:
  - i. The use or display in the classroom, including electronic, of pornographic or sexually harassing materials such as posters, photos, cartoons or graffiti without pedagogical justification.
  - ii. Explicit sexual comments by one or more students about another student, or circulating drawings or other images depicting a student in a sexual manner.
  - iii. Unwelcome sexual advances, repeated propositions or requests for a sexual relationship to an individual who has previously indicated that such conduct is unwelcome, or sexual gestures, noises, remarks, jokes, questions, or comments by a student about another student's sexuality or sexual experience.
  - iv. Harassment based on sex, pregnancy, gender identity, gender expression, or sexual orientation that creates a hostile environment. A hostile environment exists when the conduct is sufficiently severe, persistent, or pervasive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefitting from the District's education programs and/or activities. The existence of a hostile environment is to be judged both objectively (meaning a reasonable person would find the environment hostile) and subjectively (meaning the impacted individual felt the environment was hostile).
  - v. Sexual Exploitation
    - a. Taking non-consensual or abusive sexual advantage of another for anyone's advantage or benefit other than the person being exploited. Examples of behavior that could rise to the level of Sexual Exploitation include:
      1. Recruiting, harboring, transporting, providing, or obtaining another person for the purpose of sexual exploitation;
      2. Non-consensual visual (e.g., video, photograph) or audio-recording of sexual activity;
      3. Non-consensual distribution of photos, other images, or information of an individual's sexual activity, intimate body parts, or nakedness, with the intent to or having the effect of embarrassing an individual who is the subject of such images or information;
      4. Going beyond the bounds of consent (such as letting your friends hide in the closet to watch you having consensual sex);
      5. Engaging in non-consensual voyeurism;
      6. Knowingly transmitting an STI (sexually transmitted infection), such as HIV, to another without disclosing one's STI status;
      7. Exposing one's genitals in non-consensual circumstances, or inducing another to expose their genitals;

8. Possessing, distributing, viewing or forcing others to view obscenity.

## **5. Violation of Law and College Discipline**

- A. Disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both the criminal law and this Student Conduct Code (that is, if both possible violations result from the same factual situation) without regard to pending of civil or criminal litigation. If a criminal investigation and/or prosecution results from the same factual situation, proceedings under this Student Conduct Code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the college official responsible for administration of the Student Conduct Code. Determinations made or sanctions imposed under this Student Conduct Code shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of college rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.
- B. When a student is charged by federal, state or local authorities with a violation of law, the college will not request or agree to special consideration for that individual because of their status as a student. If the alleged offense is also being processed under this Student Conduct Code, however, the college may advise off campus authorities of the existence of this Student Conduct Code and of how such matters will be handled internally within the college community. The college will cooperate fully with the law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students and faculty members, acting within their personal capacities, remain free to interact with governmental representatives, as they deem appropriate.

## **Article IV: Student Conduct Code Procedures**

### **1. Charges and Student Conduct Board Hearings**

- A. Any member of the college community may file charges against a student for violations of this Student Conduct Code. A charge shall be prepared in writing and directed to the Student Conduct Administrator. Any charge should be submitted as soon as possible after the event takes place, preferably within thirty (30) days following the incident.
- B. Both the Complainant and the Respondent (the accused) shall have the right to be assisted by an Advisor of their choosing. A party who elects to be assisted by an Advisor must notify the Student Conduct Administrator of the name and contact information of the Advisor not less than two (2) days before the scheduled hearing. The Advisor must be a member of the college community and may not be an attorney. Both the Complainant and the Respondent (accused) are responsible for presenting their own information. Therefore, Advisors are not permitted to speak or participate directly in any Student Conduct Board hearing before a Student Conduct Board.
- C. Misconduct that would fall under the jurisdiction of 5.1.16, meaning it alleges sexual harassment, discrimination, sexual assault, dating/domestic violence, or stalking should be forwarded to the Title IX Coordinator for a jurisdictional review. In such cases where the conduct alleged does not meet the definition of sexual harassment, as outlined in the Title IX Regulations (and MCCCCD policy 5.1.16) or is otherwise subject to mandatory or discretionary dismissal, the alleged conduct will be referred back to the Student Conduct Code for investigation and adjudication.
- D. The Student Conduct Administrator shall conduct a prompt, thorough, and impartial investigation to determine if the charges have merit. After the investigation, but prior to the convening of a Student Conduct Board Hearing, the Student Conduct Administrator will determine whether the parties mutually agree to dispose of the matter in a way that is acceptable to the Student Conduct Administrator. If there is mutual consent to resolve the matter, such disposition shall be final and there shall be no appeal afforded either party. If the charges cannot be disposed of by mutual consent, the Student Conduct Administrator will convene the Student Conduct Board. If the student admits violating institutional rules, but sanctions are not agreed to, the hearing shall be limited to determining the appropriate sanction(s).
- E. All charges shall be presented to the accused student in written form. The Student Conduct Administrator will provide written notice of the time, date, and location of the student conduct hearing. The notice will describe the evidence of alleged misconduct, the code provisions violated, and the possible sanctions. The student conduct hearing notice, plus a copy of this code, shall be provided to the student accused of misconduct no less than five (5) workdays before the hearing date. The hearing will be held no more than fifteen (15) workdays after

the student has been notified unless the Student Conduct Administrator extends the deadline for good cause in their sole discretion.

- F. Hearings shall be conducted by a Student Conduct Board according to the following guidelines, except as provided by Article IV 1.I below:
- i. Student Conduct Board hearings normally shall be conducted in private.
  - ii. The Complainant, Respondent (accused), and their Advisors, if any, shall be allowed to attend the entire portion of the Student Conduct Board hearing at which information is received (excluding deliberations). Admission of any person (beyond the Parties and their Advisors) to the hearing shall be at the discretion of the Student Conduct Board and/or its Student Conduct Administrator.
  - iii. In Student Conduct Board hearings involving more than one accused student, the Student Conduct Administrator, in their discretion, may permit the Student Conduct Board hearing concerning each student to be conducted either separately or jointly.
  - iv. The Complainant, Respondent (accused), and the Student Conduct Board may arrange for witnesses to present pertinent information to the Student Conduct Board. The Student Conduct Administrator will try to arrange the attendance of possible witnesses who are members of the college community, if reasonably possible, and who are identified by the Complainant and/or the Respondent (accused) at least two (2) days prior to the Student Conduct Board hearing. Witnesses will provide information to and answer questions from the Student Conduct Board. Questions may be suggested by the Respondent (accused) and/or Complainant to be answered by each other or by other witnesses. This will be conducted by the Student Conduct Board with such questions directed to the Chair, rather than to the witness directly. This method is used to preserve the educational tone of the hearing and to avoid creation of an adversarial environment. Questions of whether potential information will be received shall be resolved at the discretion of the Chair of the Student Conduct Board.
  - v. The Student Conduct Administrator will present the information they received.
  - vi. Pertinent records, exhibits, and written statements may be accepted as information for consideration by a Student Conduct Board at the discretion of the Chair.
  - vii. All procedural questions are subject to the final decision of the Chair of the Student Conduct Board.
  - viii. After the portion of the Student Conduct Board hearing concludes in which all pertinent information has been received, the Student Conduct Board shall determine (by majority vote if the Student Conduct Board consists of more than one person) whether the accused student violated the section of this Student Conduct Code which the student is charged with violating.
  - ix. The Student Conduct Board's determination shall be made on the basis of whether it is more likely than not that the accused student violated this Student Conduct Code (preponderance of the evidence).
- G. There shall be a single verbatim record, such as a tape recording, of all Student Conduct Board hearings before a Student Conduct Board (not including deliberations). The record shall be the property of the District.
- H. No student may be found to have violated this Student Conduct Code simply because the student failed to appear before a Student Conduct Board. In all cases, the evidence and support of the charges shall be presented and considered.
- I. The Student Conduct Board may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the Complainant, Respondent (accused), and/or other witness during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement, or other means, where and as determined in the sole judgment of the college official responsible for administration of the Student Conduct Code.

## **2. Sanctions**

- A. The following sanctions may be imposed upon any student found to have violated the Student Conduct Code:
- i. Warning - a written notice to the student that the student is violating or has violated institutional rules or regulations.
  - ii. Probation - a written reprimand for violation of specified rules or regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to violate any institutional rules or regulation(s) during the probationary period.
  - iii. Loss of Privileges - denial of specified privileges for a designated period of time.

- iv. Restitution - compensation for loss, damage or injury. This may take the form of appropriate service and/or monetary or material replacement.
  - v. Discretionary Sanctions - work assignments, essays, service to the college, or other related discretionary assignments. (Such assignments must have the prior approval of the Student Conduct Administrator.)
  - vi. College Suspension - separation of the student from all the colleges in the District for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified. Suspension from one college means a suspension from all colleges in the District.
  - vii. College Expulsion - permanent separation of the student from all the colleges in the District.
- B. More than one of the sanctions listed above may be imposed for any single violation.
- C. Disciplinary sanctions are part of a student's educational record. Cases involving the imposition of sanctions other than suspension or expulsion shall be expunged from the student's confidential record seven (7) years after final disposition of the case. In situations involving both a Respondent student(s) (or group or organization) and a student(s) Complainant, the records of the process and of the sanctions imposed, if any, shall be considered to be the education records of both the Respondent (accused(s)) and the Complainant(s).
- D. The following sanctions may be imposed upon groups or organizations:
- i. Those sanctions listed above in Article IV 2. A. 1 through 4.
  - ii. Loss of selected rights and privileges for a specified period of time.
  - iii. Deactivation - loss of all privileges, including college recognition for a designated period of time.
- E. In each case in which a Student Conduct Board determines that a student and/or group or organization has violated the Student Conduct Code, the sanction(s) shall be determined and imposed by the Student Conduct Administrator. In cases in which persons other than, or in addition to, the Student Conduct Administrator have been authorized to serve as the Student Conduct Board, the recommendation of the Student Conduct Board shall be considered by the Student Conduct Administrator in determining and imposing sanctions. The Student Conduct Administrator is not limited to sanctions recommended by members of the Student Conduct Board. Following the Student Conduct Board hearing, the Student Conduct Board and the Student Conduct Administrator shall advise the accused student, group and/or organization (and a complaining student who believes they were the victim of another student's conduct) in writing of its determination and of the sanction(s) imposed, if any.

### **3. Emergency Suspension**

If a student's actions pose an immediate threat or danger to any member of the college community or the educational processes, a college official responsible for administering the Student Conduct Code may immediately suspend or alter the rights of a student pending the outcome of the investigation and the Student Conduct Board hearing. Scheduling the hearing shall not preclude resolution of the matter through mediation or any other dispute resolution process as long as such resolution occurs before the Student Conduct Board hearing commences. The decision will be based on whether the continued presence of the student on the college campus reasonably poses a threat to the physical or emotional condition and well-being of any individual, including the student, or for reasons relating to the safety and welfare of any college property, or any college function. When an emergency suspension is imposed, the Student Conduct Administrator will seek to resolve the complaint at the earliest possible date. This suspension is not a sanction, but an effort to protect people and property and prevent disruption of college operations.

In imposing an emergency suspension, the college official responsible for administration of the Student Conduct Code may direct that the student immediately leave the college premises and may further direct the student not to return until contacted by that official. An accused student shall be in violation of this policy regardless of whether the person who is the object of the threat observes or receives it, as long as a reasonable person would interpret the communication, conduct or gesture as a serious expression of intent to harm.

### **4. Administrative Hold**

The Student Conduct Administrator may place a temporary administrative hold preventing an accused student's registration, transcript release, or graduation if it is necessary to secure the student's cooperation in the investigation or compliance with a direction. This hold is not a sanction but a necessary step to resolve the complaint promptly.

### **5. Academic Consequences**

Violations of the student conduct code can have academic consequences if the violation also constitutes failure to meet standards of performance or professionalism set by the instructor or the program, or if it constitutes cheating, plagiarism, falsification of data, or other forms of academic dishonesty. The instructor may award a failing grade for the assignment or the course in such cases, and the program faculty may decide that the student is ineligible to continue in the program. Academic consequences are determined by the faculty and academic administration, and are not dependent on the decisions of the Student Conduct Board, the Appeals Board, or the Student Conduct Administrator.

## **6. Appeals Regarding Student Code of Conduct**

- A. A decision reached by the Student Conduct Board judicial body or a sanction imposed by the Student Conduct Administrator may be appealed by accused students or complainants to an Appellate Board within five (5) days of receipt of the decision. Such appeals shall be in writing and shall be delivered to the Student Conduct Administrator.
- B. Except as required to explain on the basis of new information, an appeal shall be limited to the review of the verbatim record of the Student Conduct Board hearing and supporting documents for one or more of the following purposes:
  - i. To determine whether the Student Conduct Board hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complainant a reasonable opportunity to prepare and present information that the Student Conduct Code was violated, and giving the accused student a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.
  - ii. To consider new information, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original Student Conduct Board hearing.
- C. If an appeal is upheld by the Appellate Board, the matter shall be returned to the original Student Conduct Board and Student Conduct Administrator for reopening of the Student Conduct Board hearing to allow reconsideration of the original determination and/or sanction(s). If an appeal is not upheld, the matter shall be considered final and binding upon all concerned.

## **Article V: Interpretation and Revision**

Any question of interpretation regarding the Student Conduct Code shall be referred to the college official responsible for administration of the Student Conduct Code for final determination.

**AMENDED by Direct Approval from the Chancellor, August 11, 2020**

### **2.5.3 Student Records**

#### **1. Definitions**

For the purposes of this policy, the Maricopa County Community College District has used the following definition of terms.

- A. "College" includes all colleges, educational centers, skill centers and District office.
- B. "Educational Records" are any record (in handwriting, print, tapes, film, or other media) maintained by the college or an agent of the college which is directly related to a student, except:
  - i. A personal record kept by a staff member, if it is kept in the personal possession of the individual who made the record, and information contained in the record has never been revealed or made available to any other person except the maker's temporary substitute
  - ii. An employment record of an individual whose employment is not contingent on the fact that he or she is a student, provided the record is used only in relation to the individual's employment
  - iii. Records maintained by the colleges security unit, if the record is maintained solely for law enforcement purposes, is revealed only to law enforcement agencies of the same jurisdiction and the security unit does not have access to education records maintained by the community college.

- iv. Records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional, if the records are used *only* for treatment of a student or made available only to those persons providing treatment.
- v. Alumni records which contain information about a student after he or she is no longer an attendant of the community college and the records do not relate to the person as a student

## 2. Records Request

Official verification of educational records is issued by the Admissions and Records Office/Office of Student Enrollment Services.

## 3. Fees

If a copy(ies) of a portion or all of the records in a student's file is requested, the custodian of the records may charge a fee for copies made. However, the willingness or ability to pay the fee will not effectively prevent students from exercising their right to inspect and review (under supervision of a college employee) their records. A fee will not be charged to search for or to retrieve records. Standard fees for printing and duplication services will apply.

## 4. Annual Notification ([SEE ALSO FERPA EXPLANATION](#))

Students will be notified of their rights annually by electronic mail in a FERPA Annual Notification. Students rights may also be provided via the following means: FERPA Annual Notification placement on the college website, publication in the college catalog and/or the student handbook:

Individuals requesting admission or enrollment at any of the Maricopa County Community Colleges are asked to provide certain contact information that is collected and used for the purpose of responding to the request. The information collected may include your name, address, telephone number or email address. Maricopa county community colleges and/or its agents, including attorneys and/or collection agencies, may use this information to contact you through various means, including phone calls, text messages, e-mail and postal mail. Communication may include, but is not limited to, information regarding account balances, programs and services that MCCCDC offers.

## 5. Rights of Access to Educational Records

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (FERPA defines an "eligible student" as a student who has reached 18 years of age or is attending a postsecondary institution at any age). These rights include:

### **A. *The right to inspect and review the student's education records within 45 days after the day the college receives a request for access.***

1. Students should submit to the Admissions & Records Office/Enrollment Services written requests that identify the record(s) they wish to inspect. The form to do so may be found [HERE](#). The college official will make arrangements for access and notify the student of the time and place where the records may be inspected. if the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. There may be occasions when a record may not be copied, especially if doing so may compromise another student or faculty member's privacy. The college or district may deny access to the following records:
  - a. Parents' financial statements;
  - b. Letters of recommendation, if the student has waived his or her right of access;
  - c. Records filed before January 1, 1975; or
  - d. Records not included in the FERPA definition of educational records.
3. The Maricopa County Community College District and its associated colleges reserve the right to deny copies of records, including transcripts, in any of the following situations:
  - a. The student has an unpaid financial obligation to the college or District;
  - b. There is an unresolved disciplinary action against the student; or
  - c. The educational record requested is an exam or set of standardized test questions.

### **B. *The right to request the amendment of the student's education records that the student believes is inaccurate, or misleading.***

1. Students may ask the college to amend a record that they believe is inaccurate or misleading. They should write the college official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.
2. A proper request to correct a student education record must:
  - a. Be written to the College Registrar;
  - b. Clearly identify the part of the record they want to be changed; and
  - c. Specify why the record is inaccurate or misleading.
3. Any written request which does not include the required information will not be considered. The requestor will be notified in writing that their request was not properly submitted and they will receive directions on how to resubmit it.
4. If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing. The FERPA Appeal Process is also outlined in the student handbook and in [Appendix S-17](#) of the MCCC Administrative Regulations.

**C. *The right to provide written consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.***

1. With the exception of directory information and the various FERPA authorized disclosures without consent, the Maricopa County Community College District or its associated colleges must receive written consent from students before disclosing any personally identifiable information from educational records. The FERPA Release Of Information Consent MAY BE FOUND [HERE](#).

**CONDITIONS OF DISCLOSURE WITHOUT CONSENT**

FERPA permits the disclosure of personally identifiable information (PII) from students' education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA Regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student:

1. To other school officials, including instructors, administrators, supervisors, Governing Board members, academic or support staff, law enforcement and health staff, within the MCCC District whom the college or District has determined to have legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities. This includes contractors, attorneys, auditors, collection agents, consultants, volunteers, or other parties to whom the college has outsourced institutional services or functions, provided that the conditions listed in §99.31(A)(1)(I)(B)(1) – (A)(1)(I)(B)(2) are met. (§99.31(A) (1))
2. To officials of another school where the student seeks to or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(A) (2))
3. To authorized representatives of the US Comptroller General, the US Attorney General, and the US Secretary of Education, or State and Local Educational Authorities, such as a state postsecondary authority that is responsible for supervising the college's state supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of federal-or state-supported education programs, or for the enforcement of or compliance with federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement, or compliance activity on their behalf (§§99.31(A) (3) AND 99.35)
4. In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(A) (4))

5. To organizations conducting studies for, or on behalf of, the college, in order to: (A) Develop, Validate, or Administer Predictive Tests; (B) Administer student aid programs; or (C) Improve instruction (§99.31(A) (6))
6. To accrediting organizations to carry out their accrediting functions. (§99.31(A) (7))
7. To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(A) (8))
8. To comply with a judicial order or lawfully issued subpoena. (§99.31(A) (9))
9. To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(A) (10))
10. Information the college has designated as “Directory Information” under §99.37. (§99.31(A) (11))
11. To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of §99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(A) (13))
12. To the general public, the final results of a disciplinary proceeding, subject to the requirements of §99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the college’s rules or policies with respect to the allegation made against him or her. (§99.31(A) (14))
13. To parents of a student regarding the student’s violation of any federal, state, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(A) (15))

Students who believe that MCCCDC or an agent of the college has disclosed information contrary to the provisions outlined in this section may submit a grievance via the non-instructional complaint resolution process. The process is posted at: [S-8 Non-Instructional Complaint Resolution](#)

**D. The right to file a complaint with the US Department to Education concerning alleged failures by the college to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
 US Department of Education  
 400 Maryland Avenue SW  
 Washington, DC 20202-5920

- E. **2012 FERPA AMENDMENT:** As of January 3, 2012, the U.S. Department of Education’s FERPA Regulations expand the circumstances under which your education records and Personally Identifiable Information (PII) contained in such records—including social security number, grades, or other private information—may be accessed without student consent. For more information on this amendment, please see: [FERPA](#)  
[HTTPS://DISTRICT.MARICOPA.EDU/CONSUMER-INFORMATION/FAMILY-EDUCATIONAL-RIGHTS-PRIVACY-ACT-FERPA](https://DISTRICT.MARICOPA.EDU/CONSUMER-INFORMATION/FAMILY-EDUCATIONAL-RIGHTS-PRIVACY-ACT-FERPA)  
 A

**F. Student Directory Information**

1. A Maricopa County Community College may release directory information about any student who has not specifically requested the withholding of such information. Students who do not want directory information released may so indicate during the admissions process or notify the Admission & Records Office/Enrollment Services.

A. Students should consider very carefully the consequences of a decision to withhold directory information. A privacy block will call for the college or District to not release this directory information. Therefore, any future requests for such information from non-institutional persons or organizations will be refused.

2. Students may request their college to withhold the sharing of directory information by filing out a [Request To Withhold Directory Information](#) form and submitting that form to the college Admission & Records Office/Enrollment Services.
3. Directory information is considered public information. At any Maricopa County Community College, directory information is defined as a student's:

**A. Name**

- B. Address
- C. Phone Number
- D. MCCCDC Email Address
- E. Photograph/Electronic Image
- F. Place of Birth
- G. Major Field of Study
- H. Current Enrollment Status
- I. Participation in Officially Recognized Activities
- J. Dates of Attendance
- K. Degrees Awarded
- L. Awards and Academic Honors Received/Dean's List Selection
- M. Previous Institutions Attended
- N. Program and promotional materials on participants in various sports and similar public activities, including weight and height of athletic team members.

**G. Disclosure to Parents**

In accordance with federal law, college officials may disclose educational records to parents of a student who have established the student's status as a dependent according to the Internal Revenue Code of 1986, section 152, without the written consent of the student.

**RELEASE OF DIRECTORY (PUBLIC) INFORMATION**

At its discretion, the college or District may provide *Directory Information* in accordance with the provisions of FERPA. Types of information considered As *Directory Information* are listed below. additional information may be found at: [DISTRICT.MARICOPA.EDU](http://DISTRICT.MARICOPA.EDU) under Consumer Information.

**DIRECTORY (PUBLIC) INFORMATION AT MARICOPA COUNTY COMMUNITY COLLEGE DISTRICT AND ITS ASSOCIATED COLLEGES**

- Name
- Address
- Phone Number
- MCCCDC Email Address
- Photographs
- Electronic Images
- Date and Place of Birth
- Major Fields of Study
- Current Enrollment Status
- Participation in Officially Recognized Activities
- Dates of Attendance
- Degrees
- Awards and Academic Honors Received
- Dean's List Selection
- Previous Institutions Attended
- Program and promotional materials on participants in various sports and similar public activities, including weights and heights of athletic team members
- Directory Information is Considered Public Information.

**PRIVACY OF DIRECTORY (PUBLIC) INFORMATION**

***BLOCKING THE RELEASE OF DIRECTORY (PUBLIC) INFORMATION***

By default, a college or District may release a student's directory information. Students may prohibit

(or block) the public disclosure of directory information by completing a ***PRIVACY BLOCK*** form.

Students should consider *very carefully* the consequences of a decision to withhold directory information. A privacy block will call for the college or District to not release this *directory information*. Therefore, any future requests for such information from non-institutional persons or organizations will be refused.

Although the college or District will honor a student's request to withhold directory information, it cannot *assume responsibility* to contact the student for subsequent permission to release this information. Regardless of the effect upon the student, the college or District assumes no liability as a result of honoring a student's instructions to withhold such information.

#### **ADDITIONAL INFORMATION:**

- If a student blocks directory information, it still may be inspected by those MCCCCD officials authorized by law to inspect education records without consent.
- If a student chooses to block directory information, it cannot be released to friends, family, prospective employers, the news media, advisors, student activities, and honors societies.
- Some reasons for considering a privacy block on directory information include harassment or the advice of a legal or medical professional.
- If a student wishes to keep public data private but release information so it can be published in commencement programs and honors lists, contact the office of Admissions & Records/Enrollment Services at the appropriate college(s).

If a student wishes to remove the privacy block, he or she must rescind the previous block. The college and District cannot assume responsibility to contact students for subsequent permission to release this information. It is the sole responsibility of the student to initiate the release of blocked information.

#### **USING SOCIAL SECURITY NUMBERS**

Due to identity theft concerns and privacy issues, students will no longer be asked to provide a social security number as a personal identifier. Instead, students will be assigned a student id number upon enrollment that can be used to access education records, as needed.

**AMENDED through the Administrative Regulations Approval Process, June 4, 2019**

[Appendix S-17: FERPA Appeal Process](#)

## **FERPA APPEAL PROCESS**

In instances where the college decides not to amend an education record as requested by the student, the college will notify the student of the decision and advise him/her of the right to an appeal hearing according to the following process:

- The student must have first presented the issue in writing to the college's Admissions/Enrollment Office or designee identifying the records that he/she wishes to have amended and provided any supporting documentation. Note: With the exception of clerical errors, requests that are expressly related to grade disputes are not subject to this process and must be vetted through the Instructional Grievance Process.

- If the request to change the record was deemed unsubstantiated by the college designee and the institution was able to demonstrate that the record was accurate, the student will be informed of the right to a formal appeal hearing.
- Students must request a formal hearing within 10 business days from the date they are informed of the right to an appeal hearing.
- The request for a formal hearing must be in writing and delivered to the [Dean of Admissions/Enrollment Services, Vice President of Student Affairs] or designee.
- The college official who receives the formal hearing request will either review the case personally or designate a hearing committee if the issue involves a matter not clearly established by current policy or administrative regulation.
- A written decision will be delivered to all parties summarizing the evidence and stating the reason(s) for the decision. If the decision is in favor of the student, the education record will be amended. If the decision is for the record to remain the same, the student may place a statement commenting on or disagreeing with the decision in the education record.

## **STUDENT HANDBOOK**

### **2.5.4 Student Employment**

#### **1. District Student Employees**

##### **A. Introduction**

Students may be employed by the college as student help. District regulations require that students be hired in essential jobs and that they be properly trained and supervised.

##### **B. Philosophy and Workload for Student Employees**

- i. It shall be the philosophy of Maricopa Community College District that a student may work to augment college and living expenses, however, the scholastic endeavor should be foremost. Sufficient time should be allotted for classroom attendance, homework, out-of-class study and participation in activities.
- ii. A workload of twenty (20) hours per week should be established as the maximum number of hours a student employee may work on campus. All student employees shall be enrolled in a minimum of three (3) semester credit hours. Any combination of day and evening hours would meet this requirement. Any student employee having special reasons to work over 20 hours per week or having dropped below three (3) credit hours should request his/her immediate supervisor to obtain approval from the College president or his/her designee.
- iii. During the summer sessions, students may be eligible for employment if they were enrolled for a minimum of three (3) semester credit hours at the end of the spring semester, or if they have been accepted for admission for the fall semester. Exceptions to the three (3) semester credit hours may be made by the president or his/her designee. Summer shall be designated as the time from the official end of the spring semester to the beginning of classes for the fall semester.

##### **C. Student Employee Benefits**

As student employees, there are no entitlements to employee benefits; i.e., vacation, retirement, sick leave, health and life, or disability insurance. Students will, however, be covered under Worker's Compensation Insurance.

##### **D. Student Employment Records**

Student employee records will be maintained at the Financial Aid office, the office of the fiscal agent or the Career/Placement Office and will be reviewed periodically by the Vice President of Students Affairs.

E. Student Compensation

The hourly rate of pay for student employees shall coincide with the policies of the District Salary Schedule.

F. Employee Contracts and Forms (See [Appendix FM-3](#))

Student Employee Grievance Procedure

G. Part-time student employees working for one of the Maricopa Community Colleges may wish to file a grievance relating to certain working conditions or violation of student employment regulation. Please refer to the Non-Instructional Complaint Resolution Process ([AR 2.3.12](#))

## 2. Student Security Guards

A. Introduction and Philosophy

Students may be employed by the college as student help. If student guards do not come from the ranks of Administration of Justice classes, they must undergo appropriate training to qualify them as student guards. This training program is outlined in the regulation.

B. Workload of Student Security Guards

i. Student security guards shall be enrolled for a minimum of three (3) semester hours.

ii. Student security guards shall be limited to 20 hours per week when the workweek starts at 7:00 a.m. on Monday and concludes at 11:00 p.m. on Friday. Additional hours may be worked if guards are assigned special duty at games or activities held on campus during the weekend, or if guards are assigned a shift on Saturday and Sunday, between 7:00 a.m. and 11:00 p.m.

C. Students not in Administration of Justice Program

i. Use of student other than those in Administration of Justice Program:

1. Selection of the student must be personally approved by the vice president of students affairs and chief of security.
2. Selection of a student should not extend beyond one semester without the approval of the vice president of students affairs.
3. Selected student must undergo a special training program directed by the chief of security and approved by the vice president of student affairs.

ii. Recommended program for students other than those in Administration of Justice programs: Students employed by campus security who are not majors in the Administration of Justice program should be given at least twenty (20) hours of training with pay before being allowed to function independently as a campus security guard. This training should include, but not be limited to instruction in:

1. Wearing of the uniform, general appearance, and demeanor
2. The use of the various security report forms and how to properly complete them to provide requested information; General report writing methods
3. Public relations methods used on the campus
4. Crime prevention methods used on the campus; Patrol methods used in buildings and grounds.
5. Basic techniques for interviewing students, faculty and visitors relative to the incidents
6. Laws and regulations governing the actions of campus security personnel concerning rendering of assistance to students, faculty and visitors on the campus
7. Basic first aid

D. Student Security Guards Employee Benefits

As student employees there are not entitlements to employee benefits; i.e., vacation retirement, sick leave, health and life, or disability insurance. Students will, however, be covered under Worker's Compensation Insurance.

E. Student Employment Records

The student security guard's employment records will be maintained at the office of the chief of security and reviewed periodically by the Vice President of Student Affairs.

### 2.5.5 Student Governance

Student governing bodies derive their authority from the Maricopa County Community College District Governing Board that exists in accordance with Arizona Revised Statutes. The administration of the District is vested in the Chancellor who

delegates responsibility for each college to the College President who serves in a management and policy implementation capacity having the ultimate responsibility for all activities of the college. The President shall designate the administrator(s) (i.e., directors of student leadership) at each college who will be charged with the responsibility for working with the college student governing body(ies) in the development of college student activities and programs.

A representative form of student governance may exist at each college/center as well as district wide to provide an effective means of communication among students, faculty, staff and administration and to provide student input in college and District matters. Eligibility requirements are to be met and spelled out in detail in each student governance constitution. These constitutions shall establish the minimum requirements for the elective/appointive officers. All student government constitutions shall be submitted to the Governing Board General Counsel to ensure compliance with federal and state laws, the Maricopa Community Colleges Governing Board Policies and the Chancellor's Administrative Regulations. Since Rio Salado Community College is a countywide non-campus college, the president shall ensure that opportunities exist for student involvement.

College student constitutions should be reviewed annually by student governance. The appropriate vice president or designee of each college shall be responsible for submitting any changes to the president of the college for transmittal to the Governing Board General Counsel.

### **1. Officers/Members**

All reference in this document to positions will designate whether the position is an officer position or a member position.

Each student governance constitution shall define which of its elected positions (maximum of 5) within its structure shall be designated as officers. The persons filling those positions shall be referred to, in this document, as officers. Persons filling all other positions, elected or appointed, shall be referred to as members (excluding non-voting committee members).

All positions filled by election shall be considered as elected positions, even though the person filling the position may have been appointed to fill an unexpired term of another individual.

### **2. Designation**

Colleges with two (2) student governments shall designate the governments as "day" or "evening." Colleges with one (1) government shall be considered day students, for the purposes of this document.

### **3. Eligibility for Office**

All student governance constitutions shall prescribe that all persons elected or appointed as officers shall be enrolled in and maintain a minimum of six (6) credit hours for day student governments, three (3) credit hours for evening student governments. Officers shall have and maintain a minimum cumulative grade point average of 2.50 and be in good standing (not on probation) according to the written district policy. Convicted felons shall be ineligible for office (ARS § 13-904). The constitution may, however, set more rigid requirements, if so desired by college student governance.

### **4. Tenure of Position**

Tenure in any student governance position shall be determined by the respective student governance constitutions. In no case shall any student be allowed to serve in any combination of officer/member positions beyond a total of ten (10) semesters. Tenure in any combination of officer positions shall be limited to four (4) semesters.

### **5. Removal from Office**

Provisions shall be made in all student governance constitutions for removal for cause of individuals from elected or appointed student governance positions.

### **6. Remuneration Limitations**

- A. Student body officers may receive financial support and/or a letter grade in a leadership class during their terms of office as authorized in their respective student governance constitutions. Student body officers (maximum 5) may receive up to twenty (20) hours per week in financial support and/or up to six (6) credit hours in leadership classes per semester. Remuneration shall be for services rendered and not for merely holding the office.
- B. For qualifying students, Federal Work Study (FWS) funds may be used in accordance with Federal guidelines.

- C. The allowance for awarding honorariums or scholarships for executive student officers is a maximum of \$200.00.
- D. Compensation may be received for both honorariums/scholarships and college employment in the same semester.

**7. Amending Student Constitutions**

College student constitutions should be reviewed annually by student governance. The appropriate vice president or designee of each college shall be responsible for submitting any constitutional changes to the President of the college for transmittal to the Governing Board General Counsel.

**8. Student Governance Advisors**

College organization advisors will be provided for in each student governance constitutions. Such advisors shall be full-time or part-time employees of the Maricopa Community Colleges.

Recommendations for appointment of an advisor may be submitted to the appropriate vice president or college president. Recommendations for dismissal of an advisor with just cause may be submitted to the appropriate vice president or college president.

**9. Legal/Fiscal/Financial Matters**

Authority and responsibility beyond the scope specifically covered in student policies, or interpretation of such matters within laws, board policies, etc. shall rest with the offices of General Counsel and Chancellor, respectively.

**10. Final Authority**

In the event of a complete breakdown of the governance body, the college president will serve as the final authority.

**Student Clubs and Organizations**

In addition to student governing bodies, student clubs and organizations may be formed that fall under the operational direction of the Office of Student Life and Leadership and the administrative direction of the Vice President of Student Affairs at each college. Student clubs and organizations are generally interest-based in nature (such as for a particular program, discipline, or college activity) and are considered to be an important part of the total college experience. Each college shall outline the requirements necessary to establish the formation of an interest-based student club and organization (i.e., mission/purpose, size, structure, advisors). Club advisors shall be employees of the Maricopa County Community College District.

In most instances, student clubs and organizations shall be open to all students who are enrolled in credit courses at a Maricopa Community College. Pursuant to ARS §15-1863, religious or political student organizations may determine that the organization’s internal affairs, selecting the organization’s leaders and members, defining the organization’s doctrines, and resolving the organization’s disputes are part of the organization’s religious or political mission and that only persons committed to that mission should conduct such activities. For religious and political organizations, state statute recognizes the role that viewpoint serves in the mission and purpose of the organization’s operations. Thus, such groups may elect to select members based upon organizational doctrine. The MCCCCD may not deny recognition or any privilege or benefit to a religious or political student organization or group that exercises its rights pursuant to the statute.

Whereas ARS §15-1863 allows religious and political organizations to determine their internal affairs and the selection of their leaders and members, the MCCCCD non-discrimination policy is applicable to all other aspects of these student clubs and organizations.

**\*\*\*\*\*INSERT INTO PROGRAM SECTION OF THE CATALOG AS ALLIED HEALTH\*\*\*\*\***

**Appendix S-13: The Maricopa Community Colleges Allied Health or Nursing Program  
Allied Health or Nursing Assumption of Risk/Release of Liability**

Most of the allied health or nursing program pathways include a program of study in a clinical training environment that may contain exposures to risks inherent in patient-oriented educational experiences (such as but not limited to bodily injury or communicable and infectious diseases). Students enrolling in clinical educational courses will be asked to sign a statement assuming all risks inherent in their coursework.

## Use of Confidential Information

Students enrolled in allied health or nursing program pathways will have learning experiences in a health care setting where they will have access to confidential information. Prior to beginning any clinical studies, the students will be asked to sign an agreement to adhere to the requirements of those clinical sites and applicable law, including the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

## MCCCD Required Background Checks

Students enrolled in an MCCCD allied health or nursing program are required to complete and pass clinical learning experiences, working with children, elderly persons, and other vulnerable populations. MCCCD's major clinical agency partners now mandate that any college students assigned to them for clinical experiences submit to a comprehensive background clearance prior to entering such learning experiences. Because the clinical experience portion of the programs is critical to completing a program of study, MCCCD has instituted two specific background check requirements in order for a student to enroll in a program. First, the student must obtain, at his or her own cost, a Level I Fingerprint Clearance Card from the Arizona Department of Public Safety. Precluding offenses for a Level I card can be found in Arizona Revised Statute § 41-1758.07 (<https://www.azleg.gov/viewdocument/?docName=https://www.azleg.gov/ars/41/01758-07.htm>). Additionally, students must also obtain a "pass" status on a MCCCD supplemental background check from MCCCD's authorized background check contractor. The student must also pay for this background check. The supplemental check will be based on the most stringent standards of MCCCD's clinical experience partners.

The sole program for which the background check requirements are different is the Emergency Medical Technician program. For that program, students must have obtained a Level 1 Fingerprint Clearance Card from the Arizona Department of Public Safety. They are also required, at the time of their clinical assignments, to submit to, pay for and pass any additional background check requirements of the clinical agencies to which their EMT program places students.

Certain licensing boards may require a separate background check or clearance card upon application for licensure or certification.

The MCCCD supplemental background check review may include searches of the following databases and information but MCCCD reserves the right to change the search criteria and the program background check requirements at any time without notice:

1. *National Federal Health Care and Abuse Databases*
2. *Social Security Verification*
3. *Residency History*
4. *Arizona Statewide Criminal Records*
5. *Nationwide Criminal Databases*
6. *Nationwide Sexual Offender Registry*
7. *Homeland Security Search*

Examples of background information that will result in a "fail" status on the supplemental background check include:

1. *Social Security number does not belong to the applicant*
2. *Any inclusion on any registered sex offender database*
3. *Any inclusion on any of the Federal exclusion lists or Homeland Security watch lists*
4. *Any conviction of a felony no matter what age of the convictions*
5. *Any warrant any state*
6. *Any misdemeanor conviction for the following no matter how long ago:*
  - A. *Violent crimes*
  - B. *Sex crime of any kind including non consensual sexual crimes and sexual assault*
  - C. *Murder, attempted murder*
  - D. *Abduction*
  - E. *Assault*
  - F. *Robbery*

- G. Arson
  - H. Extortion
  - I. Burglary
  - J. Pandering
  - K. Any crime against minors, children, vulnerable adults including abuse, neglect, exploitation
  - L. Any abuse or neglect
  - M. Any fraud
  - N. Illegal drugs
  - O. Aggravated DUI
7. Any misdemeanor controlled substance conviction in last 7 years
  8. Any other misdemeanor conviction within last 3 years

EXCEPTIONS: Any misdemeanor traffic (DUI is not considered traffic).

The information that MCCCDC uses for the “pass/fail” background check is subject to change at any time without notice.

MCCCDC recommends that students carry proof of the background clearance at all times during any clinical agency learning experience.

### **Duty to Report Changes; Removal**

Students have an obligation to immediately report to the director of their program any change in the information that they supplied on forms submitted to initiate background checks relating to the allied health or nursing program. That includes information provided to the Arizona Department of Public Safety and MCCCDC’s supplemental background check vendor, as well as that related to the background check required by a clinical agency. Failure to do so will result in removal from the program. Additionally, any change in background check status that would affect the student’s clearance under either MCCCDC’s or a clinical agency’s standards will result in removal from a program.

### **Additional Clinical Agency Background Check**

Some clinical agencies require that students assigned to their sites submit to a criminal background check covering other offenses, as well as to a drug screening. Students are required to pay for the additional agency clinical background check. A clinical agency that requires this additional background check may refuse to place a student due to information the clinical agency obtains in its background check even though that student possess a valid Level I Fingerprint Clearance Card and has obtained a “pass” status on the MCCCDC supplemental background check.

Some conditions that have resulted in students being denied placement at clinical agencies include pending criminal charges, outstanding warrants, unfinished terms of a sentence (such as unpaid fines), pattern of repeated types of arrests/convictions, and failure to disclose all past arrests/convictions when asked to do so on any background check application.

### **Inability to Place**

MCCCDC has no obligation to make repeated attempts to place a student when the reason for MCCCDC’s inability to place the student is due to background check issues. Since clinical agency assignments are mandatory requirements for completion of a program, a student’s inability to complete required clinical experience due to his or her background check issues will result in removal from the program.

### **Changes to Admission or Background Check Requirements**

MCCCDC may change its program admission requirements or background check requirements without notice at any time.

### **No Guarantee of Receipt of Licensure/Certificate**

Many of the nursing and allied health programs prepare graduates for application for State or National certificates or licenses. In some professions, such licensure and certification is required prior to employment or practice in the profession. Graduation from a nursing and allied health program does not guarantee the receipt of a license or certificate to practice in the field of study.

**AMENDED by Direct Approval from the Chancellor, June 1, 2017**

## 4.18 Consensual Relationships

### 1. General

The existing Governing Board Policy on Hiring of Relatives prohibits employees from being involved in any employment or key decision that involves a relative. This would include work performance, job assignments, or pay related matters. In that such relationships can create a conflict with the interests of the Maricopa Community Colleges, and the increased potential for nepotism and favoritism, the same principles also apply in the case of consensual amorous, romantic and/or sexual relationships that occur between employees or between employees and students.

In the work and academic environment, such a relationship that might be appropriate in other circumstances is inappropriate if one of the individuals in the relationship has a professional responsibility toward, or is in a position of authority with respect to, the other, such as in the context of supervision, instruction, coaching, counseling or advisement. An element of power is present in such a context and it is incumbent upon those with authority not to abuse that power. In addition, consensual relationships may yield to third parties the appearance that unfair bias or favoritism towards the student or supervisee is taking place.

#### A. Definitions

- i. Consensual relationships are defined as romantic, amorous and/or sexual relationships between consenting employees or between employees and adult (18 years or older) college students currently enrolled at one of the community colleges.
- ii. An employee is any individual who is employed by the Maricopa County Community College District (MCCCD). An employee includes an individual who is subject to an established employee job group policy manual, whether regular, full-time board approved, at-will, part-time, and/or temporary. An employee also includes a contract worker (special services employment, request for personnel services) working or serving as an agent or designee on behalf of the MCCCD.
- iii. A student is considered to be any person currently enrolled in a credit or non-credit class at one of the colleges or centers within the Maricopa County Community College District.
- iv. A vendor is someone who sells or can sell products or services to the Maricopa County Community College District.
- v. A recent consensual relationship is considered to be one that has taken place within the past 24 months.

#### B. Prohibited Conduct

- i. An employee shall not maintain, engage in or be involved in a consensual relationship with another employee who is subject to that individual's supervision or with a student that is currently enrolled in the individual's class, or a student whom the individual otherwise instructs, coaches, counsels or advises, or with a vendor if the employee manages that contract or otherwise exerts influence over the contract.
- ii. The Governing Board recognizes that the personal life of its employees is not a concern of the institution, and therefore, this regulation does not seek to prohibit romantic relationships that exist between parties where the context of power-authority between employees or between employees and students is not present; and provided that the relationship does not affect the employee's effectiveness in fulfilling his or her professional obligation. For these instances, appropriate measures should still be taken in order to avoid conflicts of interest from occurring. For relationships that may exist prior to the time that either a student or employee is placed in a situation of instruction or supervision that is considered to be a conflict of interest, the employee(s) involved shall disclose and take immediate measures to avoid the conflict or appearance of conflict.

### 2. Procedures for Disclosure

Employees should first avoid allowing an inappropriate consensual, amorous or sexual relationship to develop with a supervisee or student.

- A. Where the employee is already in or has had a recent consensual relationship with a supervisee, the following procedures shall be followed:

- i. Immediate disclosure by the employee of the relationship to their supervisor and to the appropriate Vice President or Vice Chancellor in order to ensure that any conflicts of interest have been adequately addressed.
  - ii. The respective administrator responsible for the department or division shall place the subordinate under alternate supervision when a supervisor under his/her direction has or has had a recent consensual relationship with the employee.
  - iii. The supervisor shall recuse himself or herself from any discussions or involvement with decisions related to evaluations, promotion, hiring, determination of salary, or continuation of contract or employment.
  - iv. The respective Vice President or Vice Chancellor shall prepare and retain a report that specifies the appropriate alternate arrangements that have been made to eliminate the conflict of interest. The EEO/AA Office shall be provided a copy of the report along with the employees involved in the relationship.
- B. Where the employee is already in or has had a recent consensual relationship with a student prior to enrollment in his or her class, the following procedures shall be followed:
- i. The faculty member shall counsel and advise the student not to enroll in his or her course.
  - ii. The Consensual Relationships Policy will be made available to students via the student handbook and other appropriate communications vehicles.
  - iii. If it is not possible for a student to enroll in another course, section, or course and section at another college due to a requirement for completion of a degree or certificate and no other academic option is available, disclosure of the relationship will be made to the appropriate Department Chair, Dean and Vice President of Academic Affairs or Vice President for Student Affairs as appropriate for review. The Vice President will refer the matter to the Vice Chancellor for Academic and Student Affairs for consideration. The Chancellor or his/her designee may allow a student to enroll in the class only upon a showing by the student that the enrollment is necessary to avoid an extreme hardship, and upon a showing by the college President or designee that the academic integrity of the student's enrollment in the class will nevertheless be maintained.
3. Persons who are married, or were married, are included within the definition of persons that have or who have had a consensual amorous relationship. Disclosure in this instance may be made via the Maricopa Disclosure process [The Annual Acknowledgement and Disclosures form may be found in the [Employee Learn Center](#). Employee credentials are needed to enter secure site].
4. An employee who fails to follow the requirements established in this policy and who does not withdraw from participation in activities or decisions that may reward or penalize a supervisee or student with whom the employee has or has had a recent consensual amorous relationship, will be considered in violation of policy and will be addressed in accordance with established processes in job group policy manuals.

---

**LANGUAGE ADOPTED BY DIRECT CHANCELLOR APPROVAL**

**2.8.3 Technology Accessibility**

The Maricopa Community College District is committed to ensuring equal access to information, programs, services and activities through its technologies, Web pages, and resources both in the academic and work environments. This regulation establishes that Electronic and Information Technology (EIT) that are used to conduct the business of the Maricopa Community Colleges shall adhere to established accessibility standards and guidelines.

**ADOPTED by Direct Approval from the Chancellor, April 1, 2015**

**Maricopa Community Colleges  
Field of Interest Matrix 2021-2022**

**INSTITUTION**

**DESCRIPTION**

The Maricopa County Community College Field of Interest Matrix identifies all awards currently available for offering within the ten (10) community colleges and skill centers of the district. The awards are grouped under Field of Interest as requested by the colleges. For specific information regarding individual awards, contact the college(s) listed as participating institutions.

Course	Title	Description	Requisite	Act Type, Credits, Periods, Load
AAA104	Visualization in Activated Learning	Techniques for using mental imagery in the activated learning process. Processes include mental rehearsal, relaxation, and affirmation during self-instruction, test taking, interpersonal relationships, and sports	Prerequisites: None.	LEC 1.0 1.0 1.0
AAA105	Peak Performance in Activated Learning	Techniques which enable the individual to achieve levels of peak performance using the activated learning process. Includes methods for developing a high level of motivation and self-discipline to achieve peak performance in areas such as sports, public speaking, and job productivity	Prerequisites: None.	LEC 1.0 1.0 1.0
AAA115	Creating College Success	Strategies to create success in college. Methods for selecting and developing effective academic strategies, increasing self-awareness and developing self-management strategies. Elements of college resources and relationships with others explored in support of students' educational experience	Prerequisites: None.	LEC 1.0 1.0 1.0
AAA150	Strategies for College Success	Focus on increasing student success through college orientation and personal growth, study skills development, and educational and career planning.	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

AAA150AC	Educational and Career Planning	Emphasis on increasing student success through educational and career planning.	Prerequisites: None.	LEC 1.0 1.0 1.0
AAA298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
AAA298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0
AAA298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.		
ABA101	Hand and Power Tools	Selection, use, maintenance and safety procedures for common hand and power tools used in the construction industry.	Registered apprentice status or permission of the Apprenticeship Coordinator.	L+L 1.0 1.0 1.0
ABA102	Electrical Fundamentals	Fundamentals of electricity including electrical hazards, Occupational Safety and Health Administration (OSHA) regulations, units of measurements and using Ohm's law. Circuit characteristics and the use of Kirchoff's voltage and current laws to calculate voltage drop, current and resistance. Operation and use of specific meters. Includes an introduction to the National Electrical Code (NEC)	Prerequisites: None.	LEC 1.0 1.0 1.0
ABA103	Hand Bending of Electrical Conduit	Conduit bending and installation. Techniques for using hand operated and step conduit benders. Cutting, reaming and threading conduit	Prerequisites: None.	LEC 0.5 0.5 0.5
ABA104	Raceways, Boxes, Fittings, Anchors/Supports	Types and applications of conduit, raceways, wireways and ducts. Types, applications and wiring techniques for conductors. Hardware and systems used to mount and support boxes, receptacles and other electrical components	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.5 1.5 1.5

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ABA106	Introduction to Materials Handling	Introduction to materials handling equipment and appropriate use for common job-site tasks. Recognize hazards associated with materials handling and proper techniques and procedures.	Registered apprentice status or permission of the Apprenticeship Coordinator.	LEC 0.5 0.5 0.5
ABA112	Electrical I	Theories and concepts in electrical safety basics and OSHA 10 certification. Introductory concepts in construction math, hand and power tools, drawings, rigging, and materials handling. Emphasis on communication and employability skills.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA114	Electrical II	Fundamentals of the electrical trade, residential electrical services and test equipment. Emphasis on safety, electrical circuits, theory, National Electrical Code, device boxes. Use and selection of hand bending, raceways, fittings, conductors, cables. Interpretation of electrical drawings.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA120	Carpentry Fundamentals	Overview of the carpentry trade. Apprenticeship programs and responsibilities of the apprentice. Types and uses of nails, fasteners and adhesives. Types of wood, lumber and manufactured wood products	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABA121	Floor and Wall Systems	Framing systems, floor construction, center beam and post support systems. Construction of sills, joists and bridging. Subflooring, mechanical connectors and the use of	Prerequisites: (Registered apprentice status and a grade of C or better in ABA120) or permission of the	LEC 2.0 2.0 2.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		prefabricated joists. Wall construction, stud walls, panelized walls, masonry walls, post and beam walls, use of metal studs and drywall construction.	apprenticeship coordinator.	
ABA122	Electrical III	Theory and application of alternating current, lighting, conduit bending, pull and junction boxes.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA124	Electrical IV	Principles of conductor installations, cable trays, conductor terminations and splices. Emphasis on grounding, bonding, circuit breakers, and fuses. Fundamental concepts of control systems.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA130	Installation of Electric Services	Electric services for commercial and industrial installations. Blueprints, diagrams and electrical calculations. Grounding, connecting three phase services and the installation of panelboards, switches and load centers	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABA135	Cast-In-Place Stairs	Cast-In-Place and Precast stair installation techniques, forming, erecting and safety procedures. Review American Concrete Institute (ACI) Codes and standard specifications.	Registered apprenticeship status or permission of Apprenticeship Coordinator.	LEC 1.0 1.0 1.0
ABA136	Communications in Construction	Communication in the construction industry. Positive direct communication, written communication, active listening, understanding, negotiation, and	Prerequisites: None.	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		dealing with difficult people. Communication skills at all organizational levels, with groups, combining oral and written communication for maximum effectiveness.		
ABA150	Advanced Calculations for Electricians	Advanced mathematical calculations in the electrical industry. Powers and roots in watts, voltage, current and resistance. Metric and engineering units. English and metric systems for length, area, volume and mass, and energy and temperature measurements. Ratios, proportions, formulas, symbols and representation. Trigonometry and the Pythagorean theory. Plane and rotating vectors. Basic functions of the scientific calculator for electricians	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.5 1.5 1.5
ABA179	Installing and Sizing Water Supply Piping	Connecting piping to a water main. Plumbing connections to buildings and air and hydrostatic testing of water supply piping. Operation and installation of water heaters. Types, operation and installation of water meters. Installation of water supply systems to given structures. Effects of valves, fittings and piping on water pressure. Calculations of pressure drop and sizing procedures for water supply piping. Principles of back siphonage and backflow prevention	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ABA192	Plumbing Level I	History of plumbing, modern plumbing, safety, human relations, and construction career opportunities. Hand and power tool safety, use, and maintenance. Plumbing drawings, components, and symbols. Materials, schedules for plastic, copper, and cast-iron. Fittings, valves, hangers, and supports. Measuring, cutting, reaming, and joining pipe. Safety precautions for installation, operation and maintenance. Fixtures and faucets. Drain, waste, and vent systems. Water distribution systems.	Prerequisites: None.	L+L 3.0 3.0 3.0
ABA204	Contactors and Relays	Operating principals of contactors and relays. Function in an electrical system. Operation and installation of specific contactors and relays. Interpretation of wiring diagrams. Connect and test a simple control circuit	Prerequisites: None.	LEC 1.0 1.0 1.0
ABA207	Construction Trades: Green Environment	Daily activities at work and at home that affect green environment. Leadership in Energy and Environmental Design (LEED) rating process. Carbon footprint and ways to reduce it. Construction of buildings that affect green environment. Application of principles of green building rating system.	Registered apprenticeship status or permission of Apprenticeship Coordinator.	LEC 1.0 1.0 1.0
ABA222	Introduction to Welding, Brazing and Cutting	Arc welding theory and safety hazards. AC, DC and AC-DC welding machines. Use of electrodes and safety	Prerequisites: Registered apprentice status or permission of	L+L 2.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		requirements for arc-welding. Basic welding techniques and gas metal-arc and gas tungsten-arc welding processes. Brazing and cutting using an oxyacetylene torch.	the apprenticeship coordinator.	
ABA232	Electrical V	The course content includes Load Calculations - Branch and Feeder Circuits, Conductor Selection and Calculations, Overcurrent Protection, Raceways/Wiring/Devices and Boxes, Voice/Data and Video.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA234	Electrical VI	Theories and concepts in distribution equipment, transformers, and commercial electrical services. Emphasis on motor calculations and voice/data and video. Operation of motor controls.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA242	Electrical VII	Principles of course load calculations, feeder and services and specialty transformers. Selection of standby and emergency systems. Emphasis on basic electronic theory, fire alarm systems and health care facilities.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA244	Electrical VIII	Principles of heating, ventilation, and air conditioning (HVAC) controls and heat tracing. Use and control of freeze protection. Basics in motor operation and maintenance. Focus on medium-voltage terminations/splices and special locations. Fundamentals of Crew Leadership.	Prerequisites: Registered apprenticeship status or permission of Apprenticeship Coordinator.	L+L 6.0 6.0 6.0
ABA251	High Voltage Termination and Splicing	Terminations and splices in high voltage systems (600+ volts).	Registered Apprentice status or permission of	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		Identifying and splicing specific types of cables and making terminations. Includes using splicing kits and following manufacturer's specifications. Testing techniques and calculations	the apprenticeship coordinator.	
ABA255	Commercial, Industrial and Special Lighting	Operating characteristics of incandescent, fluorescent and high intensity discharge lamps. Lighting controls and fixture installations. Blueprint reading exercise for commercial and industrial installations. Lighting requirement calculations. National Electrical Code (NEC) requirements for specialty lighting fixtures	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 0.5 0.5 0.5
ABA298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
ABA298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.		
ABA298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
ABC118	OSHA Standards and Regulations	Provisions of and implementation of Occupational Safety and Health Administration (OSHA) Act in the work place. Rights and responsibilities under the OSHA Act. Appeals process, record keeping, and voluntary protection programs. OSHA's construction and general industry standards. Overview of the requirements of the more frequently referenced standards.	Registered apprentice status or permission of the Apprenticeship Coordinator.	L+L 1.5 1.5 1.5
ABC119	Basic Safety	Overview of safety rules and procedures for working on construction job sites	Registered Apprentice status or permission of	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

			the apprenticeship coordinator.	
ABC120	Basic Calculations for Construction	Addition, subtraction, multiplication and division of whole, decimal, fraction and metric numbers. Percentage and fraction conversions. Metric units of length, weight, volume and temperature. Metric system as it relates to the construction trade. Basic algebra and geometry operations and equations. Area and volume calculations of shapes.	Prerequisites: None.	L+L 1.5 1.5 1.5
ABC121	Introduction to Hand and Power Tools	Overview of the use, maintenance and safety procedures for common hand and power tools.	Registered apprentice status or permission of the Apprenticeship Coordinator.	LEC 1.0 1.0 1.0
ABC122	Rigging Safety and Equipment	Rigging safety, equipment and inspection. Includes crane hand signals, common rope knots, types of derricks and cranes and safety procedures for rigging and moving materials and equipment	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC123	Introduction to Construction Drawings	Basic concepts of construction drawings, including terms and symbols. Drawing interpretation, use of drawing dimensions and recognition of drawing classifications.	Registered apprentice status or permission of the Apprenticeship Coordinator.	L+L 0.5 0.5 0.5
ABC124	Conduit Bending	Types of conduit benders and bends. Conduit bending procedures and use of bends in conduit systems	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ABC126	Electrical Test Equipment	Selection, inspection, use and maintenance of common electrical test equipment	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC130	Conductor Installation/Termination	Transportation, storage and setup of cable reels, methods of rigging and procedures for installing conductors using cable pulls in raceways and cable trays. Also methods of terminating and splicing conductors	Registered Apprentice status or permission of the apprenticeship coordinator.	L+L 1.0 1.0 1.0
ABC131	Cable Tray Installation	National Electrical Manufacturer's Association (NEMA) and National Electrical Code (NEC) requirements for cable tray modified installation and cable installation procedures.	Registered apprentice status or permission of the Apprenticeship Coordinator.	L+L 0.5 0.5 0.5
ABC132	Circuit Breakers and Fuses	National Electrical Code (NEC) requirements, Ground Fault Circuit Interrupters (GFCI), overcurrents, fuse sizing, safety techniques and short-circuit calculations.	Registered apprentice status or permission of the Apprenticeship Coordinator.	L+L 1.0 1.0 1.0
ABC133	Basic Lighting	Principles of illumination and specific light sources. Includes practical applications for residential, commercial and industrial installations	Registered apprentice status or permission of the apprenticeship coordinator.	L+L 1.0 1.0 1.0
ABC135	Fundamentals of Concrete	Materials used to make concrete, including specific types of cement, aggregate, admixtures and reinforcing materials. Handling procedures for concrete, conveying and placing concrete and finishing techniques for concrete slab. Construction of foundations and formwork	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ABC136	Roof Systems	Defining roof terminology. Identifying and understanding specific roof systems. Using the framing square and essex scale to calculate and measure specific types of rafters. Transcribing and transferring measurements onto rafters. Using "speed square" to determine measurements for specific types of rafters. Defining unequal roof pitch. Identifying specific types of plank and beam roofs and roof trusses used in the industry today.	Prerequisites: (Registered apprentice status and a grade of C or better in ABC/MEC/PNT120) or permission of the Apprenticeship Coordinator.	LEC 1.0 1.0 1.0
ABC142	Alternating Current	Production of electricity, including; current, voltage, induction, mutual inductance and capacitance. Calculations using Ohms Law. Operation of a three phase system.	Prerequisites: (Registered apprentice status and a grade of C or better in ABC/MEC/PED120) or permission of the Apprenticeship Director.	LEC 1.0 1.0 1.0
ABC143	Motors: Theory and Application	Overview of electric motors including types, operation, and applications. Assembly and disassembly. Mounting and connections according to National Electrical Code (NEC). Also troubleshooting, installation and handling	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 2.0 2.0 2.0
ABC144	Grounding	Types of grounding and proper installation of grounds and grounding. OSHA and National Electrical Code (NEC) requirements specific to grounding. Purpose and operation of Ground Fault Circuit Interrupters	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		(GFCI). Effects of soils and environment. Selection of grounds and grounding material for specific situations. Testing grounds with a "megger"		
ABC221	Motors and Motor Controls	Electrical symbols, line diagrams and logic. Contactors and starters, control devices, reversing circuits and power distribution systems. Electronic control devices, programmable controllers, reduced voltage starters, accelerating and decelerating methods and circuits. Preventive maintenance and trouble shooting	Registered Apprentice status or permission of the apprenticeship coordinator.	L+L 3.0 3.0 3.0
ABC222	Hazardous Locations-Electrical	Hazardous location classifications. Equipment approved for use in specific hazardous locations. Wiring methods	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.0 1.0 1.0
ABC226	Raceways, Wiring Devices, Boxes and Fittings	Sizing, selecting, and installing raceways, junction boxes, outlet boxes and wiring devices. Calculating fill requirements according to National Electrical Code (NEC) regulations. Calculating bending radii in boxes and cabinets. Types and purpose of wiring devices and calculating maximum loads on such devices	Registered Apprentice status or permission of the apprenticeship coordinator.	LEC 1.5 1.5 1.5
ABC230	Stair Construction	Stair parts, materials and types. Stair dimensions and practical techniques for stair layout. Rough forming methods.	Prerequisites: (Registered apprentice status and a grade of C or better in ABC/MEC/PNT120) or permission of the	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

			Apprenticeship Coordinator.	
ABC231	Exterior Wall Finishes	Exterior wall finish work; placement and hanging of windows, siding and flashing for walls. Installation of floors, chimneys and insulation included	Registered apprentice status or permission of the apprenticeship coordinator.	LEC 3.0 3.0 3.0
ABC256	Basic Plumbing	Plumbing fixtures, drainage fixture unit ratings, and installation procedures. Includes procedures for installing fixtures, water heaters, shower and bath units, and dishwashers. Safety stressed.	Prerequisites: None.	L+L 4.0 4.0 4.0
ABC298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
ABC298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best	Permission of Program Director or Instructor.	LAB 2.0 2.0 0.0

Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
ABO103	Introduction to Auto Body Repair	An introduction to basic auto body repair skills in dent removal. This course includes body filler application and sanding, plastic repair, metal repair, welding, plasma cutting, collision estimating, and air conditioning refrigerant recovery.	Prerequisites: None.	164
ABO104	Introduction to Automotive Refinishing	An introduction to basic refinishing skills with dual and single stage paints. This course includes spray equipment setup, panel prep and tape, paint correction with cut and buffing, scratch repair and proper blending techniques, basic knowledge of toners and paint mixing.	Prerequisites: None.	164
ABO203	Advanced Automotive Body Repair	An advanced course in non-structural auto body repair. This course includes	Prerequisites: None.	200

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		disassembly of a vehicle, development of a collision repair plan, and repair. Includes body filler application and sanding, plastic repair, metal repair, and welding.		
ABO204	Advanced Refinishing Fundamentals	An advanced course in vehicle refinishing and reassembly. This course includes spray equipment setup, vehicle prep and tape, paint correction with cut and buffing, scratch repair and proper blending techniques, knowledge of toners and paint mixing.	Prerequisites: None.	200
ABS171	Introduction to Good Manufacturing Practices(GMP)-Regulated Manufacturing	Course is designed to provide individuals with an overview of Good Manufacturing Practices (GMP), their application in a variety of industries and the opportunities for in such fields.	Prerequisites: None.	LEC 3.0 3.0 3.0
ABS173	Basic Instrumentation and Lab Math	Introductory course covering basic equipment, measurements, and calculations used in biotechnology laboratories.	Prerequisites: None. BIO156 or BIO181 recommended.	LEC 1.0 1.0 1.0
ABS174	BioSafety	General laboratory safety, hazardous chemical use and disposal, biohazardous material use and disposal, biosafety procedures, and radiation safety.	Prerequisites: None.	LEC 1.0 1.0 1.0
ABS175	Research Methods in Biology	Fundamentals of planning and conducting biological experiments, including ones that simultaneously vary multiple experimental variables.	Prerequisites: None. BIO156 or BIO181 recommended.	L+L 1.0 2.0 2.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		Subsequent analysis, interpretation, and reporting of results.		
ABS274	Introduction to Wildlife Management	Introduction to the field of wildlife biology/management and the legal, cultural, ecological, and population dynamics of wildlife biology and management. Covers wildlife management objectives, management techniques, research techniques, and the organizational environment that wildlife biologists work in; provides an overview of careers in the field and guidance in planning a career.	Prerequisites: High school biology with a grade of C or better or a grade of C or better in BIO100 or BIO181 or permission of Instructor.	LEC 4.0 3.0 3.0 LAB 0.0 3.0 3.0
ACC105	Payroll, Sales and Property Taxes	Tax reporting for payroll, sales, and personal property	Prerequisites: None.	LEC 3.0 3.0 3.0
ACC107	Bookkeeping Theory and Practice	Fundamental accounting practices; application to retail stores, professional firms, and personal service operations.	Prerequisites: None.	L+L 4.0 5.0 5.0
ACC109	Accounting Concepts	Introduction to accounting with emphasis on analysis and applications of financial information.	Prerequisites: None. GBS151 and reading ability equivalent to RDG100 or RDG100LL suggested but not required.	LEC 3.0 3.0 3.0
ACC110	Understanding and Using Accounting Systems	Develops basic comprehension of the balance sheet, income statement, and equity and cash flow statements. Explores usage of specialized journals and subsidiary ledgers in a computerized system. Studies the impact of various transactions on an enterprise, including payroll,	Prerequisites: None.	L+L 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		receivables, payables, inventory, cash and credit card receipts		
ACC111	Accounting Principles I	Fundamental theory of accounting principles and procedures	Prerequisites: None.	LEC 3.0 3.0 3.0
ACC112	Accounting Principles II	Continuation of the fundamental theory of accounting principles and procedures, including interpretation of general purpose financial statements.	Prerequisites: A grade of C or better in ACC111 or permission of Department or Division.	LEC 3.0 3.0 3.0
ACC115	Computerized Accounting	Understanding of fundamental accounting principles and mastery of an accounting information systems including the general ledger, accounts receivable, accounts payable and payroll.	Prerequisites: None.	L+L 3.0 3.0 3.0
ACC121	Individual Tax Preparation	Theory and practice of accounting for individual taxation.	Prerequisites: None.	L+L 3.0 3.0 3.0
ACC211	Financial Accounting	Introduction to theory and practice in the preparation and interpretation of general purpose financial statements.	Prerequisites: None.	LEC 3.0 3.0 3.0
ACC212	Managerial Accounting	Development and analysis of accounting information for managerial planning and control	Prerequisites: A grade of C or better in (ACC111 and ACC112) or ACC211 and (CIS105 or permission of Department or Division).	LEC 3.0 3.0 3.0
ACC215	Governmental and Not-For-Profit Accounting	Theories and procedures of accounting for governmental and not-for-profit organizations.	Prerequisites: A grade of C or better in ACC112 or ACC211, or permission of Department or Division.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ACC216	Fraud Examination	Fundamental theory of fraud examination methodology to detect and prevent accounting fraud.	Prerequisites: A grade of C or better in (ACC230 or ACC112 or ACC211) or permission of Department or Division.	LEC 3.0 3.0 3.0
ACC219	Intermediate Accounting I	Continuation of the theory and practice of financial accounting, applicable to assets, liabilities, equity related problems of income determination and financial reporting.	Prerequisites: A grade of C or better in ACC212 or ACC240 or permission of Department or Division.	LEC 3.0 3.0 3.0
ACC220	Intermediate Accounting II	Continuation of the theory and practice of financial accounting, applicable to assets, liabilities, equity determination of asset values, liabilities, and related problems of income determination, special topics and financial reporting.	Prerequisites: A grade of C or better in ACC219 or permission of Department or Division.	LEC 3.0 3.0 3.0
ACC221	Tax Accounting	Preparation of and accounting procedures for individuals; introduction to partnerships and corporate tax structures	Prerequisites: A grade of C or better in ACC111 or ACC211 or permission of Department or Division.	LEC 3.0 3.0 3.0
ACC222	Payroll Accounting	Payroll records for businesses required by federal and state laws	Prerequisites: A grade of C or better in ACC111 or ACC211 or permission of Department or Division.	LEC 3.0 3.0 3.0
ACC224	Tax Practice Administration and Business Entity Analysis	Federal income tax representation, practices, and procedures, including trust and estate income tax, exempt organizations, and retirement plans.	Prerequisites: A grade of C or better in ACC121 or ACC221.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ACC230	Uses of Accounting Information I	Introduction to the uses of accounting information for internal and external purposes with emphasis on financial statement analysis.	Prerequisites: A grade of C or better in ACC111 or ACC211 or (ENG101 and MAT151 and CRE101) or appropriate test scores on the District English, Reading and Math placement exams.	LEC 3.0 3.0 3.0
ACC240	Uses of Accounting Information II	Introduction to the uses of accounting information for internal and external purposes with emphasis on analysis for use by management.	Prerequisites: A grade of C or better in ACC230.	LEC 3.0 3.0 3.0
ACC250	Introductory Accounting Lab	Procedural details of accounting for the accumulation of information and generation of reports for internal and external users.	Prerequisites: None.	LAB 1.0 3.0 3.0
ACC260	Certified Bookkeeper (CB) Preparation	Fundamental accounting practices including accrual and deferral adjustments, correcting common transaction recording errors, bank reconciliations and adjusting entries. Includes payroll accounting and related Federal and State payroll law requirements. Accounting for depreciation for financial and tax accounting purposes covered. Inventory valuation methods. Includes calculating, recording, and reporting under generally accepted accounting principles (GAAP). Preventive internal control procedures to detect	Prerequisites: A grade of C or better in ACC111 or ACC211 or (bookkeeping experience and permission of Instructor).	LEC 3.0 3.0 3.0

Includes aircraft and airfoil design and construction, and electrical, instrumentation, and automatic flight control systems. Maintenance privileges and limitations, and forms and records	Private Pilot Certificate or permission of Instructor.	LEC 4.0 4.0 4.0
AET207	Attitude Instruments and Navigation	Beginning instrument pilot ground course in preparation for the Federal Aviation Administration (FAA) Instrument Pilot Rating and Instrument Rating written examinations. Includes preflight preparation, flight instruments, basic attitude instrument flying, radio navigation systems, and technically advanced aircraft systems.	Prerequisites: A grade of C or better in AET110 or permission of Instructor. Corequisites: AET210 and AET217.	LEC 3.0 3.0 3.0
AET207HH	Attitude Instruments and Navigation: Helicopter	Beginning instrument pilot ground course in preparation for the Federal Aviation Administration (FAA) Instrument Pilot Rating and Instrument rating written examinations. Includes preflight preparation, flight instruments, basic attitude instrument flying, radio navigation systems, and technically advanced helicopter systems.	Prerequisites: A grade of C or better in AET110HH or permission of Instructor. Corequisites: AET210HH and AET217HH.	LEC 2.0 2.0 2.0
AET208	Aviation Safety	Introduction to aviation safety, including aviation safety programs, risk management, pilot psychology, physiology, human factors, and accident review and investigation.	Prerequisites: A grade of C or better in AET107 or permission of Instructor.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

AET210	Instrument Commercial Flight I	Initial flight course in preparation for the Federal Aviation Administration (FAA) Instrument rating practical examination. Emphasis on night and instrument operations. Student must fly approximately 60 hours at own expense. Requires passing operational phase checks.	Prerequisites: A grade of C or better in AET110 or permission of Instructor. Corequisites: AET207 and AET217.	LAB 1.0 5.0 5.0
AET210HH	Instrument Flight: Helicopter	Initial helicopter flight course in preparation for the Federal Aviation Administration (FAA) Instrument rating practical examination. Emphasis on helicopter instrument operations. Student must fly approximately 75 hours at own expense. Requires passing operational phase checks.	Prerequisites: A grade of C or better in AET110HH or permission of Instructor. Corequisites: AET207HH and AET217HH.	LAB 2.0 5.0 5.0
AET213	Aerodynamics and Performance	Advanced commercial pilot ground course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot Certificate and Commercial written examinations. Includes discussion of aerodynamic factors including lift, weight, drag, and thrust. Discussions will include, but are not limited to aerodynamics, performance, safe and efficient airplane operations, airplane stability and control, stalls, and spins.	Prerequisites: A grade of C or better in AET207, AET217 and AET210. Corequisites: AET220 and AET203.	LEC 3.0 3.0 3.0
AET213HH	Aerodynamics and Performance: Helicopter	Advance commercial pilot ground course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot Certificate and Commercial written examinations.	Prerequisites: A grade of C or better in AET207HH, AET217HH, and AET210HH.	LEC 2.0 2.0 2.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		Includes discussion of aerodynamic factors including lift, weight, drag, and thrust. Discussions will include, but are not limited to aerodynamics, performance, and safe and efficient helicopter operations.	Corequisites: AET220HH and AET203HH.	
AET215	Aircraft Powerplants	Survey of engines and engine systems for pilots. Includes theory and analysis of reciprocating and turbine aircraft engines. Lubrication, ignition, fuel control, cooling, exhaust, and propellers.	Prerequisites: A grade of C or better in AET205 or permission of Instructor.	LEC 4.0 4.0 4.0
AET217	Instrument Procedures	Advanced instrument pilot ground school course in preparation for the Federal Aviation Administration (FAA) Instrument pilot rating and Instrument rating written examinations. Includes Federal Aviation Regulations, instrument approach procedures, and instrument enroute considerations. Requires passing written exam similar to the Instrument pilot rating and Instrument rating written exams.	Prerequisites: A grade of C or better in AET110 or permission of Instructor. Corequisites: AET210 and AET207.	LEC 3.0 3.0 3.0
AET217HH	Instrument Procedures: Helicopter	Advance helicopter instrument pilot ground school course in preparation for the Federal Aviation Administration (FAA) Instrument pilot rating and Instrument rating written examinations. Includes Federal Aviation Regulations, instrument approach procedures, and instrument enroute considerations. Requires	Prerequisites: A grade of C or better in AET110HH or permission of Instructor. 		passing written exams similar to the Instrument pilot rating and Instrument rating written exams.		
AET220	Instrument Commercial Flight II	Advanced flight course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot practical examination. Emphasis on commercial and high performance operations. Student must fly approximately 60 hours at own expense. Requires passing instrument rating and commercial pilot stage checks similar to the FAA check rides.	Prerequisites: A grade of C or better in AET210, AET207 and AET217. Corequisites: AET203 and AET213.	LAB 1.0 5.0 5.0
AET220HH	Commercial Flight: Helicopter	Advanced flight course in preparation for the Federal Aviation Administration (FAA) Commercial Pilot practical examination. Emphasis on commercial and high performance helicopter operations. Student must fly approximately 60 hours at own expense. Requires passing instrument rating and commercial pilot stage checks similar to the FAA check rides.	Prerequisites: A grade of C or better in AET210HH, AET207HH and AET217HH. Corequisites: AET203HH and AET213HH.	LAB 2.0 5.0 5.0
AET225	Advanced Aircraft Systems	Survey of advanced aircraft systems to include electrical, automatic flight control, pressurization, cabin atmosphere, ice control, rain control, fire detection and extinguishing. Includes theory and analysis of turbine aircraft engines. Introduction to turbine engine systems to include lubrication, ignition, fuel control, cooling, exhaust, and propellers.	Prerequisites: Private Pilot Certificate or permission of Instructor.	LEC 4.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		Includes overview of maintenance publications, forms and records.		
AET227	Certified Flight Instructor: Airplane, Single Engine Land Ground School	Ground school in preparation for the Federal Aviation Administration (FAA) Certified Flight Instructor and Fundamentals of Instruction written examinations. Includes fundamentals of instruction, aerodynamics, airplane performance, systems, operations, weight and balance, weather, federal regulations, navigation, maneuvers, pilot physiology, ethics, and aeronautical decision making. Requires passing written exams similar to the FAA Certified Flight Instructor: Airplane, and Fundamentals of Instruction written exams.	Prerequisites: A grade of C or better in AET240 or FAA Commercial Pilot Certificate with instrument rating. Corequisites: AET230.	LEC 5.0 5.0 5.0
AET227HH	Certified Flight Instructor: Helicopter Ground School	Ground school in preparation for the Federal Aviation Administration (FAA) Certified Flight Instructor and Fundamentals of Instruction written examinations. Includes fundamentals of instruction, aerodynamics, helicopter performance, systems, operations, weight and balance, weather, federal regulations, navigation, maneuvers, pilot physiology, ethics, and aeronautical decision making. Requires passing written exams similar to the FAA Certified Flight Instructor: Helicopter,	Prerequisites: FAA Commercial Pilot Certificate. Corequisites: AET230HH.	LEC 4.0 4.0 4.0

		contact, and the influence of western social systems on tribal nations.		
AIS110	Navajo Government	Addresses and examines major historical developments of the Navajo People with a focus on government, law, society, livelihood, tradition, and culture. Includes the major components and operation of Navajo government and related tribal laws, such as Title II and Title VII of the Navajo Nation Code, as well as the significance of the Treaty of 1868. Federal Indian policies and their impact on Navajo society and government, the importance of federal and tribal citizenship and related federal and tribal laws, and the role of the Navajo clanship system and other relevant cultural concepts addressed	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS112	American Indian Policy	Reviews United States government policies and their impact on American Indian sovereignty. Examines historic, legal, economic, and social issues regarding Indian policies and how they impact Indian Nations and individual Indians. Studies historical as well as contemporary policies created by the Federal Government that define the trust relationship between the United States government and Indian Nations	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

AIS113	Proposal Writing	Provides an overview of funding sources for grants. Reviews techniques and skills necessary to develop successful proposals. Focuses on the design and writing of a complete grant proposal related to a selected problem or issue.	Prerequisites: A grade of C or better in ENG101 or ENG107.	LEC 3.0 3.0 3.0
AIS140	American Indian History	Survey of American Indian history with emphasis on the last 200 years including developments in the 20th century. Focuses on selected groups such as the Cherokee, Iroquois Confederation, Navajo, Sioux and Indians of the Southwest in relation to cultural, economic, political and social continuity and changes. Topics include development and influence of federal policies, past and present issues confronting Native Americans and how Native American individuals and communities maintain their identities as they confront social changes	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS141	Sovereign Indian Nations	Explores the sovereign status of American Indians as it relates to social relationships, traditions, and culture of American Indians. Reviews historic relations with non-Indian societies, the development of federal Indian law, tribal governments and their functions. Examines treaty rights, environmental issues, public policy, economic	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		development, other current issues, and contemporary social problems		
AIS160	American Indian Law	Analyzes the legal system of the United States Government as it applies to American Indian Nations. Examines how United States legal institutions have impacted Indian sovereignty. Units of analysis include the development of Indian law, United States Supreme Court decisions, Congressional Acts, treaty rights and the development of tribal governments. Focuses on legal institutions that have abridged the property rights of Indian Nations.	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS170	American Indian History of the Southwest	Covers history of Indian peoples in the southwestern United States from pre-Columbian era to the present. Includes historical events, the development and implementation of Spanish-Mexican and United States' policies and their impact on Indian peoples in these areas, and current issues of importance to Indian peoples	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS201	Indigenous Nation Building	Discussion of the relationship between general management issues and their specific application to tribal government situations. Special consideration given to application of management theory and to the unique status and situation of tribal governments.	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

AIS203	Fundamentals of Economic Development for Indigenous Nations	Provides a practical understanding of the economic development process. Examines ways in which development can be initiated and financed. Focuses on how budget systems can be used as management tools. Reviews fundamentals of proposal writing and budget management for grants.	Prerequisites: None.	LEC 3.0 3.0 3.0
AIS213	American Indian Religions	An examination of the historical and cultural background of diverse lifeways and worldviews belonging to the peoples indigenous to the North American continent over time, including a study of modern day American Indian beliefs and practices.	Prerequisites: A grade of C or better in ENG101, or ENG107, or equivalent.	LEC 3.0 3.0 3.0
AIS282AA	Volunteerism for Indigenous Studies	Service-learning field experience within private/public agencies, educational institutions, and citizen volunteer groups.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0

		development. COMMON COMPETENCY COURSE		
AIT100	Industrial Safety	Safety requirements for all National Institute for Metalworking Skills (NIMS) duty areas.	Prerequisites: None.	LEC 1.0 1.0 1.0
AIT105	Maintenance Operations	Overview of the area of maintenance operations of a manufacturing facility. Preparation to sit for the NIMS Duty Area 1: Maintenance Operations Certification Exam.	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT110	Mechanical Systems	Overview of the area of basic mechanical systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 2: Basic Mechanical Systems Certification Exam.	Prerequisite: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT115	Hydraulic Systems	Overview of the NIMS areas of hydraulic systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 3: Basic Hydraulic Systems Certification Exam.	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT120	Pneumatic Systems	Overview of the NIMS areas of pneumatic systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 4: Pneumatic Systems Certification Exam.	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT123	J-STD Soldering Certification	This course will prepare the successful student to receive the "Certified IPC Specialist" (CIS) certification from The Institute for Interconnecting and Packaging Electronic Circuits (IPC) in "Requirements for Soldered Electrical and Electronic Assemblies" (IPC J-	Prerequisites: Permission of Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		STD-001). Topics covered and skills to be demonstrated are: soldered wires and terminals, through hole connections, surface mount components, and inspection. Certification is verified by a certified IPC trainer (CIT).		
AIT124	Composites	Basic composite materials, construction, and repair. Manufacturing methods and equipment. Assessment and repair of composite structures using vacuum bagging and other approved procedures. Corrosion control, electrical bonding, materials substitutions, machining of composite components, mold fabrication. Hot bond repair of composite components including complex shapes and varied materials.	Prerequisites: None.	L+L 3.0 4.0 4.0
AIT125	Electrical Systems 1	Overview of the area of electrical systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 5: Electrical Systems Certification Exam.	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT128	A-620 Cable and Wire Harness Assembly Certification	This course will prepare the successful student to receive the "Certified IPC Specialist" (CIS) certification from The Institute for Interconnecting and Packaging Electronic Circuits (IPC)/Wire Harness Manufacturer's Association (WHMA) in "Requirements and Acceptance for	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		Cable and Wire Harness Assemblies" (IPC/WHMA-A-620 Certification). Topics covered and skills to be demonstrated are: soldered terminations, crimp terminations, insulation displacement terminations (IDC), splices, connectorization, marking/labeling, coaxial cable assemblies, electrical shielding, wire marking and labeling, and testing methodologies. Certification is verified by a certified IPC trainer (CIT).		
AIT130	Maintenance Piping	Overview of the area of maintenance of piping systems for manufacturing or industrial facilities. Preparation to sit for the NIMS Duty Area 9: Maintenance Piping Certification Exam.	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT205	Electronic Control Systems 1	Overview of the area of Electronic Control Systems 1 of a manufacturing or industrial facility. Preparation to sit for the NIMS Duty Area 6: Electronic Control Systems Certification Exam.	Prerequisites: A grade of C or better in AIT125, or permission of Instructor.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT210	Electronic Control Systems 2	Overview of the area of Electronic Control Systems 2 of a manufacturing and industrial facility. Preparation to sit for the NIMS Duty Area 6: Electronic Control Systems Certification Exam.	Prerequisites: A grade of C or better in AIT205, or permission of Instructor or Corequisites: AIT205.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT215	Process Control Systems	Overview of the area of Process Control Systems of a manufacturing or industrial facility. Preparation to sit for	Prerequisites: A grade of C or better in	LEC 4.0 2.0 2.0 LAB 0.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		the NIMS Duty Area 7: Process Control Systems Certification Exam.	AIT125, or permission of Instructor.	
AIT225	Electrical Systems 2	Overview of the area of electrical systems of a manufacturing facility. Preparation to sit for the NIMS Duty Area 5: Electrical Systems Certification Exam.	Prerequisites: A grade of C or better in AIT125, or permission of Instructor.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT250	Automated Industrial Technology Capstone	An examination of the integration of mechanical, hydraulic, pneumatic, electrical, piping, electronic control, and process control systems. Experience in designing, building, maintaining, troubleshooting, and repairing such integrated systems will be gained.	Prerequisites: A grade of C or better in AIT225, or permission of Instructor or Corequisites: AIT225.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
AIT270	Robotics I	Fundamental principles of working safely with robots, and applications and trends in industrial robotics. Includes types of robots, axes and coordinate systems, programming and operating robots. Incorporates end effectors and collaborative robots.	Prerequisites: A grade of C or better in AIT100.	LEC 3.0 2.0 2.0 LAB 0.0 2.0 2.0
AIT275	Robotics II	Intermediate principles of working safely with robots; robot auxiliary, subsystems, and components. Includes robot maintenance, troubleshooting and repair. Integrates a basic robot design project.	Prerequisites: A grade of C or better in AIT270.	LEC 3.0 2.0 2.0 LAB 0.0 2.0 2.0
AIT276	Robotics Operations and Programming	This course is intended for an operator, technician, or programmer who must setup, record and/or troubleshoot programs on a Handling Tool software package. The course	Prerequisites: A grade of C or better in (ATP190, ATP201, and ATP205) or permission of Instructor.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		covers the Robot Operations intermixed with the tasks required to set up the Handling Tool application, test run, and refine the program and production setup.		
AIT291	Automated Industrial Technology Internship	Supervised work experience in production environments. Includes experiences in maintenance, troubleshooting, repair of production environment and specific manufacturing processes. Also includes experiences in problem solving; working as a team; soft skills; time and resource management; and exposure to specific manufacturing processes.	Prerequisites: A grade of C or better in AIT225, or permission of Instructor or Corequisites: AIT225.	LAB 3.0 6.0 0.0
AJS100	Police Academy Preparation	Preparation for individuals entering a police academy as well for those who are in the beginning stages of preparing for a career in law enforcement. Includes principles of policing and job responsibilities. Covers expectations of recruits in the areas of academics, physical fitness, mental and emotional preparation. Emphasis on professional and ethical behavior.	Prerequisites: None.	LEC 2.0 2.0 2.0
AJS101	Introduction to Criminal Justice	An introduction to crime and society's responses to it. Examines the nature and causes of crime, the criminal law, constitutional safeguards, and the organization and operation of the criminal justice system including the	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		police, courts, jails, prisons, probation and parole departments, and community corrections agencies. Covers the history of the criminal justice system, terminology and career opportunities.		
AJS107	Patrol Procedures	Specialized areas of the patrol function, including responding to crowds, riots, bomb threats, intoxication, hazardous materials, fires, and domestic disputes. Partially fulfills Arizona POST (Peace Officer Standards and Training) requirements for proficiency skills academy attendance	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS109	Substantive Criminal Law	Covers philosophy of legal sanctions and historical development from the common law to modern American criminal law, classifications of crimes, elements of and parties to crimes, general definition of crimes, common defenses utilized. Includes specific offenses and the essential elements of each offense.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS110	Law and Legal Review I	In-depth study of the Arizona laws governing arrest by peace officers, as well as, an intensive study of the Arizona substantive criminal law code (ARS Title 13). Focuses on specific sections of ARS Title 4 and ARS Title 8, as they apply to peace officers in Arizona. Partially fulfills the Arizona POST (Peace Officer Standard and	Prerequisites: None. **2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		Training) Board requirements for Proficiency Skills Academy attendance		
AJS112	Wellness for Law Enforcement Officers	The value of physical fitness in law enforcement and the basic elements of strength training, aerobic conditioning, flexibility, nutrition, and back injury prevention	Prerequisites: None.	L+L 3.0 3.0 3.0
AJS113	Criminal Justice Crime Control Policies and Practices	Focus on changing the distribution of crime opportunities rather than offender motivation. Topics include application of situational crime prevention strategies, problem-oriented crime control approaches, hot spots policing, defensible space, and crime prevention through defensible space.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS115	Community Emergency Response Team (CERT): Level I	Basic skills, including instruction in teamwork and disaster simulations, needed to help oneself, family, and neighbors in the event of a community disaster in accordance with the Federal Emergency Management Agency (FEMA) guidelines.	Prerequisites: None.	LEC 1.5 1.5 1.5
AJS116	Crime Prevention	Examines the principles and skills associated with crime prevention. Analyzes the appropriate techniques and strategies police agencies use to operate crime prevention programs.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS119	Computer Applications in Justice Studies	Provides literacy in microcomputer applications in major areas of the criminal justice system. Examines availability and uses of current	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		software packages in criminal justice work. Provides hands-on experience with appropriate integrated software packages pertaining to justice studies.		
AJS123	Ethics and the Administration of Justice	Introduces and explores ethical issues and the justice system. Focuses on ethics and the law, the police, courts and corrections. Reviews ethical theory, concepts and practices as they relate to administration of justice. Explores issues of how media/social media shape ethics. Encourages critical thinking and value decision making in criminal justice system situations.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS124	Correctional Institutions	An examination of correctional institutions with an emphasis on personnel and security measures, care and treatment programs and institutional planning. The criminal justice system and matters of custody and treatment. Inmate subcultures, and organized crime in correctional institutions and jails	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS131	Police Management Techniques I	Police supervisory techniques for planning, organization, coordination, reporting, budgeting and handling related personnel problems	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS132	Police Management Techniques II	Management of police personnel including selections procedures, disciplinary practices, public relations, elements of supervision, service	Prerequisites: A grade of C or better in AJS131 or permission of Instructor.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		ratings, recruiting and probation, and related personnel problems		
AJS137	Public Safety Dispatcher: Basic	Designed to provide in-depth orientation and standardized training of public safety dispatchers within the law enforcement community and familiarize the student with the skills and information important to functioning in a competent, ethical, and professional manner.	Prerequisites: None.	LEC 5.0 5.0 5.0
AJS139	Emergency Response to Terrorism	Fundamentals of emergency response to suspected terrorist events. Historical perspective of terrorist activities and methods by which responders can identify and protect themselves and the public from these threats. Coordination of responding agencies.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS140AA	Patrol Rifle Concepts	Pre-law enforcement employment course relating to how rifles are used in the patrol function	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS145	Criminal Justice System Experiences	Examines the purpose, organization, operation, and employment opportunities of various criminal justice agencies including police departments, crime labs, morgues, courts, juvenile detention facilities, jails, prisons, parole boards, and halfway houses. Includes tours of a variety of criminal justice facilities	Prerequisites: None.	L+L 3.0 3.0 3.0
AJS147	Emergency Preparedness	Emergency preparedness related to natural and manmade disasters. Planning concepts and the planning process; awareness and education	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		programs and strategies for the general community as well as business and industries.		
AJS148	Fundamentals of Emergency Management	Emergency management systems including career opportunities, function, tasks and responsibilities of the emergency management program manager, role of the emergency manager in mitigation, preparedness, response, and recovery. Past civil defense and current emergency management systems since evolution from World War II.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS149	Hazard Mitigation	Knowledge and skills required to develop programs to reduce losses from future disasters, emergencies, and other extreme events caused by natural and man-made hazards.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS150	Defensive Tactics	Skills in the protection against persons armed with dangerous and deadly weapons, demonstration and drill in a limited number of holds and come-alongs, and restraint of prisoners and the mentally ill.	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS151	Firearms I	Moral aspects, legal provisions, safety precautions and restrictions covering the use of firearms, and the firing of sidearms.	Prerequisites: None.	L+L 1.0 1.0 1.0
AJS152	First Aid	Methods for providing emergency medical care to victims of accidents or illness and related safeguards. Includes legal and civil issues, basic functions and major organs of the	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		human body, injury management, resuscitation, movement and extrication of victims		
AJS153	Firearms II/Handguns	Advanced familiarization with handguns. Variations of basic shooting stance. Legal and moral repercussions of self-defense. Includes range practice.	Prerequisites: A grade of C or better in AJS151 or equivalent certified firearms training as reviewed by the Department.	L+L 1.0 1.0 1.0
AJS154	Firearms III/Long Weapons	Familiarization with different types of long weapons and associated ammunition. Emphasis on safety techniques for use and storage of weapons. Limited use of range for practice	Prerequisites: None.	L+L 1.0 1.0 1.0
AJS155	Concealed Weapons Carry	Training in safe handling and use of handguns. Examines legal provisions related to carrying a concealed weapon; legal and moral implications of self-defense	Prerequisites: None.	L+L 2.0 2.0 2.0
AJS156	Home and Vehicle Personal Defense	Development of personal safety plans, confrontation avoidance, and effective self-defense tactics. Legal and safe use of firearms. Includes range practice	Prerequisites: A grade of C or better in AJS151 or permission of Instructor.	L+L 1.0 1.0 1.0
AJS162	Domestic Violence	Explores domestic violence as a social problem within the United States from historical, cultural, political, legal, and law enforcement perspectives. Provides an overview of theories, definitions and causes of, and interventions for domestic violence involving spousal, elder and child abuse along with teen dating violence.	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		Examines the dynamics and effects of domestic violence. Addresses research issues and contemporary domestic violence policy		
AJS170	Fire and Arson Investigation for Law Enforcement	An examination of fire and arson investigative techniques along with the motives and pathology of the arsonist and the chemistry of fire. Other topics include documenting the scene, evidence, eliminating accidental causes and surveillance.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS191	Hate Crimes	Explores the causes, incidence rates and forms of hate crimes in the United States and other countries. Studies hate crime laws and the Constitution. Examines the impact of hate crimes on society, culture and the law. Considers societal responses to combat and prevent hate crimes	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS192	Serial Killers and Mass Murderers	The study of serial killers, mass murderers and their victims. Examines the history and frequency of these crimes, profiles the killers and their victims, explores theories of causation, and discusses the problems and techniques of investigation, prosecution, punishment, and prevention	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS195	International and Domestic Terrorism	An overview of the history, structure, goals, and activities of domestic and international terrorist groups. Explores theories explaining terrorism and reviews methods used to combat it	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

AJS198AB	Special Topics in the Administration of Justice	Explores special topics related to the administration of justice with an emphasis on current issues	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS198AF	Special Topics in the Administration of Justice	Explores special topics related to the administration of justice with an emphasis on current issues	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS200	Current Issues in Criminal Justice	Examines current issues, techniques and trends in the Criminal Justice System.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS201	Rules of Evidence	A practical insight into the rules of evidence to include how to recognize evidence: the general rules governing admissibility of evidence; the hearsay rule and its exceptions; the use of documentary evidence, written memoranda, photographs, recordings and electronic surveillance; corpus delicti; opinion evidence, circumstantial evidence, evidential privileges.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS205	Effective Communication and Report Writing in Criminal Justice	Overview of effective communication for criminal justice agencies. Covers the communication process and flow. Written communication emphasized with report writing, including characteristics of reports and field notes, and the importance and uses of each. Form, style, and procedures for writing various reports, including elements of composition, required substance, proper and improper conclusions, and descriptions of persons and property.	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

AJS210	Constitutional Law	An examination of the U.S. Constitution as it relates to the law enforcement function. Includes statutory law and judicial decisions governing the areas of arrest, search and seizure, interrogations and confessions, self-incrimination and other constitutional guarantees. Required in AJS curriculum	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS211	Police Planning	An analysis of the process of planning, and a descriptive study of logical and systematic approaches to strategic, short-range, operational, organizational and tactical planning within a law enforcement organization	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS212	Juvenile Justice Procedures	Examines the nature and extent of juvenile delinquency to the present. Including but not limited to the history, jurisdictions, terminology, procedures, and institutions of the juvenile justice system.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS213	Evidence Technology/Fingerprints	Fundamental principles and processes of fingerprints to include identification, interpretation, and classification. In addition, students will apply fingerprinting latent fingerprint developing, preservation of evidence and the chain of custody.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS213AB	Fingerprint Classification I	Identification of typelines, deltas, and cores. Rules for classification of loops, whorls, and arches.	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS214	Evidence Technology/Photography	The use of photography and other aids in identification and preservation of	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		evidence such as fingerprints, footprints and impressions. Techniques in crime scene and traffic accident photography		
AJS215	Criminalistics: Physical Evidence	The scientific analysis and examination of physical evidence with emphasis on scientific investigation, recognition, collection, and preservation of evidence. Topics include fingerprints, shoe prints, tool marks, firearms identification, paint chips and arson	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS216	Criminalistics: Biological Evidence	The scientific analysis and examination of biological evidence with emphasis on collection and preservation of evidence. Topics discussed include blood, drugs, blood alcohol, hairs and fibers, and topics of special interest in criminalistics	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS217	Court Procedures	Study of procedures practiced by courts of general and original jurisdiction. Extensive use of mock and moot trial methods used to prepare students in legal research, case preparation and presentation, and adversary hearings.	Prerequisites: None.	L+L 3.0 3.0 3.0
AJS218	Special Investigations: Drugs	Advanced course in the specialized investigation area of drug enforcement. Emphasis on the pharmacological properties of abused drugs, field testing, evidence requirements and specialized investigation techniques utilized in	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		narcotic and dangerous drug investigations		
AJS219	Crime Scene Technology: Physical Evidence	Scientific analysis and examination of physical evidence with emphasis on scientific investigation, recognition, collection, and preservation of evidence. Fingerprints, shoe prints, tool marks, firearms identification, paint chips and arson	Prerequisites: None.	L+L 3.0 3.0 3.0
AJS220	Transnational Organized Crime	The study of organized crime on a domestic and global scale. Examines the history, structure, and activities of domestic and transnational organized crime groups. Explores domestic and global responses to transnational organized crime, along with accompanying challenges and future implications.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS223	Forensic Pathology: Death Investigation	An examination of the medical investigation of sudden, unnatural, unexplained or violent deaths. Explains the legal and medical roles of death investigators and medical examiners. Additional topics include the autopsy, documenting and evaluating the body, routine and special investigative techniques, and death event reconstruction.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS225	Criminology	Study of deviance, society's role in defining behavior; theories of criminality and the economic, social, and psychological impact of crime; relationships between statistics and	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		crime trends. Examines crime victimization and the various types of crime and categories of offenders. Required in the AJS curriculum		
AJS230	The Police Function	Theories of procedures and methods of operations of public police with emphasis on discretionary powers available to the working police officer. Career opportunities and current trends in law enforcement presented	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS240	The Correction Function	Examines the history and development of correctional theories and institutions	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS241	Police Photography	Emphasis on proper procedure for photographing crime scenes, accident scenes, and laboratory specimens. Discussion of photographic techniques, equipment, lighting techniques, aerial photography, video and motion pictures, macro and micro photography, filters, and preparation for court presentation using selected simulations	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS243	Crime Scene Reconstruction	Examines techniques used to reconstruct the physical actions that occurred at a crime or accident scene. Involves the use of physical, testimonial, and documentary evidence, knowledge of criminal modus operandi and the scientific method, including deductive and inductive logic. Includes analysis of case studies.	Prerequisites: A grade of C or better in AJS215 or AJS216 or AJS219 or AJS275 or FOR105 or permission of Instructor.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

AJS255	The Criminal Justice System Handling of the Mentally Ill	An introduction to methods police, court and correctional personnel employ specific to the mentally ill. Covers various types of mental illnesses, police emergency responses, how criminal and civil courts deal with the mentally ill, diversion programs and the correctional response both within the community and under confinement.	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS256	Law Enforcement Firearm Instructor	A train the trainer course for police firearm instructors. Covers instructional techniques for the pistol, revolver, and shotgun.	Prerequisites: AzPost (Peace Officer Standard and Training) Certified Police General Instructor or permission of Department or Division.	LEC 5.0 5.0 5.0
AJS256AA	Law Enforcement Patrol Rifle Instructor	Techniques on proper manipulation and marksmanship skills needed by a patrol officer/deputy in the use of the patrol rifle, and techniques of teaching those skills to other officers/deputies.	Prerequisites: AzPOST (Peace Officer Standard and Training) certified law enforcement firearms instructor or permission of Instructor.	LEC 3.0 3.0 3.0
AJS258	Victimology and Crisis Management	Victimology, the criminal justice system, techniques of crisis intervention, and the importance of a multicultural and global perspective. Includes sexual assault, family violence, post-traumatic stress disorder, the role of substance abuse, effective coping skills, appropriate	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		community resources and the responsiveness of the justice system.		
AJS260	Procedural Criminal Law	Concerned with the understanding of procedural criminal law. Examines the rationale underlying major court holdings, the procedural requirements that stem from these holdings, and their effect on the daily operations of the criminal justice system	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS269AA	Internship	Supervised field training for preservice administration of justice students. Maximum of three (3) credit hours allowed in program	Student sponsored by governmental enforcement agency and permission of Department or Division.	LAB 1.0 5.0 0.0
AJS269AB	Internship	Supervised field training for preservice administration of justice students. Maximum of three (3) credit hours allowed in program	Student sponsored by governmental enforcement agency and permission of Department or Division.	LAB 2.0 10.0 0.0
AJS269AC	Internship	Supervised field training for preservice administration of justice students. Maximum of three (3) credit hours allowed in program	Student sponsored by governmental enforcement agency and permission of Department or Division.	LAB 3.0 15.0 0.0
AJS270	Community Relations	Examination, recognition and understanding of community problems; community action programs; methods of coping with human behavior, victimology, conflict and communication; ethnic and minority cultures and environments; the community and relationships with the criminal justice system	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

AJS275	Criminal Investigation I	Introduction to the theory of criminal investigation. Examines crime scene procedures, case preparation, interviewing, and basic investigative techniques	Prerequisites: None.	LEC 3.0 3.0 3.0
AJS276	Terrorism Liaison	Provides knowledge and skills required for the Terrorism Liaison Officer (TLO) role to coordinate and communicate with various fire, police, and military agencies in managing threat vulnerability and other emergency disasters.	Prerequisites: Permission of Program Director.	L+L 4.0 4.0 4.0
AJS277	Threat Vulnerability Assessment	Provides a historical perspective of threats and the activities and methods used by first responders to identify and mitigate future threats. Introduces and examines threat vulnerability of critical infrastructure within jurisdictions. Provides assessment techniques for responding agencies.	Prerequisites: Permission of Program Director.	L+L 1.0 1.0 1.0
AJS282AA	Service-Learning Experience in Administration of Justice Studies	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
AJS282AB	Service-Learning Experience in Administration of Justice Studies	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0
AJS282AC	Service-Learning Experience Administration of Justice Studies	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 3.0 3.0 0.0
AJS290AH	Use of Force	Examines issues related to the use of force by and against police officers. Explores police use of force decision-making options. Reviews recent	Prerequisites: Permission of Department or Division.	L+L 0.5 0.5 0.5

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		changes in Arizona law relative to police officers		
AJS290AI	Theories of Criminal Behavior	Theories of human behavior and crime. Biological, sociological, and psychological approaches to the theories of criminal behavior	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290AU	Child Abuse Investigation	Definition and investigation of the causes and effects of child abuse	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290AW	Narcotics and Dangerous Drugs	Pharmacological effects of the use and abuse of drugs, including a description of common abuse patterns and investigative techniques used in the enforcement of drug laws	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290AZ	Police Interrogation Techniques	Proper interview and interrogation techniques, including a discussion of the constitutional rights of the defendant and applicable court decisions	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BB	Police Report Writing	Writing clear, concise, and accurate reports with an emphasis on sentence and paragraph construction, grammar, and punctuation	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BE	Probation and Parole	Current issues in probation and parole, including sentencing, parole revocation, and administrative procedure	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BH	Sex Crimes Investigation	Investigative procedures employed by the police and courtroom procedures utilized by the prosecuting attorney in sex-related crimes	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BJ	Accident Investigation I	Skills and concepts necessary to conduct an adequate traffic accident investigation	Prerequisites: None.	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

AJS290BN	Courtroom Testimony Seminar	Courtroom demeanor and protocol. Role and primary functions of witness and legal counsels	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BU	Family Violence	Family violence issues as they relate to the criminal justice response	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS290BV	Victim Assistance	An overview of victim issues emphasizing strategies used to reduce the trauma associated with crime. Includes description of counseling methods, referral procedures, intervention techniques, and community resources	Prerequisites: None.	LEC 1.0 1.0 1.0
AJS296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. COMMON COMPETENCY COURSE	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor. 		for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. <b>COMMON COMPETENCY COURSE</b>		
AMT124	Aircraft Forms and Regulations, Weight and Balance, Drawings, and Ground Operations	Federal Aviation maintenance publications, forms and records. Overview of technician’s privileges and limitations. Perform aircraft weight and balance, aircraft ground operations and fuel servicing techniques. Drawings, symbols and schematic diagrams.	Prerequisites: Admission to the Aircraft Maintenance Technology program.	L+L 5.0 9.0 9.0
AMT126	Fundamentals of Mathematics and Electricity	Mathematical computation of fundamental electrical circuit parameters. Basic definitions, laws, and concepts. Schematic, wiring, and parts placement diagrams. Test and troubleshoot electrical and electronic components and circuits.	Prerequisites: Admission to the Aircraft Maintenance Technology program.	L+L 9.0 12.0 12.0
AMT128	Fundamentals of Aviation Physics, Corrosion Control, Materials and Processes, Fluid Lines and Fittin	Basic concepts of motion, fluid dynamics, heat and sound, aerodynamics, aircraft structure and theory of flight. Fluid lines and fittings, component identification, function, inspection, and installation. Cleaning and corrosion control, materials and processes, non-destructive testing, and precision measurement techniques.	Prerequisites: Admission to the Aircraft Maintenance Technology program.	L+L 5.0 9.0 9.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

AMT220	Fundamentals of Aircraft Wood Structures, Covering and Finishing, and Bonded Structures	Theories and techniques of aircraft wood structures. Inspection, test and repair of aircraft fabric and wood structures. Aircraft structural design and methods of working with selected materials. Characteristics of composites, inspections and repairs	Admission to the program.	L+L 3.0 6.0 6.0
AMT222	Atmosphere Control, Fire Detection, Ice and Rain Protection Systems	Operation and maintenance of aircraft auxiliary systems. Inspection, servicing, troubleshooting and repair of environmental control, ice and rain control, fire protection and warning systems	Admission to the program.	L+L 4.0 6.0 6.0
AMT224	Aircraft Sheet Metal	Inspection, fabrication, and repair techniques of aircraft structural and nonstructural components. Sheet metal heat-treating techniques	Admission to the program.	L+L 5.0 11.0 11.0
AMT226	Aircraft Landing Gear, Hydraulic, Pneumatic, Fuel, Position and Warning Systems	Identification, inspection, repair, and troubleshooting techniques of aircraft landing gear, hydraulic, fuel, pneumatic, and position and warning system components	Admission to the program.	L+L 7.0 12.0 12.0
AMT228	Aircraft Electrical Systems, Instruments, Fuel Indicating, Communication and Navigation Systems	Proper operation, inspection, servicing and troubleshooting of DC(Direct Current) and AC(Alternating Current) sources, systems, and components. Mechanical and electrical sensing and information display systems. Fuel indicator system inspections, repairs, and troubleshooting. Transmitter and receiver fundamentals. Avionics installation, inspection and testing	Admission to the program.	L+L 7.0 12.0 12.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

AMT230	Airframe Assembly, Inspection and Welding	Aircraft assembly and rigging. Flight control balancing and rigging. Airframe inspection techniques, reporting procedures, and aircraft jacking. Welding techniques, theory, and materials identification	Admission to the program.	L+L 6.0 11.0 11.0
AMT263	Aircraft Turbine Engines	Historical development and application of turbine engines. Theory of thrust and the design and environmental factors which influence thrust. Turbine engine troubleshooting, inspection, service, repair and overhaul. Operational characteristics and engine test techniques on the aircraft and in test cells	Admission to the program.	L+L 5.0 9.0 9.0
AMT264	Aircraft Reciprocating Engines	Historical development and application of reciprocating engines, theory, design, and operations. Techniques used in troubleshooting, overhaul, inspection, and repair of opposed and radial engines	Admission to the program.	L+L 7.0 11.0 11.0
AMT266	Engine Fuel Systems, Fuel Metering and Induction System	Inspection, servicing, troubleshooting, overhaul, and repair of aircraft fuel systems and components, fuel metering devices, injection systems, turbochargers, and superchargers. Induction system principles of operation and design	Admission to the program.	L+L 6.0 9.0 9.0
AMT268	Engine Electrical, Ignition and Starter Systems	Inspect, service, troubleshoot, overhaul, and repair of engine electrical, ignition, starter systems, and components	Admission to the program.	L+L 6.0 12.0 12.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

AMT270	Engine Instruments, Fire Protection and Lubrication, Cooling and Exhaust Systems	Operation, maintenance, servicing, inspection, repair, and troubleshooting of engine instruments, fire detection and extinguishing, engine lubrication, cooling, and exhaust systems	Admission to the program.	L+L 5.0 8.0 8.0
AMT272	Propeller Systems and Engine Inspections	Historical development, operation, disassembly, inspection, repair, and maintenance of propellers. Reciprocating and turbine engine inspection and documentation	Admission to the program.	L+L 4.0 8.0 8.0

ARC100	Introduction to Environmental Design	A survey of design through historical evaluation of built environments and works of well-known architects. Principles, concepts, and skills associated with designs of actual and imagined ideas and things. Emphasis on social, technical, environmental, and theoretical forces that impacts design	Prerequisites: None.	L+L 3.0 6.0 6.0
ARC101	Introduction to Western Architecture	Survey of Western Architecture from prehistory to current times. Includes social and philosophical factors shaping predominant styles and theory across the periods.	Prerequisites: None.	LEC 3.0 3.0 3.0
ARC120	Design Fundamentals I	An introduction to architectural drawing and graphic representation methods. Using architectural drawings and graphic representations as	Prerequisites: None.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		visualization, and problem-solving methods. Emphasis on visual communication, and the application and development of the visual design via process as well as product.		
ARC121	Introduction to Architectural Drafting: Manual	Emphasis on basic techniques and principles of manual architectural drafting. Includes hand lettering, line work, dimensioning, multi-view projection, work in plan, section, and elevation views, design standards, wall details, office procedures, and portfolio development	Prerequisites: None.	L+L 3.0 6.0 6.0
ARC140	Rendering and Portfolio Development	Two-dimensional and three-dimensional drawings and rendering methods, including freehand and/or use of drawing tools for presentation of ideas. Techniques for use of pencil, ink, and colors. Professional formatting of portfolios	Prerequisites: None.	L+L 3.0 6.0 6.0
ARC141	Architectural CAD I: Introduction	Introduction to Computer Aided Drafting (CAD) for Architecture, Interior Design, and related professions using AutoCAD software. Includes basic operational systems, drawing set-ups, architectural formats, and two-dimensional drawing. Editing commands, annotation, and plotting for the industry also included.	Prerequisites: None.	L+L 3.0 6.0 6.0
ARC142	Architectural CAD II: Plans and Elevations	Computer Aided Drafting (CAD) instruction directed to the creation of fully annotated plan, elevation, and schematic section views including	Prerequisites: A grade of C or better in ARC141 or permission of Instructor.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		dimensions, notes, symbols, and schedules. Introduction to three-dimensional (3D) CAD using SketchUp.		
ARC143	Architectural CAD: Extended Study	Reinforcement and extended study of basic two-dimensional computer aided drafting (CAD) skills for Architecture, Interior Design, and related professions using AutoCAD software. Includes sending/receiving drawing files on web; templates/set-ups; dimension/text formats; sheet management; external referencing, design center, basic/extended drawing and editing commands, and plotting.	Prerequisites: A grade of C or better in ARC141 or permission of Instructor.	L+L 3.0 6.0 6.0
ARC146	Architectural Print Reading	Analysis and interpretation of architectural working drawings including written specifications and drawings prepared by consulting engineers.	Prerequisites: None.	L+L 3.0 3.0 3.0
ARC148	Methods and Materials of Construction	Modern methods of construction and materials for residential, multiple, and commercial building, including the four types of structures used: wood, concrete, steel and masonry. Methods of assembly and how different materials can be used to create desired designs. Requirements of most recent building codes and the F.H.A. standards	Prerequisites: None.	LEC 3.0 3.0 3.0
ARC150	Architectural Desktop I	Residential construction drawing using Architectural Desktop (ADT). Includes preliminary workspace	Prerequisites: A grade of C or better in CON130 or permission	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		setups, configuration procedures, modules operations, and on screen menus applicable for producing components of a building model.	of Department or Division.	
ARC160	Site Planning	Emphasis on the basic art of site planning, using professional design techniques and principles of architecture to develop site plans. Selection of materials, awareness of problems, and emphasis on the production of site plan drawings using board and/or computer aided drafting (CAD) skills.	Prerequisites: A grade of C or better in DFT122 or permission of Program Director.	L+L 3.0 6.0 6.0
ARC161	Residential Architectural Drafting	Basics of residential drafting and documentation topics and techniques. Includes preliminary planning and preparation for residential documentation; use of the local building codes and standards; complete drawing and annotation of a floor plan, reflected ceiling plan, roof plan, a building sections, framing plan, and exterior elevations.	Prerequisites: A grade of C or better in CON130 or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC162	Advanced Residential Architectural Drafting	Advanced residential drafting and documentation topics and techniques. Includes site orientation, layout and legal description; window and door schedules; interior elevation of kitchen and bath rooms; advanced instruction on framing and structural detail methods; foundation systems, support and layout; and other needed residential details and layouts.	Prerequisites: A grade of C or better in ARC161 and CON230 or permission of Department or Division.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ARC163	Commercial Architectural Drafting	Fundamental commercial drafting and documentation topics and techniques. Includes preliminary planning and preparation for commercial documentation; use of the local building codes and standards; building methods and materials of commercial structures; complete drawing and annotation of a floor plan, reflected ceiling plan, roof plan, building sections, and exterior elevations.	Prerequisites: A grade of C or better in CON130 or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC164	Advanced Commercial Architectural Drafting	Further development of advanced commercial drafting and documentation topics and techniques. Covers commercial building materials and methods, specifications, land drawings, foundation plans, interior elevations, and more details specific to commercial buildings.	Prerequisites: A grade of C or better in (ARC163 and CON130) or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC165	Introduction to Architecture Professional Practice and Ethics	Professional, legal, and ethical issues in architecture practice and services. Includes marketing issues, communications, standards, insurance and bonds, agreements, contracts and contractors, standard American Institute of Architecture (AIA) forms and conditions, selection of contractors, and bidding procedures	Prerequisites: None.	LEC 3.0 3.0 3.0
ARC201	Architectural History: Prehistory to Rococo	In depth analysis of Western Architecture from Prehistory to 1730. Includes social, religious, political, philosophical, scientific, and environmental factors shaping	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		predominant styles of the historical periods.		
ARC202	Architectural History: Modern Architecture	In-depth analysis of Western Architecture from the Industrial Revolution to current times. Includes social factors, theory, and polemics shaping predominant styles of the modern periods.	Prerequisites: None.	LEC 3.0 3.0 3.0
ARC225	Fundamentals of Architectural Detailing	Introduction to construction /architecture detailing. Examines functional, construction-related, and aesthetic applications of detailing.	Prerequisites: A grade of C or better in CON130 or CON252 or permission of Department or Division.	LEC 3.0 3.0 3.0
ARC226	Advanced Architectural Detailing	Advanced methods of detailing major construction materials such as wood, steel, and concrete, ranging from simple residential to more complicated commercial structures. Includes detailing foundations, exterior and interior walls, roof and ceiling areas.	Prerequisites: A grade of C or better in CON130 or CON252 or permission of Department or Division.	LEC 3.0 3.0 3.0
ARC243	Architectural CAD III: Site Plans and Sections	Computer-aided drafting (CAD-based) instruction directed to the creation of fully annotated site plans and sectional views. Development of professional quality site plans, wall sections, and building sections working from given residential and commercial layouts. Assignments incorporate applicable codes, construction materials and methods and office practices typical to the local area.	Prerequisites: A grade of C or better in ARC142 or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC244	Architectural CAD IV: Structural Systems	CAD-based(Computer-Aided Drafting) instruction for layout and	Prerequisites: A grade of C or better in	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		completion of fully annotated structural drawings. Focuses on working from residential and commercial layouts to develop professional quality roof, roof framing, floor framing and foundation plans. Emphasis on the use of applicable codes, construction materials and methods, and office practices typical to the local area	ARC142 or permission of Department or Division.	
ARC245	Architectural CAD V: Mechanical and Electrical Systems	CAD-based(Computer-Aided Drafting) instruction for layout and completion of fully annotated building systems drawings. Focuses on working from residential and commercial layouts to develop professional quality Electrical, Mechanical(HVAC), Plumbing and Reflected Ceiling plans. Emphasis on the use of applicable codes, construction materials and methods, and office practices typical to the local area	Prerequisites: A grade of C or better in ARC142 or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC246	Architectural CAD VI: Construction Details	Typical southwestern construction systems and details. Creation of personal standard detail files for wood frame, concrete masonry, and other specialized construction systems.	Prerequisites: A grade of C or better in ARC243 or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC250	Basic Revit	Basic skills required to complete architectural drawings with Revit software; simplified overview of the software program and operations gained through completing typical	Prerequisites: None. ARC141, or previous AutoCAD/industry experience recommended.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		plan, elevation, sectional, and 3D views, using generic walls and related components.		
ARC251	Intermediate Revit	Comprehensive use of Revit Design Development tools through the development of 3-D model(s) in working drawing and rendered formats. Includes completing a set of construction documents from creating walls, incorporating doors, windows, floor, stairs, etc., to adding views and annotation to various sheets and coordinating those sheets within the finished set.	Prerequisites: None. ARC250 or previous architectural and CAD experience strongly recommended.	L+L 3.0 6.0 6.0
ARC252	Advanced Revit	Advanced applications and use of REVIT architectural software in completing assigned projects; focus on customization of the Revit environment and developing Revit families.	Prerequisites: A grade of C or better in ARC251 or permission of Instructor.	L+L 3.0 6.0 6.0
ARC255	Introduction to Revit Structure	Introduction to Revit Structure software, addressing specialized options and processes used in structural engineering offices; includes project modeling, model analysis, reinforcement modeling, detailing, and documentation.	None. Previous educational/professional experience in architecture or structural engineering strongly recommended.	L+L 3.0 6.0 6.0
ARC261	Architectural CAD 3D I: Introduction	Introduction to construction, manipulating, and rendering three-dimensional (3D) objects and architectural spaces on the computer using AutoCAD software.	Prerequisites: A grade of C or better in ARC141 or equivalent or permission of Department or Division.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

			ARC142 suggested but not required.	
ARC262	Architectural CAD 3D II: ADT and VIZ	Additional skill development in constructing, manipulating, and rendering three-dimensional (3D) architectural computer models using AutoCAD Architectural Desktop (ADT) and Viz Render (VIZ) software	Prerequisites: A grade of C or better in ARC261 or equivalent or permission of Department or Division.	L+L 3.0 6.0 6.0
ARC265	Sketchup I: Introduction to Sketchup	Provides students with introductory level instruction utilizing Sketchup rendering software for school and workplace applications. Addresses basic drawing/rendering commands, accessing external drawing files, and plotting through the creation of both three-dimensional schematic and rendered interior and exterior building views.	Prerequisites: None. Previous CAD experience recommended but not required.	L+L 3.0 6.0 6.0
ARC266	Sketchup II: Advanced Rendering Techniques	Provides students with advanced instruction utilizing Sketchup, Google Earth, Sandbox and Podium rendering software for school and workplace applications. Creation of photo-realistic rendered three-dimensional interior and exterior building/site views.	Prerequisites: A grade of C or better in ARC265/INT251 or permission of Instructor.	L+L 3.0 6.0 6.0
ARC270	Architectural Technology Synthesis	Provides students an opportunity to integrate and synthesize knowledge and skills acquired in prerequisite courses. Includes completion of a full set of working drawings using AutoCAD under supervision comparable to workplace situations.	Prerequisites: A grade of C or better in (ARC243 and ARC244 and ARC245) or permission of Instructor.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		Designed to provide practice in self-checking work, correcting and editing drawings, and assembling a portfolio.		
ARC282AA	Volunteerism for Architecture: A Service Learning Experience	Service-learning field experience within private/public agencies and citizen volunteer groups.	Prerequisites: Permission of Department or Division.	LAB 1.0 1.0 0.0
ARC282AB	Volunteerism for Architecture: A Service Learning Experience	Service-learning field experience within private/public agencies and citizen volunteer groups.	Prerequisites: Permission of Department or Division.	LAB 2.0 2.0 0.0

		for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE		
ARH100	Introduction to Art	Understanding and enjoyment of art and visual culture through study of two-dimensional and three-dimensional works of art, design elements, media and processes, and cultural contexts. Emphasis on contemporary topics and cultural diversity in the arts.	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH101	Prehistoric through Gothic Art	History of art from prehistoric through medieval period	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH102	Renaissance Through Contemporary Art	History of art from around the world from the Renaissance through contemporary period	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH109	History of American Art	Development and variety of American Art. Presentation of architecture, sculpture, painting and decorative objects	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH110	History of Graphic Design	Survey of the history of graphic design from its origins to the present. Traces the characteristics, aesthetics and the reciprocal influence of design and society. Includes movements and individual designers. Emphasizes the function of design as a distinct but equal branch of human visual communication and the role of design	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		as the dominant visual exercise of the contemporary world		
ARH112	History of Modern Art	Development of and significant aspects of modern art since the mid-nineteenth century. Emphasis on modern art's relationship to socio-political and aesthetic developments, new media and the rise of mass culture.	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH115	History of Photography	Survey of history of photography from beginning to present. Emphasizes medium's impact upon society and other visual arts. Technical developments, aesthetic concerns, and individual photographers studied	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH118	Introduction to Chinese Art	Explores Chinese philosophy, symbolism, history and religions that underlie the choice of subject matter and life forms in Chinese art. Uses Chinese bamboo brush, ink and rice paper to study Chinese calligraphy and traditional subjects for painting	Prerequisites: None.	L+L 3.0 3.0 3.0
ARH145	History of American Indian Art	Survey of American Indian Art from precontact to present. Reviews the impact of these art forms on contemporary American society, other world societies and on the visual arts. Explores characteristics, cultural influences and concerns represented in various art forms past and present. Features field trips to galleries and collections	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ARH201	Art of Asia	Introduction to the origins and historic development of art in Asia, with emphasis on China, Japan, and India	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH203	Art of Ancient Egypt	The art and culture of ancient Egypt from prehistoric through the Greco-Roman period	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH204	Roman Art and Architecture	Detailed examination of the art and architecture of ancient Rome from the monarchical period to the late empire, with emphasis on the visual culture and artifacts of the civilization.	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH216	Pre-Columbian Art History	Art of the Americas prior to European contact, focusing on Mesoamerica and the Central Andean region and their respective adjoining areas, with some attention to the U.S. Southwest and Eastern Woodlands Mound Building cultures	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH217	Mexican Art History	Art of Mexico and related cultures, from the prehistoric to the contemporary period	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH240	Art and Architecture of the Islamic World to 1800	Introduction to the principal achievements in art and architecture of the Islamic world circa 650-1800 CE and placing them in social and cultural contexts and consideration of the historical evolution of Western knowledge and understanding of these works	Prerequisites: None.	LEC 3.0 3.0 3.0
ARH250	Visual Language and Interpretation	Examines the communication of concepts through visual interpretation and expression.	Prerequisites: A grade of C or better in (ART111, ART112, ART131, ART167 and	LEC 1.0 1.0 1.0

		expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE		
ART100	Introduction to Digital Arts	Foundation course in digital arts and design, with emphasis in the production of art using the computer.	Prerequisites: None.	L+L 1.0 2.0 2.0
ART103	Typography in the Digital Age	Survey of the history of typography and individual designers. Emphasis on the function of typography as an integral part of effective visual communication. Study of type anatomy, mechanics, characteristics, structure, and the principles of effective selection and the relation of copy and image in graphic design. Evaluate fonts both visually and technically and learn how to manage them.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART104	Cross-Media Marketing for Designers	Role of graphic designer in business with an emphasis on using graphic design to achieve marketing and sales objectives. Variety of communication channels explored, such as print and digital and including social media, web, and mobile media.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART105	Art Beyond the Classroom	Visual arts experience. Includes field trips to galleries, museums, and collections as well as art lectures,	Prerequisites: None.	L+L 1.0 2.0 2.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		demonstrations, and varied studio experiences.		
ART106	Gallery Operations	Operation of an art gallery. Includes organization, publicity, evaluation of artwork, selection and installation of exhibits.	Prerequisites: Permission of Instructor.	L+L 3.0 6.0 6.0
ART110	Experimental Chinese Painting	Explores ancient Chinese techniques with rice paper and Chinese ink to create traditional and nontraditional designs. Emphasis on use of Chinese techniques in mixed media works.	Prerequisites: None.	L+L 1.0 2.0 2.0
ART111	Drawing I	Fundamental principles of drawing. Emphasis on composition and facility in objective and expressive representation, using variety of drawing media	Prerequisites: None.	L+L 3.0 6.0 6.0
ART112	Two-Dimensional Design	Study of fundamental elements and principles of two-dimensional design.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART113	Color	Investigation seeking visual solutions to a variety of problems concerning color in two and three dimensions and modes of color appearances, including light and effects in design and theory of design.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART114	Digital Color	Overview of how color is perceived and utilized in a digital environment and how to ensure consistent color from capture to final output in print or online. Investigate visual solutions utilizing electronic devices for color correction, manipulation and integrity.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART115	Three-Dimensional Design	Fundamental principles of three-dimensional design.	Prerequisites: None.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART116	Life Drawing I	Use of form, structure and anatomy of draped and undraped human figure to develop basic principles of sound draftsmanship	Prerequisites: None.	L+L 3.0 6.0 6.0
ART117	Life Drawing II	Further study of form, structure, and anatomy of the draped and undraped human figure with emphasis on composition	Prerequisites: A grade of C or better in ART116.	L+L 3.0 6.0 6.0
ART118	Art Anatomy	Artistic study of the concept of anatomical unity. Principle skeletal and muscular structures affecting surface form of the human figure. Includes drawing project, portfolio, and tests.	Prerequisites: A grade of C or better in ART116 or permission of Instructor.	L+L 3.0 6.0 6.0
ART119	Penciling for Sequential Art	Development of observational skills as they apply to sequential art. Emphasis on techniques that showcase how characters interact with their environment and manipulate props and cartooning anatomy. Includes techniques on composing page layouts, adapting scripts and reference gathering.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART120	Inking for Sequential Art	Development of inking materials and techniques used in sequential art. Emphasis on the types of tools used in the industry and the various means of employing them. Understanding the duties of the inker and the process of computer finishing.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART122	Drawing and Composition II	Emphasis on composition and exploration of drawing media	Prerequisites: A grade of C or better in ART111.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART131	Photography I	Basic photographic principles and techniques. Basic camera functions and controls. Experience in the image-making process by creating and editing photographs for various display environments. Introduction to the photographic aesthetic and photography's role in society.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART132	Photography II	Advanced camera and darkroom techniques. Aesthetic awareness with personal expression	Prerequisites: A grade of C or better in ART131 or permission of Instructor.	L+L 3.0 6.0 6.0
ART133	Photography III	Refinement of aesthetic and technical aspects producing convincing images of highest quality	Prerequisites: A grade of C or better in ART132 or permission of Instructor.	L+L 3.0 6.0 6.0
ART134	Photography IV	Emphasis on personal statement and style. Related graphic art forms explored. Development of portfolio	Prerequisites: A grade of C or better in ART133 or permission of Instructor.	L+L 3.0 6.0 6.0
ART135	Photojournalism I	Basic technical knowledge of photographic process as applied by mass media	Prerequisites: A grade of C or better in ART131 or permission of Instructor.	L+L 3.0 6.0 6.0
ART137	Alternative Photographic Processes	Emphasis on development of alternative photographic processes including technique, aesthetics, and creative imagery. Exploration of various types of non-silver photographic processes including cyanotype, Van Dyke, Polaroid imaging, and others	Prerequisites: None.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART138	Commercial Photography I	Basic techniques of lighting, camera work, and reproduction of commercial photography. Cooperation with commercial art community.	Prerequisites: A grade of C or better in (ART131 or ART142) or permission of Instructor.	L+L 3.0 6.0 6.0
ART139	Commercial Photography II	Advanced techniques with portfolio organization and presentation	Prerequisites: A grade of C or better in ART138.	L+L 3.0 6.0 6.0
ART140	Portrait Photography	Fundamentals of portrait photography. Basic techniques of lighting, posing, design, and digital workflows applicable to the industry. Theory and practices of a portrait photography business.	Prerequisites: A grade of C or better in ART131, or ART142, or permission of Instructor.	L+L 3.0 6.0 6.0
ART142	Introduction to Digital Photography	Fundamentals of digital photography. Includes camera operations, exposure techniques, introduction to digital output, and theory of digital photography.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART143	Intermediate Digital Photography	Intermediate theory and techniques of digital photography. Aesthetic awareness and personal expression from image capture through intermediate techniques in the digital darkroom. Introduction to high-resolution digital output.	Prerequisites: A grade of C or better in ART142 or permission of Instructor.	L+L 3.0 6.0 6.0
ART145	Digital Storybook	Enables students to find and develop a narrative representing an aspect of their personal histories. Use of digital technology to produce and archive a storybook.	Prerequisites: None.	L+L 1.0 2.0 2.0
ART150	Digital Storytelling	Enables students to find and develop their personal stories. Emphasis on the	Prerequisites: None.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		use of digital technology to create, edit, produce and archive a digital story		
ART151	Sculpture I	Exploration of sculptural form and expression in clay, plaster, stone, wood and metal.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART152	Sculpture II	Emphasis on control of sculptural media	Prerequisites: A grade of C or better in ART151.	L+L 3.0 6.0 6.0
ART153	Woodworking I	Fundamental woodworking techniques to produce creative functional and sculptural, three-dimensional objects.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART154	Woodworking II	Advanced design, joinery, fixture building, and woodworking techniques. Application of design principles.	Prerequisites: A grade of C or better in ART153.	L+L 3.0 6.0 6.0
ART155	Glass Fusing and Slumping I	Introduction to the basics involved in glass fusing and slumping. The concepts of glass, glass fusing, and glass slumping will be covered with hands-on experience using a variety of techniques to create finished glass projects such as jewelry, dishes, frames, and door bells.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART156	Glass Fusing and Slumping II	Further study in the area of glass fusing and slumping. Advanced techniques including Pate-de-Verre, Pattern Bars, watchbands, bracelets, and patterned dishes.	Prerequisites: A grade of C or better in ART155.	L+L 3.0 6.0 6.0
ART158	Introduction to Glass Blowing	Introduction to the basics involved in free hand blowing glass. The concepts of hot glass, glass shaping, and glass blowing will be covered with hands-	Prerequisites: None.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		on experience using a variety of techniques to create finished glass projects such as spheres, cones, cups, and other hollow glass objects.		
ART159	Intermediate Glass Blowing	Further study in the area of glass blowing. Advanced techniques including traditional techniques as well as further investigation into color, form, and scale.	Prerequisites: A grade of C or better in ART158.	L+L 3.0 6.0 6.0
ART160	Advanced Glass Blowing	Further study in the area of glass blowing with emphasis on advanced techniques and design considerations, such as sculpting, larger scale projects, working in multiples, and further refinement of technical skill.	Prerequisites: A grade of C or better in ART159.	L+L 3.0 6.0 6.0
ART161	Ceramics I	Introduction to ceramic materials and techniques of hand construction, decorating, glazing and throwing on potters' wheel	Prerequisites: None.	L+L 3.0 6.0 6.0
ART162	Ceramics II	Major emphasis on wheel throwing, glaze making and decorating techniques	Prerequisites: A grade of C or better in ART161.	L+L 3.0 6.0 6.0
ART164	Introduction to Drawing and Digital Paint	Essential skills, concepts and use of digital media for drawing and painting. From concept to line-drawing; use of value, texture, color, lighting, space and scale elements to execute a finished rendering	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART164AC	Introduction to Drawing and Digital Paint III	Essential skills, concepts and use of digital media for drawing and painting to execute a finished rendering and output formats.	Prerequisites: Permission of Instructor.	L+L 1.0 2.0 2.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART165	Watercolor Painting I	Transparent and Gouache watercolor painting.	Prerequisites: A grade of C or better in (ART111 and ART112) or permission of Instructor.	L+L 3.0 6.0 6.0
ART166	Watercolor Painting II	Painting in water soluble media. Emphasis on individual techniques and design.	Prerequisites: A grade of C or better in ART165.	L+L 3.0 6.0 6.0
ART167	Painting I	Exploration of technical and expressive possibilities of various painting media in easel painting.	Prerequisites: A grade of C or better in (ART111 and ART112) or permission of Instructor.	L+L 3.0 6.0 6.0
ART168	Painting II	Continued refinement of painting skills and investigation of new possibilities in painting	Prerequisites: A grade of C or better in ART167 or permission of Instructor.	L+L 3.0 6.0 6.0
ART169	2D Media Design	Generation of two-dimensional (2D) images, designs, and media using digital and traditional methods of visual problem solving. Understanding digital and design-based techniques and workflows.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART170	3D Computer Design	Artistic manipulation of computer images. Emphasis on color and three-dimensional (3D) design in production of these images. Existing software used to generate three-dimensional art.	Prerequisites: A grade of C or better in ART100 or ADA/ART169 or permission of Instructor.	L+L 3.0 6.0 6.0
ART171	Jewelry I	Fundamentals of jewelry making. Covers hand formed methods,	Prerequisites: None.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		including cutting, shaping, forging, soldering, and lost wax technique		
ART172	Jewelry II	Further refinement of personal expression using techniques and design concepts of ART171	Prerequisites: A grade of C or better in ART171.	L+L 3.0 6.0 6.0
ART173	Computer Art	Introduction to the multiple elements of paint software programs using the microcomputer. Basic foundation in the use of computer techniques including color paint programs for the production of computer images. Use of electronic input and output devices.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART174	Electronic Color Principles	Interactive use of color for graphic communication. Color theory, color relationships and electronic color manipulation for computer graphic art, animation and multimedia.	Prerequisites: A grade of C or better in ART100 or Corequisites: ART100.	L+L 1.0 2.0 2.0
ART175	Electronic Publishing Design I	Introduction to the multiple elements of commercial publishing using the microcomputer. Basic foundation in the use of electronic page layout techniques. Emphasis on publication design layout and concepts.	Prerequisites: A grade of C or better in ART100 or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART177	Digital Photographic Imaging I	Introduction to multiple elements of digital imaging. Basic foundation in photographic manipulation of images, with special attention to aesthetic foundations underlying photographic composition.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART178	Digital Arts Studies	Designed for broad overview of the digital arts. Experience in digital based	Prerequisites: A grade of C or better in	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		media, creative problem solving, design and aesthetics.	ART100 or permission of Instructor.	
ART179	Electronic Presentation Design	Introduction to the multiple elements of commercial-graphic presentation materials using the microcomputer and other advanced technologies. Basic foundation in the use of computer presentation software programs using presentation techniques. Special attention to aesthetic foundations underlying all presentation materials.	Prerequisites: A grade of C or better in ART100 or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART180AC	Designer's Tools: Quark Express	Introduction to the multiple elements of Quark Express, a visual art adaptation software package using the Macintosh microcomputer. Basic foundation course in the use of electronic techniques, including appropriate input and output production devices	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AD	Designer's Tools: Adobe Illustrator	Introduction to the multiple elements of Adobe Illustrator, a visual art adaptation software package using the Macintosh microcomputer. Basic foundation course in the use of electronic techniques, including appropriate input and output production devices.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AE	Designer's Tools: Adobe Photoshop	Introduction to the multiple elements of Photoshop software package using the microcomputer. Basic foundation in the use of electronic techniques including appropriate input and output production devices.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART180AI	Designer's Tools:3-D Studio Textures	Introduction to multiple elements of 3-D studio material using DOS microcomputers. Basic foundation in the use of electronic input and output production devices.	Prerequisites: A grade of C or better in ADA/ART/MMT184 or ART284 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AJ	Designer's Tools:3-D Special Effects	Introduction to multiple elements of 3-D studio special effects software using DOS microcomputer. Basic foundation in the use of electronic input and output production devices.	Prerequisites: A grade of C or better in ADA/ART/MMT184 or ART284 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AK	Designer's Tools: Adobe Premiere	Basic functions and use of Adobe Premiere video editing software. Applications for computer animation, multimedia, and digital video production.	Prerequisites: A grade of C or better in ART100. ADA/ART/MMT184 is strongly recommended but not required.	L+L 1.0 2.0 2.0
ART180AL	Designer Tools: Character Studio	Character Studio 3D-Character Animation software. Character motion, editing and blending electronic with traditional techniques.	Prerequisites: A grade of C or better in ART100 and ADA/ART/MMT184. ART116 is recommended but not required.	L+L 2.0 5.0 5.0
ART180AM	Designer's Tools: Dreamweaver	Introduction to Dreamweaver software and Web editing process. Developing sites, automating production, Web design integration using graphics, and graphics output. Learn powerful Web editing methods.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AN	Designer's Tools: Flash	Introduction to Flash software. Basic foundation in Flash vector graphics, 2D and 3D animation and creation of full motion video with sound.	Prerequisites: A grade of C or better in (ART180AD and ART180AE) or	L+L 1.0 2.0 2.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

			permission of Instructor.	
ART180AP	Designer's Tools: Photoshop for Multimedia	Advanced Adobe Photoshop techniques for multimedia. Foundations in imaging for animation, Web, graphics, digital video and offset graphics.	Prerequisites: A grade of C or better in ART180AE or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AR	Designer's Tools: Final Cut Pro	Introduction to non-linear editing using Final Cut Pro software for graphics, animation and the Web applications	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AS	Designer's Tools: Adobe InDesign	Basic functions and operations of Adobe InDesign software. Application for graphic design, publishing, digital pre- press production and web layout	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0
ART180AT	Designer's Tools: Adobe After Effects	Introduction to Adobe After Effects software. Digital effects and motion graphics for the WEB, CD-ROM, DVD, video, film and animation	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 1.0 2.0 2.0
ART181	Graphic Design I	Basic understanding of design principles and the stages of graphic design, with an emphasis on final product and presentation.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART182	Graphic Design II	Utilizing graphic design essentials of typography, contrast and layout to develop design solutions to problems in consumer advertising, typography and structure.	Prerequisites: A grade of C or better in ART181 or permission of Instructor.	L+L 3.0 6.0 6.0
ART183	Digital Graphic Arts I	Graphic design use in microcomputer; black and white graphics, standard and color brushes, lines, shapes, area fills and fonts. Application to illustration,	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		advertising graphics, typography, and video interaction.	or permission of Instructor.	
ART184	Digital Animation I	The art of animation (animated sequences, special effects, titles, etc.) using the computer. Construction characters, background graphics, color, scaling, storyboard, cells, timing, editing, and surface rendering. Screening and discussion of selected animated short films and videos.	Prerequisites: A grade of C or better in (ART111 or ART116) or permission of Instructor. Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART185	3D Modeling and Animation I	Basic concepts of 3D modeling. Anatomy of computer geometry; basic elements that make computer models- curves, surfaces, non-uniform rational basis spline (NURBS), and polygons. 3D translation, shading, materials, and rendering.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART187	Perspective Drawing for Animation	Perspective techniques for creating depth illusion as applied to principles of 3D modeling and animation. Study of size relationships, size and space variation, converging lines, vanishing points, overlapping planes. 3D lighting systems and light changes over distance	Prerequisites: None.	L+L 3.0 6.0 6.0
ART190	Art of Web Site Design	Introduction to design production for websites. Layout, typography and presentation style for HTML (Hyper Text Markup Language). Design of mock-ups using digital design software to produce artistic form and content for the Web using Hyper Text Markup Language (HTML), digital	Prerequisites: A grade of C or better in ART100, or permission of Instructor. CIS133DA recommended.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		text, and graphics. Discussion of color, proportion, typography and Web-specific design principles. Emphasizes design of cross-browser compatible interfaces that optimize usability, accessibility and browser interoperability.		
ART190AA	Art of Website Design I	Introduction to design production for websites. Layout, typography and presentation style for HTML (Hyper Text Markup Language). Design of mock-ups using digital design software to produce artistic form and content for the Web using Hyper Text Markup Language, digital text, and graphics.	Prerequisites: A grade of C or better in ART100, or permission of Instructor. CIS133DA recommended.	L+L 1.0 2.0 2.0
ART190AB	Art of Website Design II	Producing Web site pages, using design and Hyper Text digital text and graphics. Discussion of color, proportion, typography and Web-specific design principles.	Prerequisites: A grade of C or better in ART100 and ART/MMT190AA, or permission of Instructor. CIS133DA recommended.	L+L 1.0 2.0 2.0
ART190AC	Art of Website Design III	Producing Web sites using artistic form and content. Emphasizes design of cross-browser compatible interfaces that optimize usability, accessibility and browser interoperability.	Prerequisites: A grade of C or better in ART100 and ART190AB, or permission of Instructor. CIS133DA recommended.	L+L 1.0 2.0 2.0
ART191	Storyboarding and Layout	Introduction to storyboarding including film storytelling and scene presentation.	Prerequisites: A grade of C or better in ART111 or ART187.	L+L 2.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART192	Advanced Web Presentation Design	Advanced interactive application and training for Web designers and graphic artists using Quark, Illustrator, Photoshop, HTML Flash, Dreamweaver and Digital Video site optimization techniques. Development of design concepts for web pages that communicate and deliver Web content creatively.	Prerequisites: A grade of C or better in ART/MMT190 or permission of instructor. ART180AM and ART180AN suggested but not required.	L+L 3.0 6.0 6.0
ART200	Animation and Interactivity	Animation and object-oriented programming concepts and techniques using industry standard authoring tools applied by the creative industry to animation productions, and interactive media. Introduction to animation and object- oriented programming concepts and techniques using industry standard authoring tools. Includes tools used by the creative industry for animation productions and interactive media.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART202	Media Productions I	Introduction to digital media production tools, equipment, and broadcast applications. Pre-production including script writing, storyboards, budgeting and copyright; studio and mobile production including the use of cameras, lighting, audio recording, and new media tools; post-production including media editing, transitions, titles, overlays and basic motion graphics.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART203	Aesthetics of Web Design	Develop portfolio-level web design projects. Emphasis on advanced elements and principles of design. Continued development of aesthetic awareness and personal expression. Evaluation of aesthetic principles throughout semester.	Prerequisites: A grade of C or better in ART/MMT190 or permission of Instructor.	L+L 3.0 6.0 6.0
ART210	Design Tools for Imagery, Production, and Publishing	Industry standard development of image manipulation, digital production, digital negatives, typography, and desktop publishing. New techniques using integrated software with multiple platform applications. Emphasis on alternative processes including: technique, aesthetics and creative imagery.	Prerequisites: A grade of C or better in ART100 and [ADA/ART169 or (ADA/ART180AD, ADA/ART180AE, and ART180AS)] and ART181, or permission of Instructor.	L+L 3.0 6.0 6.0
ART211	Drawing and Composition III	Advanced development of drawing skill with emphasis on compositional theory	Prerequisites: A grade of C or better in ART122 or permission of Instructor.	L+L 3.0 6.0 6.0
ART215	Advanced Electronic Publishing	Advanced use of electronic page layout techniques including in-depth styles; typography; technical documents and digital publishing interactivity.	Prerequisites: A grade of C or better in ADA/ART175.	L+L 3.0 6.0 6.0
ART216	Life Drawing III	Advanced creative study from model in various painting and drawing media	Prerequisites: A grade of C or better in ART117 or permission of Instructor.	L+L 3.0 6.0 6.0
ART217	Life Drawing IV	Further development of skills in expressive drawing materials and techniques as applied to finished drawings of the human form	Prerequisites: A grade of C or better in ART216 or permission of Instructor.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART219	Coloring, Toning and Lettering for Sequential Art	Understanding of the digital rules and programs used in coloring, toning and lettering comics, and the problems presented therein within the sequential narrative. Emphasis on rules and guidelines within the industry, and digital coloring and lettering.	Prerequisites: A grade of C or better in (ART100, ART119, and ART120) or permission of Instructor.	L+L 3.0 6.0 6.0
ART220	Publishing for the Comic Industry	Understanding of the comics industry. Includes researching, marketing, packaging, and distributing comics. Emphasis on selling and submitting to comic publishers, how to develop comics for self-publishing, promotional materials, and understanding contracts and copyrights involved in the process of publishing comics.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART221	Comics Creation	Development of a complete sequential comic, using all comics skills from beginning to end. Process includes scripting, penciling, inking, coloring or toning, lettering, and printing for publication.	Prerequisites: A grade of C or better in (ART100 and ART219) or permission of Instructor.	L+L 3.0 3.0 3.0
ART222	Drawing and Composition IV	Further study of drawing techniques with emphasis on individual problems and techniques	Prerequisites: A grade of C or better in ART211 or permission of Instructor.	L+L 3.0 6.0 6.0
ART227	Estimating for Digital Output	Introduction to estimating for digital output including job costing, labor/time, material and equipment costs. Focus on layout and imposition for press. Learn outside purchasing and vendor relationship management.	Prerequisites: None.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART230	Visual Brand Design	Simulates an actual working environment which exposes students to the challenges and advantages of working in cross-functional teams. Topics include preparation for collaborative work environments, critical thinking and communication, messaging, and effectively employing marketing and design principles. Reviews logo creation and implementation, preparing online and offline collateral, creating marketing messaging and campaigns, written and oral communication, and personal presentation skills.	Prerequisites: A grade of C or better in (ART100 and MKT110) or permission of Instructor.	L+L 3.0 6.0 6.0
ART234	Color Photography I	Basic principles of color theory, camera and input and output techniques using slide film or digital photography.	Prerequisites: A grade of C or better in ART131 or ART142 or permission of Instructor.	L+L 3.0 6.0 6.0
ART235	Color Photography II	Basic theories and techniques of color negative materials	Prerequisites: A grade of C or better in ART234 or permission of Instructor.	L+L 3.0 6.0 6.0
ART236	Photography Location Shooting	Practical application of camera techniques, use of lighting, and on-location shooting for post-production printing.	Prerequisites: A grade of C or better in (ART131 OR ART142) OR permission of Instructor.	L+L 3.0 6.0 6.0
ART237	Fashion Photography	Practical application of photographic techniques within the fashion industry. Includes the photographing of models, garments, and accessories.	Prerequisites: A grade of C or better in (ART131 OR ART142)	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

			OR permission of instructor.	
ART240	Cinematography and Directing for 2D/3D Animation	Essential skills, concepts and the use of virtual cameras in 2D and 3D animation environments: planning, pre-production, storyboards and pre-visualization using real-world camera principles is combined with rendering, sound and post-production in a nonlinear environment.	Prerequisites: A grade of C or better in (ADA/ART/MMT184, or ART/MMT185, or FMP108) or permission of Instructor.	L+L 3.0 6.0 6.0
ART241	Intaglio	Introduction to traditional concepts and techniques for Intaglio printmaking. Deals with black and white printing; includes brief introduction to color printing. Covers various tools and materials used in Intaglio	Prerequisites: A grade of C or better in ART111 and ART113.	L+L 3.0 6.0 6.0
ART242	Lithography	Provides introduction to concepts and techniques of Lithography, both in plate and stone methods. Focus on black and white Lithographic drawing techniques. Introduction in color printing given	Prerequisites: A grade of C or better in ART111 and ART113.	L+L 3.0 6.0 6.0
ART246	Digital Fabrication	Introduction to concepts and application of computer visualization, modeling, and rapid prototyping for interdisciplinary arts. Students will design sculptures applying 3D computer modeling techniques, rapid prototyping, and other available digital output devices to produce solid models.	Prerequisites: None.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART248	Design Self Promotion	Defining career goals, and developing a self-promotional marketing plan to enter the workplace, including a resume, business card, leave behind, social media presence, interactive portfolio and printed portfolio. Understand business ethics and etiquette, artist's rights, copyright laws and contractual agreements, and develop networking, interview and communication skills.	Prerequisites: None.	L+L 3.0 6.0 6.0
ART249	Visual Communication Project Management and Workflow	Communication and coordination of digital projects from inception through completion. Emphasis on job workflow including professional communication, time management, detailed follow through and conflict resolution with stakeholders.	Prerequisites: A grade of C or better in ART100 or permission of Instructor.	L+L 3.0 6.0 6.0
ART250	Introduction to Printmaking	Introduction to concepts and techniques involved in Fine Art field of Printmaking. Deals with three most basic Printmaking modes of Serigraphy, Woodcut, and Monoprinting in first part of course. Overview of Etching, Lithography and Papermaking in second part of course.	Prerequisites: A grade of C or better in ART111 and ART113.	L+L 3.0 6.0 6.0
ART251	Sculpture III	With emphasis on attention to individual problems and techniques	Prerequisites: A grade of C or better in ART152.	L+L 3.0 6.0 6.0
ART252	Sculpture IV	Advanced sculpture problems and professional practices	Prerequisites: A grade of C or better in ART251.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART253	Woodcut	Focuses on relief method of printing, utilizing the techniques of Woodcut. Deals specifically with black and white images. Study of printing materials and tools, papers and printing methods. Relief printing in color introduced. Traditional forms of Woodcut, also an overview of innovative techniques in the field	Prerequisites: A grade of C or better in ART111 and ART113.	L+L 3.0 6.0 6.0
ART255	Art Marketing	Career goals, presentation of artist and art work (portfolio, resume, business cards, catalog), pricing and selling works, networking, establishing a studio, promotion and publicity, writing press releases, proposal writing, business ethics, artist rights, copyright law, contracts and agreements, royalties, record keeping, and communication skills	Prerequisites: None.	LEC 3.0 3.0 3.0
ART255AA	Self Promotion	Career goals, presentation of artist, communication skills, keeping files and records, developing self-promotional materials	Prerequisites: None.	LEC 1.0 1.0 1.0
ART255AB	The Portfolio	Choosing the right pieces to include, presenting art work, developing the portfolio.	Prerequisites: None.	LEC 1.0 1.0 1.0
ART255AC	Marketing Fine Art	Exhibitions and galleries, establishing a studio, alternative markets	Prerequisites: A grade of C or better in ART255AB or permission of Instructor.	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART256	Glass Fusing and Slumping III	Further study in the area of glass fusing and slumping with emphasis on advanced techniques and design considerations, such as, plates designed using different techniques, weaving or strip glass, and combining previous techniques to create projects.	Prerequisites: A grade of C or better in ART156.	L+L 3.0 6.0 6.0
ART257	Glass Fusing and Slumping IV	Further study of advanced glass fusing and slumping including problems, professional practices, personal expression and experimental research into various techniques.	Prerequisites: A grade of C or better in ART256.	L+L 3.0 6.0 6.0
ART258	Papermaking	Introduction to concepts and techniques of Fine Art Papermaking. Basic overview of historical origins of craft and importance of modern papermaking to fine arts	Prerequisites: A grade of C or better in ART111 and ART113.	L+L 3.0 6.0 6.0
ART259	Monoprinting	Introduction to concepts and techniques for Monoprintmaking. Deals with la prima technique used in painting in first part of course. Multi-plate printing and how method of printing relates to use of color and separation in second part of course	Prerequisites: A grade of C or better in ART111 and ART113.	L+L 3.0 6.0 6.0
ART261	Ceramics III	Emphasis on wheel throwing skill and individual style development	Prerequisites: A grade of C or better in ART162.	L+L 3.0 6.0 6.0
ART262	Ceramics IV	Experimental work in clays and glazes	Prerequisites: A grade of C or better in ART261.	L+L 3.0 6.0 6.0
ART263	Figure Painting	Study of the nude and clothed figure in painting with special attention upon relevant color palettes, direct and	Prerequisites: A grade of C or better in	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		indirect figurative painting techniques, and development of anatomical knowledge and compositional structure. Students will draw upon both historical and contemporary modes of depicting the figure to develop a personalized approach to figure painting. Live models, photographs, drawings, "Planes of the Head" models, and the studio skeleton will be used as the basis of projects.	ART167 or permission of Instructor.	
ART264	Glass Casting	Further study of glass art with a focus on casting and kiln working, including problems, professional practices, personal expression and experimental application of various techniques.	Prerequisites: A grade of C or better in ART160.	L+L 3.0 6.0 6.0
ART265	Watercolor Painting III	Continuation of watercolor painting with emphasis on control and expression	Prerequisites: A grade of C or better in ART166.	L+L 3.0 6.0 6.0
ART266	Watercolor Painting IV	Advanced problems directed toward more personal expression	Prerequisites: A grade of C or better in ART265.	L+L 3.0 6.0 6.0
ART267	Painting III	Development of materials and techniques of painting. Individual problem-solving	Prerequisites: A grade of C or better in ART168 or permission of Instructor.	L+L 3.0 6.0 6.0
ART268	Painting IV	Advanced problem in painting. Study with greater emphasis on personal expression	Prerequisites: A grade of C or better in ART267 or permission of Instructor.	L+L 3.0 6.0 6.0
ART269AC	Digital Studio	Continued development of digital studio media with emphasis on	Prerequisites: A grade of C or better in (ADA/ART169 or	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		advanced use of media techniques within a digital environment.	ART170 or ART173 or ART179 or ART192 or ART274 or ART284 or ADA/ART289 or ART291) or permission of Instructor.	
ART270	Digital Photographic Imaging II	Intermediate digital photographic imaging techniques. Refinement of aesthetic awareness and personal expression.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ADA/ART177.	L+L 3.0 6.0 6.0
ART271	Jewelry III	Emphasis on advanced jewelry design techniques and practices.	Prerequisites: A grade of C or better in ART172.	L+L 3.0 6.0 6.0
ART272	Jewelry IV	Emphasis on expanding repertoire of advanced jewelry design techniques and practices.	Prerequisites: A grade of C or better in ART271.	L+L 3.0 6.0 6.0
ART273AC	Special Topics: Multimedia Arts	Multimedia art studio course examining new and/or current topics in media and/or multimedia arts.	Prerequisites: Permission of Instructor.	L+L 3.0 6.0 6.0
ART274	Digital Photographic Imaging III	Advanced digital photographic imaging techniques. Advanced manipulation techniques of photographic images and time-based media. Continued development of aesthetic awareness and personal expression.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ART270.	L+L 3.0 6.0 6.0
ART275	Lost Wax Casting I	Introduction to lost wax casting techniques for jewelry and small sculptures. Emphasis on design concepts as related to three-dimensional forms	Prerequisites: None.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART276	Lost Wax Casting II	Advanced course in lost wax casting techniques for jewelry and small sculptures. Emphasis on the continuation of individual expression using the lost wax method	Prerequisites: A grade of C or better in ART275.	L+L 3.0 6.0 6.0
ART277	Textiles I	Introduction to exploration of textile media.	Prerequisites: A grade of C or better in ART112 or permission of Instructor.	L+L 3.0 6.0 6.0
ART279	Media Productions II	Intermediate digital media production techniques. Continued pre-production, production, and post-production skills. Exploration of types of productions including interviews, informational/how-to, marketing/product, and documentary/artistic media productions. Refinement of aesthetic awareness and personal expression.	Prerequisites: A grade of C or better in ART202 or permission of Instructor.	L+L 3.0 6.0 6.0
ART280AA	Digital Media Arts and Design Capstone	Focus on design, art, and development skills for a problem taken from business or industry. Includes practice-based capstone project focusing on a specific issue or need in digital media arts and design.	Prerequisites: Permission of Program Director or Instructor.	L+L 1.0 2.0 2.0
ART280AB	Digital Media Arts and Design Capstone	Focus on design, art, and development skills for a problem taken from business or industry. Includes practice-based capstone project focusing on a specific issue or need in digital media arts and design.	Prerequisites: Permission of Program Director or Instructor.	L+L 2.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ART280AC	Digital Media Arts and Design Capstone	Focus on design, art, and development skills for a problem taken from business or industry. Includes practice-based capstone project focusing on a specific issue or need in digital media arts and design.	Prerequisites: Permission of Program Director or Instructor.	L+L 3.0 6.0 6.0
ART281	Graphic Design III	Advanced course in the process of graphic design and problem solving to meet customer specifications. Emphasis on steps needed to create and promote complex graphic design projects.	Prerequisites: A grade of C or better in ART182 or permission of Instructor.	L+L 3.0 6.0 6.0
ART282AA	Service-Learning Experience in Art	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
ART282AB	Service-Learning Experience in Art	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0
ART282AC	Service-Learning Experience in Art	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 3.0 3.0 0.0
ART283	Digital Graphic Arts II	Advanced skill development of graphic design through use of microcomputer. Emphasis on computer design and techniques for producing all types of camera-ready advertising art for printed matter and package design. Includes illustration, typography, photo imaging, and color separation.	Prerequisites: A grade of C or better in ADA/ART183 or permission of Instructor.	L+L 3.0 6.0 6.0
ART284	Digital Animation II	Elements of electronic animation with interactive text graphics, photography, sound, film, and video construction.	Prerequisites: A grade of C or better in ADA/ART/MMT184 or	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

			permission of Instructor.	
ART285	3D Modeling and Animation II	Advanced techniques for 3D modeling and computer animation. Creating and applying 2D background and 3D model textures, creating and applying special effects to models and animation, designing, modeling, and animating a digital 3D character from a character study.	Prerequisites: A grade of C or better in ART/MMT185.	L+L 3.0 6.0 6.0
ART286	Graphic Design IV	Continuing advanced course in the process of graphic design and problem solving to meet customer specifications. Emphasis on creating complex graphic design projects.	Prerequisites: A grade of C or better in ART281 or permission of Instructor.	L+L 3.0 6.0 6.0
ART287	3D Character Animation	3D-Character modeling and animation for multimedia, film, broadcast, video games and interactive entertainment. Character motion, editing, and blending electronic with traditional techniques.	Prerequisites: A grade of C or better in ADA/ART/MMT184 or ART180AC. Corequisites: ART116 or permission of Instructor.	L+L 3.0 6.0 6.0
ART288	PDF Portable Document Format	Focuses on complexity, versatility and creation of a PDF file. Emphasis on the importance of the settings regarding color management, compression, and output. Includes fillable forms and interactive files with audio and video capabilities, editing functions, preflight abilities and security.	Prerequisites: A grade of C or better in ADA/ART175 or permission of Instructor.	L+L 3.0 6.0 6.0
ART289	Computer Illustration	Introduction to the multiple elements of commercial illustration using the	Prerequisites: A grade of C or better in	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		microcomputer. Basic foundation in the use of computer techniques including color paint and draw programs for the production of commercial illustrations for publications and printed matter. Use of input and output devices.	ART100 or Corequisites: ART100 or permission of Instructor.	
ART290AA	Studio Art	Studio course for art majors allowing continuation in a subject field.	Prerequisites: Permission of Instructor.	L+L 1.0 2.0 2.0
ART290AB	Studio Art	Studio course for art majors allowing continuation in a subject field.	Prerequisites: Permission of Instructor.	L+L 2.0 4.0 4.0
ART290AC	Studio Art	Studio course for art majors allowing continuation in a subject field.	Prerequisites: Permission of Instructor.	L+L 3.0 6.0 6.0
ART290BC	Studio Art: Drawing	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART111 or permission of Instructor.	L+L 3.0 6.0 6.0
ART290CC	Studio Art: Mixed Media	Studio course for art majors allowing continuation in a subject field.	Prerequisites: A grade of C or better in ART112 or permission of Instructor.	L+L 3.0 6.0 6.0

ASM104	Bones, Stones, and Human Evolution	Study of human evolution and variation; including fossil hominids and their tools, primate anatomy and behavior, human genetics, and the environment and human biology.	Prerequisites: None.	L+L 4.0 5.0 5.0
ASM265	Laboratory Methods in Archaeology	Techniques of artifact. Basic archaeological research techniques; methods of report writing.	Prerequisites: None.	L+L 4.0 4.0 4.0
ASM275	Forensic Anthropology	Survey of the role of forensic anthropologists, from the crime scene to the courtroom. Course focuses on how skeletal analysis can aid in medicolegal investigations, especially by identifying aspects of the life history of unknown individuals and by reconstructing events that took place at crime scenes. Covers both the legal aspects of forensic practice and the underlying biological basis for evidence obtained from skeletal remains. Examines applications of forensic anthropology in mass disasters, human rights investigations, and the deciphering of historic cases. Lab activities designed to illustrate techniques and principles central to the discipline.	Prerequisites: None.	L+L 4.0 5.0 5.0

ATP100	Introduction to Manufacturing and Programmable Logic Controllers	Explores the origin and basic operation of programmable logic controllers (PLC) in manufacturing processes. Laboratory exercises include ladder logic programming, installation, adjustment, and testing of digital and analog sensors, signal conditioners, and basic troubleshooting concepts.	Prerequisites: None.	L+L 3.0 6.0 6.0
ATP101	Introduction to Automated Systems and Robotics	An introduction to automation, distribution systems, Automated Storage and Retrieval Systems (ASRS), and the role of the manufacturing technician. Includes general manufacturing techniques, industry standards, and statistical process control.	Prerequisites: None.	LEC 2.0 2.0 2.0
ATP105	Engineering Documentation	Analysis and interpretation of engineering documentation, common to manufacturing processes.	Prerequisites: None.	LEC 2.0 2.0 2.0
ATP106	Industrial Electrical Systems	Safety for electrical power and control systems, DC & AC circuit analysis, DC power supplies, switches and	Prerequisites: None.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		proximity sensors, inductors and capacitors, electrical and engineering documentation & schematics, digital multimeter & oscilloscope operation, solid state relays, and industrial control transformers.		
ATP111	Mechanical Systems and Maintenance	Examination of mechanical drive systems. Includes fundamentals of direct drives, belt and pulley drives, chain drives and gear drives. Explores calculating and measuring quantities such as power, speed, torque, speed and torque reduction/amplification, and backlash. Also includes hands-on experience assembling and aligning components, testing and troubleshooting systems.	Prerequisites: None.	L+L 3.0 6.0 6.0
ATP115	Fluid Power	Fundamental industrial fluid power concepts including hydraulic and pneumatic installation, maintenance, and adjustments for the control of automated manufacturing systems.	Prerequisites: None.	L+L 3.0 6.0 6.0
ATP130	DC Circuit Analysis	Direct current (DC) electric circuits. Ohm's law, Kirchoff's laws, series, parallel and series-parallel circuits, network theorems, fundamentals of magnetism in electric circuits.	Prerequisites: None.	L+L 2.0 2.0 2.0
ATP135	AC Circuit Analysis	Alternating Current (AC) circuits containing resistance and reactance. Detailed coverage of AC circuit parameters, including theorems, impedance matching, and resonance.	Prerequisites: A grade of C or better in ATP130 or ELE100 or approval of Instructor.	L+L 2.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ATP150	Fluid Power 1 - Hydraulics, Pneumatics, and Vacuum Concepts	Fundamental fluid power and vacuum for industry. Pneumatic, hydraulic, and vacuum system technologies with emphasis on assembly, integration, and measurement.	Prerequisites: None.	L+L 2.0 3.0 3.0
ATP160	Programmable Logic Controllers 1 - Introduction to Ladder Logic	Introductory lecture and laboratory course explores the origin and basic operation of Programmable Logic Controllers (PLC) with laboratory exercises including wiring of hardware, ladder logic programming and basic troubleshooting concepts.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: ATP135 or ELC119 or permission of Program Director.	LEC 3.0 2.0 2.0 LAB 0.0 4.0 4.0
ATP175	Introduction to Motors and Motor Controls	Introduction to direct current and alternating current (AC) motors, types of direct current (DC) and alternation motors.	Prerequisites: A grade of C or better in (ATP130 and ATP135) or ELE111.	L+L 2.0 3.0 3.0
ATP180	Programmable Logic Controllers 2 - Human-Machine Interfaces and Function Block Programming	Advanced lecture and laboratory course builds upon the foundations covered in introductory course, covering development and documentation of advanced ladder logic and function block programming, Programmable Logic Controller (PLC) control of variable frequency devices, and the installation and programming of Human Machine Interfaces (HMI).	Prerequisites: A grade of C or better in ATP160 or permission of Program Director.	LEC 4.0 2.0 2.0 LAB 0.0 5.0 5.0
ATP190	Industrial Robotics	Introduction to industrial robotics covering topics such as safety, operation, control technology, and programming.	Prerequisites: A grade of C or better in GTC108 or higher level math course.	LEC 3.0 4.0 3.7

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

ATP201	Programmable Logic Controller (PLC) Systems	Advanced lecture and laboratory course builds upon the foundations covered in introductory course, including development and documentation of advanced ladder logic and function block programming, Programmable Logic Controller (PLC) control of variable frequency devices, PLC Networks and the installation and programming of Human Machine Interfaces (HMI).	Prerequisites: A grade of C or better in (ATP100 and ATP106) or permission of Instructor.	L+L 3.0 6.0 6.0
ATP205	Electric Motors and Controls	Examination of electrical motor control, power, and protection systems. Includes fundamentals of single and three-phase power, power, control and protection circuits. Also includes variable frequency drive (VFD), silicon controlled rectifier (SCR) control, and programmable logic controller (PLC).	Prerequisites: A grade of C or better in (ATP100 and ATP106) or permission of Instructor.	L+L 3.0 6.0 6.0
ATP210	Process Control	Introduction to instrumentation and control systems for wet type (continuous product) and dry type (discrete product) production systems. Includes process control concepts, instrumentation tag information, piping and instrumentation diagrams, level and flow sensing devices, Proportional-Integral-Derivative (PID) controllers, Programmable Logic Controllers (PLC), and final control elements.	Prerequisites: A grade of C or better in (ATP100 and ATP106) or permission of Instructor.	L+L 3.0 6.0 6.0

		prevention, peer support, and self-care, including nutrition, exercise, and sleep.		
BHS160	Ethical, Legal and Professional Issues in Behavioral Health and Social Service	Explores relevant ethical, legal, and professional issues inherent in the behavioral health and social services field, including expectations of and limitations on providers. Key areas of inquiry include boundaries and dual relationships, mandated reporting, confidentiality, scope of practice, beneficence and non-maleficence, rights and responsibilities, professional relationships, and credentialing/regulating agencies.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS165	Applied Therapeutic Communication Skills	Theory and practice of communication skills to establish and maintain effective helping relationships and enhance the therapeutic alliance. Emphasis on verbal communication, nonverbal communication, paraverbal communication, rapport building, empathetic and active listening skills, resolving interpersonal conflicts, appropriate feedback, and developing and maintaining personal and professional relationships.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS168	Hospice Volunteer Training	Exploration of hospice care and related medical, social, emotional and spiritual concepts for the helping professional working with patients and their families	Prerequisites: None.	LEC 2.0 2.0 2.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

BHS170	Case Management and Clinical Documentation	Overview and application of the principles, practices, and function of case management in human services. Case management service delivery and coordination for clients with psychological, developmental, and psychiatric and comorbid medical conditions. Documentation techniques necessary to maintain clinical records in a variety of behavioral healthcare settings.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS175	Introduction to Trauma-Informed Care and Trauma-Focused Caregiving	Comprehensive overview of various types of trauma, neurobiological effects of traumatic stress, and ethics associated in working with a trauma survivor. Concepts and skills needed to become a fully functioning trauma-informed caregiver professional in the mental health and primary care setting.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS180	Child, Family, and Adult Advocacy	The role of advocacy in relation to multiple systems affecting children, families, and adults. Emphasis on identifying appropriate supports, community resources, and "wrap-around" services to help foster healthy family and child development, adult recovery, and social welfare.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS185	Cultural Competence in Behavioral Health	Exploration of cultural diversity and its potential impact on behaviors, emotions, cognitions and perceptions, relationships, and values. Intercultural communication skills through the examination of cultural and racial	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		diversity, sexual and gender identity, social justice, and religious and spiritual diversity. Consideration of its implications for the therapeutic process and the importance of self-awareness and effective communication skills for professionals in the behavioral health and social sciences.		
BHS190	Professional Portfolio: Supervised Practice In Behavioral Health and Social Services	Firsthand work experience in mental health, social service or a related behavioral healthcare provider setting. 80 hours of designated volunteer or paid work.	Prerequisites: A grade of C or better in BHS150, BHS155, and BHS160, and permission of Department or Division.	L+L 3.0 15.0 0
BHS205	Therapeutic Models and Interventions in Individual Therapy	Introduction to the major evidence-based therapeutic models and interventions in social and behavioral sciences. Defines the key concepts, techniques and procedures of each theoretical model.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS210	Addictions, Substance Use Disorders, and Relapse Prevention	An introduction to the historical and current developments in the field of addictions, as well as sociological, psychological and physiological aspects of addictive behaviors and substance abuse. Introduces contemporary treatment methods within addiction practice, including self-help groups, levels of care, symptom identification, and models of prevention and intervention.	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

BHS215	Therapeutic Models and Intervention in Group Therapy	Evaluate and demonstrate the methods and techniques for influencing change in group settings.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS216	Group Process	Evaluate and demonstrate the methods and techniques for influencing change in group settings.	Prerequisites: A grade of C or better in BHS151 or permission of Department or Division.	LEC 3.0 3.0 3.0
BHS220	Introduction to Integrated Behavioral Healthcare	Introduction to key concepts related to the provision of integrated health care services, as well as role of wellness and prevention in community health services. The course will introduce students to the theory and clinical practice of integrated behavioral health in primary care, as well as evidence-based approaches to promote wellness in individuals and communities.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS230	Crisis and Trauma Stabilization	Theoretical and applied foundation designed for behavioral health service providers working with people in crisis. Examines the phenomena and dynamics of crises and emergencies, as well as the related strategies/modalities.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS235	Emergency Mental Health Crisis Response and Recovery	Comprehensive study of natural and human-caused disasters and their effects on the trauma survivor. Introduction to basic emergency mental health interventions to help stabilize those experiencing crisis following critical incident disasters.	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

BHS251	Harm Reduction in Addiction, Substance Use, and Social Services	Introduction to harm reduction principles, policies, programs, and practices that aim to reduce the adverse health, social and economic consequences of the use of legal and illegal drugs. This course will introduce behavioral health and social service providers as well as paraprofessional counselors to the theory and practice of harm reduction strategies in addiction, social service, and community settings.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS255	Health and Wellness Coaching in Professional Resiliency	Comprehensive overview of the art, science, and role of coaching and teaching resiliency for the following issues: personal and work-related stress, burnout, traumatic stress, and compassion fatigue. Develop pedagogical techniques and practical application of evidence-based interventions in biobehavioral self-regulation, mindfulness, cognitive restructuring, positive psychology, peer support, and holistic self-care. Designed to develop skills as a health and wellness coach in professional resiliency for enhancing health and quality of life.	Prerequisites: A grade of C or better in BHS155.	LEC 3.0 3.0 3.0
BHS260	Case Report Writing	Terminology, technical forms and techniques of observation necessary to create and maintain records.	Prerequisites: A grade of C or better in BHS165 or permission of Department or Division.	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

BHS262	Behavioral Health Service Techniques for the Elderly	Specific counseling skills and appropriate intervention strategies for working with the elderly. Focus on the particular psychological, sociological and physical problems of this age group.	Prerequisites: A grade of C or better in ASD102, or BHS152, or permission of Department or Division.	LEC 3.0 3.0 3.0
BHS263	Applied Case Report Writing	Application of observation and documentation techniques necessary to maintain clinical records in a variety of community based behavioral health settings. Application of legal issues to case report writing	Prerequisites: A grade of C or better in BHS260.	LEC 1.0 1.0 1.0
BHS265	Violence and Abuse Matters	Exploration of topics relative to the development of helping professionals involved with perpetrators and individuals directly affected by traumatic or continuous physical or emotional violence and abuse	Prerequisites: None.	LEC 2.0 2.0 2.0
BHS266	Violence and Abuse Services	Techniques, strategies, and treatment modalities necessary for the helping professional working with the victims and perpetrators of violence and abuse.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS267	Introduction to Play Therapy	Exploration and application of therapeutic play techniques and strategies for the helping professional working with children.	Prerequisites: A grade of C or better in (BHS105 and BHS165) or permission of Department or Division.	LEC 3.0 3.0 3.0
BHS268	Grief And Bereavement Issues	Exploration of topics related to the development of helping professionals involved with loss, bereavement, and grief work	Prerequisites: None.	LEC 2.0 2.0 2.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

BHS269	Grief Support Techniques	Techniques, strategies, and treatment modalities necessary for the helping professional working with the bereaved and others affected by traumatic loss.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS271	Developmental Disabilities Assistance Training	Introduction to the field of developmental disability assistance. Also includes common causes of developmental disabilities, treatments and other behavioral conditions that may affect such individuals.	Prerequisites: None.	LEC 30 3.0 3.0
BHS272	Child and Adolescent Mental Health and Interventions	Strategies for training and reinforcing positive interaction with children. Covers behavior management strategies and techniques to prevent behavioral problems, replace behaviors and manage consequences.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS275	Infant and Early Childhood Mental Health	Foundational knowledge of mental health during infancy and early childhood. Exploration of social-emotional development and relational influences on mental health. Emphasis on identifying early warning signs, making appropriate referrals, and employing a multidisciplinary child and family team approach to services.	Prerequisites: None.	LEC 3.0 3.0 3.0
BHS278	Recovery Coaching	Recovery based mental health treatment plans and processes. Recovery based concepts, barriers, principles, practices, and environments. Organizational support, expectations, and activities related to mental health issues and recovery in	Prerequisites: A grade of C or better in BHS105.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		the work setting. Planning techniques, learning styles, participation methods, and problem behavior due to mental health issues in the workplace		
BHS281	Introduction to Art Therapy	Exploration of the process, dynamics and objectives of the therapeutic art experience. Emphasis on Art Therapy from both the psychological and artistic perspectives. Highlights topics in the history, theory and practice of Art Therapy	Prerequisites: A grade of C or better in BHS105 or permission of Department or Division.	LEC 3.0 3.0 3.0
BHS298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. 		graphic merging, and other computer-based functions		
BPC138AA	Windows Desktop Design and Publishing	Use of Windows based microcomputers and appropriate commercial software package to compose and print textual and graphic materials of high quality. Includes overview of micro operating system, word processing of copy, use of graphics programs, layout of design elements, and printing alternatives.	Prerequisites: A grade of C or better in CIS105 or BPC110 or permission of Instructor.	L+L 3.0 4.0 4.0
BPC160	AppleCare: Service Fundamentals	Prepares students to become certified in repairing and troubleshooting iOS or macOS devices. It prepares the students for the AppleCare Certified technician exams: Apple Certified iOS Technician (ACIT) and Apple Certified Mac Technician (ACMT). Students will learn the Apple service style for customer interactions, safety precautions, and basic troubleshooting skills.	Prerequisites: None.	L+L 3.0 4.0 4.0
BPC170	A+ Exam Prep: Computer Hardware Configuration and Support	Explore technical aspects of personal computers, including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis placed on hardware installation, maintenance, mobile devices, and hardware troubleshooting. Helps prepare students for the CompTIA A+ examinations.	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

BPC171	Recycling Used Computer Technology	Use of hardware maintenance knowledge and skills to refurbish used computers.	Prerequisites: A grade of C or better in BPC170 or Corequisites: BPC170 or permission of Instructor.	L+L 1.0 2.0 2.0
BPC210	Advanced Computer Usage and Applications	Advanced application of software for business and personal computers including word processing, spreadsheet, database, and presentation. Includes integration of applications and Internet	Prerequisites: A grade of C or better in BPC110 or permission of Instructor.	L+L 3.0 4.0 4.0
BPC225	Computer Configuration and Enhancement	Configuration and enhancement of a computer. Emphasis on configuration of hardware and software to optimize computer performance. Includes memory configuration and the identification and troubleshooting of configuration problems	Prerequisites: A grade of C or better in BPC125 or permission of Instructor.	L+L 1.0 2.0 2.0
BPC250	Post-Advanced Computer Usage and Applications	Post-advanced applications of software for business and personal computers including word processing, spreadsheet, database, and presentation. Includes integration of applications and Internet	Prerequisites: A grade of C or better in BPC210 or permission of Instructor.	L+L 3.0 4.0 4.0
BPC260	AppleCare iPhone Technician (ACIT) Certification	Prepares students for the AppleCare iPhone Technician Certification and to perform warranty level hardware repairs and troubleshooting Apple iOS devices.	Prerequisites: None.	L+L 3.0 4.0 4.0
BPC262	AppleCare MAC Technician (ACMT) Certification	Prepares the students for the AppleCare MAC Technician certification exam and to perform	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		warranty level hardware repairs on Apple iOS devices.		
BPC270	A+ Exam Prep: Operating System Configuration and Support	Explore advanced technical aspects of maintaining and servicing computers. Emphasis placed on OS installation, maintenance, mobile devices, security, software troubleshooting, and on proper usage of tools, safety procedures, and professionalism. Helps prepare students for the CompTIA A+ examinations.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
BPC275	CompTIA Exam Prep	Focuses on reviewing key concepts, practicing skills and preparing to successfully demonstrate existing knowledge on CompTIA certification exams. The course is designed to provide an overview of exam topics, study and test-taking strategies. It also will include structured study time, group discussions, and the use of practice exams to assess test readiness.	Prerequisites: A grade of C or better in BPC170, or BPC270, or permission of the Instructor.	L+L 2.0 3.0 3.0
BPC278	Software Installation - MS Windows	Installing and configuring microcomputer software. Emphasis placed on the installation, configuration, upgrade, and related problem resolution of microcomputer operating system and applications software	CIS105 BPC114 CIS114 (any module whose course number suffix begins with a D) BPC117 CIS117 (any module whose course number suffix begins with a D) and BPC170 with grade of C or better or permission of Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CAD100	Fundamentals of 2D AutoCAD	Utilize AutoCAD software to generate two-dimensional (2-D) drawings and components in a generic installation. Apply basic AutoCAD commands and properties to format, draw, edit, layer, dimension, import/export, and manage drawing files. Creation, manipulation, and hardcopy production of 2-D drawing files from major AutoCAD command and display environments and plot options	Prerequisites: None.	L+L 3.0 6.0 6.0
CAD101	Elements of CAD Graphics (AutoCAD)	Computer generation of drafting and design components using pure elements and basic geometric procedures. Incorporates concept illustration based on standard pictorial methods and develops multi-view projection techniques and presentation methods. Introduction to the fundamentals of three-dimensional (3D) modeling and the construction and printing of 3D objects.	Prerequisites: A grade of C or better in CAD100 or Corequisites: CAD100 or permission of Instructor.	L+L 3.0 6.0 6.0
CAD105	Fundamentals of Revit Architecture	Introduction to Revit Architecture. Utilize Revit software to develop and generate basic 3-D models and components. Create, edit, dimension, and manage 2-D and 3-D drawing views and projects. Produce drawing files and plots using various display environments and plot options.	Prerequisites: A grade of C or better in CAD100 or (previous architectural and CAD experience, and permission of Department or Division).	L+L 3.0 6.0 6.0
CAD106	Fundamentals of Civil 3D	Introduction to Civil 3D. Utilize Civil 3D software to develop and generate basic 3D models and components.	Prerequisites: A grade of C or better in CAD100 or (previous	L+L 3.0 6.0 6.0

CAD120AH	Getting Started with CAD: Microstation	Basic Commands; drawing aids; input devices; use of default settings	Prerequisites: None.	L+L 1.0 2.0 2.0
CAD125AH	Drawing Database Management: Microstation	Operating the system file manager. Establishing, updating, managing, and maintaining a CAD drawing database	Prerequisites: A grade of C or better in CAD120AH or permission of Instructor.	L+L 1.0 2.0 2.0
CAD145	Design Principles for Industry	Survey of the basic standards and procedures for drawing setups and design documentation in the fields of architecture, manufacturing, and civil technology. Multi-source hard copy design presentation.	Prerequisites: A grade of C or better in (CAD100 and CAD101) or permission of Instructor.	L+L 3.0 6.0 6.0
CAD150AH	Two-Dimensional CAD: Microstation	Constructing scaled two-dimensional drawing using CAD.	Prerequisites: A grade of C or better in CAD125AH or permission of Instructor.	L+L 1.0 2.0 2.0
CAD160	Residential Architectural Drafting	Basic skills associated with board drafting in the architectural field	Prerequisites: A grade of C or better in (CAD105 CAD110 and CAD115) or permission of Instructor.	L+L 2.0 4.0 4.0
CAD164	Residential Working Drawings	Team projects in the development of a set of architectural working drawings for a residence.	Prerequisites: A grade of C or better in CAD145 or permission of Instructor.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CAD165	Architectural Software (AutoCAD Architecture)	Introduction to AutoCAD Architecture, a modeling software used by architecture professionals. Procedures unique to advanced software and pertinent to architectural documentation. Emphasis on residential working drawings.	Prerequisites: A grade of C or better in CAD145 or permission of Instructor. CAD255 is highly recommended.	L+L 3.0 6.0 6.0
CAD167	Architectural Drawings I (Revit): Residential CAD	Use of Revit architectural modeling software to develop 3-D architectural models, working drawings, construction documentation, and renderings. Emphasis on residential working drawings.	Prerequisites: A grade of C or better in CAD105 or permission of Department or Division.	L+L 3.0 6.0 6.0
CAD186	Site Development I	Use coordinate geometry and survey point databases to create topographic maps utilizing civil engineering/surveying application software. Volumetric analysis of earthwork (cut and fills) utilizing civil engineering/surveying application software. Production of base mapping, earthwork, grading, and drainage plan utilizing civil engineering/surveying application software.	Prerequisites: A grade of C or better in CAD106 or permission of Instructor.	L+L 3.0 6.0 6.0
CAD201	Three-Dimensional (3D) Modeling and Advanced CAD Techniques	Advanced Computer Aided Drafting (CAD) techniques including the automation and semi-automation of design documentation, external referencing and attribute creation and manipulation. Development of three-dimensional (3D) models including construction, manipulation, rendering and 2D/3D output.	Prerequisites: A grade of C or better in (CAD100 and CAD101) or permission of Instructor.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CAD235	Modeling, Rendering and Animation for Technical Presentations	Entry level course in technical modeling, visualization, and animation. Uses 3D modeling software, rendering, and animation tools to visualize and solve design issues. Development of professional quality presentation materials for design projects.	Prerequisites: A grade of C or better in CAD201 or CAD215 or Corequisites: CAD201 or CAD215 or permission of Department or Division.	L+L 3.0 6.0 6.0
CAD256	CAD Customization and Management	Emphasis on developing customized user interfaces and basic programming skills. Installation and configuration of software processes. File management techniques; file archival, batch plotting, file conversion, and CAD standards.	Prerequisites: A grade of C or better in CAD215 or DFT254AA or permission of Department or Division.	L+L 3.0 6.0 6.0
CAD265	Architectural Software (AutoCAD Architecture) II: Commercial CAD	Use of AutoCAD Architecture, an architectural modeling software to generate features associated with commercial building design. CAD treatment of selected details and other structural practices common to nonresidential buildings. Emphasis on the practices and standards of working drawings.	Prerequisites: A grade of C or better in CAD165. CAD255 is highly recommended.	L+L 3.0 6.0 6.0
CAD267	Architectural Drawings (REVIT) II: Commercial CAD	Use of REVIT architectural modeling software utilized by the architectural industry to generate plans and features associated with commercial building design. Focus on CAD development of selected plans, details, and structural practices common to nonresidential buildings.	Prerequisites: A grade of C or better in CAD167 or permission of Department or Division.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CAD269	Computer Aided Landscape Design	Using AutoCAD to create landscape design drawings and wire frames in Sketchup for elevations, sections and perspective sketches.	Prerequisites: A grade of C or better in : (AGB139 or CAD100 or CAD101) and AGL189 or permission of Instructor.	L+L 3.0 6.0 6.0
CAD274	Residential Design CAD	Developing designs with plans and details based on current design vogues. CAD problem solving associated with design	Prerequisites: A grade of C or better in (CAD152 and CAD164) or permission of Instructor.	L+L 3.0 6.0 6.0
CAD282	HVAC and Sheet Metal Design	Drawing, design, and specification of heating, ventilating, and air conditioning (HVAC) systems. Basic types of heating and cooling systems, heat loss calculations, sheet metal development, and solar design	Prerequisites: A grade of C or better in (CAD150 and [two of CAD262 CAD264 CAD266 CAD268]) or permission of Instructor.	L+L 1.0 2.0 2.0
CAD286	Site Development II	Use a coordinate geometry and survey point database to create construction drawings utilizing civil engineering/surveying software.	Prerequisites: A grade of C or better in CAD186.	L+L 3.0 6.0 6.0
CAD287	Advanced Revit Techniques	Advanced use of Revit architectural modeling software utilized by the architectural industry. Develop custom families with parameters and formulas, generate conceptual mass plans, prepare design phasing for renovation and tenant improvement projects, and work with advanced features associated with architectural building design.	Prerequisites: A grade of C or better in CAD167 or permission of Department or Division.	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CAD292	Current Developments in CAD Technology	The exploration and analysis of the newest software packages and/or plug-ins on the market designed to enhance or replace existing Computer Aided Drafting (CAD) software. Designed to introduce and develop skills in the latest state-of-the-art tools pertinent to industry today.	Prerequisites: A grade of C or better in CAD100 or permission of Department or Division.	L+L 1.0 2.0 2.0
CAP120	Introduction to Counseling	Introduction to the field of counseling with a focus on skills and competencies needed as a mental health practitioner. Foundations of counseling including counseling theories, ethical considerations, prevention and intervention topics, and multicultural counseling practices.	Prerequisites: None.	LEC 3.0 3.0 3.0
CAP220	The Counselor in a Multicultural Society	Current theories and research on culture, race and ethnicity, gender and other aspects of cultural diversity in a multicultural society through the lens of counseling. Focus on personal perspectives, will explore themes, theories, topics and research related to power, privilege and oppression in the United States as applied to counseling discipline.	Prerequisites: None.	LEC 3.0 3.0 3.0
CAP240	Introduction to Counseling Skills	Introduction to basic skills and techniques used in the counseling field. Focuses on active listening, self-awareness, and other related skills.	Prerequisites: A grade of C or better in CAP120.	LEC 3.0 3.0 3.0
CAP260	Career and Professional Preparation for the Helping Professions	Overview of the process of career and life planning through self-awareness for students interested in helping	Prerequisites: A grade of C or better in ENG101.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		fields. Focus on current occupational trends and outlook, the learning models of the individual, the world of work, and decision-making. Emphasis on individual application and workplace diversity. Design materials for use in the professional world such as resumes, online presence, career portfolio.		
CCS101	Chicana and Chicano Studies	Introduction to the wealth and diversity of Chicana and Chicano Studies research from a variety of disciplinary perspectives through the use of a series of historical and social scientific studies, novels, testimonios, and films	Prerequisites: A grade of C or better in ENG101 or ENG107 or equivalent.	LEC 3.0 3.0 3.0
CCS111	Introduction to Chicana and Chicano Culture	A study of Chicano popular culture, including cultural themes and artistic expression. Expression of the Chicano experience in American society from the perspective of the social sciences. Analyzes Chicano self-identity and social and cultural dynamics of the Chicano community	Prerequisites: None.	LEC 3.0 3.0 3.0
CCS202	Ethnic Relations in the United States	Basic concepts and processes, including historic overview, of interethnic relations in the United States: culture, race, ethnicity, ethnocentrism, prejudice, discrimination, racism, assimilation, acculturation, and individual and group responses to interethnic contact. Cultural knowledge and intercultural	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		communication skills and perspectives as fundamental tools for successful management of social relations in a multicultural world.		
CCS212	The Mexican American Novel	A study of the social, historical, and cultural backgrounds as well as the form and content of the Mexican American novel.	Prerequisites: ENG101 and ENH112 suggested but not required.	LEC 3.0 3.0 3.0
CCS282AA	Volunteerism for Chicana and Chicano Studies: A Service Learning Experience	Service learning field experience within private/public agencies such as museums and libraries, and citizen volunteer groups.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
CCS298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. <b>COMMON COMPETENCY COURSE</b>	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0
CCS298AB	Special Projects	Organized and tailored around the interests and needs of the individual student. LAB 3.0 3.0 0.0
CDH101	Introduction to Dentistry and Oral Health	Basic dental knowledge for the non-dental person seeking to be employed in a dental office or enroll in the Community Dental Health Coordinator (CDHC) program. Covers basics of dentistry, including dental treatment procedures, dental specialties, oral pathology, dental disease process and prevention, tooth morphology and numbering systems, and infection control procedures.	Prerequisites: None.	LEC 3.0 3.0 3.0
CDH111	Legal and Ethical Issues in Dentistry	Overview of legal and ethical issues in relation to the Community Dental Health Coordinator (CDHC). Covers policy, confidentiality, and liability,	A grade of C or better required in all Prerequisites. Prerequisites or	LEC 2.0 2.0 2.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		Health Insurance Portability and Accountability Act (HIPAA) regulations, telehealth, and professional conduct.	Corequisites: CDH101 or permission of Department or Division.	
CDH112	Dental Care Finance and Resources	Overview of options for financing dental care, including government-funded programs, private insurance, and non-governmental, charitable resources. Includes information on eligibility requirements and differences between various plans, providers, and services.	Prerequisites: A grade of C or better in CDH111 or permission of Department or Division.	LEC 1.0 1.0 1.0
CDH113	Communication and Interviewing Skills for Dental Health Advocacy	Overview of oral health communication strategies, oral health literacy and education, and interviewing skills for the Community Dental Health Coordinator. Human behavior and behavior change interventions utilized in dental health coordination and cultural competency and humility are emphasized.	Prerequisites: A grade of C or better in CDH111 or permission of Department or Division.	LEC 3.0 3.0 3.0
CDH211	Grant Writing for Oral Health	Grant seeking and grant writing processes for the beginning grant writer in community dental health coordination. Pre-application preparation, application development, and grant proposal evaluation and follow-up. Includes development of grant applications for government and private funding sources for community oral health initiatives.	Prerequisites: A grade of C or better in CDH111 or permission of Department or Division.	LEC 2.0 2.0 2.0
CDH212	Case Management	Overview and application of the principles, practices, and functions of	Prerequisites: A grade of C or better in	LEC 2.0 2.0 2.0

		oral health case management. Case management service delivery and coordination for clients in the oral health setting. Documentation techniques necessary to maintain clinical records in a variety of oral health care settings.	CDH111 or permission of Department or Division.	
CDH213	Community Dental Health Project Planning	Development of a community-based oral health intervention plan. Emphasizes advocacy and strategies for assisting populations in need of oral health services. Community outreach topics and strategies covered.	Prerequisites: A grade of C or better in CDH111 or permission of Department or Division.	LEC 3.0 3.0 3.0
CDH214	Community Dental Health Project	Implementation of a community intervention plan. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Allows the best aspects of independent study and individualized learning to be combined to maximize student development.	Prerequisites: CDH213 or permission of Department or Division.	LEC 3.0 3.0 3.0
CEA101	Cosmetology Concepts and Basic Clinic	Students will be introduced to the basics of cosmetology. Introduction to the Arizona State Board of Cosmetology, safety and sanitation, rules and regulations. Students will begin the basics of fundamental theory of cosmetology in hair cutting, hair coloring, texture services and professional development. Students will be introduced to the concepts of	Prerequisites: Admission into the Cosmetologist High School program.	388

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		guest services including client consultations, dispensary, laundry and front desk procedures.		
CEA105	Cosmetology Concepts and Basic Clinic II	Students will continue to develop the basics of fundamental theory of cosmetology in hair cutting, hair coloring, texture services and professional development. Students will continue to develop guest services, client consultations, dispensary, laundry, inventory, and front desk procedures. Students will assist other advanced students on clinic floor and begin to take clients. Students will learn advanced techniques for all color services; to include coloring services, highlighting, foiling, balayage, free painting, ombre, color correction and fashion colors. Students will also learn hair extensions and enhancements. Student will learn advanced techniques for texture services, to include, perming, relaxing, straightening, and natural styling.	Prerequisites: CEA101 or Program Manager's permission.	412
CEA110	Cosmetology Advanced Clinic and Certification Prep	Students will complete a model using the techniques learned thus far and apply them to an editorial project. Students will work with models to complete avant garde looks for hair styling and will learn what job opportunities are available in this career. Students enrolled in this course	Prerequisites: CEA105 or Program Manager's permission.	388

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		will apply knowledge of what has been learned in hair styling, chemical services and hair cutting to the public in the clinic. Students will revisit safety and sanitation and Arizona State Board of Cosmetology rules and regulations. State board boot camp will be started in this class. Fundamental nail technology will be covered.		
CEA115	Cosmetology Advanced Clinic and Certification Prep II	Students enrolled in this course will apply knowledge of what has been learned in hair styling, chemical services and hair cutting to the public in the clinic. Students will revisit safety and sanitation and Arizona State Board of Cosmetology rules and regulations. State board boot camp will be completed in this class. Fundamental nail technology course for cosmetology students who are looking to obtain a cosmetology license. State board prep for certification.	Prerequisites: CEA110 or Program Manager's permission.	412
CET102	Surveying II	Surveying principles including triangulation, municipal and land surveys, topographic surveys, earthwork, state plane coordinate systems, stadia methods, practical astronomy, highway curves, superelevations and construction.	Prerequisites: A grade of C or better in CON241 or permission of Department or Division.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0
CET103	Construction Methods	Modern construction techniques: planning methods, critical path	Prerequisites: None.	LEC 3.0 3.0 3.0

			when initially enrolled in CFS264AA or CFS264AB or CFS264AC module.	
CFS264AB	Child and Family Studies Internship	Laboratory portion of Child and Family Studies Seminar. Ten hours of work weekly. Supervision and evaluation by a coordinator.	Prerequisites: Permission of Department or Division. Corequisites: CFS263 when initially enrolled in CFS264AA or CFS264AB or CFS264AC module.	LAB 2.0 10.0 0.0
CFS264AC	Child and Family Studies Internship	Laboratory portion of Child and Family Studies Seminar. Fifteen hours of work weekly. Supervision and evaluation by a coordinator.	Prerequisites: Permission of Department or Division. Corequisites: CFS263 when initially enrolled in CFS264AA or CFS264AB or CFS264AC module.	LAB 3.0 15.0 0.0
CFS269	Child Care Seminar	Emphasizes the blend of job-related activities including career exploration, employment procedures, human relations, and on-the-job issues.	Prerequisites: Permission of Department or Division.	LEC 1.0 1.0 1.0
CFS271	Arranging the Environment	Exploration of the influence of the environment on the behavior of young children. Indoor and outdoor spaces considered and analysis of environments practiced.	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS273	Math for the Young Child	Methods and techniques for encouraging the beginnings of mathematical/logical thought with	Prerequisites: None.	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		young children. Focus upon the theory of Jean Piaget.		
CFS275	Literacy Development and the Young Child	Literacy from birth through the early childhood years. Focus on developmentally appropriate ways to encourage speaking, listening, writing, and reading in the home and classroom.	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS277	Adult-Adolescent Interaction	Prepares social service workers, teachers, and parents to interact effectively with teenagers. Develops understanding of the interaction between adolescents and their families. Teaches practical strategies to deal with specific problem areas	Prerequisites: None.	LEC 3.0 3.0 3.0
CFS281	Adolescent School Success	An overview of factors that contribute to adolescent school success, including family-school interactions, special needs adolescents, and problem areas. Emphasis on strategies and resources to facilitate school success	Prerequisites: None.	LEC 1.0 1.0 1.0
CFS282	Mainstreaming The Young Child with A Disability	An exploration of the educational, social, and behavioral issues and concerns involved in the successful integration of children with disabilities into typical preschool classes. Includes discussion of practical concerns such as adaptation of environment and accessing existing resources in the community	Prerequisites: None.	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CFS283	Multicultural Early Child Education	Practical early childhood classroom applications for a diverse ethnic population, including integration of multicultures into the classroom, facilitation of second language acquisition, and practical teaching strategies which are also developmentally appropriate	Prerequisites: A grade of C or better in CFS/ECH176.	LEC 1.0 1.0 1.0
CFS284AA	Early Childhood Teaching Internship	Work experience in child care centers. 80 hours of designated work per credit.	Prerequisites: A grade of C or better in CFS/ECH176 and permission of Department or Division.	L+L 1.0 1.0 1.0
CFS284AB	Early Childhood Teaching Internship	Work experience in child care centers. 80 hours of designated work per credit. Maximum of 6 credits allowed.	Prerequisites: A grade of C or better in CFS/ECH176 and permission of Department Corequisites: CFS/ECH269.	L+L 3.0 3.0 3.0
CFS285	Family-School Interaction	Interaction among parents, teachers and the school. Emphasis on methods used cooperatively by parents and teachers to provide for education and developmental needs.	Prerequisites: A grade of C or better in CFS/ECH176 or CFS278 or permission of Instructor.	LEC 3.0 3.0 3.0
CFS285AA	Family-School Interaction: Preschool	Interaction among parents, teachers and the preschool. Emphasis on methods used cooperatively by parents and preschool teachers to provide for education and developmental needs.	Prerequisites: A grade of C or better in CFS/ECH176 or CFS278 or permission of Instructor.	LEC 1.0 1.0 1.0
CFS287	Professional Development in Early Childhood Education	Emerging professionalism within the field of early childhood education. Consideration of job responsibilities,	Prerequisites: None.	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		rewards, ethics and current issues facing practitioners. Includes assessment and career planning.		
CFS290AA	Child Abuse: Identification and Reporting in Child Care Settings	Identification, recording, and reporting by child care providers of sexual abuse, physical abuse, or neglect of young children	Prerequisites: None.	LEC 1.0 1.0 1.0
CHA104	Community Health Work	Preparation of Community Health workers for outreach health prevention, advocacy, education, referral, and intervention working with individuals, communities and families. Includes history of community health work programs, community systems, and resources for clients and families often in disparity.	Prerequisites: None.	LEC 3.0 3.0 3.0
CHI101	Elementary Chinese (Mandarin) I	Introduction to the basic grammar, pronunciation and vocabulary of the Mandarin Chinese language. Includes the study of Chinese culture, practice of listening, speaking, reading, and writing skills	Prerequisites: None.	L+L 5.0 6.0 6.0
CHI102	Elementary Chinese (Mandarin) II	Study of grammar and vocabulary along with the study of Chinese culture. Emphasis on pronunciation and speaking skills.	Prerequisites: A grade of C or better in CHI101 or permission of Department or Division. Completion of prerequisites within the last three years is required.	L+L 5.0 6.0 6.0
CHI115	Beginning Chinese Conversation I	Introduction to Chinese sound system, basic grammar, and vocabulary necessary to develop speaking ability	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		in Mandarin Chinese. Designed for students seeking speaking and listening ability with little emphasis on writing and reading Chinese characters		
CHI116	Beginning Chinese Conversation II	Continued development of speaking and listening skills for effective communication in Mandarin Chinese. Includes elements of Chinese culture	Prerequisites: A grade of C or better in CHI115 or permission of Department or Division. Completion of prerequisites within the last three years is required.	LEC 3.0 3.0 3.0
CHI201	Intermediate Chinese I	Continued development of speaking, reading, and writing proficiency in Mandarin Chinese through building vocabulary, phrases, idioms, and grammatical patterns. Includes study of Chinese culture	Prerequisites: A grade of C or better in CHI102 or permission of Department or Division. Completion of prerequisites within the last three years is required.	L+L 5.0 6.0 6.0
CHI202	Intermediate Chinese II	Advanced development of speaking, reading, and writing skills in Mandarin Chinese, and continued exploration of Chinese culture	Prerequisites: A grade of C or better in CHI201 or permission of Department or Division. Completion of prerequisites within the last three years is required.	L+L 5.0 6.0 6.0

CHM298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
CIS100	Internet: A Tool for Learning	Use of the Internet to promote learning. Focus on Internet services and access. Information provided on browsing, Internet addresses, naming conventions, search concepts and techniques, using bookmarks and capturing information	Prerequisites: None.	L+L 0.5 0.5 0.5
CIS102	Interpersonal and Customer Service Skills for IT Professionals	Examines behaviors necessary to develop and support an effective client	Prerequisites: None.	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		service organization. Focuses on methods of increasing the effectiveness of help-desk professionals when responding to a range of customer conditions		
CIS102DA	Customer User Support	Examines skills, tools and strategies necessary for becoming a computer help-desk or end-user support professional.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS103	Introduction to Social Media	Identify and explain social media and Web 2.0 technologies for personal, academic, professional, and business applications. Create and maintain accounts on various sites to socialize, write, and share multimedia, while understanding the related ethics, privacy and security issues.	Prerequisites: The student must be 13 years or older.	L+L 3.0 4.0 4.0
CIS104	Introduction to Academic and Internship Programs	An overview of college orientation and academic planning, with an emphasis on the use of academic course work and career planning to develop a successful internship experience.	Prerequisites: None.	LEC 1.0 1.0 1.0
CIS105	Survey of Computer Information Systems	Overview of computer technology, concepts, terminology, and the role of computers in business and society. Discussion of social and ethical issues related to computers. Use of word processing, spreadsheet, database, and presentation software. Includes uses of application software and the Internet for efficient and effective problem	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		solving. Exploration of relevant emerging technologies.		
CIS107	The Electronic Game Industry	Introduction to the electronic game industry, including history, market, distribution and publishing channels, business models, team roles, and career landscape. Technical topics covered include software engineering, artificial intelligence, game physics, computer graphics, and networking.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS108	Electronic Portfolio Development	Compile, reflect on, and select prior learning experiences and artifacts. Design, produce, and publish an online portfolio that documents prior learning. Includes techniques for presenting the electronic portfolio for evaluation.	Prerequisites: A grade of C or better in (CIS105 or BPC110) or permission of Instructor.	L+L 1.0 2.0 2.0
CIS109AM	Networking Technology I	Computer networking basics. Network services, transmission media, and connectivity devices covered. Open Systems Interconnection (OSI) Reference Model	Prerequisites: None.	LEC 2.0 2.0 2.0
CIS111	Ethics in Information Technology	Ethical issues that arise as a result of increasing use of computers, and the responsibilities of those who work with computers, either as computer science professionals or end users. Critical inquiry and review of ethical challenges in information technology business, including professional and corporate responsibility, government regulation, fiduciary responsibilities of information, infringement of	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		intellectual property, security risk assessment, Internet crime, identity theft, employee surveillance, privacy, compliance, social networking, and the ethics of IT corporations.		
CIS113AE	Microsoft Word: Word Processing Level I	Using word processing software to create, name and manage files, edit text, and do basic formatting of documents.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS113BE	Microsoft Word: Word Processing Level II	Using more advanced features of word processing software to format documents, create lists, mail-merged documents, and documents with themes and styles.	Prerequisites: A grade of C or better in CIS113AE or permission of Instructor.	L+L 1.0 1.0 1.0
CIS113CE	Microsoft Word: Word Processing Level III	Utilizing more advanced features of word processing software to incorporate style and theme elements, use desktop publishing capabilities, and insert tables.	Prerequisites: A grade of C or better in CIS113BE or permission of Instructor.	L+L 1.0 1.0 1.0
CIS113DE	Microsoft Word: Word Processing	Using word processing software to create, name and manage files, edit text, format, apply themes and styles, create and modify tables, apply desktop publishing features, and print a variety of types of documents.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS114AE	Excel: Level I	Computer spreadsheet skills for solving business problems using Excel, including calculations, forecasting, and projections.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS114BE	Excel: Level II	Additional Excel spreadsheet techniques, including macro programming, database searching,	Prerequisites: A grade of C or better in CIS114AE or	L+L 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		extraction, and linking to obtain prescribed reports and graphs.	permission of Instructor.	
CIS114CE	Excel: Level III	Additional Excel spreadsheet techniques, including complex macros, statistics, and matrix manipulation. Project design using multiple, integrated spreadsheets	Prerequisites: A grade of C or better in CIS114BE or permission of Instructor.	LEC 1.0 1.0 1.0
CIS114DE	Excel Spreadsheet	Computer spreadsheet skills for solving business problems using Excel, including calculations, forecasting, projections, macro programming, database searching, extraction, linking, statistics, and matrix manipulation. Production of graphs and reports. Project design using multiple, integrated spreadsheets.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS116	Computer Graphics: Introduction to Microsoft Visio	Introduction to use of Visio graphics software to create and edit drawings using predefined shapes and templates. Use of Visio tools to create simple drawings with text, symbols and labels.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS117AM	Database Management: Microsoft Access - Level I	Introduction to the basic elements of a current version of the Microsoft Access database management program, for casual and beginning users.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS117BM	Database Management: Microsoft Access - Level II	Exploration of additional components of the Microsoft Access database management program.	Prerequisites: A grade of C or better in CIS117AM or permission of Instructor.	L+L 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CIS117CM	Database Management: Microsoft Access - Level III	Application of the features of the Microsoft Access program to some common database management problems	Prerequisites: A grade of C or better in CIS117BM.	L+L 1.0 1.0 1.0
CIS117DM	Microsoft Access: Database Management	Introduction to Microsoft Access. Emphasis on features, design, and database management.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS118AB	PowerPoint: Level I	Use of PowerPoint software to produce professional-quality presentation visuals	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS118BB	PowerPoint: Level II	Use of PowerPoint software to add movement and sound to desktop presentations to enhance audience attention.	Prerequisites: A grade of C or better in CIS118AB.	L+L 1.0 1.0 1.0
CIS118DB	Desktop Presentation: PowerPoint	Use of PowerPoint to produce professional-quality presentation visuals with animation and sound.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS119DO	Introduction to Oracle: SQL	Use of Oracle tools and methodologies to fulfill real-world business information requirements. Hands-on exercises for designing, creating, and maintaining database structures to store, retrieve, update, and display data in a relational database using the SQL programming language. Creating and maintaining database objects. Advanced retrieval techniques.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS119DP	Oracle: Database Administration	Basic administrative tasks performed by a database administrator (DBA). Conceptual understanding and hands-on applications of the Oracle database architecture and interaction of its components.	Prerequisites: A grade of C or better in CIS119DO, or permission of Instructor. (CIS126++ or CIS121++ or	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

			MST152++) is recommended.	
CIS120AJ	Introduction to Digital Photo Editing	Introduction to digital photography and image editing. Digital photo editing use of electronic techniques to select, manipulate, and edit images.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS120DA	Introduction to Adobe Premiere	Foundations of video import, export, and editing. Includes parts and function of a video camera, preproduction and production, incorporating photographs, titles, graphics, animation and audio, capturing, editing, rendering and outputting digital video. Prepares students for the Adobe Certifications related to Adobe Premiere.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS120DB	Introduction to Adobe Illustrator	Provides students with the knowledge and skills to use Adobe Illustrator graphics software on a computer. Basic foundation course in the use of electronic techniques to create, manipulate, and edit images, text, abstract art, graphics design, color graphics and business charts; determine file formats appropriate for web and print; utilize tools to optimize graphics and create a PDF file.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS120DC	Introduction to Adobe Animate	Focuses on entry-level skill expectations for digital animation using Adobe Animate. Covers basic animation techniques used in the creation, manipulation, and editing of animation graphics. Prepares students	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		for the Adobe certifications related to Adobe Animate.		
CIS120DF	Introduction to Adobe Photoshop	Focuses on entry-level skills and knowledge for digital imaging using Adobe Photoshop. Prepares students for the Adobe Certifications related to Photoshop.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS120DG	Fireworks: Web Graphics	Use of graphics software to create and edit vector and bitmap (raster) graphics. Creation and manipulation of paths and special effects. Covers slices, buttons, pop-up menus, navigation bars, and animations for use in web sites.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS120DK	Introduction to Digital Video Editing	Introduction to digital video editing comprises of a foundation for video import, export, and editing functions. Includes parts and function of a video camera, preproduction and production, incorporating photographs, titles, graphics, animation and audio, capturing, editing, rendering and outputting digital video.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS120DL	Introduction to Adobe After Effects	Includes creating visual effects for video projects. Explores techniques and methodologies used to create shots for big budget special effects. Topics include color and light matching, keying, motion tracking, rotoscoping and working with film.	Prerequisites: A grade of C or better in CIS120DA or CIS120DK, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS120DO	Introduction to Adobe Audition	Introduction to editing audio files in a multitrack editing environment using Adobe Audition. Includes the import	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		of files in a variety of formats that were generated using other software and how to export files.		
CIS120DP	Adobe Acrobat Pro: Portable Document Format (PDF) Files	Introduction to creating PDF (Portable Document Format) files using Adobe Acrobat for web viewing and printing. Addresses creation of interactive PDF documents including security settings, navigation links, and form fields.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS121AB	Microsoft Command Line Operations	Use of the Microsoft command line interface: basic concepts, internal and external commands, subdirectories, and editor.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS121AE	Windows Operating System: Level I	Specific topics include Windows basics, navigating and customizing the desktop, maintaining hardware and software, improving performance, configurations, securing your computer, taskbar, organizing, searching and managing folders and files, installing and uninstalling applications, Internet Explorer fine tuning, security, and searching, including advanced search techniques, keyboard shortcuts, and current topics.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS121AH	Microsoft PowerShell/Command Line Operations	Day-to-day command line administration tasks of Microsoft Windows. PowerShell used to create scripts to administer Microsoft windows environment.	Prerequisites: None. MST150++ suggested but not required.	L+L 3.0 4.0 4.0
CIS121AI	Mac Operating System	Specific topics include getting started with Mac OS; working with disks, folders, and files; installing and using	Prerequisites: None.	L+L 1.0 2.0 2.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		applications; setting system preferences; printing, faxing, and scanning; getting and living online; using iLife; sharing a Mac with other users; creating a home network; and maintaining the Mac.		
CIS122AE	Windows Operating System: Level II	Additional capabilities of the Windows program that configure devices and customize the presentation of the operating system. System tools, control panel utilities, the My Computer, Network Neighborhood, and Microsoft Exchange desktop icons. Other helpful utilities presented.	Prerequisites: A grade of C or better in CIS121AE or permission of Instructor.	L+L 1.0 2.0 2.0
CIS124AA	Project Management Software: Level I	Utilization of project management software packages by managers and advanced business students to solve critical management planning tasks. Evaluation of management opportunities utilizing software packages to monitor project progress and resource allocation. Includes "what-if" analyses, and preparation of management reports	Prerequisites: None.	L+L 1.0 1.7 1.7
CIS124BA	Project Management Software: Level II	Advanced use of project management software. Covers features and functions to solve critical management planning tasks. Project communications, scheduling, resource allocation, tracking processes and importing and exporting data also covered. Project consolidation emphasized.	Prerequisites: A grade of C or better in CIS124AA or permission of Instructor.	L+L 1.0 1.7 1.7

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CIS126AA	UNIX Operating System: Level I	Use of the UNIX operating system: system components, built-in commands, files and directories, editors, and UNIX Shell and command lines.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS126AL	Linux Operating System I	Introduction to the Linux Operating system. Develop knowledge and skills required to install, configure a Linux-based workstation including basic network functions.	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS126BA	UNIX Operating System: Level II	Installation, configuration, and maintenance of the UNIX operating system	Prerequisites: A grade of C or better in CIS126AA.	LEC 1.0 1.0 1.0
CIS126CA	UNIX Operating System: Level III	Create login scripts and batch files, and maintain system communications	Prerequisites: A grade of C or better in CIS126BA.	LEC 1.0 1.0 1.0
CIS126DA	UNIX Operating System	Use of a UNIX operating system including system components, built-in commands, files, and directories, editors, and UNIX shell and command lines. Installation, configuration, and maintenance of a UNIX operating system. Create scripts and batch files, and maintain system communications.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS126DL	Linux Operating System	Introduction to the Linux Operating system. Develop knowledge and skills required to install, configure and troubleshoot a Linux-based workstation including basic network functions. Learn basic command line and Graphical User Interface (GUI) desktop environment utilities and applications. Fundamental abilities to	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		achieve the entry-level industry certification covered.		
CIS126RH	Red Hat System Administration I	Introduction to core administration skills needed to manage a Red Hat Enterprise Linux system. This Red Hat Academy course helps prepare for the Red Hat certification exams using a hands-on, task-focused curriculum.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS128	Databases in Practice Management	Use of a Practice Management Database (Electronic Health Record software) for installation and maintenance of an Electronic Health Record. Application of policies and procedures for data control, security, privacy, and confidentiality of health information in electronic health information management systems.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS129	Introduction to Microsoft Sharepoint	Designed to provide basic skills enabling the end user to navigate, manage documents and collaborate using Microsoft Sharepoint.	Prerequisites: A grade of C or better in BPC110, or CIS105, or permission of Instructor.	L+L 1.0 2.0 2.0
CIS130DA	3D Studio Max: Modeling	Introduction to 3D modeling using 3D Studio Max. Emphasis will be placed on Polygonal, Solid, and Surface modeling tools. Students will also understand concepts such as modifiers, sub-object editing, extruding, Booleans, lofting, lathing and compound object modeling. Introduction to basic lighting, texturing and rendering techniques.	Prerequisites: A grade of C or better in CIS105.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CIS130DB	3D Studio Max: Animation	Introduction to three-dimensional animation tools and principles, with an emphasis on character construction and animation. 3D Studio Max will be the primary application for use in this class.	Prerequisites: A grade of C or better in CIS105.	L+L 3.0 4.0 4.0
CIS131AA	Doing Business on the Internet	Overview of different ways businesses are taking advantage of and using the Internet. Includes how companies are selling items and services over the Internet; techniques used to expand customer contacts; marketing strategies; availability of government and financial information; future potential and disadvantages; using the Internet for customer service; establishing a World Wide Web site. Some previous computer experience preferred	Prerequisites: None.	LEC 1.0 1.0 1.0
CIS132	HTML/CSS	Overview of foundational HyperText Markup Language (HTML) and Cascading Style Sheets (CSS) coding. Create web pages and sites that adhere to web standards and best practices using current web coding standards.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS133AA	Internet/Web Development Level I-A	Overview of the Internet and its resources. Hands-on experience with various Internet communication tools	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS133DA	Internet/Web Development Level I	Overview of the Internet/World Wide Web (WWW) and its resources. Hands-on experience with various Internet/WWW resource discovery, information retrieval, and social media	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		tools. Design and Development of multi-page websites using current Hyper Text Markup Language (HTML) and Cascading Style Sheets (CSS) standards..		
CIS136	Content Management Systems: WordPress	Overview of WordPress Content Management System. Includes hands-on design and creation of web pages and blogs for the World Wide Web. Designed to cover best practices for web site/blog creation.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS138DA	Desktop Design and Publishing Using Adobe InDesign	Use of Adobe InDesign to compose and print textual and graphic materials of high quality. Includes word processing of copy, use of graphics programs, layout of design elements, printing alternatives, and file formats.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS140	Survey of Multimedia Technology	Introduction to multimedia technology and its uses. Overview of the various hardware and software used in developing and delivering multimedia. Emphasis on how multimedia is used in education and training. Provides a basic understanding of the process used to define and develop multimedia applications.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 2.0 3.0 3.0
CIS143	Introduction to Critical Infrastructure Protection	History and overview of critical infrastructure protection and its ties within the Department of Homeland Security prior to and after September 11, 2001. Focus on risk management associated with sectors specific industries and provides and overview	Prerequisites: A grade of C or better in CIS111 or permission of Instructor.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		of the public and private partnerships, along with laws and standards developed to protect critical infrastructures.		
CIS150	Programming Fundamentals	Structured program design and logic tools. Use of computer problems to demonstrate and teach concepts using appropriate programming language.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS150AB	Object-Oriented Programming Fundamentals	Structured and Object-Oriented design and logic tools. Use of computer problems to demonstrate and teach concepts using an appropriate programming language.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS151	Computer Game Development - Level I	Introduction to object-oriented game development, game design, and game theory. Use of computer software to demonstrate and teach concepts using an appropriate game development platform to model real-time simulations and create computer games using object oriented tools. Introduction to developing PC games, educational software, and training software using windows based object oriented developments tools.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS154	Database Modeling and Design	Top-down, systematic approach to defining a database design based on analysis of business information and	Prerequisites: A grade of C or better in CIS105	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		requirements. Identifying and evaluating standard data model and design patterns. Developing an entity-relationship (ER) diagram that accurately reflects the business. Mapping the ER diagram to an initial database design and revising for complex entities, attributes, and relationships.	or permission of Instructor.	
CIS156	Python Programming: Level I	Introduction to Python programming. Includes general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS159	Visual Basic Programming I	Use of the Visual Basic programming language to solve problems using suitable examples from business or other disciplines	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS162	C Programming I	Beginning C programming. Includes features needed to construct programs, functions, pointers, input and output options, data types, structures, and unions, and disk file operations.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 3.7
CIS162AB	C++: Level I	Introduction to C++ programming including general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		programming, and object-oriented programming		
CIS162AC	Visual C++: Level I	Introduction to Visual C++ programming including general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS162AD	C#: Level I	Introduction to C# programming including general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS162RS	Rust Programming	Beginning Rust programming. Includes features needed to construct programs, functions, pointers, input and output options, data types, structures, unions, and disk file operations.	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS163AA	Java Programming: Level I	Introduction to Java programming. Includes features needed to construct Java Applets, Java Applications, control structures, methods, arrays, character and string manipulation, graphics, and object-oriented programming	Prerequisites: A grade of C or better in CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS164AB	Oracle: PL/SQL Programming	Writing PL/SQL procedures, functions, and packages. Creating and	Prerequisites: A grade of C or better in	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		managing PL/SQL program units and database triggers in Oracle development environment. Managing dependencies and manipulating large objects	CIS119DO or permission of Instructor.	
CIS165	Introduction to IOS Application Development	Introduction to iOS device programming utilizing the XCode application, and the programming languages Objective-C and/or Swift, utilizing various iOS frameworks. Understand iOS hardware and feature basics. Go through the entire design process from concept to final product delivery.	Prerequisites: A grade of C or better in CIS150++, or CIS156, or CIS159, or CIS162++, or CIS163AA, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS165DA	Introduction to Android Application Development	Beginning with an overview of Android features, this class explores the required software tools and programming techniques for developing Android device applications from creating the user interface, working with activities, intents and views, to using databases, providing data persistence, accessing device services, to debugging and publishing applications.	Prerequisites: A grade of C or better in CIS150++, or CIS156, or CIS159, or CIS162++, or CIS163AA, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS165DB	C#/VB.NET: Windows 8 App Development	Building upon desktop application development with Visual Studio using VB.NET or C# languages, developing apps for Windows 8 utilizes Extensible Application Markup Language (XAML) for interface design. Windows 8 utilizes UI design standards that are unique from	Prerequisites: A grade of C or better in CIS159 or CIS162AD or permission of Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		previous versions. Develop apps for Windows 8 smartphones and tablets that utilize touch input methods, translate into different resolutions, states, and orientations, and can tap into mobile features such as location and acceleration sensors. Includes working with external data and packaging for Windows Store distribution.		
CIS165DC	Xamarin/C# Cross-Platform Development	Develop cross-platform mobile apps for iOS, Android, and Windows devices using the Xamarin.Forms Platform and C#, utilizing the Visual Studio IDE. Focusing on Xamarin.Forms projects, the course includes PCL and SAP approaches to shared code, developing interfaces with XAML or in C# code, emulator testing, data binding, backgrounding, packaging for deployment. Coding techniques include Layouts and shared controls (views), MVVM pattern, LINQ, SQLite, and Dependency Injection for platform specific coding.	Prerequisites: A grade of C or better in CIS162AD, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS166	Web Scripting/Programming	Software development for Web sites, including client-side script and Common Gateway Interface (CGI) scripting. Covers Web-based transaction processing and use of databases in conjunction with the Web. Includes security issues.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CIS166AA	Introduction to JavaScript	Introduction to basic JavaScript programming concepts including syntax. Covers Hypertext Markup Language (HTML), programming logic and debugging, as well as forms manipulation and animation.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS166AC	Web Scripting with Active Server Pages (ASP).NET	Introduction to web scripting using Microsoft's ASP.Net (Active Server Pages). Web application development using Hypertext Markup Language (HTML), ASP.Net Web Forms, programming logic, and Structured Query Language (SQL).	Prerequisites: A grade of C or better in CIS133DA and (CIS159 or CIS162AD) or permission of Instructor.	L+L 3.0 4.0 4.0
CIS166AE	Web Scripting with PHP: Hypertext Preprocessor (PHP)	Introduction to web scripting with PHP (PHP: Hypertext Preprocessor). Web application development using Hypertext Markup Language (HTML), PHP, programming logic, and Structured Query Language (SQL).	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS171	Survey of Blockchain Technology	This survey class will introduce you to the exciting world of distributed ledger technology (i.e. the blockchain), cryptocurrencies such as Bitcoin and Ether as well as smart contracts. The emphasis is on the blockchain's role in revolutionizing business. Basic knowledge of computer operation and the ability to browse the Internet are recommended.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS175SA	Interconnecting Cisco Network Devices	Procedures for interconnecting existing computer networks. Emphasis on internetworking, layer usage, and software configuration. Covers router	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		and switch usage, protocol suite and wide-area networking, as well as Internet protocol address and routing configuration. Also includes frame relay and X.25 configuration, access list traffic management, and alternate router access information.		
CIS189	Virtualization and IT Solutions for Digital Businesses	Introduction to Virtualization course is designed to teach basic virtualization computing concepts to learners. It then expands on the basic technical introduction provided and explores the concepts in more detail with an emphasis on mapping the technologies to business needs and solutions. This course is suitable for anyone who wants to know more about terms like "cloud" and "virtualization." It will serve as a foundation to build upon when students learn how to design, install and configure various cloud technologies.	Prerequisites: None.	L+L 3.0 4.0 4.0
CIS190	Introduction to Networking	Overview of networks. Emphasis on the elements of a network, current issues and products, and use of a network. Includes terminology, hardware and software components, connectivity, resource monitoring and sharing, electronic mail and messaging, and security issues. Helps prepare students for the CompTIA Network+ examination.	Prerequisites: None. Corequisites: CIS105 or permission of Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CIS197	VMware ESXI Server Enterprise	Introduction to vSphere and VMware ESXI server in the enterprise. Covers many aspects of virtualization for VMware ESXI server administration. Designed to develop knowledge and skills required to install, configure and troubleshoot a VMware ESXI Server (vSphere) including basic network functions.	Prerequisites: A grade of C or better in [CIS105 and (BPC270 or MST150++) and (CIS126DL or CIS126RH) and (CIS190 or CNT140AB)] or permission of Instructor.	L+L 3.0 4.0 4.0
CIS198	VMware vSphere: Optimize and Scale	VMware vSphere: Optimize and Scale is designed for experienced VMware vSphere users. It teaches advanced skills for configuring and maintaining a highly available and scalable virtual infrastructure. Through a mix of lecture and hands-on labs, you will configure and optimize the vSphere features that build a foundation for a truly scalable infrastructure and discuss when and where these features have the greatest effect. It enables you to understand vSphere at a deeper level and how to use advanced features and controls.	Prerequisites: A grade of C or better in CIS197.	L+L 3.0 4.0 4.0
CIS200	VMware NSX: Install, Configure, Manage	This comprehensive, fast-paced training course focuses on installing, configuring, and managing VMware NSX. This course covers NSX as a part of the software-defined data center platform, implementation use cases along with features of NSX, and functionality operating at Layer 2	Prerequisites: A grade of C or better in CIS197.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		through Layer 7 of the OSI model. Lecture and hands-on lab activities support the student's understanding of NSX features, functionality, and on-going management and control.		
CIS201	Introduction to Operational Technology	Differences between Operational Technology (OT) and Information Technology (IT). Focus on the components and their uses within an OT system. Addresses the inherent threats, physical and cyber related, to an OT system when connected to an IT system needed to be addressed in order to maintain security and resilience.	Prerequisites: A grade of C or better in CIS272DB or permission of Instructor.	L+L 3.0 4.0 4.0
CIS202	Introduction to Smart Grid Security	Focus on differences between control systems, used to control physical and computer information systems, used to process data, in the Power and Utility industry. Power Systems industry, system elements, functions and security risks are covered.	Prerequisites: A grade of C or better in (CIS272DB and CIS143) or permission of Instructor.	LEC 3.0 3.0 3.0
CIS203	Principles of the Risk Management Framework	History and overview of the Federal Information Security Modernization Act (FISMA) and its effect on cybersecurity management and oversight. Focus of the Risk Management Framework (RMF) and its use in the process of authorizing information systems to operate under the FISMA guidelines.	Prerequisites: A grade of C or better in CIS272DB or permission of Instructor.	L+L 3.0 4.0 4.0
CIS213DE	Advanced Microsoft Word: Word Processing	Using advanced word processing software features to perform tasks	Prerequisites: A grade of C or better in	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		such as mail merge, collaboration, web pages, math functions, macros, photo enhancements, graphics, tables, forms and manage long documents.	CIS113DE or (CIS113AE and CIS113BE and CIS113CE) or permission of Instructor.	
CIS214DA	Advanced Excel for Data Analytics	Advanced Excel spreadsheet features for data analytics including advanced functions, PivotTables, Data Modelling, Dashboard creation and forecasting for Business Intelligence (BI). Includes capstone project of an interactive dashboard using a multi-table Excel Data Model.	A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: [CIS114DE and (CIS117AM or CIS276DA or CIS276DB)], or permission of Instructor.	L+L 3.0 4.0 4.0
CIS214DE	Advanced Excel Spreadsheet: Level II	Advanced Excel spreadsheet features including formatting techniques, macros and Visual Basic for applications. Templates, built-in functions and lists as well as analysis tools including Pivot Tables and Goal Seek covered. Import and export data, workgroup collaboration and Internet features of Excel emphasized.	Prerequisites: A grade of C or better in CIS114DE or permission of Instructor.	L+L 3.0 4.0 4.0
CIS217AM	Advanced Microsoft Access: Database Management	Advanced database concepts including database design, primary and secondary key selection and relationships between tables. Queries, sub forms, macros, events, Visual Basic modules and Access Internet features also covered	Prerequisites: A grade of C or better in CIS117CM or CIS117DM.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CIS220DC	Flash: Advanced Animation and ActionScript	Advanced Flash programming, action scripting, tweening, advanced buttons and user input, movie clips, using dynamic sound and text, managing information flow, Object-Oriented Programming concepts in relation to Flash.	Prerequisites: A grade of C or better in CIS120DC or permission of Instructor.	L+L 3.0 4.0 4.0
CIS220DF	Adobe Photoshop Level II: Advanced Digital Imaging	Goes beyond the basic use of palettes, selections, layers, menus, and tool options, and focuses on using Photoshop software's advanced features to manipulate and correct digital and digitally produced images.	Prerequisites: A grade of C or better in CIS120DF or permission of Instructor.	L+L 3.0 4.0 4.0
CIS220DK	Advanced Adobe Premiere	Includes an in-depth study of digital video editing using premiere, including preproduction, production and post production. Advanced techniques into a capstone project. Emphasis placed on enhanced workflow processes, integration of other applications into Premiere, multiple output formats, timesaving quick key setup and advanced production and editing tools.	Prerequisites: A grade of C or better in CIS120DA, or CIS120DK, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS221AB	Microsoft Power Shell	Microsoft Power Shell (PS) is used to aid system administrators of Microsoft Network Operating Systems (NOS) in automating many administrative tasks through shell script automation.	Prerequisites: A grade of C or better in BPC121AB CIS121AB or permission of Instructor.	L+L 1.0 2.0 2.0
CIS224	Project Management Microsoft Project for Windows	Introduction to project management concepts while working with MS Project to solve complex project management networks, including	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		creating Gantt and PERT charts, tracking project progress, planning for restrictions, and integrating MS Project with other software packages such as Excel, Word, Powerpoint, and cc Mail.		
CIS225	Business Systems Analysis and Design	Investigation, analysis, design, implementation and evaluation of business computer systems.	Any programming language or permission of Instructor.	L+L 3.0 4.0 4.0
CIS225AB	Object-Oriented Analysis and Design	Methodologies and notations for fundamental object-oriented analysis and design including use cases, objects, classes, stereotypes, and relationships. Object-oriented iterative process for system development. A continuous application development exercise for applying the analysis and design concepts.	Any programming language or permission of Instructor.	L+L 3.0 4.0 4.0
CIS226AL	Internet/Intranet Server Administration-Linux	Configuration and management of internet/intranet services, including the Apache web server, Simple Mail Transfer Protocol servers (SMTP), Structured Query Language (SQL server), File Transfer Protocol (FTP), Network Time Protocol (NTP), and other network services used in home and small business environments. Covers basic security configuration and testing.	Prerequisites: A grade of C or better in CIS126 (any module) or permission of Instructor.	L+L 3.0 4.0 4.0
CIS227	Assembly Language	Concepts and use of the Assembly programming language, including basic arithmetic operations, flow control, and memory management.	Prerequisites: A grade of C or better in CIS162++ or	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

			permission of Instructor.	
CIS228	Advanced Databases for Practice Management	Advanced installation, configuration and use of Practice Management Database (Electronic Health Record software) for implementation and maintenance of for vendor specific and open source Electronic Health Records (EHRs). Configuration of policies and procedures for data control, security, privacy, and confidentiality of health information in electronic health information management systems.	Prerequisites: A grade of C or better in CIS128 or permission of Instructor.	LEC 3.0 4.0 4.0
CIS230DA	3D Studio Max: Materials	Emphasis on creating and applying materials and textures to three-dimensional environments. Techniques for creating skins, surfaces, and shading types for objects, environments and characters will be explored. Original textures, both life-like and imaginary, will be created using 3D Studio Max and a 2D computer graphics software application.	Prerequisites: A grade of C or better in CIS130DA or CIS120DF or CIS120DG or permission of Instructor.	L+L 3.0 4.0 4.0
CIS230DB	3D Studio Max: Lighting and Rendering	Emphasis on lighting and rendering for three-dimensional environments. Techniques for illuminating scenes and characters will be explored. Prepare scenes for rendering to video, film and real-time rendering using 3D Studio Max.	Prerequisites: A grade of C or better in CIS130DA or permission of instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CIS231	Ethereum Blockchain Application Development	Exploration of the theory behind Ethereum blockchain technology and the development of Ethereum smart contracts. In-depth emphasis on programming concepts relating to the creation and eventual deployment of smart contracts to the Ethereum blockchain.	Prerequisites: A grade of C or better in CIS171 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS233AA	Internet/Web Development Level II-A	Design and creation of pages on the World Wide Web using hypertext markup language (HTML). Hands-on experience authoring HTML and preparing sophisticated web documents.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 1.0 2.0 2.0
CIS233AC	Internet Web Development: Dreamweaver Level I	Design and development of websites using Dreamweaver. Hands-on experience designing, developing, testing, and publishing web documents that contain client-side web technologies.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 1.0 2.0 2.0
CIS233BA	Internet/Web Development Level II-B	Hands-on experience designing Web presentations using advanced markup languages, programming languages, scripts, and multimedia	Prerequisites: A grade of C or better in CIS233AA or permission of Instructor.	LEC 1.0 1.0 1.0
CIS233DA	Internet/Web Development Level II	Plan, design and create web sites using HTML and Advanced Cascading Style Sheets (CSS). Expedite the development process using CSS frameworks and libraries. Enhance user experience and web site functionality using supporting technologies. Exploration of User	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		Interface (UI) and User Experience (UX), best practices, accessibility, strategies, and careers in web design and development.		
CIS233DC	Internet Web Development: Dreamweaver	Design and development of comprehensive and interactive websites using Dreamweaver. Hands-on experience designing, developing, testing, and publishing web documents that contain various client-side web technologies. Assists in preparing students for the Adobe Certifications related to Adobe Dreamweaver.	Prerequisites: A grade of C or better in CIS132 or CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS234	XML Application Development	The use of Extensible Markup Language (XML) to make documents smarter, simplify Web automation, and to communicate between databases, both within and between corporations. Includes techniques for XML generation, data extraction and sharing, and transformation and managing of XML files.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS235	e-Commerce	Introduction to Electronic Commerce on the Internet. Designing an electronic storefront including web page content and development, e-commerce site marketing, advertisement, legal and security considerations, credit card and other debit transaction covered. Also includes current issues in e-commerce.	Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS236	Web-Based Teaching and Learning I	Experience using a web-based learning environment from an online	Prerequisites: A grade of C or better in	L+L 2.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		student's perspective. Use communication tools, submit assignments, use evaluation tools, create homepages, and navigate online-learning environment. Introduction to basics of online pedagogy. Hands-on experience with a web-based learning environment.	CIS133DA or permission of Instructor.	
CIS237	Web-Based Teaching and Learning II	Create an online or hybrid course using a web-based learning environment. Create, prepare, and manage content and resource files; locate and add resources; and manage a course homepage. Add, delete, and revise tools; create, maintain, and release quizzes and assignments; and manage a course. Track students, data, and revise student grades, submissions, and attendance. Hands-on experience with creating a course using a web-based learning environment	Prerequisites: A grade of C or better in CIS236 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS238DL	Linux System Administration	Managing Linux Operating Systems including sophisticated manipulation of file structures, backup systems, printing processes, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, kernel customization, and system resource control. Preparation for industry certifications such as the CompTIA Linux+, the Red Hat	Prerequisites: A grade of C or better in CIS126DL or CIS126RH or permission of Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		Certified System Administrator (RHCSA), the Red Hat Certified Engineer (RHCE) and the Linux Professional Institute (LPIC-1).		
CIS238RH	Red Hat System Administration II	Continue to develop core administration skills needed to manage a Red Hat Enterprise Linux system. This Red Hat Academy course helps to prepare students for the Red Hat certification exams using a hands-on, task-focused curriculum.	Prerequisites: A grade of C or better in CIS126RH, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS239DL	Linux Shell Scripting	Linux Shell Scripting syntax and methods including the automation of system tasks as well as interpreted user-level programming. Course includes the Linux Borne Again Shell (BASH) as well as a variety of industry competitors.	Prerequisites: A grade of C or better in CIS238DL or CIS238RH or permission of Instructor.	L+L 3.0 4.0 4.0
CIS240	Local Area Network Planning and Design	Analysis of the needs and requirements for a local area network (LAN). Emphasis on basic systems analysis and design for a local area network, selection of appropriate hardware and software components. Includes current and future issues, needs analysis, cost estimation, selection of connectivity and network components, and issues relating to access, security, and support	Prerequisites: A grade of C or better in CIS190 or MST140 or permission of Instructor.	LEC 3.0 3.0 3.0
CIS240DL	Linux Network Administration	In depth networking based on Linux servers and the Transmission Control Protocol/Internet Protocol (TCP/IP) protocol suite. Integrating Linux	Prerequisites: A grade of C or better in CIS238DL or	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		servers and workstations into a network environment with multi-platform network operating systems including a variety of open-standard and proprietary protocols. Preparation for industry certifications such as the CompTIA Linux+, the Red Hat Certified System Administrator (RHCSA), the Red Hat Certified Engineer (RHCE) and the Linux Professional Institute (LPIC-1).	permission of Instructor.	
CIS240RH	Red Hat System Administration III	Provides solid understanding of how to automate services on a Linux system. Covers use of Ansible to automate provisioning, configuration, application deployment, and orchestration on Red Hat Enterprise Linux 8. Content aligns with the Red Hat Certified Engineer (RHCE - EX294) exam, a professional certification.	Prerequisites: A grade of C or better in CIS238RH or permission of Instructor.	L+L 3.0 4.0 4.0
CIS243	Internet/Web Development Level III	Development of interactive websites with graphics, video, and sound using advanced web design techniques and tools. Design theory for maximizing web readership, interactive and multimedia elements, speed and accessibility optimization, and intuitive user interfaces	Prerequisites: A grade of C or better in CIS233DA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS250	Management of Information Systems	The study of business information systems and its management, communication, e-business strategies, emerging technologies, database	Prerequisites: A grade of C or better in CIS105.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		concepts, and project management. Overview of systems analysis and design. Learn about the competitive and strategic uses of information systems and how they are transforming organizations and their management.		
CIS251	Computer Game Development - Level II	Advanced object-oriented game development, advanced game design, and advanced game theory. Use of game development software tools to demonstrate advanced concepts for modeling real-time simulations and creating computer games using object oriented development tools. In depth coverage of game programming (scripting) techniques, and decision logic using object oriented techniques.	Prerequisites: A grade of C or better in CIS151 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS256	Python Programming Level II	Advanced Python object-oriented programming concepts and applications. Emphasis on code documenting, versioning, unit testing strategies, and security practices for Python project/package development. Includes Python applications for data analysis, networking, database manipulation, and web application development.	Prerequisites: A grade of C or better in CIS156 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS259	Visual Basic Programming II	Use of the Visual Basic programming language to identify and solve advanced problems using suitable examples from business or other disciplines.	Prerequisites: A grade of C or better in CIS159 or permission of Instructor.	LEC 3.0 4.0 3.7

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CIS261	Hyperledger Blockchain Application Development	Exploration of the theory behind Hyperledger blockchain technology and the development of Hyperledger smart contracts. In-depth emphasis on programming concepts relating to the creation and eventual deployment of smart contracts to the Hyperledger blockchain.	Prerequisites: A grade of C or better in CIS231 or permission of Instructor.	L+L 3.0 4.0 4.0
CIS262AB	C++: Level II	Advanced level C++ programming with emphasis on arrays, data management, dynamic memory allocation, object-oriented programming concepts, input/output operations, libraries, and debugging techniques. Includes overview of other advanced applications of C++.	Prerequisites: A grade of C or better in CIS162AB or permission of Instructor.	L+L 3.0 4.0 4.0
CIS262AD	C# Level II	Advanced C# programming with emphasis on data structures, dynamic memory allocation, object-oriented programming, user interfaces, and database processing. Overview of web applications, network programming, and reporting tools	Prerequisites: A grade of C or better in CIS162AD or permission of Instructor.	L+L 3.0 4.0 4.0
CIS263AA	Java Programming: Level II	Intermediate Java programming. Includes features needed to construct object-oriented programming, multithreading, multimedia, files, streams and data structure	Prerequisites: A grade of C or better in CIS163AA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS265	Advanced iOS Application Development	Advanced iOS device programming utilizing the Swift/XCode application, and the programming languages Objective-C and/or Swift, utilizing various iOS frameworks. Understand	Prerequisites: A grade of C or better in CIS150++ and CIS165, or permission of Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		iOS hardware and feature basics. Go through entire design process from concept to final product delivery.		
CIS265DA	Advanced Android Application Development	Advanced Android device programming utilizing an Android Integrated Development Environment, and an Android-focused programming language such as Java or Kotlin, utilizing various advanced activity layouts, views, and intents. Covers advanced Object Oriented Programming (OOP) practices, local and cloud-based database backends, threading, incorporating device features and sensors, and unit testing.	Prerequisites: A grade of C or better in CIS165DA or permission of Instructor.	L+L 3.0 4.0 4.0
CIS266	Network Integration Capstone	Application of project management, installation and troubleshooting to integrate multiple operating systems. Topics include: diagnostic and troubleshooting procedures, security vulnerability and penetration software to installation.	Prerequisites: A grade of C or better in [(CIS238DL or CIS238RH) and (CIS240DL or CIS240RH)], or CNT160AB, or [(MST155DC and MST157DC) and (CIS270 or CIS271DL or CIS271RH or CNT205)], or associated industry certifications, or permission of Instructor.	L+L 4.0 5.0 5.0
CIS270	Essentials of Network and Information Security	Threats to security of information systems; responsibilities and basic	Prerequisites: A grade of C or better in	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		tools for information security, including communication security, infrastructure security, organizational security and basic cryptography. Introduction to the language of network security and hardware, software and firmware components of an information security system for local, metropolitan, enterprise, and wide area networks. Helps prepare participants for the Comptia Security+ exam and the GIAC Security Essentials Certificate (GSEC).	BPC270 or CIS190 or CNT140AB or MST150++ or permission of Instructor.	
CIS271DB	Information Security Essentials	Overview of information security principles, access control, risk management, and compliance. Provides partial preparation for certification in one or all of the following: Comptia Security + exam, International Information Systems Security Certification Consortium (ISC)2, Systems Security Certified Practitioner (SSCP) exam, the Committee on National Security Systems (CNSS) 4011 certification, or GIAC Security Essentials Certificate (GSEC).	Prerequisites: A grade of C or better in (BPC270 or CIS126DL or CIS126RH or MST150++) and (CIS190 or CNT140++) and (CIS111 or ITS120).	L+L 3.0 4.0 4.0
CIS271DL	Linux Security	Implementing in-depth security methods and techniques in a Linux-based network environment. Utilize programs, utilities and configuration techniques to provide user-level, file system, and network security. Gain	Prerequisites: A grade of C or better in CIS240DL or Permission of Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		<p>knowledge in a variety of security cracking techniques and how to guard against them. In all aspects of security, the standard of practicing professional ethics seriously emphasized.</p> <p>Preparation for industry certifications such as the SAIR/GNU LCP and LCA certificates, CompTIA's Linux+, RHCT, RHCE, and LPIC</p>		
CIS271RH	Red Hat System Administration IV	<p>Provides solid understanding on containers, containerized applications, and orchestration of containers using Kubernetes and Red Hat OpenShift on Red Hat Enterprise Linux.</p>	<p>Prerequisites: A grade of C or better in CIS238RH or permission of Instructor.</p>	L+L 3.0 4.0 4.0
CIS272DB	Information Security Principles	<p>Covers threats to the IT infrastructure and how they can impact operations. Demonstrates strategies to mitigate risk impacts as they relate to the IT infrastructure. Provides technical knowledge required to execute on the essentials of information security. Provides partial preparation for certification in one or all of the following: Comptia Security + exam, International Information Systems Security Certification Consortium ((ISC)2), Systems Security Certified Practitioner (SSCP) exam, the Committee on National Security Systems (CNSS) 4011 certification, or GIAC Security Essentials Certificate (GSEC).</p>	<p>Prerequisites: A grade of C or better in CIS271DB.</p>	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CIS274DA	Introduction to Power Systems Security	Demonstrates distinct difference between control systems, used to control physics and computer information systems, used to process data, in the Power and Utility industry. Background information related to the Power Systems industry, elements and security risks. In-depth overview of how all elements of the power system function, as well as risks.	Prerequisites: A grade of C or better in CIS272DB and PPT120, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS275DA	Generation and Transmission Systems Security	Introduction to industrial control systems and how they support Power Generation and Transmission. Risks associated with infrastructures and why it is important to reduce those risks to acceptable levels by securing supporting industrial control systems. Advanced knowledge of industrial control systems used in the power, energy and utility industry with a concentrated focus on cyber security. This experience will also be directly transferable to other industries that operate industrial control systems such as Chemical Processing, Manufacturing, Defense, etc. Partial preparation for the Certified SCADA (Supervisory Control and Data Acquisition) Security Architect (CSSA) certification provided by the Information Assurance Certification Review Board (IACRB).	Prerequisites: A grade of C or better in CIS274DA or permission of Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CIS275DL	Linux Capstone	The Linux Capstone course aggregates the skills, knowledge, communication, and critical thinking skills from the Linux Program. This course is to emulate a production environment that prepares students to work as a Linux Systems Administrator. The course helps to prepare students for Linux Industry certification exams.	Prerequisites: A grade of C or better in CIS240DL, or CIS240RH, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS276DA	MySQL Database	A broad overview of the MySQL database. Includes Structured Query Language (SQL) instruction for data definition, data manipulation, and data retrieval. Develops knowledge and skills required to install MySQL, model and create new databases, manage users, authentication, and stored procedures, and develop backup/restore strategies.	Prerequisites: A grade of C or better in CIS105, or CIS117DM, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS276DB	SQL Server Database	A broad overview of the Microsoft Structured Query Language (SQL) Server database. Includes SQL instruction for data definition, data manipulation, and data retrieval. Develops knowledge and skills required to install SQL Server, model and create new databases, manage users, authentication, and stored procedures, and develop backup/restore strategies.	Prerequisites: A grade of C or better in CIS105, or CIS117DM, or permission of Instructor.	L+L 3.0 4.0 4.0
CIS280	Current Topics in Computing	Critical inquiry of current topics in computing. Application of industry	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		trends to solve problems and/or investigate issues		
CIS280AA	Current Topics in Computing	Critical inquiry of current topics in computing. Application of industry trends to solve problems and/or investigate issues	Prerequisites: None.	L+L 1.0 2.0 2.0
CIS280AB	Current Topics in Computing	Critical inquiry of current topics in computing. Application of industry trends to solve problems and/or investigate issues	Prerequisites: None.	L+L 2.0 3.0 3.0
CIS282AA	Volunteerism for Computer Information Systems: A Service Learning Experience	Service learning field experience within private/public agencies, educational institution, and citizen volunteer groups.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
CIS284	Certified Internet Web (CIW) Associate Certification Preparation Course	Explain and implement Internet technologies, network infrastructure, and protocols. Utilize a variety of markup languages and web technologies to design web pages. Utilize job skills such as project management. Explore best practices/issues for web design, publishing, and e-commerce. Prepare for Certified Internet Web (CIW) Associate Examinations.	Prerequisites: A grade of C or better in CIS233DA or permission of Instructor.	L+L 4.0 5.0 5.0
CIS285	Computer Information Systems Capstone Project	Students will create a capstone project with opportunities for individualized research and application of aggregate technology and professional knowledge and skills obtained throughout the student's program of study. Focus on communication,	Prerequisites: Permission of Program Director or Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		problem solving, critical thinking, and project management skills.		
CIS286	Technology Team Peer Mentorship	Students will have an opportunity to mentor other students and work as a team to develop and support a technology project related to their program of study paralleled by professional expertise and guidance from team members, faculty, and/or industry mentor. Focus on application of technology knowledge to the development of a team project to solve real world technology problems/needs with an innovative technology focus. Focus on the team experience and project and workforce development, management and research, as well as mentoring and collaborative professional behaviors needed to facilitate innovations for profitable commercial feasibility.	Prerequisites: A grade of C or better in EPS151. Corequisites: CIS285.	L+L 3.0 4.0 4.0
CIS288	Digital Design Portfolio	Procedures for compiling, evaluating, and selecting prior learning experiences and artifacts for a digital portfolio. Covers techniques for the design, production, and publishing of an online portfolio documenting prior learning. Includes techniques for presenting the digital portfolio for evaluation.	Prerequisites: A grade of C or better in BPC/CIS133DA and (BPC/CIS120DB or BPC/CIS120DF or BPC/CIS138DA) or permission of Instructor.	L+L 2.0 3.0 3.0
CIS290AA	Computer Information Systems Internship	Work experience in business or industry	Prerequisites: Permission of Instructor.	LAB 1.0 6.0 0.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CIS290AB	Computer Information Systems Internship	Work experience in business or industry	Prerequisites: Permission of Instructor.	LAB 2.0 12.0 0.0
CIS290AC	Computer Information Systems Internship	Work experience in business or industry	Prerequisites: Permission of Instructor.	LAB 3.0 18.0 0.0
CIS296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. COMMON COMPETENCY COURSE	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 2.0 10.0 0.0
CIS296WC	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. 		development. COMMON COMPETENCY COURSE		
CIS298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
CLD110	Amazon Web Services Cloud Foundations	Provides a detailed overview of cloud concepts, Amazon Web Services (AWS) core services, security, architecture, pricing, and support. Intended for students who seek an overall understanding of cloud computing concepts, independent of specific technical roles. Helps to prepare students for the AWS Certified Cloud Practitioner exam.	Prerequisites: None. CIS105 suggested but not required.	L+L 3.0 4.0 4.0
CLD120	Amazon Web Services Cloud Architect Associate	Fundamentals of building IT infrastructure on Amazon Web Services (AWS). Focus on how to optimize use of the AWS Cloud by understanding AWS services and best practices for the AWS Cloud and how they fit into cloud-based solutions. Covers design patterns for architecting	Prerequisites: A grade of C or better in CLD110 or permission of Instructor.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		optimal IT solutions on AWS, as well as strategies and services implemented on AWS.		
CLD130	Amazon Web Services Cloud Developing	Designed to provide technical knowledge and skills in cloud technology that can be developed with Amazon Web Services (AWS) software development kit (SDK). Focus on best practices for building and deploying secure applications in the AWS Cloud. Helps to prepare students for the AWS Certified Developer - Associate examination.	Prerequisites: A grade of C or better in CLD120 or equivalent AAWS Certified Solutions Architect - Associate certification. CLD110 and CNT140AB recommended.	L+L 3.0 4.0 4.0
CLD140	Amazon Web Services Cloud Operations	Designed to provide technical information and skills required to implement automatable and repeatable deployments of networks and systems on Amazon Web Services (AWS). Describes specific AWS features and tools related to configuration and deployment. Emphasis on best practices in the AWS Cloud and recommended design patterns, problem-solving and troubleshooting. Helps prepare students for the AWS Certified SysOps Administrator - Associate exam.	Prerequisites: A grade of C or better in CLD120 or equivalent AAWS Certified Solutions Architect - Associate certification. CLD110 and CNT140AB recommended.	L+L 3.0 4.0 4.0
CNP104	Windows Operating System and PC Hardware	Introduction to various aspects of personal computers. Explore various techniques of system components including installation, configuration and troubleshooting. Identify different operating system and software utilized	Prerequisites: ISP116.	216

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		in personal computers, including proper installation, configuration and troubleshooting. Emphasis placed on proper usage of tools, procedures and professionalism.		
CNP141	PC Peripherals and Troubleshooting I	Learn about personal computer (PC) peripherals and more advanced troubleshooting techniques. Topics covered include advanced troubleshooting of hardware, advanced troubleshooting of operating systems (OS), advanced troubleshooting of networks, malware removal, printers, scanners and security.	Prerequisites: CNP108.	156
CNP142	PC Peripherals and Troubleshooting II	Students will further their development in advanced troubleshooting of operating systems (OS), advanced troubleshooting of networks, malware removal, printers, scanners and security.	Prerequisites: CNP141.	82
CNP205	Introduction to Network Concepts	Introduction to the computer networking field that covers network terminology and protocols, communication fundamentals in data networks and the Internet. Emphasis placed on the OSI model, internet protocol (IP) addressing, cabling installation and basic network configuration.	Prerequisite: CNP104 or approval of Instructor or Program Manager.	192
CNP210	Computer Maintenance and Troubleshooting	Further development on more advanced troubleshooting techniques. Topics covered include advanced troubleshooting of hardware, operating	Prerequisite: CNP205 or approval of Instructor or Program Manager.	180

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		systems, and networks. In addition, explore malware removal and various security techniques.		
CNP215	Networking Basics	Introduction to basic network concepts. Explore the concepts behind the OSI model and the various networking terms. Identify services used in networking such as DHCP, DNS, and the various protocols. Understand subnetting and how it is utilized in networks. Further explore IP addresses and how they are developed, including ways used to calculate IP addresses. Learn about various topologies utilized in networks.	Prerequisites: CNP210 or approval of Instructor or Program Manager.	315
CNP225	Network Technologies	Explore the different equipment that will be utilized in computer networking. Learn about the various routing and switching methods. Develop the skills to work within different WAN and LAN environments. Identify the different physical media used within networking. Understand the different standards utilized in various networking equipment.	Prerequisites: CNP215 or approval of Instructor or Program Manager.	168
CNP230	Network Troubleshooting and Solutions	Learn and identify various network threats seen in networking. Identify the different methods used to attack networks, including how to combat them. Explore various troubleshooting methods utilized in multiple network	Prerequisites: CNP225 or approval of Instructor or Program Manager.	157

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		sizes. Also further explore the different tools that will be used as part of the troubleshooting process, including both physical and software tools.		
CNP250	Information Security	Introduction to various concepts throughout the security field. Explore, identify, and defend against various threats in the security world. Further explore the multiple components (both software and hardware) utilized in the security field. This includes technologies such as cloud, automation, and how to secure systems. Identify various methods on access and risk management within networks. Explore various services and methods on data security and recovery. This includes forensics and disaster recovery in conjunction with data and the concept of cryptography.	Prerequisites: Completion of Network+ program or CompTIA Network+ certified or approval of Instructor or Program Manager.	400
CNS102	Foundations for Apprenticeship	The demographics and industry projections of the building and construction trades. Structure and purpose of registered apprenticeship. Apprenticeship roles and responsibilities. Overview of fluctuation in employment and finances inherent to the construction trades. Emphasis on preparation for periods of high and low employment debt management within registered apprenticeship.	Prerequisites: None.	LEC 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CNS110	Green Construction Overview	Overview of 'green construction'. Green energy vs. green building, U.S. Green Building Council (USGBC) and the building life cycle, five main areas of green building standards, Leadership in Energy and Environmental Design (LEED) accreditation, and LEED certification.	Registered apprentice status or permission of the Apprenticeship Coordinator.	LEC 0.5 0.5 0.5
CNS182	Construction Estimating and Print Reading	Analysis and interpretation of construction drawings (blueprint reading); interpretation of symbols, annotations, conventions, and terms of trade. Emphasizes learning quantities of material, equipment, and labor for a construction project. Includes a focus on procedures used to apply timely unit costs. Covers Occupational Safety and Health Administration (OSHA) Safety Standards and their impact on construction cost.	Prerequisites: None.	LEC 3.0 3.0 3.0
CNS200	Construction Management: Field Operation	Procedures and methods used by construction contractors to manage field operation during various phases of a project. Includes project team, job scheduling, personnel relations, use of the construction documentation on site, inspection techniques, safety issues, scope and supervision of the overall construction process.	Prerequisites: A grade of C or better in CON181 and CON244, or permission of Department or Division.	LEC 3.0 3.0 3.0
CNS201	Construction Management: Office Operation	Skills and techniques required to manage construction office operations. Includes establishing and financing the business, marketing, office operations,	Prerequisites: A grade of C or better in (CON130, CON181, and CON244), or	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		and maintaining relationships with other construction industry entities through a systematic planning approach.	permission of Department or Division.	
CNS205	Sustainable Construction/LEED Certification	Fundamentals of major components of sustainable design and construction, including energy, health care facilities, cultural and natural resources, and other environmental and economic issues of sustainable built environments. Importance of a collaborative team effort with owner, developers, architects, engineers, and constructors will be integrated into the course. Issues impacting schedule and budgets of sustainable construction projects will be analyzed. Prepares student for the Leadership in Energy and Environmental Design (LEED) Certification Exam.	Prerequisites: None.	LEC 3.0 3.0 3.0
CNS230	Computer Aided Design and Drafting (CADD) 3D for Construction & Architecture (CADD II)	Design, construction, and annotation of three-dimensional objects for construction and architecture industries using AutoCAD software.	Prerequisites: A grade of C or better in COM130 or permission of Department or Division.	L+L 3.0 6.0 6.0
CNS240	Advanced Computer Aided Design and Drafting (CADD) for Construction & Architecture (CADD III)	Use of advanced AutoCAD two- and three-dimensional commands along with various customization codes and techniques specific to architecture and construction industries	Prerequisites: A grade of C or better in CNS230 or permission of Department or Division.	L+L 3.0 6.0 6.0
CNS250	Civil Drafting I: Civil 3D	Application of civil drafting software (Civil 3D) for civil drafting and surveying. Use of coordinating	Prerequisites: A grade of C or better in CON130 or permission	L+L 3.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		geometry and survey point databases to create topographical maps. Interpreting and delineating topographical data and maps for site and route work. Applying the basics of coordinate geometry (COGO) to surveying language.	of Department or Division.	
CNS251	Civil Drafting II: Civil 3D	Advanced knowledge and skill in using civil drafting software (Civil 3D) in right-of-way improvement. Use of base maps in utility and street improvement; use of street improvements in creation of maps and profiles; use of map and profiles in utility improvements.	Prerequisites: A grade of C or better in CNS250, or permission of Department or Division.	L+L 3.0 6.0 6.0
CNS252	Civil Drafting III: Civil 3D	Use of civil drafting software (Civil 3D) for site development. Includes use of engineering and surveying software in analysis and computation of earthwork and creation of site drawings.	Prerequisites: A grade of C or better in CNS251, or permission of Department or Division.	L+L 3.0 6.0 6.0
CNS271	Home Inspection Structure	Home inspection practices for foundation, footings, roof, and framework, including floor, wall, and ceiling. Covers structural considerations and reporting practices.	Prerequisites: A grade of C or better in (CON244 and CON262) or permission of Department or Division.	LEC 3.0 3.0 3.0
CNS272	Home Inspection Plumbing, Electrical and HVAC	Home inspection practices for plumbing, electrical, heating, cooling, and air conditioning, and defects of exposed parts of these systems in a house structure. Includes components of systems and reporting practices.	Prerequisites: A grade of C or better in CON244 and CON262, or permission of Department or Division.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CNS273	Home Inspection: Insulation and Interiors	Home inspection practices for insulation and interiors, including walls, ceilings, floors, windows, and doors, and their possible defects. Covers reporting practices.	Prerequisites: A grade of C or better in CON244 and CON272, or permission of Department or Division.	LEC 3.0 3.0 3.0
CNS274	Home Inspection: Roofing and Exteriors	Home inspection practices for roofing and exteriors of a house, and their defects. Covers reporting practices.	Prerequisites: A grade of C or better in (CON244 and CON262) or permission of Department or Division.	LEC 3.0 3.0 3.0
CNS282AA	Volunteerism for Construction: A Service Learning Experience	Service-learning field experience within private/public agencies and citizen volunteer groups.	Prerequisites: Permission of Department or Division.	LAB 1.0 1.0 0.0
CNS282AB	Volunteerism for Construction: A Service Learning Experience	Service-learning field experience within private/public agencies and citizen volunteer groups.	Prerequisites: Permission of Department or Division.	LAB 2.0 2.0 0.0
CNS282AC	Volunteerism for Construction: A Service Learning Experience	Service-learning field experience within private/public agencies and citizen volunteer groups.	Prerequisites: Permission of Department or Division.	LAB 3.0 3.0 0.0
CNS285	Introduction to Residential Plan Review	Application of international model code (building, mechanical, plumbing, and electrical) to contract documents for one- and two-family dwelling residential construction.	Prerequisites: A grade of C or better in (CON244 and CON262) or permission of Department or Division.	LEC 3.0 3.0 3.0
CNS286	Introduction to Commercial Plan Review	Application of international model codes (building, mechanical, plumbing, and electrical) to contract documents for commercial construction.	Prerequisites: A grade of C or better in (CON244 and CON263) or permission of Department or Division.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CNS290AA	Construction Internship	Construction internship office/field experience with private/public agencies or citizen volunteer groups. Eighty (80) hours of designated work experience.	Prerequisites: Permission of Department or Division.	LAB 1.0 6.0 0.0
CNS290AB	Construction Internship	Construction internship office/field experience with private/public agencies or citizen volunteer groups. One hundred and sixty (160) hours of designated work experience.	Prerequisites: Permission of Department or Division.	LAB 2.0 12.0 0.0
CNS290AC	Construction Internship	Construction internship office/field experience with private/public agencies or citizen volunteer groups. Two hundred and forty (240) hours of designated work.	Prerequisites: Permission of Department or Division.	LAB 3.0 18.0 0.0
CNS290AE	Construction Internship	Construction internship office/field experience with private / public agencies or citizen volunteer groups.	Prerequisites: Permission of Department or Division.	LAB 5.0 25.0 0.0
CNS296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. COMMON COMPETENCY COURSE	Completion of at least twelve (12) college credits minimum 2.6 grade point average and ability to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career	LAB 1.0 5.0 0.0

		networks. Principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations are introduced. Students will build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Preparation for Cisco certification examination.		
CNT150AB	Switching, Routing, and Wireless Essentials	Focus on configuring switches and routers for use in small and medium size networks. Including Virtual Local Area Networks (VLANs), VLAN trunking, Inter-VLAN routing, Spanning Tree Protocol (STP), EtherChannel, Dynamic Host Configuration Protocol (DHCP), First Hop Redundancy, Local area Network (LAN) and Switch security, and Static routing. Knowledge and skills needed to implement a Wireless Local Area Network (WLAN) is also covered. Preparation for Cisco certification examination.	Prerequisites: A grade of C or better in CNT140AB or permission of Instructor.	L+L 4.0 6.0 6.0
CNT160AB	Enterprise Networking, Security, and Automation	Focus on the configuration of routers and switches within small and medium size networks for advanced functionality including Open Shortest Path First (OSPF), Network security, Access Control Lists (ACLs), Network Address Translation (NAT), Wide Area Network (WAN) concepts, Virtual Private Networks (VPNs),	Prerequisites: A grade of C or better in CNT150AB or permission of Instructor.	L+L 4.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		Quality of Service (QoS), network management, design, troubleshooting, virtualization, and automation. Preparation for Cisco certification examination.		
CNT168	CCNA Discovery - Designing and Supporting Computer Networks	Networking design and customer support including gathering requirements, designing basic networks, establishing proof- of- concept, and performing project management tasks. Lifecycle services, including upgrades, competitive analyses, and system integration, in the context of pre-sale support	Prerequisites: A grade of C or better in CNT158.	L+L 4.0 6.0 6.0
CNT171	CCNA Exam Prep	Preparation for renewal of CCNA certification by reviewing the Open Systems Interconnection (OSI) model and industry standards including network topologies, IP addressing, subnet masks, access control list, basic network design and cable installation. Practice the skills to configure, customize, maintain and troubleshoot Cisco routers and switches for Local Areas Networks (LANs) and Wide Area Networks (WANs) using Cisco IOS command set. Review any new material introduced since the last CCNA exam version.	Prerequisites: A grade of C or better in CNT160AB, or Cisco Certified Network Associate (CCNA) certification, or permission of Instructor.	L+L 1.0 2.0 2.0
CNT202	Cisco Secure Firewall Appliance Configuration	Applications of Cisco Networking technologies in designing and implementing security solutions to reduce risk of revenue loss and	Prerequisites: A grade of C or better in CNT160AB or	L+L 4.0 5.0 5.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		vulnerability. Hands-on experience and skills in security policy design and management, security technologies, products and solutions, secure firewall design, installation, configuration and maintenance, Authentication, Authorization, and Accounting (AAA), Failover, and Virtual Private Network (VPN) implementation using firewalls.	permission of Instructor.	
CNT203	CCNA Cybersecurity Operations	Uses virtual environments to simulate real-world cybersecurity threat scenarios and create opportunities for practice with ethical hacking, security monitoring, analysis and resolution. Introduces current technical concepts, such as classification of network attacks, monitoring, analysis of network intrusion data, cryptography, prevention and mitigation of network attacks and application of incident response models to manage network security incidents.	Prerequisites: A grade of C or better in CNT150AB or permission of Instructor.	L+L 4.0 6.0 6.0
CNT205	Cisco Certified Network Associate Security	Associate-level knowledge and skills required to secure Cisco networks. Development of a security infrastructure, identification of threats and vulnerabilities to networks. Mitigation of security threats. Core security technologies. Installation, troubleshooting and monitoring of network devices to maintain integrity, confidentiality and availability of data	Prerequisites: A grade of C or better in CNT160AB, or Cisco Certified Network Associate (CCNA) certification, or permission of Instructor.	L+L 4.0 6.0 6.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		and devices. Competency in the technologies that Cisco uses in its security structure.		
CNT206	Cisco Certified Network Associate Wireless	Associate-level knowledge and skills required in Cisco wireless networks. Includes comprehensive hands-on labs to design, plan, implement, operate, secure, and troubleshoot wireless networks.	Prerequisites: A grade of C or better in CNT160AB or permission of Instructor.	L+L 4.0 6.0 6.0
CNT240	Cisco Certified Network Professional: Enterprise Core	Provides Cisco Certified Network Professional (CCNP) Enterprise knowledge and skills needed for professional-level networking technologies and architecture. Topics include virtualization, network assurance, security, and automation. Helps to prepare students to take the Cisco Enterprise Network Core Technologies (ENCOR) certification exam aligned with the CCNP Enterprise, CCIE Enterprise Infrastructure, CCIE Enterprise Wireless, and Cisco Certified Specialist - Enterprise core certifications. COM100AC	Introduction to Human Communication Part III	Introduces the theory and practice of human communication. Surveys communication topics related to interpersonal, small group, and public communication.	Prerequisites: None.	LEC 1 1 1
COM101	Interpersonal Communication in the Workplace	Elements and functions of communication; perception of self and others; verbal and nonverbal communication; listening skills; effective verbal responses; communicating ideas and feelings; role of communication in relationships with others	Prerequisites: None.	LEC 1.0 1.0 1.0
COM102	Group Discussion in the Workplace	Concept of a decision-making group; role requirements in group discussion; characteristics and responsibilities of small-group leaders; tools for problem solving in a group; presenting proposals to management	Prerequisites: None.	LEC 1.0 1.0 1.0
COM105	Relational Communication/ Senior Adults	Communication skills as they apply to personal relationships of older adults. Student's assessment of their individual communication skills in relations with family members, social and business acquaintances, and friends	Prerequisites: None.	LEC 1.0 1.0 1.0
COM110	Interpersonal Communication	Theory and practice of communication skills which affect day-to-day	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		interactions with other persons. Topics may include using verbal and nonverbal symbols, interactive listening, resolving interpersonal conflict, developing and maintaining personal and professional relationships		
COM110AA	Interpersonal Communication Part I	Theory and practice of communication skills which affect day-to- day interactions with other persons. Topics may include using verbal and nonverbal symbols, interactive listening, resolving interpersonal conflict, developing and maintaining personal and professional relationships	Prerequisites: None.	LEC 1.0 1.0 1.0
COM110AB	Interpersonal Communication Part II	Theory and practice of communication skills which affect day-to- day interactions with other persons. Topics may include using verbal and nonverbal symbols, interactive listening, resolving interpersonal conflict, developing and maintaining personal and professional relationships	Prerequisites: None.	LEC 1.0 1.0 1.0
COM110AC	Interpersonal Communication Part III	Theory and practice of communication skills which affect day-to-day interactions with other persons. Topics may include using verbal and nonverbal symbols, interactive listening, resolving interpersonal conflict, developing and maintaining personal and professional relationships	Prerequisites: None.	LEC 1.0 1.0 1.0
COM120	Pronunciation of American Speech	Analysis of American speech production problems due to accents produced by another language,	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		correction of misarticulated American speech sounds, critical listening to sound production, understanding American English speech patterns, practicing American idioms and expressions, and preparing and delivering group and individual speech presentations		
COM125	Presentational Speaking	Techniques for developing oral presentations which include visual media. Principles of verbal message development and related visual design stressed. Techniques of managing the presentational environment including question and answer periods and the operation of common equipment	Prerequisites: None.	LEC 3.0 3.0 3.0
COM145	Digital Storybook	Enables students to find and develop a narrative representing an aspect of their personal histories. Use of digital technology to produce and archive a storybook	Prerequisites: None.	L+L 1.0 2.0 2.0
COM150	Digital Storytelling	Enables students to find and develop their personal stories. Emphasis on the use of digital technology to create, edit, produce and archive a digital story	Prerequisites: None.	L+L 3.0 6.0 6.0
COM163	Intercultural Communication in Everyday Life	Provides knowledge to promote greater understanding and application of intercultural communication in social and organizational interactions. For advanced non-native English speakers	Appropriate English placement test score at the ENG101 or ENG107 level or a grade of C or better in ENG091 or ESL097 or	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

			permission of Instructor.	
COM177	Experiential Group Activities Facilitation	Communication skills, tools, and strategies used to lead experiential learning activities. Designed to enhance the student's ability to facilitate experiential group learning activities.	Prerequisites: None.	LEC 3.0 3.0 3.0
COM181	Conflict Mediation	Develop communication skills necessary to conduct mediation in formal and informal settings. Applies principles and theories of message production and responding, listening, questioning, source and receiver factors, and emotion to conflict management communication. Emphasis on respecting diversity and empowering joint problem solving throughout	Prerequisites: None.	LEC 3.0 3.0 3.0
COM207	Introduction to Communication Inquiry	Overview of theory and methodological practice in communication with particular attention to scholarly writing skills. Emphasis on development of critical thinking skills through active participation in the research process.	Prerequisites: A grade of C or better in ENG101 or ENG107 or equivalent and COM100 or equivalent or permission of Instructor.	LEC 3.0 3.0 3.0
COM215	Listening	Emphasis on diagnosis of individual listening, corrective procedures, and reinforcement of improved habits through normal and speeded listening drills. Includes everyday communication experiences	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

COM221	Oral Fluency in American Speech	Designed for English Language Learner (ELL) students to develop greater oral fluency in spontaneous speaking contexts and presentational speaking. Emphasis on development of speech, language, and vocal clarity; basic skills in presentational speaking; and use of English to interact spontaneously with others.	Prerequisites: A grade of C or better in COM120 or permission of Instructor.	LEC 3.0 3.0 3.0
COM222	Argumentation	Discussion and practice of the use of evidence, applied reasoning, recognition of fallacies, selection of arguments, and methods of analyzing issues	Prerequisites: A grade of C or better in ENG101 or ENG107 or equivalent.	LEC 3.0 3.0 3.0
COM225	Public Speaking	Designed to enhance the student's ability to present public speeches confidently and competently. Also designed to improve information literacy and critical thinking skills	Prerequisites: A grade of C or better in ENG101 or ENG107 or equivalent.	LEC 3.0 3.0 3.0
COM230	Small Group Communication	Principles and processes of small groups and development of skills for participation and leadership in small group settings. Practice in problem solving, decision making, and information sharing.	Prerequisites: None.	LEC 3.0 3.0 3.0
COM241	Oral Interpretation of Literature	The study, analysis, and preparation for performance of prose, poetry, and dramatic literature. Preparation of material for public audiences.	Prerequisites: A grade of C or better in ENG101 or ENG107.	LEC 3.0 3.0 3.0
COM250	Introduction to Organizational Communication	Introduction to the study of communication in organizations including identification of variables,	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		roles and patterns influencing communication in organizations		
COM251	Interviewing	Principles and techniques of interviewing, including practice through real and simulated interviews in informational, persuasive, and employee-related situations	Prerequisites: None.	LEC 3.0 3.0 3.0
COM259	Communication in Business and Professions	Interpersonal, organizational, intercultural, group, and public communication in business and professional organizations. Emphasis on oral communication and the effective use of technology and new media.	Prerequisites: A grade of C or better in ENG101, or ENG107, or equivalent.	LEC 3.0 3.0 3.0
COM263	Elements of Intercultural Communication	Diverse cultural contexts are explored through basic concepts, principles, and theories of intercultural communication. Discovering effective interaction and appropriate communication in a global community is emphasized.	Prerequisites: None.	LEC 3.0 3.0 3.0
COM270	Health Communication	Theory and practice of interpersonal, intercultural, public, and team communication skills in a healthcare setting.	Prerequisites: None.	LEC 3.0 3.0 3.0
COM271	Voice and Diction	Exercises and techniques to free the voice and improve projection, resonance, and articulation. Covers international phonetic alphabet and standard stage speech	Prerequisites: None.	LEC 3.0 3.0 3.0
COM275	Nonverbal Communication	Effects of space, time, body movements, environment, objects, and	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		voice quality on human communication and interaction		
COM277	Group Facilitation Theory and Practice	Theory and practice of group facilitation skills. Emphasis on leading organizational groups in problem solving and decision-making	Associates degree or equivalent or 3 to 5 years work experience or permission of Instructor.	LEC 2.0 2.0 2.0
COM281	Communication Activities	Designed to provide students with competence and confidence in a variety of speech situations beyond the classroom setting. May include presentations at speech competitions or at community organizations.	Prerequisites: None.	L+L 1.0 3.0 3.0
COM281AA	Communication Activities	Designed to provide students with competence and confidence in a variety of speech situations beyond the classroom setting. May include presentations at speech competitions or at community organizations.	Prerequisites: None.	L+L 2.0 4.0 4.0
COM281AB	Communication Activities	Designed to provide students with competence and confidence in a variety of speech situations beyond the classroom setting. May include presentations at speech competitions or at community organizations.	Prerequisites: None.	L+L 3.0 5.0 5.0
COM282AA	Service-Learning Experience in Communication	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 1.0 1.0 0.0
COM282AB	Service-Learning Experience in Communication	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 2.0 2.0 0.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

COM282AC	Service-Learning Experience in Communication	Unpaid Service-Learning (SL) experience, completed with approved community partner.	Prerequisites: Permission of Instructor.	LAB 3.0 3.0 0.0
COM296WA	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. COMMON COMPETENCY COURSE	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently enrolled in at least one class which is related to students major or career interest or with permission of Instructor.	LAB 1.0 5.0 0.0
COM296WB	Cooperative Education	Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. COMMON COMPETENCY COURSE	Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students academic or career goals (students present job may qualify or permission of instructor Corequisites: Must be concurrently	LAB 2.0 10.0 0.0

		development. COMMON COMPETENCY COURSE		
COM298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
CON100	Introduction to Construction	Introduces students to all aspects of the construction industry such as how projects are delivered, reviewing the procurement process and how they are estimated, scheduled, and contracted. Introduces students to the individual roles that constructors fill in the delivery of a construction project.	Prerequisites: None.	LEC 2.0 2.0 2.0
CON101	Construction and Culture	The cultural context of construction, emphasizing the evolution and expansion of constructed environments as expressions of ethical and historical value systems.	Prerequisites: None.	LEC 3.0 3.0 3.0
CON103	Foundation of Construction Safety	Occupational Safety and Health Act (OSHA). Common causes for accidents and fatalities in construction. Abatement techniques for construction-specific hazards. Use of	Prerequisites: None.	L+L 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		personal protection and lifesaving equipment. Specific types of health hazards related to the construction industry. Proper methods for handling hazardous materials.		
CON104	Hand and Power Tools, Equipment, and Workspace	Overview of the selection, use, maintenance and safety procedures for common hand tools, power tools and equipment used in the construction industry. Overview of the maintenance of workspace according to professional standards.	Prerequisites: None.	L+L 1.5 1.5 1.5
CON105	Construction Calculations	Introduction to basic calculation skills in the construction environment including the four primary operations, United States standard and metric units of measure, geometric figures, area and volume calculations for two and three-dimensional objects. Overview of the use, maintenance, and safety procedures for common hand and power tools.	Prerequisites: None.	L+L 1.5 1.5 1.5
CON106	Foundations of Concrete	Examines the effects of concrete-making materials (aggregates, cements, admixtures, etc.) on the properties of fresh and hardened concrete. Concrete mixture proportioning is discussed along with the calculations and statistical analysis of strength testing.	Prerequisites: None.	LEC 4.0 2.0 2.0 LAB 0.0 4.0 4.0
CON107	Construction Drawings Introduction	Provides students with the information and skills needed to read and understand construction drawings.	Prerequisites: None.	L+L 1.0 1.0 1.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CON110	Carpentry: Floor Systems	Emphasis on the layout and construction procedures for floor systems, including: interpretation of construction drawings and specifications; selection of appropriate types of floor system components; and application of floor system materials. Includes estimation of the amount of materials needed for a floor assembly and some common alternative floor systems.	Prerequisites: None.	L+L 3.5 4.0 4.0
CON111	Carpentry: Wall Systems	Examines the layout and construction procedures for wall systems, including: interpretation of construction drawings and specifications; selection of appropriate types of wall system components; and application of wall system materials. Emphasis of the estimation of the amount of materials needed for a wall assembly and some common alternative wall systems.	Prerequisites: None.	L+L 3.5 4.0 4.0
CON112	Carpentry Ceiling Joist and Roof Framing	Covers the layout and construction procedures for roof systems, including interpretation of construction drawings and specifications. Provides an overview of ceiling and roof construction methods, the different types of roofs used in residential construction, materials, estimation of materials, and the use of trusses in basic roof framing.	Prerequisites: None.	L+L 4.0 5.0 5.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CON117	Interpersonal Skills, Issues and Resolutions in Construction	Information about communication and human relations skills, the expectations of today's diverse workforce, and relationships with stakeholders. Leadership style, interview techniques, and professional development plans. Management skills in problem solving and negotiating.	Prerequisites: None.	LEC 2.0 2.0 2.0
CON124	Plumbing: Pipes and Fittings	Introduces the various types of plumbing materials, pipe schedules and material properties, and applications of piping. Trainees will learn how to determine the appropriate types of fittings, valves, hangers, and supports needed for piping jobs. Trainees will learn to properly measure, cut, prep, and join piping.	Prerequisites: None.	L+L 3.5 4.0 4.0
CON125	Plumbing: Fixtures	Introduces commonly used fixtures in plumbing systems. Select and operate each type of fixture for a variety of installations. Provides an overview of plumbing system installation, maintenance and water heating systems.	Prerequisites: None.	L+L 2.0 3.0 3.0
CON126	Plumbing: Drain, Waste, and Vent	Examine the drainage, waste movement and ventilation for construction application. Provides instruction in locating, installing, connecting, and testing a complete drain, waste, and vent (DWV) system.	Prerequisites: None.	L+L 3.5 4.0 4.0
CON127	Plumbing: Water Distribution Systems	Discuss the processes through which potable water is distributed. Examine the identification of the components	Prerequisites: None.	L+L 2.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		and functions of a water distribution system and explains the relationships among the components. Includes installation and testing of water distribution systems.		
CON130	Computer Aided Design and Drafting	Fundamental drafting and documentation topics and techniques related to construction, using both board and computer as tools. Concentration on various methods of two-dimensional and three-dimensional drawing, sketching, scaling, and dimensioning with computer and board.	Prerequisites: None.	L+L 3.0 6.0 6.0
CON131	Electrical Systems	Electricity related to residential and light commercial applications, to include common electrical components, AC and DC circuits, and electrical safety. Provides an introduction to reading, interpreting, and creating wiring diagrams and the application of electrical power. Operation and use of specific meters, tools, and an introduction to National Electrical Code (NEC).	Prerequisites: None.	L+L 3.5 4.0 4.0
CON132	Distribution Panels, Wiring, and Circuit Protection in Electrical Systems	Discuss construction drawings and code related to conductors and cables (types, ratings), residential and commercial applications, wire sizes, utilities, meters, disconnects, breakers, grounding and bonding, rough-in wiring and circuit safety protection.	Prerequisites: None.	L+L 3.5 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CON133	Conduit, Raceways, and Termination in Electrical Systems	Termination and implementation of electricity in a facility. Considers topics related to box capacities, raceways, conduit sizes, termination practices, wire trays, and finish wiring.	Prerequisites: None.	L+L 4.0 5.0 5.0
CON138	Introduction to Project Management and Resource Control	Technical and management skills such as preconstruction planning, cost and risk control and policy development. Criteria for project layout purchasing, subcontractor management, project layout. Preparation process for project start up, close out and alternate project delivery methods. Major factors which affect production control and production control standards. Project manager's role.	Prerequisites: None.	LEC 1.0 1.0 1.0
CON181	Cost Estimating	Determining quantities of material, equipment, and labor for a construction project. Includes procedures used to apply unit costs to these items in a minimum of time. Occupational Safety and Health Administration Safety Standards and their impact on construction cost.	Prerequisites: None.	LEC 3.0 3.0 3.0
CON213	Carpentry: Steel Framing	The layout and construction procedures for steel framing, including: interpretation of construction drawings and specifications; selection of appropriate types of steel framing components; and application of materials. Includes estimation of the amount of materials needed for a steel assembly.	Prerequisites: None.	L+L 1.0 2.0 2.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CON214	Carpentry: Roof Systems and Building Envelopes	Safety, codes, and construction procedures for roof systems and building envelopes, including interpretation of construction drawings and specifications. Students construct conventional roof structures and ceilings, and install exterior finish materials.	Prerequisites: None.	L+L 3.0 4.0 4.0
CON215	Carpentry: Interior Finishes	The layout and construction procedures for interior finishes such as: drywall, trim, doors, cabinetry and stairs, including interpretation of construction drawings and specifications. Provides an overview of construction methods, the different types of materials, and estimation of materials.	Prerequisites: None.	L+L 4.0 5.0 5.0
CON216	Carpentry: Concrete Forms	Safety, codes, and construction procedures for layout and construction of concrete footers and post-tensioned slabs, wall forms, and columns. Includes interpretation of construction drawings and estimation of materials.	Prerequisites: None.	L+L 3.0 4.0 4.0
CON220	Statics Application for Construction	Emphasis on response of bodies to the action of forces. Elementary analytical and practical approach to the principles and physical concepts of statics. Focus on mastery of basic principles of trigonometry, application of vectors and forces, and moments, with analysis of basic structures and structural components, and statics application to construction.	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CON221	Applied Statics	Emphasis on response of bodies to the action of forces. Elementary analytical and practical approach to the principles and physical concepts of statics, focuses on mastery of basic principles of trigonometry, application of vectors and forces, and moments, with analysis of basic structures and structural components, trusses, shear and moment diagrams, centroids, and moments of inertia.	Prerequisites: A grade of C or better in MAT15+, (MAT182 OR MAT187), and PHY111.	LEC 3.0 3.0 3.0
CON223	Strength of Materials	Strength and application of materials of construction, including mechanics of beams, shafts, and bolted and welded connections under various loading conditions. Construction behavior of various materials externally and internally.	Prerequisites: None.	LEC 3.0 3.0 3.0
CON224	Plumbing: Pipe Systems and Controls	Examines applied calculations to determine size, types and service of pipe systems. Discusses the application of drawings, codes, and specifications for assembly and installation of gas, air, and water systems.	Prerequisites: None.	L+L 3.0 4.0 4.0
CON225	Plumbing: Water Disposal Systems	Examines water disposal and drainage systems, to include the types, components, functions, codes, safety, design, installation and repair.	Prerequisites: None.	L+L 4.0 5.0 5.0
CON226	Plumbing: Fixtures and Appliances	Examines the safety, codes, installation, maintenance, and repair of appliances, fixtures, and gas piping.	Prerequisites: None.	L+L 3.0 4.0 4.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CON227	Plumbing: Water Resource Solutions	Introduces water supply disinfection, filtration systems, and sustainable water practices.	Prerequisites: None.	L+L 2.0 2.0 2.0
CON234	Electric Power Distribution	Theory and applications of distribution of power from utilities to residential and commercial sites, including transformers and commercial electrical distribution equipment and services. Includes safety, codes, and interpretation of construction drawings and specifications.	Prerequisites: None.	L+L 3.0 4.0 4.0
CON235	Motors: Theory and Application	Describes motor and motor controls in electricity. Explains how to select and install relays and troubleshoot control circuits. Distinctions between AC and DC motors, motor speed control, and design and operation characteristics, connections and terminal markings.	Prerequisites: None.	L+L 4.0 5.0 5.0
CON236	Industrial Wiring Applications	A broad variety of electrical wiring applications, including healthcare facility, heating, ventilation and air conditioning (HVAC), standby, emergency, and fire alarm systems.	Prerequisites: None.	L+L 3.0 3.0 3.0
CON241	Surveying I	Fundamental surveying principles including theory and field work using the level and transit, horizontal measurement by tape or stadia, benchmark and profile leveling traverse surveys and computations, establishment of line and grade. Designed to develop semi-professional personnel working for private or government engineering agencies.	Prerequisites: None.	LEC 3.0 2.0 2.0 LAB 0.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CON243	Heavy Construction Equipment, Methods, and Materials	Fundamentals of machine selection and production estimating, using computer-generated data to develop programs that speed the decision process or allow easy analysis of multiple options used in the heavy construction industry. Applications of engineering principles in analyzing economical approaches for heavy construction. Covers fleet operation, methods, maintenance, and programs for construction of dams, tunnels, roads, and excavations of buildings.	Prerequisites: None.	LEC 3.0 3.0 3.0
CON244	Working Drawing Analysis: Blueprint Reading	Detailed analysis and interpretation of construction drawings (blueprint reading); interpretation of symbols, annotations, conventions, terms of trade; and understanding of drawing, dimensioning, plan organization, and specifications.	Prerequisites: None.	LEC 3.0 3.0 3.0
CON251	Microcomputers for Constructors	Effective application of computers in support of construction management, administration, and technical aspects of the construction industry. Uses of the computer as a problem-solving tool, including multimedia software, information management, and spreadsheet applications in construction.	Prerequisites: None.	LEC 3.0 3.0 3.0
CON252	Building Construction Methods, Materials, and Equipment	Comprehensive study of construction methods, materials, codes, and equipment used in building construction.	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

CON262	Introduction International Residential Code (IRC)	Covers International Residential Code for various trades, including building, mechanical, plumbing and electric, for one and two family residential construction. Preparation for voluntary certification (IRC building inspection).	Prerequisites: None.	LEC 3.0 3.0 3.0
CON263	Building Codes	Designed specifically to acquaint students with safety principles of building construction under the Uniform Building Code, including structural requirements for wood, masonry and concrete, fire resistance of building construction, fire resistant materials, and ratings and occupancy requirements.	Prerequisites: None.	LEC 3.0 3.0 3.0
CON271	Construction Safety	Overview of safety methods and procedures for accident prevention and equipment used by construction workers to maximize field safety during various phases of a construction project, including requirements and regulations for construction safety set by Occupational Safety and Health Administration (OSHA) standards along with biological aspects of construction safety.	Prerequisites: None.	LEC 3.0 3.0 3.0
CON273	Electrical Construction Fundamentals	General knowledge of electrical work related to construction management, administration, and technical aspects of the construction industry. Covers circuits and machinery, power transmission, and electrical	Prerequisites: None.	LEC 3.0 3.0 3.0

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		distribution with emphasis on secondary distribution systems as well as measurement and instrumentation, Ohm's Law, low voltage, high voltage, temporary power, generators, service, systems, circuits, motors, transformers, electrical installations, codes, cogeneration, energy conservation, estimating, safety and related blueprint readings.		
CON290AA	Construction Internship	Construction internship office/field experience with private/public agencies or citizen volunteer groups. Eighty (80) hours of designated work experience.	Prerequisites: Permission of Department or Division.	LAB 1.0 6.0 0.0
CON290AB	Construction Internship	Construction internship office/field experience with private/public agencies or citizen volunteer groups. One hundred and sixty (160) hours of designated work experience.	Prerequisites: Permission of Department or Division.	LAB 2.0 12.0 0.0
CON290AC	Construction Internship	Construction internship office/field experience with private/public agencies or citizen volunteer groups. Two hundred and forty (240) hours of designated work.	Prerequisites: Permission of Department or Division.	LAB 3.0 18.0 0.0
CON298AA	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best	Permission of Program Director or Instructor.	LAB 1.0 1.0 0.0

CON298AC	Special Projects	Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. COMMON COMPETENCY COURSE	Permission of Program Director or Instructor.	LAB 3.0 3.0 0.0
COR101	Core: Introduction to Craft Skills	This National Center for Construction Education and Research (NCCER)	Prerequisites: None.	80

**2021-2022 Maricopa County Community College District – Active Course Listings Addendum**

		core curriculum is a prerequisite to all other level 1 craft curriculum. Its modules cover basic safety, communication skills, introduction to construction drawings and math, hand/power tools, employability skills, and material handling.		
COS104	Hair Essentials I	Introduction to the basic theory and procedures in cosmetology hair essentials.	Prerequisite: Program admission.	200
COS106	Hair Essentials II	Hair-shaping techniques and chemical application procedures in cosmetology hair essentials.	Prerequisites: COS104 or Program Manager's permission.	200
COS112	Hair Essentials	Introduction to the basic theory and procedures in cosmetology hair essentials.	Prerequisites: Admission into the Cosmetologist program.	400
COS114	Student Salon 1	Continuation of cosmetology theory and practical concepts at an intermediate level. Theory will be focusing on professional development, salon ecology, anatomy and hair decisions. Practical skills will be demonstrated daily on clients and manikins. Rubrics on procedures are done monthly. One day a month on Arizona state board licensure focus.	Prerequisites: A grade of C or better in COS112, or COS106, or permission of Program Manager.	200
COS116	Student Salon 2	Apply concepts learned in the classroom and the student salon to develop real life scenarios while servicing a client and/or becoming a future business owner in the beauty industry.	Prerequisites: COS114 or Program Manager's permission.	200
