

How to Map a Network Drive (H:\ Drive, S:\ Drive)

The below instructions will help you navigate the process for mapping a Network Drive on a Mac computer.

Note: You MUST be connected to the VPN before proceeding.

Student VPN instructions: https://www.gccaz.edu/technology-help/student-vpn-instructions Employee VPN instructions: https://employees.gccaz.edu/tech-support/network/vpn

- 1. From the Finder, select "Connect to Server" from the Go menu.
- 2. Enter the applicable server address in the address bar:
 - Home Drive: smb://gccaz.edu/home/YourMEID Shared Drive: smb://gccaz.edu/shared

Hit 'Connect' to continue. In the resulting dialog box "You are attempting to connect to the server gccaz.edu" click "Connect" to continue.

Ś I	Finder	File	Edit	View	Go	Window	Help
